

Invaluable treatment for **PRURITUS** and other skin conditions

A bland, sedative germicidal cream possessing powerful local anaesthetic properties. It is of great value in the treatment of eczematous conditions, pruritus, tinea and other skin infections due to bacteria or fungi. The soothing effect produced on the application of R.B.C. in cases of intractable itching materially assists healing by promoting sleep and preventing rubbing and scratching.

INDOCID[®]

Indomethacin

- relief of pain
- relief of stiffness
- increased mobility
- reduction in the need for other anti-arthritic agents, for example steroids
- suitable for long-term use

"It is clear from reported clinical experience that indomethacin is a powerful compound, capable of giving relief of symptoms and reduction of inflammatory signs in several rheumatic disorders."

Brit.med.J., 1966, 1, 80 (8 Jan)

'Indocid' in soft tissue lesions

In acute musculoskeletal disorders such as bursitis, tendinitis, synovitis, and capsulitis of the shoulder, 'Indocid' rapidly decreases pain and increases mobility. A recent British double-blind study demonstrated that the majority of patients with capsulitis of the shoulder ('the painful stiff shoulder syndrome') showed both objective and subjective improvement within one week.

"The charts show that indomethacin was found to be significantly better than placebo for all four* of the criteria measured."

International Symposium on Recent Developments in Non-steroidal Anti-rheumatic Therapy, Turin, 8-9 June, 1965, Ed. Minerva Medica, 1965, p.73.

*Pain, restriction of movement, internal rotation, and abduction.

'Indocid' and corticosteroids in arthritic disorders

In many cases where corticosteroids are being used the introduction of 'Indocid' may eliminate the need for steroids or permit a reduction in their dosage.

"Dosage of corticosteroids can quite frequently be reduced under cover of indomethacin; the effect of the two drugs appears to be simply additive." *Brit.med.J.*, 1964, 2, 429 (15 Aug)

The use of 'Indocid' may avoid or postpone the necessity for steroid therapy.

"During the two and a half years that indomethacin has been available to us it is of relevance to note that only three patients with rheumatoid arthritis have been started on long-term corticosteroid therapy or A.C.T.H. The fact that a non-steroid anti-inflammatory agent is now available may well make a profound difference to the present use of corticosteroids in this condition." *Brit.med.J.*, 1965, 2, 1281 (27 Nov)

Announcing a new advanced bactericidal antibiotic

Versapen^{*}
(hetacillin, Bristol)
the first penicinate

a broad band of continuous activity

The first penicinate

After world-wide evaluation, Bristol Laboratories introduces a new chemical entity—the first penicinate—advanced bactericidal broad-spectrum antibiotic.

For the first time, the basic 6-aminopenicillanic acid has been substituted in such a way as to produce a new chemical entity—the first penicinate. In such a drug, the amino nitrogen of 6-APA has been incorporated into a ring structure. Hetacillin is called a penicinate whether in the form of a salt such as the potassium salt or in the form of its free acid. More precisely, a penicinate is a 6-(5-oxo-1-imidazolidinyl) penicillanate.

Initially, Versapen was proved in the laboratory to possess bactericidal activity against a wide range of Gram-positive and Gram-negative organisms while the potential for toxicity remained very low. Now, in the hands of practising physicians, Versapen has been shown to be effective in patients with a wide variety of common infections. The low incidence of side-effects favours Versapen over many other broad-spectrum antibiotics.

Versapen is clinically outstanding: 93.4% cured or improved

Among more than 1500 patients with infections caused by beta-haemolytic streptococci, the frequently resistant enterococci, *Escherichia coli*, *Diplococcus pneumoniae*, *Proteus mirabilis*, *Haemophilus influenzae* plus many other Gram-

positive and Gram-negative organisms, clinical results of oral Versapen therapy were excellent. Because of the wide range of bacteria involved, these results indicate that Versapen will be useful in almost all types of general and hospital practice.

Broad-spectrum and bactericidal

The range of antibacterial activity of Versapen is comparable to broad-spectrum antibiotics, including chloramphenicol and the tetracyclines. But, unlike these essentially bacteriostatic agents, Versapen is bactericidal. Common bacterial invaders are eradicated not just inhibited.

Well tolerated and rarely causes side-effects

Haematopoietic and hepatic investigations reveal that Versapen is safe: no significant reactions have been reported. Note: Hetacillin shares with the penicillins a potential for producing allergic reactions.

Extended blood levels

Antibacterial serum levels of Versapen are unusually prolonged. After a 250 mg. dose, bactericidal blood concentrations are preserved up to 6 hours and levels are detectable up to 8 hours. The patient benefits from *constant bactericidal action*. Usual adult dosage is 1 or 2 capsules four times per day.

Versapen is best given before or between meals. Availability: 250 mg. capsules, bottles of 20, 100 and 500.

Two birds with one stone?

It is now widely accepted that recurrent cystitis may indicate the presence of a much more serious condition—chronic 'silent' pyelonephritis. Consequently, in order to avoid subsequent relapse and, even more important, to prevent progressive renal impairment, therapy must be aimed at eradicating *both* conditions. Negram can help you achieve this. Specifically bactericidal against the common urinary pathogens, Negram is well tolerated for long-term use. It can help you kill two birds with one stone—even where other antibacterial agents have failed.

Negram Tablets (500mg. nalidixic acid)

Adults, 2 tablets q.i.d. for at least 7 days.

Pack: Carton of 56.

Basic N.H.S. cost: 6s. 6d. a day.

Negram Suspension (300mg. nalidixic acid/5ml.)

Children, 25mg./lb. daily for at least 7 days.

1 month - 1 year	$\frac{1}{2}$ teaspoonful	2-4 times daily
1 - 2 years	1 teaspoonful	2-3 times daily
2 - 6 years	1 teaspoonful	3-4 times daily
6 - 14 years	2 teaspoonfuls	2-4 times daily

Packs: 150ml. and 500ml.

Basic N.H.S. cost: Average 1s. 10d. a day.

Tampax is compressed for convenience and efficiency

Don't be misled by the small size of Tampax. Its surgical cotton is compressed to just the proper degree to permit easy insertion and gentle expansion for maximum absorbency. When properly placed, well into the vagina, by its individual, hygienic container-applicator, the entire Tampax tampon is utilised for absorption of the menstrual flow. With the much bulkier perineal pad, only a small central section is actually used.

If your patients are like the thousands of women who are turning to Tampax every year, they will quickly discover its many other advantages. Tampax affords complete freedom from the bother of belts, pins and pads . . . eliminates chafing and irritation . . . abolishes conspicuous bulges . . . minimises offensive odours . . . permits eliminative functions without removal . . . renders bathing possible, even swimming . . . and promotes normal daintiness. The user is practically unaware of its presence.

It's also important that, with Tampax, a woman feels clean and tidy. In fact, the psychological and emotional advantages of the Tampax method are significant. Its use has served to improve the attitude of many women and girls toward the whole complex of menstruation. Perhaps your patients might benefit similarly.

Tampax is available in Regular and Super absorbencies to meet varying needs during the menstrual period.

Tampax Limited, Havant, Hants.

PRODEXIN^{regd.} **keeps acid level at placid level**

Prodexin puts acidity firmly in its place—right in the middle of the safe zone of pH 3-5. And keeps it there. Prodexin tablets give continuous and prolonged relief from pain caused by hyperacidity, dyspepsia and peptic ulcer.

Prodexin contains aluminium glycinate, a fast acting buffer antacid. Left to disperse slowly in the mouth, the tablet releases a steady trickle of antacid into the stomach: it simulates an intragastric drip in a simple and most convenient way.

Prodexin tablets are conveniently small. They can be carried about and taken wherever and whenever necessary. This is particularly useful to the ambulant patient.

Dosage: One or more tablets an hour when necessary. For continuous therapeutic effect, the tablet should be sucked slowly or left to disperse in the mouth. For rapid relief of pain, the tablet may be chewed and then swallowed.

Content: aluminium glycinate 900mg., light magnesium carbonate 100mg.

Bencard
Brentford · England

THE STANDARD FOR THE WEIGHT OF SAIL CANVAS...

... was laid down by the British Standards Institute in 1956 and specifies the numerical designation by which different canvases made from flax and/or hemp or jute are identified, and prescribes standard weights in respect of

each designation. In the days of the tea clipper shown above, standards for sail canvas may not have been instituted; but the standard of British seamanship was just as high as it is today.

TRANSVASIN is the standard therapy... for the relief of rheumatic symptoms

Patients suffering from rheumatic lesions obtain rapid relief with Transvasin, the well-proven and economical therapy. The esters of nicotinic, salicylic and p-aminobenzoic acids penetrate the skin and are concentrated at the point of injury, producing superficial erythema and deep hyperaemia. Transvasin is a valuable adjuvant in the treatment of osteo- and rheumatoid-arthritis.

How commonsense can you get...

Haelan is a new preparation for steroid-responsive skin conditions.

Its advantages are strictly practical.

Haelan contains a proven steroid, flurandrenolone, in a concentration sufficient to treat all but the most severe dermatoses.

It comes in a realistic 60 gramme tube—enough for routine treatment without the need for repeat prescriptions.

Because of the pack size, and because the steroid content has not been needlessly increased, Haelan is far more economical than comparable preparations: the Basic N.H.S. Price for the 60 G. tube is 11/1d.

haelan

a sensible advance in skin treatment

 **DISTA**

Haelan (flurandrenolone 0.0125%) is presented as cream and ointment, each in 60G. tubes.
Also available: Haelan-X (flurandrenolone 0.05%) for initial treatment of acute dermatoses.

WOMEN AT RISK

'It is now widely recognized not only that urinary infection in childhood is a common and recurrent condition, but also that symptomatic improvement of the acute episode, whether spontaneous or after a short course of chemotherapy, may be followed by persistent asymptomatic infection.'

Brit. med. J. (1965), i, 1023

To reduce the risk of chronic renal disease in later life it is essential not merely to relieve the symptoms of urinary tract infection in children but to eradicate the infecting organisms. 'Furadantin' achieves this in the great majority of cases. It is available in a pleasant-tasting Suspension, specially for children.

FURADANTIN

cuts the risk in urinary tract infection

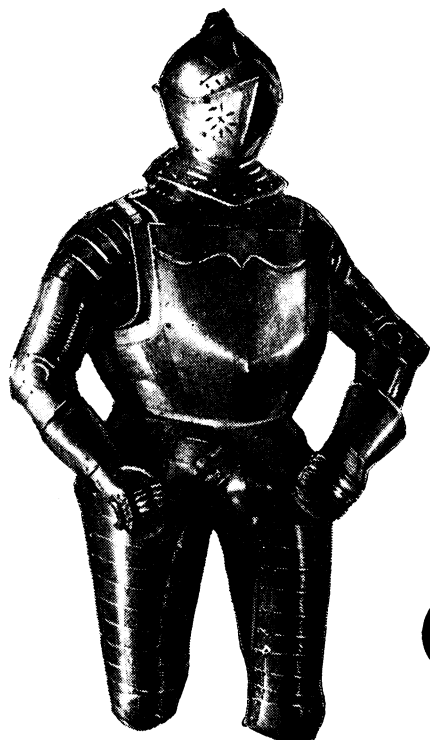

Tablet of 100 mg. and 50 mg.

IRON *with all its advantages and few of its drawbacks*

In the treatment of iron-deficiency anaemia by the oral route in adults or children, PLESMET—chelated iron in tablet or syrup form has been suggested as a *most effective preparation* because of a low incidence of gastro-intestinal symptoms.

The Practitioner, 1960, 184, 792.

The above is one of numerous clinical references to Plesmet, which is rapidly absorbed and utilized to provide an adequate increase in haemoglobin levels and is, moreover, economical in both dosage and cost.

And now Exolan Cream in response to the needs of the ambulant patient in the treatment of psoriasis

New Exolan Cream has been prepared in a cosmetically acceptable vanishing cream base, and is ideal for the treatment of psoriasis of the scalp. In general cases of psoriasis it may also be prescribed for the ambulant patient who prefers to use a cream formulation.

In the treatment of psoriasis, triacetoxanthracene has been shown to exhibit the healing properties of dithranol while displaying none of the side effects of burning or staining the skin. It therefore may be used by the patient in his own home without fear that any harm will result if it accidentally comes into contact with normal skin.

After examining various formulations of triacetoxanthracene the most clinically effective was found to be the one which corresponds to EXOLAN PASTE. This preparation is similar in constitution to the dithranol/Lassars Paste combination which has been recommended by Consultant Dermatologists for many years.

Unfortunately some patients do not like applying pastes, especially during the day time. Also their use is precluded on the scalp and other hairy regions of the body. EXOLAN CREAM has therefore been formulated for use in these cases and contains 1% triacetoxanthracene in a vanishing cream base.

Senokot restores natural rhythm to the constipated colon

Senokot, standardized senna, has earned a reputation for effectiveness and safety. Over 150 references in medical journals and text books testify to its value. Senokot is suitable for all ages and is useful in pregnancy and in geriatric cases. It is predictable in its action and, taken in the correct dosage, is free from griping. It acts specifically in the colon; it induces controlled peristaltic action, restores the normal defaecation reflex leading to re-education of the bowel.

BASIC NHS COST: From the dispensing packs, the cost of a teaspoonful of granules or two tablets is about a halfpenny. Granules: 56, 170 and 900 grammes. Tablets: 50, 100, 200, 1000.

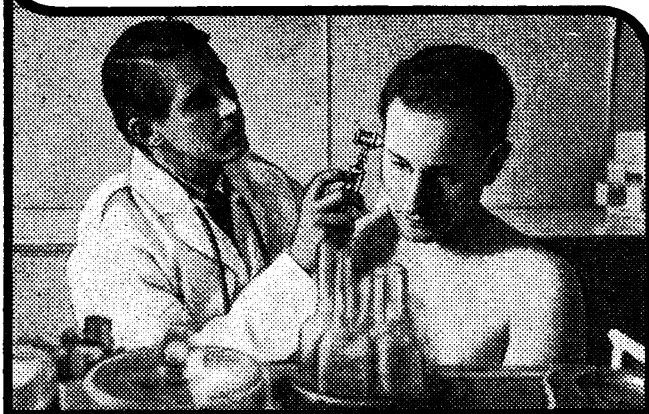

SENOKOT

re-educates the bowel

A doctor's life with a difference can be found in the ROYAL ARMY MEDICAL CORPS

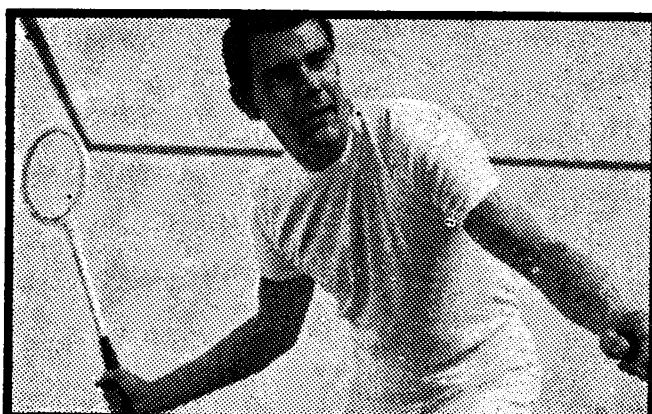

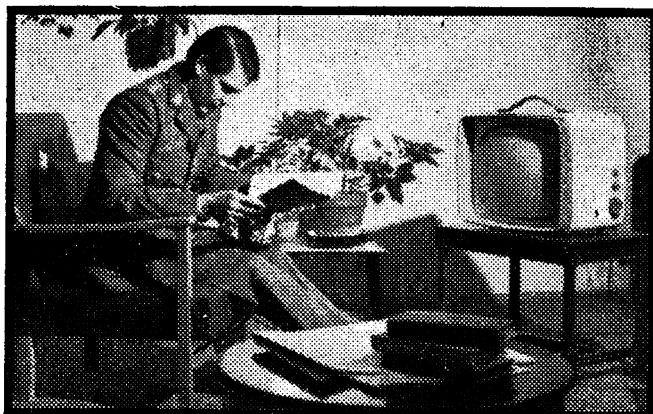

Excellent opportunities are provided for general practice under good conditions of service. The professional opportunities are very wide and varied and include caring for the wives and children of soldiers.

All aspects of medical care—preventive medicine, general and hospital practice are closely integrated. Surgeries are organised by groups and groups are supported by hospitals so that Medical Officers are able to follow up those of their patients admitted to

hospital. These modern surgeries have every facility. Good equipment, trained staff, and a locum provided for six weeks' annual leave. Post-graduate training is given.

For the married man it matters greatly how his wife feels about the Service. The community spirit of Army life, especially overseas, embraces an Officer's family as much as himself. Such extra emoluments as Marriage Allowance, Education Allowance, Disturbance

Allowance, and Local Overseas Allowance, show the importance attached by the Army to helping the Officer with a family. Most married Medical Officers get a furnished house at low rental.

Pay for a married Captain (the rank on entry) is over £2000. There are increases every two years and on promotion. Promotion to Major can normally be expected after 5 years and to Lieut-Colonel after 13 years (or shorter, where an antedate is given for experience in

hospitals and general practice). Commissions granted may be permanent or Short Service. A Short Service commission earns a tax-free gratuity of £3000 for 5 years' service, £1500 for 3 years. Regular commissions are pensionable on the normal basis.

For further information please write or pay a visit to: Colonel A. D. Young, D.S.O., M.B., Ministry of Defence (AMD2), Dept. 473, Lansdowne House, Berkeley Square, London, W.1.

introducing

HAVAPEN

a unique new penicillin specifically 'tailored'
to meet your needs in general practice

HAVAPEN* (penamecillin, Wyeth) is a scientifically 'tailored' penicillin developed by Wyeth research to allow you to prescribe penicillin G orally in a reliable form. HAVAPEN is not inactivated by gastric acid and you can maintain constantly effective blood levels of penicillin G by prescribing just one tablet every 8 hours. You thus ensure real overnight protection for your patients and there is less risk of forgotten doses. Remember too that penicillin G is still the most effective antibiotic against the majority of infections you encounter in your practice. Each HAVAPEN tablet contains 350 mg. penamecillin equivalent to 510,000 units penicillin G. In bottles of 100.

Triominic

Oral Nasal Decongestant **WANDER**

'Triominic' timed-release tablets and orange-flavoured syrup contain antihistamines and a decongestant in balanced proportions to ensure relief from nasal congestion, for between 6 and 8 hours. The active constituents of 'Triominic'—the original *oral* decongestant—reach the nasal mucosa systemically. This obviates the rebound congestion which may follow the topical use of decongestants.

Formula per timed-release tablet.

Phenylpropanolamine hydrochloride.....	50 mg.
Mepyramine maleate B.P.....	25 mg.
Pheniramine maleate.....	25 mg.

S.7

'Triominic' is also available
as an orange-flavoured syrup.
Basic N.H.S. prices: 50 tablets 5/9½;
4 fl. oz. 2/2 (ex dispensing packs).

PRACTICES

(Executive Councils)

STAFFORDSHIRE EXECUTIVE COUNCIL VACANCY AT BURNWOOD, NEAR LICHFIELD

Applications are invited from registered medical practitioners to commence a new practice in the parish of Burnwood, near Lichfield. Burnwood is a rapidly expanding area in the Lichfield rural district and will be "designated" on the appointment of the practitioner. The county council are proposing to build a health centre within two years, and the successful applicant will be invited to take part in the negotiations. The initial practice allowance will be payable, providing the applicant is otherwise qualified. Accommodation will be arranged by the Lichfield Rural District Council as a temporary measure.

Further information and Form E.C.16A, which must be returned to the undersigned by first post on Monday, February 13, can be obtained from the Clerk, Staffordshire Executive Council, Britannia House, 7 Eastgate Street, Stafford.—D. H. Brudenell, Clerk of the Council. (H.4113)

BLACKRIDGE, WEST LOTHIAN

Double vacancy in mixed urban and rural area. Total list 4,000. No practice house available, but local authority will provide dwelling-house. Main lock-up and branch (local authority clinics). Surgeries to rent. Health centre planned. Joint applications will be accepted or applications from individuals prepared to accept responsibility for whole practice, and to take an assistant with view to partnership.

Application forms and further information from the Clerk, Lothians and Peebles Executive Council, 25 Stafford Street, Edinburgh 3. Closing date February 27, 1967. (H.4242)

DAGENHAM, ESSEX

Applications are invited for medical partnership practice vacancy suitable for husband and wife, in above urban area (classified as "designated") arising from resignation of medical practitioners.

Total number on list, 5,100 approximately. Surgery accommodation may be available on rental. Residence available for purchase. Forms E.C.16A and further details obtainable from the Clerk, North-east London Executive Council, 11 Lane Chambers, Ilford Lane, Ilford, Essex.

Applications to be received not later than February 15, 1967. (H.4232)

NATIONAL HEALTH SERVICE EXECUTIVE COUNCIL FOR THE ROYAL COUNTY OF BERKSHIRE

BRACKNELL NEW TOWN

Doctors are invited to apply for a new practice, with group practice prospects, in the Wildridings neighbourhood of Bracknell New Town, which will house approximately 4,850 people. This is the first of five new neighbourhoods to be built in the extension area of the town which, in total, will accommodate 8,000 families in addition to Bracknell's existing population of 27,000. It is intended that at an appropriate stage of development a health centre will be built in a central position from which all the new doctors in the extension area will practise. Meanwhile two houses will be available near the neighbourhood shops, one providing living accommodation, the other surgeries, waiting and reception rooms, etc. The terms and conditions of the lease of these houses will be negotiable with the Bracknell Development Corporation and they are expected to be ready by July next, by which time 225 families should be in residence.

The area of Wildridings is classified as "designated" and an initial practice allowance will be paid to the appointed applicant, subject to conformity with the conditions laid down by the Ministry of Health; the county council will also be prepared to consider employment on a sessional basis in the child health services. Applications on Form E.C.16A, to be received not later than February 14, 1967, are obtainable from the Clerk, Berkshire Executive Council, 171/173 King's Road, Reading. (H.4153)

Executive Councils—contd.**HUSBANDS BOSWORTH, NEAR RUGBY**

Applications are invited for single-handed rural practice vacancy arising from death of practitioner. List approximately 2,280, including 327 in Northamptonshire—2,207 dispensing. Area classified as "intermediate." Residence and surgery available for purchase. Successful candidate to take over as soon as possible. Form of application (E.C.16A) and further details obtainable from the Clerk, Leicester and Rutland Executive Council, 130 Regent Road, Leicester (Tel. No. 21341), to whom completed forms should be returned within 14 days of the appearance of this advertisement. (H.4231)

ST. PANCRAS WEST (Albany Street, Regents Park Area)

"Intermediate" area. Resigning practitioner male. List at present approximately 2,280. Surgery premises will be available. Application forms E.C.16A, obtainable from the Clerk, Inner London Executive Council, Insurance House, Insurance Street, W.C.1. Completed applications to be received by the Council not later than 12 noon, Monday, February 13, 1967. (H.4243)

UPPERMILL AND GREENFIELD, SADDLEWORTH U.D.

Applications are invited for urban vacancy in "Open" area. Doctor resigns June 30, 1967. List at present approximately 3,488. Residential and surgery accommodation available to the successor. Local Health Authority staff attachments may be available. Successor required to take over on July 1, 1967. Further information obtainable on request or on applications, on Form E.C.16A (obtainable from the undersigned), should be submitted not later than Friday, February 17, 1967, to E. England, Clerk, North Riding Executive Council, 5 St. John's North, Wakefield. (H.4191)

GENERAL PRACTICE**VOCATIONAL TRAINING IN GENERAL PRACTICE**

Applications are invited for two training posts in Livingston New Town, West Lothian.

Each post will be for a maximum of three years, and will consist of series of appointments in hospital, general practice and public health. There will be an elective period in the third year at the choice of the candidate.

Salary will be related to the registrar grades and the trainee general practitioner scheme.

At the end of the training period an opportunity will be given to enter general practice in Livingston operating from a health centre in close association with the district hospital and the local health authority. Qualifications and experience to the Clerk, Lothians and Peebles Executive Council, 25 St. Andrew Street, Edinburgh 3, from whom further particulars may be obtained. (H.4230)

**SITUATIONS
WANTED**

DOCTOR WITH PAEDIATRIC EXPERI-
ence in private practice and hospital practice
seeks suitable position in London.—Box
S.2065, B.M.J.

**UNIVERSITY AND
RESEARCH
APPOINTMENTS**

(see also under "Oversea")

**HEINZ FELLOWSHIPS OF THE BRITISH
PAEDIATRIC ASSOCIATION**

H. J. Heinz Company Limited have
generously endowed fellowships in paediatrics
which the Nuffield Foundation has agreed
to administer in conjunction with the British
Paediatric Association.

Three or four fellowships will be offered
each year, the number and type awarded in
any one year depending on circumstances and
the calibre of applicants available.

The types of fellowship, which are open
to men or women, are:

- To enable a paediatrician from any part
of the Commonwealth overseas to spend
six to eight weeks in the United King-
dom, meeting British paediatricians and
seeing something of their work. Pre-
ference will be given to those recently
established in an academic career, who
can arrange their visit to allow atten-
dance at the annual meeting of the
British Paediatric Association.
- To enable a young paediatrician in train-
ing from any part of the Commonwealth
overseas to spend one year of post-
graduate study in paediatrics and child
health at approved centres in the United
Kingdom. The fellowship is not intended
to enable the Fellow to obtain a higher
degree in medicine.
- To support a Paediatric Registrar, Senior
Paediatric Registrar or Consultant Pae-
diatrist from the United Kingdom in
the carrying out of some short-term
study or a special research project
(clinical, laboratory or public health,
etc.), the practical facilities for the study
of research being favourable in a par-
ticular overseas centre and not available
where the candidate is normally em-
ployed.

Applications for these awards must be re-
ceived by the Nuffield Foundation not later
than July 15, 1967.

The conditions for the Fellowships and
application forms may be obtained from the
Director of the Nuffield Foundation, Nuffield
 Lodge, Regent's Park, London N.W.1.
(H.4181)

**UNIVERSITY OF EDINBURGH
DEPARTMENT OF ANATOMY****LECTURESHIP OR SENIOR
LECTURESHIP**

Applications are invited for the post
of Lecturer or Senior Lecturer in
histology and/or neuroanatomy in
the department of anatomy, faculty of
Medicine.

Salary scales: Lecturer £1,470 to
£2,630 per annum; Senior Lecturer
£2,890 to £3,310 per annum, with
placement according to qualifications
and experience, and with superannua-
tion benefit.

The successful candidate will be
expected to take up duty on October
1, 1967, or such earlier date as may
be arranged.

Further particulars may be obtained
from the Secretary to the University,
Old College, South Bridge, Edin-
burgh, with whom applications (six
copies), giving the names of two
referees, should be lodged not later
than March 4, 1967.

January, 1967. (12914)

UNIVERSITY OF GLASGOW**SENIOR LECTURESHIP**

In the Department of Bacteriology and
Immunology at the Western Infirmary

Applications from science or medical
graduates are invited for a Senior Lec-
tureship in the department of bacteriology and
immunology at the Western Infirmary. Salary
according to placement on University scale
for clinical teachers. The final maximum
for a medically qualified graduate is 3,645
per annum, and for a science graduate £3,315
per annum. F.S.S.U.

Applications (three copies) should be lodged,
not later than February 22, 1967, with the
undersigned, from whom further particulars
may be obtained.—Robt. T. Hutcheson,
Secretary of the University Court. (12814)

**UNIVERSITY OF BIRMINGHAM
Faculty of Medicine**

Applications are invited from graduates of
medicine or science for posts of

LECTURER

In the Department of Anatomy

The department possesses extensive facilities
for research, particularly in the fields of
endocrinology, reproductive physiology, neuro-
logy, comparative anatomy and radiobiology.
Ample time will be available for the person
appointed to undertake original work in a
field of his own choosing. Salary for medi-
cally qualified candidates in the scale of
£1,470 by £130 to £1,600 by £125 to £2,100:
£2,225 by £125 to £2,600 by £130 to £2,730:
for candidates without medical degrees in the
scale of £1,470 by £90 to £2,010 by £85 to
£2,180 by £90 to £2,270 to £2,360 by £90 to
£2,630, together with the F.S.S.U. participa-
tion.

Applications (three copies) which should
include a curriculum vitae, and name two
referees, should be sent by February 27,
1967, to the Assistant Registrar, Medical
School, Birmingham 15, from whom further
particulars may be obtained. Persons inter-
ested in this post are invited to visit the
Department of Anatomy. Arrangements may
be made by writing to the Assistant Registrar.
(12924)

**INSTITUTE OF CHILD HEALTH
University of London**

Applications are invited for the post of
LECTURER IN MORBID ANATOMY
now vacant. The holder of the post will
have routine duties in the Hospital for Sick
Children and will be expected to take part
in the research programme of the depart-
ment. Salary within the range for University
Clinical Lecturers. The initial salary accord-
ing to age and experience. Applications to
the Secretary, Institute of Child Health, 10
Guilford Street, London W.C.1. (13008)

UNIVERSITY OF BELFAST**UNIVERSITY TUTORSHIPS IN
PHYSIOLOGY**

The Senate of the Queen's University of
Belfast invites applications for two Univer-
sity Tutorships in Physiology from October
1, 1967. The salary scale is £1,470 by £115
(3) to £1,815 plus F.S.S.U. Initial placing
on this scale will depend on experience and
qualifications. Letters of application (one
copy), giving the names of two referees,
should reach the undersigned by February
24, 1967. Further particulars may be ob-
tained from G. R. Cowie, M.A., LL.B.,
J.F., Secretary to the University. (13086)

MEDICAL RESEARCH

A new appointment is now available as assistant to the Head of the Clinical
Bacteriology Department for a registered medical practitioner with an interest
in microbiology research.

As the research effort with Pfizer Limited has expanded considerably over
the past eight years (the Therapeutics Research Division's expenditure is
currently in excess of £1,000,000 p.a. and there are some 500 people, over
one third of whom are graduates, engaged on research into the provision of
new therapeutic agents) and continues to do so, the appointment offers
excellent career development prospects.

Applications, which will be treated in the strictest confidence, should be
addressed to:

**Personnel Manager of the Research Division,
PFIZER LIMITED,
Sandwich, Kent.**

(23580)

Smith & Nephew FELLOWSHIPS

Smith & Nephew Associated Companies Limited invite applications
for awards of six Fellowships in Surgery in 1968. The object of the
fellowships is to enable overseas graduates to pursue study or research
in surgery in the United Kingdom. Candidates should have had
at least two years' general clinical experience since registration and
should preferably have held residential hospital appointments in
surgery.

The awards will be of £1,200 sterling plus return fare to the United
Kingdom, and will be tenable for one year.

All arrangements for successful applicants to follow their chosen
studies will be made by the Company.

Applications, which will be considered by an appropriate panel, must
be received by 31st May, 1967, envelopes to be endorsed 'Fellowships'.

Application forms and further details may be obtained from

The Fellowships Administrator

**SMITH & NEPHEW ASSOCIATED COMPANIES
LIMITED**
Temple Place, Victoria Embankment
London, W.C.2

University and Research Appointments—contd.

BEIT MEMORIAL FELLOWSHIPS FOR MEDICAL RESEARCH

Notice is hereby given that an election of Junior Fellows to begin work on October 1 next will take place in May, 1967. Junior Fellowships have annual values of £1,300 to £1,800 per annum, plus yearly increments of £100 for three years. As a rule, superannuation benefits are provided, to which the successful candidate will be required to contribute 5% of the annual stipend and to which the Trust will make a contribution of 10%. Candidates must have taken a degree in a faculty of a university approved by the Trustees in Her Majesty's Dominions, Protectorates and Mandated Territories, India, Pakistan and the Republic of Ireland, or a medical diploma registrable in the United Kingdom. Elections to Junior Fellowships are rarely made above the age of 35 years.

Applications from candidates must be received not later than April 1. Candidates must submit evidence that they can be given accommodation in the departments where they propose to work, which must be in either Great Britain or Ireland.

Forms of application, and all information, may be obtained by letter only, addressed to Professor W. G. Spector, Beit Memorial Fellowships for Medical Research, Pathology Department, St. Bartholomew's Hospital, London E.C.1. For overseas candidates forms of application may be obtained from the Secretary, South African Medical Council, P.O. Box 205, Pretoria, South Africa; The Ministry of Health, The Government of India, New Delhi, India; The Government of East Pakistan, Eden Buildings, Ra-na, Dacca, East Pakistan; The Director, Commonwealth Office of Education, Box 3879, Sydney, Australia; The Department of Health, Wellington, New Zealand; and the Canadian Medical Association, 224, St. George Street, Toronto, Canada. (11406)

GEORGE HENRY LEWES STUDENTSHIP

Applications are invited for the George Henry Lewes Studentship to pursue original investigations in physiology. The student may be appointed from October 1, 1967, and is required to give his whole time to research work except such as, in the opinion of the trustees, does not interfere with his original enquiries.

Candidates should send (a) a statement of their qualifications, and their need of pecuniary help, (b) the subject of their proposed research, and (c) the name of one referee, to Professor Sir Bryan Medical Physiological Laboratory, Cambridge, by July 1, 1967. The student is expected normally to work in the Physiological Laboratory, Cambridge, though in exceptional conditions he may obtain permission to work elsewhere. Emolument depends on qualifications, up to a maximum of £900 a year. (H.4197)

KENNEDY INSTITUTE OF RHEUMATOLOGY. Senior Research Fellow to work in Division of Experimental Pathology. The successful applicant should hold a doctorate in medicine or science and extensive experience of biological research techniques. The research programme of this Division concerns experimental immune arthritis, the relationship between small blood vessels and connective tissues, and vascular and organ culture. Fully equipped modern laboratories are coming into operation for these purposes. The Fellowship is tenable for one year in the first instance extending to five years. The terms and conditions of the appointment are subject to negotiation, but approximate to those of university lecturer. Applications, with names of three referees, should be sent to the Secretary, Kennedy Institute, Bute Gardens, London W.6. (H.4229)

NORTHERN IRELAND HOSPITALS AUTHORITY Fellowships in Clinical Research

The Authority will be prepared to receive applications for two Fellowships in Clinical Research from suitably qualified graduates in medicine, dentistry, nursing, medical science.

Both Fellowships will be awarded for a period of one year in the first instance, but will be renewable annually up to a maximum of three years in all.

The scales applicable to the Fellowships will be:

(i) £1,590 by £130 to £1,850 per annum; or (ii) £2,040 by £130 to £2,300 per annum. Applications to be made on a form obtainable (with further particulars) from the Secretary, Northern Ireland Hospitals Authority, 25 Adelaide Street, Belfast 2, and to be returned not later than March 4, 1967. (H.4228)

THE UNIVERSITY OF LEEDS DEPARTMENT OF BACTERIOLOGY

Applications are invited from either medically qualified or non-medically qualified candidates for appointment as

LECTURER or ASSISTANT LECTURER

at a salary on the scale £1,580 to £2,700 (efficiency bar £2,260) for a medically qualified Lecturer or £1,400 to £1,470 for a medically qualified Assistant Lecturer or £1,470 to £2,630 (efficiency bar £2,270) for a non-medically qualified Lecturer or £1,105 to £1,340 for a non-medically qualified Assistant Lecturer. Initial appointment at any point on the scale. Applications (three copies), stating age, qualifications and experience, and naming three referees, should reach the Registrar, The University, Leeds 2 (from whom further particulars may be obtained), not later than February 20, 1967. (13006)

Proposed UNIVERSITY OF DUNDEE (Queen's College, Dundee) (University of St. Andrews)

LECTURESHIP OR ASSISTANTSHIP IN BACTERIOLOGY

Applications are invited from Medical Graduates for a LECTURESHIP or ASSISTANTSHIP in BACTERIOLOGY with effect from a date to be arranged. Duties include teaching of medical and dental students and participation in the diagnostic service of the Eastern Regional Hospital Board, to which Board an appropriate honorary appointment will be made.

Young medical graduates desiring training and experience in laboratory medicine, including bacteriology, virology and serology may apply for the Assistantship.

Salary scales (under review):
Lectureship: £1,400 to £2,700
Assistantship: £1,400 to £1,690
Starting salary according to qualifications and experience. F.S.S.U.; grant towards removal of household effects. Applications (eight copies), containing the names of three referees, to be lodged not later than March 3, 1967, with the Secretary, Queen's College, Dundee, from whom further particulars may be obtained. (13074)

THE UNIVERSITY OF LEEDS Department of Anatomy

Applications are invited for the post of

LECTURER

in the Department of Anatomy from October, 1967. Salary on the scale £1,900 to £2,750 (efficiency bar £2,510) for a medically qualified candidate or £1,470 to £2,630 (efficiency bar £2,270) for a non-medically qualified candidate. Initial appointment at any point on the scale. The successful candidate will be expected to combine teaching duties with research work. The department has its own electron microscope unit, and there are facilities for work on tissue culture and quantitative histochemistry. A medical qualification is not essential provided the candidate has adequate experience in histology and cell biology. Applications (three copies), stating age, qualifications and experience, and naming three referees, should reach the Registrar, The University, Leeds 2 (from whom further particulars may be obtained), not later than February 28, 1967. (13010)

ST. THOMAS'S HOSPITAL MEDICAL SCHOOL Department of Clinical Epidemiology and Social Medicine London S.E.1

Applications are invited for the post of Research Fellow in Surveillance in General Practice. The applicant should have experience either in general practice, or public health, or clinical research. The successful applicant will be responsible for the development of research into the application of methods of early disease detection and of surveillance in general practice. The appointment will be for two years in the first instance in the salary range of lecturer to senior lecturer according to experience. Applications should be sent to Dr. W. H. Holland by February 11. (H.4125)

UNIVERSITY OF EDINBURGH DEPARTMENTS OF MEDICINE AND THERAPEUTICS

Applications are invited for a **JOINT LECTURESHIP** in the departments of medicine and therapeutics. Applicants should have had some experience in haematology and will require to work full-time in the department of haematology. The work will involve mainly research and teaching duties. Salary scale £1,250 to £2,700 per annum (with placing at not less than £1,400), together with superannuation benefit. Placement on the scale will be according to qualifications and experience.

Further particulars may be obtained from the Secretary to the University, Old College, South Bridge, Edinburgh, with whom applications (six copies), giving the names of two referees, should be lodged not later than March 4, 1967. (12915)

UNIVERSITY OF GLASGOW

SENIOR LECTURESHIP IN ANAESTHETICS

Applications are invited for a Senior Lectureship in Anaesthetics at the Royal Infirmary. Salary according to placement on University scale for clinical teachers. The total salary attached to the post will be made up of half the salary on the appropriate University scale for clinical teachers and half the salary on the National Health Service scale appropriate to the successful candidate's grading.

Applications (12 copies) should be lodged, not later than March 10, 1967, with the undersigned, from whom further particulars may be obtained.—Robt. T. Hutcheson, Secretary of the University Court. (12152)

UNIVERSITY OF NEWCASTLE UPON TYNE AND UNITED NEWCASTLE UPON TYNE HOSPITALS

CHAIR OF ANAESTHESIA

Applications are invited for the Chair of Anaesthesia which has become vacant through the death of Professor A. E. Pask. The person appointed will be required to take up duty as soon as possible. The post will carry with it an honorary appointment of Consultant status in the teaching hospital group. Salary in accordance with the scale for clinical professors (£3,505 by £115 to £3,965 by £120 to £4,445).

Further particulars may be obtained from the undersigned, with whom applications (16 copies), giving the names of not more than three persons to whom reference may be made, must be lodged not later than Wednesday, March 15, 1967. (Applicants from outside the British Isles may submit one copy only.)—F. M. Bettenson, Registrar, University of Newcastle upon Tyne, Newcastle upon Tyne 1. (13084)

UNIVERSITY OF OXFORD

UNIVERSITY LECTURESHIP IN HUMAN ANATOMY

The university proposes to appoint a Lecturer in human anatomy, preferably with embryological interests at a stipend according to age in the scale £1,470 (under age 28) to £1,560 (at age 28) to £2,900 (at age 43 and over), with F.S.S.U.

The Lecturer will be required to lecture and engage in research and to co-operate in the teaching and administrative work of the department in both term and vacation under the direction of the head of the department.

Applications (five copies), including a statement of age, qualifications, teaching and research experience, and a list of publications, and giving the names of two referees, should be sent to Professor G. W. Harris, C.B.E., F.R.C.S., Department of Human Anatomy, South Parks Road, Oxford, not later than April 16, 1967. The Lecturer will be expected to take up office on October 1, 1967. (23693)

UNIVERSITY OF NEWCASTLE UPON TYNE

The Medical School and United Newcastle upon Tyne Hospitals Department of Psychological Medicine

Applications are invited from registered medical practitioners for the post of

FIRST ASSISTANT

in the joint department of psychological medicine, University of Newcastle upon Tyne and the Royal Victoria Infirmary. Candidates should have wide experience in clinical psychiatry and some experience in clinical research is desirable. They should hold a higher qualification in medicine or psychiatry.

The department is the regional centre for psychiatric training and the duties of the post will include undergraduate and post-graduate teaching. There are ample opportunities for research.

Salary within the range of £1,920 to £2,700 per annum (this scale is under review); initial salary according to age and qualifications. Membership of F.S.S.U. required. The appointment is for one year in the first instance, renewable up to a maximum of three years with £115 or £110 increment on each renewal. Further particulars may be obtained from the Registrar, The University of Newcastle upon Tyne, with whom applications (three copies), together with the names and addresses of three persons to whom reference may be made, should be lodged not later than February 24, 1967. (13182)

For further particulars apply Dean of Postgraduate Studies, Welsh National School of Medicine, 34 Newport Road, Cardiff. (13047)

UNIVERSITY OF EXETER
Postgraduate Medical Institute

A full-time postgraduate course lasting ten weeks will begin on April 19, 1967. These courses are held three times a year starting in October, January and April. Each course includes instruction in general medicine, paediatrics, preventive medicine, pathology, psychiatry, orthopaedics and general surgery. The programme is planned so that students wishing to specialize in a particular clinical subject are given facilities to do so, while other students receive teaching in each of the main clinical departments. Course fee £40. Unpaid clinical attachments can be arranged at the end of the course for students requiring longer periods of training. It is sometimes possible to accept general practitioners for one or two weeks of a course, and attendance for this period is recognized under section 48 of the N.H.S. Act (1946).

Further particulars and application forms for these courses are obtainable from the Director, the Postgraduate Medical Institute, The University, Exeter, Devon. (12170)

APPOINTMENTS

Applicants should state name, address, age, nationality, and qualifications, and enclose (unless otherwise specified) one copy of each of three recent testimonials, with a short statement of experience and appointments held. Applications should be sent at once if no closing date is given. Canvassing disqualifies (Statutory Instrument, 1966, No. 569).

SALARY SCALES OF HOSPITAL MEDICAL STAFF

Following the Seventh Report of the Review Body, new salary scales have been approved. These came into force on October 1, 1966. The scales are set out below:

HOUSE OFFICERS: Each post in this grade shall be tenable for six months. £1,100 per annum for the posts held during the first year; £1,200 per annum for posts held during the second year; £1,300 per annum for posts held during the third and subsequent years, subject to full registration.

Deductions of £150 per annum in respect of lodging only for voluntary residence. (No deductions for lodging will be made for compulsory residence.)

SENIOR HOUSE OFFICERS: £1,450 per annum in the first year; £1,550 per annum in the second year; £1,650 per annum in the third or subsequent years.

Deductions of £175 per annum in respect of lodging only for voluntary residence. (No deductions for lodging will be made for compulsory residence.)

REGISTRARS: £1,650 per annum, rising by four annual increments of £100 to £2,050.

Deductions of £175 per annum for those with remuneration at the first two points on the scale, and £200 per annum for those on the third and subsequent points will be made in respect of lodging only for voluntary residence. (No deductions for lodging will be made for compulsory residence.)

On assimilation to the scale for Registrars, one increment and one only shall be given for any year or part of a year in excess of two spent previously in the senior house officer grade.

Allowances at rates up to £140 per annum shall be payable to house officers, senior house officers and registrars occupying posts approved for such allowances in peripheral hospitals.

SENIOR REGISTRARS: £1,950 per annum rising by one increment of £100 and four further annual increments of £125 to £2,550.

Deductions of £225 per annum in respect of lodging only for voluntary residence. (No deductions for lodging will be made for compulsory residence.)

On assimilation to the salary scale for senior registrars, increments to a maximum of two shall be given for each year or part of a year in excess of three spent previously in the registrar grade.

MEDICAL ASSISTANTS: £1,850 per annum rising by fourteen annual increments of £100 to £3,250.

Deductions of £225 per annum in respect of lodging only for voluntary residence. (No deductions for lodging will be made for compulsory residence.)

CONSULTANTS: £3,200 per annum rising by five annual increments of £185, and then by four further increments of £190 to £4,885.

Deductions of £350 per annum in respect of lodging only for voluntary residence. (No deductions for lodging will be made for compulsory residence.)

All National Health Service hospital appointments are in accordance with the Terms and Conditions of Service of Hospital Medical Staff. Memoranda on the following subjects of particular interest have been issued by the Ministry of Health: Standard of Residential Accommodation, Telephone Charges, Removal Allowances, Study Leave.

Further details may be obtained from the Hospital Secretary, or summaries of the Memoranda may be obtained from the Secretary, British Medical Association. (February, 1967)

Applications are invited for appointment to a Senior Registrar vacancy in psychiatry. This post is included in a training scheme

designed to provide a comprehensive training in all aspects of psychiatry; it also provides for study for higher qualifications and/or selected works of research. The post provides for basic duties (approximately five sessions per week acute psychiatry) at the General Infirmary at Leeds, Department of Psychiatry, University of Leeds, and at selected regional hospitals, subject to satisfactory annual reports, and will be tenable for three to five years.

Candidates must possess the D.P.M. Further details are available on request.

Application forms may be obtained from the Secretary, Joint Registrars Committee, Park Parade, Harrogate, to whom they should be returned by February 13, 1967. (23504)

SOUTH-WESTERN REGIONAL HOSPITAL BOARD**Plymouth Clinical Area**

Applications are invited for the appointment of a

SENIOR PSYCHIATRIC REGISTRAR

based on Moorhaven Hospital, Ivybridge, South Devon.

The appointment will be held for one year in the first instance and will then be subject to review.

The post is designated non-resident but a good modern house is available at a very reasonable rental. The hospital (761 beds) has over 1,000 admissions a year and medical staff of 14.

A comprehensive mental health service is in operation and experience can be gained in all branches of in-patient and out-patient psychiatry (including neurology, child guidance and E.E.G. work). The out-patient service is based on the Plymouth General Hospital and the Plymouth Nuffield Community Mental Health Centre. The 1966 Annual Report, which gives full particulars of the service, can be obtained from the Physician Superintendent, Moorhaven Hospital.

Applications by letter, stating date of birth, qualifications and experience, together with the names and addresses of two referees, should be sent to the Secretary of the Regional Hospital Board, 27 Tyndalls Park Road, Bristol 8, not later than February 10, 1967. Selected candidates will be interviewed on February 22, 1967. (H.4221)

UNITED CAMBRIDGE HOSPITALS AND THE EAST ANGLIAN REGIONAL HOSPITAL BOARD

Applications are invited for the post of

SENIOR REGISTRAR

A joint appointment in the combined psychiatric service. Duties include in-patient and out-patient work at both Addenbrooke's and Fulbourn hospitals. There are facilities for research. The successful applicant will be required to take part in training programmes.

Further information obtainable from the House Governor, Addenbrooke's Hospital, Trumpington Street, Cambridge, to whom applications should be made by February 14, 1967. (23540)

CRICHTON ROYAL HOSPITAL**Dumfries (1,160 beds)**

Applications are invited for the post of

REGISTRAR

in child psychiatry at the above hospital. The department of child psychiatry consists of in-patient units totalling 62 beds and out-patient clinics covering the South of Scotland, and offers every facility for training and research in this branch of psychiatry. Accommodation available for either single or married person. Applications, giving particulars of age, qualifications, and previous experience, together with names of three referees, to the Physician Superintendent, within 14 days. (H.4205)

GENERAL HOSPITAL**Rochford, Essex****LOCUM REGISTRAR IN PSYCHIATRY**

required from February 15 to 29, 1967, inclusive. Post resident.

Applications should be sent to the Secretary at the above hospital as soon as possible. (H.4106)

HARPERBURY HOSPITAL**REGISTRAR**

required at Harperbury Hospital, Harper Lane near St. Albans, Herts (1,661 beds). The post is for a D.P.M. The D.P.M. provides experience in the diagnosis, care, and treatment of all grades and clinical types of mental subnormality in all age groups. Facilities include special units for cerebral and psychopathic patients and a new centre for research and diagnosis. Application forms available from the Group Secretary, at the above address, to be returned by February 25, 1967. (13143)

LEEDS REGIONAL HOSPITAL BOARD

Applications invited for the post of

REGISTRAR IN PSYCHIATRY**Clifton Hospital (968 beds)**

situated two miles from the centre of the University city of York.

Facilities are available for study for the D.P.M. course at the University of Leeds.

Resident or non-resident.

Applications, stating age, qualifications, and details of present and previous appointments (with dates), together with the names and addresses of three referees, to the Secretary, Joint Registrars Committee, Park Parade, Harrogate, by February 9, 1967. (23646)

N.E. METROPOLITAN REGIONAL HOSPITAL BOARD**Princess Alexandra Hospital, Harlow****REGISTRAR IN PSYCHIATRY**

required for acute psychiatric unit opening at this new district general hospital. Appointment is for one year in the first instance, renewable subject to satisfactory service. Married or single accommodation may be available.

The unit contains 30 beds and accommodation for day and out-patients.

Harlow is a new town, with good sports and social facilities, within easy access of London.

Application forms from the Group Secretary, Harlow Group H.M.C., Group Offices, Hamstel Road, Harlow, Essex, to be returned by February 20, 1967. (23574)

LIVERPOOL REGIONAL HOSPITAL BOARD

(a) Walton Hospital (1,048 beds (one post))
(b) Sefton General Hospital (843 beds (one post))

Applications are invited for the two posts of

REGISTRAR IN PSYCHIATRY

with duties at the above hospitals.

Post (a) is in a large general hospital with 54 beds in the psychiatric unit, mainly for short stay admission cases. There is close liaison with the regional neurological unit at the hospital. Training in research is given, and opportunities exist for undertaking research projects.

Post (b) is at Sefton General Hospital, which has a psychiatric unit of 218 beds for the treatment of neurosis and acute psychoses. Instruction is given to medical students in this unit.

Both posts, which are available immediately, are recognized for the D.P.M., and adequate time will be made available for the successful candidates to study and attend the D.P.M. course at the Universities of Liverpool and Manchester.

Applications, together with further information from Dr. R. Glyn Thomas, Senior Administrative Medical Officer, Liverpool Regional Hospital Board, 55 Castle Street, Liverpool 2. Applications to be returned not later than February 16, 1967.—Vincent College Secretary to the Board. (13122)

NORTH-EAST METROPOLITAN REGIONAL HOSPITAL BOARD**Runwell Hospital, Near Wickford, Essex****(1,052 beds)****PSYCHIATRIC REGISTRAR**

This well-known and research-orientated hospital with several departments of neuropathology, biochemistry, clinical neurophysiology and psychology, and within easy reach of London, offers unusually good facilities to those preparing for the D.P.M., and higher medical qualifications. There is an excellent medical library. Furnished accommodation available for single persons. The successful candidate may be required to participate in a rotation scheme between Runwell and the psychiatric unit at Richmond General Hospital. The appointment will be for one year, renewable.

Application forms from Secretary, Runwell Hospital, to be returned by February 18, 1967. (13144)

NORTH-WEST METROPOLITAN REGIONAL HOSPITAL BOARD**REGISTRAR IN PSYCHIATRY**

(resident or non-resident) required at Fairfield Hospital (Psychiatric), Stottford, Hitchin, Herts (1,313 beds). Out-patient clinics held at Stevenage out-patient centre. Facilities for research work and for attendance at D.P.M. and other courses in London. Salary subject to additional £67 per annum peripheral allowance. Hospital may be visited by direct appointment and application forms obtainable from and returnable to the Medical Superintendent, Fairfield Hospital, Stottford, Hitchin, Herts, by February 14, 1967. (12843)

OXFORD REGIONAL HOSPITAL BOARD**REGISTRAR**

to the Aylesbury/High Wycombe area department of psychiatry, with duties mainly at St. John's Hospital (Psychiatric, 800 beds), Stone, Aylesbury.

The post offers full facilities for training in psychiatry. The hospital has postgraduate students from the Maudsley Hospital and candidates for the D.P.M. are enabled to attend Maudsley lectures. The hospital includes a modern admission unit for disturbed patients, an industrial rehabilitation unit and a day hospital. A unit in a general hospital will be opened next year. Research and teaching carried out. Married or single accommodation available.

Applications (two copies), on forms obtainable from the Secretary, Registrars' Committee, Oxford Regional Hospital Board, Old Road, Headington, Oxford, to reach him on February 13, 1967, quoting reference 17/11/14/235A. (23575)

SHEFFIELD REGIONAL HOSPITAL BOARD**Mapperton Hospital, Nottingham (835 beds)****WHOLE-TIME NON-RESIDENT REGISTRAR (Psychiatry)**

Hospital serves Nottingham and adjacent urban districts. Opportunity for experience in associated community mental health services, children's in-patient unit and day hospital. Free study facilities with travelling expenses for D.P.M. at Sheffield University. Previous experience in psychiatry not essential. Applications would be acceptable from candidates, not sufficiently qualified, for alternative S.H.O. appointment. Appointment for one year in first instance. Apply to Secretary, Sheffield Regional Hospital Board, Old Fulwood Road, Sheffield, by February 13, 1967, giving age, nationality, qualifications, present and previous appointments (with dates), naming three referees. (23684)

Reasonable time is allowed for study. Applications to Hospital Secretary, Greenock Royal Infirmary, Duncan Street, Greenock, Renfrewshire, as soon as possible. (13023)

objective evidence proves that cyclospasmol[®] is also of value in the treatment of cerebrovascular disease

Radio circulography

A double blind trial was conducted with 40 patients selected at random, who had cerebrovascular disturbances of varying severity. The patients were treated with 800 mg. Cyclospasmol daily for 3 weeks. Emission from radio-isotopes circulating in the cerebrovascular system was measured, and the radio-circulograms obtained demonstrated blood transit time in the arterial, capillary and venous phases. Comparison of radio-circulograms before and after treatment showed that Cyclospasmol produced a decrease in blood transit time. Functional analysis

of the radio-circulograms suggested that Cyclospasmol acts predominantly in the arteriolar and capillary areas. These objective results correlated well with the clinical improvement demonstrated by the patients. Cyclospasmol was shown to have a positive therapeutic effect by improving cerebral blood flow in mild to moderate cases of cerebrovascular insufficiency. It was well-tolerated, and particularly effective in the prophylactic long term treatment of cerebrovascular accidents.

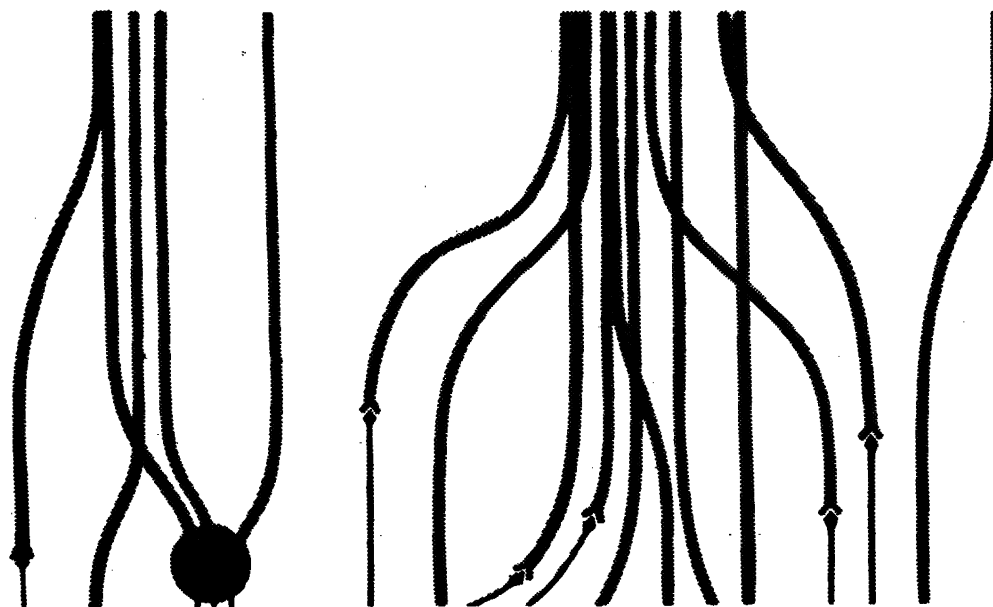

Further details of this trial available on request.

Dosage: 200 mg. q.d.s. which may be reduced to 200 mg. b.d. when maximum therapeutic benefit has been reached.

Brocades|Great Britain|Ltd., Trend House, Pyrford Road, West Byfleet, Surrey.

SYNADRIN[®] in angina pectoris

treats the patient rather than his attack

Synadrin reduces the incidence of anginal attacks during long-term treatment. Its effectiveness is shown by a number of double-blind studies;¹⁻⁷ it is indicated in all forms of ischaemic heart disease.⁸⁻¹⁰ Synadrin acts by producing a prolonged improvement in the coronary blood supply. Synadrin tablets contain 15 mg. prenylamine lactate. Treatment is initiated with a dose of two tablets three times a day.

Neulactil

During the last eighteen months psychiatrists have been evaluating the properties of 'Neulactil' * brand pericyazine in the management of a wide variety of mental and emotional disorders. From their reports it has become clear that this new M&B phenothiazine derivative, in addition to possessing a useful anxiolytic effect, is a powerful inhibitor of aggression and impulsiveness in modifying disturbed behaviour. Moreover, 'Neulactil' has been found effective at modest dosage levels which rarely give rise to the unwanted effects which sometimes characterize the use of other

therapeutic regimens. Since many of the more severe anxiety and tension states and behaviour disorders are first diagnosed and often treated solely by the general practitioner, it is likely that 'Neulactil' will find valuable application in general practice.

Health Department
PRINCIPAL SENIOR MEDICAL OFFICER**

Applications are invited from registered medical practitioners holding the Diploma in Public Health for this whole-time post in the combined Health, Welfare, and School Health Department. Duties will be mixed, and include responsibility for the administration of the School Health Service. An opportunity will also be given for the successful candidate to engage in research projects and to become acquainted with all aspects of the County Council's health and welfare services. The salary will be on scale £2,985 to £3,435 per annum, the commencing point being dependent on previous salary, experience, and additional qualifications. A motor car allowance will be paid.

Application forms, which must be returned by February 13, 1967, and further particulars, from the County Medical Officer, County Hall, Durham.—J. T. Brockbank, Clerk of the County Council. (23172)

**COUNTY OF LINCOLN—PARTS OF
KESTEVEN
APPOINTMENT OF ASSISTANT COUNTY
MEDICAL OFFICER AND MEDICAL
OFFICER**

Applications are invited from registered medical practitioners holding a Diploma in Public Health for the appointment of Assistant County Medical Officer and Medical Officer of Health for the Rural Districts of Kesteven and North Kesteven and the Urban District of St. Leonards. The inclusive salary will be £2,254 7s. 6d. rising by annual increments to £2,818 15s. Commencing salary according to experience. The appointment will be superannuable. Travelling allowance according to scale.

Application forms, together with terms and conditions of appointment, can be obtained from the undersigned, and should be returned by February 27, 1967. Candidates either directly or indirectly will disqualify.—J. E. Blow, Clerk of the County Council, County Offices, St. Leonards, Lincs. (23690)

**COUNTY OF SALOP
MIXED APPOINTMENT MEDICAL
OFFICER OF HEALTH
of Ellesmere Urban and Rural, Wem Urban
and Rural and Whitechurch Urban Districts
and
ASSISTANT MEDICAL OFFICER OF
HEALTH**

The Salop County Council and the Councils of the above-named county districts, the latter having a population of about 31,000, invite applications for the appointment of District Medical Officer of Health and Assistant Medical Officer of Health of the County Council. On April 1, 1967, under the terms of the Salop (No. 2) Order, 1966, the above-named county districts will be amalgamated to form the North Shropshire Rural District Council. The appointment of service will be 8/11ths to the county council and 3/11ths to the county district council. The salary payable will be within the "mixed appointments" scale and will be £1,967 rising to £2,554 (county council duties £1,205 to £1,694 and district council duties £762 to £860) in accordance with the awards of the Industrial Court; the commencing salary will be according to experience and qualifications. The officer appointed will be required to provide a car. Travelling and subsistence allowances will be paid in accordance with the county council scales. For a limited period a separation or disturbance allowance may, in appropriate cases, be paid.

Forms of application and copies of further particulars and conditions of service may be obtained from the undersigned. Applications to be submitted not later than February 25, 1967.—W. N. P. Jones, Clerk of the County Council, The Shirehall, Abbey Foregate, Shrewsbury. (23738)

**DEPUTY
BOROUGH MEDICAL
OFFICER**

Applications should be made on forms obtainable from the Medical Officer of Health, 17/23 Clements Road, Ilford, Essex, for return not later than February 27, 1967. (23739)

**ROYAL COUNTY OF BERKSHIRE
MEDICAL OFFICER AND SCHOOL
MEDICAL OFFICER**

Applications are invited from registered medical practitioners for the part-time appointment of Medical Officer and School Medical Officer in North Berks (to work mainly in the Abingdon/Didcot area). The successful candidate will be required to work three days a week during term time and one day a week for the remainder of the year—this is the equivalent of a half-time appointment. The D.C.H. or D.C.H. will be an advantage. Salary pro rata to the scale £1,515 to £2,130 per annum, according to qualifications and experience.

Further particulars and form of application obtainable from the County Medical Officer, 10 Abbot's Walk, Reading.—E. R. Davies, Clerk of the Council. (3118)

grammes with Educational Director, includ-

ing research. Florida's cultural and recrea-

tional centre. Stipend \$5,700 to \$6,300 with

laundried uniforms, meals, hospitalization.

Apply Chief Pathology, Orange Memorial

Hospital, Orlando, Florida. (H.3919)

COMMERCIAL APPOINTMENTS

**PA ADVERTISING LIMITED****MEDICAL
ADVISER****ETHICAL
PHARMACEUTICALS**

**Salary + Benefits
£5,000**

Medical Advisers in the pharmaceutical industry play a responsible and varied role. They use their professional knowledge in the organization of clinical trials on ethical pharmaceutical products and in carrying out human pharmacological studies and preparing clinical data for submission to the Dunlop and McGregor Committees. They also advise the company on medical matters and ensure that literature relating to the company's products is medically accurate. They provide an advisory service both to hospitals and to general practitioners and take part in the training of the company's representatives. From time to time they have the opportunity of lecturing in their specialized field to the medical profession in general.

A vacancy exists for a medical practitioner interested in this type of work in a leading British company, whose well-established medical department offers a greater variety of interests than most. Although no previous experience in the pharmaceutical industry is necessary, this would be an advantage; as would fluency in one or more European language, since travel is inherent in the post. The age range is 25 to 35.

The successful candidate will be expected to have good academic qualifications and adopt a scientific approach to medicine. He must be of sufficient personal stature to associate with consultants and other senior members of the profession.

The basic salary is around £3,250, but a car and generous profit sharing, life assurance and pension provisions could bring the real worth of the job up to nearly £5,000.

Candidates should send comprehensive career details (which must not refer to previous correspondence with P.A.) quoting 0058/BMJ to:

P.A. Advertising Limited, 192 Sloane Street, London S.W.1.

Replies will be forwarded direct and unopened to the client unless addressed to our Security Manager listing companies to which they may not be sent. Strictest confidence is assured. (12839)

Oversea—contd.

INTERNSHIPS AVAILABLE: ONE YEAR rotating, approved. Apartments available for married interns with families. Must hold an E.C.F.M.G. certificate, a State licence or be a graduate of an American medical school. Extensive educational programme of ward rounds, bedside teaching, weekly departmental conferences and lectures weekly, designed especially for House Officers. Affiliation with New York Medical College. Two weeks paid vacation. Stipend \$4,500 per year. Please write Director of Medical Education, Lutheran Medical Center, 4520 Fourth Avenue, Brooklyn, New York 11220. (H.4145)

QUALIFIED DIAGNOSTIC RADIOLOGIST to assist complement of four Radiologists. Appointment July 1, 1967. Modern department expanding to double present facilities, including completely equipped special procedures room, eight general diagnostic rooms, three up-to-date image amplification units, well-equipped urographic and orthopaedic departments. Inquiries to the Director, Department of Radiology, The Moncton Hospital, Moncton, N.B., Canada. (H.4208)

QUALIFIED PATHOLOGIST REQUIRED immediately for 115 bed new regional hospital with Consultant services available to two other hospitals in the surrounding area comprising an additional total to 125 beds. Apply in writing, giving qualifications, experience, including references, to: Administrator, Highland View Hospital, Amherst, Nova Scotia. Salary range \$20,000 to \$24,000. (H.4260)

UNIVERSITY OF SYDNEY

LECTURESHIP/SENIOR LECTURESHIP IN
PSYCHOLOGY

Applications are invited for the above-mentioned post.

The department of psychology provides undergraduate courses for Pass and Honours students in Arts and Science, postgraduate training at the Master's and Doctoral levels, and a postgraduate diploma course in clinical psychology. Areas of active research in the department at present include psychometrics, learning, motivation, social psychology (including cross-cultural studies), perception, and the biochemistry of behaviour. Applicants may be qualified in any branch of psychology.

Salary for a Lecturer is within the range \$A4,800 by \$220 to \$6,340 per annum, and for a Senior Lecturer within the range \$A6,600 by \$200 to \$7,600 per annum.

Information concerning superannuation, housing scheme, sabbatical leave, etc., and method of application is obtainable from the Association of Commonwealth Universities (Branch Office), Marlborough House, Pall Mall, London S.W.1.

Applications close in Australia and London on March 20, 1967. (13096)

INTERNSHIPS/RESIDENCIES

Live, study and continue your medical education at a 361-bed acute general hospital in the heart of New York City—the cultural centre of the United States.

Fully approved rotating, straight medical and straight obstetrics/gynaecology internships available July 1, 1967. Annual stipend \$4,500. E.C.F.M.G. required.

Fully approved residencies available July 1, 1967, in: internal medicine (three years), general surgery (four years), obstetrics/gynaecology (three years), anaesthesiology (two years), paediatrics (two years), ophthalmology (three years), otolaryngology (three years) and pathology (three years). Annual stipend \$5,100 to \$6,300. E.C.F.M.G. required.

TASMANIA - AUSTRALIA

MERSEY GENERAL HOSPITAL

FULL-TIME
PHYSICIAN

Applications are invited from fully qualified Medical Practitioners, registrable in Tasmania, for appointment to the above position. Applicants must be in possession of M.R.C.P. or equivalent. The hospital was built in 1961 and there are 42 beds in the Medical Division.

Salary range—from \$A7,838 to \$A9,134 by annual increments, the starting salary being commensurate with years of experience in the specialty.

A mileage allowance, for all mileage covered on official duty, will be paid.

Leave—28 days annual leave. Long service leave after 10 years' service. Cumulative sick leave to a maximum of 90 days.

A basically furnished house is available at low rental.

Details of travel to Australia and further general information are available from The Agent General for Tasmania, 458/9 Strand, London, W.C.2.

Further particulars of the appointment are available from the Superintendent, Mersey General Hospital, P.O. Box 41, Latrobe, Tasmania, to whom applications should be forwarded.

E. C. Dunphy, Secretary.

Geigy

J. R. Geigy S.A.,
Basle
Switzerland

Medical Abstractors

A number of medical abstractors—not over the age of 40—are required, to work in BASLE, SWITZERLAND, to assist in the abstracting and compilation in English of worldwide medical and scientific data relating to Geigy pharmaceutical products.

A basic knowledge of medicine or a degree in a medical or biological science is essential and an interest in the use of computers in the solution of the scientific problems of therapeutic research is also desirable. Candidates must have a good reading knowledge of one or more foreign languages. In all cases they must possess, or be willing to acquire, a working knowledge of German.

Careful introductory training into this challenging field of work will be given and medical staff is available in an advisory capacity. The latest aids to data processing form an integral part of the system.

Conditions of service are in keeping with the Company's international reputation and generous assistance with expenses associated with re-location in Switzerland will be offered in appropriate cases.

Applicants should write, enclosing initially brief personal details to:

Medical Director,
Geigy (U.K.) Limited,
Pharmaceutical Division,
Roundthorn Estate,
Wythenshawe, Manchester, 23.

Overseas—contd.

Nulacin and only Nulacin provides intragastric milk-alkali drip therapy for the ambulant patient

"In view of the ineffectiveness of most of the tableted antacids, the milk-alkali tablet (Nulacin) would appear to be the antacid of choice for ambulatory therapy."

Safe, Simple, Effective

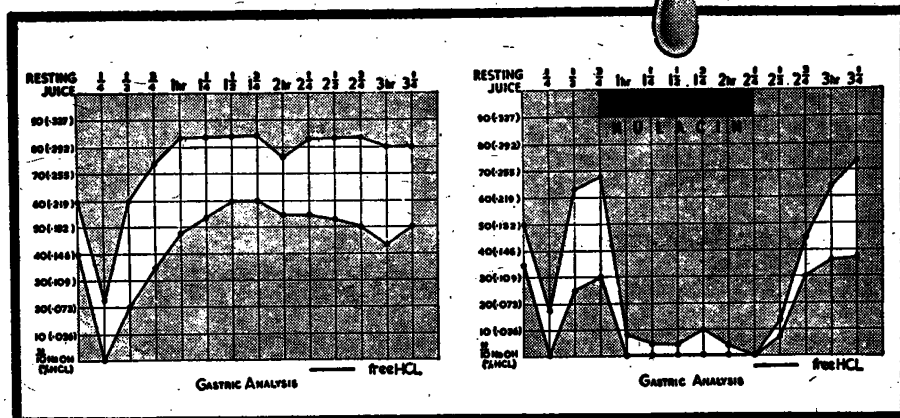

NULACIN TABLETS provide a safe, simple and effective treatment of peptic ulcer.

In treating peptic ulcer a Ryle's tube may be passed through the nose and into the oesophagus and a mixture of milk and antacid allowed to flow continuously over the affected area. This form of therapy can only be employed in those patients who are in bed and for the ambulant patient Nulacin tablets are preferable. Nulacin tablets are prepared from whole milk combined with dextrans and maltose, together with the trisilicate, oxide and carbonate of magnesium and calcium carbonate. Nulacin tablets when allowed to dissolve slowly in the mouth provide milk-alkali drip therapy. In fact, Nulacin tablets have revolutionized the treatment of peptic ulcer.
