New
for oedema and hypertension

Navidrex[®]

C I B A **most potent**

Allergic conditions

**A more potent antihistaminic—rapid,
strong, and prolonged in its action...
with no serious side-effects**

Of the many antihistamine compounds available today, Daneral is exceptional for its strong, rapid, and prolonged action. Even small doses are sufficient to counteract the histamine effects that occur in antigen-antibody reaction. Daneral also has a strong antispasmodic action; it also reduces capillary permeability.

It is exceptionally free of toxic side-reactions and has no pronounced action on blood-pressure or vascular resistance.

Indications: Extensive clinical trials have established the effectiveness of Daneral in most allergic conditions. It also has value in many conditions that have no clear allergic origin or tissue reaction.

In *hay fever* and vaso-motor rhinitis Daneral is especially effective. In *dermatology* it is used in urticaria and angioneurotic oedema; serum reactions; drug allergy; pruritus. In *general medicine* bronchial asthma and cardiac asthma are helped by Daneral.

Packs: 10 mg. tablets—tubes of 20 and bottles of 250.

50 mg. tablets—tubes of 10 and bottles of 100.

Biomydrin

The COMPLETE nasal spray

which contains
thonzonium—
the outstandingly
effective mucolytic.

In nasal congestion arising from colds, influenza, sinusitis, hay fever, or any other source, Biomydrin provides rapid, safe, soothing release . . . and a comprehensive treatment that does more than decongestants alone can do.

All nasal sprays have a DECONGESTANT

Most nasal sprays have an ANTIBIOTIC

Some nasal sprays have an ANTIHISTAMINIC

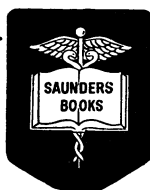

BUT ONLY BIOMYDRIN contains all these and thonzonium—the effective mucolytic. The inclusion of thonzonium makes Biomydrin the only complete nasal spray. Thonzonium ensures adequate penetration by liquefying thick nasal mucus to enable the spray to reach affected tissue.

may depend on the safety of 'Distaval'

Consider the possible outcome in a case such as this—had the bottle contained a conventional barbiturate. Year by year, the barbiturates claim a mounting toll of childhood victims. Yet it is simple enough to prescribe a sedative and hypnotic which is both highly effective . . . and outstandingly safe. 'Distaval' (*thalidomide*) has been prescribed for nearly three years in this country, where the accidental poisonings rate is notoriously high; but there is no case on record in which even gross overdosage with 'Distaval' has had harmful results. Put your mind at rest. Depend on the safety of

As an hypnotic at bedtime:

ADULTS: 50 mg.—200 mg.

INFANTS AND CHILDREN: 25 mg.—100 mg.

As a daytime sedative:

ADULTS: 25 mg. two or three times daily.

INFANTS AND CHILDREN: Half to one 25 mg. tablet, according to age, one to three times daily.

'Distaval' (25 mg. tablets).

'Distaval' Forte (100 mg. tablets).

Basic cost to N.H.S. of 12 tablets from dispensing pack of one hundred—1/- or 2 8d. according to strength.

DESIGNED FOR ONE PURPOSE

only one sulphonamide is designed specifically for the treatment of B. coli infections of the urinary tract.

SELECTIVE

The action of Urolucosil is mainly on the urinary tract. It is very soluble and is rapidly excreted, largely unchanged, in the urine.

LOW DOSAGE

Urolucosil is effective in about one-fifth of the dosage used for most sulphonamides.

NO CRYSTALLURIA

With Urolucosil, obstruction due to crystalluria does not occur. Extra fluids are not required.

LOW COST

Twenty-five tablets taken over 5-7 days usually suffice to control an acute infection.

NON-TOXIC AND FREE FROM SIDE EFFECTS

DOSAGE: *Adults—one or two tablets five or six times a day.*

Children—half to one tablet five or six times a day.

In most cases, five tablets daily for five days will render the urine sterile.

When pain is a problem in chronic urinary tract conditions Pyridium is the specific urinary tract analgesic. Dose of Pyridium: two tablets three times a day.

**GREAT
ADVANCE IN
AEROSOL
THERAPY
FOR ASTHMA**

Pressurised BROVON Inhalant

The 'push button' asthma aerosol possessing three outstanding advantages

1. High Production of utilisable aerosol

By the incorporation of a new and unique device in Pressurised Brovon Inhalant, about 80% of the particles yielded are within the optimum range for penetration into the finest ramifications of the bronchial tree, and absorption there.

2. Pharmacological Soundness

Pressurised Brovon Inhalant combines the rapid action of adrenaline with the slower but prolonged action of atropine, providing an antispasmodic combination with an immediate yet sustained action.

3. Visual check on contents of bottle

The bottle and its tough shatterproof plastic covering are transparent so that the user has full warning when his inhalant is running low. The importance of this will be appreciated by any asthmatic who has experienced panic on discovering at the start of an attack that his container is empty.

These three unique features are coupled with:

- Accurate dosage always ensured by metering device
- Effortless Inhalation—Swift relief
- Complete safety—Non-toxic, non-inflammatory
- Compactness—for handbag or pocket

When commencing treatment, a complete unit is required. The Brovon Adaptor, which is included in the complete unit, is robust and should provide efficient service for a long time, consequently only the refill should be necessary on repeat prescriptions and supplies.

Basic N.H.S. Prices:— Complete Unit 12/3d. Refill 10/3d.

NULACIN "has revolutionized the treatment of duodenal ulcer"*

safely

simply

Nulacin tablets, dissolved slowly in the mouth, provide intragastric milk-alkali drip therapy, obviating the necessity for a tube. Treatment is easy and convenient for the ambulant as well as the bedridden patient. Nulacin may be relied on to provide an effective treatment for peptic ulcer as well as other conditions associated with gastric hyperacidity. No undesirable side effects occur and no cases of alkalosis or acid rebound due to Nulacin have ever been reported. The safety and effectiveness of Nulacin therapy has been proven by 'in vivo' clinical work carried out in many countries.

effectively

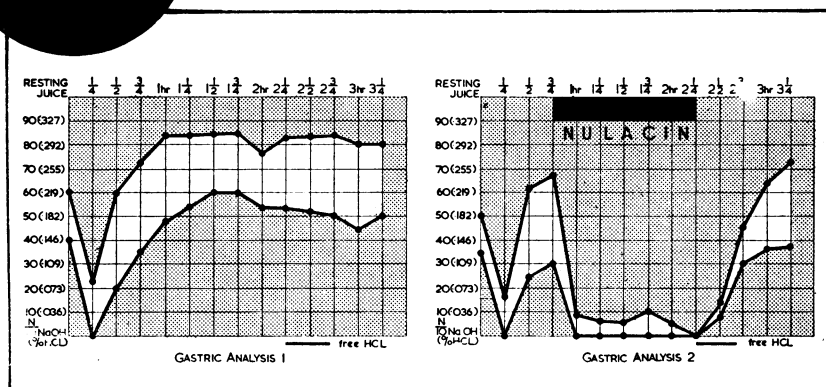

*Proc. R. Soc. Med., 1958, 51, 1063.

economically

Nulacin tablets have no B.P. equivalent. The basic N.H.S. price of the 25 tablet tube is 2/-.

GASTRIC ANALYSIS 1 Superimposed gruel fractional test-meal curves of five cases of duodenal ulcer.

GASTRIC ANALYSIS 2 Same patients as in first graph, two days later, showing the striking neutralizing effect of sucking Nulacin tablets (3 an hour). Note the return of acidity when Nulacin is discontinued.

"The noses of healthy individuals probably form by far the largest breeding ground for the pathogenic staphylococci."

Brit. med. J. 1959, ii. 658

Naseptin

nasal-carrier cream

An essential precaution against cross-infection

'Naseptin' Nasal-Carrier Cream has been shown to be the most effective preparation for preventing colonisation of the nose with pathogenic hospital strains of staphylococci.

The routine twice daily application of 'Naseptin' will prevent patients from becoming carriers of these organisms. For established nasal carriage amongst hospital staff, more frequent applications of 'Naseptin' are recommended.

ADVANTAGES

- * Easy and pleasant to use.
- * Maximum effectiveness.
- * Resistant strains have not been encountered nor is resistance likely to be induced.
- * Sensitivity reactions are most unlikely to occur.
- * Treatment is extremely cheap.

In any comparison of oral penicillins, 'V-Cil-K' is bound to take first place. Its introduction marked a milestone in penicillin therapy—it is still the favourite. 'V-Cil-K' provides the clinical response of parenteral penicillin with the convenience and safety of oral penicillin; blood levels are twice as high as those of penicillin-V acid; action is swift; side effects are few. These are the facts as confirmed by many clinical reports. *Performance* is the criterion for any drug, and on recorded performance 'V-Cil-K' is unsurpassed among oral penicillins.

a fresh start for the treatment of

ASTHMA

Betnelan Trade Mark
the new anti-inflammatory steroid

The high anti-allergic and anti-inflammatory activity of Betnelan, coupled with its decreased tendency to cause side effects, make it particularly suitable for use with other measures in the treatment of severe asthma. Betnelan is not suggested for milder cases which are adequately controlled by other measures.

PERIODIC ACUTE ATTACK

Betnelan is indicated when the asthma is being kept under reasonable control by conventional treatment but this general state is interrupted by acute attacks. Short-term therapy with Betnelan should control the exacerbation and allow conventional measures to be resumed.

SEVERE ATTACK

In attacks of extreme severity (status asthmaticus) all recognised measures must be taken. Corticosteroid injections (Efcortelan Soluble or Predsol Injection) should be given at least initially, while at the same time oral treatment with Betnelan can be started to maintain control. With no immediate threat to life, Betnelan alone will be found adequate.

SEVERE CHRONIC ASTHMA

When conventional treatment gives only slight relief, the patient's activities being greatly restricted, Betnelan can give considerable benefit. Continuous administration may be necessary and is well justified by enabling a reasonably useful life to be followed. Treatment should begin with a short-term course of Betnelan, using bronchodilators and other measures to help reduce dosage until gradually the minimum level is found which reduces symptoms to tolerable limits. Often this may be no more than half a tablet twice daily.

HAY FEVER

In severe attacks, uncontrollable by normal therapy, the condition is usually controlled rapidly by short-term Betnelan therapy.

BETNELAN is presented as scored tablets containing 0.5 milligrams betamethasone in bottles of 30, 100, and 500.

Thousands of doctors know . . .

MIXOGEN

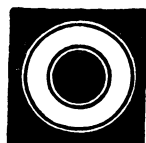

is the ideal treatment for

MENOPAUSAL SYMPTOMS

By simple and direct replacement of the recognised deficiency, flushes are controlled and emotional balance restored. This is achieved economically without withdrawal bleeding or use of habit forming drugs with 1 to 2 tablets MIXOGEN daily.

each tablet contains : Ethinyloestradiol B.P. 0.0044 mg.
 Methyltestosterone B.P. 3.6 mg.

Tubes of 25, Bottles of 100.

GENUINE BOTTLED SUN-TAN

THE REAL THING. NEVER SURPASSED. WILL NOT WASH OFF. ACCEPT NO SUBSTITUTES. The best way for your patients, or yourself, to get a solid dose of beneficial actinic rays, plus a fortnight or more of utter coddling and relaxation, is to take a trip through the South Atlantic on a Union-Castle mailship. Ideally, in the great new 'Windsor Castle', which has a Health Spa, with physio- and hydrotherapy, in addition to the usual amenities. One of the eight big mailships leaves Southampton every Thursday at 4 o'clock. Thirteen and a half days to the Cape. Smooth seas, and sunshine *quant. suff.*

Can home cooking ever be second best?

You've probably often said to a mother on the subject of weaning, "Make sure there is plenty of variety in your baby's diet." But, although she may grasp the importance of variety, she probably has no very clear idea as to how she is to provide it.

This is one of the reasons why so many medical practitioners go on to recommend Heinz Baby Foods. With 31 Strained Foods, and 16 Junior Foods for the older baby, they offer a simple and practical way of achieving the variety you advise.

HEINZ Baby Foods are prepared from the finest ingredients, which are inspected at every stage of production. They're cooked by a special process which keeps loss of mineral salts, vitamins and soluble nutrients down to the minimum. Finally, they're finely sieved or chopped to exactly the right consistency.

Endless variety all the year round. Carefully, hygienically cooked foods made from the finest ingredients. And there's yet another reason why Heinz can justifiably claim that their Baby Foods are better than home-prepared. Heinz Baby Foods, as the basis of her baby's diet, give a mother more time to spend with her baby, and so promote that calm, close relationship between mother and child which is probably just as important as a well-balanced diet.

How do you tackle

FLAT FOOT?

WRONG METHOD
ANY SHOE with external wedge. Any external wedge to heel disturbs plane of forepart and heel.

RIGHT METHOD
INNERAZE keeps sole and heel in perfect alignment.

...do you recommend an external wedge on the shoes?

But the wedges soon wear away; and very often the child is made to feel self-conscious because his shoes look different from other children's. As the diagram on the left clearly shows, any external wedge to heel disturbs the plane of forepart and heel. Surely it's more logical to have a wedge built-in between the inner and the outer sole—where it can correctly corset the foot, remain invisible, and completely unaffected by wear or repair of the shoe. That is how Start-rite INNERAZE shoes are made—on remedial lasts specially adapted to accommodate the internal wedge. That is why they are the only practical and thoroughly effective solution to this problem.

Physician and Medical
Director, Clare Hall
Hospital, Middlesex

REFRESHER COURSE FOR GENERAL PRACTITIONERS

Third Collection with classified contents list to volumes 1, 2 and 3

Price 25s. (by post 26s. 9d.)

Each book contains a collection of sixty Refresher Course articles from the *British Medical Journal*. Each article, written by an acknowledged expert, has been revised by its author. The articles cover a wide range. Their object is to refresh the reader's memory of what is old and well-established and to tell him about new developments.

They are invaluable to general practitioners and residents as practical reference books, to specialists as a means of keeping in touch with developments outside their own field, and to final-year students as up-to-date and reliable text-books.

The Third Collection has a cumulative classified contents list to the three volumes of "Refresher Course for General Practitioners."

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose (unless otherwise specified) one copy each of 3 recent* testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

House Officers should submit a separate application for each post for which they apply.

Canvassing of members of the Board or Advisory Appointments Committee will lead to disqualification (Statutory Instrument 1950, No. 1259, N.H.S.).

* SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

Registrar Grades. Whole-time:

(a) **REGISTRAR**: Posts obtained normally not less than one year after full registration as a medical practitioner and held normally for two years: £1,250 in the first year; £1,400 in the second and any subsequent years. Deduction of £215 per annum for compulsory residence; £255 per annum for voluntary residence.

(b) **SENIOR REGISTRAR**: Posts obtained normally not less than three years after full registration and held normally for four years: £1,500 by £100 to £1,800 in the fourth year; thereafter, £1,900 in the fifth and sixth years; £2,000 in the seventh and eighth years; £2,100 in the ninth and any subsequent years. Deduction of £250 per annum for compulsory residence; £275 per annum for voluntary residence.

Other Grades. Whole-time

(a) **HOUSE OFFICERS**: Each post in this grade shall be tenable for six months. £675 per annum for the first post held; deduction of £155 per annum for compulsory residence or £195 per annum for voluntary residence;

£750 per annum for the second post held; deduction of £160 per annum for compulsory residence or £195 per annum for voluntary residence;

£825 per annum for the third and any subsequent posts held; deduction of £165 per annum for compulsory residence or £195 per annum for voluntary residence;

provided that the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that the remuneration of any officer holding his first post in the National Health Service as a House Officer shall be £750 per annum if they are satisfied that the officer has held at least one hospital post outside, of not less than six months' duration, involving clinical responsibilities equivalent to those of house posts in the National Health Service and supervised by appropriate specialist staff; provided further that where a House Officer has previously held two such outside posts the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that his remuneration shall be £825 per annum. Any House Officer who on first appointment is paid at the appropriate rate to the second or third post held in accordance with the above provision shall be paid at the third post rate for any subsequent appointments in this grade.

(b) **SENIOR HOUSE OFFICERS**: Posts obtained by fully registered medical practitioners and held normally for one year only: £1,050 on appointment at age 27 or under; £1,100 on appointment at age 28 or over. Deduction of £180 per annum for compulsory residence or £215 per annum for voluntary residence.

(c) **JUNIOR HOSPITAL MEDICAL OFFICERS**: Officers who have held house appointments but who are not registrars and who have less responsibility than other hospital officers of non-consultant status, and who have been appointed for a limited or indefinite period, not less than one year after full registration as a medical practitioner: £1,100 by £60 (8) to £1,580. Deduction of £215 per annum for compulsory residence or £255 per annum for voluntary residence.

Allowances at rates of up to £100 per annum shall be payable to house officers, senior house officers, junior hospital medical officers and registrars occupying posts approved for such allowances in peripheral hospitals.

required. Hospital recognized for D.P.M. House available. Applications, stating age, qualifications and previous experience, together with names of two referees, to the Medical Superintendent, at Abbeygate House, Colchester, Essex. (6462)

LEICESTER, TOWERS MENTAL HOSPITAL
(1,024 beds)

Applications are invited for the post of

JUNIOR HOSPITAL MEDICAL OFFICER

Salary scale £1,100 by £60 (8) to £1,580 per annum. The hospital is divided into three clinical teams. Each team has its own admission wards and out-patients under a Consultant Psychiatrist. Wide experience is therefore obtained in the diagnosis and treatment of all types of psychiatric cases, both in-patient and out-patient. Clinical conferences are held weekly. Experience in child psychiatry is also available. Junior staff are encouraged to study for the D.P.M., and in addition to courses at Sheffield University, for which travelling expenses are allowed, tutorials are given by the senior staff. The hospital is recognized for D.P.M. The area E.E.G. Department is also sited at the Towers Hospital. Resident accommodation is available for a single man or woman, and a newly furnished flat for married persons or alternatively an unfurnished flat. Applications, giving details of age, experience, with the names of two persons to whom reference may be made, should be forwarded to the Medical Superintendent as soon as possible. (6120)

RUBERY HILL HOSPITAL
Rubery, Birmingham**JUNIOR HOSPITAL MEDICAL OFFICER**

This hospital lies at the southern edge of Birmingham. It is undergoing a process of structural rejuvenation, and the medical establishment has recently been increased. The person appointed will be supervised and trained by the consultant staff, and group training will be available. Facilities for study for the D.P.M. and other higher qualifications will be provided, and there is a medical library. Previous psychiatric experience not essential. Candidates are invited to visit the hospital. Residential accommodation for single person, if required. Applications, including age, nationality, and the names of three referees, should be sent to the Medical Superintendent. (6255)

ST. NICHOLAS' HOSPITAL
Gosforth, Newcastle upon Tyne 3

Applications are invited for the post of

JUNIOR HOSPITAL MEDICAL OFFICER

(Two years in first instance.) This psychiatric hospital (1,150 beds) affords opportunities for experience of all modern methods of investigation and treatment. There is also an extensive out-patient service. Facilities are afforded through the Department of Psychological Medicine, Durham University, to study for the D.P.M. Applications, giving details of qualifications and experience, together with names and addresses of two referees, to be submitted to the Group Secretary, St. Nicholas' Hospital Management Committee. (6495)

While preference will be given to candidates holding D.M.R.T. or equivalent qualifications, the diploma is not essential. The hospital is recognized by the Examining Board in England by the R.C.P.(L.) and the R.C.S.(E.) for training for the D.M.R.T. Salary scale: With Diploma, £1,100 by £50 to £1,400; without Diploma, £1,000 by £50 to £1,300. Applications in writing, giving full details and the names of two referees, to the Registrar, at Highfield Road, Rathgar, Dublin. (6586)

SIR PATRICK DUN'S HOSPITAL**MEDICAL REGISTRAR**

Applications are invited for the post of Medical Registrar. Salary will be in accordance with qualifications and experience. The post may be resident or outdoor. Terms of appointment and application forms can be had from the Registrar, Sir Patrick Dun's Hospital, Dublin, by whom completed application forms should be received not later than April 7, 1961. (6447)

COMMERCIAL AND INDUSTRIAL

APPOINTMENTS

Attention is drawn to the British Medical Association's statement of policy on the Remuneration of Industrial Medical Officers (as approved by the Annual Representative Meeting, 1958, and amended by the Council in June, 1960), which is available on request from the Secretary.

APPLICATIONS ARE INVITED FROM REGISTERED medical practitioners, between 28 and 35 years, for the full-time post of Medical Officer, to join the staff of the health service of the Merseyside group of Unilever Companies. In conjunction with two colleagues, one of whom is the Senior Medical Officer, the successful candidate will be required to assist in the health supervision of a large group of factory and office workers (approximately 9,000). The scope of the work will include, among other things: (a) pre-employment and other forms of medical examination; (b) assessment of, and advice on, environmental working conditions; (c) advice to management concerning the physical and mental well-being of the working community. Candidates should have a good standard of clinical medicine combined with an interest in all aspects of preventive and industrial medicine. Experience in general practice would be an advantage. Salary will be in accordance with experience, qualifications and age, and will be not less than that set out in the B.M.A. scale. The list of those invited to attend for interview will be made out from the letters of application. Candidates therefore are asked to give full details of their training and experience, including their reasons for wishing to make a career in industrial medicine. The names of three persons to whom reference may be made should also be included. Applications should be submitted not later than April 10, to the Principal Medical Adviser, Unilever House, Blackfriars, London E.C.4. (6561)

APPLICATIONS ARE INVITED FROM REGISTERED medical practitioners, between 30 and 45 years, for a part-time Medical Adviser to T. Wall & Sons (Ice Cream) Limited, Scotland. The successful candidate will be required to undertake the health supervision of a factory community in Craigmillar, the employees in a number of Ice Cream Depots and the Sales Force, and to advise the regional management on problems concerning the health and well-being of the industrial community. The work will require three hours per day for five days a week of the doctor's time, and the salary will be in accordance with the B.M.A. scale. The short list of those invited to attend for interview will be made out from the letters of application. Candidates are therefore asked to give details of their career and experience, including their reasons for wishing to practise industrial medicine. Two persons to whom reference may be made should be included. Applications should be submitted not later than April 10 to the Principal Medical Adviser, Unilever House, Blackfriars, London E.C.4. (6562)

BRITISH NYLON SPINNERS LIMITED invite applications from registered medical practitioners for an appointment as part-time Medical Officer at their new Gloucester factory. The duties will include examination of all new entrants, general health supervision of office and factory employees, hygiene, advising the Works Manager on matters affecting the health and well-being of all employees. He will also be responsible for professional guidance to the Sister-in-Charge and for administrative matters affecting the surgery. The work will involve, initially, about 4 to 5 hours' attendance per week, and salary will be in accordance with the B.M.A. scale. Details of career and experience should be addressed to Dr. J. R. Kerr, D.S.O., Medical Officer, British Nylon Spinners Limited, Pontypool, Mon. (6599)

ROCKHAMPTON GENERAL HOSPITAL
(320 beds), Rockhampton, Queensland, Australia**JUNIOR RESIDENT MEDICAL OFFICERS**

(Rotating Interns) required at above hospital. Salary £A.1,633 to £A.2,313, according to experience. Married quarters available (rent free). Further information from Medical Superintendent. (6452)

ROYAL PERTH HOSPITAL, Western Australia**MEDICAL SUPERINTENDENT**

Applications are invited from suitably qualified medical practitioners for the post of Medical Superintendent. The post is a full-time appointment for an initial period of five years, renewable thereafter by arrangement based on similar periods.

Candidates must have had wide clinical experience, and preference will be given to applicants with higher qualifications. Experience in teaching and in hospital administration, particularly at a medical school hospital, will be considered an advantage.

Royal Perth Hospital is the main teaching hospital associated with the Medical School of the University of Western Australia. It has a bed capacity of 850 (including 110 beds at the Shenton Park Annexe).

Duties: To be responsible to the Board of Management, Royal Perth Hospital, for the overall direction of the clinical services, including the co-ordination of the services of all diagnostic and therapeutic departments, with particular regard for their smooth and effective integration; together with general responsibility for the nursing services as affecting the care of patients.

Salary: Within the current range £A.3,738 to £A.4,358 per annum (subject to basic wage adjustment), based on qualifications and experience. (N.B.—Medical Officers' salary rates in general are at present being reviewed.)

Conditions of Service: Include four weeks' annual leave, long service leave (three months on full pay after each seven years' service), sick leave, etc. Study leave may be granted as a privilege for some special purpose approved by the Board. Contribution to the State Superannuation Scheme is required, or, alternatively, the hospital will consider subsidizing the appointed officers existing commitment under an approved scheme or endowment policy.

Transport Expenses: Minimum first-class sea fares for the successful applicant and family (under 16 years of age), together with an allowance of up to £A.300 for the cost of removal of personal effects, etc., subject to an undertaking to remain in the hospital's service for a minimum period of three years.

A Memorandum of Information (including an elaboration of the responsibilities of the post) is available on request.

Further details concerning Royal Perth Hospital and the State of Western Australia may be obtained from the Agent-General for Western Australia, Savoy House, 115 Strand, London W.C.2.

Applications in writing, which must be addressed to the undersigned, should include date of birth, qualifications, experience, present and previous appointments, a list of publications, a recent photograph, and the names and addresses of three referees.

Applications close on April 30, 1961.

Joseph Griffiths,

Administrator,

(5077)

QUEENSLAND INSTITUTE OF MEDICAL RESEARCH, Brisbane, Australia

Applications are invited for the position of **DIRECTOR**

of the above Institute. The duties are: (1) to direct research work and control research staff of Institute, (2) to continue to develop the Institute on a comprehensive research basis, and (3) to plan the permanent housing of Institute. To date, research has been almost entirely in the field of communicable disease. The salary is £A.4,583 per annum. Tenure is for seven years, with eligibility for re-appointment. Technical and lay staff, other than term appointees, such as the Director, are subject to the Public Service Acts, and administration generally follows public service practice. Appointee will be required to commence duty as early as possible after August 1, 1961. Applications close on April 30, 1961, with Agent-General for Queensland, 409 and 410 Strand, London W.C.2, from whom intending applicants should obtain application forms and further information. (6204)

Ibadan, Nigeria

Department of Obstetrics and Gynaecology

Applications are invited for the posts of
SENIOR REGISTRAR AND REGISTRAR
(or SENIOR HOUSE OFFICER)

which will shortly become vacant in the Department of Obstetrics and Gynaecology of the above teaching hospital. The posts offer good experience of abnormal obstetrics and of gynaecology. 79 obstetric and 30 gynaecological beds, 2,000 deliveries per annum. Qualifications:—Senior Registrar: Applicants should have the M.R.C.O.G. and wide clinical experience. Contract of service for one year in the first instance, renewable by mutual agreement for up to four years. (Applicants for this vacancy without the M.R.C.O.G. may be considered for appointment in the grade of Registrar, provided they have had three or more years' full-time resident obstetric and gynaecological experience.) Registrar/Senior House Officer: Applicants should have held a House Physician's and a House Surgeon's post, and at least one resident obstetric and gynaecological appointment. Appointment either in the grade of Registrar or Senior House Officer will depend on experience in the specialty. Contract of service for Registrars will be for one year in the first instance, renewable by mutual agreement for a further year, and for Senior House Officers for one year. Post recognized for the M.R.C.O.G. Salaries: Senior Registrar, £1,776 per annum, rising by three annual increments to £1,980 per annum, plus inducement addition of £300 per annum payable to an expatriate doctor; Registrar, £1,452 per annum, rising by one increment to £1,512 per annum; Senior House Officer, £1,392 per annum. Gratuities payable. National Health Service Superannuation Scheme may be continued. Generous leave conditions. Applications should be submitted not later than April 8, 1961, on the appropriate forms, which will be forwarded, together with additional information, on receipt of an addressed foolscap envelope by the Adviser on Staff Recruitment, London Office (University College Hospital, Ibadan), 91 Regent Street (3rd Floor), London W.1. (6598)

UNIVERSITY COLLEGE HOSPITAL OF THE WEST INDIES**CASUALTY OFFICERS**

Applications are invited from registered medical practitioners for the appointment of Casualty Officers with effect from July 1, 1961. The appointment is tenable for six months and may be extended for a further period of six months. The post is recognized for the examinations for Fellowship of the Royal College of Surgeons, England, and also provides a comprehensive training in general surgery, so that it is eminently suitable for both those who wish to specialize and those who wish to enter general practice. Salary £1,000 a year, less a deduction of £165 a year for single accommodation and board. Single return passage by sea or air will be provided. Further information may be obtained from the Hospital Manager and Secretary, to whom applications, stating age, nationality, qualifications and experience, together with names and addresses of three referees, should be sent not later than April 15, or as early as possible. (6456)

WHOLE-TIME ASSISTANT IN CLINICAL PATHOLOGY

available in April, 1961, for one year in the first instance and renewable annually. Salary £1,350 by £100 to £2,150 by £50 to £2,200 per annum, subject to F.S.S.U. and family allowance. To assist in research and in the routine haematology and bacteriology for the hospital. Applications, with the names of three referees, to be sent to the Dean, the Institute of Orthopaedics, 234 Great Portland Street, London W.1, by April 28, 1961. (6425)

ROYAL COLLEGE OF SURGEONS OF ENGLAND AND ROYAL COLLEGE OF PHYSICIANS OF LONDON**MACKENZIE MACKINNON RESEARCH FELLOWSHIP**

Applications are invited for Fellowships for research in medicine or surgery. The Fellowships may be in the form of grants to assist research and may be whole- or part-time. Candidates must hold a medical qualification registrable in this country or a University degree. The honorarium will be at the discretion of the Joint Committee, and will be £1,200 per annum whole-time or not less than £500 part-time, according to experience and the amount of time available for research. Superannuation arrangements, if already in force, may be continued. A grant for expenses may be paid to the institution where the research is carried out. Applications must be submitted through a medical school. Further particulars and application forms may be obtained from the Assistant Secretary, Royal College of Surgeons, Lincoln's Inn Fields, London W.C.2. The closing date for applications is June 1, 1961. (6539)

THE HOSPITAL FOR SICK CHILDREN Great Ormond Street, London W.C.1

Applications are invited from graduates in medicine for the post of

RESEARCH FELLOW

in the Department of Microbiology, under a grant from the National Fund for Research into Poliomyelitis, to work on the investigation of encephalitis in children. This will be a three-year project, to be reviewed annually. The Research Fellow will work in the Virus Unit, but will also be required to carry out clinical duties in relation to the project with the Consultant Neurologist. The post will be in the grade of Registrar, £1,250 or £1,400 per annum, dependent on previous experience. Application forms, to be returned by April 8, 1961, obtainable from the House Governor. (6482)

UNIVERSITY COLLEGE LONDON

Department of Anatomy
(Professor J. Z. Young)

Applications are invited for posts of

LECTURER AND ASSISTANT LECTURER

vacant October, 1961. Good research facilities available. Salary scales: Lecturer £1,250 by £100 to £1,850, plus London allowance (£60); Assistant Lecturer £950 by £50 to £1,150, plus London allowance (£60). Applications to be made to the Secretary, University College London, Gower Street, London W.C.1. (6484)

UNIVERSITY OF ABERDEEN

Applications are invited for the following posts:
Department of Materia Medica and Therapeutics LECTURER IN THERAPEUTICS

Higher qualification in medicine required. Duties include clinical responsibility (with appropriate clinical status), teaching and research in general medical unit, with interests in metabolic disease. Salary on scale £1,100 to £2,350.

Department of Statistics and Social Medicine LECTURER

holding a joint appointment in the Departments of Statistics and Social Medicine. Salary on scale £1,050 to £1,850.

For either post, salary with placing according to qualifications and experience, F.S.S.U. child allowance, and removal allowance. Further particulars should be obtained from the Secretary, the University, Aberdeen, with whom applications (eight copies) should be lodged as follows: Therapeutics, not later than April 12, 1961; Statistics, etc., not later than March 31, 1961. (6122)

UNIVERSITY OF ABERDEEN Department of Surgery

Applications are invited for the post of
LECTURER IN SURGERY
with appropriate clinical status. Salary on scale £1,100 to £2,350, with placing according to qualifications and experience. F.S.S.U. child allowance and removal allowance. Particulars from the Secretary, the University, Aberdeen, with whom applications (10 copies) should be lodged not later than April 15, 1961. (6450)

UNIVERSITY OF BELFAST

Applications are invited for a
CALVERT FELLOWSHIP
of the Multiple Sclerosis Society (Northern Ireland Branch). The Fellowship is of the value of £1,500 per annum, and may be tenable for up to a period of three years. The Fellow is required to engage on research into the pathogenesis of multiple sclerosis and allied diseases. Candidates should state their proposed line of research. Applications will be considered from qualified medical practitioners who have had basic training in any one of the following: anatomy, biochemistry, pathology, physiology, microbiology, medicine, and neurology. The successful candidate will be given facilities for research in the appropriate department. Letters of application should specify age, education, qualifications and experience, and should reach the Dean of the Medical Faculty, the Queen's University of Belfast, Belfast 7, Northern Ireland, not later than April 17, 1961. (6602)

UNIVERSITY OF DURHAM The Medical School, King's College, Newcastle upon Tyne

Applications are invited for the post of
TEMPORARY DEMONSTRATOR in the Department of Pathology
The appointment will be for one year in the first instance, but renewable for a further period up to a maximum of three years. The successful applicant will be required to assist in post-mortem examinations and in the general work of the Department of Pathology, which is housed in the teaching hospital of the Royal Victoria Infirmary, Newcastle upon Tyne. Commencing salary within the range £950 to £1,300, according to age, qualifications and experience. Applications, giving full name, age, qualifications and experience, together with the names of two referees, should be addressed to the Assistant Registrar, the Medical School, King's College, as soon as possible. (6477)

UNIVERSITY OF EDINBURGH**RESEARCH ASSISTANT IN ORTHOPAEDIC PATHOLOGY**

This new post is supported by a grant from the Poliomyelitis Research Fund for three years at £1,600 per annum. The successful applicant, who should have had some experience in general pathology, will be given accommodation in the Department of Pathology, and will have facilities for part-time training both in general and orthopaedic pathology. Not less than half time will be directed to a research programme on bone growth under the direction of the Professor of Orthopaedics. There may be a secondment for special training in orthopaedic pathology. Application should be made not later than April 21 to Professor J. I. P. James, Department of Orthopaedics, University of Edinburgh, 12 George Square, with the names of two referees. (6601)

UNIVERSITY OF LONDON

READERSHIP IN MORBID ANATOMY at the Postgraduate Medical School of London
The Senate invite applications for the Readership in Morbid Anatomy, tenable at the Postgraduate Medical School of London (salary within the range £2,600 to £3,200 a year). Applications (10 copies) must be received, not later than April 25, 1961, by the Academic Registrar, University of London, Senate House, W.C.1, from whom further particulars may be obtained. (6518)

UNIVERSITY OF OXFORD

Applications are invited for the post of
FULL-TIME LECTURER IN OPHTHALMOLOGY

The appointment is for two years in the first instance, renewable for one further year. The salary is on the scale £1,400 to £2,350 per annum, according to age and experience, plus superannuation and children's allowances. The Lecturer is responsible for teaching ophthalmology in the University Medical School, and will hold the honorary post of First Assistant in the Oxford Eye Hospital. Time will be available for research. He will be required to take up office as soon as possible. Applications, together with the names of two referees, should be sent, by April 22, 1961, to the Secretary, Nuffield Laboratory of Ophthalmology, Walton Street, Oxford. (6440)

ST. ANDREW'S HOSPITAL FOR NERVOUS AND MENTAL DISORDERS, NORTHAMPTON

President: The Earl Spencer
Medical Superintendent: Thomas Tennent, M.D.,
F.R.C.P., D.P.H., D.P.M.

This registered hospital is situated in 130 acres of park and pleasure grounds. Patients, both male and female, who are suffering from incipient mental disorders, or who wish to prevent recurrent attacks of mental trouble, are received for treatment. Careful clinical, biochemical, bacteriological and pathological examinations. Private rooms with special nurses, male or female, in the hospital or in one of the numerous villas in the grounds of the various branches can be provided.

WANTAGE HOUSE

This is a Reception Hospital in detached grounds with a separate entrance to which patients can be admitted. It is equipped with all the apparatus for the complete investigation and treatment of mental and nervous disorders by the most modern methods; insulin treatment is available for suitable cases. It also contains laboratories for biochemical, bacteriological and pathological research. Psychotherapeutic treatment is employed when indicated.

MOULTON PARK

Two miles from the Main Hospital there are several villas situated in a park and farm of 600 acres. Milk, meat, fruit and vegetables are supplied to the hospital from the farm, gardens, and orchards of Moulton Park. Occupational therapy is a feature of this branch, and patients are given every facility for occupying themselves in farming, gardening and fruit growing.

BRYN-Y-NEUADD HALL

The seaside home of St. Andrew's Hospital is beautifully situated in a park of 330 acres at Llanfairfechan, amidst the finest scenery in North Wales. On the north-west side of the estate a mile of sea-coast forms the boundary. Patients may visit this branch for a short seaside change or for longer periods. The hospital has its own private bathing house on the seashore. There is trout fishing in the park.

For terms and further particulars apply to the Medical Superintendent (Telephone No. 34354 Northampton), who can be seen in London by appointment.

BOWDEN HOUSE

HARROW-ON-THE-HILL, MIDDLESEX

Established in 1911. Tel.: BYRon 1011 and 4772 (Incorporated Association not carried on for profit)

A private clinic for the treatment of patients suffering from early nervous disorders, alcoholism, and drug addiction. The clinic is situated in six acres of ground within half an hour of Central London, and can accommodate 25 in-patients and an additional number of day patients. It is staffed by a resident medical officer and fully trained State Registered nurses. Specialist services are fully available where required. Apply Medical Director.

CHISWICK HOUSE, MOSS LANE, PINNER, Middlesex

Telephone: Pinner 0234

Private Nursing Home for Nervous and Psychological troubles, including alcoholism. All modern treatments. Forty patients of both sexes, country house in six acres of grounds. Twelve miles north-west of London. Easily accessible by Metropolitan train from Baker Street to Pinner—22 minutes. Ten minutes' walk from Pinner Station. Resident and visiting physicians. Medical Director, Douglas Macaulay, M.D., D.P.M.

RYOTOL Ear Drops are the result of extensive clinical research, following very successful results in the veterinary field.

The formula was developed particularly to combat *Ps. pyocyanea*, the highly resistant organism which causes abundant pus and which, unaffected by penicillin, sulphonamides and other bactericides, is present in 90% of cases of chronically discharging ears.

RYOTOL is lethal to *Ps. pyocyanea* and also to *Staphylococcus aureus*, *Proteus vulgaris* and *Streptococcus pyogenes* found in C.S.O.M. and *Otitis Externa*.

Formula:
 Monophenyl ether of ethylene glycol ... 2.0% v/v
 Phenylmercuric Nitrate ... 0.1% w/v
 Phenyl-dimethyl iso-pyrazolone ... 5% w/v
 in a stabilised non-irritant base.

Samples and literature gladly forwarded on request.

Management of your Investments

To have money invested in Stock Exchange securities is one thing; to acquire the specialised knowledge necessary for their proper management is quite another. There is, however, no need to continue at such a disadvantage. The Trustee Department of the Westminster Bank has for many years offered a service for the management of customers' investments. This provides, at very moderate cost, all the advantages of experienced investment management (in collaboration with your own stockbroker if you wish), yet your personal requirements are always kept in mind. The service can also be used with advantage by institutions, public authorities and those concerned with the management of pension funds. Particulars of this service can be obtained from any branch of the Bank, or from the Manager of the Trustee Department.
