Chlorodyne.—J. T. Davenport

begs to direct attention to the disgraceful and fraudulent practice of certain parties, who apply the term "CHLORODYNE" to compounds of THEIR OWN MANUFACTURE, WELL KNOWING that the word is applied to a remedy SOLELY DISCOVERED and INTRODUCED by Dr. J. COLLIS BROWNE, M.R.C.S.L. (late Army Medical Staff), the formula of which is confided to J. T. DAVENPORT, and none other;—hence the assumption of the title, claim to discovery, or manufacture of CHLORODYNE by any other persons is a direct palpable deceit and imposition.

The Medical Testimony, published on the extraordinary properties of this remedy, is exclusively applied to

DR. J. COLLIS BROWNE'S CHLORODYNE.

JOZEAU'S COPAHINE MEGE

OR SACCHARATED CAPSULES.—Copaiba and Cubebs are, doubtless the best remedies, but these drugs are of a repulsive taste and odour, and occasion colicky pains, nausea, and gastric disturbance. M. Jozeau has succeeded in rendering these valuable therapeutic agents perfectly innocuous, by increasing, in his Copahine, all the curative properties. This preparation has been adopted by the Paris Academy of Medicine, after more than a thousand trials in Paris, and the different London Hospitals, viz., St. Thomas's, Guy's, and St. Bartholomew's, under the care of Messrs. Lloyd, Poland, and Le Gros Clark. "Lancet" Nov. 6, and Dec. 10, 1852. The Copahine, which is in form of a pretty pink sugar-plum, effects a cure in about six days, either in recent or chronic diseases. 100 Capsules, 4s. 6d. at G. JOZEAU'S, French Chemist, 49, Haymarket, London; 22, Rue St. Quentin, Paris; and all the most important Chemists.
