

IMPORTANT NEW EDITIONS**A SYNOPSIS OF SURGICAL ANATOMY**

By **ALEXANDER LEE MCGREGOR**. Eighth Edition. Pp. 820, with 766 illustrations. 32s. 6d., post 1s. 2d. Presents in concise form the surgical aspects of anatomical facts of value to the senior student and practitioner. The remarkably clear diagrams with which the text is illustrated are invaluable. Thoroughly revised.

AN ATLAS OF THE COMMONER SKIN DISEASES

By **HENRY SEMON** and **ARNOLD MORITZ**. Fifth Edition, revised with the assistance of **H. T. H. WILSON**. Pp. 384, with 153 colour plates. 105s., post 1s. 9d. Portrays from the living subject, and in natural colour, a collection of the dermatoses most frequently seen in the routine of out-patient practice. The text has been thoroughly revised and new plates have been added.

SYMPTOMS AND SIGNS IN CLINICAL MEDICINE

By **E. NOBLE CHAMBERLAIN**. Sixth Edition. Pp. 508, with 374 illustrations. 35s., post 1s. 6d. Not only describes the common symptoms and physical signs of disease, but also takes the reader a stage further to the visualization of symptoms and signs as forming a clinical picture of a pathological process. Completely revised and many new illustrations added.

A SYNOPSIS OF CHILDREN'S DISEASES

By **JOHN RENDLE-SHORT**. Second Edition. Pp. 632. Illustrated. 35s., post 1s. Assembles all the relevant facts tidily and in a small compass and is designed particularly for undergraduate students, general practitioners, and those taking the D.C.H. A careful revision brings the text right up to date.

DANGEROUS DRUGS REGISTER

Tenth Edition. 18s. 5d., inclusive of postage and purchase tax. Designed particularly for medical men who dispense their own medicines. The register is used to record all Purchases, Sales, and Stocks of Dangerous Drugs. Each Drug is allocated a separate section and the whole is thumb-indexed. The register also contains extracts giving the salient points of the Dangerous Drugs Regulations which came into force recently.

Diagnosis and Treatment of

PERIPHERAL VASCULAR DISORDERS

By **David I. Abramson**,
M.D., F.A.C.S.

The first part of the book deals with the differential diagnosis of the symptoms and signs of vascular abnormality. Part II, which forms the largest part of the book, is concerned with the many clinical disorders. The final section of Professor Abramson's book summarises the clinical anatomy and physiology of the peripheral circulation, the problems of intravascular blood-clotting, and the pharmacological action of drugs used in treatment. 5 gns. net

The First Multi-Volume Work of its kind

CANCER

Edited by **RONALD W. RAVEN, O.B.E. (Mil.), T.D., F.R.C.S.**

*Joint Lecturer in Surgery, Westminster Medical School, University of London ;
Surgeon, Westminster Hospital Teaching Group*

Until now, there has never been a multi-volume work on cancer of this scope—the six volumes cover an immense range, taking in research into causation, pathology, geography, occupation, education, detection, clinical aspects, radiotherapy, chemotherapy and public health. The object of the work is to provide facilities for immediate reference to all the advances being made in every field, and it should be read and used by all engaged in the struggle against cancer, whether pathologist, surgeon, physician, radiotherapist, research worker, or epidemiologist.

*In Six Volumes and Index Volume (with bibliography) Profusely Illustrated

Spontaneous and Habitual Abortion

KARL T. JAVERT MD

*Associate Professor of Clinical Obstetrics and Gynaecology
Cornell University Medical College
Attending Obstetrician and Gynaecologist, New York Hospital
Pathologist, New York Lying-in-Hospital*

This detailed study of the causes and prevention of spontaneous abortion is based on the author's experience in the clinic and the laboratory. It gives a detailed statistical analysis of 2,000 cases, using 471 therapeutic abortion specimens as control material. Clinical, obstetrical and pathological aspects of the cases are examined.

The book also discusses the clinical treatment of patients with habitual spontaneous abortion, using information obtained in the laboratory. Dr. Javert has a remarkable record with his system of treatment; 80% of a group of patients with histories of repeated spontaneous abortion were brought through to a successful pregnancy. For this reason the book will interest gynaecologists, obstetricians and general practitioners as well as students.

Countless thousands...every day

It is a sobering revelation that over 50 per cent of the average practitioner's patients can be said to suffer from some degree of anxiety neurosis. This means that hundreds of thousands of such cases present themselves *every day* in Great Britain alone. A massive problem—yet one which has been vastly simplified by the advent of MILTOWN meprobamate. Uniform in action, and remarkably free from side reactions, MILTOWN acts safely and selectively to calm restlessness and irritability of anxiety states. It eases emotional and muscular tension without autonomic effects, and shows marked advantages over conventional sedatives. By day, MILTOWN secures true sedation; by night, it brings natural sleep without narcosis.

Tablets of 400 mg.; bottles of 50 and 500

An Assessment of Roter therapy in PEPTIC ULCER

"The treatment is ideal for general practice, where its simplicity appeals to both patient and doctor . . ."

Roter tablets contain a balanced content of recognised buffers with supportive carminative and mildly laxative agents.

FORMULA PER TABLET

Magnesium Carbonate (400 mg.), Bismuth Subnitrate (350 mg.), Sodium Bicarbonate (200 mg.), Rhizoma Calami (25 mg.), and Cortex Rhamni Frangulae (25 mg.).

Results

"The immediate clinical results were assessed after the first month's treatment in four main groups: (A) pronounced relief (symptom free); (B) definite relief (minor symptoms with no pain); (C) doubtful relief (symptoms persisting but improved); (D) no relief.

"Table II shows that 81% of cases became symptom-free—70% of them during the first week and 30% during the second week; a further 9% were relieved of the majority of their symptoms. Thus there was a satisfactory response in 90% of cases.

TABLE II

Group	Active Ulcers	Presumptive Ulcers	Totals
A	63 (79.6%)	17 (89.0%)	80 (81.7%)
B	8 (10.2%)	1 (5.5%)	9 (9.2%)
C	6 (7.6%)	1 (5.5%)	7 (7.1%)
D	2 (2.5%)	0 (—)	2 (2.0%)
TOTALS	79 (100%)	19 (100%)	98 (100%)

"Four of the nine cases in groups C and D have elected to go to surgery, and one of the remaining cases has a hiatus hernia as well as a duodenal ulcer. Experience of treating these 'Failures' over the past six years leads one to believe that no form of medical treatment will be effective and that surgery is the only hope of relieving their symptoms. In 75% of cases the patients were of the opinion that the tablets were superior to alkaline powders, and they found that they were able to take foods which they had avoided for years."

Extracts from the
BRITISH MEDICAL JOURNAL
1955, 2, 827

"SUMMARY: Seventy-nine cases of peptic ulcer and 19 of presumptive peptic ulcer have been treated with Roter tablets. Immediate clinical response was satisfactory in 90% of patients, with a relapse rate of 57% in the first year; a reduction in the average number of relapses was recorded in 15 cases kept on a maintenance dose for one year."

PACKINGS: Tins of 40, 120, 640, and dispensing size 720 (P.T. exempt). Basic N.H.S. price: 1/- for 10 tablets.

Roter Tablets are not advertised to the public, and may be prescribed on E.C.10 forms. Literature and samples on request.

ROTER

TABLETS

F.A.I.R. LABORATORIES LTD., TWICKENHAM, MIDDLESEX.

IT is generally agreed that cases of soft-tissue rheumatism and of many types of arthritis benefit by hyperaemia of the affected tissues. Transvasin, which contains two quick-acting esters of nicotinic acid, induces such a deep and prolonged hyperaemia at the same time as it produces superficial erythema.

In addition to the esters of nicotinic acid, Transvasin contains the fat- and water-soluble esters of salicylic and p-aminobenzoic acids. Both these well-tried analgesic drugs are readily conveyed through the skin in therapeutic quantities and enable an effective concentration to be built up where they are needed.

Transvasin is now being widely prescribed, with successful clinical results. Since a very small quantity is sufficient for each application, the cost of treatment is extremely low.

Transvasin is available in 1 oz. tubes, basic N.H.S. price 2/6 plus P.T., and is not advertised to the public. Samples and literature will be gladly sent on application.

LLOYD-HAMOL LTD.

11 Waterloo Place, London, S.W.1. Whitehall 8654/5/6.

The graph above is of an experiment to measure the effect of Transvasin on skin temperature on a subject. The red line plots the skin temperature before and at intervals after a single application of one inch of cream (0.924 grams) from a tube of Transvasin. The black line gives similar information with regard to the application of a plain vanishing cream used as a control. Skin temperatures were measured with an electro-thermo couple every five minutes for two hours. Photographs show the affected area before application; three minutes and thirty minutes later.

COMPOSITION OF TRANSVASIN

Salicylic acid tetrahydrofurfuryl-ester	14%
Nicotinic acid ethyl-ester	2%
Nicotinic acid n-hexyl-ester	2%
p-Aminobenzoic acid ethyl-ester	2%
Water-miscible base ad	100%

WINTHROP PRODUCTS LTD

A Superior Buffered Analgesic

'ALASIL' TABLETS—the improved form of salicylate medication—provide the efficient analgesia expected from their content of aspirin. Their superior acceptability derives from their content of a reliable buffer which minimizes the tendency to gastric irritation sometimes caused by the use of aspirin alone.

Advantages

'Alasil' is an advanced sedative and antipyretic; it does not tend to induce gastric irritation; because of its high tolerability, it may be used for long-term administration even to those with sensitive stomachs, and to children.

Composition

'Alasil' Tablets contain the recognized antacid corrective. 'Alocol' (Colloidal Aluminium Hydroxide), which permits their sedative principle, acetylsalicylic acid, to exert its action with minimal risk of side-effects.

Indications

Symptomatic pain generally; rheumatism, fibrositis, lumbago, headache, dysmenorrhoea; dental pain.

Packs & Prices

TO PHARMACISTS (P.T. exempt for dispensing)

LEG TRACTION GAITER

Model 814

ANOTHER addition to our range is a one-piece traction legging of a firm collar cloth, with a bonded rubber lining made adjustable by means of straps and buckles and having extended traction straps.

It is simple to fit and comfortable to wear, and efficient in use without giving rise to vascular or nerve complications. It has been used successfully for the

relief of pain arising from osteoarthritis of hip and knee and certain cases of fractured femur. Also for tuberculosis of hip and knee in adults and children.

Method of application. No elevation is necessary for this type of traction.

herniated lumbar intervertebral discs, treatment of low back pains, etc. It has been suggested that the Camp Leg Traction Gaiter could also be used for giving treatment by means of intermittent application to increase blood circulation on the articulated surfaces at the head of the femur.

The Leg Traction Gaiter No. 814 is a below-knee fitting, as illustrated, and is made in two sizes for adults and one size for children. A small metal spreader bar T.14 is used with the gaiter. Our Medical Liaison Department will be pleased to send full information and advice.

PENTOXYLON

COMPREHENSIVE THERAPY FOR ANGINA PECTORIS

- Prevents coronary spasm
- Averts attacks
- Dispels fear

PENTOXYLON *Complete Angina Therapy*

- * *reduces nitro-glycerin requirements.*
- * *reduces severity of attacks.*
- * *reduces incidence of attacks.*
- * *reduces tachycardia.*
- * *reduces anxiety, allays apprehension.*
- * *reduces blood-pressure in hypertension.*
- * *increases exercise tolerance.*
- * *produces objective improvement demonstrable by electro-cardiograph*

— It is recognised — would not only relieve the coronary spasm, but would help to prevent attacks. This has been accomplished by 'Pentoxylon' to a considerable degree. 'Pentoxylon' combines the benefits of two powerful and reliable agents — 'Rauwiloid' and P.E.T.N. 'Rauwiloid', an alkaloidal extract of *Rauwolfia serpentina*, has bradycardic, tranquillising and stress-relieving properties, and stabilises the patient emotionally. P.E.T.N. produces a long-sustained dilatation of the coronary blood vessels, so improving the circulation to the myocardium, reducing the severity of attacks when they occur. The dual action of 'Pentoxylon' provides a more comprehensive . . . more effective . . . therapy than has hitherto been possible using a single medicament, and it infuses the anginal patient with a feeling of well-being and hope.

Each 'Pentoxylon' tablet contains 1mg. 'Rauwiloid' and 10mg. pentaerythryl tetranitrate. The usual dosage is one tablet four times daily *before* meals. Occasionally it is desirable to increase the dosage — up to 8 tablets daily are well tolerated.

Furadantin[★]

BRAND OF NITROFURANTOIN

in urinary tract
infections

Furadantin is an antibacterial compound for the oral treatment of urinary tract infections only. Therapeutic concentrations up to 400 mcg./ml. appear in the urine but blood and tissue concentrations are very small. The drug is effective against most organisms found in the urinary tract, including *Proteus* and *Aerobacter*, and some strains of *Pseudomonas*.

Advantages

- Oral administration
- Broad antibacterial spectrum
- Action confined to urinary tract
- Only minor side-effects

Furadantin, (brand of nitrofurantoin) is available as tablets of 50 mg. in bottles of 25 or 250.

Further information on the use of Furadantin, or Diagnostic Tablets for bacterial sensitivity tests, will be sent on request.

★ *Furadantin is manufactured by a registered user of the trade mark under licence from the Norwich Pharmacal Company (Eaton Laboratories Division).*

For SUB-ACUTE and Chronic dermatoses **TAR + HYDROCORTISONE**

combined in

TARCORTIN CREAM

have pronounced advantages over either medicament alone.

The established germicidal, stimulating and anti-pruritic properties of tar, in the treatment of sub-acute and refractory skin affections, can now be considerably enhanced by its incorporation with hydrocortisone.

Clinical trials have shown that the two medicaments together exert a powerful synergistic action that is far more rapid, more pronounced and complete than the action of either alone. These two valuable therapeutic agents are presented in a non-greasy, stainless, hydrophilic cream, known as TARCORTIN.

TARCORTIN CREAM

*is supplied in 7 grm.
tubes, containing 0.5%
Hydrocortisone in a
special coal-tar extract.*

The New Economical Glucose Drink

CITROZE
(TRADE MARK)
UP-AND-AT-EM ENERGY

CITROZE is a triple strength glucose drink made with pure glucose and flavoured with whole fresh lemons. Because Citroze is a concentrate, it cuts down health drink expenses. A 26 fl. oz. bottle costs only 3/6 and makes from 3½ to 4 pints of ready-to-drink Citroze which complies with the regulations for a dextrose beverage.

INGREDIENTS:

30% Dextrose
 monohydrate, sugar,
 lemon juice, citric
 acid and benzoic acid

PROPRIETORS: O. R. GROVES LTD., 20 JERMYN ST., LONDON, S.W.1

*Consultation
 in Verse*

The surgeon liked his Guinness,
 The physician liked it too,
 They consulted one another
 And prescribed themselves a few.
 The surgeon took his colleague home
 (As any good friend would)
 For he had a dozen Guinness
 Like every doctor should
 They admitted as they quaffed the lot
 Their prescribing did them good.
 And would it do the same for you?
 Buy Guinness and it could!

M.B., B.S., M.R.C.S., L.R.C.P.

* Doctors, too, enjoy writing verses about Guinness. The above contained in a letter addressed to Guinness by one of them is published by kind permission.

GUINNESS
 is good for you

An analgesic cream for the treatment of neuro-muscular pain

This analgesic cream is very effective in the treatment of fibrositis, muscular pain, lumbago, neuritis, neuralgia and sciatica. Free from objectionable odour, it is formulated to produce a readily absorbed cream, and helps to give rapid relief from pain.

The presence of Methyl Nicotinate produces dilation of the surface blood vessels and allows penetration of the analgesics Glycol Salicylate and Benzocaine.

WS

How do *YOU* tackle flat foot?

... do you prescribe an external wedge on the shoes?

BUT the wedges soon wear away; and very often the child is made to feel self-conscious because his shoes look different from other children's.

Surely it's more logical to have a wedge *built-in* between the inner and outer sole—invisible, and completely unaffected by wear or repair of the shoe. That is how Start-rite INNERAZE shoes are made; why they are the only practical solution to this problem.

*Information from Mr. W. J. Peake, James Southall & Co. Ltd.,
Crome Road, Norwich.*

Invisible Wedge Shoes by START-RITE

(who make the finest children's shoes of all types)

Inneraze Shoes are supplied only against medical prescription

ADRENOXYL

Reduces the mean bleeding-time

Adrenoxyl reduces the mean bleeding-time by decreasing the permeability and increasing the contractility and resistance of the capillary wall.

A dry field at operation

Adrenoxyl has been successful in diminishing capillary bleeding in a wide range of surgical operations. It has proved particularly useful in ear, nose and throat, ophthalmic and plastic surgery. In plastic surgery of the face it has been reported that, post-operatively, there is less swelling and bruising when Adrenoxyl has been used.

No side effects

Adrenoxyl does not have any side effects or contraindications. It does not affect blood coagulation, blood pressure or pulse rate and does not possess any sympathomimetic properties.

In medical conditions

Adrenoxyl has been used with success in those medical conditions associated with capillary fragility.

In the British Medical Journal (April 21st, 1956) a correspondent confirmed the value of Adrenoxyl in providing a dry field for the surgeon and in shortening the duration of the operation.

Packs

Ampoules: Boxes of 6 and boxes of 50.
Each ampoule contains 0.75 mg. of adrenochrome monosemicarbazone dihydrate.

Tablets: Tubes of 25 and bottles of 500.
Each tablet contains 2.5 mg. of adrenochrome monosemicarbazone dihydrate.

The best results are obtained when both tablets and ampoules are used.

Clarks

PROMISE freedom from all
foot troubles caused by footwear, if from
babyhood none but Clarks shoes are
worn, fitted by Clarks Footgauge.

Clarks back this promise with
over 130 years of shoe crafts-
manship. They keep it by making
children's shoes which are based
on the natural shape of a child's foot
... made in different widths to each length
size ... fitted with scientific accuracy on a
special Footgauge for length, for breadth and for girth.
That's why so many children in over 60 countries in the world
wear Clarks.

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose (unless otherwise specified) one copy each of 3 recent ★ testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

Canvassing in any form will disqualify.

★ *SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.*

A fully registered medical practitioner who is liable for National Service must obtain deferment of recruitment in writing from the Central Medical Recruitment Committee or (in Scotland) the Scottish Central Medical Recruitment Committee before accepting any civilian appointment.

The position of provisionally registered medical practitioners who are liable for National Service has been made clear in a notice sent to them by the Ministry of Labour and National Service.

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

Registrar Grades, Whole-time

(a) **REGISTRAR:** Posts obtained normally not less than two years after registration as a medical practitioner and held normally for two years: £935 per annum in the first year; £1,061 10s. per annum in the second and any subsequent years. If the post is resident a deduction of £170 per annum is made.

(b) **SENIOR REGISTRAR:** Posts obtained normally not less than four years after registration as a medical practitioner and held normally for four years: £1,210 per annum in the first year; £1,320 per annum in the second year; £1,430 per annum in the third year; £1,540 per annum in any subsequent years. If the post is resident a deduction of £200 per annum is made.

Other Grades, Whole-time

(a) HOUSE OFFICERS:

(i) *Provisionally registered medical practitioners:* £467 10s. per annum for the first post held; £522 10s. per annum for the second and all subsequent posts held;

provided that the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that the remuneration of any officer holding his first post in the National Health Service as a House Officer shall be £522 10s. per annum if they are satisfied that the officer has held at least one hospital post outside, of not less than six months' duration, involving clinical responsibilities equivalent to those of house posts in the National Health Service and supervised by appropriate specialist staff.

(ii) *Fully registered medical practitioners:* £577 10s. per annum for any post held; provided that in exceptional circumstances, subject to the consent of the Minister, this rate may be exceeded by up to £50 per annum where a post cannot be filled otherwise.

In each case under sub-sections (i) and (ii) above, a deduction of £125 per annum in respect of board and lodging and other services provided shall be made and each post shall be tenable for six months.

(b) **SENIOR HOUSE OFFICER:** Posts obtained normally not less than one year (in Scotland, two years) after registration as a medical practitioner and normally held for one year only: £819 10s. per annum. If the post is resident a deduction of £150 per annum is made.

(c) **JUNIOR HOSPITAL MEDICAL OFFICER:** Officers who have held house appointments but who are not Registrars and who have less responsibility than other hospital officers of non-consultant status: £852 10s. (for an officer appointed not less than one year after full registration as a medical practitioner) by £55 to £1,182 10s. per annum. If the post is resident a deduction of £170 per annum is made.

ALL NATIONAL HEALTH SERVICE HOSPITAL APPOINTMENTS ARE IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF SERVICE OF HOSPITAL MEDICAL STAFF

Any advertisements appearing in this issue for posts in grades up to and including senior registrar which quote the rates of salary which obtained before April 1, 1957, are published on the assumption that the employing authorities will make the necessary adjustments.

Applications are invited from qualified medical practitioners for appointments as

SURGEON LIEUTENANTS

in the Royal Australian Navy.

Appointments involve service in Australia and overseas in ships, establishments and hospitals of the Royal Australian Navy. The Naval Hospitals at Balmoral (Sydney) and Flinders (Victoria) are recognized as training schools for resident medical officers and offer considerable scope for clinical experience under a panel of distinguished visiting consultants and specialists.

Periods of Service.—Short Service Commissions two or four years' service from date of entry in U.K. with possible extensions up to eight years or prospect of transfer to Permanent Naval Force.

Annual Rates of Pay.—On entry £1,758 (married) £1,543 (single), with increment of £101 per annum after two years' service.

Uniforms.—Grant of £222 paid on entry. Daily allowance thereafter.

Gratuities at end of service.—

After a two year appointment, £250.

After a four year appointment, £500.

With pro rata increases for additional service up to eight years.

(All figures expressed in Australian currency).

Free first-class single passages to Australia for all officers entered in U.K. Wives and families of officers entered for four years' service travel free with their husbands. Minimum of 28 days' leave per annum and free travel warrants to visit next of kin in Australia under specified conditions. Obligatory contributions to the Australian Defence Forces Retirement Benefits Fund (which provides retirement and invaliding benefits) are refunded to officers taking discharge, other than on medical grounds, at the end of Short Service Commissions.

Write for full details and application form to: The R.A.N. Liaison Officer, Australia House,

Strand, London, W.C.2, or to the Secretary, Department of the Navy, Melbourne, S.C.1, Australia.

WANTED. OPPORTUNITY IN PRACTICE OR private firm, Rhodesias, Kenya, or South Africa. British. 38, married, ten years' experience.—Box 828, B.M.J.

UNIVERSITY AND RESEARCH**APPOINTMENTS, etc.**

IMPERIAL CHEMICAL INDUSTRIES LIMITED Pharmaceuticals Division has the following vacancies in its new Research Laboratories at Alderley Park, Cheshire: (1) **Senior Pharmacologist, Physiologist or Experimental Pathologist**, to work on non-infectious diseases. Candidates should be experienced laboratory workers, preferably under 35. (2) **Junior Pharmacologists or Physiologists**, male or female, to work on non-infectious diseases. Candidates should have a good university degree and preferably some research experience. Salaries in accordance with age and experience. Applications with full particulars should be addressed to the Staff Manager, Imperial Chemical Industries Limited, Pharmaceuticals Division, Fulshaw Hall, Wilmslow, Cheshire. (6652)

NORTHERN IRELAND HOSPITALS AUTHORITY**APPOINTMENT OF JUNIOR TUTOR/SENIOR HOUSE OFFICER**

Applications are invited for a whole-time post as Junior Tutor/Senior House Officer in General Surgery at hospitals managed by the Belfast Hospital Management Committee. In the first instance the appointment will be for the period ending July 31, 1957, and will be made jointly by the Authority and the Queen's University, Belfast. The appointment will involve teaching and other University duties as Junior Tutor in the Department of Surgery. Applications should be made on a form which may be obtained (with further particulars) from the Secretary Northern Ireland Hospitals Authority, 44-46, Queen Street, Belfast, and which must be returned so as to be received not later than May 14, 1957. (6597)

THE UNIVERSITY OF MANCHESTER**BENGER RESEARCH FELLOWSHIP IN PHARMACOLOGY**

Applications are invited for the above Fellowship, of the value of not more than £600 per annum, tenable for one year, with possible extension of one further year. The Fellowship is for the encouragement of original research in pharmacology, and is open to graduates in Medicine or Science (including Pharmacy), and to other suitably qualified candidates. Applications should be sent not later than July 1, 1957, to the Registrar, the University, Manchester, 13, from whom copies of the regulations and forms of application may be obtained. (6527)

UNIVERSITY OF GLASGOW**LECTURESHIP in Medicine at the Royal Infirmary**

Applications are invited for a Lectureship in the Department of Medicine at the Royal Infirmary. Salary according to placement on University scale for clinical teachers. The final maximum is £1,750 per annum. F.S.S.U. and family allowance benefits. Applications (12 copies) should be lodged not later than May 15, 1957, with the undersigned, from whom further particulars may be obtained.—Robt. T. Hutcheson, Secretary of University Court. (6223)

WORLD HEALTH ORGANIZATION FELLOWSHIPS

A small number of Fellowships is to be awarded in 1958 for study in European countries by the World Health Organization to registered medical practitioners, dental practitioners and State registered nurses of at least five years' standing who are engaged in the Health Services, Medical Education or Medical Research in the United Kingdom. Fellowships will be of two kinds:

(1) **RESIDENT FELLOWSHIPS** for a period which will not exceed four months.

(2) **TRAVELLING FELLOWSHIPS** of shorter duration for senior persons holding responsible appointments.

Applications, giving full particulars of qualifications, experience, proposed programme and duration of study, and accompanied by the names of two referees, should be sent: (a) by those resident in Scotland, to the Secretary, Department of Health for Scotland, St. Andrew's House, Edinburgh, 1; (b) by those resident in Northern Ireland, to the Secretary, Ministry of Health and Local Government, Stormont, Belfast; and (c) by others, to the Secretary, Ministry of Health, Savile Row, London, W.1. Envelopes should be marked "World Health Organization Fellowships." Applications must be received on or before June 6, 1957. (6524)

UNIVERSITY OF LONDON**The Senate invite applications for the
READERSHIP IN ANATOMY**

(special responsibility in Histology) tenable at London Hospital Medical College (present salary within the range £1,450 to £2,050 a year (but under revision)). Applications (10 copies) must be received not later than May 27, 1957, by the Academic Registrar, University of London, Senate House, W.C.1, from whom further particulars may be obtained. (6540)

SCHOLARSHIPS**GUY'S HOSPITAL MEDICAL SCHOOL****BEANEY SCHOLARSHIP FOR MATERIA MEDICA**

Applications are invited for the Beanev Scholarship for Materia Medica. Candidates for the Scholarship must have received part at least of their medical education at Guy's Hospital Medical School. The object of the Scholarship is to advance knowledge of Materia Medica (including Pharmacy, Pharmacology and Therapeutics) by supplying the Scholar with the means of carrying on original investigation in these subjects. The Scholar holds the Scholarship for three years and is eligible for re-election. The Scholarship is of the value of approximately £96 per annum. Forms of application are obtainable from, and should be lodged with, the Dean, Guy's Hospital Medical School, London Bridge, S.E.1, not later than May 13, 1957. (5948)

NOTICES

APPLICANTS ARE ADVISED NOT TO SEND original testimonials when replying to advertisements. Copies will answer the purpose quite as well, and in the event of their being lost or mislaid no inconvenience will ensue.

PAEDIATRICIANS, PATHOLOGISTS AND OBSTETRICIANS in the U.K., Dominions, and the U.S.A. who are interested in natural childbirth and who may be able to undertake research into the causes of stillbirth, infantile mortality and morbidity, are requested to contact the Natural Childbirth Association of Great Britain, 44, Great Russell Street, W.C.1. (6592)

London Hospital Catgut

... A CONTRIBUTION TO SURGICAL HISTORY

THE LONDON HOSPITAL in their Ligature Laboratories, were the pioneers in England in the manufacture of Surgical Catgut throughout from lambs' intestine to finished Sterile Tube.

YOU CAN HAVE ABSOLUTE CONFIDENCE IN

LHC

Sizes 2/0, 0 and 1 are recommended for general surgery, because finer gauges mean less scar tissue and quicker healing.
