

IN THE TREATMENT
OF CHRONIC BRONCHITIS

PENBRITIN

THE BROAD SPECTRUM PENICILLIN

is more active than either the tetracyclines or chloramphenicol against a wide range of Gram-positive and Gram-negative organisms including *H. influenzae* and *D. pneumoniae*, the bacteria most commonly associated with chronic bronchitis

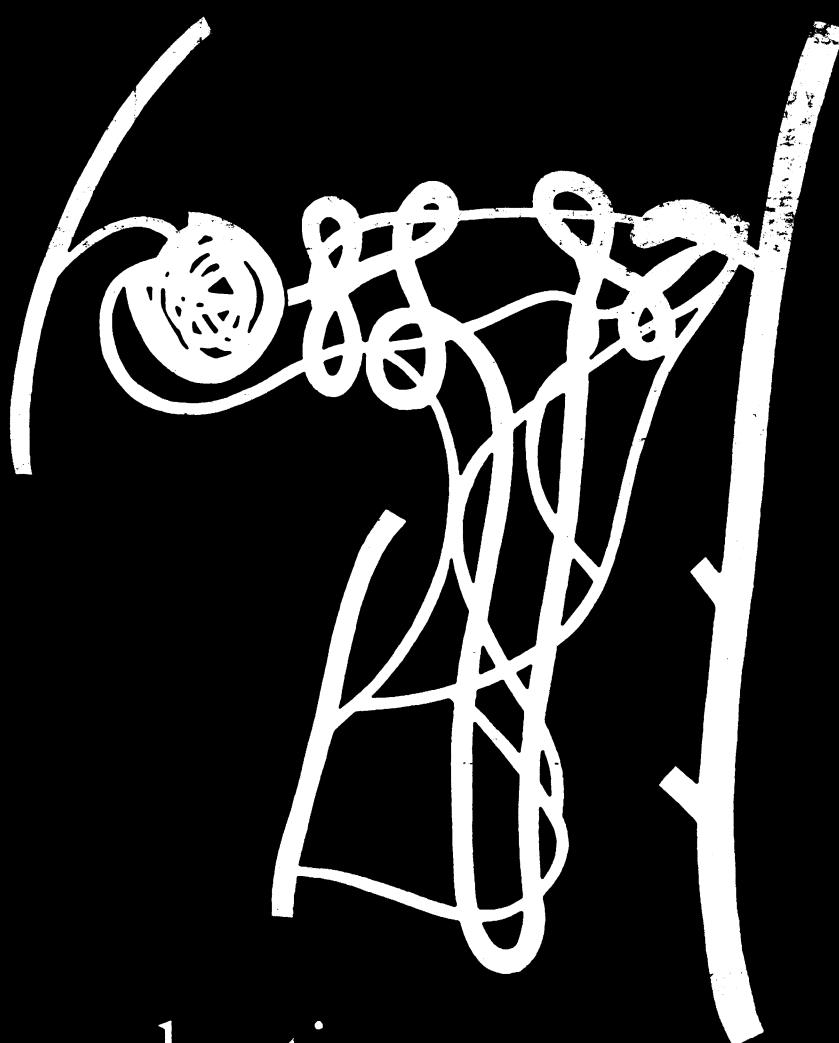

- * the only non-toxic antibiotic in the broad spectrum group
- * bactericidal
- * orally administered

Dosage in chronic bronchitis 1 capsule containing 250 mg. Penbritin 6-hourly. For prophylaxis 1 capsule twice daily.

the importance of it being

Terra-Cortril* eye · ear suspension

brand of oxytetracycline, hydrocortisone and polymyxin B

* Trade Mark

Where there is the remotest risk of damage to the cornea or to the outer ear due to *Ps. aeruginosa*, the only really effective prophylactic is polymyxin.

Together with Terramycin and hydrocortisone, polymyxin is the third major constituent of Terra-Cortril eye · ear suspension.

Thus combined, these three constituents provide the broadest and most certain therapeutic action against eye and ear infections.

The Terramycin constituent
Effective against a broad range of pathogenic organisms.

The hydrocortisone constituent
Suppresses inflammation and alleviates pain and pruritus.
Prevents scarring.
Penetrates the anterior chamber in therapeutic concentration.
Minimizes residual damage.

The polymyxin constituent
Effective against *Ps. aeruginosa*.
Without toxic or sensitizing properties when employed topically.

Pack
Available in a 5 ml. tube, which is provided with a special nozzle.

INTRODUCING

Fulcin Forte

TRADE MARK

Halves the cost of griseofulvin treatment for ringworm infections

'FULCIN', introduced by I.C.I. in 1959, marked a new era in the treatment of fungal infections of the skin, hair and nails. Continued research has shown that the absorption of the drug when given orally is greatly improved by increasing its fineness.

'FULCIN' FORTE is 'Fulcin' in a finely divided form. It produces the same clinical response as the original 'Fulcin' at half the dosage.

Indications

- All cases of Tinea capitis and favus (avoids X-ray epilation)
- Tinea of the nails
- Tinea cruris and Tinea corporis
- Chronic ringworm of the feet
- Tinea barbae

A daily dose of 0.5 grammes (1 'FULCIN' FORTE tablet four times a day) is adequate for most cases.

ONE WEEK'S TREATMENT NOW COSTS APPROXIMATELY 8/5d.

Fulcin Forte

Griseofulvin (Fine Particle)

Issued in tablets of 125 mg. (scored)

DECA-DURABOLIN

3 weeks
anabolic
activity

WITH ONE INJECTION

Deca-Durabolin induces a positive nitrogen balance quickly and lasting for three weeks, even in the face of intensive catabolic situations. The disadvantages inherent in anabolic steroids of androgenic origin have been reduced beyond all expectations; Deca-Durabolin can therefore be used in all cases where prolonged intensive anabolic treatment is indicated.

clearances of psoriasis

Completely cleared in 6 months: Adult male. Alphosyl therapy initiated 7th June. Marked improvement by 4th August, progressing until skin cleared of all lesions by the 6th December.

dramatic clinical results achieved by alphosyl

Impressive clinical results in the treatment of Psoriasis by ALPHOSYL indicate most strongly that this allantoin-coal tar combination deserves a trial in all cases of :

- total scalp-to-toe psoriasis
- psoriasis of many years' duration
- psoriasis involving tender areas
- psoriasis refractory to all previous treatment

The most recent controlled study, of a group of 62 patients, shows that in 55 cases (89%) psoriatic lesions were cleared 75-100%, and nearly half of them were "completely cleared".

In ALPHOSYL, for the first time, are presented in combination two powerful and proved healing agents : allantoin and a specially refined coal tar extract. The synergistic effects of these medicaments result in rapid clearance of the condition and positive stimulation of the healing process.

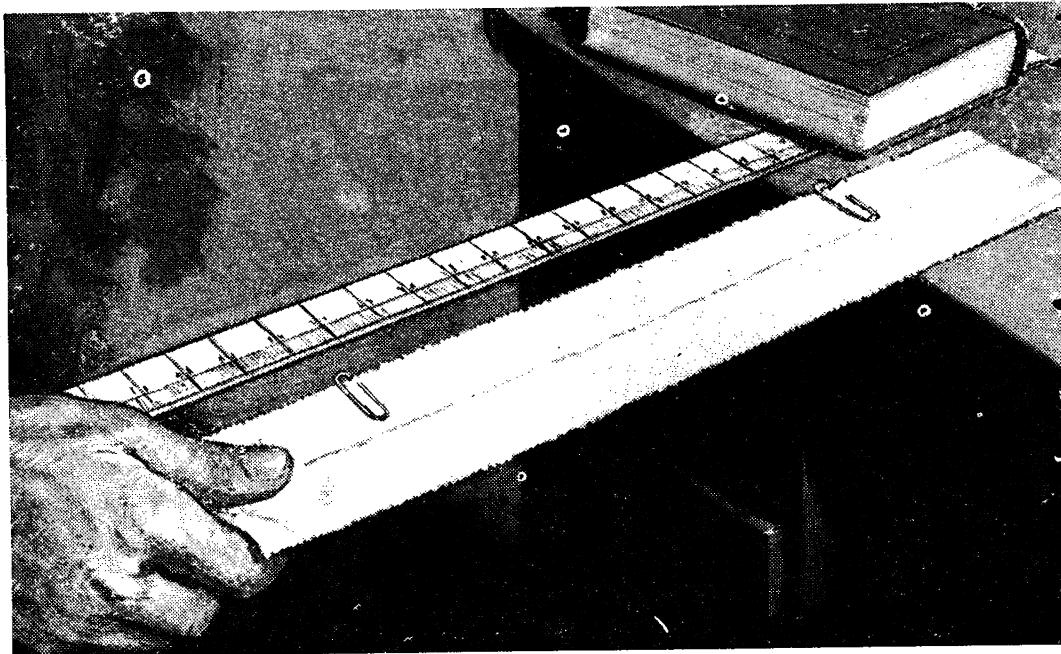

ALPHOSYL is notably safe to use and promotes no irritation or tolerance. It is a non-greasy, non-staining lotion vanishing on application to the skin and is thus a welcome advance cosmetically.

alphosyl

FORMULA : *Special coal tar extract 5% and allantoin 2% in a smooth, non-greasy lotion base.*

The 4 features of Elastoplast

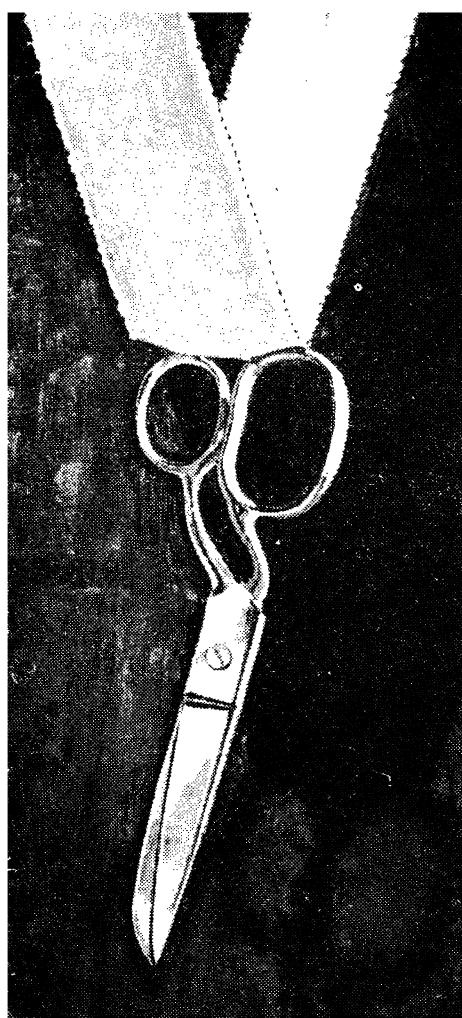

During 30 years of development, stringent laboratory standards have been laid down to ensure the superiority of Elastoplast bandage. But there are four simple working standards, which you can easily demonstrate for yourself, by which an Elastic adhesive bandage can be judged. Only Elastoplast conforms to all four. Try them yourself!

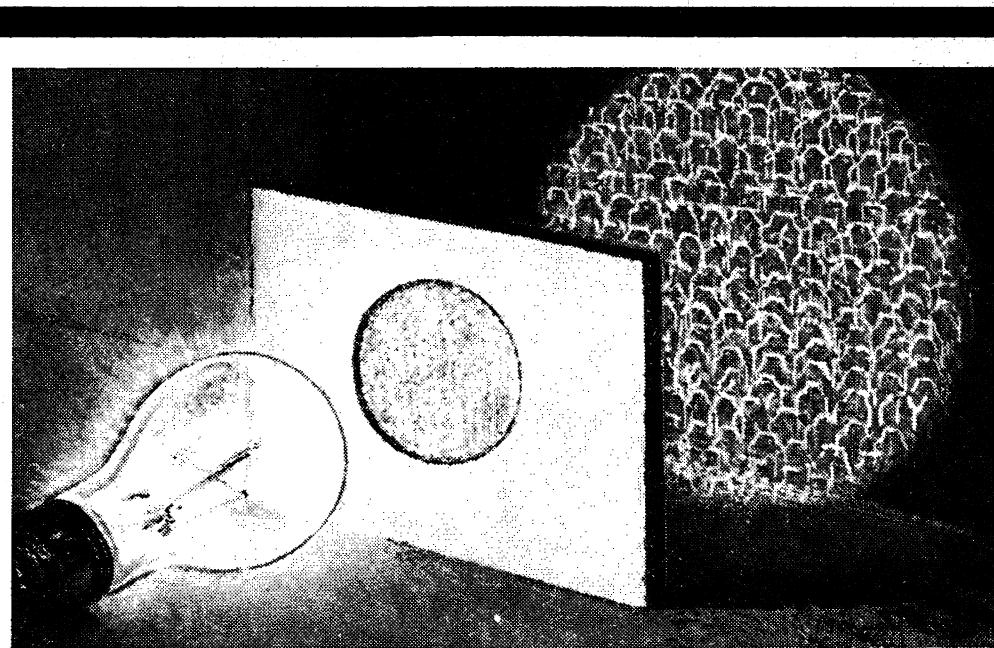

2 STRETCH AND REGAIN

Stick the first three inches of an Elastoplast bandage to the edge of a table top. Mark a foot length of it with paper clips and stretch it firmly as far as it will go. The foot length will extend to 21 inches with little effort—a 75% increase. When you let it go it will return to nearly its original length; no more than 13 inches. In most surgical techniques, this stretch and regain is critically important. It is at its maximum in Elastoplast.

Only Elastoplast has all

TRY THESE TESTS FOR YOURSELF

1 POSITIVE ADHESION

Press the handle of a pair of heavy scissors onto the adhesive halfway along a strip of Elastoplast and suspend the scissors from it. You will be surprised how long they hang before they fall. Elastoplast has always been known for its powerful adhesive spread, which sticks at the moment of contact and keeps the bandage firmly in position during the longest treatment.

3 EVEN, ALL-OVER POROSITY

Cut a hole about 2 inches in diameter in a piece of card and stretch a piece of Elastoplast over it. Hold it between a clear electric lamp and a white surface so that the pores project images of the filament. See how close, even and uninterrupted the filament pattern is. This even porosity, over the whole adhesive surface, is characteristic of Elastoplast. It leaves no occluded patches or bands of skin beneath the bandage, even when there is more than one layer.

4 SOFT NON-ADHESIVE EDGES

Feel the softness of the selvedge of an Elastoplast bandage and note that it is neither sharply cut nor ragged, but luxuriously fluffy. This is why Elastoplast does not cut nor mark the skin. The edges are free from adhesive so that the bandage cannot stick to the clothing and does not ruck during weeks or months of wear.

It costs no more to specify
ELASTOPLAST

four advantages

SMITH & NEPHEW LIMITED
WELWYN GARDEN CITY · HERTFORDSHIRE

Shorten the road to recovery with Anabolex

the protein anabolic compound

ANABOLEX promotes return of appetite, increased weight and a sense of well-being

Convalescence following serious and debilitating disease or major surgery can be shortened by the administration of Anabolex (androstanolone).

Anabolex stimulates protein anabolism and increases the body's capacity to replace lost protein. Patients feel better, eat better and gain weight.

Anabolex is non-virilizing in therapeutic doses and is safe for patients of all ages and both sexes.

INDICATIONS: Middle aged or elderly debilitated patients. Convalescence following major surgery, serious disease, or severe burns and traumata. Pre-surgical preparation. Senile, post-menopausal and corticosteroid-induced osteoporosis. Wasting diseases. Malnutrition and emaciation.

PRESENTATION: Tablets each containing 25 mg. androstanolone in vials of 25, 100 and 250 at a basic NHS cost of 20/-, 70/- and 180/-.

Samples and literature will gladly be sent on request

DIARRHOEA

IVAX

and gastro-intestinal infections yield promptly to **IVAX**

The incidence of diarrhoea and infections of the intestinal tract is extremely high during the summer months. The majority of cases are bacterial in origin but dietary factors also play their part.

Ivax provides effective treatment in such cases. Both the infecting bacteria and the debilitating diarrhoea will yield to the special combination of neomycin, sulphaguanidine and kaolin. Ivax quickly controls infection, consolidates the stools, and soothes irritated and inflamed mucosa.

Ivax is palatable and ready-prepared suitable for children and adults.

Bottles of 6 fl. oz. Basic N.H.S. price 7/8.

COUGHS and SNEEZES...

...symptoms which bring congestion to the winter surgery, can now be swiftly and simply overcome by 'ACTIFED' Compound Linctus.

'Actifed' Compound Linctus is the cough suppressant with built-in decongestive and anti-histamine properties. Each fluid drachm contains 1 mgm. *triprolidine hydrochloride*, most potent of the antihistamines, which promotes nasal decongestion, 20 mgm. *pseudoephedrine hydrochloride*, the sympathomimetic amine which decongests the entire respiratory tract without causing marked central stimulation, and 7.5 mgm. *codeine phosphate*, safest and simplest of the cough suppressants.

When there is simple cough, cough and cold, cough and allergy, or bronchitis, 'Actifed' Compound Linctus suppresses cough and improves pulmonary ventilation, without impairment of ciliary action and drainage.

**Now more than ever
the accepted standard!**

The original and only official thiazide diuretic, Chlorothiazide B.P., is now selected for contract by the Ministry of Health for use in hospitals throughout the country. 'Saluric' (the original chlorothiazide) was discovered and developed by the Merck Sharp & Dohme Research Laboratories and is manufactured entirely in England under the rigid controls for which MSD products are internationally famous.

The price of 'Saluric' has been approved by the Ministry of Health for N.H.S. prescribing on Form E.C.10—'Saluric' now costs less than 2/- for an average week's maintenance therapy.

'Saluric' is supplied as 0.5 G. tablets, white, half-scored.
(Chlorothiazide Tabs. B.P.; Tab. Chlorothiaz. B.N.F.)
'Saluric' is a regd. trademark.

NEW from
Glaxo
Antibiotic Research
GRISOVIN-FP
fine particle
griseofulvin for
greater absorption

Glaxo research, which first developed large-scale manufacture of griseofulvin, has produced a new fine particle form of the antibiotic. This is now marketed as GRISOVIN-FP. Griseofulvin is relatively insoluble. By reducing the particle size its absorption is substantially increased. Grisovin-FP taken orally produces blood levels equal to those obtained with the original material but in *half the dosage*. For this reason Grisovin-FP is issued in a tablet of 125 mg which is equivalent to the original 250 mg tablet in the production of griseofulvin blood levels. The reduced particle size is purely a physical change and in all other respects but one Grisovin-FP is identical with the griseofulvin so extensively, and so successfully, used for the treatment of fungal skin infections. The exception is the price—Grisovin-FP costs much less.

GRISOVIN-FP

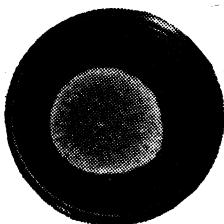

(Griseofulvin Fine Particle)

FROM DOVER

...do you recommend an external wedge on the shoes?

But the wedges soon wear away; and very often the child is made to feel self-conscious because his shoes look different from other children's. As the diagram on the left clearly shows, any external wedge to heel disturbs the plane of forepart and heel. Surely it's more logical to have a wedge built-in between the inner and the outer sole—where it can correctly corset the foot, remain invisible, and completely unaffected by wear or repair of the shoe. That is how Start-rite INNERAZE shoes are made—on remedial lasts specially adapted to accommodate the internal wedge. That is why they are the only practical and thoroughly effective solution to this problem.

Information from Mr. W. J. Peake,

Announcing:

COLOMYCIN*

INTRAMUSCULAR INJECTIONS
for urinary and systemic infections.

TABLETS for gastro-intestinal infections.

**A MOST ACTIVE
ANTIBIOTIC AGAINST
PATHOGENIC GRAM-
NEGATIVE ORGANISMS**

Resistant strains of Gram-negative organisms such as *Pseudomonas* *pyocyanea*, *Klebsiella aerogenes* and *Escherichia coli* now represent a major problem in therapeutics.

Clinical reports on COLOMYCIN clearly show that it fills a gap in the treatment of infections due to Gram-negative organisms. It is of outstanding value in the treatment of gastroenteritis and urinary infections, particularly those cases which have been found resistant to antibiotics in conventional use.

*COLOMYCIN is notable for lack of toxic side-effects and in particular the absence of renal damage allows an exceptionally high degree of therapeutic safety.

COLOMYCIN is marketed in America and Europe under the trade names "Colimycine" and "Colistin".

XII. GLAUCOMA
XIII. THE ORBIT
INDEX

MECHANISMS OF DISEASE
An Introduction to Pathology

By Ruy Perez-Tamayo, M.D., Director of the Department of Pathology, National University of Mexico.
512 pages, illustrated. £4 18s.
Pathology from its general cellular aspects to carefully chosen specific examples of faulty regulation.

RESPIRATION IN HEALTH AND DISEASE

By Reuben M. Cherniack, M.D., and Louis Cherniack, M.D. (both of the University of Manitoba, Winnipeg).
448 pages, illustrated. £3 13s. 6d.
Vital information for the fuller understanding of respiratory disorders.

THE STAGES OF HUMAN DEVELOPMENT BEFORE BIRTH

By E. Blechschmidt, M.D., Professor of Anatomy, University of Göttingen, Germany.
684 pages. £8 1s.
An introduction to Human Embryology.

PSYCHIATRY : Biological and Social

By Ian Gregory, M.A., M.D.(Camb.), D.Psych., Assistant Professor of Psychiatry, University of Minnesota Medical School.
577 pages. £3 10s.

A clear, concise explanation of psychiatry and psychiatric care—devoid of esoteric language. The second half of the book offers help for understanding and managing specific syndromes.

CLINICAL OBSTETRICS

By Benjamin Tenney, M.D., Clinical Professor of Obstetrics and Gynecology, Harvard Medical School; and Brian Little, M.D., F.R.C.S., Associate in Obstetrics and Gynecology, Harvard Medical School.
440 pages, illustrated. £2 19s. 6d.
Each of the 24 chapters deals with a different hazard of pregnancy, labour, delivery and the postpartum.

INTRODUCTION TO ANESTHESIA
New—Second Edition

By Robert Dripps, M.D., James Eckenhoff, M.D. (both of University of Pennsylvania); and Leroy D. Vandam, M.D., Harvard Medical School.
413 pages. 2nd edition. £2 16s.
Illustrates the principles of safe practice in Anaesthesia.

*“Knowing you Baxter,
you might say it's a winner . . .*

... a nice combination of speed and staying-power, don't you think ? That is one of the great advantages of I.Z.S.—it gives a rapid initial response and yet provides, in most cases, adequate control of blood sugar for 24 hours with only one injection. And because this prolonged action is obtained without the addition of foreign protein or peptide material, you don't see the allergic reactions that, as Sister will tell you, were not uncommon with the older long-acting insulins. That is why you will find I.Z.S. (Lente) is the most suitable insulin for 90 per cent. of your diabetics . . . and don't forget the A.B. — *that*, Baxter is a tip worth remembering.”

why **CRYSTAMYCIN**

TRADE MARK

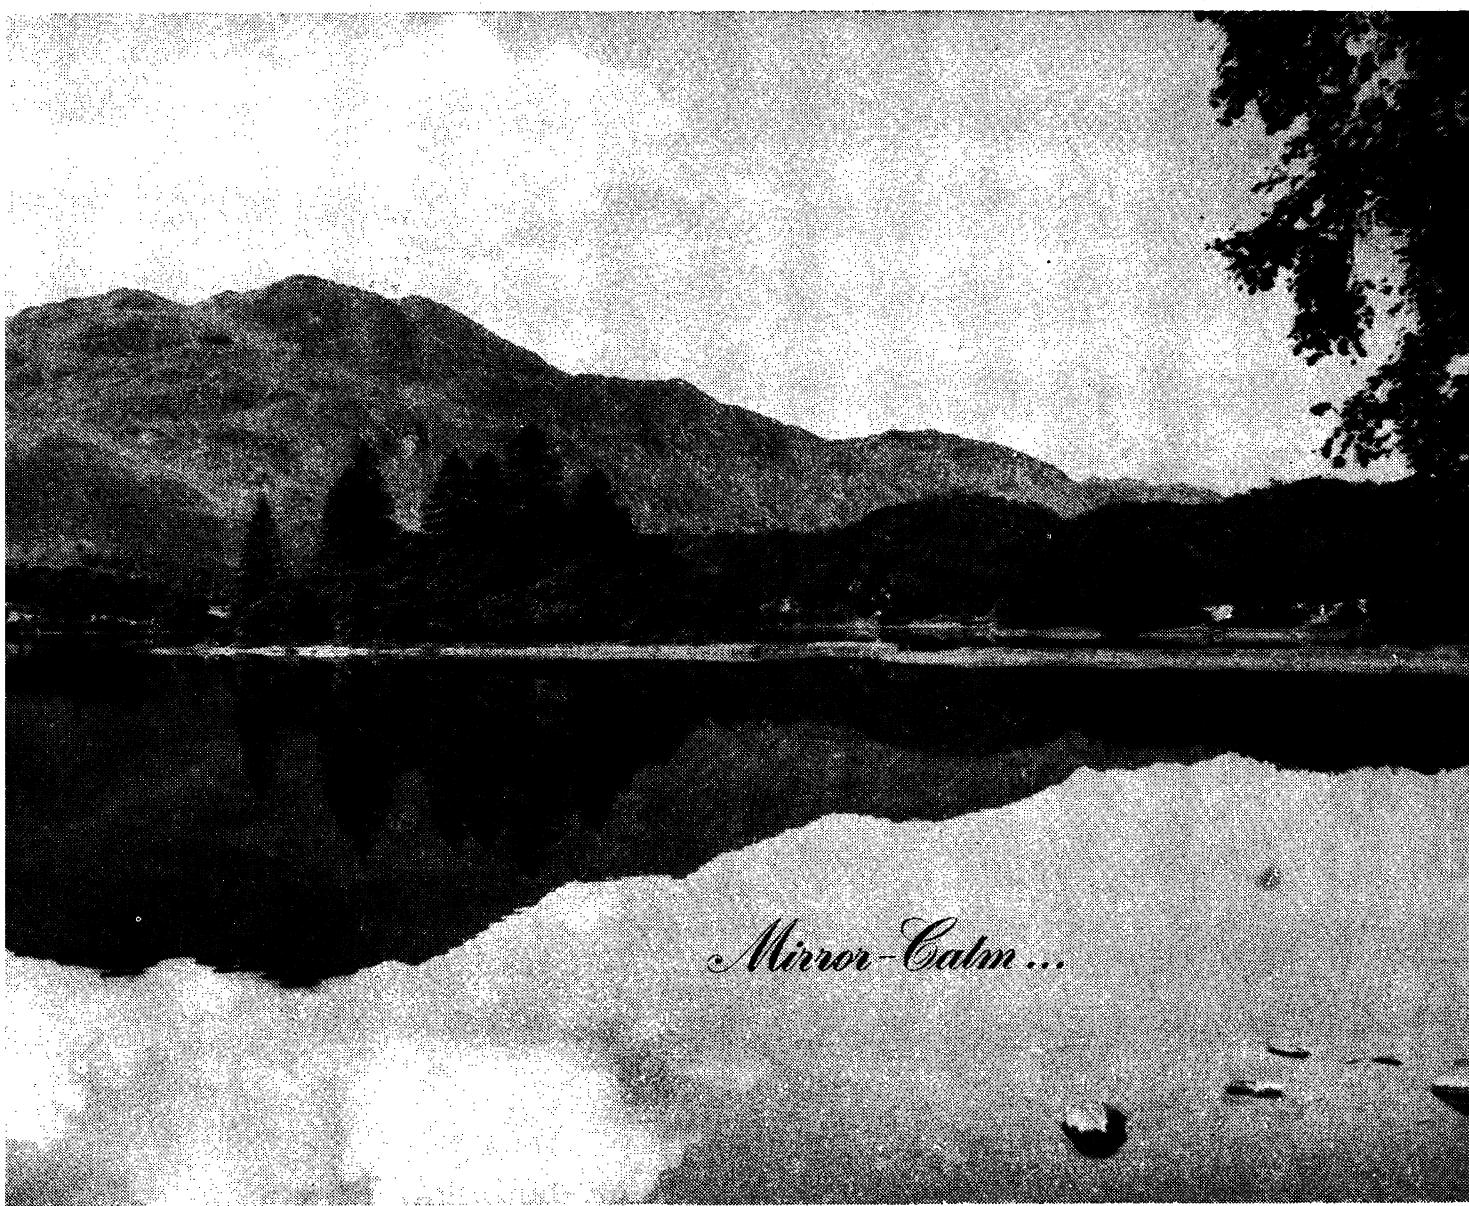

Because its two antibiotic components frequently have a synergistic effect, providing an intensive bactericidal attack beyond the scope of either substance used alone. The penicillin in Crystamycin is in the soluble sodium form to exert a swift bactericidal effect. Streptomycin has been selected for its decisive effect on gram-negative organisms. And finally Crystamycin is surprisingly low in cost. Effectiveness plus economy — reasons why Crystamycin . . .

is so often chosen to put a swift end to bacteria

THE MEDICAL SERVICE
OF THE ROYAL NAVY

VACANCIES FOR MEDICAL OFFICERS

The Royal Navy offers Short Service Commissions of 3 or 5 years' duration to registered medical practitioners. Opportunity exists for transfer to Permanent Commission, by selection, after one year's service. There are facilities for postgraduate study and training for higher degrees with a view to specialization, in the case of officers entered on 5-year short service and on Permanent Commissions. Specialities include Underwater Physiology, Nuclear and Aviation Medicine, as well as the usual clinical subjects.

Pay: On entry a Surgeon Lieutenant married and over the age of 25 years will receive £1,195, with annual pay increments thereafter and a tax-free ration allowance of £112 p.a. if unaccommodated. Additional allowances are paid for children's education, disturbances involving essential moves of family, and for service overseas.

Gratuities and Pensions:

Gratuities are payable on completion of short service commissions:

- 3 years' service £1,500 tax free
- 5 years' service £3,000 tax free
- Those officers accepted for Permanent Commissions receive £1,500 (Taxable).

Service becomes pensionable after 16 years.

For further details apply to:

BRONCHITIS

The well established formula for chronic bronchitis is TERCOLIX. This dislodges the habitual mucoid sputum; relieves wheeziness, breathlessness and distressing fits of coughing; makes expectoration easy by liquifying tenacious mucus. Each teaspoonful contains Codein Phosph. $\frac{1}{4}$ grain combined with Terpin Hydrate, Menthol, Pine and Eucalyptus oils to provide a warm, soothing, sedative effect. Dosage: Two teaspoonfuls in warm water, before retiring—sipped slowly—free the air passages of accumulated mucus and ensure a good night's sleep. Where the critical point has been reached and the bronchial tubes are swollen, soggy and unduly sensitive, daily maintenance doses are strongly recommended. Samples for clinical trial are available on request.

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose (unless otherwise specified) one copy each of 3 recent* testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

House Officers should submit a separate application for each post for which they apply.

Canvassing of members of the Board or Advisory Appointments Committee will lead to disqualification (Statutory Instrument 1950, No. 1259, N.H.S.).

* SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

Registrar Grades. Whole-time

(a) **REGISTRAR**: Posts obtained normally not less than one year after full registration as a medical practitioner and held normally for two years: £1,250 in the first year; £1,400 in the second and any subsequent years. Deduction of £215 per annum for compulsory residence; £255 per annum for voluntary residence.

(b) **SENIOR REGISTRAR**: Posts obtained normally not less than three years after full registration and held normally for four years: £1,500 by £100 to £1,800 in the fourth year; thereafter, £1,900 in the fifth and sixth years; £2,000 in the seventh and eighth years; £2,100 in the ninth and any subsequent years. Deduction of £250 per annum for compulsory residence: £275 per annum for voluntary residence.

Other Grades. Whole-time

(c) **HOUSE OFFICERS**: Each post in this grade shall be tenable for six months. £675 per annum for the first post held; deduction of £155 per annum for compulsory residence or £195 per annum for voluntary residence;

£750 per annum for the second post held; deduction of £160 per annum for compulsory residence or £195 per annum for voluntary residence;

£825 per annum for the third and any subsequent posts held; deduction of £165 per annum for compulsory residence or £195 per annum for voluntary residence;

provided that the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that the remuneration of any officer holding his first post in the National Health Service as a House Officer shall be £750 per annum if they are satisfied that the officer has held at least one hospital post outside, of not less than six months' duration, involving clinical responsibilities equivalent to those of house posts in the National Health Service and supervised by appropriate specialist staff; provided further that where a House Officer has previously held two such outside posts the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that his remuneration shall be £825 per annum. Any House Officer who on first appointment is paid at the appropriate rate to the second or third post held in accordance with the above provision shall be paid at the third post rate for any subsequent appointments in this grade.

(d) **SENIOR HOUSE OFFICERS**: Posts obtained by fully registered medical practitioners and held normally for one year only: £1,050 on appointment at age 27 or under; £1,100 on appointment at age 28 or over. Deduction of £180 per annum for compulsory residence or £215 per annum for voluntary residence.

(e) **JUNIOR HOSPITAL MEDICAL OFFICERS**: Officers who have held house appointments but who are not registrars and who have less responsibility than other hospital officers of non-consultant status, and who have been appointed for a limited or indefinite period, not less than one year after full registration as a medical practitioner: £1,100 by £60 (8) to £1,580. Deduction of £215 per annum for compulsory residence or £255 per annum for voluntary residence.

Allowances at rates of up to £100 per annum shall be payable to house officers, senior house officers, junior hospital medical officers and registrars occupying posts approved for such allowances in peripheral hospitals.

ALL NATIONAL HEALTH SERVICE HOSPITAL APPOINTMENTS ARE IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF SERVICE OF HOSPITAL MEDICAL STAFF (3/3/61)

BOROUGH OF HARROW

6

APPOINTMENT OF MEDICAL OFFICER OF HEALTH

Applications are invited from fully qualified medical practitioners for the post of Medical Officer of Health of the Borough, which will shortly become vacant on the retirement of Dr. Caryl Thomas.

Harrow is the largest Municipal Borough in England and Wales ; and the Borough alone of the Middlesex Boroughs and Districts forms a complete unit, of itself (Area No. 5), for the purpose of administering certain services at present provided by Middlesex County Council, as Local Health Authority under Part III of the National Health Service Act, 1946. The Government is proposing in the recent White Paper to accept the recommendation of the Royal Commission that Harrow should remain as a Greater London Borough with its boundaries unaffected, with additional powers, including the health services provided by Local Health Authorities.

The Council of the Borough proposes, subject to the concurrence of the County Council, that the present arrangement with them, whereby the services of their Medical Officer of Health are made available to Middlesex County Council for 60% of his time in connection with the County health services administered in the Borough by Local Area (Health) Committee No. 5, shall apply to the new appointment.

The dual salary scales are :

£3,295 by £140 (1) and £120 (2) to £3,675 per annum.

A car allowance in accordance with the "casual user scale" will be paid; and the successful applicant will be required to pass a medical examination, and to take up residence within the Borough within a reasonable time.

Applicants must have had an extensive experience in Public Health duties, and hold the Diploma of Public Health or its equivalent.

The successful candidate will, as to the duties of Medical Officer of Health of the Borough, be responsible, subject to the Public Health Officers' Regulations, 1959, to the Council of the Borough and/or its Public Health Committee ; and as to Area Health duties, he will act under the direction of the County Medical Officer of Health.

The appointment is superannuable, and subject to three calendar months' notice, in writing, on either side.

Applications, giving full details of qualifications and experience, together with the names of three persons to whom reference may be made, should be sent to me, to be received not later than January 31, 1962.—David Pritchard, Town Clerk, Council Offices, Harrow Weald Lodge, Harrow. (5815)

COUNTY BOROUGH OF DARLINGTON

Applications are invited from registered medical practitioners for appointment as full-time **ASSISTANT MEDICAL OFFICER OF HEALTH** and **SCHOOL MEDICAL OFFICER** to work in all sections of the Health and School Health Department.

Salary scale £1,295 by £65 to £1,650 by £75 to £1,845 per annum.

Preference will be given to holders of the D.P.H. Applications, stating age, qualifications, and details of experience, with names of two responsible referees, should be sent to the Medical Officer of Health, Feedhams, Darlington (from whom further information may be obtained), not later than February 5, 1962. (5886)

COUNTY BOROUGH OF WARRINGTON

Applications are invited from registered medical practitioners holding an approved qualification in Public Health for appointment as **DEPUTY MEDICAL OFFICER OF HEALTH** and **DEPUTY PRINCIPAL SCHOOL MEDICAL OFFICER**

Salary £1,942 10s. by £52 10s. (5) to a maximum of £2,205, plus car allowance.

The duties are both administrative and clinical. Full details of the appointment can be obtained from the undersigned, to whom application should be submitted as soon as possible, stating age, and giving full details of qualifications, experience, etc., and accompanied by the names of two people to whom reference may be made.—Eric H. Moore, Medical Officer of Health and Principal School Medical Officer. (5933)

DERBYSHIRE COUNTY COUNCIL
County Health Department**ASSISTANT COUNTY MEDICAL OFFICER OF HEALTH AND SCHOOL MEDICAL OFFICER**

Applications are invited from registered medical practitioners for whole-time superannuable posts. Vacancies exist in areas near to Heanor, Shirebrook, Alfreton and Chesterfield. The main duties relate to the School Health Service, but include child welfare work, vaccinations, etc. Salary £1,295 by £65 (5) to £1,620 by £75 (3) to £1,845 per annum. Car allowance. A scheme of allowances towards removal and lodging expenses in appropriate cases has been adopted. Canvassing disqualifies. Particulars and forms of applications are obtainable from Dr. J. B. S. Morgan, County Medical Officer, County Offices, Matlock. (5635)

Public Health—contd.

AUCKLAND HOSPITAL BOARD
New Zealand

PATHOLOGIST

Applications are invited from qualified medical practitioners eligible for appointment as either Junior or Senior Specialist for the position of Pathologist, to be seconded for duty as Pathologist-in-Charge, Middlemore Hospital.

The salary prescribed by the Hospital Employment (Medical Officers) Regulations is: Junior Specialist £(N.Z.)1,900 to £(N.Z.)2,300 per annum; Senior Specialist £(N.Z.)2,450 to £(N.Z.)2,800 per annum.

The actual scale, commencing rate, and the maximum within the scale will be determined by the Medical Officers' Salaries Grading Committee in accordance with the qualifications and experience of the appointed.

Conditions of appointment, together with details of assistance towards the payment of the appointee's fare and those of his family, together with form of application, are available from the Office of the High Commissioner for New Zealand, 415 The Strand, London W.C.2. Applications close with the Secretary, Auckland Hospital Board, P.O. Box 5536, Auckland C.1, New Zealand, at noon on Friday, March 2, 1962. (9508)

Overseas (Vacant)—contd.**AUCKLAND HOSPITAL BOARD, New Zealand****RESEARCH OFFICER, Cardio-Thoracic Surgical Unit, Green Lane Hospital**

The Life Insurance Medical Research Fund of Australia and New Zealand has made a grant to the Auckland Hospital Board in order that cardiac research may be carried out in the Cardio-Thoracic Surgical Unit, Green Lane Hospital, Auckland. The main research project concerns the effect on the lung of pulmonary occlusion of the artery flow. A second project will also be included and if required this could concern a subject of the candidate's own choosing.

Applications are therefore invited from qualified medical practitioners eligible for registration in New Zealand for this position. The term of appointment will expire on December 31, 1962, and it is desired that the appointee be available to commence duty as soon as possible after being notified of his appointment.

Salary for this position will be paid within the scale £N.Z.1,400 to £N.Z.1,600 per annum plus a living-out allowance of £N.Z.200 per annum. The commencing salary within this scale will be determined in accordance with the appointee's qualifications and experience.

Conditions of appointment and form of application are available from the office of the High Commissioner for New Zealand, New Zealand House, 415 The Strand, London W.C.2. Applications close with the Secretary, Auckland Hospital Board, P.O. Box 5546, Auckland C.1, New Zealand, at noon on Friday, March 2, 1962. (5973)

UNIVERSITY COLLEGE HOSPITAL
Ibadan, Nigeria**SENIOR HOSPITAL MEDICAL OFFICER****General Out-patients Department**

The Board of Management invites applications from registered medical practitioners for the appointment of Senior Hospital Medical Officer in the General Out-patients Department and the Hospital Staff Medical Service.

The General Out-patients Clinic, with 30,000 new patients a year, provides clinical work of the greatest variety and interest in general and tropical medicine and selects most of the cases for the consultant clinics and wards. Applicants should have had wide clinical experience, as the duties include the supervision and training of junior medical staff and teaching final-year medical students.

The salary offered for the post is £1,836 per annum, rising by six annual increments to a maximum of £2,268 per annum, plus an inducement allowance of £300 per annum payable to an expatriate doctor. Gratuity payable. The successful candidate will be offered an initial appointment of two tours of 12 months each, renewable by mutual consent for further tours.

Applications should be submitted, not later than February 3, 1962, on the appropriate forms, which will be forwarded, together with additional information, on receipt of a foolscap envelope by the Adviser on Staff Recruitment, London Office (University College Hospital, Ibadan, 91 Regent Street (3rd Floor), London W.1. (5935)

UNIVERSITY COLLEGE HOSPITAL
Ibadan, Nigeria**SENIOR HOUSE OFFICER/REGISTRAR****General Out-patients Department**

The Board of Management invites applications from fully registered medical practitioners for appointment as Senior House Officer/Registrar in the General Out-patients Department of the above teaching hospital. The General Out-patients Clinic, with 30,000 new patients a year, provides clinical work of the greatest variety and interest in general and tropical medicine. Candidates for appointment as Senior House Officer should normally have completed one year after full registration, and those for appointment as Registrar should have held a Senior House Officer post.

Salaries : Registrar, £1,452, £1,512 per annum; Senior House Officer, £1,392 per annum.

The appointment will initially be for one tour of 12 months, renewable, in the case of a Registrar, for a second tour by mutual agreement. Gratuity payable. Special departmental allowance of £180 per annum payable to a successful Nigerian.

Applications should be submitted, not later than February 3, 1962, on the appropriate forms, which will be forwarded, together with additional information, on receipt of an addressed foolscap envelope by the Adviser on Staff Recruitment, London Office (University College Hospital, Ibadan), 91 Regent Street (3rd Floor), London W.1. (5936)

UNIVERSITY OF ALBERTA HOSPITAL
Edmonton, Alberta, Canada

Rotating internships available July 1, 1962. (Recognized pre-registration appointments.) 1,200 beds. Honorary \$185 per month.

Accommodation available in house staff quarters at \$25 (single) and \$63 (married) per month. Cost of transportation to Edmonton, to be repaid during first year, may be advanced if required.

Applications should be submitted to Dr. B. Snell, Medical Superintendent. (5373)

Overseas (Vacant)—contd.**UNIVERSITY OF MALAYA IN KUALA LUMPUR**

Applications are invited for appointment to the following Chairs in the newly established Faculty of Medicine at the University of Malaya, Federation of Malaya, Kuala Lumpur :

1. ANATOMY
2. PHYSIOLOGY
3. BIOCHEMISTRY
4. PATHOLOGY
5. MEDICINE
6. SURGERY

Applicants for these Chairs should have high academic qualifications and wide experience in teaching and research. The successful candidates are expected to assume duties in Kuala Lumpur as soon as possible in 1962.

Salary : There is a range of basic salaries, to one of which a Professor is appointed, depending on his qualifications and experience. These are £1,620 p.m. (£2,268 p.a.), £1,670 p.m. (£2,338 p.a.), £1,720 p.m. (£2,408 p.a.), £1,770 p.m. (£2,478 p.a.), and £1,820 p.m. (£2,548 p.a.). In addition a variable allowance is at present paid at 35% of basic salary, subject to certain maxima, together with expatriation allowance at specified rates. An allowance is made towards travelling expenses, and housing assistance is available.

For the Clinical Chairs, i.e., Medicine, Surgery and Pathology, in addition to the normal conditions, the following will be paid : (a) Clinical allowance of £500 p.m. (£700 p.a.); (b) Consultation fees : Clinical Professors may retain fees at the following rates :

50% of the first £500 of all fees earned in a month ;

25% of the next £2,000 ;

10% of the remainder.

(N.B.—These rates are under review and may be changed.)

Further particulars and information as to the method of application may be obtained from the Secretary, Association of Universities of the British Commonwealth (Branch Office), Marlborough House, Pall Mall, London S.W.1.

Applications close in Kuala Lumpur and London on February 20, 1962. (6008)

UNIVERSITY OF QUEENSLAND**SENIOR LECTURER IN ANATOMY**

The University invites application for the above-mentioned position. Applicants should have had a sound training in the subject, have had experience in teaching at University level, hold a higher degree, and/or have made original contributions to some branch or branches of the subject, or to related subjects. It is preferable that the appointee be medically qualified.

The Department of Anatomy will, from the beginning of 1962, occupy its new building at the main university site at St. Lucia, where there will be very good facilities for teaching and investigation. The department has its own "Akashi" electron microscope in operation and the University will shortly have a Siemens and Halske Elmiskop I installed in the general Electron Microscope Unit, to which staff of the Department of Anatomy will have access. There is full provision in the department for modern cytological and histological investigation. It is expected that there will also be adequate provision of electronic equipment.

The salary range is £A.2,520 by £A.100 (4) by £A.80 (1) to £A.3,000.

The successful applicant will be entitled to participate in the benefits available to the academic staff, which include F.S.S.U. type superannuation, housing assistance, study leave and travel grants.

Additional information on the conditions of appointment, staffing, and activities of the department, together with application forms, will be supplied upon request to the Secretary, Association of Universities of the British Commonwealth (Branch Office), Marlborough House, Pall Mall, London S.W.1.

Applications close in Australia and London on February 3, 1962. (6009)

Anglican Medical Centre for nervous illness. Psychotherapy, studio for painting and modelling, dance movement. Chapel and Chaplain available. Non-institutional family life in country near Oxford. Apply Medical Director, Joan E. Mackworth, M.B., Ch.B., D.P.M.

**ST. ANDREW'S HOSPITAL
FOR NERVOUS AND MENTAL DISORDERS**
NORTHAMPTON

President : The Earl Spencer.

Medical Superintendent :

Thomas Tennent, M.D., F.R.C.P., D.P.H., D.P.M. This private hospital receives patients, both male and female, suffering from nervous and mental disorders, including alcoholism and senile illnesses. The fees range from fourteen guineas per week. Private rooms with special nurses can be provided, either in the hospital or in one of the villas in the grounds. The hospital is situated in 130 acres of pleasant grounds, which provide all recreational facilities. These include a nine-hole golf course, sports ground, tennis courts, etc.

WANTAGE HOUSE

This is a separate reception unit to which patients may be admitted. It is equipped for the complete investigation of nervous and mental disorders by the most modern methods. All forms of treatment are available. It contains laboratories for biochemical, bacteriological and pathological research.

MOULTON PARK

Some two miles from the main hospital is the farm of approximately 600 acres. Occupational therapy is a feature of this branch, and patients are given every facility for occupying themselves in farming, gardening, fruit growing, etc.

BRYN-Y-NEUADD HALL

The seaside home of the hospital is beautifully situated in a park of 330 acres at Llanfairfechan, amidst the finest scenery in North Wales. On the north-west side of the estate a mile of sea coast forms the boundary. Patients may visit this home for a short seaside change or for longer periods. The hospital has its own private bathing house on the seashore.

For terms and further particulars apply to the Medical Superintendent (Telephone No. 34354, Northampton), who can be seen in London by appointment.

A natural action laxative

When advising a laxative, medical preference usually favours the use of a product which acts in a perfectly natural way. Andrews meets this demand admirably. Its effect is to increase the fluid content in the bowel by osmosis and so induce a mild and natural aperient action that does not irritate the intestine.

Andrews will be found particularly useful for relieving constipation arising from decreased food intake, either during illness or restricted diet.

Andrews has further advantages, it is mildly antacid and relieves gastric discomfort. It also improves the flow of bile and helps to check biliousness and sick headaches.

The pleasant taste and refreshing effervescence of Andrews make it readily acceptable to most patients.

**COUGH
RELIEF**
at the right time
10 hours of a time

PHOLTEX

**UP TO TEN HOURS RELIEF FROM ONE TEASPOONFUL
THROUGH ION-EXCHANGE RELEASE**

hours of relief from one dose

because Pholtex contains *pholcodine* and *phenyltoloxamine* as ion-exchange resin complexes to give smooth and prolonged effect — up to ten hours in many cases.

more complete relief of unproductive cough

because the cough depressant action of pholcodine is potentiated and reinforced by the antihistaminic and antispasmodic activity of phenyltoloxamine.

economy of treatment

because a 2 oz. bottle of Pholtex contains sixteen doses — enough for one week's treatment for as little as 8d a day (basic NHS cost).

dosage

One teaspoonful (4 ml.) at minimum intervals of eight hours — *for children* : half to full adult dosage according to age. —

composition

Each teaspoonful (4 ml.) contains pholcodine 15 mg. and phenyltoloxamine 10 mg. as resin complexes in a pleasantly flavoured thixotropic vehicle.

basic NHS prices

2 fl. oz. 5/4
20 fl. oz. 49/4 (dispensing pack)
