

Your way across the Atlantic

CUNARD—for more than a century a name synonymous with all that is best in ocean travel. Led by the magnificent "Queen" liners, each fitted with two pairs of stabilising fins to smooth your way across the Atlantic, the present Cunard fleet provides a complete passenger service with regular sailings to and from the United States and Canada.

Tonic sea air to stimulate the appetite—superb cuisine to satisfy it . . . Cunard comfort and service . . . dancing . . . cinema shows . . . all combine to make a few carefree days whilst crossing the Atlantic by Cunarder which will linger long in the memory.

Cunard

RESPIRATORY DISEASE and the GENERAL PRACTITIONER

by C. H. C. TOUSSAINT, MRCS, LRCP, DPH

Consultant Chest Physician,

Willesden Chest Clinic and Central Middlesex Hospital, London.

President, British Tuberculosis Association, 1957-8.

A survey of the diagnosis and management of three major respiratory diseases, with detailed descriptions of 32 individual case histories, illustrated by 53 X-ray plates. Early diagnosis of bronchial carcinoma is stressed. A section on bronchitis is included. This booklet replaces Dr. Toussaint's original study "Pulmonary Tuberculosis and the General Practitioner" (1946).

Price 7s. 6d.

Only Nulacin provides intragastric milk-alkali drip therapy for the ambulatory patient

"In view of the ineffectiveness of most of the tableted antacids, the milk alkali tablet (Nulacin) would appear to be the antacid of choice for ambulatory therapy."

(*Medical Times* 1958, 1, 74)

NULACIN TABLETS have been developed so that when allowed to dissolve slowly in the mouth, they give continuous milk-alkali drip therapy and provide a treatment of peptic ulcer and other conditions associated with hyperacidity. The effectiveness of Nulacin therapy has been established by clinical work in many countries. The following are a few references to the literature:
Antacids. The Practitioner, January 1957, 178: 43

Antacids in Peptic Ulcer. The Practitioner, January 1956, 176: 103

Recent Advances in the Ulcerative Diseases of the Gastrointestinal Tract. Amer. J. Gastro., December 1956, 26: 665

Ambulatory Continuous Drip Method in the Treatment of Peptic Ulcer. Amer. J. Dig. Dis., March 1955, 22: 67-71

Management of Peptic Ulceration in General Practice. Med. World, December 1954, 81: 591-601

Clinical Investigation into the Action of Antacids. The Practitioner, July 1954, 173: 46

Further Studies on the Reduction of Gastric Acidity. Brit. Med. J., 23rd January 1954, 1: 183-184

Control of Gastric Acidity by a New Way of Antacid Administration. J. Lab. & Clin. Med., 1953, 42: 955

The Effect on Gastric Acidity of "Nulacin" Tablets. Med. J. Aust., 28th November 1953, 2: 823-824

Nulacin tablets have no B.P. equivalent and have been classified in categories 3 & 4 by the Joint Committee on Prescribing. The basic N.H.S. price of the 25 tablet tube is 2/-.

HORLICKS LIMITED, PHARMACEUTICAL DIVISION, SLOUGH, BUCKS.

1st choice for treating most bacterial infections **Penicillin**

Penicillin, the first antibiotic, is still foremost for safety, economy and effectiveness. Glaxo helped pioneer the large scale manufacture of penicillin and have always maintained the highest standards of purity and quality in their products, as well as the greatest degree of efficiency in the packaging, pricing and technical advisory services that revolve round such a vital therapeutic agent.

1st choice of penicillins **Crystapen* Injection**

CRYSTAPEN is the *soluble sodium* form of penicillin that dissolves readily when added to sterile water, giving a clear, pure solution. CRYSTAPEN, which gives an immediate destructive level, is particularly suitable in cases requiring a swift response. The routine of one large dose daily has been shown by long experience to be the most effective and least expensive. None of the 'prolonged action' penicillins has the capacity of CRYSTAPEN to produce high concentrations: none will give better or speedier clinical results.

The esters of NICOTINIC, SALICYLIC and p-AMINO BENZOIC acids bring relief to cases of arthritis and rheumatism

"Thank you, doctor"

IN CASES OF soft-tissue rheumatism, and arthritic disorders, many doctors are tending more and more to regard Transvasin as an indispensable adjuvant to treatment.

For Transvasin is composed of the esters of nicotinic, salicylic and p-aminobenzoic acids. These esters readily pass the skin barrier in therapeutic quantities, and so enable an effective concentration of drugs to be built up where they are needed.*

Transvasin not only induces vasodilation of the skin with a superficial erythema, but also brings about a deep hyperaemia of the underlying tissues. It is non-irritant and can be safely used on delicate skins.

It is now being widely prescribed, with successful clinical results. Since a very small quantity is sufficient for each application, the cost of treatment is extremely low.

**Therapeutische Umschau*

British Oxygen equipment and gases...

The PNEUMOTRON
an "electronically
controlled" resuscitator

The Pneumotron is an electronically controlled breathing apparatus originally designed for promoting and sustaining breathing in new-born infants, and which has now been developed for treating adult patients. It can be operated as a 'patient triggered' or fully automatic resuscitator. The slightest inspiratory effort of the patient will 'trigger' the apparatus to follow the breathing rate and respiratory pattern of the patient.

The Pneumotron will change over automatically to cycle at a preset rate and pressure should breathing cease altogether. Alternatively, the control can be set at fully automatic to give a continuous breathing cycle.

Please write for fully illustrated literature to British Oxygen Gases Limited, Medical Division, Great West Road, Brentford, Middlesex.

AMBULATION...

It is efficient compression bandaging which promotes the healing processes in the ambulatory treatment of leg ulcers—and what better bandage for the work than Elastoplast elastic porous adhesive bandages? Successful compression treatment of leg ulcers means that, as well as efficient and *comfortable* bandaging of the limb, the patient must be ambulatory in every sense of the word. Normal use of the legs prevents recurrence of oedema and prepares the tissues for normal healing. Elastoplast porous adhesive elastic bandages provide the greatest degree of comfort possible with compression therapy. The adhesive is not spread to the edges of the bandage. This means that the bandage will not ruck and make ridges to irritate the skin. Elastoplast bandages have fluffy edges protecting devitalised skin which is unusually sensitive and liable to trauma under compression.

Limb should first be covered vertically, with overlapping strips of Elastoplast about 12" long. Small holes should be cut in strips covering the ulcer to permit drainage. An Elastoplast bandage is then applied from toes to knee, enclosing the heel. Holes are cut in the bandage overlying the ulcer. An absorbent pad is held in place on the outside of the bandaged leg, so that it can be changed.

in the treatment of . . .

**RHEUMATOID ARTHRITIS · BRONCHIAL ASTHMA
DERMATOSES · ALLERGIC DISORDERS**

LEDERCORT triamcinolone, Lederle's superior corticosteroid was developed to minimize the major deterrents to all previous steroid therapy. It offers increased potency for greater clinical effectiveness, reduced dosage and the distinct advantage of fewer side effects. It provides prolonged therapy more economically, with easier patient management.

LEDERCORT causes no oedema, no hypertension, no psychosis, no weight gain or potassium depletion, and there is a lower incidence of such side effects as peptic ulcer, osteoporosis, epigastric distress, diabetic state, cushinoid "obesity".

Studies on patients changed from prednisone and prednisolone indicate an average reduction in dosage with LEDERCORT of 50 per cent in bronchial asthma, allergic rhinitis, and in inflammatory and allergic skin diseases.

Fentazin

PERPHENAZINE

broad-span effectiveness

- *effective in anxiety and tension states*
- *effective in nausea and vomiting*
- *effective in psychoneuroses*
- *effective in psychoses*

Fentazin is remarkably effective for the treatment of a wide range of psychiatric disorders. Fentazin is several times more active than older phenothiazines, and is effective in proportionately smaller dosage. Side-effects are greatly reduced: indeed, Fentazin in recommended dosage produces virtually no side-effects.

Because it is so safe, Fentazin may be used for the routine management of anxiety and tension states. Because it is so active, it is effective in even severe psychoses. Fentazin safely spans the field from anxiety to schizophrenia. Fentazin tablets contain 2 mg., 4 mg., or 8 mg. perphenazine. Supplied in bottles of 50 and 500 tablets of each strength. Fentazin Injection contains 5 mg. perphenazine in each c.c., supplied in boxes of 5 × 1 c.c. ampoules.

WILMSLOW CHESHIRE

Helping Rheumatic Patients to help themselves

Many of the rheumatic syndromes seen in general practice do well on home treatment if the patient can carry out simple exercises and procedures efficiently. This series of illustrated leaflets, written in simple language by a G.P. and a Consultant in Physical Medicine, not only save surgery time but give the patient new confidence in his ability to co-operate with his own doctor in successful treatment.

Lumbo-Sacral Strain.

This leaflet is a great hospital-saver. With the help of these exercises and massage with Algesal, many patients have been relieved of backache who might otherwise have taken up time at Out-Patients.

Frozen Shoulder.

A common rheumatic syndrome in women, known also as capsulitis or sub-deltoid bursitis. It responds well to massage with Algesal and the non-weight bearing exercises clearly described here.

Painful Foot Strain.

This leaflet, with its restorative exercises, is valuable in helping to rehabilitate patients with the painful foot syndrome seen so commonly after debilitating illness or prolonged postural strain.

Osteoarthritis of the Knee.

By explaining with the aid of diagrams, the relationship between quadriceps tone and knee-joint stability, this leaflet ensures the patient's full co-operation in quadriceps exercises. Massage with Algesal relieves the tissue pain in the osteoarthritic knee. The exercise stabilises the joint and guards against further deterioration.

These pads of tear-off leaflets will gladly be sent to doctors on request, together with samples of Algesal, the original skin-penetrating salicylate balm for the relief of rheumatic pain by inunction. Other indications for Algesal include fibrositis and muscular rheumatism, tenosynovitis and pain and stiffness after exercise.

Algesal

10% diethylamine salicylate in a soothing vanishing cream.

EMERGENCIES IN GENERAL PRACTICE

from the
British Medical Journal

470 Pages, cloth bound,
with full index

PRICE 25s. net
by post: inland and overseas 26s. 9d.

This book deals with medical emergencies in a wide sense: acute clinical emergencies requiring prompt and skilful treatment; conditions such as faints and fits and giddy turns, the careful elucidation of which may mean the difference to a patient between a life of activity and one of restriction; acute psychiatric states; accidents of treatment, such as dangerous reactions to drugs or collapse during anaesthesia; and emergency calls when the doctor is isolated, as on a ship.

It comprises 57 specially commissioned articles which appeared originally in the *British Medical Journal*.

The author of each is an acknowledged authority. This collection, now revised by the authors, will be of value not only to general practitioners but also to senior students, house-physicians, house-surgeons, and to those supervising their work in hospitals.

Ideally balanced

ANALGESIC AND ANTIPYRETIC HYPON TABLETS

- ★ an exceptionally well-balanced and quick-acting analgesic
- ★ rapid disintegration (15-20 secs.)
- ★ phenolphthalein content counteracts the constipating effect of codeine
- ★ caffeine offsets the depressing effects of codeine.

FORMULA:

Acetylsal. Acid B.P.	200 mg.
Phenacet B.P.	250 mg.
Caffeine B.P.	10 mg.
Codeine Phosph. B.P.	5 mg.
Phenolphthal. B.P.	5 mg.
Each tablets 8 grains	

PRESENTATION:

Tablets (coloured yellow) in packs of 10, 50, 125, 250 and dispensing packs of 300 and 600.

Basic N.H.S. cost from tax-free dispensing pack: 50 tablets 2/7½d.

CALMIC**purely British Pharmaceuticals**

...most practical alternative to breast milk

Nutritional completeness . . . absolute safety through sterility . . . ease and convenience for mothers: these are the criteria that have led to the ever-widening acceptance of evaporated milk in infant feeding.¹⁻³ Particularly significant is its success and suitability with prematures, in whose case it has been found "as suitable as unmodified breast milk".

1 ARCH. DIS. CHILD., 14, 80, 1939
2 BIRM. MED. REVIEW No. 5, 1950
3 MED. OFF., 2290, 1952
4 LANCET I, "87," 1949

Just how well suited Regal Evaporated Milk is to the infant's developing needs can be judged from these twin girls, born prematurely in a Birmingham Hospital. Fed on Regal from birth, they rapidly progressed to a sound body weight, and are seen here at 6 months, healthy and contented.

It's a matter of National Importance...

that pharmaceuticals prescribed under the National Health Service should be economical in price. And in this respect, Fletchers' 'Efficco' tonic need not fear comparison with any equivalent preparation. Its basic cost to the National Health Service is only 2/2+d. for an 8 fl. oz. bottle. 'Efficco' tonic presents a well-balanced combination of vitamins, traditional stimulants and bitter stomachics in a pleasantly flavoured syrup base. It has proved a reliable restorative for the convalescent, the over-worked and the aged, and in post influenzal and similar conditions.

THE EFFICO FORMULA

Aneurine Hydrochloride B.P.	1 mgm.
Nicotinamide B.P.	12 mgm.
Tincture of Nux Vomica B.P.	12 min.
Caffeine Citrate B.P.C.	4 grs.
Tincture of Orange B.P.	8 min.
Tincture of Lemon B.P.	4 min.
Compound Infusion of Gentian B.P.	200 min.
Dilute Hydrochloric Acid B.P.	4 min.
Syrup B.P.	to 1 fl. oz.
'Efficco' Tonic is a Category 3/4 medicine and is available for prescription on Form E.C.10.

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose (unless otherwise specified) one copy each of 3 recent★testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

House Officers should submit a separate application for each post for which they apply.

Canvassing in any form will disqualify.

★SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.

A fully registered medical practitioner who is liable for National Service must obtain deferment of recruitment in writing from the Central Medical Recruitment Committee or (in Scotland) the Scottish Central Medical Recruitment Committee before accepting any civilian appointment.

The position of provisionally registered medical practitioners who are liable for National Service has been made clear in a notice sent to them by the Ministry of Labour and National Service.

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

Registrar Grades, Whole-time

(a) **REGISTRAR:** Posts obtained normally not less than two years after registration as a medical practitioner and held normally for two years: £972 8s. per annum in the first year; £1,103 19s. per annum in the second and any subsequent years. If the post is resident a deduction of £170 per annum is made.

(b) **SENIOR REGISTRAR:** Posts obtained normally not less than four years after registration as a medical practitioner and held normally for four years: £1,258 8s. per annum in the first year; £1,372 16s. per annum in the second year; £1,487 4s. per annum in the third year; £1,601 12s. per annum in any subsequent years. If the post is resident a deduction of £200 per annum is made.

Other Grades, Whole-time

(a) HOUSE OFFICERS:

(i) *Provisionally registered medical practitioners:* £486 4s. per annum for the first post held; £543 8s. per annum for the second and all subsequent posts held;

provided that the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that the remuneration of any officer holding his first post in the National Health Service as a House Officer shall be £543 8s. per annum if they are satisfied that the officer has held at least one hospital post outside, of not less than six months' duration, involving clinical responsibilities equivalent to those of house posts in the National Health Service and supervised by appropriate specialist staff.

(ii) *Fully registered medical practitioners:* £600 12s. per annum for any post held; provided that in exceptional circumstances, subject to the consent of the Minister, this rate may be exceeded by up to £50 per annum where a post cannot be filled otherwise.

In each case under sub-sections (i) and (ii) above, a deduction of £125 per annum in respect of board and lodging and other services provided shall be made and each post shall be tenable for six months.

(b) **SENIOR HOUSE OFFICER:** Posts obtained by fully registered medical practitioners, and held normally for one year only: £852 6s. per annum. If the post is resident a deduction of £150 per annum is made.

(c) **JUNIOR HOSPITAL MEDICAL OFFICER:** Officers who have held house appointments but who are neither Senior House Officers nor in one of the registrar grades, who have less responsibility than other hospital officers of non-consultant status, and who have been appointed for a limited or an indefinite period, not less than one year after full registration as a medical practitioner: £886 12s. by £57 4s. to £1,229 16s. per annum. If the post is resident a deduction of £170 per annum is made.

ALL NATIONAL HEALTH SERVICE HOSPITAL APPOINTMENTS ARE IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF SERVICE OF HOSPITAL MEDICAL STAFF

Any advertisements appearing in this issue for posts in the hospital service which quote the rates of salary which obtained before the recent percentage increases are published on the assumption that the employing authorities will make the necessary adjustments.

LONDON COUNTY COUNCIL

Applications invited from registered medical practitioners for appointment as

WHOLE-TIME MEDICAL OFFICERS

in Public Health Department within salary scale £1,050 to £1,475. In fixing commencing salary regard will be paid to professional experience since registration. Experience in maternity and child welfare and school health service desirable. Possession of D.R.C.O.G. or D.C.H. advantageous, but D.P.H. preferred. Application forms from Medical Officer of Health (PH/D1/344), County Hall, S.E.1, returnable by March 11. (4532)

WILTSHIRE COUNTY COUNCIL**Highworth Rural District Council, Cricklade and
Wootton Bassett Rural District Council**

Applications invited from registered medical practitioners holding the Diploma in Public Health for the whole-time "mixed" appointment of **ASSISTANT COUNTY MEDICAL OFFICER MEDICAL OFFICER OF HEALTH of the Highworth Rural District and MEDICAL OFFICER OF HEALTH of the Cricklade and Wootton Bassett Rural District.** The officer appointed must not engage in private practice as a medical practitioner, and must reside in the district. Office accommodation provided. As an Assistant County Medical Officer he will be on the staff of the County Medical Officer for 7/11ths of his time and required to perform such duties as may be prescribed. As Medical Officer of Health for the remaining 4/11ths he will be subject to the Sanitary Officers (Outside London) Regulations, 1935 and 1951, and to the control and direction of the respective District Councils. Superannuable appointment, terminable by three months' notice on either side. This appointment is a "mixed" appointment, and the salary scales applicable thereto are: District Councils, appropriate proportions of £1,840 by £55 to £2,060; County Council: Appropriate proportions (subject to Spens formula weighting) of £1,050 by £50 to £1,200 by £55 to £1,475. Starting point commensurate with experience. Travelling and subsistence allowances payable. In the event of a vacancy or vacancies occurring for a similar "mixed" appointment or appointments in the area, the person appointed to the above posts may be expected to assume the duties of Medical Officer of Health for other districts in addition to or in place of those for which the appointment is now being made. In this event the proportion of time spent as District Medical Officer of Health would probably be increased. Forms of application from the Clerk of the County Council, County Hall, Trowbridge, to whom completed applications must be sent within 14 days of the appearance of this advertisement. Canvassing disqualifies. (4477)

NORTH RIDING

Applications are invited for appointment as **SCHOOL MEDICAL OFFICER (Men or Women)** The possession of a D.P.H. or D.C.H. will be an advantage. GOVERNMENT OF WESTERN NIGERIA

Applications invited from male doctors for following posts in the Medical Department of the Western Region of Nigeria:

SENIOR PATHOLOGIST

to organize and be responsible for a Regional Laboratory Service. Most hospitals in the Region have small laboratories attached where routine work is performed, but the more complicated tests, sections, etc., will be his concern at a Central Regional Laboratory. Officer selected will also be responsible for organization and training of African technicians, and will supervise the work of technicians in out-station laboratories, which will involve travelling. Candidates should possess medical degree registrable in United Kingdom and preferably a higher qualification in pathology, also at least five years' experience in laboratory work.

PATHOLOGIST

who will be based at Adeoyo Hospital and be responsible for routine laboratory work and such other duties as may be delegated by the Senior Pathologist. Candidates must possess relevant experience.

Appointments (of one or two tours) may be:
(a) On short-term contract with gratuity (taxable) at rate of £37 10s for each completed period of three months' service (including leave) payable on satisfactory completion of appointment. Salary for Senior Pathologist £2,448 a year. Salary scale for Pathologist £1,290 to £2,286 a year.

or (b) From National Health Service with retention of superannuation rights and gratuity (taxable) of 20% of aggregate salary payable on completion of appointment. Salary for Senior Pathologist £2,040 a year and scale for Pathologist £1,086 to £1,950 a year.

Entry points in both salary scales determined by qualifications and experience. In addition, the Pathologist receives supplementary pay of £120 a year.

Quarters provided at low rental. Taxes at local rates. Annual leave permissible, generous home leave after each tour of 18-24 months. Free return passages for officer and wife. If officer is domiciled in United Kingdom return passages are provided for children under 18 years up to a maximum of £450 in any one tour. (For officers domiciled elsewhere the amount will be decided by Government of Western Nigeria.) Should an officer use less than the maximum amount allowed, the remainder may be used to enable wife to visit children in officer's country of domicile.

Application forms from Director of Recruitment, Colonial Office, London, S.W.1, quoting BCD 117/410/044. (4545)

HOTEL DIEU HOSPITAL, St. Catharines, Ontario, Canada**WANTED, INTERNES**

for 175-bed accredited general hospital in St. Catharines, Ontario, Canada. Adequate time for study. Remuneration \$250 per month. For further information write to Administrator. (4099)

ST. ANDREW'S HOSPITAL, NORTHAMPTON
For Nervous and Mental Disorders

President: The Earl Spencer. Medical Supt., Thomas Tennent, M.D., F.R.C.P., D.P.H., D.P.M. This Registered Hospital is situated in 130 acres of park and pleasure grounds. Voluntary patients who are suffering from incipient mental disorders or who wish to prevent recurrent attacks of mental trouble, temporary patients and certified patients of both sexes are received for treatment. Careful clinical, biochemical, bacteriological and pathological examinations. Private rooms with special nurses, male or female, in hospital or in one of the numerous villas in grounds of the various branches can be provided.

MOULTON PARK.—Two miles from the main hospital there are several branch establishments and villas situated in a park and farm of 650 acres. Milk, meat, fruit and vegetables are supplied to the hospital from the farm, gardens and orchards of Moulton Park. Occupational therapy is a feature of this branch and patients are given every facility for occupying themselves in farming, gardening and fruit-growing.

WANTAGE HOUSE.—This is a Reception Hospital in detached grounds with a separate entrance to which patients can be admitted. It is equipped with all the apparatus for the complete investigation and treatment of Mental and Nervous Disorders by the most modern methods; insulin treatment is available for suitable cases. There is an Operating Theatre, a Dental Surgery, an X-ray Room, an Ultra-Violet apparatus, and a department of Diathermy and High-frequency treatment. It also contains laboratories for biochemical, bacteriological and pathological research. Psychotherapeutic treatment is employed when indicated.

BRYN-Y-NEUADD HALL.—The seaside house of St. Andrew's Hospital is beautifully situated in a park of 330 acres at Llanfairfechan amidst the finest scenery in North Wales. On the North-West side of the estate a mile of sea-coast forms the boundary. Patients may visit this branch for a short seaside change or for longer periods. The hospital has its own private bathing house on the seashore. There is trout-fishing in the park.

At all the branches of the hospital there are cricket grounds, football and hockey grounds, lawn tennis courts (grass and hard courts), croquet grounds, golf courses and bowling greens. Ladies and gentlemen have their own gardens, and facilities are provided for handicrafts such as carpentry, etc. For terms and further particulars apply to the Medical Superintendent (Telephone No.: Northampton 4354 (3 lines)), who can be seen in London by appointment.

CHEADLE ROYAL, CHEADLE, CHESHIRE (GATley 2231)

Medical Superintendent:

W. V. Wadsworth, B.S., M.B., M.R.C.P., D.P.M.

This excellently appointed hospital receives all types of patients who are suffering from psychological and senile illness. The most modern psychiatric treatments are available. Special geriatric unit for mild and senile patients.

Glan-y-Don Nursing Home, Colwyn Bay, is the seaside branch of Cheadle Royal.

HAYDOCK LODGE
Newton-le-Willows, Lancs

For treatment of mental and nervous diseases. Apply Medical Superintendent for terms, etc.

Tancolin

The Tangerine-flavoured Children's Cough Linctus

TANCOLIN is specifically formulated for children between the ages of six months and twelve years. The pleasant tangerine flavour makes an immediate appeal even to the most unco-operative child patient. TANCOLIN is freely prescribable on E.C.10 (Category 3/4). An ever-increasing demand indicates full acceptability as a treatment for the distressing cough associated with the Common Cold, Bronchospasm, Bronchitis and most Inflammatory and Catarrhal affections of the respiratory tract.
