**'I'm going to prescribe
the *NEW Lastonet stockings'**

R

*1 pair
Elastic Net
(Lastonet)
Stockings
thigh length*

Q52

How to prescribe for Lastonet: The words "Elastic Net Stockings" must be written on the E.C.10 to obtain Lastonet stockings for supply under the National Health Service. The quantity required and whether thigh or knee length should also be included. (The chemist will give your patients a measurement form. This ensures that stockings will be made by Lastonet to their individual requirements and will fit perfectly.)

*** Now available in a
NEW LIGHT-RESISTANT RUBBER**

A new light-resistant rubber now used in the make-up of Lastonet elastic net largely prevents the deterioration normally occurring when rubber is exposed to light.

**Most economical form
of surgical stocking**

Low initial cost and long life makes Elastic Net the most economical form of surgical stocking you can prescribe.

STELAZINE

an essential advance

in chronic

In a trial of 'Stelazine' conducted in sixty chronic schizophrenics who had been ill for 1—32 years, 'improvement became noticeable approximately ten days after commencement of treatment. This was most striking in the fading of hallucinations, cessation of impulsiveness, an awakening of interest, a desire to take part in occupations and recreations of various kinds'.

J. ment. Sci. (1958), **104**, 1195-98.

and acute

'A similar pattern of response was found as with chronic patients, except that the response was more of a total one and all groups of symptoms tended to disappear more simultaneously. In those who had lost it, insight returned at a very early stage . . . Trifluoperazine would appear to be a cheaper and more pleasant method of treating acute paranoid schizophrenia than I.C.T., and just as effective, if not more so.'

Brit. med. J. (1959), **i**, 549-550.

The esters of NICOTINIC, SALICYLIC and p-AMINO BENZOIC acids bring relief to cases of arthritis and rheumatism.

"Thank you, doctor"

IN CASES of soft-tissue rheumatism, and arthritic disorders, many doctors are tending more and more to regard Transvasin as an indispensable adjuvant to treatment.

For Transvasin is composed of the esters of nicotinic, salicylic and p-aminobenzoic acids. These esters readily pass the skin barrier in therapeutic quantities, and so enable an effective concentration of drugs to be built up where they are needed.*

Transvasin not only induces vasodilation of the skin with a superficial erythema, but also brings about a deep hyperaemia of the underlying tissues. It is non-irritant and can be safely used on delicate skins.

It is now being widely prescribed, with successful clinical results. Since a very small quantity is sufficient for each application, the cost of treatment is extremely low.

*Therapeutische Umschau
1952, 3, 143.

Tetrahydrofurfuryl salicylate	14%
Ethyl nicotinate	2%
n-Hexyl nicotinate	2%
Ethyl p-aminobenzoate	2%
Water-miscible cream base ad	100%

Transvasin is available in 1 oz. tubes, basic N.H.S. price in the U.K. 2/6 plus P.T., and is not advertised to the public. It may be prescribed on Form E.C.10. Samples and literature will be gladly sent on application.

One name that means a lot in penicillin therapy

CRYSTAPEN

Crystapen, a distinguished name, distinguishes a comprehensive range of Glaxo soluble penicillin preparations for systemic use.

First there is Crystapen Injection, soluble sodium penicillin G.

This, the preparation of choice for treating severe acute infections, is the fastest acting form of penicillin.

Playing the best supporting role to injection treatment are Crystapen Tablets, soluble potassium penicillin G. As clinically effective as any other form of oral penicillin, Crystapen is one of the most economical for everyday use.

Then, for those who prefer a ready-to-use palatable suspension that children like to take, there is Crystapen V Oral Liquid, calcium penicillin V.

Here below is the full Crystapen range from which to select the preparation best suited to your particular case.

<p>CRYSTAPEN INJECTION sodium penicillin G. Vials 100,000 units, 200,000 units 500,000 units, 1 mega unit. These are the advantages of

Calcium B-PAS WANDER

and

B-Pasinah WANDER

(calcium B-PAS Wander plus isoniazid)

in the

Chemotherapy of Tuberculosis

B-PAS (Wander), 4-benzoylamino-2-hydroxybenzoic acid, first introduced by our Research Laboratories in 1948, is the drug of choice in regimens comprising PAS in concurrent therapy.

In the form of its calcium salt, it provides extended bacteriostatic levels, induces only minimal side-effects as compared with sodium PAS, and because of its high acceptability guarantees as far as possible that patients, particularly on domiciliary treatment, do take their medication.

Available in 3.5 g. envelopes and in 1 g. cachets; and as bulk powder.

'B-PASINAH' is available in two convenient forms:

Powders each containing
3.5 g. calcium B-PAS (Wander)
and 87.5 mg. isoniazid.

Cachets each containing
1 g. calcium B-PAS (Wander)
and 25 mg. isoniazid.

...nearly **500,000** skin injuries
occur each day which require
at least a first-aid dressing*

* *Brit. Med. J.* 1956. 2. 962.

This suggests that any place such as a hospital or factory where a large number of people are leading active lives, is going to have a fairly high incidence of minor wounds over a period of time.

The most convenient dressing to cope with such injuries is Elastoplast 'Airstrip'. Elastoplast 'Airstrip' is made from a specially developed plastic material, through which sweat and skin exudates evaporate at the same rate as they develop on the skin.

The material is a micro-porous extensible filter, and is not perforated. It provides a barrier to

water, grease and infective organisms. Even after long application, Elastoplast 'Airstrip' does not cause maceration. The surface of the wound and the surrounding skin remain dry beneath an

'Airstrip' dressing, which can be left on until the wound heals.

The Organic Psychoses

J. S. Dewan and W. B. Spaulding

This monograph arose out of the authors' experiences with patients in psychiatric and general hospitals. It is a brief and systematic guide to the differential diagnosis of mental illness of organic origin, and aims at alerting the medical practitioner to the possibility that syndromes apparently functional in character may have an operating organic factor, as well as the converse being the case. These points are illustrated by selected case histories, and there are descriptions of neuropathology and clinical techniques.

(University of Toronto Press) 48s. net

"IMPROVED THERAPY FOR PEPTIC ULCER"

Extract reprinted from the *American Journal of Gastroenterology*, (1957) 28, 439.

"The medication investigated is known as Roter tablets . . . The dosage employed in the treatment of gastric or duodenal ulcer was 2 tablets, taken three times a day with tepid water immediately after meals . . . this therapy is applicable to ambulatory patients."

SUMMARY

"In a series of 155 cases of peptic ulcer treated with . . . (Roter) tablets for three to six weeks, there was immediate relief of pain in 92 per cent of cases and roentgenological healing of the ulcer in 81 per cent. The average weight gain was 7.9 lbs. and occult blood disappeared from the stools in all of the six cases in which it was found.

"The benefit provided by the medication is attributed to the minute particulation of the bismuth subnitrate, produced by a special process of trituration in association with a synergistic antacid combination.

"The special features of this medication are immediate and prolonged relief of pain, correction of gastric hyperacidity, absence of side reactions, effectiveness for ambulatory patients, and early healing of the ulcer in most cases.

"There was no acid rebound in therapeutic dosage and no adverse effects were reported."

**ROTER**

FORMULA PER TABLET. Magnesium Carbonate (400 mg.),
Bismuth Subnitrate Roter (350 mg.), Sodium Bicarbonate (200 mg.),

Frankly, the "cold hands and feet" test is only the beginning of the Vasculit story. Practitioners who have performed it and personally verified the Vasculit claim of immediate activity and absence of side-effects are

in a position to considerably widen their field of observation. Clinical evidence shows that Vasculit can be prescribed with marked benefit in the following other conditions:

Vasomotor dysfunctions: *Acrocyanosis. Chilblains.*

Vascular diseases: *Raynaud's disease. Buerger's disease. Peripheral arteriosclerosis.*

Local ischaemic lesions: *Gravitational leg ulcers. Bedsores.*

HAEMOKINESIS is achieved by an improvement in cardiac efficiency, associated with an increase in stroke volume, and an opening up of the peripheral arterioles. There is no significant lowering of blood pressure, no change

in the heart rate. Vasculit is unusually safe.

PRESENTATION. Vasculit is available both in drop and tablet form. The dropper bottle permits precise and flexible dosage to suit the varying needs of individual patients.

DECISIVE

against the most prevalent diseases

The rapid, potent bactericidal action of 'Ilotycin' ensures decisive control of commonly occurring infections, and may be life-saving. 'Ilotycin' is suitable for patients of all ages, including infants where natural antibody response is minimal. Five years' use has proved 'Ilotycin' to be pre-eminently safe. It does not destroy the normal intestinal flora, thus there is no risk of staphylococcal enterocolitis.

'Ilotycin' gives the physician a sure and powerful weapon against the common infections, and the patient a quick return to normal.

The average dose is 1 Gm. daily (250 mg. every six hours).

Available as: Tablets of 100 mg. and 250 mg.

a decade after cortisone

The most potent corticosteroid ever developed is the outcome of 10 years continuous research by the Merck Sharp & Dohme Organisation.

The increased potency of 'DECADRON' is not accompanied by an increase in side-effects—on the contrary, the incidence of oedema, hypertension, hyperglycaemia and gastric intolerance is *reduced*.

The conversion of patients to 'DECADRON' from other steroids is simple—

A dosage of 1 to 1½ tablets (0.5—0.75 mg., according to response) replaces:

One 4 mg. tablet of Triamcinolone or Methylprednisolone	One 5 mg. tablet of Prednisone or Prednisolone	One 20 mg. tablet of Hydrocortisone	One 25 mg. tablet of Cortisone
---	--	---	--------------------------------------

'DECADRON' embodies a decade of experience in corticosteroid research

How supplied: 'DECADRON' is supplied as scored yellow tablets, 0.5 mg., for oral administration. Bottles of 30, 100 and 500.

The United Kingdom N.H.S. basic cost is 24s. 0d. per 30 tablets.

*For your thin, underweight
and malnourished patients the basis of*

putting on weight

in a safe and unobjectionable way...

and without drugs is to provide an attractive, readily assimilable dietary supplement of high calorie value. Wate-on does this by incorporating large amounts of a vegetable oil which is rich in readily assimilable, highly unsaturated fatty acids, and glucose which is the most easily assimilated type of carbohydrate. The physiological advantages of these two materials have been firmly established by medical research.

Wate-on is also rich in lecithin which, in addition to its basic calorie value, is also of high physiological value.

Wate-on is further supplemented by the more important vitamins and minerals.

FORMULA

<i>Each ounce of WATE-ON contains</i>		Vitamin B ₂ Riboflavin	1.0 mg.
Corn (Maize) Oil	33.0%	Vitamin B-1	0.4 mg.
Glucose	16.5%	Calcium Pantothenate	0.4 mg.
Lecithin	11.0%	Vitamin B-6	0.03 mg.
Iron (as ferrous gluconate)	3.2 mg.	Vitamin D-2	100 I.U.
Nicotinamide	2.0 mg.	Vitamin B-12	4.2 mc.g.

Wate-on is a homogenized fat emulsion, which means that it is in a very easily assimilable physical condition. To sum up, Wate-on is based on the latest results of medical research. Clinical trials have shown that with both ordinary and post-operative patients the regular ingestion of Wate-on was followed not only by gain in weight but also the general health was improved. No side effects were reported.

CODIS
Analgesic — Antipyretic
Sedative

"CODIS" is a combination of aspirin, phenacetin, and codeine phosphate—a combination well known and accepted medically as giving pain relief in a wide range of conditions.

The unique "Codis" gold tablets of the "Aspirin" formula have a special feature for solubility and are known to be the most effective of the "Aspirin" tablets.

CODIS AND SOLUBILITY

THE GREAT ADVANTAGE of Codis is that it provides a codeine compound tablet in which the aspirin content is soluble in water. (The codeine constituent is also soluble, and the phenacetin is in very fine suspension.)

This is achieved by careful compounding and preparation, resulting in tablets which are quickly absorbed and well tolerated—even in cases of proven intolerance to ordinary (insoluble) aspirin.

To ensure stability and easy identification, the tablets are wrapped in moisture-proof distinctive gold foils of 10 tablets each (dispensing size), or boxes containing five foils of 4 tablets each (public size).

in a new guise

a molecular complex of chloral hydrate
in tablet form—**Welldorm**

WELLDORM is dichloralphenazone, with all the features which make chloral hydrate one of the best hypnotics but without the nauseating taste and odour which until now have restricted the use of chloral in practice.

ADVANTAGES

1. Induces drowsiness in 15 minutes without preliminary excitation and quiet deep sleep within the hour.
2. Wholly free from the unpleasant odour and gastric irritation often associated with chloral hydrate.
3. Particularly suitable for the elderly.
4. One of the safest of all hypnotics; no unpleasant after effects.
5. Very well tolerated by young children. (Quarter strength tablets available)

THE SAFE AND EFFECTIVE AID TO NATURAL SLIMNESS

Formula 21, a preparation of methyl cellulose which has been tested under the supervision of a nutritionist, controls appetite harmlessly.

Taken with a low carbohydrate diet,

Formula 21 aids regular loss of weight without drugs, exercises or unnatural fasting periods.

It assists the adoption of sensible and healthy eating habits — without strain or undue effort.

This remarkable new aid to slimming has been released for sale only after careful tests proved its effectiveness. Overweight men and women of different ages followed the Formula 21 diet under strict medical supervision. The results were an average loss of weight of 20 lb. and improved health all round.

Formula 21 can be bought from any qualified Chemist. A three weeks supply costs 21/- and every tin is sold with simple, easy to follow dieting advice. It is consistently emphasised to the public that the basis of slimming is a proper diet and that only by following the simple diet rules will successful results be obtained.

Each ounce (avoirdupois) contains :—

METHYL CELLULOSE 262 gr. · DEXTROSE 113 gr. · LEMON ESSENCE 8 min. · COLOURING MATTER 0.5 gr.

VITAMIN B₁ 1.1 mg. · RIBOFLAVIN 2.7 mg. · NICOTINIC ACID 10.9 mg. · VITAMIN C 68.8 mg.

CITRIC ACID 4 gr. · REDUCED IRON 10.9 mg. · CALCIUM 675 mg.

IN LOW BACK PAIN OF MUSCLE SPASM

ROBAXIN[®]

(METHOCARBAMOL)

ROBAXIN, a unique chemical formulation, synthesized in the Robins Research Laboratories and subjected to intensive clinical study for over five years, presents the physician with an entirely new agent for the relaxation of skeletal muscle.

By means of specific action on the internuncial neurons of the spinal chord, ROBAXIN provides sustained repression of the multisynaptic reflexes without demonstrable effect on the monosynaptic reflexes.

ROBAXIN is highly potent, long acting and the clinical evidence shows a low incidence of side effects. In ordinary dosage it does not reduce normal muscle strength or reflex activity.

INDICATIONS

Acute back pain due to muscle spasm secondary to sprain, trauma or nerve irritation. Muscle spasm secondary to disc lesions and post-operative orthopaedic procedures. Bursitis, Torticollis and related conditions.

SUPPLIED as tablets (white, scored) each 0.5 G. in bottles of 50. Prescribable on N.H.S. form E.C.10.

AMPHETONE

REGISTERED

A GENERAL STIMULANT FOR THE CENTRAL NERVOUS SYSTEM

For cases requiring a quick-acting general stimulant without increasing the patient's appetite, we consider Amphetone unique. It combines for the first time Dexamphetamine Sulphate and Strychnine with Glycerophosphates and members of the Vitamin B Group. The Dexamphetamine provides the convalescent with an immediate feeling of well-being, this being followed by the well-known tonic effects of the other medicaments. Clinical reports have been excellent.

FORMULA

Dexamphetamine Sulphate B.P.C., 1/12 grain : Strychnine Hydrochloride B.P., 1/60 grain : Calcium Glycerophosphate B.P.C., 2 grains : Sodium Glycerophosphate B.P.C., 2 grains : Aneurine Hydrochloride B.P., 1/30 grain : Nicotinamide B.P., 1/4 grain : Riboflavin B.P., 1/60 grain : Syrup of Blackcurrant B.P.C., 2 fluid drms. : Water, to 1/2 fluid ounce.

POISON

S4

Available in bottles containing 10, 20, 40, 80 fluid ounces. Basic N.H.S. Prices 4/6, 8/6, 15/1, 27/4 each. Samples available on request.

WAI

DUST-BORNE CROSS-INFECTION

The problem

A disquieting situation arising in hospitals throughout the country is the closure of wards due to dust-borne cross-infection. The floors act as a depository for dust and dirt (whether by settlement or displacement) and bacteria-laden particles can be seriously disturbed by brooms, mops or non-approved polishing and vacuum cleaning machines.

The solution Medical research has established that suitable, controlled conditions can help to eliminate or reduce to acceptable proportions the risk of cross-infection from pathogenic bacteria. Now, for the first time, a floor cleaning machine has been developed which makes a positive contribution towards overcoming the risk of cross-infection. This machine, the Columbus Dixon Model III Suction Polisher and Cleaner, has undergone laboratory tests at a London Hospital, and the results of these tests are now available in our new publication. The detailed case-history of the outbreak of cross-infection, which prompted the development and testing of this machine, has already been published.* *THE LANCET* (1958), ii 713.

Micro-photographs, reproduced top left, illustrate the reduction in the bacterial count where the new COLUMBUS Machine, with two stage-dust control and disposable dust-bag, was employed.

The COLUMBUS SUCTION POLISHER AND CLEANER, which has been used successfully in hospitals for 25 years, controls and traps 98% of all floor dust and dirt. This new patented two-stage dust-bag canalises dust flow into a separate protected chamber, preventing fall-out or drop-back of dust, the disposable bag trapping bacteria to an effective degree. High speed brushes work in an unrestricted vacuum field giving 360° all-round suction. A designed unit for high power suction polishing and cleaning, the new COLUMBUS is the most advanced Suction Polisher and Cleaner in the World.

Only Nulacin provides intragastric milk-alkali drip therapy for the ambulatory patient

"In view of the ineffectiveness of most of the tableted antacids, the milk alkali tablet (Nulacin) would appear to be the antacid of choice for ambulatory therapy."

(Medical Times 1958, 1, 74)

NULACIN TABLETS have been developed so that when allowed to dissolve slowly in the mouth, they give continuous milk-alkali drip therapy and provide a treatment of peptic ulcer and other conditions associated with hyperacidity. The effectiveness of Nulacin therapy has been established by clinical work in many countries. The following are a few references to the literature:

Antacids. *The Practitioner*, January 1957, 178: 43

Antacids in Peptic Ulcer. *The Practitioner*, January 1956, 176: 103

Recent Advances in the Ulcerative Diseases of the Gastrointestinal Tract. *Amer. J. Gastro.*, December 1956, 26: 665

Ambulatory Continuous Drip Method in the Treatment of Peptic Ulcer. *Amer. J. Dig. Dis.*, March 1955, 22: 67-71

Management of Peptic Ulceration in General Practice. *Med. World*, December 1954, 81: 591-601

Clinical Investigation into the Action of Antacids. *The Practitioner*, July 1954, 173: 46

Further Studies on the Reduction of Gastric Acidity. *Brit. Med. J.*, 23rd January 1954, 1: 183-184

Control of Gastric Acidity by a New Way of Antacid Administration. *J. Lab. & Clin. Med.*, 1953, 42: 955

The Effect on Gastric Acidity of "Nulacin" Tablets. *Med. J. Aust.*, 28th November 1953, 2: 823-824

Nulacin tablets have no B.P. equivalent and have been classified in categories 3 & 4 by the Joint Committee on Prescribing. The basic N.H.S. price of the 25 tablet tube is 2/-.

The Case of the Tidy Corpse

An odd corpse or two around the house is one thing; but when your better half finds herself knee deep in crime she is liable to take a sudden passionate interest in the vegetable garden. If you find she has prepared an onion bed 6 feet long by 2 feet wide and 6 feet deep, it's time to stand well back from high cliffs, or you may well end up with policemen drawing chalk lines round the body—*your* body.

You have been warned. Don't risk it. *Today* (for it may well be later than you think) buy a Minty bookcase...and put your murderers where they ought to be—'Inside'—condemned to stay neat, tidy and dust-free for life. Your wife will admire the elegant prison, which can expand to take in the entire criminal fraternity. What's more, she'll plant onions in the onion bed.

Minty bookcases are *sectional* and may be started from as little as £9.2.0—on deferred terms if you prefer. Only at Minty showrooms can you see and buy Minty bookcases (and furniture); only by this *direct* selling from Minty to you can Minty offer you such fine furniture at such moderate prices. There are seven Minty showrooms each within reasonably easy reach of most people, but if for any reason you can't call, Minty will be glad to send you a catalogue and particulars of post orderings. Write to Dept. B.3. Minty Ltd., 44-45 High Street Oxford.

For SUB-ACUTE and Chronic dermatoses

TAR + HYDROCORTISONE

combined in

TARCORTIN

CREAM

have pronounced advantages over either medicament alone

The established germicidal, stimulating and anti-pruritic properties of tar, in the treatment of sub-acute and refractory skin affections, can now be considerably enhanced by its incorporation with hydrocortisone.

*Clinical trials have shown that the two medicaments together exert a powerful synergistic action that is far more rapid, more pronounced and complete than the action of either alone.

These two valuable therapeutic agents are presented in a non-greasy, stainless, hydrophilic cream, known as TARCORTIN.

TARCORTIN CREAM is supplied in 7 gm. and 15 gm. tubes, containing 0.5% Hydrocortisone in a special coal-tar extract.

For diabetics

—and others on a special diet

IN RESPONSE TO REPEATED REQUESTS, a special formulation, free of sugar but retaining the Andrews characteristic palatability, has been produced for diabetic patients and others on a special diet.

Andrews Liver Salt is a pleasant-tasting effervescent aperient. Its reliable laxative action is brought about by an effervescent saline combined with magnesium sulphate, the osmotic action of which ensures the retention of sufficient fluid in the bowel for easy and comfortable evacuation.

Andrews is mildly alkaline. It is useful for counteracting stomach acidity, nausea and headaches of the migraine (bilious) type.

APPROX. COMPOSITION

Tart. Acid B.P.	40.00%
Sod. Bicarb. B.P.	42.33%
Dried Mag. Sulph.	17.62%
Saccharin Sod. B.P.	0.05%

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose (unless otherwise specified) one copy each of 3 recent★testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

House Officers should submit a separate application for each post for which they apply.

Canvassing in any form will disqualify.

★SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.

A fully registered medical practitioner who is liable for National Service must obtain deferment of recruitment in writing from the Central Medical Recruitment Committee or (in Scotland) the Scottish Central Medical Recruitment Committee before accepting any civilian appointment.

The position of provisionally registered medical practitioners who are liable for National Service has been made clear in a notice sent to them by the Ministry of Labour and National Service.

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

Registrar Grades, Whole-time

(a) **REGISTRAR**: Posts obtained normally not less than two years after registration as a medical practitioner and held normally for two years: £972 8s. per annum in the first year; £1,103 19s. per annum in the second and any subsequent years. If the post is resident a deduction of £170 per annum is made.

(b) **SENIOR REGISTRAR**: Posts obtained normally not less than four years after registration as a medical practitioner and held normally for four years: £1,258 8s. per annum in the first year; £1,372 16s. per annum in the second year; £1,487 4s. per annum in the third year; £1,601 12s. per annum in any subsequent years. If the post is resident a deduction of £200 per annum is made.

Other Grades, Whole-time

(a) HOUSE OFFICERS:

(i) *Provisionally registered medical practitioners*: £486 4s. per annum for the first post held; £543 8s. per annum for the second and all subsequent posts held;

provided that the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that the remuneration of any officer holding his first post in the National Health Service as a House Officer shall be £543 8s. per annum if they are satisfied that the officer has held at least one hospital post outside, of not less than six months' duration, involving clinical responsibilities equivalent to those of house posts in the National Health Service and supervised by appropriate specialist staff.

(ii) *Fully registered medical practitioners*: £600 12s. per annum for any post held;

provided that in exceptional circumstances, subject to the consent of the Minister, this rate may be exceeded by up to £50 per annum where a post cannot be filled otherwise.

In each case under sub-sections (i) and (ii) above, a deduction of £125 per annum in respect of board and lodging and other services provided shall be made and each post shall be tenable for six months.

(b) **SENIOR HOUSE OFFICER**: Posts obtained by fully registered medical practitioners, and held normally for one year only: £852 6s. per annum. If the post is resident a deduction of £150 per annum is made.

(c) **JUNIOR HOSPITAL MEDICAL OFFICER**: Officers who have held house appointments but who are neither Senior House Officers nor in one of the registrar grades, who have less responsibility than other hospital officers of non-consultant status, and who have been appointed for a limited or an indefinite period, not less than one year after full registration as a medical practitioner: £886 12s. by £57 4s. to £1,229 16s. per annum. If the post is resident a deduction of £170 per annum is made.

ALL NATIONAL HEALTH SERVICE HOSPITAL APPOINTMENTS ARE IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF SERVICE OF HOSPITAL MEDICAL STAFF

Any advertisements appearing in this issue for posts in the hospital service which quote the rates of salary which obtained before the recent percentage increases are published on the assumption that the employing authorities will make the necessary adjustments.

PUBLIC HEALTH**BOROUGH OF NEWCASTLE-UNDER-LYME (Excepted District: Staffordshire County Council)****SCHOOL MEDICAL OFFICER (Male or Female)**

Applications are invited from registered medical practitioners for the above whole-time appointment. Salary scale £1,050 by £50 to £1,250 by £55 to £1,475, commencing point on scale in accordance with previous experience and qualifications. The appointment will be subject to three months' notice on either side and is superannuable. The successful candidate will be required to pass a medical examination, and housing accommodation will be provided if required. Applications, stating age, and giving full particulars of qualifications and experience, accompanied by names and addresses of three referees, should reach the Borough School Medical Officer, 6, Queen Street, Newcastle, Staffordshire, not later than March 31, 1959, and endorsed "School Medical Officer." Canvassing will disqualify.—J. G. Hall, Borough Education Officer. (5328)

CITY OF MANCHESTER Health Department

Applications are invited from registered medical practitioners (men or women) who hold a Diploma in Public Health or equivalent qualification for the post of

SENIOR MEDICAL OFFICER

in the Nursing Services Division of the Health Department. The duties of the officer appointed will include those of Senior Maternity and Child Welfare Officer. Administrative experience is essential. The salary scale is £1,520 to £1,955 per annum, and Whitley Medical Council conditions apply. Commencing point will be fixed according to experience and qualifications. Further details and forms of application from the Town Clerk, Town Hall, Manchester, 2, to whom applications should be returned not later than March 31, 1959. (5085)

CITY OF NOTTINGHAM Health Services**SENIOR ASSISTANT MEDICAL OFFICER**

Applications invited for this appointment from registered medical practitioners holding the Diploma of Public Health. Salary £1,350 by £50 to £1,600 per annum. The successful applicant will be given opportunities for administrative and practical experience in all services of the Health Department. Appointment superannuable and subject to the usual conditions. Form of application, to be obtained from Medical Officer of Health, Huntingdon Street, Nottingham, and to be returned to him, together with names of two referees, by March 27, 1959.—T. J. Owen, Town Clerk, Guildhall, Nottingham. (5086)

Public Health—contd.**BRECONSHIRE COUNTY COUNCIL****APPOINTMENT OF COUNTY MEDICAL OFFICER OF HEALTH AND PRINCIPAL SCHOOL MEDICAL OFFICER**

Applications are invited for the post of County Medical Officer of Health and Principal School Medical Officer from men who are duly qualified medical practitioners registered in the *Medical Register* as holders of a Diploma in Sanitary Science, Public Health or State Medicine. Salary will be at the rate of £1,740 per annum, rising by annual increments of £55 to a maximum of £1,960 per annum, and the post is designated for the purposes of superannuation. A medical examination will be required. A knowledge of Welsh will be considered an added qualification. Canvassing, directly or indirectly, will definitely disqualify the candidate for the appointment. Candidates must state whether to their knowledge they are related to any member of or the head or deputy head in any department of the Council. The Council cannot provide housing accommodation for the successful candidate. Applications, stating age, education, qualifications, experience, and present appointment, with the names and addresses of three referees, must be received by the undersigned not later than April 4, 1959.—C. M. S. Wells, Clerk of the County Council, County Hall, Brecon. (5125)

**COUNTY BOROUGH OF BOLTON
Health Department**

Applications are invited from registered medical practitioners for the following appointments:

(a) DEPUTY MEDICAL OFFICER OF HEALTH AND DEPUTY PRINCIPAL SCHOOL MEDICAL OFFICER

(b) ASSISTANT MEDICAL OFFICER OF HEALTH AND SCHOOL MEDICAL OFFICER
For post (a) candidates should hold a Diploma in Public Health and have had experience in all branches of the public health and school health services. The person appointed will be expected to undertake the duties of Deputy Medical Referee for the purposes of the Cremation Acts. He will be required to devote the whole of his time to the duties of these offices. Salary scale is £1,526 13s. 4d. by £105 (2) by £55 to £1,791 13s. 4d., plus £50 for the duties of Deputy Medical Referee. For post (b) the duties will be mainly of a clinical nature, but opportunity will be given for experience in general public health activities. Possession of a D.P.H., D.C.H. or D.R.C.O.G. is desirable but not essential. Salary scale is £1,050 by £50 (3) by £55 (5) to £1,475. In fixing the commencing salary consideration will be given to previous experience and to the possession of higher qualifications. Both appointments are superannuable, subject to passing a medical examination, and terminable by three months' notice on either side. Applications, stating age, full particulars of experience and qualifications, together with the names and addresses of three referees, should be received by me not later than March 25, 1959.—Philip S. Rennison, Town Clerk, Town Hall, Bolton. (4948)

COUNTY BOROUGH OF DUDLEY**ASSISTANT MEDICAL OFFICER OF HEALTH AND SCHOOL MEDICAL OFFICER**

Applications are invited from registered medical practitioners for the above post. Duties mainly in connection with the School Health and Maternity and Child Welfare Services. Opportunity for experience in all public health fields. Salary within scale £1,050 to £1,475 per annum. Car allowance. Applications, stating age, qualifications and experience, together with names and addresses of two referees, should reach me by March 28, 1959.—P. D. Wadsworth, Town Clerk, the Council House, Dudley, Worcs. (4641)

COUNTY BOROUGH OF READING**The D.P.H. Assisted Training Scheme****APPOINTMENT OF ASSISTANT M.O.H. AND S.M.O.**

Applications are invited from registered medical practitioners for the post of Assistant M.O.H. and School Medical Officer (male). Salary scale £1,050 per annum to £1,475 per annum. Starting point on an appropriate step on the scale according to experience. The Council is prepared to consider applications from men who are now studying for the D.P.H. In the event of the successful applicant not possessing the D.P.H. it will be a condition of appointment that he obtains this qualification at the earliest opportunity. For this purpose the Council is prepared to second him for a period of approximately nine months. Salary during secondment will be three-quarters of the minimum salary of the above-mentioned scale. The person so seconded is expected to sign an undertaking to work for the Council for a period of not less than three years after obtaining the D.P.H. Further particulars can be obtained from the Medical Officer of Health, Bristol and West House, 173/4, Friar Street, Reading, to whom application forms should be returned not later than March 28.—G. F. Darlow, Town Clerk. (5240)

COUNTY COUNCIL OF DURHAM

Applications invited from registered medical practitioners (men and women) for appointment as **SCHOOL MEDICAL OFFICER**

to act as Dental Anaesthetist. Salary scale £1,050 by £50 to £1,200 by £55 to £1,475 per annum. Forms of application, returnable by March 26, 1959, and further details from undersigned.—G. H. Metcalfe, Director of Education, Shire Hall, Durham. (5267)

Applications are invited from duly registered medical practitioners (men or women) for the above appointment in the Crawley area. The duties will be concerned mainly with the School Health Service, but will include some Maternity and Child Welfare work. The salary will be £1,050 by £50 to £1,200 by £55 to £1,475, together with travelling and maintenance allowances in accordance with the County Council's scale. Application forms and particulars of the appointment can be obtained from the County Medical Officer, County Hall, Chichester, by whom all applications, endorsed A.C.M.O. on envelope, should be received not later than March 28, 1959.—T. C. Hayward, Clerk of the County Council, County Hall, Chichester. (4711)

MIDDLESEX COUNTY COUNCIL**ASSISTANT MEDICAL OFFICER**

initially in Area 3 (Tottenham and Hornsey). Duties concerned with supervision of health of mothers and young children and School Health Service. D.P.H. or D.R.C.O.G. essential. Salary within scale according to experience, £1,050 to £1,475. Established. Prescribed conditions. Full particulars and two referees to Area Medical Officer, Area Health Office, Local County Offices, Somerset Road, N.17, by April 11. (Quote Z.259 B.M.) Canvassing disqualifies. (5329)

COMMERCIAL APPOINTMENTS**CLINICAL RESEARCH OFFICER**

Applications are invited for the post of Clinical Research Officer in a rapidly expanding medical speciality organization backed by a virile and enthusiastic research team. Candidates should preferably hold a higher medical qualification and should have had wide clinical experience. A sound knowledge of pharmacology and organic chemistry is desirable. Duties will mainly involve the planning, control and, where appropriate, execution of clinical trials of new compounds. A Company car will be provided and there is an attractive Group Pension Scheme in operation. Salary by arrangement, but not less than £1,800 per annum. Full details, which will be treated strictly confidentially, should be sent to: Managing Director, Smith & Nephew Pharmaceuticals Ltd., Bessemer Road, Welwyn Garden City, Herts.

INDUSTRIAL APPOINTMENTS**(Vacant)**

Attention is drawn to the B.M.A. statement of policy on the remuneration of Industrial Medical Officers (as approved by the Annual Representative Meeting, 1958), which is available on request from the Secretary.

APPLICATIONS ARE INVITED FROM registered medical practitioners between 30 and 45 years for a part-time medical adviser to T. Wall & Sons (Ice Cream) Limited, Scotland. The successful candidate will be required to undertake the health supervision of a factory community in Craigmillar, the employees in a number of Ice Cream Depots and the Sales Force, and to advise the regional management on problems concerning the health and well-being of the industrial community. The work will require three hours per day for five days a week of the doctor's time, and the salary will be in accordance with the B.M.A. scale. The short list of those invited to attend for interview will be made out from the letters of application. Candidates are therefore asked to give details of their career and experience, including their reasons for wishing to practise industrial medicine. Two persons to whom reference may be made should be included. Applications should be submitted not later than March 31 to the Principal Medical Adviser, Unilever House, Blackfriars, London, E.C.4.

**MAY & BAKER LTD.
Dagenham, Essex, Chemical Manufacturers**

Applications are invited from male registered medical practitioners, aged about 30 years, for appointment as

ASSISTANT WORKS MEDICAL OFFICER

Candidates should have a good clinical background and an interest in industrial medicine. The additional qualification of D.P.H. or D.I.H. is desirable but not essential. Salary according to B.M.A. scale. Contributory pension scheme. Applications, giving full details of qualifications and experience, together with the names of three referees, should be sent to the Personnel Officer, quoting Reference No. 31/59. (4910)

FACTORY DOCTORS**FACTORIES ACTS, 1937 and 1948**

The following appointments as Appointed Factory Doctors are vacant: Bodmin, in the County of Cornwall; Lydney, in the County of Gloucester; Lochgilphead, in the County of Argyll. Applications, which should be received not later than March 28, 1959, should be sent to H.M. Chief Inspector of Factories, 19, St. James's Square, London, S.W.1. (5238)

UNIVERSITY COLLEGE HOSPITAL
Ibadan, Nigeria**ANAESTHETIC REGISTRAR**

The Board of Management invite applications from medical practitioners with the requisite postgraduate experience for the post of Anaesthetic Registrar. The salary offered is £1,266, rising by one annual increment to £1,320 per annum, plus an inducement addition payable to an expatriate Registrar of £270 per annum during first year and £300 subsequently. The present staff of the Department is: 2 Consultants, 2 Senior Registrars, 2 Registrars, 1 House Anaesthetist. The appointment gives good clinical experience, and there is ample opportunity for academic advancement in the subject. The hospital is recognized for the F.F.A. Candidates should either hold the D.A. or be qualified to take it. The appointment will be initially for one tour of 12 months and will be renewable by mutual agreement for a second tour. On satisfactory completion of the agreement a gratuity of £37 10s. will be paid for each completed term of three months' service. An outfit allowance of £60 is payable on first appointment. Partly furnished quarters are provided at a rental of 81% of salary, excluding inducement allowance, and an expatriate doctor will be eligible for seven days' leave on full pay for each completed month of service in Nigeria. A Nigerian doctor is eligible for five days' leave for each completed month of service. Free first-class passages are provided for expatriate doctors and their wives on first appointment and on completion of the agreement. Free first-class passages to Nigeria will, in certain circumstances, be provided for non-expatriate doctors. Free first-class passages will be provided for vacation leave. Candidates will be eligible for children's allowances in accordance with existing regulations. Arrangements can be made to enable doctors to continue their N.H.S. Superannuation Scheme contributions, and details of the revised salary and gratuity payable in such cases will accompany application forms. Applications should be submitted not later than March 28, 1959, on the appropriate forms, which will be forwarded, together with additional information, on receipt of an addressed foolscap envelope by the Adviser on Staff Recruitment, London Office, University College Hospital, Ibadan, 57, Catherine Place, Palace Street, London, S.W.1. (5375)

UNIVERSITY OF ALBERTA**ASSISTANT PROFESSOR OF PSYCHIATRY**

Applications invited for the position of Assistant Professor of Psychiatry. The position offers a minimum basic salary of \$7,500 per annum, plus consulting privileges to an additional \$10,000 at the University of Alberta Hospital, an 1,100-bed hospital, with 60 psychiatric beds. Special experience either in psychiatric medicine or in child psychiatry is preferred. Interest in research is essential. Applications, with curriculum vitae, a recent photograph or snapshot, and names of three referees, should be sent to the Dean of Medicine, University of Alberta, Edmonton, Alberta. (5234)

UNIVERSITY OF CEYLON**CHAIR OF FORENSIC MEDICINE**
CHAIR OF BACTERIOLOGY

Applications are invited for the above-mentioned posts in the University of Ceylon. Preference will be given to experienced university teachers. The salary of a Professor is Rs.15,000, rising by four annual increments of Rs.600 and four annual increments of Rs.900 to a maximum of Rs.21,000 per annum. The Council may appoint at any point on this scale according to qualifications and experience. Rent allowance (15% of salary in the case of married men and 71% in the case of unmarried men, subject to a maximum of Rs.170 and Rs.85 per mensem respectively) will be paid. First-class passage for Professor, his wife and not more than three children will be provided. The posts are not pensionable, but the holders will become contributors to the University Provident Fund, contributing 5% of salary and the University adding 10%. The appointments will be for a period of four years in the first instance, but may be renewed up to the age of 55 or 60. Further particulars and information as to the method of application may be obtained from the Secretary, Association of Universities of the British Commonwealth, 36, Gordon Square, London, W.C.1. Applications close, in Ceylon and London, on March 31, 1959. (5239)

AMENDED ADVERTISEMENT
MEDICAL RESEARCH COUNCIL

CLINICAL RESEARCH FELLOWSHIPS

The closing date for the receipt of applications for these Fellowships for the academic year 1959-60 has been extended until March 31, 1959. The stipend offered will be within the range £1,000 by £100 to £1,500 per annum, the point of entry to be determined according to age, qualifications and experience. Application forms and further particulars may be obtained from the Secretary, Medical Research Council, 38, Old Queen Street, Westminster, London, S.W.1. (5167)

MEDICAL RESEARCH COUNCIL HAS A vacancy at their Pneumoconiosis Research Unit for a medically qualified Assistant for clinical work and research in pulmonary physiological studies in the laboratory and field. Salary from £950 to £1,150 per annum, according to qualifications and experience. Two-year appointment with superannuation provision. Write full details to Dr. J. C. Gilson, Director of the Unit at Llandough Hospital, Penarth, G.am. (5087)

SENIOR PHARMACOLOGIST

Smith & Nephew Research Ltd. invite applications for the position of Senior Pharmacologist in their research laboratories. The man appointed will head a small team of pharmacologists engaged on the examination of new compounds of potential therapeutic value. This work forms part of an integrated research programme and will appeal particularly to a man who enjoys close collaboration with scientists in related fields. Opportunity will be given for the successful applicant to work on related problems of his own choice. The post offers considerable variety of interest and the publication of results is encouraged. Prospects of advancement are good for a man with the ability to inspire others with his own enthusiasm.

Applicants should possess a suitable honours degree and have had some years' postgraduate research experience in pharmacology. The preferred age would be between 30 and 35 years, but applications are also invited from candidates with special qualifications outside these limits. Salary will be commensurate with the responsibilities of the position, and a contributory pension and life assurance scheme is operated by the Company. Applications should be addressed to Research Manager (Administration), Smith & Nephew Research Ltd., Hunsdon Laboratories, Ware, Herts.

THE UNIVERSITY OF MANCHESTER

Applications are invited for the full-time post of **TEMPORARY TUTOR IN CLINICAL OBSTETRICS AND GYNAECOLOGY** from candidates with medical qualifications registrable in this country. Duties to commence as soon as possible and the appointment will be made for a period extending to December 31, 1959. Salary at the rate of £972 per annum. Applications should be sent not later than March 31, 1959, to the Registrar, the University, Manchester, 13, from whom forms of application may be obtained. (5269)

UNIVERSITY OF ABERDEEN

Applications are invited for a **LECTURER IN PHYSIOLOGY** Salary if Lecturer is medically qualified on scale £900 to £1,900, or if not, on scale £900 to £1,650. Preference for medically qualified candidate. F.S.S.U. and child allowance. Further particulars should be obtained from the Secretary, the University, Aberdeen, with whom applications (eight copies) should be lodged not later than April 20, 1959. (5235)

UNIVERSITY OF BELFAST

The Senate of the Queen's University of Belfast invites applications for a **LECTURESHIP IN PHYSIOLOGY** from October 1, 1959. Salary will be in the range of £1,300 by £50 to £2,100, with provisions for superannuation. Initial placing on this scale will depend upon experience and qualifications. In certain circumstances the salary may rise to £2,250. Applications should be submitted not later than April 15, 1959. Further particulars may be obtained from G. R. Cowie, M.A., LL.B., J.P., Secretary. (5268)

THE ROYAL SOCIETY**LOCKE RESEARCH FELLOWSHIP**

Applications are invited by the Council of the Royal Society for a Locke Research Fellowship, tenable at any place approved by the Council of the Royal Society, for research in the general field of experimental physiology and pharmacology. Candidates should supply the usual personal details and give the names of two referees. Testimonials will not be considered. Applicants and referees at a distance may write direct to the address given below, without first obtaining forms. The subject of the proposed research and the place at which it would be carried out, together with the name of the Head of the Department, whose permission should be first obtained, must be stated. The appointment falls into the category of the Society's research fellowships which are intended for younger persons. It will be for two years in the first instance, from October 1, 1959, or a date to be arranged, and may be renewed annually for such periods as the Council may determine. It will be subject to the conditions governing Royal Society Research Appointments. The stipend will be in the range from £1,450 to £1,850 per annum, depending upon qualifications. There will be superannuation benefits, to which the successful candidate will be required to contribute 5% of annual stipend and to which the Society will contribute a sum equivalent to 10% of the annual stipend. Children's allowances are payable. Application should be made on forms to be obtained from the Assistant Secretary, the Royal Society, Burlington House, London, W.1, and should be received not later than March 31, 1959. (3325)

THE ROYAL SOCIETY**STOUGHTON RESEARCH FELLOWSHIP**

Applications are invited by the Council of the Royal Society for a Stoughton Research Fellowship in the field of Medicine, including the sciences on which medical knowledge is based. The Fellowship will be tenable in any hospital, medical school or other appropriate research institution or university department in the British Isles or at any other place approved by the Council of the Royal Society. Candidates, who must be of British nationality, should supply the usual personal details and give the names of two referees. Testimonials will not be considered. Applicants and referees, at a distance may write direct to the address given below without first obtaining forms. The subject of the proposed research, and the place at which it would be carried out, together with the name of the Head of the Department, whose consent should first be obtained, must be stated. The appointment, which is in the category of the Society's research appointments which are intended for young persons who show exceptional promise in research, is tenable for two years in the first instance from October 1, 1959, and may be renewed annually up to a total of four years. The stipend will be in the range from £850 to £1,050, depending upon qualifications. There will be superannuation benefits, to which the successful candidate will be required to contribute 5% of annual stipend and to which the Society will contribute a sum equivalent to 10% of the annual stipend. Children's allowances are payable. Application should be made on forms to be obtained from the Assistant Secretary, the Royal Society, Burlington House, London, W.1, and should be received not later than March 31, 1959. (3326)

UNIVERSITY OF OTAGO
 Dunedin, New Zealand

NUFFIELD FOUNDATION DOMINION TRAVELLING FELLOWSHIPS

The Nuffield Foundation offers a Travelling Fellowship in Medicine to nationals of New Zealand preferably between the ages of 25 and 35 years. The purpose is to enable medically qualified persons to obtain in the United Kingdom such postgraduate training and experience as may be necessary to prepare them to undertake medical teaching and research work in New Zealand. Applicants should possess high intellectual and personal qualities. A Fellow will be required to carry out at an approved institution a programme of work and training approved by the Nuffield trustees. A Fellow will not be permitted to prepare for or to take examinations for higher degrees or diplomas awarded by bodies in the United Kingdom. The Fellowships are normally tenable for one year and provide for return travelling expenses of a Fellow and, if he is married, for his wife. The total value of an award, including travelling expenses, varies with the needs and family responsibility of the holder, but will in no case be less than £900. Applications for Fellowships to begin in 1959 should be submitted not later than April 30, 1959, to the undersigned. Copies of the conditions and forms of application are also available at the Nuffield Foundation, Nuffield Lodge, Regent's Park, London, N.W.1.—R. E. Corbett, Department of Chemistry, University of Otago, Dunedin, New Zealand. (5374)

University and Research

EMERGENCIES IN GENERAL PRACTICE

from the
British Medical Journal

470 Pages, cloth bound,
with full index

PRICE 25s. net

by post: inland and overseas 26s. 9d.

This book deals with medical emergencies in a wide sense: acute clinical emergencies requiring prompt and skilful treatment; conditions such as faints and fits and giddy turns, the careful elucidation of which may mean the difference to a patient between a life of activity and one of restriction; acute psychiatric states; accidents of treatment, such as dangerous reactions to drugs or collapse during anaesthesia; and emergency calls when the doctor is isolated, as on a ship.

It comprises 57 specially commissioned articles which appeared originally in the *British Medical Journal*.

The author of each is an acknowledged authority. This collection, now revised by the authors, will be of value not only to general practitioners but also to senior students, house-physicians, house-surgeons, and to those supervising their work in hospitals.

CHEADLE ROYAL, CHEADLE,
CHESHIRE (GATley 2231)

Medical Superintendent:

W. V. Wadsworth, B.S., M.B., M.R.C.P., D.P.M.

This excellently appointed hospital receives all types of patients who are suffering from psychological and senile illness. The most modern psychiatric treatments are available. Special geriatric unit for mild and senile patients.

Glan-y-Don Nursing Home, Colwyn Bay. is the seaside branch of Cheadle Royal.

HAYDOCK LODGE

Newton-le-Willows, Lancs

For treatment of mental and nervous diseases. Apply Medical Superintendent for terms, etc.

ST. ANDREW'S HOSPITAL, NORTHAMPTON
For Nervous and Mental Disorders

President: The Earl Spencer. Medical Supt., Thomas Tennent, M.D., F.R.C.P., D.P.H., D.P.M.

This Registered Hospital is situated in 130 acres of park and pleasure grounds. Voluntary patients who are suffering from incipient mental disorders or who wish to prevent recurrent attacks of mental trouble, temporary patients and certified patients of both sexes are received for treatment. Careful clinical, biochemical, bacteriological and pathological examinations. Private rooms with special nurses, male or female, in hospital or in one of the numerous villas in grounds of the various branches can be provided.

MOULTON PARK.—Two miles from the main hospital there are several branch establishments and villas situated in a park and farm of 650 acres. Milk, meat, fruit and vegetables are supplied to the hospital from the farm, gardens and orchards of Moulton Park. Occupational therapy is a feature of this branch and patients are given every facility for occupying themselves in farming, gardening and fruit-growing.

WANTAGE HOUSE.—This is a Reception Hospital in detached grounds with a separate entrance to which patients can be admitted. It is equipped with all the apparatus for the complete investigation and treatment of Mental and Nervous Disorders by the most modern methods; insulin treatment is available for suitable cases. There is an Operating Theatre, a Dental Surgery, an X-ray Room, an Ultra-Violet Apparatus, and a department of Diathermy and High-frequency treatment. It also contains laboratories for biochemical, bacteriological and pathological research. Psychotherapeutic treatment is employed when indicated.

BRYN-Y-NEUADD HALL.—The seaside house of St. Andrew's Hospital is beautifully situated in a park of 330 acres at Llanfairfechan amidst the finest scenery in North Wales. On the North-West side of the estate a mile of sea-coast forms the boundary. Patients may visit this branch for a short seaside change or for longer periods. The hospital has its own private bathing house on the seashore. There is trout-fishing in the park.

At all the branches of the hospital there are cricket grounds, football and hockey grounds, lawn tennis courts (grass and hard courts), croquet grounds, golf courses and bowling greens. Ladies and gentlemen have their own gardens, and facilities are provided for handicrafts such as carpentry, etc.

For terms and further particulars apply to the Medical Superintendent (Telephone No.: Northampton 4354 (3 lines)), who can be seen in London by appointment.

CHISWICK HOUSE, MOSS LANE, PINNER,
Middlesex

Telephone: Pinner 234

Private Nursing Home for Nervous and Mild Mental Disorders and Alcoholism. Psychotherapy, E.C.T., modified insulin, etc. Fees from 18 guineas a week inclusive of nursing and medical attention. Forty patients of both sexes, including a small number of long-term elderly cases. Two country houses in 5 and 6 acres respectively in adjoining grounds. Twelve miles north-west of London. Easily accessible by Metropolitan train from Baker Street to Pinner. Ten minutes' walk from Pinner station. Apply to the Medical Director, Douglas Macaulay, M.D., D.P.M.

EAR WAX *Removed this easy way*

The removal of wax from the external auditory meatus has, in the past, normally entailed attendance by the patient for diagnosis and for the prescription of a suitable loosening agent, and a second attendance a few days later for syringing.

Now, by the use of Cerumol Ear Drops, wax can be removed in most cases at one visit. A few drops of Cerumol can be instilled into the ear and, while another patient is being attended to, the soft cerumen dissolves and the harder wax disimpacts. The wax can then be removed by gentle syringing or with cotton wool. The wax may even be found to run out of the ear on its own accord, in which case patients themselves may instil Cerumol at home, obviating further attendances.

Cerumol is anti-bacterial, non-irritating and harmless to the lining of the external auditory meatus or the tympanic membrane.

Cerumol is included in Category No. 4 of the M.O.H. classified list of Proprietary Preparations and may be prescribed on N.H.S. Form E.C.10

FORMULA (Active Constituents per 100 c.c.):— *p*-dichlorobenzene B.P.C., 2 gm.; Benzocaine B.P., 3 gm.; Chlorbutol B.P., 5 gm.; Ol. Terebinth B.P., 15 c.c.

PACKS:—For Surgery Use: 10 c.c. vial—separate dropper included. (Basic N.H.S. price 2/8.) For Hospital Use: 2 oz. and 10 oz. bottles.

CERUMOL

EAR DROPS

for the easier removal of wax

If you wish to test for yourself and have not received recently a 10 c.c. vial, please write or telephone direct to:

LABORATORIES FOR APPLIED BIOLOGY LTD • 91, AMHURST PARK • LONDON, N.16 • Telephone: STAmford Hill 2252
