**When
nourishment
is the main problem . . .**

BRAND'S ESSENCE is a first-class protein of animal origin, in a form and strength that will not overtax a weakened system. Being partly hydrolyzed, it is capable of easy ingestion, digestion and absorption. It is extremely palatable, and may be taken either as a jelly or as a liquid. It helps to support convalescence and assists in restoring a positive nitrogen balance.

The major indications for the administration of Brand's Essence are loss of appetite during fatigue, acute infections, and dysphagia or digestive disturbances due to organic or bacterial lesions of the mouth, oesophagus and alimentary tract, and after surgical procedures.

The addition of Brand's Essence to low residue and weight-reducing diets is especially appreciated by the patient.

The case of *Earias insulana* . . .

In Iraq, in recent years, cotton has become a crop of great importance — important not only for its value in world markets, but also because of its diversifying effect on the age-old rotations of irrigated land.

By 1952, however, it was clear that the whole future success of this programme was seriously threatened by the caterpillar of a small moth *Earias insulana*, commonly called the spiny bollworm. This pest destroys flowers and young bolls, and the damage is increased by the entry of fungi and bacteria into the bore-holes. Complete crop destruction is not uncommon. The answer to this urgent pest problem has now been found — in endrin, one

of the newer Shell insecticides. In the extensive trials of possible control materials only endrin gives consistently satisfactory control at reasonable cost.

Now in widespread use throughout Iraq's cotton plantations, endrin at $\frac{1}{2}$ lb. per acre controls the spiny bollworm and helps local farmers to achieve greater prosperity.

Endrin, aldrin, dieldrin . . . these three advanced insecticides developed by Shell are complementary to each other. Between them they control most of the major insect pests which menace agricultural production and public health throughout the world.

Have you an urgent pest problem in your area?

endrin

endrin, aldrin and dieldrin are  insecticides for world wide use

For further information apply to your Shell Company.

to counter
the
changing
of
bacterial
resistance

All the available evidence of the development of bacterial resistance points to the need for a safe and effective means of securing control of local infections without the employment of those antibiotics which are of greatest value for systemic use.

a new advance in wound therapy:

CICATRIN POWDER has advantages over existing modes of wound therapy for the following reasons:—

- ★ is bactericidal and bacteriostatic.
- ★ minimises the risk of the development of resistant strains.
- ★ is effective against most of the pathogens including those resistant to penicillin and streptomycin.
- ★ Healing is stimulated by selected amino acids.
- ★ is not cyto-toxic.
- ★ is active in the presence of blood and tissue exudates.
- ★ is non-allergenic.

FORMULA: Each gramme contains:

Neomycin Sulphate 5 mg.
Zinc Bacitracin 250 units.
l-Cystine 2 mg.
dl-Threonine 1 mg.
Glycine 10 mg.

Drip therapy without a tube

NULACIN

In the past, the successful treatment of many cases of peptic ulceration demanded hospital conditions. Now, by means of Nulacin Tablets, it is possible to control gastric hyperacidity without any inconvenience to the patient. By using Nulacin Tablets as directed, an ambulant patient can obtain all the advantages of intragastric milk-alkali drip therapy.

INDICATIONS

NULACIN tablets are indicated whenever neutralization of the gastric contents is required: in active and quiescent peptic ulcer, gastritis, gastric hyperacidity.

Beginning half-an-hour after food, a NULACIN tablet should be placed in the mouth and allowed to dissolve slowly. During the stage of ulcer activity, up to three tablets an hour may be required. For follow-up treatment, the suggested dosage is one or two tablets between meals.

GASTRIC ANALYSIS Superimposed gruel fractional test-meal curves of five cases of duodenal ulcer

NULACIN tablets are not advertised to the public, have no B.P. equivalent, and may be prescribed on E.C.10. The dispensing pack of 25 tablets is free of Purchase Tax. (Price to pharmacists is 2/-.) Also available in tubes of 12.

NULACIN tablets are prepared from whole milk combined with dextrans and maltose, and incorporate Magnesium Trisilicate 3.5 grs.; Magnesium Oxide 2.0 grs.; Calcium Carbonate 2.0 grs.; Magnesium Carbonate 0.5 grs.; Ol. Ment. Pip q.s.

GASTRIC ANALYSIS Same patients as in Fig. 1, two days later, showing the striking neutralizing effect of sucking Nulacin tablets (3 an hour). Note the return of acidity when Nulacin is discontinued

NULACIN is available throughout the British Commonwealth, in the U.S.A., and many other countries. It is known as NULACTIN in Canada and Sweden.

Elastoplast

Airstrip

Waterproof yet non-occlusive, this new Adhesive first-aid dressing PREVENTS MACERATION

Elastoplast Airstrip is made from a specially developed plastic material which is not perforated but consists of a microporous extensible filter. Sweat

and skin exudates evaporate through this air-permeable dressing at the same rate as they develop on the skin. At the same time this new dressing is waterproof, preventing water, grease and oil from coming in contact with the wound.

Airstrip allows the wound to "breathe"; therefore maceration cannot develop. Because the surface of the wound and surrounding skin remain dry, the dressing can be left on until the wound heals—which it does under ideal dry conditions.

The air-permeable Elastoplast Airstrip dressing prevents development of maceration. Healing takes place in minimum time.

..from little acorns grow

Cremalgin rubefacient balm was first introduced in August, 1954.

Since then, more than a quarter-million ounces have been prescribed on E.C.10.

By making every possible use of the most modern and efficient production methods, Cremalgin was one of the first products to introduce a substantial economy into the National Health Service without a shadow of compromise in standards.

The "little acorn" has grown into a very large "oak" indeed. For Cremalgin now makes an important reduction in the cost of the ever growing demand for rubefacient balms for the treatment of muscular rheumatism and allied conditions.

ALUMINIUM HYDROXIDE GEL, B.P.C.

Resentment and Hostility

The importance of the emotional background in the aetiology of peptic ulcer is widely recognised. Further confirmation is provided by the increase of gastric acidity shown to follow certain emotional disturbances such as those involving resentment and hostility.

Protection of the ulcer from the corrosive action of gastric juice is an essential condition of successful healing entirely fulfilled by 'Aludrox' Amphoteric Gel.

'Aludrox' buffers gastric acid to a pH of 3.5 to 4.0, at which level healing may proceed and the risk of alkalosis is avoided. Normal digestion is unimpaired and, in addition, 'Aludrox' provides the physical protection of a gel barrier over the surface of the ulcer, thus ensuring a safer environment for the reparative processes.

*The safe
anticholinergic agent
for
Peptic Ulceration*

A large number of cases of peptic ulceration have been successfully treated with "Pro-Banthine". By its anticholinergic action inhibiting transmission of neural stimuli at both sympathetic and parasympathetic ganglia and at parasympathetic myoneural junctions, hypermotility of the stomach and duodenum is reduced. This results in rapid relief of pain. "Pro-Banthine" is easily administered, orally. It has few side-effects, which are all readily eliminated by adjustment of dosage.

SEARLE

83, Crawford Street
London, W.1

Telephone: Paddington 4034

"Pro-Banthine" is also available as a compound tablet with Phenobarbitone. It is especially indicated when peptic ulceration is complicated by mental stress, anxiety, and nervousness. Dosage of both forms is usually 15 to 30 mg. (1 or 2 tablets) four times daily. "Pro-Banthine" is available in bottles of 40, 100, and 1,000 tablets, each tablet containing 15 mg. of Propantheline Bromide, and compounded with Phenobarbitone (15 mg.) in bottles of 100 and 1,000 tablets.

EAR WAX *Removed this easy way*

The removal of wax from the external auditory meatus has, in the past, normally entailed attendance by the patient for diagnosis and for the prescription of a suitable loosening agent, and a second attendance a few days later for syringing. Now, by the use of Cerumol Ear Drops, wax can be removed in most cases at one visit. A few drops of Cerumol can be instilled into the ear and, while another patient is being attended to, the soft cerumen dissolves and the harder wax disimpacts. The wax can then be removed by gentle syringing or with cotton wool. The wax may even be found to run out of the ear on its own accord, in which case patients themselves may instil Cerumol at home, obviating further attendances. Cerumol is anti-bacterial, non-irritating and harmless to the lining of the external auditory meatus or the tympanic membrane. Cerumol is included in Category No. 4 of the M.O.H. classified list of Proprietary Preparations and may be prescribed on N.H.S. Form E.C.10.

PACKS:—For Surgery Use: 10 c.c. vial—separate dropper included. (Basic N.H.S. price 2/8.) For Hospital Use: 2 oz. and 10 oz. bottles.

CARNATION MILK FOR INFANT FEEDING

The digestibility of Carnation Milk

CURD FORMATION

1 Breast Milk

2 Carnation Milk diluted to
whole milk value

3 Pasteurised Milk

The milk in each flask has been curdled by the addition of pepsin. Whilst precipitating, the milks were stirred constantly. This simulated the conditions occurring in an infant's stomach. Breast milk and Carnation Milk remain liquid with a suspension of very fine curds. Pasteurised milk curdles into a solid mass. Boiled milk produces curds intermediate in size and texture between those of Carnation Milk and pasteurised milk.

Due solely to processing, Carnation Milk produces a unique curd formation — tensionless, flocculent. *The modification of cow's milk proteins essential for this curd formation occurs during the final sterilising — a process exclusive to evaporated milk.* This terminal heating induces:—

1 An increase in casein particle size together with expulsion of some "bound" water.

2 A change in the calcium salts in which there is a combining action with the phosphate ions to form colloid or semi-colloid phosphates of calcium.

These changes result in (a) soft curd properties when Carnation is acted upon by hydrogen ions in the range of gastric acidity, and (b) a reduced intensity of the

calcium-casein coagulating mechanism.

The extreme range of digestibility and tolerance of proteins, as found in Carnation Milk, is the practical advantage at the disposal of all physicians who are concerned with infant feeding. Other highly desirable advantages to those prescribing Carnation are:—

- 1 Safety, because of sterilisation *after* the Carnation cans are sealed.
- 2 Hypo-allergenic properties.
- 3 Uniformity—due to standardisation of solids.
- 4 Prophylactic D₃.
- 5 Permanently emulsified butterfat.
- 6 Accuracy of measurement.

"The Feeding of Infants" — a book specially for doctors — together with reprints of clinical investigations and Carnation feeding charts are available from:— Medical Department, General Milk Products Limited, Bush House, Aldwych, London, W.C.2.

for the menopausal syndrome

A NEW FAT-STORED OESTROGEN

TACE may change present-day concepts of oestrogen therapy, because while resembling stilboestrol and hexoestrol chemically it differs clinically in these important respects:

TACE

is stored in body fat—its activity is gradually released in a manner closely resembling natural oestrogen secretion.

TACE

is free from side effects. Nausea, vomiting and oestrogen withdrawal bleeding in the female and painful gynæcomastia in the male are not produced.

TACE

has virtually no effect on the pituitary gland. Resistance does not develop on prolonged therapy—'TACE' is therefore of particular value in the treatment of prostatic carcinoma, where it will often continue to control the condition when resistance to other oestrogens has developed.

NEW CORTISONE DERIVATIVE

DeCORTISYL

PREDNISONE

**SUPERIOR THERAPEUTIC EFFECT**

IN QUANTITY
IN QUALITY

DeCortisyl is four times more potent than Cortisyl, but it is not simply a "stronger cortisone" as it also appears to possess a therapeutic action of far superior quality.

Indeed, with equivalent dosage (one quarter that of cortisone), the anti-inflammatory, anti-allergic and anti-rheumatic power of DeCortisyl allows much greater clinical control: *thus DeCortisyl is particularly spectacular in cases in which the therapeutic response to cortisone, in full doses, is inadequate.*

REDUCED SIDE EFFECTS

NO SALT RETENTION
NO POTASSIUM LOSS
NO OEDEMA, NO HYPERTENSION, ETC.

As with cortisone, periodic X-rays for possible peptic ulcer and prophylactic "... routine co-administration of an aluminium hydroxide gel" are advisable.

J. Amer. med. Ass., 1955, **158**, 459.

Average daily dosage: Initial 20-30 mg. Maintenance 5-20 mg.

DeCortisyl is presented in 5 mg. tablets, in bottles of 30

When you are asked about SKIN HEALTH

It is often very helpful to recommend Cidal soap. For Cidal contains an unusually efficient germicide Hexachlorophene (2,2'-dihydroxy-3,5,6,3',5',6'-hexachlorodiphenylmethane) which has been found to play a useful part in the alleviation of acne, seborrhœa, impetigo and many other minor ailments involving the skin, including prickly heat. Cidal also reduces the risk of infection through minor cuts and grazes.

Many people have been happy to find that Cidal helps to minimize unpleasant body odours at source by attacking the bacteria that ferment perspiration.

Cidal Cream Shampoo also contains Hexachlorophene and helps to keep the scalp healthy and free from dandruff. (1/4d. and 3/9d.)

Send for a booklet and an experimental sample of Cidal Toilet Soap to :- Sales Department (Pharmacy Division), J. Bibby & Sons Limited, King Edward Street, Liverpool 3.

CIDAL
1/- (1/3d. in the Republic of Ireland)

The **ONLY** CHEESE
containing Lactobacilli
in **ACTIVE FORM**

It is true that no other cheese is like St. Ivel, not only is this because no other cheese has the delicious Cheddar flavour and creamy texture, but also because it is the only cheese containing Lactobacilli in active form.

The reason for this is that instead of using an ordinary cheese starter of lactic streptococci, a culture of specially selected strains of Lactobacilli is used. The cultures are maintained by professional bacteriologists with specialized knowledge of bacterial selection and genetics.

Great importance is attached to this aspect and to the nutritional requirements of the Lactobacilli so as to maintain the activity of the culture in the cheese after manufacture, and to ensure maximum therapeutic value.

Special hospital packs available.

Communications should be addressed to: The Director, Central Laboratory, Aplin & Barrett, Ltd., Yeovil, Somerset.

FRESH UP FROM SOMERSET

A Genatosan Announcement

SEBIGEN - A NEW CREAM

SEBIGEN is the new name for the white, virtually odourless cream formerly known as Sebbix and intended for the treatment of seborrhoea and psoriasis of the scalp. SEBIGEN contains Purified fractions equivalent to Crude Coal Tar 10% together with Sulphur and Salicylic Acid, and being non-greasy it does not mat or clog the hair and is, therefore, readily used by women.

Basic N.H.S. price 2/3d. per 1-oz. tube.

GENISOL - A NEW PRODUCT

GENISOL is a new addition to our prescribable range of dermatological products and is a shampoo type preparation intended to be used either alone or in conjunction with SEBIGEN in the treatment of seborrhoea capitis, infantile scurf and psoriasis of the scalp. GENISOL contains Purified fractions equivalent to Crude Coal Tar 2% and Hexachlorophene 1% in a specially developed soapless shampoo base.

Basic N.H.S. price 2/0d. per 2-oz. bottle.

Safe · effective · economical

A MILK MODIFICATION SPECIFICALLY DESIGNED TO MEET THE
NUTRITIONAL NEEDS OF THE NORMAL INFANT

Humanised Trufood is not just a dried milk: it is a modification of cows' milk specifically designed to meet the needs of the normal infant from birth.

The fat content compares favourably with that of "Full Cream" dried milk powders. Moreover, as Trufood is dried by the spray process the fat is kept in a fine, well-diffused emulsion, thus ensuring easier assimilation.

Full information about Humanised Trufood and the seven other Trufood milks for infants will be supplied on request to Trufood Limited, Green Bank, London, E.1.

You will find that when you have to feed an infant artificially there is a better Trufood milk available whatever your requirement may be.

Full information available

THE TREATMENT OF PEPTIC ULCER WITH "ROTER" TABLETS

Extract from a report in the British Medical Journal, 1st October, 1955, p. 827

"The immediate clinical results were assessed after the first month's treatment in four main groups: (A) pronounced relief (symptom free); (B) definite relief (minor symptoms with no pain); (C) doubtful relief (symptoms persisting but improved); (D) no relief.

"... 81% of cases became symptom free—70% of them during the first week and 30% during the second week; a further 9% were relieved of the majority of their symptoms. Thus there was a satisfactory response in 90% of cases.

"Four of the nine cases in groups C and D have elected to go to surgery, and one of the remaining cases has a hiatus hernia as well as a duodenal ulcer. Experience of treating these 'failures' over the past six years leads one to believe that no form

of medical treatment will be effective and that surgery is the only hope of relieving their symptoms. In 75% of the cases the patients were of the opinion that the tablets were superior to alkaline powders, and they found that they were able to take foods which they had avoided for years.

"The treatment is ideal for general practice, where its simplicity appeals to both patient and doctor, and, although its mode of action remains an unsolved problem, this should not deter its use in a condition the cause of which remains a riddle. Finally, while the possibility of toxic effects does arise, none has been reported or found in this series; but, as a precaution, the tablets should not be administered to young children."

Samples and literature on request.

Formula: Magnesium Carbonate (400 mg.), Bismuth Subnitrate (350 mg.), Sodium Bicarbonate (200 mg.), Rhizoma Calami (25 mg.), and Cortex Rhamni Frangulae (25 mg.)

Roter tablets are prescribed on N.H.S.
They are not advertised to the public.
Packings: Tins of 40, 120, 640 and
dispensing size, 720. (P.T. Exempt.)

***To restore metabolic balance when high doses
of the vitamin B complex are needed***

The new fluid form of Orovite—Orovite Elixir—has been prepared for children, the aged and for those who, for whatever reason, (e.g. nausea in early pregnancy), find the ingestion of tablets difficult. Children appear to absorb vitamins from the gastro-intestinal tract with extreme facility so that parenteral injection is required only rarely and in cases of severe illness. In other cases, tablets may be preferred and these are already being found of great value.

INDICATIONS

1. To promote recovery after such infections as influenza, pneumonia, enteritis and measles.
2. For severe debility following operation or illness.
3. To promote psychological well-being in children and old people.
4. For maintenance of a high vitamin intake after an initial course of injections of Parentrovite.

DOSAGE: OROVITE ELIXIR—1-3 teaspoonfuls, three times daily, preferably at breakfast, lunch and tea. It can be taken undiluted or with a little water.
OROVITE TABLETS—1-3 tablets daily.

NOTE—In each case, the dose should be accompanied by two 100 mg. tablets of Ascorvel (vitamin C).

FORMULA

Two tablets or one fl. oz. of Elixir contains:

ANEURINE HYDROCHLORIDE B.P.....	100 mg.
NICOTINAMIDE, B.P.	400 mg.
RIBOFLAVINE, B.P.	10 mg.
PYRIDOXINE HYDROCHLORIDE, B.P.C.....	10 mg.

Note—One half fl. oz. of Elixir is equivalent to one Orovite tablet.

Keen eye . . . steady hand

To so many patients with Parkinsonism, ARTANE trihexyphenidyl can restore both the will and the *ability* to face up to the "daily round". This highly potent antispasmodic is quick to reduce tremor . . . to overcome mental inertia . . . and to decrease sialorrhoea, with little or no accompanying oral dryness. Moreover, ARTANE rarely gives rise to the blurred vision or mydriasis characteristic of atropine therapy. Relatively low in toxicity, ARTANE is suitable for the young and old—even for hypertensive, cardiac and nephritic subjects.

... the new
therapy
for
Angina Pectoris

In 'Pentoxylon' the tranquillizing, bradycardic influence of 'Rauwiloid' brand alkaloid hydrochlorides of *Rauwolfia serpentina* is allied to the prolonged vasodilating effect of pentaerythrityl tetranitrate. This new combined therapy represents an important advance in the long term treatment of angina pectoris.

Although some patients will still occasionally require glyceryl trinitrate, in many others 'Pentoxylon' will provide complete relief from anginal attacks. It will also bring: "*gratifying reduction of anxiety and relief of apprehension . . .*"

North-West Med. (1955) 54: 34

Dose: 1 tablet four times a day, before meals, increased later if necessary.

'Pentoxylon' is available in tablets, each containing 1 mg. of 'Rauwiloid' and 10 mg. of pentaerythrityl tetranitrate, available in bottles of 25, 100 and 500.

'RAUWILOID' and
'PENTOXYLON' are registered trademarks

Where vitamin C is indicated

... Delrosa Rose Hip Syrup provides Vitamin C in a convenient form. It is readily tolerated by babies, and children of all ages find it extremely palatable. Delrosa is made from rose-hips, the richest source of Natural Vitamin C and contains nearly three times as much Vitamin C as Blackcurrant Syrup B.P.C. and three times as much as Fresh Orange Juice.

Every fluid ounce of Delrosa contains 57 mgms. of Vitamin C.

We shall be pleased to send a full size bottle for clinical trial, on request.

*You've asked my opinion of Guinness,
And herewith I make haste to reply
If it weren't for Guinness twice daily,
I'd willingly curl up and die.*

*It gives you that 'joie de vivre' feeling
And engenders a feeling of might,
It adds to the length of one's tee-shots
And makes one feel merry and bright.*

*When a patient gets dull or lethargic
And complains of his frequent illnesses,
I reply with a smile quite seraphic
What you need is plenty of Guinness's.*

*When later they come back all happy,
With never a question or doubt,
"Your advice was as good as 'twas snappy
What wonderful stuff is this stout."*

*Doctors, too, enjoy writing verse about
Guinness. The above contained in a letter
addressed to Guinness by one of them, is
published by kind permission.*

& Guinness is good for you

BEPLETE

Elixir — Tablets

The word 'Beplete' is a registered trade mark of

JOHN WYETH & BROTHER LIMITED, CLIFTON HOUSE EUSTON ROAD, N.W.1

Neurosis Potential

The rush and acceleration of civilisation's headlong dash into the atomic age is bringing the syndrome exemplified by tension, neurosis and stress into ever greater prominence.

BEPLETE provides an effective, short-term method of raising the anxiety threshold. Presenting phenobarbitone in concealed form ($\frac{1}{4}$ grain to the dose), masked within a tonic cloak of the Vitamin B-complex, it permits successful sedation in the patient with the over-anxious and enquiring mind.

Beplete Elixir is available in bottles of 4 fluid ounces and as Tablets in bottles of 50.

Each tablet contains: Phenobarbitone B.P. 0.25 gr., Aneurine Hydrochloride B.P. 1.5 mg., Riboflavine B.P. 1.0 mg., Pyridoxine Hydrochloride B.P.C. 0.17 mg., Nicotinamide B.P. 5.0 mg.

Motorists! SOUND YOUR APPROACH

These horns give a powerful and resonant warning, yet distinctive and pleasing. They are relatively light and compact for their power, easy to fit, and are supplied in blended pairs, one high note and one low note, operated simultaneously to give a mellow and harmonious signal. Finished in polished ebony black, complete with cables and fitting instructions etc.

**"I don't think you'll mind
this Soft Diet!"**

You probably sympathise with the patient you put on a Soft Diet . . . he usually looks very glum as he imagines tedious gruels and unsatisfied hunger.

But his imaginings can be groundless. With Heinz Strained Foods a Soft Diet can be both satisfying and pleasant nowadays.

The wide range of Heinz Strained Foods provides all the variety your patient expects to miss. They contain no strong seasoning and all coarse fibres are removed.

Heinz Strained Foods are prepared and cooked by scientific methods to conserve maximum nutritive values, making them actually more nutritious than similar foods prepared at home.

For hospital use, Heinz Strained Foods are obtainable in 15½-oz. cans from the usual suppliers or direct from H. J. Heinz Company Ltd., Harlesden, N.W.10.

**Here's a typical
Soft Diet Menu—
and it's delicious!**

Soup: Heinz Strained Bone and Vegetable Broth with milk added.

Main Dish: Lightly poached sweetbreads served with Heinz Strained Tomato Soup.

Sweet: Heinz Strained Prunes with whipped cream.

Brand's

MEAT PROTEIN FOODS FOR BABIES

The makers of Brand's Essence are pleased to introduce Brand's Strained Protein Foods for Babies.

Brand's Strained Beef and Brand's Strained Veal are all fine table-quality meat, ground to a smooth meat purée and moistened with meat broth. A little salt is added for flavouring.

Clinically tested, Brand's Strained Protein Foods were very well received and very well tolerated. They are recommended as an addition to normal infant diet, and are especially helpful during weaning. They can be given from the age of 3½ to 4 months onwards.

Brand's Strained Protein Foods are free from preservatives; heat-sealed and sterilized, in 1½ oz. glass jars. Professional samples and literature on request.

**BRAND'S
STRAINED BEEF**

**BRAND'S
STRAINED VEAL**

Brand's well-known Chicken Broth, Bone & Vegetable Broth (thick or clear), and Strained Prune, are also available to help in providing a properly varied diet.

*The Organisers of the London Medical Exhibition present their annual
regional Medical Exhibition*

CARDIFF MEDICAL EXHIBITION City Hall, Cardiff

7th to 11th May, 1956

*Open daily from 11 a.m. to 6.30 p.m.
(7.30 p.m. on Wednesday, 9th May)*

For professional men in Wales and the West this exhibition will
provide an event of more than usual medical interest and importance.
On Monday, 7th May, at 11.30 a.m., the Exhibition will be officially
opened by Professor F. Grundy, M.D., M.R.C.P., M.R.C.S.,
D.P.H., Mansel Talbot Professor of Preventive Medicine, the
Welsh National School of Medicine.

The very wide range of exhibits by many leading British firms
will demonstrate the latest developments in medical practice and
will include ethical medical preparations, surgical instruments,
medical equipment, books, hospital equipment, etc. There will be
daily performances of films selected for their exceptional medical
interest, and facilities will be provided on the premises for obtaining
light meals and refreshments. Copies of the invaluable reference
book, *The London Medical Handbook*, will be available to visitors
at the specially reduced price of 2s. 6d.

Admission is by official invitation card, posted to arrive by 30th
April. Letters referring to non-arrival of invitations should not
be sent before that date.

Applications for further information should be addressed to:

The London Medical Exhibition, 194-200, Bishopsgate,
London, E.C.2;

or direct to:

The Cardiff Medical Exhibition, City Hall, Cardiff.

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose (unless otherwise specified) one copy each of 3 recent ★ testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

Canvassing in any form will disqualify.

★ *SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.*

A fully registered medical practitioner who is liable for National Service must obtain deferment of recruitment in writing from the Central Medical Recruitment Committee or (in Scotland) the Scottish Central Medical Recruitment Committee before accepting any civilian appointment.

The position of provisionally registered medical practitioners who are liable for National Service has been made clear in a notice sent to them by the Ministry of Labour and National Service.

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

Registrar Grades, Whole-time

(a) **REGISTRAR**: Posts obtained normally not less than two years after registration as a medical practitioner and held normally for two years: £850 per annum in the first year; £965 per annum in the second and any subsequent years.

(b) **SENIOR REGISTRAR**: Posts obtained normally not less than four years after registration as a medical practitioner and held normally for four years: £1,100 per annum in the first year; £1,200 per annum in the second year; £1,300 per annum in the third year; £1,400 per annum in any subsequent years.

Other Grades, Whole-time

(a) HOUSE OFFICERS:

(i) *Provisionally registered medical practitioners*: £425 per annum for the first post held; £475 per annum for the second and all subsequent posts held;

provided that the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that the remuneration of any officer holding his first post in the National Health Service as a House Officer shall be £475 per annum if they are satisfied that the officer has held at least one hospital post outside, of not less than six months' duration, involving clinical responsibilities equivalent to those of house posts in the National Health Service and supervised by appropriate specialist staff.

(ii) *Fully registered medical practitioners*: £525 per annum for any post held; provided that in exceptional circumstances, subject to the consent of the Minister, this rate may be exceeded by up to £50 per annum where a post cannot be filled otherwise.

In each case under sub-sections (i) and (ii) above, a deduction of £125 per annum in respect of board and lodging and other services provided shall be made and each post shall be tenable for six months.

(b) **SENIOR HOUSE OFFICER**: Posts obtained normally not less than one year (in Scotland, two years) after registration as a medical practitioner and normally held for one year only: £745 per annum.

(c) **JUNIOR HOSPITAL MEDICAL OFFICER**: Officers who have held house appointments but who are not Registrars and who have less responsibility than other hospital officers of non-consultant status: £775 (for an officer appointed not less than one year after full registration as a medical practitioner) by £50 to £1,075 per annum.

ALL NATIONAL HEALTH SERVICE HOSPITAL APPOINTMENTS ARE IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF SERVICE OF HOSPITAL MEDICAL STAFF

Those intending to apply for resident appointments in the Registrar grades are recommended to make inquiries with regard to the deductions proposed for board and lodging at the time of submitting their applications, where this is not stated in the advertisement.

COMMITTEE**

SCHOOL MEDICAL OFFICER

Applications are invited for the post of whole-time School Medical Officer on the salary scale £975 by £50 to £1,375 per annum. The appointment will be subject to the provisions of the Local Government Superannuation Acts. Further particulars and forms of application may be obtained from the Principal School Medical Officer, 28, Chaucer Street, Nottingham—F. Stephenson, Director of Education. (5944)

**MIDDLESEX COUNTY COUNCIL
County Health Department**

ASSISTANT MEDICAL OFFICER

(Male or female)
required initially in Area No. 10 (Staines, Feltham, Twickenham and Sunbury). Duties include supervision of health of school children, mothers and young children, attending health clinics and routine medical inspections at schools. Experience in these branches of Public Health work an advantage. Salary: £975 by £50 to £1,375 per annum inclusive. Established, pensionable, subject to medical assessment and prescribed conditions. Apply (no forms), stating age, qualifications, experience and two referees, to Area Medical Officer, Elmfield House, High Street, Teddington, by April 28. (Quote S.612, B.M.) Canvassing disqualifies. (6158)

**MIDLOTHIAN AND PEEBLESHIRE COUNTY
COUNCILS**

Applications invited for the post of **ASSISTANT MEDICAL OFFICER (Male)**
Duties mainly in connection with tuberculosis and school health services. Salary and conditions of service in accordance with Whitley Council recommendations. Placing according to experience. Applications, with names of three referees, to be lodged with the County Clerk, County Buildings, George IV Bridge, Edinburgh, not later than fourteen days from the appearance of this advertisement. (6197)

**SOMERSET COUNTY COUNCIL
County Health Department**

**SENIOR MEDICAL OFFICER FOR MENTAL
HEALTH**

Applications are invited from registered medical practitioners for this whole-time superannuable post. Candidates must have knowledge of mental deficiency and lunacy work and regulations. The possession of a diploma in public health and a diploma in psychological medicine would be regarded as additional qualifications. Salary scale £1,415 by £50 (7) and £65 (1) to £1,830 per annum, together with appropriate travelling allowance. Applications should be received not later than April 18 by Dr. J. F. Davidson, County Medical Officer, County Hall, Taunton, from whom details and application forms can be obtained. (5840)

ADMINISTRATIVE

WELSH REGIONAL HOSPITAL BOARD

Applications are invited for the following full-time appointment on the Headquarters permanent staff:

MEDICAL OFFICER

Salary £1,415 (at age 33 or over) by £50 (4) by £65 (1) to £1,680 per annum. The commencing salary will be abated in the case of a successful applicant under 33 years of age. The duties of the office will be concerned in assisting in the administration of the Hospital and Specialist Services provided by the Board, as may be assigned to him from time to time by the Board's Senior Administrative Medical Officer. The appointment is subject to the provisions of the National Health Service (Superannuation) regulations, and to the passing of a medical examination. Applications (including a statement of the candidate's age, qualifications and experience and the names of three referees) should be received by the undersigned not later than fourteen days from the date of this advertisement appearing.—A. E. Newell, Secretary of the Board, Temple of Peace and Health, Cardiff. (6243)

REPUBLIC OF IRELAND

JERVIS STREET HOSPITAL, Dublin

The Managing Committee of the Hospital invite applications from qualified practitioners for the position of

ASSAM

BRITISH MEDICAL OFFICER

Required for old established group of Tea Estates. Age preferably 30 to 40 years. Tropical clinical and hygiene experience an advantage. Three year agreement. Commencing gross income, including dearness allowance, the equivalent in Rupees of approximately £206 per month. Bungalow with basic furniture, lighting, heating and servants free; car provided. Applications, with three names for reference purposes, to Box 4519, B.M.J.

BRITISH PETROLEUM COMPANY LIMITED requires a Medical Officer (male general practitioner) for service in the Middle East. The appointment is for six months in the first instance. Candidates must be registered in the British Medical Register and aged between 28 and 35 years. Preference will be given to applicants with the D.P.H. or experienced in Public Health. Commencing salary £1,500, plus generous allowance in local currency. Full particulars can be obtained by writing, giving details of qualifications and a brief account of career, quoting F.88, to Box 4502, B.M.J.

MEDICAL RESEARCH COUNCIL WISH TO appoint a Medical Officer (male) to share in general ward duties (20-30 beds), out-patients dispensary, and in scheme of research work (on malaria and other parasitic diseases) at their Laboratories in Fajara, near Bathurst and at their up-country station at Keneba, both in Gambia, West Africa; appointment will begin in May or June, 1956, for initial tour of approximately 18 months (possibility of permanent post later). Candidates must have no National Service obligations and be interested in tropical diseases; possession of D.T.M.&H., or previous experience of tropical diseases, advantageous but not essential. Salary will be according to age and experience at point in range £900-£1,470 p.a.; a foreign service allowance (tax free) varying between £200 and £560 p.a. will also be paid. Kit allowances, free accommodation and heavy furniture provided; passages to and from Gambia paid by Council for medical officer and family; superannuation. N.H.S.S. or F.S.S.U. Home leave at end of tour approximately 18 weeks. Apply by letter, with names of two professional referees, to Establishment Officer, 38, Old Queen Street, Westminster, S.W.1, within two weeks. (6179)

AUSTRALIAN RED CROSS SOCIETY
New South Wales Division

Applications are invited for the position of

ASSISTANT DIRECTOR
in the Blood Transfusion Service

The position is full-time without the right of private practice and the salary is £2,500 per annum Australian currency. The successful applicant will be expected to assist the Director in the supervision of blood collection and laboratory procedures. Experience in laboratory methods is essential. Written applications should be addressed to the General Secretary of the Australian Red Cross Society, New South Wales Division, 27, Jamison Street, Sydney, N.S.W., and should state age, academic record, war service (if any) and postgraduate experience, especially in laboratory methods. (5656)

BAHRAIN, Persian Gulf

The Government of Bahrain invites applications from British doctors for the post of

Male Registrar F.R.C.S. Age 28 to 40. Starting salary at age 28, £2,150 per annum, reaching £3,140 with proportionate increments at £45 per annum.

No allowances. No income tax. Pension scheme. European private practice only. Free flat with hard furnishings and transport. Agreement for two years, renewable, with five months' home leave on full pay and free air passages. Applications, with three testimonials, and photograph, should be addressed direct to the Chief Medical Officer, Bahrain Government.—R. Snow, Chief Medical Officer, Bahrain Government. (5751)

GOLD COAST LOCAL CIVIL SERVICE
Gold Coast Medical Service

Applications are invited from doctors with registrable qualifications for the following posts in the Gold Coast Local Civil Service:

1. MEDICAL OFFICERS

for general duties including hospital and district work.

2. MEDICAL OFFICERS OF HEALTH

to prevent disease and to carry out treatment whenever necessary. Candidates must possess in addition to registrable qualifications the Diploma of Public Health or a similar recognized qualification.

Appointment may be as follows: (a) Contract for two tour of duty of 18 to 24 months with gratuity (taxable) at the rate of £12 10s. for each completed month of service. Salary in the scale £1,330 to £2,310 a year. (b) On three years' probation for permanent and pensionable employment. Pension (non-contributory) is earned at the rate of 1/600th of the final pensionable emoluments for each completed month of service. Salary in the scale £1,055 to £1,850 a year. (c) Doctors in the National Health Service may leave the N.H.S. but retain their superannuation rights while in the Gold Coast (up to six years) and receive a gratuity (taxable) of 20 per cent of their Gold Coast salary after their engagement. Salary in the scale £1,055 to £1,850 a year. Starting point in salary scales is determined according to qualifications and experience. Quarters are provided at rental not exceeding £150 a year. Income tax at local rates. Free passages provided for officer, wife, and up to three children under 13 years of age. Annual local leave is permissible and generous home leave is granted after each tour. Application forms can be obtained from the Director of Recruitment, Colonial Office, Sanctuary Buildings, Great Smith Street, London, S.W.1 (quoting reference No. BCD 117/13/04).

CARDIAC LABORATORY. FELLOWSHIP available for clinical research in cardiology beginning July 1, 1956. Salary range \$3,000 to \$4,000 per annum, depending upon qualifications. Applications, stating age, academic qualifications and experience, and naming two referees, should be mailed immediately to Dr. H. Garfield Kelly, Kingston General Hospital, Kingston, Ontario, Canada. (5402)

GOLD COAST LOCAL CIVIL SERVICE
Gold Coast Medical Service

SPECIALIST OPHTHALMOLOGIST

required to operate an ophthalmological unit in a major hospital and to study diseases of the eye in the field as and when required. Candidates must be registered medical practitioners holding either a Fellowship of one of the Royal Colleges of Surgeons or a Diploma in Ophthalmology, and must have had not less than four years' approved full-time hospital experience in eye diseases, preferably under the direction of a fully qualified specialist, after hospital experience in House posts. Appointment would be to the Gold Coast Civil Service on contract for two tours of duty of from 18 to 24 months each in the first instance, with gratuity on satisfactory completion of service. Basic salary scale would be £2,400 to £2,700 a year. Gratuity (taxable) would be payable at the rate of £12 10s. for each completed month of service. A candidate in the National Health Service may leave the N.H.S. but retain his superannuation rights (up to a maximum stay of six years). Salary in this case would be in the scale £1,900 to £2,200 a year, and the gratuity 20 per cent of the aggregate of the salary. Starting point in both salary scales is determined according to qualifications and experience. Quarters, when available, are provided at rental not exceeding £150 per annum; income tax is payable at local rates; free passages provided for officer, wife and up to three children under 13 years of age. Generous home leave. Application forms from Director of Recruitment, Colonial Office, Sanctuary Buildings, Great Smith Street, London, S.W.1 (quoting reference BCD 117/13/03). (6255)

GOVERNMENT OF SEYCHELLES

MEDICAL OFFICERS

required for general duties in Seychelles. Appointment on permanent basis with pension (non-contributory) at the rate of 1/600th of the final pensionable emoluments for each completed month of service, or on short term contract with gratuity payable on completion of engagement. Candidates in the National Health Service may leave but retain their superannuation rights during their time overseas (up to six years) and receive a gratuity (taxable) of 20 per cent of the aggregate of their salary on leaving overseas employment. Salary scale ranges from £885 to £1,231 10s. a year. Starting salary according to qualifications and experience. A temporary, variable, and non-pensionable cost of living allowance is also payable, subject to a maximum allowance of £121 10s. a year. Income tax at local rates. Private practice is not permitted. Quarters, if available, will be provided at a rental of 10 per cent of basic salary, up to a maximum of £11 5s. a month. Free passages are provided in both directions for the officer, his wife and family up to the cost of three adult fares. Generous home leave is granted after each tour of service. Candidates must possess medical qualifications registrable in the United Kingdom. Application forms from the Director of Recruitment, Colonial Office, Sanctuary Buildings, Great Smith Street, London, S.W.1 (quoting reference BCD 117/54/02). (6200)

GOVERNMENT OF TANGANYIKA

SPECIALIST (Child Health)

required to be responsible for the organization and promotion of child health services throughout the territory and to perform such other related duties as may be assigned. Appointment on contract for one tour of 30 to 36 months in the first instance for which, subject to satisfactory service, a gratuity (taxable) will be payable at the rate of 13 1/2 per cent of salary drawn, excluding allowances. Salary in the scale £2,000 to £2,100 a year, plus a cost of living allowance of £162 a year. A candidate from the National Health Service would be appointed on terms providing for the retention of his superannuation rights. Quarters are generally available at rental of £150 a year. Free passages in both directions for officer and wife, up to the cost of one adult fare for children. Taxation at local rates. Annual local leave permissible. Educational facilities are available. Candidates must possess medical qualifications registrable in the United Kingdom and the M.R.C.P. or equivalent higher qualification. Special experience in child health work is necessary, and it is thought that candidates would normally have the D.C.H., though this is not essential. Application forms from Director of Recruitment, Colonial Office, Sanctuary Buildings, Great Smith Street, London, S.W.1 (quoting reference BCD 117/8/021). (6198)

NEUROLOGY RESIDENCIES AVAILABLE IN 655-bed university-teaching general hospital fully approved. Salary range \$1,920 to \$2,520 annually, plus lodging, uniforms and laundry. Address inquiries to Medical Director, Albany Hospital, Albany, New York, U.S.A.

Overseas (Vacant)—contd.**GOVERNMENT OF TRINIDAD**

Applications are invited from doctors with qualifications registrable in the United Kingdom for appointment as

MEDICAL OFFICER Grade B

Public Health Department, Venereal Disease Division, Trinidad, to undertake and supervise diagnostic and treatment measures in various Venereal Disease and Yaws treatment centres; to supervise the work of Junior Medical Officers, teach control and treatment measures to junior medical and nursing staff and co-operate with Public Health Officers in effecting such control. Applicants should hold the Diploma in Public Health or equivalent qualification and have had three years' post-registration experience (two of which spent in V.D. work). Appointment can be made on a permanent basis with pension (non-contributory) or on short term agreement. A candidate in the National Health Service may leave the National Health Service but retain his superannuation rights (up to six years) and receive a gratuity (taxable) of 20 per cent of the aggregate of his salary after the end of his engagement. Salary scale ranges from B.W.I. \$6,720 to B.W.I. \$7,200 (£1,400 to £1,500) per annum. (One B.W.I. \$ equals 4s. 2d.) If government quarters are provided a small rental is charged. Where government quarters are not provided an allowance in lieu is payable. Free passages on first appointment are provided for officer and family, not exceeding five persons in all, also free passages on leave, subject to a maximum of three adult fares. Income tax at local rates. Local leave is permissible and generous home leave is granted after each tour. Tour of service is three and a half years. Educational facilities are available. Application forms from the Director of Recruitment, Colonial Office, Sanctuary Buildings, Great Smith Street, London, S.W.1 (quoting reference No. BCD 117/38/014). (6199)

**GREY HOSPITAL
Greymouth, New Zealand****SENIOR SPECIALIST PHYSICIAN**

A Physician, preferably of Senior Specialist status with a higher qualification in Medicine and special experience in chest diseases, is required. The appointment will be made by the Grey Hospital Board, but the appointee will also be required to undertake care of medical patients in Westland Hospital, Hokitika. He will have charge of the Specialist Medical services of the Grey and Westland Boards and will serve as Consultant to the Inangahua Board, Reefton. Local assistance will be available. In addition, the Physician will have charge of Tuberculosis patients in the areas in collaboration with the Visiting Tuberculosis Specialist. Residential accommodation will be available and reasonable travelling expenses under certain conditions will be refunded up to £120 each for steamer fares actually incurred for the appointee, his wife and dependent children. Salary in accordance with the Hospital Employment (Medical) Regulations as fixed by the Medical Officers' Salary Grading Committee according to qualifications and experience within the range £N.Z.1,690 to £N.Z.2,190. Further particulars on direct application to Mr. S. Barclay, Surgeon Superintendent, Grey Hospital, P.O. Box 120, Greymouth, N.Z., to whom immediate application for post should also be addressed. (6164)

ROTATING INTERNSHIPS (HOUSE PHYSICIANS). Appointments available at the New Mount Sinai Hospital, Toronto, Canada, for the year July 1, 1956, to June 30, 1957. This is a modern hospital of 350 beds and 97 bassinets. Approved for postgraduate training by the Canadian Medical Association, the Royal College of Physicians and Surgeons of Canada and the Joint Commission on Accreditation of Hospitals. Honorarium \$100 per month with full maintenance. Apply the Administrator, New Mount Sinai Hospital, 550, University Avenue, Toronto, Ontario, Canada. (5931)

**THE UNIVERSITY COLLEGE OF KHARTOUM
Sudan**

Applications are invited for

**(1) SENIOR LECTURESHIP
or (2) LECTURESHIP**

in each of the following: Anatomy, Pathology, Surgery, Medicine, Public Health. Salary scales: Anatomy—(1) £E1,675 by 75 to 1,975 to 2,090 p.a. (2) £E1,225 by 75 to 1,750 p.a. Other posts—(1) £E1,750 by 75 to 1,975 to 2,090 to 2,170 p.a. (2) £E1,300 by 75 to 1,825 p.a. Point of entry determined by qualifications and experience. Cost of living allowance approximately £E140 p.a. Outfit allowance, £50. Passages for appointee and family on appointment, termination and annual leave. Appointment on contract for 3 to 7 years (renewable), with bonus on completion (one month's salary for each year of service). Terms and conditions of service at present under review. Candidates for these posts may apply for secondment from the National Health Service for a period of up to three years under the terms of circular letter No. RHB/(52) 106BG/(52) 101 of September 30, 1952. Detailed applications (eight copies), naming three referees, to be received as soon as possible by Secretary, Inter-University Council for Higher Education Overseas, 29, Woburn Square, London, W.C.1, from whom further information may be obtained. (6103)

**HER MAJESTY'S OVERSEA CIVIL SERVICE
Medical Branch—Uganda****MEDICAL OFFICER**

required for general duties and to assist with training subordinate African medical staff. Appointment can be made (subject to two years' probation) on a permanent basis with pension (non-contributory) or on short term contract with gratuity. Salary scale ranges from £1,116 to £1,836 a year, plus a temporary (non-pensionable) cost of living allowance of 10 per cent of salary, subject to a maximum of £162 a year. Starting salary is determined according to qualifications and experience. Pension is earned at the rate of 1/600th of final pensionable emoluments for each completed month of service. The gratuity (taxable) in respect of contract service is 13½ per cent of total salary drawn, not including allowances. Candidates in the National Health Service may leave the N.H.S. but retain their superannuation rights up to six years and receive a gratuity (taxable) of 20 per cent of the aggregate of their salary after the end of their engagements. Permanent Medical Officers are eligible to be considered at any time for promotion to super-scale posts in Uganda and other territories in medical administration or, if they possess appropriate qualifications and suitable experience, in specialist posts. Quarters are provided at low rental, items of hard furniture supplied at rental of £12 to £24 a year. Free passages provided in both directions: for officer serving tour of 30 to 36 months, four air passages provided for Officer, wife and dependent children or sea passages up to cost of three adult fares; for officers serving short tours of 12 to 18 months, passages provided for Officer, wife, and all dependent children. Educational subsidies are payable to officers, which vary from £90 a year (or half the school fees, whichever is less), for the primary education for the first child, to £190 a year (or three-fifths of school fees, whichever is less) for secondary education for each of second and subsequent children. Education facilities are available in East Africa, though many parents send their children home to United Kingdom for secondary education. Income tax at local rates. Local leave is permissible and generous home leave is granted after each tour. Application forms from Director of Recruitment, Colonial Office, Sanctuary Buildings, Great Smith Street, London, S.W.1 (quoting reference BCD 117/9/02). (6256)

**SOUTH AUSTRALIA
INSTITUTE OF MEDICAL AND VETERINARY
SCIENCE****ASSISTANT MEDICAL BACTERIOLOGIST**

Applications are invited from medical graduates for this appointment in clinical bacteriology. The laboratories, which are modern and well equipped, serve the Royal Adelaide Hospital and other hospitals and institutions. There are opportunities for some research and for special investigations. The salary offered is within the range £1,750 to £2,150, according to experience. Alternative schemes for superannuation are available. Within two years the Medical Bacteriologist will be due to retire (salary range £2,150 to £2,600). The Director of the Institute will be in London during April and May and will be available to give full particulars of conditions of service to those interested. Inquiries for an interview or further written information should be addressed to the Agent General for South Australia, South Australia House, Marble Arch, London, W.1. (5706)

SUDAN GOVERNMENT

The Ministry of Health, Sudan Government, invites applications for the following posts:

BACTERIOLOGIST

Candidates should have specialist experience in Bacteriology, and in a reputed Institute. Salary ranges from £E1,750 to £E2,330 per annum (for Junior Specialist) or a fixed salary of £E2,500 per annum (for Specialist).

**MALE SPECIALIST SURGEONS AND

Further particulars should be obtained from the Registrar, to whom applications (eight copies) should be sent by May 5, 1956. (6161)

**UNIVERSITY OF EDINBURGH
Faculty of Medicine****UNIVERSITY (FELLOWSHIPS, SCHOLARSHIPS
AND BURSARIES) SCHEME, 1953**

In terms of the above-named Scheme, certain funds have been amalgamated to form a Medical Faculty Scholarship Fund, from which awards of Fellowships and Scholarships will be made under the following conditions:

Graduate Research Scholarships

Four Research Scholarships are offered for award, each tenable for one year and, in certain circumstances, renewable for a second year. For the first year the minimum value of the Scholarships shall be £500, and for the second year £600. The Scholarships shall be open to graduates in the Faculty of Medicine of any University: to graduates in the Faculty of Arts or Science of any University who hold an Honours Degree; and to licentiates in Medicine. The Scholarships shall not be open for award to any applicant who, excluding any period spent in National Service, has held a degree or licence for longer than three years. Those to whom awards are made shall be required to undertake research work in a Department within the Faculty of Medicine. The Research Scholarships will normally be awarded at the beginning of each academic year in October.

Graduate Research Fellowships

Three Research Fellowships are offered for award, each tenable for one year, renewable for a second year and, in special circumstances, for a third year. For the first year, the minimum value of the Fellowships will be £700; for a second year, £800; and, where awarded for a third year, £900. The Fellowships shall be open to graduates in the Faculty of Medicine of any University: to graduates in the Faculties of Arts or Science of any University who hold an Honours Degree; and to licentiates in Medicine. Those to whom awards are made shall be required to undertake research work in a department within the Faculty of Medicine. The Research Fellowships will normally be awarded at the beginning of each academic year in October. Applications for the Graduate Research Scholarships or Fellowships (which are to be made on the prescribed Application Form, obtainable from the Faculty of Medicine Office on request) must be submitted, through the Head of the Department concerned, to the Dean of the Faculty of Medicine, University New Buildings, Teviot Row, Edinburgh, 8, by April 30 in the year of award, and should be accompanied by a statement of the work which the applicant proposes to undertake.—George L. Montgomery, Dean of the Faculty of Medicine, March 31, 1956. (6249)

University and Research**Appointments, etc.—contd.****ROYAL FREE HOSPITAL SCHOOL OF MEDICINE (University of London)**

Applications are invited for the **ANNIE McCALL POSTGRADUATE FELLOW-SHIP IN MIDWIFERY** value not less than £1,000, tenable from October 1, 1956, for one year in the first instance. Open to women medical graduates for full-time research work in the Obstetrical and Gynaecological Unit (Director: Miss G. Hill, M.A., M.D., F.R.C.S., F.R.C.O.G.) at the Royal Free Hospital. Applications (six copies) to the Secretary at the School Hunter Street, W.C.1, not later than May 15, 1956. (6252)

THE UNIVERSITY OF LIVERPOOL

ST. ANDREW'S HOSPITAL, NORTHAMPTON
for Nervous and Mental Disorders

President: The Earl Spencer, Medical Supt.: Thomas Tennent, M.D., F.R.C.P., D.P.H., D.P.M. This Registered Hospital is situated in 130 acres of park and pleasure grounds. Voluntary patients who are suffering from incipient mental disorders or who wish to prevent recurrent attacks of mental trouble, temporary patients and certified patients of both sexes are received for treatment. Careful clinical, biochemical, bacteriological and pathological examinations. Private rooms with special nurses, male or female, in Hospital or in one of the numerous villas in grounds of the various branches can be provided.

MOULTON PARK.—Two miles from the main Hospital there are several branch establishments and villas situated in a park and farm of 650 acres. Milk, meat, fruit, and vegetables are supplied to the Hospital from the farm, gardens, and orchards of Moulton Park. Occupational therapy is a feature of this branch and patients are given every facility for occupying themselves in farming, gardening and fruit-growing.

WANTAGE HOUSE.—This is a Reception Hospital in detached grounds with a separate entrance to which patients can be admitted. It is equipped with all the apparatus for the complete investigation and treatment of Mental and Nervous Disorders by the most modern methods: insulin treatment is available for suitable cases. It contains special departments for hydrotherapy by various methods, including Turkish and Russian baths, the prolonged immersion bath, Plombière's treatment, etc. There is an Operating Theatre, a Dental Surgery, an X-ray Room, an Ultra-Violet Apparatus, and a department for Diathermy and High-frequency treatment. It also contains Laboratories for biochemical, bacteriological and pathological research. Psychotherapeutic treatment is employed when indicated.

BRYN-Y-NEUADD HALL.—The seaside house of St. Andrew's Hospital is beautifully situated in a Park of 330 acres at Llanfairfechan amidst the finest scenery in North Wales. On the North-West side of the Estate, a mile of sea-coast forms the boundary. Patients may visit this branch for a short seaside change or for longer periods. The hospital has its own private bathing house on the seashore. There is trout-fishing in the park.

At all the branches of the Hospital there are cricket grounds, football and hockey grounds, lawn tennis courts (grass and hard courts), croquet grounds, golf courses, and bowling greens. Ladies and gentlemen have their own gardens, and facilities are provided for handicrafts such as carpentry, etc. For terms and further particulars apply to the Medical Superintendent (Telephone No.: Northampton 4354 (3 lines)), who can be seen in London by appointment.

CHEADLE ROYAL, CHEADLE,
CHESHIRE

Registered Mental Hospital

President:

The Right Hon. The Earl of Derby, M.C.

Medical Superintendent:

W. V. Wadsworth, M.Sc., M.B., M.R.C.P., D.P.M.

This hospital receives all types of patients who are suffering from psychological and senile illnesses. It has recently been extensively redecorated and central heating has been installed throughout, making it one of the most luxuriously appointed hospitals in the country. Private rooms, with special nurses, can be provided.

All patients receive very careful and thorough clinical and pathological investigation, the most modern psychiatric treatment is available, including deep insulin therapy. Psychotherapeutic treatment is employed in suitable cases.

OCCUPATIONAL THERAPY is a special feature of the hospital and there are excellent facilities for indoor and outdoor recreation—tennis, cricket, croquet, badminton, billiards, cinema, television, etc.

GERIATRIC UNITS for mild cases of senility are provided where patients can pursue as normal a life as possible.

The hospital is situated in 300 acres of pleasant Cheshire parkland, and yet is only 9 miles from Manchester.

GLAN-Y-DON is the hospital's convalescent home overlooking the sea at Colwyn Bay. It is extremely comfortable and well appointed and has its own farm and market garden.

For terms and further particulars, apply to the Medical Superintendent. Telephone: GATLEY 2231.

SPRINGFIELD HOUSE, near BEDFORD

'Phone: Bedford 3417

For Mental Cases (including the aged). Fees from nine guineas per week. For forms of admission, etc., apply to the Resident Physician, Cedric W. Bower. Interviews in London by appointment.

THE HERMITAGE, TWYFORD, BERKSHIRE

A country house Nursing Home for treatment of Neurosis and Addiction. Brochure from Resident Physician, Tel.: 53.

Nutritional needs in convalescence

Convalescents in general require a full well-balanced diet. Specific needs vary with individuals, but it is always important to ensure an adequate supply of all the essential nutrients. It is now known also that it is specially necessary to build up a nutritional reserve before operation. Lack of proper attention to nutrition may be one of the factors causing a delayed recovery.

As a dietary source of the B vitamins Marmite has proved particularly useful, as it can readily be included in the menu in a variety of ways.

MARMITE

yeast extract

contains

Riboflavin (vitamin B₂) 1.5 mg. per oz.

Niacin (nicotinic acid) 16.5 mg. per oz.

Obtainable from chemists and grocers
