When nourishment

is the main problem ...

Brand's Essence is a first-class protein of animal origin. Being partly hydrolized, it is capable of easy ingestion, digestion and absorption. It is extremely palatable, and may be taken either as a jelly or as a liquid. It helps to support convalescence and assists in restoring a positive nitrogen balance.

The major indications for the administration of Brand's Essence are loss of appetite during fatigue, acute infections, and dysphagia or digestive disturbances due to organic or bacterial lesions of the mouth, oesophagus and alimentary tract, and after surgical procedures.

The addition of Brand's Essence to low residue and weightreducing diets is especially appreciated by the patient.

Brand's Essence-

(BEEF OR CHICKEN)

THE BRITISH DIABETIC ASSOCIATION

Since its founding in 1934, the Association has contributed greatly to the welfare of the whole diabetic community. Membership is now about 18,000 consisting of lay diabetics. doctors, almoners, nurses and other persons interested in the progress of treatment of diabetes and in improving the economic, social and psychological conditions of diabetics.

Medical practitioners are requested to call the attention of their diabetic patients to the Association's aims and achievements.

> A reduced subscription rate of 10/- p.a. is allowed to doctors during the five years following medical registration.

or the ackslash rapid

rapid relief of pain

The distress caused by the piercing,
stabbing pains of neuralgia is quickly
relieved by the rapid, smooth,
analgesic action of HYPON

TABLETS, enabling the practitioner to
prescribe a safe means of meeting the
patient's need. Menstrual pain is also
effectively alleviated. Where the cause of
distress is of a more chronic nature, as in
rheumatism and sciatica, the adverse

effects of prolonged medication with codeine and salicylic therapy are eliminated by the inclusion in the formula of caffeine and phenolphthalein. HYPON TABLETS are already widely prescribed by members of the profession for their speedy and safe action with the almost complete elimination of gastric upset. Parallel with the relief from pain, febrile states are effectively reduced in conditions such as influenza, coryza and tonsillitis.

FORMULA: Acid Acetylsalicyl B.P. 40.22%. Phenacet. B.P. 48.00% Caffein. B.P. 2.00%. Codein. Phosph. B.P. 0.99%. Phenolphthal. B.P. 1.04% Excip. 7.75% (each tablet 8 grains)

BECOVITE

for intensive therapy

BEFORTISS

for MAINTENANCE therapy

Although malnutrition, extreme enough to produce the classical syndrome of vitamin B-complex deficiency, rarely occurs in present-day practice in this country, it is not uncommon for symptoms of varying seriousness to arise referable to interference with absorption or metabolism from, for example gastrectomy, severe toxic infections, excessive consumption of alcohol or barbiturates, or from treatment with some of the antibiotics.

In all such cases, suitable preparations for the necessary B-complex therapy—intensive and/or maintenance—will be found in the Becovite and Befortiss range, in forms precisely adaptable to the convenience and preferences of doctor and patient.

For intensive therapy:— **BEGOVITE:** Tablets, 2 c.c. Ampoules, Elixir For maintenance therapy:— **BEFORTISS:** Tablets, 1 c.c. Ampoules, Elixir

NOTEWORTHY FEATURES:

- An aqueous suspension, ready for use, is very speedily obtained when water for injection is added.
- ★ The prepared suspension is easy to inject, causes the minimum of pain and there is no risk of needle blockage.
- The presence of a bacteriostat ensures sterility.
- ★ The suspension shows no tendency to "clay" even after prolonged storage and only requires to be shaken before it is again ready for injection.
- ★ The suspension retains its full potency for at least one month after preparation when stored at temperatures not exceeding 25°C. (77°F.)

- 'Avloprocil' formulations have long been known to doctors for their high quality and reliability. 'Avloprocil' Dry is the latest addition to the range. It presents the procaine salt of penicillin G as a stable, dispersible powder from which an aqueous injection can be readily prepared.
 - 'Avioprocil' Dry can always be relied upon as an effective means of obtaining a sustained therapeutic level of penicillin in the blood.

For patients who are anxious, tense, restless . . . yet have to cope with the weightier problems of the day ... Seconesia provides a safe relaxant-sedative. Non-narcotic and with a minimum of secobarbital, there is no danger of cumulation or "hangover" because both components are rapidly climinated. Seconesin acts promptly and its effect lasts only a few hours. Day-time relactation with Seconesin is so calming that most patients sleep well at night without further hypmstics, or sedatives.

A man with a lot on his mind must be calm yet alert

Each tublet contains: - Methenesin 400 mg. Secobarbital 30 mg.

Packings of 25, 100 and 500 tablets Basic N.H.S. cost - 7/4d per bottle of 27 tablets

Two weapons against Athlete's Foot

and other fungal dermatoses

The combined use of Mycil Ointment and Powder has proved to be highly effective in both prophylaxis and treatment of fungal dermatoses.

Mycil Ointment is formulated to ensure penetration of the active constituent, chlorphenesin, to the site of the infection.

Mycil Powder, used alone, prevents reinfection. Because of its adsorptive properties it is useful in combating the effects of excessive perspiration.

Both preparations are non-mercurial and odourless and may be used over long periods, if necessary, without adverse effects.

MALARIA-a bar to progress

Increasing evidence from endemic regions indicates that 'Daraprim' can play a major part in eradicating malaria. This new drug has proved an excellent suppressant in a dosage of one product once a week; when administered under supervision to an entire community it has been shown capable of breaking the malarial cycle. 'Daraprim' is tasteless and well tolerated; it causes no discoloration of the skin. It is supplied as compressed products of 25 mgm., in packs of 6, 30, 250 and 1000.

Soluble aspirin of consistently high quality

It is now widely agreed that soluble aspirin is to be preferred for general administration both for its solubility and for its neutrality. These qualities ensure rapidity of absorption and a greatly diminished risk of gastric irritation.

"Solprin" provides soluble aspirin of very high uniform quality. Solprin will be found easy and convenient to take by the patient, and its slight flavouring helps to make it palatable.

Solprin may be recommended for all those conditions in which aspirin was formerly prescribed. Its qualities make it peculiarly valuable when heavy or prolonged dosage is necessary.

SOLPRIN

Soluble and substantially neutral

Not advertised to the public

Solprin is available only on prescription and only in Great Britain and Northern Ireland. Clinical samples and literature supplied on request.

N.H.S. BASIC PRICE 12/6 for 500 tablets in foil.

RECKITT & COLMAN LTD., HULL & LONDON (PHARMACEUTICAL DEPT., HULL)

FOR URINARY TRACT INFECTIONS

Announcing...

Furadantin*

Furadantin, brand of nitrofurantoin, is a new antibacterial nitrofuran for use in urinary tract infections only. It is effective clinically against the majority of urinary tract bacteria, including *Proteus*, *Pseudomonas* and *Aerobacter* species.

Indications:

Pyelonephritis
Pyelitis
Cystitis

Advantages:

- ★ Wide antibacterial range
- * Rapid action
- ★ No serious side-effects

The antibacterial range of FURADANTIN is considerable; it is bactericidal to a wide variety of both Gram-positive and Gram-negative organisms. Its action is prompt, antibacterial concentrations usually appearing in the urine in 30 minutes, while in 24 hours the urine is frequently clear. After 3-5 days most patients are symptom free. Side-effects are slight and may readily be overcome.

Furadantin

N-(5-nitro-2-furfurylidene)-1-aminohydantoin is available as tablets of 50 mg. in bottles of 25

Further details and suggestions on the use of FURADANTIN will gladly be supplied on request.

Suggested adult dosage:

5 to 10 mg. per Kg.—2 tablets four times daily, with meals and on retiring with food or milk.

* Regd. trade mark.

up...and...up-and-coming.

Terramycin* BRAND OF OXYTETRACYCLINE since its discovery in 1950 has become the most widely prescribed broad-spectrum antibiotic. Its rapid antibacterial action in so wide a range of infections, the fact that it is well tolerated and is available in many convenient forms, and its positive contribution towards reducing the cost of health undoubtedly explain this world-wide acceptance.

Tetracyn BRAND OF TETRACYCLINE

discovered in the Pfizer Research Laboratories promises to be as valuable an anti-infective as Terramycin. Like Terramycin, TETRACYN is very soluble and stable and produces comparable blood levels.

TETRACYN has been used in selected cases in British hospitals since October 1954, and experience is confirming its early promise.

TETRACYN is indicated where certain antibiotics produce troublesome side reactions such as nausea and vomiting or prove to be ineffective.

PAYMOCIL DVERGOMES ASPIRIN IRRITATION

Paynocil is a new non-irritant, palatable analgesic representing a considerable advance in formulation among products of its kind. It combines acetylsalicylic and amino-acetic acids in a tablet offering the following advantages:

- * It does not cause gastric irritation.
- * It provides the most palatable and convenient form of analgesic medication.
- * It disintegrates pleasantly and rapidly on the tongue; swallowing with water or chewing are unnecessary.
- * An effective dose of aspirin (10 grains— 0.65 gramme) is provided in one tablet:

Puchaging and Prices: Tubes of 18 and dispensing packs of 240 sablets: Basic N.H.S. cost of 240, 27/1.

LONG TERM, INTENSIVE USE

Because of its non-irritant properties Paynocil is ideal in the prolonged aspirin therapy necessary in theumatoid arthritis.

SHORT TERM OR OCCASIONAL USE

It is equally suitable for the occasional analgesia required for headaches or neuralgia owing to its convenience and acceptability to all patients.

Formula: each tablet contains:

Acetylsalicylic acid . .

Amino-acetic acid.

DIET

= I N ==

OLD AGE

Frank vitamin deficiencies due to inadequate dietary intake are fortunately rare in this country. Mild deficiencies do occur, however, especially among old people who, for health or economic reasons, find difficulty in catering for themselves and in preparing balanced meals. Their diet may be lacking in some of the essential nutrients.

Marmite is a particularly useful source of the vitamin B2 complex and can be incorporated in the diet in many simple and appetising ways.

A Critical Temperature —of 300°F!

The temperature of a piece of rubber when it is being vulcanised is just as important as that of the human body; a few degrees' fluctuation either way, and it is ruined. Unfortunately, even when badly over-vulcanised, it looks all right. It is only when the rubber is put into use that the bad effects of over- (or under) vulcanisation become apparent. Fortunately, on the other hand, there are John Bull tyres. These are never wrongly vulcanised because John Bull have a special electrical system of temperature control which simply cannot go wrong—and which is even more critical than that of the human body!

Made for the man who will have the best

JOHN BULL RUBBER CO. LTD., LEICESTER

Mothers are grateful when you advise canned strained foods

When you recommend a varied diet for baby based on Heinz Strained Foods, you are recommending a diet which can easily be followed by even the busiest mothers. And baby will benefit not only from the nourishment of these foods, but also from accustoming his palate to a variety of flavours at an early age.

And another point is this. It is often impossible for a mother - particularly if she lives in a town -to make foods as nourishing as Heinz. Heinz have the advantage of buying farm-fresh fruits and vegetables and also of having cooking and straining equipment that keeps the maximum amount of goodness in the foods.

For a FREE booklet giving the exact nutrient values of all 19 varieties of Heinz Strained Foods, please write to Dept. 1P, H. J. Heinz Company Ltd., London, N.W.10.

SOUPS MEAT BROTHS VEGETABLES SWEETS CEREAL

Removed

THE EASIER WAY

The removal of wax from the external auditory meatus can now be greatly simplified—by the use of Cerumol Ear Drops. Cerumol dissolves soft cerumen, disimpacts the hard wax plug, and a simple wiping or washing out is sufficient to remove debris. Cerumol is not injurious to the lining of the external auditory meatus or to the tympanic membrane.

Anti-bacterial, safe and efficient, Cerumol is an accepted product for use in a large number of hospitals and general practices throughout the country. It is included in Category No. 4 of the Classified List of Proprietary Preparations issued by the Ministry of Health, and may therefore be prescribed on N.H.S. form E.C.10.

PACKS:—For Surgery Use: 10 c.c. vial, separate dropper included (Basic N.H.S. price 2s. 8d.) For Hospital Use: 2 oz. and 10 oz. bottles.

EAR DROPS

For the removal of Wax

Active Constituents per 100 c.c.:

p-dichlorobenzene B.P.C.	 	 	2 gm.
Benzocaine B.P	 	 • •	2 gm.
Chlorbutol B.P	 	 	5 gm.
Ol. Terebinth B.P.	 	 	15 c.c.

Samples of Cerumol will gladly be sent to members of the medical profession, on application to the distributors:

32% less nicotine ...more Virginia flavour

Proof of filtration

Pall Mall traps 32% of the nicotine and 3,300 microgrammes of tars per cigarette. Watch the built-in Filter change colour as you smoke.

No direct contact

See how Pall Mall's Built-in Filter prevents contact between lips and trapped irritants. Trapped tars never reach your mouth . . . enjoy the flavour of real Virginia—rich, mellow and exquisitely smooth.

New invention holds burning end

By a new process Pall Mall is now internally tipped, designed to hold the burning end.

Britain's first built-in Filter

Valentine's MEAT JUICE

a pure concentrated extract of beef stimulates the appetite,

increases the flow of digestive juices, provides protective quantities of potassium, in a palatable and readily assimilated form.

VALENTINE Company Inc.

RICHMOND 9. VIRGINIA, U.S.A.

Dosage is 1 teaspoonful two or three times daily.

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose (unless otherwise specified) one copy each of 3 recent * testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

Canvassing in any form will disqualify.

*SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying,

A fully registered medical practitioner who is liable for National Service must obtain deferment of recruitment in writing from the Central Medical Recruitment Committee or (in Scotland) the Scottish Central Medical Recruitment Committee before accepting any civilian appointment. The position of provisionally registered medical practitioners who are liable for National Service has been made clear in a notice sent to them by the Ministry of Labour and National

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF Registrar Grades, Whole-time

(a) REGISTRAR: Posts obtained normally not less than two years after registration as a medical practitioner and held normally for two years: £850 per annum in the first year; £965 per annum in the second and any subsequent years.

(b) SENIOR REGISTRAR: Posts obtained normally not less than four years after registration as a medical practitioner and held normally for four years; £1,100 per annum in the first year; £1,200 per annum in the second year; £1,300 per annum in the third year; £1,400 per annum in any subsequent years. Other Grades, Whole-time

(a) HOUSE OFFICERS:

(i) Provisionally registered medical practitioners: £425 per annum for the first post held; £475 per annum for the second and all subsequent posts held;

provided that the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that the remuneration of any officer holding his first post in the National Health Service as a House Officer shall be £475 per annum if they are satisfied that the officer has held at least one hospital post outside, of not less than six months' duration, involving clinical responsibilities equivalent to those of house posts in the National Health Service and supervised by appropriate specialist staff.

(ii) Fully registered medical practitioners: £525 per annum for any post held;

provided that in exceptional circumstances, subject to the consent of the Minister, this rate may be exceeded by up to £50 per annum where a post cannot be filled otherwise.

In each case under sub-sections (i) and (ii) above, a deduction of £125 per annum in respect of board and lodging and other services provided shall be made and each post shall be tenable for six months.

(b) SENIOR HOUSE OFFICER: Posts obtained normally not less than one year (in Scotland, two years) after registration as a medical practitioner and normally held for one year only: £745 per annum.

(c) JUNIOR HOSPITAL MEDICAL OFFICER: Officers who have held house appointments but who are not Registrars and who have less responsibility than other hospital officers of non-consultant status: £775 (for an officer appointed not less than one year after full registration as a medical practitioner) by £50 to £1,075 per annum.

ALL NATIONAL HEALTH SERVICE HOSPITAL APPOINTMENTS ARE IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF SERVICE OF HOSPITAL MEDICAL STAFF

Those intending to apply for resident appointments in the Registrar grades are recommended to make inquiries with regard to the deductions proposed for board and lodging at the time of submitting their applications, where this is not stated in the advertisement.

HER MAJESTY'S OVERSEA CIVIL SERVICE Medical Branch, Kenya

Vacancies exist for

MEDICAL OFFICERS

Vacancies exist for MEDICAL OFFICERS

for general duties in the Medical Department of Kenya. A vacancy also exists for a Medical Officer interested in parasitology. Successful candidates may be posted to any station in Kenya. During the earlier years of service an officer will be expected to carry out general medical and surgical duties, including a varying amount of public health administration. In most stations, even if remote from the larger towns, it is possible for an officer to maintain interest in any particular branch of medicine or surgery to which he is attracted. As far as possible the interests of an officer are considered when postings are made. The work of every medical officer is based on a hospital which may vary in size and facilities from a small district hospital meeting the needs of a comparatively primitive community to a large and modern provincial hospital. Appointments can be made on a permanent basis with pension (non-contributory) at age of 55, or on short-term contract with gratuity payable on satisfactory completion of service. Salary ranges from £1,116 to \$1,836 a year; starting point is determined by experience, and four extra increments are given to successful candidates possessing the M.R.C.P. D.P.H., or other approved higher qualifications. Temporary cost-of-living allowance at the rate of 10 per cent of salary is also payable, subject to a maximum of £162 a year, making gross emoluments of £1,228 to £1,998 a year. Permanent Medical Officers are eligible to be considered at any time for promotion to super-scale posts in Kenya and other territories in medical administration or, if they possess higher qualifications and suitable experience, in specialist posts. Quarters are generally available at rental of 10 per cent of salary. Free passages in both directions for officer and wife, and up to cost of one adult fare for children. Taxation at local rates. Annual local leave permissible, and generous home leave granted after each tour of from 40 to 48 months. Educational facilities a graduate hospital experience. Application forms from Director of Recruitment, Colonial Office, Sanctuary Buildings, Great Smith Street, London, S.W.1 (quoting Reference BCD 117/7/02).

ROYAL NEW ZEALAND NAVY

Applications are invited for service as MEDICAL OFFICERS in the Royal New Zealand Navy

in the Royal New Zealand Navy

Candidates must be of British birth and parentage, registered under the Medical Acts, medically fit and have completed their national service. Entry for four years' short service commission. Pay and allowances as governed by R.N.Z.N. regulations. On entry for the first two years at rate of £1,170 per annum. Married officers: Marriage allowance 3s. 6d. per day; Separation allowance 3s. 6d. per day; Separation allowance 3s. 6d. per day; Uniform outfit grant £140 (payable on entry). Free passage to New Zealand granted to successful applicants and the family if married. Full details from Royal New Zealand Navy Headquarters (Medical Officers), The Adelphi, John Adam Street, London, W.C.2. (3926)

Overseas (Vacant)-contd.

HER MAJESTY'S OVERSEA CIVIL SERVICE Medical Branch—Sar; wak

MEDICAL OFFICER

MEDICAL OFFICER

Required to take charge of new Mental Hospital. Sarawak, and to train nurses and dressers in mental work. Candidates must possess medical qualifications registrable in United Kingdom and have had some experience of mental hospital work. Appointment on permanent basis with pension (non-contributory) at age of 55, or on short-term contract with gratuity (taxable) assessed at the rate of £37 los. for each completed period of three months, payable after completion of satisfactory service. Candidates in the National Health Service may leave but retain their superannuation rights (up to six years) and receive a gratuity of 20 per cent of the aggregate of their salary at the end of their engagements. Salary, including expatriation pay, ranges from £1,092 to £1,757 a year. Starting point in this scale determined according to age, qualifications and experience. A cost-of-living allowance is also payable varying according to the officer's salary and family circumstances. Partially furnished quarters provided at low rental. Free passages provided in both directions for officer, wife and up to three children under 18 years of age. Income tax at local rates. Tour of service from 30 to 36 months. Local leave permitted, and generous home leave is granted. Private practice not allowed, but consultation is permitted. Application forms from Director of Recruitment, Colonial Office, Sanctuary Buildings, Great Smith Street, London, S.W.1 (quoting reference No. BCD 117/24/08).

CHEADLE ROYAL, CHEADLE, **CHESHIRE**

Registered Mental Hospital

President:
The Right Hon. The Earl of Derby, M.C.

Medical Superintendent: W. V. Wadsworth, B.Sc., M.B., M.R.C.P., D.P.M.

This hospital receives all types of patients who are suffering from psychological and senile illnesses. It has recently been extensively redecorated and central heating has been installed throughout, making it one of the most luxuriously appointed hospitals in the country. Private rooms, with special nurses, can be provided

All patients receive very careful and thorough clinical and pathological investigation; the most modern psychiatric treatment is available, including deep insulin therapy. Psychotherapeutic treatment deep insulin therapy. Psycholis employed in suitable cases.

OCCUPATIONAL THERAPY is a special feature of the hospital and there are excellent facilities for indoor and outdoor recreation—tennis, cricket, croquet, badminton, billiards, cinema. television, etc.

GERIATRIC UNITS for mild cases of senility are provided where patients can pursue as normal a life as possible.

The hospital is situated in 300 acres of pleasant heshire parkland, and yet is only 9 miles from Manchester.

GLAN-Y-DON is the hospital's convalescent home overlooking the sea at Colwyn Bay. It is extremely comfortable and well appointed and has its own farm and market garden.

For terms and further particulars, apply to the Medical Superintendent. Telephone: GATLEY

ST. ANDREW'S HOSPITAL, NORTHAMPTON For Nervous and Mental Disorders

President: The Earl Spencer. Medical Supt. Thomas Tennent, M.D., F.R.C.P., D.P.H., D.P.M

This Registered Hospital is situated in 130 acres of park and pleasure grounds. Voluntary patients who are suffering from incipient mental disorders or who wish to prevent recurrent attacks of mental trouble, temporary patients and certified patients of both sexes are received for treatment. Careful clinical, biochemical, bacteriological and pathological examinations. Private rooms with special nurses, male or female, in Hospital or in one of the numerous villas in grounds of the various branches can be provided.

MOULTON PARK.—Two miles from the main Hospital there are several branch establishments and villas situated in a park and farm of 650 acres, Milk, meat, fruit, and vegetables are supplied to the Hospital from the farm, gardens, and orchards of Moulton Park. Occupational therapy is a feature of this branch and patients are given every facility for occupying themselves in farming, gardening and fruit-growing.

WANTAGE HOUSE.—This is a Reception Hospital in detached grounds with a separate entrance to which patients can be admitted. It is equipped with all the apparatus for the complete investigation and treatment of Mental and Nervous Disorders by the most modern methods: insulin treatment is available for suitable cases. It contains special departments for hydrotherapy by various methods, including Turkish and Russian baths, the prolonged immersion bath, Plombière's treatment, etc. There is an Operating Theatre, a Dental Surgery, an X-ray Room, an Ultra-Violet Apparatus, and a Department for Diathermy and High-frequency Treatment. It also contains Laboratories for biochemical, bacteriological and pathological research. Psychotherapeutic treatment is employed when indicated

BRYN-Y-NEUADD HALL .- The seaside house of BRYN-Y-NEUADD HALL.—The seaside house of St. Andrew's Hospital is beautifully situated in a Park of 330 acres at Llanfairfechan amidst the finest scenery in North Wales. On the North-West side of the Estate, a mile of sea-coast forms the boundary. Patients may visit this branch for a short seaside change or for longer periods. The hospital has its own private bathing house on the seashore. There is trout-fishing in the park.

At all the branches of the Hospital there are cricket grounds, football and hockey grounds, lawn tennis courts (grass and hard courts), croquet grounds, golf courses, and bowling greens Ladies and gentlemen have their own gardens, and facilities are provided for handicrafts such as carpentry, etc.

For terms and further particulars apply to the Medical Superintendent (Telephone No.: Northampton 4354 (3 lines)), who can be seen in London by appointment.
