

IN THE PRIME OF LIFE

ALL DOCTORS know how often and at how young an age Coronary Thrombosis and other heart diseases can kill.

BUT do their patients know that the **BRITISH HEART FOUNDATION** was founded to finance research into these dread diseases?

And do they know that they can help—

- * By making a donation
- * Taking up Membership
- * Remembering the British Heart Foundation in their Will
- * Making an 'In Memoriam' gift in lieu of flowers?

BRITISH HEART FOUNDATION APPEAL

57 Gloucester Place, London, W.1.

GIVE WHOLEHEARTEDLY

Always ready for work

— whatever the conditions !

PEUGEOT 404 saloon

A high performance saloon car you can really depend on in any emergency. 76 b.h.p. carburettor engine, thermostable power assisted brakes, rack and pinion steering, reclining front seats, new interior trim and numerous extras are fitted as standard. Long-life Michelin X tyres give exceptional mileage. Stainless steel bumpers and body trim maintain immaculate appearance with minimum attention.

Price : inc. tax—£1,092 13s. 9d.

Also : 403 C Saloon	£934 7s. 11d.
404 de luxe Saloon	£1,342 16s. 3d.
404 KF2 de luxe Saloon with petrol injection	£1,495 1s. 3d.

Ease her depression...calm her anxiety

Symptoms of mental distress rarely come singly.

'Aventyl' provides the comprehensive relief she needs.

Promptly, smoothly, 25 mg. t.i.d. will help to ease her depression and calm her anxiety—without serious side-effects.

'Aventyl' lends wings to troubled minds

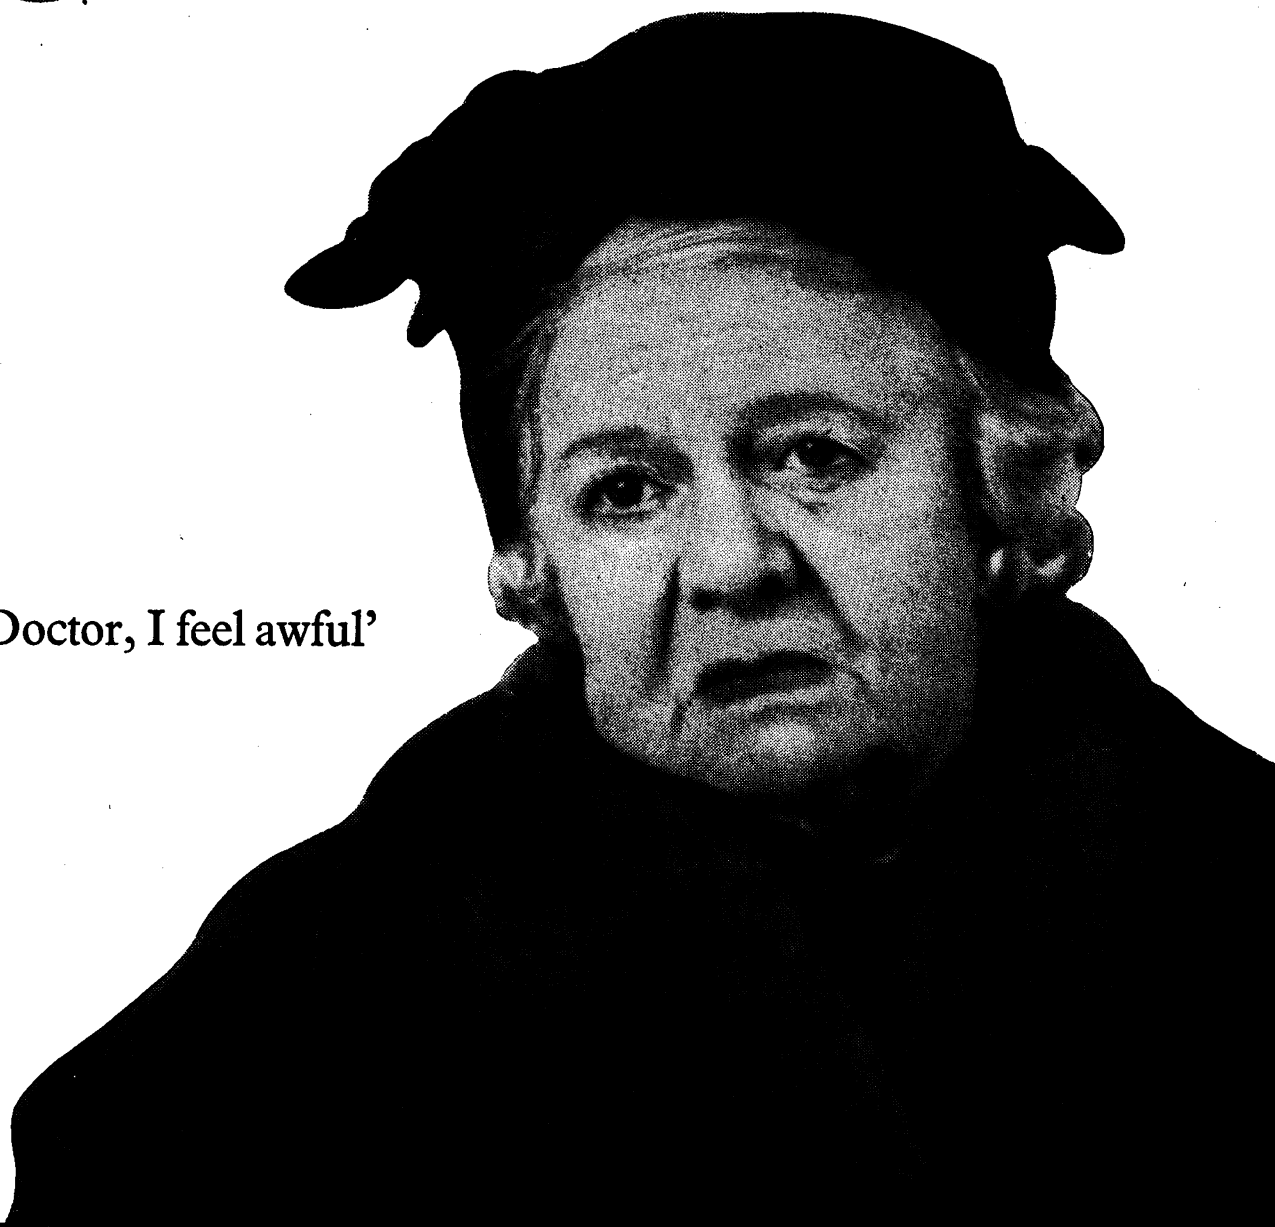

nortriptyline (as the hydrochloride)

'Pulvules' of 25 mg. and 10 mg. Liquid 10 mg. per 5 ml., in bottles of 120 and 480 ml.

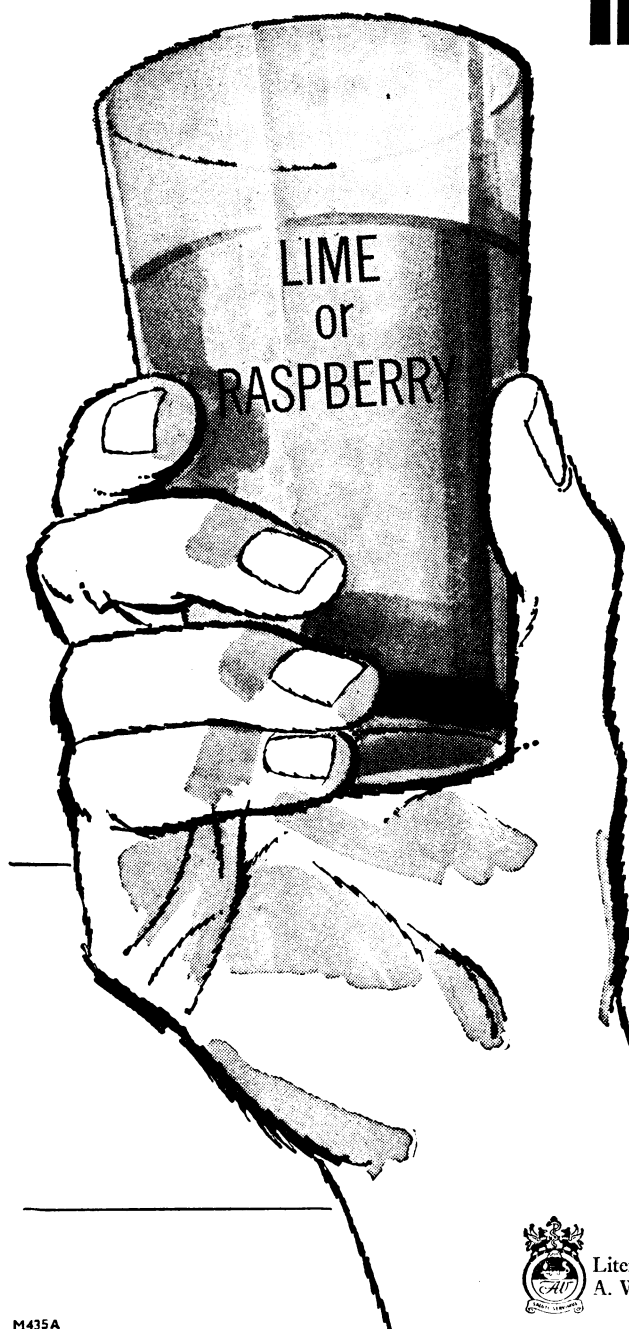

Eli Lilly and Company Limited Basingstoke England

'Doctor, I feel awful'

At last! A really palatable flavoured PAS

Pasinah-D is the first PAS preparation in which the taste of Sodium PAS is successfully disguised when in solution. It dissolves completely in cold water to make a clear pleasantly-flavoured, easy-to-take drink. Only two doses daily are required, and flavours may be alternated to give variety and lessen the danger of defaulting. Pasinah-D is very well tolerated and is specially acceptable to children.

Pasinah-D

WANDER

FORMULA

Each sealed packet contains: 6 G. Sodium Aminosalicilate B.P. + 150 mg. Isoniazid B.P.

DOSAGE

The contents of two packets provide a total daily dosage of 12 G. Sodium PAS + 300 mg. Isoniazid B.P. and should be taken freshly prepared.

PACK AND BASIC N.H.S. PRICE

Carton of 60 packets (1 month's treatment) 47/6d.
Lime and raspberry flavours available.
Hospital prices on application.

Literature and samples gladly sent on request
A. Wander Limited, 42 Upper Grosvenor Street, London W.1.

ASERBINE FOR THE TREATMENT OF BURNS, VARICOSE ULCERS AND INDOLENT ULCERS

ASERBINE IS A NEW SUCCESSFUL, TOPICAL TREATMENT FOR BURNS, VARICOSE ULCERS AND OTHER INDOLENT ULCERS

Experience suggests that the chief uses of Aserbine are:

- 1 As a de-sloughing agent in the treatment of burns and especially in preparing an area for skin grafting.
- 2 As a treatment for varicose ulcers.
- 3 As a treatment for pressure-sores.

It is indicated for topical use for regrowth of epithelium and formation of granulation tissue in chronic lesions of the skin.

Aserbine is available as a cream and as a solution.

ASERBINE FOR BURNS

Thirty-four superficial and full thickness burns treated with Aserbine were described in a report which concluded that the new solution is an effective method of cleansing and promoting the healing of open wounds.¹

Aserbine has been successfully used in

conjunction with plastic surgery where it accelerates de-sloughing and prepares the burn for grafting.

"In cases where grafting has been necessary it was considered that the new lotion reduced the period before grafting."¹

One paper¹³ reported the treatment of 21 patients with Aserbine and concluded that it was easy to use. The authors particularly noted the absence of immediate or secondary reactions, the aseptic condition of the burns and the rapid epithelialization.

No destruction of living tissue was observed in a large series of cases.² In this series Aserbine cream was applied on the second day after injury and application was repeated twice daily. Early application of the cream quickly differentiated superficial from full thickness burns. Crusts and dead skin were removed with forceps before new cream was applied. The wounds were rapidly cleaned, good granulation

Photomicrograph of chronic ulcer of ankle.

tissue produced and grafting was successful.

A significant comment is made in the report of a trial carried out in this country on thirty-four children admitted to hospital with severe burns.

"It was proposed to carry out an initial investigation before proceeding to a clinical trial. Results have, however, demonstrated convincingly that the lotion is superior to treatment used in this hospital previously and we have therefore instituted the new lotion as routine treatment in all burn cases."¹

Aserbine keeps the burn aseptic, removes any dead tissue, encourages the formation of granulation tissue and the regrowth of epithelium.

ASERBINE FOR VARICOSE ULCERS

Varicose ulcers treated with Aserbine remain clean, slough is removed and there is an improvement in the formation of granulation tissue. In cases where plastic surgery is necessary Aserbine accelerates the de-sloughing process and prepares the area for grafting.

In one trial³, Aserbine was found highly successful in approximately half the 40 cases of leg ulcers treated, and promoted healing of all ulcers within a few weeks. Another published report⁴ included 19 patients with ulcer or trophic wounds, one with ecthyma and one with a pressure-sore. Eighteen of the ulcers showed a rapid, complete and successful healing without relapse. Only one case showed slower rate of healing than normal. This report describes Aserbine as a new and acceptable treatment for difficult ulcers and pressure-sores.

The following case history⁴ illustrates the treatment with Aserbine of a varicose ulcer on the right leg of a female patient. There was little granulation tissue and the size of the ulcer was 86 x 45 mm. Dressings were well tolerated, although a slight burning sensation was experienced 5-10 minutes after application. There were no other side effects.

Improvement was noticed in 15 days and by the 45th day the healing of the ulcer was almost complete.

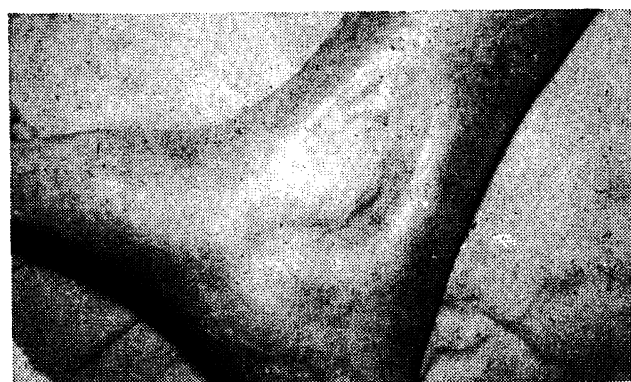

1. Appearance of burnt leg showing slough after 5 days.

2. Prominent granulation tissue after treatment begun with Aserbine.

3. Wound almost healed after 28 days' treatment with Aserbine.

Stages in the treatment of a varicose ulcer with Aserbine showing the rapid process of healing.¹²

ASERBINE FOR INDOLENT ULCERS

Reports on the use of Aserbine in the treatment of varicose ulcers have stressed its value when dealing with indolent or "difficult" ulcers.^{3,4}

"It seems to have an antiseptic and healing action. It does not promote uneven healing but rather a progressive epithelialization from the edges of the wound. In some cases Aserbine promotes the formation of a scab under which healing progresses satisfactorily."³

One report⁴ refers to Aserbine as an acceptable treatment for pressure-sores.

There is a reference to pressure-sores in another report⁶ which states that the use of Aserbine, in conjunction with modern nursing methods, produces a marked improvement in the healing of sloughing pressure-sores in paraplegic and bed-ridden patients.

BACTERICIDAL AND BACTERIOSTATIC PROPERTIES

Aserbine has bactericidal properties and has been found effective against most common infective organisms. Aserbine is bactericidal against *E. Coli*, within 10 minutes, pyocyanea within 5 minutes, proteus vulgaris within 2½ minutes, staphylococcus aureus within 10 minutes and streptococcus pyocyanea within 10 minutes.⁵

Aserbine has been tested *in vivo* on burn cases and appears to have bacteriostatic and bactericidal potency.^{5,2}

SAFETY IN USE

No serious side effects have been experienced in patients treated with Aserbine.

An initial smarting sensation has been reported in some patients treated with the solution. The probable explanation is the presence of propylene glycol in the solution. It is not, however, regarded as a sensitizer, and there are no records of contact dermatitis due to propylene glycol. Aserbine solution may be described as a bland dressing which causes no skin sensitivity, no pain or inflammation of raw surfaces.¹³

Pyrexia is common in extensive burns treated with Aserbine cream. It has never been proved to be serious and is not associated with a positive blood culture. Localized urticaria at the periphery of the wound particularly where the exudate collects has been reported.

PRICE AND PRESENTATION

ASERBINE CREAM

Method of Application

Aserbine cream should be applied to the affected area once or twice daily.

Active Ingredients

Malic Acid Ester of propylene glycol	160 mg.
Malic acid	250 mg.
Benzoic acid	25 mg.
Salicylic acid	5 mg.
in 100 G of cream	

Presentation

Aserbine Cream is available in jars containing 100 G cream at a basic N.H.S. price of 12/- each subject to purchase tax.

ASERBINE SOLUTION

Method of Application

Aserbine solution is applied as a wet dressing and it is important to keep the dressing moist.

Active Ingredients

Malic Acid Ester of propylene glycol	5.25 G
Malic acid	7.65 G
Benzoic acid	0.75 G
Salicylic acid	0.15 G
in 500 ml. of solution	

Presentation

Aserbine Solution is available in bottles containing 500 ml. solution at a basic N.H.S. price of 15/- each subject to purchase tax.

During the past decade there has been a considerable decline in the number of medical exhibitions. The height of their popularity, numerically speaking, was shortly after the last war. For a number of years it was the fashion for nearly every congress, symposium, and scientific meeting to be a venue for a display of pharmaceutical products. About ten years ago the fashion changed and now there are only a few.

One of the most important of these is the International Hospital Equipment and Medical Services Exhibition which is being staged at Olympia on May 31 for five days. This is a biennial event and for the first time will include the Medical Services Exhibition. The addition is due to the fact that the organizers have acquired the ownership and goodwill of the London Medical Exhibition which for many years was held in November at the Royal Horticultural Hall.

The Exhibition will be opened by Sir Edward Collingwood, C.B.E., Ph.D., Sc.D., J.P., Chairman of the Central Health Services Council at 11 a.m. on Monday, May 31.

The medical side of the Exhibition will be open to qualified personnel only, although the general public will be allowed to see the Hospital section after 1 p.m. each day. A wide range of pharmaceutical products, surgical instruments and equipment, medical books and services will be on show and a number of lectures and medical films have been arranged.

When hypertensive complications threaten

'Nefrolan'

enables the physician to improve the patient's prognosis.

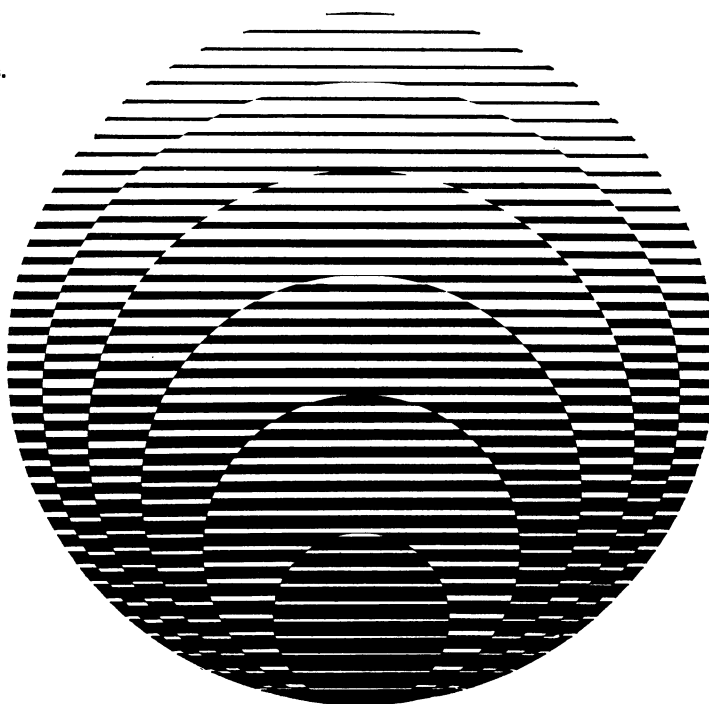

A product of May & Baker Research

Whether symptomless or not, hypertension can be effectively treated with 'Nefrolan'* brand of clorexolone without fear of inducing distressing side-effects. Thus, by reducing high blood pressure to a safe level, the development of its serious and often irreversible complications is prevented. Where a more profound anti-hypertensive effect is required, 'Nefrolan' may be given in conjunction with reduced doses of more potent hypotensive agents. This minimises any resultant side-effects of the more potent drug.

As with all anti-hypertensive agents, however, the administration of 'Nefrolan' should not be initiated prior to a full clinical investigation.

At high dosage levels, 'Nefrolan' is also an effective oral diuretic.

Available as tablets of
10 mg. for hypotensive use
25 mg. for diuresis and more severe hypertension.

To control recurrence and prevent re-infection in Trichomoniasis **'Flagyl'**

A study carried out on the consorts of female patients with chronic trichomonal vaginitis showed that 60 per cent harboured the parasite, compared with 8 per cent in a control group. Of the infected consorts, 61 per cent showed no clinical abnormality of the lower genito-urinary tract.¹

'Flagyl'* brand metronidazole is as effective in the male as in the female. Thus the physician is able to eliminate a major source of re-infection by treating both partners concurrently. This procedure is amply justified with a preparation of such low toxicity.

At a dosage of one 200 mg. tablet three times daily for seven days, metronidazole appears in the secretions in concentrations sufficient to eliminate trichomonads from foci inaccessible to topical preparations, e.g., the vagina and accessory structures, Cowper's gland and the prostate.

N.O.T.B. ASSOCIATION

(Limited by Guarantee)

This Association (approved by the B.M.A.), of ophthalmic medical practitioners and dispensing opticians, is the modern version of the old National Ophthalmic Treatment Board.

Its purpose:

**FACILITATION OF A MEDICAL EYE
EXAMINATION FOR THE PUBLIC**

DETAILS from **Stand Y72, London
Medical Exhibition** or from Tavistock
House North, Tavistock Square, W.C.1.
(Euston 8108)

The sponsors of the Exhibition are the Institute of Hospital Administrators and "The Hospital" and over 200 stands will be devoted to the many ways of improving hospitals from practically every conceivable point of view.

Considerable emphasis is being placed on hygiene, cross-infection, and disinfection. While it is generally considered to be impossible to keep a hospital completely clean at all times there are products which have bactericidal properties combined with detergent which increase the useful life of regular cleansing and can help to solve this problem. Laundry equipment is being shown with various devices to counteract the possibility of cross infection, and the trend is to even more automation and greater mobility of equipment than ever before.

Hospital administrators, both medical and non-medical, will be able to see a wealth of equipment, new or improved, ranging from furnaces to operating tables, and from breathing apparatus to sanitary ware. There are over 200 exhibitors.

One of the great advantages of an exhibition at Olympia is that there is considerable parking space for cars and much of it can be booked in advance.

Possibly this is one of the reasons why the Medical Exhibition is being so well supported by the pharmaceutical and hospital equipment manufacturers. There is no point in spending time and money on a stand and its staff unless the vexing and vexatious problem of parking a car can be easily resolved by its visitors.

PRACTICE MADE PERFECT

G.P. with a G.T. yearning? Prescribe yourself a Hillman Imp. (It's the car for a specialist, too.) Imp does your rounds with dash and verve. The dash comes from 875 c.c. worth of rear-mounted engine. The verve springs from an all-synchromesh gearbox. The combination - a surging power that gets Imp from 0-50 m.p.h. in under 15 seconds and on to the high seventies in another ten. All-round independent suspension gives Imp a fine sense of balance, gives you a smooth ride. Further good medicine. 40-45 m.p.g. for

infrequent transfusions. Routine check-ups only once every 5000 miles. Ample room for four leg stretchers. Physician, treat thyself to a Hillman Imp. You won't need a second opinion. See your Rootes dealer today. Price ex-works Saloon only £509.1.3 (£420 plus p.t. £89.1.3)

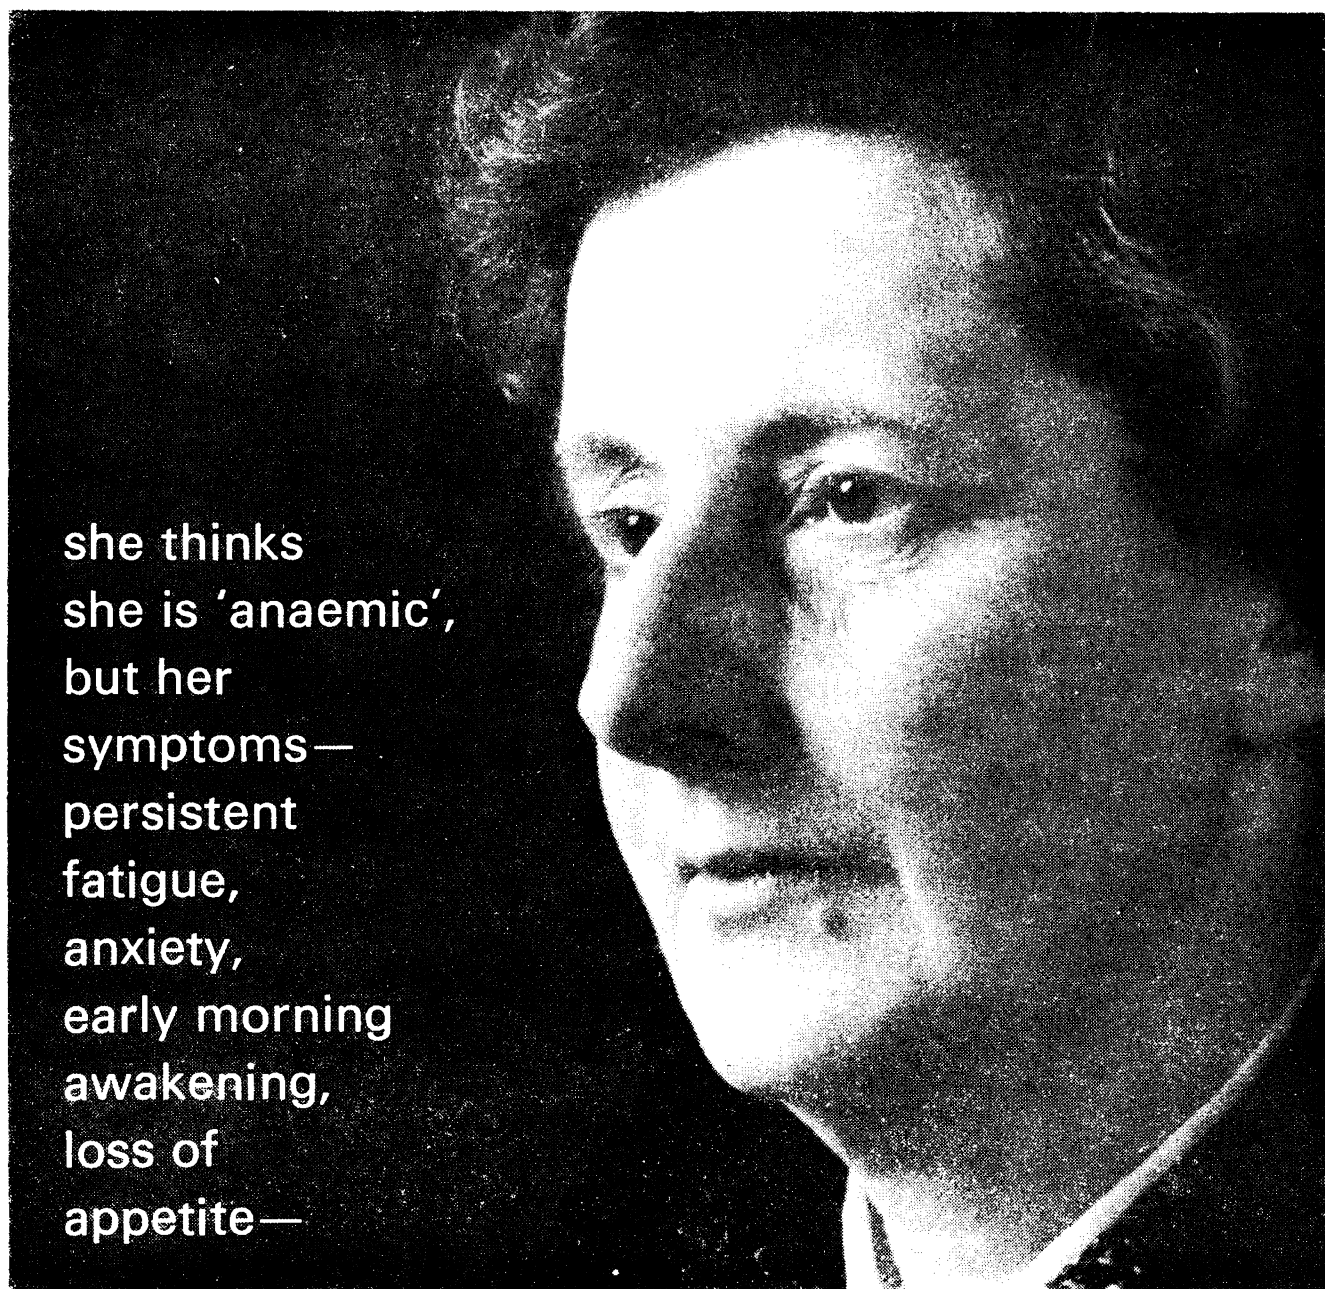

De Luxe model, with many extras fitted as standard equipment, £533.4.7. (£440 plus p.t. £93.4.7).

Amitriptyline hydrochloride

MERCK SHARP & DOHME LIMITED, HODDESDON, HERTS

The corticosteroid with one starting dose for all three

Uniform initial dosage schedule for LEDERCORT triamcinolone facilitates management of most commonly encountered corticosteroid responsive disorders—often provides higher, more uniform potency and efficacy than other analogues. ONCE-A-DAY DOSAGE, for arthritis—asthma—dermatoses provides 24-hour suppressive effect, minimises "missed dose" problems, further facilitates administration and management.

the corticosteroid more patients can start on ~~and~~ and stay on

LEDERCORT triamcinolone shows a remarkable ability to obtain and maintain desirable results with, in many cases, fewer collateral limitations than hydrocortisone, dexamethasone, betamethasone or other corticosteroids. Patients unresponsive or unable to tolerate other corticosteroids frequently do well on LEDERCORT triamcinolone. Cardiac disease, hypertension, emotional disturbance and obesity are not considered contraindications for LEDERCORT. Patients have stayed on this modern corticosteroid for many years... with notable freedom from side effects.

a major discovery for rheumatic disorders

'...the first non-corticosteroid agent which produced a predictable and measurable reduction in joint-swelling in most cases of active rheumatoid arthritis.'

Brit. med. J., 1963, 2, 965 (19 Oct)

INDOCID

INDOMETHACIN REOD

'Indocid' is a new, non-steroid anti-inflammatory agent with analgesic and antipyretic properties, chemically unrelated to the corticosteroids, butazones or salicylates.

Widespread clinical experience has shown that 'Indocid' rapidly relieves pain and inflammation and allows the patient greater mobility. In osteoarthritis 'Indocid' is often effective where other agents are inadequate; it has given excellent results in osteoarthritis of the hip. In rheumatoid arthritis, objective evidence of effect may be seen as a measurable reduction of joint swelling. 'Indocid' has also proved effective in ankylosing spondylitis, gout, and certain soft-tissue disorders.

'Indocid' has been the subject of long and exhaustive controlled clinical trials. A number of British papers have already been published.

now available for general prescribing

'Indocid' is supplied as 25 mg capsules. Detailed information is available to physicians on request.

'Indocid' was discovered and developed by the Merck Sharp & Dohme Research Laboratories and is made in England by

SYNADRIN

"an effective drug for treating angina pectoris"³

Synadrin reduces the incidence of anginal attacks during long-term treatment by producing a prolonged improvement in the coronary blood supply. Its effectiveness is shown by a number of double blind studies,¹⁻⁷ and it is indicated in all forms of ischaemic heart disease.⁸⁻¹⁰ Synadrin tablets contain 15 mg. prenylamine lactate. Treatment is initiated with two tablets three times a day and this dose may be reduced as beneficial effects become apparent.

Synadrin in angina pectoris treats the patient rather than his attack

NORMAX

today's treatment for constipation

Normax is the rational approach to the treatment of constipation. Normax capsules contain Dioctyl-sodium sulphosuccinate and 1-8 Dihydroxyanthraquinone.

Faecal softener. Clinical observation has shown that Dioctyl-sodium sulphosuccinate is a softening agent which reduces surface tension, allowing water to penetrate and soften the hard, dry impacted stools, thereby facilitating passage through the colon and expulsion through the rectum. "It is not an irritant, laxative or bulk purgative."¹ Animal experiments have shown that this substance is not absorbed, nor does it break down during its passage through the intestine, and no side effects have been revealed to date.

Mild peristaltic stimulant. The faecal softening action has been supplemented in the Normax capsule by a mild peristaltic stimulant (1-8 Dihydroxyanthraquinone) which gently and

safely promotes the natural bowel movement to produce a comfortable, effortless evacuation.

Advantages. By combining a faecal softener with a mild peristaltic stimulant, Normax eliminates the strain to stool. The low dosage required, and the effectiveness of Normax, make it the ideal treatment for chronic functional constipation in all ages.

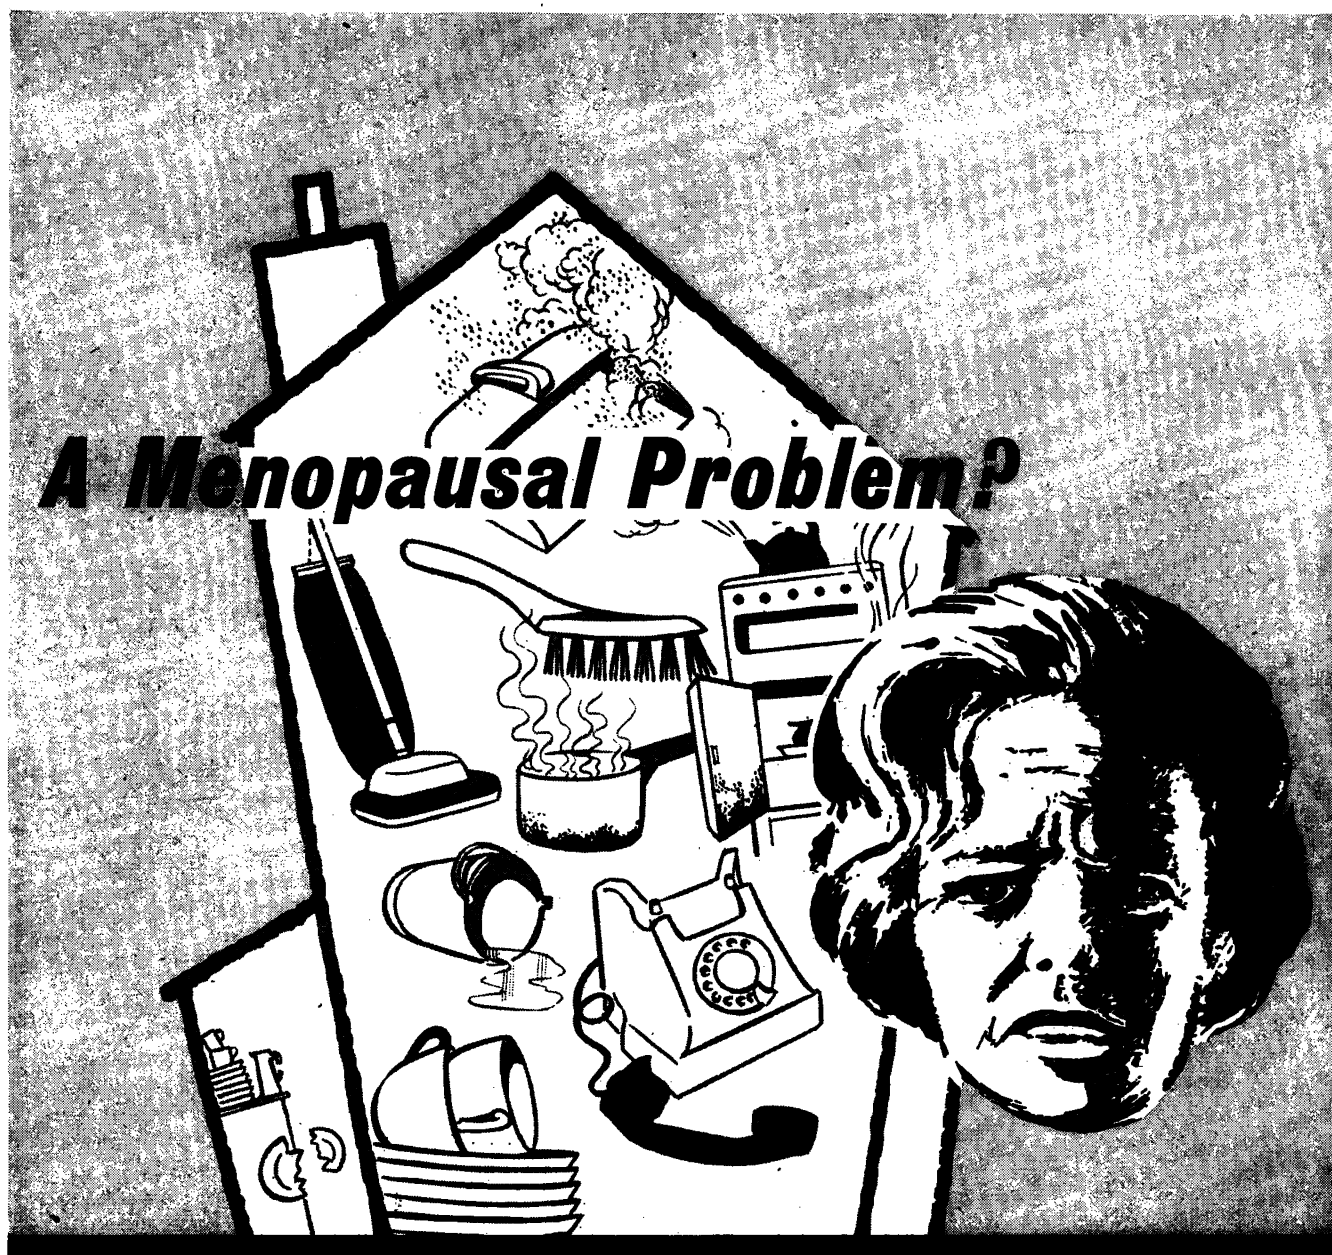

Presentation. Normax capsules are available in bottles of 30 and 250 at basic N.H.S. prices of 4/10d. and 26/10d., respectively. Normax is subject to Purchase Tax.

Tricloryl

Non-barbiturate sedative with a wide margin of safety

Tricloryl (triclofos) is a non-barbiturate sedative which, for the young and elderly in particular, has a number of outstanding advantages both for promoting sleep and daytime sedation.

Tricloryl is palatable, well-tolerated and effective, and conspicuously free from tendency to cause 'hangover' and other side effects.

It is available as syrup, which can be conveniently taken in water to form an acceptable drink, and as film-coated tablets.

Presentation:

'PRO-ACTIDIL'

a very versatile antihistamine

'Pro-Actidil' contains triprolidine hydrochloride. It is specially formulated to give continuous action for 19 to 24 hours.

If given in the evening four to five hours before retiring, 'Pro-Actidil' will ensure a good night's sleep for the patient, free from sneezing, nasal congestion, irritation and restlessness. If drowsiness is induced, it will occur at bedtime.

A most interesting clinical observation has been reported indicating that 'Pro-Actidil' also provides excellent protection in various forms of solar dermatosis [*Brit. J. Derm.* (1963). 75, 254; *Med. Proc.* (1963). 9, 461]. Wider clinical application is needed to confirm this specific action.

'Pro-Actidil' is recommended for adults and children over ten years.

THE INTERNATIONAL STANDARD OF LENGTH...

... is the Metre, which is defined as equal to 1,650,763.73 times the wavelength *in vacuo* of the orange line emitted by the atom of krypton of mass 86, in dry air at 15°C and at standard atmospheric pressure.

This definition of the Metre was accep-

ted by the International Committee of Weights and Measures in 1958. The International Prototype Metre, which was established in 1889, was the distance between two transverse graduation lines engraved on a platinum-iridium bar, kept at Sèvres, near Paris.

TRANSVASIN is the standard therapy... ... for the relief of rheumatic symptoms

Patients suffering from rheumatic lesions obtain rapid relief with Transvasin, the well-proven and economical therapy. The esters of nicotinic, salicylic and p-aminobenzoic acids penetrate the skin

and are concentrated at the point of injury, producing superficial erythema and deep hyperaemia. Transvasin is a most valuable adjuvant in the treatment of both osteo- and rheumatoid-arthritis.

DORLAND'S ILLUSTRATED MEDICAL DICTIONARY

New 24th Edition**SPECIAL DE-LUXE
EDITION**

You can now obtain this superb new edition in a handsome de luxe version. It features a special grained binding, 23 ct. gilded edges, fine matched endpapers, round corners and thumb-indexing.

Price £5 19s. 0d.

Under the Editorial Supervision of L. R. C. Agnew, A.M., M.D.; Domingo M. Aviado, M.D.; Jerome I. Brody, M.A., M.D.; William Burrows, Ph.D.; Roy F. Butler, Ph.D.; C. Murphy Combs, Ph.D.; Carl M. Gambill, M.D., M.P.H.; Otto Glasser, Ph.D.; Walter B. Shelley, M.D., Ph.D.; *Fundamentals of Medical Etymology* by Lloyd W. Daly, A.M., Ph.D., Litt.D. With contributions by 58 authorities.

For more than sixty years the familiar red-backed "Dorland Dictionary" has been the standard of the medical world. It sets a tradition of accuracy, authority, and quick, simple usefulness. In this new edition, an attempt has been made to keep abreast of the new terms that have gained a place in the vocabulary of medicine and its allied sciences, and to recognize the shifts in the meanings of standard terms. The anatomical nomenclature has been standardized to conform to the latest *Nomina Anatomica*. All plates and illustrations have been checked for scientific accuracy and currency, and many incorporate new knowledge gained through the use of electron microscopy and improved techniques of radiography. With the inclusion of nearly 20,000 more definitions—now making over 130,000 in all—the new 24th edition of DORLAND is sure to maintain its brilliant reputation the world over.

when eczema starts here

the most
comprehensive
treatment
is indicated

Remiderm

In the treatment of eczema the use of a topical corticosteroid alone is often unsatisfactory because it cannot protect the lesion from the ever-present risk of secondary infection.

Remiderm combines a highly effective antibacterial and antifungal agent, halquinol, with the rapidly-acting corticosteroid, triamcinolone acetonide, to provide the most comprehensive treatment of eczematata yet devised. Unlike the antibiotic-corticosteroid combinations, Remiderm cannot induce the development of antibiotic-resistant bacteria.

Squibb Remiderm trademark

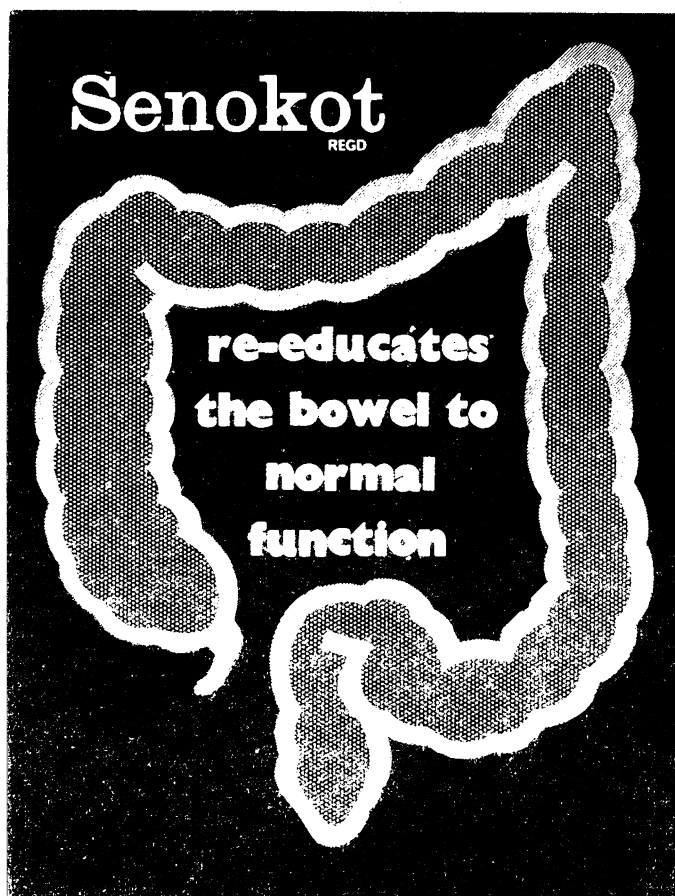

Remiderm cream and ointment each contain triamcinolone acetonide 0.025% and halquinol 0.75%.
Remiderm spray contains triamcinolone acetonide 4.95mg. and halquinol 31.2mg. in a 75gm. aerosol spray.

Lomotil does just one thing... it stops diarrhoea

'... patients began to feel more comfortable ... after approximately one hour.'

Hock, C.W. (1961)
J.med.Ass.Ga., 50,485

Most diarrhoeas are non-specific in origin. Lomotil (brand of diphenoxylate hydrochloride with atropine sulphate) provides the rapid, symptomatic control needed in such cases.

In diarrhoea of specific origin, Lomotil conserves electrolytes and prevents dehydration while antibacterial treatment takes effect.

Lomotil curbs the intestinal hypermotility characteristic of diarrhoea. It is effective in virtually all types of diarrhoea — acute, chronic or recurrent.

*How
do
you
tackle*

FLAT FOOT?

TRADITIONAL METHOD
ANY SHOE with external wedge. Any external wedge to heel disturbs plane of forepart and heel.

OUR METHOD
INNERAZE keeps sole and heel in perfect alignment.

... do you recommend an external wedge on the shoes?

But the wedges soon wear away; and very often the child is made to feel self-conscious because his shoes look different from other children's. As the diagram on the left clearly shows, any external wedge to heel disturbs the plane of forepart and heel. Surely it's more logical to have a wedge built-in between the inner and the outer sole—where it can correctly corset the foot, remain invisible, and completely unaffected by wear or repair of the shoe. That is how Start-rite INNERAZE shoes are made—on remedial lasts specially adapted to accommodate the internal wedge. That is why they are the only practical and thoroughly effective solution to this problem.

SCHOLARSHIPS

THE NUFFIELD FOUNDATION FOOD SAFETY RESEARCH SCHOLARSHIPS (Food Toxicology—the Biological Effects of the Chemical and Physical Treatment of Food)

The Nuffield Foundation offers annually up to five scholarships for science graduates and three scholarships for medical or veterinary graduates, to help advance fundamental research into the human biological effects of the chemical and physical treatment of food. The awards, tenable for periods of up to four years, are intended to provide research experience to Ph.D. level, together with some formal training in selected subjects, with special reference to chemistry, biochemistry, toxicology, pharmacology, or pathology. The value of the awards will be fixed according to age, qualifications, and experience, and can be supplemented by the amount of fees, marriage, and child allowances, and in appropriate cases, research expenses. The scholarships are open to men and women holders of a science, medical, or veterinary degree of a U.K. or other Commonwealth University.

Applications should be submitted by July 1, 1965. Further particulars and forms of application are available from the Nuffield Foundation, Nuffield Lodge, Regent's Park, London N.W.1. (1842)

Applications from Registrars at the National Health Service who are able to obtain the necessary study leave will be welcomed. (2987)

ELECTRONICS FOR THE PRACTITIONER

The increasing number of applications of electronics to present day medicine makes knowledge of this subject of great practical importance.

We have just produced a special "homestudy" PRACTICAL course in Basic Electronics. No previous knowledge is assumed and no mathematics is used. The course starts with the building of a simple cathode ray oscilloscope and this is then used to carry out some 40 experiments on all the basic electronic circuits.

Full details without any obligation from: **BRITISH NATIONAL RADIO SCHOOL, Dept. M1, READING, Berks.**

POSTAL COACHING FOR ALL MEDICAL Examinations. Carefully designed courses under the supervision of specialist tutors. Advice on reading, guidance notes to each lesson, and solutions to all test papers are provided. The courses available include the Primary and Final F.R.C.S. Eng. and Edin., the M.R.C.P. Lond. and Edin., the D. and M.R.C.O.G., the D.A., D.C.H., D.P.H., F.F.A., D.P.M., D.O., D.L.O., D.I.H., D.T.M.&H., D.M.R.D., and D.M.R.T. (Part 2), and all qualifying examinations. Prospectus, list of tutors, etc., on application to G. E. Oates, M.D., M.R.C.P.(Lond.), University Examination Postal Institution, 17 Red Lion Square, London W.C.1. Phone HOLborn 6313.

THE UNIVERSITY OF LEEDS

DIPLOMA IN PSYCHOLOGICAL MEDICINE

COUNTY BOROUGH OF SUNDERLAND

MEDICAL OFFICER

Applications are invited from registered medical practitioners for the appointment of Medical Officer. Duties will be mixed and possession of a D.P.H. or D.C.H. will be an advantage.

Removal expenses and temporary lodging allowance may be payable in appropriate circumstances.

Salary Scale, £1,515 to £2,050 and in January 1966, £2,130; commencing point to be determined by experience and additional qualifications.

The appointment is superannuable and subject to medical examination.

Applications, stating age, qualifications and experience, together with the names of three referees, should be sent to the Medical Officer of Health, Health Department, Thorncliffe Road, Sunderland, not later than May 31, 1965. (2264)

COUNTY OF BUCKS

Applications are invited from registered medical practitioners holding the Diploma in Public Health for the

JOINT APPOINTMENT OF MEDICAL OFFICER OF HEALTH

for the Amersham Rural, Beaconsfield and Chesham Urban Districts, and

DEPUTY DIVISIONAL SCHOOL MEDICAL OFFICER AND ASSISTANT COUNTY MEDICAL OFFICER

for the Buckinghamshire County Council.

The person appointed will be employed for 6 1/11ths of his time as Medical Officer of Health for the Districts mentioned and for the remaining 5 1/11ths as Deputy Divisional School Medical Officer and Assistant County Medical Officer for the Buckinghamshire County Council.

Salary within the scale of £2,485 15s. 11d. to £2,986 2s. 8d. per annum (rising to £3,080 13s. 7d. per annum). Travelling and subsistence allowances will be paid on the appropriate scale. The appointment is superannuable, and subject to a satisfactory medical report.

Removal allowance of up to £100 and housing allowance of £2 per week pending removal payable in appropriate cases.

Further particulars and forms of application can be obtained from the County Medical Officer, County Offices, Aylesbury, to whom applications must be delivered by Tuesday, June 1, 1965. (2010)

LONDON BOROUGH OF HARROW
Health Department

APPOINTMENT OF ASSISTANT MEDICAL OFFICER

Applications are invited from registered medical practitioners for this full-time post. Duties will be mainly in connexion with maternity and child welfare and school health service, though other general public health duties may be allocated by the M.O.H.

Preference will be given to candidates possessing either the D.P.H. or the D.C.H. Whitley Council conditions of service apply. The scale of salary is £1,515 rising to £2,130 per annum, with appropriate placing. The appointment is superannuable and subject to medical assessment.

Applications, giving age, details of present and previous appointments, with the names of two referees, should reach me by May 31, 1965. This advertisement is issued with the agreement of the London Government Council.

David Pritchard, Town Clerk, Town Clerk's Office, Harrow Weald Lodge, Harrow Weald, Middlesex. (2011)

DUMFRIES COUNTY COUNCIL**ASSISTANT MEDICAL OFFICER OF HEALTH**

Applications are invited from registered medical practitioners, preferably possessing a Diploma in Public Health, for the post of Assistant Medical Officer of Health and Assistant School Medical Officer for the County of Dumfries.

Salary on Whitley Council Scale (£1,515 to £2,050 per annum and to £2,130 per annum from January 1, 1966). A car allowance of £120 per annum and mileage allowance will be paid. The post is superannuable and the successful candidate will require to contribute to the Council's Superannuation Scheme.

Particulars and form of application, from the undersigned, with whom applications should be lodged, by June 4, 1965.—Leslie T. Carnegie, County Clerk, County Buildings, Dumfries. (2709)

DURHAM COUNTY COUNCIL**Health Department****APPOINTMENT OF MEDICAL OFFICER (Welfare and Geriatrics)**

Applications are invited from registered medical practitioners holding the Diploma in Public Health or higher medical qualifications, for this whole-time post which will be principally concerned with the welfare services and the care of the elderly. Duties will include selection and advice regarding elderly residents in the County Council's hostels and increasing the liaison with the hospital and general practitioner services in the County. The scale of salary is £2,390 to £2,960, the commencing point being dependent on previous salary, experience and additional qualifications. Car allowance will be paid. Closing date June 12, 1965.

Application form and further particulars, from the County Medical Officer, County Hall, Durham.—J. T. Brockbank, Clerk of the County Council. (2631)

LANCASHIRE COUNTY COUNCIL**Health Department****APPOINTMENT OF PRINCIPAL SENIOR MEDICAL OFFICER**

Applications for the above appointment on the staff of the central Health Department, the medical establishment of which consists of the County Medical Officer of Health, his Deputy, and three Principal Senior Medical Officers. Candidates must be in possession of the D.P.H.

The Health Department is responsible for the administration of personal services under the National Health Service and Mental Health Acts, environmental public health services, school health services and all welfare services under the National Assistance Acts.

Each of the Principal Senior Medical Officers is concerned with the supervision and development of one or more of these services and appointments now to be made will be concerned with the complete range of mental health and welfare services provided under the National Health, Mental Health and National Assistance Acts. Previous experience in these branches of work will, therefore, be of particular advantage. Very considerable developments have already taken place in the County Council's mental health and welfare services and further large scale building programmes have been approved. The appointment will, therefore, offer excellent opportunities for medical officers with administrative ability.

Opportunity will also be given for the successful candidate to keep in touch with developments in all other aspects of the Health Department's work and to attend the various Committees involved.

The salary for the appointment is £2,949 per annum, rising by annual increments of £150 to a maximum of £3,399. The appointment will be superannuable and subject to passing a medical examination.

The Officer to be appointed will be classified as an "essential" car user, and will be entitled to mileage and subsistence allowances. The County Council operate an Assisted Car Purchase Scheme.

Application forms, together with further details of the post, available from the County Medical Officer of Health, Serial No. 4818, Health Department, Cliffe County Offices, Preston, to whom they must be returned by June 7, 1965. (2248)

ESSEX COUNTY COUNCIL**ASSISTANT COUNTY MEDICAL OFFICER OF HEALTH**

Applications are invited from registered medical practitioners for above-mentioned appointment in Mid-Essex Health Area. Preference given to candidates with experience in school medical and maternity and child welfare duties and approved for the purpose of ascertainment of educationally subnormal children.

After one year's service consideration given to part-time release for D.P.H. study if required.

Salary on scale £1,515 to £2,050. Application form from County Medical Officer, County Hall, Chelmsford, returnable by June 4, 1965. (3055)

DUMFRIES COUNTY COUNCIL**DEPUTY MEDICAL OFFICER OF HEALTH**

Applications are invited from registered medical practitioners for the appointment of Deputy Medical Officer of Health for the County of Dumfries. Salary on Whitley Council Scale (£1,900 to £2,140 and to £2,195 per annum from January 1, 1966), with placing according to qualifications and experience. Diploma in Public Health or equivalent qualifications essential. A car allowance of £120 per annum and mileage allowance will be paid. The post is superannuable and the successful candidate will require to contribute to the Council's Superannuation Scheme.

Applications, stating age, qualifications and experience, with names and addresses of two referees, should be sent to the undersigned, by June 4, 1965.—Leslie T. Carnegie, County Clerk, County Buildings, Dumfries. (2708)

LONDON BOROUGH OF BARNET**ASSISTANT MEDICAL OFFICER**

whole-time required in the Health and Welfare Department. Duties concerned with the supervision of the health of mothers and young children and the School Health Service. Diploma in Public Health or in Child Health.

Previous local government experience an advantage. Salary within scale according to experience, £1,515 rising to a maximum of £2,130. Established. Pensionable. Canvassing disqualified.

Apply, stating age, qualifications, experience, and the names of two referees, to Medical Officer of Health, Gateway House, Regents Park Road, London N.3.—R. H. Williams, Town Clerk, Town Hall, Hendon, N.W.4.

PEMBROKESHIRE COUNTY COUNCIL
Milford Port Health Authority

DEPUTY PORT MEDICAL OFFICER

SCHOOL MEDICAL OFFICER AND ASSISTANT COUNTY MEDICAL OFFICER OF HEALTH

Applications are invited for this appointment from registered medical practitioners, holding the Diploma in Public Health. Salary scale £1,735 to £2,350. The starting salary will be in accordance with qualifications and experience.

Full particulars and application forms obtainable from the County Medical Officer of Health, Merlins Hill, Haverfordwest. Closing date for applications is June 8, 1965.

ROYAL BOROUGH OF KINGSTON UPON THAMES**SENIOR MEDICAL OFFICER (MALE)**

Applications are invited for this post in a combined Health and Welfare Department. Salary scale £2,090 to £2,855.

Possession of a D.P.H. and recognition for the ascertainment of educationally subnormal children are essential.

Recognition for the making of medical recommendations as regards mentally subnormal patients for the purposes of the Mental Health Act, 1959, is desirable.

The duties of the post will cover the whole field of Health and Welfare in addition to responsibility in certain sections. Car allowance is payable.

Applications, giving full details, and the names of two referees, should be sent to the Medical Officer of Health, Tolworth Tower, Broadway, Surbiton, not later than June 8, 1965.—J. Noel Martin, Town Clerk, Guildhall, Kingston upon Thames. (2503)

NORTHERN REGIONAL HOSPITAL BOARD

(Scotland)

Applications are invited for the post of **DEPUTY SENIOR ADMINISTRATIVE MEDICAL OFFICER**

to the Northern Regional Hospital Board. Salary scale is £2,550 by £95 (2) by £100 (3) to £3,040. The officer appointed will work under the supervision of the Senior Administrative Medical Officer and the duties of the post will include planning of building projects as well as the full range of Regional Hospital Board medical administration. Previous experience in medical administration is desirable.

Further particulars and forms of application are obtainable from the Secretary, Northern Regional Hospital Board, Keay House, 17 Old Edinburgh Road, Inverness, with whom applications should be lodged by June 7, 1965. (2182)

A small number of Fellowships for study abroad will be awarded in 1966 by the Council of Europe to registered medical practitioners, dental practitioners, state registered nurses and other professional personnel engaged in the health services, medical education or medical research in the United Kingdom.

The Fellowships are awarded normally for short periods of one month up to three months. The Council will pay Fellows a monthly allowance of approximately £50 to £1,000 New French Francs (£60 to £1,000 approximately) according to the country to be visited, together with all travelling expenses.

Applicants should be of at least five years' standing in their profession and of sufficient experience in their field of study to be able to assess critically the value of experience abroad and to utilize it for the benefit of the health services of the United Kingdom. They will be expected to continue in the health services of the United Kingdom for at least three years after holding the Fellowship.

Applications, giving full particulars of qualifications, experience, proposed programme and duration of study, and accompanied by the names of two referees, should be sent to

(a) BY THOSE RESIDENT IN SCOTLAND to the Secretary, Scottish Home and Health Department, St. Andrew's House, Edinburgh 1.

(b) BY THOSE RESIDENT IN NORTHERN IRELAND to the Secretary, Ministry of Health and Social Services, Stormont, Belfast.

(c) BY OTHERS to the Secretary, Ministry of Health, Alexander Fleming House, Elephant and Castle, LONDON S.E.1.

Envelopes should be marked "Council of Europe Fellowships" and accompanied by Applications must be received on or before June 4, 1965. (2366)

LIBRARIANS

ST. GEORGE'S HOSPITAL MEDICAL
SCHOOL

(University of London)
Applications are invited for the post of
School Librarian. Experience of library work
essential. Preference given to persons having
had experience in a Medical School Library.
The successful candidate will be required
to take up his or her appointment on Octo-
ber 1, 1965. Salary in accordance with qualifi-
cations and experience, on a scale £1,050
per annum to £1,825 per annum, plus £60
London Weighting. In addition, there are
F.S.U. benefits.

Applications, giving details of age, qualifi-
cations and experience, together with the
names of three referees, should be sent to the
Secretary, St. George's Hospital Medical
School, Hyde Park Corner, S.W.1, so as to
arrive not later than June 30, 1965.

An Assistant Librarian's post will also
become vacant as from January 1, 1966,
details of which can be had on application.

MISCELLANEOUS

NON-MEDICAL POSTS

CRANAGE HALL HOSPITAL
MANAGEMENT COMMITTEE

Applications are invited for the post of
PRINCIPAL CLINICAL PSYCHOLOGIST
to Cranage Hall Hospital, Holmes Chapel,
Cheshire (600 beds), the Mary Dendy Hospi-
tal, Alderley Edge, Cheshire (450 beds) and
associated hostels. These hospitals serve the
needs of a catchment area for the mentally
subnormal of all ages, and there are very
active weekly out-patient clinics, at which
close liaison with Local Authority services
is maintained.

Special Units for the investigation of deaf,
non-communicating and autistic children exist
at Cranage Hall under provisions made by
the Nuffield Provincial Hospitals Trust, and
research is undertaken and encouraged in
association with the Audiology Department
of Manchester University, Psychology Depart-
ment of the University of Keele, the Depart-
ment of Cytogenetics at the Christie Hospital
and the Mental Retardation Research Unit
at the Royal Manchester Children's Hospital.
The Department will be incorporated in the
Regional Training scheme for Psychologists.

The appointee will be expected to develop
a Department of Psychology to serve the
specialized needs of the mentally subnormal
over the area, according to the most modern
concepts of hospital diagnosis and treatment,
under the general clinical direction of the
Medical Director and other consultant staff.
Cranage Hall Hospital is now undergoing ex-
tensive development and modern new house-
could be made available for the appointee,
if desired.

Applicants must hold an honours degree in
Psychology or an approved equivalent
qualification and have had considerable clinical
experience. The post is subject to the
appropriate Health Service conditions and
superannuation regulations. Inclusive salary
scale £1,800 to £2,395 per annum. Appoint-
ment, stating age, qualifications, training and
experience, together with the names of three
referees, should be sent to the Group Secre-
tary, Cranage Hall Hospital, Holmes Chapel,
near Crewe, Cheshire. The hospitals may be
visited by arrangement with the Medical
Director (Holmes Chapel 2021). (3057)

HOMES

NORTHUMBERLAND HOUSE

Finchley, N.3. Tel.: Finchley 5283

A psychiatric Nursing Home providing all
modern treatments. Elderly patients accepted.
Moderate inclusive terms. Apply Resident
Physician.

ST. ANDREW'S HOSPITAL,
NORTHAMPTONFOR NERVOUS AND MENTAL
DISORDERS

President: The Earl Spencer

Medical Superintendent:

D. J. O'Connell, M.D., D.P.M.

This private hospital receives patients, both
male and female, suffering from nervous and
mental disorders, including alcoholism and
senile illnesses. The fees range from sixteen
guineas per week. Private rooms with special
nurses can be provided, either in the hospital
or in one of the villas in the grounds. The
hospital is situated in 130 acres of pleasant
grounds, which provide all recreational facili-
ties. These include a nine-hole golf course,
sports ground, tennis courts, etc. A Recre-
ation and Occupation Centre, known as
Gloucester House, has been opened recently
which includes an occupational therapy de-
partment, a swimming pool, a squash court,
and a library with an adjoining reading room.

WANTAGE HOUSE

This is a separate reception unit to which
patients may be admitted. It is equipped
for the complete investigation of nervous and
mental disorders by the most modern
methods. All forms of treatment are avail-
able.

MOULTON PARK

Some two miles from the main hospital is
the farm of approximately 600 acres. Occu-
pational therapy is a feature of this branch.
For terms and further particulars apply to
the Medical Superintendent (Telephone No.
34354 Northampton), who can be seen in
London by appointment.

WYKE HOUSE, ISLEWORTH

A private hospital, established in 1826,
for the individual treatment and care of
a limited number of psychiatric patients.
Apply Resident Physician. Tel.: ISL 7000.
