

Cardiovascular Research

**The contents of the first issue,
January 1967, are set out below**

Editorial

Effects of Increasing Frequency of Contraction on the Force Velocity Relation of Left Ventricle: James W. Covell, John Ross, Jr., Roger Taylor, Edmund H. Sonnenblick, and Eugene Braunwald

Blood Pressure and Flow in the Ascending Aorta of Conscious Dogs: M. I. M. Noble, I. T. Gabe, D. Trenchard, and A. Guz

Effect of Changes in Ventricular Rate on Cardiac Output and Central Pressures at Rest and During Exercise in Patients with Artificial Pacemakers: Sture Bevegård, Bengt Jonsson, Ingvar Karlöf, Hans Lagergren, and Edgar Sowton

Effect of Propranolol on Arrhythmias following Coronary Artery Occlusion in Dogs: R. G. Shanks and D. Dunlop

Vascular and Lymphatic Absorption of Radioactive Albumin from the Lungs: W. J. Gillespie and G. de J. Lee

Cardiovascular Effects Produced in Cats by the Chronic Administration of Small Doses of Reserpine: P. Withrington and Eleanor Zaimis

Inhibition of Adenosine-induced Coronary Vasodilatation: Winifred G. Nayler, Jocelyn M. Price, and T. E. Lowe

Inhibition of Renin Release by Vasopressin and Angiotensin: Ruben D. Bunag, Irvine H. Page, and James W. McCubbin

Medial Thickness of Pulmonary Trunk in Rats with Cor Pulmonale induced by Ingestion of *Crotalaria spectabilis* Seeds: Donald Heath and J. M. Kay

Central and Peripheral Cardiovascular Changes Following Chemical Stimulation of the Surface of the Dog's Heart: D. H. Bergel and G. S. Makin

Pressure Wave Transmission in the Human Pulmonary Circulation: Colin G. Caro, G. Kent Harrison, and Piero Mognoni

This new journal is published in association with the British Cardiac Society. Cardiovascular Research is mainly for the publication of basic research. The range of subjects covered by the journal includes physiological, pathological, pharmacological, biochemical, hæmodynamic, surgical, and similar advances in the study of the heart and circulation. The January issue has now been published and subsequent issues will appear quarterly in April, July and October.

**when a powerful
analgesic
is indicated**

DF118

**subdues severe pain
but leaves
the patient alert**

The action of DF 118, dihydrocodeine bitartrate, is almost purely analgesic ; it has no sedative or hypnotic properties. It is indicated in all painful conditions where an alert patient is desired and simple analgesics have proved inadequate, viz.

Sciatica and other neuralgias
Osteoarthritis
Chronic rheumatoid arthritis
Arthritis of the spine
Peripheral vascular disease
Paget's disease
Malignant disease

Triogesic

WANDER

One capsule in the early evening allows the patient to relax in the leisure hours - sleep naturally - and face up to the difficulties of the day

Equipose is not a barbiturate, neither is it a hypnotic. It is a psycho-relaxant with a calming action which is precise and localized. Equipose acts almost exclusively on the hypothalamus where the basic emotions of fear, anger and agitation are mediated. There is little or no 'drug trespass' into the cerebral or spinal cord areas.

This explains why treatment with Equipose is free from euphoria and habituation,^{1,2} withdrawal reactions,² and drug-induced depression³

Equipose is rapidly active, and a single dose is effective for up to 12 hours.

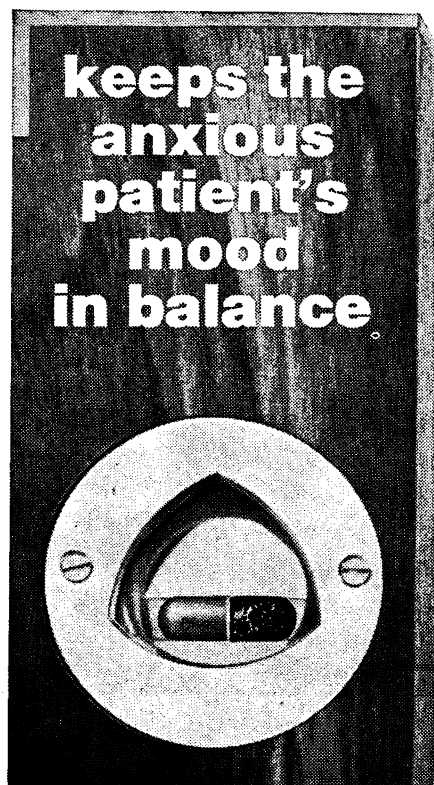

Full information is available on request.

Equipose* the psycho-relaxant

1967 CURRENT THERAPY

The 1967 issue of the annual *Current Therapy* volume gives you the surest, most effective treatment known to medical science today for every disease you are likely to encounter. New and important changes in treatment for hundreds of diseases are detailed—diseases you may well be called on to treat within the year.

Each article is written specifically for *Current Therapy*, by an authority who is successfully using a particular method of treatment for a specific disease or disorder. These men lay out, in concise, quickly understandable language their highly effective methods. Information is **not extracted from the literature, is not experimental, and is not prejudiced** in favour of any special drug or method.

The sole criterion for any and every method of treatment given is that it is the most effective method in use today—completely irrespective of whether it is a new method, or one ages old.

Out of a total of 293 articles in the 1967 *Current Therapy*, 223 have been replaced or substantially modified. Here are just a few of the important revisions in this latest volume:

Zyloprim in Treatment of Hyperuricemia and Gout
Modern Therapy for Multiple Sclerosis
Active Immunization against Mumps
Antienzymes in Therapy for Pancreatitis
Management of the "Dumping Syndrome"
Gold Leaf in Treating Decubitus Ulcers
Antimetabolites in Therapy for Psoriasis

Use of Heparin in Acute Pulmonary Embolism
Treatment of Non-suppurative Otitis Media
Antibiotics in Rx of Cholera
Newer Agents in Rheumatoid Arthritis
Latest Therapy for Cystinuria
Modern Treatment of Hypercalcemia
Recently Developed Agents for Drug Resistant Malaria

By HOWARD F. CONN, M.D.

msd research discovers the diuretics...

...YOU HAVE THE CHOICE

'Saluric' and 'HydroSaluric'

when a plain thiazide is required

In the long-term oral treatment of oedema, 'Saluric' and 'HydroSaluric' hold notable records of effectiveness and reliability. Acting smoothly and predictably, these standard thiazides have been prescribed with confidence in hospital and general practice for a number of years.

'HydroSaluric' - K

when a potassium supplement is indicated

'HydroSaluric' - K provides smooth, predictable diuresis and also a measure of insurance against hypopotassaemia—of particular importance where the diet may be inadequate, or where the patient is on digitalis therapy.

'Edecrin' the most recent advance in diuretic therapy

when a more potent diuretic is required

The most recent discovery is 'Edecrin', representing an entirely new class of oral diuretic. 'Edecrin' often produces a diuresis in patients refractory to all other diuretics, and in some cases has been life-saving.

'In most cases the increased potency of ethacrynic acid ['Edecrin'] was reflected in a response from previously resistant patients or by a better response without troublesome side-effects.' *Brit.med.J.*, 1965, 2, 732 (25 Sep)

'Lyovac Saluric' and 'Lyovac Edecrin'

for intravenous use in emergencies

Presentations 'Saluric' as tablets containing 0.5 G chlorothiazide BP; 'Lyovac Saluric' in vials containing 0.5 G sterile chlorothiazide (as the sodium salt); 'HydroSaluric' as tablets containing 25 mg and 50 mg hydrochlorothiazide BP; 'HydroSaluric' - K as tablets containing 25 mg hydrochlorothiazide BP and 572 mg potassium chloride; 'Edecrin' as tablets containing 50 mg ethacrynic acid; 'Lyovac Edecrin' in vials containing sodium ethacrynate equivalent to 50 mg ethacrynic acid.

Detailed information on any MSD diuretic is available to physicians on request. 'Saluric', 'HydroSaluric', 'Edecrin' and 'Lyovac' are registered trademarks.

*trade mark

With a once-daily dosage of only 150 mg. ferrous sulphate, 'Feospan' can produce a rise in haemoglobin level of up to one per cent. or more a day. Low dosage once a day and minimal release of iron in the stomach make side effects unlikely to occur. So it's easy to understand why patients—and their doctors—so seldom abandon 'Feospan' therapy.

Allergic conditions

*call for the proven antihistamine—
rapidly effective without
serious side effects.*

Of the many antihistamine compounds available today, Daneral is exceptional for its effectiveness and rapidity of action. The effect lasts six to seven hours so that, usually, tablets need to be taken only once or twice daily. Daneral is exceptionally well tolerated.

Indications: Clinical trials have established the effectiveness of Daneral in most allergic conditions. In *hay fever* and *vaso-motor rhinitis* Daneral is especially effective. In *dermatology* it is used in *urticaria* and *pruritus*.

The standard antihistamine in all allergic conditions—Daneral

What's in it for you?

The greatest overall activity against the respiratory organisms, including *Mycoplasma pneumoniae*. This organism, totally insensitive to all penicillins³, is now suggested to be responsible for over 20% of acute respiratory illness.^{1,2}

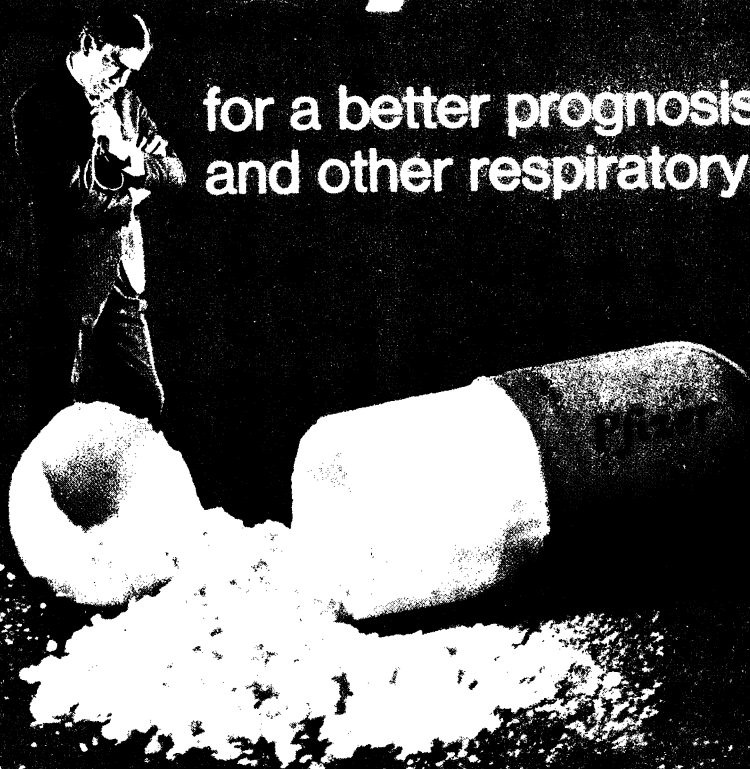

The capacity to clear purulent sputum quickly, even when previous therapy has failed.⁴

Shorter exacerbations,⁵ resulting in a decisive check on progressive lung-tissue damage.

Choice of two equally dependable dosage regimens—one capsule four times daily or two capsules twice daily.

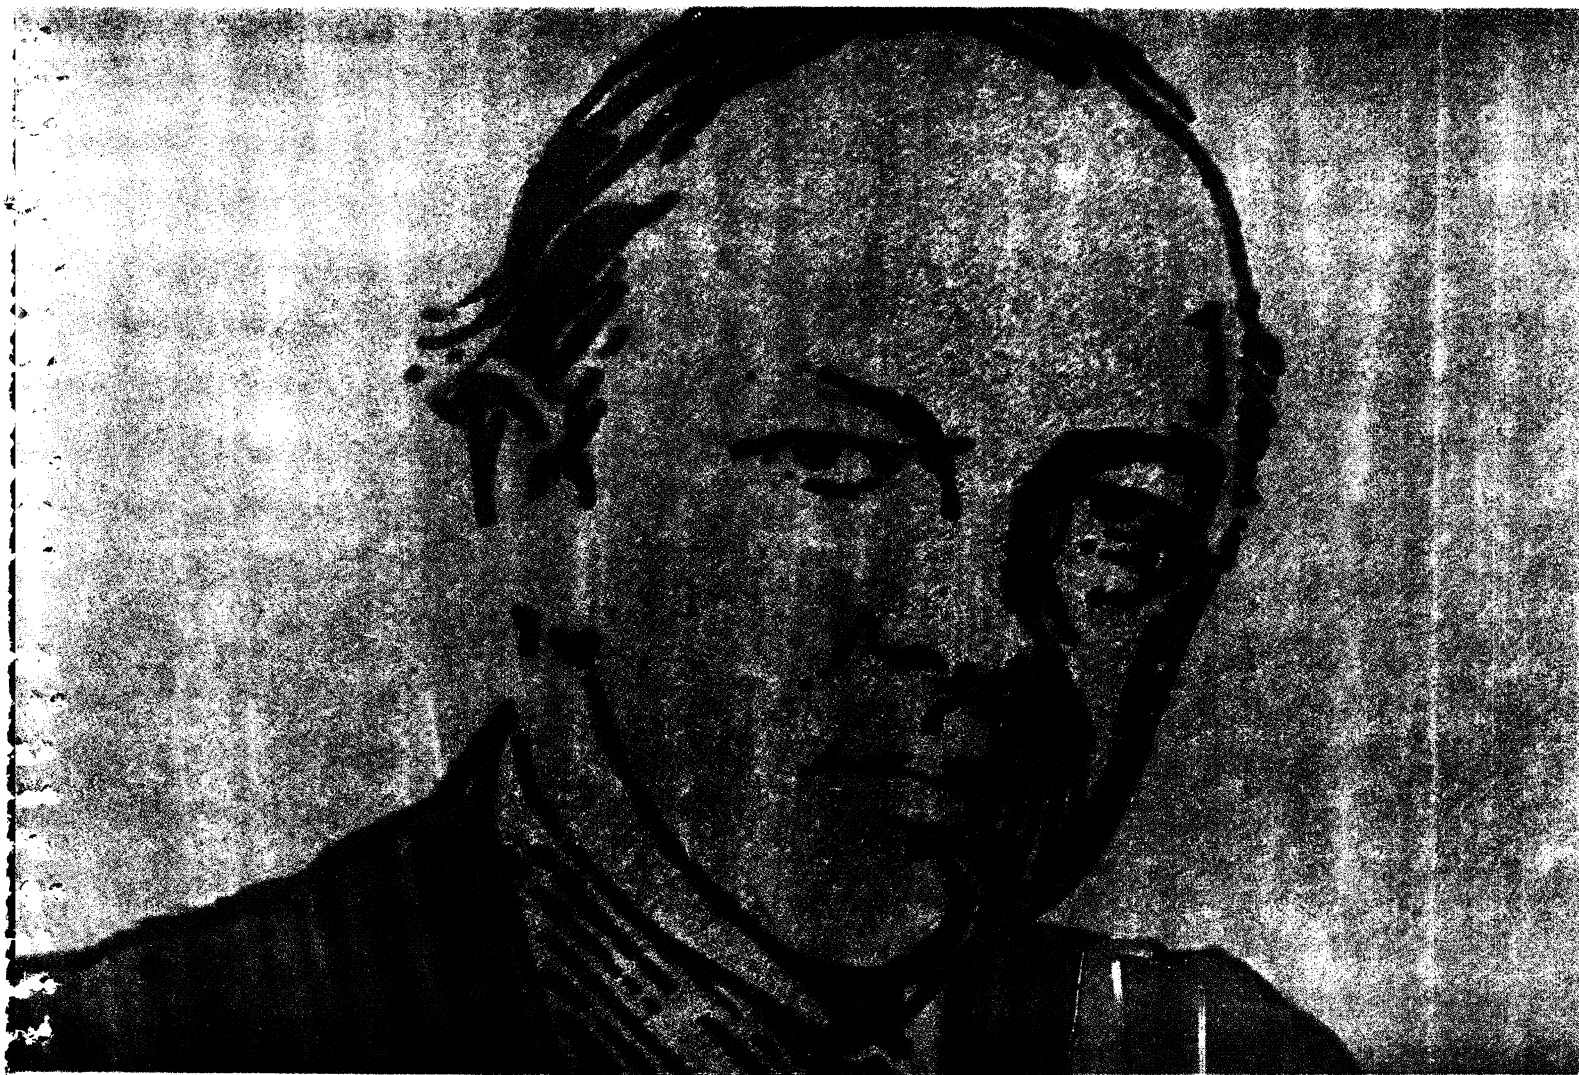

Rondomycin*

for a better prognosis in bronchitis
and other respiratory infections

BROXIL Regd.

**would be my choice
in routine penicillin therapy**

BECAUSE of its Excellent Clinical Results

There are over 400 published references to Broxil in world literature. These confirm its success in infections such as tonsillitis, pharyngitis, otitis media, boils and carbuncles, which in an overwhelming proportion of cases are caused by Gram-positive organisms (staphylococci, streptococci and pneumococci).

BECAUSE of its Specific Activity

Broxil is highly bactericidal to the majority of these organisms, destroying them without disrupting the normal intestinal flora.

BECAUSE of its High Blood Levels

Broxil gives blood levels double those achieved by penicillin V and at least as high as intramuscular injections of penicillin G.

BECAUSE in its syrup form, it is particularly suitable for children

Broxil is readily accepted and tolerated by children, and side effects are minimal.

Availability: 125 and 250 mg. tablets and capsules. 60 ml. syrup (125 mg./5 ml.)

Dosage: Children : 62.5–125 mg. every 4–6 hours. Adults : 125–250 mg. every 4–6 hours.
Prophylactic Dose: Adults : 125 mg. twice daily. Children : 62.5–125 mg. twice daily.

BROXIL (phenethicillin potassium B.P.) is a product of British research at
Beecham Research Laboratories, Brentford, England.

ORBENIN (cloxacillin sodium B.P.) is a penicillin active against virtually all Gram-positive organisms, including staphylococci, β -haemolytic streptococci and pneumococci, irrespective of their resistance to other antibiotics.

It is encouraging that the widespread use of Orbenin in hospitals has not resulted in the emergence of resistant strains.

More than 350 references in the World Literature testify to the excellent clinical results obtained with Orbenin in a wide variety of Gram-positive infections.

Detailed literature is available on request.

Holidays on Wheels

Why is it that doctors are reputed to be such keen caravanners? Maybe it is that although caravans can have practically everything from stainless steel sinks, gas cookers, and toilets to shower baths and central heating they do not have telephones.

The most likely reason, however, is the freedom that caravanning permits either touring or on fixed sites in this country or overseas. You can go where you like, when you like and as you like; no fixed routine; no worry about hotels; meals to suit your personal wishes and taste; expenses down to a minimum. Particularly is this financial angle noticeable with a Continental holiday. It has been reported that a family of four can tour to Spain and back in a fortnight with a Morris 1100 towing a Sprite Alpine for well under £200 in all, door to door, and leaving a considerable part of their currency allowance untouched.

Last year over 15,000 people went abroad with their caravans. Most countries have excellent "campings"; clean, cheap, and with a full range of facilities such as toilets, lighting, restaurants, and swimming pools. The situations are usually extremely well chosen and are in beautiful surroundings.

The motorways and national routes are well adapted for quick travel even with a big caravan. Places which sound a long way off, such as the French and Italian Rivas, Costa del Sol, the Hartz mountains of Germany or even the resorts of Yugoslavia can be reached relatively easily.

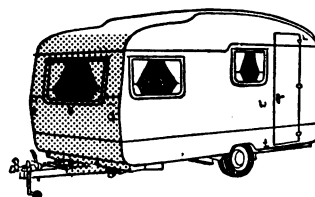

In the British Isles caravanning is indeed a delightful way of exploring the beautiful countryside, cathedral cities, and old-world villages. With so many registered sites that can be used as centres for a few days caravans can be unhitched and localized tours can be enjoyed without any worries or cares.

This year Ireland is undoubtedly going to be the choice for many. Ports of the west coast of England, such as Fishguard

drudgery of cross-country trips has been removed. This coupled with the advent of a number of new ferry services makes a tour of the fascinating and intriguing island a much more attractive proposition.

A CALYPSO CARAVAN
By courtesy of Bluebird Caravans Ltd.

There are many centres that seem to have a magnetic charm, such as the lakes of Killarney, which enjoys an extremely mild climate; Galway with its Spanish atmosphere and palm trees; the sea lakes and mountains of Donegal; the mountains of Mourne. There are many caravan sites in all the holiday and touring areas.

Buying a caravan need not be an expensive matter. It is advisable to buy a popular make, and some of the best-known names are Bessacarr, Bluebird, Eccles, Pemberton, and Sprite. Costs range from as little as £250 and upwards to around £1,000. There are a considerable number of dealers throughout the country, and a visit to one of the showrooms can be most helpful, particularly if you are considering buying your first caravan or a new one. You can receive invaluable advice.

There is also a lot in favour of joining a club. Not only do they own certificated sites and have knowledge of many others, but there are other considerable advantages. They offer technical, general, and legal advice, compile itineraries for foreign touring, and arrange ferry bookings, insurance, and all the other formalities for foreign travel.

SMITH & NEPHEW Pharmaceuticals LIMITED

WELWYN GARDEN CITY · HERTFORDSHIRE

Distalgesic erases pain

Two tablets of Distalgesic taken three or four times daily bring prompt and lasting relief in pain of varying degrees. Distalgesic is effective for the aches and pains of arthritis and rheumatism where prolonged medication is necessary; in pain which recurs intermittently and in the acute pain of injury. In severe pain, Distalgesic can often delay the need for parenteral narcotics. It is non-narcotic, does not cause constipation, addiction or gastric bleeding.

Distalgesic tablets—specially shaped for ease of swallowing and identification—each contain 32.5 mg dextro-propoxyphene hydrochloride, authoritatively described as the most promising alternative to codeine, and 325 mg paracetamol, generally regarded as the safest of the antipyretic analgesics.

Literature available on request.

Durabolin

(Nandrolone Phenylpropionate, B.P.),
25 mg. per ml. for intramuscular injection.
1 ml. Orgaject disposable syringes,
1 ml. ampoules and 4 ml. vials.

Deca-Durabolin

(nandrolone decanoate), 25 or 50 mg. per ml.
for intramuscular injection.
1 ml. Orgaject disposable syringes and
1 ml. ampoules.

Durabolin and Deca-Durabolin stimulate tissue-building and counteract nitrogen loss in many clinical conditions. The effect in osteoporosis and in advanced breast cancer is often marked, leading to an improvement in the patient's general condition, relief of pain and a regression of specific symptoms. Other conditions in which these preparations are useful include severe debility, post-operative catabolism, severe trauma, slow-healing fractures, burns and renal failure—in all these, the correction of an adverse nitrogen balance helps in the patient's recovery. Durabolin is ideal for initial therapy: it is normally given at weekly intervals. Deca-Durabolin is a longer acting form which is ideal for maintenance therapy: it only needs to be given every three weeks.

Fact

Fenostil is a non-phenothiazine medication, distinct in its chemistry in that it belongs to the 'indene' group.

Fenostil is fast becoming recognised as the effective treatment of pruritic disorders, especially of allergic origin.

Samples of Fenostil and $8\frac{1}{4}'' \times 6\frac{1}{2}''$ colour reproduction of the above illustration are available on request.

Fenostil [dimethindene maleate]
for pruritic disorders

...Medihaler-iso Forte gives relief in seconds

Fast profound relief of bronchospasm is within reach of the patient with *Medihaler-iso Forte*—in bronchitis as in asthma. Two recent reports have confirmed its exceptional speed and degree of relief. In one trial¹, *Medihaler-iso Forte* gave faster and greater relief than the two other pocket aerosols with which it was compared: at 3 to 5 minutes after inhalation *Medihaler-iso Forte* produced an average improvement in peak expiratory flow rate of 47 per cent, 18 per cent higher than the next best preparation. In the second trial² it was the fastest-acting of six pocket aerosols. In

yet another trial³ a single inhalation from *Medihaler-iso Forte* had greater effect than 5 mg. of isoprenaline inhaled over three minutes from an oxygen-powered nebuliser.

These reports confirm that fast profound relief of bronchospasm is within reach of the patient with *Medihaler-iso Forte*. In the acute attack it is a most effective and convenient treatment. For the less severe case, relief can often be obtained from the smaller dose delivered by *Medihaler-iso*.

WHY THIS FILING BOX SHOULD BE ON EVERY G.P.'s DESK

RIGHT HERE in this box is the dietary advice so many of your patients need. The box contains a supply of diet cards prepared to suit the needs of patients suffering from a wide range of common ailments.

For over 30 years medical practitioners have been helped by these cards, which are kept under constant review in the light of scientific advancement.

The desk filing box is free to all medical practitioners in the U.K., and replenishments are readily available.

Write for your filing box of diets to:

Dietary Department, Endergen Foods Co. Limited, Ashford, Kent.

Yesterday, Doctor Carr delivered a boy weighing 86 lbs.

Yesterday was when Dr. Carr took time off to accompany his eleven-year-old son David to his first boarding school. It was also the day when Dr. Carr had a celebration drink with his bank manager. Because, from now on, David's going to be far less of a financial burden. There'll be plenty of money for his school fees, his books, even his clothing. And enough left over to start him on a career or send him to university.

Dr. Carr asked to see one of our representatives a few days after the boy was born. And, acting upon our advice, he took out an Educational Policy to cover the most expensive years in his son's future. He invested a modest sum annually but, with accumulated profits, it will ensure David a first-class schooling for the next eight years.

This is just one example of the many policies we have designed specially for doctors and dentists. And since the Society is wholly owned by the policy holders all the profits belong to them and are distributed by bonus declaration every three years.

If *you* are eligible to join the Society you should be sharing these profits. So why not write to us now without any obligation, of course, for further details? There are separate brochures for Sickness and Accident; Educational; Life; Personal Pension; Family Income; Provision for Estate Duty; Car Hire Purchase. A card giving your name, address, date of birth and quoting Reference No. 001 and listing the policies that interest you, will receive prompt attention.

Anaphylline

(THEOPHYLLINE-NIACINAMIDE)

a new theophylline complex for more
effective maintenance therapy in mild to moderate cases of

BRONCHITIS-ASTHMA-EMPHYSEMA

Clinical evidence confirms that this new theophylline-niacinamide complex achieves rapid therapeutic blood levels for faster dilation of the bronchioles and substantial improvement in vital capacity in most cases of chronic bronchitis, asthma and emphysema.

Significant Treatment Advantages:

The unique Anaphylline complex is a loose bonding of theophylline and niacinamide which affords a soluble theophylline through all pH ranges. No more ionization of theophylline salts with precipitation of the theophylline in the acid of the stomach. Now direct immediate absorption of the theophylline complex for faster, higher and longer blood levels.

* MORE RAPID ABSORPTION FOR QUICKER PATIENT RESPONSE

Evidence from clinical trials indicates that Anaphylline achieves therapeutic blood levels faster than theophylline salts and within 15 minutes of oral administration.

* MORE PROLONGED BLOOD LEVELS FOR SUSTAINED RELIEF

Rapid, initial blood levels achieved are followed by a steady, sustained rise reaching peak achievement at 60 minutes, with gradual, but uniform decline thereafter.

* SUPERIOR PATIENT TOLERANCE

Achievement of these blood levels is not accompanied by any increase in the side-effects normally associated with theophylline treatment.

INDICATIONS

For use as a bronchodilator to control the symptoms of chronic bronchitis, chronic asthma, emphysema and other pulmonary disorders.

DOSAGE:

Adults 1 to 2 tablets to be taken 3 or 4 times daily, preferably after meals. (Children 6-12 yrs., half to 1 tablet.)

FORMULA

Theophylline-Niacinamide complex containing 100 mg. theophylline and 150 mg. niacinamide in single tablet form.

CLINICAL REFERENCES

1. A Niacinamide-Theophylline Compound: Human Absorption & Blood Level Studies (in press).

Senokot restores natural rhythm to the constipated colon

Senokot, standardized senna, has earned a reputation for effectiveness and safety. Over 150 references in medical journals and text books testify to its value. Senokot is suitable for all ages and is useful in pregnancy and in geriatric cases. It is predictable in its action and, taken in the correct dosage, is free from griping. It acts specifically in the colon; it induces controlled peristaltic action, restores the normal defaecation reflex leading to re-education of the bowel.

BASIC NHS COST: From the dispensing packs, the cost of a teaspoonful of granules or two tablets is about a halfpenny.
Granules: 56, 170 and 900 grammes.
Tablets: 50, 100, 200, 1000.

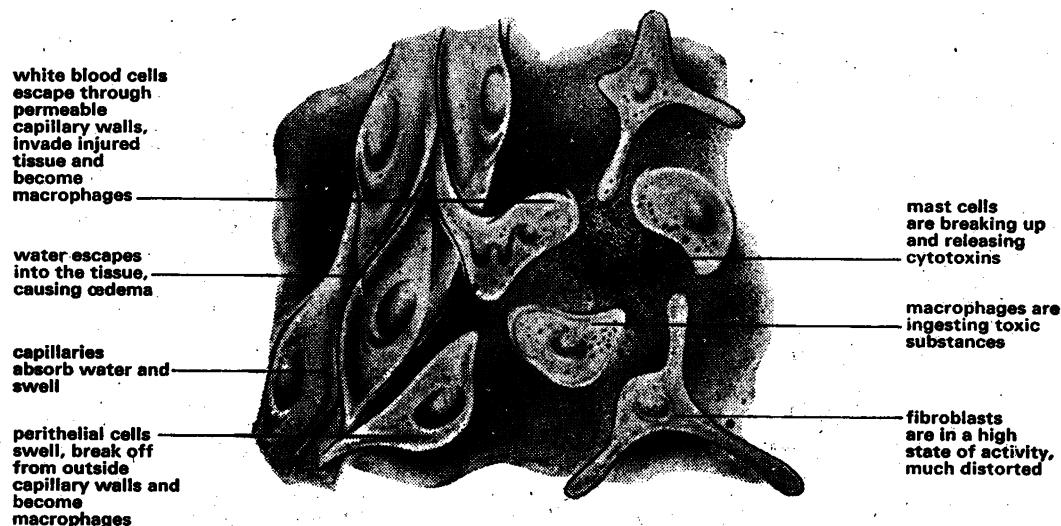

SENOKOT re-educates the bowel

Glaxo brief

five minutes reading from Glaxo

Have you seen how quickly
Tinaderm
clears athlete's foot?

Glaxo brief

In athlete's foot Tinaderm gives swift relief—even in resistant cases

"Relief from itching was experienced by all patients in 24 to 72 hours, regardless of the duration of the eruption."[†]

This statement refers to tolnaftate, the remarkable fungicidal substance contained in Tinaderm (Cream and Powder). Tinaderm sets a new standard of success in the treatment of tinea infections such as tinea pedis (athlete's foot), tinea corporis, tinea cruris and tinea manuum. One of the valuable attributes of Tinaderm is that it gives swift relief from burning and itching, often within 48 hours—followed by rapid clearance of lesions in as little as two or three weeks—regardless of the duration of the infection. Tinaderm is not a keratolytic agent; it can be safely applied to raw areas and to acutely inflamed skin without fear of irritation or stinging. Sensitisation is very unlikely. Tinaderm is highly acceptable; the cream does not stain or discolour the skin or clothing. In cases where maceration is present or where excessive perspiration is a problem Tinaderm Powder proves particularly useful. Tinaderm will appeal to patients because of its swift relief-giving properties, high cosmetic acceptability and rapid control of tinea infections.

Presentation

Minadex— the well-proven tonic for a brighter outlook after winter ills

Glaxo Minadex is a balanced composition of vitamins A and D, calcium, iron, glycerophosphates and trace minerals—a well-proven and economical tonic. Much more than a temporary pick-me-up, it brings a brighter outlook during and after illness, puts bite back into appetite and speeds recovery. The pleasant orange flavour of Minadex encourages patients of all age groups to take the full amount you advise. Minadex contains no alkaloidal stimulants—hence you can safely recommend it for infants and the elderly.

All the benefits of betamethasone plus the advantages of solubility

Betnesol Tablets contain one of the highly active steroids, betamethasone as the soluble disodium phosphate—the only steroid that can be taken as a drink. Dropped into a glass of water the Betnesol Tablet effervesces quickly to form a clear, palatable solution. Betnesol administered as a solution is absorbed more efficiently than solid corticosteroids; hence therapeutic response is more reliable and better—at minimum dosage. In addition there is diminished risk of dyspepsia, a common occurrence when solid steroid particles are present. The reduced mineralocorticoid activity of betamethasone produces minimum disturbance of the electrolyte balance; thus there is virtually no risk of oedema or hypertension. Betnesol Tablets are the best designed preparation for systemic steroid therapy.

Betnovate means success— for less than 5d a gram

Betnovate is effective, often dramatically, in all steroid-responsive dermatoses. This is not only because of the clinical superiority of betamethasone 17-valerate (proved in the largest dermatological trial ever reported and confirmed in millions of patients in hospital and general practice) but also because Betnovate is supplied in the largest range of topical steroid preparations ever made available in this country. This includes Betnovate-N (with neomycin) and Betnovate-C (with chionoform) for treating inflammatory dermatoses complicated by infection. A recent addition to the range is the specially-designed Betnovate Scalp Application. The scope of Betnovate is wide but the price of success with Betnovate is small. Betnovate means success—for less than 5d a gram.

New evidence recommends hydroxocobalamin (Neo-Cytamen) in B₁₂ deficiency

Neo-Cytamen (hydroxocobalamin) is the specific, most efficient and most economical treatment for pernicious anaemia. Hydroxocobalamin is more slowly absorbed from the injection site than cyanocobalamin¹ and the degree of protein binding of hydroxocobalamin is three times greater²; it is therefore better retained. This was confirmed by recent clinical studies of the treatment of pernicious anaemia in which it was found that higher and more persistent serum B₁₂ levels were obtained with hydroxocobalamin than with cyanocobalamin.³ These studies also showed that because hydroxocobalamin was better retained, satisfactory maintenance therapy was possible with injections (1000 micrograms) given at two-monthly intervals. The results of a subsequent clinical study⁴ suggested that the interval between maintenance injections could often be safely extended to three months with satisfactory results.

"From both biological and therapeutic aspect, hydroxocobalamin is preferable to cyanocobalamin and should therefore become the standard preparation for the treatment of vitamin B₁₂ deficiency."³

Detailed literature is available from
Glaxo Laboratories Ltd, Greenford, Middlesex

A doctor's life with a difference can be found in the ROYAL ARMY MEDICAL CORPS

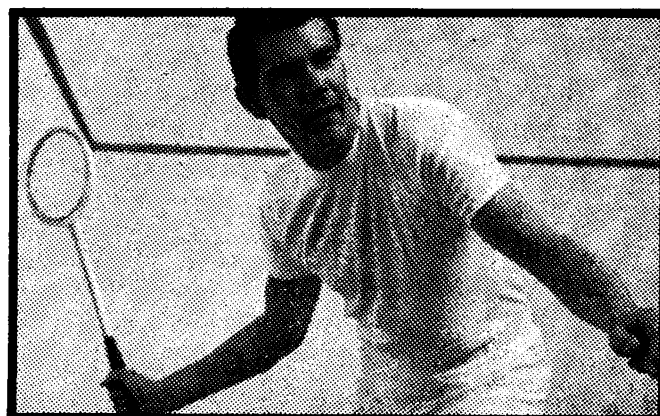

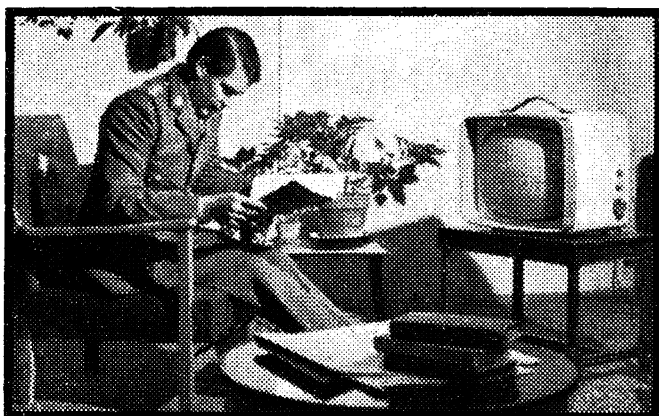

Excellent opportunities are provided for general practice under good conditions of service. The professional opportunities are very wide and varied and include caring for the wives and children of soldiers.

All aspects of medical care—preventive medicine, general and hospital practice are closely integrated. Surgeries are organised by groups and groups are supported by hospitals so that Medical Officers are able to follow up those of their patients admitted to

hospital. These modern surgeries have every facility. Good equipment, trained staff, and a locum provided for six weeks' annual leave. Post-graduate training is given.

For the married man it matters greatly how his wife feels about the Service. The community spirit of Army life, especially overseas, embraces an Officer's family as much as himself. Such extra emoluments as Marriage Allowance, Education Allowance, Disturbance

Allowance, and Local Overseas Allowance, show the importance attached by the Army to helping the Officer with a family. Most married Medical Officers get a furnished house at low rental.

Pay for a married Captain (the rank on entry) is over £2000. There are increases every two years and on promotion. Promotion to Major can normally be expected after 5 years and to Lieut-Colonel after 13 years (or shorter, where an antedate is given for experience in

hospitals and general practice). Commissions granted may be permanent or Short Service. A Short Service commission earns a tax-free gratuity of £3000 for 5 years' service, £1500 for 3 years. Regular commissions are pensionable on the normal basis.

For further information please write or pay a visit to: Colonel A. D. Young, D.S.O., M.B., Ministry of Defence (AMD2), Dept. 476, Lansdowne House, Berkeley Square, London, W.1.

Insurance? Assurance? reassurance.

A professional man may also be a family man, householder, motorist, sportsman, traveller. For the risks he runs he needs insurance and to provide for the future of his family and himself he needs life assurance.

The General Accident with its associate company, The General Life, can provide him with the feeling of reassurance that comes from the knowledge that he is well protected.

**GENERAL ACCIDENT FIRE & LIFE ASSURANCE
CORPORATION LTD**

THE GENERAL LIFE ASSURANCE COMPANY LTD

ANTIBIOTICS AND THE INTESTINAL FLORA

Treatment with broad spectrum antibiotics suppresses the normal flora, which may be replaced by abnormal resistant organisms causing diarrhoea.

This change can be prevented or reversed by the implantation of *Lactobacillus acidophilus* which has been rendered antibiotic-resistant, and is thus able to multiply freely under these abnormal conditions. The products of growth of the organism are inimical to that of many other bacteria^{1, 2} and thus contribute to its rapid preponderance over other species.

Oral treatment with antibiotic-resistant *L. acidophilus* in the form of ENPAC has been shown to eliminate *Candida* from the faeces of infants with antibiotic-induced diarrhoea, with relief of symptoms succeeded by rapid gain in weight^{3, 4} and greatly to reduce the numbers of staphylococci in the faeces of patients treated with tetracyclines.⁵

**UNIVERSITY AND
RESEARCH
APPOINTMENTS**

(see also under "Overseas")

LONDON SCHOOL OF HYGIENE AND TROPICAL MEDICINE INCORPORATING THE ROSS INSTITUTE UNIVERSITY OF LONDON

Applications are invited for appointment as

SENIOR LECTURER (Technical Assistance)
In the department concerned with Tropical Hygiene.

Applicants must be medically qualified and nationals of the United Kingdom or of the Irish Republic and must be willing to be seconded for service overseas; they will be expected to assist with teaching in London when not on secondment, and to undertake research.

London salary ranges: £2,590 to £3,395. Candidates will be required to produce evidence of extensive overseas experience in their special subjects in tropical countries.

Further information from: The Dean, London School of Hygiene and Tropical Medicine, Keppel Street (Gower Street), London W.C.1, to whom applications should be sent before May 1, 1967. (14209)

THE UNIVERSITY OF LEEDS
Department of Paediatrics and Child Health

Applications are invited for the post of

TUTOR
In the Department of Paediatrics and Child Health

at a salary on the scale £1,950 to £2,550. Duties attached to the post are clinical, tutorial, and administrative, with opportunities for research. Applications (three copies), stating age, qualifications and experience, and naming three referees, should reach the Registrar, the University, Leeds, 2, not later than April 3, 1967. (14143)

THE UNIVERSITY OF LEEDS
Department of Bacteriology

Applications are invited from either medically qualified or non-medically qualified candidates for appointment as

LECTURER or ASSISTANT LECTURER IN BACTERIOLOGY

at a salary on the scale £1,580 to £2,700 (efficiency bar £2,260) for a medically qualified Lecturer or £1,400 to £1,470 for a medically qualified Assistant Lecturer. Applications (three copies), stating age, qualifications and experience, and naming three referees, should reach the Registrar, the University, Leeds, 2, not later than April 1, 1967. (14144)

THE UNIVERSITY OF LEEDS
Department of Anatomy

Applications are invited from medically qualified persons for the post of

DEMONSTRATOR IN ANATOMY

for the session 1967-8, to commence on October 1, 1967, or as soon as possible thereafter. Salary within the range £1,470 by £80 to £1,630. Consideration will be given to candidates who wish to apply to register for a higher degree. Applications (three copies), stating age, qualifications and experience, and naming three referees, should reach the Registrar, the University, Leeds, 2, from whom further particulars may be obtained, not later than April 3, 1967. (14145)

UNIVERSITY COLLEGE OF SOUTH WALES AND MONMOUTHSHIRE
Department of Physiology

Applications are invited for the following posts:

Assistant Lecturer or Lecturer in Physiology
Physicist (Lectureship or Assistant Lectureship grade), with an interest in the use of electronics in medical science.

Salary: Assistant Lecturer, £1,105 to £1,340; Lecturer, £1,470 to £2,630.

The department is to move into a completely new building in 1968, and there will be ample opportunities for development of appropriate research interests. Preliminary enquiries may be sent to Professor V. R. Pickles.

Applications (six copies), giving details of age, qualifications and experience, together with the names and addresses of three referees, should be sent to April 1 to the Registrar, University College, Cathays Park, Cardiff, from whom further particulars may be obtained. (14179)

**THE UNIVERSITY OF SHEFFIELD
DEPARTMENT OF CHEMICAL
PATHOLOGY**

Applications are invited from medically qualified candidates for the following posts in chemical pathology.

Lecturer/Assistant Lecturer, tenable from October 1, 1967;

Temporary Lecturer / Assistant Lecturer, tenable for one year from September 1, 1967.

Initial salary according to qualifications and experience on scales (now under review): Lecturer, £1,110 to £2,760; Assistant Lecturer, £1,400 to £1,550, with F.S.S.U. provision. Particulars from the Registrar, to whom applications (10 copies) should be sent by April 12, 1967. (14211)

**UNIVERSITY OF BIRMINGHAM
Department of Anatomy**

Applications are invited for posts of Temporary Lecturer (Demonstrator) in the department of anatomy. Candidates should hold either a medical or dental qualification. While candidates who wish to spend only a limited time in a pre-clinical school will be considered, applications from recent graduates who wish to take up academic careers will be particularly welcomed.

The persons appointed will have opportunities of teaching all branches of anatomy. The department possesses extensive facilities for research in a wide variety of fields, and candidates will be encouraged to register for higher degrees. The salary initially will be £1,470 per annum with annual increments. Further particulars may be obtained from Dr. W. P. Dallas, Ross Department of Anatomy, Medical School, Birmingham 15, to whom applications (three copies) which should include a curriculum vitae and name of referees, should be sent by March 1, 1967. (13794)

**UNIVERSITY OF BIRMINGHAM
Faculty of Medicine and Dentistry**

Applications are invited for the post of

SENIOR LECTURER IN PSYCHIATRY

(Clinical). The successful candidate, who will act as First Assistant to the Professor, will be expected to take part in the running of the university department of psychiatry. Wide experience and an active interest in clinical research are essential. Salary in the scale: £2,710 to £4,875 with possible supplementation to £4,380 for posts of special responsibility. The successful candidate will be recommended for the award of an honorary contract of service with the United Birmingham Hospitals.

Further particulars from Assistant Registrar, Medical School, Birmingham 15, to whom applications (nine copies), naming three referees, should be sent by April 3, 1967. (13992)

**UNIVERSITY OF BIRMINGHAM
Faculty of Medicine and Dentistry**

Applications are invited for the post of

LECTURER IN CHILD PSYCHIATRY

This is an entirely new post which has been created with a view to the advancement of child psychiatry in Birmingham, and should offer an excellent opportunity for an academic career to a suitable candidate. In view of this it is envisaged that the successful candidate will be given the chance to obtain certain kinds of special experience elsewhere which may not otherwise be immediately available. The appointment, which will be held jointly in the departments of child health and psychiatry, will be based primarily on the study of child health to which a new floor is at present being added in order to provide special facilities for research and teaching in child psychiatry and mental subnormality. There will also be an opportunity to work with the new regional child psychiatric in-patient unit at Ulfsculme Clinic. Experience in adult and child psychiatry and D.P.M. desirable, higher degree or diploma an advantage. Salary in the scale £1,470 to £3,395.

Applications, with curriculum vitae and details of research interests (nine copies), by April 3, 1967, to Assistant Registrar, Medical School, Birmingham 15, from whom further particulars can be obtained. (13993)

UNIVERSITY OF BRISTOL

Applications are invited for appointments as

DEMONSTRATOR IN PATHOLOGY

Salary scale £1,470 by £90 to £1,830 per annum, according to qualifications and experience. Previous experience in pathology is not necessary. The duties include assistance with the teaching of medical and dental students and general pathology for veterinary students, and the conduct of autopsies. Facilities for research and experience of diagnostic histology are available.

Applications, giving full name, age, qualifications, details of education and experience, together with the names of not more than three referees, should reach the undersigned, from whom further particulars may be obtained, on or before April 24, 1967.—H. C. Butterfield, Registrar. (14212)

UNIVERSITY OF LONDON

CHAIR OF CHEMICAL PATHOLOGY
at University College Hospital Medical School

The Senate invite applications for the Chair of Chemical Pathology, tenable at University College Hospital Medical School. Salary (medically qualified) not less than £3,645 to £4,445, (non-medically qualified) not less than £1,570 plus £100 London Allowance. Applicants need not necessarily be medically qualified, but they should have experience of, and possess wide interests in, biochemistry as applied to medicine. Applications (10 copies) must be received not later than April 17, 1967, by the Academic Registrar, University of London, Senate House, W.C.1, from whom further particulars may be obtained. Further information can also be obtained from the Dean of the Medical School. (14199)

APPLICANTS ARE ADVISED NOT TO send original testimonials when replying to advertisements. Copies will serve the purpose quite as well, and in the event of their being lost or mislaid no inconvenience will ensue.

University and Research Appointments—contd.

RE-ADVERTISEMENT GREATER LONDON BOROUGH OF BARKING Dagenham, Essex

Applications are invited for a two-doctor partnership medical practice vacancy in above urban area (classified as "designated"), arising from resignation of medical practitioners.

Total number on list: 5,100 approximately.

London and Edinburgh M.R.C.P. Completely up to date and includes help with the clinical.—Write J. Arnold, 189 Regent Street, W.1.

EDINBURGH POSTGRADUATE BOARD FOR MEDICINE NEW DEVELOPMENTS IN PSYCHIATRY

A one-day Symposium on Recent Developments in Psychiatry, FOR CONSULTANTS IN THE GENERAL FIELDS OF MEDICINE AND SURGERY, arranged by the Department of Psychiatry, University of Edinburgh, in collaboration with the Edinburgh Postgraduate Board for Medicine, will be held on Friday, April 14, 1967.

Registration fee: one guinea.
Applications to the Director of studies, Edinburgh Postgraduate Board for Medicine, Pfizer Foundation, Hill Square, Edinburgh 8. (14214)

PRELIMINARY NOTICE

A Conference on HUMAN BODY DYNAMICS and its application to Prosthetics and Orthotics will be held in Queen's College, Dundee, by arrangement with the Scottish Home and Health Department from June 19 to 23, 1967.

This Conference is, this year, in place of the Annual Course in Amputation Surgery and Prosthetics.

There will be four major topic sessions:

Normal function—e.g., a specification for function of the leg.

Oriented function—e.g., in aeronautics, athletics, etc.

Replacement of function incl. biomechanics of the amputee and detailed consideration of prosthetic requirements at all levels of amputation.

Medical problems of the amputee.

The Lecturers will include authorities from the United Kingdom, Europe, and North America. It is felt that this Conference will appeal to those surgeons who have attended Introductory Courses in the past, to Orthopaedic Surgeons, Limb Fitting Surgeons, Prosthetists, and scientists working in prosthetics and related disciplines.

The number attending will have to be limited and early application is advised. Hostel accommodation is available. There is a Registration Fee of ten guineas payable to Queen's College, Dundee. Further details may be obtained from the Director of Postgraduate Medical Education, University of St. Andrews, Queen's College, Dundee. (14189)

EDINBURGH POSTGRADUATE BOARD FOR MEDICINE

HUMAN REPRODUCTIVE BIOLOGY

A two-part postgraduate course in human reproductive biology has been arranged. The first part, to be held from September 25 to 30, 1967, will deal with problems of cell division, reproductive mechanisms in the male and female, conception and implantation, and sex development. A second part to be held in the spring of 1968, will deal with placenta, maternal adaptations to pregnancy, and foetal and neonatal physiology.

This course will be suitable for advanced postgraduates, with either medical or science qualifications, who are interested in problems of human reproduction, and for obstetric Registrars or Senior Registrars who wish to develop their scientific training.

The charge for each part of the course will be £15. Accommodation may be available in university halls of residence.

Applications to the Director of Postgraduate Studies, Pfizer Foundation, Hill Square, Edinburgh 8. (14221)

LONDON SCHOOL OF HYGIENE AND TROPICAL MEDICINE (University of London)

COURSE IN OCCUPATIONAL HEALTH
A whole-time course in occupational health will be held at the London School of Hygiene and Tropical Medicine from September 18 to December 15, 1967.

Those who hold either a D.P.H. or have the necessary experience in industrial medicine, the course provides the additional requirements for entry to a D.I.H. examination. A limited number of fellowships may be offered to candidates on the course who are without previous experience in industrial medicine who require a year's practical training in industry. On completion of the fellowship the candidate would be eligible to sit a D.I.H. examination.

The number of students is strictly limited. Applications should be made as soon as possible, and in any case not later than April 1, to the Registrar, London School of Hygiene and Tropical Medicine, Keppel Street, London W.C.1, from whom further particulars may be obtained. (14215)

M.R.C.P., F.R.C.S., AND OTHER POSTGRADUATE COURSES BY POSTAL TUITION

Medical Correspondence College has a long record of successes for M.R.C.P. (Lond. & Edin.). Series of multiple choice questions available. Also F.R.C.S. (Primary and Final). Other courses available include D.Obst. R.C.O.G., D.P.M., D.A., D.C.H., D.Phys.Med., D.O., D.T.M.&H. Help with M.D. thesis and articles a specialty. Write for details of postal courses and our instalment plan, 19 Welbeck Street, London W.1. (WEL 8626).

POSTAL COACHING FOR ALL MEDICAL

Oates, M.D., M.R.C.P.(London), University Examination Postal Institution, 17 Red Lion Square, London W.C.1. Phone HOLborn 6313.

THE JAMES MACKENZIE PRIZE

This prize is awarded every three years to a general practitioner in the British Commonwealth who has published or undertaken valuable work during the previous five years; the intention being to reward good clinical and, particularly, good research work done in general practice.

The trustees are now willing to consider the names of suitable candidates for this prize, who should submit to the Chairman of the Awards Committee, The College of General Practitioners, 14 Princes Gate, London S.W.7, not later than July 1, 1967, (a) a copy of their published work, or (b) a clear and concise account of the work which has been undertaken by them and on which they wish to be judged, submitted in a form that is suitable and ready for publication. **It could be
a rewarding experience
to read the
advertisement pages of
this issue of the
British Medical Journal.
Many doctors make
a habit of reading them
every week
of the year.**

Educational—contd. from p. xxxv**SUMMER SCHOOL IN IMMUNOLOGY**
Southampton University, July 17-21

This Summer School is being sponsored by the British Society for Immunology and the World Health Organization, and it is intended primarily for teachers of immunology in Medical Schools and Universities who are not professional immunologists.

Further information may be obtained from Professor L. Brent, Department of Zoology, The University, Southampton, to whom applications should be sent by April 15.

(14167)

THE JENNER MEMORIAL LECTURE OF 1967
entitled "The Search for Viral Aetiology of Human Cancer" will be given by Dr. Albert B. Sabin, M.D., on Thursday, April 6, at 5.30 p.m., in the Board Room of St. George's Hospital, S.W.1. Admission free without ticket.

(14216)

THE UNIVERSITY OF SHEFFIELD**GENERAL REFRESHER COURSE FOR GENERAL PRACTITIONERS**
(Section 48 Course)

A refresher course for general practitioners will be held in the United Sheffield Hospitals during the week commencing Monday, September 18, 1967. The fee is £9 12s. 6d. and accommodation at a University hall of residence can be arranged at a moderate additional charge.

N.H.S. practitioners are (subject to certain conditions) eligible to have the course fee paid on their behalf and to receive also certain allowances (travelling expenses and subsistence).

As the number who can be accepted is limited, inquiries and applications (stating whether or not the latter are made under the scheme for N.H.S. practitioners, and whether residential accommodation is desired) should be addressed, as soon as possible, to: The Director of Postgraduate Clinical Studies, Faculty of Medicine, The University, Sheffield, 10.

(14156)

THE UNIVERSITY OF SHEFFIELD**REFRESHER COURSE IN GERIATRICS FOR GENERAL PRACTITIONERS**

A refresher course in geriatrics for general practitioners will be held at the Northern General Hospital (City General Hospital), Sheffield, during the week-end (Saturday afternoon and all day Sunday) July 15-16, 1967. The fee is £2 12s. 6d. and overnight accommodation at a University hall of residence can be arranged at a moderate additional charge.

This is a Section 48 course and N.H.S. practitioners are (subject to certain conditions) eligible to have the course fee paid on their behalf and to receive certain allowances (travelling expenses and subsistence).

As the number who can be accepted is limited, applications (stating whether or not they are made under the scheme for N.H.S. practitioners, and whether overnight accommodation is desired) should be addressed as soon as possible to: The Director of Postgraduate Clinical Studies, Faculty of Medicine, The University, Sheffield, 10.

(14157)

THE WELSH NATIONAL SCHOOL OF MEDICINE
(University of Wales)**DIPLOMA IN MEDICAL RADIOGRAPHY**

The Welsh National School of Medicine has organized a full course of instruction leading to the D.M.R.T. of the Conjoint Board. The next course begins in October, 1967, and extends over a period of two years. A limited number of paid appointments are available, for which candidates for the course may apply.

Further particulars may be obtained from the Academic Registrar, The Welsh National School of Medicine, 34 Newport Road, Cardiff, to whom applications should be submitted by April 15, 1967.

DIPLOMA IN MEDICAL RADIODIAGNOSIS

The Welsh National School of Medicine has organized a full course of instruction leading to the D.M.R.D. of the Conjoint Board. The next course begins in October, 1967, and extends over a period of two years. A limited number of paid appointments are available, for which candidates for the course may apply.

Further particulars may be obtained from the Academic Registrar, The Welsh National School of Medicine, 34 Newport Road, Cardiff, to whom applications should be submitted by April 15, 1967.

(14178)

WEST MIDDLESEX HOSPITAL**M.R.C.O.G. COURSE**

A part-time course will be held on Tuesdays and Fridays (2 p.m. to 6.30 p.m.) from April 18 to May 26, 1967. Sessions will include clinical teaching, tutorials, lectures, and pathology classes. Course limited to 18 postgraduates.

Fee 12 guineas.

For full particulars apply to Mrs. Clark, Department of Obstetrics and Gynaecology, West Middlesex Hospital, Isleworth, Middlesex.

(14130)

APPOINTMENTS

Applicants should state name, address, age, nationality, and qualifications, and enclose (unless otherwise specified) one copy of each of three recent testimonials, with a short statement of experience and appointments held. Applications should be sent at once if no closing date is given. Canvassing disqualifies (Statutory Instrument, 1966, No. 569).

SALARY SCALES OF HOSPITAL MEDICAL STAFF

Following the Seventh Report of the Review Body, new salary scales have been approved. These came into force on October 1, 1966. The scales are set out below:

HOUSE OFFICERS: Each post in this grade shall be tenable for six months. £1,100 per annum for the posts held during the first year; £1,200 per annum for posts held during the second year; £1,300 per annum for posts held during the third and subsequent years, subject to full registration.

Deductions of £150 per annum in respect of lodging only for voluntary residence. (No deductions for lodging will be made for compulsory residence.)

SENIOR HOUSE OFFICERS: £1,450 per annum in the first year; £1,550 per annum in the second year; £1,650 per annum in the third or subsequent years. Deductions of £175 per annum in respect of lodging only for voluntary residence. (No deductions for lodging will be made for compulsory residence.)

REGISTRARS: £1,650 per annum, rising by four annual increments of £100 to £2,050.

Deductions of £175 per annum for those with remuneration at the first two points on the scale, and £200 per annum for those on the third and subsequent points will be made in respect of lodging only for voluntary residence. (No deductions for lodging will be made for compulsory residence.)

On assimilation to the scale for Registrars, one increment and one only shall be given for any year or part of a year in excess of two spent previously in the senior house officer grade.

Allowances of rates up to £140 per annum shall be payable to house officers, senior house officers and registrars occupying posts approved for such allowances in peripheral hospitals.

SENIOR REGISTRARS: £1,950 per annum rising by one increment of £100 and four further annual increments of £125 to £2,550.

Deductions of £225 per annum in respect of lodging only for voluntary residence. (No deductions for lodging will be made for compulsory residence.)

On assimilation to the salary scale for senior registrars, increments to a maximum of two shall be given for each year or part of a year in excess of three spent previously in the registrar grade.

MEDICAL ASSISTANTS: £1,850 per annum rising by fourteen annual increments of £100 to £3,250.

Deductions of £225 per annum in respect of lodging only for voluntary residence. (No deductions for lodging will be made for compulsory residence.)

CONSULTANTS: £3,200 per annum rising by five annual increments of £185, and then by four further increments of £190 to £4,885.

Deductions of £350 per annum in respect of lodging only for voluntary residence. (No deductions for lodging will be made for compulsory residence.)

All National Health Service hospital appointments are in accordance with the Terms and Conditions of Service of Hospital Medical Staff. Memoranda on the following subjects of particular interest have been issued by the Ministry of Health: Standard of Residential Accommodation, Telephone Charges, Removal Allowances, Study Leave.

Further details may be obtained from the Hospital Secretary, or summaries of the Memoranda may be obtained from the Secretary, British Medical Association. (February, 1967)

UNIVERSITY OF BRISTOL
Medical Postgraduate Department
March, 1967**REFRESHER COURSE FOR GENERAL PRACTITIONERS**
BATH
JUNE 14-17**TO COINCIDE WITH THE LAST WEEK OF THE BATH FESTIVAL**

Tickets for evening functions can be arranged, and a block booking of hotel reservations has been made.

The course will be in general subjects, will consist of panel discussions, ward rounds and some formal lectures.

All the Bath hospitals will take part: Royal United Hospital, St. Martin's Hospital, Royal National Hospital for Rheumatic Diseases.

Inquiries and applications should be addressed to: The Postgraduate Department, Royal United Hospital, Bath, or the Medical Postgraduate Dean, University of Bristol.

(14159)

UNIVERSITY OF LONDON (BRITISH POSTGRADUATE MEDICAL FEDERATION)
Institute of Neurology (Queen Square)**TWO COURSES OF CLINICAL DEMONSTRATIONS**

open to postgraduates will be held at the National Hospital, Queen Square, on Wednesday at 4.15 p.m. from April 12 to June 21, 1967, inclusive, and on Saturdays at 10.30 a.m. from April 15 to July 1 inclusive (excluding May 27). The fee for attending either of these courses is three guineas (six guineas for both courses).

Applications for a ticket should be made to the Dean, Institute of Neurology, the National Hospital, Queen Square, London W.C.1, enclosing a remittance to cover the fee. Cheques should be made payable to the Institute of Neurology.

(14165)

UNIVERSITY OF SURREY ANNEXE
(14-16 Falcon Road, London S.W.11)

Lecture by Professor E. Gutmann, Czechoslovak Academy of Sciences, Prague.

"Problems of the Specificity of the Neuro-muscular System."

on Tuesday, March 21, at 5.30.

Admission free without ticket.

(14131)

UNIVERSITY OF SURREY
Department of Mechanical Engineering
POSTGRADUATE COURSE IN BIOMECHANICS

Applications are invited for a one-year course in biomechanics, commencing in October, 1967.

The course, which leads to the degree of M.Sc. by examination, is intended for graduates in engineering or physical sciences on the one hand and graduates in medicine or biological sciences on the other.

The branch of the course for graduates in engineering or physical sciences aims to fit them for work in the medical field—for example, the design of prostheses or of hospital equipment—and to introduce them to the physiological problems which they can help to solve.

The branch of the course for graduates in medicine or biological sciences aims to introduce them to the mathematical and engineering methods and techniques which are applicable to medical and physiological practice and research.

Clinical application of the studies is provided through close collaboration with hospitals and medical specialists, and the department specializes in research problems related to internal and external prostheses and blood flow measurement.

Requests for further particulars and application forms should be sent to: Professor J. M. Zarek, Head of the Mechanical Engineering Department, University of Surrey, Battersea Park Road, London S.W.11.

(14158)

MEETINGS**ST. LEONARD'S HOSPITAL**
Nuttall Street, N.1**CLINICAL MEETING**

Monthly clinical meetings are being held regularly, and the next one is to be held on Wednesday, March 29. The subject for discussion is "Urinary Tract Infection," which will be introduced by Dr. W. R. Cattell and Dr. I. Kelsey. Cases of general interest will also be shown. The meeting commences at 7.30 p.m., and refreshments will be available.

HOSPITAL MANAGEMENT COMMITTEE**
Preston Royal Infirmary (424 beds)

SENIOR HOUSE OFFICER
required for emergency and accident department. The department is fully integrated with the major accident service and is supervised directly by a Senior Accident Officer in association with the Consultant Orthopaedic Surgeons. The section is staffed by one Registrar and four S.H.O.s. These posts are recognized for F.R.C.S. (casualty training) and offer excellent experience in all branches of emergency work. Good library and study facilities available. Applications, with names of two referees, to Group Secretary, Royal Infirmary, Preston, Lancs. (24614)

PUTNEY HOSPITAL
Lower Common, London S.W.15

CASUALTY OFFICER
(S.H.O. grade) Male or female. Vacant April 13, 1967. Non-resident. Post recognized for F.R.C.S. Apply Secretary, enclosing copies of three testimonials, not later than March 29. (24821)

**READING AND DISTRICT HOSPITAL
MANAGEMENT COMMITTEE**
Reading Area Accident and Orthopaedic Service

There will be a vacancy at Battle Hospital, Reading, on April 1, 1967, for

**HOUSE OFFICER or
SENIOR HOUSE OFFICER**

This unit is the only accident service for a population of 40,000, and the bulk of the work consists of major trauma, although there is also a small amount of "cold" orthopaedics. The successful candidate will be a part of a "team" whose duties will be divided between the wards, operating theatres and the accident reception department. The latter is newly built and very well equipped, including resuscitation rooms and two operating theatres. The post offers extremely good experience in the management of acute trauma and there are good facilities for postgraduate study. The post is recognized for F.R.C.S. Accommodation will be available. Written applications, giving two referees, to the Hospital Secretary, Battle Hospital, Oxford Road, Reading. (11943)

ST. MARY ABBOTS HOSPITAL
Marlow Road, Kensington, W.8

SENIOR HOUSE OFFICER
(Casualty)
required from March 1. Resident or non-resident. Recognized for F.R.C.S. Application forms obtainable from House Governor. (14125)

ST. MARY'S HOSPITAL
Newport, I.W.

CASUALTY OFFICER
(S.H.O. grade) required to commence duties on May 12, 1967. The post is recognized for F.R.C.S. and is non-resident, although accommodation can be offered if required. Department open from 9 a.m. to 6 p.m. daily, with two night duties per week at another hospital in the group. Alternate week-ends off duty. Applications, with names of two referees, to Hospital Secretary. (24701)

ST. MARY'S HOSPITAL, W.2

CASUALTY SURGEON
(graded S.H.O.) required for a period of six months with effect from May 1, 1967. Applications, giving full details, together with the names and addresses of three referees, should reach the House Governor not later than March 31, 1967. (14160)

**SHREWSBURY GROUP 15 HOSPITAL
MANAGEMENT COMMITTEE**
Royal Salop Infirmary, Shrewsbury

LOCUM SENIOR HOUSE OFFICER
accident and emergency department. (One of three employed.) Vacant March 15 to April 12 inclusive. Applications, with copy testimonials, to the Group Secretary, Copthorne Hospital, Shrewsbury, Salop. (24662)

SOUTH SHIELDS INGHAM INFIRMARY
(165 beds)

CASUALTY OFFICER
(House Officer or Senior House Officer, according to experience) required April 1, 1967, to work with one other House Officer and Registrar, under supervision of Consultant Surgeon (casualty). Post recognized for F.R.C.S. Married or single accommodation available. Applications to Hospital Secretary. (14022)

**SOUTH-WEST MIDDLESEX HOSPITAL
MANAGEMENT COMMITTEE**
West Middlesex Hospital

SENIOR HOUSE OFFICER

LEEDS REGIONAL HOSPITAL BOARD

Applications invited for the post of **REGISTRAR IN PSYCHIATRY**

at Naburn and Bootham Park Hospital, York (650 beds). The hospital has two branches, Bootham Park is five minutes from York Minster, has 200 beds; facilities there include a neuropsychiatric unit (including neuroradiological and E.E.G. facilities). Naburn is a mile outside the city boundaries, has 450 beds, and in addition to the ordinary in-patient and out-patient services has an industrial therapy unit.

Facilities are available for attending the D.P.M. course at the University of Leeds. The post offers good opportunities for training in psychiatry. There is an active postgraduate medical centre in York.

Naburn and Bootham Park Hospital is an integral part of the general medical services of the city and is also largely concerned with the York comprehensive mental health service and its psychiatric social work and other facilities.

Accommodation for a married or single person is available.

Applications, stating age, qualifications and details of present and previous appointments (with dates), together with the names and addresses of three referees, to the Secretary, Joint Registrars Committee, Park Parade, Harrogate, by March 23, 1967. (24851)

LEVERDALE HOSPITAL
Glasgow S.W.3

Applications are invited for the post of **REGISTRAR IN PSYCHIATRY**

This 1,196-bed hospital, situated in the south side of Glasgow, has an admission rate of approximately 1,000 per year, and provides a comprehensive adult psychiatric service. There is an extensive out-patient service both at this hospital and at the Victoria Infirmary, Glasgow. The hospital is within easy reach of university departments. Facilities for training in all aspects of psychiatry, for research, and instruction at other specialized units in Glasgow. Attractive single or family accommodation is available.

Applications, with names of two referees, within two weeks, to: Physician Superintendent, Leverdale Hospital, Glasgow S.W.3. (H.4850)

NORTH-EAST METROPOLITAN
REGIONAL HOSPITAL BOARD

Claybury Hospital, Woodford Bridge, Woodford Green, Essex

Applications are invited for the post of **LOCUM PSYCHIATRIC REGISTRAR**

for four sessions a week to an indefinite period commencing on April 1, 1967, at this hospital of 2,000 beds, with an admission rate of 1,600 patients annually. The post offers particular experience in community service of treatment, and is recognized by the Royal College of Physicians, London, as experience in the preparation for the D.P.M. Seminars and teaching sessions are held by senior medical staff and facilities afforded to attend classes in London whenever possible. All modern forms of treatment are practised and there are out-patient clinics at general hospitals.

Applications to the Group Secretary within seven days, with names and addresses of two referees. (14152)

Applications invited for appointment, for one year in the first instance, as whole-time **REGISTRAR IN PSYCHIATRY** to Bexley General Hospital, Bexley, Kent, including duties at the Castledown Day Hospital.

Previous experience in general medicine desirable.

Hospital approved for D.P.M. and full facilities available for out-patient clinical work and attendance at lectures for D.P.M. Admission rate is high.

Post may be resident or non-resident; single accommodation available.

Application forms, from the Secretary, Registrars Committee, South-East Metropolitan Regional Hospital Board, 40 Eastbourne Terrace, W.2, to be returned by April 1. (24895)

SOUTH OCKENDON HOSPITAL (near Romford and Grays, Essex)**REGISTRAR**

A resident post with duties mainly at the above-named modern hospital (1,073 beds for mental subnormality). Peripheral allowance of £140. Recognized for D.P.M. training. Opportunities for study and research. The hospital contains a well-equipped clinical centre, and is within easy access of London. Residential accommodation for single person, but suitable accommodation for married applicant might be arranged. Applicant should be visited by arrangement with Physiotherapy Superintendent (Tel. South Ockendon 2335). Application should be made on form obtainable from the Group Secretary, South Ockendon Group Hospital Management Committee, Leytonstone House, High Road, London E.11, and returnable by March 29, 1967. (24802)

SOUTH WESTERN REGIONAL HOSPITAL BOARD**Bristol Clinical Area**

Applications are invited for the appointment of

REGISTRAR**in Child Psychiatry and Mental Subnormality**

The appointment will be for a period of two years, but will be subject to review after the first year, and becomes vacant on June 11, 1967.

The six child guidance sessions will be at clinics of the Bristol Health Committee's (Child and Family Guidance Service (4 Psychiatrists, 7 Psychologists, 1 Psychiatric Social Worker), and offers good training facilities. The work in mental subnormality will be carried out at the hospitals of the Northampton-Brentford Group.

Facilities for research and study for the D.P.M. are available. Both the hospital group and the clinic work are in close association with the Children's Hospital and Department of Mental Health.

The post is designated as a non-resident one. Accommodation for a single person is available if required.

Applications, stating date of birth, qualifications and experience, together with the names and addresses of two referees, should be sent to the Secretary of the Regional Hospital Board, 27 Tyndalls Park Road, Bristol 8, not later than March 30, 1967. Selected applicants will be interviewed on April 14, 1967. (H.4863)

THE UNITED CAMBRIDGE HOSPITALS AND THE EAST ANGLIAN REGIONAL HOSPITAL BOARD

Applications are invited for two posts of **REGISTRAR IN PSYCHIATRY** to Addenbrooke's and Fulbourn Hospitals. These are joint appointments in a combined psychiatric service which provides full facilities for clinical work with all types of patients as well as formal training and opportunity for study for D.P.M. A full afternoon is set aside each week for teaching.

The successful candidates will work at Addenbrooke's Hospital and at Fulbourn Hospital. The appointments are for one year, renewable a second year. Candidates are invited to visit the hospital by arrangement with the House Governor, Addenbrooke's Hospital, Trumpington Street, Cambridge, to whom applications, with full details, and names of three referees, should be sent by March 22, 1967. (24711)

WELSH HOSPITAL BOARD**REGISTRAR IN PSYCHIATRY**

to the North Monmouthshire H.M.C. Based at Peny-y-fôr Hospital, Aberavenny, Mon. Full range of modern psychiatric treatment and a number of associated general hospital out-patient clinics.

Resident. (Married or single accommodation available.)

Subject to review end of first year. Application forms from S.A.M.O., Temple of Peace and Health, Cathays Park, Cardiff, within 14 days. (24138)

WELSH HOSPITAL BOARD**REGISTRAR IN PSYCHIATRY**

at North and District H.M.C. Based at Waithchurch Hospital, Cardiff (729 beds). Married or single accommodation available.

Subject to review end of first year. Application forms from S.A.M.O., Temple of Peace and Health, Cathays Park, Cardiff, within 14 days. (24139)

BURTON-ON-TRENT HOSPITAL MANAGEMENT COMMITTEE
St. Matthew's Hospital, Burntwood, near Lichfield

Applications are invited for the post of **SENIOR HOUSE OFFICER** at this psychiatric hospital of 1,300 beds. Facilities afforded for D.P.M. classes in Birmingham.

Furnished or unfurnished accommodation or single quarters available.

Applications giving full details, together with the names of two referees, to the Hospital Secretary. (H.4854)

CENTRAL HOSPITAL**Warwick**

Senior House Officer (Psychiatry) required at this hospital of over 1,400 beds. Hospital specializes in rehabilitation unit, and has active departments of E.E.G., psychology, psychiatric social workers and occupational therapy. Duties include attendance at psychiatric out-patient clinics in general hospitals in Coventry and South Warwickshire and at child guidance clinics. Candidates for D.P.M. Parts I and II afforded instruction at Birmingham University. Single or married accommodation available. Applications, with names and addresses of two referees, to Medical Superintendent. (24855)

GLENSIDE AND BARROW HOSPITAL MANAGEMENT COMMITTEE

Applications invited for appointment of **SENIOR HOUSE OFFICER**. The group has modern admission units, mixed units, a day hospital, a large industrial therapy unit, and departments of experimental and applied psychology, and electro-encephalography. The appointment offers opportunities for experience in all aspects of acute and chronic psychiatric illness. Facilities available for studying and gaining experience for Diploma of Psychological Medicine. Board residence for single officer if required. Applications, with names and addresses of two referees, should be sent to the Secretary, Glenside Hospital, Stapleton, Bristol. (24762)

HORTON HOSPITAL**Epsom, Surrey**

A vacancy exists for a **SENIOR HOUSE OFFICER (Psychiatry)**. Applicants must have held a house appointment in a general hospital. Single residential accommodation available. Very limited accommodation available for married couple without children.

The hospital deals with all types of psychiatric illness; experience may be gained in all modern physical, occupational and psychotherapeutic methods. Facilities are afforded for attending courses of instruction in London for the D.P.M.

Applications, with the names and addresses of two referees, should be sent to the Physician Superintendent not later than 14 days after the appearance of this advertisement. (14228)

LEEDS (A) GROUP HOSPITAL MANAGEMENT COMMITTEE
St. James's Hospital, Leeds 9

Applications are invited for the post of **SENIOR HOUSE OFFICER** in the psychiatric unit of the above general hospital. Experience in psychiatry not essential.

The unit provides treatment for a wide range of psychotic and neurotic in-patients, day-patients and out-patients. It is recognized as affording suitable training for the D.P.M. examination, and facilities will be provided for attendance at courses for this examination at the University of Leeds, with which the unit is closely linked.

Applications, stating age, qualifications, experience, etc., together with the names of two referees, to be forwarded to the Group Secretary, as soon as possible. (24896)

PRINCESS ALEXANDRA HOSPITAL**Hamstel Road, Harlow, Essex**

SENIOR HOUSE OFFICER required immediately for the psychiatric unit opening in February, in the new hospital. The unit consists of 30 acute beds with full-scale in-patient and day hospital facilities, and a D.P.M. course.

Previous psychiatric experience not essential.

Good sports and social opportunities in pleasant town, with good travelling facilities to London.

Applicants requiring further information or would like to visit the department are asked to contact the Hospital Secretary (Harlow 2679) to whom applications should be addressed as soon as possible. (24389)

ROYAL ALBERT EDWARD INFIRMARY**Wigan**

LOCUM SENIOR HOUSE OFFICER in department of psychological medicine required for approximately four months from March 23, 1967—based at Billinge Hospital, but duties at other hospitals in the group. Applications, with full details, to Secretary, Wigan and Leigh Hospital Management Committee, Royal Albert Edward Infirmary, Wigan. (24606)

ST. BERNARD'S PSYCHIATRIC HOSPITAL**Southall, Middlesex**

SENIOR HOUSE OFFICER required, resident or non-resident. Facilities are afforded junior staff to become versed in all branches of psychiatry, including attendance at out-patient clinics.

Easy access to central London. Facilities given for attendance at D.P.M. courses, enhanced by liaison with the National Hospital for Nervous Diseases.

N.H.S. salary and conditions. Applications, giving full details, and copies of three recent testimonials, should be sent to the Physician Superintendent. (14005)

SOUTH-WEST WALES HOSPITAL MANAGEMENT COMMITTEE**St. David's Hospital, Carmarthen (1,000 beds)****SENIOR HOUSE OFFICER IN PSYCHIATRY**

Applications invited for the above post, which is now vacant for a six-month period. Salary and qualifications as laid down by the Ministry of Health. Peripheral allowance

of £140 per annum is payable in respect of this post.

Applications, stating age, qualifications, experience and nationality, with the names and addresses of three referees, to the Group Secretary, South-West Wales Hospital Management Committee, Glangwili, Carmarthen. (24527)

STANLEY ROYD HOSPITAL**Wakefield**

Applications invited for post of **SENIOR HOUSE OFFICER IN PSYCHIATRY**

The hospital is closely associated with Pinderfields General Hospital. There is a training programme in psychiatry, and there are facilities for attending Leeds University D.P.M. course. Married, furnished accommodation available. Address written applications, giving full personal particulars, details of experience, and two names and addresses for reference to Secretary, Pinderfields General Hospital, Wakefield. (14086)

WYCOMBE GENERAL HOSPITAL**High Wycombe, Bucks**

S.H.O. IN PSYCHIATRY required for new 20-bedded acute psychiatric admission unit, contained in main general hospital building. The unit will work closely with St. John's Psychiatric Hospital, Aylesbury, and with the other departments in the hospital. The post offers valuable experience of in-patient and out-patient treatment of a wide range of acute psychiatric disorders. The unit will be recognized for the D.P.M. examination and arrangements can be made to attend the D.P.M. lecture course at the Institute of Psychiatry, Maudsley Hospital, and other postgraduate facilities are available in the Oxford Region. Single accommodation available, and married accommodation may be available. Applications, with names of two referees, to Hospital Secretary. (24803)

RADIOLOGY**MANCHESTER REGIONAL HOSPITAL BOARD****Whole-time or maximum part-time CONSULTANT RADIOLOGIST**

in the South Cheshire group of hospitals (mainly Crewe Memorial Hospital and Barony Hospital, Nantwich). Wide experience and higher qualifications essential; appointee to live in hospital.

Application forms and further particulars from the Senior Administrative Medical Officer to the Board, Cheetham Road, Manchester 8, to be returned by April 4. (14206)

NEWCASTLE REGIONAL HOSPITAL BOARD**CONSULTANT RADIOLOGIST**

whole-time or maximum part-time, required for Gateshead group of hospitals, situated within easy reach of university centre. Main hospitals: Queen Elizabeth (268 beds); Bensham General (195 beds); Dunston Hill (251 beds).

Major redevelopment has commenced on the Queen Elizabeth Hospital.

Further particulars from Senior Administrative Medical Officer, Regional Hospital Board, Benefield, Newcastle upon Tyne 6, to whom applications should be addressed together with the names of three referees, by April 8, 1967. (24856)

NORTH-WEST METROPOLITAN REGIONAL HOSPITAL BOARD**Hitchin Hospitals**

LOCUM CONSULTANT RADIOLOGIST required from April 3 to 12, April 26 to 28, May 30 to June 9, and August 21 to September 4, 1967. Nine sessions weekly.

Applications to the Deputy Group Secretary, Luton and Hitchin Group H.M.C., St. Mary's Hospital, Luton, Beds. (24650)

OXFORD REGIONAL HOSPITAL BOARD**CONSULTANT RADIOLOGIST**

(whole-time or maximum part-time) required in the Kettering, Northampton Area Department. Duties mainly in the hospitals of the Kettering Hospital Management Committee. Further particulars available on request.

Applications (12 copies), giving details of experience, qualifications, age, and the names of three referees, to the Secretary, Oxford Regional Hospital Board, Old Road, Headington, Oxford, should be received not later than April 10, 1967, quoting reference 17/1/5728. (24511)

OXFORD REGIONAL HOSPITAL BOARD**LOCUM CONSULTANT RADIOLOGIST**

required in the Kettering/Northampton area from May 8 for approximately three months, pending appointment of Consultant. Applications, giving details of experience, qualifications, age, and the names of two referees, to the Secretary, Oxford Regional Hospital Board, Old Road, Headington, Oxford, quoting reference 17/41/L. (24805)

SHEFFIELD REGIONAL HOSPITAL BOARD**CONSULTANT RADIOLOGIST**

whole-time or maximum part-time. Derby group of hospitals, vacant now until August 31, pending filling of permanent post. Apply to Secretary, Sheffield Regional Hospital Board, Old Fulwood Road, Sheffield 10, naming two referees. (24857)

WELSH HOSPITAL BOARD**CONSULTANT RADIOLOGIST**

to the Pontypridd and Rhondda H.M.C. Based at the East Glamorgan Hospital, near Pontypridd, with visits to other hospitals. Optional whole-time/maximum part-time appointment.

Successful applicant will be required to live within ten miles of the base hospital. Married accommodation will be available for a limited number of years.

Further particulars available upon request. Applications, naming three referees, to S.A.M.O., Temple of Peace and Health, Cathays Park, Cardiff, within 21 days. (14140)

UNITED LEEDS HOSPITALS LEEDS REGIONAL HOSPITAL BOARD**CONSULTANT IN RADIOLOGY****Leeds**

(Whole-time or maximum part-time)

A unit has been created for a Consultant Radiologist in the radiological department at Killingbeck Hospital. This hospital is the main regional centre for chest diseases, thoracic and cardiac surgery. A new unit equipped with the latest radiological apparatus is now operating and the applicant should have special experience in cardiological investigation.

Two sessions per week will be performed at the Leeds General Infirmary to maintain continuity with the thoracic surgery department. Other duties will be carried out at Searcote Hospital, where there is now a paediatric unit in addition to infectious diseases.

Although a large proportion of the work will be concentrated in the thorax the successful applicant will be able to maintain contact with general radiology, and there is a big potential for development which makes the post very attractive.

Application forms obtainable from the Secretary, Leeds Regional Hospital Board, Park Parade, Harrogate, to whom they should be returned by April 11, 1967. (24858)

LEEDS REGIONAL HOSPITAL BOARD
Board of Governors, United Leeds Hospitals and University of Leeds**JOINT REGISTRARS COMMITTEE**

Senior Registrar in Radiology in a rotational training scheme. The hospitals associated with the scheme are St. James's Hospital, Leeds, with Killingbeck Hospital, Leeds, the Bradford Royal Infirmary, and the General Infirmary at Leeds. Candidates must possess the D.M.R.D., and higher qualifications are desirable.

The post is not resident.

Application forms may be obtained from the Secretary, Joint Registrars Committee, Park Parade, Harrogate, to whom they should be returned by not later than April 5, 1967. (24859)

HAMMERSMITH HOSPITAL AND THE ROYAL POSTGRADUATE MEDICAL SCHOOL**Du Cane Road, London W.12****WHOLE-TIME NON-RESIDENT REGISTRAR**

required October 1. This post is for trainees in diagnostic radiology, and is normally tenable for one year, with a possibility of a second year. Higher medical or surgical qualification would be an advantage.

Detailed applications, naming two referees, should reach the Secretary, Board of Governors, Hammersmith Hospital, Du Cane Road, London W.12, by April 1. (14142)

THE ROYAL FREE HOSPITAL**Gray's Inn Road, London W.C.1****REGISTRAR IN DIAGNOSTIC RADIOLOGY**

Required as soon as possible for one year in the first instance. Candidates are required to hold the D.M.R.D. Application form obtainable from the Administrator, Closing date April 15, 1967. (14242)

THE UNITED BIRMINGHAM HOSPITALS**Applications are invited for the post of REGISTRAR IN RADIOLOGY (Non-resident) Registrar grade**

for duties in the United Hospitals. The successful candidate should preferably have the D.M.R.D. Diploma and certainly have passed Part I of the examination for the D.M.R.D.

Application forms may be obtained from the Secretary, United Birmingham Hospitals, Queen Elizabeth Hospital Birmingham 15, and should be returned to him by March 25, 1967. (H.4851)

RADIO THERAPY**MANCHESTER REGIONAL HOSPITAL BOARD****TWO SENIOR REGISTRARS IN RADIO THERAPY**

at the Christie Hospital and Holt Radium Institute, Manchester. A higher qualification is desirable; appointees to live in or near Manchester.

Application forms, from the Senior Administrative Medical Officer to the Board, Cheetham Road, Manchester 8, to be returned by March 28, 1967. (13989)

SOUTH-EASTERN REGIONAL HOSPITAL BOARD, Scotland**SENIOR REGISTRAR**

in the department of radiotherapy at the Royal Infirmary of Edinburgh and the Western General Hospital, Edinburgh.

Full mega-voltage facilities are available in this department, which has 100 beds and a turnover of 2,500 new cases each year.

Apply by April 8, 1967, giving particulars of age, qualifications and previous experience, together with the names of three referees, to the Secretary, 11 Drumsheugh Gardens, Edinburgh 3. (H.4842)

DERBY NO. 1 HOSPITAL MANAGEMENT COMMITTEE**Derbyshire Royal Infirmary, Derby****SENIOR HOUSE OFFICER (Radiotherapy)**

New post now vacant. Resident appointment, but married applicant would need to be non-resident. The equipment of the out-patient is a Cobalt-60 apparatus, conventional x-ray therapy, isotope treatment, hyperbaric oxygen. Facilities for postgraduate study are available. Apply, stating full details, and two names for reference, to Secretary, quoting 458. (24897)

IPSWICH AND EAST SUFFOLK HOSPITAL**Anglesea Road Wing (351 beds)****Applications are invited for the post of SENIOR HOUSE OFFICER**

in the radiotherapy department. This is a well-equipped department, including a cobalt and caesium unit, and duties include work with isotope investigation and care of both in- and out-patients. Excellent library facilities are available and the post allows time for study for higher qualifications.

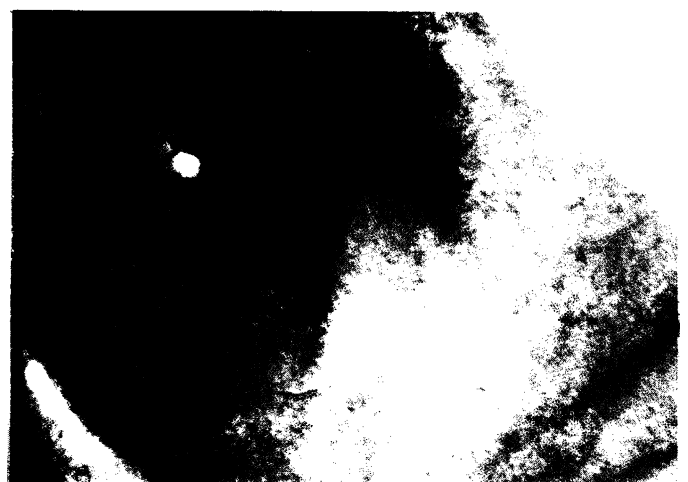

Applications, with the names of two referees, to the Hospital Secretary. (24724)

These studies show why Pro-Banthine* reduces the pain of peptic ulcer

1 E.B., male, age 48. Normal antral contraction. Pyloric opening is not seen. It is difficult to differentiate a deep prepyloric contraction from a "pyloric fleurette" of true pylorus.

2 Same subject after 6 mg. of propantheline bromide intravenously; antral contractions ceased. The pyloric orifice remains open and is easily identified. Better visualisation of the antrum is also obtained.

These intra-gastric photographs were taken by the techniques of continuous cine-fibregastroscopy during the intravenous administration of Pro-Banthine, and demonstrate clearly its ability to inhibit gastric motor activity at a low dosage level. The ability of Pro-Banthine, whether given orally or parenterally, to reduce spasm, coupled with its

superior activity in reducing gastric acid secretion, leading to rapid pain relief, is the reason for the widespread use of the compound in the treatment of peptic ulcer.

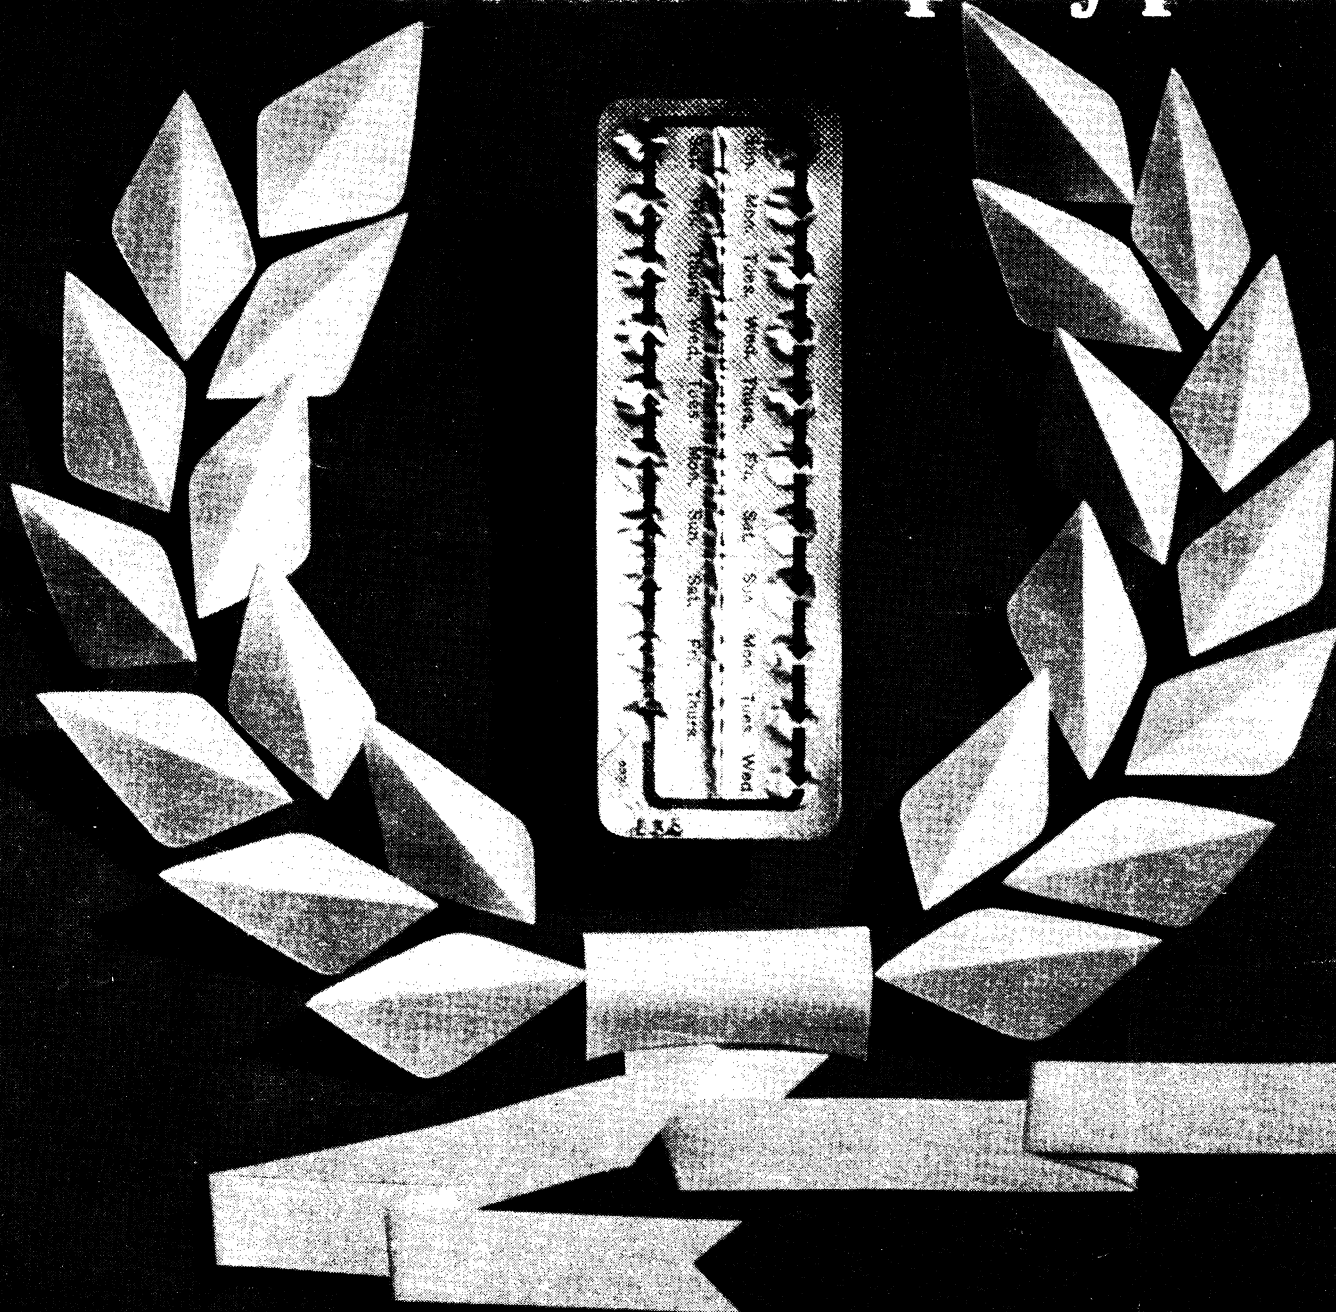

Cine-gastroscopic studies presented to the Annual Meeting of the American College of Gastroenterology, Bal Harbor, Fla. October 1965.

**The fact that Gynovlar 21
was the first 21 tablet
oral contraceptive is a matter
of some company pride**

when all facts are considered the choice must be

but what matters clinically is the added security this idea provided for millions of women

The simple idea of an extra tablet put Gynovlar 21 ahead of the field in oral contraceptive administration. Now the 21-tablet dosage scheme is becoming standard practice as a method of virtually eliminating patient error in oral contraception.

GYNOVLAR 21 PROVIDES:

First, four-fold security by ovulation control, by protective changes in the endometrium and cervical mucus and also by the 21-tablet dosage scheme which virtually eliminates patient error.

Secondly, Gynovlar 21 is extremely well tolerated. Tolerance depends not only on the choice of progestogen, but especially on the type of dosage of oestrogen. Gynovlar 21 tablets contain 3 mg. norethisterone acetate – a progestogen used throughout the world in gynaecological medication and renowned for its

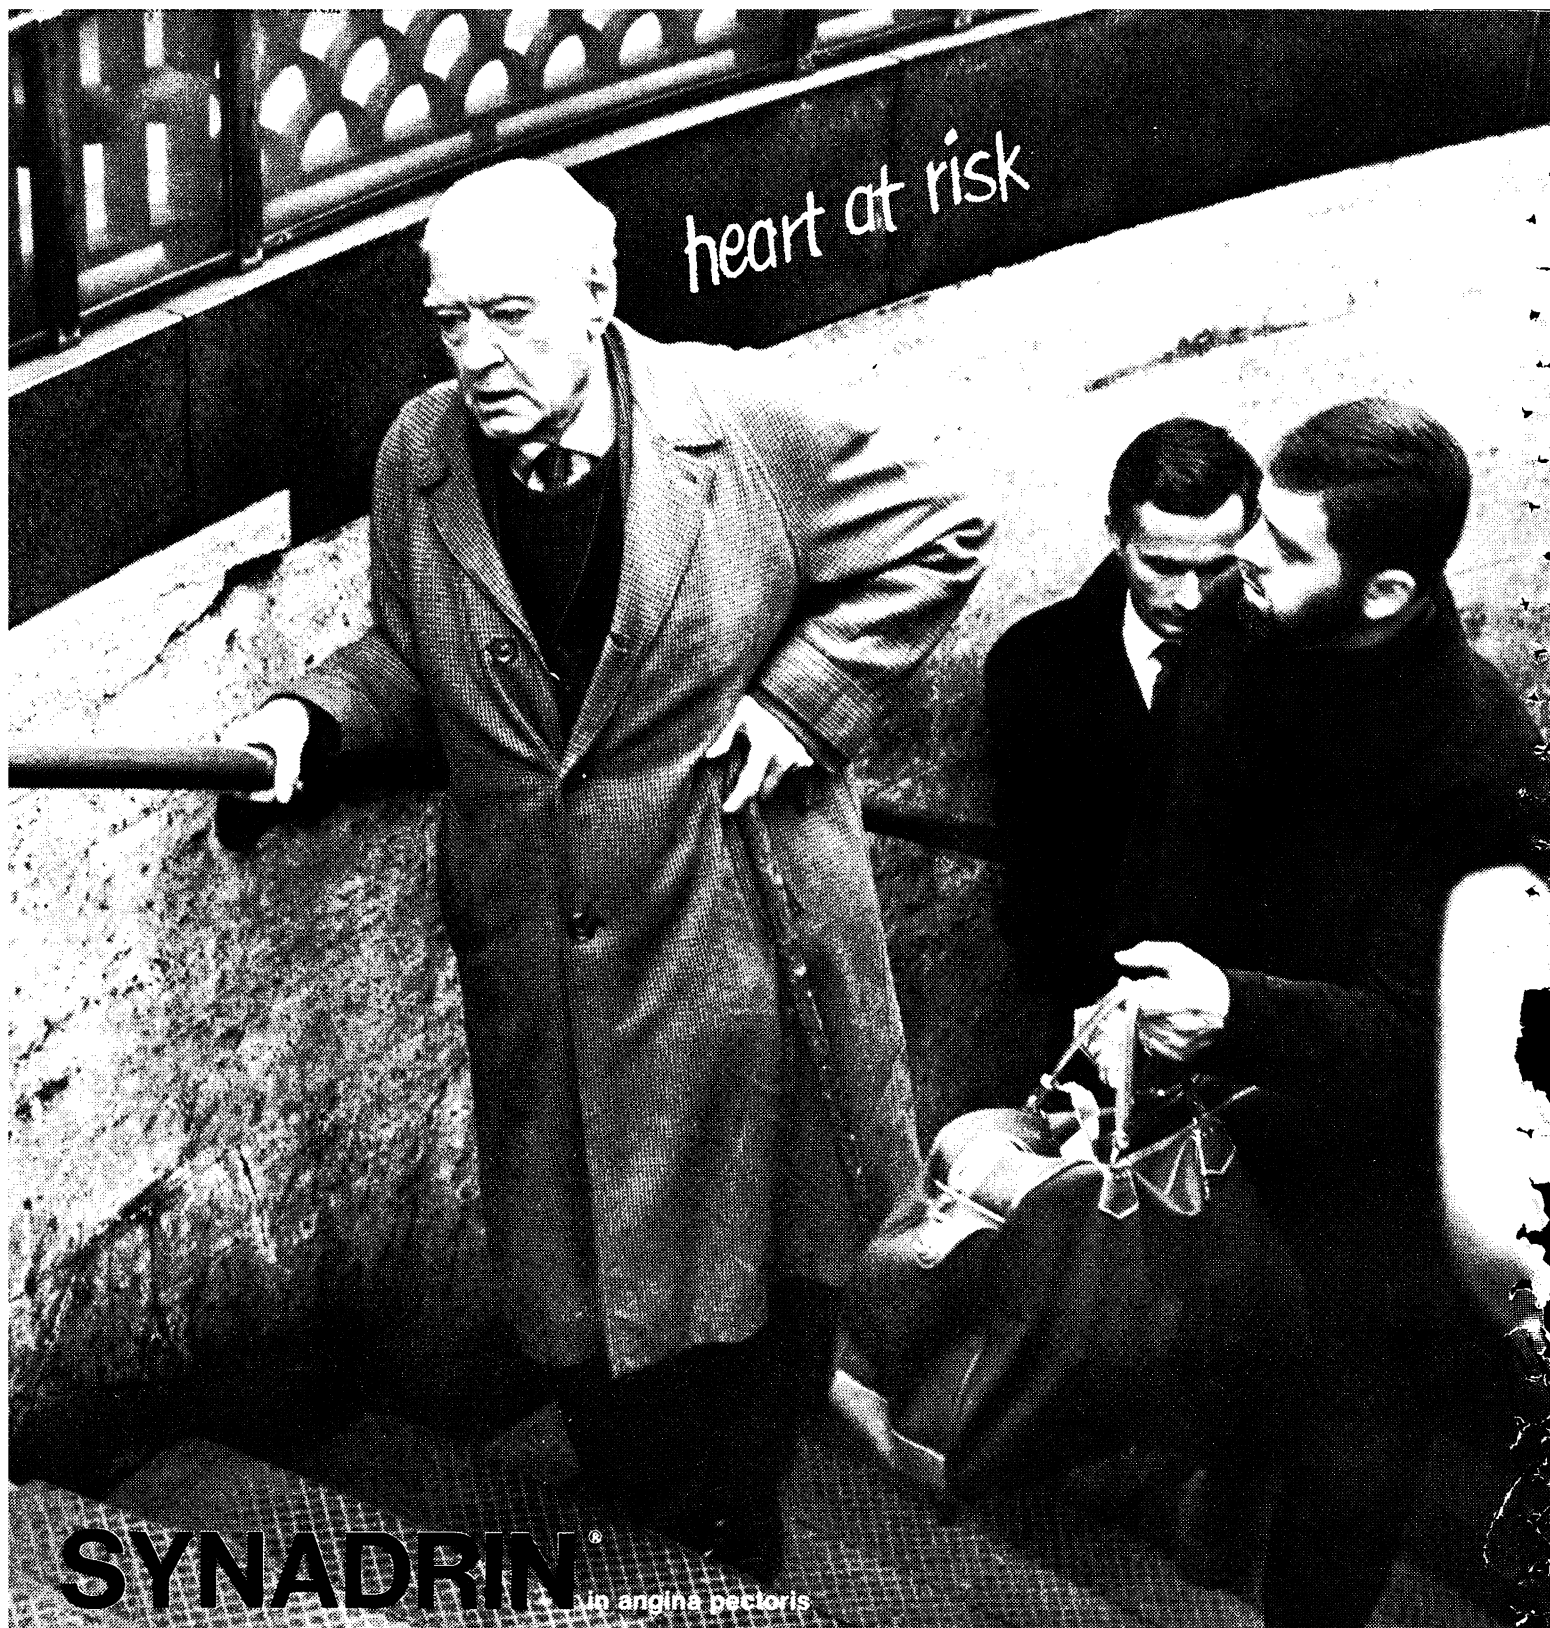

excellent tolerance – and 0.05 mg. ethinylœstradiol B.P., which is the lowest dose to be employed for oral contraception. No other presentation contains less oestrogen, many contain more.

Thirdly, the substances used in Gynovlar 21 produce normal menstrual cycles, which have been described as being of 'almost clockwork precision'. Thus Gynovlar 21 is ideally suited to the 21-tablet dosage scheme, which this product pioneered and the advantages of which have, meanwhile, been generally recognized.

treats the patient rather than his attack

Synadrin reduces the incidence of anginal attacks during long-term treatment. Its effectiveness is shown by a number of double-blind studies;¹⁻⁷ it is indicated in all forms of ischaemic heart disease.⁸⁻¹⁰ Synadrin acts by producing a prolonged improvement in the coronary blood supply. Synadrin tablets contain 15 mg. prenylamine lactate. Treatment is initiated with a dose of two tablets three times a day.

this delegation area for the whole-time super-
annuable post of

ASSISTANT COUNTY MEDICAL
OFFICER/SCHOOL MEDICAL OFFICER
Diploma in Child Health or Public Health
an advantage. Salary Whitley Council scale
£1,515 to £2,130. Provision of unfurnished
accommodation will be considered by U.D.C.
for married officers.

Havant, which is midway between Ports-
mouth and Chichester, is a rapidly expand-
ing south coast town with a population of
100,000 incorporating the seaside resort of
Haying Island.

Forms of application, returnable by April
3, 1967, and details from the County
Medical Officer, The Castle, Winchester. (13967)

NORTHAMPTONSHIRE COUNTY
COUNCIL

APPOINTMENT OF DISTRICT MEDICAL
OFFICER OF HEALTH AND ASSISTANT
COUNTY MEDICAL OFFICER

Applications are invited from registered
medical practitioners holding a D.P.H. for
the mixed appointment of

District Medical Officer of Health for the
urban districts of Irthlingborough and
Wellingborough and the
rural district of Wellingborough,
and

Assistant County Medical Officer
and School Medical Officer.

Each appointment is counted as half-time,
and the combined salary scales will be £2,254 7s. 6d. per annum, rising to a max-
imum of £2,818 15s. per annum. Regard will
be paid to the qualifications and previous
experience of the successful candidates in
determining the commencing salary within
these scales.

Wellingborough urban district is due to be
expanded under an agreement with the
Greater London Council from an estimated
population of 34,000 at the present time to
53,000 by 1972, and 85,000 by 1981.

The person appointed will be required to
provide a car, for which he will receive a
appropriate mileage allowance as well as
subsistence expenses. A grant is payable
towards the cost of removal expenses and
temporary lodging allowance can also be
claimed. Applications, giving full personal
and professional details, together with the
names of two referees, should reach the
undersigned by April 10, 1967.

J. Alan Turner,
Clerk of the County Council,
County Hall, Northampton. (24812)

WARWICKSHIRE COUNTY COUNCIL

APPOINTMENT OF AN ASSISTANT
COUNTY MEDICAL OFFICER OF
HEALTH AND SCHOOL MEDICAL
OFFICER

(Male or Female) Combined with a Bursary
Scheme for Taking the Diploma in Public
Health

Applications are invited from medical
practitioners wishing to make a career in
public health. A minimum of two years'
medical experience is required. The selected
candidate may elect to join the bursary
scheme, which provides for attendance on
paid leave, in the third or fourth year of
service, at London University, to take the
Diploma in Public Health—with assistance
towards living, travelling, and course ex-
penses. The post is kept open, and a satis-
factory candidate may return to the council's
service on the appropriate point in salary
scale.

A brochure explaining the scheme in
full is supplied with the application form.
Conditions of service and salary are in
accordance with the Whitley Council scale
£1,515 to £2,130—commencing salary
according to experience. Posts are super-
annuable from date of appointment.

Applications will be considered from
married women practitioners willing to work
school terms only for pro-rata salary.

The successful candidate will be required
to produce a satisfactory medical certificate.

Car is essential, for which Whitley Council
scale allowance is payable. Consideration
will be given to financial assistance towards
removal expenses.

Forms of application can be obtained
from the County Medical Officer of Health,
County Health Department, Shire Hall,
Warwick. Closing date for applications is
March 28.—L. Edgar Stephens, Clerk of
Council, Shire Hall, Warwick. (24722)

INDUSTRIAL
APPOINTMENTS

Attention is drawn to the British Medical
Association's statement of policy on the
Remuneration of Industrial Medical Officers
approved by the Representative Body in
1966, which is available on request from the
Secretary.

ETHICON LIMITED

MANAGER OF MEDICAL SERVICES for a suture manufacturing company in the East of Scotland. The Manager of Medical Services will be responsible to the company Board for the representation of the company as a business enterprise whose objectives are directed towards the commercial manufacture and distribution of ethical products and services. He will also be responsible for the design, organization and initiation of clinical and experimental test programmes relating to existing or new products and for advising the Company Management on new developments in the field of wound repair and wound healing. Applicants, preferably in the age range 30-40, must be surgically qualified and possess a genuine interest in this appointment, in which they will be expected to continue to maintain good professional relationships with the surgical staffs of hospitals. The successful applicant will be paid a substantial salary commensurate with his responsibilities.

Applications, giving details of age, education and experience, to Mr. J. J. F. Howell, Ethicon Limited, Bankhead Avenue, Edinburgh 11. (H.4824)

Head of Pathology
DepartmentTherapeutics Research Division
PFIZER LIMITED

A Pathologist with either medical or veterinary qualifications is required to lead the established Pathology Department, the activities of which comprise routine pathological and histological examination of animal tissues in the course of toxicity trials, haematology, histochemistry and experimental pathology.

The Department will be installing an A.E.I. 6B electron microscope within the next few months.

The man appointed will work in the closest co-operation with the Toxicology, Pharmacodynamics and Biochemical-Pharmacology Departments.

Within the Pathology Department there is ample opportunity and facilities for experimental research. Joint investigation with other departments, such as those mentioned above, is highly desirable. The publication of the results of experimental work is encouraged.

The laboratories are situated at Sandwich, Kent. The starting salary will be negotiated against the successful applicants' age, qualifications and experience and it will reflect the importance of the appointment. Additionally, a profit-sharing bonus scheme, free pension and life assurance facilities are offered.

Applications, which will be treated in the strictest confidence, should be addressed to:

Personnel Manager,
Therapeutics Research Division,
Pfizer Ltd.
Sandwich, Kent.

(24861)

MEDICAL
ADVISER

As a result of the steady increase in the pharmaceutical business of B.D.H. it has been necessary to identify the roles of Research and of Development more precisely. Accordingly, following re-organization, B.D.H. wishes to appoint a well-qualified clinician as Medical Adviser to the Development Division.

The main contribution of the Medical Adviser is likely to be in the development of new and the improvement of existing medical products. He will also be concerned with dealing with the more searching medical queries concerning the Company's products—liaising with the United Kingdom and International sales organizations—arranging clinical trials both at home and abroad and advising on the medical aspects of scientific and promotional literature.

Based in London, this post carries a salary of not less than £3,500 per annum with Profit Sharing Scheme, Pension Fund and free Life Assurance—a car is also provided.

Applicants, who should have had several years clinical experience and preferably experience in the pharmaceutical industry, should write to:

Group Personnel Manager,
B.D.H. Group Ltd.
Graham Street,
London N.1.

PRINCE HENRY HOSPITAL

HAEMATOLOGIST
DIVISION OF HAEMATOLOGY
The Prince Henry Hospital, Little Bay, Sydney, N.S.W., Australia
(Teaching Hospital of the University of N.S.W.)

Applications are invited from medical graduates for appointment as Haematologist in charge of the division of haematology, department of pathology.

Applicants should hold an appropriate post-graduate qualification and have at least five years' experience in haematology.

The division of haematology is housed in a new building in the department of pathology, having nearly 3,000 sq. ft. of laboratory and office space. A separate air-conditioned blood bank occupies 500 sq. ft.

A wide range of investigations, including isotope studies, are performed; and there is adequate supporting staff.

Salary range \$8,104 to \$11,104, initial stipend according to experience and qualifications.

The successful applicant will also be eligible to apply for appointment in the University of New South Wales as Clinical Associate Professor (\$500 per annum) or Clinical Lecturer (\$300 per annum).

Further details are available from the Personnel Officer, Prince Henry Hospital, Little Bay.

Applications, giving the names and addresses of three referees, should be forwarded to the Personnel Officer, Prince Henry Hospital, Little Bay.

Applications close April 14, 1967.—J. R. Cy, Chief Executive Officer. (14219)

PSYCHIATRIC RESIDENCIES, COMPREHENSIVE University programme for Board certificate. Assignments include adult and child, in-patient and out-patient services, neurology, etc. General practitioner stipends up to \$12,000 (£4,300 sterling). Five-year career stipends \$11,000 to \$16,000 (£3,930 to £5,710 sterling). Career may extend to six years after child psychiatry certification. Write to George A. Ulett, M.D., Chairman, Department of Psychiatry (St. Louis), University of Missouri, 5400 Arsenal, St. Louis, Missouri, 63110, or Harry Neubauer, M.R.C.P.(E.), J.P.M., Manor Hospital, Bath, Somerset, England. (H.4457)

ANAESTHESIOLOGY RESIDENCIES

Approved training in large medical school hospital centre. Extensive clinical and didactic training. All types of anaesthesia, including open heart surgery. Close supervision by full-time attending staff. Seminar teaching. Basic science programme by medical school faculty. Research participation. Opportunities for appointments in hospital and medical college after completion of training.

Stipend: \$494 to \$544 per month.

Openings available immediately.

Apply: F. E. Fierro, M.D., New York Medical College, 1 East 106th Street, New York City, 10029, New York. (H.4241)

UNIVERSITY OF THE WITWATERSRAND, JOHANNESBURG AND THE TRANSVAAL PROVINCIAL ADMINISTRATION
FULL-TIME PROFESSOR OF
PAEDIATRICS AND CHIEF PAEDIATRICIAN
JOHANNESBURG HOSPITAL AND ASSOCIATED TEACHING HOSPITALS

Applications are invited for appointment to the newly created post of full-time Professor of Paediatrics and Chief Paediatrician on the joint staff of the University and the Johannesburg Hospital and associated teaching hospitals.

Duties are to be assumed as soon as possible, but the exact date of assumption will be a matter of negotiation with the successful applicant.

The salary attached to the appointment is R9,000 per annum (R2=£1).

Intending applicants are requested to obtain a copy of the information sheet relating to the vacancy from the Association of Commonwealth Universities (Branch Office), Marlborough House, Pall Mall, London S.W.1.

Applications should be lodged not later than May 30, 1967. (14217)

PSYCHIATRISTS REQUIRED

Psychiatric Services Branch, Department of Public Health, Province of Saskatchewan, Canada

Salaries from \$14,532 to \$22,812 per annum.

To work in comprehensive, total care programmes organized on a regional basis with populations from 20,000 to 100,000. Excellent supporting staff, clearly defined responsibilities, community psychiatry concepts of proven worth.

Youth is no barrier, but good judgement and ability to work effectively with professional colleagues, ancillary staff, and community agencies is essential.

Graduates of British medical colleges who are on the home list of the General Medical Council are eligible by reciprocity for a regular licence to practise medicine. Others may be granted a permit to practise by arrangement with the Saskatchewan College of Physicians and Surgeons.

Application forms and information available from Mr. W. C. A. Knights, Saskatchewan Government, 28 Chester Street, London S.W.1, England. Further particulars available by writing to the Director, Psychiatric Services Branch, Department of Public Health, Provincial Health Building, Regina, Saskatchewan. (14188)

Active in-patient, out-patient, liaison and emergency service; comprehensive individual supervised teaching, courses and experience in clinical psychiatry, psychosomatic medicine, psychopharmacology, forensic psychiatry, psychoanalysis theory, child psychiatry, neurology, and state hospital experience. Hospital is 15 minutes from mid-Manhattan by subway. Excellent housing in neighbourhood. Full-time direction by Professor of Psychiatry, Mt. Sinai School of Medicine. First year salary: \$6,500, plus \$700 annual optional living-out allowance; \$500 annual increase. —Dr. H. Wei stock, Chief, Department of Psychiatry, Mt. Sinai-Elmhurst Hospital, Elmhurst, New York 11373. (H.4405)

SURGICAL PRECEPTORSHIPS IN 65-MAN clinic open July 1, 1967, for one- or two-year appointments. American Board credit if three years' residency completed. Oregon licence required for the second year but not the first. If foreign graduate, E.C.F.M.G. and permanent visa required. Salary \$800 per month. Include curriculum vitae and letters recommendation in first letter. —N. W. Frink, M.D., Permanente Clinic, 5055 N. Greeley, Portland, Oregon, U.S.A. 97217. (H.4669)

THE GRIFFIN HOSPITAL

Derby, Conn., U.S.A.
ROTATING INTERNSHIP
July 1, 1967, and January 1, 1968. Accredited 200-bed general hospital, 10 miles from Yale Medical Center, 65 miles from New York City. A.M.A. approved. Sponsor exchange visitor programme. E.C.F.M.G. required. Stipend \$325 per month, plus room (apartment for married interns), uniforms and travel allowance up to \$600. (H.4788)

U.S.A. ROTATING INTERNSHIPS AND fully approved residencies in medicine and surgery. Excellent training programme, affiliated with the university medical school. Full-time Director of Medical Education. Salary of interns \$6,000; Residents \$6,350 to \$6,960, plus full maintenance and single and married accommodation available. Good private practice opportunities after internship, if desired. E.C.F.M.G. required. Saginaw General Hospital, Saginaw, Michigan 48605. (H.4812)

ROYAL ALEXANDRA HOSPITAL FOR CHILDREN

Camperdown, Sydney, N.S.W., Australia

ASSISTANT MORBID ANATOMIST
Applications are invited from suitably qualified medical practitioners for this newly created staff specialist post in the hospital's institute of pathology.

It is envisaged that the appointee will have recently obtained a higher qualification in pathology and intends to make morbid anatomy and histopathology his future career. Enquiries will also be welcomed from persons who expect to obtain shortly the appropriate higher qualification.

The hospital is a 630-bed paediatric teaching hospital of the University of Sydney. The appointee, although concentrating on tissue pathology, would associate closely with other highly qualified staff in the institute which covers all aspects of paediatric pathology.

Salary and conditions for a qualified specialist, in accordance with the Medical Officers (Hospital Specialists) Award: present salary in the range \$A8,104 to \$A10,104 per annum.

Enquiries to Dr. R. D. K. Reye, Director of Pathology.

Written applications, with the names of at least two referees, to the undersigned by May 27, 1967.—McReady, General Medical Superintendent. (13974)

UNIVERSITY OF ALBERTA

Provincial Laboratory of Public Health
Southern Branch, Calgary

Clinical Pathologist locum tenens required for one year from summer of 1967. Salary range \$10,000 to \$15,000 per annum.

Histopathology and bacteriology experience essential. Extolative cytology experience desirable.

Banff ski and winter sports centre 70 miles west on Trans-Canada Highway. Good local riding and horsemanship instruction available.

Please submit curriculum vitae, recent photograph and names of three references to the Director at the above address. (H.4505)

U.S.A. MUHLBERG HOSPITAL, Plainfield, N.J., fully accredited internist, 550-bed hospital 25 miles from New York City. \$300 monthly stipend, plus full maintenance. Transportation advanced. E.C.F.M.G. required. Inquiries to Director.

U.S.A. WAYNE STATE UNIVERSITY, Detroit, Michigan
Department of Neurology
John Stirling Meyer, M.D., Professor and Chairman

The Department of Neurology, Wayne State University, Detroit, Michigan, has a limited number of vacancies in the Residency Training Programme, beginning July 1, 1967. This is an approved three-year training programme and includes training to the standards required in order to obtain certification in neurology by the American Board of Psychiatry and Neurology, Inc.

Salary range: \$5,500 to \$6,500.

For further information write to John Gilroy, M.D., F.R.C.P.(C.), Associate Professor of Neurology, Wayne State University, Harper Hospital, Detroit, Michigan, 48201. (H.4784)

TAURANGA HOSPITAL BOARD

Tauranga, New Zealand

VISITING E.N.T. SURGEON
Applications are invited for the position of Visiting Specialist E.N.T. Surgeon at Tauranga Hospital for the balance of the three-year term ending on September 30, 1968. The successful appointee will be eligible for reappointment for further three-year terms.

Applicants should hold a higher qualification, preferably a Fellowship of the Royal College of Surgeons.

The estimated hours of work per week will be 7 to 101, and the present rate of remuneration is £870 to £1,180 per annum, depending upon qualifications and experience. This rate is based on a nominal whole-time salary of £2,225 to £3,935 per annum.

The Bay of Plenty Hospital Board, with headquarters at Whakarene, 60 miles from Tauranga, also requires the services of an E.N.T. Surgeon on a fee per visit basis. The rate of remuneration approved being £7 10s. per half-day, with payment for travelling time at the rate of £1 10s. per hour, plus mileage at scale rates. The successful applicant would be able to negotiate with the Bay of Plenty Hospital Board for this additional appointment.

Applications should be addressed to the undersigned, from whom conditions of appointment and form of application may be had on request.—N. H. Wells, Managing Secretary. (14149)

UNIVERSITY OF ALBERTA, DEPARTMENT of Psychiatry, offers complete four-year training programme in psychiatry as preparation for the certification and Fellowship examinations of the Royal College of Physicians and Surgeons of Canada. Candidates may register for all or any part of the course. Two years of basic training are offered at the department of psychiatry (70 beds) University of Alberta Hospital, and in the division of psychiatry (30 beds) at the Royal Alexandra Hospital. In addition to supervised experience in all aspects of clinical psychiatry with all types of in-patients and out-patients, both adults and children, a comprehensive seminar programme covers the theoretical aspects of psychiatry. Additional two years of supervised experience is offered in the treatment of patients in mental hospitals and community clinics. Financially the entire training can be undertaken comfortably. Hospital stipends for residents during the first two years of training range, according to residency, from \$4,400 to \$5,700 per annum (including living-out allowance for those who are married). To augment the hospital stipends bursaries of \$3,000 per annum (if married) and \$2,400 (if single) are obtainable. For the training years at the mental hospitals and community clinics, salaries start at \$13,800. The Province of Alberta is notable for its scenic attractions, including the Rocky Mountains and its abundant recreational and cultural facilities. Apply to the Director, Department of Psychiatry, University of Alberta Hospital, Edmonton, Alberta, Canada. (H.4651)

UNIVERSITY OF SASKATCHEWAN

Department of Anatomy

Saskatoon, Saskatchewan, Canada

EMBRYOLOGISTS and/or HISTOCHEMISTS are invited to apply for a position in the department of anatomy to teach medical and graduate students. Ample opportunities for research in various fields. The appointment will be made with rank and salary according to qualifications and will become effective July 1, 1967. Salary ranges: Lecturer \$6,800 to \$9,200; Assistant Professor \$8,700 to \$11,700; Associate Professor \$12,200 to \$15,500. Apply to Head of Department of Anatomy at the above address. (H.4783)

HITCHCOCK CLINIC

Hanover, New Hampshire

CLINICAL FELLOWSHIP IN ANAESTHESIA

A Fellowship will be available June 1, 1967, to a suitably qualified graduate at the Hitchcock Clinic, Hanover, New Hampshire, U.S.A. The clinic comprises the clinical faculty of Dartmouth Medical School and is situated about three hours from Boston and four hours from Montreal. The surrounding area is entirely rural and is the centre of the New England winter sports region.

The Fellowship is in clinical anaesthesia, with particular emphasis on anaesthesia for cardiac surgery and neurosurgery.

The salary is \$10,000 per annum for one year, renewable for a further year. Annual paid leave amounts to 20 working days (or about one calendar month per year). Financial help towards transportation is available.

A temporary licence to practise medicine in the state of New Hampshire is available to suitably qualified candidates.

Applicants should have completed a minimum of two years' training in anaesthesia in an approved British hospital.

For further details and application forms please write to: C. Brian Burke, M.B., Department of Anaesthesia, Hitchcock Clinic, Hanover, New Hampshire, U.S.A. (H.4772)

Oversea—contd.

WANGANUI HOSPITAL BOARD
New Zealand
VISITING EAR, NOSE AND THROAT SURGEON

Applications are invited from registered medical practitioners suitably qualified for the position of part-time Ear, Nose and Throat Surgeon, and the appointee will be the sole specialist in this field in the area. Salary will be in accordance with the New Zealand Hospital regulations, and will be based on a nominal whole-time salary of £2,530 to £3,800, depending on qualifications and experience and hours of duty, which will be a minimum of three-tenths.

Further particulars are available from the Advertisement Manager of the British Medical Journal, the New Zealand High Commissioner in London and the Medical Superintendent of the Wanganui Hospital Board.

Full particulars as to age, qualifications and experience, and advice as to when the appointment can be taken up, should be addressed to the Secretary, Wanganui Hospital Board, Private Bag, Wanganui, New Zealand. —K. Harris, Secretary. (H.4752)

Cafergot halts the migraine attack

Cafergot halts the migraine attack by its vasoconstrictor action on the distended cranial arteries.

Cafergot tablets provide sufficient ergotamine to abort the headache attack while minimising the risk of side-effects.

Cafergot suppositories are more readily absorbed and are especially valuable when the headache is associated with nausea and vomiting, or when the patient awakens with an attack.

Tablets Ergotamine Tartrate B.P. 1 mg., Caffeine B.P. 100 mg. Initial dose, 2 tablets. *Suppositories* Ergotamine Tartrate B.P. 2 mg., Caffeine B.P. 100 mg., total alkaloids of belladonna leaf 0.25 mg., isobutylallyl barbituric acid 100 mg. Initial dose: one suppository. Fuller information on request.
