1850-1960  LONDON

A DIFFERENT TREE

A DIFFERENT TARGET

A DIFFERENT AIM

A DIFFERENT CARTRIDGE

The tree

The pulmonary tree, from the main bronchi to the respiratory bronchioles.

The target

Specific zones of the respiratory tract.

The aim

Topical administration of known drugs.

The cartridge

A container for drugs in which at least 80% by weight of the particles are within the optimum range of 2 to 6 μ —to ensure their even penetration to the sites of the disease.

A major advance

A significant pharmaceutical achievement by Bengel Laboratories now makes possible the topical application of drugs throughout the respiratory tree. The first drugs to be applied in this way are isoprenaline sulphate B.P., a proven bronchodilator (LOMUPREN); and pure chymotrypsin, a safe and effective mucolytic (LOMUDASE).

The therapeutic effect

When Lomupren or Lomudase, in this unique powder form, reaches the site of the disease process it is deposited on the surface moisture covering the mucous membrane. The particles dissolve instantly on contact. The solution so formed exerts a direct, immediate and powerful therapeutic effect. Thus with Lomupren, maximal bronchodilation is obtained with the minute dose of only 0.1 mg. isoprenaline—1/200th the normal sublingual dose—and systemic concentrations at which the usual side-effects might occur are avoided.

Application

One of the obvious applications of these drugs is in chronic bronchitis where bronchospasm and retained viscid mucoid sputum are predominant features. Self administration has been made possible by an ingenious pocket disperser, the Lomulizer. When the cartridge is placed in the Lomulizer a suitable inspiratory effort ensures that the drug penetrates in a predetermined dose throughout the respiratory tract.

The Lomu range:

running noses

The *New* concept for relief of the common cold

Relief in minutes—lasts for hours

An orally administered decongestant has much better distribution to the mucous membranes of the respiratory tract than nasal sprays, drops and inhalants, and this "affords opportunity for shrinkage in areas that could not be approached by sprays, drops or actual topical applications."

'TRIOMINIC' "dries" and decongests nasal passages, combats allergic symptoms—with little likelihood of rebound congestion or pathological changes in the nasal mucosa, and without risk of local overtreatment or "nose drop addiction." Especially valuable for night-time cough caused by postnasal drip.

Arch. Otolaryng., 1954 59.

DROXALIN

ACID ADSORBENT

*Palatability—plus remarkable
initial speed of action*

As a consequence of the wide and successful prescribing of DROXALIN TABLETS in gastric ulcer, hyperacidity and sickness of pregnancy, a demand arose for a liquid version of the DROXALIN formula.

Introduced in 1958 as DROXALIN GEL this liquid formulation already has made a high reputation and is now widely prescribed.

DROXALIN GEL is remarkable in its initial speed of action. Over the first two minutes, it is as much

as three times as effective as the most prescribed acid adsorbents—Aluminium-Hydroxide or a well prescribed mixture of Magnesium Trisilicate and Aluminium Hydroxide.

This initial speed of action is a potent factor in the management of gastric pain.

DROXALIN produces no acid rebound or other harmful side effects. The well known palatability of DROXALIN tablets is maintained in the Gel.

Lederle puts antibiotic therapy on a NEW high plane

UNIQUE *high* ratio ACTIVITY

the
EXTRA SECURITY
of NEW

LEDERLE LABORATORIES a division of CYANAMID OF GREAT BRITAIN LTD. London W.C.2

LEDERMYCIN Demethylchlortetracycline is an "extra active" high-ratio antibiotic derived from a strain of *Streptomyces aureofaciens* (the organism from which **AUREOMYCIN**†Chlortetracycline and **ACHROMYCIN***Tetracycline originate) but with properties which set it way above other tetracyclines. As well as exerting the unsurpassed broad-spectrum action of tetracycline, **LEDERMYCIN** Demethylchlortetracycline achieves far more intensive, far more prolonged activity, with far less antibiotic. Its markedly lower renal clearance rate, together with its higher stability, has the effect of prolonging its powerful antibacterial action for 24-48 hours after the drug is withdrawn.

HIGHEST RATIO of peak activity to daily intake of any known broad-spectrum antibiotic.

HIGHEST RATIO of sustained activity to dosage—giving "extra day" activity and protection against resurgence of primary infection or relapse with secondary invasion, after withdrawal.

HIGHEST RATIO of stability in body media to dosage bringing an even higher standard of consistency to the therapy.

Packing and basic N.H.S. cost: In a distinctive duo-tone dry-filled capsule. Capsules of 150 mg. Bottles of 16: £1 9s. 0d., 100: £8 14s. 2d. and 1,000: £84 2s. 4d. Average adult dose: 1 capsule 4 times daily.

Tofranil® Geigy Thymoleptic
A major
breakthrough in
the treatment
of depression

Thymoleptic

The mode of action of Tofranil differs from that of all previous drugs used in the treatment of depression. To describe the specific action that Tofranil exerts on the depressive syndrome a new classification has been introduced—**thymoleptic** or "mood-regulating" drugs. Tofranil is neither a stimulant nor a tranquillizer but modifies the basic processes of the depressive illness.

Tofranil

Tofranil, the first thymoleptic, is the result of many years experimental research and clinical investigation. Tofranil is capable of replacing E.C.T., affording a basic advantage for the "intellectual" patient where possible loss of memory or confusion would be particularly undesirable.¹

Melancholia

Tofranil is specific for endogenous depression; reactive depression, and depression associated with other psychiatric states have also shown a high degree of therapeutic response. The main features of the depressive syndrome are characterized by: Tiredness; Heaviness of the limbs; Feeling of oppression; Retardation; Inhibition; all these features together being worse in the morning and slightly better at night.

Clinical results

In this country clinical evaluation of Tofranil and widespread practical experience resulting from the treatment of over 100,000 individual diagnosed depressive patients have confirmed the 60–70% success rate reported by earlier workers. A controlled trial¹ found Tofranil to be therapeutically effective in 74% of patients suffering from endogenous depression and in 59% of patients with reactive depression.

BURROUGHS WELLCOME & CO. (THE WELLCOME FOUNDATION LTD.) LONDON

an improved

antacid preparation

'ALMACARB' tablets are prepared from an aluminium hydroxide-magnesium carbonate co-dried gel manufactured by an entirely new process (Brit. Pat. 812503). The result is a product of exceptional stability with a more rapid and prolonged acid-neutralising action than that of dried aluminium hydroxide gel either alone or in mechanical admixture with magnesium carbonate. 'ALMACARB' tablets sucked at regular intervals will ensure effective control of gastric acidity. Used in this way they are preferable to liquid antacids both for effectiveness and convenience. 'ALMACARB' tablets are unique because there is no loss of neutralising action either on processing or tableting.

DOSAGE

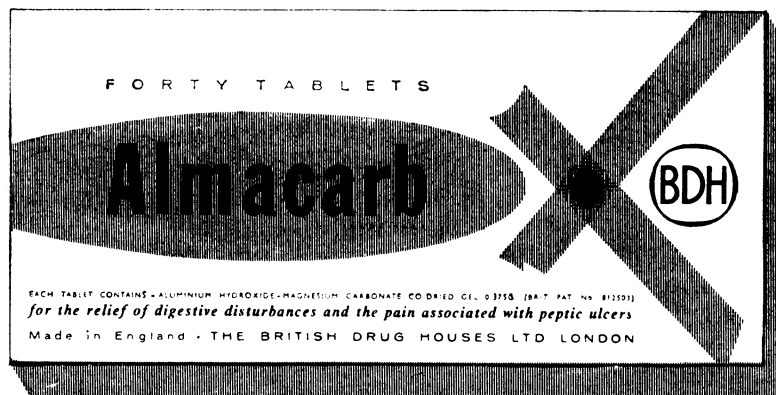

One tablet to be chewed as an initial dose and thereafter one tablet to be sucked slowly at regular intervals.

MELSEDIN

produces
natural
sleep

MELSEDIN—methaqualone hydrochloride—is a new non-barbiturate hypnotic which produces *natural* sleep and is often effective where other hypnotics have failed. Melsedin is of low toxicity, quick-acting—within 15-30 minutes—and its effect lasts for 6-8 hours. Side-effects are negligible; rapid excretion obviates cumulative effects, and neither tolerance nor addiction has been demonstrated in Melsedin therapy.

Melsedin is an entirely new product chemically unrelated to all other hypnotics. It is the ideal alternative to barbiturates in the treatment of insomnia.

dosage. A dose of 150 mg. 15-30 minutes before retiring will usually be sufficient. In some cases, a dose of 300 mg. may be necessary at first, reducing later as the condition responds.

● **FREE FROM THE
DISADVANTAGES OF
BARBITURATES**

● **NON-HABIT-FORMING**

Melsedin is supplied in tablets of 150 mg.

Availability of Vitamins in Yeast

Deficiencies of single factors of the Vitamin B Group do not occur. Accordingly, even if a deficiency condition appears to result from the lack of an individual factor of the group and it is considered necessary to give intensive treatment with this factor, *the entire Vitamin B Complex should always be administered concurrently.*

It is, however, extremely important, in view of suggestions in recent publications, that the vehicle selected as a source of the entire B Complex does not withhold its vitamin content from the patient.

Human experiments show that the rich, natural vitamin potency of Aluzyme is totally available to the human system.

- *Aluzyme is not advertised to the public and may be prescribed on Form E.C.10*

Daddy Longlegs

It is natural that a baby should look up to his parents. To him, they are perfect. This little fellow has a long way to look, but one day, he too will doubtless be as big and as strong as Daddy or maybe even bigger!

A baby as you know must be given every chance in the first vital months to develop sturdy muscles, strong bones and a healthy constitution. He cannot thrive on love alone.

We are grateful to the Medical Profession for their constant support in recommending Cow & Gate.

Many thousands of Baumanometers are in use in consulting rooms and hospitals throughout England, although these world renowned blood-pressure instruments have not been procurable in England since 1940.

What stronger endorsement of the reliability and durability of a bloodpressure instrument could there be—

And, we are proud to state, the liberal Lifetime Guarantee on all Baumanometers has been maintained without interruption, despite the necessary trade restrictions these past years.

Now—all five Models of the Lifetime Baumanometer are again available in England—with added perfections of detail—a little higher in cost, but truly an instrument that will serve you well and faithfully for your Lifetime.

Your dealer will supply you. For full descriptive literature, address

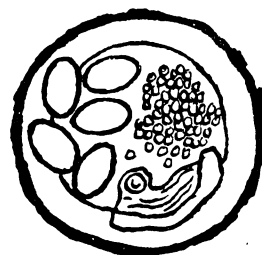

FOUNDED IN 1869

HAWKSLEY & SONS LTD., 17 NEW CAVENDISH ST. LONDON W 1

For his appetite's sake . . .

Loss of appetite is often a presenting symptom of vitamin B deficiency, and when due to this condition it calls for Elixir 'VIRVINA'. This pleasantly-flavoured preparation stimulates the appetite, increases intestinal motility and accelerates the flow of gastric juice. Elixir 'VIRVINA' contains vitamins B₁, B₂, B₆, and nicotinamide, as well as glycerophosphates of calcium, potassium, sodium and manganese. It is an ideal vitamin and mineral supplement, and it is very economical to prescribe. Elixir 'VIRVINA' is suitable for patients of all ages. The dosage for adults is two teaspoonfuls, for children one teaspoonful, three times daily before meals.

Elixir 'VIRVINA'

Regd

Elixir 'VIRVINA' is supplied in bottles of 4 fl. oz., and in dispensing packs of 16 fl. oz. and 80 fl. oz. The United Kingdom N.H.S. basic cost is 6d. per fl. oz.

Made in England by:

MERCK SHARP & DOHME LIMITED, HODDESDON, HERTS

Rapid relief this winter for CHILBLAINS & COUGHS

ADAPRIN

Tablets for Chilblains

Among predisposing factors to chilblains are assumed to be defective peripheral circulation and diminished coagulability of the blood.

Each Adaprin tablet contains nicotinamide (50 mg.) and acetomenaphthone (10 mg.) as the logical drugs to counteract these defects. Nicotinamide is preferred to nicotinic acid because of the unpleasant symptoms of rapid vasodilatation associated with the latter compound. Adaprin is non-toxic and may safely be given to children and adults for long periods for prevention. Relief from existing chilblains may be expected in a few days. In containers of 25, 100 and 500 tablets.

PAVACOL

Syrup & Pastilles for Coughs

Pavacol Syrup. In the improved formula, each 100 ml contains: Papaverine hydrochloride, 0.02 g. Pholcodine, 0.1 g. B.P.C. Balsam of Tolu, 0.045 g. Oil of Clove, 0.02 g. Tincture of ginger, 0.10 ml. Oil of aniseed, 0.007 g. Tincture of capsicum, 0.40 ml. Oil of peppermint, 0.02 g. Glycerine, 10.00 ml. Alcohol, 1.10 ml. Chloroform 0.25 ml. Theriaca, 45.00 g. Papaverine relaxes the bronchi by direct action. Pholcodine—the new ingredient—is a central cough suppressant, as effective as heroin (diamorphine) but with none of its disadvantages, and much less toxic even than codeine. In bottles of 4, 16 and 80 ounces. Pavacol Diabetic Syrup also available.

Pavacol Pastilles—contain the powerful, wide-range, quaternary ammonium antiseptic, Octaphen, together with the antitussive compounds, papaverine and codeine, and the demulcents and volatile oils present in Pavacol Syrup. For the prophylaxis and treatment of bacterial and fungal infections of the mouth and throat—and for symptomatic treatment of cough. In tins of 24 pastilles.

NEW COLUMBUS SUCTION POLISHER

minimises dust-borne cross infection

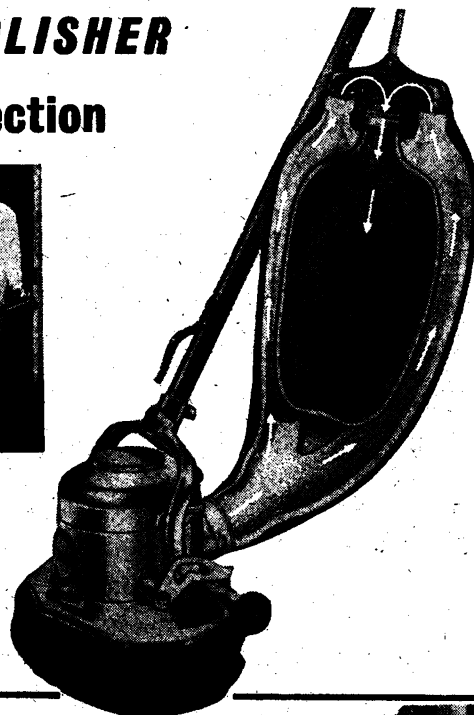

PROVED BY LABORATORY TESTS

The Columbus suction polisher and cleaner, which has been successfully used in hospitals for 25 years, now incorporates new two-stage dust control that traps 98% of all floor dust and dirt. The white arrows indicate the direction of dust flow into the bag... up through twin protected channels... into the inlet at the top of the bag... and down in a controlled flow into a disposable paper bag. Notice how, instead of entering the bag at the bottom, as in ordinary cleaners, the dust and dirt enter at the top, thereby preventing drop-back or fall-out, and also making removal of the disposable bag much more hygienic.

Literature on this new Columbus machine, including details of hospital laboratory tests reported in "The Lancet," will be forwarded on request.

COLUMBUS

Suction Polisher-Cleaner,
2-brush, 3-brush and 4-brush

One motor unit powers Suction Polisher or Suction Cleaner, giving both essential 2-stage dust control. A full set of dusting tools is available with the latter unit. No other hospital-tested equipment can claim these advantages.

DIABETES

and the patient who fears injections

RASTINON

PROVIDES COMPLETE ORAL CONTROL
that is safe and convenient

THE DIABETIC PATIENT who suffers from an excessive fear of injections may undergo considerable psychic trauma.

A large number of these patients* can now be controlled orally with RASTINON (tolbutamide). In many cases, one tablet by mouth once or twice a day is all that is necessary for maintenance.

Not only does RASTINON make possible continued dosage administration that is free from psychological reactions; in addition, blood sugar levels approach the normal without risk of hypoglycaemia. RASTINON is a true euglycaemic agent.

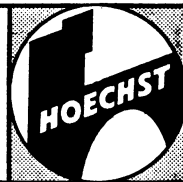

In patients in whom maintenance dosage has been established, RASTINON lowers the blood sugar to normal levels, but almost never beyond that point, regardless of dosage.

Rapid excretion precludes cumulative effects. No cases of dyschaemopoiesis, jaundice, or other serious side effects have been reported.

There is no added cost of treatment for the patient previously on insulin.

* Over 1,250,000
diabetics all over
the world owe their well-
being to RASTINON. The
rate of response increases
steeply with advancing age.

KENT INTRODUCE THE FIRST EVER

100% BACTERIA-PROOF FILTER

FITTED IN A HOSPITAL VACUUM

* **The KENT**

WHAT IS SO DIFFERENT ABOUT THE KENT FILTER?

Its remarkable 100% effectiveness. Kent research over the past three years has been towards the development of a filter that would allow free air flow yet be capable of filtering and retaining 100% of all bacteria drawn into the machine. Even 99% effectiveness could mean that a great number of micro-organisms are re-circulated in the atmosphere, but according to reliable reports the KENT MICROSTAT is 100% bacteria-proof and EXHAUSTS STERILE AIR.

WHO DEVELOPED IT?

The Kent Company of America. After an official enquiry into the problems of cross-infection, the U.S. Federal National Institute of Health invited the Kent Company to co-operate in the development of a suitable filter. Earlier this year the Kent Microstatic Impaction Filter was perfected, and exhaustive American tests by leading authorities in this field have conclusively proved that it gives 100% retention of any bacteria which might be attached to dust particles.

† J.A.M.A. 170: 261, 1959 (and further research data to be published).

HAS IT BEEN TESTED IN THIS COUNTRY?

Yes. By various hospital bacteriologists who have reported on their findings to Hospital Management Committees. It has been offered for test to the Ministry of Health, and the Microstat machine is at present undergoing a mechanical test in the Ministry of Works. Kent will loan, entirely without obligation, a MICROSTAT to any hospital wishing to carry out their own tests.

WHAT IS THE LIFE OF THE FILTER?

The filter is a bacteria trap of an essential physical nature and as such does not quickly lose its effectiveness. Continuous tests have so far been unable to detect any reduction in efficiency whatsoever.

* "Hospital Sepsis—A Communicable Disease"

The new and most informative American film dealing with the problem of cross-infection was made in the U.S.A. under the auspices of three leading medical associations and was sponsored by Johnson & Johnson Ltd. The film is exciting much comment and creating intense interest.

The Microstat Vacuum Machine, now being manufactured in Great Britain by the wholly British Kent Company, plays a leading part in the film and the latest Kent floor cleaning techniques are prominently featured.

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose (unless otherwise specified) one copy each of 3 recent testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

House Officers should submit a separate application for each post for which they apply.

Canvassing of members of the Board or Advisory Appointments Committee will lead to disqualification (Statutory Instrument 1950, No. 1259, N.H.S.).

*SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.

A fully registered medical practitioner who is liable for National Service must obtain deferment of recruitment in writing from the Central Medical Recruitment Committee or (in Scotland) the Scottish Central Medical Recruitment Committee before accepting any civilian appointment.

The position of provisionally registered medical practitioners who are liable for National Service has been made clear in a notice sent to them by the Ministry of Labour and National Service.

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

Registrar Grades, Whole-time

(a) **REGISTRAR**: Posts obtained normally not less than two years after registration as a medical practitioner and held normally for two years; £972 8s. per annum in the first year; £1,103 19s. per annum in the second and any subsequent years. If the post is resident a deduction of £170 per annum is made.

(b) **SENIOR REGISTRAR**: Posts obtained normally not less than four years after registration as a medical practitioner and held normally for four years; £1,258 8s. per annum in the first year; £1,372 16s. per annum in the second year; £1,487 4s. per annum in the third year; £1,601 12s. per annum in any subsequent years. If the post is resident a deduction of £200 per annum is made.

Other Grades, Whole-time

(a) HOUSE OFFICERS:

(i) **Provisionally registered medical practitioners**: £486 4s. per annum for the first post held; £543 8s. per annum for the second and all subsequent posts held; provided that the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that the remuneration of any officer holding his first post in the National Health Service as a House Officer shall be £543 8s. per annum if they are satisfied that the officer has held at least one hospital post outside, of not less than six months' duration, involving clinical responsibilities equivalent to those of house posts in the National Health Service and supervised by appropriate specialist staff.

(ii) **Fully registered medical practitioners**: £600 12s. per annum for any post held; provided that in exceptional circumstances, subject to the consent of the Minister, this rate may be exceeded by up to £50 per annum where a post cannot be filled otherwise.

In each case under sub-sections (i) and (ii) above, a deduction of £125 per annum in respect of board and lodging and other services provided shall be made and each post shall be tenable for six months.

(b) **SENIOR HOUSE OFFICER**: Posts obtained by fully registered medical practitioners, and held normally for one year only: £852 6s. per annum. If the post is resident a deduction of £150 per annum is made.

(c) **JUNIOR HOSPITAL MEDICAL OFFICER**: Officers who have held house appointments but who are neither Senior House Officers nor in one of the registrar grades, who have less responsibility than other hospital officers of non-consultant status, and who have been appointed for a limited or an indefinite period, not less than one year after full registration as a medical practitioner: £886 12s. by £57 4s. to £1,229 16s. per annum. If the post is resident a deduction of £170 per annum is made.

COUNTY BOROUGH OF ROTHERHAM
Health Department**APPOINTMENT OF ASSISTANT MEDICAL OFFICER OF HEALTH AND SCHOOL MEDICAL OFFICER**

Applications are invited from registered medical practitioners for the post of Assistant Medical Officer and Assistant School Medical Officer. The duties will consist mainly of clinical work in connection with the school health and child welfare services. The person appointed will be given opportunities to gain experience in all branches of public health work. The salary will be on the scale £1,150 rising to £1,640 per annum. The point of entry will be fixed according to qualifications and experience. Housing accommodation is available if required. Forms of application and conditions of appointment can be obtained from the Medical Officer of Health, Municipal Offices, Rotherham, and must be returned to him not later than March 7, 1960.—John S. Wall, Town Clerk, Municipal Offices, Rotherham. (4023)

Public Health—contd.**LANCASHIRE COUNTY COUNCIL****APPOINTMENT OF ASSISTANT DIVISIONAL MEDICAL OFFICERS**

Applications are invited from registered medical practitioners for appointments in:

ATHERTON and LEIGH
FYLDE AREA
WORSLEY
County area east of MANCHESTER
County area adjacent to LIVERPOOL

Possession of Diploma in Public Health desirable. Salary £1,150 to £1,640, according to experience. Application forms and further particulars from County Medical Officer of Health, Serial 2233, East Cliff County Offices, Preston, to whom they should be returned as soon as possible.

**CITY OF OXFORD
Health Department****APPOINTMENT OF SENIOR ASSISTANT
MEDICAL OFFICER OF HEALTH FOR
GENERAL PURPOSES**

Applications are invited from registered medical practitioners, holding a Diploma in Public Health, for the above post. Previous experience with a Local Health Authority is essential. Duties will be mainly administrative in nature, but will include some clinical responsibility, particularly in connexion with the teaching programme for medical students and nurses. There is a close contact between the Health Department and the United Oxford Hospitals, with good opportunity for post-graduate experience. Salary scale £1,330 to £1,640, plus a responsibility allowance of £125. Teaching fees can be retained. In fixing the commencing salary, previous experience will be taken into consideration. A car allowance will be made. The post is permanent and pensionable, and is subject to a satisfactory medical examination. Application forms and terms and conditions of appointment may be obtained from Dr. J. F. Warin, Medical Officer of Health, Health Department, Greyfriars, Paradise Street, Oxford, to whom they must be returned not later than February 27, 1960.—Harry Plowman, Town Clerk, Town Hall, Oxford. (3561)

**COUNTY BOROUGH OF WEST HAM
Health Department****APPOINTMENT OF TEMPORARY ASSISTANT
MEDICAL OFFICER**

Applications invited from registered medical practitioners for the temporary post of Assistant Medical Officer for approximately five to six months commencing mid-April, 1960. Duties mainly in the School Health Service, but may extend to M. and C.W. and other services. Possession of D.P.H. and/or D.C.H. desirable. Previous experience of school medical work an advantage. Salary will be paid at the rate of £1,150 per annum. Application forms from Medical Officer of Health, 225, Romford Road, Forest Gate, E.7, returnable by March 4, 1960. (4000)

**COUNTY COUNCIL OF THE WEST RIDING
OF YORKSHIRE****APPOINTMENT OF ASSISTANT COUNTY
MEDICAL OFFICER AND SCHOOL MEDICAL
OFFICER**

In the Morley, near Leeds (No. 13) Division
Applications invited from registered medical practitioners (male or female) with at least three years' experience since qualification. Duties mainly in School Health and Infant Welfare Services. Salary £1,150 to £1,640 per annum. County Council scale of travelling and subsistence allowances. Post superannuable and subject to medical examination. Forms of application, from the undersigned, to be returned not later than March 7, 1960.—R. W. Elliott, County Medical Officer, County Hall, Wakefield. (3981)

STAFFORDSHIRE COUNTY COUNCIL**APPOINTMENT OF ASSISTANT COUNTY
MEDICAL OFFICER AND SCHOOL
MEDICAL OFFICER**

Applications are invited from fully qualified medical practitioners, and those holding the Diploma of Public Health will be given preference. The candidate appointed will undertake clinical work in the School Health and Child Welfare Services under the direction of the County Medical Officer of Health, and will be required to perform such other duties as may from time to time be prescribed. The salary scale is £1,150 by £60 to £1,510 by £65 to £1,640, and the Local Authority may, at its discretion, take account of previous professional experience when determining the commencing rate. The appointment will be terminable by three months' notice in writing on either side, and subject to the provisions of the appropriate Superannuation Acts and Regulations, in which connection the selected candidate must pass a medical examination and submit his or her birth certificate. Assistance is given towards removal expenses, and there is a lodging allowance when an officer cannot transfer his home immediately. It is also probable that suitable candidates could be considered for an assisted D.P.H. course later on. Forms of application may be obtained from the County Medical Officer, County Buildings, Stafford, to whom they should be returned, when completed, not later than March 7, 1960.—T. H. Evans, Clerk of the County Council, County Buildings, Stafford. (3823)

COUNTY MEDICAL OFFICER AND
SCHOOL MEDICAL OFFICER**

to the Colne Valley, Denby Dale, Holmfirth, Kirkburton and Meltham Urban District Councils and the West Riding County Council
Applications invited from registered medical practitioners with at least three years' experience since qualification, and holding the D.P.H. or nearing completion of training for the D.P.H. Duties mainly in the School Health and Infant Welfare Services, but in addition person appointed will be required to act for the Divisional Medical Officer and Medical Officer of Health in his absence, and will be appointed Deputy Medical Officer of Health to the constituent authorities. Salary £1,250 to £1,740 per annum. County Council scale of travelling and subsistence allowances. Post superannuable and subject to medical examination. Forms of application, from the undersigned, to be returned not later than February 29, 1960.—Ronald W. Elliott, County Medical Officer, County Hall, Wakefield. (3982)

ESSEX COUNTY COUNCIL**ASSISTANT COUNTY MEDICAL OFFICER
OF HEALTH**

Applications are invited from registered medical practitioners for appointment in Barking Health Area. Duties mainly concerned in the School Health and Maternity and Child Welfare Services, in which work candidates should have had experience (preference given to those possessing Diploma in Child Health and/or Certificate or Diploma in Public Health). Opportunities for candidates with D.P.H. to gain administrative experience. Salary scale £1,150 by £60 to £1,510 by £65 to £1,640 per annum. Superannuation. Medical examination. Application form from the County Medical Officer of Health, County Hall, Chelmsford, returnable by March 1, 1960. (3320)

NORTH RIDING

Applications are invited for appointment as
SCHOOL MEDICAL OFFICER
(men or women). The possession of a D.P.H. or D.C.H. will be an advantage. Salary in accordance with Whitley Council scale of £1,150 by £60 to £1,510 by £65 to £1,640 per annum. Previous experience will be taken into consideration, and car and subsistence allowance will be paid according to the County Council scale. Opportunities will be given to the successful applicant to obtain experience in other spheres of Local Authority Health Services. Appointment is subject to the appropriate Superannuation Act and to the passing of a medical examination. For form of application apply to Dr. J. A. Fraser, County Hall, Northallerton.—F. Barraclough, Secretary for Education. (3960)

**WEST RIDING OF YORKSHIRE COUNTY
COUNCIL****SENIOR MEDICAL OFFICER (Mental Health)**

Copies of the scheme for the development of the County Council's Mental Health Service can be supplied to registered medical practitioners who wish to apply for the appointment of Senior Medical Officer, the salary being on the scale £1,660 by £65 (4) and £70 (4) to £2,200. The officer appointed will be directly responsible to the undersigned, and the primary duties, largely administrative, will be the development of a new and extensive scheme for mental health, involving close co-operation with hospitals, general practitioners and divisional medical officers. The post is superannuable and subject to a satisfactory medical examination. Applications, giving the names and addresses of three referees, to be forwarded by March 7, 1960, to Ronald W. Elliott, County Medical Officer, County Hall, Wakefield. (3983)

WEST SUSSEX COUNTY COUNCIL**SENIOR MEDICAL OFFICER**

Senior Medical Officer (male or female). Salary scale £1,660 to £2,200. This is mainly an administrative appointment and the successful applicant will have experience in the work of all branches of a County Health Department. It should offer useful training for a post of greater administrative responsibility. Application forms may be obtained from the County Medical Officer, County Hall, Chichester, to whom they must be returned by March 7, 1960.—T. C. Hayward, Clerk of the County Council. (3759)

WEST SUSSEX COUNTY COUNCIL**ASSISTANT COUNTY AND SCHOOL MEDICAL
OFFICER**

Applications are invited for the above appointment in the Horsham and Crawley areas. The duties will be concerned mainly with the School Health Service, but may include some Maternity and Child Welfare work. The salary will be £1,150 by £60 to £1,510 by £65 to £1,640, together with travelling and maintenance allowances in accordance with the County Council's scale. Application forms and particulars of the appointment can be obtained from the County Medical Officer, County Hall, Chichester, by whom all applications, endorsed A.C.M.O. on envelope, should be received not later than March 7, 1960.—T. C. Hayward, Clerk of the County Council. (3758)

ADMINISTRATIVE**SOUTH-EASTERN REGIONAL HOSPITAL
BOARD, Scotland**

Applications are invited for the post of
MEDICAL SUPERINTENDENT
to the East Fife Hospitals Board of Management. The person appointed will be responsible for the medical administration of hospitals in the East Fife Group and will also be required to undertake co-ordinating duties for certain services covering the County of Fife. This group comprises 10 hospitals, including the Victoria Hospital, Kirkcaldy (at present 113 beds), now being developed as an acute general hospital. Salary scale (which will be subject to review on the opening of additional beds at the Victoria Hospital, Kirkcaldy) £1,834 12s. by £87 7s. (4) by £109 4s. (1) to £2,293 4s. Apply, giving particulars of age, qualifications, previous experience, and the names of three referees, to the Secretary, 11, Drumshugh Gardens, Edinburgh, 3, by March 4, 1960. (3549)

INDUSTRIAL APPOINTMENTS

Attention is drawn to the B.M.A. statement of policy on the remuneration of Industrial Medical Officers (as approved by the Annual Representative Meeting, 1958), which is available on request from the Secretary.

APPLICATIONS ARE INVITED FROM
registered medical practitioners between 30 and 40 years of age for a part-time medical officer to Associated Feed Manufacturers Limited, Belfast. The successful candidate will be required to undertake the health supervision of a factory community in Belfast and to advise management on problems concerning the health and well-being of the industrial community. The work will require approximately 5-6 hours a week of the doctor's time and the salary will be in accordance with the B.M.A. scale. The short list of those invited to attend for interview will be made out from the letters of application. Candidates are therefore asked to give details of their career and experience, including their reasons for wishing to practise industrial medicine. Two persons to whom reference may be made should be included. Applications should be submitted not later than Wednesday, March 2, to the Principal Medical Adviser, Unilever House, Blackfriars, London, E.C.4. (4001)

FACTORY DOCTORS**FACTORIES ACTS, 1937 and 1948**

The following appointments as Appointed Factory Doctor are vacant: Frodingham, in the County of Lincoln; Peterborough, in the County of Northampton. Applications, which should be received not later than March 5, 1960, should be sent to H.M. Chief Inspector of Factories, 19, St. James's Square, London, S.W.1. (3836)

SOUTH AUSTRALIA Institute of Medical and Veterinary Science

MEDICAL VIROLOGIST

Applications are invited from medical graduates for the appointment of Head of the Division of Medical Virology. Duties include supervision of a diagnostic service, investigation of epidemics, and the development of research into virus diseases. The Institute provides laboratory services for the Royal Adelaide Hospital, for other metropolitan and country hospitals and for the public health authorities. Modern laboratories provide usual facilities and equipment for virus investigations. The appointment will be for five years in the first instance, but may be made permanent. Superannuation under a State scheme or the F.S.S.U. is available. The salary range is £A2,515 to £A3,090 per annum, and the appointee will be placed in this range according to experience. First-class passages provided for the appointee and his family. Further particulars may be obtained from the Director, Box 14, Rundle Street Post Office, Adelaide, South Australia. Applications close March 25, 1960. (3184)

Oversea (Vacant)—contd.**FEDERATION OF RHODESIA AND NYASALAND****MEDICAL OFFICERS**

A starting salary of £1,428, rising by nine annual steps to £2,155 (with up to four years' credit for previous experience) is offered to men and women in the medical service of the Government of the Federation of Rhodesia and Nyasaland.

Promotion prospects include 88 senior posts on salaries ranging from £2,021 to £3,675 a year for medical superintendents, specialists, and senior administrative officers. Private practice is allowed in some rural areas; elsewhere, an allowance in lieu is paid.

The Service offers unusual opportunities for wide-ranging experience, security, promotion, and a challenging task. Government Medical Officers have opportunities for work in virtually every field of medicine.

Full passages are paid to the Federation, which has an excellent, sunny climate and highly developed social and sporting amenities. Leave provisions are generous.

A married man with two children does not pay income tax until he is earning over £1,300 a year. Government school education up to university entrance standard is free.

Application forms and further details may be obtained from Secretary (R), Rhodesia House, 429, Strand, London, W.C.2. Tel. COV 1212. (3968)

**UNIVERSITY COLLEGE HOSPITAL
Ibadan, Nigeria****Department of Surgery****SENIOR REGISTRARS**

The Board of Management invite applications from registered medical practitioners with the requisite postgraduate experience for appointment as Senior Registrars in the above teaching hospital. Candidates must hold the F.R.C.S. qualification. The salary offered for the post is: £1,542, rising by three annual increments to £1,722 per annum, plus inducement allowance of £300 per annum payable to an expatriate doctor. The appointment will be initially for one tour of 12 months, renewable for subsequent tours by mutual agreement. On satisfactory completion of the agreement a gratuity of £37 10s. will be paid for each completed term of three months' service. Partly furnished quarters are provided at a rental of 81% of salary, excluding inducement allowance, and an expatriate doctor will be eligible for seven days' leave on full pay for each completed month of service in Nigeria. A Nigerian doctor is eligible for five days' leave for each completed month of service. Free first-class passages are provided for expatriate doctors and their wives on first appointment, for vacation leave, and on completion of the agreement. Free first-class passages to Nigeria will, in certain circumstances, be provided for non-expatriate doctors. Candidates will be eligible for children's allowances in accordance with the existing regulations. Arrangements can be made to enable doctors to continue their N.H.S. Superannuation Scheme contributions, and details of the revised salary and gratuity payable in such cases will accompany application forms. Applications should be submitted not later than March 5, 1960, on the appropriate forms which will be forwarded, together with additional information, on receipt of an addressed foolscap envelope by the Adviser on Staff Recruitment, London Office, University College Hospital, Ibadan, 91, Regent Street (3rd floor), London, W.1. (3965)

THE DOCTORS HOSPITAL, Toronto, Canada

The Doctors Hospital has a number of vacancies on its House Staff. The hospital is accredited by the Canadian Council on Hospital Accreditation, and has an extensive teaching programme. The appointments are suitable for registered medical practitioners who wish ultimately to practise in Canada. Interview in London. For further details write Box 1658, B.M.J.

**UNIVERSITY COLLEGE HOSPITAL OF THE
WEST INDIES**

Applications are invited for the post of **REGISTRAR IN MEDICINE** at the above Teaching Hospital. The successful candidate will be expected to take up duties on or about April 1, 1960. The appointment will be for one year in the first instance, and the salary scale is £1,000 by £100 to £1,200, £1,300 by £100 to £1,600. Point of entry into the scale will be decided according to qualifications and experience of the successful applicant. Unfurnished accommodation will be provided at a rental of 5% of salary. Return passages to and from the country of recruitment are provided for one person only. Further information may be obtained from the Hospital Manager and Secretary, University College Hospital of the West Indies, Mona, Jamaica, W.I., to whom applications, stating age, nationality, details of qualifications and experience, together with the names and addresses of three referees, should be sent not later than March 15, 1960. (3884)

(3827)

University and Research Appointments, etc.—contd.

Clinical Research

Pfizer Ltd. intend to increase the team of doctors at present engaged on human pharmacological studies and research trials of the Company's new products.

Applications are invited from male registered medical practitioners between the ages of 25 and 35 for this new and interesting post. The doctor appointed will be responsible for the initiation and progress of human pharmacological studies and clinical trials. He will also be required to work closely with other sections of the Research Division. Whilst a higher medical qualification is desirable, it is not essential.

The successful applicant must be prepared to undertake a certain amount of travel both in the U.K. and abroad. The appointment will be based in East Kent, and carry a progressive salary with appropriate fringe benefits, including a non-contributory pension scheme.

Applications, including details of age, qualifications and experience, should be addressed to the
Head of the Clinical Research Department,

PFIZER LTD.

137-139 Sandgate Road, Folkestone, Kent,

quoting reference F.6985.

THE ROYAL INSTITUTE OF PUBLIC
HEALTH AND HYGIENE

**THE DIPLOMA IN PUBLIC HEALTH
THE DIPLOMA IN INDUSTRIAL HEALTH**
The next Courses of Instruction for the above Diplomas will commence on March 11, 1960. Tuition may be taken whole-time or part-time. Prospectures, enrolment forms, and full details, may be obtained from the Dean, 23, Queen Square, London, W.C.1 (telephone TERMINUS 4788/6206). (3489)

THE UNIVERSITY OF LIVERPOOL
Faculty of Medicine
Department of Anaesthesia

A course of Postgraduate Instruction in Anaesthesia, limited to 12 students, will be conducted at the University of Liverpool, lasting for one academic year and commencing October 1, 1960. This course gives theoretical and practical instruction to students intending to sit for the Fellowship of the Faculty of Anaesthetists. While the main course is planned to include for the first half of the year basic science subjects appropriate to anaesthesia, a separate programme is arranged for those who already have been successful in the primary examination of one of the Royal Colleges of Surgeons. The fee for the course is £75. Application forms may be obtained from the Professor of Anaesthesia, The University, Liverpool, 3, and should be returned not later than March 14, 1960. (3371)

WEEK-END COURSE IN CLINICAL
ORTHOPAEDICS

It is proposed to hold a week-end course in clinical orthopaedics at the Royal Orthopaedic Hospital, Birmingham, for final F.R.C.S. candidates. There will be morning and afternoon sessions on Saturday, March 26, and Sunday, March 27, at which numerous patients will be available for examination by those attending the course. Instruction by Consultant Surgeons of the hospital will be based on discussion of clinical findings and treatment. It is regretted that accommodation cannot be arranged; there is no fee for attending the course. Attendance will be limited to sixteen, and application should be made to the Administrator, the Royal Orthopaedic Hospital, 80, Broad Street, Birmingham, within two weeks of this notice appearing. (3760)

Osmosis and a non-irritant aperient

THE USE of harsh purgatives is widely, and rightly, under criticism, and it is worth drawing attention to the fact that there is a generally used aperient that operates by an entirely different principle.

Andrews functions *osmotically*. The balanced mixture of salts in its formula draws water through the walls of the bowel, increasing the fluid content. It does *not* irritate the intestine, but produces easy evacuation without griping.

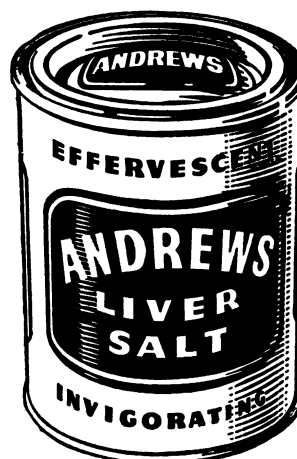

The action of Andrews is thus as simple and natural as any aperient can be. It has further advantages. It is mildly alkaline, improves the flow of bile and helps to check biliousness and sick headaches. And its pleasant taste makes it readily acceptable to patients of all ages.

Andrews LIVER SALT

ACTIVE CONSTITUENTS:

Tartaric Acid	23%	Sucros.	37%
Sod. Bicarb.	23%	Mag. Sulph. (B.P. Exsic)...	17%

A Medical Sample is available free on request.
