NEW RELIEF & COMFORT FOR AMPUTEES

with the REM-DAW sheath

U.K. PATENT No. 826041

The Rem-Daw sheath gives relief from the chafing, irritation, callouses and other conditions that may arise from wearing an artificial limb. It is made from lanolised nylon which has a cooling effect and is worn *under* the wool stump sock. The Rem-Daw sheath protects against overheating (reducing perspiration), chilblains and abscesses. It is suitable for all amputations, above or below knee and arms. Walking is easier and less fatiguing. This relief costs only 15/- per sheath. Further information can be obtained by writing to:—

Atherosclerosis SUNFLO SUNFLOWER OIL WITH S.G.C.

A RICH AND PALATABLE SOURCE OF UNSATURATED FATTY ACIDS

Sunflower Seed Oil is rich in linoleic acid, an essential unsaturated fatty acid. "Sunflo" with S.G.C. is pure sunflower oil reinforced with synergistol concentrate derived from fish oil. In therapy which includes the substitution of saturated by unsaturated fatty acids—as in the treatment of atherosclerosis, hypercholesteremia and coronary insufficiency—"Sunflo" Oil is welcomed by the patient for its palatability and practical usefulness in salads and cooking. An independent analysis of "Sunflo" Oil is available on request.

PREMIER LABORATORIES LTD. 110 Black Lion St., Brighton

Where **BLOOD PRESSURE** climbs, keep it under control with **ENDURONYL**

With Enduronyl, once daily is the dose for hypertension. Blood pressure starts down steadily: improvement usually is substantial within 10 days. Further reduction may continue over following weeks. At the same time, excess sodium and water are consistently eliminated. Giving Enduronyl just once a day means fewer forgotten doses. A smoothly sustained therapeutic response, too. Enduronyl combines two well-established anti-hypertensive agents: (1) Enduron, Abbott's long-acting thiazide diuretic, and (2) Harmonyl, a rauwolfia derivative of low side effects. Together they provide greater anti-hypertensive action than with either alone.

Once-a-day thiazide/rauwolfia anti-hypertensive

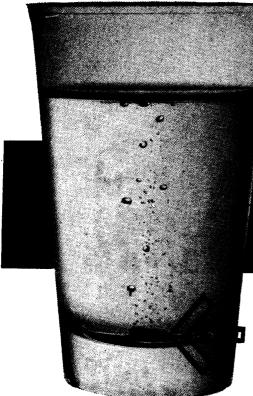

ENDURONYL TRADEMAR

(Enduron* Methyclothiazide and Harmonyl* Deserpidine, Abbott)

Enduronyl (5 mg. Enduron plus 0.25 mg. Harmonyl) and Enduronyl Forte (5 mg. Enduron plus 0.5 mg. Harmonyl) are supplied in bottles of 100.

ABBOTT LABORATORIES LIMITED . QUEENBOROUGH . KENT

the corticosteroid tablet your patients **DRINK**

Betnesol the soluble steroid

Betnesol is a tablet of *soluble* betamethasone phosphate. It dissolves spontaneously in water to form a palatable, tinted, particle-free solution for oral administration.

Greater consistency of therapeutic effect

By reducing particle size of corticosteroids, efficiency of their absorption is increased. The ultimate attainable is a true solution, the form in which Betnesol is taken. This ensures maximum absorption, the most consistent therapeutic effect, and allows reduction of dosage in certain cases.

Less dyspepsia

Because no solid steroid reaches the stomach, the incidence of gastric disturbance is even less with Betnesol than it already is with betamethasone alcohol (Betnelan).

Betnesol Tablets give further good reasons for making betamethasone your *standard* corticosteroid for treating such conditions as asthma, allergies and dermatoses. This compound has enhanced anti-inflammatory activity, and negligible effect on sodium and potassium balance. It offers renewed benefit to patients on long-term steroid treatment.

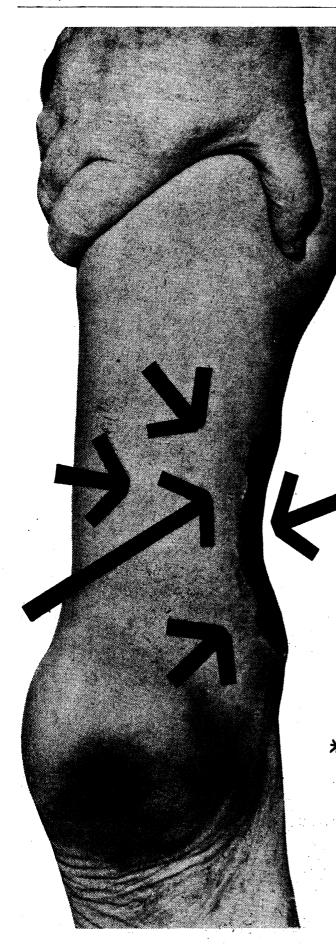

BETNESOL

Small, scored tablet 0.5 mg betamethasone (as disodium phosphate). In bottles of 30, 100 and 500. Half-strength (0.25 mg) tablets are available in the same quantities.

The name Betnesol is a Giaxo trade mark

GLAXO LABORATORIES LIMITED

CICATRIN

accelerates healing rates by 25-50%*

Prolonged and expensive treatment of chronic ulcers may be avoided by the use of Cicatrin, the leading amino-acid/antibiotic preparation for topical application.

Further evidence of the efficacy of Cicatrin is provided by a recent controlled clinical trial to evaluate the influence of various topical applications on the healing rates of stasis ulcers. This trial shows that Cicatrin with its combination of selected amino-acids and antibiotics accelerates the healing rates by 25-50%.

It is also significant that in one group where the main difference between the two preparations was that one contained amino-acids and antibiotics (Cicatrin) and the other antibiotics only, the healing time in the Cicatrin treated group was shortened considerably both in bed rest and ambulatory cases.

Synadrin for the patient with angina pectoris

Synadrin is a specific coronary vasodilator, and is chemically unrelated to any known treatment for coronary disease. Its specific activity has been demonstrated in animal experiments 11-17 and it has been tested in over 1,000 patients 1-10. Results of trials so far reported have been promising and Synadrin has been described as "an effective drug for treating angina pectoris."1

Effective and safe

Synadrin has been shown to reduce the frequency of anginal attacks. It is particularly successful in patients with coronary ischaemia with or without previous infarction. It produces prolonged improvement of the coronary blood supply, and consistent treatment over a period of weeks produces the best results. Synadrin is well tolerated and its safety has been shown by use in more than 1,000 patients over the last two years.

Treatment may be initiated with 2 tablets, three times daily, reducing after three days to a maintenance dosage of 1 tablet two or three times daily.

Presentation

Synadrin is presented as tablets, each containing 15 mg. of prenylamine lactate in bottles of 30 and 150 at basic NHS prices of 8/8d, and 34/8d, (subject to P.T.). Synadrin is known in some other countries as Segontin.

4th International HOSPITAL EQUIPMENT and

Marubeni-lida Co. Limited are the importers of a wide range of Japanese medical electronic equipment including those shown here. Do not hesitate to contact us if we can be of further assistance to you.

MEDICAL SERVICES EXHIBITION 27—31 May 1963

The International Hospital Equipment and Medical Services Exhibition will be opened by H.R.H. The Princess Royal at Olympia on Monday, May 27.

This is the fourth biennial exhibition to be held, and over 200 firms and services, including many from overseas, will be presenting the latest equipment and information. The emphasis this year is on new developments in all fields of hospital requirements, including maintenance, sterilization, catering, internal communications, and waste disposal.

Doctors will find much of interest to them, as a number of firms, including one each from Japan, Hungary, and West Germany, will be demonstrating many items of new or improved electro-medical equipment, particularly breathing apparatus. There will also be exhibitions of pharmaceutical and laboratory equipment.

One of the special features this year will be an Accident and Emergency Unit as currently recommended by the Ministry of Health. Various types of equipment that can be used either in hospital or industrial casualty departments will be shown. Apart from the basic furniture, trolleys and dressings, items of major interest will be new designs in anaesthetic equipment, a combined casualty and accident trolley, E.C.G. apparatus, an electrically operated bed, and other established and improved models of all descriptions.

A further additional feature will be the stress on care of the elderly either in hospitals or under medical supervision. Ingenious designs in adjustable chair/bed tables, special tables and rocking chairs for therapeutic use, and a bed-side bath, together with various forms of rhythmic traction apparatus, will be displayed.

Naturally the Exhibition deals chiefly with the needs of hospitals and hospital management from the viewpoint of efficiency combined with economy and the well-being of patients, but such things as nurses' uniforms and accommodation, fabrics, bactericidal paints and sprays all have an important place in the general scheme.

A series of lectures have been arranged by the Institute of Hospital Administrators and other bodies during the course of the Exhibition.

universally prescribed -clinically proven

the in contraception

the antidepressant for control of early morning awakening

and other symptoms of depression

TRYPTIZOL is an outstanding antidepressant, particularly valuable for its tranquillising effect on the anxiety and insomnia — characteristically early morning awakening — which so often accompany depression.

TRYPTIZOL is indicated in all forms and presentations of depression

Other symptoms which respond well include functional somatic complaints, loss of appetite, loss of interest, feelings of guilt.

TRYPTIZOL is singularly free of serious toxic side reactions. It is *not* a monoamine oxidase inhibitor.

TRYPTIZOL is supplied as tablets of 25 mg. and 10 mg., and as an injection. Detailed information on indications, dosage, administration, precautions and bibliography is available on request.

reduce the treatment time in painful muscular conditions with this tablet

Many patients visit their doctors each year for treatment of a painful condition of the limbs or trunk. This is often caused by an accident at home or at work and the condition can be acute and incapacitating.

Norgesic can dramatically shorten the period of incapacity in painful muscular conditions.

Norgesic combines in a single tablet the properties of an orally effective skeletal muscle relaxant, orphenadrine citrate, and a well-tolerated analgesic, paracetamol. It reduces local pain and the pain of muscle spasm, relieves stiffness, restores mobility and speeds recovery.

Each tablet contains: orphenadrine citrate 35 mg. and paracetamol 450 mg.

Dosage is two tablets three times daily.

Basic NHS prices: 100 tablets 14/4 + PT, 500 tablets 70/- + PT.

ELASTIC HOSIERY

* SIMPLIFIED

CONDITION: Medium varices

* PRESCRIPTION: Scholl standard elastic yarn stockings.

Available in thigh length stockings or below-knee stockings.

They have four prime features:-

1 Correct compression throughout the entire length and girth, including the important area of the malleoli.

2 Avoidance of constriction by means of the Soft-Grip ribbed nylon extremities of the stockings.

3 Comfort for the patient: cool, light and well ventilated.

4 Cosmetic acceptance: seamless, they pass unnoticed under dress hose.

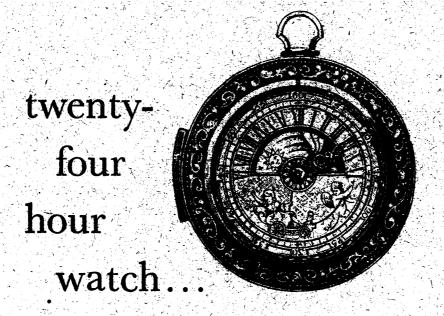

CONDITION: Early or mild varices

* PRESCRIPTION: Nylastik lightweight elastic yarn stockings. Full-footed, thigh length: Nylastik are indiscernible in wear and they provide a degree of support quite remarkable for such light stockings. They are widely applicable for prophylaxis during pregnancy.

*PRESCRIBABLE ON N.H.S.

A portfolio for quick reference in the surgery, containing specimens of both types of stockings will be sent on request to:

THE SCHOLL MFG. CO. LTD., 182-204 ST. JOHN STREET, LONDON, EC1.

'Pro-Actidil', in reality three special tablets in one, gives sustained relief to the allergic patient. It contains triprolidine hydrochloride, the most potent of the anti-histamines, specially formulated to give continuous action for up to 24 hours in most patients.

If given in the evening, four to five hours before retiring, 'Pro-Actidil' ensures a good night's sleep for the patient, free from sneezing, irritation and restlessness. Any side-effects, such as drowsiness, should therefore occur at bedtime.

'Pro-Actidil' is recommended for adults and children over ten years.

HYDRODERM

Hydrocortisone and TWO antibiotics-Neomycin and Bacitracin

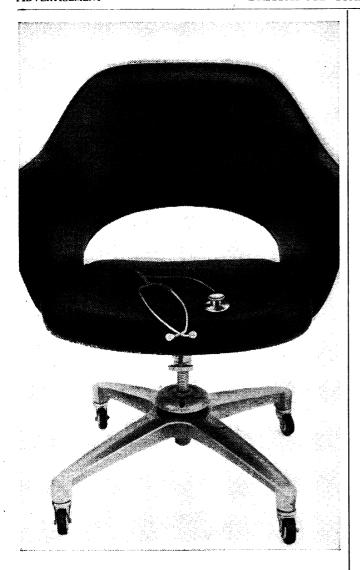

Over half a million prescriptions in 1962 add further testimony to the value of 'Hydroderm' ointment in treating a wide range of inflammatory and allergic skin conditions, whether or not complicated by infection.

in inflammatory and allergic skin disorders

'Hydroderm' contains, in each gram, 10 mg. hydrocortisone, 5 mg. neomycin sulphate and 1000 units zinc bacitracin. It is supplied in tubes of 5 G. and 15 G. Detailed information on indications, application and precautions is available on request.

MERCK SHARP & DOHME LIMITED, HODDESDON, HERTS

Are you sitting on your capital?

Today there's no need to lay out large sums on furnishing for surgeries, waiting rooms, clinics, or for that matter, complete nursing homes. Under the **DRUCE FURNISHING RENTAL PLAN** you can get every item of working furniture—and a great deal more besides—without parting with working capital. You pay quarterly in advance. Tax is recoverable on the whole of the **furnishing rental payments**. Insurance is free. Write for our booklet. It explains everything.

Druce provides more than just furniture and furnishings. Druce will plan the whole working environment of your establishment, whatever the size, economically and with faultless logic.

Durex Gossamer and the post-partum period

The new, pre-lubricated protective—Durex Gossamer—is advocated by many gynaecologists and obstetricians, as an important adjunct to the treatment of certain abnormal vaginal conditions.

A most important application of the Durex Gossamer is in preventing an exacerbation—during coitus—of the inflammation and discomfort which frequently accompanies the post-partum period, vaginitis and leucorrhea. Furthermore, this type of protective is recommended where insufficient vaginal secretion is manifest, as in early marriage, frigidity and menopausal atrophy.

Where there is risk of transferring infection, Durex Gossamer has been shown to reduce the incidence of vaginal infection during the post-partum period.

But the outstanding advantage of Durex Gossamer is the confidence it instils, and the comfort it provides during the postpartum period. The physician and patient know it to be an effective and reliable contraceptive.

For further details and samples of Durex Gossamer write to:—

MEDICAL DIVISION, (Dept. 12e),
LONDON RUBBER INDUSTRIES LTD., LONDON, E.4

There's one thing we consider more important than a Volkswagen.

It would be provided that you can't buy a Volkswagen in this country until the are enough spares to replace every single part on your particular car?

It was know that Volkswagen dealers all over the country employ factory-trained made anics, experienced people who know every inch of your car, who can correct faults quickly and efficiently from a full quota of spares they are required to the provided people who know every inch of your car, who can correct faults quickly and efficiently from a full quota of spares they are required to the probably guessed it. It's the Volkswagen Service that confident man—everywhere

Welldorm (dichloralphenazone) leads the trend towards safer hypnotics and sedatives. Welldorm is chloral hydrate—the safest of the non-barbiturate hypnotics—in its most acceptable and best tolerated form. Welldorm gently induces natural sleep without hangover or drowsiness next day. It has a unique record of freedom from toxic side-effects. It is supremely safe even in the very young and the very old.

PRACTISE WHERE THE WEATHER'S PERFECT

As a medical officer in the R.N.Z.A.F.

If you are a G.P. with at least two years' postgraduate experience you may be eligible for a commission in the Medical Branch of the Royal New Zealand Air Force.

As medical officer on a flying station you will have a small emergency hospital of 8 to 20 beds and an interesting general practice among the officers, airmen, and civilians on the station and their families. You will live comfortably, the pay is good, and New Zealand's climate is among the finest in the world.

In the first instance you will be given a short service commission of four years with a chance of transferring to a permanent commission. Extra seniority is given for all postgraduate experience over two years. If you choose to leave the Service after four years you will receive a gratuity; and you will find that there are good opportunities for civilian practice in New Zealand.

The successful applicants will be given free passages to New Zealand. Single applicants are preferred, but married men with not more than two children will also be considered.

For full information write, giving your date of birth and details of education and experience, to Wing Commander T. A. McL. Morgan, A.F.C., Senior Air Staff Officer, New Zealand House, Haymarket, London S.W.1.

The Royal New Zealand Air Force

(7225)

Director of Hygiene and Medical Services

- A COMPREHENSIVE hygiene and occupational health service is to be set up by a very large commercial group engaged in food processing and distribution throughout the U.K.
- A DIRECTOR is required who will be responsible for planning and establishing a service of the highest standard. He will be based in London and will have the full backing of the board in support of this project.
- THE man appointed must have a recognised medical qualification with long and testing experience of work in this field, preferably in industry. Higher specialist qualifications with diplomas in public and industrial health are important and service with a public health authority or experience in relevant research would be an asset.
- AGE 40-45. Salary £4,500 with flexibility upwards. A car is provided.

Write in confidence to us as the group's advisers. Nothing will be disclosed without permission. Letters should be addressed to K.R.C. Slater.

JOHN TYZACK & PARTNERS LTD

IO HALLAM STREET · LONDON WI

SERVICES

A PRACTICE AS WIDE AS THE WORLD

In the Medical Branch of the Royal Air Force you gain wide clinical experience. You travel the world and among the subjects with which you will become familiar are tropical medicine, rescue operations, the care of airborne patients and medicine in relation to flying. You will also be expected to contribute to research.

As Medical Officer on a Royal Air Force Station you have a vigorous general practice among the officers, men and their families. You enjoy complete clinical freedom in charge of sick quarters with your own beds, and you will be assisted by a well-trained nursing and clerical staff. You and your family can live comfortably and near your surgery.

Your salary and career prospects are good: as a married man drawing full allowances you could receive £2000 per year on entry. If you have post-graduate civilian experience you could be granted up to seven years back-dated seniority. Pensionable career commissions or short service engagements entitling you to a generous tax-free gratuity on completion are still available to the right applicants.

GRADUATES AND MEDICAL STUDENTS

If you are a pre-registration year graduate or a senior medical student you may apply for a commissioned cadetship. This will enable you to finish your pre-registration house jobs or medical training as an officer in the R.A.F. drawing full pay and allowances. On completion you will serve on a long or short service engagement in the Medical Branch of the Service.

For details of entry to the Royal Air Force as a registered doctor, a graduate or a medical student, write to the Director-General of Medical Services, Air Ministry (M.A.I.) (HN53C), I Tavistock Square, London, WC1.

Scholarships-contd.

THE NUFFIELD FOUNDATION

SCHOLARSHIPS IN FOOD SCIENCE
The Nuffield Foundation, with the aim of helping to advance fundamental research in food science, is prepared to offer annually up to five research scholarships for medical or veterinary graduates. The Foundation hopes these awards will be helpful in attracting more people to make a career in the field of food science research. The awards, tenable for periods of up to four years, are intended to provide suitable graduates with research experience to Ph.D. level, together with some formal training in selected subjects. The choice of subjects for study and research will be related to a candidate's background and interests, with special reference to toxicology, pharmacology or pathology. The value of the awards can be supplemented by the amount of fees, marriage and child allowances, and the more considerable interest. The awards can be supplemented by the amount of fees, marriage and child allowances, and in appropriate cases, research experience when the supplemented by the amount of fees, marriage and child allowances, and in appropriate cases, research cxpapilications may be submitted by July 1,963. Further particulars and forms of application are available from the Director. The Nuffield Foundation, Nuffield Lodge, Regent's Park, N.W.1. (6485)

to offset potassium loss HydroSALURIC-K

Hydrochlorothiazide and potassium chloride

the diuretic with potassium

Whenever diuretic therapy is indicated, HydroSALURIC-K will provide: the short duration of action of hydrochlorothiazide, giving uninterrupted nights

a reasonable safeguard against the development of thiazide-induced hypopotassaemia and its sequelae.

The supplement of potassium chloride is enclosed in a reliable enteric coating to avoid nausea and vomiting.

 $HydroSALURIC-K\ is\ supplied\ as\ pink,\ sugar-coated\ table \textit{ts}\ containing\ 25\ mg.\ hydrochlorothiazide\ and$ 572 mg. potassium chloride. Detailed information on indications, dosage, administration, precautions and bibliography is available on request.

MERCK SHARP & DOHME LIMITED, HODDESDON, HERTS

and there are facts which could explain this. For one thing, Broxil compared with oral penicillin V has a very high absorption rate and gives very high tissue levels. It is therefore quickly and effectively bactericidal at the site of infection.

Broxil is also bactericidal to some penicillin G and V resistant staphylococci³, which of course means greater certainty in therapy.

It is not surprising that these advantages produce measurable advances in clinical efficiency. For example, it has been possible to count in days the saving of recovery time achieved by using Broxil in upper respiratory tract infections¹, while many physicians have recorded its effectiveness in other indications.^{4.5.6,7.8}
