

Here is an electrocardiograph—complete with all accessories!

## SIEMENS CARDIOMAT

It's Siemens CARDIOMAT—light, flat, measuring only 13 in. × 15 in. × 4 in., and easily portable. And yet the Cardiomat is fully automatic: simply select a button according to the examination required, and the reading is immediately visible on the recording paper.

- \* A.C. mains interference automatically eliminated.
- \* Traces permanently recorded by heated stylus on hard-layer paper.
- \* Recording paper replaced in seconds.
- \* Select any of the following leads: I, II, III, V, aVR, aVL, aVF.
- \* Full range of accessories.

Maghull, Nr. Liverpool.

When rest and tonic air are what the  
patient needs

## HASTINGS AND ST. LEONARDS

are what the doctor might order

Hastings is one of the nearest  
places to London that combines  
a mild climate with complete  
absence of smog, plus excellent  
hotels—and the peace and quiet a  
convalescent needs.

A patient can hardly fail to benefit  
by (literally) a 'breather' at  
Hastings. There is, on average, 400  
hours more sunshine a year than in

London. There are cleverly de-  
signed suntrap shelters on the  
Promenades. And there is a de-  
lightfully relaxed feeling about  
the whole town. As a spot for  
taking it easy, Hastings is hard  
to better.

A postcard to the P.R. 37 Bureau,  
Hastings, Sussex, will bring you  
more information.

*Lederle puts antibiotic therapy on a NEW high plane*

UNIQUE high ratio ACTIVITY

*the*  
**EXTRA SECURITY**

*of NEW*

**LEDERLE LABORATORIES** a division of CYANAMID OF GREAT BRITAIN LTD. London W.C.2

**LEDERMYCIN** Demethylchlortetracycline is an "extra active" high-ratio antibiotic derived from a strain of *Streptomyces aureofaciens* (the organism from which AUREOMYCIN †Chlortetracycline and ACHROMYCIN\* Tetracycline originate) but with properties which set it way above other tetracyclines. As well as exerting the unsurpassed broad-spectrum action of tetracycline, LEDERMYCIN Demethylchlortetracycline achieves far more intensive, far more prolonged activity, with far less antibiotic. Its markedly lower renal clearance rate, together with its higher stability, has the effect of prolonging its powerful antibacterial action for 24-48 hours after the drug is withdrawn.

**HIGHEST RATIO** of peak activity to daily intake of any known broad-spectrum antibiotic.

**HIGHEST RATIO** of sustained activity to dosage—giving "extra day" activity and protection against resurgence of primary infection or relapse with secondary invasion, after withdrawal.

**HIGHEST RATIO** of stability in body media to dosage bringing an even higher standard of consistency to the therapy.

Packing and basic N.H.S. cost: In a distinctive duo-tone dri-filled capsule. Capsules of 150 mg. Bottles of 16: £1.9s.0d., 100: £8.14s.2d. and 1,000: £84.2s.4d. Average adult dose: 1 capsule 4 times daily.

# the HIGH PEAK oral penicillin

**BROXIL** produces a greater concentration of antibiotic in the blood after oral administration than any other oral penicillin. It produces blood level peaks two to three times as high as those following oral potassium penicillin V, and at least equal to those following intramuscular injections of penicillin G.

**BROXIL** has an antibiotic spectrum similar to other forms of penicillin.

**BROXIL** is the first of the new antibiotics prepared from the penicillin "nucleus" — 6-aminopenicillanic acid — isolated in the Beecham Research Laboratories.

## must it be an antibiotic?

Recent literature stresses the dangers inherent in the widespread and sometimes indiscriminate use of antibiotics, and emphasises the continuing value of sulphonamide therapy. Many organisms resistant to antibiotics still retain their sensitivity to sulphonamides. 'CREMOTRESAMIDE' is a microfine suspension of three well-known sulphonamides. Its delightful flavour ensures its ready acceptance by children—an important asset in General Practice.

Dosage: Adults—6 to 8 teaspoonfuls initially, followed by 2 teaspoonfuls every six hours.

Children—Depending on weight, 1½ to 8 teaspoonfuls daily in divided doses.

The United Kingdom N.H.S. basic cost is 1s. 3d. per fl.oz.

# running noses

## The *New* concept for relief of the common cold

*Relief in minutes—lasts for hours*

An orally administered decongestant has much better distribution to the mucous membranes of the respiratory tract than nasal sprays, drops and inhalants, and this "affords opportunity for shrinkage in areas that could not be approached by sprays, drops or actual topical application."

'TRIOMINIC' "dries" and decongests nasal passages, combats allergic symptoms—with little likelihood of rebound congestion or pathological changes in the nasal mucosa, and without risk of local overtreatment or "nose drop addiction." Especially valuable for night-time cough caused by postnasal drip.

## Deep skin penetration in Arthritis and Rheumatism

NICOTINIC, SALICYLIC AND  
p-AMINO BENZOIC ACIDS in Ester form

IN CASES of soft-tissue rheumatism, and arthritic disorders, many doctors are tending more and more to regard Transvasin as an indispensable adjuvant to treatment.

For Transvasin is composed of the esters of nicotinic, salicylic and p-aminobenzoic acids. These esters readily pass the skin barrier in therapeutic quantities, and so enable an effective concentration of drugs to be built up where they are needed.\*

Transvasin not only induces vasodilation of the skin with a superficial erythema, but also brings about a deep hyperaemia of the underlying tissues. It is non-irritant and can be safely used on delicate skins.

It is now being widely prescribed, with successful clinical results. Since a very small quantity is sufficient for each application, the cost of treatment is extremely low.

an improved

antacid preparation

'ALMACARB' tablets are prepared from an aluminium hydroxide-magnesium carbonate co-dried gel manufactured by an entirely new process (Brit. Pat. 812503). The result is a product of exceptional stability with a more rapid and prolonged acid-neutralising action than that of dried aluminium hydroxide gel either alone or in mechanical admixture with magnesium carbonate. 'ALMACARB' tablets sucked at regular intervals will ensure effective control of gastric acidity. Used in this way they are preferable to liquid antacids both for effectiveness and convenience. 'ALMACARB' tablets are unique because there is no loss of neutralising action either on processing or tableting.

#### DOSAGE

One tablet to be chewed as an initial dose and thereafter one tablet to be sucked slowly at regular intervals.

#### PACK

Individually foil wrapped tablets.

**FOR SUPPRESSION OF**

# severe cough

**'PHYSEPTONE' LINCTUS** has a direct suppressive action on the cough reflex. It is especially valuable in such conditions as bronchiectasis, pertussis, post-influenzal tracheitis, chronic passive pulmonary congestion, pulmonary tuberculosis, and other conditions requiring a powerful cough suppressant.

**'PHYSEPTONE' LINCTUS** is not constipating, and seldom causes other side-reactions. Although subject to D.D.A., the Linctus in therapeutic doses carries negligible risk of addiction since only a small amount of the drug is contained in such doses.

**'PHYSEPTONE' LINCTUS** contains 2 mgm. of methadone hydrochloride in each fluid drachm (the recommended adult dose). For children it should be diluted with simple syrup in the proportion of one part linctus and seven parts syrup—one to two teaspoonfuls (0.25—0.5 mgm.) of this *diluted* linctus to be given according to the age of the child.

**W. & A. LONDON**

# Safety *with efficiency* in antiseptics

Long and comprehensive experience has fully demonstrated the value of Dettol in general practice, obstetrics and surgery.

**It is well-tolerated on the skin and tissues in high concentrations.**

**It is an efficient bactericide :—**

Dettol will destroy the following organisms in 10 minutes at 20 degrees C. in the dilutions given:—

|                     |       |       |       |          |
|---------------------|-------|-------|-------|----------|
| Staph. aureus:      | ..... | ..... | ..... | 1 in 200 |
| S. typhi:           | ..... | ..... | ..... | 1 in 350 |
| Strept. pyogenes:   | ..... | ..... | ..... | 1 in 500 |
| Bact. coli:         | ..... | ..... | ..... | 1 in 250 |
| Ps. pyocyanea:      | ..... | ..... | ..... | 1 in 40  |
| Myco. tuberculosis: | ..... | ..... | ..... | 1 in 200 |
| Sh. shigae:         | ..... | ..... | ..... | 1 in 400 |

Different strains can vary widely in resistance, but the figures quoted are representative.

**Dettol efficiency is well maintained in the presence of organic material.**

A dilution of 1 in 50 will kill Staph. aureus in the presence of 25% blood in 5 minutes.

**It is compatible with soap.**

“Unlike the other antiseptics, Dettol appeared to have its activity increased by the presence of soap, and against Staph. pyogenes the effect was one of true synergism.” (British Medical Journal, 28th July, 1956.)

**It is non-poisonous.**

**It does not stain linen, etc.**

**It is stable in solution.**

*Surgical Dettol, Orange, Blue or colourless — For pre-operative skin preparations.*

*Dettol Antiseptic Cream — For obstetrics and prevention of cross-infection.*

*Instrument Dettol—For instrument disinfection.*

RECKITT & SONS LIMITED · PHARMACEUTICAL DEPARTMENT · HULL

# MELSE DIN

produces  
natural  
sleep

MELSE DIN—methaqualone hydrochloride—is a new non-barbiturate hypnotic which produces *natural* sleep and is often effective where other hypnotics have failed. Melsedin is of low toxicity, quick-acting—within 15-30 minutes—and its effect lasts for 6-8 hours. Side-effects are negligible; rapid excretion obviates cumulative effects, and neither tolerance nor addiction has been demonstrated in Melsedin therapy.

Melsedin is an entirely new product chemically unrelated to all other hypnotics. It is the ideal alternative to barbiturates in the treatment of insomnia.

**DOSEAGE:** A dose of 150 mg. 15-30 minutes before retiring will usually be sufficient. In some cases, a dose of 300 mg. may be necessary at first, reducing later as the condition responds.

● **FREE FROM THE  
DISADVANTAGES OF  
BARBITURATES**

● **NON-HABIT-FORMING**

Melsedin is supplied in tablets of 150 mg.

## “Why don’t you see the doctor about that cough?”

**W**HEN coughing interferes with sleep, ‘Thorpax’ Syrup can be relied upon to reduce the frequency and severity of attacks. A single dose gives rapid relief and remains effective overnight, so permitting uninterrupted sleep. Its moderate local anaesthetic action will alleviate sore throat or “pharyngeal tickle”, and its mild spasmolytic effect helps to protect against bronchospasm. ‘Thorpax’ is non-narcotic

and contains no codeine. It does not cause respiratory depression, gastric disturbances or constipation and can be given safely over long periods.

### **Thorpax** SYRUP

Contains ‘Nilergex’ (isothipendyl hydrochloride) 0.036% dimethoxanate hydrochloride 0.71%.

In 3 fl. oz. bottles.

Basic N.H.S. cost, 2/8d.

Dispensing pack of 40 fl. oz. also available.

# Drug costs can be reduced

We can prove it. Given the widespread and continued acceptance of products such as Equanil and S-M-A, we can institute economies in production. Economies in production mean reduced costs. And it has always been the Wyeth policy to pass on these benefits in the form of lower prices whenever possible.

*As from the 1st February, 1960,

What a difference Cytacón (oral Vitamin B<sub>12</sub>) can make to children's appetite. Mealtimes become a pleasure. Listless children liven up and those underweight are encouraged to eat all the extra food they need.

Vitamin B<sub>12</sub> is an essential nutritional factor. Although simple growth failure is unlikely to be due to any one cause, B<sub>12</sub> may well provide more suitable conditions for optimal growth in children.

The stimulating effect which Cytacón appears to have on the appetite leads to weight gains, and a general feeling of well-being. This then, is why Cytacón so often earns a mother's smile and the 'clinical report' "Always a clean plate now, Doctor".

# NULACIN "has revolutionized the treatment of duodenal ulcer"

*"This new method of the administration of antacids (Nulacin) has revolutionized the treatment of duodenal ulcer... milk drip is no longer part of our therapeutic stock in trade."*

PROC. ROY. SOC. MED., December, 1958, 51, 1063

**N**ULACIN tablets, when allowed to dissolve slowly in the mouth, provide intragastric milk-alkali drip therapy safely and effectively for both the bed-ridden and ambulant patient. They may be relied on to provide a treatment for peptic ulcer as well as other conditions associated with gastric hyperacidity.

The safety and effectiveness of Nulacin therapy has been proven by "in vivo" clinical work carried out in many countries. References to this work include:—

Current Status of the Medical Treatment of Peptic Ulcer, *Med. Times*, January, 1958, 1, 74

# Rapid relief this winter for CHILBLAINS & COUGHS

## ADAPRIN

### Tablets for Chilblains

Among predisposing factors to chilblains are assumed to be defective peripheral circulation and diminished coagulability of the blood.

Each Adaprin tablet contains nicotinamide (50 mg.) and acetomenaphthone (10 mg.) as the logical drugs to counteract these defects. Nicotinamide is preferred to nicotinic acid because of the unpleasant symptoms of rapid vasodilatation associated with the latter compound. Adaprin is non-toxic and may safely be given to children and adults for long periods for prevention. Relief from existing chilblains may be expected in a few days. In containers of 25, 100 and 500 tablets.

## PAVACOL

### Syrup & Pastilles for Coughs

**Pavacol Syrup.** In the improved formula, each 100 ml. contains: Papaverine hydrochloride, 0.02 g. Pholcodine, 0.1 g. B.P.C. Balsam of Tolu, 0.045 g. Oil of clove, 0.02 g. Tincture of ginger, 0.10 ml. Oil of aniseed, 0.007 g. Tincture of capsicum, 0.40 ml. Oil of peppermint, 0.02 g. Glycerine, 10.00 ml. Alcohol, 1.10 ml. Chloroform, 0.25 ml. Theriaca, 45.00 g. Papaverine relaxes the bronchi by direct action. Pholcodine—the new ingredient—is a central cough suppressant, as effective as heroin (diamorphine) but with none of its disadvantages, and much less toxic even than codeine. In bottles of 4, 16 and 80 ounces. Pavacol Diabetic Syrup also available.

**Pavacol Pastilles**—contain the powerful, wide-range, quaternary ammonium antiseptic, Octaphen, together with the antitussive compounds, papaverine and codeine, and the demulcents and volatile oils present in Pavacol Syrup. For the prophylaxis and treatment of bacterial and fungal infections of the mouth and throat—and for symptomatic treatment of cough. In tins of 24 pastilles.

## APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose (unless otherwise specified) one copy each of 3 recent testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

House Officers should submit a separate application for each post for which they apply.

Canvassing of members of the Board or Advisory Appointments Committee will lead to disqualification (Statutory Instrument 1950, No. 1259, N.H.S.).

*\*SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.*

A fully registered medical practitioner who is liable for National Service must obtain deferment of recruitment in writing from the Central Medical Recruitment Committee or (in Scotland) the Scottish Central Medical Recruitment Committee before accepting any civilian appointment.

The position of provisionally registered medical practitioners who are liable for National Service has been made clear in a notice sent to them by the Ministry of Labour and National Service.

### SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

#### Registrar Grades, Whole-time

(a) **REGISTRAR**: Posts obtained normally not less than two years after registration as a medical practitioner and held normally for two years: £972 8s. per annum in the first year; £1,103 19s. per annum in the second and any subsequent years. If the post is resident a deduction of £170 per annum is made.

(b) **SENIOR REGISTRAR**: Posts obtained normally not less than four years after registration as a medical practitioner and held normally for four years: £1,258 8s. per annum in the first year; £1,372 16s. per annum in the second year; £1,487 4s. per annum in the third year; £1,601 12s. per annum in any subsequent years. If the post is resident a deduction of £200 per annum is made.

#### Other Grades, Whole-time

##### (a) HOUSE OFFICERS:

(i) **Provisionally registered medical practitioners**: £486 4s. per annum for the first post held; £543 8s. per annum for the second and all subsequent posts held; provided that the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that the remuneration of any officer holding his first post in the National Health Service as a House Officer shall be £543 8s. per annum if they are satisfied that the officer has held at least one hospital post outside, of not less than six months' duration, involving clinical responsibilities equivalent to those of house posts in the National Health Service and supervised by appropriate specialist staff.

(ii) **Fully registered medical practitioners**: £600 12s. per annum for any post held; provided that in exceptional circumstances, subject to the consent of the Minister, this rate may be exceeded by up to £50 per annum where a post cannot be filled otherwise.

In each case under sub-sections (i) and (ii) above, a deduction of £125 per annum in respect of board and lodging and other services provided shall be made and each post shall be tenable for six months.

(b) **SENIOR HOUSE OFFICER**: Posts obtained by fully registered medical practitioners, and held normally for one year only: £852 6s. per annum. If the post is resident a deduction of £150 per annum is made.

(c) **JUNIOR HOSPITAL MEDICAL OFFICER**: Officers who have held house appointments but who are neither Senior House Officers nor in one of the registrar grades, who have less responsibility than other hospital officers of non-consultant status, and who have been appointed for a limited or an indefinite period, not less than one year after full registration as a medical practitioner: £886 12s. by £57 4s. to £1,229 16s. per annum. If the post is resident a deduction of £170 per annum is made.

**ALL NATIONAL HEALTH SERVICE HOSPITAL APPOINTMENTS ARE IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF SERVICE OF HOSPITAL MEDICAL STAFF** (20/11/59)

**NORTHERN IRELAND HOSPITALS AUTHORITY****MEDICAL****SPECIAL MENTAL HEALTH APPOINTMENTS**

The Authority invite applications for posts in the Hospital Service which will include the provision of services in the Department of Mental Health, Belfast City Hospital, and at other Mental Health Units. The posts will provide for not only the carrying out of duties in the several units, but also a carefully planned scheme of training of the holders in the several aspects of mental health work as set out in the next paragraph. The Department of Mental Health of the Queen's University of Belfast will organize and supervise the training arrangements. A postgraduate training programme extending over a period of 2½ years has been approved for those intending to take up psychiatry as a specialty. The programme includes further postgraduate experience in general medicine and allied services. In addition to having preliminary training in adult psychiatry, holders of the posts will have an opportunity to gain experience in child guidance and Special Care Service work. Posts normally will be in the grade of Senior House Officer (salary £852 6s. per annum), but in exceptional circumstances a higher grade may be approved. The point of entry of successful candidates will depend upon their previous experience. A form of application, together with further particulars of the posts, may be obtained from the Secretary, Northern Ireland Hospitals Authority, 27, Adelaide Street, Belfast, 2. The closing date for receipt of applications will be February 10, 1960. (9545)

**SALOP COUNTY COUNCIL****ASSISTANT MEDICAL OFFICER**

Applications invited from registered medical practitioners for above whole-time supernumerary position. Duties mainly in child welfare and school health services; and experience in dental anaesthetics for school children will be an acceptable qualification. Salary scale £1,150 by annual increments of £60 to £1,510 and thence by increments of £65 to £1,640 per annum (commencing salary depending on experience), plus a car allowance in accordance with Council's scale. Separation allowance also payable for a limited period in appropriate cases. Successful candidate will be required to pass medical examination. Form of application and copy of conditions of service obtainable from undersigned, to whom applications, together with copies of three recent testimonials, or names of three referees, should be submitted not later than February 20, 1960.—T. S. Hall, County Medical Officer of Health, County Health Office, College Hill, Shrewsbury. (9386)

**TYRONE COUNTY HEALTH COMMITTEE**

Applications are invited from qualified candidates for the post of

**ASSISTANT COUNTY MEDICAL OFFICER**

Applicants must be registered medical practitioners and hold a Diploma in Sanitary Science, Public Health or State Medicine. Salary will be within the range £1,150 by £60 to £1,510 by £65 to £1,640 per annum. Other things being equal, preference will be given to ex-Service candidates. Canvassing in any form will be a disqualification. Forms of application and conditions of appointment may be obtained from the Secretary, County Health Office, Omagh, with whom completed applications must be lodged not later than February 11, 1960. (9660)

**SOMERSET COUNTY COUNCIL****ASSISTANT COUNTY MEDICAL OFFICER OF  
HEALTH**

Applications (men or women) are invited for the above appointment. The salary is £1,150, rising by £60 to £1,510, by £65 to £1,640 per annum, but in fixing the commencing salary the Council will have regard to previous experience. Possession of the D.P.H. or D.C.H. would be an advantage. The duties will be mainly concerned with the services of school medical inspection, and maternity and child welfare. Possession of a motor car is essential. Travelling allowance will be paid in accordance with the county scale. The post is superannuable and subject to a satisfactory medical examination. Applications should be made forthwith, on forms to be obtained from the undersigned.—J. F. Davidson, County Medical Officer of Health. (9387)

**WORCESTERSHIRE****DEPUTY COUNTY AND DEPUTY PRINCIPAL  
SCHOOL MEDICAL OFFICER**

Salary £2,045 per annum, rising by three annual increments of £90 to £2,315 per annum. Application forms, with full details of the appointment, which may be obtained from the County Medical Officer, County Health Department, Love's Grove, Castle Street, Worcester, must be returned to him by February 8, 1960.—W. R. Scurfield, Clerk of the County Council (V.101), Shire Hall, Worcester. (9153)

**UNIVERSITY AND RESEARCH****APPOINTMENTS, etc.****BEIT MEMORIAL FELLOWSHIPS FOR MEDICAL RESEARCH**

Notice is hereby given that an election of Junior Fellows to begin work on October 1 next will take place in May, 1960. Junior Fellowships have successive annual values of £900, £950, and £1,000 for three years. As a rule, superannuation benefits are provided, to which the successful candidates will be required to contribute 5% of the annual stipend and to which the Trust will make a contribution of 10%. Candidates must have taken a degree in a faculty of a university approved by the Trustees in Her Majesty's Dominions, Protectorates and Mandated Territories, India, Pakistan and the Republic of Ireland, or a medical diploma registrable in the United Kingdom. Elections to Junior Fellowships are rarely made above the age of 35 years. Applications from candidates must be received not later than April 1. Candidates must submit evidence that they can be given accommodation in the departments where they propose to work, which must be either in Great Britain or Ireland. Forms of application and all information may be obtained by letter only, addressed to Sir Roy Cameron, F.R.S., Beit Memorial Fellowships for Medical Research, University College Hospital Medical School, University Street, London, W.C.1. For overseas candidates forms of application may be obtained from the Secretary, South African Medical Council, P.O. Box 205, Pretoria, South Africa; the Ministry of Health, the Government of India, New Delhi, India; the Government of East Pakistan, Eden Buildings, Ramna, Dacca, East Pakistan; the Director, Commonwealth Office of Education, Box 3879, Sydney, Australia; the Department of Health, Wellington, New Zealand; and the Canadian Medical Association, 244, St. George Street, Toronto, Canada. (6415)

**GUYS' HOSPITAL MEDICAL SCHOOL**

London Bridge, S.E.1

Applications are invited for a **FULL-TIME RESEARCH FELLOWSHIP** in the Thoracic Surgical Unit for research on cardiovascular problems. It is desirable that applicants should possess a higher qualification in surgery. Initial salary normally within the range £972 to £1,258 per annum, according to the experience and qualifications of the person appointed, but in special circumstances a higher initial salary would be considered. Applications, with the names of three referees, should be sent to the Dean as soon as possible. (9703)

**NUTRITIONAL RESEARCH UNIT**

Huntingdon

Applications are invited for a Senior Research post, the duties of which will include original investigations together with responsibility to the Director for co-ordination of the various programmes in the fields of toxicology, pharmacology and nutrition (human and animal) conducted in this independent laboratory. A medical or veterinary qualification is desirable but not essential. A vacancy exists also for a graduate or senior technician to participate in one or more of these research programmes. Both posts will carry superannuation and the salaries will be commensurate with the experience, qualifications and age of the successful applicants. In the event of the successful applicant holding a medical qualification, the minimum salary will be £1,750.—Eric S. Winchard, Administrative Officer. (9715)

**THE NUFFIELD FOUNDATION  
NUFFIELD INSTITUTE FOR MEDICAL RESEARCH****RESEARCH FELLOWSHIPS**

The Nuffield Foundation, as an experiment, is prepared to offer one Research Fellowship annually in each of the three years 1958, 1959, and 1960, tenable at the Nuffield Institute for Medical Research at Oxford, to enable a suitably qualified person who intends to follow an academic career in obstetrics or paediatrics in the United Kingdom to concentrate for a year on animal experiments directly related to basic physiology or pharmacology in the foetus or the newborn. Each Fellowship will be tenable for one year and is limited to a graduate in medicine of a university within the British Commonwealth, who should either have completed an appointment as Registrar (or its equivalent) in an approved department of obstetrics or paediatrics, or be seconded for one year from such an appointment. He should also have obtained the higher qualification appropriate to his chosen speciality. The stipend will be within the approved range of salaries for Senior Registrars under the National Health Service. Applications for the award beginning in 1960 must be received before March 15, 1960, by the Director, the Nuffield Foundation, Nuffield Lodge, Regent's Park, N.W.1, from whom full particulars and application forms can be obtained.—L. Farrer-Brown, Director of the Nuffield Foundation. (9695)

**THE UNIVERSITY OF MANCHESTER**

Applications are invited for the following posts in the Department of Anatomy:

**(a) LECTURER IN EXPERIMENTAL NEUROLOGY**

Candidates preferably should be medically qualified (with qualifications registrable in this country), and should possess a good knowledge of Neuro-Anatomy.

**(b) TEMPORARY LECTURER OR ASSISTANT LECTURER IN ANATOMY**

Candidates must possess medical qualifications registrable in this country. The tenure of this post to extend to September 30, 1961.

Good research facilities are available. Salary per annum on the following scales: (a) non-medical candidates, Lecturer, £900 to £1,650. (b) Medically qualified candidates, Lecturer, £1,300 to £2,000; Assistant Lecturer, £900 to £1,300. Membership of F.S.S.U. and Children's Allowance Scheme: initial salary according to qualifications and experience. Duties to commence as soon as possible. Applications should be sent not later than February 6, 1960, to the Registrar, The University, Manchester, 13, from whom further particulars and forms of application may be obtained. Overseas applicants should send letters of application in the first instance, giving full details of qualifications and experience, and should submit the names of at least three persons to whom reference may be made. (8431)

**UNIVERSITY OF ABERDEEN**

Applications are invited for an **I.C.I. RESEARCH FELLOWSHIP** in Biochemistry, Chemistry, Engineering, Pharmacology, or Physics or related subjects.

Appointment from October 1, 1960, or earlier. Salary in range extending to £1,000 per annum, with placing according to qualifications and experience. F.S.S.U. and child allowance. Conditions of appointment and forms of application should be obtained from the Secretary, The University, Aberdeen, with whom applications (10 copies) should be lodged by March 12, 1960. Applicants outside the British Isles may submit one copy of application. (9591)

**UNIVERSITY OF GLASGOW****LECTURESHIP IN SURGERY**

at Royal Infirmary

Applications are invited for a Lectureship in Surgery at the Royal Infirmary. Salary according to placement on University scale for clinical teachers. The final maximum is £1,900 per annum. F.S.S.U. and family allowance benefits. Applications (12 copies) should be lodged, not later than February 20, 1960, with the undersigned, from whom further particulars may be obtained.—Robt. T. Hutcheson, Secretary of University Court. (9546)

Institution, 17, Red Lion Square, London, W.C.1.  
Phone HOLborn 6313.

**ROYAL COLLEGE OF PHYSICIANS  
OF LONDON**

The next Examination for the Membership will  
commence on Monday, March 21, 1960. Prospective  
candidates are asked to note that entries, accom-  
panied by the certificates, testimonials, and the  
examination fee of 15 guineas as required by the  
Bye-laws, must reach the College not later than  
first post on Monday, February 22, 1960. Candi-  
dates must have been qualified for 18 months. Candi-  
dates who propose to submit published work  
under the regulations are required to give 28 days'  
notice, and should apply in writing to the Registrar,  
without delay, for detailed instructions as to the  
procedure they should follow. Completed entries  
for published work must also reach the College  
not later than first post on Monday, February 22,  
1960.—Harold Boldero, D.M., Registrar, 12, Pall  
Mall East, London, S.W.1. (9716)

**THE UNIVERSITY OF SHEFFIELD**

A course in Dermatology for general practi-  
tioners will be held from Monday to Friday, April  
4 to 8, at the Rupert Hallam Department of  
Dermatology, Sheffield Royal Infirmary. The course  
will have special reference to common skin ail-  
ments encountered in general practice. The fee is  
5 guineas, and accommodation at one of the  
University's Halls of Residence will probably be  
available at a moderate additional charge. N.H.S.  
practitioners are (subject to certain conditions)  
eligible to have the course fee paid on their behalf  
and to receive also certain allowances (travelling  
expenses, subsistence, locum fees). As the number  
who can be accepted is limited, enquiries and ap-  
plications (stating whether or not the latter are  
made under the scheme for N.H.S. practitioners,  
and whether residential accommodation is desired),  
should be addressed as soon as possible to the  
Dean of the Faculty of Medicine, the University,  
Sheffield, 10. (9211)

**UNIVERSITY OF LONDON**

A lecture entitled "Experimental Demyelinating  
Diseases and their Implications in Neurological  
Diseases of Man" will be delivered by Professor  
H. Petie (Hamburg) at 5.30 p.m., on February 5

Voluntary patients who are suffering from incipient mental disorders or who wish to prevent recurrent attacks of mental trouble, temporary patients and certified patients of both sexes are received for treatment. Careful clinical, biochemical, bacteriological and pathological examinations. Private rooms with special nurses, male or female, in hospital or in one of the numerous villas in grounds of the various branches can be provided. MOULTON PARK.—Two miles from the main hospital there are several branch establishments and villas situated in a park and farm of 650 acres. Milk, meat, fruit and vegetables are supplied to the hospital from the farm, gardens and orchards of Moulton Park. Occupational therapy is a feature of this branch and patients are given every facility for occupying themselves in farming, gardening and fruit-growing.

WANTAGE HOUSE.—This is a reception hospital in detached grounds, with a separate entrance to which patients can be admitted. It is equipped with all the apparatus for the complete investigation and treatment of Mental and Nervous Disorders by the most modern methods; insulin treatment is available for suitable cases. There is an Operating Theatre, a Dental Surgery, an X-ray Room, an Ultra-Violet Apparatus, and a Department of Diathermy and high-frequency treatment. It also contains laboratories for biochemical, bacteriological and pathological research. Psychotherapeutic treatment is employed when indicated.

BRYN-Y-NEUADD HALL.—The seaside house of St. Andrew's Hospital is beautifully situated in a park of 330 acres at Llanfairfechan amidst the finest scenery in North Wales. On the North-West side of the estate a mile of sea-coast forms the boundary. Patients may visit this branch for a short seaside change or for longer periods. The hospital has its own private bathing house on the seashore. There is trout-fishing in the park. At all the branches of the hospital there are cricket grounds, football and hockey grounds, lawn tennis courts (grass and hard courts), croquet grounds, golf courses and bowling greens. Ladies and gentlemen have their own gardens, and facilities are provided for handicrafts such as carpentry, etc. For terms and further particulars apply to the Medical Superintendent (Telephone No.: Northampton 34354 (3 lines)), who can be seen in London by appointment.

## MEDICAL PRACTICES ADVISORY BUREAU

### APPOINTMENTS INFORMATION SERVICE

Doctors seeking information about openings in the various fields of medical practice, or introductions as locums, assistants or partners, are invited to address inquiries to the Medical Director, Medical Practices Advisory Bureau, at:

B.M.A. House, Tavistock Square, London, W.C.1. Telephone number: Euston 5601/2.  
33, Cross Street, Manchester. Telephone number: Deansgate 3691.

7, Drumheugh Gardens, Edinburgh, 3. Telephone number: Caledonian 7184.

9, Lynedoch Crescent, Glasgow, C.3. Telephone number: Douglas 1862.

The services of the Medical Practices Advisory Bureau are free to members of the Association (except in the case of some vacancies overseas).

### AGENTS

## PERCIVAL TURNER, LTD.

MEDICAL AGENCY (Est. 75 years)  
25, Malacca Lane, Strand, W.C.2. Telephone: TEMple Bar 9011. Night: Walton-on-Thames 21785.

## New approach to PSORIASIS

*Hitherto intractable—now good response to alphosyl*

**T**HOUGH modern medicaments have brought almost dramatic relief to many forms of skin affection, Psoriasis has so far remained intractable. Its aetiology continues to baffle investigation: many forms of tried therapy have yielded only partial or temporary results.

Now ALPHOSYL—after extensive clinical trials—shows promise of bringing total clearances in many cases of Psoriasis.

In ALPHOSYL, for the first time, are presented in combination two powerful and proved agents: allantoin and a specially refined coal tar extract. The synergistic effects of these medicaments result in rapid clearance of the condition itself and positive stimulation of the healing processes.

**ALPHOSYL LOTION combines these two valuable agents in one preparation and has yielded good clinical results where other medications have failed.**

### Clinical Properties

#### ALPHOSYL LOTION

*relieves the condition and promotes healing* by breaking up the horny layer of psoriatic skin, removing non-viable tissue and combating both the scaling and underlying erythema and induration.

**has produced successful results** in cases of psoriasis when the whole of the body has been affected from scalp to toe, in cases of many years' duration or when tender areas such as the anogenital and sub-mammary regions are affected.

**is notably safe to use.** The potential hazards of other forms of treatment—arsenic, mercury, corticosteroids, X-rays—are avoided. No irritation has been observed in any case of psoriasis treated with ALPHOSYL, even those involving tender regions.

**does not produce tolerance.** Patients continue to benefit from prolonged therapeutic or maintenance applications.

**is a welcome advance cosmetically**, as it is pleasant to use, non-greasy, non-staining, and vanishes on application to the skin. It may be used freely on the scalp, and is ideal for day or night use.

The impressive successes obtained with ALPHOSYL indicate that it deserves a trial in all cases of Psoriasis—no matter how extensive the area of affection, how long the duration of the condition, or whatever the therapy previously used.
