EPILEPSY
responds
well to-

DIAMOX*

A C E T A Z O L A M I D E

Of all the applications of DIAMOX acetazolamide, few are more welcomed in clinical practice than is its value in epilepsy. Freedom from epileptic seizures has been observed in numerous cases of grand and petit mal following treatment with DIAMOX. The drug has shown an unusually beneficial effect on resistant cases of petit mal. It is effective when used alone and of particular value when used in combination with the usual anticonvulsants. Highly versatile, DIAMOX has long been recognised for its value in other conditions including cardiac oedema, glaucoma, premenstrual tension, toxæmias and oedema of pregnancy, drug-induced oedema, etc.

TABLETS: *Diamox Acetazolamide Tablets of 250 mg. (engraved). Packing and basic N.H.S. cost: Bottles of 25, 12/8. 100, £2.2.4. 1,000, £19.11.6.*

PARENTERAL: *Diamox Acetazolamide Sodium Parenteral 500 mg. Packing and basic N.H.S. cost: Vials of 500 mg. 18/-.*

Lederle puts antibiotic therapy on a NEW high plane

UNIQUE high ratio ACTIVITY

the
EXTRA SECURITY
of NEW

LEDERLE LABORATORIES a division of CYANAMID OF GREAT BRITAIN LTD. London W.C.2

LEDERMYCIN Demethylchlortetracycline is an "extra active" high-ratio antibiotic derived from a strain of *Streptomyces aureofaciens* (the organism from which AUREOMYCIN †Chlortetracycline and ACHROMYCIN* Tetracycline originate) but with properties which set it way above other tetracyclines. As well as exerting the unsurpassed broad-spectrum action of tetracycline, LEDERMYCIN Demethylchlortetracycline achieves far more intensive, far more prolonged activity, with far less antibiotic. Its markedly lower renal clearance rate, together with its higher stability, has the effect of prolonging its powerful antibacterial action for 24-48 hours after the drug is withdrawn.

HIGHEST RATIO of peak activity to daily intake of any known broad-spectrum antibiotic.

HIGHEST RATIO of sustained activity to dosage—giving "extra day" activity and protection against resurgence of primary infection or relapse with secondary invasion, after withdrawal.

HIGHEST RATIO of stability in body media to dosage bringing an even higher standard of consistency to the therapy.

Packing and basic N.H.S. cost: In a distinctive duo-tone dry-filled capsule. Capsules of 150 mg. Bottles of 16: £1 9s. 0d., 100: £8 14s. 2d. and 1,000: £84 2s. 4d. Average adult dose: 1 capsule 4 times daily.

NULACIN "has revolutionized the treatment of duodenal ulcer"

"This new method of the administration of antacids (Nulacin) has revolutionized the treatment of duodenal ulcer... milk drip is no longer part of our therapeutic stock in trade."

PROC. ROY. SOC. MED., December, 1958, 51, 1063

NULACIN tablets, when allowed to dissolve slowly in the mouth, provide intragastric milk-alkali drip therapy safely and effectively for both the bed-ridden and ambulant patient. They may be relied on to provide a treatment for peptic ulcer as well as other conditions associated with gastric hyperacidity.

The safety and effectiveness of Nulacin therapy has been proven by "in vivo" clinical work carried out in many countries. References to this work include:—

Current Status of the Medical Treatment of Peptic Ulcer, *Med. Times*, January, 1958, 1, 74

Your way across the Atlantic

CUNARD—for more than a century a name synonymous with all that is best in ocean travel. Led by the magnificent "Queen" liners, each fitted with two pairs of stabilising fins to smooth your way across the Atlantic, the present Cunard fleet provides a complete passenger service with regular sailings to and from the United States and Canada.

Tonic sea air to stimulate the appetite—superb cuisine to satisfy it . . . Cunard comfort and service . . . dancing . . . cinema shows . . . all combine to make a few carefree days whilst crossing the Atlantic by Cunarder which will linger long in the memory.

Cunard

For choice of ship and sailing date consult your travel agent or apply CUNARD LINE, Cunard Building, Liverpool 3 (Liverpool Central 9201); 15 Lower Regent Street, London, S.W.1 (Whitehall 7890); 88 Leadenhall Street, London, E.C.3 (Avenue 3010); or any Cunard Office.

When rest and tonic air are what the patient needs

HASTINGS AND ST. LEONARDS

are what the doctor might order

Hastings is one of the nearest places to London that combines a mild climate with complete absence of smog, plus excellent hotels—and the peace and quiet a convalescent needs.

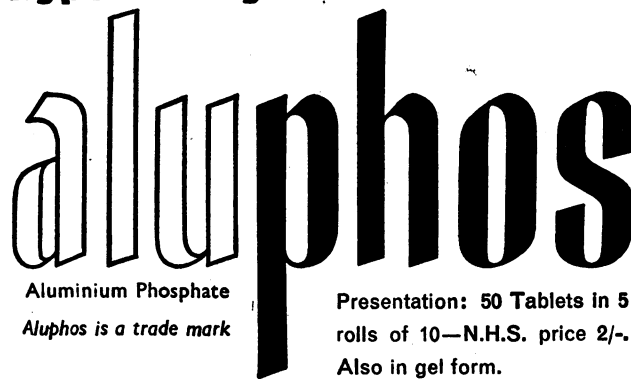

A patient can hardly fail to benefit by (literally) a 'breather' at Hastings. There is, on average, 400 hours more sunshine a year than in

London. There are cleverly designed suntrap shelters on the Promenades. And there is a delightfully relaxed feeling about the whole town. As a spot for taking it easy, Hastings is hard to better.

A postcard to the P.R. 37 Bureau, Hastings, Sussex, will bring you more information.

A DIFFERENT TREE

A DIFFERENT TARGET

A DIFFERENT AIM

A DIFFERENT CARTRIDGE

The tree

The pulmonary tree, from the main bronchi to the respiratory bronchioles.

The target

Specific zones of the respiratory tract.

The aim

Topical administration of known drugs.

The cartridge

A container for drugs in which at least 80% by weight of the particles are within the optimum range of 2 to 6 μ —to ensure their even penetration to the sites of the disease.

A major advance

A significant pharmaceutical achievement by Bengers Laboratories now makes possible the topical application of drugs throughout the respiratory tree. The first drugs to be applied in this way are isoprenaline sulphate B.P., a proven bronchodilator (LOMUPREN); and pure chymotrypsin, a safe and effective mucolytic (LOMUDASE).

The therapeutic effect

When Lomupren or Lomudase, in this unique powder form, reaches the site of the disease process it is deposited on the surface moisture covering the mucous membrane. The particles dissolve instantly on contact. The solution so formed exerts a direct, immediate and powerful therapeutic effect. Thus with Lomupren, maximal bronchodilation is obtained with the minute dose of only 0.1 mg. isoprenaline—1/200th the normal sublingual dose—and systemic concentrations at which the usual side-effects might occur are avoided.

Application

One of the obvious applications of these drugs is in chronic bronchitis where bronchospasm and retained viscid mucoid sputum are predominant features. Self administration has been made possible by an ingenious pocket disperser, the Lomulizer. When the cartridge is placed in the Lomulizer a suitable inspiratory effort ensures that the drug penetrates in a predetermined dose throughout the respiratory tract.

The Lomu range:

Products of Bengers research

PRESCRIPTION INFORMATION

LOMUPREN

Each cartridge contains 0.1 mg. of isoprenaline sulphate B.P. Bottles of twenty-five cartridges—basic N.H.S. price 6/.

LOMUDASE

Each cartridge contains 0.01 Anson units of chymotrypsin and 0.1 mg. of isoprenaline sulphate B.P. Bottles of twenty-five cartridges—basic N.H.S. price 17/9d.

LOMULIZER

Complete with carrying pouch—basic N.H.S. price 8/3d.

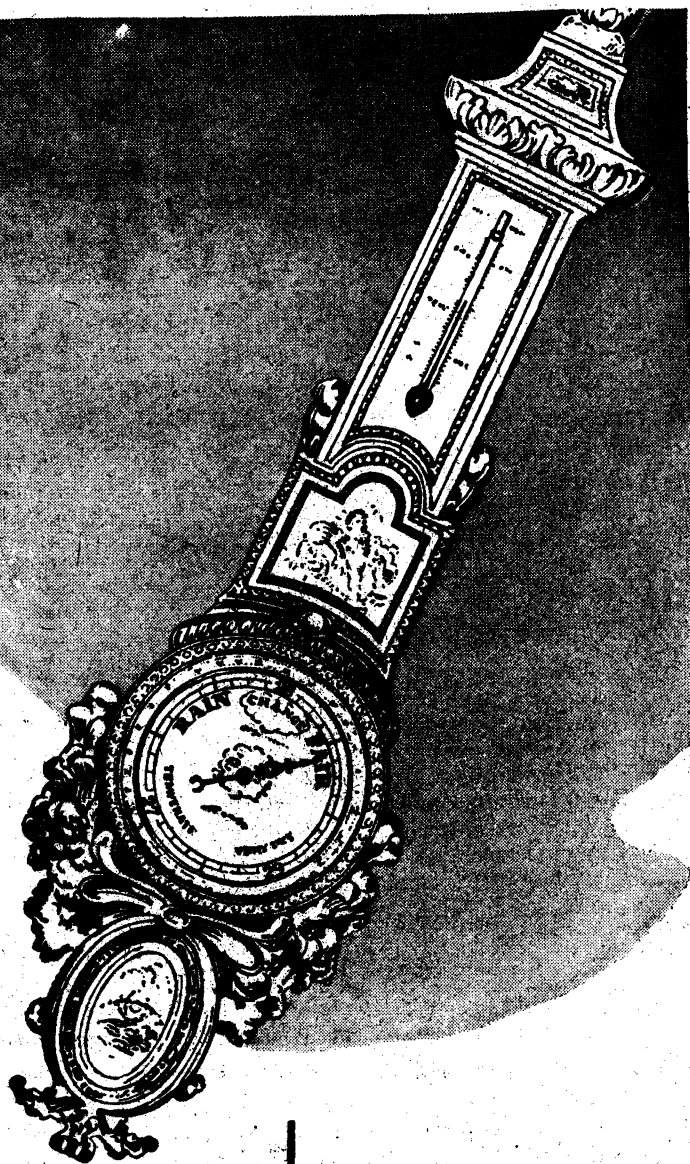

Lomu, Lomudase, Lomupren, Lomulizer are trade marks, property of the manufacturers—patents pending.

the HIGH PEAK

oral penicillin

BROXIL

(BRL 152)

BROXIL produces a greater concentration of antibiotic in the blood after oral administration than any other oral penicillin. It produces blood level peaks two to three times as high as those following oral potassium penicillin V, and at least equal to those following intramuscular injections of penicillin G.

BROXIL has an antibiotic spectrum similar to other forms of penicillin.

BROXIL is the first of the new antibiotics prepared from the penicillin "nucleus" — 6-aminopenicillanic acid — isolated in the Beecham Research Laboratories.

BROXIL (BRL 152) is the potassium salt of 6-(α -phenoxypropionamido)penicillanic acid

DEEP SKIN PENETRATION IN ARTHRITIS AND RHEUMATISM

NICOTINIC, SALICYLIC AND
p-AMINOBENZOIC ACIDS in Ester form

IN CASES of soft-tissue rheumatism, and arthritic disorders, many doctors are tending more and more to regard Transvasin as an indispensable adjuvant to treatment.

For Transvasin is composed of the esters of nicotinic, salicylic and p-aminobenzoic acids. These esters readily pass the skin barrier in therapeutic quantities, and so enable an effective concentration of drugs to be built up where they are needed.*

Transvasin not only induces vasodilatation of the skin with a superficial erythema, but also brings about a deep hyperaemia of the underlying tissues. It is non-irritant and can be safely used on delicate skins.

It is now being widely prescribed, with successful clinical results. Since a very small quantity is sufficient for each application, the cost of treatment is extremely low.

IN MEDICAL EMERGENCIES.....

It is the general practitioner, rather than the Casualty Officer, who is called to treat the Home Emergency...

- * the patient who alarms his family by becoming confused after a few days of influenza...
- * the patient who cannot be roused in the morning, and who is known to have been taking barbiturates for sleeplessness...
- * the puerperal patient who suddenly becomes disorientated...
- * the post-gastrectomy patient whose convalescence fails to progress...
- * the cardiac case who does not improve on digitalis, salt-restriction and rest...

... these are merely a few examples of induced tissue deficiencies for which PARENTROVITE, containing massive concentrations of the B and C vitamins, may provide the answer.

The formula of PARENTROVITE is based on the fact that normal cerebral function depends on the oxidation of glucose, and that any interference with the underlying biochemical mechanisms can cause symptoms of mental disturbance. Severe infections, burns, trauma, surgical operations and stresses of all kinds can be as potent as drugs or alcohol in causing interference with the enzyme systems responsible for glucose oxidation and resultant failure of return to health.

To reverse such changes, and to restore normal cerebral function, massive doses of the B vitamins and ascorbic acid are needed—doses out of all proportion to normal nutritional needs. The vitamins are here used not as nutrients, but as potent drugs employed pharmacologically.

Parentrovite

**clinical use continues to endorse 'Saluric'
as the oral diuretic of choice**

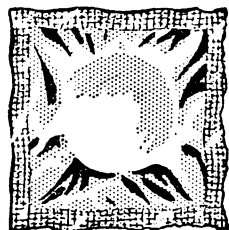

The cost of treatment with 'Saluric' (chlorothiazide) has again been substantially reduced. The United Kingdom N.H.S. basic cost is now 4s. 6½d. per 12 x 0.5 G. tablets.

'Saluric' is a regd. trademark

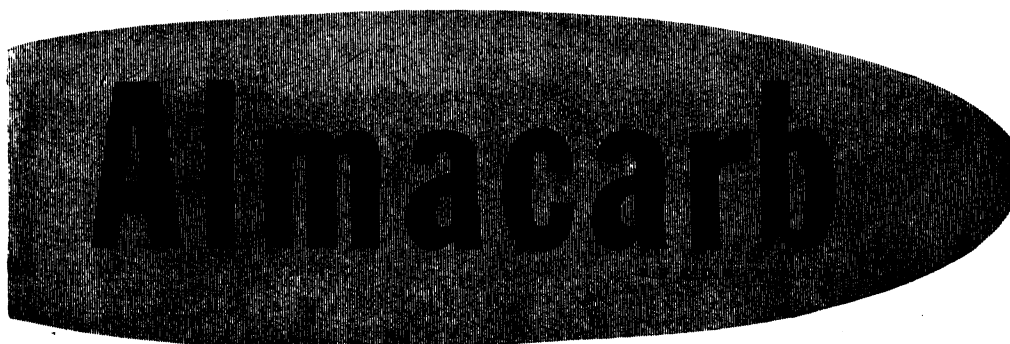

**Merck Sharp & Dohme Limited
Hoddesdon, Herts**

an improved

antacid preparation

'ALMACARB' tablets are prepared from an aluminium hydroxide-magnesium carbonate co-dried gel manufactured by an entirely new process (Brit. Pat. 812503). The result is a product of exceptional stability with a more rapid and prolonged acid-neutralising action than that of dried aluminium hydroxide gel either alone or in mechanical admixture with magnesium carbonate. 'ALMACARB' tablets sucked at regular intervals will ensure effective control of gastric acidity. Used in this way they are preferable to liquid antacids both for effectiveness and convenience. 'ALMACARB' tablets are unique because there is no loss of neutralising action either on processing or tableting.

DOSAGE

One tablet to be chewed as an initial dose and thereafter one tablet to be sucked slowly at regular intervals.

PACK

Individually foil wrapped tablets.

'Icipen'

TRADE MARK

in Chronic Bronchitis

.... "bronchitis caused the loss of 22 million working days among men in England and Wales, representing about a quarter of all male sickness incapacity."

The usefulness of a daily dose of 624 mgm. penicillin V as a long-term prophylactic measure in chronic bronchitis has been demonstrated in a recent report.*

The number of working days lost was approximately halved in the treated group as compared with a control group on inert treatment.

'Icipen' is especially suitable for pro-

phylaxis. Each tablet (scored) contains 300 mgm. (0.5 m.u.) penicillin V as potassium salt, the most efficient oral penicillin available.

The basic N.H.S. cost of one day's prophylaxis, namely, one tablet b.d. is 1/10d. This represents a substantial saving in cost as compared with other antibiotics.

**Brit. med. J., 1960, i, 297*

A HIGHLY POTENT PROGESTATIONAL AGENT

'SECROSTERON' is a purely progestational agent, orally active and highly potent at a dosage level well below that of ethisterone. For all cases of premenstrual tension, threatened abortion, subfertility, menorrhagia in ovulatory cycles, metropathia hæmorrhagica, dysmenorrhœa, amenorrhœa and habitual abortion.

There is no œstrogenic or androgenic action with 'Secrosteron' and treatment brings about true secretory changes in the endometrium.

THE NEWEST NAME IN STEROIDS

DOSAGE: 'Secrosteron' dosage schemes are simple. 5 mg. *three times daily* in all the cases mentioned above, except in the case of habitual abortion, when the dosage is 5 mg. *daily*.

Plaster of Paris Bandages

ARE STRONGER

Extensive tests under varying conditions have proved beyond doubt that Velroc Bandages produce the strongest casts.

MORE ECONOMICAL

Greater cast strength from each yard of Velroc Bandage means fewer bandages required — so cast making is quicker.

CLEANER, NON-IRRITANT

Velroc Bandages are much cleaner and more pleasant to use because the creamy plaster adheres so well to the cloth that only a negligible amount is wasted. Velroc Bandages contain no irritating resins.

AND THEY COST NO MORE!

With all these extra advantages, Velroc Bandages are no dearer than ordinary bandages.

MERCK SHARP & DOHME LIMITED · HODDESDON · HERTS

New approach to PSORIASIS

Hitherto intractable—now good response to **alphosyl**

THOUGH modern medicaments have brought almost dramatic relief to many forms of skin affection, Psoriasis has so far remained intractable. Its aetiology continues to baffle investigation: many forms of tried therapy have yielded only partial or temporary results.

Now ALPHOSYL—after extensive clinical trials—shows promise of bringing total clearances in many cases of Psoriasis.

In ALPHOSYL, for the first time, are presented in combination two powerful and proved agents: allantoin and a specially refined coal tar extract. The synergistic effects of these medicaments result in rapid clearance of the condition itself and positive stimulation of the healing processes.

ALPHOSYL LOTION combines these two valuable agents in one preparation and has yielded good clinical results where other medications have failed.

Clinical Properties

ALPHOSYL LOTION

relieves the condition and promotes healing by breaking up the horny layer of psoriatic skin, removing non-viable tissue and combating both the scaling and underlying erythema and induration.

has produced successful results in cases of psoriasis when the whole of the body has been affected from scalp to toe, in cases of many years' duration or when tender areas such as the anogenital and sub-mammary regions are affected.

is notably safe to use. The potential hazards of other forms of treatment—arsenic, mercury, corticosteroids, X-rays—are avoided. No irritation has been observed in any case of psoriasis treated with ALPHOSYL, even those involving tender regions.

does not produce tolerance. Patients continue to benefit from prolonged therapeutic or maintenance applications.

is a welcome advance cosmetically, as it is pleasant to use, non-greasy, non-staining, and vanishes on application to the skin. It may be used freely on the scalp, and is ideal for day or night use.

The impressive successes obtained with ALPHOSYL indicate that it deserves a trial in all cases of Psoriasis—no matter how extensive the area of affection, how long the duration of the condition, or whatever the therapy previously used.

ADHESIVE BANDAGING WITHOUT SKIN IRRITATION

PoroPlast considerably reduces the risk of skin irritation which often associates with the use of ordinary elastic adhesive bandages. It contains no rubber and none of the irritating natural resins or solvents usually embodied in adhesive plaster.

Consequently PoroPlast can remain in situ for long periods without causing irritation, and it has been well tolerated even on very sensitive skins.

PoroPlast is porous and has the same characteristics of elasticity, stretch and compression as ordinary elastic adhesive bandages. Its price is the same. It can be prescribed on N.H.S. In rolls 3" and 2½" wide (5-6 yards stretched). Sample roll of PoroPlast on request.

Nebrinal

WANDER

relaxant-
hypnotic
reproduces
the normal
sleep pattern

FORMULA

Each tablet contains—
Pentobarbitone 50 mg.
Mephenesin B.P. . . . 225 mg.
Schedule 4

PACKS

Bottles of 50 and 250.

PRICE

Basic N.H.S. cost,
4/- for 50 tablets.

DOSEAGE

Average adult dose:
for insomnia—2 tablets;
up to 4 tablets may be taken
in severe cases.
For general sedation—

Nebrinal is a balanced combination of muscle-relaxant mephenesin and intermediate-acting pentobarbitone, presented in the form of specially designed 'timed-release' tablets to provide 'tapered' dosage.

The outer layer of the tablet rapidly releases about two-thirds of the two drugs to induce relaxation and sleep; the balance of the drugs is released from the inner core 3 to 4 hours later to sustain relaxed sleep on a reduced dosage.

The amount of barbiturate to be inactivated at any one time is thus kept low.

Nebrinal provides:

INDUCTION OF SLEEP

through relaxant *plus* hypnotic action

SUSTAINED EFFECTIVENESS

through 'timed-release' action

REFRESHED AWAKENING

WITHOUT 'HANGOVER'

through 'tapered' dosage

SAUNDERS BOOKS

Moore's METABOLIC CARE OF THE SURGICAL PATIENT

A new and most outstanding book, by a world-famous authority, that gives effective answers to common bedside problems of Surgical Metabolism. It deals with the management of most of the metabolic situations encountered in general surgery, plus many seen in urology, orthopaedics and neurosurgery. Emphasis is directed entirely toward care of the patient—with the investigative and clinical approaches to surgical metabolism merged at the bedside.

By Francis D. Moore, *Moseley Professor of Surgery, Harvard University Medical School.*

1011 pages, 143 illus. £7.

Christopher's MINOR SURGERY—New (8th) Edition

An up-to-the-minute revision of a famous book that is known the world over.

By Alton Ochsner, *Professor of Clinical Surgery, Tulane University*; and Michael DeBakey, *Professor of Surgery, Baylor University.*

539 pages, 347 illus. £3 13s. 6d.

Levine and Harvey's CLINICAL AUSCULTATION OF THE HEART—New (2nd) Ed.

A book which, taking advantage of all the newest information, makes accurate and meaningful use of the stethoscope more feasible than ever.

By Samuel A. Levine, *Clinical Professor of Medicine, Harvard University*; and W. Proctor Harvey, *Assistant Professor of Medicine, Georgetown University.*

657 pages, 660 illus. £3 17s. 0d.

Davenport's HISTOLOGICAL AND HISTOCHEMICAL TECHNIQS

Designed as a basic textbook and reference volume presenting both the theory and techniques involved in the laboratory preparation and study of tissues. Information is arranged by the laboratory methods involved in the preparation of the specimens, rather than by the nature or classification of the specimens themselves.

By Harold A. Davenport, *Professor of Anatomy, Northwestern University, Chicago.*

401 pages, 27 illus., £2 9s. 0d.

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose (unless otherwise specified) one copy each of 3 recent testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

House Officers should submit a separate application for each post for which they apply.

Canvassing of members of the Board or Advisory Appointments Committee will lead to disqualification (Statutory Instrument 1950, No. 1259, N.H.S.).

*SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.

A fully registered medical practitioner who is liable for National Service must obtain deferment of recruitment in writing from the Central Medical Recruitment Committee or (in Scotland) the Scottish Central Medical Recruitment Committee before accepting any civilian appointment.

The position of provisionally registered medical practitioners who are liable for National Service has been made clear in a notice sent to them by the Ministry of Labour and National Service.

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

Registrar Grades, Whole-time

(a) **REGISTRAR**: Posts obtained normally not less than two years after registration as a medical practitioner and held normally for two years: £972 8s. per annum in the first year; £1,103 19s. per annum in the second and any subsequent years. If the post is resident a deduction of £170 per annum is made.

(b) **SENIOR REGISTRAR**: Posts obtained normally not less than four years after registration as a medical practitioner and held normally for four years; £1,258 8s. per annum in the first year; £1,372 16s. per annum in the second year; £1,487 4s. per annum in the third year; £1,601 12s. per annum in any subsequent years. If the post is resident a deduction of £200 per annum is made.

Other Grades, Whole-time

(a) HOUSE OFFICERS:

(i) **Provisionally registered medical practitioners**: £486 4s. per annum for the first post held; £543 8s. per annum for the second and all subsequent posts held;

provided that the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that the remuneration of any officer holding his first post in the National Health Service as a House Officer shall be £543 8s. per annum if they are satisfied that the officer has held at least one hospital post outside, of not less than six months' duration, involving clinical responsibilities equivalent to those of house posts in the National Health Service and supervised by appropriate specialist staff.

(ii) **Fully registered medical practitioners**: £600 12s. per annum for any post held; provided that in exceptional circumstances, subject to the consent of the Minister, this rate may be exceeded by up to £50 per annum where a post cannot be filled otherwise.

In each case under sub-sections (i) and (ii) above, a deduction of £125 per annum in respect of board and lodging and other services provided shall be made and each post shall be tenable for six months.

(b) **SENIOR HOUSE OFFICER**: Posts obtained by fully registered medical practitioners, and held normally for one year only: £852 6s. per annum. If the post is resident a deduction of £150 per annum is made.

(c) **JUNIOR HOSPITAL MEDICAL OFFICER**: Officers who have held house appointments but who are neither Senior House Officers nor in one of the registrar grades, who have less responsibility than other hospital officers of non-consultant status, and who have been appointed for a limited or an indefinite period, not less than one year after full registration as a medical practitioner: £886 12s. by £57 4s. to £1,229 16s. per annum. If the post is resident a deduction of £170 per annum is made.

The candidate appointed will undertake clinical work in the School Health and Child Welfare Services under the direction of the County Medical Officer of Health, and will be required to perform such other duties as may from time to time be prescribed. The salary scale is £1,150 by £60 to £1,510 by £65 to £1,640, and the Local Authority may, at its discretion, take account of previous professional experience when determining the commencing rate. The appointment will be terminable by three months' notice in writing on either side, and subject to the provisions of the appropriate Superannuation Acts and Regulations, in which connection the selected candidate must pass a medical examination and submit his or her birth certificate. Assistance is given towards removal expenses, and there is a lodging allowance when an officer cannot transfer his home immediately. It is also probable that suitable candidates could be considered for an assisted D.P.H. course later on. Forms of application may be obtained from the County Medical Officer, County Buildings, Stafford, to whom they should be returned, when completed, not later than March 7, 1960.—T. H. Evans, Clerk of the County Council, County Buildings, Stafford. (3823)

SURREY COUNTY COUNCIL**APPOINTMENT OF ASSISTANT MEDICAL OFFICERS**

Applications are invited from candidates possessing the Diploma in Public Health and/or Child Health, for duties in the School Health and Maternity and Child Welfare Services. Salary according to experience on scale £1,150 by £60 to £1,510 by £65 to £1,640. The appointments are subject to the provisions of the Local Government Superannuation Acts, 1937-53, and to three months' notice on either side. Application form from County Medical Officer, County Hall, Kingston-upon-Thames, to be returned by March 9, 1960. (4069)

WEST RIDING OF YORKSHIRE COUNTY COUNCIL**SENIOR MEDICAL OFFICER (Mental Health)**

Copies of the scheme for the development of the County Council's Mental Health Service can be supplied to registered medical practitioners who wish to apply for the appointment of Senior Medical Officer, the salary being on the scale £1,660 by £65 (4) and £70 (4) to £2,200. The officer appointed will be directly responsible to the undersigned, and the primary duties, largely administrative, will be the development of a new and extensive scheme for mental health, involving close co-operation with hospitals, general practitioners and divisional medical officers. The post is superannuable and subject to a satisfactory medical examination. Applications, giving the names and addresses of three referees, to be forwarded by March 7, 1960, to Ronald W. Elliott, County Medical Officer, County Hall, Wakefield. (3983)

Public Health—contd.**WEST SUSSEX COUNTY COUNCIL****SENIOR MEDICAL OFFICER**

Senior Medical Officer (male or female). Salary scale £1,660 to £2,200. This is mainly an administrative appointment and the successful applicant will have experience in the work of all branches of a County Health Department. It should offer useful training for a post of greater administrative responsibility. Application forms may be obtained from the County Medical Officer, County Hall, Chichester, to whom they must be returned by March 7, 1960.—T. C. Hayward, Clerk of the County Council. (3759)

WEST SUSSEX COUNTY COUNCIL**ASSISTANT COUNTY AND SCHOOL MEDICAL OFFICER**

Applications are invited for the above appointment in the Horsham and Crawley areas. The duties will be concerned mainly with the School Health Service, but may include some Maternity and Child Welfare work. The salary will be £1,150 by £60 to £1,510 by £65 to £1,640, together with travelling and maintenance allowances in accordance with the County Council's scale. Application forms and particulars of the appointment can be obtained from the County Medical Officer, County Hall, Chichester, by whom all applications, endorsed A.C.M.O. on envelope, should be received not later than March 7, 1960.—T. C. Hayward, Clerk of the County Council. (3758)

GOVERNMENTAL**DEPARTMENT OF HEALTH FOR SCOTLAND****MEDICAL ADVISER****Disabled Persons (Employment) Acts**

Applications are invited from registered medical practitioners who have had experience of rehabilitation for an appointment as Medical Adviser, under the Disabled Persons (Employment) Acts, to the Ministry of Labour on the resettlement in employment of disabled people in Scotland. Duties include the development of co-operation between hospital and general practitioner services provided under the National Health Service Act and the services provided by the Ministry of Labour for industrial rehabilitation, training and employment of the disabled; advice on medical services in Government Training Centres and Industrial Rehabilitation Units. Opportunities for research into the problem of the disabled in industry are also available. The appointment is half-time at a salary of £1,625 per annum, and the post is unestablished. Further information and application forms from Establishment Officer, Department of Health for Scotland (Room 30), St. Andrew's House, Edinburgh, 1. Closing date March 19, 1960. (4272)

COMMERCIAL APPOINTMENTS

WARD, BLENKINSOP AND COMPANY LTD. require another doctor in the Medical Department. The department is responsible for organizing clinical trials, medical information, compiling product literature, and for the training and guidance of the Company's medical representatives. Candidates should be aged 25/35, with at least 18 months' clinical experience, preferably including some general practice, and be able to reconcile the professional and the commercial aspects of medical therapeutics. The appointment is full-time. Salary according to qualifications, age and experience, with good prospects. Applications to Medical Adviser, Ward, Blenkinsop and Co., Ltd., 37, Queen Square, W.C.1. (4252)

INDUSTRIAL APPOINTMENTS

Attention is drawn to the B.M.A. statement of policy on the remuneration of Industrial Medical Officers (as approved by the Annual Representative Meeting, 1958), which is available on request from the Secretary.

APPLICATIONS ARE INVITED FROM registered medical practitioners between 30 and 40 years of age for a part-time Medical Officer to Associated Feed Manufacturers Limited, Belfast. The successful candidate will be required to undertake the health supervision of a factory community in Belfast and to advise management on problems concerning the health and well-being of the industrial community. The work will require approximately 5-6 hours a week of the doctor's time and the salary will be in accordance with the B.M.A. scale. The short list of those invited to attend for interview will be made out from the letters of application. Candidates are therefore asked to give details of their career and experience, including their reasons for wishing to practise industrial medicine. Two persons to whom reference may be made should be included. Applications should be submitted not later than March 9 to the Principal Medical Adviser, Unilever House, Blackfriars, London, E.C.4. (4001)

APPLICATIONS ARE INVITED FROM registered medical practitioners between 28 and 35 years for the full-time post of Medical Officer to join the staff in the Medical Department at the head office of Unilever Limited in London. The successful candidates will be required to assist (a) in the health supervision of a large clerical staff, a considerable proportion of whom are adolescents, (b) in the medical examination of candidates for home and overseas appointments, (c) in the re-examination of employees and their families on home leave from temperate and tropical climates, and (d) by giving advice to management on problems with regard to the health and well-being of the working community. Candidates should have a good standard of clinical medicine combined with an interest in preventive and industrial medicine. Experience in general practice and tropical medicine would be an advantage. Salary will be in accordance with experience, qualifications and age, and will be not less than that set out in the B.M.A. scale. The list of those invited to attend for interview will be made out from the letters of application. Candidates are therefore asked to give full details of their training and experience, including their reasons for wishing to make a career in industrial medicine. The names of three persons to whom reference may be made should also be included. Applications should be submitted not later than March 10 to the Principal Medical Adviser, Unilever House, Blackfriars, London, E.C.4. (4384)

REPUBLIC OF IRELAND**WESTMEATH COUNTY COUNCIL****RESIDENT MEDICAL OFFICER**

Resident Medical Officer required immediately at County Hospital, Mullingar. Salary £12 a week for the first year, rising to £14 a week for the second year. A deduction of £169 per annum will be made in respect of board and apartments. Credit will be given for previous service in a recognized hospital. Applications should be forwarded to the County Secretary, County Clinic, Mullingar, immediately. (4382)

Oversea (Vacant)—contd.

**BURROUGHS WELLCOME & COMPANY (AUSTRALIA) LIMITED
ASSISTANT TO THE MEDICAL DIRECTOR**

Burroughs Wellcome & Company (Australia) Limited invite applications from qualified medical practitioners for the position of Assistant to the Medical Director.

The appointee will be responsible to the Medical Director and will assist him in maintaining and extending the functions of the Medical Department, and in particular in developing the information services to the medical profession and to the Company.

The functions of the Medical Department may be summarized as follows:

- To co-operate with University Departments, Teaching Hospitals, and Research Institutes in the advance of clinical research, particularly in respect of substances developed by the Wellcome Research Laboratories.
- To maintain contact with research overseas in the fields of medicine and pharmacology.
- To develop information services to the medical profession in Australia and in New Zealand.
- To provide medical information and guidance to B.W. & Co. in Australia and in New Zealand.
- To assist in the training and instruction of medical representatives of B.W. & Co. in Australia and in New Zealand.
- To maintain an adequate survey of medical and pharmacological literature.
- To maintain and extend the goodwill and liaison B.W. & Co. has with the medical and allied professions.

The position of Assistant to the Medical Director is one of responsibility, and the Company requires a physician of good standing in the profession, preferably with a higher qualification. He should be genuinely interested in all aspects of clinical medicine, in pharmacology, and in its application to treatment.

The Assistant to the Medical Director will have his office in Sydney, New South Wales, Australia, but, from time to time, he will be required to visit centres in other States, and periodically may be expected to visit the Wellcome Research Laboratories and Medical Departments in Great Britain and in the United States of America.

The salary offered will be not less than £A.2,500, and will be in accordance with qualifications and experience.

The Assistant to the Medical Director will be eligible for generous superannuation benefits.

Applications should be addressed to:

The Managing Director,
Burroughs Wellcome & Co. (Aust.), Ltd.,
G.P.O. BOX 1485,
SYDNEY, N.S.W., AUSTRALIA

BERMUDA**MALE MEDICAL OFFICER**

required for general clinical duties, including the treatment of women, children, police, prisoners, and inmates of mental hospital. Candidates must possess qualifications registrable in United Kingdom and have had some three years' postgraduate experience, including experience in tuberculosis. Salary £1,800 per annum. Cost-of-living allowance 25% of salary. No income tax. Appointment on agreement for three years. Partly furnished quarters at rental of 15% of salary. Passages of up to £125 each provided for officer and wife. Up to two additional adult passages for dependent children under 18 years. Application forms from Director of Recruitment, Colonial Office, London, S.W.1 (quoting BCD.117/29/03). (4286)

GOVERNMENT OF BASUTOLAND**MALE SURGICAL SPECIALIST**

with higher qualifications in surgery required to perform major surgery at Maseru and possibly in district hospitals. Appointment may be initially (a) from National Health Service, officer retaining superannuation rights and receiving gratuity (taxable) of 20% of aggregate salary; or (b) on contract with gratuity (taxable) of 12½% of basic salary; with prospect of permanency, in which case gratuity would have to be forfeited. Salary £2,200 a year. Education allowance payable for children educated outside Protectorate—£120 a year for one child, £216 for two, and £288 for three, subject to fees equaling or exceeding these amounts. (Overseas applicants may send a brief preliminary application by air mail letter.) (4283)

ROYAL FREE HOSPITAL SCHOOL OF MEDICINE, Hunter Street, London, W.C.1

Applications are invited from registered medical practitioners for a **LECTURESHIP in the Medical Professorial Unit** from May 1, 1960. The appointment will be for a three-year term, and will carry the status of Senior Registrar at the hospital. Salary £1,150 by £100 to £1,750 per annum, with superannuation benefits and family allowances. Applications (eight copies), with names of two referees, not later than March 12, 1960, to Secretary, at above address, from whom further particulars may be obtained. (4359)

THE HOSPITAL FOR SICK CHILDREN Great Ormond Street, London, W.C.1

Applications are invited for the vacancy of **RESEARCH PATHOLOGIST** to work on problems of neoplastic disease in childhood, with particular reference to experimental aspects. Vacancy for one year in the first instance. Salary on Senior Registrar or S.H.M.O. scale, according to experience of successful applicant. Further particulars and forms of application, to be returned by March 21, 1960, obtainable from the House Governor. (4330)

THE PHARMACEUTICALS DIVISION, Imperial Chemical Industries Limited, has a vacancy of a senior nature for a qualified medical practitioner, under 35 years of age, in connexion with the investigation of pharmaceutical products at home and overseas. Practical experience of clinical medicine to the registrar or senior registrar level is essential. A higher qualification and knowledge of one or more foreign languages would be an advantage. The starting salary will be in accordance with qualifications and experience. Applications, with full particulars, should be addressed to the Staff Manager, Imperial Chemical Industries Limited, Pharmaceuticals Division, Fulshaw Hall, Wilmslow, Cheshire. (4383)

THE MIDDLESEX HOSPITAL MEDICAL SCHOOL**LEVERHULME RESEARCH SCHOLARSHIP IN CLINICAL MEDICINE**

Applications are invited for a Leverhulme Research Scholarship value £1,000 per annum, plus superannuation and family allowances. The scholar must satisfy the Middlesex Hospital Medical School that the major part of his time will be spent in research, but he may be allowed to hold other appointments. The work may be related to any branch of medicine, must be essentially clinical, and will be carried out in the Institute of Clinical Research attached to the Middlesex Hospital Medical School. Applications, with the names of two referees, and a summary of the proposed work, should reach the Secretary of the Institute of Clinical Research, The Middlesex Hospital Medical School, 40, Hanson Street, London, W.1, not later than March 31, 1960. (4321)

THE UNIVERSITY OF LEEDS Department of Pathology

Applications are invited from registered medical practitioners for appointment as

SENIOR LECTURER IN HAEMATOLOGY

at a salary on the scale £2,000 by £100 to £2,550, according to qualifications and experience. Duties of this new post will include teaching and research and charge of the haematological diagnostic work for the Leeds General Infirmary. Consideration will be given to the granting of honorary consultant status to an applicant of suitable experience. Applications (three copies), stating date of birth, qualifications and experience, together with the names of three referees, should reach the Registrar, the University, Leeds, 2 (from whom further particulars may be obtained), not later than March 31, 1960. (4238)

THE UNIVERSITY OF LEEDS Department of Pathology

Applications are invited from registered medical practitioners for appointment as

LECTURER IN PATHOLOGY

at a salary on the scale £1,200 by £100 to £1,600 (efficiency bar) by £100 to £1,900, according to qualifications and experience. Duties will include teaching and research, and autopsies and surgical biopsies for the General Infirmary at Leeds. Applications (three copies), stating date of birth, qualifications and experience, together with the names of three referees, should reach the Registrar, the University, Leeds, 2 (from whom further particulars may be obtained), not later than March 31, 1960. (4273)

THE UNIVERSITY OF LIVERPOOL

Applications are invited for the post of **ASSISTANT LECTURER or LECTURER in the Department of Pathology**

The salary range for an Assistant Lecturer is £900 to £1,100 per annum, the initial salary for a Lecturer will be within the £1,200 to £1,600 per annum, according to qualifications and experience. Applications, stating age, academic qualifications and experience, and quoting reference CV/BM1, together with the names of three referees, should be received not later than March 19, 1960, by the Registrar, from whom further particulars of conditions of appointment may be obtained. (4211)

THE UNIVERSITY OF LIVERPOOL

Applications are invited from non-medically qualified candidates for the post of

ASSISTANT LECTURER IN ENDOCRINE BIOCHEMISTRY

to work in the University Endocrine Unit at the Liverpool Radium Institute. The salary will be within the range £700 to £850 per annum, according to age, qualifications and experience. Applications, stating age, academic qualifications and experience, together with the names of three referees, and quoting reference CV/BM, should be received not later than March 19, 1960, by the Registrar, from whom further particulars of the conditions of appointment may be obtained. (4212)

THE UNIVERSITY OF LIVERPOOL**ROBERT JONES TRAVELLING RESEARCH FELLOWSHIP IN ORTHOPAEDIC SURGERY**

Applications are invited for a Robert Jones Travelling Research Fellowship in Orthopaedic Surgery. The Fellowship will be of the value of £1,000, and will be tenable for one year, a substantial proportion of which must be spent in travel abroad. During the remainder of the year the holder will be free to accept other appointments, but he will be required to submit a report on his foreign travel and his research at the end of the year. Candidates are invited to outline the course of study or programme of research they desire to pursue and the orthopaedic centre or centres they propose to visit, but the submission of such a programme is not essential. Applications, stating age, qualifications and experience, together with the names of two referees, should be received before April 13, 1960, by the undersigned.—Stanley Dumbell, Registrar. (4213)

THE UNIVERSITY OF MANCHESTER

Applications are invited from candidates with medical qualifications registrable in this country for the full-time post of

SENIOR LECTURER IN PATHOLOGY

The successful applicant will be required to participate in the biopsy and necropsy services of the Manchester Royal Infirmary, and the Board of Governors of the United Manchester Hospitals may be prepared to grant the status of Honorary Consultant to the person appointed. Salary on a scale rising to £2,400 per annum. Initial salary according to qualifications and experience. Membership of the F.S.S.U. and Children's Allowance Scheme. Applications should be sent, not later than March 12, 1960, to the Registrar, The University, Manchester, 13, from whom further particulars and forms of application may be obtained. (3531)

University and Research**Appointments, etc.—contd.****THE UNIVERSITY OF SHEFFIELD**

Applications are invited from medically qualified persons for the following posts:

(a) LECTURER IN ANATOMY**(b) DEMONSTRATOR IN ANATOMY**

to begin duties on October 1, 1960. Salary scales: Lecturer, £1,200 by £100 to £1,900. Demonstrator, £900 by £50 to £1,100, with F.S.S.U. provision and family allowance. Initial salary on either scale according to qualifications and experience. A grant towards removal expenses will be made. Further particulars may be obtained from the Registrar, to whom applications (10 copies for the Lectureship, four copies for the Demonstratorship) should be sent by April 2, 1960. Applications should be accompanied by copies of three recent testimonials. (3859)

THE WELSH NATIONAL SCHOOL OF MEDICINE (University of Wales)**LECTURER IN PATHOLOGY**

Pathologist required to engage mainly in forensic medicine under supervision. The appointment is full-time and the salary will be within the range £1,450 by £100 to £1,950 per annum, depending on qualifications and experience, with participation in the superannuation and family allowance schemes. There are facilities for research. Further particulars may be obtained from the undersigned, by whom applications should be received within three weeks of the appearance of this advertisement.—F. Dodsworth, Secretary, 34, Newport Road, Cardiff. (4231)

UNIVERSITY OF BELFAST

The Senate of the Queen's University of Belfast invites applications from graduates in science for a **LECTURESHP IN MICROBIOLOGY** from October 1, 1960. Salary is in the range £900 to £1,650, plus F.S.S.U. Initial placing on the scale will depend on experience and qualifications. Applications should be received by April 30, 1960. Further particulars may be obtained from G. R. Cowie, M.A., LL.B., J.P., Secretary. (4393)

UNIVERSITY OF EDINBURGH**LECTURESHP IN PATHOLOGY**

Applications are invited for the post of Lecturer in the Department of Pathology. Salary scale £900 by £100 to £1,300, bar, £1,400 by £100 to £1,900 per annum, with placement according to qualifications and experience, and with superannuation benefit and family allowance where applicable. Further particulars may be obtained from the undersigned, with whom applications (six copies), giving the names of two referees, should be lodged not later than March 31, 1960.—Charles H. Stewart, Secretary to the University. (3974)

UNIVERSITY OF EDINBURGH**STUDENTSHIPS AND FELLOWSHIPS**

Studentships and Junior and Senior Fellowships, open to graduates of any University, and tenable in the Faculties of Divinity, Law, Medicine, Arts, Science, and Music of the University of Edinburgh, will be available for award in session 1960-1. Up to six awards may be made. The value of a Postgraduate Studentship is £300; if renewed for a second and third year £320 and £340 respectively. The value of a Junior Fellowship is £500; if renewed for a second and third year £550 and £600 respectively. The value of a Senior Fellowship is £750; if renewed for a second and third year £800 and £850 respectively. Educational and Lectures—contd.

THE UNIVERSITY OF GLASGOW
and the
ROYAL FACULTY OF PHYSICIANS
AND **SURGEONS**
Postgraduate Medical Education Committee

REFRESHER COURSE FOR GENERAL PRACTITIONERS

A Refresher Course of one fortnight's duration designed for general practitioners will be held from May 16 to 28, 1960. The greater part of the course will comprise clinical demonstrations, ward visits, and lectures in General Medicine, General Surgery, and Obstetrics, but sessions on Infectious Diseases, Child Health, Ophthalmology, Dermatology, Urology, Otorhinolaryngology, etc., will also be included. N.H.S. practitioners may, under certain conditions, be eligible for Government grant; for others, the fee is £10 10s. Since the number admitted to the Course is limited, early application should be made to the Convener of the Postgraduate Medical Education Committee, the University, Glasgow, W.2, from whom the syllabus and further information may be obtained. (4254)

UNIVERSITY OF LONDON

A course of two lectures entitled "Amino-Acid Sequences in Proteins" will be delivered by Dr. F. Sanger (Cambridge) at 5.15 p.m. on March 8 and 11, at the London School of Hygiene and Tropical Medicine, Keppel Street, Gower Street, W.C.1. Admission free, without ticket.—James Henderson, Academic Registrar. (4336)

BIOCHEMISTS

Rochdale and District Hospital Management
Committee

The whole-time post of **Biochemist** to the Rochdale Group of Hospitals is now vacant, and applications will be considered at Senior or Basic Grade level according to qualifications and experience. The successful applicant will be required to work under the Consultant Pathologist and to carry out biochemical work for the hospitals and clinics of the group. A new Department of Pathology with a Biochemical Laboratory has recently been opened. Further details may be obtained from the Group Pathologist, Birch Hill Hospital, Rochdale. Commencing salary dependent on qualifications and experience, rising to a maximum of £1,550 per annum (senior grade). Applications should be made, as soon as possible, on forms obtainable from Group Secretary, Central Offices, Birch Hill Hospital, Rochdale, Lancs. (3102)

SITUATIONS VACANT

Ministry of Health require Technical Officer II (age 30 to 35) for the Inspectorate in London. Duties involve technical work in a section connected with the purchase of laboratory equipment, glassware, and allied stores, and also with development of new laboratory equipment. Applicants should hold the Higher National Certificate in Chemistry or Fellowship of the Institute of Medical Laboratory Technology. Practical experience (preferably for about 10 years) or hospital laboratory or similar work is essential. Salary scales for men are £885 to £1,070 (National), plus appropriate London Weighting, those for women are somewhat lower, but will achieve parity with men by January 1, 1961. National Health Service Superannuation applies. Written applications, giving date of birth, full details of qualifications and experience of posts held (including dates), should be sent to the Secretary, Establishment Division, Ministry of Health, Savile Row, London, W.1, not later than March 7, 1960. (4338)

SEMI-DISPLAYED ADVERTISEMENTS are charged £7 per single column inch and pro rata.

MEMBERS ABROAD. Copies of vacancies advertised in the "Journal" can be sent by AIR MAIL. The minimum cost is 3s. per week, which covers up to three separate headings: additional headings 1s. each. Please state type of vacancy and remit to the Advertisement Director, B.M.J.

Every effort is made to ensure the accuracy of advertisements appearing in the Journal. No recommendation is implied by acceptance, and the British Medical Association reserves the right to refuse or interrupt the insertion of any advertisement.

REPLIES TO BOX NUMBERS. The names and addresses of advertisers under box numbers are held by us in strict confidence and cannot be disclosed. Each Box No. should be addressed separately. Two or more replies can be enclosed in one envelope, addressed to the Advertisement Director. They will be forwarded to the advertisers in plain envelopes.

Stands in extensive well-wooded grounds. Central heating and running water in all rooms. Moderate inclusive fees. All modern treatments, including psychotherapy.

ST. ANDREW'S HOSPITAL, NORTHAMPTON

For Nervous and Mental Disorders

President: The Earl Spencer. Medical Supt., Thomas Tennent, M.D., F.R.C.P., D.P.H., D.P.M. This registered hospital is situated in 130 acres of park and pleasure grounds. Voluntary patients who are suffering from incipient mental disorders or who wish to prevent recurrent attacks of mental trouble, temporary patients and certified patients of both sexes are received for treatment. Careful clinical, biochemical, bacteriological, and pathological examinations. Private rooms with special nurses, male or female, in hospital or in one of the numerous villas in grounds of the various branches can be provided. **MOULTON PARK.**—Two miles from the main hospital there are several branch establishments and villas situated in a park and farm of 650 acres. Milk, meat, fruit and vegetables are supplied to the hospital from the farm, gardens and orchards of Moulton Park. Occupational therapy is a feature of this branch and patients are given every facility for occupying themselves in farming, gardening and fruit-growing.

WANTAGE HOUSE.—This is a reception hospital in detached grounds, with a separate entrance to which patients can be admitted. It is equipped with all the apparatus for the complete investigation and treatment of Mental and Nervous Disorders by the most modern methods; insulin treatment is available for suitable cases. There is an Operating Theatre, a Dental Surgery, an X-ray Room, an Ultra-Violet Apparatus, and a Department of Diathermy and high-frequency treatment. It also contains laboratories for biochemical, bacteriological and pathological research. Psychotherapeutic treatment is employed when indicated.

BRYN-Y-NEUADD HALL.—The seaside house of St. Andrew's Hospital is beautifully situated in a park of 330 acres at Llanfairfechan amidst the finest scenery in North Wales. On the North-West side of the estate a mile of sea-coast forms the boundary. Patients may visit this branch for a short seaside change or for longer periods. The hospital has its own private bathing house on the sea-shore. There is trout-fishing in the park.

At all the branches of the hospital there are cricket grounds, football and hockey grounds, lawn tennis courts (grass and hard courts), croquet grounds, golf courses and bowling greens. Ladies and gentlemen have their own gardens, and facilities are provided for handicrafts such as carpentry, etc. For terms and further particulars apply to the Medical Superintendent (Telephone No.: Northampton 34354 (3 lines)), who can be seen in London by appointment.

SPRINGFIELD HOUSE, near BEDFORD Phone: Bedford 3417

For Mental Cases (including the aged). Fees from ten guineas per week. For terms of admission, etc., apply to the Resident Physician, Cedric W. Bower. Interviews in London by appointment.

MEDICAL PRACTICES ADVISORY BUREAU

APPOINTMENTS INFORMATION SERVICE

In light diets . . .

In light diets, as well as under more normal regimes, Lucozade fulfils a most valuable role, not only in abating thirst and protecting the mucosa of the mouth, but also in arousing the appetite and contributing to the retention of more solid food. Lucozade is especially useful in the diet of patients in whom nausea of pregnancy, dehydration, or other special conditions make it necessary to supply an easily tolerated, nutritious fluid intake.

Lucozade is lightly carbonated with an attractive golden colour and a pleasant citrus flavour. It contains 23.5% w/v Liquid Glucose and its energy value is 21 Calories per fluid ounce. It is supplied in 6 oz. and 26 oz. bottles.

Tancolin

the tangerine-flavoured
COUGH LINCTUS

Tancolin is specifically formulated for children between the ages of six months and twelve years. The pleasant tangerine flavour makes an immediate appeal even to the most unco-operative child patient.

Tancolin is freely prescribable on E.C.10 (Category 3/4). An ever-increasing demand indicates full acceptability as a treatment for the distressing cough associated with the Common Cold, Bronchospasm, Bronchitis and most Inflammatory and Catarrhal affections of the respiratory tract.

BRITISH PHARMACEUTICAL CODEX

1959

The seventh edition of the British Pharmaceutical Codex, recently published, provides the latest available information on the properties, standards, actions and uses, contraindications, dosage and formulation of nearly 1,000 medicinal substances in current use.

There are 70 new monographs — 78 new formulæ —
3 new appendixes

The Codex has been compiled by the aid of ten committees and subcommittees on which over 100 experts in their particular spheres have served. In addition approximately 50 specialists have prepared and commented on proposed new and amended formulæ.

Pp. xxix + 1301.

Price 70s. (Packing and postage 2s. 6d., overseas 4s.)
