

Ship-board Secretarial Service offered by Cunard is a boon to the businessman travelling to and from U.S.A. and Canada. It is a time-saver enabling him to prepare reports or memoranda during the voyage, and a return to his desk with a free mind to tackle current work.

The services of public stenographers are available. Dictaphone machines are also available; the memobels can be transcribed on board by the ship's stenographers or air-mailed to your office for transcription, all at moderate cost. For those who wish to do some typing themselves, portables are carried in all Cunarders for passengers' use.

*And when you've finished you have time to relax on board ship.*

**AVAILABLE FOR PRESCRIPTION NOW**

**FERROMYN IN 3 FORMS: CAPSULES, TABLETS, ELIXIR**

**ORAL IRON—A NEW PRESENTATION**

**FERROMYN**  
**Capsules**

Many constructive reports originating from doctors who are prescribing **FERROMYN** in many countries throughout the world sponsored the developments to improve its effectiveness still further. It became evident that it was necessary to present **FERROMYN** in a new form to achieve an even more rapid disintegration, coupled with increased stability.

During the past two years, tests have been carried out presenting Ferrous Succinate in many forms—**THE MOST SATISFACTORY OF WHICH HAS PROVED TO BE A CAPSULE.**

**Providing these outstanding advantages:**

(i) ferric iron content is not more than 0.8 mg. and does not increase on prolonged storage.	(ii) disintegration is rapid (5 minutes).
	(iii) intolerance is low
	(iv) haemoglobin response is 1%—2% per day.

**FERROMYN** (Ferrous Succinate), originated and developed in our own laboratories, is prepared from the ferrous salt of succinic acid and is one of the most effective organic iron salts, requiring no other additives to produce a rapid haemoglobin response or to reduce the intolerance and side effects usually associated with oral ferro-therapy.

**FORMULAE**

**FERROMYN**

Each capsule/tablet/teaspoonful contains:  
 Ferrous Succinate . . . . . 150 mg.

**FERROMYN 'B'**

# BACK CARE BY SIMMONS!

*A new concept in the orthopaedic-type mattress  
Designed to relieve problem backs*

**I**N RESPONSE to a recent survey made by Simmons, many physicians suggested that a new kind of mattress was needed to help alleviate chronic backache due to lack of proper mattress support.

It was evident that certain present so-called "posture" mattresses have not always been effective . . . and bed-

boards under ordinary mattresses sometimes are still inadequate.

In the Back Care, Simmons solution was to place a bedboard in the *Centre* of the mattress between *two* layers of inner-springs. This construction *prevents sag and adds corrective action*.

**Developed in consultation  
with orthopaedists**

A new principle of mattress support, the Back Care, was approved by a panel of orthopaedic specialists.

In their stated opinion, the Back Care will be an important adjunct to the management of backache and, perhaps, other disorders requiring a firm, comfortable sleeping surface.

The Back Care will be shown at Simmons Limited private exhibition at the Criterion Restaurant, Piccadilly Circus, during the week commencing 26th January, where inspection is cordially invited.

**3. The lower layer of springs**  
acts as a "floating" mechanism  
for the bedboard, equalizes  
weight and prevents "sag."

## The minor traumatic emergency

Tripping over the mat or falling up a stair often results in strains and sprains which respond satisfactorily to supportive treatment with Elastoplast porous elastic adhesive bandages. All Elastoplast bandages are porous so that while providing firm elastic support with the desired amount of stretch and regain they also permit evaporation of sweat. In order to minimise rucking of bandages and soiling of stockings the adhesive is not spread to the fluffy edges of the bandage. Elastoplast elastic adhesive porous bandages are available in 3-yard lengths and 2", 2½", 3" and 4" widths. Prescribable on Form E.C.10.

# The antibiotic ointment you can use time and time again

Neobacrin contains two antibiotics: neomycin, with its wide range of antibacterial activity, particularly against gram-negative organisms; bacitracin, which is active against gram-positive bacteria including strains insensitive to, or which have developed resistance to, other antibiotics.

With its extremely low sensitising potential, negligible irritant properties, freedom from systemic effects, even over long periods, and the absence of resistance when applied locally, Neobacrin is safe and suitable for repeated use.

*In 3½ G tubes (with ophthalmic nozzle): 15 G tubes*

*“No—there’s a big difference, Mr. Baxter...”*

...as you will remember, in protamine zinc insulin, the action of the insulin is modified by the presence of a foreign protein, protamine. In contrast, I.Z.S. contains no protein or peptide material other than the insulin itself. That is its great advantage over other insulins. You see, gentlemen, the action of I.Z.S. persists for the required period by appropriate adjustment of the particle size of the insulin zinc compound. It is because the effect of I.Z.S. is entirely independent of any modifying protein, that allergic reactions following its use are virtually unknown. Any other questions?"

**'Deaner'**  
SOMETHING NEW IN THERAPY

**OF CONSIDERABLE PROMISE  
IN GENERAL PRACTICE**

*'Deaner'*

according to early reports

gradually restores the debilitated or depressed patient to his normal level of well-being because it increases brain acetylcholine. There is no abrupt effect or let-down when treatment is discontinued, properties which render central nervous stimulants of little value in practice.

There are usually no side effects with 'Deaner' and whilst clinical studies indicate that improvement may be noticed at the end of a week's treatment, full benefit is not likely to be obtained for two to three weeks.

**INDICATIONS**

General debility, subclinical depression. 'Deaner' has also been found of value in behaviour disorders in children.

**EXPERIMENTAL INDICATIONS**

Chronic or tension headache, Migraine.

**AVAILABILITY**

'Deaner' is available in tablets, each containing 25 mg. of dimethylaminoethanol, as the para-acetamidobenzoic acid salt. Bottles of 100 Basic N.H.S. Cost 2s. 0d. plus Purchase Tax. Bottles of 500 Basic N.H.S. Cost 9s. 0d. plus Purchase Tax.

**DOSE**

Initially, two tablets a day, increasing or decreasing after a fortnight as required. Basic N.H.S. Cost per week of treatment with 'Deaner', on a dosage of two tablets a day, is 2s. 6d. plus Purchase Tax.

# 'Decadron'

... a leap beyond

**previously available steroids**

'DECADRON' is a completely new synthetic cortico-steroid discovered in the Merck Sharp & Dohme Research Laboratories. 'DECADRON' has all the basic therapeutic actions of earlier steroids, but to a much greater degree. Although 'DECADRON' is

35 times more potent than cortisone,  
7 to 10 times more potent than prednisolone, and  
5 times more potent than triamcinolone  
and methylprednisolone,

the incidence of side-effects is the lowest ever reported. 'DECADRON' introduces an important change in steroid therapy, since therapeutic need — *not* side-effects — now becomes the predominant factor.

The change-over to 'DECADRON' from the older steroids is extremely simple and is covered in the literature, available on request.

**THERAPEUTIC NEED - NOT SIDE-EFFECTS - NOW THE PREDOMINANT FACTOR**

MERCK SHARP & DOHME LIMITED, HODDESDON, HERTS.

### An advance in the therapy of diabetes

Rastinon tablets, developed by Farbwerke Hoechst AG., of Frankfurt/M., under the research No. D860, have now an established place in the therapy of diabetes mellitus. The large volume of clinical work and the number of papers published, reflect the world-wide interest in Rastinon. This work clearly shows that for the suitable patient Rastinon tablets provide a form of therapy which is

### Simple, safe, effective and economical

Rastinon is not a "sulphonamide drug," has no anti-bacterial action and does not produce crystalluria. No cases of dysaemopoiesis or other serious side-effects have been reported among the many thousands of patients satisfactorily controlled for more than two years.

The suitability of a patient for treatment with Rastinon tablets is readily assessed in the diabetic clinic and once stabilised no difficulties have been experienced in controlling the patient. An acute intercurrent infection may necessitate a temporary return to insulin therapy.

#### DOSAGE

Once stabilised, from one to three tablets a day are normally all that is required to replace the insulin with its concomitant syringe, needles, swabs, and often nursing assistance as well. During the period of stabilisation it has been found that generally from four to eight tablets on the first day, three to six on the second and three to five on the third are sufficient.

The daily amount should be divided into two or three doses and taken during or after meals with a little fluid. Higher doses are not usually more effective and are not recommended as they may occasionally cause hypoglycaemic reactions. The normal regime of urine examination and dietary control remains necessary.

To lessen the possibility of the patient taking a tablet other than Rastinon in error, each tablet is en-

graved with the name Rastinon and the trade mark of the originators.

#### PACKS

Bottles of 100 and 500 tablets—each tablet contains 0.5 G. N-Butyl-N'-toluene-p-sulphonylurea (tolbutamide). The basic cost to the N.H.S. of a week's treatment is on average between 3/6d. and 5/3d.

**RHEUMATOID ARTHRITIS · BRONCHIAL ASTHMA  
DERMATOSSES · ALLERGIC DISORDERS**

LEDERCORT triamcinolone, Lederle's superior corticosteroid was developed to minimize the major deterrents to all previous steroid therapy. It offers increased potency for greater clinical effectiveness, reduced dosage and the distinct advantage of fewer side effects. It provides prolonged therapy more economically, with easier patient management.

LEDERCORT causes no oedema, no hypertension, no psychosis, no weight gain or potassium depletion, and there is a lower incidence of such side effects as peptic ulcer, osteoporosis, epigastric distress, diabetic state, cushinoid "obesity".

*Studies on patients changed from prednisone and prednisolone indicate an average reduction in dosage with LEDERCORT of 50 per cent in bronchial asthma, allergic rhinitis, and in inflammatory and allergic skin diseases.*

# DECISIVE

## against the most prevalent diseases

The rapid, potent bactericidal action of 'Ilotycin' ensures decisive control of commonly occurring infections, and may be life-saving. 'Ilotycin' is suitable for patients of all ages, including infants where natural antibody response is minimal. Five years' use has proved 'Ilotycin' to be pre-eminently safe. It does not destroy the normal intestinal flora, thus there is no risk of staphylococcal enterocolitis.

'Ilotycin' gives the physician a sure and powerful weapon against the common infections, and the patient a quick return to normal.

The average dose is 1 Gm. daily (250 mg. every six hours).

*Available as: Tablets of 100 mg. and 250 mg.*

## A new adjunct to geriatric care

# 'JUVEL'

The purpose of this preparation is to present in convenient and acceptable form a product containing the vitamins most needed for persons beginning to experience symptoms or disabilities from the ageing process.

The formula of 'Juvel' has been designed in consideration of the known defects in the diets of many older patients. The vitamins chosen and the quantities given are related to needs as determined by dietary surveys and the known incidence of disease.

### FORMULA

The daily dose of 1 tablet contains :-		
Vitamin A . . . . .	5,000 i.u.	
Vitamin D . . . . .	500 i.u.	
Vitamin B <sub>1</sub> . . . . .	2.5 mg.	
Riboflavin . . . . .	2.5 mg.	
Vitamin B <sub>6</sub> . . . . .	2.5 mg.

# COUGH

Benylin Expectorant\* is of particular value in the treatment of cough and congestion due to colds, bronchitis and allergies. It contains the anti-histamine and anti-spasmodic agent Benadryl in combination with established expectorants. A palatable raspberry-flavoured syrup; soothing, decongestant and demulcent, it readily alleviates nasal stuffiness and sneezing and is entirely suitable for children.

# BENYLIN

expectorant

\*TRADE MARK

Bottles of 4, 16 and 80 fl. ounces

Benylin Expectorant contains, in each fluid ounce: Benadryl 80 mg., Ammonium chloride 12 grs., Sodium citrate 5 grs., Chloroform 1½ min., Menthol 1/10 gr., in a raspberry-flavoured syrup base.

## For expectant and nursing mothers

THE VALUE of 'Ovaltine' for the pregnant and nursing mother has long been recognized by physicians. This delicious food beverage has many qualities which make it eminently suitable for inclusion in the mother's diet.

'Ovaltine' contains malt, milk, cocoa, soya, eggs and added vitamins. It provides concentrated nutriment in a palatable form which appeals to the most capricious appetite, and it is easy to digest and assimilate. In addition, it stimulates the supply of breast-milk and helps to keep the mother strong and healthy during the nursing period.

You can confidently recommend your patient to take 'Ovaltine' during pregnancy and when she is breast-feeding her baby.

## ANY QUESTIONS?

Second Series. • Third Series—with Cumulative Index

Price 7s. 6d. each (by post 8s. 3d.)

These pocket-size volumes each contain some 200 questions and expert answers from the "Any Questions?" pages of the *British Medical Journal*. Each answer has been chosen for its practical value to doctors in their day-to-day work. Many deal with subjects not covered in the standard textbooks.

The Third volume has a cumulative index to all the answers appearing in the three books in the series.

**the new orally active  
progestational agent**

**the first all-British  
steroid discovery**

The combined advantages of 'Secrosteron' will make it a distinct and welcome addition to the list of available steroids. It has *many* advantages.

'Secrosteron' acts as a pure progestational agent. It brings about true secretory changes in the endometrium; and it has no oestrogenic or androgenic action.

Above all 'Secrosteron' has increased potency over ethisterone and is active in a wide range of conditions, at many times smaller dosage levels. An important aspect is that

'Secrosteron' dosage schemes are so simple—5 mg. three times daily except in the case of Habitual Abortion in which the dosage is 5 mg. daily.

A continuous flow of Medical, Surgical and Paediatric know-how . . .

## THE CLINICS OF NORTH AMERICA

Let these world-famous CLINICS OF NORTH AMERICA help you in your postgraduate study in 1959. They represent the nearest thing in print to-day to actual attendance at a postgraduate course . . .

Many thousands of doctors all over the world have been taking them for years and rate them as being of almost as much importance to them as their stethoscopes . . .

### THE MEDICAL CLINICS OF NORTH AMERICA

Published 6 times a year (January, March, May, July, September and November). Annual subscription to 6 consecutive numbers £6/6/- (cloth covers) or £5/5/- (paper covers).

### THE SURGICAL CLINICS OF NORTH AMERICA

Published 6 times a year (February, April, June, August, October and December). Annual subscription to 6 consecutive numbers £6/6/- (cloth covers) or £5/5/- (paper covers).

### THE PEDIATRIC CLINICS OF NORTH AMERICA

Published 4 times a year (February, May, August and November). Annual subscription to 4 consecutive numbers £5/5/- (cloth covers only).

These unique books, which are becoming so increasingly popular, offer the doctor or surgeon the very best means of keeping abreast of recent developments. They provide a continuous flow of effective and up-to-date medical, surgical and paediatric know-how. Each book contains a Symposium (sometimes two) on a subject of special and current importance that has been selected according to the popular request of the many thousands of regular subscribers all over the world.

These Clinics carry no advertising—all the 300-odd pages of each number are packed with good solid clinical instructions and illustrations to guide the reader in the complete medical or surgical management of each condition.

COMPOCILLIN VK GRANULES for Oral Solution are now available in the range of COMPOCILLIN VK (Potassium Penicillin V, Abbott) preparations. COMPOCILLIN VK GRANULES provide an oral solution which gives the proved value of *higher and faster* blood levels, only associated, hitherto, with Potassium Penicillin V tablets. COMPOCILLIN VK GRANULES for Oral Solution are an alternative form to COMPOCILLIN VK Filmtabs.

Having a delicious cherry flavour remarkable in such a highly soluble penicillin, COMPOCILLIN VK GRANULES are supplied as 1.5 Gm. in 60 cc. bottles. The addition of 36 cc. of tap-water makes a solution containing 125 mg. (200,000 units) of Potassium Penicillin V in each 5 cc. teaspoonful.

# Teaching Emphysema Patients Diaphragmatic Breathing Spencer's Gordon Barach Support can help!

For further information write to :

**SPENCER (BANBURY) LTD**  
Consulting Manufacturers  
SURGICAL & ORTHOPAEDIC SUPPORTS  
Spencer House · Banbury · Oxfordshire  
Telephone : 2265

It **visually** demonstrates to the patient whether or not his diaphragmatic breathing technique is correct.

It strengthens abdominal muscles through *exercise*—thereby making the practice of diaphragmatic breathing more instinctive.

**Expiratory ventilation** of lungs is improved by the recoil-type thrust of the springs during exhalation.

The Gordon-Barach Support is an adjunct to diaphragmatic breathing. Special steel springs incorporated into the abdominal pad are compressed during inhalation when abdominal muscles are properly used. Increased tension of these compressed springs aids expiratory ventilation.

range

ERYTHROCIN I.M. (Erythromycin Ethyl Succinate, Abbott) is now supplied in the range of ERYTHROCIN preparations for infections caused by organisms sensitive to erythromycin—including most of the gram positive cocci.

Prepared specifically for *intramuscular* use, ERYTHROCIN I.M. given as an initial injection in more severe cases, ensures that blood levels are available *quicker* and are maintained *longer*. A 2 cc. ampoule of ERYTHROCIN I.M. provides a useful addition to emergency equipment, particularly for night-calls. The initial injection may be followed by oral administration of ERYTHROCIN STEARATE *FilmTabs* in the normal way. If oral therapy is not desirable, ERYTHROCIN I.M. is a safer alternative to the intravenous route.

ERYTHROCIN I.M. is supplied as a sterile solution in 2 cc. ampoules and 10 cc. multiple-dose vials (50 mg. of erythromycin per cc.).

## *Sunshine and Warmth...* for people of all ages

So many people would feel all the better for the stimulating warmth and sunshine provided by Philips Health Lamps. For instance, when used under medical guidance, these lamps are often remarkably successful in treating rheumatic complaints and debilitated conditions.

*Two types of lamp are available, both requiring a signed medical certificate to enable the patient to purchase.*

### Philips Ultra-violet **SUNLAMP** (Made in Holland)

Philips Sunlamp gives the blessing of "Mountain sunshine"—a boon in convalescence and, as many doctors know, is useful for treating skin troubles, such as psoriasis. Price: £5.17s.6d. (including goggles).

### Philips Infra-red **INFRAPHIL** (Made in Holland)

Philips Infraphil was installed in the medical centres at the last two Olympic Games. It is most valuable in alleviating the pain of arthritis, rheumatism and muscle-strain. Infraphil Infra-red lamp costs only £3.3s.0d. (as illustrated). De-luxe model "A" Price: £4.46.0d.

# CLINICAL PATHOLOGY IN GENERAL PRACTICE

321 pages. Price 21s. (by post—inland and overseas  
22s. 3d.)

This handbook on clinical pathology meets the needs of the general practitioner, the houseman, and the senior student. It contains thirty-nine articles comprising a series specially written for the *British Medical Journal*. Each article has been revised and brought up to date by its author. The book gives authoritative information on—

- available laboratory facilities
- reliable tests and which to use
- techniques for collecting and preserving specimens
- interpretation of results and significance of abnormal findings

# EMERGENCIES IN GENERAL PRACTICE

from the British Medical Journal  
470 Pages (cloth bound), with full index

This book deals with medical emergencies in a wide sense; acute clinical emergencies requiring prompt and skilful treatment; conditions such as faints and fits and giddy turns, the careful elucidation of which may mean the difference to a patient between a life of activity and one of restriction; acute psychiatric states; accidents of treatment, such as dangerous reactions to drugs or collapse during anaesthesia; and emergency calls when the doctor is isolated, as on a ship.

It comprises 57 specially commissioned articles which appeared originally in the *British Medical Journal*.

The author of each is an acknowledged authority. This collection, now revised by the authors, will be of value not only to general practitioners but also to senior students, house-physicians, house-surgeons, and to those supervising their work in hospitals.

## The ultimate antibiotic in the Abbott triad

SPONTIN comes to the medical profession with a clinical history of dramatic results—cases where patients were given little hope of survival.

Effective against a wide range of staphylococci, streptococci and pneumococci,

SPONTIN is essentially a drug for hospital use for patients with potentially dangerous infections.

SPONTIN is administered

*intravenously* using the drip technique or by syringe and is supplied as a sterile lyophilized powder in vials representing 500 mg. of Ristocetin activity. Full information will be supplied on request.

**For the child**

# who is 'different'

The difference may only be one of behaviour—the exaggerated emotional tantrums of the young. It may be manifested as undue nervousness, as enuresis. It may be more apparent as a petit mal seizure or as a spastic state. In all these cases Equanil can help the child—and his parents—enjoy a more normal life.

Equanil, well-established as an anti-anxiety agent in adults, is becoming increasingly recognised for use in children whenever the need arises for a *safe* drug offering not only selective sedation but muscle relaxant and anti-convulsant actions.

Detailed information on Equanil in paediatrics is available on request.

# The role of

## ‘DEGRANOL’ MANNOMUSTINE (B.C.M)

in the treatment of  
malignant disease

‘DEGRANOL’ is a new cytostatic agent first prepared by Prof. L. Vargha of Hungary

### Composition

1, 6-bis (beta chloroethylamino)-1, 6 desoxy-D-mannitol-dihydrochloride.

### Indications

Extensive clinical trials with ‘DEGRANOL’ have yielded very favourable results in the treatment of malignant disease of the haemopoietic and lymphatic systems. It may also be administered before and after surgical treatment to prevent tumour cells from being spread by the operation. ‘DEGRANOL’ is of extremely low toxicity and is remarkably free from side effects.

### Administration

‘DEGRANOL’ is available in 50 mg. ampoules and is administered by intravenous injection.

For full information, literature, references etc. apply to the sole U.K. distributors for CHINOIN, BUDAPEST.

In bottles of 10 capsules. Each capsule contains: menthol 7.9% chlorbutol 6.6% oil of cinnamon 2.7% oil of pine 18.8% terpineol 14.8% chlorothymol 0.7%  
 Basic N.H.S. cost—10 capsules 10½d.

## APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose (unless otherwise specified) one copy each of 3 recent **★**testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

House Officers should submit a separate application for each post for which they apply.

Canvassing in any form will disqualify.

**★SERVICE MEMBERS** may have difficulty in supplying recent testimonials, but this should not deter them from applying.

A fully registered medical practitioner who is liable for National Service must obtain deferment of recruitment in writing from the Central Medical Recruitment Committee or (in Scotland) the Scottish Central Medical Recruitment Committee before accepting any civilian appointment.

The position of provisionally registered medical practitioners who are liable for National Service has been made clear in a notice sent to them by the Ministry of Labour and National Service.

### SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

#### Registrar Grades, Whole-time

(a) **REGISTRAR**: Posts obtained normally not less than two years after registration as a medical practitioner and held normally for two years: £972 8s. per annum in the first year; £1,103 19s. per annum in the second and any subsequent years. If the post is resident a deduction of £170 per annum is made.

(b) **SENIOR REGISTRAR**: Posts obtained normally not less than four years after registration as a medical practitioner and held normally for four years: £1,258 8s. per annum in the first year; £1,372 16s. per annum in the second year; £1,487 4s. per annum in the third year; £1,601 12s. per annum in any subsequent years. If the post is resident a deduction of £200 per annum is made.

#### Other Grades, Whole-time

##### (a) HOUSE OFFICERS:

(i) **Provisionally registered medical practitioners**: £486 4s. per annum for the first post held; £543 8s. per annum for the second and all subsequent posts held; provided that the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that the remuneration of any officer holding his first post in the National Health Service as a House Officer shall be £543 8s. per annum if they are satisfied that the officer has held at least one hospital post outside, of not less than six months' duration, involving clinical responsibilities equivalent to those of house posts in the National Health Service and supervised by appropriate specialist staff.

(ii) **Fully registered medical practitioners**: £600 12s. per annum for any post held; provided that in exceptional circumstances, subject to the consent of the Minister, this rate may be exceeded by up to £50 per annum where a post cannot be filled otherwise.

In each case under sub-sections (i) and (ii) above, a deduction of £125 per annum in respect of board and lodging and other services provided shall be made and each post shall be tenable for six months.

(b) **SENIOR HOUSE OFFICER**: Posts obtained by fully registered medical practitioners, and held normally for one year only: £852 6s. per annum. If the post is resident a deduction of £150 per annum is made.

(c) **JUNIOR HOSPITAL MEDICAL OFFICER**: Officers who have held house appointments but who are neither Senior House Officers nor in one of the registrar grades, who have less responsibility than other hospital officers of non-consultant status, and who have been appointed for a limited or an indefinite period, not less than one year after full registration as a medical practitioner: £884 12s. by £57 4s. to £1,229 16s. per annum. If the post is resident a deduction of £170 per annum is made.

### ALL NATIONAL HEALTH SERVICE HOSPITAL APPOINTMENTS ARE IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF SERVICE OF HOSPITAL MEDICAL STAFF

Any advertisements appearing in this issue for posts in the hospital service which quote the rates of salary which obtained before the recent percentage increases are published on the assumption that the employing authorities will make the necessary adjustments.

Harper Smith, Town Clerk, Town Clerk's Office, Lincoln. (9131)

**CITY AND COUNTY OF THE CITY OF LINCOLN****MEDICAL OFFICER OF HEALTH AND PRINCIPAL SCHOOL MEDICAL OFFICER**

Applications are invited from registered medical practitioners possessing the necessary qualifications and experience for the above-mentioned appointment. Salary £1,845, rising by £55 annually to a maximum of £2,065. A car allowance will be paid and housing accommodation may be available if required. The appointment (which will fall vacant on May 1, 1959) is pensionable, and the successful candidate will be required to pass a medical examination. Particulars of the appointment and forms of application are obtainable from the undersigned, by whom applications must be received not later than January 31, 1959.—J. Harper Smith, Town Clerk, Town Clerk's Office, Lincoln. (9130)

**CITY OF LEICESTER****DEPUTY MEDICAL OFFICER OF HEALTH AND DEPUTY PRINCIPAL SCHOOL MEDICAL OFFICER**

Applications are invited for the above appointment. The salary scale is £1,840 by £105 (2) by £55 to £2,105. The appointment is subject to termination by three months' notice on either side. The Deputy Medical Officer will act under the direct control of the Medical Officer of Health, and will be required to carry out such duties as may be assigned to him. Application forms and further details of the appointment may be obtained by reference to the undersigned, and applications, accompanied by copies of three recent testimonials, should be received by February 12, 1959.—E. K. Macdonald, Medical Officer of Health, City Health Department, 1a, Grey Friars, Leicester. (9413)

**CITY OF MANCHESTER**  
Health Department

Applications are invited from registered medical practitioners (men or women) who hold a Diploma in Public Health or equivalent qualification for the post of

**SENIOR MEDICAL OFFICER**

in the Nursing Services Division of the Health Department. The duties of the officer appointed will include those of Senior Maternity and Child Welfare Officer. Administrative experience is essential. The salary scale is £1,520 to £1,955 per annum, and Whitley Medical Council conditions apply. Commencing point will be fixed according to experience and qualifications. Further details and forms of application from the Town Clerk, Town Hall, Manchester, 2, to whom applications should be returned not later than January 28, 1959. (9091)

**CITY OF SALFORD**

Health Department

**DEPUTY MEDICAL OFFICER OF HEALTH**

Applications are invited from duly qualified medical practitioners with a Diploma of Public Health and considerable experience in a public health department. The duties will be administrative and/or clinical as prescribed in the conditions of service. The scale of salary for the post will be £1,530, rising by two annual increments of £105, with one of £55, to a maximum of £1,795 per annum. The commencing salary will be fixed within this scale according to qualifications and experience. Form of application and conditions of service may be obtained from the Medical Officer of Health, 143, Regent Road, Salford, 5, by whom applications, including the names of two referees, must be received not later than February 7, 1959.—R. Ribblesdale Thornton, Town Clerk. (9782)

**COUNTY BOROUGH OF EAST HAM****DEPUTY MEDICAL OFFICER OF HEALTH AND DEPUTY PRINCIPAL SCHOOL MEDICAL OFFICER**

Applicants must be medical practitioners, not more than 45 years of age, with a Diploma in Sanitary Science, Public Health or State Medicine, and considerable clinical and administrative experience in public health and school medical work. Salary £1,413 6s. 8d. by £55 (4) by £50 (1) to £1,683 6s. 8d. per annum. Further particulars and forms of application, returnable by February 2, 1959, from Town Clerk, Town Hall, East Ham, E.6. (9686)

**COUNTY BOROUGH OF GATESHEAD****ASSISTANT MEDICAL OFFICER OF HEALTH AND SCHOOL MEDICAL OFFICER (Male)**

Applications are invited from duly qualified medical practitioners (male) in possession of the D.P.H., C.P.H. or D.C.H., for the post of Assistant Medical Officer in the Public Health Department. Salary will be within the scale commencing £1,050 by £50 to £1,200 by £55 to £1,475 per annum, having regard to the experience of the candidate in similar posts. The appointment is superannuable, subject to medical examination, and is terminable by one month's notice on either side. A list of the duties of the office may be obtained from the Medical Officer of Health, Greenfield House, Mulgrave Terrace, Gateshead, to whom applications, stating age and experience, and accompanied by not more than three recent testimonials, should be sent in envelopes endorsed "Assistant Medical Officer," within 14 days of the appearance of this advertisement.—C. D. Jackson, Town Clerk, Town Hall, Gateshead, 8. (9725)

**COUNTY BOROUGH OF OLDHAM**

Applications are invited from registered medical practitioners for the appointment of  
**ASSISTANT MEDICAL OFFICER OF HEALTH AND ASSISTANT SCHOOL MEDICAL OFFICER**

This appointment affords an excellent opportunity for obtaining experience in the Public Health and School Health Services. Facilities are also available for applicants to be granted the necessary leave to take a part-time D.P.H. course. Salary, £1,050 by £50 to £1,200 by £55 to £1,475 per annum. Previous professional experience and qualifications will be taken into account when determining commencing salary. The appointment is superannuable and subject to medical examination. Applications, stating age, qualifications and experience, should be forwarded to the Medical Officer of Health, Public Health Department, Town Hall, Oldham, together with names and addresses of two referees.—Edward Haines, Town Clerk. (9633)

**COUNTY BOROUGH OF READING**  
Medical Officer of Health's Department**APPOINTMENT OF SENIOR ASSISTANT MEDICAL OFFICER OF HEALTH AND SCHOOL MEDICAL OFFICER**

Applications are invited for the post of Senior Assistant M.O.H. and S.M.O. (male). Applicants must hold the D.P.H. and should have been approved by the Ministry of Education for the ascertainment of educationally subnormal children. The post provides good opportunities for general administration but includes a fair amount of clinical work. There is close contact with the paediatric and other departments of the local hospitals. Salary scale £1,250 to £1,675. Starting point on an appropriate step on the scale according to experience. It is hoped that the Council will be able to help with the provision of accommodation if this is required. Application forms and conditions of service from the Medical Officer of Health, Bristol and West House, 173/4, Friar Street, Reading, returnable to him not later than February 14.—G. F. Darlow, Town Clerk. (9665)

**DERBYSHIRE COUNTY COUNCIL**

**INDUSTRIAL APPOINTMENTS**

Attention is drawn to the B.M.A. statement of policy on the remuneration of Industrial Medical Officers (as approved by the Annual Representative Meeting, 1958), which is available on request from the Secretary.

A large Light Engineering Concern in Lancashire require an

**INDUSTRIAL MEDICAL OFFICER**

to be responsible to the Managing Director, to control and organize its existing medical services both within the main plant and its subsidiary and associate factories in Lancashire.

The post is a new one and should offer scope for original work and a challenge to anyone interested in making a career in industrial medicine, especially since the manufacturing processes and materials used are varied and often novel.

Salary in accordance with the recommendations of the B.M.A.

Preference will be given to men who have already had some experience in northern industry.

Applications, stating age, qualifications, and career to date, should be sent to Box 1500, B.M.J.

## INSTITUTE OF BASIC MEDICAL SCIENCES

## A SHORT COURSE IN GENETICS

March, 1959

Beginning on Monday, March 2, a short course of ten lectures will be given in the mornings during that week at the Royal College of Surgeons of England, Lincoln's Inn Fields. The lectures will be suitable for candidates studying for higher qualifications and for research workers. The course is intended as an introduction to the subject of genetics. Mr. J. Maynard Smith, Professor C. Dent, Dr. H. Harris, Professor H. Grünberg, Professor L. S. Penrose and Dr. J. A. Fraser Roberts have agreed to lecture. Applicants, other than students of the Institute, will be required to pay a fee of two guineas for the ten lectures. Further details may be obtained from Mr. W. F. Davis, Secretary, Institute of Basic Medical Sciences, Royal College of Surgeons, Lincoln's Inn Fields, W.C.2, HOLborn 3474. (9579)

**POSTAL COACHING FOR ALL MEDICAL EXAMINATIONS.** Examination successes, 1944-1957: M.R.C.P. Lond., 230; F.R.C.S. Eng., Final, 324; M. and D. Obst. R.C.O.G., 375; D.A., 308; D.C.H., 210; University and Conjoint Finals, 729. Up-to-date courses for the above and for the Primary F.R.C.S., M.R.C.P. Edin., F.R.C.S. Edin., D.P.H., F.F.A., D.P.M., D.O., D.L.O., D.I.H., D.T.M.&H. Assistance with M.D. Thesis. Prospectus, list of tutors, etc., on application to G. E. Oates, M.D., M.R.C.P. (Lond.), University Examination Postal Institution, 17, Red Lion Square, London, W.C.1. Phone HOLborn 6313.

**POSTGRADUATE STUDY.**—Diploma in Anaesthetics; Diploma in Psychological Medicine; Diploma in Ophthalmology; Diploma in Radiology; Diploma in Laryngology; Diploma in Child Health; F.R.C.S. Edin., and all Surgical Examinations. M.R.C.P. Lond., and all Medical Examinations. M.D. Thesis of all Universities. Courses for all qualifying examinations. Complete Guide to Medical Examinations sent free on application. Applicants should state in which qualification they are interested. Address: Secretary, Medical Correspondence College, 19, Welbeck St., London, W.1.

## ROYAL COLLEGE OF PHYSICIANS OF LONDON

Albert Ray Southwood, C.M.G., M.D., M.R.C.P., will deliver the M'Roy Lectures on Tuesday, February 3, and Thursday, February 5, 1959, at 5 p.m. at the College, Pall Mall East, S.W.1. Subject: "Aspects of Preventive Cardiology. 1. The Elaboration of Public Health. 2. The Rise of Biochemistry." Any member of the medical profession admitted on presentation of doctor's card. By order of the President.—Harold Boldero, Registrar. (9580)

## THE ROYAL INSTITUTE OF PUBLIC HEALTH AND HYGIENE

## DIPLOMA IN INDUSTRIAL HEALTH

A full-time course of five months' duration leading to the D.I.H. Examination of the Society of Apothecaries of London will commence at the Institute on January 30, 1959. Courses may also be taken on a part-time basis. Details from the Dean, 23, Queen Square, W.C.1. (8792)

## ROYAL COLLEGE OF SURGEONS OF ENGLAND

## SURGERY LECTURES AND CLINICAL CONFERENCES, April, 1959

A course of 24 surgery lectures, with 10 clinical conferences at certain selected hospitals, will be held from April 6 to 24, 1959. Only a limited number of students can be accepted for the clinical conferences. Fees: Whole Course £15 15s. Lectures only £10 10s. Single Lectures 10s. each. Applications, accompanied by a cheque for the appropriate fee, should be sent to Mr. R. S. Johnson-Gilbert, Assistant Secretary, Royal College of Surgeons of England, Lincoln's Inn Fields, W.C.2 (Tel. HOLborn 3474), from whom further particulars may be obtained. (9559)

SCHOOL OF HYGIENE  
University of Toronto

**DIPLOMA IN BACTERIOLOGY COURSE, 1959** The School of Hygiene provides instruction in medical microbiology to physicians and other university graduates with suitable laboratory experience. The instruction prepares candidates for the Diploma in Bacteriology of the University of Toronto. The course begins September 11, 1959, and covers in a period of nine months the following subjects: systematic bacteriology, systematic virology, microbial infections, sanitary bacteriology, medical parasitology and mycology, and statistical methods. Fees, approximately £550. Overseas candidates should consult their Governments about Fellowships for study in Canada. For further details apply to Dr. A. J. Rhodes, Director, School of Hygiene, University of Toronto, Toronto, 5, Canada. (9581)

## SITUATIONS VACANT

Herts and Essex General Hospital, Bishop's Stortford, Herts (341 beds)

In Hypertension

# RAUWILOID

reduces the pressure gradually and safely . . .

Of proved value in the treatment of mild to moderate hypertension, 'Rauwiloid' is a purified and standardized fraction of *Rauwolfia serpentina* in tablet form. It lowers elevated blood pressure gradually, slows the pulse rate, and so reduces cardiac effort. A calm, tranquil sense of well-being is induced, without drowsiness, and with little impairment of alertness. Dosage is not critical, and there are no important side-effects or contra-indications. Mental depression is unlikely to be encountered when 'Rauwiloid' is used in the recommended dosage. It is the medicament of choice for hypertension in its early stages, in order to arrest progression.

RIKER

'Rauwiloid' is a registered trade-mark. Regd. Users:

RIKER LABORATORIES LIMITED  
LOUGHBOROUGH

'Rauwiloid' contains 2 mg. of the active hypotensive alkaloids of *Rauwolfia serpentina* per tablet, undesirable constituents of the crude root being excluded by the extraction process.

Dosage is simple—two tablets at bedtime.  
Full literature on request.

NO LONG FACES  
WHEN CHILDREN TAKE . . .

# Tancolin

The Tangerine-flavoured Children's Cough Linctus

TANCOLIN is specifically formulated for children between the ages of six months and twelve years. The pleasant tangerine flavour makes an immediate appeal even to the most unco-operative child patient.

TANCOLIN is freely prescribable on E.C. 10 (Category 3/4). An ever-increasing demand indicates full acceptability as a treatment for the distressing cough associated with the Common Cold, Bronchospasm, Bronchitis and most Inflammatory and Catarrhal affections of the respiratory tract.
