CYCLATOR Type P Mark 1

The CYCLATOR Type P Mark I is an intermittent positive pressure lung ventilator of the pressure cycling controller type. It is intended mainly for use on the open circuit of a Boyle type anaesthetic apparatus for automatic controlled respiration. Controls are provided permitting variation of lung inflation pressure up to 35 cms. H₂O, and expiratory time between $\frac{1}{2}$ second and 30 seconds.

FOR PATIENTS WHO WANT TO STOP SMOKING...

Bantron

THE FIRST CLINICALLY-TESTED FORMULA OF ITS KIND TO
HELP MEN AND WOMEN TO STOP SMOKING SUCCESSFULLY

Published results of clinical trials have proved that 83% of patients who wished to stop smoking did so after taking BANTRON tablets for 5-7 days.

A strong background of clinical evidence is now available to show that Bantron Smoking Deterrent Tablets are more than 80% effective in helping chronic chain smokers give up smoking completely. Bantron helps the smoker by removing the craving for nicotine in the system and not by affecting the taste or making smoking unpleasant or intolerable. By buffering lobeline sulphate with antacid, it is now possible to utilize lobeline without unpleasant side effects.

Lobeline was previously investigated for breaking the tobacco habit, but side effects were considered too severe for a patient to tolerate.^{1,2} Now, after extensive work by other clinicians, undesirable side effects have been eliminated by combining fast and slow acting antacids with smaller amounts of lobeline sulphate.³ A new method of measuring micro-quantities of lobeline in blood has been devised.⁴ It was established that lobeline

does not enter the blood stream when given alone, but in combination with antacids, it is absorbed into the blood stream. A direct relationship between the blood level of lobeline and the lessening of the desire to smoke, was then established clinically. It was shown that even if the subject had no desire to stop, the total amount of smoking was reduced. Furthermore, it was shown that BANTRON is harmless, having no undue effects on the heart rate, blood pressure, respiratory rate, digital skin temperature and gastrointestinal tract. In those patients demonstrating a desire to give up smoking, four out of five persons stopped within one week following the B A N T R O N regimen.

The easiest TB treatment of all

INAPASADE twice a day

INAPASADE is the easiest and most pleasant way of taking PAS and isoniazid—combined in non-irritant, tasteless granules that are swallowed effortlessly with a drink.

Only two doses a day provide 12c. sodium PAS with 300 mg. isoniazid. By removing the unpleasantness associated with this treatment and eliminating the inconvenient mid-day dose, Inapasade secures the enthusiastic co-operation of the TB patient at home and helps to obviate lapses in treatment.

Tins of 60 and 120 one-dose packets and bulk granules pack for hospitals

safe and reliable
sleep-promoting agent
newly developed by GLAXO

TRICLORYL

TABLETS

TRICLORYL (triclofos) is a new pharmaceutically flexible compound developed by Glaxo research.

Presented as a *tablet*, Tricloryl offers all the outstanding advantages of chloral hydrate without the latter's objectionable taste or gastric irritant properties.

Safe alternative to barbiturates

Despite their well recognised hazards, and mainly because of lack of suitable alternatives, the barbiturates are still widely prescribed. Although it does not entirely replace the barbiturates, Tricloryl is of much greater benefit and safer to use in the great majority of patients.

Relationship to chloral hydrate

After oral administration chloral hydrate is converted to trichlorethanol, its active sleep-promoting principle. Tricloryl is a chemically stable phosphoric ester of this substance which in the body is rapidly hydrolysed back into trichlorethanol. It shows all the characteristic and well known properties of the parent compound without any unpleasant after-effects.

Sound sleep without daytime drowsiness

Tricloryl produces a sound sleep which is of the same degree and duration as that induced by chloral hydrate. The patient is easily aroused, if need be. He wakes refreshed in body and mind and there is no drowsy daytime aftermath.

Tricloryl not only has a much higher safety factor than the barbiturates—there is also much less fear of habituation.

The tablets are small and easily taken with water. Dosage is from 1 to 4 tablets daily.

Tricloryl is a safe and reliable way of promoting sound sleep in the great majority of patients.

TRICLORYL

Tablets of 0.5 gram triclofos monosodium salt.
 In bottles of 20, 100 and 500.

*"Knowing you Baxter,
you might say it's a winner . . .*

. . . a nice combination of speed and staying-power, don't you think ? That is one of the great advantages of I.Z.S.—it gives a rapid initial response and yet provides, in most cases, adequate control of blood sugar for 24 hours with only one injection. And because this prolonged action is obtained without the addition of foreign protein or peptide material, you don't see the allergic reactions that, as Sister will tell you, were not uncommon with the older long-acting insulins. That is why you will find I.Z.S. (Lente) is the most suitable insulin for 90 per cent. of your diabetics . . . and don't forget the A.B. — *that*, Baxter is a tip worth remembering."

ALDOMET

ALDOMET

'ALDOMET' (methyldopa) is a unique antihypertensive agent. Its development has stemmed from fundamental research on antagonists to the biosynthesis of pressor amines from aromatic amino acids.

'ALDOMET' provides effective lowering of standing and lying blood pressure, usually without symptomatic postural hypotension. Daily blood pressure fluctuations are minimised. Exercise hypotension rarely occurs.

'ALDOMET' may replace ganglion and adrenergic blocking agents in many patients including some with severe benign or malignant hypertension.

A striking feature of therapy with 'ALDOMET' is the general lack of severe side effects —patients usually feel well and improve symptomatically.

'ALDOMET' is supplied as tablets containing 250 mg. methyldopa, for oral administration. Fully detailed information on 'ALDOMET' is available on request.

Lancet, 1962 : 10th Feb., p. 300; 14th Apr., p. 759; 14th Apr., p. 763.

Why the quill?

The first demonstration that blood flows through arteries under intermittent pressure was made by Galen (A.D. 130-201). He inserted a quill into an artery and observed the pulsation of the blood in the quill and its disappearance when the artery was ligated above.

ADCORTYL-A

For rapid relief of summertime skin distress

Summer, with its emphasis on outdoor activities, brings a notable increase in skin distress. Common offenders include poisonous plants, insect bites, and sunburn. Adcortyl-A Lotion with Graneodin

and Adcortyl-A Spray bring rapid anti-allergic, anti-pruritic, and anti-inflammatory responses to warm-weather dermatitis. Adcortyl-A Lotion with Graneodin, in addition, affords proved antibacterial action.

Which would you recommend for patients with arterial disease?

In planning diets for patients with arterial disease and coronary heart disease, many doctors recommend the substitution of a vegetable fat to aid in lowering the patient's serum cholesterol level. Look carefully at the two bottles above: which would you recommend to a patient? **ANSWER:** They are identical. The bottle on the right contains Mazola Corn Oil, labelled with its fatty-acids percentages. The bottle on the left contains *exactly the same oil*, and bears the label under which it is sold in thousands of grocery stores throughout the country. (Where your patients can buy it easily and inexpensively.) Mazola Pure Corn Oil: 3/7 for 16 fluid ounces.

5 drops

for the removal of **EAR WAX**

Cerumol avoids discomfort to the patient, inconvenience to the doctor and saves time for both.

Cerumol is now routinely used in most hospitals and general practices throughout the country.

Satisfactory results confirm that it is the most efficient agent yet introduced for the purpose and that it is exceptionally reliable and safe.

In 10-30 minutes the softened or disimpacted wax can usually be wiped out with a probe tipped with cotton wool, or by gentle syringing.

Patients can readily be instructed to instil the drops themselves and, in many cases, the loosened wax will run out of its own accord, rendering further attendance at the surgery unnecessary.

PHARMACEUTICAL SPECIALITIES (MAY & BAKER) LTD · DAGENHAM

"The most popular antibiotics for topical application . . .

. . . are bacitracin, polymyxin, and neomycin because of their stability, limited diffusion, low allergenic potential and high clinical efficacy against organisms . . ."

(New England J. Med. (1959) 261, 756.)

'CORTISPORIN' OINTMENT

issued in tubes of 4 gm. and 10 gm. has all these merits, for it contains all three antibiotics. In each gramme of petrolatum base is: polymyxin B sulphate 5,000 units · zinc bacitracin 400 units · hydrocortisone 10 mgm. · neomycin sulphate 5 mgm.

'CORTISPORIN' LOTION

issued in bottles of 10 c.c. is indicated for larger, moist or abraded lesions. It contains, in each c.c. of aqueous vehicle: polymyxin B sulphate 10,000 units · hydrocortisone 10 mgm. neomycin sulphate 5 mgm.

The hydrocortisone in 'CORTISPORIN' products reduces inflammation and therefore enables the potent antibiotics to reach bacteria more easily.

Skin sensitisation has not been reported with 'Cortisporin' products. Cross-resistance or cross-sensitisation to other antibiotics does not occur. .

**To restore
full
vigour**

Whatever the illness, whether infection, metabolic disorder or a condition requiring surgical intervention, the patient needs full nutritional support for the restoration of health. And this implies more than a good mixed diet. Not only must the appetite be stimulated but the tissues must respond to the extra demands for full physiological activity, and this means supplying them with more than the usual intake of vitamins, especially of the B complex and ascorbic acid. For these purposes the three preparations BEFORTISS, BECOVITE and OROVITE are designed, the elixir being pleasantly flavoured and acceptable to patients of all ages.

Befortiss *for maintenance B-Complex therapy*

Tablets (100). 1 ml., Ampoules (boxes of 5). Elixir (6 fl. ozs.)

Becovite *for intensive B-Complex therapy*

Tablets (100). Twin 1 ml., Ampoules (boxes of 3 pairs), Elixir (6 fl. ozs.)

Orovite *for concentrated oral B-Complex therapy*

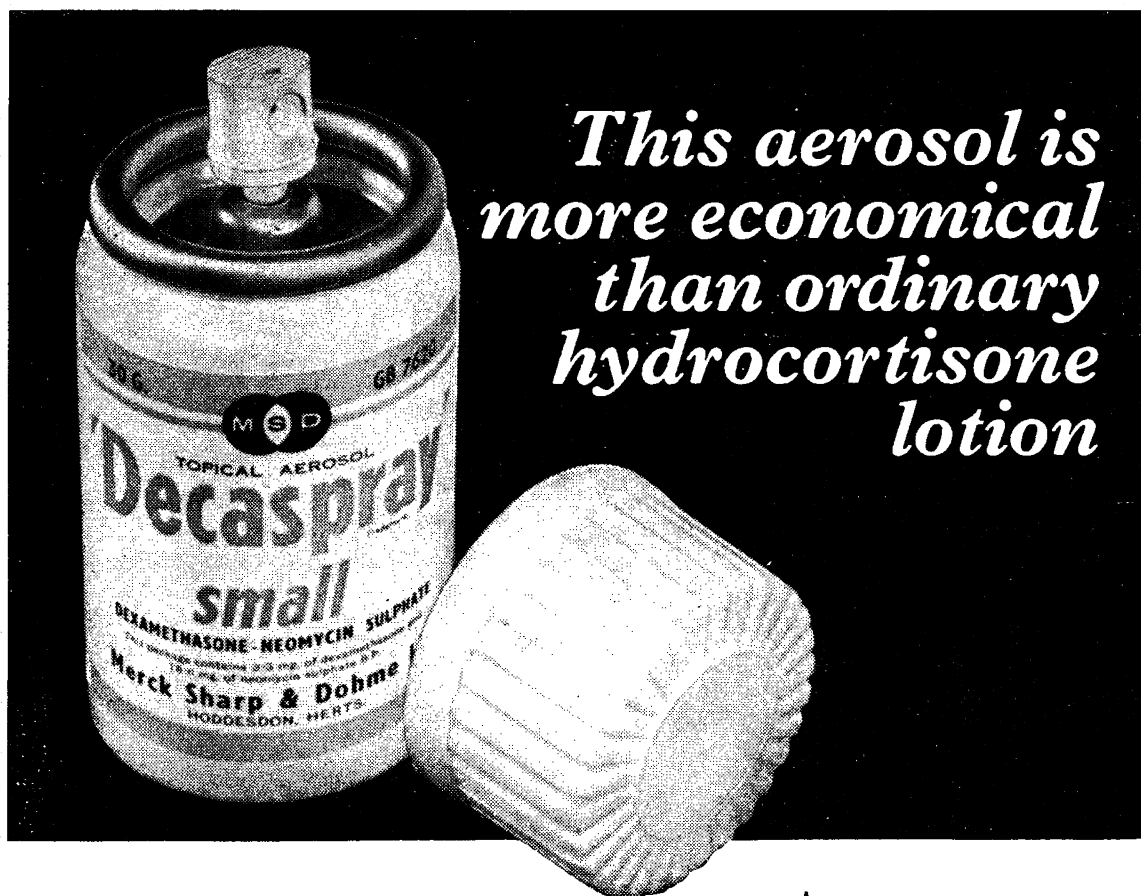

Tablets (100) and Elixir (6 fl. ozs.). (Vitamin C can be added as Ascorvel.)

Only Nulacin provides intragastric milk-alkali drip therapy for the ambulatory patient

“In view of the ineffectiveness of most of the tableted antacids, the milk-alkali tablet (Nulacin) would appear to be the antacid of choice for ambulatory therapy.”
(Medical Times 1958, 1: 74)

NULACIN TABLETS have been developed so that when allowed to dissolve slowly in the mouth, they give continuous milk-alkali drip therapy and provide a treatment of peptic ulcer and other conditions associated with hyperacidity. The effectiveness of Nulacin therapy has been established by clinical work in many countries. The following are a few references to the literature:

The Development of the Treatment of Duodenal Ulcer. *Proc. Roy. Soc. Med.*, 1958, **51**: 1063

Antacids. *The Practitioner*, 1957, **178**: 43

Antacids in Peptic Ulcer. *The Practitioner*, 1956, **176**: 103

Every slice is an effort

Muscular rheumatism can make hard work of even the simplest tasks for your older patients. You can encourage them to keep their painful muscles mobile, however, when you prescribe Algipan. Gently rubbed into the painful area, Algipan quickly replaces your patients' discomfort with a pleasant, warming glow lasting up to 1½ hours as its local analgesic, counter-irritant and vasodilator make their effects felt. Economically prescribed in the convenient 40 gramme tube, Algipan provides you with a clean, simple and safe means of keeping your patients mobile and free from muscular pain.

ALGIPAN trade mark

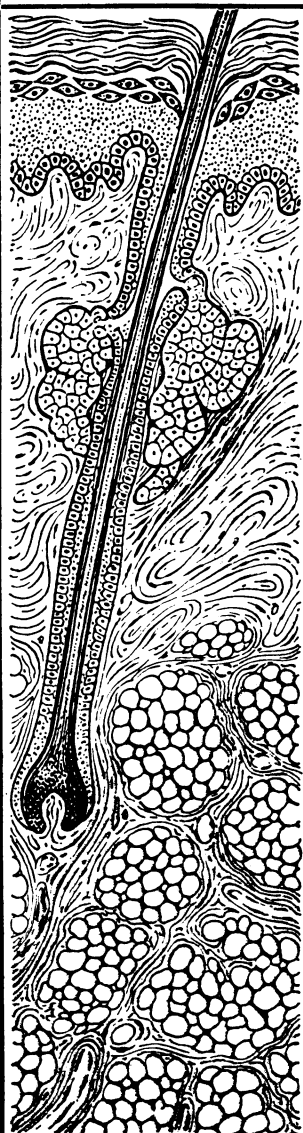

Tubes of 40 G (1% methyl nicotinate, 0.1% histamine dihydrochloride, 10% glycol salicylate and 0.1% capsaicin in a vanishing cream base).

sevana

Trade Mark

(soap-free washing tablet)

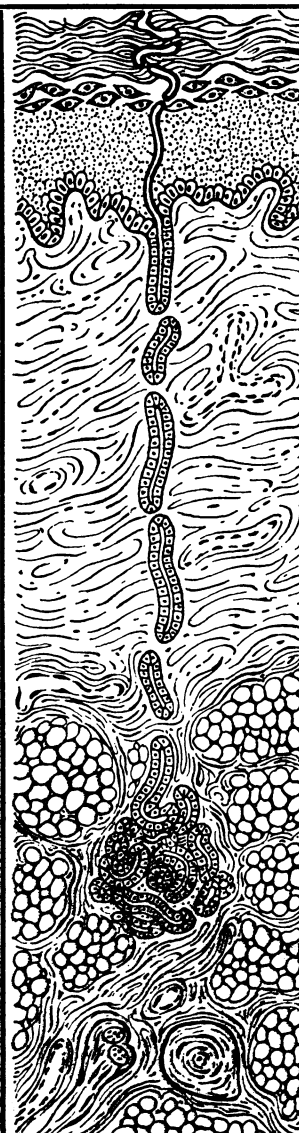

An entirely new and soap-free way to cleanse and care for skin in health or disease.

Used with hard or soft, cold or warm water, it will efficiently cleanse the skin without upsetting its normal, slightly acid, pH.

Sevana is proving a valuable help in the management of eczematous skin conditions or other dermatoses when soap cannot be tolerated.

Sevana owes its cleansing properties to sulphated fatty alcohols, the low molecular weight fractions of which have been excluded to avoid possible irritancy.

Patients should be recommended to buy it from retail pharmacists.

PROGRESS WITH BETAMETHASONE
TWO NEW INJECTIONS

Betnesol injection

Betnesol Injection is a ready-prepared solution containing soluble betamethasone phosphate for intravenous or intramuscular injection when a rapid, intensive response is required. Each 1 ml ampoule provides 4 mg of the very potent steroid, so that the volume to be injected may be comparatively small. Betnesol Injection is economical compared with other steroid injections.

LIFE-SUSTAINING MEASURE FOR MANY EMERGENCIES

Traumatic Shock When replacement of the blood volume and administration of a pressor drug fail to restore blood pressure to an acceptable level,

Betnesol Injection can provide a dramatic complementary effect.

Overwhelming Infection If large doses of a corticosteroid are given at the same time as antibiotics, the chance of survival can be greatly improved.

Status Asthmaticus Corticosteroids are highly effective in the treatment of asthma, and can complement the effect of adrenaline.

Allergic Emergencies In anaphylaxis, corticosteroids are often of value when given with adrenaline.

BETNESOL INJECTION

1 ml ampoules singly and in boxes of six.

Betnelan intra-articular injection

This newly-developed injection contains 4 mg sparingly soluble betamethasone alcohol and 1 mg betamethasone as soluble phosphate per ml. Betnelan Intra-articular Injection is indicated for inflammatory conditions of the joints and for soft tissue lesions.

SWIFT AND SUSTAINED EFFECT FROM A SINGLE INJECTION

Injections of corticosteroids for intra-articular use commonly contain the steroid in a sparingly-soluble form which gives a relatively prolonged effect. Commencement of relief may be a little

delayed, however, and sometimes an exacerbation occurs in the first day or so following injection. This tendency can be lessened by using a soluble corticosteroid, which gives benefit in a matter of a few hours.

Because Intra-articular Injection of Betnelan contains both soluble *and* sparingly-soluble corticosteroids, it has the advantage both of swift action and of sustained effect.

BETNELAN Intra-articular INJECTION

In 5 ml vials and in boxes of 6 x 1 ml ampoules.

The names Betnesol and Betnelan are Glaxo trade marks

ANTIBIOTIC-INDUCED DIARRHOEA^{*}

There is good evidence in continental literature, for which further confirmation is being sought in this country, that this troublesome complication of broad-spectrum antibiotic treatment can be relieved or prevented by administering living antibiotic-resistant *Lactobacillus acidophilus* in the form of ENPAC.

The lactobacilli can be shown to establish themselves and multiply in the bowel, and their presence is inimical to that of pathogens, including, according to some reports, *Salmonella* species, and to *Candida* and staphylococci.

"Patients in hospital who have had an operation, and a course of 'broad-spectrum' antibiotics, sometimes develop diarrhoea which may be severe and even fatal."—*Lancet* Annotations, 25th February, 1961.

A NEW DEAL FOR DOCTORS JOINING THE ROYAL ARMY MEDICAL CORPS

Short service and permanent commissions are now open to both men and women graduates as general practitioners and specialists under excellent new terms.

ENTRY AND PROMOTION

A fully registered practitioner now enters the R.A.M.C. in the *minimum* rank of Captain, earning £2,000 a year. After five years he is promoted to Major, earning £2,300; after a further 8 years a permanent commissioned officer can become a Lieutenant-Colonel, earning £2,760 a year. All permanent officers can be employed up to the age of 65. Short service commissions are for three or five years and may lead to permanent commissions.

These figures include marriage and ration allowances but do not include diploma or specialist pay. Most officers can expect to reach the rank of full Colonel, and there is opportunity for promotion to still higher ranks.

CIVIL EXPERIENCE

Credit is given for civilian experience, which means, for example, a candidate with six years' practice will enter as a Major.

PROFESSIONAL OPPORTUNITY

Opportunities for permanent officers to specialise are excellent and they can achieve consultant status. Non-specialists may now be employed in general practice up to the rank of Colonel.

PENSIONS GRANTS GRATUITIES

For permanent officers there is an initial £1,500 grant, a generous non-contributory pension and tax-free terminal grant. On leaving, short service officers receive tax-free gratuities of £1,500 after three years or £3,000 after five years.

PRE-REGISTRATION COMMISSIONS

Medical graduates may be granted permanent or short service commissions as Lieutenants during their pre-registration year. Married, they can earn up to £1,339 a year, and on registration are promoted to Captain. Short service officers then serve a minimum period of three years, earning tax-free gratuities ranging from £1,700 to £3,200.

STUDENT CADETSHIPS

Medical students who have completed their pre-clinical studies may be granted permanent or short service commissions as Second Lieutenants. All tuition fees are paid and with allowances, if married, they can receive £1,090 a year. On registration short service officers serve for a minimum period of five years, earning tax-free gratuities ranging from £1,400 to £2,600.

Further details of terms and conditions of service, pay, pensions and gratuities, from: Major-General J. C. Barnetson, O.B.E., Q.H.P., M.B., Deputy Director-General, Army Medical Services, The War Office (HN/7), London, S.W.1. Tel. No: GROsvenor 8040, Ext. 740.

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose (unless otherwise specified) one copy each of 3 recent ★ testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

House Officers should submit a separate application for each post for which they apply.

Canvassing of members of the Board or Advisory Appointments Committee will lead to disqualification (Statutory Instrument 1950, No. 1259, N.H.S.).

★ *SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.*

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

Registrar Grades, Whole-time

(a) **REGISTRAR.** Posts obtainable normally not less than one year after full registration as a medical practitioner and held normally for two years: £1,250 in the first year; £1,400 in the second and any subsequent years. Deduction of £215 per annum for compulsory residence; £255 per annum for voluntary residence.

(b) **SENIOR REGISTRAR.** Posts obtained normally not less than three years after full registration and held normally for four years: £1,500 by £100 to £1,800 in the fourth year; thereafter, £1,900 in the fifth and sixth years; £2,000 in the seventh and eighth years; £2,100 in the ninth and any subsequent years. Deduction of £250 per annum for compulsory residence; £275 per annum for voluntary residence.

Other Grades, Whole-time

(a) **HOUSE OFFICERS.** Each post in this grade shall be tenable for six months.

£675 per annum for the first post held; deduction of £155 per annum for compulsory residence or £195 per annum for voluntary residence.

£750 per annum for the second post held; deduction of £160 per annum for compulsory residence or £195 per annum for voluntary residence.

£825 per annum for the third and any subsequent posts held; deduction of £165 per annum for compulsory residence or £195 per annum for voluntary residence.

provided that the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that the remuneration of any officer holding his first post in the National Health Service as a House Officer shall be £750 per annum if they are satisfied that the officer has held at least one hospital post outside, of not less than six months' duration, involving clinical responsibilities equivalent to those of house posts in the National Health Service and supervised by appropriate specialist staff; provided further that where a House Officer has previously held two such outside posts the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that his remuneration shall be £825 per annum. Any House Officer who on first appointment is paid at the appropriate rate to the second or third post held in accordance with the above provision shall be paid at the third post rate for any subsequent appointments in this grade.

(b) **SENIOR HOUSE OFFICERS.** Posts obtained by fully registered medical practitioners and held normally for one year only: £1,050 on appointment at age 27 or under; £1,100 on appointment at age 28 or over. Deduction of £180 per annum for compulsory residence or £215 per annum for voluntary residence.

(c) **JUNIOR HOSPITAL MEDICAL OFFICERS.** Officers who have held house appointments but who are not registrars and who have less responsibility than other hospital officers of non-consultant status, and who have been appointed for a limited or indefinite period, not less than one year after full registration as a medical practitioner: £1,100 by £60 (8) to £1,580. Deduction of £215 per annum for compulsory residence or £255 per annum for voluntary residence.

Allowances at rates of up to £100 per annum shall be payable to house officers, senior house officers, junior hospital medical officers and registrars occupying posts approved for such allowances in peripheral hospitals.

All National Health Service hospital appointments are in accordance with the Terms and Conditions of Service of Hospital Medical Staff (19/2/62)

Synadrin

Regd. Trade Mark

new compound for the treatment of patients with angina pectoris

Synadrin is a specific coronary vasodilator, and is chemically unrelated to any known treatment for coronary disease. Its specific activity has been demonstrated in animal experiments¹⁸⁻²⁴, but the final test of the value of a new drug is in clinical trial in human patients. Synadrin has been tested in over 1,000 patients, and results of trials so far reported have been promising¹⁻¹⁷.

Effective and safe

Synadrin has been shown to reduce the frequency of anginal attacks. It is particularly successful in patients with coronary ischaemia with or without previous infarction. It produces prolonged improvement of the coronary blood supply, and consistent treatment over a period of weeks produces the best results. Synadrin is well tolerated and its safety has been shown by use in more than 1,000 patients over the last two years.

Formula

Each tablet of Synadrin contains 15 mg. of prenylamine lactate (N-3:3-diphenylpropyl-1-methyl-2-phenylethylamine lactate). Synadrin is known in some other countries as Segontin.

Dosage

Treatment may be initiated with 2 tablets, three times daily, reducing after three days to a maintenance dosage of 1 tablet two or three times daily.

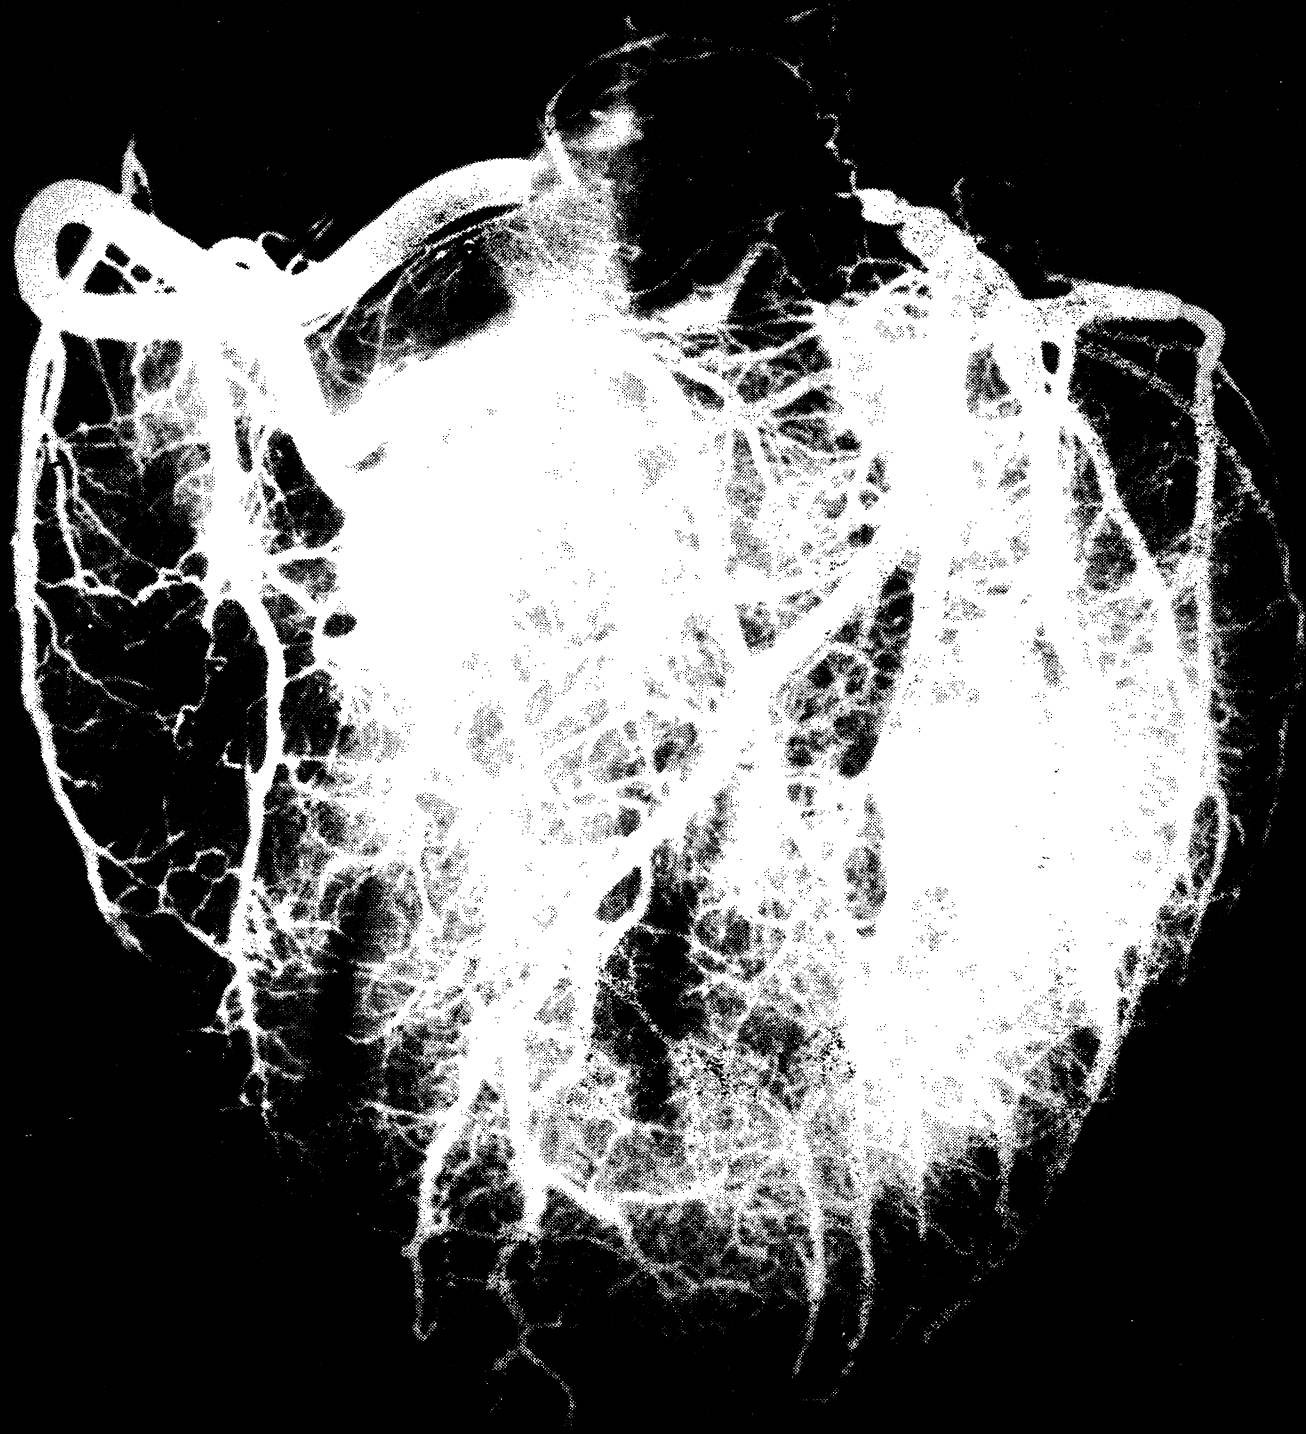

Presentation and price

Synadrin is supplied in bottles of 30 and 150 tablets at basic N.H.S. prices of 8/8d. and 34/8d. (subject to P.T.).

Glebe Street, Stoke-on-Trent

Applications are invited from qualified medical practitioners, male or female, for the post of **ASSISTANT MEDICAL OFFICER OF HEALTH**. The possession of a D.P.H., D.C.H., or D.Obst. R.C.O.G. will be considered an additional qualification.

The salary will be at the rate recommended by the Whitley Council, £1,295 by £65 (5) by £75 (3) to £1,845, with starting salary according to experience.

The appointment will be subject to the provisions of the Local Government Superannuation Acts, 1937/1953, and the successful candidate will be required to pass a medical examination.

Forms of application may be obtained from the Medical Officer of Health, and should be returned to the undersigned, accompanied by the names and addresses of three referees.—Harry Taylor, Town Clerk, Town Hall, Stoke-on-Trent. (8251)

INDUSTRIAL APPOINTMENTS

Attention is drawn to the British Medical Association's statement of policy on the Remuneration of Industrial Medical Officers (as revised in the light of the Report of the Royal Commission on Doctors' and Dentists' Remuneration, 1960, and approved by the Representative Body, 1961), which is available on request from the Secretary.

DUNDEE AND DISTRICT OCCUPATIONAL HEALTH SERVICE**MEDICAL DIRECTOR**

Applications are invited for this appointment to initiate and operate a new Occupational Health Service. The Service during its early years will be supported by the Nuffield Foundation, and already firms representing chemicals, textiles, light and heavy engineering have agreed to participate.

The closest help and co-operation is being offered by St. Andrews University, and it is hoped that the successful candidate will be offered an honorary appointment on the teaching staff.

Salary on appointment will be related to age, ability and experience within the B.M.A. recommended scales for Senior Industrial Medical Officers (£2,550 to £3,700 per annum).

Applications on a prescribed form, obtainable from the undersigned, should be submitted, together with the names of three referees, within three weeks of the appearance of this advertisement, to R. W. Matthewson, Esq., B.L., C.A., Acting Secretary, Dundee and District Occupational Health Service, 1 Bank Street, Dundee. (8321)

SERVICES

You can earn £2000 a year on entry in the Royal Air Force

New Conditions for Registered Practitioners

Under a new scheme announced by the Air Ministry, if you are a qualified doctor you can enter the Royal Air Force immediately after full registration and be commissioned as a Flight Lieutenant, earning, with full allowances, £2,000 a year. If you have post-graduate experience you can be granted up to seven years back-dated seniority; a doctor with six years' civilian experience will be appointed Squadron Leader on entry, earning, with full allowances, £2,300 a year.

Tax free gratuities are payable on completion of short service commissions. These are £1,500 after three years or £3,000 after five years.

You can be offered a permanent commission and guaranteed pensionable employment to the age of 65 with excellent prospects of promotion to Group Captain rank and a salary of well over £3,000 a year. If you are married and serving at a Station you may be allocated an official married quarter. This will be a comfortably furnished house near your surgery.

You will have full clinical freedom and your practice will normally include the families of serving members of the Royal Air Force. You will have opportunities for specialising, and study leave is granted on full pay and allowances to permanent officers who wish to read for further qualifications.

'Pre-Registration Year' Scheme

If you are a medical graduate you may be commissioned in the Royal Air Force immediately in the rank of Flying Officer. You may then spend your pre-registration year seconded to a civilian hospital. This means that during your year as house physician or surgeon you may earn,

with full pay and allowances, up to £1,339 a year. On registration, you will become a Flight Lieutenant with possible earnings of £2,000 a year. To qualify for this scheme you must undertake to serve for at least three years after full registration. Your pre-registration year counts towards your gratuity following a short service commission and towards retired pay on a permanent commission. The gratuity on completion of a three year commission is £1,500 plus £200 for the full pre-registration year; on completing a five year commission the gratuity is £3,000 plus £200 for the full pre-registration year. These gratuities are tax free.

'Medical Cadetship' Scheme

If you are a medical student and have passed your second M.B. examination or the equivalent you may be commissioned *now* in the Royal Air Force. During the remainder of your medical training your fees will be paid and you will receive the full pay and allowances of a Pilot Officer which can amount to £1,090 a year.

To qualify for this scheme, you must undertake to serve for at least five years in the Medical Branch of the Royal Air Force after full registration.

At the end of the five years you may enter civilian practice with a tax free gratuity of between £1,400 and £2,600, or you may be selected for a permanent commission which guarantees pensionable employment to the age of 65 and which may take you to the most senior ranks in the Service.

For full information on the new conditions for doctors, specialists, graduates and cadets in the Royal Air Force, write to the Director-General of Medical Services, Air Ministry (M.A.1), (HN 893G), 1 Tavistock Square, London, W.C.1.

The Royal Air Force

REPUBLIC OF IRELAND

GHANA

Applications are invited from suitably qualified persons for the post of **ASSISTANT MEDICAL OFFICER OF HEALTH** Accra City Council

Qualifications: Applicants must have a registrable qualification and a Diploma in Tropical Medicine and Hygiene. Experience in public health work and clinical medicine, preferably in the tropics, will be an advantage. Duties: Required to assist the Medical Officer of Health in his duties in connection with the health aspect of the City area of the Accra City Council and to take over when the Medical Officer of Health is absent from duty. Applicants should not be more than 50 years of age. This is applicable only in respect of pensionable appointment. Salary: The salary attached to the post, which is pensionable, is £1,120, £1,340, £1,440, £1,540, £1,650 per annum. Contract terms for not less than two tours of 15 months' duration each and up to a maximum of five years may be offered in the scale: expatriate, £1,800, £2,100, £2,230, £2,360, £2,500; Ghanaian, £1,390, £1,660, £1,790, £1,920, £2,060, with gratuity calculated at the appropriate proportionate rate for each month's completed service. Conditions of service will generally be the same as in the Ghana Civil Service. Point of entry in the salary scale in both the pensionable appointment and the contract/gratuity terms will be according to experience and qualifications.

Applications, giving full details of age, qualifications, experience, and the names of three referees, should be submitted in triplicate, by air-mail, to the Town Clerk, Accra City Council, P.O. Box 385, Accra, Ghana. Candidates should state when they can take up appointment in Accra. (8252)

**UNIVERSITY OF ADELAIDE
ANTI-CANCER FOUNDATION**

Applications are invited for appointment to a newly created post of

CYTO-PATHOLOGIST

in the Cytology Service which is jointly run by the Anti-Cancer Foundation and the University's department of Obstetrics and Gynaecology.

The Service, which was established in 1960, is housed at the Queen Elizabeth Hospital, Woodville, South Australia. In 1961 it examined 7,500 smears and it is expected that the total for 1962 will be at least 15,000.

Duties: To assist the Cyto-Pathologist-in-Charge with the normal functions of the service, including the training of technical staff; and also to assist in the obstetrical and gynaecological pathology of the Queen Elizabeth Hospital.

Salary Scales: £A.2,450 by £A.110 to £A.3,000 and an allowance of £A.150 a year for medical qualifications; superannuation on the F.S.S.U. basis.

Further Information: A statement giving further information about the position may be obtained from the undersigned or from the Secretary, Association of Universities of the British Commonwealth (Branch Office), Marlborough House, Pall Mall, London, S.W.1. The Head of the Department of Obstetrics and Gynaecology, Professor L. W. Cox, is at present visiting the United Kingdom, and potential candidates are advised to get in touch with him as soon as possible, c/o Commercial Bank of Australia, 34 Piccadilly, London S.W.1.

Applications, in duplicate, and giving the information requested in the statement for potential candidates, should reach the undersigned by **August 17, 1962.**—H. J. Buchan, Secretary. (8453)

UNIVERSITIES' MISSION TO CENTRAL Africa offer the following vacancies: One M.O. to be in charge of hospital and supervise village clinics in South-West Tanganyika. Two M.O.s on staff Mkomai Hospital, Masasi, S. Tanganyika (shortly to open S.R.N. Training School). One to be in charge and develop hospital in Chipili, and one assisting at hospital Katete, both Northern Rhodesia. Conditions of appointment, including further details, on application to the General Secretary, Central Africa House, 35 Great Peter Street, London S.W.1. (8364)

**UNIVERSITY COLLEGE HOSPITAL
Ibadan, Nigeria****SENIOR REGISTRARS**

- (a) Department of Paediatrics
- (b) Department of Chemical Pathology
- (c) Department of Bacteriology

Applications are invited from registered medical practitioners, with requisite postgraduate experience, for the above appointments. Candidates for the paediatric appointment must hold the M.R.C.P. or equivalent qualification. Candidates for the appointments in Chemical Pathology and Bacteriology should be suitably experienced and hold an appropriate higher qualification.

Salary: £1,776 per annum, rising by three annual increments to £1,980 per annum. Gratuity of £37 10s. per quarter is payable. An inducement addition of £300 per annum is payable to an expatriate doctor.

The appointments will initially be for one tour of 12 months, renewable for subsequent tours by mutual agreement.

Applications should be submitted not later than July 14, 1962, on appropriate forms, which will be forwarded, together with additional information, on receipt of an addressed foolscap envelope by the Adviser on Staff Recruitment, London Office (University College Hospital, Ibadan), 91 Regent Street (Third Floor), London W.1. (8410)

UNIVERSITY OF ADELAIDE**SENIOR LECTURER IN PATHOLOGY**

Applications are invited for the above-mentioned appointment. It is desired that the successful candidate should take up duty as early in 1963 as practicable, and applicants should therefore state when they would be free to come to Adelaide if appointed.

Qualifications: A registrable medical qualification is essential, and preference may be given to a candidate with experience in experimental pathology.

Salary Scale: £A.2,450 by £A.110 to £A.3,000. Superannuation is provided on the F.S.S.U. basis and there is a special allowance for registrable medical qualifications of £A.150 a year for a Senior Lecturer. The initial salary within the scale will be determined in accordance with the successful candidate's qualifications and experience.

Further Information: A potential candidate should seek from the Registrar of the University or from the Secretary, Association of Universities of the British Commonwealth (Branch Office), Marlborough House, Pall Mall, London S.W.1, copies of the general conditions of appointment, which include particulars of tenure, superannuation, removal expenses, invalidity and study leave, and of a statement giving further particulars of the post and of such matters as help in housing and conference grants. The university will gladly supply any further information desired on request to the Registrar.

Applications, in duplicate, should give the information listed in the final paragraph of the General Conditions of Appointment, and should reach the Registrar, The University of Adelaide, Adelaide, South Australia, not later than **July 15, 1962.** (8401)

UNIVERSITY OF QUEENSLAND**LECTURER (CLINICAL) IN
PATHOLOGY**

The University invites applications for the position of Lecturer (Clinical) in Pathology. Applicants must hold a medical degree registrable in the State of Queensland. Post-graduate experience of some five years' duration in clinical and pathological discipline is desirable though not absolutely essential. The appointee may be seconded to the Department of Pathology of one of the teaching hospitals for part-time routine duties.

The salary range is £A.2,140 by £A.90 (6) by £A.80 (1) to £A.2,760.

The successful applicant will be entitled to participate in the benefits available to the academic staff, which include F.S.S.U. type superannuation, housing assistance, study leave and travel grants.

Additional information on the conditions of appointment, staffing, and activities of the department, together with application forms, will be supplied upon request to the Secretary, Association of Universities of the British Commonwealth (Branch Office), Marlborough House, Pall Mall, London S.W.1.

Applications close in London and Brisbane on **July 28, 1962.** (8399)

UNIVERSITY OF QUEENSLAND**SENIOR LECTURER OR LECTURER IN
PHYSIOLOGY**

The University invites applications for the position of Senior Lecturer or Lecturer in Physiology. Applicants should be medical graduates. For the position of Senior Lecturer proven ability in research is essential. For the Lectureship, an earnest interest in Physiology is required. Opportunities exist for undertaking Ph.D., M.D., and other higher degrees.

The Department of Physiology is developing a vigorous research and postgraduate school with emphasis on endocrinology, neurophysiology, hot environmental physiology, and liver metabolism. The department is excellently equipped and is well endowed by research grants.

The salary range for Senior Lecturer is £A.2,520 by £A.100 (4) by £A.80 (1) to £A.3,000, and for Lecturer £A.1,830 by £A.90 (6) by £A.80 (1) to £A.2,450.

The successful applicant will be entitled to participate in the benefits available to the academic staff, which include F.S.S.U. type superannuation, housing assistance, study leave, and travel grants.

Additional information on the conditions of appointment, staffing, and activities of the department, together with application forms, will be supplied upon request to the Secretary, Association of Universities of the British Commonwealth (Branch Office), Marlborough House, Pall Mall, London S.W.1.

Applications close in London and Brisbane on **July 30, 1962.** (8400)

UNIVERSITY OF SYDNEY**CHAIR OF EYE HEALTH**

Applications are invited for the recently endowed Chair of Eye Health.

Salary will be at the rate of £A.4,930 per annum, plus cost of living adjustments (at present £A.44 per annum). There is retirement provision under either the Sydney University Professorial Superannuation Scheme or the New South Wales State Superannuation Scheme.

Under the Staff Members' Housing Scheme, in cases approved by the University and its Bankers, married men may be assisted by loans to purchase a house.

The Senate reserves the right to fill the Chair by invitation.

A statement of conditions of appointment and information for candidates may be obtained from the Secretary, Association of Universities of the British Commonwealth (Branch Office), Marlborough House, Pall Mall, London S.W.1.

Applications close, in Australia and London, on **August 31, 1962.** (8454)

THE MEDICAL PROTECTION SOCIETY 1892 — 1962

IMPORTANT SEVENTIETH ANNIVERSARY ANNOUNCEMENT UNLIMITED INDEMNITY FOR OVERSEAS MEMBERS

The Society was the first to defend and indemnify Overseas Doctors and Dentists. Its Overseas Membership remains many times that of any other similar organization and its experience in this field is consequently incomparable.

THE COUNCIL OF THE SOCIETY IS PLEASED TO ANNOUNCE THAT AS FROM 1ST JULY, 1962, THE UNLIMITED INDEMNITY ENJOYED BY HOME MEMBERS IS EXTENDED TO ALL OVERSEAS MEMBERS.

MAXIMUM ANNUAL SUBSCRIPTION—£5 FOR MEDICAL PRACTITIONERS; £4 FOR DENTAL PRACTITIONERS (subscriptions are reduced for those joining within three years of registration).

The Society's financial resources built up over 70 years have enabled it, with a membership of nearly 40,000, to make this CONCESSION TO OVERSEAS MEMBERS.

For further information apply to:

50, HALLAM STREET, LONDON, W.1.

Secretary:

ALISTAIR FRENCH, M.R.C.S., L.R.C.P., D.I.H.

Deputy Secretary:

HERBERT CONSTABLE, M.R.C.S., L.R.C.P.

Assistant Secretary:

J. LEAHY TAYLOR, M.B., B.S., M.R.C.S., L.R.C.P.

Dental Secretary:

FRANK ALLOTT, L.D.S. R.C.S.(Eng.)

Cables: MEDICAVERO, LONDON, W.1.

ABSTRACTS of WORLD MEDICINE

The selective abstracting journal

Of the many thousands of articles appearing in the medical journals of the world, only a few make any really new and significant contribution to the sum of medical knowledge and experience.

These, and these alone, are the papers selected for summarization—**concisely, accurately, readably**—in Abstracts of World Medicine.

This selection of material makes it possible for the whole field of clinical medicine and many allied subjects to be covered in each monthly issue.

The abstracts are grouped in sections which include :

Allergy, Anaesthetics, Cardiovascular Diseases, Chemotherapy, Clinical Haematology, Dermatology, Endocrinology, Forensic Medicine, Gastroenterology, Industrial Medicine, Infectious Diseases, Medical Genetics, Microbiology and Parasitology, Neurology and Neurosurgery, Nutrition and Metabolism, Paediatrics, Pathology, Pharmacology and Therapeutics, Physical Medicine, Psychiatry, Public Health, Radiology, Respiratory Diseases, Rheumatic Diseases, Tropical Medicine, Tuberculosis, Urogenital Diseases, Venereal Diseases.

Published every month.

Annual Subscription : £4 4s. (U.S.A. \$13.50)

or from any leading bookseller or subscription agent

* The subscription rate will be increased in 1963. Subscriptions received (or postmarked) before October 31, 1962, starting with one or more of the issues published this year, will be entered for a full 12 months at the current rate.

BRITISH MEDICAL ASSOCIATION PUBLICATIONS

ONE of the primary objects of the British Medical Association is the promotion of medical and allied sciences, and each year a considerable portion of its income is spent in publishing a wide range of general and specialist journals.

BRITISH MEDICAL JOURNAL

A comprehensive general medical journal. Essential for every medical man or student who wishes to keep informed of research in medical science, of trends in clinical medicine, and of professional activities.

Weekly. Annual Subscription, United Kingdom, Irish Republic, £9 9s. Abroad, £4 4s. (\$13.50).

— Specialist Journals —

BRITISH JOURNAL OF OPHTHALMOLOGY

Designed for the clinician and research worker and includes original articles, case notes, information on new appliances, book reviews.

Monthly. Annual Subscription, £6 (\$20.00). (Combined subscription for the two ophthalmic journals, £9 (\$30.00).)

OPHTHALMIC LITERATURE

Abstracts of articles on the wide field of ophthalmology published throughout the world. Each volume contains some 5,000 abstracts—covering one year.

Six issues, plus index. Annual Subscription, £4 4s. (\$13.50). (For combined subscription see above.)

JOURNAL OF CLINICAL PATHOLOGY

Original and specially commissioned articles on each branch of pathology, with prominence given to its clinical application. Technical methods, notes on new or improved apparatus, book reviews.

Annual Subscription (six issues), £4 4s. (\$13.50).

BRITISH HEART JOURNAL

Original work on the heart and circulation—anatomical, physiological and pathological.

Annual Subscription (six issues), £4 4s. (\$13.50).

ARCHIVES OF DISEASE IN CHILDHOOD

Devoted to child health and disease, with emphasis on clinical paediatrics. Original articles by paediatricians and other specialists.

Annual Subscription (six issues), £4 4s. (\$13.50).

BRITISH JOURNAL OF PHARMACOLOGY AND CHEMOTHERAPY

Reports of original work in all branches of the subject, including experimental chemotherapy. Biochemical and pathological studies.

Annual Subscription (six issues), £6 6s. (\$20.00).

JOURNAL OF NEUROLOGY, NEUROSURGERY, AND PSYCHIATRY

Original articles on current research, throwing light on practice in neurology, neurosurgery, and psychiatry.

Quarterly. Annual Subscription, £3 (\$10.00).

THORAX

Original work on the anatomy, physiology, and pathology of the chest and heart. Descriptions of techniques and apparatus used in modern cardiac surgery.

Quarterly. Annual Subscription, £3 (\$10.00).

ANNALS OF THE RHEUMATIC DISEASES

Original articles by authorities in the U.K., U.S.A., and elsewhere on every manifestation of the rheumatic diseases. Summaries in English, French, and Spanish.

Quarterly. Annual Subscription, £3 (\$10.00).

GUT

Journal of the British Society of Gastroenterology. A new journal for physicians, surgeons, radiologists, and pathologists, carrying authoritative articles on all aspects of gastroenterology.

Quarterly. Annual Subscription, £3 (\$10.00).

BRITISH JOURNAL OF VENEREAL DISEASES

Designed to disseminate, exchange, and increase knowledge among consultants, practitioners, research workers, teachers, and others concerned with the problem of venereal diseases.

Quarterly. Annual Subscription, £3 (\$10.00).

BRITISH JOURNAL OF INDUSTRIAL MEDICINE

Authoritative papers on all aspects of occupational medicine, e.g., the pneumoconioses, occupational cancers, industrial toxicology, and psychology.

Quarterly. Annual Subscription, £3 (\$10.00).

BRITISH JOURNAL OF PREVENTIVE AND SOCIAL MEDICINE

Original work in the field, the emphasis on epidemiological methods in medical research.

Quarterly. Annual Subscription, £3 (\$10.00).

MEDICAL AND BIOLOGICAL ILLUSTRATION

Illustration and its application to the requirements of the medical and biological sciences.

Quarterly. Annual Subscription, £3 (\$10.00).

— General —

ABSTRACTS OF WORLD MEDICINE

Critical abstracts of important articles appearing in medical periodicals in every part of the world. Accent on what is new.

Monthly. Annual Subscription, £4 4s. (\$13.50).

Owing to higher costs of production and distribution it will be necessary to increase subscription rates in 1963. Please write to the Subscription Manager for further details.
