

SAUNDERS BOOKS

Garrison—HISTORY OF MEDICINE

A collector's item—again available in a handsome new reprint.

Fourth Edition. This classic and unusual chronology of medicine, originally published in 1929, has been completely out of print for some 15 years. During this time, it has become a rare and sought after volume by physicians and medical bibliophiles. It is now available again in a limited reprint.

Reprint of Fourth Edition (1929). By the late FIELDING H. GARRISON, A.B., M.D., 996 pages, illustrated.

About £4 4s.

Gardner, Gray and O'Rahilly—ANATOMY: A regional Study of Human Structure

New! A significant contribution to medical education—an unusual anatomy text boldly designed to meet the changing needs of today's students. The approach is regional. Systemic considerations are included where pertinent in the regional discussions. Paris nomenclature of 1955 is used throughout, with older synonyms noted at least once. Basic anatomy is portrayed not as a static subject, but as an area in which knowledge is always advancing.

By ERNEST GARDNER, *Professor of Anatomy, Wayne University*; DONALD J. GRAY, *Professor of Anatomy, Stanford University*; and RONAN O'RAHILLY, *Associate Professor of Anatomy, Wayne University*.

999 pages, 568 line drawings and 64 radiographic plates. £5 5s.

1960 CURRENT THERAPY VOLUME—Today's Best Treatments

Concise describes to-day's most useful treatment measures for some 400 common disorders—effective methods contributed by 308 successful physicians from their daily practices.

Edited by HOWARD F. CONN, M.D. 808 pages.

£4 4s.

Davis-Christopher's TEXTBOOK OF SURGERY—New (7th) Edition

A sparkling new edition of the textbook and reference book which has long been famous for its reflexion of the best surgical practice in America. This outstanding revision will bring the reader completely up-to-date on the principles and procedures applicable in every field of surgery.

Edited by LOYAL DAVIS, *Professor and Chairman, Department of Surgery, Northwestern University*; with the collaboration of 82 American Authorities. 1,551 pages, 1,597 illus.

£5 19s. 0d.

“But that’s just the point, Mr. Baxter...”

... it's quite important to remember the difference between the two. Globin insulin contains a foreign protein, globin, to modify the action of the insulin, whereas I.Z.S. contains no protein or peptide, other than the insulin itself. Let me stress once again, gentlemen, that the prolonged effect of I.Z.S. depends entirely on the appropriate adjustment of the particle size of the zinc insulin compound. It is because the effect of I.Z.S. is independent of any modifying protein, that allergic reactions following its use are practically unknown. That is precisely why I.Z.S. is so suitable as the single daily injection of insulin in about 90 per cent. of diabetic patients. Any other questions ?”

DEEP SKIN PENETRATION IN ARTHRITIS AND RHEUMATISM

NICOTINIC, SALICYLIC AND p-AMINOBENZOIC ACIDS in Ester form

IN CASES of soft-tissue rheumatism, and arthritic disorders, many doctors are tending more and more to regard Transvasin as an indispensable adjuvant to treatment.

For Transvasin is composed of the esters of nicotinic, salicylic and p-aminobenzoic acids. These esters readily pass the skin barrier in therapeutic quantities, and so enable an effective concentration of drugs to be built up where they are needed.*

Transvasin not only induces vasodilatation of the skin with a superficial erythema, but also brings about a deep hyperaemia of the underlying tissues. It is non-irritant and can be safely used on delicate skins.

It is now being widely prescribed, with successful clinical results. Since a very small quantity is sufficient for each application, the cost of treatment is extremely low.

**Therapeutische Umschau* 1952, 8, 143

bed springs eternal

He feels as though he'll never leave his bed. As if 'the flu' was not uncomfortable enough, he now has to be frustrated by mental inertia, lack of appetite and general fatigue—the aftermath of illness.

For him as for so many 'run down' patients, COLLOTONE can do much to bridge the gap between recovery from illness and normal vitality. An easily assimilated tonic, it restores appetite, improves physical and mental tone, helps busy people to get up and about with a feeling of well-being.

COLLOTONE THE TONIC

Each fl. oz. (23 ml.) contains:

Nebrinal

WANDER

relaxant-
hypnotic
reproduces
the normal
sleep pattern

FORMULA

Each tablet contains—
Pentobarbitone 50 mg.
Mephnesin B.P. 225 mg.
Schedule 4

PACKS

Bottles of 50 and 250.

PRICE

Basic N.H.S. cost,
4/- for 50 tablets.

DOSAGE

Average adult dose:
for insomnia—2 tablets;
up to 4 tablets may be taken
in severe cases.

For general sedation—
1 tablet every 6 to 8 hours.

Nebrinal is a balanced combination of muscle-relaxant mephnesin and intermediate-acting pentobarbitone, presented in the form of specially designed 'timed-release' tablets to provide 'tapered' dosage.

The outer layer of the tablet rapidly releases about two-thirds of the two drugs to induce relaxation and sleep; the balance of the drugs is released from the inner core 3 to 4 hours later to sustain relaxed sleep on a reduced dosage.

The amount of barbiturate to be inactivated at any one time is thus kept low.

Nebrinal provides:

INDUCTION OF SLEEP

through relaxant plus hypnotic action

SUSTAINED EFFECTIVENESS

through 'timed-release' action

REFRESHED AWAKENING WITHOUT 'HANGOVER'

through 'tapered' dosage

NULACIN "has revolutionized the treatment of duodenal ulcer"

"This new method of the administration of antacids (Nulacin) has revolutionized the treatment of duodenal ulcer... milk drip is no longer part of our therapeutic stock in trade."

PROC. ROY. SOC. MED., December, 1958, 51, 1063

NULACIN tablets, when allowed to dissolve slowly in the mouth, provide intragastric milk-alkali drip therapy safely and effectively for both the bed-ridden and ambulant patient. They may be relied on to provide a treatment for peptic ulcer as well as other conditions associated with gastric hyperacidity.

The safety and effectiveness of Nulacin therapy has been proven by "in vivo" clinical work carried out in many countries. References to this work include:—

Current Status of the Medical Treatment of Peptic Ulcer, *Med. Times*, January, 1958, 1, 74

The antiseptic of choice in midwifery

The new formulation of 'Hibitane' Obstetric Cream now available has improved lubricating properties. It contains 'Hibitane' (Chlorhexidine) Gluconate B.P.C. which is non-irritating. The cream is pleasant to use and provides a persistent antibacterial effect when applied liberally.

The value of 'Hibitane' Obstetric Cream in midwifery is now well recognised. The new cream is issued in a squeeze-bottle dispenser pack (Basic N.H.S. costs 6/3d.). The dispenser pack is hygienic, easy to handle and economical to use. It can also be resold from the two-litre bottle which, together with the 100 ml. pack, is still available.

"'HIBITANE' . . . has remained in use in the hospital for over two and a half years, and during this period no cases of irritation or individual idiosyncrasy have occurred amongst the 10,000 patients delivered, or the nursing and medical staff."

Growth

Since 1948 the Foundation has provided 8 Homes for cancer patients who cannot be nursed either in hospital or at home. Devoted nursing, friendliness and comfort prevail. Patients pay what they can afford. Every Doctor should have application forms at hand to meet any urgent need.

There are Homes at Cardiff, Caterham, Cupar, Glasgow, Hampstead, Liverpool, Newcastle-on-Tyne, and Tiverton. Others will open shortly in the S.E. Counties, the Midlands and Northern Ireland.

Supporting the Homes is a nation-wide Welfare Scheme for patients who can be nursed at home. This provides for necessary cases such amenities as extra clothing, bedding, nourishment and night nursing.

Your name and address on a postcard will bring you details of the Homes, their Medical Officers and Staffs, the local officials responsible for the distribution of welfare grants, application forms etc.:

Availability of Vitamins in Yeast

Deficiencies of single factors of the Vitamin B Group do not occur. Accordingly, even if a deficiency condition appears to result from the lack of an individual factor of the group and it is considered necessary to give intensive treatment with this factor, *the entire Vitamin B Complex should always be administered concurrently.*

It is, however, extremely important, in view of suggestions in recent publications, that the vehicle selected as a source of the entire B Complex does not withhold its vitamin content from the patient.

Human experiments show that the rich, natural vitamin potency of Aluzyme is totally available to the human system.

- *Aluzyme is not advertised to the public and may be prescribed on Form E.C.10*

**a NEW ointment for the treatment
of all bacterial skin infections**

A NEW ANTIBIOTIC

ECOMYTRIN Ointment contains amphomycin, 0.5%, a potent new antibiotic derived from *Streptomyces canus* which has substantially the same antibacterial spectrum as penicillin and bacitracin. Neomycin, 0.33%, is also included and these two antibiotics are effective against virtually all pathogenic bacteria. Neither antibiotic is used systemically.

A NEW BASE

ECOMYTRIN differs from other antibiotic ointments in one important respect. Because amphomycin is stable in water, it is possible to make an oil-in-water preparation with the whole of the antibiotic content in the aqueous phase. This has three advantages:

- 1 The antibiotics are brought into very intimate contact with the skin and response is rapid.
- 2 In acute infected weeping lesions, there is no interference with the weeping process (in contrast to greasy ointments).
- 3 ECOMYTRIN is cosmetically acceptable.

rapidly effective · economical · non-greasy · pleasant to use · stable

INDICATIONS: Primary infective skin disorders. Secondarily infected skin disorders.

ACTIVE INGREDIENTS: Amphomycin 0.5% Neomycin 0.33%.

PRESENTATION: Ecomytrin is available in tubes of 15 G.

WILLIAM R. WARNER & CO. LTD., EASTLEIGH, HAMPSHIRE.

ECO 428/4

In light diets . . .

In light diets, as well as under more normal regimes, Lucozade fulfils a most valuable role, not only in abating thirst and protecting the mucosa of the mouth, but also in arousing the appetite and contributing to the retention of more solid food. Lucozade is especially useful in the diet of patients in whom nausea of pregnancy, dehydration, or other special conditions make it necessary to supply an easily tolerated, nutritious fluid intake.

Lucozade is lightly carbonated with an attractive golden colour and a pleasant citrus flavour. It contains 23.5% w/v Liquid Glucose and its energy value is 21 Calories per fluid ounce. It is supplied in 6 oz. and 26 oz. bottles.

LUCOZADE

NEW COLUMBUS SUCTION POLISHER

minimises dust-borne cross infection

PROVED BY LABORATORY TESTS

The Columbus suction polisher and cleaner, which has been successfully used in hospitals for 25 years, now incorporates new two-stage dust control that traps 98% of all floor dust and dirt. The white arrows indicate the direction of dust flow into the bag . . . up through twin protected channels . . . into the inlet at the top of the bag . . . and down in a controlled flow into a disposable paper bag. Notice how, instead of entering the bag at the bottom, as in ordinary cleaners, the dust and dirt enter at the top, thereby preventing drop-back or fall-out, and also making removal of the disposable bag much more hygienic.

Literature on this new Columbus machine, including details of hospital laboratory tests reported in "The Lancet," will be forwarded on request.

COLUMBUS

Suction Polisher-Cleaner,
2-brush, 3-brush and 4-brush
models.

The entire Columbus-Dixon range of floor cleaning machines has been approved by the Ministry of Works (Contract No. SP/40592/8) for supply to all National Health Hospitals.

COLUMBUS DIXON LIMITED

Head Office & Works: Capitol Works, Empire Way,
Wembley, Middlesex. Tel.: Wembley 6001.

London Showrooms: 80, Regent Street (Quadrant
Arcade), W.1. Regent 5771-2.

Sales and Service Centres throughout the country.

One motor unit powers Suction Polisher or Suction Cleaner, giving both essential 2-stage dust control. A full set of dusting tools is available with the latter unit. No other hospital-tested equipment can claim these advantages.

ADHESIVE BANDAGING WITHOUT SKIN IRRITATION

PoroPlast considerably reduces the risk of skin irritation which often associates with the use of ordinary elastic adhesive bandages. It contains no rubber and none of the irritating natural resins or solvents usually embodied in adhesive plaster.

Consequently PoroPlast can remain in situ for long periods without causing irritation, and it has been well tolerated even on very sensitive skins.

PoroPlast is porous and has the same characteristics of elasticity, stretch and compression as ordinary elastic adhesive bandages. Its price is the same. It can be prescribed on N.H.S. In rolls 3" and 2½" wide (5-6 yards stretched). Sample roll of PoroPlast on request.

A Spencer Support for Visceroptosis

Spencer Support closed. The concealed inner abdominal section is adjustable at several different points from the outside of the support.

(Right)
Spencer Support shown open revealing inner abdominal section.

RELIEVES SYMPTOMS,

PROMOTES A SENSE OF WELL-BEING

It has been found that practically every ptotic patient experienced relief of symptoms, increased energy and sense of well-being following application of proper support.

The doctor can rely upon Spencer for *proper support* because each Spencer is individually designed, cut, and made for each patient from detailed measurements and a complete description of that patient's body and posture.

With a Spencer, the co-relation of abdominal and back support induces correct posture, modifies an unfavourable tilt. Ptosed organs are lifted to normal position to improve circulation. Better digestion, elimination, respiration often result.

The completely automatic G.E.C. electric instrument steriliser

The new G.E.C. Electric Instrument Steriliser is *completely* automatic, saving time and worry in the busy surgery.

The high loaded element ensures that the water is quickly brought to boiling point and the thermostatic control means that this temperature is maintained by using as little as 15% of the full electrical load, with a big saving in current cost. Excess evaporation is also eliminated.

Among other new features is the handle which lifts the lid and instrument tray simultaneously combining to make the G.E.C. Electric Instrument Steriliser the finest of its kind. Write for publication No. 4729 to the Industrial Heating Dept:

PRICES : £35.0.0 TO £72.0.0.

VAGOTOMY TEST SET

This apparatus is for testing for complete nerve section during vagotomy, as designed and made for a F.R.C.S. It may also be used to demonstrate and localize individual nerve trunks.

THE SET CONSISTS OF:—

A small transistorized pulse generator the output of which is fed to an electrode placed around the oesophagus.

The "Burge" vagotomy tube. This cuffed tube seals the lower oesophagus and allows the intragastric pressure to be recorded.

Two water manometer tubes recording intragastric pressure.

The electrode assembly and leads.

A pair of double bellows and release valve.

- Completely portable.
- Transistorized, battery operated.
- Batteries easily changed through the door in the back of the case.
- Pressed and welded sheet steel case measuring 18 in. × 10 in. × 8½ in.
- Finished in cream enamel.
- Accessories may be carried in case.
- Unbreakable Manometer. Tubes made of rigid plastic.
- All controls recessed to minimize risk of damage.

today's **SEDATIVE** and tonight's **HYPNOTIC**

When sleep is a necessary aid to treatment in mental or physical illness, 'Distaval' is welcome for its potent hypnotic effect combined with outstanding safety. Having no demonstrable toxicity and minimal side-effects, this effective hypnotic can safely be given to infants and the elderly and in conditions where other drugs may be contra-indicated. It is also tasteless. In sedative doses, 'Distaval' is an invaluable aid in the treatment of certain mental illnesses or whenever it is desirable to ease the pressure of emotional stress.

DOSAGE

As a bedtime hypnotic: Adults 50 mg.—200 mg. Infants and children: 25 mg.—50 mg.

As a daytime sedative: Adults: 25 mg. two or three times a day. Infants and children: Half to one 25 mg. tablet, according to age, one to three times a day.

PRESENTATION:

'Distaval' 25 mg. scored tablets in tubes of 24, bottles of 100, 500 and 1,000. Basic cost to N.H.S. of 12 tablets from dispensing pack of 100, 1s. 0d.

'Distaval' Forte 100 mg. scored tablets in tubes of 12 and bottles of 100 and 500. Basic cost to N.H.S. of 12 tablets from dispensing pack of 100, 2s. 8d.

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose (unless otherwise specified) one copy each of 3 recent* testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

House Officers should submit a separate application for each post for which they apply.

Canvassing of members of the Board or Advisory Appointments Committee will lead to disqualification (Statutory Instrument 1950, No. 1259, N.H.S.).

★SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.

A fully registered medical practitioner who is liable for National Service must obtain deferment of recruitment in writing from the Central Medical Recruitment Committee or (in Scotland) the Scottish Central Medical Recruitment Committee before accepting any civilian appointment.

The position of provisionally registered medical practitioners who are liable for National Service has been made clear in a notice sent to them by the Ministry of Labour and National Service.

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

Registrar Grades, Whole-time

(a) **REGISTRAR**: Posts obtained normally not less than two years after registration as a medical practitioner and held normally for two years: £972 8s. per annum in the first year; £1,103 19s. per annum in the second and any subsequent years. If the post is resident a deduction of £170 per annum is made.

(b) **SENIOR REGISTRAR**: Posts obtained normally not less than four years after registration as a medical practitioner and held normally for four years: £1,258 8s. per annum in the first year; £1,372 16s. per annum in the second year; £1,487 4s. per annum in the third year; £1,601 12s. per annum in any subsequent years. If the post is resident a deduction of £200 per annum is made.

Other Grades, Whole-time

(a) HOUSE OFFICERS:

(i) **Provisionally registered medical practitioners**: £486 4s. per annum for the first post held; £543 8s. per annum for the second and all subsequent posts held; provided that the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that the remuneration of any officer holding his first post in the National Health Service as a House Officer shall be £543 8s. per annum if they are satisfied that the officer has held at least one hospital post outside, of not less than six months' duration, involving clinical responsibilities equivalent to those of house posts in the National Health Service and supervised by appropriate specialist staff.

(ii) **Fully registered medical practitioners**: £600 12s. per annum for any post held; provided that in exceptional circumstances, subject to the consent of the Minister, this rate may be exceeded by up to £50 per annum where a post cannot be filled otherwise.

In each case under sub-sections (i) and (ii) above, a deduction of £125 per annum in respect of board and lodging and other services provided shall be made and each post shall be tenable for six months.

(b) **SENIOR HOUSE OFFICER**: Posts obtained by fully registered medical practitioners, and held normally for one year only: £852 6s. per annum. If the post is resident a deduction of £150 per annum is made.

(c) **JUNIOR HOSPITAL MEDICAL OFFICER**: Officers who have held house appointments but who are neither Senior House Officers nor in one of the registrar grades, who have less responsibility than other hospital officers of non-consultant status, and who have been appointed for a limited or an indefinite period, not less than one year after full registration as a medical practitioner: £886 12s. by £57 4s. to £1,229 16s. per annum. If the post is resident a deduction of £170 per annum is made.

Application forms and condition of appointment from the County Medical Officer, Shire Hall, Nottingham. Applications by May 23, 1960.

A. R. DAVIS,

Clerk of the County Council.
(7257)

WEST RIDING OF YORKSHIRE COUNTY COUNCIL**SENIOR MEDICAL OFFICER**
—MENTAL HEALTH

Copies of the scheme for the development of the County Council's Mental Health Service can be supplied to registered medical practitioners who wish to apply for the appointment of Senior Medical Officer, the salary being on the scale £1,660 by £65 (4) and £70 (4) to £2,200. The officer appointed will be directly responsible to the undersigned, and the primary duties, largely administrative, will be the development of a new and extensive scheme for Mental Health, involving close co-operation with hospitals, general practitioners, and divisional medical officers. The post is superannuable and subject to a satisfactory medical examination. Applications, giving the names and addresses of three referees, to be forwarded by May 9, 1960, to Ronald W. Elliott, County Medical Officer, County Hall, Wakefield.
(6806)

ADMINISTRATIVE**WELSH REGIONAL HOSPITAL BOARD**

Applications are invited from registered medical practitioners for the following appointments:

ASSISTANT SENIOR MEDICAL OFFICER

Salary scale £1,834 12s. by £87 7s. (4) by £109 4s. to £2,293 4s. The duties of the post will be concerned with the planning and organization of the hospital and specialist services in the Welsh Region, and such other duties as may be assigned by the Board's Senior Administrative Medical Officer.

MEDICAL OFFICER

Salary £1,545 4s. (at age 33 or over) by £54 12s. (4) by £71 (1) to £1,834 12s. per annum. The commencing salary will be abated in the case of a successful applicant under 33 years of age. The duties of the officer will be concerned in assisting with the planning and organization of the hospital and specialist services in the Welsh Region, and such other duties as may be assigned by the Board's Senior Administrative Medical Officer.

The appointments are subject to the Whitley Council terms and conditions of service.

Applications, stating post applied for, qualifications and experience, and the names of three referees, should be sent to the Secretary, Temple of Peace and Health, Cardiff, to be received not later than Friday, April 29, 1960.
(6688)

VAUXHALL**MOTORS**

APPOINTMENT OF

ASSISTANT MEDICAL OFFICER

Applications are invited for the post of Assistant Medical Officer (Male) at the Company's Luton Factory.

Candidates should be under 35 years of age with a good background of postgraduate clinical experience, preferably including some general practice. Previous experience in Occupational Health or the possession of a D.I.H. would be an advantage.

The post, which is superannuated, offers scope for a permanent career in industrial medicine.

Salary according to experience within B.M.A. recommended range.

Applications stating age, educational background, qualifications and experience, should be addressed to the

CHIEF MEDICAL OFFICER

VAUXHALL MOTORS, LTD.

LUTON, BEDS.

Oversea (Vacant)—contd.**MEDICAL EDITOR**

Independent, Dominions Medical Journal—a monthly devoted to all aspects of general practice—invites applications for the position of Medical Editor. The post offers an inspiring opportunity for an applicant with appropriate medical and academic qualifications who possesses ideas and the drive and ability to realize them. He should be an experienced medical journalist, familiar with press procedures, an able and authoritative writer and a pleasant cultivated personality who would add lustre to the journal and discharge his functions with savoir faire and distinction. He would command a commencing salary of £2,500 per annum, be given a free passage, and enjoy liberal paid leave. As the successful applicant would have complete and unrestricted editorial and administrative control of the journal, which he would be expected to expand, he would be required to contract for a minimum period of five years with the option of renewal and to acquire a £0,000 shareholding in the publication—a condition specifically designed to ensure his permanent tenure of office, an uninterrupted continuity of development that should proceed therefrom, and his reasonable participation in profits. These, currently, will substantially augment basic salary. Taxation is moderate. The climate of the country is superb. Socio-economic and professional standards are high and the city to which the applicant will come offers all modern facilities and amenities. Interviews with the Managing Director in London will be arranged from mid-May. Applications, marked "Medical Editor, Confidential," should be addressed to Box 2752, B.M.J.

PERSIAN ROAD PROJECTS. THREE
Doctors required; one now, one June, one September. Salary \$640 per month, untaxed, payable anywhere. No family housing on sites. Two-year contract.—Ammann & Whitney, P.O.B. 1423, Teheran, Iran.

THE NIGERIAN RAILWAY CORPORATION
invites applications for the following post:

MEDICAL OFFICER

Duties: The officer will be required to work at a Railway District Hospital and/or Dispensary and to be responsible to the District Medical Officer for the medical and surgical care of the staff of the Corporation and their families, with such administrative and Public Health duties as pertain to effective railway working.

Qualifications: Candidates must be legally qualified practitioners entitled to practise in Great Britain, and possess good clinical experience. Medical administrative experience, preferably in the tropics, will be considered an advantage. Candidates must have been qualified for not less than two years.

Salary: In scale £2,033 per annum to £2,253 (inclusive of overseas pay). Appointments may be on pensionable terms or on contract with a gratuity payable on completion of contract at the rate of at least £31 5s. to £34 11s. 8d. for each completed month of service.

Tours: 15 months in Nigeria followed by 15 weeks' leave on full pay.

Quarters: Partially furnished quarters are provided at low rental.

Allowances: There are attractive family, travelling, transport, and other allowances.

Send postcard before May 9, 1960, mentioning the post and this paper, for further particulars and application form to:

The London Representative,
Nigerian Railway Corporation,
Nigeria House Annex,
The Adelphi, John Adam Street,
London, W.C.2.

**AUSTRALIA
GRAFTON BASE HOSPITAL****MEDICAL SUPERINTENDENT**

Applications are invited from qualified medical practitioners with at least four years' medical administrative and clinical experience in public hospitals for the position of Medical Superintendent at the Grafton Base Hospital, which has a daily average of over 150 patients. The salary range will be between £2,600 and £2,900 per annum gross, according to qualifications. The successful applicant will be required to undertake the supervision of all aspects of the medical work at the hospital, including control of the admission and discharge of patients. Further particulars may be obtained from the undersigned. Applications, stating age, qualifications, experience, registration details, and marital status, should be made to the undersigned by May 31, 1960.—E. Tebbutt, Secretary, Grafton Base Hospital, Grafton, New South Wales, Australia. (7109)

**AUSTRALIA
Victorian Mental Health Service**

Applications are invited for several posts of
PSYCHIATRIST

based on Metropolitan or Country Psychiatric Hospitals. Salary £A.3,666 per annum. Applicants must have had not less than six years' experience in the practice of Psychiatry and have held a D.P.M., M.D., or M.R.C.P. for not less than two years. They must have a qualification registerable by the Victorian Medical Board (all U.K. qualifications are accepted). Out-patient experience is essential. Applicants must have made contributions to the scientific literature, or have had some special psychiatric experience, teaching or otherwise.

The service is modern, rapidly expanding and progressive. Opportunities are mostly available to suit the applicant's special psychiatric interests. Good residences provided; mostly new with three bedrooms, three reception rooms, some floor coverings and blinds. At present there is a deduction of £283 10s. for residence, fuel, light, water, milk, vegetables and laundry. Superannuation: Attractive scheme making adequate provision for wife and children in case of death. Transport Expenses: A refund of transport costs of wife, family and appointee to a maximum of £A.500 will be made if appointee contracts to remain in the service for at least three years. Ex-gratia payment available from date of embarkation at the rate of £A.3,666 per annum, less personal insurance.

Applications to be addressed to the Secretary, Mental Hygiene Department, 300, Queen Street, Melbourne, C.1, Australia. (7232)

UNIVERSITY OF ST. ANDREWS**POSTGRADUATE MEDICAL EDUCATION****COMBINED CLINICAL AND MEDICAL SCIENCES COURSE**

Graduates in Medicine and Surgery are invited to make application for a combined Clinical and Medical Sciences Course to be held in Queen's College, Dundee, from October, 1960, to March, 1961.

All those taking the Combined Clinical and Medical Sciences Course will have:

(1) A clinical attachment in the special subject of their choice. In 1960-61 the following subjects will be offered:

GENERAL SURGERY	HAEMATOLOGY	PSYCHIATRY
GENERAL MEDICINE	INFECTIOUS DISEASES	OPHTHALMOLOGY
CARDIOLOGY	RESPIRATORY DISEASES	OTO-RHINO-LARYNGOLOGY
CARDIO-VASCULAR SURGERY	OBSTETRICS	ORTHOPAEDICS
ENDOCRINOLOGY	Gynaecology	
DERMATOLOGY	PAEDIATRICS	

(2) A supervisor who would guide their reading and laboratory work in relation to the specialty, and
(3) All would attend the medical sciences course.

The number accepted for this educational programme will be small and only one or at the most two candidates will get an attachment in each special subject.

The Eastern Regional Hospital Board will give the successful candidate an honorary clinical assistantship within the Unit where he is studying the special subject of his choice.

The Supervisor will not only guide the reading and laboratory work of the student but will in appropriate cases allow him to take part in current research programmes.

The objective of the medical sciences course which all the postgraduates, whether medical, surgical, or other specialists, will follow is to bring the postgraduate student up to date on current trends in the medical sciences which are of importance to future medical developments.

In addition to this course, the Medical School offers weekly open postgraduate lectures by distinguished visitors and a course of lectures on scientific methods which postgraduate students in the school will be free to attend.

The fee for the course will be £36. Applications should be submitted before September 1, 1960, to the Dean of the Faculty of Medicine, University of St. Andrews, Queen's College, Dundee, from whom further information may be obtained.

POSTGRADUATE COURSE IN ANATOMY AND PHYSIOLOGY

Graduates in Medicine and Surgery are invited to make application for a Course in Anatomy and Physiology (including Biochemistry) to be held in the pre-clinical Departments of St. Salvator's College, University of St. Andrews, from October, 1960, to March, 1961.

The number of graduates accepted for this course will be small. They will be attached to, and expected to take some part in, the work of the Anatomy and Physiology Departments.

Instruction will be given, formally and informally, in systematic, practical, and applied aspects of Anatomy, Physiology, and Biochemistry, and students will be afforded opportunity of gaining experience in methods to be individually selected. They will be required to take part in the tutorial discussions both with members of staff and with medical undergraduates, and to make themselves familiar with current teaching.

The Anatomy Department is responsible for the teaching of Histology, and has particular interests in Bone, Arthrology, Heart, and Central Nervous System.

The Department of Physiology and Biochemistry operates a course in Applied Physiology and Biochemistry for senior medical students, and is equipped to supervise techniques in Neurophysiology and Neurochemistry, Protein and Carbohydrate Chemistry, and various aspects of Medical Biophysics.

The fee for the course will be £36. Applications should be submitted before September 1, 1960, to the Dean of the Faculty of Medicine, University of St. Andrews, Queen's College, Dundee, from whom further information may be obtained.

MEDICAL CORRESPONDENCE COLLEGE provides coaching for all medical examinations. D.A., F.F.A., D.P.M., D.O., D.L.O., D.C.H., D.M.R.D., D.P.H., M.R.C.P., F.R.C.S., M.D. thesis and all qualifying exams by a staff of highly qualified tutors, honoursmen and gold medallists. Complete guide to medical examinations sent free on application. Applicants should state in which qualification they are interested. Only address: 19, Welbeck Street, London, W.1.

ROYAL FREE HOSPITAL SCHOOL OF MEDICINE

Entries are invited from graduates of the School for the Cuning Award, 1960, of £50 for a paper on any aspect of Nutrition published in a recognized journal in the past year. Entries to be submitted to the Secretary, 8, Hunter Street, W.C.1, by June 1, 1960. (7082)

Assistance with M.D. Thesis. Prospectus, list of tutors, etc., on application to G. E. Gates, M.D., M.R.C.P. (Lond.), University Examination Postal Institution, 17, Red Lion Square, London, W.C.1. Phone HOLborn 6313.

THE UNIVERSITY OF BIRMINGHAM
Faculty of Medicine**WILLIAM WITHERING LECTURES, 1960**

Professor J. Z. Young, M.A., D.Sc., F.R.S. (Professor of Anatomy and Embryology, University College, London), will deliver the William Withering Lectures in the Arthur Thomson Hall of the Medical School on Monday, Tuesday and Wednesday, May 2, 3, and 4, 1960, at 5 p.m. each day. Subject: "Mechanisms of Learning and Form Discrimination." Members of the medical profession and students of medicine are invited to attend. —A. L. d'Abreu, Dean. (7026)

THE UNIVERSITY OF GLASGOW**and the
ROYAL FACULTY OF PHYSICIANS
AND SURGEONS****Postgraduate Medical Education Committee****COURSE IN DERMATOLOGY**

An intensive full-time Course in Dermatology, designed primarily for general practitioners, will take place from June 20 to 25, 1960. It will be held in the Departments of Dermatology of the Glasgow Western Infirmary, the Victoria Infirmary, the Southern General Hospital, and the Royal Hospital for Sick Children. The course will be under the direction of Dr. James Sommerville, McCall Anderson Lecturer in Dermatology, and Dr. Mary S. Smith. The fee for the course is five guineas. National Health Service practitioners may, under the usual conditions, qualify for a Government grant to cover the fee, travelling expenses and the engagement of a locum. It is hoped to make refreshments available during the course at a small charge. The number of places available is limited. Those wishing to attend should therefore apply as soon as possible to Convener of the Postgraduate Medical Education Committee, the University, Glasgow, W.2. (7094)

**THE WRIGHT-FLEMING INSTITUTE OF
MICROBIOLOGY, St. Mary's Hospital Medical
School, London, W.2**

The first Almoth Wright Lecture will be given by Professor A. St. G. Huggett, F.R.S., in the Lecture Theatre of the above Institute on Monday, May 2, at 5 p.m. Subject: "The Foetus as an Anaerobe: Some Prenatal Problems." The lecture is open to all members of the medical profession and to all students in medical schools without fee.

UNIVERSITY OF GLASGOW
Session 1960-61**DIPLOMA IN PUBLIC HEALTH**

A course of instruction covering three academic terms will commence in October, 1960. The fee for the full course (including examination fee) is £70. Application forms may be obtained from the Dean of the Faculty of Medicine, the University, Glasgow, and should be lodged not later than June 30, 1960. (7095)

UNIVERSITY OF LONDON

A lecture entitled "Ameloblastoma" will be delivered by Professor E. Husted (Copenhagen) at 5.30 p.m. on May 3 at the London School of Hygiene and Tropical Medicine, Keppel Street, Gower Street, W.C.1. Admission free, without ticket.—James Henderson, Academic Registrar. (7024)

UNIVERSITY OF LONDON

A lecture entitled "On the Teaching of Psychiatry to Medical Students" will be delivered by Professor J. Romano (University of Rochester, New York) at 5.15 p.m. on April 27 at the London Hospital Medical College, Turner Street, E.1. Admission free, without ticket.—James Henderson, Academic Registrar. (7128)

UNIVERSITY OF LONDON

A lecture entitled "The Birth and Growth of Collateral Vessels" will be delivered by Professor A. A. Liebow (Yale) at 5.30 p.m. on May 2 at the London School of Hygiene and Tropical Medicine, Keppel Street, Gower Street, W.C.1. Admission free, without ticket.—James Henderson, Academic Registrar. (7129)

Educational and Lectures—contd.**UNIVERSITY OF MANCHESTER
Faculty of Medicine****DIPLOMA IN DIAGNOSTIC RADIOLOGY
(R.C.P. and S. Eng.)**

A course of instruction for the above Diploma will commence in early October, 1960, and extend over a period of two years. The course is full-time, non-resident; inclusive fee £60. Applicants must be registered medical practitioners who fulfil the requirements as to previous medical experience laid down by the Examining Board in England (D.M.R.D.), regulations obtainable from the London Conjoint Board, 8-11, Queen Square, London, W.C.1. In connexion with the above course the Manchester Regional Hospital Board and the Board of Governors of the United Manchester Hospitals offer two whole-time non-resident trainee posts of Senior House Officer status. Facilities will be granted to attend the University course for the D.M.R.D.). Applications to take the course should be made to the Dean of the Medical School, the University, Manchester, 13, not later than Monday, May 30. Application for a trainee appointment should be made (enclosing copies of two recent testimonials) to the Senior Administrative Medical Officer, Manchester Regional Hospital Board, Cheetham Road, Manchester, 8, not later than Monday, May 30. (7025)

HOMES**ST. ANDREW'S HOSPITAL, NORTHAMPTON
For Nervous and Mental Disorders**

President: The Earl Spencer. Medical Supt., Thomas Tennent, M.D., F.R.C.P., D.P.H., D.P.M.

This registered hospital is situated in 130 acres of park and pleasure grounds. Voluntary patients who are suffering from incipient mental disorders or who wish to prevent recurrent attacks of mental trouble, temporary patients and certified patients of both sexes are received for treatment. Careful clinical, biochemical, bacteriological, and pathological examinations. Private rooms with special nurses, male or female, in hospital or in one of the numerous villas in grounds of the various branches can be provided.

MOULTON PARK.—Two miles from the main hospital there are several branch establishments and villas situated in a park and farm of 650 acres. Milk, meat, fruit and vegetables are supplied to the hospital from the farm, gardens and orchards of Moulton Park. Occupational therapy is a feature of this branch and patients are given every facility for occupying themselves in farming, gardening and fruit-growing.

WANTAGE HOUSE.—This is a reception hospital in detached grounds, with a separate entrance to which patients can be admitted. It is equipped with all the apparatus for the complete investigation and treatment of Mental and Nervous Disorders by the most modern methods; insulin treatment is available for suitable cases. There is an Operating Theatre, a Dental Surgery, an X-ray Room, an Ultra-Violet Apparatus, and a Department of Diathermy and high-frequency treatment. It also contains laboratories for biochemical, bacteriological, and pathological research. Psychotherapeutic treatment is employed when indicated.

BRYN-Y-NEUADD HALL.—The seaside house of St. Andrew's Hospital is beautifully situated in a park of 330 acres at Llanfairfechan amidst the finest scenery in North Wales. On the North-West side of the estate a mile of sea-coast forms the boundary. Patients may visit this branch for a short seaside change or for longer periods. The hospital has its own private bathing house on the seashore. There is trout-fishing in the park.

At all the branches of the hospital there are cricket grounds, football and hockey grounds, lawn tennis courts (grass and hard courts), croquet grounds, golf courses and bowling greens. Ladies and gentlemen have their own gardens, and facilities are provided for handicrafts such as carpentry, etc.

For terms and further particulars apply to the Medical Superintendent (Telephone No.: Northampton 34354 (3 lines)), who can be seen in London by appointment.

CHARGES FOR CLASSIFIED ADVERTISEMENTS

To economize in paper, bookkeeping entries, and avoid delay, please send payment with advertisement addressed:

Advertisement Director,

"British Medical Journal,"

B.M.A. House, Tavistock Square, London, W.C.1.

Members should include the word "MEMBER" underneath their signature.

Every effort will be made to include "Hospital" and "Small" advertisements in the forthcoming issue provided they reach this office by not later than first post on the FRIDAY of the week preceding date of issue.

Cancellation of advertisements cannot be accepted if received after 12 noon on the Monday of the week of issue (issues affected by public holidays excepted).

DO PLEASE WRITE ADVERTISEMENTS AND NAME AND ADDRESS CLEARLY IN BLOCK LETTERS

New approach to PSORIASIS

Hitherto intractable—now good response to **alphosyl**

THOUGH modern medicaments have brought almost dramatic relief to many forms of skin affection, Psoriasis has so far remained intractable. Its aetiology continues to baffle investigation: many forms of tried therapy have yielded only partial or temporary results.

Now ALPHOSYL—after extensive clinical trials—shows promise of bringing total clearances in many cases of Psoriasis.

In ALPHOSYL, for the first time, are presented in combination two powerful and proved agents: allantoin and a specially refined coal tar extract. The synergistic effects of these medicaments result in rapid clearance of the condition itself and positive stimulation of the healing processes.

ALPHOSYL LOTION combines these two valuable agents in one preparation and has yielded good clinical results where other medications have failed.

Clinical Properties

ALPHOSYL LOTION

relieves the condition and promotes healing by breaking up the horny layer of psoriatic skin, removing non-viable tissue and combating both the scaling and underlying erythema and induration.

has produced successful results in cases of psoriasis when the whole of the body has been affected from scalp to toe, in cases of many years' duration or when tender areas such as the anogenital and sub-mammary regions are affected.

is notably safe to use. The potential hazards of other forms of treatment—arsenic, mercury, corticosteroids, X-rays—are avoided. No irritation has been observed in any case of psoriasis treated with ALPHOSYL, even those involving tender regions.

does not produce tolerance. Patients continue to benefit from prolonged therapeutic or maintenance applications.

is a welcome advance cosmetically, as it is pleasant to use, non-greasy, non-staining, and vanishes on application to the skin. It may be used freely on the scalp, and is ideal for day or night use.

The impressive successes obtained with ALPHOSYL indicate that it deserves a trial in all cases of Psoriasis—no matter how extensive the area of affection, how long the duration of the condition, or whatever the therapy previously used.
