CVK ends the need for painful penicillin injections

COMPOCILLIN-VK (*Potassium Penicillin V*) provides high blood levels quickly and conveniently.

CVK may be used wherever penicillin therapy is indicated, the easily swallowed *Filmtabs* and cherry-flavoured CVK Solution being particularly suitable for children. The normal adult dose is 125 mg. to 250 mg. every four to six hours; for children, dosage may be reduced in proportion to weight. CVK is also available combined with double and triple sulphas.

The *New* concept

Relief in minutes—lasts for hours

An orally administered decongestant has much better distribution to the mucous membranes of the respiratory tract than nasal sprays, drops and inhalants, and this “affords opportunity for shrinkage in areas that could not be approached by sprays, drops or actual topical application.”*

‘TRIOMINIC’ “dries” and decongests nasal passages, combats allergic symptoms—with little likelihood of rebound congestion or pathological changes in the nasal mucosa, and without the risk of local overtreatment or “nose drop addiction”. Especially valuable for night-time cough caused by postnasal drip.

*Arch. Otolaryng., 1954, 59, 48.

A. WANDER LIMITED

NULACIN "has revolutionized the treatment of duodenal ulcer"

"This new method of the administration of antacids (Nulacin) has revolutionized the treatment of duodenal ulcer... milk drip is no longer part of our therapeutic stock in trade."

PROC. ROY. SOC. MED., December, 1958, 51, 1063

NULACIN tablets, when allowed to dissolve slowly in the mouth, provide intragastric milk-alkali drip therapy safely and effectively for both the bed-ridden and ambulant patient. They may be relied on to provide a treatment for peptic ulcer as well as other conditions associated with gastric hyperacidity.

The safety and effectiveness of Nulacin therapy has been proven by "in vivo" clinical work carried out in many countries. References to this work include:—

Current Status of the Medical Treatment of Peptic Ulcer, *Med. Times*, January, 1958, 1, 74

MILESTONE IN DERMATOLOGY

ORAL

Griseofulvin is a Glaxo research development. Extensive experience with this substance in Britain, the U.S.A. and elsewhere has shown that griseofulvin, when given by mouth, will produce quite remarkable and consistent activity against dermatophyte infections of the skin, hair and nails. Infections even of many years duration have made a striking response to this unique substance.

"A new era in the therapy of the common mycotic infections of the human skin, hair and nails may be at hand with the discovery of the almost unbelievable therapeutic effectiveness of the oral antibiotic, griseofulvin."

Milestones in Dermatology XXXIX Griseofulvin.

An Oral Antibiotic for the Treatment of

**ALASTAIR DUNNETT on the B.B.C.
HOME SERVICE:**

"Everyone should read it . . . Philip Auld is the pen-name of a doctor, and it seems to me that only the dangers of the British law of libel moved him to present his case as a work of fiction rather than as a straightforward slice of social history.

SUNDAY DISPATCH:

"Claims to—and does—blow the gaff on the National Health Service . . . read, learn and go away goggle-eyed."

THE STAR:

"Some of the incidents make one cringe. In fact, they are so horrifying that one can't believe they didn't happen."

HONOUR A PHYSICIAN

by Philip Auld

HOLLIS & CARTER
16s. net

The trials and tribulations of Doctor Charles Gatwood—the hero of the book—bear all the stamp of bitter experience. The slurs from the Council estate calling out the doctor with little or no reason in the middle of the night . . . just to see if he'll come or not. . . . The well-to-do are just as bad. . . . Some of his fellow-doctors are out to cash in on the scheme however much their patients or colleagues suffer. Philip Auld captures a host of characters with a sure touch.

" . . . If the facts of 'Honour a Physician' are true—and I see little reason to doubt them—then the way we are using, or rather abusing, our Health Service is a national scandal."

DAILY SKETCH:

"Thirty-seven doctors . . . are working on the biggest medical analysis ever held—an examination of the National Health Service. I suggest that they co-opt a doctor who has already completed his own examination, and comes up with a report of waste, abuse and even corruption which, if true, squanders millions of pounds and prevents thousands of genuine cases from being treated in time."

EVENING STANDARD:

"The story of his sufferings, deserves to be displayed in every doctor's waiting-room in Britain."

THE PRACTITIONER: "The author's fellow-practitioners will revel in it."

Corn Oil and Heart Disorders

ESSENTIAL UNSATURATED FATTY ACIDS

All fats and oils, whether animal or vegetable, can be defined as "natural blends of the glycerides of fatty acids".

Fatty acids are of two types—saturated and unsaturated. Three of the latter type are of particular importance in everyday diet and are known as the *essential* unsaturated fatty acids. It is established beyond all reasonable doubt that they are vital to the well-being of man, as they have been proved to be for certain animals. Some experts, indeed, consider that our present-day intake of them is dangerously low.

CORONARY THROMBOSIS

Of late, interest has been further stimulated by research and treatment of patients suffering from coronary thrombosis and other vascular disorders. The incidence of these disorders has been shown to be closely correlated with a high dietary "fat" intake. There is also a correlation between the incidence of vascular disease and a high level of cholesterol in the blood. It has been found, though, that this cholesterol level is effectively lowered by reducing the intake of saturated fatty acids (present in all fats) and increasing the consumption of essential unsaturated fatty acids. Many doctors treating heart patients now consider this advisable—and even imperative.

MAZOLA CORN OIL

MAZOLA Corn Oil comes from specially selected maize, which gives an oil rich in the most important of the essential unsaturated fatty acids—linoleic acid. Apart therefore from its own intrinsic merit as a cooking oil (it has long been popular for this purpose both in Canada and America) MAZOLA can be helpful in reducing blood cholesterol when this is unduly high.

MAZOLA is specially packed to eliminate the possibility of rancidity, oxidation and reversion to saturated fats. Also, existing evidence supports the belief that MAZOLA loses none of its therapeutic properties after cooking. It can therefore be strongly recommended as a substitute for all kinds of fat used in frying, baking or grilling. Salad dressings made with MAZOLA are in every way as good as those made with other oils—such as olive oil or ground nut oil. Finally, MAZOLA can if desired be taken "medicinally"—that is to say neat, in prescribed quantity.

EASIER ANALGESIA

Experience has shown that 'PIPADONE' Compound Tablets offer the simplest means of obtaining relief in severe pain. 'PIPADONE' Compound Tablets are given by mouth. Incidence of side-effects is substantially lower than with morphine or other narcotics: nausea and vomiting are most unlikely; sedation is rare.

The powerful analgesic dipipanone hydrochloride (25 mgm. in each tablet) relieves severe pain, while cyclizine hydrochloride (50mgm.) prevents nausea and vomiting. *The initial dose is half a tablet increased later if necessary to one or one-and-a-half.*

'Pipadone' Compound Tablets, which are subject to D.D.A. regulations, are indicated whenever pain is severe enough to require an analgesic as powerful as morphine.

- 4 Persistence, which makes single daily dosage practical.

'Bimez' Tablets. For routine treatment. Each tablet contains: 'Sulphamezathine' (Sulphadimidine B.P.) 0.375 gramme; sulphadimethoxypyrimidine 0.125 gramme. Issued in containers of 25, 100 and 500.

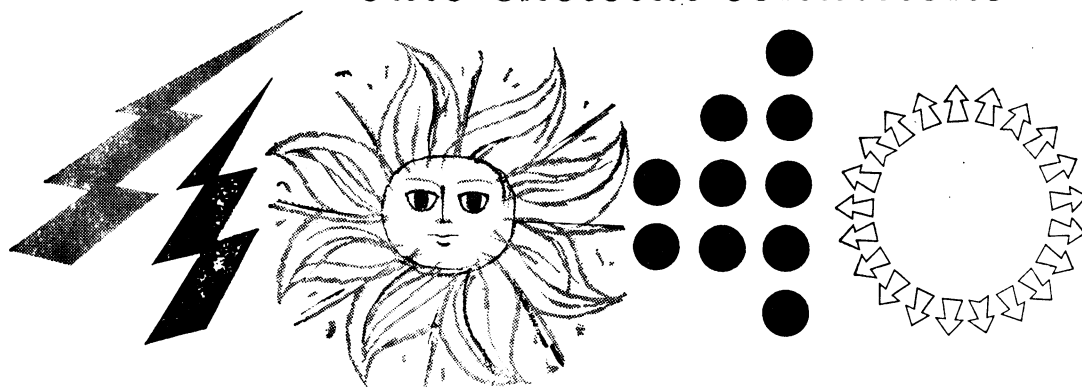

'Bimez' Suspension. Especially suitable for children and the elderly. A teaspoonful (3.5 ml.) is equivalent to one tablet. Issued in bottles of 30 ml.

Ph.981

more than analgesia

MEDRO-CORDEX*

reduces swelling to restore mobility in painful musculo-skeletal conditions

PAIN HEAT REDNESS SWELLING

all four cardinal signs of inflammation are reduced by Medro-Cordex. The rapid restoration of function in muscles and joints objectively measures response to this exclusive combination of Medrone and aspirin. Furthermore, the side effects that conceivably might occur with full doses of either component do not occur in the concentrations and dosage employed with Medro-Cordex.*

DOSAGE: 1 or 2 tablets three or four times daily.

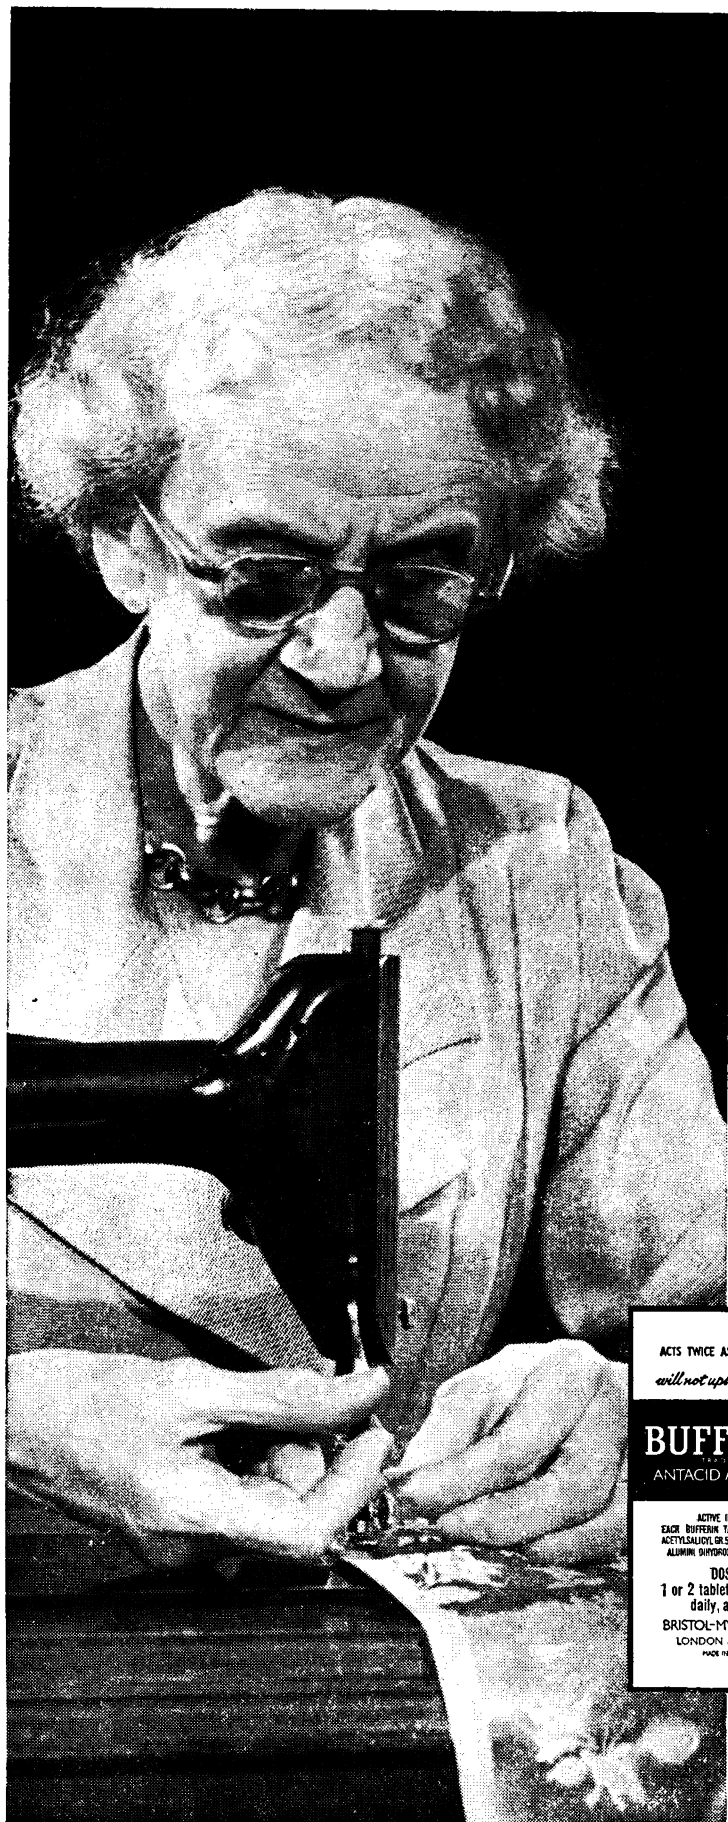

Each tablet contains:

<i>Medrone (methylprednisolone)</i>	<i>1 mg.</i>
<i>Acetylsalicylic acid</i>	<i>300 mg.</i>

SUPPLIED in bottles of 30 and 100 tablets

**Bufferin relieves
rheumatic and
arthritic pains
without causing
gastric upset***

The best drug to relieve arthritic pain is undoubtedly aspirin. But it causes gastric upset in as many as 42% of arthritic patients. (British Medical Journal 1954, 1:1223). Hence the need for BUFFERIN.

BUFFERIN has two antacid ingredients, aluminium glycinate and magnesium carbonate, which prevent gastric distress, even when taken in massive doses as for arthritis. A clinical investigation carried out at the Robert Breck Brigham Hospital in Boston, showed that 70% of arthritics who had a *proved* intolerance to straight aspirin were able to take BUFFERIN without gastric distress.

*(Bufferin in the Management of Rheumatoid Arthritis, J.A.M.A. 158: 386 (June 4), 1955).

BUFFERIN has no equivalent in the B.P. or National Formulary and is prescribable on E.C. 10's.

Please write for free samples to: Bristol-Myers Company Limited, 209-215 Blackfriars Road, London SE1

ACTS TWICE AS FAST AS ASPIRIN

A new adjunct to geriatric care

'JUVEL'

The purpose of this preparation is to present in convenient and acceptable form a product containing the vitamins most needed for persons beginning to experience symptoms or disabilities from the ageing process.

The formula of 'Juvel' has been designed in consideration of the known defects in the diets of many older patients. The vitamins chosen and the quantities given are related to needs as determined by dietary surveys and the known incidence of disease.

FORMULA

The daily dose of 1 tablet contains:

Vitamin A	5,000 i.u.
Vitamin D	500 i.u.
Vitamin B ₁	2.5 mg.
Riboflavine	2.5 mg.
Vitamin B ₆	2.5 mg.
Nicotinamide	50 mg.
d-α-tocopherol acetate (Vitamin E)	10 mg.
Vitamin C	50 mg.

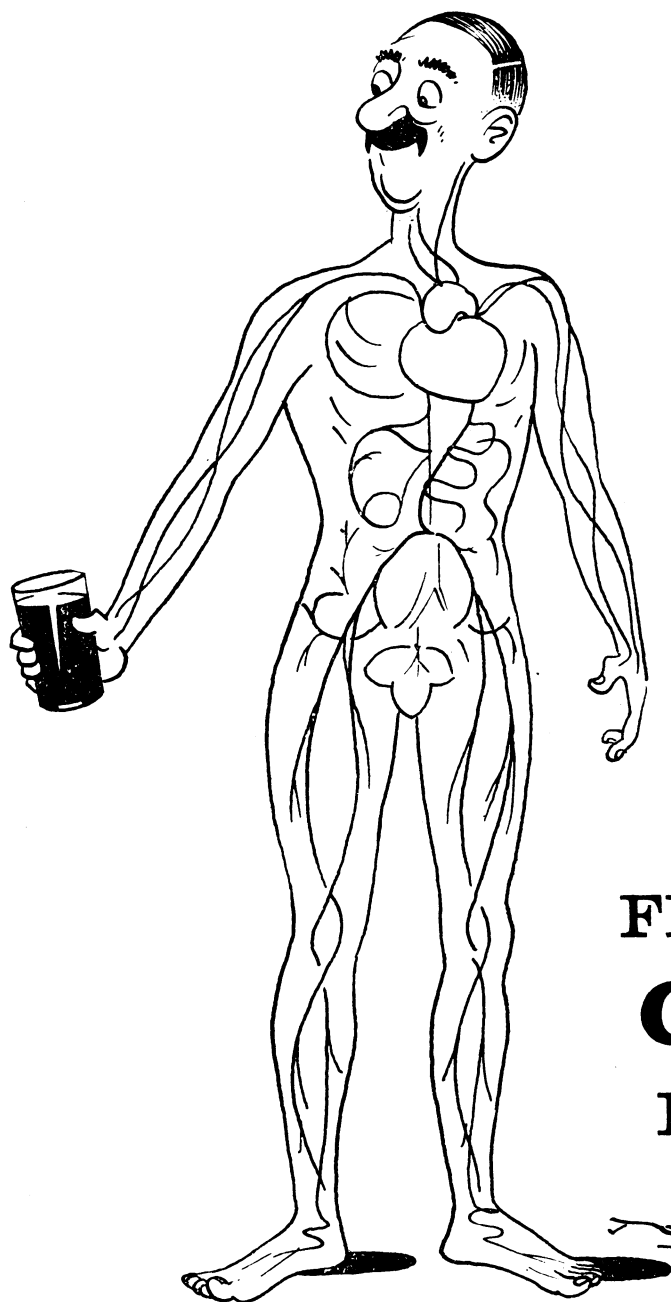

(In packs of 100
and 500 tablets)

BYRON 3434

**For Chronic Discharge
of the Ear**

RYOTOL

RYOTOL is lethal to *Ps. pyocyanea*, *Staphylococcus aureus*, *Proteus vulgaris* and *Streptococcus pyogenes* found in C.S.O.M. and Otitis Externa.

The presence of *Ps. pyocyanea* has been demonstrated in 90% of cases of chronically discharging ears. This gram-negative, highly resistant organism is unaffected by penicillin, sulphonamides and many other bactericides. It produces abundant pus and is therefore extremely troublesome.

RYOTOL Ear Drops are the outcome of clinical work on humans, following outstanding results obtained in the veterinary field.

Formula:
 Monophenyl ether of ethylene glycol 2.0% v/v
 Phenylmercuric Nitrate 0.1% w/v
 Phenyl-dimethyl iso-pyrazolone 5% w/v
 in a stabilised non-irritant base.

When rest and tonic air are what the
patient needs

**HASTINGS
AND ST. LEONARDS**

are what the doctor might order

Hastings is one of the nearest places to London that combines a mild climate with complete absence of smog, plus excellent hotels—and the peace and quiet a convalescent needs.

A patient can hardly fail to benefit by (literally) a 'breather' at Hastings. There is, on average, 400 hours more sunshine a year than in

London. There are cleverly designed suntrap shelters on the Promenades. And there is a delightfully relaxed feeling about the whole town. As a spot for taking it easy, Hastings is hard to better.

A postcard to the P.R. 37 Bureau, Hastings, Sussex, will bring you more information.

The modern surgical dressing **OCTAFLEX**

Antiseptic—Waterproof—Vapour-Permeable—Flexible

a plasticised acrylic resin dissolved in ethyl acetate and alcohol, antiseptic— β -p-tert.-octylphenoxyethyl diethylbenzyl ammonium chloride (Octaphen)—1% in dried film.

As a postoperative dressing Octaflex prevents bacteria reaching the wound incision. Once applied it is left until the skin has healed. Instead of frequent changes of bulky dressings, occasional applications of more Octaflex, as wear and tear occurs, is all that is needed.

Washing is easy. Patients can bath and the dressing will remain intact, so that bacteria in the water do not reach the wound.

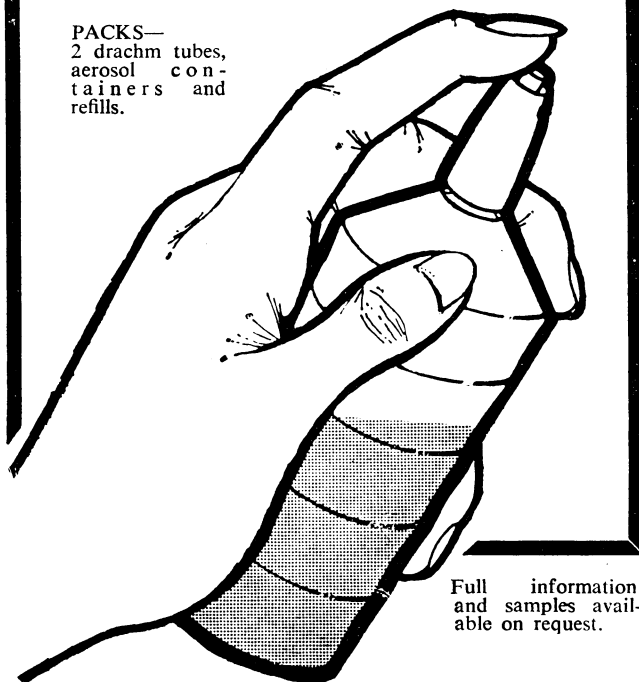

Although waterproof, Octaflex is vapour-permeable. Thus the underlying skin does not become macerated.

Other uses of Octaflex—as a skin cover before operations on joints; as a protection to the skin around external fistulae and enterostomies; as a dressing for abrasions, burns, bedsores, and chilblains; as a protection against secondary infection of herpes zoster; as dressing for the umbilical stump in the newborn; as a waterproof dressing for chronic perionychia.

IMPORTANT—the skin must be dry and bleeding must have stopped before Octaflex is applied.

—the film must not be touched from the time of application until it is dry.

PACKS—

OXYGEN THERAPY SETS ON EC 10 PRESCRIPTION

The Normalair Type C890 Domiciliary Oxygen Flow Selector is approved by the Ministry of Health for use at home and is included in the drug tariff.

Fool-proof and easily attached without tools to any standard oxygen cylinder, the Normalair C.890 provides an accurately-controlled and metered oxygen supply at 2 or 4 litres a minute.

The flow rate selected by simply turning a clearly marked knob is automatically maintained from 1980 p.s.i. to 30 p.s.i. and no re-adjustment is needed as cylinder pressure falls during use.

Full details are available in Leaflet C.890.

Weight	2½ lb.
Overall Height	5½ ins.
Max. Width	4½ ins.
Flow rates	2 and 4 litres /min.
Max. Inlet Pressure	1980 p.s.i.
Ambient Temperature Range	— 10°C to + 50°C
Outlet connection	suitable for standard bayonet connector

Why does **'Zynocin'**
TRADE MARK
outdate conventional
antiseptic lozenges?

BECAUSE 'Zynocin' contains xanthocillin, the new wide spectrum antibiotic for topical application. It is effective against gram-positive and gram-negative organisms commonly found in infections of the mouth and throat.

BECAUSE the anti-fungal activity of xanthocillin *in vitro* has been demonstrated. Moreover, there is no evidence of resistance or cross-resistance to xanthocillin.

BECAUSE 'Zynocin' also contains benzocaine, for prompt and prolonged relief of soreness and discomfort.

BECAUSE their fresh fruit flavour makes the lozenges acceptable to patients of all ages.

**Each lozenge contains
xanthocillin, 1 mg.,
benzocaine, 5 mg.**

In tubes of 12.

SEBODERM masters DANDRUFF

PRIORY LABORATORIES LIMITED
WEST DRAYTON · MIDDLESEX

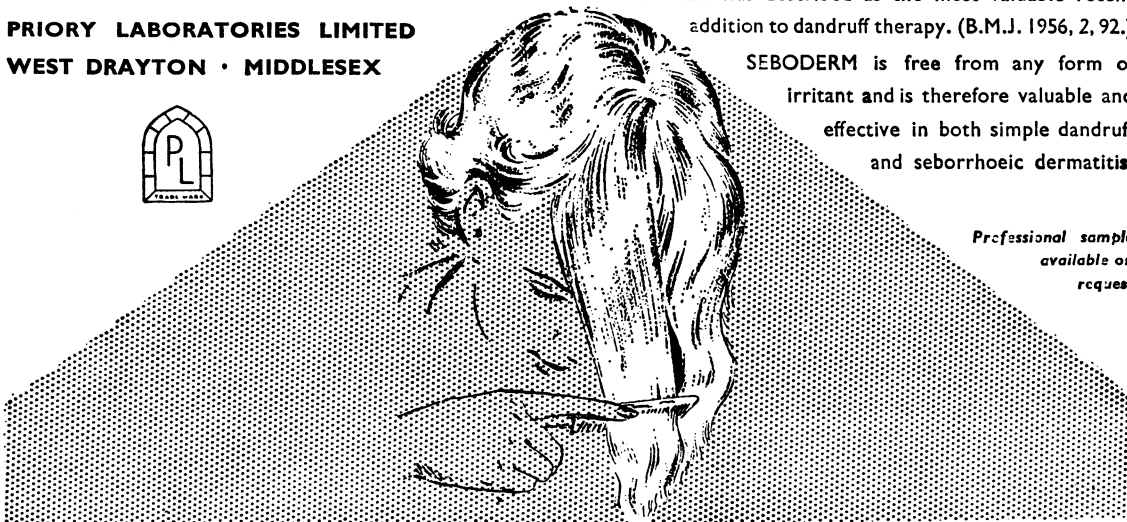

A regular weekly shampoo with SEBODERM provides an effective non-irritant control, leaving the hair soft, silky and clean. SEBODERM contains the cationic bactericidal detergent Cetrimide B.P. (15.6%)* and Lanoline 1% in elegant form.

*Cetrimide was described as the most valuable recent addition to dandruff therapy. (B.M.J. 1956, 2, 92.)

SEBODERM is free from any form of irritant and is therefore valuable and effective in both simple dandruff and seborrhoeic dermatitis.

BRITISH MEDICAL STUDENTS' TRUST TRAVEL GRANTS 1960

The Trustees of the British Medical Students' Trust are prepared to consider applications from clinical and pre-clinical students who are planning vocational travel abroad in 1960, and who are in need of financial assistance.

Applicants should state whether they are members of the British Medical Students' Association. Awards will only be made in respect of travel to places or events of medical interest abroad. The Selection Committee will take into account the initiative and originality shown by applicants.

Not more than half the awards may be made to students travelling to the same event (such as a clinical or pre-clinical conference).

The provisional closing date for receipt of applications is March 31, 1960. Forms may be obtained from B.M.S.A. representatives: when completed they should be posted, together with testimonials, to:

THE TRUSTEES,
BRITISH MEDICAL STUDENTS' TRUST TRAVEL
FUND,
B.M.A. House, Tavistock Square, London, W.C.1.

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose (unless otherwise specified) one copy each of 3 recent testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

House Officers should submit a separate application for each post for which they apply.

Canvassing of members of the Board or Advisory Appointments Committee will lead to disqualification (Statutory Instrument 1950, No. 1259, N.H.S.).

**SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.*

A fully registered medical practitioner who is liable for National Service must obtain deferment of recruitment in writing from the Central Medical Recruitment Committee or (in Scotland) the Scottish Central Medical Recruitment Committee before accepting any civilian appointment.

The position of provisionally registered medical practitioners who are liable for National Service has been made clear in a notice sent to them by the Ministry of Labour and National Service.

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

Registrar Grades, Whole-time

(a) **REGISTRAR**: Posts obtained normally not less than two years after registration as a medical practitioner and held normally for two years: £972 8s. per annum in the first year; £1,103 19s. per annum in the second and any subsequent years. If the post is resident a deduction of £170 per annum is made.

(b) **SENIOR REGISTRAR**: Posts obtained normally not less than four years after registration as a medical practitioner and held normally for four years: £1,258 8s. per annum in the first year; £1,372 16s. per annum in the second year; £1,487 4s. per annum in the third year; £1,601 12s. per annum in any subsequent years. If the post is resident a deduction of £200 per annum is made.

Other Grades, Whole-time

(a) HOUSE OFFICERS:

(i) *Provisionally registered medical practitioners*: £486 4s. per annum for the first post held; £543 8s. per annum for the second and all subsequent posts held; provided that the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that the remuneration of any officer holding his first post in the National Health Service as a House Officer shall be £543 8s. per annum if they are satisfied that the officer has held at least one hospital post outside, of not less than six months' duration, involving clinical responsibilities equivalent to those of house posts in the National Health Service and supervised by appropriate specialist staff.

(ii) *Fully registered medical practitioners*: £600 12s. per annum for any post held; provided that in exceptional circumstances, subject to the consent of the Minister, this rate may be exceeded by up to £50 per annum where a post cannot be filled otherwise.

In each case under sub-sections (i) and (ii) above, a deduction of £125 per annum in respect of board and lodging and other services provided shall be made and each post shall be tenable for six months.

(b) **SENIOR HOUSE OFFICER**: Posts obtained by fully registered medical practitioners, and held normally for one year only: £852 6s. per annum. If the post is resident a deduction of £150 per annum is made.

(c) **JUNIOR HOSPITAL MEDICAL OFFICER**: Officers who have held house appointments but who are neither Senior House Officers nor in one of the registrar grades, who have less responsibility than other hospital officers of non-consultant status, and who have been appointed for a limited or an indefinite period, not less than one year after full registration as a medical practitioner: £886 12s. by £57 4s. to £1,229 16s. per annum. If the post is resident a deduction of £170 per annum is made.

THE NEW SOUTH WALES STATE CANCER COUNCIL**RESEARCH PATHOLOGIST**

Applications are invited for this appointment at the Special Unit for Investigation and Treatment, comprising 28 in-patient beds and complete self-contained operating and laboratory facilities devoted solely to cancer. The unit is situated at the Prince of Wales Hospital, Randwick. The pathologist who must be a graduate in medicine of a recognized university, and possess a postgraduate degree in pathology or equivalent qualification, with additional extensive experience in modern clinical, experimental, and histo-pathology, will be required to develop research projects related to causes and treatment of human cancer, within the framework of the general research programme approved by the Council. Under the direction of the Honorary Director of Unit, he will be in administrative control of the laboratory staff. Salary range £A.2,841 to £A.3,641 per annum. Commencing salary according to qualifications and experience. Full details of conditions of employment, superannuation benefits, research programme, etc., are available from the Medical Director of Council, at the undermentioned address. Applications endorsed "Application for Research Pathologist" closing March 23, 1960, to be addressed to the Secretary, New South Wales State Cancer Council, Box 3944, G.P.O., Sydney, Australia. (8968)

THE WOMEN'S HOSPITAL
(Crown Street), Sydney, Australia**STAFF ANAESTHETIST**

Applications, by letter, addressed to the undersigned, closing February 5, 1960, are invited for the above-mentioned position. In addition to essential details of experience, qualifications, age, etc., applicants should state whether willing to reside at the hospital or, of not, what position would be in regard to emergency calls to duty outside ordinary hours. The appointee will work under the general direction of the Honorary Medical Board through the Medical Superintendent, and his primary duties will be in the organization and supervision of anaesthetics and resuscitation of public ward patients (obstetrics and gynaecology), also the provision of tuition in anaesthesia for resident medical officers and pupil midwives. For further information as to duties, please apply to the Medical Superintendent. Salary and conditions will be in accordance with the N.S.W. Hospitals Commission's determination re specialist medical officers, a copy of which may be obtained on application to the undersigned. Present salary range £2,736 to £3,536 if qualified for recognition as a "Specialist"; £2,036 to £2,336 for "Junior Specialist."—R. B. Golsby, Secretary and Chief Executive Officer. (8506)

Applications to Secretary, Royal Infirmary, Bradford. (8922)

MEDICAL RESEARCH COUNCIL

Applications are invited for an appointment as **PHYSICIAN**

to assist with the direction of the Tuberculosis Research Unit's chemotherapeutic trials (which may be extended to non-tuberculosis chest diseases). The post provides a basis for general training in clinical research. Remuneration on the scale £1,470 by £100 to £1,670 or £1,700 by £100 to £1,900, the scale and starting point depending on age, qualifications and experience. London allowance £30-£40 per annum. N.H.S.S.S., and children's allowances. Applications, giving full details of career and the names of three referees, should be sent to the Director, Tuberculosis Research Unit, M.R.C. Laboratories, Holly Hill, Hampstead, London, N.W.3, within two weeks of the appearance of this advertisement. (8964)

THE NUFFIELD FOUNDATION
NUFFIELD INSTITUTE FOR MEDICAL RESEARCH**RESEARCH FELLOWSHIPS**

The Nuffield Foundation, as an experiment, is prepared to offer one Research Fellowship annually in each of the three years 1958, 1959, and 1960, tenable at the Nuffield Institute for Medical Research at Oxford, to enable a suitably qualified person who intends to follow an academic career in obstetrics or paediatrics in the United Kingdom to concentrate for a year on animal experiments directly related to basic physiology or pharmacology in the foetus or the newborn. Each Fellowship will be tenable for one year and is limited to a graduate in medicine of a university within the British Commonwealth, who should either have completed an appointment as Registrar (or its equivalent) in an approved department of obstetrics or paediatrics, or be seconded for one year from such an appointment. He should also have obtained the higher qualification appropriate to his chosen specialty. The stipend will be within the approved range of salaries for Senior Registrars under the National Health Service. Applications for the award beginning in 1960 must be received before March 15, 1960, by the Director, the Nuffield Foundation, Nuffield Lodge, Regent's Park, N.W.1, from whom full particulars and application forms can be obtained.—L. Farrer-Brown, Director of the Nuffield Foundation. (8965)

THE UNIVERSITY OF MANCHESTER

Applications are invited for the following posts in the Department of Anatomy:

(a) LECTURER IN EXPERIMENTAL NEUROLOGY

Candidates preferably should be medically qualified with qualifications registrable in this country, and should possess a good knowledge of Neuro-Anatomy.

(b) TEMPORARY LECTURER OR ASSISTANT LECTURER IN ANATOMY

Candidates must possess medical qualifications registrable in this country. The tenure of this post to extend to September 30, 1961.

Good research facilities are available. Salary per annum on the following scales: (a) non-medical candidates, Lecturer, £900 to £1,650. (b) Medically qualified candidates, Lecturer, £1,300 to £2,000; Assistant Lecturer, £900 to £1,300. Membership of F.S.S.U. and Children's Allowance Scheme; initial salary according to qualifications and experience. Duties to commence as soon as possible. Applications should be sent not later than February 6, 1960, to the Registrar, The University, Manchester, 13, from whom further particulars and forms of application may be obtained. Overseas applicants should send letters of application in the first instance, giving full details of qualifications and experience, and should submit the names of at least three persons to whom reference may be made. (8431)

UNIVERSITY COLLEGE HOSPITAL MEDICAL SCHOOL**RESEARCH ASSISTANT**

with clinical experience, required to work in Metabolic Ward on problems of calcium metabolism. Salary, according to qualifications, in range £1,000 to £1,400. For one year in the first instance, beginning soon after March 16, 1960. Apply, within two weeks of this advertisement, to Professor C. E. Dent, M.D., University College Hospital Medical School, University Street, W.C.1. (8938)

UNIVERSITY OF GLASGOW**LECTURESHIP IN GYNAECOLOGICAL PATHOLOGY**

Applications are invited for a Lectureship in Gynaecological Pathology at the Western Infirmary. Salary according to placement on University scale for clinical teachers. The final maximum on this scale is £1,900 per annum. F.S.S.U. and family allowance benefits. Candidates should have had experience in clinical gynaecology. Applications (12 copies) should be lodged, not later than February 6, 1960, with the undersigned, from whom further particulars may be obtained.—Robt. T. Hutcheson, Secretary of University Court. (8813)

University and Research**Appointments, etc.—contd.****UNIVERSITY OF GLASGOW****MAURICE BLOCH MEDICAL RESEARCH FELLOWSHIP**

Applications are invited for the Maurice Bloch Medical Research Fellowship. The Fellowship is tenable in the field of virology, with particular reference to poliomyelitis. The Fellowship is open to all qualified research workers, preferably in the early 30 age group, who have given proof of their capacity for research. It will normally be tenable for three years, though tenure may be continued for up to two further years if the progress of the research programme should appear to justify that course. The value of the Fellowship is £1,200 per annum, rising by £100 per annum to £1,500 per annum, and the starting point in the scale will be fixed in accordance with qualifications and experience. The Research Fellow will have superannuation under F.S.S.U. Applications (12 copies) should be lodged, not later than February 6, 1960, with the undersigned. Testimonials are not required, but the names should be given of not more than three persons to whom reference may be made.—Robt. T. Hutcheson, Secretary of University Court. (8814)

UNIVERSITY OF LONDON**CHAIR OF DERMATOLOGY AT INSTITUTE OF DERMATOLOGY**

POSTGRADUATE MEDICAL EDUCATION
COMMITTEE

RECENT ADVANCES IN CLINICAL MEDICINE

An intensive course suitable for candidates preparing for the Fellowship Examination of the Royal Faculty of Physicians and Surgeons or the Membership Examinations of the Royal Colleges of Physicians will be held from March 14 to 25. The course has been designed to cover selected topics in clinical medicine. In general the forenoon will be occupied by short lectures, followed by questions, panel discussions, or clinico-pathological conferences. During the remainder of the day students will be given clinical instruction in small groups. Meetings will be held daily from 9.30 a.m. to 5 p.m. The fee for the course will be £15 15s. The number of students will be limited to 24. Further particulars and form of application can be obtained from the Convener of the Postgraduate Medical Education Committee, The University, Glasgow, W.2, or the Honorary Secretary, Royal Faculty of Physicians and Surgeons, 242, St. Vincent Street, Glasgow, C.2. (8816)

UNIVERSITY OF LONDON
INSTITUTE OF OBSTETRICS AND
GYNAECOLOGY

(Incorporating the teaching facilities of Queen Charlotte's Maternity Hospital; Chelsea Hospital for Women, and the Department of Obstetrics and Gynaecology at Hammersmith Hospital)

Applications are invited from graduates with a registrable qualification for enrolment for the Spring Term (February 29 to May 28, 1960). Graduates attend each of the constituent hospitals in turn for clinical work, and attend lectures and special demonstrations in all three hospitals. Enrolment fee £3. Tuition fee £36 a term. General Practitioners wishing further experience in Obstetrics may be accepted to attend the course at Queen Charlotte's Maternity Hospital for shorter periods—i.e. two to four weeks. They will have the opportunity of attending the Labour Ward in addition to combined classes of lectures and demonstrations at the three hospitals of the Institute. Ministry of Health grants are payable to approved General Practitioners attending for a period of one or two weeks. An Intensive Course for those preparing for M.D. and M.R.C.O.G. will be held from May 30 to June 13, 1960. During the Winter vacation, a limited number of graduates may attend the practice of the hospital. Hostel accommodation is available at Queen Charlotte's Hospital and at Hammersmith Hospital. Further particulars can be obtained from the Secretary, Institute of Obstetrics and Gynaecology, Chelsea Hospital for Women, Dovehouse Street, London, S.W.3. (8815)

Tancolin

the tangerine-flavoured
COUGH LINCTUS

Tancolin is specifically formulated for children between the ages of six months and twelve years. The pleasant tangerine flavour makes an immediate appeal even to the most unco-operative child patient.

Tancolin is freely prescribable on E.C.10 (Category 3/4). An ever-increasing demand indicates full acceptability as a treatment for the distressing cough associated with the Common Cold, Bronchospasm, Bronchitis and most Inflammatory and Catarrhal affections of the respiratory tract.
