SPANS THE SLEEPING HOURS IN ULCER THERAPY

8 TO 12 HOURS' ANTISECRETORY ACTIVITY WITH A SINGLE BEDTIME DOSE

## 1 dose at bedtime

provides undisturbed rest for ulcer and patient

**This means that your dyspeptic patient can enjoy a full night's rest and relaxation, free from pain.**

**A single dose of Daricon provides 8 to 12 hours' continuous control of acid secretion and muscle spasm.**

**This is of paramount importance because it ends that needless, nightly ritual of milk, biscuits and antacids. The patient wakes rested, relaxed and refreshed — one night nearer complete healing.**

### LONGEST DURATION OF ACTION

Daricon is efficiently absorbed and predictably active over a prolonged period. Moreover, Daricon has been shown to exhibit a duration of action twice that of propantheline bromide.

### HIGHEST ANTISECRETORY POTENCY

Experimental studies have demonstrated that in antisecretory potency, Daricon is approximately six times as active as propantheline bromide and almost three times as active as isopropamide iodide.

### CONVENIENT TWICE-A-DAY DOSAGE

Daricon offers a convenient twice-a-day dosage throughout the period of therapy; other anticholinergics may require up to four doses daily to maintain adequate symptomatic control.

# **SAROTEN**

(AMITRIPTYLINE)

## **is the specific treatment for DEPRESSION WITH ANXIETY**

The depressed patient is a common enough sight to most doctors. The anxious patient who is suffering from depression, although equally important clinically, is far more difficult to recognise. These patients often present with symptoms so similar to those associated with simple anxiety states that the underlying depression escapes unnoticed.

SAROTEN, because it has both an antidepressive and an anti-anxiety effect, simplifies the treatment of such patients. It is indicated at one end of the scale, for patients overtly depressed with a secondary anxiety component, right through to the other extreme where symptoms of anxiety predominate and depression is not obvious.

Moreover, whichever the primary cause—anxiety or depression—SAROTEN effectively controls symptoms and helps the patient once again to take an active and useful place in society.

SAROTEN is available as sugar-coated tablets in two strengths: 10 mg. and 25 mg.

# Betnesol

**the soluble steroid**

Betnesol is a tablet of *soluble* betamethasone phosphate. It dissolves spontaneously in water to form a palatable, tinted, particle-free solution for oral administration.

**Greater consistency of therapeutic effect**

By reducing particle size of corticosteroids, efficiency of their absorption is increased. The ultimate attainable is a true solution, the form in which Betnesol is taken. This ensures maximum absorption, the most consistent therapeutic effect, and allows reduction of dosage in certain cases.

**Less dyspepsia**

Because no solid steroid reaches the stomach, the incidence of gastric disturbance is even less with Betnesol than it already is with betamethasone alcohol (Betnelan).

Betnesol Tablets give further good reasons for making betamethasone your *standard* corticosteroid for treating such conditions as asthma, allergies and dermatoses. This compound has enhanced anti-inflammatory activity, and negligible effect on sodium and potassium balance. It offers renewed benefit to patients on long-term steroid treatment.

All too often, conventional antihistamines fail to control allergic and pruritic disorders. Investigations have shown that, besides histamine, serotonin may also play a part in producing allergic manifestations. The precipitating factor in any particular case may be histamine, serotonin or both.

# COLOMYCIN

**INTRAMUSCULAR INJECTIONS**  
for urinary and systemic infections.

**TABLETS** for gastro-intestinal infections.

**A MOST ACTIVE  
ANTIBIOTIC AGAINST  
PATHOGENIC GRAM-  
NEGATIVE ORGANISMS**

Resistant strains of Gram-negative organisms such as *Pseudomonas pyocyanea*, *Klebsiella aerogenes* and *Escherichia coli* now represent a major problem in therapeutics.

Clinical reports on COLOMYCIN clearly show that it fills a gap in the treatment of infections due to Gram-negative organisms. It is of outstanding value in the treatment of gastroenteritis and urinary infections, particularly those cases which have been found resistant to antibiotics in conventional use.

**COLOMYCIN is notable for lack of toxic side-effects and in particular the absence of renal damage allows an exceptionally high degree of therapeutic safety.**

COLOMYCIN is marketed in America and Europe under the trade names "Colistin," "Coly-Mycin" and "Colimycine"

Lacto-Calamine is cooling, astringent, antipruritic, protective, aesthetically acceptable and free from the risk of sensitisation attributed to some vehicles.

Both Cortoderm and Cortoderm-N present hydrocortisone in a cream base of Lacto-Calamine. Cortoderm-N contains 0.5% neomycin for infected dermatoses.

For economical treatment, both products are presented with 1.0%, 0.5% and 0.25% hydrocortisone. After initial treatment with 1.0% you can cut the strength (and the cost) as the condition is brought under control.

# A Helpful Synopsis . . .

for prescribing Elastic Hosiery under N.H.S.

## For VARICES

... OPTIMUM SUPPORT FOR ALL AVERAGE CASES

N.H.S.: - ELASTIC YARN

### THIGH STOCKINGS

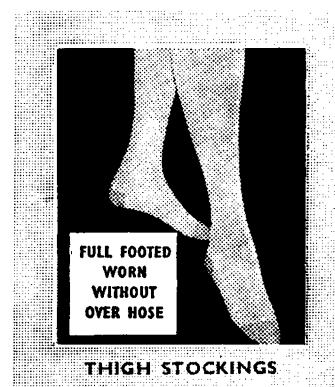

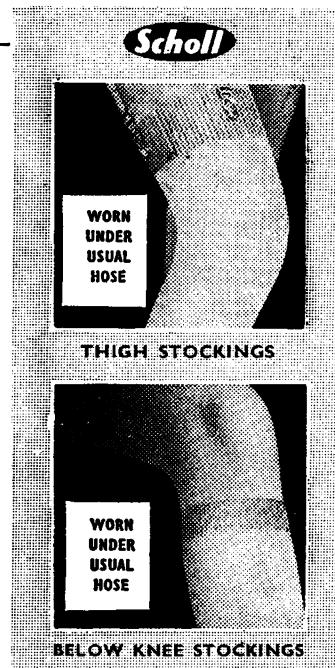

Virtually invisible, worn under the usual hose. Seamless throughout. Soft-Grip at top and foot, avoids constriction. Prescribed mainly for women.

SPECIFY: Thigh Stockings, Elastic Yarn, Soft-Grip.

### BELOW KNEE STOCKINGS

Non-slip. Stay up without suspenders. Virtually invisible under usual hose. Seamless. No constriction, ridges or creases. Generally preferred for men.

SPECIFY: Below Knee Stockings, Elastic Yarn, Superlastik.

## For EARLY VARICES

AND FOR PROPHYLAXIS IN PREGNANCY

N.H.S.: - LIGHTWEIGHT NYLON ELASTIC YARN

Full-footed, closed-toe style thigh stockings for women. Provides support that is adequate in milder cases of varices, and in pregnancy. Worn without over-hose.

SPECIFY: Thigh Stockings, Nylastik.

**¶** Frequent laundering and slow drying, away from fires, considerably lengthens the life of all elastic hosiery. Economy is promoted when patients have a second pair to permit correct laundering.

**The Scholl name on the prescription ensures support and comfort to meet each patient's need**

your  
family  
security

Our Family Security Policy is a boon to the younger doctor with a family who cannot yet afford large premiums, but who refuses to leave the future to chance and perhaps deprive his wife and children of the security they need. For a monthly premium of only £2.3.10d., a father aged 30 next birthday can provide a capital sum of £1,000 for his dependents when he dies PLUS a tax-free annual income of £500 for the balance of a period of 20 years from the date of the policy, should he die within that period. (After 20 years, the premium would fall to £1.5.9d.) Please write for a copy of our Family Security prospectus.

## A Ross Microreader where you want it

The full value of using microrecords in Hospital administration is only obtained if the microreader can be located in the room where the consultation is taking place.

This is just what the Ross Microreader was designed to achieve. It is compact and portable and will stand conveniently on table or desk. It is a universal reader in that it will project any type of microrecord, 35 mm. or 16 mm.; cards or film; opaques or transparencies. Miniature X-rays can be viewed with equal facility and even microscope slides can be examined using the special microscope objective.

It is less costly than the conventional, bulky, single purpose reader, thus making it an economical proposition to have several conveniently situated reading stations instead of one.

May we send further details of the ROSS microreader; or we should be pleased to submit one for examination and trial.

# A NEW TYRE WITH TOTALLY NEW ROAD GRIP

Dunlop were the first to use high-adhesion rubber in tyres for wet weather racing, in the 'RS5' speed tyre for really fast production cars, and in the 'Elite' for luxury motoring. Now, for everyday motoring, Dunlop introduce the new 'Gold Seal C41' in the latest road-hug rubber, with the unique **safety shoulder** and **safety tread** from the Dunlop 'Road Speed RS5' built into it.

**New wet-road safety** The new 'Gold Seal' tyre gives you road-grip that assures definitely

greater safety in cornering, braking and emergency stopping, most of all when roads are wet or greasy. You can *feel* the extra security.

**New steering control** More, the safety shoulder gives you sure, straight-line running over road-joints, raised white lines, metal strips, cat's eyes and the like. No wheel snatch with the 'Gold Seal C41'. More positive steering control. The new tyre is offered at no extra cost—and in sizes for the majority of popular modern cars.

## DUNLOP GOLD SEAL C41

# A NEW DEAL FOR DOCTORS JOINING THE ROYAL ARMY MEDICAL CORPS

Short service and permanent commissions are now open to both men and women graduates as general practitioners and specialists under excellent new terms.

## ENTRY AND PROMOTION

A fully registered practitioner now enters the R.A.M.C. in the *minimum* rank of Captain, earning £2,000 a year. After five years he is promoted to Major, earning £2,300; after a further 8 years a permanent commissioned officer can become a Lieutenant-Colonel, earning £2,760 a year. All permanent officers can be employed up to the age of 65. Short service commissions are for three or five years and may lead to permanent commissions.

These figures include marriage and ration allowances but do not include diploma or specialist pay. Most officers can expect to reach the rank of full Colonel, and there is opportunity for promotion to still higher ranks.

## CIVIL EXPERIENCE

Credit is given for civilian experience, which means, for example, a candidate with six years' practice will enter as a Major.

## PROFESSIONAL OPPORTUNITY

Opportunities for permanent officers to specialise are excellent and they can achieve consultant status. Non-specialists may now be employed in general practice up to the rank of Colonel.

## PENSIONS GRANTS GRATUITIES

For permanent officers there is an initial £1,500 grant, a generous non-contributory pension and tax-free terminal grant. On leaving, short service officers receive tax-free gratuities of £1,500 after three years or £3,000 after five years.

## PRE-REGISTRATION COMMISSIONS

Medical graduates may be granted permanent or short service commissions as Lieutenants during their pre-registration year. Married, they can earn up to £1,339 a year, and on registration are promoted to Captain. Short service officers then serve a minimum period of three years, earning tax-free gratuities ranging from £1,700 to £3,200.

## STUDENT CADETSHIPS

Medical students who have completed their pre-clinical studies may be granted permanent or short service commissions as Second Lieutenants. All tuition fees are paid and with allowances, if married, they can receive £1,090 a year. On registration short service officers serve for a minimum period of five years, earning tax-free gratuities ranging from £1,400 to £2,600.

Further details of terms and conditions of service, pay, pensions and gratuities, from: Major-General J. C. Barnetson, O.B.E., Q.H.P., M.B., Deputy Director-General, Army Medical Services, The War Office (HN/5), London, S.W.1. Tel. No: GROsvenor 8040, Ext. 740.

## APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose (unless otherwise specified) one copy each of 3 recent **star** testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

House Officers should submit a separate application for each post for which they apply. Canvassing of members of the Board or Advisory Appointments Committee will lead to disqualification (Statutory Instrument 1950, No. 1259, N.H.S.).

**★ SERVICE MEMBERS** may have difficulty in supplying recent testimonials, but this should not deter them from applying.

## SERVICES

# You can earn £2000 a year on entry in the Royal Air Force

## New Conditions for Registered Practitioners

Under a new scheme announced by the Air Ministry, if you are a qualified doctor you can enter the Royal Air Force immediately after full registration and be commissioned as a Flight Lieutenant, earning, with full allowances, £2,000 a year. If you have post-graduate experience you can be granted up to seven years back-dated seniority; a doctor with six years' civilian experience will be appointed Squadron Leader on entry, earning, with full allowances, £2,300 a year.

Tax free gratuities are payable on completion of short service commissions. These are £1,500 after three years or £3,000 after five years.

You can be offered a permanent commission and guaranteed pensionable employment to the age of 65 with excellent prospects of promotion to Group Captain rank and a salary of well over £3,000 a year. If you are married and serving at a Station you may be allocated an official married quarter. This will be a comfortably furnished house near your surgery.

You will have full clinical freedom and your practice will normally include the families of serving members of the Royal Air Force. You will have opportunities for specialising, and study leave is granted on full pay and allowances to permanent officers who wish to read for further qualifications.

### 'Pre-Registration Year' Scheme

If you are a medical graduate you may be commissioned in the Royal Air Force immediately in the rank of Flying Officer. You may then spend your pre-registration year seconded to a civilian hospital. This means that during your year as house physician or surgeon you may earn,

with full pay and allowances, up to £1,339 a year. On registration, you will become a Flight Lieutenant with possible earnings of £2,000 a year. To qualify for this scheme you must undertake to serve for at least three years after full registration. Your pre-registration year counts towards your gratuity following a short service commission and towards retired pay on a permanent commission. The gratuity on completion of a three year commission is £1,500 plus £200 for the full pre-registration year; on completing a five year commission the gratuity is £3,000 plus £200 for the full pre-registration year. These gratuities are tax free.

### 'Medical Cadetship' Scheme

If you are a medical student and have passed your second M.B. examination or the equivalent you may be commissioned now in the Royal Air Force. During the remainder of your medical training your fees will be paid and you will receive the full pay and allowances of a Pilot Officer which can amount to £1,090 a year.

To qualify for this scheme, you must undertake to serve for at least five years in the Medical Branch of the Royal Air Force after full registration.

At the end of the five years you may enter civilian practice with a tax free gratuity of between £1,400 and £2,600, or you may be selected for a permanent commission which guarantees pensionable employment to the age of 65 and which may take you to the most senior ranks in the Service.

For full information on the new conditions for doctors, specialists, graduates and cadets in the Royal Air Force, write to the Director-General of Medical Services, Air Ministry (M.A.1), (HN 893E), 1 Tavistock Square, London, W.C.1.

‘ALDOMET’ (methyldopa) is a unique antihypertensive agent. Its development has stemmed from fundamental research on antagonists to the biosynthesis of pressor amines from aromatic amino acids.

‘ALDOMET’ provides effective lowering of standing and lying blood pressure, usually without symptomatic postural hypotension. Daily blood pressure fluctuations are minimised. Exercise hypotension rarely occurs.

‘ALDOMET’ may replace ganglion and adrenergic blocking agents in many patients including some with severe benign or malignant hypertension.

A striking feature of therapy with ‘ALDOMET’ is the general lack of severe side effects — patients usually feel well and improve symptomatically.

‘ALDOMET’ is supplied as tablets containing 250 mg. methyldopa, for oral administration. Fully detailed information on ‘ALDOMET’ is available on request.

## MEDICAL OFFICER

Applications are invited for a full-time appointment in the medical services of a leading British company in Commonwealth West Africa. Candidates should preferably be not more than thirty-five years of age, and should have had a good amount of experience since qualifying.

The scope of the work done by the Company's medical services varies from place to place in West Africa, but in general may be said to cover the health supervision of working communities and their dependants. In many cases this involves taking charge of a small hospital. There is also considerable opportunity for the practice of preventive medicine, public health and industrial medicine in the widest sense.

While each doctor is administratively responsible to his local manager, his professional links are with the Assistant Principal Medical Adviser, Unilever Limited, to whom applications should be made at Unilever House, Blackfriars, London E.C.4.

The starting salary and allowances will not be less than £2,500 per annum, and in accordance with age, qualifications and experience. The length of tours in West Africa is approximately eighteen months each, followed by generous leave on full pay. First-class travel facilities are granted to and from West Africa. There is a contributory pension fund, mid-tour passages are arranged, and education allowances paid for children under education in the United Kingdom.

Those preferring a short-term appointment for eighteen months with similar terms of service will also be considered. (7288)

### ROYAL PERTH HOSPITAL Western Australia

#### HOSPITAL MICROBIOLOGIST

Applications for the above post are invited from medical graduates with suitable experience in microbiology. The hospital Department of Microbiology is under the control of the Director of Hospital and University Services in Microbiology.

The successful candidate will be required to assist the Director (Professor N. F. Stanley) in the administration of the routine laboratory and clinical services of the Hospital Department of Microbiology, to act in the absence of the Director, and to carry out special investigations from time to time.

Royal Perth Hospital is the main teaching hospital of the Medical School of the University of Western Australia. The hospital Department of Microbiology is well equipped, adequately staffed for the performance of all modern microbiological techniques, functions in close association with the University Department of Microbiology in the

adjacent School of Medicine and the Virus Research and Diagnostic Laboratory of the Department of Public Health.

Salary: Within the range of £A.3,318 to £A.4,038 per annum, commencing rate according to qualifications and experience. Salary will commence from the date the appointee takes up duty.

Conditions of Service: Include long-service leave (three months on full pay after each seven years' service), sick leave, etc. Study leave may be granted as a privilege for some special purpose approved by the Board. Contribution to the State Superannuation Scheme is required, or, alternatively, the hospital would consider subsidizing the appointed officer's existing commitments under an approved scheme or endowment policy.

Transport Expenses: A travel grant equivalent to minimum first-class sea passage will be provided for successful applicant and family (under 16 years of age), together with an allowance of £A.200 for the cost of removal of personal effects, etc. (excluding furniture and motor vehicle), subject to a bond to remain in the hospital's service for a minimum period of three years.

A memorandum of information, including further details of the Department of Microbiology, is available upon request.

Further information concerning Royal Perth Hospital and the State of Western Australia may be obtained from the Agent-General for Western Australia, Savoy House, 115 Strand, London W.C.2.

Applications, in writing, should include date of birth, qualifications, experience, present and previous appointments, a list of publications, a recent photograph, and the names and addresses of three referees.

Closing Date: August 31, 1962.—Joseph Griffith, Administrator. (6450)

### UNIVERSITY COLLEGE HOSPITAL Ibadan, Nigeria

#### HEAD OF THE GENERAL OUT-PATIENT DEPARTMENT

The Board of Management invites applications from suitably qualified and experienced medical practitioners for the above appointment. An Honorary Lectureship within the Faculty of Medicine of the University College, Ibadan, may be offered to the successful candidate.

The department, with an establishment besides the Head of Department of two Senior Hospital Medical Officers, three Senior House Officers/Registrars and three Post-registration House Officers, comprises:

(i) The General Out-patient Clinic

(ii) The Staff Medical Service.

The General Out-patient Clinic is designed to provide a suitable number of patients for the Consultant Clinics and facilities for student teaching, which is now established and becoming of increasing importance in the department. The Staff Medical Service is maintained by the three senior doctors of the department who do this work in conjunction with their work in the General Out-patient Clinic. Since the conditions presented by the patients cover the whole field of medical practice, the position calls for a doctor of wide and mature experience and good clinical judgment.

Salary: £2,988 per annum, plus a gratuity of £37 10s. for each completed quarter of residential service.

The successful candidate will be offered an initial appointment of two tours of 12 months each, renewable by mutual agreement for further tours. Arrangements can be made for continuation of National Health Service contributions, in which case the salary will be £2,496 per annum and a gratuity of 20% of salary.

Partially furnished housing at a low rental will be provided, and children's allowances are payable.

Applications should be submitted not later than June 30, 1962, on the appropriate forms which will be forwarded, together with additional information, on receipt of an addressed foolscap envelope by the Adviser on Staff Recruitment, London Office (University College Hospital, Ibadan), 91 Regent Street (3rd Floor), London W.1. (7696)
