a matter of judgment

To construct a good mortice and tenon joint requires the fine judgment of a craftsman. The hardness and grain of the wood and the size of the joint to be made must all be taken into account in selecting the right tool. Not merely one that would do, but the *right* one. Comparable situations occur every day in every field—including the doctor's problem of selecting an antibiotic from the array offered him.

After rejecting those of the antibiotics unlikely to be effective, and those which should be used only in special circumstances, Erythrocin (erythromycin, Abbott) will be chosen as the ideal antibiotic for initial therapy in a wide variety of common infections. The tetracyclines and chloramphenicol have narrower clinical indications than their broad bacterial spectra might suggest—unexcelled in certain infections, but often better replaced by less toxic agents. Erythrocin is probably the least toxic of all antibiotics, yet it has similar clinical effectiveness in the more common infections.

Penicillin G and V are cheap and often effective, had not so many strains of staphylococci become resistant. Even the synthetic penicillins have not entirely overcome the problem of allergic reactions. Erythrocin is perhaps the least allergenic antibiotic available.

Erythrocin is very active against the cocci and several of the more commonly pathogenic Gram-negative organisms, without upsetting the balance of the commensals. Though it has

been in use for more than ten years, relatively few staphylococci have developed resistance. Whereas it was once an expensive antibiotic, with continued increasing use it is now an extremely economical one. Most important, the Erythrocin preparations are perhaps the safest forms of the safest of all antibiotics, for none has been shown to cause liver damage.

Triptafen^{*}

for concurrent
depression
and anxiety

Triptafen helps depressed, anxious patients to regain a balanced outlook.

Each Triptafen Tablet contains
Amitriptyline hydrochloride 25 mg
Perphenazine BP 2 mg

Most psychoneurotic patients seen in general practice show features of both depression and anxiety and if either is treated alone the other may become exaggerated. Triptafen combines a proved antidepressant and a well-tried tranquilliser to provide a well balanced treatment for such patients.

For the domiciliary or ambulatory patient a dose of one Triptafen Tablet 3 times a day is recommended. If necessary an additional tablet may be prescribed at night. Full information is available on request.

Alphosyl-today's most widely prescribed product used specifically for the treatment of Psoriasis

In case after case, Alphosyl's effectiveness in controlling psoriasis is repeatedly confirmed. Even in chronic and refractory cases outstanding results have been achieved despite the failure of all previous forms of therapy. Evidence of four recent clinical trials^{1,4,5,6} shows that from a total of 249 patients treated with Alphosyl, 111 were completely cleared, 80 were 75%–99% improved, 44 were 50%–74% improved and only 14 showed less than 50% improvement.

Why Alphosyl is so effective In Alphosyl, allantoin and a specially refined coal-tar extract were combined for the first time. Allantoin has been found to be particularly effective in loosening psoriatic scales,³ while the keratoplastic effect of coal-tar is well known.³ Alphosyl

is non-greasy and non-staining and vanishes on application. It is notably safe,^{1,3} being free from the risks which are found in other forms of treatment such as arsenicals, mercury, corticosteroids, x-ray, etc. It certainly deserves a trial in all cases of psoriasis.

New Alphosyl Cream Following the success of Alphosyl Lotion, this coal-tar allantoin combination is now available in Britain as a lubricating cream. The cream base has proved a particularly effective vehicle for Alphosyl as it incorporates a combination of free fatty acids (saturated and unsaturated) naturally occurring triglycerides, sterols and esters to give the lipid phase of the base a significant resemblance to the lipid array of normal human skin.⁶

Alphosyl Lotion formula—allantoin 2% + 90% alcoholic extract of coal-tar (5=1) 5% in a smooth, non-greasy lotion base.

Alphosyl Cream formula—allantoin 2% + 90% alcoholic extract of coal-tar (5=1) 5% in a vanishing cream base.

The corticosteroid with one starting dose for all three

Uniform initial dosage schedule for LEDERCORT triamcinolone facilitates management of most commonly encountered corticosteroid responsive disorders—often provides higher, more uniform potency and efficacy than other analogues. ONCE-A-DAY DOSAGE, for arthritis—asthma—dermatoses provides 24-hour suppressive effect, minimises "missed dose" problems, further facilitates administration and management.

the corticosteroid more patients can start on and stay on

LEDERCORT triamcinolone shows a remarkable ability to obtain and maintain desirable results with, in many cases, fewer collateral limitations than hydrocortisone, dexamethasone, betamethasone or other corticosteroids. Patients unresponsive or unable to tolerate other corticosteroids frequently do well on LEDERCORT triamcinolone. Cardiac disease, hypertension, emotional disturbance and obesity are not considered contraindications for LEDERCORT. Patients have stayed on this modern corticosteroid for many years... with notable freedom from side effects.

L^{OH}edercort[†]

Glaxo announce a new type of tablet for diuretic and anti-hypertensive treatment

Prompt anti-hypertensive/diuretic effect

Delayed, sustained potassium release and absorption

Glaxo's new two-layer tablet helps to solve the problem of potassium depletion during prolonged treatment. The purpose of the tablet action illustrated opposite is to make the 630 mg potassium chloride available to the patient as it is required, causing minimum gastric irritation.

This unique tablet design has been applied to two new products :

Neo-NaClex-K

Bendrofluazide 2·5 mg, potassium chloride 630 mg—pink and white.
In bottles of 25, 100 and 500.

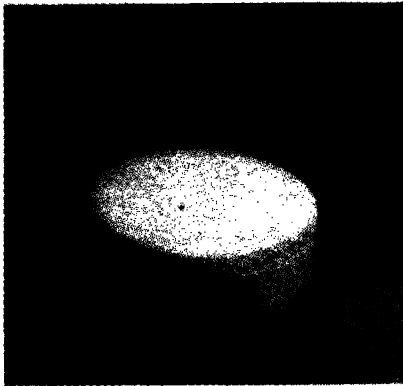

Serplex

Reserpine 0·125 mg, bendrofluazide 2·5 mg, potassium chloride 630 mg—blue and white. In bottles of 25, 100 and 500.

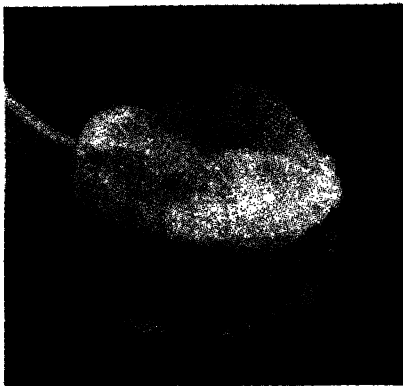

Neo-NaClex-K and Serplex are Glaxo trade marks

Detailed literature is available from Glaxo Laboratories Limited

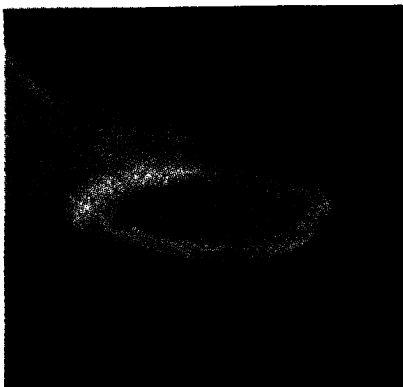

How Neo-NaClex-K and Serplex tablets work

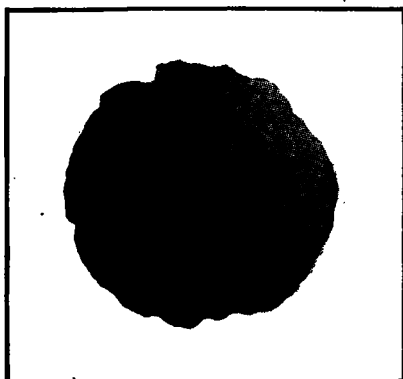

The film-coated tablets are tasteless and easily swallowed.

Very shortly after the tablet is swallowed, the white layer disintegrates and the diuretic/anti-hypertensive dose is available for absorption.

The coloured layer, containing potassium chloride crystals, is designed to give a delayed release of the potassium to minimise gastric irritation. Most of the crystal mass will usually have passed the stomach before it dissolves. Reliable absorption of this material from the intestine has been demonstrated.

This layer dissolves slowly, exposing and releasing the crystals of potassium chloride very slowly so that no great concentration is reached at one time. The final photograph shows (after magnification) what remains of the coloured matrix after the potassium chloride has leached out steadily and completely for absorption.

**SOME
PATIENTS
DO**

Unpalatable iron preparations often lead to a steady surplus in the medicine cupboard and a persisting deficiency in the body. When you prescribe Ferrodic, you know you are giving *pleasant* oral iron that patients will take. Ferrodic tablets are so palatable that they can be chewed or sucked without giving rise to nausea or gastric upset.

Ferrodic iron goes into the body – not the medicine cupboard!

BEECHAM RESEARCH LABORATORIES

PENBRITIN

**brings new hope to the
Chronic Bronchitic...**

...whatever the severity of the condition

Where you feel that continuous treatment will prevent exacerbations, two capsules a day should suffice.

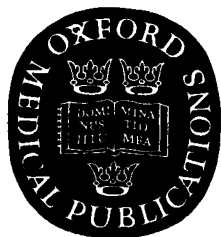

When, however, you wish to treat exacerbations as they occur, one capsule every six hours will bring relief in the majority of cases.

If the patient is winter-long purulent and has failed to respond to other antibiotic regimens, then four capsules every six hours for one or two weeks may well give successful results unobtainable with any other antibiotic. This often leaves the patient free from exacerbations for long periods.

Each red and black Penbritin capsule contains 250mg. ampicillin B.P.

Epidemic Disease in Ghana 1901-1960

DAVID SCOTT

*Formerly Specialist Epidemiologist, Ministry of Health, Ghana,
and in charge of Medical Field Units*

This book deals with the major epidemic diseases which have afflicted Ghana since 1900. These are: plague, yellow fever, smallpox, cerebrospinal meningitis, relapsing fever, African trypanosomiasis, and influenza. Dr Scott was able to gather his information from government statistics, medical officers' reports, and his own wide personal experience. Principally the book describes the origins, course, and effects of epidemic diseases but it also provides a valuable account of the development of public health services from the rudimentary medical care given by a handful of doctors early in the century up to present-day methods of clearing sources of infection, use of insecticides, improvement of living conditions, and mass vaccination. While dealing specifically with Ghana this book has a wider application to all tropical countries.

which hypertensive patients are best treated with 'Esbatal'?

All new patients requiring an adrenergic neurone-blocking agent

"Bethanidine sulphate is an important and potent hypotensive drug, and by its use the regime of many patients has been simplified and side-effects avoided". *J. Irish med. Ass.*, 1965, 56, 9.

"While expecting the symptoms of adrenergic neurone blockade, we have been pleasantly surprised by the lack of other side-effects, and especially by the absence of diarrhoea". *Lancet*, 1962, ii, 897.

Male hypertensives

'Esbatal' does not cause impotence, but as with other adrenergic neurone-blocking agents, failure of ejaculation may occur. When this causes concern, withdrawal of 'Esbatal' for 24 hours usually reverses this side-effect. Good control of blood pressure is regained rapidly on resuming treatment. (See *Lancet*, 1964, ii, 659.)

Patients in whom other forms of hypotensive therapy cause diarrhoea

"... a useful alternative to established means of therapy. It seldom causes diarrhoea, and the dose is easily manipulated. *Lancet*, 1964, ii, 659.

When rapid control of blood pressure is essential

"... it has the advantage of more rapid action and excretion so that its dose can be increased more rapidly and the blood pressure brought under control more quickly". *Brit. med. J.*, 1964, ii, 865.

"Bethanidine sulphate is of particular value for the rapid reduction of high blood pressure" *J. Irish med. Ass.*, 1965, 56, 9.

*Patients with anxiety,
tension and
depressive reactions
respond quickly
and safely to*

allegron

NORTRIPTYLINE HYDROCHLORIDE

*quickly gives your
patient a fresh
start*

quickly

Allegron relieves mental and emotional symptoms more quickly than earlier antidepressants; half the responding patients show improvement within a week, four out of five within a fortnight.¹⁻³

simply

Allegron is a single drug which exerts both tranquillizing and antidepressant actions. This simplifies the treatment of a whole range of symptoms associated with agitated and retarded depressive reactions.³⁻⁷ Allegron frees the nervous irritable patient from tension and lifts the gloom of the depressed patient.

safely

Allegron is not a MAOI and is generally well tolerated. Side-effects are usually milder and less frequent than with closely related drugs.^{1,3,7-10}

Presentation: Tablets of 25 mg. and 10 mg. base. Liquid 10 mg. base per 5 ml. Usual adult dosage: 25 mg. three times daily. Two Zactirin tablets stop pain

Pain is one of the commonest of the complaints that bring patients to your surgery and yet it is often one of the most difficult with which to deal. **Zactirin*** can help you solve this problem because it assures your patient of effective analgesia reinforced by the antipyretic and anti-inflammatory actions of aspirin. Each **Zactirin** tablet contains ethoheptazine citrate 75 mg., Aspirin B.P. 325 mg. and Calcium carbonate B.P. 97 mg. In bottles of 10 and 100. John Wyeth & Brother Limited., Taplow, Maidenhead, Berkshire.

 *trade marks

Effective absorbency is vital in vaginal tamponage

Thousands of women every year are turning to Tampax as they become convinced it's a better method of caring for the menstrual flow. Of utmost importance to them, of course, is the competence of Tampax as an effective absorbent.

Tampax is made exclusively of soft surgical cotton, compressed for easy, correct and comfortable insertion by an individual, hygienic container-applicator. In place, this special cotton absorbs the flow by strong capillary action along its entire length. With bulky perineal pads only a small central section is actually used. With Tampax, a woman gets total absorbency.

Your patients will welcome the tidy convenience of Tampax and will soon recognise, as have millions of other women around the world, its many other advantages. With Tampax, the problem of menstrual odour is virtually eliminated. It is easily disposable by flushing away, as are the container-applicator tubes. Bathing and showering are made aesthetically possible. Even sitting and walking are more comfortable.

If you have patients who are having psychological or emotional difficulties over menstruation, perhaps you can ease their problem by recommending Tampax. Its use, comfortable and practical as it is, can improve a woman's or girl's whole attitude toward the complex of menstruation.

Tampax is available in Regular and Super absorbencies to meet the varying needs during the menstrual period.

Tampax Limited, Havant, Hants.

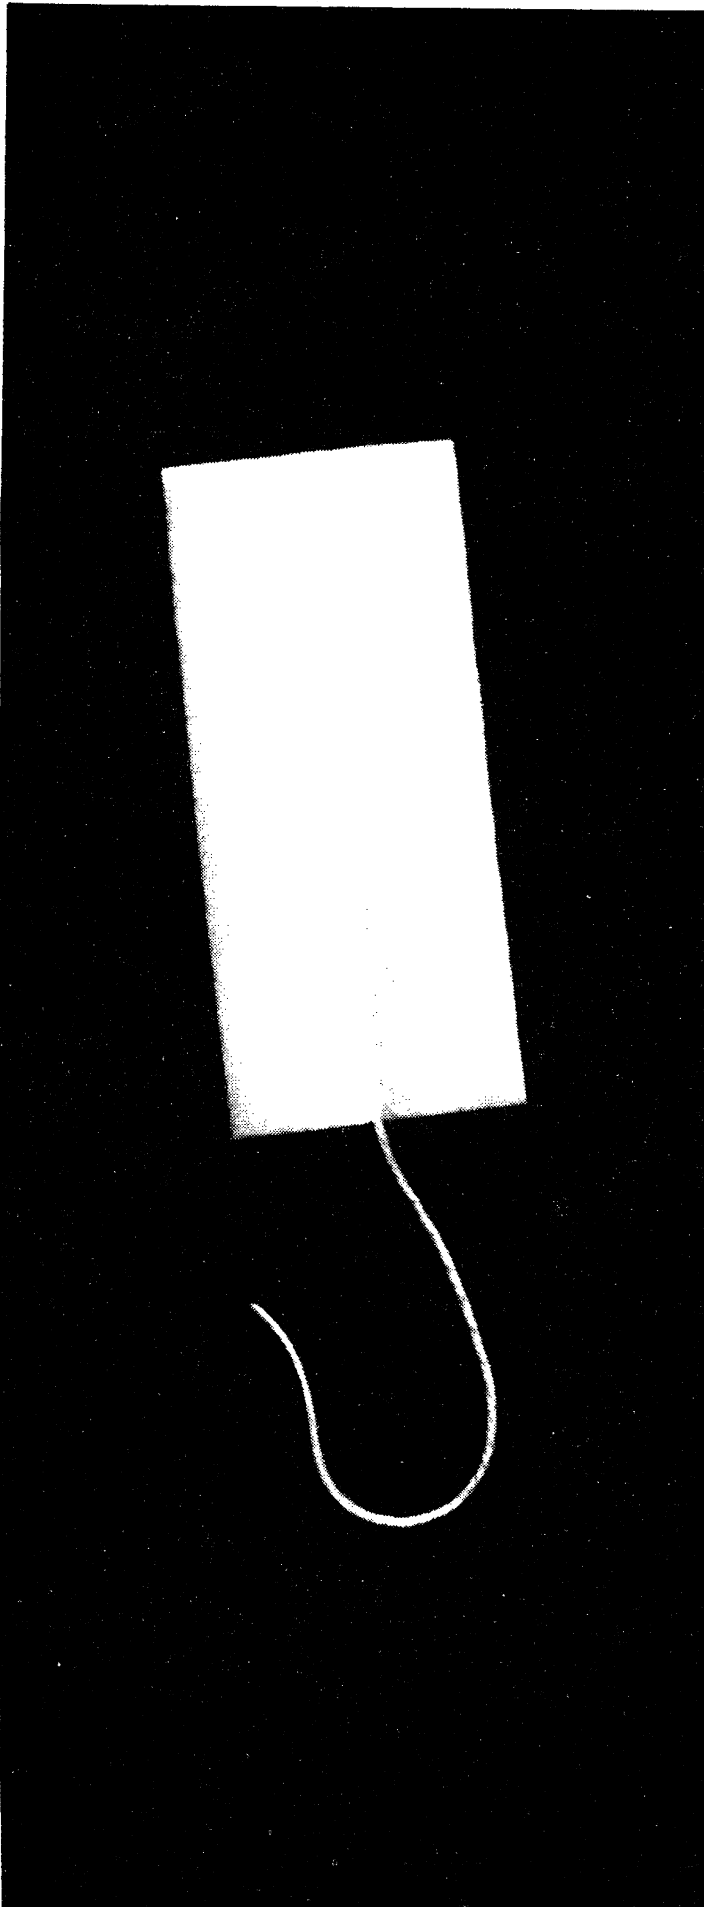

TAMPAX

Internal sanitary protection for better menstrual hygiene

Send for sample booklets (plus re-order card) and a set of the classic Dickinson anatomical charts (laminated in plastic for permanence) for use in explaining menstruation and tamponage to patients. No charge.

Nulacin and only Nulacin provides intragastric milk-alkali drip therapy for the ambulant patient

"In view of the ineffectiveness of most of the tableted antacids, the milk-alkali tablet (Nulacin) would appear to be the antacid of choice for ambulatory therapy."

Med. Times, N.Y., 1958, 1, 74

Safe, Simple, Effective

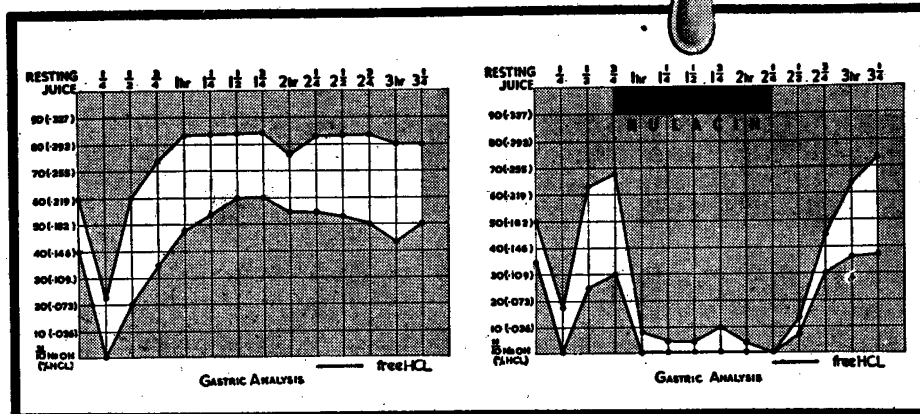

NULACIN TABLETS provide a safe, simple and effective treatment of peptic ulcer.

In treating peptic ulcer a Ryles tube may be passed through the nose and into the oesophagus and a mixture of milk and antacid allowed to flow continuously over the affected area. This form of therapy can only be employed in those patients who are in bed and for the ambulant patient Nulacin tablets are preferable.¹ Nulacin tablets are prepared from whole milk combined with dextrans and maltose, together with the trisilicate, oxide and carbonate of magnesium and calcium carbonate. Nulacin tablets when allowed to dissolve slowly in the mouth provide milk-alkali drip therapy. In fact, Nulacin tablets have revolutionized the treatment of peptic ulcer.⁸

100 mg. = 1½ grains
500 mcg. = 0.5 mg. = $\frac{1}{130}$ grain

A second group of Co-tabs will be introduced in the course of 1965 making the majority of commonly used non-proprietary standard tablets available in Co-tab form.

Prescription of Co-tabs

In writing a prescription the doctor simply has to write 'Co-tab. . . . ' where he would previously have written 'Tab. . . . ' in the inscription, thus:

'B Co-Tab. Acid Acetylsal. 300 mg.'
'B Co-Tab. Phenobarb. 30 mg.'
'B Co-Tab. Paracetam. 500 mg.'

In other words, simply by writing 'Co-' in front of the tablet name in his prescriptions the doctor ensures that he and any other doctor (or a pharmacist or a member of a hospital staff) will be able at once to identify what tablet a patient has been taking. The code numbers are meant to be used when identifying Co-tabs, but NOT when prescribing them.

Doctors who have not received a copy of the Co-tabs Brochure explaining this important advance in TABLET IDENTIFICATION are asked to notify

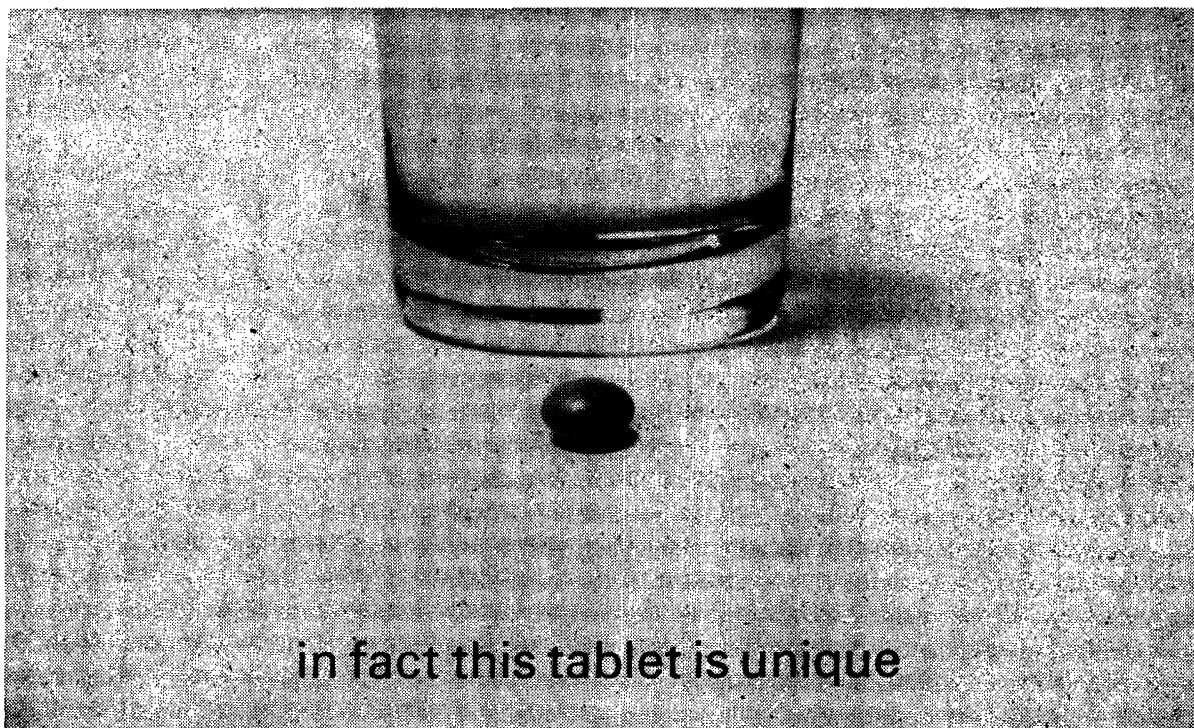

CONTINENTAL LABORATORIES LTD
85 Church Road Hove 3 Sussex

when they will receive a copy of the Brochure and a Sample Box of Co-tabs

Co-tab is a regd. trade mark

This is no ordinary tetracycline tablet

It has the widest range of activity of the broad-spectrum antibiotics available today, for, in addition to tetracycline, it contains a highly effective antifungal antibiotic, nystatin, which can prevent the monilial superinfection often found when tetracycline alone is given. Thus, the patient receiving this tetracycline tablet is protected against monilial side-effects such as nausea and vomiting; diarrhoea; ano-genital pruritus; and thrush¹

The name of this tablet ? **Mysteclin**

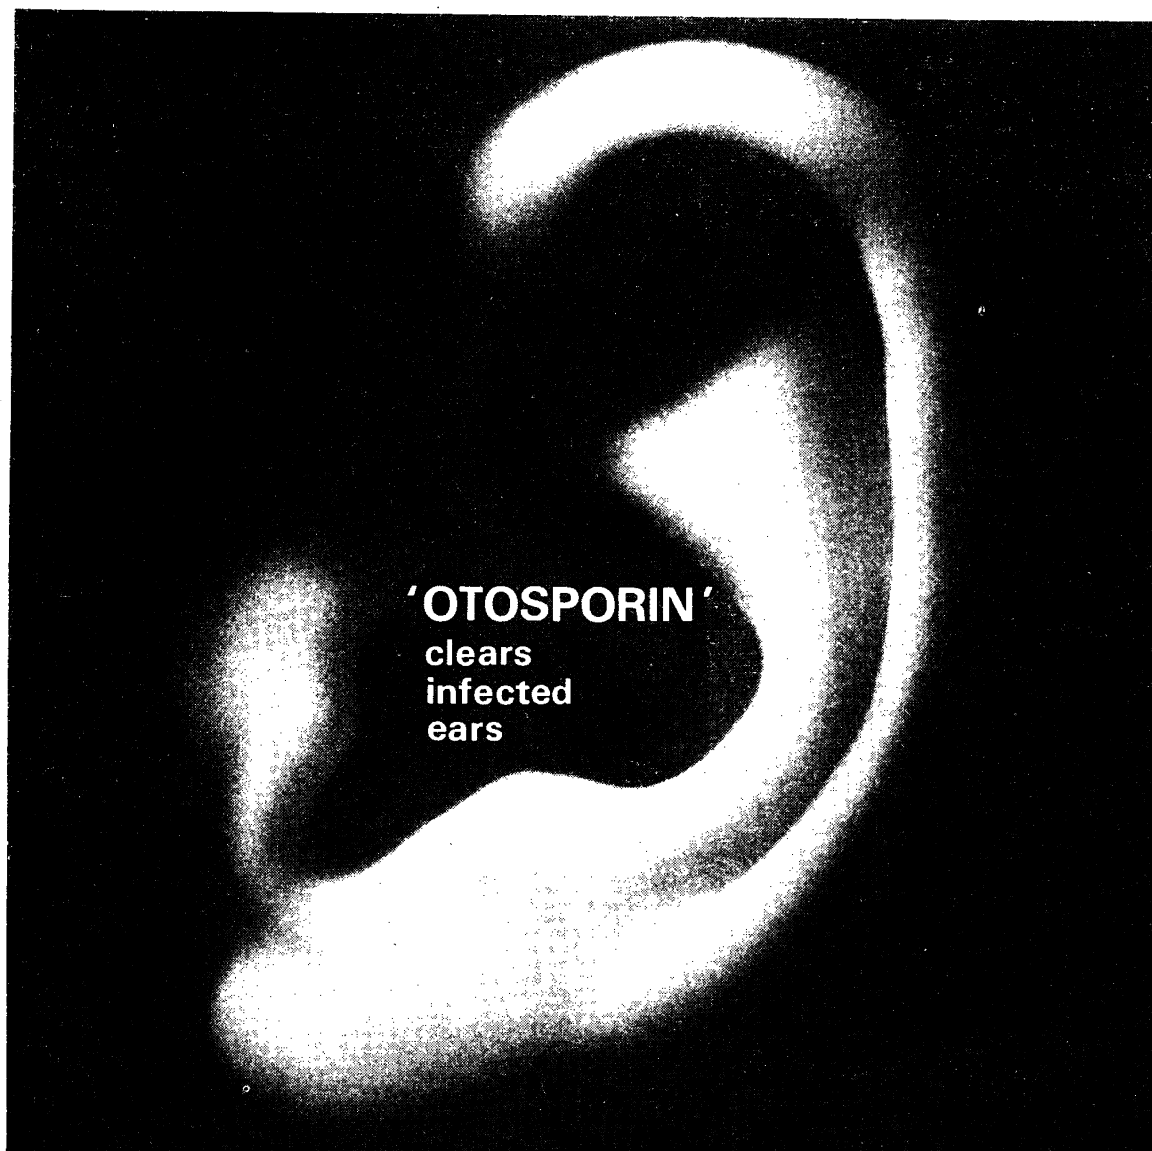

Mysteclin tablets and capsules: tetracycline with nystatin
also available: Mysteclin syrup: tetracycline with amphotericin B

Squibb *Mysteclin trademark*

Solace for 365 frustrating days...

Compulsive eaters need more than just a curb on appetite

Overeating is often a defensive reaction to stress—anxiety, boredom, loneliness, frustration.

DUROPHET-M contains not only the most effective appetite depressant available today (laevo- and dextro-amphetamine, ratio 1:3) but also the well-tolerated calmative methaqualone, to alleviate those underlying stresses—and make weight loss more certain. Capsules are available in two strengths stated in terms of laevo- and dextro- amphetamine content. Both strengths contain 40 mg. methaqualone.

DUROPHET-M

bottles of 300 capsules | 12½ mg. 49/8 | 20 mg. 54/-

RIKER LABORATORIES • LOUGHBOROUGH • ENGLAND

ASTHMA & BRONCHITIS

EFFECTIVE AND ECONOMICAL TREATMENT

RYBARVIN Inhalant used in the hand-operated RYBAR INHALER, having stood the test of time, continues to be most effective in the treatment of bronchial spasm.

ECONOMY

The very small amount of inhalant often necessary to relieve an attack is worthy of note. Therapeutically this is of benefit to the patient in avoiding any side effects which might be brought about by taking too frequently a full measured dose. **ECONOMICALLY** the very low cost of treatment by Rybarvin, over 1500 average doses ($\frac{1}{2}$ minute) for 6/4d (1oz. bottle) i.e. 1/20d per dose, must be of interest to both patient and doctor.

RYBARVIN INHALANT $\frac{1}{2}$ oz. Basic N.H.S. price 3/6
1 oz. " " " 6/4

RYBAR INHALER " " " 15/-

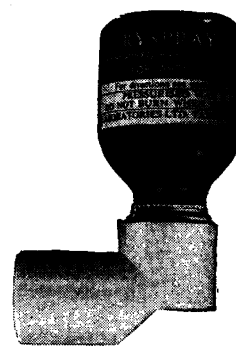

RYBAREX INHALANT similar to and the same price as RYBARVIN, has expectorant properties which makes it the inhalant of choice when Bronchitis or Bronchial Catarrh complicates the asthma.

RYBAR LABORATORIES appreciate the convenience of the unobtrusive **PRESSURISED PACK** particularly on social occasions and have produced **RYSPRAY** for prescription where doctors feel this type of pack to be more suitable.

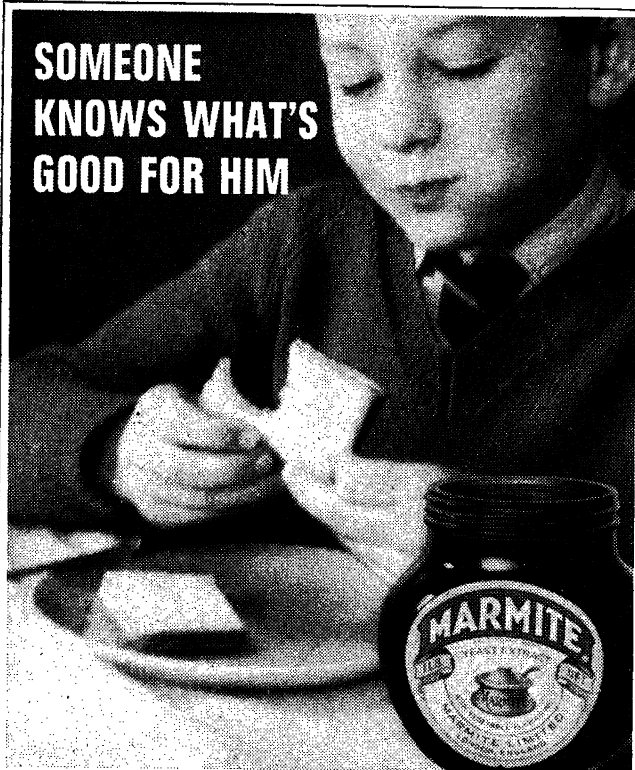

RYSPRAY is a powerful bronchodilator giving rapid and sustained relief in asthma and bronchitis.
Complete Unit (300 doses) Basic N.H.S. Price 15/-
Refill " " " 12/8

It is a great convenience to the patient that the amount of inhalant in the bottle can be seen.

Enuresis

a new approach in treatment

'TRYPTIZOL' SYRUP

Amitriptyline pamoate

REGD

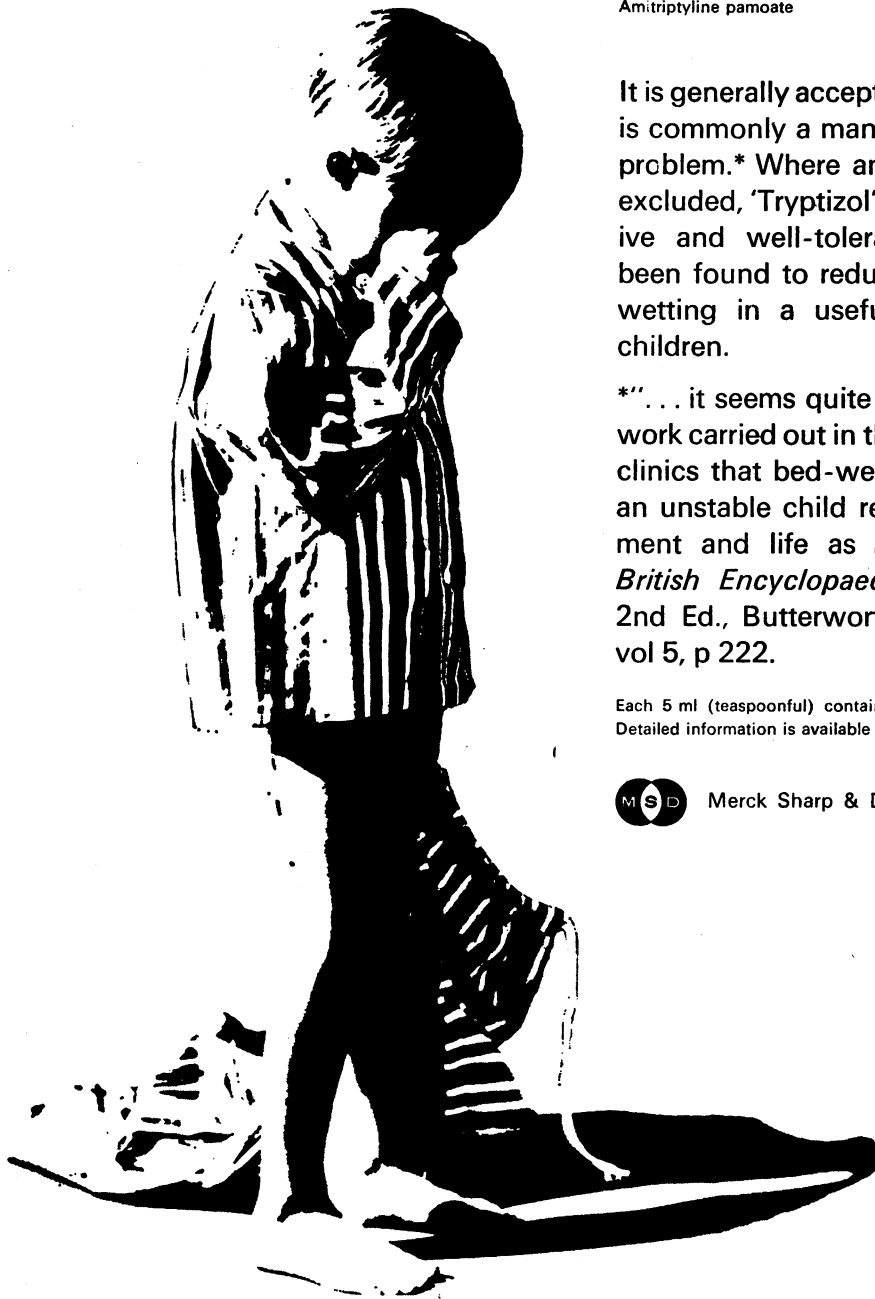

It is generally accepted that nocturnal enuresis is commonly a manifestation of an emotional problem.* Where an organic cause has been excluded, 'Tryptizol', well known as an effective and well-tolerated antidepressant, has been found to reduce the incidence of bed-wetting in a useful proportion of affected children.

*"... it seems quite clearly established by the work carried out in the modern child guidance clinics that bed-wetting is a frequent sign of an unstable child reacting badly to environment and life as he or she finds it." *The British Encyclopaedia of Medical Practice*, 2nd Ed., Butterworth & Co., London, 1951, vol 5, p 222.

Each 5 ml (teaspoonful) contains 10 mg amitriptyline (as the pamoate). Detailed information is available to physicians on request.

"BRITISH MEDICAL JOURNAL"

ASSISTANT EDITOR

The Council of the British Medical Association invites applications from registered practitioners for the appointment of a Medical Assistant Editor to the *British Medical Journal*, starting on October 4, 1965. The initial salary will be £2,649 a year, rising by annual increments of £142 to £3,648 a year. In exceptional circumstances the initial salary may be above the minimum of the scale. The appointment will be for a probationary period of six months in the first place. The Association's superannuation scheme will apply on substantive appointment.

Candidates, who should not be older than 45, are expected to have a wide knowledge of medicine and must present evidence of literary ability and/or journalistic experience. A knowledge of one or more foreign languages is desirable. Applicants should send full particulars of qualifications and experience, together with the names and addresses of three persons to whom reference may be made, to the Editor of the *British Medical Journal*, B.M.A. House, Tavistock Square, London W.C.1, not later than May 8, 1965. Envelopes should be marked "British Medical Journal—Assistant Editor."

PRACTICES (Executive Councils)

For vacancies (except those in Scotland) apply on Form E.C.16A obtainable from the Executive Council. Mark envelopes "Vacancy."

CAMBERWELL—NORTH (TRAFALGAR AVENUE AREA)

"Open" area, resigning practitioner, female. List at present approximately 2,900. Surgery premises will not be available. Application forms, E.C.16A, obtainable from the Clerk, Inner London Executive Council, Insurance House, Insurance Street, W.C.1. Completed applications to be received by the Council not later than 12 noon, Monday, April 12, 1965. (8192)

CARLISLE, Cumberland

Applications are invited for vacancy. List approximately 2,600. Designated area. Successful applicant to take over on July 1, 1965. Applications, on Forms E.C.16A (obtainable from the undersigned), should be sent not later than April 20, 1965, to the Clerk, Carlisle Executive Council, 1 Brunswick Street, Carlisle. (8368)

CHALFORD HILL, near Stroud

Applications are invited for a vacancy (rural) due to resignation. List 1,414 of whom 1,243 are "dispensing" patients. House and surgery accommodation for sale. "Restricted" area. Further particulars, and Forms E.C.16A, may be obtained from the undersigned by whom applications should be received not later than April 12, 1965.—E. T. C. Chell, Clerk of the Executive Council for Gloucestershire and City, Beaufort House, 12 College Green, Gloucester. (8177)

CLASSIFIED ADVERTISING EASTER PRESS DATES

All classified advertisements should reach this office by noon on **Thur., Apr. 8, for Apr. 17 issue; Wed., Apr. 14, for Apr. 24 issue.**

Cancellations and/or corrections for these issues cannot be effected if received after 2 p.m. on April 9, and 15 respectively.

DOVER, KENT

Applications invited for vacancy (urban) due to resignation of a member of a partnership. List at present approximately 1,550. Residence and surgery not available. Apply on E.C.16A before Thursday, April 15, 1965, to undersigned.—F. E. Miles, Clerk, Executive Council for South-East London and Kent, 11 Station Road, Maidstone. (8365)

HAMMERSMITH (Hammersmith Road Area)

"Open" area. Deceased practitioner, male. List at present approximately 2,000. Premises will not be available. Application forms, E.C.16A, obtainable from the Clerk, Inner London Executive Council, Insurance House, Insurance Street, W.C.1. Completed applications to be received by the Council not later than 12 noon, Monday, April 12, 1965. (8247)

PRACTICES (Wanted)

UNIVERSITY AND RESEARCH APPOINTMENTS

(See also under "Overseas")

INSTITUTE OF CHILD HEALTH
Great Ormond Street

RESEARCH FELLOW required in the Department of Haematology, to take part in a programme of work on the role of platelets in haemostasis. Experience in haematological, biochemical, or histological techniques, including electron microscopy, would be an advantage, but the chief requirement is a keen interest in the general topic of haemostasis. Salary up to £1,500 per annum with superannuation; appointment for one year in the first instance, with possibility of renewal up to at least three years. Applications, giving details of qualifications and experience, and the names of two referees should be sent to M. Hardisty, Department of Haematology, the Hospital for Sick Children, Great Ormond Street, London W.C.1, not later than April 24, 1965. (7485)

OXFORD REGIONAL HOSPITAL BOARD

SENIOR REGISTRAR (First Assistant) required in the Audiology Research Unit at the Royal Berkshire Hospital, Reading. A close teaching link exists with University College Hospital. Applications (two copies), on forms obtainable from the Secretary, Joint Committee for Senior Registrar, Oxford Regional Hospital Board, Old Road, Headington, Oxford, should be returned to me by April 12, 1965, quoting reference 17/11/10/49. (7450)

THE UNIVERSITY OF LEEDS

Applications are invited for the post of **TUTOR IN OPHTHALMOLOGY** at a salary on the scale £1,710 to £2,050 per year. Applications (three copies), stating age, qualifications and details of present and previous appointments (with dates), and experience of teaching, together with the names of three referees, should reach the Registrar, The University, Leeds 2 (from whom further particulars can be obtained), not later than April 26, 1965. (8349)

THE UNIVERSITY OF MANCHESTER

Applications are invited for the following newly created posts in the Department of Pharmacology:

READER or SENIOR LECTURER (Medical)

Two posts of Lecturer (non-medical). Salary scales per annum: Reader, £2,510 to £3,250; Senior Lecturer, £2,400 to £3,150; Lecturer, £1,400 to £2,505. Initial salary and status according to qualifications and experience. Membership of F.S.S.U. Applications should be sent not later than April 20, 1965, to the Registrar, The University, Manchester 13, from whom further particulars and forms of application may be obtained, on quoting reference 62/65/BMJ. (7719)

THE UNIVERSITY OF MANCHESTER

Applications are invited for the following posts in the Department of Social and Preventive Medicine:

LECTURER or ASSISTANT LECTURER TEMPORARY LECTURER (Session 1965-66)

The first post combines a field appointment with Salford Health Department, providing opportunities for experiment in preventive medicine. Departmental interests include epidemiology, medical sociology, medical care, undergraduate and postgraduate teaching. Public Health qualifications are an advantage, but not essential; interest in research essential. The second post is open to candidates with experience in preventive medicine, epidemiology and medical statistics or medical sociology. An overseas candidate would have an opportunity to survey social and preventive medicine in Britain. Salary scales per annum: Lecturer, £1,805 to £3,085; Assistant Lecturer, £1,305 to £1,805; initial salary and status according to qualifications and experience. Membership of the F.S.S.U. with application should be sent not later than April 20, 1965, to the Registrar, The University, Manchester 13, from whom further particulars and forms of application may be obtained, on quoting reference 61/65/BMJ. (7720)

THE UNIVERSITY OF SHEFFIELD**LECTURER IN PATHOLOGY**

Applications are invited for a post of Lecturer in Pathology to begin duties on June 1, 1965, or as soon as possible thereafter. Initial salary according to qualifications and experience, on the scale £1,660 by £110 to £2,760, with F.S.S.U. provision. Further particulars may be obtained from the Registrar, to whom applications (10 copies), should be sent by May 8, 1965. (8348)

THE UNIVERSITY OF SHEFFIELD**DEPARTMENT OF OBSTETRICS AND Gynaecology**

Applications are invited for the following posts in the Department of Obstetrics and Gynaecology:

LECTURER

(tenable from July 1965)
RESEARCH ASSISTANT (tenable from October 1, 1965). Initial salary according to qualifications and experience: Lecturer on the scale £1,660 by £110 to £2,760; Research Assistant on the range £1,195 to £1,595, with F.S.S.U. provision. Further particulars may be obtained from the Registrar to whom applications (10 copies) should be sent by May 17, 1965. (8347)

University and Research Appointments—contd.

THE UNIVERSITY OF NEWCASTLE UPON TYNE

UNIVERSITY OF NEWCASTLE UPON TYNE

THE MEDICAL SCHOOL AND THE UNITED NEWCASTLE UPON TYNE HOSPITALS

**APPOINTMENT OF LECTURER IN
MEDICINE**
Applications are invited from registered medical practitioners for the post of Lecturer in Medicine.

The successful candidate will work under the direction of the Professor of Medicine and will be expected to devote the whole of his time to academic and clinical medicine in the Department of Medicine which is situated partly in the Teaching Hospital (Royal Victoria Infirmary), and partly in the Medical School. The Lecturer will share in the teaching programme of the Department and will be expected to engage in original research for which there are facilities.

The appointment will be made at a suitable point on the Lecturers' Higher Clinical Grade (£2,480 by £110 to £3,030) or on the Lecturers' General Clinical Grade (£1,580 by £110 to £1,690 by £115 to £2,150 by £110 to £2,260 (Bar) by £110 to £2,480) according to qualifications and experience. Membership of F.S.S.U. will be obtained from the Registrar, The University, Newcastle upon Tyne 2, with whom applications (three copies), together with the names and addresses of three persons to whom reference may be made, should be lodged within two weeks of the appearance of this advertisement. (8271)

UNIVERSITY COLLEGE OF SOUTH WALES AND MONMOUTHSHIRE

Applications are invited from male or female honours or post-doctoral science or medical graduates for

SENIOR RESEARCH ASSISTANTSHIP
in the Department of Anatomy, University College, Cardiff, for three years. The nominee will undertake full-time work on the current investigative project in the Departments of Anatomy and Pharmacology in collaboration with Professor J. D. Lever and Dr. J. D. P. Graham. The research centres upon the application of electronmicroscopic and autoradiographic techniques to an investigation of peripheral vascular innervation. Opportunity to study for higher degrees. Salary either on scale £1,400, £1,520, £1,640 or at flat rate of £1,750 according to experience and qualifications. The appointment is subject to the usual terms and conditions of employment of the University College of South Wales and Monmouthshire, including superannuation arrangements. Further particulars may be obtained from Professor J. D. Lever, Department of Anatomy, Newport Road, Cardiff, who should receive applications containing the names and addresses of three referees, not later than May 8, 1965.

LONDON AND EDINBURGH M.R.C.P. Com-**
pletely up-to-date and includes help with the clinical.—Write J. Arnold, 189 Regent Street, W.1.

ELECTRONICS FOR THE PRACTITIONER

The increasing number of applications of electronics to present day medicine makes knowledge of this subject of great practical importance.

In response to many enquiries from practitioners and others in the medical field, we have produced a special "home-study" PRACTICAL course in Basic Electronics. No previous knowledge is assumed and no mathematical analysis is used. The course starts with the building of a simple miniature cathode ray oscilloscope and it is then used to carry out some 25 experiments on all the basic electronic circuits. Apart from the useful knowledge obtained, in a simple practical way, this course will bring much interest and enjoyment from the study of a fascinating subject.

FULL DETAILS, without any obligation, can be obtained from:
BRITISH NATIONAL RADIO SCHOOL,
Dept. M1, Radio House, READING, Berks.

POSTAL COACHING FOR ALL MEDICAL EXAMINATIONS. Carefully designed courses under the supervision of specialist tutors. Advice on reading, guidance notes to each lesson, and solutions to all test papers are provided. The courses available include the Primary and Final F.R.C.S. Ex. and Edin., the M.C.C.O.G., the D.A., D.C.H., D.P.H., F.F.A., D.P.M., D.O., D.L.O., D.I.H., D.T.M.H., D.M.R.D., and D.M.R.T. (Part 2), and all qualifying examinations. Prospectus, list of tutors, etc. on application to G. E. Oates, M.D., M.R.C.P. (Lond.), University Examination Postal Institution, 17 Red Lion Square, London W.C.1. Phone HOLborn 6313.

RADIOLOGY FOR HIGHER MEDICAL DEGREES

A course of ten two-hour lecture demonstrations in diagnostic radiology for higher medical qualifications will be held three times a week at 6 p.m. commencing May 10, and continuing until May 31, 1965.

Fee for course—10 guineas.
Apply: Secretary, Westminster Medical School, Horseferry Road, London S.W.1. (7755)

ROYAL COLLEGE OF SURGEONS OF EDINBURGH

COURSE IN OPERATIVE SURGERY AND SURGICAL PATHOLOGY

A course of approximately 150 lectures and demonstrations will be given commencing July 12, 1965. The course will extend for nine weeks and is designed for graduates preparing for the Final F.R.C.S. examinations.

For further particulars and for enrolment form, application should be made to the Clerk to the College, Royal College of Surgeons, 18 Nicolson Street, Edinburgh 8. (6345)

SOCIETY OF APOTHECARIES OF LONDON.—Medicine: April 5, May 10, June 14. Midwifery and Surgery: April 6, May 11, June 15. Pathology: April 7, May 12, June 16. Practical work at F.P.A. Training Clinics. Details and application forms from the Medical Secretary, Family Planning Association, 231 Tottenham Court Road, London W.1.

**UNIVERSITY OF EXETER
Postgraduate Medical Institute**

A full-time postgraduate course lasting ten weeks will begin on October 4, 1965. These courses are held three times a year, starting in October, January, and April. Each course includes instruction in general medicine, paediatrics, preventive medicine, pathology, psychiatry, orthopaedics and general surgery. The programme is planned so that students wishing to specialize in a particular clinical subject are given the opportunity to do so, while other students receive teaching in each of the main clinical departments in turn. Unpaid clinical attachments can be arranged at the end of the course for students requiring a longer period of training.

Further particulars and application forms for these courses are obtainable from the Director, the Postgraduate Medical Institute, the University, Exeter, Devon.

**UNIVERSITY OF MANCHESTER
Departments of Occupational Health and Dermatology**

A four-day course from September 13 to 16, 1965, inclusive, on Occupational Skin Problems has been organized jointly by these two departments. It will be of interest to dermatologists, industrial medical officers and examining medical practitioners. The number of places will be strictly limited. Fee £12. Applications should be made to the Secretary, Nuffield Department of Occupational Health, University of Manchester, Clinical Sciences Building, York Place, Manchester 13, from whom further particulars can be obtained.

(8189)

APPOINTMENTS

Applicants should state name, address, age, nationality, and qualifications, and enclose (unless otherwise specified) one copy each of 3 recent testimonials with short statement of experience and appointments held.
Applications should be sent at once if no closing date is given.
House Officers should submit a separate application for each post.
Canvassing of members of the Board or Advisory Appointments Committee will lead to disqualification (Statutory Instrument 1950, No. 1259, N.H.S.)

SALARY SCALES OF HOSPITAL MEDICAL STAFF

HOUSE OFFICERS. Each post in this grade shall be tenable for six months. £170 per annum for the first post held; deduction of £175 per annum for compulsory residence or of £220 per annum for voluntary residence; £855 per annum for the second post held; deduction of £180 per annum for compulsory residence or of £220 per annum for voluntary residence; £940 per annum for the third and any subsequent posts held; deduction of £190 per annum for compulsory residence or of £220 per annum for voluntary residence.

SENIOR HOUSE OFFICERS. £1,195 per annum on appointment at age 27 or under; £1,255 per annum on appointment at age 28 or over. Deduction of £210 per annum for compulsory residence and of £255 per annum for voluntary residence.

REGISTRARS. £1,425 in the first year; £1,595 in the second and any subsequent years. Deduction of £255 per annum for compulsory residence and of £300 per annum for voluntary residence.

Allowances of up to £115 per annum shall be payable to house officers, senior house officers, and registrars occupying posts approved for such allowances in peripheral hospitals.

SENIOR REGISTRARS. £1,710 by £115 to £1,940 in the third year; by £110 to £2,050 in the fourth year; thereafter, £2,165 in the fifth and sixth years; £2,280 in the seventh year; £2,395 in the eighth and any subsequent years. Deduction of £295 per annum for compulsory residence and of £325 per annum for voluntary residence.

MEDICAL ASSISTANTS. £1,650 by £90 (14) to £2,910. For those with remuneration at or below the third incremental point (£1,920) of the scale, deduction of £295 per annum for compulsory residence and of £325 per annum for voluntary residence. For those with higher remuneration, deduction of £30 per annum for compulsory residence and of £375 per annum for voluntary residence.

CONSULTANTS. £2,910 by £170 (8) to £4,270; then after second year at £4,270 one further increment of £175 to £4,445. Deduction of £410 per annum for compulsory residence and of £460 per annum for voluntary residence.

All National Health Service hospital appointments are in accordance with the Terms and Conditions of Service of Hospital Medical Staff. Memoranda on the following subjects of particular interest have been issued by the Ministry of Health:

Standard of Residential Accommodation, Telephone Charges, Removal Allowances, Locum Service, Study Leave.
Further details may be obtained on application either to the Hospital Secretary or to the Secretary, British Medical Association. (29/12/64)

BACTERIOLOGY

PUBLIC HEALTH LABORATORY SERVICE BOARD
24 Park Crescent, London W.1

CONSULTANT BACTERIOLOGIST
Applications are invited for the post of whole-time Director (medically qualified) of the Public Health Laboratory, 121A Osmaston Road, Derby, which will shortly become a Joint Bacteriological Laboratory association with the Derbyshire Royal Infirmary. Salary on N.H.S. consultant scale. Full particulars may be obtained on request from the Secretary of the Board, to whom applications (twelve copies) should be sent by April 15, 1965, stating date of birth, qualifications, experience, and the names of three referees. (7605)

CARDIOLOGY

THE UNITED BIRMINGHAM HOSPITALS

Applications are invited for the appointment of

CONSULTANT PHYSICIAN
This appointment is offered on the basis of whole-time or maximum part-time and it is hoped that the successful candidate would have an interest in cardiology.

The successful candidate may be required, before taking up the duties of the post, to undertake a period of postgraduate study at other approved medical centres either in this country or abroad. For this purpose special leave of up to one year would be given, and a Fellowship grant including travelling expenses, subsistence allowance, and a basic salary would be paid.

Forms of application may be obtained from the Secretary, United Birmingham Hospitals, Queen Elizabeth Hospital, Birmingham 15, and should be returned to him by May 1, 1965. (8316)

ST. MARY'S HOSPITAL
London W.2

Applications are invited from late stage

SENIOR REGISTRARS
for an appointment to the Department of Cardiology. The successful applicant will be required to commence at an early date. The appointment is whole-time, tenable for one year, and renewable for a further year. The duties will include cardiac investigations, collaboration with the Thoracic Surgical Unit, and the post offers scope for comprehensive cardiological training.

Applications, giving full details, together with the names and addresses of three referees, should reach the House Governor, St. Mary's Hospital, W.2, not later than April 17, 1965. (8244)

THE UNITED LEEDS HOSPITALS
The General Infirmary at Leeds

REGISTRAR IN CARDIOLOGY
required for one year in the first instance (non-resident). Possession of a higher qualification desirable. Successful candidate will be expected to spend approximately half his time on investigations and research projects.

Applications, giving details of age, qualifications, previous posts (with dates), and three names for reference, to be sent to the Postgraduate Dean, The General Infirmary, Leeds 1, by April 9, 1965. (8116)

NATIONAL HEART HOSPITAL
Westmoreland Street, London W.1

ASSISTANT RESIDENT MEDICAL OFFICER

(Senior House Officer) required July 1, 1965, for period of six months in the first instance, renewable for further similar period. The post offers excellent experience in Cardiology. Applications, with names of two referees, to reach the House Governor by April 26, 1965. (8273)

SHEFFIELD REGIONAL CARDIO-THORACIC UNIT
Grobby Road Hospital, Leicester

Whole-time resident
SENIOR HOUSE OFFICER IN CARDIOLOGY
required. The post will offer experience in all forms of cardiac investigation and the pre- and post-operative care of cardiac patients.

Single or married (but not family) accommodation available. Appointment for six months in the first instance with possibility of extension to the Hospital Secretary, Grobby Road Hospital, Leicester, giving age, nationality, qualifications, present and previous appointments (with dates), and names and addresses of three referees. (7977)

to act as Casualty Officer (nine h.d.p.w.) for four weeks, August 30 to September 20, 1965. Salary £4 14s. 6d. per notional holiday. Applications to Hospital Secretary. (8092)

NORTH-EAST METROPOLITAN REGIONAL HOSPITAL BOARD
(Tilbury and S.E. Essex Hospital Management Committee)

Applications are invited for the post of
CASUALTY REGISTRAR
at St. Andrew's Hospital, Billericay. The person appointed will be responsible to the Orthopaedic Surgeons for the running of the casualty services together with some orthopaedic duties. Resident or non-resident near the hospital. Application forms from, and returnable to the Group Secretary, The Brock Hospital, Grays, Essex, not later than April 12. (8142)

ST. ALBANS CITY HOSPITAL
St. Albans, Herts

LOCUM TENENS CASUALTY REGISTRAR
required from April 19 to May 2, 1965. Applications, naming two referees, to Group Secretary, Mid-Herts Group Hospital Management Committee, Hill End Hospital, St. Albans, Herts. (8043)

ST. GEORGE'S HOSPITAL
London S.W.1

Applications are invited for the post of
REGISTRAR
to the new Casualty and Accident Department at St. George's Hospital, S.W.17, which opens on May 17, 1965. This is a new post and the successful candidate will have duties in the Orthopaedic Department. Candidates should preferably be Fellows of the Royal College of Surgeons.
Applications, on forms obtainable from the Deputy Secretary, should reach the undersigned not later than April 20, 1965.—House Governor. (8216)

SOUTH-WEST METROPOLITAN REGIONAL HOSPITAL BOARD
Croydon & Warrington Park Group Hospital Management Committee
General Hospital (200 beds)

ACCIDENT REGISTRAR
vacant May 23. Senior of two posts. Furnished modern flat available. Post recognized for F.R.C.S. examination. Joint Group duty rota—night duty shared by four Accident Officers. Application forms from Group Secretary, General Hospital, Croydon, to be returned by April 24. (7978)

BOSTON GROUP HOSPITAL
MANAGEMENT COMMITTEE

CASUALTY OFFICER

Locum Resident Casualty Officer (J.H.M.O. grade) required for busy department in Skegness. Salary £28 10s. per week with deduction for board. Post vacant June 1 to September 30. Retired active medical practitioner welcomed.
Further information from, and applications to, Group Secretary, Boston Group Hospital Management Committee, Sibsey Road, Boston, Lincs, with names of two referees, and usual details. (7422)

COVENTRY AND WARWICKSHIRE HOSPITAL
Coventry (301 beds)

LOCUM J.H.M.O. (recommended to the Registrar)

CASUALTY
Vacant early May. Recognized F.R.C.S. Opportunities for study with excellent medical facilities available. Staff of four full-time officers. Non-resident post. Single accommodation available. Applications to Hospital Secretary. (7979)

BLACKBURN AND DISTRICT HOSPITAL
MANAGEMENT COMMITTEE

FURTHER INFORMATION
ON LASIX the new diuretic

5. EFFECTIVE WHERE THIAZIDES FAIL

"hydrochlorothiazide produced only a scanty diuretic response. . . . The same dose of [Lasix] produced a mean fluid output of 2130 ml/24 hours."

Dtsch. med. Wschr., 1963, 88, 1

Lasix the new diuretic

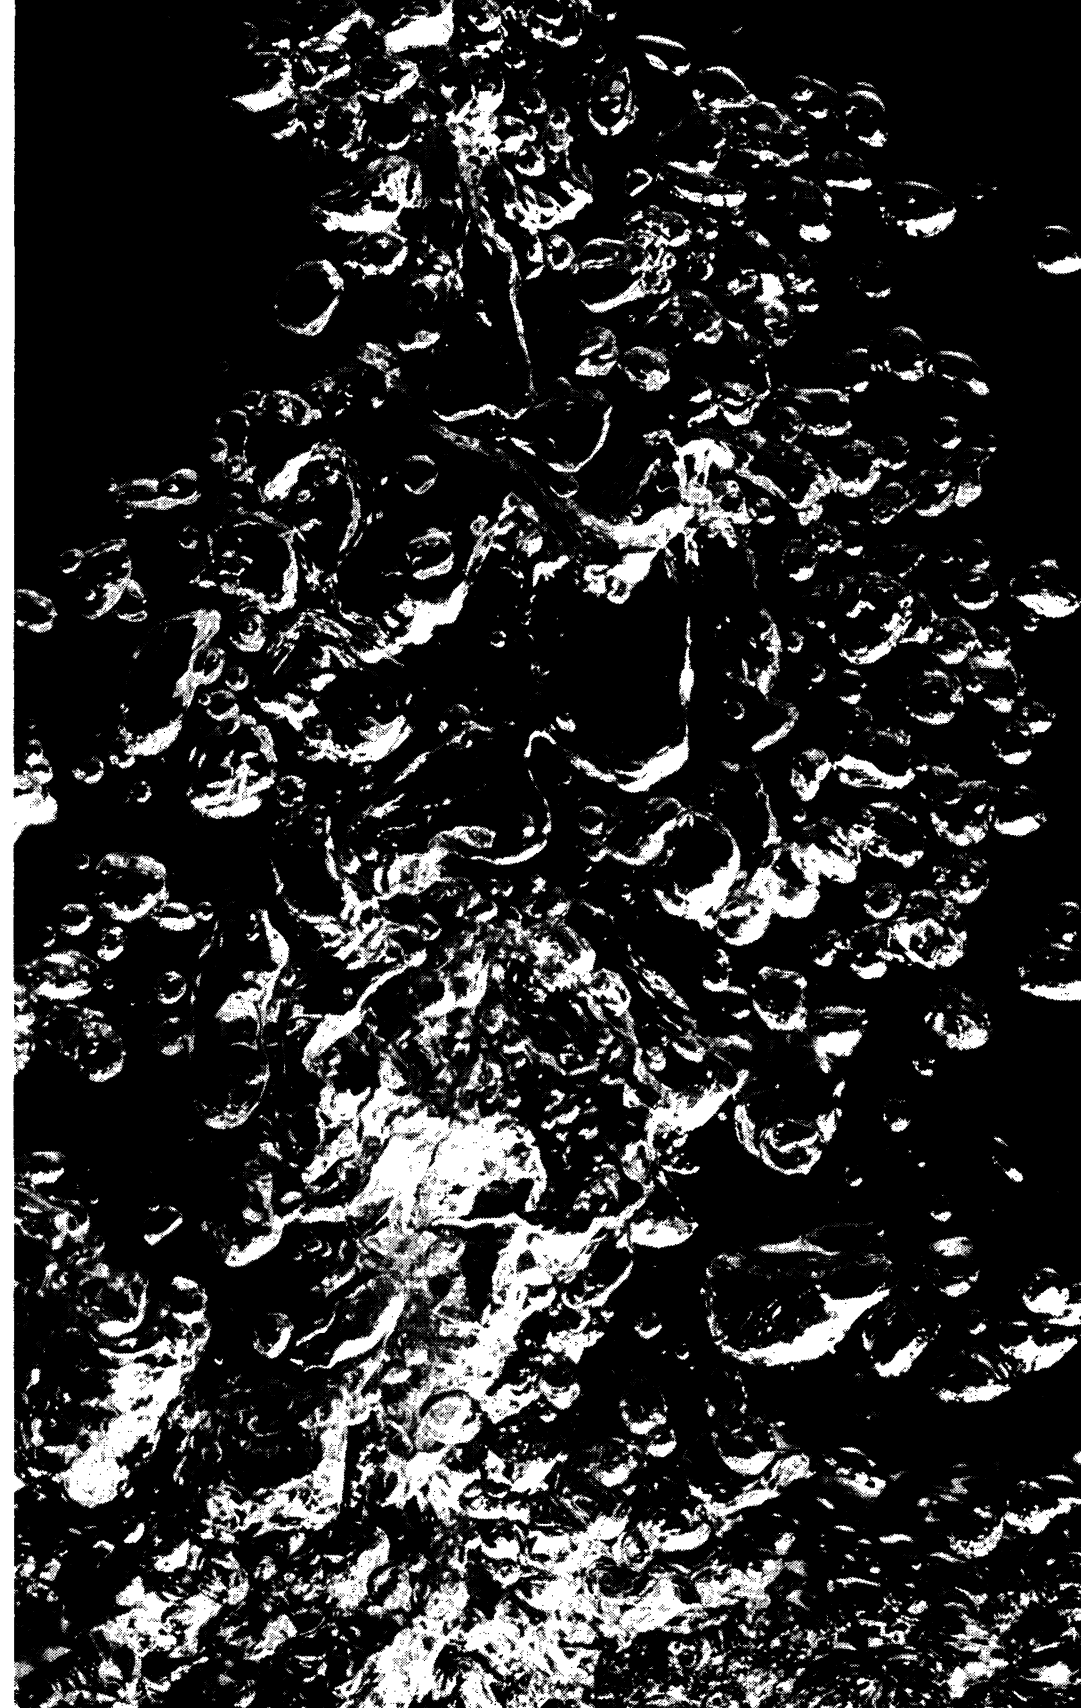

A product of Hoechst world-wide research

The quotations above are from a report of investigations and clinical trials of Lasix with 50 patients. The diagram opposite shows the result of a comparative experiment in a 50-year-old man with severe congestive heart failure. After 75 mg hydrochlorothiazide mean urinary output was only 692 ml. in 24 hours, little better than the pretreatment rate. Sodium excretion was 102.5 milliequivalents/24 hours. After the same dose of Lasix mean urinary output was 2130 ml. in 24 hours and sodium excretion was 266.4 milliequivalents/24 hours. Despite the dramatic increase in sodium and water excretion there was a relatively small increase in potassium excretion during the brisk diuresis produced by Lasix. Similar findings have been made by other workers in thiazide resistant cases.

PRESENTATION:

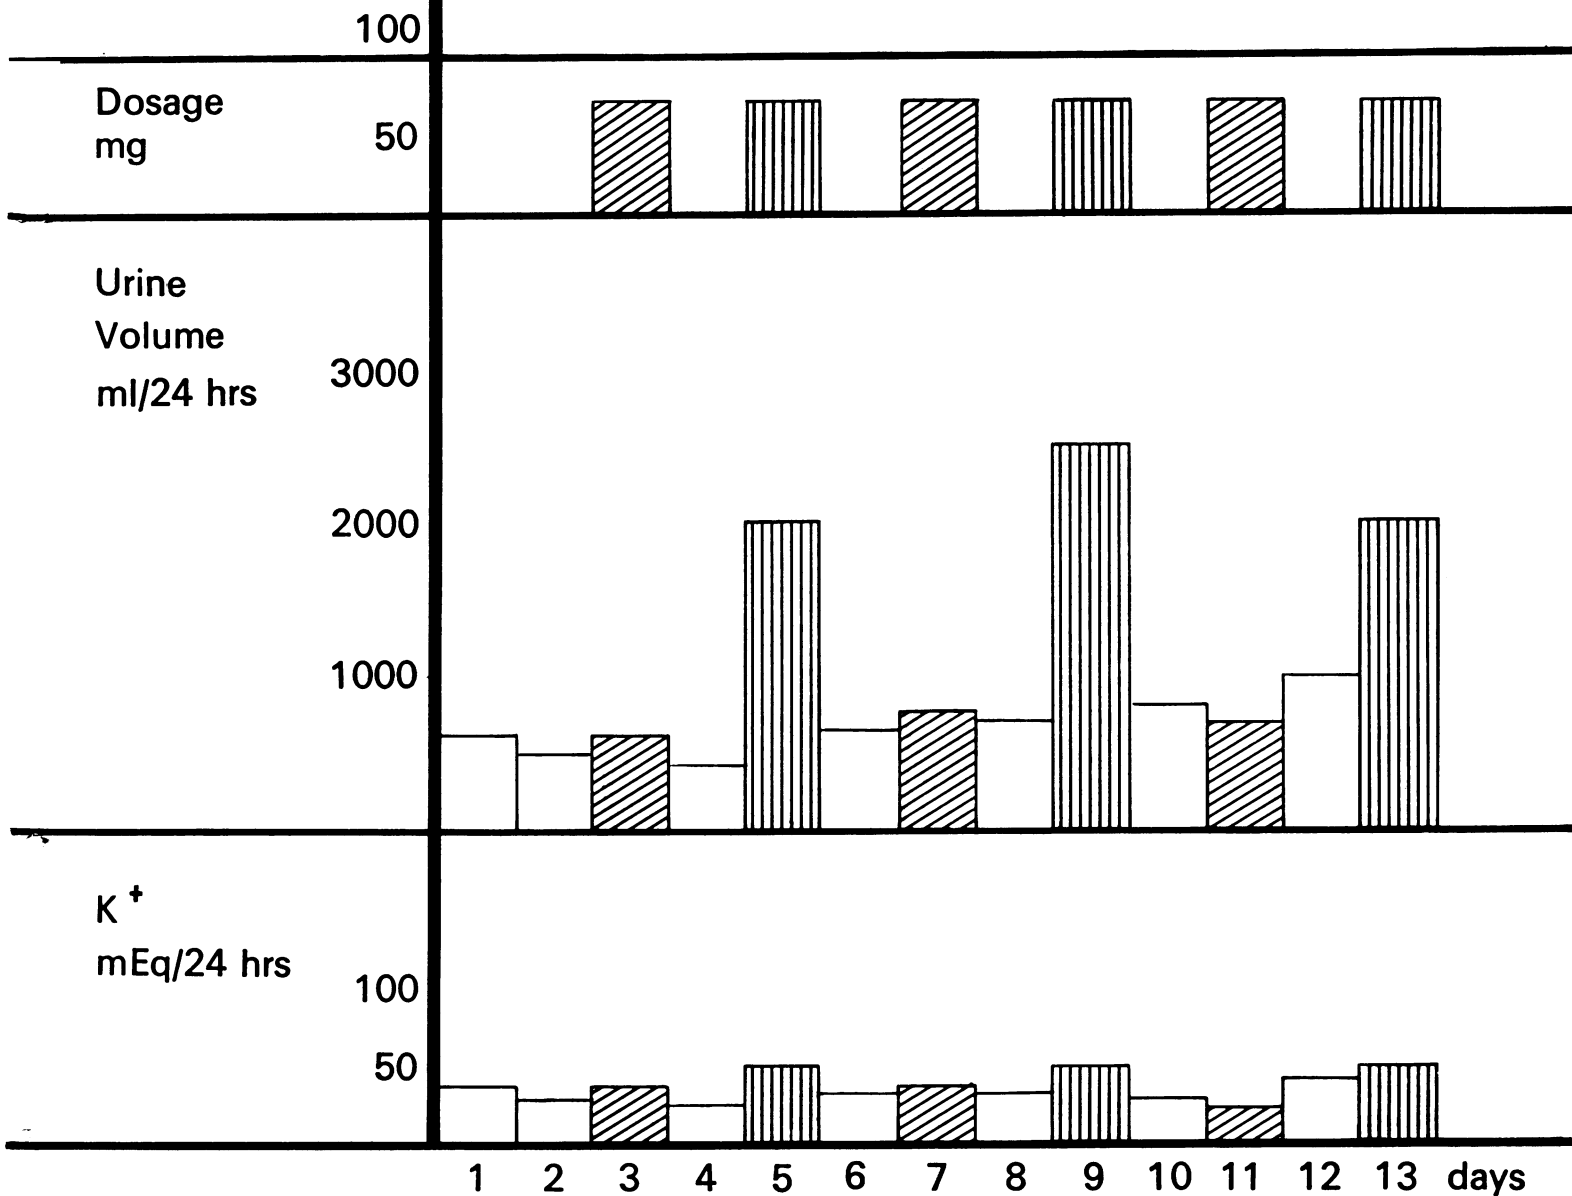

Lasix is presented as tablets of 40 mg. frusemide in containers of 50 and 250; and in ampoules containing 20 mg. in 2 ml. in packages of 5 and 25.

Detailed information and samples will gladly be sent on request to the Medical Information Department.

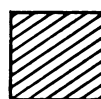

LASIX less potassium loss
effective where thiazides fail
precise control of response

The diagram shows a comparison of the diuretic effects of hydrochlorothiazide and Lasix given in alternation.

SERVICE IN THE
CAUSE OF MEDICINE

HOECHST PHARMACEUTICALS LIMITED, PORTLAND HOUSE, LONDON S.W.1

PLEASE REMEMBER CANCER!

You may be asked from time to time to suggest a deserving cause as the subject of a bequest. Please remember that every year the British Empire Cancer Campaign for Research has to find more and more money for cancer research work not only in this country but in many parts of the Commonwealth. All this money must come from voluntary donations and bequests. The appropriate words to use in a will are: "I bequeath to the British Empire Cancer Campaign for Research the sum of £....." or "I devise and bequeath the residue of my estate to the British Empire Cancer Campaign for Research". For further information please write to Sir Joseph Lockwood, Hon. Treasurer, British Empire Cancer Campaign for Research, Dept. (B.M. L4), 11 Grosvenor Crescent, London SW1.

Yatton (Bristol)
Rawtenstall and Haslingden (Rossendale)
Bacup (Rossendale)
Bourne (Spalding)
Whitby (Whitby)

Scotland

Bishopoft (Paisley)

Northern Ireland

Donaghadee (Belast)

(8264)

**INDUSTRIAL
APPOINTMENTS**

Attention is drawn to the British Medical Association's statement of policy on the Remuneration of Industrial Medical Officers as approved by the Representative Body, 1963, which is available on request from the Secretary.

**AMENDED ADVERTISEMENT
WEST BROMWICH, SMETWICK
& DISTRICT MANUFACTURERS'
OCCUPATIONAL HEALTH
SERVICE, LTD.****MEDICAL OFFICER**

A Medical Officer is required for this group occupational health service which covers 115 widely varying types of factories employing 13,000 people in the Black Country.

The service is financed by firms' contributions and is supported by a substantial grant from the Nuffield Foundation.

The post is considered suitable for a doctor who has had some preliminary training and/or experience in occupational health and wishes to extend his knowledge. The wide range of industries covered by this service offers unusual opportunities to gain this experience.

Ample opportunity exists for research into occupational hazards and organizational problems.

Possession of a current driving licence is essential.

Salary according to B.M.A. scale. Commencing salary will be related to previous experience and qualifications.

Superannuation scheme. Please apply to the Medical Director, 82 High Street, West Bromwich, Staffs. (7581)

**APPOINTED FACTORY DOCTORS
FACTORIES ACT 1961**

The following appointments as Appointed Factory Doctors are vacant: Braintree, in the County of Essex; Shaw, in the County of Lancashire. Applications, which should be received by April 17, 1965, should be sent to H.M. Chief Inspector of Factories, 19 St. James's Square, London S.W.1. (8264)

THE CLAYTON ANILINE COMPANY LIMITED,

Clayton, Manchester, 11, manufacturers of dyestuffs and chemicals, invite applications for the post of part-time Medical Officer for three half-day sessions per week. Salary will be in accordance with B.M.A. scales.

Applications, with details of qualifications and experience, should be sent to the Personnel Manager. (7782)

NATIONAL COAL BOARD—YORKSHIRE DIVISION

Assistant to the Medical Officer in charge of the Radiological Services, Wath-on-Dearne, near Rotherham. The X-ray Department consists of a Base Unit and two Mobile Units and deals with 30,000 full size films annually. This post offers considerable experience in chest radiology with special emphasis on Pneumoconiosis, as well as an opportunity to develop an interest in general industrial medicine. Previous experience in chest disease would be an advantage but is not essential. Appropriate training will be given and reasonable facilities for Postgraduate Study made available.

Salary: £1,800 to £2,150 per annum.

Write, giving names of two referees, to Staff Department, 16 South Parade, Doncaster, by April 19, quoting AA/53. (8361)

(8360)

ROAN SELECTION TRUST LIMITED**LUANSHYA DIVISION****MEDICAL OFFICER**

Applications are invited for the post of Medical Officer. The successful applicant, who must have had at least two years post-graduate experience, will be required to carry out general medical duties in both fee-paying and non-fee-paying hospitals. These duties will also include domiciliary visits and duties in our Out-patients' Department.

Anaesthetic experience is desirable.

The appointment will be on a contract basis of either two or three years. The Company will pay outward passages for the employee, his wife, and up to three children at half fare. Similar return passages will be provided on completion of the contract.

The salary will be £3,000 per annum. Other benefits will include a Christmas bonus equal to 5% of the salary. There will also be a gratuity based on 5% of the basic pay for the first year of contract, and rising by ½% per annum for each completed year thereafter, which will be paid at the termination of each contract.

Leave conditions are generous.

Married or single accommodation, partly furnished, including a refrigerator and electric stove, is available on engagement.

A car will be provided or, alternatively, a monthly car allowance will be paid.

There are regular air services between Ndola and London and good roads connect Ndola with Luanshya, which is 22 miles away.

The township is set in attractive surroundings, and most forms of sport and hobbies are catered for. Public amenities include radio and television.

Luanshya has an equable climate on account of its altitude of 4,000 ft. and enjoys sunshine throughout the year.

Applications, giving full personal and academic particulars, and enclosing the names of two medical referees, should be submitted to:

The Appointments Officer, C13/65,

Mine Employment Department,

Selection Trust Limited,

Mason's Avenue, London E.C.2.

(8246)

MEDICAL RADIOBIOLOGIST**\$16,000-\$17,000****Radiation Protection Division****Department of National Health and Welfare****Ottawa, Ontario**

This doctor will act as consultant on the medical and biological aspects of radiation exposures, and direct related work programmes.

QUALIFICATION requirements include graduation from an approved medical school and licensed, or qualified to be licensed, to practise medicine in a province of Canada; ten years of acceptable experience in medical practice, with specialization in radiobiology, radiology, or a similar field, five years of which must have been in a position of senior responsibility.

For further information and application forms, write **immediately** to the **Civil Service Commission of Canada, Ottawa 4**. Ask for Circular 64-608

Closing date for the receipt of applications extended to
June 30, 1965 (8128)

**UNIVERSITY COLLEGE OF RHODESIA AND NYASALAND
FACULTY OF MEDICINE**

Applications are invited for the following posts:

PATHOLOGY: Three Lectureships or Senior Lectureships, viz., Bacteriology (also responsible for organization of T.B. Reference Laboratory), Virology and Chemical Pathology, of which two may be Senior Lectureships

MEDICINE: Lectureship

SURGERY: (a) Chair (b) Lectureship or Senior Lectureship

SOCIAL & PREVENTIVE MEDICINE: (a) Chair (b) Lectureship

OBSTETRICS & GYNAECOLOGY: Chair

PAEDIATRICS & CHILD HEALTH: Chair

RADIOLOGY: Senior Lectureship

The Faculty of Medicine provides courses leading to the M.B., Ch.B. degrees of the University of Birmingham, with which the Medical School is affiliated. The first intake of students was in 1963. Clinical introductory courses, including Pathology and Bacteriology, will begin in June, 1965. A new Teaching Hospital and Medical School are being built adjacent to the College; it is hoped that the new School buildings will come into use from 1965 and the Hospital by 1968. The professors of Medicine and Pathology have already taken up their appointments. The appointees to the new Chairs shown above will be responsible for the detailed planning of these new Departments. The Senior Lecturer in Radiology will also be responsible for radiological services in the Teaching Hospital, and will have the opportunity to advise on the facilities and equipment.

The relevant salary scales in force at the College are as follows:

	Clinical £ p.a.	Non-clinical £ p.a.
Professors	Within the scale £4,200 by £150 to £5,400. In exceptional cases appointments might be made at a higher salary.	£3,600 by £150 to £4,200
Senior Lecturers	£2,820 by £150 to £4,020	£2,520 by £120 to £3,480
Lecturers Grade I	£2,500 by £110 to £2,940	£2,256 by £96 to £2,640
Lecturers Grade II	£1,840 by £110 to £2,390	£1,740 by £84 to £2,160

Entry point according to qualifications and experience.

Family passages and allowance for transport of effects on appointment. Installation grant of £100 for persons recruited from outside Africa. Travel assistance for appointee for triennial (Professors, biennial) visits overseas and for appointee and family for six-yearly sabbatical leave and on retirement or resignation after five years' service. Superannuation and medical aid schemes. Unfurnished College accommodation at rent of 15% of salary if desired.

Detailed applications (six copies), giving full personal particulars (including full names, place and date of birth, etc.), qualifications, experience and publications, and naming three referees, should be submitted by May 31, 1965, from applicants in Central or Southern Africa, to the Registrar, University College of Rhodesia and Nyasaland, P. Bag 167 H, Salisbury, Southern Rhodesia, and from other applicants to the Registrar, University of Birmingham, Birmingham 15, England, from either of whom further particulars may be obtained. (8248)

Overseas—contd.

NEW GRADUATES OF BRITISH MEDICAL schools are invited to apply for junior rotating internships at the Ottawa Civic Hospital, Ontario, Canada. This 1,100 bed teaching hospital is approved by the Canadian Medical Association for junior intern training and by the Royal College of Physicians and Surgeons of Canada for advanced training in several specialties. The junior rotating internship is similar to the pre-registration internship and includes assignments of three months each on medicine and surgery and two months on paediatrics and obstetrics and gynaecology. The usual commencement date is June 15 although later starting dates are acceptable. The salary is \$175 per month with full board and room. A living-out allowance of \$50 per month is also paid to those interns who are married and live outside the hospital. Ottawa is the capital city of Canada, has a population of about 300,000 and is near to other large North American centres. Enquiries should be addressed to Finlay McKerracher, M.B., Ch.B., Secretary, Intern Committee, Ottawa Civic Hospital, Ottawa 3, Ontario, Canada. (5934)

NEW ZEALAND BULLER HOSPITAL BOARD

MEDICAL SUPERINTENDENT

The Buller Hospital Board invites applications from registered medical practitioners preferably from the profession holding a higher surgical qualification for the position of Medical Superintendent at Buller Hospital, Westport. It should be noted that the successful applicant will be expected to cover the majority of emergency surgery of the hospital with such relief as may be arranged locally or with adjoining boards.

The salary payable will be in accordance with the Employment (Medical Officers) Regulations 1963 and amendments thereto and will be either in Scale C or Scale D, according to the qualifications and experience of the applicant, the point in either scale to be determined by the Medical Officers Salary Grading Committee.

A modern three-bedroom house with floor coverings, heavy furniture, curtains and a refrigerator is available at a rental of £173 a year, while fuel and lighting is charged at an annual rate of £40.

Applicants should furnish particulars of age, marital status, full details of experience and submit copies only of testimonials. The earliest date that duties could be commenced should be advised. Transfer expenses will be payable in accordance with the conditions laid down by the Department of Health.

Copies of the conditions of appointment and schedule of duties may be obtained from the High Commissioner for New Zealand, New Zealand House, Haymarket, London S.W.1.

Applicants for the position should be endorsed "Medical Superintendent" and should send to the Managing Secretary, Buller Hospital Board, Private Bag Westport, by a.m. on Friday, April 30, 1965. Cabled applications confirmed by writing will be accepted. (8243)

NEW ZEALAND

Medical Officer, small general hospital, Waipukurau. Duties junior but according to ability. Salary scale £1,390 minimum to £2,135 maximum. Starting level according to experience and grading. Assisted passage available for contract of service (two years). Airmail further information from Medical Superintendent.

Send applications to Managing Secretary, Waipukurau Hospital Board, Private Bag, Waipukurau, Hawkes Bay, New Zealand. (8110)

Overseas—contd.

NORTHLAND HOSPITAL BOARD
New Zealand

Applications are invited from qualified medical practitioners for the combined appointment of
PART-TIME MEDICAL SUPERINTENDENT
Rawene Hospital and
DIRECTOR

Hokianga Special Area Medical Service. The successful applicant will be responsible for carrying out all the medical and surgical work at the Rawene Hospital. This is a country hospital of 45 general and six maternity beds in Northland centred on a Base Hospital at Whangarei. He shall also be responsible for the control of the Hokianga Special Area Medical Service, including the Medical Officers providing the ordinary medical attendance in the area, and District Nurses. Some surgical experience is desirable.

Salary is £2,900 rising to £3,005 after one year's service, plus a free furnished house. A mileage allowance at the rate of £325 per annum is payable, and retention of maternity benefits from the Social Security Fund is permitted.

Further details and Conditions of Appointment may be obtained from the undersigned, with whom applications close on April 30, 1965.—The Secretary, Northland Hospital Board, P.O. Box 742, Whangarei, New Zealand. (7599)

NUFFIELD FOUNDATION DOMINION

TRAVELLING FELLOWSHIPS

The Nuffield Foundation offers a Travelling Fellowship in Medicine to nationals of New Zealand, preferably between the ages of 25 and 40 years, the purpose is to enable medically qualified persons to obtain in the United Kingdom such postgraduate training and experience as may be necessary to prepare them to undertake medical teaching and research work in New Zealand. Applicants should possess high intellectual and personal qualities.

A Fellow will be required to carry out at an approved institution a programme of work and training approved by the Nuffield Trustees. A Fellow will not be permitted to prepare for or to take examinations for higher degrees or diplomas awarded by bodies in the United Kingdom.

The Fellowships are normally tenable for one year and provide for return travelling expenses for a Fellow and, if he is married, for his wife. The total value of an award, including travelling expenses, varies with the needs and family responsibility of the holder. It will in no case be less than £2,000.

Applications for Fellowships to begin in 1965 should be submitted not later than April 30, 1965, to the undersigned. Copies of the conditions and forms of application are also available at the Nuffield Foundation, Nuffield Lodge, Regent's Park, London N.W.1.—R. E. Corbett, Department of Chemistry, University of Otago, Dunedin, New Zealand. (8130)

PHYSIATRIST TO BE ADDED TO STAFF of six full-time Physiatrists in an autonomous University Department with diverse teaching and research responsibilities. This expanding programme now involves teaching of medical students in the second, third, and fourth year, instruction of P.M.R. residents, and P.T. and O.T. students. Current clinical associations include comprehensive rehabilitation of in-patient and out-patient clinics at the Rehabilitation Centre of the University Hospital and the Seattle V.A. Hospital, plus medical responsibility in a 200-bed geriatric hospital, starting salary \$12,000 to \$18,000 depending on qualifications. Junior and more senior persons considered. Write Dr. J. F. Lehmann, Professor and Chairman, Department of Physical Medicine and Rehabilitation, University Hospital, Seattle, Washington 98105. (8132)

NORMAX

THIS CAPSULE

PROMOTES REGULARITY

It contains dioctyl-sodium sulphosuccinate 60 mg, and 1-8 dihydroxyanthraquinone 50mg.

Normax acts by softening the faeces and gently stimulating colonic peristalsis. It is indicated especially during pregnancy and for the elderly patient, when its gentle action in restoring regularity is most appreciated.

1-8 dihydroxyanthraquinone acts on the lower bowel and has no irritant actions. Dioctyl-sodium sulphosuccinate is not absorbed and does not break down during its passage through the intestine.

Dioctyl-sodium sulphosuccinate acts by lowering the surface tension of the impacted faecal mass and in association with the mild peristaltic movement induced by the 1-8 dihydroxyanthraquinone, leads to facilitated passage of soft stools. Animal experiments and extensive clinical observations have failed to reveal evidence of toxicity.^{1,2}

Because of this the therapeutic effect of Normax can be obtained without the danger of toxicity. Normax has a wide application in the treatment of constipation and it retains its effectiveness even when used regularly over long periods.¹ Normax restores regularity and is a rational approach to the treatment of constipation.

Normax capsules are available in bottles of 30 and 250 at basic NHS price of 4/10d. and 26/10d. respectively. Normax is subject to purchase tax.
