

For SUB-ACUTE and Chronic dermatoses TAR + HYDROCORTISONE

combined in

TARCORTIN CREAM

have pronounced advantages over either medicament alone.

The established germicidal, stimulating and anti-pruritic properties of tar, in the treatment of sub-acute and refractory skin affections, can now be considerably enhanced by its incorporation with hydrocortisone.

Clinical trials have shown that the two medicaments together exert a powerful synergistic action that is far more rapid, more pronounced and complete than the action of either alone. These two valuable therapeutic agents are presented in a non-greasy, stainless, hydrophilic cream, known as TARCORTIN.

TARCORTIN CREAM

is supplied in 7 grm. tubes, containing 0.5% Hydrocortisone in a special coal-tar extract.

The Established treatment for Pernicious Anæmia

*Literature and specimen packings
are available to members of the
Medical Profession on request.*

Clinical experience over 20 years has proved that regular administration of Anahæmin is a totally effective treatment for Pernicious Anæmia.

Anahæmin produces a prompt and satisfactory erythropoiesis in patients in relapse, it ensures the maintenance of a normal erythrocyte level in patients in remission and is effective in preventing the onset of subacute combined degeneration of the cord.

Anahæmin has been used and reported to be beneficial in the following conditions:

- Herpes Zoster and Post Herpetic Neuralgia
- Tropical Nutritional Macrocytic Anæmia
- Post partum Syndrome

Reagent Tablets for the detection of

GLYCOSURIA

KETONURIA

Both tests performed simultaneously in one minute!

'Clinitest' tablets have been widely used and prescribed since 1947. Many valuable hours have been saved. Following successful clinical trials, the makers of 'CLINITEST' have produced 'Acetest' reagent tablets for the detection of Ketonuria. Reliable routine sugar and acetone tests can now be carried out *together* in one minute!

'CLINITEST'

No external heating. No measuring of reagents.

Approved by the Medical Advisory Committee of the Diabetic Association.

Available under the N.H.S. on Form E.C.10.

(Basic Drug Tariff Prices: Set 6/8d. complete. Refill bottles of 36 Tablets 2/4d.)

'CLINITEST'

HOSPITAL EQUIPMENT

An invaluable time-saver in wards and clinics. Write for details and hospital prices.

The advantages of 'ACETEST'

A single tablet provides all the reagents required. Low cost permits use as a screening procedure or as a routine for diabetic patients. No danger of false positives with normal urine. No caustic reagents.

- 1 Put 1 drop of urine on tablet.
- 2 Take reading at 30 seconds. Compare tablet to colour chart provided.
- 3 Record results as negative, trace moderate or strongly positive.

Available under the N.H.S. on Form E.C.10. Basic Drug Tariff price 3/10 per bottle of 100 tablets (with colour scale).

for prolonged action

It's as simple as that to use Mylipen. Just two or three vigorous shakes of the vial and there you have a free-flowing suspension of procaine penicillin ready for injection. And once it is injected, 1 cc. (300,000 units) of Mylipen will maintain a therapeutic level of penicillin for 24 hours in most cases. Thus it provides convenient and effective treatment for any infection for which a prolonged acting penicillin preparation is indicated.

A new enzymic treatment

of

WOUNDS

ABRASIONS

BURNS

PYODERMIAS

ULCERS

with the proteolytic ferment

TRYPSIN

IT HAS LONG been known that the proteolytic enzyme Trypsin could resolve necrotic tissue and was in theory an ideal physiological agent for the treatment of infected wounds. Its instability has, however, until recently precluded its use for this purpose. Lloyd-Hamol of London and Zurich have now succeeded in producing

a cream, **BIOTRASE**, in which Trypsin remains physiologically active for over a year. A certificate of stability has been issued by a Department of Bio-chemistry.

BIOTRASE also contains two new antiseptic agents, both of which are active against a wide range of gram-positive and gram-negative pathogenic organisms. Unlike sulpha drugs and antibiotics they do not cause skin sensitivity.

BIOTRASE debrides necrotic tissue and purulent matter and leaves a clean granulating surface. It does not attack vital tissues.

INDICATIONS FOR USE

BIOTRASE may be used wherever there is an infected—or potentially infected—breach of surface of the skin. Common conditions for its use include the following: wounds; second and third degree burns; infected and necrotic skin conditions, including pyodermias; boils and carbuncles (following incision); all types of skin ulcers. **BIOTRASE** has been found most useful in the treatment of varicose ulcers, providing these are not surrounded with avascular tissue and of long duration.

Biotrase

BIOTRASE is available in 35 g. tubes at a basic N.H.S. price of 3/9d., and may be prescribed on Form E.C.10.

BIOTRASE contains:

Trypsin pur. 0.16%; *Ca-N-Hydroxymethylglutamate* 5.00%; *2,2'-thiobis-(4,6-dichlorophenol)* 0.50%; *Carbamide B.P.* 5.0% in polyethylene glycol.

IN THE MENOPAUSE

One bottle of 60 TACE capsules (2 capsules a day) can relieve
many of your menopausal patients.

Some may require a second course, but few will need a third.

The introduction of TACE marks the beginning of a new era in the treatment of menopausal symptoms. TACE is stored in the body fat and subsequently released in a manner resembling normal hormone secretion. There is virtually no withdrawal bleeding (in four investigations ^{1, 2, 3, 4} there were only 7 cases of withdrawal bleeding in 257 patients) and TACE is also extremely well tolerated in other respects.

Because of fat storage the action of TACE is prolonged. In 13 out of 16 patients beneficial effects remained up to 4 months after therapy had been discontinued.¹

TACE is indicated in other cases which require oestrogen therapy—for example in the inhibition of lactation and the treatment of prostatic carcinoma.

TACE

is available in green capsules (each containing 12 mg. chlorotrianisene dissolved in oil) in bottles of 60 and 300.

NO ESCAPE?

Upon many of its victims, hay-fever imposes an almost intolerable burden . . . a life sentence of 'disrupted summers. To such patients, 'Actidil' can mean the rediscovery of summer's pleasures. Most potent of all antihistamines, 'Actidil' is remarkably quick to take effect. Indeed, the interval between administration and onset of relief has been reduced to a matter of minutes. Yet these exceptional benefits are available to patients of all ages, for 'Actidil' has a particularly wide safety margin and little tendency to evoke the drowsiness and other side-effects so often associated with antihistamine action.

WHEN REPOSE IS A REQUISITE

Anxiety plays its part in every illness. It produces a tense, disturbed atmosphere for treatment. It often intensifies symptoms. Whenever or however it arises, anxiety cannot be ignored for its control is important to the patient's progress, even though specific treatment for the original illness may have been instituted.

Equanil cannot remove the cause of anxiety. What it does, however, is to restore the patient's shattered repose safely, effectively and reliably by relaxing mind and muscle, thus enabling him to view his behaviour in a clearer, dispassionate light.

EQUANIL

 (MEPROBAMATE)

PACKS: Bottles of 20 and 250 x 400 mg. tablets.

routine for quicker recovery

When the body is subjected to serious stress, doctors prescribe STRESSCAPS stress formula vitamins Lederle to compensate for sudden depletion of essential nutrients — in particular, ascorbic acid and the B-complex vitamins. STRESSCAPS hasten recovery by providing nutritional supplementation in the following conditions: after surgery, gastro-intestinal diseases, severe infection, shock, fractures, injuries, burns etc. STRESSCAPS promote wound healing and stimulate antibody production. They are dry-filled sealed capsules for more rapid and complete absorption with no unpleasant after-taste.

Each capsule contains:

Thiamine mononitrate	10 mg.
Riboflavine	10 mg.
Niacinamide	100 mg.
Ascorbic acid	300 mg.
Folic acid	5 mg.

Bottles of 30 capsules

LEDERLE LABORATORIES DIVISION

Cyanamid OF GREAT BRITAIN LTD., London, W.C.2

Is there a 'best' antibiotic for routine use in general practice?

In general practice the ideal method of selecting an antibiotic — laboratory determination of precise sensitivity — is often impracticable. It causes delays which may be dangerous and, applied consistently by every general practitioner, would grossly over-load available laboratory facilities.

In general practice, therefore, the need is for an antibiotic which clears almost all common infections, quickly, and with a minimum of undesirable side effects. Simplicity of dosage is an added advantage, particularly where administration must be left to relatives or parents.

The value of **Sigmamycin**^{*} in general practice

oleandomycin tetracycline

Over the whole range of infections susceptible to tetracycline Sigmamycin offers enhanced potency, producing faster and more complete eradication. Matromycin[®] (the Pfizer brand of oleandomycin) is an exceptionally well tolerated antibiotic. Its inclusion in Sigmamycin permits a reduction in the dose of tetracycline. Sigmamycin

is, therefore, a carefully calculated combination of antibiotics designed to offer enhanced activity, improved tolerance, and a simple scale of dosage over the whole range of 'general practice' infections. The remarkable characteristics of this very successful combination have been amply demonstrated by extensive clinical trials.¹

Dosage with Sigmamycin is unusually simple: moderate infections, 1 capsule every six hours; severe infections, 2 capsules every six hours. In overwhelming infections a further increase may be needed and may safely be given.

¹ A full summary of current information on Sigmamycin, together with a review of clinical trials, is available upon application.

Sigmamycin capsules, each of which contains 167 mg. tetracycline and 33 mg. oleandomycin, are available in bottles of 16 and 100.

Pixcyl and Psorox

Coal Tar has long been accepted as one of the most effective medications for use as a topical application in the treatment of Psoriasis.

The Genatosan tar fractions incorporated in Pixcyl, Psorox, Genisol and Sebigen, offer tar therapy without many of the disadvantages associated with crude coal tar. Extensively screened against sensitization, and in bases to suit each phase of the disorder, they offer the physician the three essential factors in his choice of an effective topical application that combine to give a suitable approach to Psoriasis.

Pixcyl, Psorox, Genisol and Sebigen are all available on E.C.10.

Pixcyl	Containing: Purified tar fractions (equivalent to crude coal tar) 3% Salicylic acid B.P. 1% Starch B.P. 11.5% Zinc oxide B.P. 11.5% Non-drying base.
---------------	---

Psorox	Containing: Purified tar fractions (equivalent to crude coal tar) 10% Salicylic acid B.P. 3% Ammoniated mercury B.P. 2% w/w Mixed paraffin base.
---------------	--

WB1

...Overcoming Bowel Fixation ESPECIALLY AMONGST ELDERLY PATIENTS

Obsession with the lower bowel is a familiar hypochondriacal condition—especially amongst elderly patients who have become laxative addicts.

Yet their trouble can have a real organic basis, such as diminishing digestive secretions, and their need is a functional corrective which will break the purge habit and yet restore normal peristalsis.

FELOPAN, as a supplementary source of bile salts and pancreatin, provides the correct physiological treatment for re-establishing normal intestinal activity without catharsis.

In difficult cases, where patients fail to respond to the purely physiological stimulation, FELOPAN Compound with mild laxatives is recommended.

FELOPAN

Literature and samples supplied on request

The functional corrective for constipation

FELOPAN contains: Ext. Fel Bovini B.P.C. $1\frac{1}{2}$ gr.; Pancreatin B.P.C. $\frac{1}{2}$ gr.; Excipients q.s.; and is supplied in bottles of 100 ORANGE-coated tablets.
FELOPAN COMPOUND contains: Strychnine Hyd. B.P. 1/200 gr.; Ext. Bellad. Sicc. B.P. 1/40 gr.; Aloin B.P. 1/5 gr.; Ext. Fel Bovini B.P.C. 1 gr.; Pancreatin B.P.C. 3/10 gr.; Phenolphthalein B.P. $\frac{1}{2}$ gr.; Excipients q.s.; and is supplied in bottles of 100 BLUE-coated tablets.

COATES & COOPER LTD PYRAMID WORKS, WEST DRAYTON, MIDDX.

Is there a 'Bronco' in the house?

"Yes, dear. We use Bronco like your Mummy."

"Why, Auntie?"

Thinking of all the reasons—that doctors prefer a toilet paper to avoid the danger of disintegration, that Bronco's superfine quality provides perfect gentleness with strength—Auntie finally said: "Bronco is safest and best, dear!"

so right medically—
so good economically

THE BRITISH PATENT PERFORATED PAPER CO. LTD., HACKNEY WICK, LONDON, E.9

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose (unless otherwise specified) one copy each of 3 recent ★ testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

Canvassing in any form will disqualify.

★SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.

A fully registered medical practitioner who is liable for National Service must obtain deferment of recruitment in writing from the Central Medical Recruitment Committee or (in Scotland) the Scottish Central Medical Recruitment Committee before accepting any civilian appointment.

The position of provisionally registered medical practitioners who are liable for National Service has been made clear in a notice sent to them by the Ministry of Labour and National Service.

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

Registrar Grades, Whole-time

(a) **REGISTRAR**: Posts obtained normally not less than two years after registration as a medical practitioner and held normally for two years: £935 per annum in the first year; £1,061 10s. per annum in the second and any subsequent years. If the post is resident a deduction of £170 per annum is made.

(b) **SENIOR REGISTRAR**: Posts obtained normally not less than four years after registration as a medical practitioner and held normally for four years: £1,210 per annum in the first year; £1,320 per annum in the second year; £1,430 per annum in the third year; £1,540 per annum in any subsequent years. If the post is resident a deduction of £200 per annum is made.

Other Grades, Whole-time

(a) HOUSE OFFICERS:

(i) *Provisionally registered medical practitioners*: £467 10s. per annum for the first post held; £522 10s. per annum for the second and all subsequent posts held;

provided that the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that the remuneration of any officer holding his first post in the National Health Service as a House Officer shall be £522 10s. per annum if they are satisfied that the officer has held at least one hospital post outside, of not less than six months' duration, involving clinical responsibilities equivalent to those of house posts in the National Health Service and supervised by appropriate specialist staff.

(ii) *Fully registered medical practitioners*: £577 10s. per annum for any post held;

provided that in exceptional circumstances, subject to the consent of the Minister, this rate may be exceeded by up to £50 per annum where a post cannot be filled otherwise.

In each case under sub-sections (i) and (ii) above, a deduction of £125 per annum in respect of board and lodging and other services provided shall be made and each post shall be tenable for six months.

(b) **SENIOR HOUSE OFFICER**: Posts obtained normally not less than one year (in Scotland, two years) after registration as a medical practitioner and normally held for one year only: £819 10s. per annum. If the post is resident a deduction of £150 per annum is made.

(c) **JUNIOR HOSPITAL MEDICAL OFFICER**: Officers who have held house appointments but who are not Registrars and who have less responsibility than other hospital officers of non-consultant status: £852 10s. (for an officer appointed not less than one year after full registration as a medical practitioner) by £55 to £1,182 10s. per annum. If the post is resident a deduction of £170 per annum is made.

ALL NATIONAL HEALTH SERVICE HOSPITAL APPOINTMENTS ARE IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF SERVICE OF HOSPITAL MEDICAL STAFF

Any advertisements appearing in this issue for posts in the hospital service which quote the rates of salary which obtained before the recent percentage increases are published on the assumption that the employing authorities will make the necessary adjustments.

Applicants should have a wide experience of maternal and child welfare. Salary £1,520 to £1,955. Superannuable. Medical examination. Car driver, and should possess a motor car. Application forms obtainable from County Medical Officer of Health, Berkeley House, Berkeley Street, Gloucester, returnable by June 1, 1957.—Guy H. Davis, Clerk of the County Council. (6774)

STAFFORDSHIRE COUNTY COUNCIL**APPOINTMENT OF ASSISTANT COUNTY MEDICAL OFFICER AND SCHOOL MEDICAL OFFICER**

Applications are invited from fully qualified medical practitioners and those holding the Diploma of Public Health will be given preference. The candidate appointed will undertake clinical work in the School Health and Child Welfare Services under the direction of the County Medical Officer of Health, and will be required to perform such other duties as may from time to time be prescribed. The salary scale is £1,050 by £50 to £1,200 by £55 to £1,475, and increments may be given for previous similar service. The appointment will be terminable by three months' notice in writing on either side and subject to the provisions of the appropriate Superannuation Acts and Regulations, in which connection the selected candidate must pass a medical examination and submit his or her birth certificate. Forms of application may be obtained from the County Medical Officer, County Buildings, Stafford, to whom they should be returned, when completed, not later than May 31, 1957.—T. H. Evans, Clerk of the County Council, County Buildings, Stafford. (7066)

**STAFFORDSHIRE COUNTY COUNCIL
Health Department**

Applications are invited from registered medical practitioners in Central or North Staffordshire for a part-time seasonal appointment, i.e., up to five half-days per week during school term for diphtheria immunization. The remuneration will be £3 12s. 6d. per session of 1½ to 2½ hours, and a casual user's car allowance will be paid. Further information can be obtained from the County Medical Officer of Health, County Buildings, Stafford, to whom applications should be sent by May 25, 1957.—T. H. Evans, Clerk of the County Council, County Buildings, Stafford. (7018)

HERTFORDSHIRE COUNTY COUNCIL**ASSISTANT COUNTY MEDICAL OFFICER**

Diploma in Public Health or Child Health desirable, but not essential. Salary £1,050 to £1,475. Car necessary. Travelling and subsistence according to national scale. Application forms and further particulars from County Medical Officer, County Hall, Hertford. Forms to be returned by June 1. (7323)

COMMERCIAL APPOINTMENTS**TECHNICAL INFORMATION OFFICER**

Benger Laboratories Limited, the rapidly expanding British Pharmaceutical Company, require a man, preferably under 35, who has a wide knowledge of the Pharmaceutical Industry and if possible a medical or biological qualification or background. The position this man is required to fill is that of Technical Information Officer in the Marketing Department and the duties involve the collection and indexing of appropriate medical, veterinary and pharmaceutical literature, the provision of technical summaries on various subjects for use by the publicity departments, and the preparation of abstracts. In addition, one of his main duties will be to correspond on these technical matters with members of the medical and veterinary professions, etc., throughout the world, and the ability to write well is therefore an essential qualification.

The post offers considerable scope to the man with the necessary educational background who has plenty of initiative and drive, and to such a man the opportunities for promotion either in this or in other sections of the Marketing Department, with which he will be in close contact, are exceptionally good.

The commencing salary will depend very much on the individual qualities of the man selected, but it will be somewhere in the range of £750-£1,200. A contributory pension scheme is in operation.

Applications, which will be dealt with in strict confidence, should be addressed to the Secretary, Benger Laboratories Limited, Holmes Chapel, Cheshire.

MESSRS. JOHN WYETH & BROTHER LTD., Clifton House, Euston Road, London, N.W.1, invite applications for the full time post of Assistant Medical Director.

Applicants, preferably between 30-40 years of age, should be registered Medical Practitioners, with good clinical experience.

Salary not less than £1,750.

Applications should be addressed to the Medical Director.

REPUBLIC OF IRELAND**ROSCOMMON COUNTY COUNCIL****SURGICAL REGISTRAR—COUNTY HOSPITAL**

Applications are invited from suitably qualified persons for the post of Registrar, Roscommon County Hospital. Appointment will be for a period of 12 months in the first instance. Inclusive remuneration is £862 10s. to £1,075 10s. per annum, according to experience, plus additional allowance of £100 per annum if appointee has a higher degree in surgery. Full particulars of prescribed qualifications, etc., may be obtained from the undersigned, with whom written applications, giving details as to date and place of birth, qualifications and experience, should be lodged not later than 5 p.m. on Wednesday May 22, 1957.—M. A. Geraghty, County Secretary, Courthouse, Roscommon. (7437)

OVERSEA (Vacant)

BOX 740. THE ADVERTISER THANKS ALL applicants. Due to the overwhelming number of letters received, he regrets he is unable to answer them personally. The position has now been filled.
