

BIOLOGICAL ASPECTS OF CANCER

Sir Julian Huxley

The first attempt to review the facts concerning cancer in the light of modern biological advances. It provides a comprehensive and many-sided view of the subject, and makes it abundantly clear that the study of cancer can no longer be regarded as merely a specialized branch of medicine, but is a focal field of general biology. 16s.

HOMOSEXUALITY A SUBJECTIVE & OBJECTIVE INVESTIGATION

Edited by Dr. Charles Berg

Part one presents a series of case-histories of homosexuals. Part two offers an examination of the cause and cure of homosexuality by important figures from all major schools of thought. It includes contributions by Freud, Jung, George W. Henry, Magnus Hirschfeld, Wilhelm Stekel and Sandor Ferenczi. 30s.

GEORGE ALLEN & UNWIN LTD
40 MUSEUM STREET, LONDON, W.C.1

A precision instrument for direct and continuous or intermittent routine measurement of volumetric flows of any gas. It possesses a high degree of accuracy in the smaller volumes of gas flow prevailing in respiratory exchange and is thus eminently suitable for use in clinical routine and in diagnostic work.

The Volumeter is constructed to measure the volume of air expired, but it can also be reversed to measure the inspiratory volume or the difference between the inspiratory and the expiratory volume (to-and-fro flows).

THE RIKER *Medihaler*^{REGD.}

The most significant advance in recent years
in oral inhalation therapy for asthma

The 'Medihaler' is the first inhaler to provide these
unique features

- A measured dose of predetermined particle size
- An aerosol spray mechanism
- Extreme simplicity and ease of operation
- A robust mechanism

P R E S C R I P T I O N I N F O R M A T I O N

'Medihaler Epi' and 'Medihaler Iso' are available as complete sets, each containing a propellant unit, an oral adapter and a polythene carrying wallet. The first prescription should read;

'Medihaler Iso' Complete or 'Medihaler Epi' Complete. Replacement propellant units should be prescribed as 'Refills'.

The 'Medihaler' oral adapter is available separately and is included in the Drug Tariff.

Basic N.H.S. costs are as follows:

'Medihaler Epi' Complete	- - -	12/8
'Medihaler Epi' Refill	- - -	10/4
'Medihaler Iso' Complete	- -	12/8
'Medihaler Iso' Refill	- - -	10/4
'Medihaler' Adapter	- - -	2/4

IN TWO
FORMS

'Medihaler EPI'

Contains 7 mg./cc. Adrenaline Acid Tartrate B.P. in suspension in an inert aerosol propellant.

'Medihaler ISO'

Contains 2 mg./cc. Isoprenaline Sulphate B.P. in an inert aerosol propellant.

Questions and Answers on the 'Medihaler'

Q Does the propellant cause side effects?

A No. Exhaustive tests both in the Riker research Laboratories and elsewhere have conclusively demonstrated that the propellant is non toxic.

Q Is the 'Medihaler' economical?

A Yes, each 'Medihaler' will provide treatment for approximately two months, on a basis of three doses a day.

Q Is the 'Medihaler' more effective than conventional atomisers?

A Although conventional medicaments are used, there is growing evidence that the 'Medihaler' is particularly effective because of the optimum particle size.

Q Is the aerosol unit leakproof?

A Yes. The special metering valve is precision made and is probably the finest aerosol valve yet devised.

Q When is the need for a refill indicated?

A Although the container is of stainless steel, it is possible to estimate when it is approaching exhaustion. The best plan is for the patient always to carry a spare refill.

Q What is the dose delivered by the 'Medihaler'?

A Equivalent to 0.15 mg. of adrenaline base from 'Medihaler Epi', and 0.075 mg. of anhydrous isoprenaline sulphate from 'Medihaler Iso'.

'Medihaler' is a registered trade mark.

LOUGHBOROUGH, LEICS.**

... and though there are many—perhaps too many—analgesics available to the practitioner, the balanced properties of Hypon make it a tablet far more effective than most. Extensive tests show that Hypon has the power not only to relieve pain but to do so very rapidly. Constipation, so often encountered following the administration of codeine is effectively counteracted by the addition of phenolphthalein. Caffeine offsets the depressing effects of aspirin and phenacetin. Hypon is invaluable where prolonged administration is called for (chronic rheumatic conditions for instance). Furthermore, the antipyretic

properties of Hypon tablets are of particular value in the treatment of the febrile states of influenza, tonsillitis ...

Restoring the balanced gut flora

ENPAC is a new and unique preparation of antibiotic-resistant strains of *Lactobacillus acidophilus* in a vehicle of the vital growth factors necessary for the strains to become established and multiply in the human gut. When administered during oral antibiotic therapy, these strains replace the intestinal strains of *L. acidophilus*, and an important part of the bacterial flora is maintained intact. There is substantial evidence which has proved that ENPAC can also be highly beneficial in certain intestinal disorders.

Extract from Lancet article on clinical trials at Bristol :

Enpac

ENPAC is prescribable on Form E.C.10. Basic N.H.S. Price 14/5 per 60 gramme tin.

"It was found that the staphylococci increased in both groups at the beginning of antibiotic therapy. Staphylococci continued to increase in the patients taking the antibiotic alone, but in those taking Enpac there was a pronounced drop in numbers following the initial rise. Simultaneously, in this latter group the lactobacilli were rapidly established and continued to multiply. This followed the elimination of the normally non-resistant lactobacilli by the antibiotic during the early days of treatment." (*Lancet*, 1957, i, 899)

A NEW APPROACH TO WOUND HEALING

The use of STABILIZED TRYPSIN in the treatment of

WOUNDS

ABRASIONS

BURNS

ULCERS etc.

IT HAS LONG BEEN KNOWN that the proteolytic enzyme Trypsin could resolve necrotic tissue and was in theory an ideal physiological agent for the treatment of infected wounds. Its instability has, however, until recently precluded its use for this purpose. Lloyd-Hamol of London and Zurich have now succeeded in producing a cream, Biotrase, in which trypsin remains physiologically active for over a year.

Biotrase also contains two new anti-septic agents, both of which are active against a wide range of gram-positive and gram-negative pathogenic organisms.

Biotrase digests purulent matter and leaves a clean granulating surface. It does not attack vital tissues.

Samples and
literature
gladly sent
on request

Indications for use

Biotrase may be used wherever there is an infected—or potentially infected—breach of surface of the skin. Common conditions for its use include the following: Wounds, second and third degree, burns; infected and necrotic skin conditions, including pyodermias; boils and carbuncles (following incision); all types of ulcers. Biotrase has been found most useful in the treatment of varicose ulcers, providing these are not surrounded with avascular tissue and not of long duration.

Biotrase can be prescribed on Form E.C.10.

Biotrase is in 35 gram tubes at a basic N.H.S. price of 3/9d.

Biotrase contains: Trypsin pur. 0.16%; Calcium N-Hydroxymethyl-glutamate 5.00%; 2,2'-Thiobis-(4,6-dichlorophenol) 0.50% in Polyethylene glycol.

The esters of NICOTINIC, SALICYLIC and

p-AMINOBENZOIC acids

bring relief to cases of
arthritis and rheumatism

IN CASES OF soft-tissue rheumatism, and arthritic disorders, many doctors are tending more and more to regard Transvasin as an indispensable adjuvant to treatment.

For Transvasin is composed of the esters of nicotinic, salicylic and p-aminobenzoic acids. These esters readily pass the skin barrier in therapeutic quantities, and so enable an effective concentration of drugs to be built up where they are needed.*

Transvasin not only induces vasodilation of the skin with a superficial erythema, but also brings about a deep hyperaemia of the underlying tissues. It is non-irritant and can be safely used on delicate skins.

It is now being widely prescribed, with successful clinical results. Since a very small quantity is sufficient for each application, the cost of treatment is extremely low.

Gypsona

TRADE MARK

**has stood
the test of time**

Soaks more readily than hand-rolled bandages.

Sets firmly in four to five minutes.

Stronger yet less brittle than ordinary plaster.

Casts have porcelain-like surface.

Casts are porous.

Trimmed edges do not crumble and casts have a neat appearance.

Casts may be bivalved, or cut open

and sprung apart without loss of strength.

Exact number of bandages for a particular cast can be determined beforehand.

Special interlocked woven cloth permits easy moulding.

High plaster content—90% of plaster by weight.

Will keep for a very long time without deterioration when stored in a dry place.

The absence of loose powder and the non-fray edges of the specially-woven leno cloth base of Gypsona bandages provides a distinct advantage over hospital-made bandages.

In performance, the superiority of Gypsona is even more marked. The high plaster content is fixed to the fabric by a special process, and there is a negligible loss of plaster when the bandage is soaked. A surprisingly small amount of material will produce a cast which is light, but of great strength.

Gypsona is by far the most economical plaster for the modern functional treatment of fractures.

“IMPROVED THERAPY FOR PEPTIC ULCER”

Extract reprinted from the **American Journal of Gastroenterology**. (1957) 28, 439.

“The medication investigated is known as Roter tablets . . . The dosage employed in the treatment of gastric or duodenal ulcer was 2 tablets, taken three times a day with tepid water immediately after meals . . . this therapy is applicable to ambulatory patients.”

SUMMARY

“In a series of 155 cases of peptic ulcer treated with . . . (Roter) tablets for three to six weeks, there was immediate relief of pain in 92 per cent of cases and roentgenological healing of the ulcer in 81 per cent. The average weight gain was 7.9 lbs. and occult blood disappeared from the stools in all of the six cases in which it was found.

“The benefit provided by the medication is attributed to the minute particulation of the bismuth subnitrate, produced by a special process of trituration in association with a synergistic antacid combination.

“The special features of this medication are immediate and prolonged relief of pain, correction of gastric hyperacidity, absence of side reactions, effectiveness for ambulatory patients, and early healing of the ulcer in most cases.

“There was no acid rebound in therapeutic dosage and no adverse effects were reported.”

ROTER

FORMULA PER TABLET. Magnesium Carbonate (400 mg.),
Bismuth Subnitrate Roter (350 mg.), Sodium Bicarbonate (200 mg.),

Treatment of **DIABETES MELLITUS** *without injections*

Rastinon »Hoechst« tablets provide an oral treatment for certain diabetic patients.

EFFECTIVE A number of patients on small regular doses of insulin have been found to be suitable for treatment with Rastinon »Hoechst« tablets. Clinical work throughout the world has shown that approximately a quarter of all diabetics can be stabilized on Rastinon »Hoechst« tablets. A few of the more recent references to the literature are given opposite.

SAFE The selection and stabilization of diabetic patients should be carried out under strict medical supervision. For those patients found to be suitable, Rastinon »Hoechst« tablets provide a safe form of therapy and many have now been on oral treatment for two years. No cases of proven dysaemia or other serious side-effects due to the drug have been reported.

SIMPLE From 2 to 4 tablets a day are normally all that is required to replace the insulin with its concomitant syringe, needles, swabs, and often nursing assistance as well. The normal regime of urine examination and dietary control remains necessary.

Packs: bottles of 100 and 500 tablets.

The basic price to the National Health Service as dispensed from a 500 tablet bottle is 2.97d per tablet and the total cost to the National Health Service, with all allowances, is less than 4d per tablet.

Each tablet contains 0.5 G. of N-Butyl-N¹-toluene-p-sulphonylurea; (Tolbutamide).

HIS FUTURE *is in your hands*

Will this child ever reach his 15th birthday, or will he be a victim of malaria? His future is in your hands because malaria can be controlled.

Five years' experience has shown 'Daraprim' to be a highly effective agent in the control of the disease. Moreover, when administered to an entire community, it is capable of breaking the malarial cycle since it interrupts the development of the parasite in the mosquito.

'Daraprim' is highly potent but tasteless and has proved an excellent suppressant in a weekly adult dosage of only 25 mgm. It is supplied in the form of 25 mgm. tablets in strip-packs of 6 and 30 for individual use, and in tins of 1,000 for larger users.

In the French Union, Tunisia and Morocco pyrimethamine is available under the trade name 'Malocide'.

Insomnia in the aged

Not only for its valuable properties as a daytime sedative has MILTOWN meprobamate become so universally prescribed. Doctors have come to recognise its special virtues as a safe reliable dormifacient—particularly in the ageing patient. MILTOWN brings a release from worry and tension that prevent the natural onset of sleep. It induces a composure of mind and body that enables the patient to drift naturally into sleep. After two tablets of MILTOWN—one hour before retiring, sleep is restful and usually dreamless. It is also free from the narcosis that often follows other conventional sedatives.

Two in harmony — *subito fortissimo*

THE two active ingredients in 'Sulmezil' V perform together *in harmony*. Together they are much more effective than either used singly.

One ingredient is penicillin V, the acid stable form of penicillin which is rapidly and efficiently absorbed and gives consistent and reliable blood levels. This form of penicillin has proved to be markedly superior in these respects to other oral penicillin preparations.

Combined with penicillin V is 'Sulphamezathine', which has been widely accepted for many years on

account of its high potency coupled with low toxicity. It is undoubtedly the best sulphonamide for routine use.

'Sulmezil' V tablets present these two drugs in a single easily-administered form. Each tablet contains 60 mg. of penicillin V (Calcium Salt) and 0.5 g. of 'Sulphamezathine'. In packs of 25, 100 and 500.

'Sulmezil'  tablets

IMPERIAL CHEMICAL INDUSTRIES LIMITED Pharmaceuticals Division Wilmslow Cheshire

Ph. 747

Midicel

SULPHAMETHOXYPYRIDAZINE

**sustained sulphonamide blood-level
prolonged therapeutic effect**

The new 'prolonged-action' sulphonamide, **MIDICEL***, maintains full therapeutic effect with only one tablet daily. Thus, the patient's comfort and convenience are enhanced and nursing care is simplified.

Comparable in price with other sulphonamides **MIDICEL** provides added advantage without added cost.

Absorption of **MIDICEL** is rapid and tissue diffusion is good. In the circulation a high proportion of the contained sulphonamide is in the free active form ensuring full therapeutic action.

Recommended Dosage: In adults an initial loading dose of 1 G (in severe infections only, 2 G) followed by 0.5 G daily. In children $\frac{1}{4}$ tablet (0.125 G) for each 20 lb. of bodyweight on the first day followed by half this dosage daily.

Packaging: Tablets of 0.5 G in containers of 12, 100 and 250

accelerates the recovery

ACHROMYCIN V SYRUP has been expressly formulated to provide faster and higher levels of ACHROMYCIN tetracycline in the blood and tissues of the younger patient. It contains ACHROMYCIN tetracycline in combination with sodium metaphosphate for greater clinical response. The Syrup is presented in a particularly acceptable orange-flavoured form that enables effective dosage to be given in small volume. The more rapid absorption of the antibiotic and its faster broad-spectrum antimicrobial action accelerate the resolution of the disease and thus leads to quicker recovery.

Each teaspoonful (5 cc.) contains: ACHROMYCIN tetracycline, 125 mg. and sodium metaphosphate, 190 mg. Bottles of 2 and 16 fl. oz.

LEDERLE LABORATORIES DIVISION

Why *suspension* Chloromycetin Palmitate?

Because the use of an insoluble Palmitate ester of Chloromycetin* overcomes the problem of administering the bitter-tasting parent antibiotic to children who cannot swallow capsules. The palatable suspension evolved provides easy and flexible dosage and readily permits hydrolysis in the alimentary tract to release pure Chloromycetin. With these advantages Suspension Chloromycetin Palmitate is of exceptional value in the treatment of many serious respiratory and gastro-intestinal infections.

WITH THE NEW IMPROVED PENICILLIN-V

'V-CIL-K' brand penicillin V potassium is the most efficient oral penicillin yet developed. It combines the acid stability of penicillin V with very rapid absorption. High therapeutic levels are swiftly attained and peak concentrations are reached within thirty minutes.

'V-CIL-K' provides the convenience of oral penicillin with the speed and sureness of the parenteral route. Whether judged by blood levels or by clinical results, it is fully as effective as intramuscular penicillin G.

'V-CIL-K' may be used whenever penicillin is indicated, even in serious infections hitherto requiring parenteral treatment. The dose is 125-250 mg. four times daily. The cost is identical with that of penicillin V. Available as tablets of 60 mg., 125 mg. and 250 mg.

BRAND OF NARCOTINE LINCTUS

*The new
cough reflex
inhibitor*

'NICOLANE' Linctus presents narcotine for the suppression of all forms of unproductive cough. It is particularly effective against the allergic cough and is useful for relieving the exhausted patient.

Tolerance and side effects are minimal, it has a wide margin of safety and it provides adequate control in oral dosage, over long periods.

'NICOLANE' Linctus contains 15 mg. narcotine in each teaspoonful (4 ml) and is available in bottles of 4 fluid ounces. Samples will gladly be made available to the medical profession for clinical trial.

Prescribable on E.C.10.

Basic N.H.S. price 3/7d. per 4 oz. bottle.

A. & G. Nicholas LTD. Slough, Bucks, England

TO ESTABLISH CONTROL Suppressing dosage varies with the needs of the individual. Initially, however, even in severe intractable conditions, treatment begins at a total daily dosage of 30 mg. **2 x 5 mg. Deltacortril Tablets t.i.d.**

TO MAINTAIN CONTROL When control has been established, dosage is reduced in order to determine the minimum effective maintenance dose. Every two or three days the total daily intake is reduced by one half tablet (2.5 mg.). These reductions continue until the desired level is reached. Maintenance doses average between 10 and

15 mg. daily 1 or 1½ x 5 mg.

★ For SUB-ACUTE and Chronic dermatoses
TAR + HYDROCORTISONE
 combined in
TARCORTIN
CREAM

have pronounced advantages over either medicament alone.

The established germicidal, stimulating and anti-pruritic properties of tar, in the treatment of sub-acute and refractory skin affections, can now be considerably enhanced by its incorporation with hydrocortisone.

Clinical trials have shown that the two medicaments together exert a powerful synergistic action that is far more rapid, more pronounced and complete than the action of either alone. These two valuable therapeutic agents are presented in a non-greasy, stainless, hydrophilic cream, known as TARCORTIN.

TARCORTIN CREAM is supplied in 7 grm. and 15 grm. tubes, containing 0.5% Hydrocortisone in a special coal-tar extract. ★ Literature available on request.

NULACIN

provides milk-alkali drip therapy without a tube

Maintains continuous control of gastric acidity

Until a few years ago, maintained continuous control of gastric acidity was impossible without hospitalization and discomfort to the patient.

Then a unique treatment in the form of Nulacin tablets was evolved to achieve this desirable state—simply, effectively and without attendant disadvantages. In the ensuing period Nulacin therapy has been amply tried and proved by numerous clinical studies and by therapeutic use in many countries.

A Nulacin tablet placed in the mouth between the cheek and the gum dissolves slowly and releases its contained medicaments at a rate that gives continuous neutralization of the acid gastric juice. Nulacin accomplishes this without any danger of causing alkalosis or other side-effects. The results are comparable with those of intragastric milk-alkali drip therapy.

INDICATIONS: NULACIN tablets are indicated whenever neutralization of the acid gastric contents is required: in active and quiescent peptic ulcer; gastritis and other conditions of gastric hyperacidity.

Dosage: Beginning half-an-hour after food, a Nulacin tablet should be placed in the mouth between the cheek and the gum and allowed to dissolve.

During the stage of ulcer activity, up to three tablets an hour may be required. During quiescent periods, for prophylaxis in peptic ulcer and for the relief of discomfort due to gastric hyperacidity, the dose of Nulacin is one or two tablets between meals.

NULACIN tablets are not advertised to the public and have no B.P. equivalent. They may be prescribed on E.C.10. The dispensing unit of 25 tablets is free of purchase tax. (Basic price to N.H.S. . . . 2/-). Also available in tubes of 12.

NULACIN tablets are prepared from whole milk combined with dextrins and maltose, and incorporate magnesium trisilicate 3.5 grs.; magnesium oxide 2.0 grs.; calcium carbonate 2.0 grs.; magnesium carbonate 0.5 grs.; Oil. Menth. Pip. q.s.

GASTRIC ANALYSIS Superimposed gruel fractional test-meal curves of five cases of duodenal ulcer.

GASTRIC ANALYSIS Same patients as in Fig. 1, two days later, showing the striking neutralizing effect of sucking Nulacin tablets (3 an hour). Note the return of acidity when Nulacin is discontinued.

penotran^E

Penotran® (Naphthalene-4-sulphonate) Disulphonate

in vaginal therapy

AVAILABILITY:

PENOTRANE Applicator Sets—containing Penotran^E Vaginal Cream & disposable applicators.

PENOTRANE Aqueous Solution—Bottles of 100, 500 and 2,000 c.c.

PENOTRANE Jelly—Tubes of 1 oz.

PENOTRANE Pessaries—Cartons of 15 and 100.

PENOTRANE Powder—Polythene Insufflating Containers.

PENOTRANE Tincture—Bottles of 15, 100, 500 and 2,000 c.c.

The powerful trichomonacidal and fungicidal properties of PENOTRANE present the greatest advantage in the treatment of vaginal discharge, particularly trichomonal vaginitis and moniliasis. PENOTRANE is also strongly bactericidal and it deeply penetrates the vaginal mucosa. Both the Pessaries and Vaginal Cream are buffered to approximate the normal vaginal acidity.

INDICATIONS: ★ Vaginal Discharge due to trichomonal, monilial and coccid infections. ★ Pruritus Vulvae. ★ Obstetrical Lubrication. ★ Pre-operative Skin Disinfection.

Literature and professional samples on request.

TAPE AS DIRECTED BY THE PHYSICIAN

Lecture or even a who-dunnit serial, relaxed, uninterrupted and *at a time convenient to the peculiar hours your profession requires you to keep?*

If you had a Grundig Tape Recorder you could do any of those things. Could listen at, say, ten o'clock to the tape of a broadcast made during evening surgery.

And that isn't all. When you own a Grundig you own a dictating machine as well as a tape recorder; a method of simplifying administration, cutting out paper work and incidentally of recording incoming telephone messages verbatim.

In short you'd not only get a lot more fun out of life; you'd get rather less work as well.

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose (unless otherwise specified) one copy each of 3 recent **testimonials** with short statement of experience and appointments held. Applications should be sent at once if no closing date is given. Canvassing in any form will disqualify.

★SERVICE MEMBERS may have difficulty in supplying recent **testimonials**, but this should not deter them from applying.

A fully registered medical practitioner who is liable for National Service must obtain deferment of recruitment in writing from the Central Medical Recruitment Committee or (in Scotland) the Scottish Central Medical Recruitment Committee before accepting any civilian appointment.

The position of provisionally registered medical practitioners who are liable for National Service has been made clear in a notice sent to them by the Ministry of Labour and National Service.

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

Registrar Grades, Whole-time

(a) **REGISTRAR**: Posts obtained normally not less than two years after registration as a medical practitioner and held normally for two years: £935 per annum in the first year; £1,061 10s. per annum in the second and any subsequent years. If the post is resident a deduction of £170 per annum is made.

(b) **SENIOR REGISTRAR**: Posts obtained normally not less than four years after registration as a medical practitioner and held normally for four years: £1,210 per annum in the first year; £1,320 per annum in the second year; £1,430 per annum in the third year; £1,540 per annum in any subsequent years. If the post is resident a deduction of £200 per annum is made.

Other Grades, Whole-time

(a) **HOUSE OFFICERS**:

(i) **Provisionally registered medical practitioners**: £467 10s. per annum for the first post held; £522 10s. per annum for the second and all subsequent posts held; provided that the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that the remuneration of any officer holding his first post in the National Health Service as a House Officer shall be £522 10s. per annum if they are satisfied that the officer has held at least one hospital post outside, of not less than six months' duration, involving clinical responsibilities equivalent to those of house posts in the National Health Service and supervised by appropriate specialist staff.

(ii) **Fully registered medical practitioners**: £577 10s. per annum for any post held; provided that in exceptional circumstances, subject to the consent of the Minister, this rate may be exceeded by up to £50 per annum where a post cannot be filled otherwise.

In each case under sub-sections (i) and (ii) above, a deduction of £125 per annum in respect of board and lodgings and other services provided shall be made and each post shall be tenable for six months.

(b) **SENIOR HOUSE OFFICER**: Posts obtained by fully registered medical practitioners and held normally for one year only: £819 10s. per annum. If the post is resident a deduction of £150 per annum is made.

(c) **JUNIOR HOSPITAL MEDICAL OFFICER**: Officers who have held house appointments but who are neither Senior House Officers nor in one of the registrar grades, who have less responsibility than other hospital officers of non-consultant status, and who have been appointed for a limited or an indefinite period, not less than one year after full registration as a medical practitioner: £852 10s. by £55 to £1,182 10s. per annum. If the post is resident a deduction of £170 per annum is made.

ALL NATIONAL HEALTH SERVICE HOSPITAL APPOINTMENTS ARE IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF SERVICE OF HOSPITAL MEDICAL STAFF

(27/8/57)

EASTER, 1958

ALL CLASSIFIED ADVERTISEMENTS should reach the **Advertisement Director** by the first postal delivery on **THURS., March 20, for March 29 issue**; **THURS., March 27, for April 5 issue**; **WED., April 2, for April 12 issue**.

Cancellations and/or corrections for the above issues cannot be effected if received in this office after 4 p.m. on March 21, 28, and April 2 respectively.

PRACTICES (Executive Councils)

For vacancies (except those in Scotland) apply on Form E.C.16A, obtainable from the Executive Council. Mark envelope "Vacancy."

LOWESTOFT, Suffolk

Applications invited for mainly urban vacancy, due to death. List at present approximately 3,285. "Intermediate" area. Surgery premises probably available for purchase. Apply, on Form E.C.16A, by March 26, to undersigned, from whom further details may be obtained.—A. P. Lucas, Clerk, East Suffolk County Executive Council, 32, Silent Street, Ipswich. (7188)

MIDDLESEX EXECUTIVE COUNCIL

VACANCY—WILLESDEN

Applications invited for vacancy occasioned by death of female practitioner. List at present approximately 2,600. "Designated" area. Premises may be available. Apply, on Form E.C.16A before March 22, 1958, to the Clerk, Middlesex Executive Council, North West House, 119/127, Marylebone Road, London, N.W.1. (7189)

NATIONAL HEALTH SERVICE

VACANCY IN MEDICAL PRACTICE—FIFE

A single-handed, old-established practice in Pittenweem, with over 1,700 National Health Service patients, will fall vacant on a retirement at July 5. The retiring doctor's house with surgery and surgery equipment will be available. The Executive Council will give further information on request, and will receive applications at 133, Dunnikier Road, Kirkcaldy, not later than April 17. Applicants should state age, period of notice required in present post and telephone number, and send one set of not more than three copy testimonials. Short-listed applicants will be invited by telephone or telegraph to an interview on April 24. (7348)

PUBLIC HEALTH**CITY OF BIRMINGHAM**
Public Health Department**ADMINISTRATIVE MEDICAL OFFICER OF HEALTH (Male or Female)**

Applications are invited from registered medical practitioners for post of Administrative Medical Officer of Health. Candidates should hold the Diploma of Public Health. This is a sectional post and the medical officer will be responsible to the Medical Officer of Health for the administration of activities relating to Maternity and Child Welfare Services and will also be available for all other work of the Health Department, such as housing, epidemiology and infectious diseases, etc. Applicants should, therefore, have had extensive experience in all branches of public health work. Salary scale £2,065 by £75 by £100 (2) to £2,340 per annum. Commencing salary within the scale will depend upon the medical officer's experience, Pension scheme (including widows and orphans), Medical examination. The officer appointed will be required to devote his/her whole time to official duties, and the appointment will be subject to three months' notice on either side. Applications, with names of three persons to whom reference may be made, to be sent to the Medical Officer of Health, Council House, Birmingham, 3, not later than March 26, 1958. (7321)

COUNTY BOROUGH OF CROYDON**ASSISTANT MEDICAL OFFICER OF HEALTH AND SCHOOL MEDICAL OFFICER**

Applications are invited for this established appointment from registered medical practitioners having at least three years' experience after qualification. The duties are mainly in the School Health and Maternity and Child Welfare Services. The D.P.H. or D.C.H. will be an advantage. Salary within the scale £1,050 by £50 to £1,200 by £55 to £1,475 per annum, commencing according to qualifications and experience. Application forms obtainable from the Medical Officer of Health, 45, Wellesley Road, Croydon. Closing date April 5, 1958.—E. Taberner, Town Clerk. (7124)

DERBYSHIRE COUNTY COUNCIL
County Health Department**MATERNAL AND CHILD WELFARE MEDICAL OFFICER (Female)**

Applications are invited from fully qualified medical practitioners for this whole-time superannuable post. Candidates should be experienced in antenatal work, midwifery, and children's diseases, as they will be required to hold consultations at the Council's Maternity and Child Welfare Clinics and Centres, and to perform such other duties as may be required. Salary £1,050 by £50 to £1,200 by £55 to £1,475 per annum, plus a car allowance. Particulars and application forms are obtainable from Dr. J. B. S. Morgan, County Medical Officer, St. Mary's Gate, Derby, and should be returned to him, duly completed, not later than March 24, 1958. (6997)

DERBYSHIRE COUNTY COUNCIL
Mental Health Department**ASSISTANT MEDICAL OFFICER FOR MENTAL HEALTH**

Applications invited from registered medical practitioners with D.P.H. and/or D.P.M. Recognition by Ministry of Education for ascertainment of subnormal children, and experience in mental health generally and ascertainment of handicapped essential. Salary: £1,210 by £55 (5) by £50 (4) to £1,685 per annum. Car and subsistence allowances. Post superannuable. Particulars and application forms obtainable from County Medical Officer, County Offices, St. Mary's Gate, Derby, closing date March 24, 1958. Canvassing disqualifies. (7209)

WARRICKSHIRE COUNTY COUNCIL
County Medical Officer of Health's Department**ASSISTANT COUNTY MEDICAL OFFICER OF HEALTH**

Applications are invited from registered medical practitioners for the above appointment, which is in the North-Eastern Area of the County. Preference will be given to those holding the D.P.H. or D.C.H. and with previous experience. Conditions of service and salary (£1,050 to £1,475) will be in accordance with the Whitley Council. The successful candidate will be required to provide a motor car in the performance of duties, for which Whitley Council scale allowances are payable. Grant towards removal expenses will be considered. Further particulars, including details of duties, and application forms may be obtained from the County Medical Officer of Health, Shire Hall, Warwick. Closing date for applications is March 29, 1958.—L. Edgar Stephens, Clerk of the Council, Shire Hall, Warwick. (6739)

INDUSTRIAL APPOINTMENTS

Attention is drawn to the B.M.A. scale of remuneration for Industrial Medical Officers (as revised by the Annual Representative Meeting 1957), which is available on request from the Secretary.

DAVID BROWN INDUSTRIES LIMITED REQUIRE the services of a Senior Medical Officer to be responsible for the industrial medical services of the Company. The post is based on Huddersfield, and additional part-time medical assistance is provided at certain branches. Candidates for the post should be not less than 35 years or more than 45 years of age. Previous experience in industry is essential, and D.I.H. would be considered an advantage. Salary will be in accordance with the B.M.A. scale. The post is pensionable. Replies, giving full details of qualifications, experience, etc., should be addressed to the Deputy Managing Director, David Brown Industries Limited, Durker Roads, Meltham, near Huddersfield, Yorkshire. (7333)

FACTORY DOCTORS
FACTORIES ACTS, 1937 and 1948

The following appointments as Appointed Factory Doctors are vacant, Shifnal, in the County of Salop; Hirwaun, in the County of Glamorgan. Applications, which should be received not later than April 5, 1958, should be sent to Chief Inspector of Factories, 19, St. James's Square, London, S.W.1. (7243)

COMMERCIAL APPOINTMENTS**MSL** have been retained to advise on the appointment of a**DIRECTOR OF RESEARCH**

This is a new scientific appointment offering considerable freedom in creating and directing a research organisation. It will interest those already in charge of academic or industrial research programmes.

The person appointed will be responsible for planning and equipping laboratories near London, drawing up a long term research programme and selecting his own research team. He will be encouraged to continue his scientific affiliations both at home and abroad.

In addition to creative satisfaction, the post offers tangible rewards of interest to those already earning £4,000 or more.

This new research establishment will be largely autonomous and will be complementary to the extensive research interest of the parent company, which is one of the larger ethical pharmaceutical firms in the U.S.A.

Candidates must have organised and conducted research in fields relating to biochemistry, physiology, pharmacology or experimental therapeutics and should preferably hold a higher scientific or medical qualification. Previous experience in the pharmaceutical industry is by no means essential.

Please send details of qualifications, experience and publications to R. A. Dennerley at the address below, quoting reference AM.793. No information will be disclosed to our client until candidates have been told the company's identity and have given permission after confidential discussion.

MANAGEMENT SELECTION LIMITED

17, Stratton Street, London, W.1.

QUEENSLAND RADIUM INSTITUTE

A vacancy exists for the position of **RESIDENT MEDICAL OFFICER** in the Queensland Radium Institute. Applicants should have completed one or two years of post-graduate experience when duties begin. Commencing salary for appointee with one year's experience £1,379 10s. (Australian), two years' experience £1,939 10s. (Australian), subject to future basic wage adjustments. Board and lodging provided or £100 living-out allowance in lieu thereof. Appointee will have opportunity for specialist training in radiotherapy in a progressive centre equipped with therapeutic apparatus ranging up to a supervoltage unit. Further particulars obtainable from the Director, Queensland Radium Institute, Herston Road, Brisbane. The Chairman of the Institute (Dr. A. Fryberg) will be in England about mid-April and may be interviewed by arrangement at Queensland House, 408-410, The Strand, London, W.C.2. Applications, enclosing testimonials, should be addressed to the Manager, Brisbane and South Coast Hospitals Board, Herston Road, Brisbane, Queensland, Australia, before April 30, 1958. (6943)

ST. JOHN OPHTHALMIC HOSPITAL

Applications are invited from suitably qualified medical practitioners for

TWO REGISTRARS

at the St. John Ophthalmic Hospital, Baragwanath. One to assist at the St. John Ophthalmic Hospital and with mobile unit in the field. Bilingualism will be a recommendation. Salary offered is £732 by £894 by £936 per annum, plus cost of living allowance. The hospital has been recognized as a teaching hospital equivalent by the South African Medical and Dental Council. Applications must be addressed to the Medical Superintendent, P.O. Box 7137, Johannesburg. (7288)

TASMANIA
LAUNCESTON GENERAL HOSPITAL
Launceston

Applications are invited from qualified medical practitioners for the position of

DEPUTY SUPERINTENDENT

Salary £A.2,000 per annum. If the applicant is in possession of higher qualifications in medicine, his commencing salary will be £A.2,250 per annum. An assisted passage can be arranged through the Immigration Department. Applications to be addressed to the General Superintendent, from whom any further particulars regarding appointment may be obtained.—B. W. Griffiths, Secretary. (6619)

THE ONTARIO CANCER INSTITUTE
500, Sherbourne Street, Toronto 5, Canada

This new institute and teaching hospital of the University of Toronto seeks applications for the position of

RESIDENT HOUSE STAFF

for periods of not less than six months at a time. The appointment would suit those planning to settle in Canada and require time to work for the Dominion Council examinations. Alternatively, for those interested in radiotherapy and the investigation and management of cancer cases by means other than surgery, it would provide an excellent introduction. Stipend \$200 (two hundred dollars) per month, plus maintenance. Enquiries, with references, to the Director. (6080)

THE DOCTORS HOSPITAL, New York, U.S.A.

Applications are invited for the following posts:

1. **TWO RESIDENT HOUSE PHYSICIANS** one for duties commencing May 31, the other for June 30.
2. **TWO RESIDENT OBSTETRICAL HOUSE SURGEONS** for duties commencing June 30.

The monthly salary will be \$300 with free board, lodging, and laundry. Selected applicants will be expected to sign a contract for one year. Return passage by air or sea will be paid for by the Hospital. Only post-registration graduates of British Universities who have done their military service or are exempt from it will be considered. Applications, with copies of two recent testimonials should be sent to Box 2789, B.M.J., as soon as possible.

UNIVERSITY COLLEGE, Ibadan, Nigeria

Applications are invited for

The departments are in the new University College Hospital. Appointees will be offered honorary consultantships by the hospital. Salary £3,000 per annum. Child, car and outfit allowances. Part-furnished accommodation at rent not exceeding 7.7% of salary. Passages for appointee, wife and up to three children below age of 11 years, on appointment, overseas leave and termination. F.S.S.U. Detailed applications (12 copies), naming three referees, by April 16, 1958, to Secretary, Senate Committee on Colleges Overseas in Special Relation, University of London, Senate House, London, W.C.1, who has further particulars. (7294)

UNIVERSITY COLLEGE, Ibadan, Nigeria

Applications are invited for a **LECTURESHIP IN OBSTETRICS AND GYNAECOLOGY**

from candidates with M.R.C.O.G. Initial appointment three years. Honorary appointment to University College Hospital. Salary scale £1,700 by £100 to £2,100 per annum. Child, car and outfit allowances. Part-furnished accommodation at rent not exceeding 7.7% of salary. Passages for appointee, wife and up to three children below age of 11 years, on appointment, overseas leave and termination. F.S.S.U. Detailed applications (10 copies), naming three referees, by April 21, 1958, to Secretary, Senate Committee on Colleges Overseas in Special Relation, University of London, Senate House, London, W.C.1, from whom further particulars may be obtained. (7295)

WANTED, INTERNS FOR JULY, 1958. SALARY \$100 monthly and full maintenance. 12 months' rotating service. Teaching programme. Write, Thomas J. Quigley, M.D., St. Vincent's Hospital, Staten Island 10, New York, N.Y.

WESTERN REGION OF NIGERIA

Applications are invited from doctors with medical qualifications registrable in the United Kingdom for the following Specialist appointments:

SPECIALIST ANAESTHETISTS

Candidates must possess F.F.A. or equivalent, and at least six years' post-registration experience in full-time anaesthetist appointments.

SPECIALIST PHYSICIAN

Candidates must possess M.R.C.P. or equivalent, with at least six years' post-registration experience in specialist medical appointments.

Duties for above appointments mostly at Adecoyo Hospital, Ibadan, but will include visits to other Government hospitals in the Region.

SPECIALIST OBSTETRICIAN

required for obstetrical and gynaecological duties, including out-patient, maternity, child welfare and antenatal work in the larger provincial hospitals of the Region (which are being enlarged up to 200 beds), and to assist in training midwives. Candidates must possess M.R.C.O.G. or an equivalent higher qualification with considerable experience of major surgery in their specialty and have had at least six years' post-registration experience.

Appointment (one tour of 12-24 months in the first instance) may be either:

- (a) on contract with gratuity (taxable) on satisfactory completion of contract at rate of £37 10s. for each completed period of three months' service (including leave); or
- (b) from National Health Service, candidates retaining superannuation rights and receiving gratuity (taxable) of 20% of aggregate of salary.

Salary under (a) £2,664 a year, and (b) £2,220. Quarters provided at low rental. Taxes at local rates. Annual leave permissible; generous home leave granted after each tour. Free return passages for officer, wife and children (up to three).

Application forms from Director of Recruitment, Colonial Office, London, S.W.1, quoting B.C.D. 117/410/028. (7353)

OVERSEAS (Wanted)

EXPERIENCED SURGEON SEEKS LONG-OR short-term opening in East, Central or South Africa, also Australia. Fully prepared to take share of general practice.—Box 2763, B.M.J.

THE ERNEST AND MINNIE DAWSON CANCER TRUST

A COMPETITION FOR GENERAL MEDICAL PRACTITIONERS

The purpose of the Ernest and Minnie Dawson Cancer Trust, which came into being in 1955, is to arrange competitions between selected general medical practitioners and to give big financial prizes to such practitioners who from time to time make what is considered to be the most valuable contribution to the early diagnosis, prevention and treatment of cancer and to knowledge of its causes. The second competition, which will close on May 1, 1959, will take the form of a thesis on cancer. The subject matter is at the discretion of the entrant and may relate to cancer in various sites or cancer of one organ; it may also lay emphasis on one or more of the following: (a) early diagnosis; (b) causes; (c) prevention, and (d) treatment. All entries must contain original thought and observation, and be the result of personal endeavour. The competition is open to doctors mainly engaged in general practice, who practise and/or reside in Lancashire or Yorkshire; and the maximum prizes offered are £1,500 (first) and £500 (second), subject to the merit of the entries submitted. Entry forms and detailed conditions of entry may be obtained from the Clerk to the Trust, The Ernest and Minnie Dawson Cancer Trust, 89a, Fishergate Hill, Preston, Lancs.—E. Pearson, Clerk to the Trust.

ST. ANDREW'S HOSPITAL, NORTHAMPTON for Nervous and Mental Disorders

President: The Earl Spencer. Medical Supt. Thomas Tennent, M.D., F.R.C.P., D.P.H., D.P.M. This Registered Hospital is situated in 130 acres of park and pleasure grounds. Voluntary patients who are suffering from incipient mental disorders or who wish to prevent recurrent attacks of mental trouble, temporary patients and certified patients of both sexes are received for treatment. Careful clinical, biochemical, bacteriological and pathological examinations. Private rooms with special nurses, male or female, in hospital or in one of the numerous villas in grounds of the various branches can be provided.

Moulton Park.—Two miles from the main hospital there are several branch establishments and villas situated in a park and farm of 650 acres. Milk, meat, fruit and vegetables are supplied to the hospital from the farm, gardens and orchards of Moulton Park. Occupational therapy is a feature of this branch and patients are given every facility for occupying themselves in farming, gardening and fruit-growing.

Wantage House.—This is a Reception Hospital in detached grounds with a separate entrance to which patients can be admitted. It is equipped with all the apparatus for the complete investigation and treatment of Mental and Nervous Disorders by the most modern methods: insulin treatment is available for suitable cases. There is an Operating Theatre, a Dental Surgery, an X-ray Room, an Ultra-Violet apparatus, and a department for Diathermy and High-frequency treatment. It also contains laboratories for biochemical, bacteriological, and pathological research. Psychotherapeutic treatment is employed when indicated.

Bryny-Neauadd Hall.—The seaside house of St. Andrew's Hospital is beautifully situated in a park of 330 acres at Llanfairfechan amidst the finest scenery in North Wales. On the North-West side of the Estate a mile of sea-coast forms the boundary. Patients may visit this branch for a short seaside change or for longer periods. The hospital has its own private bathing house on the seashore. There is trout-fishing in the park.

At all the branches of the hospital there are cricket grounds, football and hockey grounds, lawn tennis courts (grass and hard courts), croquet grounds, golf courses and bowling greens. Ladies and gentlemen have their own gardens, and facilities are provided for handicrafts such as carpentry, etc. For terms and further particulars apply to the Medical Superintendent (Telephone No.: Northampton 4354 (3 lines)), who can be seen in London by appointment.

SPRINGFIELD HOUSE, near BEDFORD

Phone: Bedford 3417

For Mental Cases (including the aged). Fees from ten guineas per week. For terms of admission, etc., apply to the Resident Physician, Cedric W. Bower. Interviews in London by appointment.

MEDICAL PRACTICES ADVISORY BUREAU

APPOINTMENTS INFORMATION SERVICE

Doctors seeking information about openings in the various fields of medical practice, or introductions as locums, assistants or partners, are invited to address inquiries to the Medical Director, Medical Practices Advisory Bureau, at

B.M.A. House, Tavistock Square, London, W.C.1. Telephone number: Euston 5601/2.
