AMPHETONE

REGISTERED

A GENERAL STIMULANT FOR THE CENTRAL NERVOUS SYSTEM

For cases requiring a quick-acting general stimulant without increasing the patient's appetite, we consider Amphetone unique. It combines for the first time Dexamphetamine Sulphate and Strychnine with Glycerophosphates and members of the Vitamin B Group. The Dexamphetamine provides the convalescent with an immediate feeling of well-being, this being followed by the well-known tonic effects of the other medicaments. Clinical reports have been excellent.

FORMULA

Dexamphetamine Sulphate B.P.C., 1 1/2 grain : Strychnine Hydrochloride B.P., 1/60 grain : Calcium Glycerophosphate B.P.C., 2 grains : Sodium Glycerophosphate B.P.C., 2 grains : Aneurine Hydrochloride B.P., 1/30 grain : Nicotinamide B.P., 1/4 grain : Riboflavin B.P., 1/60 grain : Syrup of Blackcurrant B.P.C., 2 fluid drms. : Water, to 1/2 fluid ounce.

POISON

S4

Available in bottles containing 10, 20, 40 and 80 fluid ounces. Professional prices 5/3, 9/11, 16/8, and 30/4 each. Samples available on request.

For SUB-ACUTE and Chronic dermatoses

TAR + HYDROCORTISONE

combined in

TARCORTIN CREAM

have pronounced advantages over either medicament alone.

The established germicidal, stimulating and anti-pruritic properties of tar, in the treatment of sub-acute and refractory skin affections, can now be considerably enhanced by its incorporation with hydrocortisone.

Clinical trials have shown that the two medicaments together exert a powerful synergistic action that is far more rapid, more pronounced and complete than the action of either alone. These two valuable therapeutic agents are presented in a non-greasy, stainless, hydrophilic cream, known as TARCORTIN.

TARCORTIN CREAM is supplied in 7 grm. and 15 grm. tubes, containing 0.5% Hydrocortisone in a special coal-tar extract. ★ Literature available on request.

CLINICAL RESPONSE

These are the advantages of

Calcium B-PAS WANDER

and

B-Pasinah WANDER

(calcium B-PAS Wander plus isoniazid)

in the

Chemotherapy of Tuberculosis

B-PAS (Wander), 4-benzoylamino-2-hydroxybenzoic acid, first introduced by our Research Laboratories in 1948, is the drug of choice in regimens comprising PAS in concurrent therapy.

In the form of its calcium salt, it provides extended bacteriostatic levels, induces only minimal side-effects as compared with sodium PAS, and because of its high acceptability guarantees as far as possible that patients, particularly on domiciliary treatment, do take their medication.

Available in 3.5 g. envelopes and in 1 g. cachets; and as bulk powder.

'B-PASINAH' is available in two convenient forms:

Powders each containing 3.5 g. calcium B-PAS (Wander) and 87.5 mg. isoniazid.

Cachets each containing 1 g. calcium B-PAS (Wander) and 25 mg. isoniazid.

INTRODUCING

Vandid

(Vanillic acid diethylamide)
Brit. Pat. 683,435

a new respiratory and cardiovascular stimulant

increasing the margin between the
therapeutic and convulsive dose

It has been shown experimentally, that in comparison
with pentamethylenetetrazole (Leptazol) and Niketh-
amide, the activity ratio of Vandid is as follows:
Vandid 15, Leptazol 4, Nikethamide 1. The admin-
istration of ten times the therapeutic paediatric dose
without ill effect has been reported (Vide *Wiener Klin.
Wschr.*, 1952, 24, 432).

Vandid is indicated in the treatment of poisoning by
barbiturates, coal gas, alcohol, and morphia; for the
lightening or termination of barbiturate anaesthesia;
for circulatory support in infectious fevers, pneumonia
and influenza, and in neonatal cyanosis and asphyxia.

Literature and samples for clinical trial will be gladly
sent on request.

PRESENTATION:

efficient control of fluid level

Six years of clinical experience throughout the world, with a growing list of therapeutic uses, have established DIAMOX acetazolamide as today's standard among diuretics. The many indications for its use include congestive heart failure, toxæmia of pregnancy, premenstrual tension, epilepsy and drug-induced oedema. Glaucoma, too, has responded particularly well to DIAMOX, and the recent literature bears eloquent testimony to its value in this condition. Promptly and safely effective, DIAMOX makes *predictable* diuresis a matter of routine.

Treatment of DIABETES MELLITUS *without injections*

Rastinon «Hoechst» tablets provide an oral treatment for certain diabetic patients.

EFFECTIVE A number of patients on small regular doses of insulin have been found to be suitable for treatment with Rastinon «Hoechst» tablets. Clinical work throughout the world has shown that approximately a quarter of all diabetics can be stabilized on Rastinon «Hoechst» tablets. A few of the more recent references to the literature are given opposite.

SAFE The selection and stabilization of diabetic patients should be carried out under strict medical supervision. For those patients found to be suitable, Rastinon «Hoechst» tablets provide a safe form of therapy and many have now been on oral treatment for two years. No cases of proven dyshaemopoiesis or other serious side-effects due to the drug have been reported.

SIMPLE From 2 to 4 tablets a day are normally all that is required to replace the insulin with its concomitant syringe, needles, swabs, and often nursing assistance as well. The normal regime of urine examination and dietary control remains necessary.

Packs: bottles of 100 and 500 tablets.

The basic price to the National Health Service as dispensed from a 500 tablet bottle is 2.97d per tablet and the total cost to the National Health Service, with all allowances, is less than 4d per tablet.

Each tablet contains 0.5 G. of N-Butyl-N¹-toluene-p-sulphonylurea; (Tolbutamide).

DAPTAZOLE

in intractable pain

Since its introduction over two years ago, 'DAPTAZOLE' Brand of Amiphenazole has become firmly established as an adjunct to morphine in the treatment of intractable pain.

'DAPTAZOLE' does not appreciably diminish the analgesic action of morphine, but shows a marked and lasting antagonism to the respiratory and narcotic depression.

A report on 'DAPTAZOLE' concerns the treatment of 127 cases of the terminal stages of carcinoma with severely painful lesions. Large doses of morphine were given with 'DAPTAZOLE' and total relief of the pain was achieved in almost all cases.

'DAPTAZOLE' for concurrent use with morphine is available in the following packs :

'DAPTAZOLE' for Injection

30 mg. vials in boxes of 6 and 25.
150 mg. vials packed singly.

'DAPTAZOLE' tablets for oral use

20 mg. tablets in bottles of 100.

A. & G. Nicholas LTD. Slough, Bucks, England

today's new
MASTER PLAN
against
migraine

Each tablet contains
 ergotamine tartrate 2 mgm.;
 caffeine (alkaloid) 100 mgm.;
 cyclizine hydrochloride 50 mgm.
In bottles of 10 and 100

The prescribing of 'Migril' makes possible at last a *planned* attack upon the three predominant symptoms of migraine. Ergotamine is present at strength in 'Migril' for its specific effect upon the characteristic headache and ocular disturbances. Caffeine is present too, since it acts as a synergist to ergotamine. Frequently, however, ergotamine tends to evoke nausea and vomiting on its own account and can therefore worsen these aspects of the condition. For this reason, the potent, rapidly acting anti-emetic cyclizine is also included in 'Migril'—to overcome any tendency to nausea or vomiting, whether caused by the ergotamine or by the condition itself. And so successfully does cyclizine achieve this aim that truly effective oral doses of ergotamine can today be given—by means of 'Migril'.

PHARMACEUTICALS LTD.

WELWYN GARDEN CITY · HERTS.

"IMPROVED THERAPY FOR PEPTIC ULCER"

Extract from the American Journal of Gastroenterology, (1957) 28, 439.

"The medication investigated is known as Roter tablets . . . The dosage employed in the treatment of gastric or duodenal ulcer was 2 tablets, taken three times a day with tepid water immediately after meals . . . this therapy is applicable to ambulatory patients."

SUMMARY

"In a series of 155 cases of peptic ulcer treated with . . . (Roter) tablets for three to six weeks, there was immediate relief of pain in 92 per cent of cases and roentgenological healing of the ulcer in 81 per cent. The average weight gain was 7.9 lbs. and occult blood disappeared from the stools in all of the six cases in which it was found.

"The benefit provided by the medication is attributed to the minute particulation of the bismuth subnitrate, produced by a special process of trituration in association with a synergistic antacid combination.

"The special features of this medication are immediate and prolonged relief of pain, correction of gastric hyperacidity, absence of side reactions, effectiveness for ambulatory patients, and early healing of the ulcer in most cases.

"There was no acid rebound in therapeutic dosage and no adverse effects were reported."

the antibiotic of choice

in a NEW presentation

ACHROMYCIN OPHTHALMIC OIL SUSPENSION 1%

has been specially developed to make the topical use of ACHROMYCIN tetracycline in eye infections even simpler and more effective. The Oil Suspension offers optimal dispersion of the antibiotic; it diffuses rapidly into the conjunctival sac, has less effect on visual acuity, and provides longer-lasting antibiotic effectiveness. This new form of ACHROMYCIN is acceptable in every sense — to patient and physician alike. The new plastic dropper-type bottle makes accurate dosage easy, and the preparation is virtually free from side-effects. Because the product is so effective and simple to use, the patient can co-operate fully in following the treatment prescribed. That is why ACHROMYCIN Ophthalmic Oil Suspension 1% is now the treatment of first choice in many common forms of eye infection.

Anabolex

the protein-anabolizing steroid

**restores
normal
protein
metabolism**

PATIENTS who are recovering from illness frequently suffer from faulty protein metabolism. They are in negative nitrogen balance. Protein, in effect, is being broken down and lost faster than it is being built up.

Anabolex (Androstanolone) restores the physiological balance. Many clinical trials have shown that, following the administration of *Anabolex*, there is an immediate return of the body's capacity to build up protein. The patient feels better, eats better and gains weight.

Anabolex can be safely given to patients of all ages and both sexes; in therapeutic doses, its virilizing properties are almost negligible. The only known contra-indication is prostatic carcinoma.

INDICATIONS:

Convalescent patients. Premature infants. Asthenia. Malnutrition. Wasting diseases. Preparation for and recovery from planned surgery.

PRESENTATION: In vials of 25 and 100 tablets, each tablet containing 25 mg. Androstanolone. *Anabolex* can be prescribed on Form E.C.10. Basic N.H.S. price 20/- and 70/-.

'ANABOLEX' is a registered trade mark of

Dosage: In adults an initial loading dose of 1 G (in severe infections, 2 G) followed by 0.5 G daily will generally be found effective. In some instances it may be desirable to increase this dosage without increasing the frequency of administration. In children $\frac{1}{4}$ tablet (0.125 G for each 20 lb. of bodyweight) on the first day followed by half this dosage daily is suggested.

Packaging: Tablets of 0.5 G in containers of 12, 100 and 250.

New
light-resistant
rubber in
Lastonet
prevents
perishing

Benefits your patients - reduces prescription costs

First in the field again with improvements to surgical stockings, Lastonet introduce a new kind of rubber into their elastic net. This innovation prevents the deterioration normally caused by exposure to light.

Lastonet Elastic Net Stockings—already widely prescribed by the medical profession for their exceptional comfort and efficiency—now have the added advantage of longer life and increased retention of their perfect made-to-measure fit.

The prescribing of Lastonet Stockings, while enhancing your patients' health and comfort, enables you to effect economies in prescription costs. Elastic Net stockings are, in fact, the lowest priced surgical hose available under the National Health Scheme.

When Geigy was 101 years old

1859

The Industrial Revolution was in full swing. Napoleon III was Emperor of France. Queen Victoria was on the throne of England. Abraham Lincoln was about to become President of the United States. Italy was in process of unification. The first transatlantic cable had been laid, the first railway sleeping cars were running. Darwin had written *The Origin of Species*; Karl Marx was writing *Capital*. Two years earlier the first all-steel ocean-going liner had been built; two years later the telephone was invented. Gounod's opera *Faust* was being staged. Walt Whitman, Dickens and Flaubert were writing. Pasteur was working on bacteria, and Perkin had recently discovered the first synthetic dye.

In 1859, only three years after Perkin's discovery, Geigy, one of the oldest chemical firms in the world, began to manufacture coal tar dyes.

Thus Geigy was in at the start of the new era of chemistry which began with Perkin's discovery. For dyes were only a beginning: the next fifty years were to see a profusion of new organic compounds.

This was the starting point of Geigy's expansion. The Geigy Group of Companies today make and sell dyestuffs, pigments and tanning materials, industrial chemicals, plasticisers, pesticides and pharmaceuticals. In the field of organic chemicals the name of Geigy is a mark of quality.

200 years

Geigy

where
antacids
alone are
unsatisfactory

RELIEVES SPASM

'Merbentyl', an anticholinergic with virtually no belladonna-type side effects, effectively relieves the spasm.

1. By decreasing peristalsis the antacids are enabled to exert their neutralising effect for a prolonged period.

REDUCES ACIDITY

Short acting magnesium oxide and long-acting dried aluminium hydroxide gel combine to provide the ideal antacid. There is no constipation or laxation.

- 2.

KOLANTYL

does four
good things
in the relief
of peptic
ulceration

PROTECTS MUCOSA

Methylcellulose, a demulcent, is included to protect the damaged mucosa from further irritation by the gastric contents.

- 3.

INHIBITS EXCESS ENZYME ACTION

Sodium lauryl sulphate inhibits the proteolytic enzymes lysozyme and pepsin. Excess lysozyme is frequently present in the vicinity of a peptic ulcer.

- 4.

'Kolantyl' is available as tablets and gel. Each tablet or 10 c.c. of gel contains:

<i>Dried Aluminium Hydroxide Gel</i>	400 mg.
<i>Magnesium Oxide</i>	200 mg.
<i>'Merbentyl' (dicyclomine hydrochloride)</i>	5 mg.
<i>Methylcellulose</i>	100 mg.
<i>Sodium lauryl sulphate</i>	25 mg.

PACKS:

Convenient rolls of 12 tablets in cartons of four or twenty rolls. 'Kolantyl' Gel in bottles of 12 fl. oz. The basic N.H.S. costs are 5s. and 23s. 4d.; of the gel, 6s. 4d. Purchase Tax additional.

DOSAGE:

2 tablets or 4 teaspoonfuls of gel three or four times daily.

'Ko'antyl' and 'Merbentyl' are registered trade marks of the Wm. S. Merrell Company.

Availability of Vitamins in Yeast

Deficiencies of single factors of the Vitamin B Group do not occur. Accordingly, even if a deficiency condition appears to result from the lack of an individual factor of the group and it is considered necessary to give intensive treatment with this factor, *the entire Vitamin B Complex should always be administered concurrently.*

It is, however, extremely important, in view of suggestions in recent publications, that the vehicle selected as a source of the entire B Complex does not withhold its vitamin content from the patient.

Human experiments show that the rich, natural vitamin potency of Aluzyme is totally available to the human system.

- *Aluzyme is not advertised to the public and may be prescribed on Form E.C.10*

National Health Idyll

A man may be wealthy
But what is the use?
If the same man's not healthy
His life's just abuse!
To keep his good health,
There is many a way
But none beats a Guinness
Or two in the day.
It is pleasant to taste,
It is pleasant to smell
But a Guinness is more –
It's a tonic as well.

Leukaematous and venous ulcer of the leg treated by LESTREFLEX STRAPPING

The diagram on the left shows the case of an ulcer $5\frac{1}{2}$ in. \times $9\frac{1}{2}$ in., treated with compression bandaging by Lestreflex Diachylon.

Healing took 7 months.

The photograph shows a sound scar seen 14 months later.

The pressure bandaging was maintained for 1 year, changed every 6 to 7 weeks.

Use Dalzoband Zinc Paste bandage as an under-cover for sensitive skins.

For pressure therapy in connection with the treatment of Varicose Veins, Dalzofoam is recommended.

Tavistock House South, Tavistock Square, London, W.C.1

A new chemotherapeutic agent developed in Hungary for the treatment of malignant neoplasms

'DEGRANOL' Brand of MANNOMUSTINE

(B. C. M.)

Arrangements have been made with the Hungarian authorities for the general availability for the first time in this country of a new type of cytostat. This product was first prepared by Dr. L. Vargha of Hungary by linking nitrogen mustard with mannitol to form 1, 6-bis-(beta-chloroethylamino)-1, 6-desoxy-D-mannitol-dihydrochloride (known to research workers as B.C.M.).

The product strongly inhibits proliferating lymphocytes and it is also being investigated for its effect on metastasising tumours. Extensive clinical investigation in Hungary shows it to be of particular interest in the treatment of:—

**Chronic Lymphoid Leukaemia,
Chronic Myeloid Leukaemia,
Lymphadenoma,
Lymphosarcoma,
Reticulosarcoma, Myeloma.**

Carcinoma and Sarcoma DEGRANOL is being used experimentally in Hungary for administration before and after surgical treatment especially in gastric, intestinal and rectal cancer, to prevent tumour cells from being spread by the operation. In non-operable cases palliative effects have been obtained with DEGRANOL in a number of cases, with relief from pain, gain in weight and subjective improvement.

Toxicity, side effects, etc. DEGRANOL has been exhaustively tested clinically in Hungary and is now undergoing large-scale controlled clinical trials in this country. When used in accordance with instructions DEGRANOL is remarkably free from side effects. It is very much less toxic than nitrogen mustard and even unusually large doses are well tolerated.

Administration DEGRANOL is available in the form of 50mg. ampoules, and is administered by intravenous injection.

Full information, literature, references, etc., supplied on application to the sole U.K. distributors for CHINOID, BUDAPEST.

The NEW

5-SECOND

SALT'S DISPOSABLE ENEMA

New, hygienic, labour-saving, it spares the nurse and spares the patient.

Charged with 4 fluid ounces of solution, the SALT's disposable unit represents not only the simplest, quickest and most hygienic method of administering an enema, but the most positive. The pack is complete with nozzle and ready to give.

It is a matter of seconds to give a SALT's enema; compare this with the difficulties arising from preparing funnel, douche-can or syringe. Here instead is a simple and safe method requiring no preparation and no subsequent sterilisation.

A bowel action is induced, with the least discomfort to the patient, in 3 to 5 minutes; the distension and colic often caused by a conventional enema are eliminated.

To-day, a single-handed instillation, enabling complete control of the fluid injected, replaces what used to be a disagreeable task. The unit is subsequently discarded.

The SALT's enema unit eases the effects of the nursing staff shortage and this will be appreciated by those in charge of hospitals, nursing homes, sanatoria and by those who have the care of the elderly.

The efficiency of the "SALT's Disposable Enema" has been proved.

SPECIAL PRICES (net) FOR HOSPITALS and the MEDICAL AND NURSING PROFESSIONS
For orders of one dozen or less 32/- per doz. For orders of one gross or more 28/- per doz.
Quotations for 5 gross and upwards gladly given.

Matrons of all principal hospitals will receive a free sample enema within the next few days.

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose (unless otherwise specified) one copy each of 3 recent★testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

House Officers should submit a separate application for each post for which they apply.

Canvassing in any form will disqualify.

★SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.

A fully registered medical practitioner who is liable for National Service must obtain deferment of recruitment in writing from the Central Medical Recruitment Committee or (in Scotland) the Scottish Central Medical Recruitment Committee before accepting any civilian appointment.

The position of provisionally registered medical practitioners who are liable for National Service has been made clear in a notice sent to them by the Ministry of Labour and National Service.

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

Registrar Grades, Whole-time

(a) **REGISTRAR**: Posts obtained normally not less than two years after registration as a medical practitioner and held normally for two years: £935 per annum in the first year; £1,061 10s. per annum in the second and any subsequent years. If the post is resident a deduction of £170 per annum is made.

(b) **SENIOR REGISTRAR**: Posts obtained normally not less than four years after registration as a medical practitioner and held normally for four years: £1,210 per annum in the first year; £1,320 per annum in the second year; £1,430 per annum in the third year; £1,540 per annum in any subsequent years. If the post is resident a deduction of £200 per annum is made.

Other Grades, Whole-time

(a) HOUSE OFFICERS:

(i) **Provisionally registered medical practitioners**: £467 10s. per annum for the first post held; £522 10s. per annum for the second and all subsequent posts held; provided that the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that the remuneration of any officer holding his first post in the National Health Service as a House Officer shall be £522 10s. per annum if they are satisfied that the officer has held at least one hospital post outside, of not less than six months' duration, involving clinical responsibilities equivalent to those of house posts in the National Health Service and supervised by appropriate specialist staff.

(ii) **Fully registered medical practitioners**: £577 10s. per annum for any post held; provided that in exceptional circumstances, subject to the consent of the Minister, this rate may be exceeded by up to £50 per annum where a post cannot be filled otherwise.

In each case under sub-sections (i) and (ii) above, a deduction of £125 per annum in respect of board and lodging and other services provided shall be made and each post shall be tenable for six months.

(b) **SENIOR HOUSE OFFICER**: Posts obtained by fully registered medical practitioners, and held normally for one year only: £819 10s. per annum. If the post is resident a deduction of £150 per annum is made.

(c) **JUNIOR HOSPITAL MEDICAL OFFICER**: Officers who have held house appointments but who are neither Senior House Officers nor in one of the registrar grades, who have less responsibility than other hospital officers of non-consultant status, and who have been appointed for a limited or an indefinite period, not less than one year after full registration as a medical practitioner: £852 10s. by £55 to £1,182 10s. per annum. If the post is resident a deduction of £170 per annum is made.

WORLD MEDICAL ASSOCIATION

DEPUTY SECRETARY GENERAL

The World Medical Association, the office of which is in New York, proposes to appoint a Deputy Secretary General with a view to succession to the office of Secretary General when the present holder of that office retires in the relatively near future.

Applications for the appointment of Deputy Secretary General must be sent to the national medical association of the applicant's country, which will transmit the applications of recommended candidates to the W.M.A. in New York.

Registered medical practitioners interested in this appointment who are members of, or eligible for membership of, the British Medical Association, are invited to submit their applications to the Secretary of the British Medical Association at B.M.A. House, Tavistock Square, London, W.C.1. Applications, which must be received not later than September 30, should include full details of professional qualifications and experience, and be accompanied by a recent photograph and the names of three persons to whom reference may be made.

Applicants should preferably be in the age group 45 to 55 and have administrative and/or organizational experience and a working knowledge of English, French, and Spanish. They must be willing to take up residence in New York City as Deputy Secretary General at a starting salary of approximately \$15,000 annually, and be prepared to devote their full time to the interests of the Association. The Deputy Secretary General will have a reasonable expectation of promotion to the position of Secretary General at a salary to be agreed upon when that office becomes vacant, but such promotion will be based entirely upon merit and performance and be subject to the decision of the W.M.A. Council. The normal age of retirement from the office of Secretary General is 65, but by mutual agreement retirement may be postponed on an annual basis for a period not exceeding five years.

PRACTICES (Executive Councils)

For vacancies (except those in Scotland) apply on Form E.C.16A, obtainable from the Executive Council. Mark envelopes "Vacancy."

LEICESTER

Applications invited for vacancy chiefly urban. List at present approximately 2,000. Residence and surgery available. Apply on E.C.16A, before June 21, 1958, to undersigned.—Leicester Executive Council, 96, London Road, Leicester. (4749)

SOUTH SHIELDS (Intermediate area)

Urban vacancy arising due to retirement. List at present approximately 2,240. Residence and surgery available. Applications, on Form E.C.16A, to the Clerk, Executive Council, 2, Keppel Street, South Shields, Co. Durham, by June 25, 1958. (4840)

TEIGNMOUTH, Devon

Applications are invited for a vacancy (retirement) which will arise on August 1, 1958. List at present approximately 750. "Restricted" area. Separate surgery accommodation may be available. Applications on Form E.C.16A should reach the undersigned not later than first post, June 23, 1958. Form E.C.16A and further details obtainable on request.—H. Bell, Clerk, Devon and Exeter Executive Council, 46, Queen Street, Exeter. (4690)

PUBLIC HEALTH**CHESHIRE COUNTY COUNCIL****ASSISTANT COUNTY MEDICAL OFFICER**

Applications are invited from registered medical practitioners for appointment as Assistant County Medical Officer on the county medical staff (Mid-Cheshire area). The work will be concerned mainly with medical inspection of schoolchildren, and experience in the ascertainment of handicapped children will be an advantage. It will also include attendance at child welfare centres. The appointment is superannuable and subject to medical examination. Salary scale £1,050 by £50 to £1,200 by £55 to £1,475, with car allowance and subsistence allowance according to county scale (previous experience will be taken into consideration). Forms of application may be obtained from the undersigned, to whom they should be returned not later than June 28, 1958.—Arnold Brown, County Medical Officer, County Hall, Chester. (4556)

CITY OF BRADFORD Health Department**MATERNITY AND CHILD WELFARE MEDICAL OFFICER (Female)**

Applications are invited from registered medical practitioners for this whole-time superannuable post. Candidates should be experienced in midwifery and antenatal work and will be required to hold consultations at the Council's Maternity and Child Welfare Centres and to perform such other duties as may be required by the Medical Officer of Health. Opportunity will be given for hospital work in obstetrics. The possession of the D.Obst.R.C.O.G. would be considered an additional qualification. Salary £1,050 by £50 to £1,200 by £25 to £1,475, according to experience, etc. Particulars and application forms are obtainable from the Medical Officer of Health, Town Hall, Bradford, and should be returned to the undersigned within fourteen days of the appearance of the advertisement.—W. H. Leatham, Town Clerk, Town Hall, Bradford. (4642)

CITY OF LEEDS Public Health Department

Applications are invited from qualified and registered medical practitioners for the post of

ASSISTANT MEDICAL OFFICER

for Maternity and Child Welfare. Applicants should have had postgraduate experience, preferably including obstetrics, antenatal work, and paediatrics. The salary scale is £1,050 to £1,475 per annum. The person appointed will be required to pass a medical examination and to contribute to the Superannuation Fund. Application forms and particulars of the duties may be obtained from the undersigned at the Public Health Department, 25, East Parade, Leeds, 1, and completed applications should be returned by 10 a.m. on Monday, June 30, 1958. Canvassing in any form, either directly or indirectly, will be a disqualification.—I. G. Davies, Medical Officer of Health. (4670)

SURREY COUNTY COUNCIL**APPOINTMENT OF ASSISTANT MEDICAL OFFICER**

Applications are invited from candidates possessing the D.P.H. or D.C.H. Main duties will be in connexion with the school health and maternity and child welfare service. Salary according to experience, on the scale £1,050 by £50 to £1,200 by £55 to £1,475 per annum. The appointment is subject to the provisions of the Local Government Superannuation Acts, 1937/1953, and to three months' notice on either side. Application forms from the County Medical Officer, County Hall, Kingston-upon-Thames, to be returned by June 21, 1958. (4468)

CITY OF LEEDS**MEDICAL OFFICER OF HEALTH AND PRINCIPAL SCHOOL MEDICAL OFFICER**

Applications are invited from registered medical practitioners for the combined appointment of Medical Officer of Health and Principal School Medical Officer. Applicants must possess the qualifications prescribed by the Local Government Act, 1933, and the regulations made thereunder. The duties of the post include that of Medical Referee to the Municipal Crematorium and the Lawnswood Crematorium. The successful applicant will be permitted to hold the appointment of Professor of Public Health in the University of Leeds if it is offered. The salary attached to the combined office is £2,655 per annum, rising by annual increments of £105 to a maximum of £2,970 per annum. The appointment is subject to the Local Government Superannuation Acts, 1937 and 1953, and the successful candidate will be required to pass a medical examination. Further particulars as to the duties and conditions of appointment may be obtained on application to the Town Clerk, Civic Hall, Leeds, 1. Applications, endorsed "Medical Officer of Health," and giving the names of three persons to whom reference can be made, must reach the undersigned not later than June 30, 1958. Canvassing in any form, either directly or indirectly, will be a disqualification.—Robert Crute, Town Clerk, Civic Hall, Leeds, 1. (4745)

COUNTY BOROUGH OF EAST HAM**ASSISTANT MEDICAL OFFICER OF HEALTH**

Applications are invited from duly qualified medical practitioners with experience in ante- and post-natal work, child welfare work and in work of the School Health Service. Salary £1,050 by £50 (3) by £55 (5) to £1,475 per annum. Further particulars and form of application (returnable by June 23, 1958), from the undersigned.—R. H. Buckley, Town Clerk, Town Hall, East Ham, E.6. (4766)

COUNTY BOROUGH OF HALIFAX**ASSISTANT MEDICAL OFFICER**

Applications are invited for this full-time appointment, to take charge of the Maternal and Child Welfare Services. Salary £1,050 to £1,475. Full particulars are available from the undersigned. Closing date for applications June 25, 1958.—Richard De Z. Hall, Town Clerk, Town Hall, Halifax. (4464)

DERBYSHIRE COUNTY COUNCIL**SENIOR MEDICAL OFFICER FOR SCHOOL HEALTH**

Applications are invited from male or female medical practitioners for the whole-time superannuable appointment of Senior Medical Officer for School Health. The successful candidate will work under the direction of the County Medical Officer of Health, who is also the Principal School Medical Officer. The duties will be largely administrative in connection with the School Health Service, but will include the functions of a Health Education Officer and such other duties as may be assigned. Possession of the D.P.H. (or its approved equivalent) is essential, and experience in School Health and Mental Deficiency work is advantageous. The salary is £1,520 by £50 to £1,570 by £55 to £1,955 per annum plus a car allowance. Office accommodation will be provided at the County Offices, Matlock. Applications, with the names of two referees, should be submitted to the undersigned by June 30. (Forms are not provided but Conditions of Service will be provided on request.)—J. B. S. Morgan, County Medical Officer of Health, County Offices, Matlock. (4746)

INDUSTRIAL APPOINTMENTS

Attention is drawn to the B.M.A. scale of remuneration for Industrial Medical Officers (as revised by the Annual Representative Meeting, 1957), which is available on request from the Secretary.

NATIONAL COAL BOARD East Midlands Division**MEDICAL OFFICER**

Applications are invited from registered medical practitioners for the post of Medical Officer based on a static x-ray unit at Bulwell, Nottingham.

The successful candidate will be responsible for the radiological service in the Division. He will also have some opportunity to familiarize himself with the practice of industrial medicine. Some travelling to collieries will be involved. Previous experience of chest disease and/or radiology will be an advantage, though training in the diagnosis of industrial pulmonary disease will be given. Salary according to qualifications and experience, within the range £1,600 to £2,400, with superannuation.

Applications, giving age and full details of qualifications, experience (with posts held), present post, and salary, to Staff Director, National Coal Board, East Midlands Division, Sherwood Lodge, Arnold, Nottingham, quoting S.V.892. (4608)

THE SHIPPING FEDERATION

Applications invited for appointment as **FULL-TIME ASSISTANT** to the Medical Officer-in-Charge at Tilbury. British medical registration of not less than three years. Age preferably not over 35. Salary £1,400 per annum, rising by £100 to £2,500. Possible maximum, if in charge, £3,250. Subject to medical examination. Pension scheme. Apply, with full particulars, to the Shipping Federation Ltd., 146-150, Minorities, London, E.C.3. (4915)

FACTORY DOCTORS**FACTORIES ACTS, 1937 and 1948**

The following appointments as Appointed Factory Doctors are vacant: Annan, in the County of Dumfries; Tyldesley, in the County of Lancaster; Hereford, in the County of Hereford. Applications, which should be received not later than June 28, 1958, should be sent to Chief Inspector of Factories, 19, St. James's Square, London, S.W.1. (4657)

REPUBLIC OF IRELAND**COMHAIRLE CHONDAE NA GAILLIMHE****VACANCIES ON RESIDENT MEDICAL STAFF Galway Regional Hospital**

Application forms and full particulars of the following whole-time temporary posts may be obtained from the Secretary, Galway County Council, County Buildings, Galway, to whom completed forms should be returned so as to reach him on or before June 14, 1958:

DENTAL AND MEDICAL SOCIETY FOR THE STUDY OF HYPNOSIS

The above Society will hold an Intensive Study Group on the "Theory and Practice of Hypnosis" in Birmingham on June 21-22, and also in London on July 12-13. A fee will be charged and details for both these courses may be obtained from Mr. Dawson Watts, 22, Gordon Road, Ealing, London, W.5, and/or for the Birmingham course from Mr. S. N. Tinkler, 151, Lichfield Street, Walsall, Staffs. (4510)

MENTAL HEALTH RESEARCH FUND

STUDENT PRIZES AND TRAVELLING FELLOWSHIP IN PSYCHIATRY

The Mental Health Research Fund awards annually to Medical Students and Doctors in their pre-registration year three Monetary Prizes and a Travelling Fellowship as the result of an essay competition on a subject relating to mental health, and a subsequent interview. Applicants gaining the top three places in the essay competition will be given prizes of £100, £50 and £25 respectively. The Travelling Fellowship, tenable in a psychiatric or other department abroad for up to six months, will be awarded as the result of an interview combined with consideration of the candidate's undergraduate record. Persons interviewed will be chosen from the top ten in the essay competition. The Travelling Fellowship will normally be taken up at the end of the pre-registration year or, in the event of it being awarded to a medical student, may be taken up after qualification. The subject for the essay this year is "Discuss the Role of the Autonomic Nervous System in Psychiatric and Psychosomatic Illnesses." The Panel of Examiners consists of two members of the Research Committee of the Mental Health Research Fund and one member of the Association of Teachers of Psychiatry in Undergraduate Medical Schools. Essays should be sent, before March 1, 1959, to the Secretary, Research Committee, Mental Health Research Fund, 39, Queen Anne Street, London, W.1 (Tel. WELbeck 1272), from whom further details may be obtained. (4372)

Applicants should state in which qualification they are interested. Address, Secretary, Medical Correspondence College, 19, Welbeck St., London, W.1.

UNIVERSITY OF ST. ANDREWS

POSTGRADUATE COURSE IN ANATOMY AND PHYSIOLOGY

Graduates in Medicine and Surgery are invited to make application for a Course in Anatomy and Physiology (including Biochemistry) to be held in the Pre-clinical Departments of St. Salvador's College, University of St. Andrews, from October, 1958, to March, 1959. The number of graduates accepted for this course will be small. They will be attached to, and expected to take some part in the work of, the Anatomy and Physiology Departments. Instruction will be given, formally and informally, in systematic, practical and applied aspects of anatomy, physiology and biochemistry, and students will be afforded opportunity of gaining experience in methods to be individually selected. They will be required to take part in tutorial discussions both with members of staff and with medical undergraduates, and to make themselves familiar with current teaching. The Anatomy Department is responsible for the teaching of histology, and has particular interests in bone, arthrology, heart and central nervous system. The Department of Physiology and Biochemistry operates a course in applied physiology and biochemistry for senior medical students, and is equipped to supervise techniques in neurophysiology and neurochemistry, protein and carbohydrate chemistry, and various aspects of medical biophysics. The fee for the course will be £36. Applications should be submitted before July 31, 1958, to the Dean of the Faculty of Medicine, University of St. Andrews, Queen's College, Dundee, from whom further information may be obtained.

* Applications to the Registrar, London School of Hygiene and Tropical Medicine.

All courses are available to N.H.S. Practitioners, for whom fees and allowances (travelling expenses, locum fees, etc.) are provided for courses equivalent to 22 half-day sessions in an academic year, subject to certain conditions. Grants are also payable in respect of assistant practitioners who have been qualified for at least three years and are employed by a principal, who is himself eligible for grant. Travelling and subsistence expenses will be allowed, but not locum tenens expenses. Trainee General Practitioners are NOT eligible for grants.

Other practitioners may attend on payment of a fee of 10 guineas for two weeks, 5 guineas for one week or extended course of 11 sessions, 1½ guineas for a week-end course.

Grants are also available, under certain conditions, to General Practitioners who attend the Institute of Obstetrics and Gynaecology, for short periods during the regular terms' courses, when limited hostel accommodation is available.

Educational and Lectures—contd.**UNIVERSITY OF ST. ANDREW****COMBINED CLINICAL AND MEDICAL SCIENCES COURSE**

Graduates in Medicine and Surgery are invited to make application for a combined Clinical and Medical Sciences Course to be held in Queen's College, Dundee, from October, 1958, to March, 1959.

All those taking the Combined Clinical and Medical Sciences Course will have:

(1) A clinical attachment in the special subject of their choice. In 1958-9 the following subjects will be offered:

General Surgery	Respiratory Diseases
General Medicine	Obstetrics
Cardiology	Gynaecology
Cardiovascular Surgery	Paediatrics
Endocrinology	Psychiatry
Dermatology	Ophthalmology
Haematology	Oto-rhino-laryngology
Infectious Diseases	Orthopaedics

(2) A Supervisor who would guide their reading and laboratory work in relation to their specialty; and

(3) All would attend the medical sciences course. The number accepted for this education programme will be small, and only one, or at the most two, candidates will get an attachment in each special subject. The Eastern Regional Hospital Board will give the successful candidate an honorary clinical assistantship within the Unit where he is studying the special subject of his choice. The Supervisor will not only guide the reading and laboratory work of the student but will in appropriate cases allow him to take part in current research programmes. The objective of the medical sciences course which all the postgraduates, whether medical, dental, or other specialists, will follow is to bring the postgraduate student up to date on current trends in the medical sciences which are of importance to future medical developments.

In addition to the course, the Medical School offers weekly postgraduate lectures by distinguished visitors. A course of lectures on scientific methods for postgraduate students in the school will be available to attend.

The fee for the course will be £36. Applications should be submitted before July 31, 1958, to the Dean of the Faculty of Medicine, University of St. Andrews, Queen's College, Dundee, from whom further information may be obtained.

**UNIVERSITY OF MANCHESTER
Department of Education of the Deaf**

A Course for a limited number of medical officers engaged in the public health service will be held in the Department of Education of the Deaf, from September 11 to 14, 1958, inclusive. Subjects of the course will include the principles and practice of screening tests of hearing, procedures for the assessment of residual capacity to hear in young children and home-guidance to the parents of deaf children. The fee for the course will be £4 4s. Applications should be made to the Director, Department of Education of the Deaf, The University, Manchester, 13. (4270)

The new complete treatment for migraine—

ORGRAINE

In a recent clinical article (J.A.M.A., 1957, 163, 1115) it was stated that in a series of 2,511 cases in which 28 agents were tested in the symptomatic treatment of migraine, ergotamine tartrate was proved to be the most useful drug—and 81% of the patients showed improvement when ergotamine tartrate and caffeine were compounded with belladonna alkaloids.

Orgraine applies the same successful principles of treatment.

Composition (per tablet)

Ergotamine Tartrate B.P.	1.0 mg.	→	constricts dilated cerebral arteries
Caffeine B.P.	100.0 mg.	→	potentiates ergotamine
Hyoscyamine Sulphate B.P.C. (1:247)	0.0875 mg.	→	alleviates nausea and vomiting
Atropine Sulphate B.P.	0.0125 mg.		
Phenacetin B.P.	130.0 mg.	→	relieves residual occipital pain

Action

PACKS: Tablets individually foil-stripped in boxes of 10 and 100.

Isoniazid and the B vitamins

In the course of isoniazid treatment of tuberculosis, adverse effects on the nervous system have been reported occasionally. Peripheral neuropathy or psychosis may arise, and it has been suggested that these side effects may be due to an antagonism between isoniazid and vitamin B factors. A good response to massive doses of the vitamin B complex has, in fact, been obtained in psychosis arising during isoniazid therapy.

Marmite yeast extract is a useful dietary supplement, providing all known factors of the vitamin B complex. Its pleasant taste ensures ready acceptance by the patient, while the nursing staff appreciate the ease with which Marmite drinks and sandwiches can be prepared.

MARMITE
