EPHAZONE tablets

*Rational, symptomatic
treatment in
Asthma & Bronchitis*

Each tablet contains Ephedrine, the important anti-spasmodic for bronchial spasm, Theobromine, for its relaxing effect on the bronchial muscle and for stimulation of the coronary circulation, Phenazone, for its soothing effect on the higher centres, and Calcium gluconate, a readily absorbable calcium salt, for diminishing capillary permeability and checking the secretion of mucus.

These active ingredients with complementary effects in bronchial asthma are presented in the following proportions in the 'EPHAZONE' Tablet:

Ephedrine	
hydrochloride	- - - $\frac{1}{4}$ grain
Theobromine	- - - $\frac{1}{4}$ grain
Phenazone	- - - 1 grain
Calcium gluconate	- $\frac{1}{4}$ grain

This preparation is sanctioned for prescription under N.H.S. Please write for sample and descriptive leaflet.

irritability
associated with infections . . .

. . . one of the many uses for short-acting **NEMBUTAL** REGD.

What yardstick do you use to determine the drug you write on your prescription? If the drug is a barbiturate—such as short-acting **NEMBUTAL**—you can measure it, compare it, and sum it up in these four short sentences :—

- Short-acting **NEMBUTAL** can produce any desired degree of cerebral depression—from mild sedation to deep hypnosis.
- The dosage required is small—only about half that of many other barbiturates.
- Hence, there's less drug to be inactivated, shorter duration of effect, wider margin of safety and little tendency towards morning-after hangover.
- In equal oral doses, no other barbiturate combines quicker, briefer, more profound effect.

*Perhaps that's why, after nearly 25 years, more and more prescriptions call for **NEMBUTAL**, available in $\frac{1}{2}$ gr., $\frac{3}{4}$ gr. and 1½ gr. capsules and as an Elixir (2 grs. per fl. oz.)*

(Pentobarbitone Sodium, B.P.)

Abbott Laboratories Ltd · Perivale · Greenford · Middlesex

Abbott

A NEW ADJUVANT IN THE TREATMENT OF RESPIRATORY DISORDERS

Lloyd-Hamol Ltd., of London and Zurich, presents to the medical profession a new decongestive salve, Thoracin, for the symptomatic relief of coughs, colds and respiratory disorders.

This diagram shows how Thoracin components penetrate the skin, are carried by the bloodstream to the alveoli and excreted there to exert their effect.

FORMULA

Phenyl Ethyl Nicotinate	2.0% w/w
Guaiacol Furoate	5.0% w/w
Tetrahydrofurfuryl Salicylate	10.0% w/w
Camphor	3.0% w/w
Eucalyptol	2.0% w/w
Water-Miscible Base to	100.0%

► The Thoracin formula is based on the same principles that have made Transvasin so successful in the treatment of rheumatic conditions.

► Thoracin is composed of esters of substituted hydroxy aromatic derivatives.

► Thoracin achieves the effect of the classic counter-irritant remedies — poultices, plasters and cupping — without irritation of the skin.

► Thoracin contains a new ester of Guaiacol that is entirely free from the evil smell and irritant effect associated with this phenol derivative in its pure form. This ester easily penetrates the skin, and is excreted in the alveoli, where it exerts its well-known action.

► Thoracin ensures vasodilation of the superficial skin vessels by the use of esters of nicotinic acid.

► Thoracin relieves reflex spasm of the pectoral muscles by the use of the tetrahydrofurfuryl-ester of salicylic acid.

► Thoracin brings to the alveoli via the bloodstream the sedative, antispasmodic, and expectorant properties of camphor and eucalyptus.

THORACIN is available in 1 oz. tubes — basic price 2/6 plus 7½d. P.T. It is an ethical product, and is not advertised to the public. Since a very small quantity is sufficient for each application, the cost of treatment is extremely low. *Samples and literature will be gladly sent on application.*

Smith & Nephew Ltd

introduce

a new vaginal tampon

without applicator

In collaboration with leading gynaecologists, our own research organisation, Smith & Nephew Research Ltd., have recently concluded extensive trials of a tampon which has been widely accepted as an aid to menstrual hygiene, on the Continent, during the past five years. This applicator-less tampon is now to be marketed in Britain under the name LIL-LETS. Samples will gladly be sent to medical practitioners on request.

LIL-LETS have, very briefly, the following main advantages;

LIL-LETS need no applicator. By inserting the tampon with the fingers, the risk of bruising is eliminated.

LIL-LETS are highly absorbent. They absorb almost ten times their own weight in moisture, and swell sideways, not lengthways. They are, therefore, really safe.

LIL-LETS are individually wrapped. Each tampon is sealed in a transparent cover. There is no risk of soiling or infection when it is carried loose.

LIL-LETS assist personal hygiene. LIL-LETS (1/6 for 10) are so much cheaper than other leading tampons, and so easy to carry about and to dispose of, that women will be encouraged to change them frequently.

SMITH & NEPHEW LTD

WELWYN GARDEN CITY HERTS

for the rapid relief of pain

The distress caused by the piercing, stabbing pains of neuralgia is quickly relieved by the rapid, smooth, analgesic action of HYPON

TABLETS, enabling the practitioner to prescribe a safe means of meeting the patient's need. Menstrual pain is also effectively alleviated. Where the cause of distress is of a more chronic nature, as in rheumatism and sciatica, the adverse

effects of prolonged medication with codeine and salicylic therapy are eliminated by the inclusion in the formula of caffeine and phenolphthalein. HYPON TABLETS are already widely prescribed by members of the profession for their speedy and safe action with the almost complete elimination of gastric upset. Parallel with the relief from pain, febrile states are effectively reduced in conditions such as influenza, coryza and tonsillitis.

FORMULA: *Acid Acetylsalicyl*
B.P. 40.22%. *Phenacet.* *B.P.* 48.00%
Caffein. *B.P.* 2.00%. *Codein. Phosph.*
B.P. 0.99%. *Phenolphthal.* *B.P.* 1.04%

Successful because it is
SOLUBLE PENICILLIN

To secure the most rapid and decisive results by mouth, penicillin must be speedily absorbed to give a high initial destructive level (by far the most conclusive attack), followed by a sustained inhibitory level at the infected focus. This is undoubtedly best achieved with potassium penicillin—*soluble* penicillin—which is absorbed from the alimentary tract with the greatest efficiency. It is this form of penicillin that is presented in Crystapen tablets.

- Better absorbed than insoluble penicillin
- Produces *effective* blood and tissue levels more *consistently*
- Duration of activity equal to that of insoluble salts

Sugar-coated **CRYSTAPEN** *tablets*

TRADE MARK

A new Haemostatic for the Control of Capillary Bleeding in Medical and Surgical Conditions

Clinically proven to reduce bleeding-time without effect on coagulation or blood pressure, and to have no undesirable side effects

This graph gives dramatic evidence of the effect of Adrenoxyl on capillary resistance and bleeding-time

During recent years, research has been carried out on a new chemical substance that reduces the mean bleeding-time by decreasing capillary permeability and increasing contractility and capillary resistance. The product of this original research is called Adrenoxyl (adrenochrome monosemicarbazone) and has been clinically proven to be of value in controlling capillary haemorrhage.

ADRENOXYL has no effect on coagulation. It neither increases nor decreases blood pressure.

ADRENOXYL is non-toxic, and there are no contra-indications to its use.

ADRENOXYL is indicated in the preventive and curative treatment of all types of capillary bleeding.

ADRENOXYL has been successfully used for the control of capillary bleeding in a wide range of surgical operations, and has proved particularly useful in ear, nose, and throat surgery, ophthalmic surgery, thoracic surgery, gastro-intestinal surgery, plastic surgery, and urogenital surgery.

It has also been used successfully in many medical conditions associated with capillary haemorrhage or where capillary fragility is a feature.

ADRENOXYL may be administered by mouth or by subcutaneous or intramuscular injection. The oral form is for routine treatment, though when rapid action is desired the intramuscular route is recommended.

ADRENOXYL is now available in boxes of 6 or 50 ampoules: tubes of 25 tablets or bottles of 500 tablets.

TETRACYCLINE

today's true broad-spectrum antibiotic

greater striking power with fewer side effects

**More rapidly
absorbed.**

**Quicker diffusion
in body tissues.**

**Fewer side
effects.**

Greater stability.

On all counts—effectiveness, range of activity, freedom from side-effects—ACHROMYCIN tetracycline has set new standards in broad-spectrum antibiotics. No other broad-spectrum antibiotic is so stable, so soluble . . . none can match the high blood concentrations and prolonged antibacterial levels achieved with ACHROMYCIN. The antibacterial range of ACHROMYCIN is equally outstanding—indeed, every organism sensitive to broad-spectrum antibiotics responds equally well to ACHROMYCIN. Yet, extensive clinical trials have shown this drug to be almost completely free from undesirable side-effects.

effective
local antibiotic
therapy—with
minimal risk of
sensitisation

'POLYFAX' combines 'Aerosporin' brand Polymyxin B Sulphate with Bacitracin in a new antibiotic ointment of *very wide antibacterial range*. 'Polyfax' has a prominent place in clinical practice because

- Polymyxin is lethal to many gram-negative organisms, particularly *Ps. pyocyanea*.
- Bacitracin is effective against gram-positive organisms.
- Drug resistance to polymyxin is unknown, to bacitracin very rare.
- Penicillin-resistant strains often succumb to bacitracin.
- Risk of skin sensitisation is minimal.
- Local absorption is insignificant.
- Subsequent systemic use of antibiotics is not prejudiced.
- 'Polyfax' is so formulated that its antibiotic components are stable and readily diffusible.

'POLYFAX' is non-irritating and may be applied for long periods if necessary. It is available in tubes of 20 gm. for topical application and as 'Polyfax' brand Ophthalmic Ointment in tubes of 4 gm. with special nozzle.

RELEASING EXCESS FLUID

The need for a safe, potent oral drug for the rapid treatment of oedema has long been felt by doctors in hospital and general practice. This need is now adequately fulfilled by the introduction of DIAMOX Acetazolesamide, a new oral diuretic that is neither a mercurial nor xanthine derivative.

Based on a new concept—the induction of diuresis by inhibiting the enzyme carbonic anhydrase—DIAMOX is rapidly absorbed and excreted largely unchanged by the kidney. It is not a renal irritant, nor is it cumulative. After a single morning dose copious diuresis results. In most cases of left-sided heart failure, DIAMOX alone will maintain the patient oedema-free. Patients with severe right-sided heart failure, involving accumulations of fluid, may require paracentesis or mercurial injections to initiate response, after which dry weight can usually be maintained with DIAMOX alone.

Not a mercurial or xanthine derivative

Single dose induces diuretic response for 6-12 hours

Potent yet remarkably safe

Permits undisturbed sleep at night

Ideal for long-term therapy and for regular use at home

In scored tablets of 250 mg. Bottles of 25 and 100 tablets

RIKER, First to market a Rauwolfia preparation in Great Britain, now have available . . .

RESERPINE

'SERPILOID' BRAND

One of the active alkaloids of *Rauwolfia serpentina* Benth.

RAUWILOID

Regd.

Riker's original preparation of mixed alkaloid hydrochlorides of *Rauwolfia serpentina*, remains available as before. "RAUWILOID" presents in a refined form, accurately standardized, *all* the desirable activity of the crude root. Inert matter and undesirable constituents—for example, yohimbine alkaloids—are eliminated by the extraction process.

Reserpine is probably the most sedative of the active principles of Rauwolfia, and is also responsible for part of the hypotensive and bradycardic effects of the crude drug.

INDICATIONS:

- A. Mild and labile hypertension, and, in combination with potent agents, severer types of hypertension.
- B. In psychiatry, for the treatment of anxiety neuroses, tension and psychotic states involving hyper-activity. In these indications reserpine's high index of sedative activity is particularly valuable.

Available in 0.25 mg., and 0.5 mg. tablets
in bottles of 100 and 1,000.

Detailed literature sent on request.

reaching new heights

in **CHLORAMPHENICOL** *therapy*

*cinnamate and
palatability*

*atropine and
gastric intolerance*

Chloramphenicol cinnamate, a new tasteless derivative of chloramphenicol, which leaves no residual bitterness on the tongue after oral administration, has been combined with atropine to form Alficytyn Suspension, a palatable preparation which has a wide range of therapeutic activity when given by mouth. Chloramphenicol cinnamate is hydrolysed in the alimentary tract releasing the parent substance chloramphenicol.

The small dose of atropine is included in the formula of Alficytyn Suspension for its spasmolytic effect. It greatly reduces the possibility of gastric intolerance and aids retention of the antibiotic.

Alficytyn Suspension contains in each teaspoonful (4 c.c.), chloramphenicol cinnamate equivalent to 125 mg. chloramphenicol B.P., and atropine sulphate 0.032 mg.

IRON BY INTRAMUSCULAR INJECTION

BENGER LABORATORIES, who introduced the first intravenous iron preparation, now present a new and equally effective iron complex for intramuscular administration. ITS NAME IS IMFERON. The introduction of this new compound considerably simplifies the control of iron deficiency anaemias in both hospital and general practice.

Note these advantages . . .

- ★ **Imferon** is the first effective preparation of iron to be suitable for intramuscular administration.
- ★ **Imferon** provides the rapid, reliable response of an order hitherto only obtainable with intravenous preparations; and it is much less time-consuming to administer.
- ★ **Imferon** is particularly indicated for the patient who is refractory to, or intolerant of, oral iron; and when a rapid response is required, as in anaemia of pregnancy.
- ★ **Imferon** provides the equivalent of 50 mg. of iron in each millilitre.

**There is no
varied diet problem
with Canned Strained Foods**

YOU can almost read a mother's thoughts when you recommend early mixed feeding for her baby! Can I get foods—and prepare them properly? Will it take much time...?

Fortunately, you can tell her about the range of Heinz Strained Foods. It includes chicken and meat broths, soups, vegetables, fruits and cereal—foods often difficult to prepare at home because of time, cost or season.

And these foods actually are even more nutritious than similar foods prepared at home. This is a thing mothers often query, as you know. Foods come fresh to the Heinz factory where they are cleaned, cooked, strained, canned and sterilised immediately, by scientific methods, and inspected at every stage.

Heinz Strained Foods are a balanced team providing vital nourishment. Nutritious, hygienic, ready to use, they solve varied diet problems completely and economically.

For a FREE booklet giving the exact nutrient values of these foods, please write to Dept. 1 N., H. J. Heinz Company Ltd., Harlesden, London, N.W.10.

**EAR WAX
Removed
THE EASIER WAY**

The removal of wax from the external auditory meatus can now be greatly simplified—by the use of Cerumol Ear Drops. Cerumol dissolves soft cerumen, disimpacts the hard wax plug, and a simple wiping or washing out is sufficient to remove debris. Cerumol is not injurious to the lining of the external auditory meatus or to the tympanic membrane.

Anti-bacterial, safe and efficient, Cerumol is an accepted product for use in a large number of hospitals and general practices throughout the country. It is included in Category No. 4 of the Classified List of Proprietary Preparations issued by the Ministry of Health, and may therefore be prescribed on N.H.S. form E.C.10.

PACKS:—For Surgery Use: 10 c.c. vial, separate dropper included (Basic N.H.S. price 2s. 8d.)
For Hospital Use: 2 oz. and 10 oz. bottles.

CERUMOL
REGISTERED TRADE MARK

**EAR DROPS
For the removal of Wax**

Active Constituents per 100 c.c.:

<i>p</i> -dichlorobenzene B.P.C.	2 gm.
Benzocaine B.P.	2 gm.
Chlorbutol B.P.	5 gm.
Ol. Terebinth B.P.	15 c.c.

Samples of Cerumol will gladly be sent to members of the medical profession, on application to the distributors:

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose (unless otherwise specified) one copy each of 3 recent ★ testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

Canvassing in any form will disqualify.

★SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.

A fully registered medical practitioner who is liable for National Service must obtain deferment of recruitment in writing from the Central Medical Recruitment Committee or (in Scotland) the Scottish Central Medical Recruitment Committee before accepting any civilian appointment.

The position of provisionally registered medical practitioners who are liable for National Service has been made clear in a notice sent to them by the Ministry of Labour and National Service.

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

Other Grades, Whole-time

(a) **REGISTRAR**: Posts obtained normally not less than two years after registration as a medical practitioner and held normally for two years: £850 per annum in the first year; £965 per annum in the second and any subsequent years.

(b) **SENIOR REGISTRAR**: Posts obtained normally not less than four years after registration as a medical practitioner and held normally for four years: £1,100 per annum in the first year; £1,200 per annum in the second year; £1,300 per annum in the third year; £1,400 per annum in any subsequent years.

Registrar Grades, Whole-time

(a) HOUSE OFFICERS:

(i) *Provisionally registered medical practitioners*: £425 per annum for the first post held; £475 per annum for the second and all subsequent posts held;

provided that the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that the remuneration of any officer holding his first post in the National Health Service as a House Officer shall be £475 per annum if they are satisfied that the officer has held at least one hospital post outside, of not less than six months' duration, involving clinical responsibilities equivalent to those of house posts in the National Health Service and supervised by appropriate specialist staff.

(ii) *Fully registered medical practitioners*: £525 per annum for any post held; provided that in exceptional circumstances, subject to the consent of the Minister, this rate may be exceeded by up to £50 per annum where a post cannot be filled otherwise.

In each case under sub-sections (i) and (ii) above, a deduction of £125 per annum in respect of board and lodging and other services provided shall be made and each post shall be tenable for six months.

(b) **SENIOR HOUSE OFFICER**: Posts obtained normally not less than one year (in Scotland, two years) after registration as a medical practitioner and normally held for one year only: £745 per annum.

(c) **JUNIOR HOSPITAL MEDICAL OFFICER**: Officers who have held house appointments but who are not Registrars and who have less responsibility than other hospital officers of non-consultant status: £775 (for an officer appointed not less than one year after full registration as a medical practitioner) by £50 to £1,075 per annum.

ALL NATIONAL HEALTH SERVICE HOSPITAL APPOINTMENTS ARE IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF SERVICE OF HOSPITAL MEDICAL STAFF

Those intending to apply for resident appointments in the Registrar grades are recommended to make inquiries with regard to the deductions proposed for board and lodging at the time of submitting their applications, where this is not stated in the advertisement.

Maghull (460 beds) for mental defectives exhibiting conduct disorders

RESIDENT JUNIOR HOSPITAL MEDICAL OFFICER (tenure three years) or REGISTRAR

Hospital recognized for D.P.M. training. Applications, naming three referees, to Medical Superintendent by April 16, 1955. Candidates may visit hospital by appointment. (9428)

SHEFFIELD NO. 2 HOSPITAL MANAGEMENT COMMITTEE

Middlewood Hospital, Sheffield, 6 (2,000 beds)

Applications are invited from male or female officers for the appointment of

JUNIOR HOSPITAL MEDICAL OFFICER or SENIOR HOUSE OFFICER at Middlewood Mental Hospital

Living quarters and residential services are available for single officers and a small furnished flatlet for a married couple with no children. There are good facilities for postgraduate study for the D.P.M. and there is full collaboration with the general hospital situated in the same grounds. Excellent laboratory and other special departments. Extensive psychiatric out-patient service. Applications, stating age, qualifications and experience, together with names and addresses of two referees, should be forwarded immediately to the Medical Superintendent. (9376)

WAKEFIELD, STANLEY ROYD HOSPITAL (Complete Nurse Training School for Nervous and Mental Disorders)

Applications invited for position of **JUNIOR HOSPITAL MEDICAL OFFICER** vacant from beginning of July 1955. Salary scale £775 by £50 to £1,075. A flat is available in the hospital for a single person. The charge for this accommodation, board, lodging, laundry, etc., will be £155 per annum. Facilities are available to attend at Leeds University for the purpose of obtaining the D.P.M. Address written applications, giving full particulars and details of training, experience, etc., together with two names and addresses for reference to, W. Bowring, Group Sec., Victoria Chambers, Wood Street, Wakefield. (9355)

BOLTON AND DISTRICT HOSPITAL MANAGEMENT COMMITTEE

Bolton District General Hospital (Townleys Branch Psychiatric Unit)

RESIDENT SENIOR HOUSE OFFICER in Psychiatry

Unit is attached to a general hospital. Consultant Psychiatrist in charge. All forms of modern treatment in use. Post offers excellent facilities for anyone desiring to specialize in psychiatry and attend D.P.M. course at Manchester University. Hospital also recognized for London and Irish D.P.M. Out-patient clinics in existence. Post vacant early April and tenable for twelve months. Applications, with the names of two referees, to Group Sec., The Royal Infirmary, Bolton. (9310)

RADIOLOGY

JOHANNESBURG, SOUTH AFRICA RADIOLOGICAL PARTNERSHIP

Partnership offered in remunerative radiological practice in Johannesburg. Apply, giving full particulars, to P.O. Box 6234, Johannesburg, preferably by air mail.

LIVERPOOL REGIONAL HOSPITAL BOARD

United Liverpool Hospitals

Applications are invited for whole-time post of **ASSISTANT RADIOLOGIST for Paediatric Radiology**

Duties will be mainly at Alder Hey Children's Hospital and the Royal Liverpool Children's Hospital, but will include one adult session at Mill Road Hospital. Applicants must possess a registrable qualification and a Diploma in Radiology, and have had wide experience in the radiology of children. The possession of a higher medical or surgical qualification will be considered an advantage. Salary £1,500 (at age 32) by £50 to £1,950. Forms of application from, and to be returned to, Dr. T. Lloyd Hughes, Senior Administrative Medical Officer, Liverpool Regional Hospital Board, 19, James Street, Liverpool, 2, to be received not later than April 16, 1955.—Vincent Collinge, Secretary to the Board. (9454)

BROMPTON HOSPITAL, S.W.3

Applications are invited for the post of **PART-TIME RADIOLOGICAL REGISTRAR** for attendance up to six sessions weekly, for one year in the first instance. Candidates are required to hold a Diploma in Diagnostic Radiology. Applications, stating age, qualifications, nationality and appointments held (with dates), and copies of three testimonials, by April 2 to Kenneth A. F. Miles, House Governor. (9098)

SHEFFIELD REGIONAL HOSPITAL BOARD

Whole-time, Non-resident SENIOR REGISTRAR in Radiology

Required on April 12 for approximately nine notional half-days per week at the City General Hospital, Sheffield, and approximately two notional half-days per week at the Barnsley Hospitals. Candidates should hold a Diploma in Diagnostic Radiology. Appointment for one year in the first instance, reviewable annually. It has been agreed between the Sheffield Regional Hospital Board and the Board of Governors of the United Sheffield Hospitals that, subject to satisfactory work and progress, the tenure of the appointment will be divided between the City General Hospital, Sheffield, and Barnsley Hospitals and the Teaching Hospitals. Apply to Secretary, Sheffield Regional Hospital Board, Old Fulwood Road, Sheffield, by April 11, 1955, giving age, nationality, qualifications, present and previous appointments (with dates), naming three referees. (9293)

UNITED SHEFFIELD HOSPITALS

Royal Infirmary/Royal Hospital Units

Applications are invited for the non-resident post of

SENIOR REGISTRAR in Radiology

at the above hospitals. Candidates should hold a Diploma in Diagnostic Radiology. The appointment is for one year in the first instance and will be reviewed annually. It has been agreed in principle between the Board of Governors of the United Sheffield Hospitals and the Sheffield Regional Hospital Board that the appointment, if extended to the full period of four years, will be divided, subject to satisfactory work and progress, between the United Sheffield Hospitals and a hospital in the Region. Applications, stating age, qualifications and experience, with the names of three referees, should be sent to the Chief Administrative Officer, The United Sheffield Hospitals, West Street, Sheffield, 1, not later than March 31. (9170)

RADIOTHERAPY

SHEFFIELD REGIONAL HOSPITAL BOARD

Temporary, Non-resident SENIOR REGISTRAR (Radiotherapy)

Required at the Sheffield National Centre for Radiotherapy, to fill a vacancy during the present incumbent's period of National Service. Appointment for initial period of one year, which may be extended to two years. Applicants should possess D.M.R.T. Apply to Secretary, Sheffield Regional Hospital Board, Old Fulwood Road, Sheffield, by April 11, 1955, giving age, nationality, qualifications, present and previous appointments (with dates), date available, and naming three referees. (9294)

LIVERPOOL RADIUM INSTITUTE, Liverpool, 7

Applications are invited for a resident post in the **JUNIOR HOSPITAL MEDICAL OFFICER** grade Salary scale £775 by £50 to £1,075, according to experience. This appointment is particularly valuable to practitioners who contemplate adopting radiotherapy as a special career. On the other hand, it provides an excellent opportunity for studying for a higher qualification either in medicine or in surgery. Applications, giving particulars of age and experience, together with names and addresses of two referees, should reach the Medical Director as soon as possible. (9395)

RHEUMATOLOGY

MAIDENHEAD (near), CANADIAN RED CROSS MEMORIAL HOSPITAL, Taplow

Applications invited for post of

SENIOR HOUSE OFFICER to Special Unit for Juvenile Rheumatism

Scope for those interested in research, paediatrics, rheumatology or cardiology, and previous experience in one of these desirable. Post becomes vacant March 22 and tenable for six months in first instance. Applications, stating age, qualifications, experience (with dates), with copies of three testimonials, to Hospital Secretary. (9268)

SURGERY

(on scale £1,450 by £50 to £1,650, plus 8/44ths of £100). (c) As M.O.H. East Retford Rural District (13/44ths) £457 19s. 1d. by £14 15s. 6d. to £517 1s. 1d. (on scale £1,450 by £50 to £1,650, plus 13/44ths of £100). Application forms and conditions of appointment are obtainable from my office, and applications should reach me by April 15, 1955. Canvassing disqualifies.—A. R. Davis, Clerk of the County Council, Shire Hall, Nottingham. (9244)

CITY OF LEEDS
Public Health Department

Applications are invited from qualified and registered medical practitioners for the post of

**ASSISTANT MEDICAL OFFICER
for Maternity and Child Welfare**

Applicants should have had postgraduate experience, preferably including obstetrics, antenatal work, and paediatrics. The salary scale is £950 to £1,300 per annum, with annual increments of £50. The person appointed will be required to pass a medical examination and to contribute to the superannuation fund. Application forms and particulars of the duties may be obtained from the undersigned at the Public Health Department, 25, East Parade, Leeds, 1, and completed applications should be returned by 10 a.m. on April 11, 1955. Canvassing in any form, either directly or indirectly, will be a disqualification.—I. G. Davies, Medical Officer of Health. (9381)

ESSEX COUNTY COUNCIL

Applications are invited for the post of
**SENIOR MEDICAL OFFICER
(Child Health Section)**

Candidates must be duly qualified medical practitioners possessing the Diploma in Public Health with administrative and organizing ability and a wide knowledge and experience of child welfare and school health services. Salary in accordance with appropriate Industrial Court awards, £1,250 a year, rising by annual increments of £50 to a maximum of £1,650 a year. Whitley Medical Council conditions of service and the Standing Orders of the County Council will apply. Medical examination. Post supernumerary. Application forms obtainable from, and when completed returnable to, the Clerk of the County Council, County Hall, Chelmsford, as early as possible. Canvassing, directly or indirectly, will be a disqualification. (9023)

GOVERNMENTAL**MINISTRY OF LABOUR AND NATIONAL
SERVICE****Medical Boards and Disablement Advisory
Committees**

From time to time vacancies occur in the panels of medical practitioners who are prepared to serve, as required, as members of National Service Medical Boards. Such Boards meet at intervals according to the requirements of the area and payment is on a sessional basis. A general practitioner wishing to be considered for any vacancy which might arise in the panel of the Medical Board nearest to the district in which he resides, should make his wish known to the appropriate Local Medical Committee or to the Secretary, Ministry of Labour and National Service, Baynard's House, 1-13, Chepstow Place, Westbourne Grove, London, W.2. Occasional vacancies also occur in the membership of that Department's Disablement Advisory Committees and their Panels. A general practitioner wishing to be considered for such appointment should similarly apply to his Local Medical Committee or the Secretary, Ministry of Labour and National Service, 32, St. James's Square, London, S.W.1. (9429)

INDUSTRIAL APPOINTMENTS

Attention is drawn to the B.M.A. scale of remuneration for Industrial Medical Officers which is available on request from the Secretary.

DOCTOR'S HOSPITAL, New York, U.S.A.

Applications are invited for the following posts:

TWO RESIDENT HOUSE SURGEONS
TWO RESIDENT HOUSE PHYSICIANS
TWO RESIDENT HOUSE OBSTETRICIANS

all to commence on July 1. The monthly salary will be \$300, with free board and lodging and laundry. Selected applicants will be expected to sign a contract for one year. Return passage by boat or plane will be paid for by the hospital. Only post-registration graduates of British Universities who have done their military service or are exempt from it will be considered. Some previous experience in their subject is required. Applications, giving details of experience, should be sent, together with copies of two recent testimonials, to Box 9112, B.M.J., before April 28. Further particulars can be obtained from this box address.

EGYPT, HARPUR MEMORIAL HOSPITAL
Old Cairo (C.M.S.) (200 beds, three theatres)**Experienced SURGEON (Male, preferably under 60)**

Wanted to take charge of surgery, with Egyptian colleagues, for a period of three to five years. Applications invited from convinced Christians, to the Medical Superintendent, Church Missionary Society, 6, Salisbury Square, London, E.C.4, from whom further details available. (9436)

HER MAJESTY'S OVERSEA CIVIL SERVICE
Leprosy Service, Northern Nigeria**MEDICAL OFFICER**

Required to tour extensively throughout the Northern Region, Nigeria, supervising and inspecting Provincial Leprosy Settlements, Segregation Villages and Treatment Centres, to carry out epidemiological investigations and treat African staff. There is opportunity of clinical research. Selected officer will assist Senior Leprosy Officer in the organization of leprosy control and in liaison with medical missions, and during Senior Leprosy Officer's absence he may be required to act as his relief. Candidates must possess medical qualifications registrable in the United Kingdom: Appointments may be made as follows: (a) On three years' probation for permanent and pensionable employment with retiring age of between 45 and 55. Pensions (which are non-contributory) are at the rate of 1/600th of final pensionable emoluments for each completed month of reckonable services. (b) From the National Health Service. Candidates may resign from the N.H.S. but retain their superannuation rights up to six years and receive a gratuity (taxable) of 20 per cent of the aggregate of their salary. Salaries, including pensionable expatriation pay for officers appointed under (a) or (b) range from £950 to £1,850 per annum. (c) On short-term contract (two tours of 18 to 24 months' duration), with inclusive salary from £1,164 per annum rising to £2,150 per annum: on completion of contract a gratuity (taxable) at the rate of £37 10s. for each completed period of three months' service (including leave) is payable. Officers appointed under (a) or (c) are required to contribute to a widows' and orphans' pension scheme. Starting salary in all cases depends on experience and war service. A revision of salaries is being undertaken in Nigeria, and officer selected would benefit from any increase granted. Quarters are provided at low rents. Free passages in both directions are provided for officer and his wife. Payment of the cost actually incurred on one outward and one homeward passage for each of two children under age of 18, subject to maximum of £75 in respect of the return journey for each child, is also granted. Income tax at low local rates. Local leave is permissible, and generous home leave is granted after each tour of 18 to 24 months. The Northern Region of Nigeria has many attractions for Europeans. The climate is in the main hot and dry, and generally healthy for families. There are many recreational facilities, including riding and polo, tennis, golf, and shooting, and the way of life of the 17,000,000 Africans in the Region is interesting and often colourful. African leaders welcome the appointment of European doctors, and are ready to assure them of a full career. Application forms from Director of Recruitment, Colonial Office, Sanctuary Buildings, Great Smith Street, London, S.W.1 (quoting reference BCD. 117/408/04). (9465)

OTAGO HOSPITAL BOARD
Dunedin, New Zealand**Department of Surgery, Orthopaedic and Traumatic Unit**

Applications are invited for the position of
SENIOR ORTHOPAEDIC REGISTRAR
Dunedin Hospital

to commence duties as soon as possible. The applicant must possess a higher qualification in surgery and have had extensive experience in orthopaedic and traumatic surgery. His duties will include the teaching of medical students, nurses and physiotherapy students. The appointment is for a minimum of one year and tenable up to three years, subject to termination by three months' notice in writing from either side. The salary payable under the Hospital Employment (Medical Officers) Regulations, 1952, Amendment No. 1, is £N.Z.806 5s. per annum, rising by annual increments of £N.Z.57 10s. to a maximum of £N.Z.921 5s. per annum, plus cost-of-living bonus of £N.Z.81 per annum. A living-out allowance of £N.Z.179 8s. per annum is payable in addition to the above salary if non-resident. Travelling expenses are payable as stated in the conditions of appointment. Application forms and further particulars may be obtained from the office of this Journal or from the office of the High Commissioner for New Zealand, 415, The Strand, London. Applications, stating age, qualifications and experience, together with radiological and health certificates, and copies of testimonials, will be received by the undersigned up till 10 o'clock a.m. on Monday, May 23, 1955. —W. A. Williamson, Secretary, Otago Hospital Board, P.O. Box 946, Dunedin, New Zealand. (8938)

The three constituents of 'Franol' combine to give effective symptomatic relief in chronic bronchitis which is so often given the diagnostic label of "asthma and bronchitis".

The theophylline and ephedrine help to control the cough by their antispasmodic action and to relax the bronchial musculature. The 'Luminal' brings undisturbed rest at night and relieves the feeling of tenseness and anxiety which often attends these conditions.
