

*A new chemotherapeutic agent developed in Hungary  
for the treatment of malignant neoplasms*

**'DEGRANOL'**

BRAND OF

**MANNOMUSTINE (B.C.M.)**

### ***Preliminary announcement to the profession***

Arrangements have been made with the Hungarian authorities for the general availability for the first time in this country of a new type of cytostat. This product was first prepared by Dr. L. Vargha of Hungary by linking nitrogen mustard with mannitol to form 1, 6-bis-(beta-chloroethylamino)-1, 6-desoxy-D-mannitol-dihydrochloride (known to research workers as B.C.M.):

The product strongly inhibits proliferating lymphocytes and it is also being investigated for its effect on metastasising tumours. Extensive clinical investigation in Hungary shows it to be of particular interest in the treatment of:—

***Chronic Lymphoid Leukaemia,  
Chronic Myeloid Leukaemia,  
Lymphadenoma, Lymphosarcoma,  
Reticulosarcoma, Myeloma.***

***Carcinoma and Sarcoma*** DEGRANOL is being used experimentally in Hungary for administration before and after surgical treatment especially in gastric, intestinal and rectal cancer, to prevent tumour cells from being spread by the operation. In non-operable cases palliative effects have been obtained with DEGRANOL in a number of cases, with relief from pain, gain in weight and subjective improvement.

***Toxicity, side effects etc.*** DEGRANOL has been exhaustively tested clinically in Hungary and is now undergoing large scale controlled clinical trials in this country. When used in accordance with instructions DEGRANOL is remarkably free from side effects. It is very much less toxic than nitrogen mustard and even unusually large doses are well tolerated.

***Administration*** DEGRANOL is available in the form of 50mg ampoules, and is administered by intravenous injection.

*Full information, literature, references etc. supplied on application to the sole U.K. distributors for CHINOIN, BUDAPEST*

***Leda Chemicals Limited • (Pharmaceutical Division)***

***P.O. Box 500 - Berk House - Portman Square - W1 - Telephone : Hunter 6688***

*Supplies can be obtained from the above or through the usual distributive channels*

# SAUNDERS BOOKS

## Sollmann's **MANUAL OF PHARMACOLOGY—New (8th) Edition**

The Eighth Edition of this world-famous work has been extensively revised to bring it right up-to-date. It gives comprehensive and essential information about all the drugs in which the physician may become interested. All useful drugs are evaluated and their uses described in detail, with information on origin, history, absorption, fate and excretion, chemistry, action on various tissues, dosage and toxicity.

"... *Sollmann is an all-round work of reference to older drugs as well as to newer ones, and contains the answers to large numbers of questions with which the doctor is so often faced. . . . Every doctor should possess the latest edition of Sollmann. . . .*"

BRITISH MEDICAL JOURNAL.

By TORALD SOLLMANN, *Professor Emeritus of Pharmacology and Materia Medica, School of Medicine, Western Reserve University.* 1,525 pages. £7

## Beckman's **DRUGS: Their Nature, Action & Use**

A new and imaginative text on pharmacology, in which the doctor is not asked to cope with thousands of drug agents—hundreds of which will be abandoned or replaced before he gets a chance to use them. Instead he is presented with classes of drugs grouped under categories determined by their action—rather than by type of disease against which they are effective.

By HARRY BECKMAN, *Director, Department of Pharmacology, Marquette University.* 728 pages.

£5 5s.

## Levine's **CLINICAL HEART DISEASE—New (5th) Edition**

A straightforward and up-to-date picture of cardiac disease—its cause, its diagnosis and its treatment. It gives practical advice from an eminent clinical cardiologist, presented in a conversational tone that somehow makes difficult problems seem a little less formidable.

By SAMUEL A. LEVINE, *Clinical Professor of Medicine, Harvard Medical School.* 646 pages, 216 illustrations, 914 electrocardiograms.

£3 6s. 6d.

## Novak's **GYNECOLOGIC & OBSTETRIC PATHOLOGY—New (4th) Edition**

A superbly balanced reference book detailed enough for the specialist, yet written simply enough for the family physician. It describes, pictures and explains the lesions of each of the female generative organs. It stresses clinical aspects to ease your diagnoses.

By EMIL NOVAK, *Fellow and Past-President, American Gynecological Society;* and EDMUND R. NOVAK, *Assistant Professor of Gynecology, Johns Hopkins Medical School.* 650 pages, 683 illustrations (25 in colour).

£4 18s.

### † 95% Successful in soft-tissue infections

A Pfizer survey (August, 1957) evaluating information from private reports of 1,404 cases treated with Sigmamycin, showed that 95% of 365 patients with soft-tissue or skin infections responded fully to Sigmamycin and their treatment was considered successful.

# Treatment of DIABETES MELLITUS without injections

Rastinon »Hoechst« tablets provide an oral treatment for certain diabetic patients.

**EFFECTIVE** A number of patients on small regular doses of insulin have been found to be suitable for treatment with Rastinon »Hoechst« tablets. Clinical work throughout the world has shown that approximately a quarter of all diabetics can be stabilized on Rastinon »Hoechst« tablets. A few of the more recent references to the literature are given opposite.

**SAFE** The selection and stabilization of diabetic patients should be carried out under strict medical supervision. For those patients found to be suitable, Rastinon »Hoechst« tablets provide a safe form of therapy and many have now been on oral treatment for two years. No cases of proven dyshaemopoiesis or other serious side-effects due to the drug have been reported.

**SIMPLE** From 2 to 4 tablets a day are normally all that is required to replace the insulin with its concomitant syringe, needles, swabs, and often nursing assistance as well. The normal regime of urine examination and dietary control remains necessary.

**Packs:** bottles of 100 and 500 tablets.

The basic price to the National Health Service as dispensed from a 500 tablet bottle is 2.97d per tablet and the total cost to the National Health Service, with all allowances, is less than 4d per tablet.

Each tablet contains 0.5 G. of N-Butyl-N<sup>1</sup>-toluene-p-sulphonylurea; (Tolbutamide).

**Kiddies need no coaxing  
with this new form of Achromycin V**

Here's an entirely new form of ACHROMYCIN V especially designed to simplify the control of infection in children and infants. ACHROMYCIN V Pediatric Drops Aqueous—delightfully flavoured with orange—make a particular appeal to the child who turns awkward when it's time to take his medicine.

The product contains ACHROMYCIN tetracycline with citric acid and sodium citrate for more rapid absorption and higher levels of the antibiotic in the blood.

Thus infection can be promptly controlled and the child's recovery accelerated. Accurate dosage can be measured drop by drop from the pliable plastic bottle (5 mg. of tetracycline per drop). The product can be given directly onto the tongue or added to water or fruit juice.

# THE RIKER 'Medihaler' REGD.

The most significant advance in recent years  
in oral inhalation therapy for asthma

THE 'MEDIHALER'  
PROVIDES THESE  
UNIQUE FEATURES

- A measured dose of predetermined particle size
- An aerosol spray mechanism
- Extreme simplicity and ease of operation
- A robust mechanism

## 'Medihaler EPI'

Contains 7 mg./c.c.  
Adrenaline Acid Tartrate  
B.P. in suspension in inert  
aerosol propellant.  
Dose delivered is equivalent to  
0.15 mg. adrenaline base.

## 'Medihaler ISO'

Contains 2 mg./c.c.  
Isoprenaline Sulphate  
B.P. in inert aerosol propellant.  
Dose delivered is 0.075 mg.  
isoprenaline sulphate.

### PRESCRIPTION INFORMATION

The first prescription should order a Complete  
Outfit of either 'Medihaler Epi' or 'Medihaler Iso' (propellant  
unit and oral adapter).

The basic N.H.S. cost is 12/8d.

Repeat prescriptions should specify the appropriate refill  
propellant unit required.

The basic N.H.S. cost is 10/4d.

'Medihaler' is a registered trade mark.

**MASTER PLAN**  
*against*  
*migraine*

The prescribing of 'Migril' makes possible at last a *planned* attack upon the three predominant symptoms of migraine. Ergotamine is present at strength in 'Migril' for its specific effect upon the characteristic headache and ocular disturbances. Caffeine is present too, since it acts as a synergist to ergotamine. Frequently, however, ergotamine tends to evoke nausea and vomiting on its own account and can therefore worsen these aspects of the condition. For this reason, the potent, rapidly acting anti-emetic cyclizine is also included in 'Migril'—to overcome any tendency to nausea or vomiting, whether caused by the ergotamine or by the condition itself. And so successfully does cyclizine achieve this aim that truly effective oral doses of ergotamine can today be given—by means of 'Migril'.

BURROUGHS WELLCOME & CO., LONDON  
(THE WELLCOME FOUNDATION LTD.)

## When Geigy was founded.....

## 1758

Rococo was in fashion. Madame Pompadour was the ruling favourite at Versailles. Haydn was composing music, Voltaire and Rousseau were writing, Goethe and Mozart were still in their childhood. A few years earlier, Benjamin Franklin had invented the lightning conductor; a few years later James Watt built the first steam engine. In France, Diderot and d'Alembert were working on their Encyclopaedia; the University of San Felipe in Santiago de Chile was two years old, the Vienna and Edinburgh Stock Exchanges five. Adam Smith was writing the Wealth of Nations. Britain and France were fighting for possession of overseas territories, and war was also in progress between Frederick the Great and Maria Theresa, Empress of Austria. Porcelain factories were being founded, cement had just been discovered; and the cabinet-maker Chippendale had created a new style of furniture.

In 1758 one of the oldest chemical firms in the world was founded in Basle, Switzerland. It was a shop where dyes, drugs and chemicals were sold, and the founder's name was Johann Rudolf Geigy.

The firm has carried that name ever since. This year J. R. Geigy S.A., of Basle, joins its associates throughout the world to celebrate the 200th year of its foundation. In two centuries the one-man business has grown into an international concern whose products — like the DDT insecticides and the Mitin mothproofing process — are famous everywhere.

The Geigy Group of Companies today make and sell dyestuffs, pigments and tanning materials, industrial chemicals, plasticisers, pesticides and pharmaceuticals. In the field of organic chemicals the name of Geigy is a mark of quality.

### **\* Rapid, sustained symptomatic Relief**

In acid dyspepsia and peptic ulcer, prescribe one heaped teaspoonful or three tablets Neutradonna, three or four times a day.

**BRITISH SCHERING LIMITED • LONDON**

**the antibiotic of choice**

**in a NEW presentation**

### **ACHROMYCIN OPHTHALMIC OIL SUSPENSION 1%**

has been specially developed to make the topical use of ACHROMYCIN tetracycline in eye infections even simpler and more effective. The Oil Suspension offers optimal dispersion of the antibiotic; it diffuses rapidly into the conjunctival sac, has less effect on visual acuity, and provides longer-lasting antibiotic effectiveness. This new form of ACHROMYCIN is acceptable in every sense — to patient and physician alike. The new plastic dropper-type bottle makes accurate dosage easy, and the preparation is virtually free from side-effects. Because the product is so effective and simple to use, the patient can co-operate fully in following the treatment prescribed. That is why ACHROMYCIN Ophthalmic Oil Suspension 1% is now the treatment of first choice in many common forms of eye infection.

#### UNIQUE FAT STORAGE

Most of the advantages of 'TACE' are derived from its storage in body fat. Pharmacological evidence has been provided by articles published<sup>1,2</sup>, and from results demonstrated by radio-autographs. Abundant clinical confirmation is also available.

No other oestrogen at present available has this property. Because 'TACE' is stored in body fat no sudden drop in oestrogen blood level occurs. The oestrogenic effect persists for up to 3 months after administration ceases.

High doses are unnecessary, since 'TACE' is metabolized by the liver to a more potent oestrogenic compound.

1. *Amer. J. Obst. Gynec.* (1952) **63**:1361.
2. *Proc. Soc. exp. Biol.* (1953) **84**:491.

Dose: 2 capsules daily for one month.

PACKS: 'TACE' is available as green capsules, each containing 12 mgm. chlorotrianisene dissolved in oil: Bottles containing 60 to 300 capsules. The basic N.H.S. costs are 18/4d. and 73/-.

#### *Feeling of Well Being*

The feeling of well being, so important to the patient, is characteristic of 'TACE' therapy.

#### *Smooth Prolonged Action with Fewer Side Effects*

Fat storage results in a steady release of oestrogen, providing a smooth action which persists for some time after administration has ceased.

#### *Low Incidence of Withdrawal Bleeding*

Owing to the gradual release of the fat stored 'TACE', no fluctuations occur in blood oestrogen levels. Withdrawal bleeding consequently is greatly diminished.

#### *Simplicity of Dosage*

'TACE' is given on a fixed dosage scheme. Higher dosage does not produce greater fat storage.

'TACE' is a registered trade mark of the Wm. S. Merrell Co., London. Distributed in Great Britain and Irish Republic by

**RIKER LABORATORIES LIMITED . LOUGHBOROUGH . LEICS.**

# Anabolex

## the protein-anabolizing steroid

**restores  
normal  
protein  
metabolism**

**P**ATIENTS who are recovering from illness frequently suffer from faulty protein metabolism. They are in negative nitrogen balance. Protein, in effect, is being broken down and lost faster than it is being built up.

*Anabolex* (Androstanolone) restores the physiological balance. Many clinical trials have shown that, following the administration of *Anabolex*, there is an immediate return of the body's capacity to build up protein. The patient feels better, eats better and gains weight.

Anabolex can be safely given to patients of all ages and both sexes; in therapeutic doses, its virilizing properties are almost negligible. The only known contra-indication is prostatic carcinoma.

### INDICATIONS:

Convalescent patients. Premature infants. Asthenia. Malnutrition. Wasting diseases. Preparation for and recovery from planned surgery.

*PRESENTATION: In vials of 25 and 100 tablets, each tablet containing 25 mg. Androstanolone. Anabolex can be prescribed on Form E.C.10. Basic N.H.S. price 20/- and 70/-.*

'ANABOLEX' is a registered trade mark of

Lloyd-Hamol Limited, 11 Waterloo Place, London, S.W.1

## EAR WAX *Removed this easy way*

The removal of wax from the external auditory meatus has, in the past, normally entailed attendance by the patient for diagnosis and for the prescription of a suitable loosening agent, and a second attendance a few days later for syringing.

Now, by the use of Cerumol Ear Drops, wax can be removed in most cases at one visit. A few drops of Cerumol can be instilled into the ear and, while another patient is being attended to, the soft cerumen dissolves and the harder wax disimpacts. The wax can then be removed by gentle syringing or with cotton wool. The wax may even be found to run out of the ear on its own accord, in which case patients themselves may instil Cerumol at home, obviating further attendances.

Cerumol is anti-bacterial, non-irritating and harmless to the lining of the external auditory meatus or the tympanic membrane. Cerumol is included in Category No. 4 of the M.O.H. classified list of Proprietary Preparations and may be prescribed on N.H.S. Form E.C.10.

**FORMULA** (Active Constituents per 100 c.c.):— *p*-dichlorobenzene B.P.C., 2 gm.; Benzocaine B.P., 3 gm.; Chlorbutol B.P., 5 gm.; Ol. Terebinth B.P., 15 c.c.

**PACKS:**—For Surgery Use: 10 c.c. vial—separate dropper included. (Basic N.H.S. price 2/8.) For Hospital Use: 2 oz. and 10 oz. bottles.

### CERUMOL

BELVUE ROAD • NORTHOLT • MIDDLESEX • TELEPHONE WAXLOW 1061

## Diuretic Therapy

Gratifying results are obtained in the management of congestive heart failure by the use of Mersalyl B.D.H. The symptoms due to the increase of extracellular fluid are relieved, the patient becomes ambulatory and the duration of decompensation crises is shortened.

MERSALYL B.D.H. is indicated not only for its curative action but also as a prophylactic as soon as there is any sign of extracellular fluid, increase of weight, 'cardiac asthma' or pulmonary congestion in order to prevent the onset of severe

pulmonary oedema. This prophylactic use of Mersalyl B.D.H. ensures that nocturnal rest is obtained and considerably reduces the risk of the development of a decompensation crisis with general oedema.

### MERSALYL B.D.H.

Mersalyl B.D.H. conforms to the specification for Mersalyl B.P.

For injection—ampoules of 1 ml. Boxes of 6 at 2/6. Ampoules of 2 ml. Boxes of 6 at 2/10.

Suppositories (0.4 grm.). Boxes of 6 at 4/10.

Tablets (80 mg.) for oral use—Bottle of 20 at 2/6. (Basic N.H.S. prices)

## APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose (unless otherwise specified) one copy each of 3 recent★testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

House Officers should submit a separate application for each post for which they apply.

Canvassing in any form will disqualify.

★SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.

A fully registered medical practitioner who is liable for National Service must obtain deferment of recruitment in writing from the Central Medical Recruitment Committee or (in Scotland) the Scottish Central Medical Recruitment Committee before accepting any civilian appointment.

The position of provisionally registered medical practitioners who are liable for National Service has been made clear in a notice sent to them by the Ministry of Labour and National Service.

### SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

#### Registrar Grades, Whole-time

(a) **REGISTRAR**: Posts obtained normally not less than two years after registration as a medical practitioner and held normally for two years: £935 per annum in the first year; £1,061 10s. per annum in the second and any subsequent years. If the post is resident a deduction of £170 per annum is made.

(b) **SENIOR REGISTRAR**: Posts obtained normally not less than four years after registration as a medical practitioner and held normally for four years: £1,210 per annum in the first year; £1,320 per annum in the second year; £1,430 per annum in the third year; £1,540 per annum in any subsequent years. If the post is resident a deduction of £200 per annum is made.

#### Other Grades, Whole-time

##### (a) HOUSE OFFICERS:

(i) *Provisionally registered medical practitioners*: £467 10s. per annum for the first post held; £522 10s. per annum for the second and all subsequent posts held; provided that the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that the remuneration of any officer holding his first post in the National Health Service as a House Officer shall be £522 10s. per annum if they are satisfied that the officer has held at least one hospital post outside, of not less than six months' duration, involving clinical responsibilities equivalent to those of house posts in the National Health Service and supervised by appropriate specialist staff.

(ii) *Fully registered medical practitioners*: £577 10s. per annum for any post held; provided that in exceptional circumstances, subject to the consent of the Minister, this rate may be exceeded by up to £50 per annum where a post cannot be filled otherwise.

In each case under sub-sections (i) and (ii) above, a deduction of £125 per annum in respect of board and lodging and other services provided shall be made and each post shall be tenable for six months.

(b) **SENIOR HOUSE OFFICER**: Posts obtained by fully registered medical practitioners, and held normally for one year only: £819 10s. per annum. If the post is resident a deduction of £150 per annum is made.

(c) **JUNIOR HOSPITAL MEDICAL OFFICER**: Officers who have held house appointments but who are neither Senior House Officers nor in one of the registrar grades, who have less responsibility than other hospital officers of non-consultant status, and who have been appointed for a limited or an indefinite period, not less than one year after full registration as a medical practitioner: £852 10s. by £55 to £1,182 10s. per annum. If the post is resident a deduction of £170 per annum is made.

**ALL NATIONAL HEALTH SERVICE HOSPITAL APPOINTMENTS ARE IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF SERVICE OF HOSPITAL MEDICAL STAFF** (22/5/58)

Please state type of vacancy and remit to the Advertisement Director, B.M.J.

## WORLD MEDICAL ASSOCIATION

### DEPUTY SECRETARY GENERAL

The World Medical Association, the office of which is in New York, proposes to appoint a Deputy Secretary General with a view to succession to the office of Secretary General when the present holder of that office retires in the relatively near future.

Applications for the appointment of Deputy Secretary General must be sent to the national medical association of the applicant's country, which will transmit the applications of recommended candidates to the W.M.A. in New York.

Registered medical practitioners interested in this appointment who are members of, or eligible for membership of, the British Medical Association, are invited to submit their applications to the Secretary of the British Medical Association at B.M.A. House, Tavistock Square, London, W.C.1. Applications, which must be received not later than September 30, should include full details of professional qualifications and experience, and be accompanied by a recent photograph and the names of three persons to whom reference may be made.

Applicants should preferably be in the age group 45 to 55 and have administrative and/or organizational experience and a working knowledge of English, French, and Spanish. They must be willing to take up residence in New York City as Deputy Secretary General at a starting salary of approximately \$15,000 annually, and be prepared to devote their full time to the interests of the Association. The Deputy Secretary General will have a reasonable expectation of promotion to the position of Secretary General at a salary to be agreed upon when that office becomes vacant, but such promotion will be based entirely upon merit and performance and be subject to the decision of the W.M.A. Council. The normal age of retirement from the office of Secretary General is 65, but by mutual agreement retirement may be postponed on an annual basis for a period not exceeding five years.

## PRACTICES (Executive Councils)

(Commencing salary within these scales will be determined by the Salaries Grading Committee of the Department of Health.) Conditions of appointment and schedule of duties may be obtained on application to the High Commissioner for New Zealand, London.—R. P. Northe, Managing Secretary, Hawke's Bay Hospital Board, Napier, New Zealand. (3234)

**GOVERNMENT OF THE FEDERATION OF  
RHODESIA AND NYASALAND****Ministry of Health****VACANCY: CARDIOGRAPHERS/  
ENCEPHALOGRAPHER**

A Technician (male or female) is required for electroencephalography, electrocardiography, and to operate similar diagnostic electronic apparatus in the Salisbury Group of Hospitals. Most of the investigations will be concerned with the electroencephalograph, and the successful applicant should have some knowledge of maintenance. Experience in the interpretation of electroencephalography records would be an advantage but is not essential.

Qualifications: Applicants must hold at least the G.C.E. with four subjects at "O" level obtained at one and the same examination or school certificate or equivalent, or higher educational qualification and possess some previous experience in this field.

Salary: On appointment, will be assessed on educational qualifications plus credit for previous experience approved by the Ministry as being relative to the post, and will be

for men between £420 per annum and £900 per annum,

for women between £420 per annum and £720 per annum.

The salary scale rises to a maximum of £1,370 per annum for men and £1,100 per annum for women.

Other benefits: Pension, generous leave conditions, and free passage to the Federation.

Application forms and further details from the Secretary (R), Rhodesia House, 429, Strand, London, W.C.2. Closing date June 14. (4000)

**INSTITUTE OF MEDICAL AND VETERINARY  
SCIENCE, Adelaide, South Australia**

Applications are invited for an appointment as

**CLINICAL PATHOLOGIST**

at the Institute. The duties include clinical haematology and surgical histopathology. There are ten medical graduates in the Division of Clinical Pathology, which carries out about 100,000 examinations annually for hospitals and private practitioners. There is opportunity for carrying out special investigations. The laboratories are modern and well equipped. The appointment is for four years in the first instance, but may be renewed or may be made permanent. The salary is within the range £A.1,873 to £A.2,328 for an applicant with some preliminary experience, but a more senior applicant would be placed in the range £A.2,328 to £A.2,703. A first-class passage for the appointee and his family will be provided. Further particulars may be obtained from the Director, P.O. Box 14, Rundle Street, Adelaide, to whom applications should be submitted before June 30, 1958. (3294)

**MURE MEMORIAL HOSPITAL, Nagpur, India**

The Church of Scotland has an immediate vacancy for a fully qualified Woman Doctor, on short-term basis, 100-bed hospital; gynaecology, midwifery. Initial salary £340 per annum, with free passage, rent-free quarters. Full particulars and terms of service from the Women Candidates Secretary, 121, George Street, Edinburgh, 2. (3956)

**THE OTAGO HOSPITAL BOARD  
Medical Unit, Dunedin Hospital  
University of Otago****SENIOR ASSISTANT  
on the Clinical and Teaching Staff  
and Lecturer in Medicine**

Applications are invited for the position of Senior Assistant on the Medical Unit, Dunedin Hospital and University of Otago, from persons holding a degree in medicine of an approved university and who either: (a) hold a higher qualification and have had two or more years' practical experience in medicine; (b) have been qualified for six years or more and have had three years' or more practical experience in medicine. The Senior Assistant ranks as lecturer or senior lecturer in medicine and as a junior specialist and the salary payable is that under the Hospital Employment (Medical Officers') Regulations—viz., £1,640 to £1,940. The commencing rate of salary within the scale will be that determined by the Medical Officers' Salaries Grading Committee in accordance with the qualifications and experience of the appointee. Applicants should have a good background in medicine. The position is non-resident, is full-time, and private practice is not permitted. Conditions of appointment and application forms may be obtained from the office of the High Commissioner for New Zealand, 415, Strand, London, or from the undersigned. Travelling expenses will be paid in accordance with the table set out in the conditions of appointment. Applications, stating age, qualifications and experience, together with health and radiological certificates and testimonials, will be received by the undersigned up to 10 a.m. on Monday, July 28, 1958.—W. A. Williamson, Secretary, Otago Hospital Board, P.O. Box 946, Dunedin, N.Z. (3253)

**Oversea (Vacant)—contd.****NEW MOUNT SINAI HOSPITAL**  
Toronto 2, Canada**ASSISTANT PATHOLOGIST**  
(Surgical and Autopsy)

A pathologist with at least two years' experience is required for this fully accredited, modern, well-equipped hospital for September 1, 1958. Every opportunity given to a suitable applicant for a permanent career in pathology. Salary based on qualifications and experience, with a minimum of \$8,000 per annum. Advance on passage expenses considered. For full details write to Director of Laboratories, New Mount Sinai Hospital, 550, University Avenue, Toronto, Ontario, Canada. (3800A)

**PROVINCIAL ADMINISTRATION OF THE CAPE OF GOOD HOPE****University of Stellenbosch: Joint Medical Staff for Karl Bremer Hospital, Bellville****VACANCY**

Applications are invited from suitably qualified persons for appointment to the following vacant post at the Karl Bremer Hospital, Bellville, Cape:

**Department of Pathology**  
**MEDICAL PRACTITIONER, GRADE G**  
(Whole-time) **BACTERIOLOGIST**

with salary at the rate of £2,220 per annum (fixed). In addition to the salary indicated, a non-pensionable cost of living allowance of £234 per annum is payable to certain married whole-time officials and employees.

The conditions of service are prescribed in terms of the Hospital Service Ordinance No. 19 of 1941, as amended, and the regulations framed thereunder, as well as the agreement entered into between the Provincial Administration and the University of Stellenbosch.

The Joint Medical Staff is required to serve jointly the Provincial Administration and the University of Stellenbosch.

Candidates must be registered as Specialists or must be in possession of appropriate postgraduate diplomas or degrees in bacteriology.

The medium of instruction of the University is Afrikaans. Applicants must state their degree of proficiency in Afrikaans and English, and are requested to furnish particulars in regard to the following:

- Academic achievements (degrees and diplomas held and the standard of achievement in professional examinations, scholarships and special awards).
- Professional experience (not only the name of the employer but also that of the institution in which the candidate worked and the type of work undertaken).
- Names of three references (one of these should preferably be someone occupied in the same branch of medicine as the candidate) who should be asked by the candidate to submit confidential reports to the Director of Hospital Services before the closing date for the receipt of applications.

Application must be made in duplicate on the prescribed form, Staff 23, which is obtainable from the office of the Immigration Attaché for the Union of South Africa, South Africa House, Trafalgar Square, London, W.C.2. Details as regards conditions of service and transport facilities can also be obtained at the office of the above-mentioned.

The completed application forms must be addressed to the Director of Hospital Services, P.O. Box 2060, Cape Town, South Africa, and must reach him not later than July 12, 1958.

Candidates must state the earliest date on which they can assume duty. (3849)

**UNIVERSITY OF THE WITWATERSRAND**  
Johannesburg, and the  
**TRANSVAAL PROVINCIAL ADMINISTRATION****FULL-TIME PROFESSOR OF PSYCHOLOGICAL MEDICINE AND CHIEF PSYCHIATRIST**  
Johannesburg Hospital

Applications are invited for appointment to the joint staff of the University and the Johannesburg Hospital as Professor of Psychological Medicine and Chief Psychiatrist. In addition, the incumbent will have academic and professional responsibilities at Tara Hospital and will have the status of honorary consultant on the staff of the Sterkfontein Mental Hospital. Duties are to be assumed as soon as possible. The salary attached to the appointment is £2,700 per annum. In addition, a person with dependents will be paid a temporary cost of living allowance at the rate prescribed from time to time by the Union Government (the present rate for a married man is £234 per annum). Applicants are advised to obtain a copy of the information sheet relating to this vacancy from the Secretary, Association of Universities of the British Commonwealth, 36, Gordon Square, London, W.C.1. Applications close, in South Africa and London, on June 30, 1958. (4052)

# EMERGENCIES IN GENERAL PRACTICE

from the British Medical Journal

## 470 Pages (cloth bound), with full index

This book deals with medical emergencies in a wide sense; acute clinical emergencies requiring prompt and skilful treatment; conditions such as faints and fits and giddy turns, the careful elucidation of which may mean the difference to a patient between a life of activity and one of restriction; acute psychiatric states; accidents of treatment, such as dangerous reactions to drugs or collapse during anaesthesia; and emergency calls when the doctor is isolated, as on a ship.

It comprises 57 specially commissioned articles which appeared originally in the *British Medical Journal*.

The author of each is an acknowledged authority. This collection, now revised by the authors, will be of value not only to general practitioners but also to senior students, house-physicians, house-surgeons, and to those supervising their work in hospitals.
