# **POLYBACTRIN**

and POST-OPERATIVE SEPSIS

A survey of over 6,000 major surgical cases included in a 4 year clinical study

"Staphylococcal infection of surgical wounds was studied in one hospital for four years. The yearly infection-rate fell progressively from 6.7 % in 1957 to 1.8% in 1960. Reasons are given for the belief that the improvement was due to the increasing use in the operating-theatres of an antibiotic mixture of neomycin, bacitracin, and polymyxin B ('Polybactrin') which was sprayed periodically into the wound during the course of the operation.

The incidence of infection among wounds which were sprayed in this way (2.0%) was less than half that of wounds not so treated (4.3%) and during the last year of the survey the infection-rate among over 1,000 sprayed wounds was as low as 1.2%".

# STAMPING OUT DISEASE

For amoebiasis the choice today is

# Furamide

Treatment is simple. One tablet 3 times a day for 10 days is all that is required, and cure rates of 70—80% in the acute stage and 90—100% in the chronic condition may be expected. Symptoms are relieved within a few days.

# 'Furamide is the most promising of the new synthetic amœbicides'.\*

Furamide is completely non-toxic. Side-effects apart from occasional flatulence have not been reported and it is eminently suitable for the ambulant patient as no injections, special diet or enemas are required. Furamide provides the most effective, trouble-free treatment of intestinal amæbiasis available at the present time.

\*(Postgraduate Medical Journal, 1960, 36, 638.)

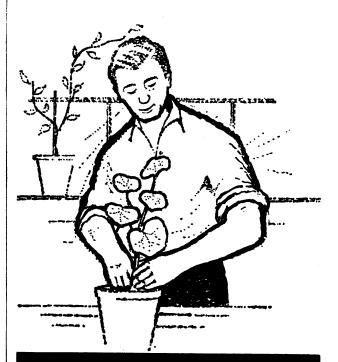

Furamide tablets each contain 0.5G Entamide (diloxanide) furoate and are supplied in containers of 15 and 250. Furamide is a product of Boots Research.

Available through the Associate Companies and Accredited Agents or through the International Division

# causal therapy in rheumatoid arthritis

Resochin attacks the *cause* of rheumatoid arthritis rather thanthe symptoms alone, bringing hope of lasting remission. Low cost\* Resochin is positive and progressive in its treatment of rheumatoid arthritis. It is easily administered, easily supervised and has a high degree of safety and acceptability.

INDICATIONS

Rheumatoid arthritis, especially in the early stages.

CONTRA INDICATIONS

Long-term therapy is not advised for patients with severe liver disorders or gastric ulceration. In the dosage recommended, retinopathy is unlikely if the course is limited to 2 years.

DOSAGE 1 tablet daily, after the main meal.

COMPOSITION

each tablet of Resochin is lacquered, and contains

250 mg. chloroquine phosphate.

\*BASIC NHS COST

Average week's treatment (standard dosage 1 tablet Resochin daily) approx. 1/-.

THE GENERAL LIFE ASSURANCE CO · London

# NEVER ON SUNDAY

I was an old English belief that if you had a tooth pulled on a Sunday you would have a Lover's Quarrel. Putting it off a day served you no better, because a Monday extraction brought Approaching Sadness, while Wednesday's patient could expect Loss and Shame. Other days had their various perils, but Tuesday and Thursday were propitious of a Legacy from a Distant Relative and Success in Business respectively. (This unlikely and elaborate belief was presumably fostered by dentists in an early effort to stagger pulling hours.)

Now we can take our dental crises to an expert on almost every day of the week. And every day we can keep our teeth healthy if we remember the simple C D E F rule for good teeth.

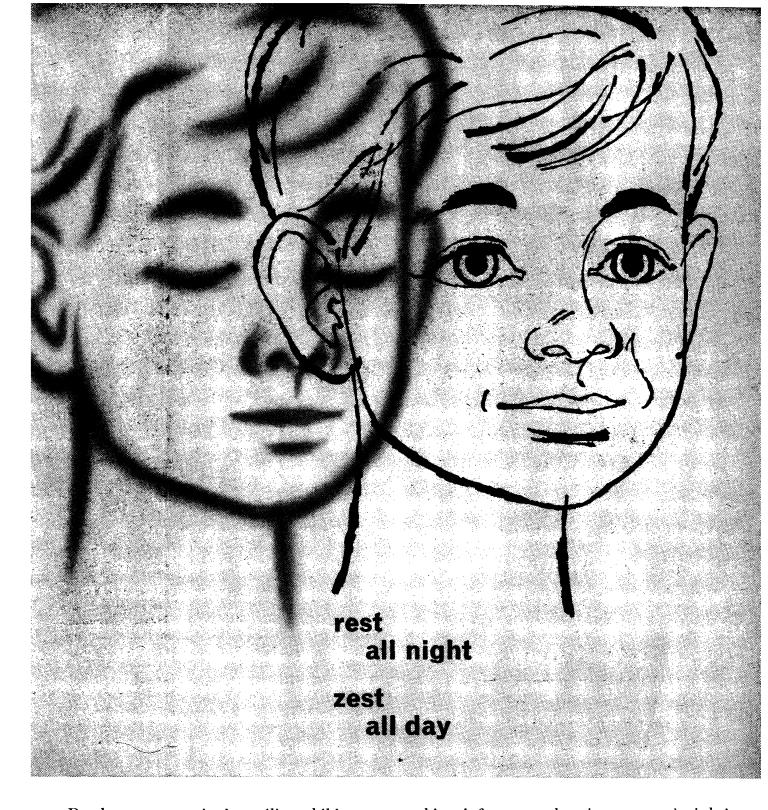

CLEANING Often and thorough, to remove food particles that can cause decay. After each meal if possible, and always with a brush at bedtime.

DENTIST Regular visits to catch any early trouble.

EXERCISE Lots of chewing exercise—apples, celery, chewing gum, raw vegetables. Chewing helps to clean teeth, promotes flow of saliva (nature's mouthwash); stimulates gums, aids proper jaw development.

FOOD Plenty of milk, butter, cheese and eggs: rich in minerals and vitamins for strong teeth and healthy gums.

PUBLISHED BY THE WRIGLEY COMPANY LIMITED, LONDON.

Restless, over-excited or ailing children, or teething infants, can be given a good night's sleep with Welldorm, yet awake refreshed and remain lively next day. Whether as hypnotic or sedative or both, Welldorm can safely be given at any age.

Welldorm (dichloralphenazone) is a safe, non-barbiturate sedative and hypnotic. It is non-cumulative and does not build up dependence. Side-effects are rare and trivial.

Tablets of 10 grains (Paediatric, 2½ grains)

# the trouble-free iron tablet

Fersamal tablets differ from other iron preparations in containing ferrous fumarate, a form of iron which is well tolerated and is unlikely to cause gastro-intestinal upset even in patients unable to tolerate other iron salts. Fersamal tablets are small and easy to swallow, but may be chewed or crushed if preferred. Their dull brown colour makes them unattractive to children, and they are less likely to be harmful even if taken accidentally. Each tablet contains 200 mg. anhydrous ferrous fumarate, providing a high level of ferrous iron at economic cost.

# Fersamal

# iron that's nice and easy to take

TABLETS: Tubes of 100 and bottles of 1000.

# Introducing FUCIDIN ZN6-Na

# an oral antibiotic of completely new personality original product of Leo Research

In releasing FUCIDIN, LEO PHARMACEUTICAL PRODUCTS DENMARK appreciate that a number of pharmaceutical preparations have been introduced with high expectations, only to exhibit in subsequent widespread clinical use properties limiting their usefulness.

Initially therefore, LEO restrict themselves to the following statements:

- 1. In laboratory and clinical trials over a period of two years, FUCIDIN, the sodium salt of fusidic acid, a substance unrelated to any available antibiotic, has demonstrated outstanding activity against the staphylococcus whether antibiotic sensitive or resistant.
- 2. While it is probably inappropriate to use the word 'safe' with respect to any chemotherapeutic substance, no serious side-effects have been reported to date following extensive clinical trials with FUCIDIN. Its basic steroid structure, far from causing any of the untoward reactions that have become associated with the steroids, may be responsible for the efficient diffusion of FUCIDIN throughout the majority of body fluids and tissues.
- 3. There is substantial reason for believing that FUCIDIN will be shown, in further work currently under way, to possess a range of antibacterial activity different from any antibiotic at present available. Furthermore the absence of effect on gram-negative coliform organisms eliminates the risk of sterilization of the gastro-intestinal tract, a phenomenon predisposing to fungal superinfection which has often followed therapy with oral antibiotics.

Reports of laboratory & clinical investigations have been published in

(1962) Lancet (May 5th) 1: 928 - 937 (1962) Nature (March 10th) 193: 987 (1962) Ugeskr. Laeg. (May 11th) 124: 715 - 719 (1962) Ugeskr. Laeg. (May 18th) 124: 745 - 767

# **NEW for Bronchospasm...**

From the C. H. Boehringer laboratories—which first synthesised isoprenaline—now comes ALUPENT, a further advance in the management of bronchospasm. ALUPENT is as effective as isoprenaline, but has a much longer action and a minimum of side-effects. It gives effective coverage both prophylactically and for treatment of the acute attack. ALUPENT, available in tablets which can be swallowed, inhalant solution, and ampoules, is the first new Boehringer product to be introduced since the founding of the independent British company on May 1st. Both the product and the event symbolise C. H. Boehringer's increasing service to British medicine.

Spra

...the new non-touch technique for

burns
infected dermatoses
leg ulcers

Spray treatment applies the full potency of Terra-Cortril directly on to the inflamed area. Its effect is immediate because the action is not retarded by a base.

Infection is prevented, inflammation and pain reduced, scar tissue development decisively checked and the healing process accelerated. Spray treatment prevents softening of surrounding tissue sometimes caused by dressings or ointments. The spray has a soothing effect much welcomed by patients.

Patients and nurses will find it easy and simple to use. Any part of the body can be sprayed in a few seconds.

Dressings may not be required. Spray treatment can be used with modern exposure techniques.

# You can earn £2000 a year on entry in the Royal Air Force

# **New Conditions for Registered Practitioners**

Under a new scheme announced by the Air Ministry, if you are a qualified doctor you can enter the Royal Air Force immediately after full registration and be commissioned as a Flight Lieutenant, earning, with full allowances, £2,000 a year. If you have post-graduate experience you can be granted up to seven years back-dated seniority; a doctor with six years civilian experience will be appointed Squadron Leader on entry, earning, with full allowances, £2,300 a year.

Tax free gratuities are payable on completion of short service commissions. These are £1,500 after three years or £3,000 after five years.

You can be offered a permanent commission and guaranteed pensionable employment to the age of 65 with excellent prospects of promotion to Group Captain rank and a salary of well over £3,000 a year. If you are married and serving at a Station you may be allocated an official married quarter. This will be a comfortably furnished house near your surgery.

You will have full clinical freedom and your practice will normally include the families of serving members of the Royal Air Force. You will have opportunities for specialising, and study leave is granted on full pay and allowances to permanent officers who wish to read for further qualifications.

## 'Pre-Registration Year' Scheme

If you are a medical graduate you may be commissioned in the Royal Air Force immediately in the rank of Flying Officer. You may then spend your pre-registration year seconded to a civilian hospital. This means that during your year as house physician or surgeon you may earn, with full pay and allowances, up to £1,339 a year. On registration, you will become a Flight Lieutenant with possible earnings of £2,000 a year. To qualify for this scheme you must undertake to serve for at least three years after full registration. Your pre-registration year counts towards your gratuity following a short service commission and towards retired pay on a permanent commission. The gratuity on completion of a three year commission is £1,500 plus £200 for the full pre-registration year; on completing a five year commission the gratuity is £3,000 plus £200 for the full pre-registration year. These gratuities are tax free.

# 'Medical Cadetship' Scheme

If you are a medical student and have passed your second M.B. examination or the equivalent you may be commissioned *now* in the Royal Air Force. During the remainder of your medical training your fees will be paid and you will receive the full pay and allowances of a Pilot Officer which can amount to £1,090 a year.

To qualify for this scheme, you must undertake to serve for at least five years in the Medical Branch of the Royal Air Force after full registration.

At the end of the five years you may enter civilian practice with a tax free gratuity of between £1,400 and £2,600, or you may be selected for a permanent commission which guarantees pensionable employment to the age of 65 and which may take you to the most senior ranks in the Service.

For full information on the new conditions for doctors, specialists, graduates and cadets in the Royal Air Force, write to the Director-General of Medical Services, Air Ministry (M.A.1), (HN 893F), I Tavistock Square, London, W.C.1.

# A NEW DEAL FOR DOCTORS JOINING THE ROYAL ARMY MEDICAL CORPS

Short service and permanent commissions are now open to both men and women graduates as general practitioners and specialists under excellent new terms.

# **ENTRY AND PROMOTION**

A fully registered practitioner now enters the R.A.M.C. in the *minimum* rank of Captain, earning £2,000 a year. After five years he is promoted to Major, earning £2,300; after a further 8 years a permanent commissioned officer can become a Lieutenant-Colonel, earning £2,760 a year. All permanent officers can be employed up to the age of 65. Short service commissions are for three or five years and may lead to permanent commissions.

These figures include marriage and ration allowances but do not include diploma or specialist pay. Most officers can expect to reach the rank of full Colonel, and there is opportunity for promotion to still higher ranks.

# CIVIL EXPERIENCE

Credit is given for civilian experience, which means, for example, a candidate with six years' practice will enter as a Major.

# PROFESSIONAL OPPORTUNITY

Opportunities for permanent officers to specialise are excellent and they can achieve consultant status. Non-specialists may now be employed in general practice up to the rank of Colonel.

# PENSIONS GRANTS GRATUITIES

For permanent officers there is an initial £1,500 grant, a generous non-contributory pension and tax-free terminal grant. On leaving, short service officers receive tax-free gratuities of £1,500 after three years or £3,000 after five years.

# PRE-REGISTRATION COMMISSIONS

Medical graduates may be granted permanent or short service commissions as Lieutenants during their pre-registration year. Married, they can earn up to £1,339 a year, and on registration are promoted to Captain. Short service officers then serve a minimum period of three years, earning tax-free gratuities ranging from £1,700 to £3,200.

# STUDENT CADETSHIPS

Medical students who have completed their pre-clinical studies may be granted permanent or short service commissions as Second Lieutenants. All tuition fees are paid and with allowances, if married, they can receive £1,090 a year. On registration short service officers serve for a minimum period of five years, earning tax-free gratuities ranging from £1,400 to £2,600.

Further details of terms and conditions of service, pay, pensions and gratuities, from: Major-General J. C. Barnetson, O.B.E., Q.H.P., M.B., Deputy Director-General, Army Medical Services, The War Office (HN/6), London, S.W.1. Tel. No: GROsvenor 8040, Ext. 740.

# APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose (unless otherwise specified) one copy cach of 3 recent  $\star$  testimonials with short statement of experience and appointments held.

heid.
Applications should be sent at once if no closing date is given.
House Officers should submit a separate application for each post for which they apply.
Canvassing of members of the Board or Advisory Appointments Committee will lead to disqualification (Statutory Instrument 1950, No. 1259, N.H.S.).

\* SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

# Registrar Grades, Whole-time

(a) REGISTRAR. Posts obtainable normally not less than one year after full registration as a medical practitioner and held normally for two years: £1,250 in the first year; £1,400 in the second and any subsequent years. Deduction of £215 per annum for compulsory residence; £255 per annum for voluntary residence

(b) SENIOR REGISTRAR. Posts obtained normally not less than three years after full registration and held normally for four years; £1,500 by £100 to £1,800 in the fourth year; thereafter, £1,900 in the fifth and sixth years; £2,000 in the seventh and eighth years; £2,100 in the ninth and any subsequent years. Deduction of £250 per annum for compulsory residence; £2,75 per annum for voluntary residence.

### Other Grades, Whole-time

Other Grades, Whole-time

(a) HOUSE OFFICERS. Each post in this grade shall be tenable for six months.

£675 per annum for the first post held; deduction of £155 per annum for compulsory residence or £195 per annum for voluntary residence;

£750 per annum for the second post held; deduction of £160 per annum for compulsory residence or £195 per annum for voluntary residence;

£825 per annum for the third and any subsequent posts held; deduction of £165 per annum for compulsory residence or £195 per annum for voluntary residence;

provided that the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that the remuneration of any officer holding his first post in the National Health Service as a House Officer shall be £750 per annum fit they are satisfied that the officer has held at least one hospital post outside, of not less than six months duration, involving clinical responsibilities equivalent to those of house posts in the National Health Service and supervised by appropriate specialist staff; provided further that where a House Officer has previously held two such outside posts the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that his remuneration shall be £825 per annum. Any House Officer who on first appointment is paid at the appropriate rate to the second or third post held in accordance with the above provision shall be paid at the third post rate for any subsequent appointments in this grade.

(b) SENIOR HOUSE OFFICERS. Posts obtained by fully registered medical practitioners and held normally for one year only: £1,050 on appointment at age 27 or under; £1,100 on appointment at age 28 or over. Deduction of £180 per annum for compulsory residence or £215 per annum for voluntary residence.

(c) JUNIOR HOSPITAL MEDICAL OFFICERS. Officers who have held house appointments but who are not registrars and who have less responsibility than other hospital officers of non-consultant status, and who have been appointed for a limited or indefinite period, not less than one year after full registration as a medical practitioner: £1,100 by £60 (8) to £1,580. Deduction of £215 per annum for compulsory residence or £255 per annum for voluntary residence.

Allowances at rates of up to £100 per annum shall be payable to house officers, senior house officers, junior hospital medical officers and registrars occupying posts approved for such allowances in peripheral hospitals.

All National Health Service hospital appointments are in accordance with the Terms and Conditions of Service of Hospital Medical Staff (19/2/62)

# Searle announce a further development in oral contraception

provides the same unsurpassed effectiveness as Conovid

unsurpassed contraceptive effectiveness marked aesthetic acceptability simplicity of dosage no impairment of subsequent fertility no effect on later pregnancies

CONOVID-E contains the same active ingredients as Conovid but in different proportions: Conovid-E tablets contain 2.5 mg. norethynodrel with 0.1 mg. ethinyloestradiol 3-methyl ether (EE3ME). Conovid tablets contain 5 mg. norethynodrel with 0.075 mg. EE3ME. The EE3ME content was shown to be critical by a trial in Birmingham using an experimental low dosage tablet. Trials in more than 1,500 women for over 9,000 cycles, using 2.5 mg. of norethynodrel with additional oestrogen (CONOVID-E), have, however, been very satisfactory. CONOVID-E is much cheaper than Conovid and costs only 10/- for a month's course of 20 tablets.

Full medical literature on Conovid and CONOVID-E is available on request.

'Conovid' is a Registered Trade Mark

Surgery-contd.

## MEDICAL OFFICER

Applications are invited for a full-time appointment in the medical services of a leading British company in Commonwealth West Africa. Candidates should preferably be not more than thirty-five years of age, and should have had a good amount of experience since qualifying.

The scope of the work done by the Company's medical services varies from place to place in West Africa, but in general may be said to cover the health supervision of working communities and their dependants. In many cases this involves taking charge of a small hospital. There is also considerable opportunity for the practice of preventive medicine, public health and industrial medicine in the widest sense.

While each doctor is administratively responsible to his local manager, his professional links are with the Assistant Principal Medical Adviser, Unilever Limited, to whom applications should be made at Unilever House, Blackfriars, London E.C.4.

The starting salary and allowances will not be less than £2,500 per annum, and in accordance with age, qualifications and experience. The length of tours in West Africa is approximately eighteen months each, followed by generous leave on full pay. First-class travel facilities are granted to and from West Africa. There is a contributory pension fund, mid-tour passages are arranged, and education allowances paid for children under education in the United Kingdom.

Those preferring a short-term appointment for eighteen months with similar terms of service will also be considered.

## CIBA

Applications are invited from British-trained registered medical practitioners for a position in the Research Department of CIBA Limited, Basle. The successful candidate will join the expanding team of physicians of various nationalities responsible for the planning and co-ordination of the clinical investigation of new CIBA preparations throughout the world.

The basic qualifications required are an interest in therapeutics and a sound training and experience in clinical medicine. There will be an opportunity for some active participation in laboratory work for an individual with special leanings in this direction.

Naturally, a knowledge of languages would be of benefit in an international organization, but the mother tongue must be English. Candidates should be under 35 years of age.

The position is full-time and entails residence in Basle, Switzerland. There will be some travel involved and there are many opportunities for scientific contacts, meetings, etc., both within CIBA and outside.

The post will carry generous progressive remuneration and is pensionable.

Full details of qualifications and experience may be sent in the first instance to the Personnel Department, CIBA Limited, Basle, Switzerland, and will be regarded as strictly confidential. (7933)

## MEDICAL PRACTITIONER

of Senior Registrar status aged 30-40 required for service overseas.

Applicants should be holders of a higher medical qualification and preferably have had rience in tropical climate. The position is that of Physician to the Company's hospital and experience in tropical climate. The posi-would also entail general medical duties.

Passages for applicant's family are provided and housing is available. There are good Company schools and recreational facilities.

Salary and allowances are attractive and there is plenty of scope for work. Full details will

Applications will be treated as strictly confidential. Please write to:

## ST. ANDREW'S HOSPITAL FOR NERVOUS AND MENTAL DISORDERS NORTHAMPTON

President: The Earl Spencer.
Medical Superintendent:
D. J. O'Connell, M.D., D.P.M.

D. J. O'Connell, M.D., D.P.M.

This private hospital receives patients, both male and female, suffering from nervous and mental disorders, including alcoholism and senile illnesses. The fees range from fourteen guineas per week. Private rooms with special nurses can be provided, either in the hospital or in one of the viltas in the grounds. The hospital is situated in 130 acres of pleasant grounds, which provide all recreational facilities. These include a nine-hole golf course, sports ground, tennis courts, etc.

## WANTAGE HOUSE

This is a separate reception unit to which patients may be admitted. It is equipped for the complete investigation of nervous and mental disorders by the most modern methods. All forms of treatment are available. It contains laboratories for biochemical, bacteriological and pathological research.

## MOULTON PARK

Some two miles from the main hospital is the farm of approximately 600 acres. Occupational therapy is a feature of this branch, and patients are given every facility for occupying themselves in farming, gardening, fruit growing, etc.

## BRYN-Y-NEUADD HALL

The seaside home of the hospital is beautifully situated in a park of 330 acres in Llanfairfechan, amidst the finest scenery in North Wales. On the north-west side of the estate a mile of sea coast forms the boundary. Patients may visit this home for a short seaside change or for longer periods. The hospital has its own private bathing house on the seashore.

on the seasonce.

For terms and further particulars apply to the Medical Superintendent (Telephone No. 34354, Northampton), who can be seen in London by appointment.
