

A QUICK WAY TO RECOVERY

HYDRODERM

HYDROCORTISONE-NEOMYCIN-BACITRACIN OINTMENT

Read

The topical application of HYDRODERM has simplified and speeded the treatment of many common allergic and inflammatory skin lesions. The inclusion of the antibiotics neomycin and bacitracin reduces the risk of complications from present or threatened infection.

Each gram of HYDRODERM contains 10 mg. hydrocortisone, 5 mg. neomycin sulphate and 1000 units zinc bacitracin. It is supplied in 5 and 15 G. tubes.

Full information on HYDRODERM is available on request

Introducing FUCIDIN ZN6-Na

an oral antibiotic of completely new personality

original product of Leo Research

In releasing FUCIDIN, LEO PHARMACEUTICAL PRODUCTS DENMARK appreciate that a number of pharmaceutical preparations have been introduced with high expectations, only to exhibit in subsequent widespread clinical use properties limiting their usefulness.

Initially therefore, LEO restrict themselves to the following statements:

- 1. In laboratory and clinical trials over a period of two years, FUCIDIN, the sodium salt of fusidic acid, a substance unrelated to any available antibiotic, has demonstrated outstanding activity against the staphylococcus whether antibiotic sensitive or resistant.
- 2. While it is probably inappropriate to use the word 'safe' with respect to any chemotherapeutic substance, no serious side-effects have been reported to date following extensive clinical trials with FUCIDIN. Its basic steroid structure, far from causing any of the untoward reactions that have become associated with the steroids, may be responsible for the efficient diffusion of FUCIDIN throughout the majority of body fluids and tissues.
- 3. There is substantial reason for believing that FUCIDIN will be shown, in further work currently under way, to possess a range of antibacterial activity different from any antibiotic at present available. Furthermore the absence of effect on gram-negative coliform organisms eliminates the risk of sterilization of the gastro-intestinal tract, a phenomenon predisposing to fungal superinfection which has often followed therapy with oral antibiotics.

Reports of laboratory & clinical investigations have been published in

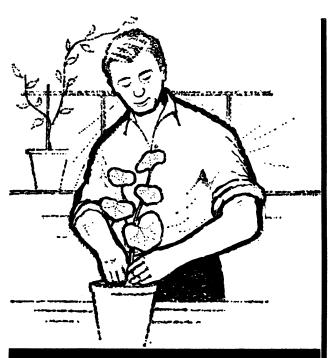

(1962) Lancet (May 5th) 1: 928 - 937 (1962) Nature (March 10th) 193: 987 (1962) Ugeskr. Laeg. (May 11th) 124: 715 - 719 (1962) Ugeskr. Laeg. (May 11th) 124: 745 - 767

active again - on resochin

causal therapy in rheumatoid arthritis

Resochin attacks the *cause* of rheumatoid arthritis rather thanthe symptoms alone, bringing hope of lasting remission. Low cost* Resochin is positive and progressive in its treatment of rheumatoid arthritis. It is easily administered, easily supervised and has a high degree of safety and acceptability.

INDICATIONS

Rheumatoid arthritis, especially in the early stages.

CONTRA INDICATIONS

Long-term therapy is not advised for patients with severe liver disorders or gastric ulceration. In the dosage recommended, retinopathy is unlikely if the course is limited to 2 years.

DOSAGE

1 tablet daily, after the main meal.

COMPOSITION

each tablet of Resochin is lacquered, and contains 250 mg. chloroquine phosphate.

*BASIC NHS COST

Average week's treatment (standard dosage 1 tablet Resochin daily) approx. 1/-.

Durex Gossamer and the post-partum period

The new, pre-lubricated protective—Durex Gossamer—is advocated by many gynaecologists and obstetricians, as an important adjunct to the treatment of certain abnormal vaginal conditions.

A most important application of the Durex Gossamer is in preventing an exacerbation—during coitus—of the inflammation and discomfort which frequently accompanies the post-partum period, vaginitis and leucorrhea. Furthermore, this type of protective is recommended where insufficient vaginal secretion is manifest, as in early marriage, frigidity and menopausal atrophy.

Where there is risk of transferring infection, Durex Gossamer has been shown to reduce the incidence of vaginal infection during the post-partum period.

But the outstanding advantage of Durex Gossamer is the confidence it instils, and the comfort it provides during the postpartum period. The physician and patient know it to be an effective and reliable contraceptive.

For further details and samples of Durex Gossamer write to:—

'OTOSPORIN'clears infected ears

The modern method of treatment in otitis externa, chronic suppurative otitis media, and infected mastoid cavities, is 'Otosporin' brand Drops.

'Otosporin' is an aqueous suspension containing
both neomycin and polymyxin B sulphate
which are together effective against practically
all the bacteria found in ear infections.
They are unlikely to induce bacterial resistance or skin
sensitisation, and neither of them gives rise to
cross-resistance or cross-sensitisation to penicillin and
other antibiotics. Their effectiveness is visibly
enhanced by the hydrocortisone in 'Otosporin';
this, by reducing inflammation, not only
relieves pain, but provides greater access for
the antibiotics

'OTOSPORIN' drops

issued in bottles of 5 c.c.

BOOTS PURE DRUG COMPANY LIMITED STATION STREET • NOTTINGHAM

You can earn £2000 a year <u>on entry</u> in the Royal Air Force

New Conditions for Registered Practitioners

Under a new scheme announced by the Air Ministry, if you are a qualified doctor you can enter the Royal Air Force immediately after full registration and be commissioned as a Flight Lieutenant, earning, with full allowances, £2,000 a year. If you have post-graduate experience you can be granted up to seven years back-dated seniority; a doctor with six years civilian experience will be appointed Squadron Leader on entry, earning, with full allowances, £2,300 a year.

Tax free gratuities are payable on completion of short service commissions. These are £1,500 after three years or £3,000 after five years.

You can be offered a permanent commission and guaranteed pensionable employment to the age of 65 with excellent prospects of promotion to Group Captain rank and a salary of well over £3,000 a year. If you are married and serving at a Station you may be allocated an official married quarter. This will be a comfortably furnished house near your surgery.

You will have full clinical freedom and your practice will normally include the families of serving members of the Royal Air Force. You will have opportunities for specialising, and study leave is granted on full pay and allowances to permanent officers who wish to read for further qualifications.

'Pre-Registration Year' Scheme

If you are a medical graduate you may be commissioned in the Royal Air Force immediately in the rank of Flying Officer. You may then spend your pre-registration year seconded to a civilian hospital. This means that during your year as house physician or surgeon you may earn, with full pay and allowances, up to £1,339 a year. On registration, you will become a Flight Lieutenant with possible earnings of £2,000 a year. To qualify for this scheme you must undertake to serve for at least three years after full registration. Your pre-registration year counts towards your gratuity following a short service commission and towards retired pay on a permanent commission. The gratuity on completion of a three year commission is £1,500 plus £200 for the full pre-registration year; on completing a five year commission the gratuity is £3,000 plus £200 for the full pre-registration year. These gratuities are tax free.

'Medical Cadetship' Scheme

If you are a medical student and have passed your second M.B. examination or the equivalent you may be commissioned *now* in the Royal Air Force. During the remainder of your medical training your fees will be paid and you will receive the full pay and allowances of a Pilot Officer which can amount to £1,090 a year.

To qualify for this scheme, you must undertake to serve for at least five years in the Medical Branch of the Royal Air Force after full registration.

At the end of the five years you may enter civilian practice with a tax free gratuity of between £1,400 and £2,600, or you may be selected for a permanent commission which guarantees pensionable employment to the age of 65 and which may take you to the most senior ranks in the Service.

For full information on the new conditions for doctors, specialists, graduates and cadets in the Royal Air Force, write to the Director-General of Medical Services, Air Ministry (M.A.1), (HN 893D), I Tavistock Square, London, W.C.1.

Betnelan (betamethasone) is the recent anti-inflammatory steroid developed by Glaxo. It has proved remarkably effective in the treatment of severe asthma when other measures have proved inadequate.

Although dosage should be varied to suit the individual, in general practice a short-term course of 21 Betnelan tablets given over 6 days, is usually sufficient to achieve control. Side effects are no problem in short-term use and treatment is inexpensive.

Betnelan

TWO TABLETS THREE TIMES DAILY FOR TWO DAYS

ONE TABLET THREE TIMES DAILY FOR TWO DAYS

ONE TABLET THREE TIMES DAILY FOR TWO DAYS

HALF A TABLET THREE TIMES DAILY FOR TWO DAYS

GLAXO LABORATORIES LIMITED

When conventional treatment of less severe asthma is interrupted by an acute attack, short-term Betnelan therapy can restore control. When the attack is extremely severe (status asthmaticus) all recognised measures which may include injectable corticosteroids (Betnesol Injection is recommended) should be taken, at least initially. At the same time oral treatment with Betnelan can be started to maintain control. Betnelan is presented as scored tablets of 0.5 milligrams betamethasone in bottles of 30, 100 and 500. Half-strength tablets of 0.25 mg are also available in similar quantities.

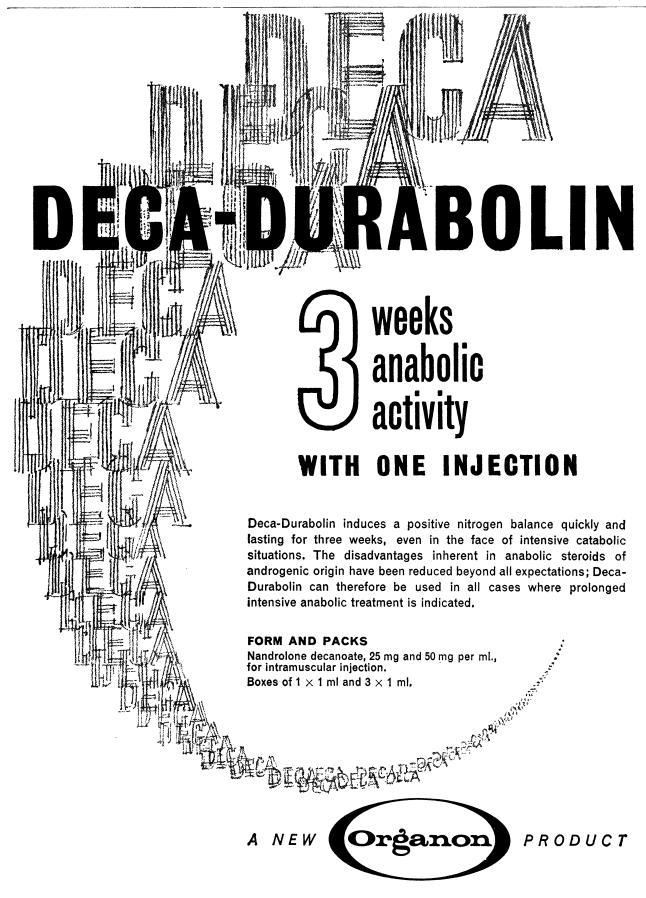

NEW-soluble corticosteroid tablets

BETNESOL TABLETS

Betamethasone disodium phosphate in a form which dissolves spontaneously in water to provide a palatable solution. This new form of betamethasone ensures maximum efficiency of absorption and greater tolerance in patients liable to dyspepsia.

The names Betnelan and Betnesol are Glaxo trade marks.

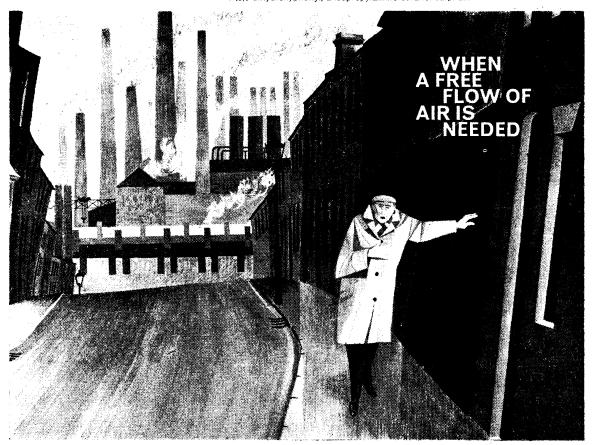

NEW for Bronchospasm...

From the C. H. Boehringer laboratories—which first synthesised isoprenaline—now comes ALUPENT, a further advance in the management of bronchospasm. ALUPENT is as effective as isoprenaline, but has a much longer action and a minimum of side-effects. It gives effective coverage both prophylactically and for treatment of the acute attack. ALUPENT, available in tablets which can be swallowed, inhalant solution, and ampoules, is the first new Boehringer product to be introduced since the founding of the independent British company on May 1st. Both the product and the event symbolise C. H. Boehringer's increasing service to British medicine.

MADE IN GREAT BRITAIN BY IMPERIAL CHEMICAL INDUSTRIES LIMITED
PHARMACEUTICALS DIVISION WILMSLOW CHESHIRS

a better-retained form of B_{12} from GLAXO, the B_{12} people

In 1948 a Glaxo research team achieved independently the isolation of the active principle of liver now known as vitamin B_{12}

N. C. Parling Bulling and Control of Control

Neo-Cytamen

injection of hydroxocobalamin (vitamin B_{12b})

Hydroxocobalamin, (vitamin B_{12b}) and cyanocobalamin have approximately equal haemopoietic effect in pernicious anaemia, but hydroxocobalamin (Neo-Cytamen) is believed to be closer to the form in which vitamin B_{12} is normally used by the body. Following a substantial dose, it is much more effectively retained than cyanocobalamin, giving consistently higher levels in the blood; dispersal from the injection site is slower, accumulation in the liver is as good or better, and urinary loss of vitamin is considerably less. This more efficient retention may be explained by the increased binding to serum protein characteristic of hydroxocobalamin.

Neo-Cytamen offers particular clinical advantage when a 'depot' preparation is needed to give prolonged B_{12} serum levels from a high dose. In such cases, the greater retention of hydroxocobalamin may permit higher serum B_{12} levels to be maintained between injections. For this purpose, Neo-Cytamen is to be preferred to depot preparations of cyanocobalamin which contain substances not found in nature.

Neo-Cytamen is issued in strengths containing 250 and 1,000 micrograms hydroxocobalamin per ml in boxes of 6 one ml ampoules.

LOSS IN URINE

following a single 1,000 microgram intramuscular injection of hydroxocobalamin, only 27% is lost in the urine during the first seventy-two hours compared with 69% cyanocobalamin when given in the same dosage.

LEVELS IN THE BLOOD

A 1,000 microgram injection can produce within five hours a 96-fold rise in the B_1 , serum level; by the second to fourth week this level may be 2.5 times higher than after administration of an identical dose of cyanocobalamin.

1961, Nature, 189, 138

An important announcement from

Riker Laboratories

LOUGHBORGUGH · LEICESTERSHIRE

We are pleased to announce that arrangements have been made for Riker Laboratories to market the products of C. F. Boehringer & Soehne of Mannheim on behalf of their British company

THE BOEHRINGER CORPORATION (LONDON) LIMITED

C. F. Boehringer & Soehne are pioneers in the development of oral hypoglycaemic drugs and it is, therefore, appropriate that the first of their products to be made available in the United Kingdom is

Artosin tolbutamide

Tolbutamide is the safest and probably the most satisfactory of the available oral hypoglycaemic agents. It is available as Artosin in 500 mg. tablets in bottles of 100 and 500 (basic NHS prices 19/- and 89/-).

The introduction of other products is planned.

Artosin: trade mark

Ar1

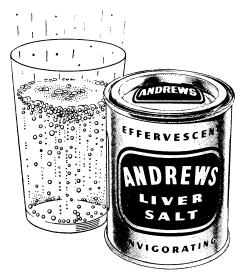

A natural action laxative

When advising a laxative, medical preference usually favours the use of a product which acts in a perfectly natural way. Andrews meets this demand admirably. Its effect is to increase the fluid content in the bowel by osmosis and so induce a mild and natural aperient action that does not irritate the intestine.

Andrews will be found particularly useful for relieving constipation arising from decreased food intake, either during illness or restricted diet.

Andrews has further advantages, it is mildly antacid and relieves gastric discomfort. It also improves the flow of bile and helps to check biliousness and sick headaches.

The pleasant taste and refreshing effervescence of Andrews make it readily acceptable to most patients.

Teaching Emphysema Patients Diaphragmatic Breathing

Spencer's Gordon Barach Support can help!

For further information write to:

SPENCER (BANBURY) LTD

Consulting Manufacturers of Surgical and Orthopaedic Supports

Spencer House · Banbury · Oxfordshire

Tel.: Banbury 2265

It visually demonstrates to the patient whether or not his diaphragmatic breathing technique is correct.

It strengthens abdominal muscles through exercisethereby making the practice of diaphragmatic breathing more instinctive.

Expiratory ventilation of lungs is improved by the recoil-type thrust of the springs during exhalation.

The Gordon-Barach Support is an adjunct to diaphragmatic breathing. Special steel springs incorporated into the abdominal pad are compressed during inhalation when abdominal muscles are properly used. Increased tension of these compressed springs aids expiratory ventilation.

A NEW DEAL FOR DOCTORS JOINING THE ROYAL ARMY MEDICAL CORPS

Short service and permanent commissions are now open to both men and women graduates as general practitioners and specialists under excellent new terms.

ENTRY AND PROMOTION

A fully registered practitioner now enters the R.A.M.C. in the *minimum* rank of Captain, earning £2,000 a year. After five years he is promoted to Major, earning £2,300; after a further 8 years a permanent commissioned officer can become a Lieutenant-Colonel, earning £2,760 a year. All permanent officers can be employed up to the age of 65. Short service commissions are for three or five years and may lead to permanent commissions.

These figures include marriage and ration allowances but do not include diploma or specialist pay. Most officers can expect to reach the rank of full Colonel, and there is opportunity for promotion to still higher ranks.

CIVIL EXPERIENCE

Credit is given for civilian experience, which means, for example, a candidate with six years' practice will enter as a Major.

PROFESSIONAL OPPORTUNITY

Opportunities for permanent officers to specialise are excellent and they can achieve consultant status. Non-specialists may now be employed in general practice up to the rank of Colonel.

PENSIONS GRANTS GRATUITIES

For permanent officers there is an initial £1,500 grant, a generous non-contributory pension and tax-free terminal grant. On leaving, shortservice officers receive tax-free gratuities of £1,500 after three years or £3,000 after five years.

PRE-REGISTRATION COMMISSIONS

Medical graduates may be granted permanent or short service commissions as Lieutenants during their pre-registration year. Married, they can earn up to £1,339 a year, and on registration are promoted to Captain. Short service officers then serve a minimum period of three years, earning tax-free gratuities ranging from £1,700 to £3,200.

STUDENT CADETSHIPS

Medical students who have completed their pre-clinical studies may be granted permanent or short service commissions as Second Lieutenants. All tuition fees are paid and with allowances, if married, they can receive £1,090 a year. On registration short service officers serve for a minimum period of five years, earning tax-free gratuities ranging from £1,400 to £2,600.

Further details of terms and conditions of service, pay, pensions and gratuities, from: Major-General J. C. Barnetson, O.B.E., Q.H.P., M.B., Deputy Director-General, Army Medical Services, The War Office (HN/4), London, S.W.1. Tel. No: GROsvenor 8040, Ext. 740.

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose (unless otherwise specified) one copy each of 3 recent * testimonials with short statement of experience and appointments

Applications should be sent at once if no closing date is given.

House Officers should submit a separate application for each post for which they apply.

Canvassing of members of the Board or Advisory Appointments Committee will lead to disqualification (Statutory Instrument 1950, No. 1259, N.H.S.).

* SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying. SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF Registrar Grades, Whole-time

What do these have in common? SUMMERTIME SKIN DISTRESS...

... and ADCORTYL-A

Summer, with its emphasis on outdoor activities, brings a notable increase in skin distress. Common offenders include poisonous plants, insect bites, and sunburn. Adcortyl-A Lotion with Graneodin

and Adcortyl-A Spray bring rapid anti-allergic, anti-pruritic, and anti-inflammatory responses to warm-weatherdermatitis. Adcortyl-A Lotion with Graneodin, in addition, affords proved antibacterial action.

ADCORTYL-A LOTION WITH GRANEODIN

Squibb Triamcinolone Acetonide with Neomycin and Gramicidin (Graneodin)

ADCORTYL-A SPRAY

Squibb Triamcinolone Acetonide Aerosol

Surgery-contd.

TORQUAY AND DISTRICT HOSPITAL MANAGEMENT COMMITTEE

Torbay Hospital, Torquay (194 beds)

RESIDENT HOUSE OFFICER (Surgical) male or female, required end of June. Post recognized for F.R.C.S. and pre-registration purposes. Complement of nine Resident House Officers. Applications, stating qualifications, nationality, and age, together with copy testimonials (quoting Ref. 955/84), to the Group Secretary, Torbay Hospital, Torquay, S. Devon. (6980)

WALSALL HOSPITAL MANAGEMENT COMMITTEE

Applications are invited for the following

appointments:

General (Sister Dora) Hospital (188 beds)

HOUSE SURGEONS
(Vacant July).

Manor Hospital (318 beds)

HOUSE SURGEONS
(Vacant July).

These are acute general hospitals situated in a densely populated industrial area and give wide experience in all branches of medicine and surgery.

Posts recognized for pre-registration. Opportunities for experience in general surgery, orthopaedics, gynaccology and E.N.T. surgery.

Applications, with names of two referees, to Group Secretary, General (Sister Dora) Hospital, Walsall, Staffs.

WAR MEMORIAL HOSPITAL High Wycombe, Bucks

PRE-REGISTRATION HOUSE SURGEON PRE-REGISTRATION HOUSE SURGEON required end of June at this busy hospital, within easy reach of London. Interesting post. Applications, with names of two referees, to the Secretary. (7098)

WARRINGTON GENERAL HOSPITAL (335 beds)

RESIDENT HOUSE SURGEON

Applications are invited for the above post, which will become vacant on August 16, 1962.

The post is recognized for pre-registration purposes and for the examination for Fellowship of the Royal College of Surgeons of England. As well as a comprehensive training in general surgery, the post offers some experience in the specialties, so that it is therefore eminently suitable for both those who wish to specialize and those who wish to enter general practice. If so desired, it can usually be arranged for the holders to complete their pre-registration year by proceeding to similar appointments on the Medical Unit of the hospital at the end of their period as House Surgeons.

Applications should be sent to the Group Secretary, General Hospital, Warrington, Lanes. (7362)

WORCESTER ROYAL INFIRMARY

HOUSE SURGEON

(pre-registration or otherwise) required beginning July at this busy general hospital of 213 beds. Post offers wide and varied experience and is recognized for F.R.C.S. Applications to Secretary. (7159)

AUSTRALIA

PATHOLOGIST

Applications are invited from specialist medical practitioners for the position of Pathologist on the staff of the Grafton Base Hospital, A.D.A. 156. The salary will be according to qualifications and experience up to £3.559 per annum. Applications, in the first instance, stating age, qualifications, experience, registration details, and marital status, should be addressed to the Secretary, Grafton Base Hospital, Grafton, N.S.W., Australia.—E. Tebbutt, Secretary. (7264)

CIBA

Applications are invited from registered medical practitioners of Pakistani nationality for an important position in CIBA (Pakistan) Limited, Karachi. The successful candidate must be capable of assuming responsibility for the clinical evaluation of new CIBA products in Pakistan and will work in close collaboration with the Research Department of the parent company in Basle, Switzerland. He should have a sound training in clinical medicine, including postgraduate experience in Europe and/or the U.S. Preference will be given to candidates with a higher qualification in medicine. An ability to master the intricacies of a wide range of medicinal products coupled with the ability to advise on the organization of clinical trials and to write scientific reports in good clear English are essential.

Other duties will involve the general supervision of replies to doctor's queries, assisting in the training of the sales representatives, and the provision of such medical advice as may be required from time to time by the management.

The man appointed will be resident in Karachi, but should expect to spend a considerable part of his time in other cities in Pakistan. The candidate should be between the ages of 33-40 years. The position will carry appropriate remuneration and benefits.

Full details of qualifications and experience, together with a recent passport photograph, may be sent either to the Managing Director, CIBA (Pakistan) Limited, Karachi, or to the Personnel Department, CIBA Limited, Basle, Switzerland. (7260)

MEDICAL OFFICER

Applications are invited for a full-time appointment in the medical services of a leading British company in Commonwealth West Africa. Candidates should preferably be not more than thirty-five years of age, and should have Candidates had a good amount of experience since qualifying.

The scope of the work done by the Company's medical services varies from place to place in West Africa, but in general may be said to cover the health supervision of working communities and their dependants. In many cases this involves taking charge of a small hospital. There is also considerable opportunity for the practice of preventive medicine, public health and industrial medicine in the widest sense.

While each doctor is administratively responsible to his local manager, his professional links are with the Assistant Principal Medical Adviser, Unilever Limited, to whom applications should be made at Unilever House, Blackfriars, London E.C.4.

The starting salary and allowances will not be less than £2,500 per annum, and in accordance with age, qualifications and experience. The length of tours in West Africa is approximately eighteen months each, followed by generous leave on full pay. First-class travel facilities are granted to and from West Africa. There is a contributory pension fund, mid-tour passages are arranged, and education allowances paid for children under education in the United Kingdom.

Those preferring a short-term appointment for eighteen months with similar terms of service will also be considered.

also required for the New Amsterdam Hospital for duties which will include charge and control of the laboratory staff, buildings, and equipment and the technical training of laboratory technicians for the Central Medical Laboratory and for other Government laboratories.

Candidates must possess medical qualifications registrable in Great Britain and a Diploma in Pathology or Bacteriology or provide satisfactory evidence of experience in this work.

Appointments on contract for one tour of three

ratiology of pacteriology of provide satisfactory evidence of experience in this work.

Appointments on contract for one tour of three years with a gratuity (taxable) of 22½% of salary on satisfactory completion of service. National Health Service Superannuation rights may be preserved, but gratuity will then be 20% of salary. Salary £1,940 per annum. Allowance of from £300 to £375 a year in lieu of private practice. Free return passages for officer, wife and children up to six persons in all. Education allowances at varying rates. Six months' vacation leave on satisfactory completion of contract: 14 days' local leave annually. Unfurnished quarters provided if available. Income tax at local rates.

Application should be made to the Director of Recruitment, Department of Technical Co-operation, 3 Sanctuary Buildings, Great Smith Street, London, S.W.1. (Please quote RC.205/16/08 and state full name.)

GOVERNMENT OF THE CAMBIA

MEDICAL OFFICER (Male)

with qualifications registrable in the United Kingdom required for General Medical duties in the

dom required for General Medical duties in the Colony and Protectorate.

Appointment on contract for one tour of 18 to 24 months, with gratuity (taxable) of 25% of emoluments on satisfactory completion of service.

Candidates in N.H.S. superannuation would have existing rights frozen. Candidates may remain in continuous payment of contributions during service overseas, but gratuity would then be 20% of emoluments.

Salary scale f1 374 to f2 312, a year; initial

overseas, out gratuity would then be 20% of emoluments.

Salary scale £1,374 to £2,312 a year; initial salary determined by experience. Private practice allowed or staff pay of £150 a year in lieu. Free return passages for officer, wife, and up to four children. Education allowances at varying rates. Approximately five months' home leave on satisfactory completion of tour. Local leave of seven days a year. Quarters available at rental not exceeding £150 a year. Income tax at local rates. Application should be made (giving full name) to the Director of Recruitment, Department of Technical Co-operation, 3 Sanctuary Buildings, Great Smith Street, London S.W.1. Please quote RC 205/56/04.

GOVERNMENT OF KENYA

Applications are invited for two posts in the grade of Medical Officer. Candidates must possess qualifications registrable in the United Kingdom; possession of a D.P.H. is desirable but not

cssential.

The duties on which officers will be employed include Public Health, Clinical Medicine, and Hospital Administration. Kenya is a country at present in a dynamic state of evolution and the oppor-

tunities for doctors possessing initiative and imagination are considerable.

Appointment will be on contract for two tours each of two years, in the salary scale £1,617 to £2,664 a year. Initial salary will be determined by qualifications and approved experience. On satisfactory completion of service the officer will be eligible for a gratuity (taxable) of 25% of salary. Free passages for the officer, his wife and dependent children on appointment and on leave after each tour. Government quarters, with heavy furniture, usually available at a rental varying from £60 to £115 a year. Approximately 14 weeks' home leave on full pay after each tour; local leave of 16 days in each tour also granted. N.H.S. superannuation rights may be safeguarded.

It is considered that doctors contemplating a career in the public health service will find such an appointment an opportunity for gaining valuable experience in a developing field of public health where the problems are thrown into sharper relief than in a more developed community.

Application should be made (giving full name) to Director of Recruitment, Department of Technical Co-operation, 3 Sanctuary Buildings, Great Smith Street, S.W.1. Please quote RC.205/80/03.

ST. ANDREW'S HOSPITAL FOR NERVOUS AND MENTAL DISORDERS NORTHAMPTON

NORTHAMPTON

President: The Earl Spencer.

Medical Superintendent:
D. J. O'Connell, M.D., D.P.M.

This private hospital receives patients, both male and female, suffering from nervous and mental disorders, including alcoholism and senile illnesses. The fees range from fourteen guineas per week. Private rooms with special nurses can be provided, either in the hospital or in one of the villas in the grounds. The hospital is situated in 130 acres of pleasant grounds, which provide all recreational facilities. These include a nine-hole golf course, sports ground, tennis courts, etc.

WANTAGE HOUSE

This is a separate reception unit to which patients may be admitted. It is equipped for the complete investigation of nervous and mental disorders by the most modern methods. All forms of treatment are available. It contains laboratories for biochemical, bacterioloxical and pathological research.

MOULTON PARK

Some two miles from the main hospital is the farm of approximately 600 acres. Occupational therapy is a feature of this branch, and patients are given every facility for occupying themselves in farming, gardening, fruit growing, etc.

BRYN-Y-NEUADD HALL

The seaside home of the hospital is cautifully situated in a park of 330 acres at Llanfairfechan,

The seaside home of the hospital is beautifully situated in a park of 330 acres at Llanfairfechan, amidst the finest scenery in North Wales. On the north-west side of the estate a mile of sea coast forms the boundary. Patients may visit this home for a short seaside change or for longer periods. The hospital has its own private bathing house on the seashore. on the seashore.

on the seasoner.
