

The rôle of

# **'DEGRANOL'** **MANNOMUSTINE (B.C.M.)**

in the treatment  
of malignant disease

'DEGRANOL' is a new  
cytostatic agent first  
prepared by Prof. L. Vargha of  
Hungary. Composition. 1, 6-bis  
(beta chloroethylamino)-1, 6-desoxy-D-  
mannitol-dihydrochloride.

Extensive clinical trials with  
'DEGRANOL' have yielded very favourable  
results in the treatment of malignant disease  
of the haemopoietic and lymphatic systems.

'DEGRANOL' is remarkably free from side  
effects. It is available in 50 mg. ampoules and  
is administered by intravenous injection.

For full information, literature, references etc. apply to the  
U.K. distributors for CHINOIN, BUDAPEST

## **December/January Publications**

### **A SYNOPSIS OF OBSTETRICS & GYNÆCOLOGY**

By ALECK W. BOURNE. 12th Edition. 550 pp., 168 illustrations.  
About 35s. Ready shortly

"... thorough in its text, reliable in its teaching, with simple but telling  
illustrations; will prove extremely valuable to all students of the subject  
before and after qualification, and to junior teachers as a source of rapid  
information or revision."—*Jnl. of Obstetrics and Gynaecology of the Brit.  
Empire.*

### **GENERAL PATHOLOGY & BACTERIOLOGY FOR DENTAL STUDENTS**

By R. L. BISHTON. 323 pp. 112 illustrations. 42s., post 1s. 4d.

The author has had considerable experience in lecturing to dental students,  
and this book, based on the course of instruction given at Bristol University,  
is the outcome of many requests for such a book from the students them-  
selves.

### **HOLY TOOTH**

By EDWARD SAMSON. 133 pp. 24 illustrations as 13 plates.  
16s., post 10d.

In Candy, Ceylon, there is the most discussed holy relic in the world, the  
right eye-tooth of the Buddha. Here, against a background of myth, fact,  
and superstition, is the story of the strange adventures of this holy relic.

### **A MANUAL OF ANÆSTHETIC TECHNIQUES**

By W. J. PRYOR. 2nd Edition. 240 pp. 75 illustrations.  
27s. 6d., post 1s. 1d. Ready January 12

Written primarily for House Surgeons and Registrars, this book will  
provide a vade-mecum wherein may be found the answers to practical  
problems which arise during day-to-day administrations of anaesthetics.

**Chemotherapy of Tuberculosis**

**B-PAS (Wander)**, 4-benzoylamino-2-hydroxybenzoic acid, first introduced by our Research Laboratories in 1948, is the drug of choice in regimens comprising PAS in concurrent therapy.

In the form of its calcium salt, it provides extended bacteriostatic levels, induces only minimal side-effects as compared with sodium PAS, and because of its high acceptability guarantees as far as possible that patients, particularly on domiciliary treatment, do take their medication.

Available in 3.5 g. envelopes and in 1 g. cachets; and as bulk powder.

'**B-PASINAH**' is available in two convenient forms:

**Powders** each containing  
3.5 g. calcium B-PAS (Wander)  
and 87.5 mg. isoniazid.

**Cachets** each containing  
1 g. calcium B-PAS (Wander)  
and 25 mg. isoniazid.

# The esters of NICOTINIC, SALICYLIC and p-AMINOBENZOIC acids bring relief to cases of arthritis and rheumatism

IN CASES of soft-tissue rheumatism, and arthritic disorders, many doctors are tending more and more to regard Transvasin as an indispensable adjuvant to treatment.

For Transvasin is composed of the esters of nicotinic, salicylic and p-aminobenzoic acids. These esters readily pass the skin barrier in therapeutic quantities, and so enable an effective concentration of drugs to be built up where they are needed.\*

Transvasin not only induces vasodilatation of the skin with a superficial erythema, but also brings about a deep hyperaemia of the underlying tissues. It is non-irritant and can be safely used on delicate skins.

It is now being widely prescribed, with successful clinical results. Since a very small quantity is sufficient for each application, the cost of treatment is extremely low.

\*Therapeutische Umschau  
1952, 8, 143.

Tetrahydrofurfuryl salicylate .....	14%
Ethyl nicotinate .....	2%
n-Hexyl nicotinate .....	2%
Ethyl p-aminobenzoate .....	2%
Water-miscible cream base ad .....	100%

Transvasin is available in 1 oz. tubes, basic N.H.S. price in the U.K. 2/6 plus P.T., and is not advertised to the public. It may be prescribed on Form E.C.10. Samples and literature will be gladly sent on application.

"Thank you,  
doctor"

The problem of a substitute for breast milk, where a mother is unable to feed her baby herself, is most satisfactorily solved by giving Humanised Trufood. This is not an ordinary dried milk; it is cows' milk so modified that it closely resembles the natural food that a normal infant should have from birth. As in human milk, lactose is the only carbohydrate present. The ratio of casein to soluble protein, as well as the total protein content, is remarkably close to that in human milk; and the high emulsification of the full fat content ensures perfect reconstitution. Further information can be obtained from Trufood Limited, 113 Newington Causeway, London, S.E.1.

# Only Nulacin provides Intragastric milk-alkali drip therapy for the ambulatory patient

“In view of the ineffectiveness of most of the tableted antacids, the milk alkali tablet (Nulacin) would appear to be the antacid of choice for ambulatory therapy.”

(Medical Times 1958, 1, 74)

**NULACIN TABLETS** have been developed so that when allowed to dissolve slowly in the mouth, they give continuous milk-alkali drip therapy and provide a treatment of peptic ulcer and other conditions associated with hyperacidity. The effectiveness of Nulacin therapy has been established by clinical work in many countries. The following are a few references to the literature:

Antacids, *The Practitioner*, January 1957, 178: 43

Antacids in Peptic Ulcer. *The Practitioner*, January 1956, 176: 103

Recent Advances in the Ulcerative Diseases of the Gastrointestinal Tract. *Amer. J. Gastro.*, December 1956, 26: 665

Ambulatory Continuous Drip Method in the Treatment of Peptic Ulcer. *Amer. J. Dig. Dis.*, March 1955, 22: 67-71

Management of Peptic Ulceration in General Practice. *Med. World*, December 1954, 81: 591-601

Clinical Investigation into the Action of Antacids. *The Practitioner*, July 1954, 173: 46

Further Studies on the Reduction of Gastric Acidity. *Brit. Med. J.*, 23rd January 1954, 1: 183-184

Control of Gastric Acidity by a New Way of Antacid Administration. *J. Lab. & Clin. Med.*, 1953, 42: 955

The Effect on Gastric Acidity of “Nulacin” Tablets. *Med. J. Aust.*, 28th November 1953, 2: 823-824

Nulacin tablets have no B.P. equivalent and have been classified in categories 3 & 4 by the Joint Committee on Prescribing. The basic N.H.S. price of the 25 tablet tube is 2/-.

## A New Feature in 1959 PRACTICAL DIETETICS

The preparation of diets is a relatively easy matter in hospitals provided with skilled dietitians and facilities for the preparation of special diets. In general practice the problem is a very different one, and in this new series of articles, which will run throughout 1959, experts will discuss how such diets can be prepared in the home.

## Nasal Congestion?

In Neophryn with Antihistamine, the powerful vasoconstrictor Neophryn is combined with thenyldiamine hydrochloride, an antihistamine which also has a mild anaesthetic action and enhances the decongestive properties of Neophryn.

For the relief of nasal congestion in the common cold, sinusitis and allergic or vasomotor rhinitis, Neophryn with Antihistamine relieves discomfort, encourages normal breathing and combats infection by draining congested passages.

*a new, effective treatment in  
a wide range of psychiatric disorders*

# Fentazin

PERPHENAZINE

*broad-span effectiveness*

- *effective in anxiety and tension states*
- *effective in nausea and vomiting*
- *effective in psychoneuroses*
- *effective in psychoses*

Fentazin is remarkably effective for the treatment of a wide range of psychiatric disorders. Fentazin is several times more active than older phenothiazines, and is effective in proportionately smaller dosage. Side-effects are greatly reduced: indeed, Fentazin in recommended dosage produces virtually no side-effects.

Because it is so safe, Fentazin may be used for the routine management of anxiety and tension states. Because it is so active, it is effective in even severe psychoses. Fentazin safely spans the field from anxiety to schizophrenia. Fentazin tablets contain 2 mg., 4 mg., or 8 mg. perphenazine. Supplied in bottles of 50 and 500 tablets of each strength. Fentazin Injection contains 5 mg. perphenazine in each c.c., supplied in boxes of 5 × 1 c.c. ampoules.

FENTAZIN is a trade mark

ALLEN & HANBURYS LTD LONDON E2

# Helping Rheumatic Patients to help themselves

Many of the rheumatic syndromes seen in general practice do well on home treatment if the patient can carry out simple exercises and procedures efficiently. This series of illustrated leaflets, written in simple language by a G.P. and a Consultant in Physical Medicine, not only save surgery time but give the patient new confidence in his ability to co-operate with his own doctor in successful treatment.

## Lumbo-Sacral Strain.

This leaflet is a great hospital-saver. With the help of these exercises and massage with Algesal, many patients have been relieved of backache who might otherwise have taken up time at Out-Patients.

## Frozen Shoulder.

A common rheumatic syndrome in women, known also as capsulitis or sub-deltoid bursitis. It responds well to massage with Algesal and the non-weight bearing exercises clearly described here.

## Painful Foot Strain.

This leaflet, with its restorative exercises, is valuable in helping to rehabilitate patients with the painful foot syndrome seen so commonly after debilitating illness or prolonged postural strain.

## Osteoarthritis of the Knee.

By explaining with the aid of diagrams, the relationship between quadriceps tone and knee-joint stability, this leaflet ensures the patient's full co-operation in quadriceps exercises. Massage with Algesal relieves the tissue pain in the osteoarthritic knee. The exercise stabilises the joint and guards against further deterioration.

These pads of tear-off leaflets will gladly be sent to doctors on request, together with samples of Algesal, the original skin-penetrating salicylate balm for the relief of rheumatic pain by inunction. Other indications for Algesal include fibrositis and muscular rheumatism, tenosynovitis and pain and stiffness after exercise.

# Algesal

10% diethylamine salicylate in a soothing vanishing cream.

E.G.H. LABS. Peru Street, Salford 3, Lancs.

# MANAGEMENT OF PAIN

## DF 118

DIHYDROCODEINE BITARTRATE

a potent oral analgesic

In general practice DF 118 fills the gap between Tab. Codein. Co. and Morphine. It causes fewer side effects than other analgesics of equal potency and is not D.D.A.

**PAEDIATRIC**

This new paediatric syrup of 'V-Cil-K' gives even the youngest patient convenient and decisive penicillin therapy. Each 5 cc. contains 125 mg. penicillin V potassium — the most effective oral penicillin yet developed. Peak levels are attained within 30 minutes, from a syrup so pleasantly flavoured that regular dosage is assured.

The dose is  $\frac{1}{4}$  to 1 teaspoonful four times daily.

Available in bottles to make 30 cc. and 60 cc., each with a 5 cc. plastic spoon.

**AND NOW**

## **FOR PAEDIATRIC USE**

*For "once-a-day" sulpha therapy in infants and children*

Now children, even young infants, can receive the full benefits of LEDERKYN—Lederle's low-dosage, long-acting sulpha drug. For Lederle research has overcome the characteristic bitter taste of free sulphonamides by the introduction of tasteless acetyl sulphamethoxypyridazine. LEDERKYN ACETYL Pediatric Suspension presents this superior sulphonamide in a pleasantly cherry-flavoured form that is highly acceptable to children. This new product materially simplifies the therapy in the young patient because of its high antibacterial potency, low "once-a-day" dosage, prolonged action and better tolerance.

*Bottles of 2 and 16 fluid oz., 250 mg. active sulphonamide in each teaspoonful (5 cc.)*

*round-the-clock sulpha therapy with "once-a-day" dosage*

**A new antitussive**

**Detigon**

a product of FBA

**Packing:**  
Dropper bottles of 10ml.  
and 50ml.

**Indications**

All forms of irritating cough, in Colds, Bronchitis, 'Smoker's Cough', Pulmonary Tuberculosis, Silicosis, and chronic pulmonary disorders.

A safe, potent antitussive with an entirely new chemical basis and well tolerated by both adults and children.

DETIGON is free from undesirable side effects, is not habit forming or constipating.

The antitussive potency of Detigon is equal to that of codeine but without its disadvantages. A mild local anaesthetic activity renders Detigon also valuable in Tonsillectomy (post-operatively) and in diagnostic and therapeutic procedures where suppression of cough is necessary or desirable.

**Dosage** Adults, 15-20 drops 3-4 times daily.

Children, 5-15 drops according to age 3-4 times daily.

Infants, up to 2 years, 5 drops 3-4 times daily.

DETIGON contains in each ml. 50 mg. of 1-o-chlorophenyl-3-dimethylamino-1-phenylpropan-1-ol-hydrochloride.

Basic N.H.S. Price : 10 ml. bottle 2/- ; 50 ml. bottle 9/4.

Samples and literature on request.

# 'Decadron'

**... a leap beyond  
previously available steroids**

'DECADRON' is a completely new synthetic corticosteroid discovered in the Merck Sharp & Dohme Research Laboratories. 'DECADRON' has all the basic therapeutic actions of earlier steroids, but to a much greater degree. Although 'DECADRON' is

*35 times* more potent than cortisone,  
*7 to 10 times* more potent than prednisolone, and  
*5 times* more potent than triamcinolone  
and methylprednisolone,

the incidence of side-effects is the lowest ever reported. 'DECADRON' introduces an important change in steroid therapy, since therapeutic need — *not* side-effects — now becomes the predominant factor.

The change-over to 'DECADRON' from the older steroids is extremely simple and is covered in the literature, available on request.

Safe, consistent and remarkably effective against the majority of bacterial infections met with in practice, Evramycin\* offers you a rapidly active oral antibiotic with two outstanding features.

Firstly, nearly all pathogenic strains of staphylococci — even those resistant to other antibiotics — as well as streptococci and pneumococci are readily susceptible.

Secondly, treatment is relatively free from side-effects — allergy is rare; anaphylaxis, agranulocytosis, staphylococcal enteritis and troublesome minor symptoms are unknown.

# Something new for coughs

## Thorpax syrup

TRADE MARK

### a new non-narcotic antitussive

'Thorpax' is a palatable syrup for the relief of unproductive or exhausting coughs. The active constituents are dimethoxanate hydrochloride, a recently discovered potent antitussive, and 'Nilergex' — isothipendyl hydrochloride, the new highly effective non-sedative antihistamine.

A single dose of 'Thorpax' produces an almost immediate response and is effective for 3-5 hours. During this period voluntary clear-

ing of the airways remains adequate.

'Thorpax' is well tolerated by patients of all ages and does not cause sedation, respiratory depression, gastric disturbance or constipation.

Being non-narcotic and non-addictive it is eminently suitable for long-term treatment.

## Thorpax syrup

TRADE MARK

In 3 fl. oz. bottles. Basic N.H.S. cost: 2/8d + purchase tax. Dispensing packs of 40 fl. oz. also available.

Each teaspoonful (3.5 ml.) contains 25 mg. dimethoxanate hydrochloride and 1.25 mg. 'Nilergex' (isothipendyl hydrochloride) in a palatable syrup.

# OCTAFLEX

## ANTISEPTIC PLASTIC DRESSING

OCTAFLEX is a clear, viscous fluid consisting of a plasticised acrylic resin solution which also contains Octaphen—a powerful quaternary ammonium antiseptic compound. Octaflex dries rapidly on the skin to form a transparent and pliable film, impervious to bacteria, but permitting normal tissue respiration.

For pre- and post-operative application particularly to the face, neck, scalp, perineum, scrotum and thorax; for skin biopsy sites and for donor sites in plastic surgery—Octaflex is unsurpassed. It can be applied around the stomata of ileostomies and colostomies to prevent skin maceration. It can prevent the spread of skin infections such as impetigo and ringworm, and is useful as a first-aid dressing.

Octaflex is supplied in Aerosol containers and 2 dm. tubes.

## Nutritional needs in convalescence

Convalescents in general require a full well-balanced diet. Specific needs vary with individuals, but it is always important to ensure an adequate supply of all the essential nutrients. It is now known also that it is specially necessary to build up a nutritional reserve before operation. Lack of proper attention to nutrition may be one of the factors causing a delayed recovery.

As a dietary source of the B vitamins Marmite has proved particularly useful, since it can readily be included in the menu in a variety of ways.

## MARMITE

# ADRENOXYL

## reduces the mean capillary bleeding time

Adrenoxyl is a capillary haemostatic which reduces the mean capillary bleeding time by increasing the contractility and resistance, and decreasing the permeability of the capillary wall.

### Reduces capillary oozing

Reports have been received of the value of Adrenoxyl in diminishing capillary oozing both at the time of operation and post-operatively in many types of operation, including ear, nose and throat, ophthalmic, plastic and dental surgery. It has no effect on venous or arterial bleeding.

### Safe and free from side-effects

Adrenoxyl is safe, and no side-effects have been reported following its use. It does not affect pulse rate, blood pressure, nor blood coagulation.

### Packs

Adrenoxyl is available in ampoules for intramuscular or subcutaneous injection and in tablets for oral administration.

**AMPOULES** Each 2 ml. ampoule contains 0.75 mg. of

adrenochrome monosemicarbazone dihydrate. The ampoules are packed in boxes of 6 and 50.

**TABLETS** Each tablet contains 2.5 mg. of adrenochrome monosemicarbazone dihydrate. The tablets are packed in tubes of 25 and bottles of 500.

## 30 years of Progress in Milk Research

safeguard the progress of  
Britain's bottle-fed babies.

During that time the Central Research Laboratory of the United Dairies—today the Commonwealth's largest privately-owned dairy laboratory—has pursued and augmented the Company's "clean milk" policy. Among many notable achievements has been the laboratory's contribution to the development of full cream evaporated milk, whose value in infant feeding, even with prematures and in difficult conditions such as coeliac disease and infantile eczema, is becoming ever more widely recognised by the medical and nursing professions.

of the United Dairies Group  
of Companies

## REGAL FULL CREAM EVAPORATED MILK FOR BABY FEEDING

### FOR DIGESTIBILITY

Heat treatment results in a fine, soft curd; homogenisation reduces the fat globules thus exposing a greater area to the action of digestive enzymes.

### STERILITY

Having been sterilised in the sealed tin, Regal Milk will remain bacteriologically pure indefinitely.

### UNIFORMITY

Regal Milk is standardised to contain at all times of the year, not less than 31% total solids of which 9% is butter fat.

### VITAMIN CONTENT

The addition of a concentrate of Vitamin D3 ensures 500 International Units per reconstituted quart.

## PETRI DISHES

The fact that the walls of the dishes made by the most up-to-date manufacturing processes are free from bubbles, streaks, rings and discoloration guarantees undisturbed examination and accurate counting of the microbe colonies.

Its material, in accordance with the use to which the dish is put, resists perfectly to chemical and thermal effects.

The glass does not contain any harmful internal tension, detectable with an optical filter test, and this circumstance guarantees the high breaking strength necessary during sterilization in an autoclave.

## CLINICAL PATHOLOGY IN GENERAL PRACTICE

321 pages. Price 21s. (by post—inland and overseas, 22s. 3d.)

This handbook on clinical pathology meets the needs of the general practitioner, the houseman, and the senior student. It contains thirty-nine articles comprising a series specially written for the *British Medical Journal*. Each article has been revised and brought up to date by its author. The book gives authoritative information on—

- available laboratory facilities
- reliable tests and which to use
- techniques for collecting and preserving specimens
- interpretation of results and significance of abnormal findings

## APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose (unless otherwise specified) one copy each of 3 recent★testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

House Officers should submit a separate application for each post for which they apply.

Canvassing in any form will disqualify.

★SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.

A fully registered medical practitioner who is liable for National Service must obtain deferment of recruitment in writing from the Central Medical Recruitment Committee or (in Scotland) the Scottish Central Medical Recruitment Committee before accepting any civilian appointment.

The position of provisionally registered medical practitioners who are liable for National Service has been made clear in a notice sent to them by the Ministry of Labour and National Service.

### SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

#### Registrar Grades, Whole-time

(a) **REGISTRAR**: Posts obtained normally not less than two years after registration as a medical practitioner and held normally for two years: £972 8s. per annum in the first year; £1,103 19s. per annum in the second and any subsequent years. If the post is resident a deduction of £170 per annum is made.

(b) **SENIOR REGISTRAR**: Posts obtained normally not less than four years after registration as a medical practitioner and held normally for four years: £1,258 8s. per annum in the first year; £1,372 16s. per annum in the second year; £1,487 4s. per annum in the third year; £1,601 12s. per annum in any subsequent years. If the post is resident a deduction of £200 per annum is made.

#### Other Grades, Whole-time

##### (a) HOUSE OFFICERS:

(i) **Provisionally registered medical practitioners**: £486 4s. per annum for the first post held; £543 8s. per annum for the second and all subsequent posts held; provided that the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that the remuneration of any officer holding his first post in the National Health Service as a House Officer shall be £543 8s. per annum if they are satisfied that the officer has held at least one hospital post outside, of not less than six months' duration, involving clinical responsibilities equivalent to those of house posts in the National Health Service and supervised by appropriate specialist staff.

(ii) **Fully registered medical practitioners**: £600 12s. per annum for any post held; provided that in exceptional circumstances, subject to the consent of the Minister, this rate may be exceeded by up to £50 per annum where a post cannot be filled otherwise.

In each case under sub-sections (i) and (ii) above, a deduction of £125 per annum in respect of board and lodging and other services provided shall be made and each post shall be tenable for six months.

(b) **SENIOR HOUSE OFFICER**: Posts obtained by fully registered medical practitioners, and held normally for one year only: £852 6s. per annum. If the post is resident a deduction of £150 per annum is made.

(c) **JUNIOR HOSPITAL MEDICAL OFFICER**: Officers who have held house appointments but who are neither Senior House Officers nor in one of the registrar grades, who have less responsibility than other hospital officers of non-consultant status, and who have been appointed for a limited or an indefinite period, not less than one year after full registration as a medical practitioner: £886 12s. by £57 4s. to £1,229 16s. per annum. If the post is resident a deduction of £170 per annum is made.

### ALL NATIONAL HEALTH SERVICE HOSPITAL APPOINTMENTS ARE IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF SERVICE OF HOSPITAL MEDICAL STAFF

Any advertisements appearing in this issue for posts in the hospital service which quote the rates of salary which obtained before the recent percentage increases are published on the assumption that the employing authorities will make the necessary adjustments.

There is an establishment of four "First Assistants"—two of Senior Registrar grade and two of Registrar grade. Initially the appointment will be for one year, renewable normally for a second year. The post is non-resident. The duties include very considerable clinical responsibility for obstetrical and gynaecological cases, including cases dealt with in the "Flying Squad" service. The supervision of house officers and some teaching of undergraduate medical students are also involved. Candidates must therefore have had full previous experience in obstetrics and gynaecology. A higher qualification is desirable. Forms of application may be obtained from the undersigned. The closing date is January 12, 1959.—A. R. Wise, General Superintendent, Saint Mary's Hospitals, Whitworth Park, Manchester, 13. (8395)

**AUSTRALIA—UNIVERSITY OF SYDNEY****LECTURESHIP/SENIOR LECTURESHIP IN SURGERY**

Applications are invited for the position of Lecturer/Senior Lecturer in Surgery. The salary for a Senior Lecturer is within the range £A.2,200-80-£2,600 per annum; for a Lecturer within the range £A.1,500-90-£2,100 per annum. In each case cost of living adjustment will be allowed. The salary is subject to deductions under the State Superannuation Act. The commencing salary will be fixed according to the qualifications and experience of the successful applicant. Under the Staff Members' Housing Scheme in cases approved by the University and its Bankers, married men may be assisted by loans to purchase a house. Further particulars and information as to the method of application may be obtained from the Secretary, Association of Universities of the British Commonwealth, 36, Gordon Square, London, W.C.1. The closing date for the receipt of applications, in Australia and London, is January 31, 1959. (8378)

**AUSTRALIAN NATIONAL UNIVERSITY  
JOHN CURTIN SCHOOL OF MEDICAL  
RESEARCH**

Applications are invited for eight appointments **RESEARCH FELLOWSHIP** and two **SENIOR RESEARCH FELLOWSHIPS** in the Department of Experimental Pathology  
**TWO RESEARCH FELLOWSHIPS**  
in the Department of Medical Chemistry  
**FELLOWSHIP, RESEARCH FELLOWSHIP and SENIOR RESEARCH FELLOWSHIP**  
in the Department of Physiology

Applicants should have appropriate research experience and an interest in the work of one of the Departments. In the Department of Experimental Pathology work is in progress on lipid transport and metabolism in relation to atherogenesis, the functional significance of the lymphatic system in health and disease, and upon cellular mechanisms of defence against infectious disease. Those appointed to the Department of Medical Chemistry will work on hydropyrimidines or pteridines and applicants should have experience in pyrimidine or heterocyclic chemistry. The Department of Physiology is carrying out experimental work on the peripheral and central nervous systems, both in the electrical and pharmacological aspects. Work in neuro-chemistry is also being done and facilities for physiological investigations on climatology will shortly be available. The salary ranges for Senior Research Fellows and Research Fellows are £A.2,233 to £A.2,713 and £A.1,398 to £2,113, respectively, and appointment is made for three years, with possible extension to the maximum of five years. The salary and range of a Fellow are determined within the limits £A.1,793 to £2,563, and appointment is made for an initial period of five years; thereafter it may be made permanent. A Fellow is entitled to one year's study leave on full pay, plus a contribution towards travel and other expenses, in every seven years. Superannuation is on the F.S.S.U. pattern. Reasonable travel expenses are paid and assistance with housing is provided. Further particulars should be obtained from the Secretary, Association of Universities of the British Commonwealth, 36, Gordon Square, London, W.C.1, or from the Registrar, Australian National University, Box 4, G.P.O., Canberra, A.C.T., to whom applications should be sent by February 6, 1959. Applications sent after that date may, however, be considered. (8316)

**AUSTRALIA—UNIVERSITY OF QUEENSLAND****PROFESSOR OF ANATOMY**

Applications are invited for the above position. Salary £A.3,500 per annum. Further particulars and application forms are obtainable from the Secretary, Association of Universities of the British Commonwealth, 36, Gordon Square, London, W.C.1. Applications close in Australia and London on February 28, 1959. (8377)

Free fully furnished accommodation, fuel, light and water, duty car. First-class air passages on commencement and termination of service paid by Qatar Government. Applications should be sent in duplicate to C. Tennant Sons & Co., Ltd., 4, Cophall Avenue, London, E.C.2, and be clearly marked Locum Surgeon. Full personal particulars are required, including a recent photograph, and details of past experience and employment, and should arrive not later than February 1, 1959. (8306)

**THE OTAGO HOSPITAL BOARD****University of Otago  
Dunedin, New Zealand****JUNIOR SPECIALIST ANAESTHETIST  
Otago Hospital Board  
ASSISTANT LECTURER IN ANAESTHETICS  
Otago Medical School**

Applications are invited for the above position, which is vacant at the present time, from those who hold a degree in medicine from an approved university. The position is non-resident, is full-time, and private practice is not permitted. The position is designated as that of Junior Specialist under the Hospital Employment (Medical Officers) Regulations. The salary scale will be £1,640 to £1,940 per annum, and the commencing rate will be in accordance with the appointee's qualifications and experience. Duties will include routine hospital work and the practical teaching of anaesthetics to medical and dental students. Travelling expenses will be paid in accordance with the information set out in the Conditions of Appointment, which, together with the prescribed application form, may be obtained from the High Commissioner for New Zealand, 415, The Strand, London. Applications will be received by the undersigned until 10 o'clock a.m. on Monday, March 2, 1959.—W. A. Williamson, Secretary, Otago Hospital Board, P.O. Box 946, Dunedin, N.Z. (8391)

**THE PRINCESS MARGARET HOSPITAL  
500, Sherbourne Street, Toronto 5, Canada****Applications are invited for the position of  
RESIDENT INTERNE STAFF IN  
RADIOTHERAPY**

for the period July 1, 1959, to June 30, 1960. The salary at the rate of \$200 per month, plus maintenance. This post offers an ideal opportunity for training in Radiotherapy or as an introduction to cancer treatment and investigation. Applicants must possess qualifications of a British Commonwealth University and be registered with the General Medical Council. Applications, to the Chairman of the Interne Committee, should be supported by copies of testimonials and a record of work since graduation. (7120A)

**Oversea (Vacant)—contd.****ST. MARY'S HOSPITAL**  
Waterbury, Connecticut, U.S.A.  
An approved hospital for rotating Internships

Service consists of three months each on medicine and surgery and two months each on obstetrics, paediatrics and clinics. Stipend \$200, plus full maintenance. Appointments available for July 1, 1959. Write Director of Medical Education, (7407)

**UNIVERSITY COLLEGE HOSPITAL**  
Ibadan, Nigeria**REGISTRARS—Obstetrics and Gynaecology**

The Board of Management invites applications from registered medical practitioners for Registrarships in the Department of Obstetrics and Gynaecology in the above teaching hospital, to start duty about April 1, 1959. Candidates must previously have held resident appointments in medicine and surgery as well as obstetrics and gynaecology. The salary offered for the posts is £1,266 per annum, rising to £1,320 after one year, plus an inducement allowance, payable to expatriates, of £270 per annum. The appointments will be initially for one tour of 12 months, and will be renewable by mutual agreement for a further tour of 12 months. On satisfactory completion of the agreement, a gratuity of £37 10s. (taxable) will be paid for each completed period of three months' service. An outfit allowance of £60 is payable on first appointment. Partly furnished quarters are provided at a rental of 8½% of salary, excluding inducement allowance, and an expatriate doctor appointed will be eligible for seven days' leave on full pay for each completed month of service in Nigeria. A Nigerian doctor qualifies for five days' leave for each completed month of service. Free first-class passages are provided for expatriate doctors and their wives on first appointment and on completion of the agreement. Free first-class passages to Nigeria will, in certain circumstances, be provided for non-expatriate doctors. Free first-class passages will be provided for vacation leave. Candidates will be eligible for children's allowances in accordance with existing regulations. Arrangements can be made to enable doctors to continue their N.H.S. Superannuation Scheme Contributions, and details of the revised salary and gratuity payable in such cases will accompany application forms. Applications should be submitted not later than January 24, 1959, on the appropriate forms, which will be forwarded, together with additional information, on receipt of an addressed foolscap envelope by the Adviser on Staff Recruitment, London Office (University College Hospital, Ibadan), 57, Catherine Place, Palace Street, London, S.W.1. (8476)

**UNIVERSITY AND RESEARCH****APPOINTMENTS, etc.****MEDICAL RESEARCH COUNCIL**

Applications are invited for an appointment as Physician to take charge of the Manchester team engaged in the follow-up of the Council's Clinical Trial of Tuberculosis Vaccines, which is expected to last about a further 18 months. The post is suitable for and interesting to someone with experience of general medicine or public health work, especially on the administrative side (an attempt would be made to arrange secondment for such an applicant); experience in tuberculosis or in mass radiography would be useful. Remuneration will be between £1,470 and £1,670 per annum, according to experience and qualifications, plus family allowances. Applications, giving full details of career and the names of three referees, should be sent to the Director, Tuberculosis Research Unit, Medical Research Council Laboratories, Holly Hill, Hampstead, London, N.W.3, not later than January 17, 1959. (8477)

**THE UNIVERSITY OF MANCHESTER**  
Darbshire House Health Centre

Applications are invited for the appointment of **ASSISTANT GENERAL PRACTITIONER** at the Darbshire House Health Centre in Upper Brook Street and High Street, Manchester, for a period of 12 months beginning February 1, 1959, or such later date as may be arranged. The work entails assisting the four General Practitioners in the Centre, in which about 12,000 patients are at present registered. The Health Centre is also used in the teaching of Medical Students of the University. Salary at the rate of £1,050 per annum, with an allowance towards the cost of travelling expenses and superannuation. Applications, which should include full particulars of qualifications and experience, must reach the Registrar, the University, Manchester, 13, not later than January 17, 1959, and should give the names of not more than three persons to whom reference may be made. (8449)

**THE MELVILLE TRUST****FELLOWSHIPS IN CANCER RESEARCH**

The Trustees of the above Scheme invite applications for Fellowships in Cancer Research commencing in October, 1959. The initial stipend will be according to experience, but will be not less than £800 per annum; and funds are available for the provision of equipment and for technical assistance. A Fellowship is normally awarded for a period of two years, but thereafter may be renewed, at the discretion of the Trustees. The research is normally to be carried out in one of the recognized clinical or scientific departments in Edinburgh and, if possible, applicants should have made prior contact with the head of the appropriate department. If this is not possible, the Trustees will endeavour to make suitable arrangements. The research may deal with any aspect of malignant disease, and candidates need not necessarily hold a medical qualification. Applications, together with the names of three referees, should be submitted by March 31, 1959, to the Honorary Secretary, Scientific Advisory Committee, The Melville Trust, Royal College of Surgeons, Edinburgh, 8, from whom further particulars may be obtained. The application should be accompanied by an outline of the proposed research, and by an account of any previous scientific or research experience. The expenses incurred in travelling to the United Kingdom by any Research Fellow appointed from Overseas will be defrayed by the Trust, which will also reimburse all candidates who are requested to attend for interview. (8341)

**THE UNIVERSITY OF LEEDS**  
Department of Preventive Medicine and Public Health

Applications are invited for appointment as **SENIOR LECTURER OR LECTURER** in the Department of Preventive Medicine and Public Health, at a salary on the scale £1,875 by £100 to £2,400 a year for a Senior Lecturer or on the scale £1,200 by £100 to £1,600 (efficiency bar) by £100 to £1,900 a year for a Lecturer, according to qualifications and experience. Applications (three copies), stating date of birth, qualifications, and experience, together with the names of three referees, should reach the Registrar, The University, Leeds, 2 (from whom further particulars may be obtained), not later than January 31, 1959. (8334)

**THE UNIVERSITY OF LEEDS—**  
**UNITED LEEDS HOSPITALS**

Applications are invited for appointment as **SENIOR REGISTRAR AND TUTOR IN MEDICINE** at a salary on the scale £1,210 by £110 to £1,540 a year. Applications (three copies), stating date of birth, qualifications, details of present and previous appointments (with dates), and experience of teaching, together with the names of three referees, should reach the Registrar, The University, Leeds, 2 (from whom further particulars may be obtained), not later than February 2, 1959. (8446)

**UNIVERSITY OF LONDON****Postgraduate Awards for Medical and Scientific Research**

Applications are invited for the following awards for full-time research:

- HAZEL CLIFFORD POSTGRADUATE STUDENTSHIP**  
Value £550 a year for one year, renewable for a second year, for postgraduate research in medicine or on a scientific topic concerned with the advancement of medical knowledge.
- WILLIAMS FELLOWSHIP FOR MEDICAL AND SCIENTIFIC RESEARCH**  
value £1,500 a year for two academic sessions, for original research into the cause and cure of diseases and illnesses attacking or affecting human beings.
- J. F. H. KNIGHT POSTGRADUATE FELLOWSHIP**  
value £1,000 a year for two academic sessions, for research into the social, epidemiological or preventive aspects of diseases of adult life.

Applicants for (a) and (b) must be graduates of the University of London; for (c) graduates of any university.

Forms and further particulars from the Secretary to the Scholarships Committee, Senate House, London, W.C.1, to whom applications must be returned not later than February 14, 1959. (8317)

**UNIVERSITY OF OXFORD****RADCLIFFE TRAVELLING FELLOWSHIP, 1959**

An Examination for a Fellowship of the annual value of £600, tenable for two years, will be held at Oxford on February 14, 1959. Candidates must have passed all the examinations for the Degree of Bachelor of Arts and Bachelor of Medicine, and must not have exceeded four years (exclusive of national service) from the time of passing the last examination for the Degree of Bachelor of Medicine. The examination will take the form of a self-chosen essay and an interview. Further particulars to be obtained from the Regius Professor of Medicine, 13, Northam Gardens, Oxford. All applications, with essays, must be sent to the Regius Professor of Medicine, 13, Northam Gardens, Oxford, by January 31, 1959. (6692)

**UNITED BRISTOL HOSPITALS****RESEARCH FELLOWSHIP IN PAEDIATRICS**

The project involves the continuation of a study of respiratory function and structure in health and disease in the early years of life, with particular reference to recurrent or persistent infection and its long-term effects. The candidate appointed will carry out research in the United Bristol Hospitals, under the direction of the Professor of Child Health, University of Bristol. Technical assistance and equipment will be provided. The appointment, which will be for one year in the first instance, will be made in the Senior Registrar or Registrar grade according to age, qualifications, and experience. Applications, together with the names of two referees, should be sent not later than January 14, 1959, to the Secretary, Royal Infirmary, Bristol, 2. (8478)

**UNIVERSITY OF GLASGOW****LECTURESHIP IN SURGERY**  
at the Western Infirmary

Applications are invited for a Lectureship in Surgery at the Western Infirmary. Salary according to placement on University scale for clinical teachers. The final maximum is £1,900 per annum, F.S.S.U. and family allowance benefits. Applications (12 copies) should be lodged, not later than January 31, 1959, with the undersigned, from whom further particulars may be obtained.—Robt. T. Hutcheson, Secretary of University Court. (8068)

**NOTICES**

**APPLICANTS ARE ADVISED NOT TO SEND** original testimonials when replying to advertisements. Copies will answer the purpose quite as well, and in the event of their being lost or mislaid no inconvenience will ensue.

**APOTHECARIES' HALL DISPENSERS**

Vital issues affecting your status and salary are being fought on your behalf at the present time. Continental Shopping in London, 120, Shaftesbury Avenue (2 minutes from Piccadilly Circus), London W.1. GERard 2045/6.

**HOMES****ST. ANDREW'S HOSPITAL, NORTHAMPTON**

For Nervous and Mental Disorders

President: The Earl Spencer. Medical Supt., Thomas Tennent, M.D., F.R.C.P., D.P.H., D.P.M. This Registered Hospital is situated in 130 acres of park and pleasure grounds. Voluntary patients who are suffering from incipient mental disorders or who wish to prevent recurrent attacks of mental trouble, temporary patients and certified patients of both sexes are received for treatment. Careful clinical, biochemical, bacteriological and pathological examinations. Private rooms with special nurses, male or female, in hospital or in one of the numerous villas in grounds of the various branches can be provided.

**MOULTON PARK.**—Two miles from the main hospital there are several branch establishments and villas situated in a park and farm of 650 acres. Milk, meat, fruit and vegetables are supplied to the hospital from the farm, gardens and orchards of Moulton Park. Occupational therapy is a feature of this branch and patients are given every facility for occupying themselves in farming, gardening and fruit-growing.

**WANTAGE HOUSE.**—This is a Reception Hospital in detached grounds with a separate entrance to which patients can be admitted. It is equipped with all the apparatus for the complete investigation and treatment of Mental and Nervous Disorders by the most modern methods; insulin treatment is available for suitable cases. There is an Operating Theatre, a Dental Surgery, an X-ray Room, an Ultra-Violet apparatus, and a department of Diathermy and High-frequency treatment. It also contains laboratories for biochemical, bacteriological and pathological research. Psychotherapeutic treatment is employed when indicated.

**BRYN-Y-NEUADD HALL.**—The seaside house of St. Andrew's Hospital is beautifully situated in a park of 330 acres at Llanfairfechan amidst the finest scenery in North Wales. On the North-West side of the estate a mile of sea-coast forms the boundary. Patients may visit this branch for a short seaside change or for longer periods. The hospital has its own private bathing house on the seashore. There is trout-fishing in the park.

At all the branches of the hospital there are cricket grounds, football and hockey grounds, lawn tennis courts (grass and hard courts), croquet grounds, golf courses and bowling greens. Ladies and gentlemen have their own gardens, and facilities are provided for handicrafts such as carpentry, etc.

For terms and further particulars apply to the Medical Superintendent (Telephone No.: Northampton 4354 (3 lines)), who can be seen in London by appointment.

**CHEADLE ROYAL, CHEADLE, CHESHIRE (GATey 2231)**

Medical Superintendent:

W. V. Wadsworth, B.S., M.B., M.R.C.P., D.P.M.

This excellently appointed hospital receives all types of patients who are suffering from psychological and senile illness. The most modern psychiatric treatments are available. Special geriatric unit for mild and senile patients.

Glan-y-Don Nursing Home, Colwyn Bay, is the seaside branch of Cheadle Royal.

**HAYDOCK LODGE**

Newton-le-Willows, Lancs

For treatment of mental and nervous diseases. Apply Medical Superintendent for terms, etc.

# Safe, effective cough control

# Tessalon Perles

## Selective inhibition of the cough reflex

Tessalon acts both by reducing the sensitivity of the pulmonary stretch receptors and by depressing the transmission of afferent cough impulses. It reduces excessive coughing without suppressing expectoration. Two Perles before retiring will control stubborn nocturnal cough in chronic bronchitis, respiratory tract infections, etc.

*Dose: One 100 mg. Perle (Capsule) 3 or 4 times daily, or two at night, swallowed whole. If necessary this dose may be doubled.*

*Packages: Perles containing 100 mg. nonaethylene-glycolnonomethylether-p-n-butylamino-benzoate in 25's (basic N.H.S. price 4s. 6d.), 100's, and 500's. Ampoules and suppositories also available.*
