

*NEW for urticaria,
pruritus and
allergic rhinitis*

'BANISTYL'

the

"wide awake"

*antihistaminic
and
antipruritic*

- ★ **Highly effective**
- ★ **Little if any soporific effect**
- ★ **Well tolerated by patients of all ages**
- ★ **One tablet three times daily effective in the majority of adult patients**

'Banistyl' is well tolerated at a wide range of dosage levels. In general, side-effects are mild and occur in a small percentage of patients only. Somnolence is infrequent; when it occurs, it is usually not marked and disappears after the first few days of treatment or can be controlled by adjustment of dosage. Other side-effects which have been reported include nausea, epigastric pain, vertigo, diarrhoea and mild headache.

Although there is no evidence to suggest that 'Banistyl' is embryopathic, it is a sound medical principle to avoid, wherever possible, prescribing any drug during the first three months of pregnancy.

Certain activities, including control of vehicles or machinery, should not be undertaken by a patient starting a course of 'Banistyl' until it is evident that the drug has no soporific or other central nervous system side-effects, or until any such effects have subsided.

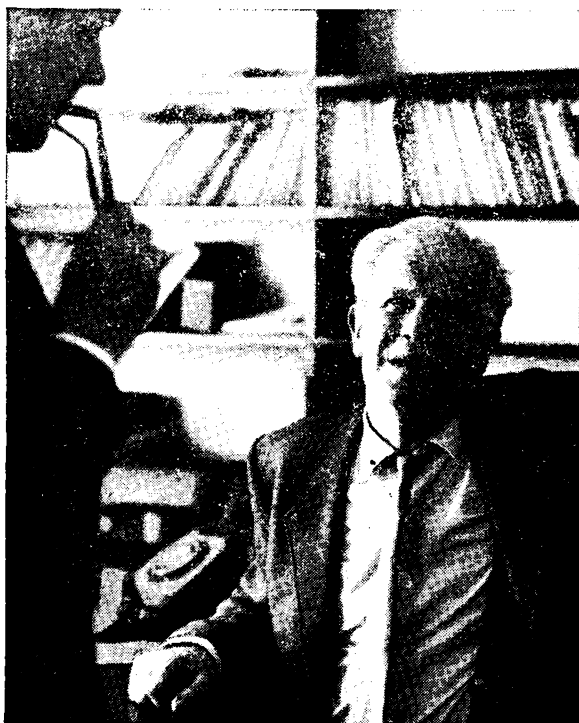

'Banistyl' is supplied as tablets containing dimethothiazine 20 mg.

MA4649

‘I think I need a tonic, doctor...’

...can be a
symptom, too

The plaintive cry for a tonic frequently heard in the surgery may be an expression of unsuspected faulty protein metabolism. The weakness, lassitude, lack of energy and interest in the debilitated patient points to a negative nitrogen balance which may be rapidly corrected by the administration of Anabolex. After as little as a week's treatment with this drug the patient feels better, eats better and gains weight.

Anabolex can safely be given to patients of whatever age and of both sexes; given in therapeutic doses it is virtually non-virilizing. The only known contra-indications are prostatic carcinoma and pregnancy.

Presentation: All tablets are foil packed in cartons of 30, 100 and 250 tablets of 25 mg.*

Dose: The maintenance dose of Anabolex is 2-3 tablets daily and, based on the NHS price, costs about 1/- a day. Free literature available on request.

12 hours air: 5,760 litres

12 hours bronchodilatation: ● one Tedral SA tablet

In normal, quiet breathing, 5,760 litres of air is expired over a 12-hour period. Tedral SA is a sustained-action bronchodilator that helps your patients suffering from bronchitis or asthma to breathe more easily, each tablet acting for up to 12 hours. Each tablet contains ephedrine hydrochloride 48 mg., theophylline 180 mg., phenobarbitone 25 mg. For children and older patients there is Tedral Suspension, each teaspoonful containing ephedrine hydrochloride 12 mg., theophylline 60 mg., phenobarbitone 4 mg. Full information on request.

Tedral SA

sustained action

for comprehensive relief in bronchitis and asthma

William R. Warner & Co. Ltd., Eastleigh, Hampshire.

Manufacturer's Information

Broad-spectrum Antibiotic

Brand Name

SERVICIN (Regd.).

Constituents

Each triple-layer tablet, red, white and yellow, contains 250 mg. tetracycline HCl 250 million lyophilized *Lactobacilli casei* resistant to tetracycline.

Indications

All infectious conditions caused by tetracycline sensitive organisms, particularly when long-term or high dosage treatment is indicated.

Contra-indications

Caution should be observed if any of the tetracycline group of antibiotics is given during pregnancy, especially if the woman has pyelonephritis. Administration of long-term or high dosage treatment to children during the dentition period may cause discoloration of the teeth.

Dosage

One tablet four times a day. In severe infections, the dose should be doubled.

Side-effects

No side-effects have been reported with Servicin.

Special Notes

The most common side-effects with tetracyclines are nausea, vomiting, epigastric discomfort, diarrhoea, and enterocolitis. These symptoms have been attributed to suppression of the normal intestinal flora and its replacement by resistant pathogenic species. *Lactobacillus casei*, resistant to tetracycline, will proliferate where normal flora has been suppressed and materially assist in preventing the invasion by tetracycline resistant pathogenic species and consequent symptoms.

Availability

Vacuum-sealed bottles of 16 tablets.

**When you
prescribe
'Aventyl'
for depression
you take a load
off two minds**

'Aventyl' comes promptly to the rescue of the patient beset by depressive symptoms. Published reports indicate that 'Aventyl' rapidly relieves black mood, lassitude, loss of appetite and sleep disturbance.

'Aventyl' reassures the doctor, too, because it is exceptionally free from the drawbacks of earlier psychostimulants. The side-effects of 'Aventyl', as reported in three years' widespread use, have rarely been troublesome.

Since the drug is not a MAO inhibitor, dietary supervision is not necessary.

'Aventyl'

nortriptyline hydrochloride

Available as 'Pulvules' of 25 mg.

AIM FOR THE BAD'UNS WITH 'ILOSONE'

With 'Ilosone' your aim is effective and selective. Killing off the pathogenic bacteria, allowing the normal gut flora to pursue their useful life.

The real bad'uns, of course, are Gram positive cocci, causing most of the infections you see every day. Against these infections 'Ilosone' is much more active than, for example, the tetracyclines and it will not discolour teeth or deposit in bone. Nor is 'Ilosone' likely to cause diarrhoea or gastro-intestinal upset—disadvantages which the tetracyclines share with the broad spectrum penicillins.

Effective. Selective. Use 'Ilosone' when you go gunning for bad 'uns—in acute tonsillitis or acute bronchitis or any common infection of the upper respiratory tract. *Haemophilus influenzae*? Yes, 'Ilosone' deals with this bad'un too!

^{*}Pulvules[®] of 250 mg^{*} and 125 mg^{*}; a pleasant tasting suspension containing 125 mg^{*}/5 ml. ^{*}Base equivalent. Full information available on request.

Alupent - Sed®

(orciprenaline sulphate 1-(3,5-dihydroxyphenyl)-2-isopropylaminoethanol-sulphate and amylobarbitone)

When the soma reflects the psyche in the asthmatic patient...

When the psyche reflects the soma in the chronic bronchitic patient...

Alupent - Sed®

is a rational treatment.

Each tablet of Alupent-Sed contains:
20 mg. of orciprenaline sulphate
20 mg. of amylobarbitone.

This combination ensures that the patient receives the optimum dose of Alupent to relieve the wheezing and sufficient sedation to relieve anxiety.

Dosage:

Adult—1 tablet of Alupent-Sed four times daily.

Children 6–12 years— $\frac{1}{2}$ tablet Alupent-Sed 3–4 times daily.

Contra-indications:

Alupent-Sed should not be given to patients with thyrotoxicosis. Alupent-Sed should not be given to patients who have a known idiosyncrasy to barbiturates, or a condition in which barbiturates are contra-indicated.

Caution:

In view of the known interaction between sympathomimetic amines and monoamine oxidase inhibitors, care should be exercised if it is proposed to administer an MAO inhibitor concurrently with Alupent-Sed.

Further information and samples are available on request.

Out of strength—gentleness

SAMURAI WARRIOR

The military elite of feudal Japan, the Samurai were renowned and respected for ferocity and prowess in combat, yet governed by a strict code of chivalry. Today, simplified and formalised, their fighting techniques and rules of conduct have developed into the more peaceable physical and philosophical recreation known as Kendo.

Ismelin®

guanethidine sulphate BP

Seven years ago Ismelin established a standard for the reliable and consistent reduction of severely raised blood pressure which has not since been surpassed. Effective in up to 90% of cases, Ismelin is distinguished by an absence of toxic activity which makes it especially suitable for long-term therapy. Today, it is accepted that these very qualities make Ismelin equally appropriate for the firm yet smooth control of milder states of hypertension.

Holidays on Wheels

The pleasures of caravan-
ning are innumerable.
Whether towing a trailer
with an erectable tent to
the Cote d'Azur, towing a
mobile home complete with
refrigerator, central heating,
and bath to the Wye
Valley, driving a motor
caravan to the Black Forest,
or jogging along in a horse

drawn caravan round the Lakes of Killarney the pleasures are
the same. Sleep as long as you like, eat when you feel hungry,
and stop and start just to suit yourself. The feeling of freedom
and independence is a delight.

If your wife does not like cooking on holiday—and many wives
do not—a convenient restaurant can be usually found. However,
one of the joys of this type of holiday is being prepared for all
emergencies and a well stocked larder can overcome any
temporary difficulties.

There is no lack of advice on the many facets of caravanning, and
the clubs and motoring associations issue various booklets that
are very helpful. In particular those of the Caravan Council
include such titles as *Hints on buying a caravan*, *Hints on caravan
towing* and *Hints on hiring a caravan*. Two of those published
by the Motor Caravanners Club are *Running a motor caravan*
and *Choosing a motor caravan*. The various clubs can also give
much assistance on the planning of routes and the documentation
and ferry bookings required.

Although these booklets can be very useful as a guide nothing
can really beat the personal touch. If you are thinking of buying
or changing your van a visit to a caravan centre is always a good
thing. You can discuss your problems with a representative
on the site, have the opportunity of looking over various types
and testing them for size, convenience, and suitability for your
own car.

Despite—or maybe because of—currency restrictions and devalua-
tion a greater number of caravans will be leaving the country this
year for the Continent than ever before. France, Belgium, Spain,
Italy, and Germany will take the majority but even so many "G.B."

caravans will be seen in Austria, Bulgaria, Rumania and Yugoslavia. The Tourist Offices all appreciate the value of these visitors and provide lists of suitable sites and the amenities that they offer. France has over 3,600 official

A Fairview Mobile Home

camping sites, Germany 100 or so, and Italy and Sweden about 500 each. Even with these quite considerable numbers available it is best to book in advance for the July/August period. Many people buy a caravan more as a week-end cottage than for touring purposes. The advantages are that a caravan is cheaper than a cottage—it need cost only from £350 to £600. It is easy to move from place to place if you want a change of scenery—no estate agents, no packing up, no removal fees, just hitch up and go. In the British Isles there are over 5,000 authorized caravan sites and many of them have vacant positions. The cost for parking varies between £25 and £50 a year.

BAD LEGS?

Tired heavy aching legs

Before 'bad legs'
become an ugly
problem—
PAROVEN®

All the early symptoms of venous insufficiency—tired, heavy, aching legs, skin disorders, and night cramps—respond to PAROVEN therapy. [1-3]

PAROVEN, containing trihydroxyethylrutoside, reduces the increased capillary permeability which "is at the bottom of the majority of the complications of varicose disorders". [4]

Indications

Conditions associated with lower limb venous insufficiency.

Tired, heavy, aching legs. Night cramps. Skin disorders.

Superficial thrombophlebitis.

Varicose states.

Dosage

1 tablet 3 or 4 times a day.

Maintenance dosage [as little as one tablet a day] may be adjusted to patients' needs.

Packages

Tablets of 250 mg. hydroxyethylrutosides [not less than 45% troxerutin]. Tins of 20-100 tablets.

Human tonsil - assay organism: *Streptococcus haemolyticus*

Lincocin penetrates Lincocin works - quickly

Lincocin penetrates... experimentally demonstrated in human tissue

Forty minutes prior to undergoing tonsillectomy, a child weighing 64 lb. received a single i.m. injection of 5 mg./lb. lincomycin hydrochloride (base equivalent). A sample of the patient's tonsil tissue was placed on a petri dish in which the agar had previously been seeded with a pathogenic strain of *Streptococcus haemolyticus*. After incubation, the adjacent photograph was taken. The clear zone demonstrates that Lincocin penetrated the human tonsil tissue in a concentration sufficient to inhibit the growth of the pathogenic inoculum. (The small white dots appearing at one end of the tissue sample

were identified in subsequent studies as colonies of non-pathogenic *Neisseria catarrhalis*.)

Lincocin works... clinically demonstrated in common respiratory infections

A NEW ORAL GEL WITH STRIKING ANALGESIC AND ANTISEPTIC PROPERTIES

Bonjela has been shown in formal American trials to bring rapid relief from pain in 90% of all cases of oral ulceration, herpes labialis, gingivitis and denture sores. By rapid relief is meant marked alleviation of pain within 2-3 minutes.

Bonjela also promotes healing whenever the aetiology is partly or wholly

bacterial. Some ulceration originates from endocrinal, viral or fungal causes which may require other forms of treatment.

Even in these cases where a bacterial element is superimposed on the original infection Bonjela will reduce the severity of the infection and rapid relief from pain will be obtained.

FORMULA: Choline Salicylate 8.7%, Cetalkonium Chloride 0.01%, Alc. (95%) 39.0%, Menthol 0.057%, Glycer. 4.6%.

INDICATIONS: Herpes labialis, gingivitis, oral ulcerations, cheilosis, denture sores, infant teething disorders.

PRESENTATION: Bonjela is available in 10 g. tubes at a basic N.H.S. cost of 2/8½d. per tube.

pain

Distalgesic erases pain

Distalgesic is effective where prolonged medication is necessary; in pain which recurs intermittently and in the acute pain of injury. In severe pain, Distalgesic can often delay the need for parenteral narcotics. It is non-narcotic, does not cause constipation, addiction or gastric bleeding.

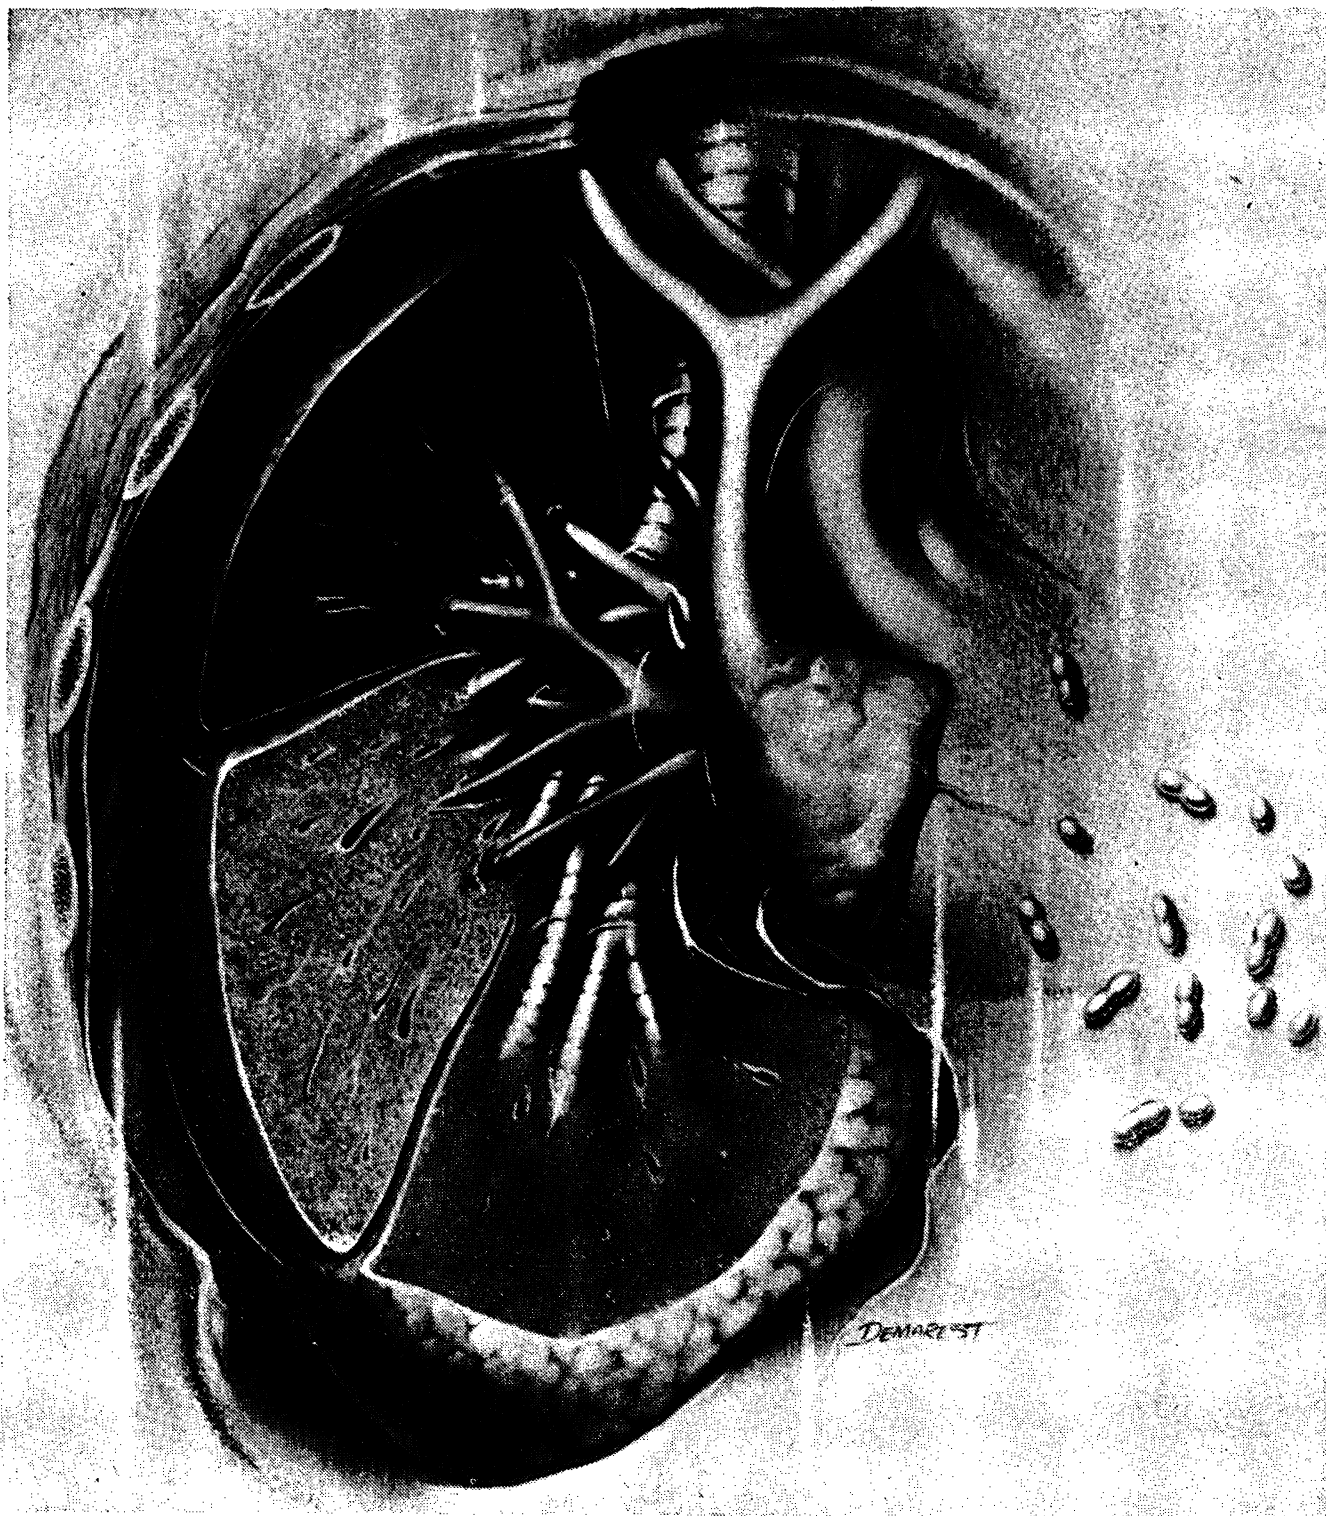

Distalgesic tablets – specially shaped for ease of swallowing and identification – each contain 32.5 mg dextro-propoxyphene hydrochloride, authoritatively described as the most promising alternative to codeine, and 325 mg paracetamol, generally regarded as the safest of the antipyretic analgesics.

Focus on Pneumonias

Pneumonias—one of the common groups of bacterial infections met with in everyday practice, are mostly caused by a single organism: *Pneumococcus*

More rarely pneumonias are caused by staphylococci, streptococci or *H. influenzae*, any or all of which may be present as secondary invaders in cases of primary pneumococcal pneumonia.

ERYTHROCIN deals decisively with them all

Mycoplasma pneumoniae (Eaton agent) is the most common causal organism found in atypical pneumonia. ERYTHROCIN deals effectively with mycoplasma too—with superior potency to either the penicillins or tetracyclines.

The shape

of the five-seater fastback

Fastbacks that seat five in plushy, big-saloon comfort are pretty thin on the ground. In fact, other than the Renault 16, nonexistent. At the price.

Which is one of the things that makes the Renault 16 a very rare bird indeed.

There are many more. Like the tailgate tucked away unnoticeably in that fastback sweep. Loads of luggage room.

Like the plump, double-thick seats which can be arranged in six different positions. And give you estate car capacity whenever you want it.

Up front, the Renault 16's personality is distinctly limousine. This unique bodyline has practical aerodynamic advantages.

Like better mpg. Even when driven hard the Renault 16 gives 30 to the gallon.

And at high speeds, the silence is uncanny. The fan is thermostatically controlled to cut in only when needed. Amazing how much noise disappears.

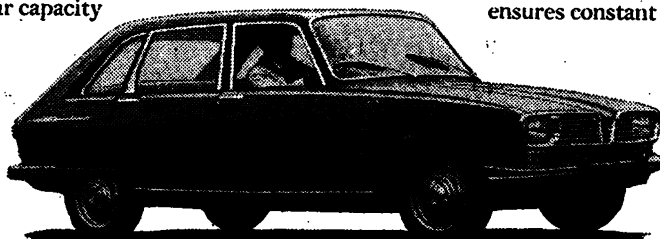

The Renault 16 is replete with intelligent features. Like the alternator, which ensures constant

battery charge. Levers for instant headlamp beam adjustment. A light that warns of worn brake pads. Face level anti-drowse ventilation.

Aluminium engine. Sealed cooling system. And, of course, front wheel drive.

And The Shape has more surprises. Not the least of which are the prices. Renault 16 £898. Grand Luxe £949. Both include purchase tax.

For colour brochure and list of nearest dealers write to: Renault Limited, Western Avenue, London W3.

RENAULT  **16**

Over 9 million parts readily available from 400 UK service points — that's Renault service.

A Winner for childhood infections

MEGACLOR SYRUP

(clomocycline)

Of all the tetracycline syrups available today Megaclor is the most soluble, ensuring rapid and effective absorption with resultant high blood and tissue levels.

Having a combination of high anti-bacterial activity (particularly against staphylococci, streptococci, pneumococci and haemophilus) with minimal risk of undesirable side reactions makes Megaclor the ideal broad-spectrum antibiotic for children, especially for infections of the chest, nose and throat.

PHARMAX LIMITED Thames Road Crayford Kent

Megaclor Syrup contains 85 mg. clomocycline in each 5 ml. teaspoonful (60 ml. bottles: 5/-d basic N.H.S. Price).

Megaclor Capsules for adults each contain 170 mg. clomocycline.

Oral penicillin?
New 100 ml adult
strength syrup
completes the
Crystapen G range

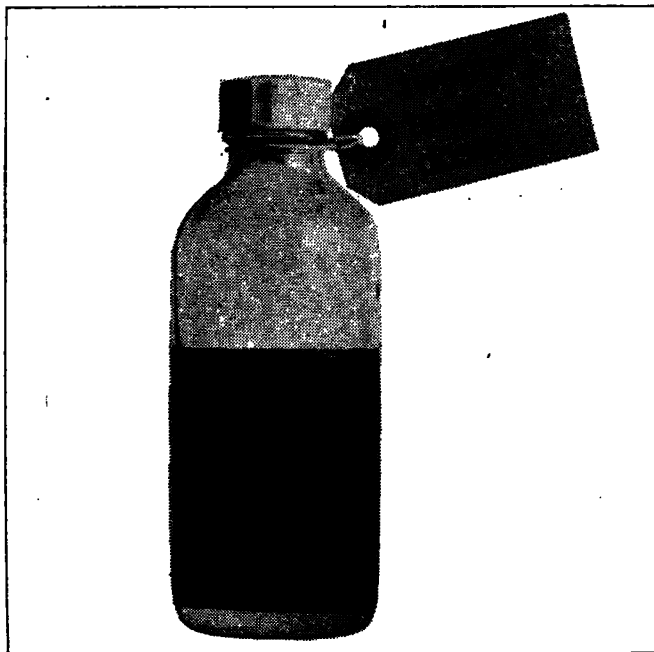

Glaxo brief

New easier-to-swallow Crystapen G Tablets '250'

Crystapen G Tablets (250 mg and 125 mg) have been redesigned to make them easily identifiable and easier to swallow. Smaller than the old sugar-coated tablets, tasteless and film-coated, redesigned Crystapen G Tablets offer a higher level of patient acceptability. For the great majority of adults, specify new Crystapen G Tablets containing 250 mg penicillin G—in practice just as effective as the more expensive penicillin V.*

New Crystapen G Syrup '250' gives twenty adult doses in one bottle

In each new 100 ml 250 mg/5 ml Crystapen G Syrup there is sufficient syrup for twenty adult doses—five days' continuous therapy at normal dosage. Crystapen G's new five-day bottle is in line with modern thinking that most penicillin-sensitive infections need five days' therapy except for strep. throats which need ten days. Also in a five-day bottle, 100 ml Crystapen G Syrup 125 mg/5 ml is ideal for younger children. With '125' and '250' syrups and tablets Crystapen G makes good therapy easier—only one name to remember.

**Practitioner* (1967) 198, 571, 848

From time to time Glaxo brief will provide detailed information about certain Glaxo products. Full information about all Glaxo products is available on request.

Crystapen G

Description

Crystapen G Syrups—granules which dissolve in water to produce flavoured syrups containing potassium penicillin G.

Crystapen G Tablets—potassium penicillin G tablets (film-coated or plain). They are printed with the product name and strength.

Mode of action

Given orally, soluble penicillin G is well absorbed when taken on an empty stomach and produces better blood levels than some insoluble forms of penicillin. Penicillin G is the most active antibiotic in vitro against the common penicillin-sensitive organisms.

Indications

Penicillin-susceptible infections, e.g., those due to beta-haemolytic streptococci, pneumococci and susceptible staphylococci.

Prophylaxis before and after surgery and dental extractions to prevent subacute bacterial endocarditis in patients with rheumatic heart disease.

Side effects

Occasionally patients experience diarrhoea. Sensitivity reactions such as urticarial rash are uncommon, and anaphylaxis is very rare. The latter demands immediate resuscitative measures, including injection of adrenaline and use of an intravenous corticosteroid.

Dosage

Infants: 62.5 mg to 125 mg (100,000 to 200,000 units). Children: 125 mg to 250 mg (200,000 to 400,000 units). Adults: 250 mg (400,000 units), or more.

Doses should be given four times a day before meals, or more frequently if need arises. In patients with beta-haemolytic streptococcal infection it is always advisable to continue treatment for ten days to prevent bacteriological relapse and complications such as rheumatic fever or acute nephritis.

N.B.—In serious and overwhelming infections when rapid control is essential, injections of sodium penicillin G (Crystapen) initially are advantageous.

Dispensing note

Crystapen G Syrups are prepared by adding 60 ml of water slowly, and shaking until the granules dissolve.

Storage

Crystapen G Tablets: store below 25°C (77°F) in a dry place, but not in a refrigerator.

Crystapen G Syrups: when prepared as directed, must be used within five days if kept at room temperature (below 20°C) or within fourteen days if kept in a refrigerator.

Dry granules maintain potency for two years if stored below 25°C.

Legal restriction

To be supplied on prescription only
(Therapeutic Substances Act: Part II)

Steroids orally? To all the other advantages of betamethasone Betnesol[®] adds solubility

Normally corticosteroids are not very soluble—resulting in uneven absorption and inconsistent therapeutic response. This is why the complete solubility of Betnesol (betamethasone disodium phosphate) is so important. Dropped into a glass of water Betnesol Tablets dissolve to form a particle-free drink which is easy to take even during an attack of asthma—and there are no solid steroid particles to irritate the stomach. Betamethasone is one of the most potent steroids available today yet has a low incidence of side effects. Even during long-term therapy, as in rheumatoid arthritis, betamethasone is unlikely to cause oedema and hypertension and has negligible effect on potassium balance. Just as soluble aspirin is the modern way to prescribe aspirin, so Betnesol is the modern way to prescribe oral steroids.

Glaxo brief

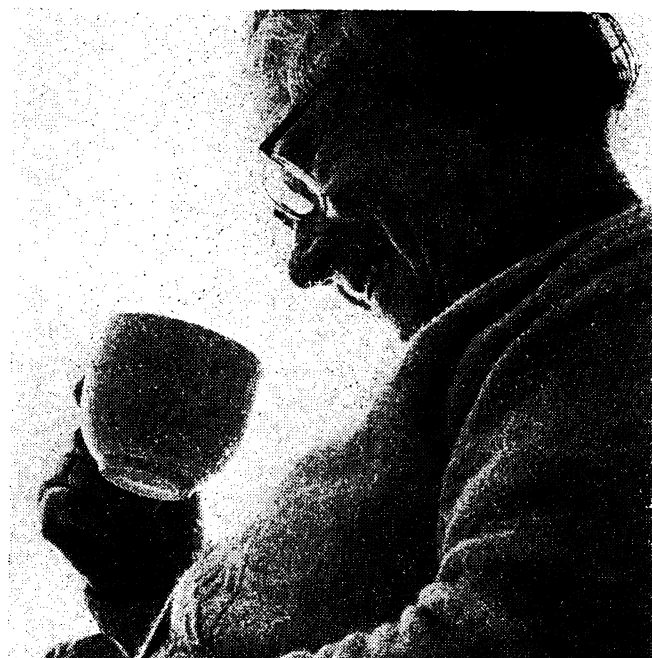

How can every drop of
Ostermilk contain all
those nutrients?
Ostermilk is homogenised

Ostermilk contains more iron than any other baby milk food plus added vitamins A, C and D in the right quantities babies need—no need for supplements. To ensure that every drop of Ostermilk contains all these nutrients Ostermilk is homogenised. That is why there are no fats or fat-soluble vitamins A and D floating at the end of the feed where they may cause vomiting or not be taken at all. Clever mums know that homogenised Ostermilk is easy to mix and a whole day's feeds can be mixed at one time, then stored in a fridge. Good reasons why more babies are fed on Ostermilk than on any other baby milk food.

During convalescence a
cup of **Complan** a day
helps speed recovery

It is paradoxical that during illness or convalescence nutritional needs are increased yet appetite is nearly always poor. This is why a cup of Complan at least once a day is so valuable. Complan contains more than twenty different nutrients in a dietetically balanced formula that provides all the protein, energy elements, vitamins and minerals required for complete health—yet takes less time to make than a cup of tea. So complete is Complan that tube-fed unconscious patients have been kept in nutritional balance indefinitely. Good reasons why your patients should have at least one cup of Complan a day—helps speed recovery.

Glaxo Laboratories Ltd, Greenford, Middlesex

She will appreciate the convenience of Candeptin Vaginal Tablets, a new extension of the specific treatment for monilial vaginitis

Rapid symptomatic relief¹ and decisive resolution of infection² are the proven results of Candeptin vaginal ointment in the treatment of monilial vaginitis caused by *Candida albicans*. Now Candeptin vaginal tablets provide the same effective fungicidal treatment (candididin), in a more convenient form. They are "... easier to use, and appear more suited to obstetrical patients, in whom an applicator might be contra-indicated"³.

IN THE LABORATORY

candididin has been shown⁴ to inhibit *Candida albicans* at 0.05 mcg/ml even after two days' incubation. Under the same circumstances nystatin had to be used at 5 mcg/ml to achieve inhibition.

IN CLINICAL PRACTICE^{1,2,3,5,6}

Candeptin gives equally remarkable results. Out of 312 women treated, both pregnant and non-pregnant, 255 were cured after one course of treatment. A further 33 responded to a second course giving an overall success rate of 93%.

Safe

EFFECTIVE ECONOMICAL

THOUSANDS OF MILLIONS
OF DOSES OF RYBARVIN
PRESCRIBED BY DOCTORS
OVER THE YEARS...

for ASTHMA and BRONCHITIS

RYBARVIN INHALANT USED IN THE HAND-OPERATED RYBAR INHALER HAVING STOOD THE TEST OF TIME, CONTINUES TO BE MOST EFFECTIVE IN THE TREATMENT OF BRONCHIAL SPASM

SAFETY

The very small amount of inhalant often necessary to relieve an attack is worthy of note. Therapeutically, this is of benefit to the patient in avoiding any side-effects which might be brought about by taking too frequently a full-measured dose.

ECONOMY

Economically the very low cost of treatment by Rybarvin, 1,500 average doses ($\frac{1}{2}$ minute) for 8s. 4d. (1 oz. bottle) i.e. 1/15d. per dose, must be of interest to both patient and doctor.

STILL USING OLD ACOUSTIC STETHOSCOPES?

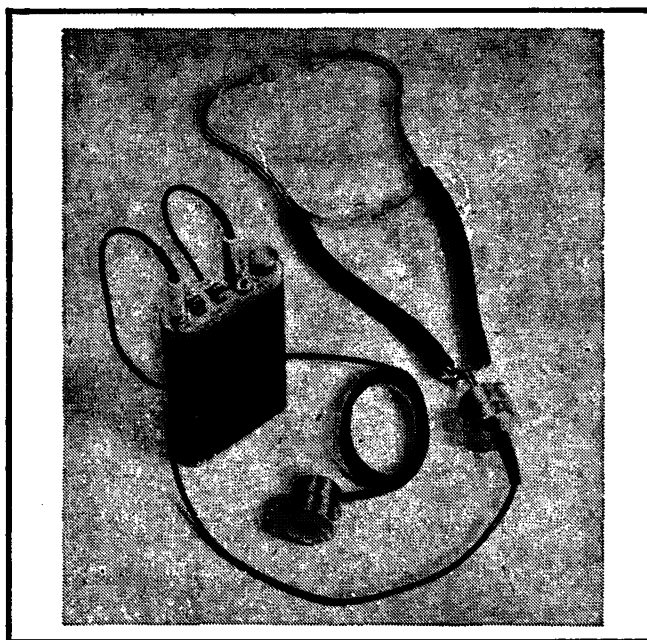

If you are, you can't have tried the LUSTRAPHONE Electronic Stethoscope.

Just as the modern electronically recorded microgroove gramophone record is vastly superior to its acoustic ancestor, so the Electronic Stethoscope is vastly superior, in every way, to its acoustic forerunner.

With our Electronic Stethoscope you can control the volume of sounds, separate cardiac and pulmonary sounds and filter out unwanted sounds.

For Hospitals we have a special Theatre version which allows visible as well as audible monitoring of cardiac and pulmonary functions.

Send for free illustrated leaflets giving full details of LUSTRAPHONE Electronic Stethoscopes.

SUBJECT DESERTION

WHEN EDDIE WAS THREE his parents did a 'moonlight flit' from a council house, leaving it in such appalling condition that the Council had to pay over £100 to put it back in order. Eddie's father had been in prison and never kept a job long, the five children were as dirty and neglected as the house itself. After tracing the family to another part of the county, the NSPCC Inspector persuaded the Housing Department to give them another chance. He got a job in an iron foundry for Eddie's father, who had previously been miserably unhappy, working on the land. At the foundry, surrounded by noise and activity, he is in his element. Now the rent is paid promptly; Eddie and his brothers go off to school warmly clad, belong to the Boys' Brigade, and attend church regularly. As the Inspector said in his report 'The transformation in this family is truly astonishing'. Sometimes even the most serious cases can be solved with time and patience. Solved out of court - a family kept together, and money saved, misery avoided. Please support the NSPCC with a donation or legacy.

PRACTICES

(Executive Councils)

For vacancies (except those in Scotland) apply on Form E.C.16A, obtainable from the Executive Council. Mark envelopes "Vacancy."

BIRMINGHAM EXECUTIVE COUNCIL
(NORTH SERVICE)
BROMFORD BRIDGE HOUSING ESTATE
(SHARD END MUNICIPAL WARD—
STEECHFORD PARLIAMENTARY
DIVISION)

Applications are invited to commence a new practice on Bromford Bridge housing estate (formerly Birmingham racecourse) which is situated in the north-eastern part of the city.

The estate is partly developed and provides an immediate vacancy for one practitioner who would be expected, if necessary, to form a partnership in due course when the total estimated population of 7,650 approximately has been housed by mid-1969. Birmingham Corporation have agreed to provide surgery/residential accommodation on a rental basis and there are facilities for co-operation with the ancillary services provided by the Health Committee of the Corporation.

Shard End municipal ward has been classified "Designated" since August 31, 1967, and subject to the usual conditions an initial practice allowance will be available.

Applications on Form E.C.16A should be submitted not later than March 2, 1968, to K. F. G. Day, Clerk, Birmingham Executive Council, Sutton New Road, Erdington, Birmingham 23. (Telephone 021-373 2651). (H.6643)

EARLEY, NR. READING, BERKS

Applications are invited for an urban vacancy due to resignation. "Open" area. List at present approximately 2,800 (includes 770 in the borough of Reading). Residence and surgery not available.

PRACTICES (Offered)

REVISED ADVERTISEMENT NORTHERN IRELAND GENERAL HEALTH SERVICES BOARD

Applications are invited from general medical practitioners interested in setting up practice in the first sector of the new city of Craigavon, Co. Armagh. Two general practitioners are initially required, increasing probably to eight when the sector is completed.

Surgery accommodation will be available in a building designed to house temporarily the general practitioners and the local authority services pending provision of a Health Centre.

Initial practice allowance will be paid and sessions will be arranged with the local authority and probably also in hospital.

Further particulars may be obtained from the Secretary, Northern Ireland General Health Services Board, 27 Adelaide Street, Belfast, BT2 8FH, to whom applications should be sent by letter stating qualifications, age and experience and to arrive not later than February 20, 1968. (H.6568)

PARTNERSHIPS (Offered)

A FIFTH PARTNER WANTED BY DR. Donald Isaac and partners at Port Talbot. Brief assistantship, early parity, in an established first-class practice. Modern purpose-built surgery. Nurse, receptionists, appointment system, access hospital, emphasis obstetrics, paediatrics. Full details first letter.—Box PA.2322, B.M.J.

ARE YOU INTELLECTUALLY CURIOUS, self-critical and of above average ability? Are you a sound obstetrician? Have you a particular interest in general medicine and/or paediatrics? Early partnership offered to the right person in a lively, growing and widely varied S.W. London practice actively associated with nearby teaching hospital. U.P. undergraduate teaching and research programmes. Use of teaching hospital obstetric beds. Good investigative facilities and ancillary help—including district nurse attachment (health visitor to follow). Practice moves shortly to specially designed premises with excellent facilities for wide range of work and group practice formation providing total community care. Any special interests fostered and high standard of work maintained. Principal, Foundation Member, R.C.G.P. Accommodation may be available.—Box PA.2293, B.M.J.

ARE YOU LOOKING FOR A HIGHLY organized practice with maximum income? If you are British, male, and like the idea of joining a six-partner practice in Reading later this year, with one central surgery, congenial colleagues, equal duty roster, six weeks' annual holiday, and a very reasonable lot of patients, then contact us.—Dr. K. D. Salzmann, 5 Western Elms Avenue, Reading.

BLACKPOOL. PARTNER REQUIRED after short assistantship to replace one of three in expanding practice. Initial share worth £3,000. Parity in three years. Temperamental compatibility valued far more than experience. All the usual extras of modern practice available or being considered.—Box PA.2315, B.M.J.

PARTNERSHIP PRACTICE VACANCIES

**UNIVERSITY OF LEEDS
DEPARTMENT OF ANATOMY**

Applications are invited from medically qualified graduates for the post of demonstrator in the department of anatomy, at a salary on the scale £1,470 by £30 to £1,630. The successful candidate will be expected to devote the major part of his time to the teaching of gross anatomy to medical and dental students. The post is vacant and an early appointment could be made.

Applications (three copies), stating age, two referees, should reach the Registrar and Secretary, the University, Leeds 2 (from whom further particulars may be obtained) as soon as possible. Professor R. L. Holmes is prepared to give any additional information required. Please quote 68/42/2. (16559)

**UNIVERSITY OF NOTTINGHAM
Department of Physiology and Environmental
Studies****LECTURER IN PHYSIOLOGY**

Applications are invited for a Lectureship in Physiology now vacant in the Faculty of Agricultural Sciences. Preference will be given to applicants with training and experience in mammalian physiology. Salary within the range £1,470 to £2,630 per annum. Further details and application forms may be obtained from the Registrar, to whom applications should be submitted by March 4, 1968. (16517)

**UNIVERSITY OF LEEDS
DEPARTMENT OF ANATOMY**

Applications are invited from either medically qualified or non-medically qualified candidates for the post of Lecturer or Assistant Lecturer in the department of anatomy at a salary on the scale £1,105 to £1,340 for an Assistant Lecturer or £1,470 to £2,630 (efficiency bar £2,270) for a Lecturer, or, if medically qualified, £1,470 to £1,630 for an Assistant Lecturer or £1,900 to £2,750 (efficiency bar £2,510) for a Lecturer. Initial appointment at any point on the scale. The successful candidate will be expected to take part in some aspects of the teaching of either gross or microscopic anatomy, cytology and embryology. He will also be expected to carry out original research work. Studies in progress in the department include electron microscopical, histochemical and biochemical studies of nervous and secretory tissues, tissue culture and experimental embryology.

Applications (three copies) stating age, qualifications and experience, and naming three referees, should reach the Registrar and Secretary, the University, Leeds 2 (from whom further particulars may be obtained not later than March 11, 1968. Professor R. L. Holmes is prepared to give any additional information required. Please quote 68/42/1. (16560)

**UNIVERSITY OF LONDON
Institute of Child Health
Department of Child Health**

Applications are invited from registered medical practitioners for the appointment of

RESEARCH FELLOW

to work on problems of fat absorption and metabolism in various paediatric disorders. The appointment will provide clinical and laboratory experience. Salary within the Lecturer grade. Previous laboratory experience not essential. Appointment vacant: May 1, 1968.

Applications, with names of two referees, to: Professor O. H. Wolff, Institute of Child Health, 30 Guilford Street, London W.C.1. (16511)

**UNIVERSITY OF NEWCASTLE UPON
TYNE****SENIOR RESEARCH ASSOCIATE IN
MEDICAL GENETICS**

Applications are invited from registered medical practitioners for the appointment of Senior Research Associate in medical genetics for research being carried out in the laboratory of human genetics into polygenic inheritance in human disease and particularly for clinical assessment of relatives of propositi. The appointment, which is supported by a grant from the Medical Research Council, will be for a period of one year in the first instance, but will be renewable up to a period of three years in all.

Salary will be at a point within the range of £1,745 to £2,765 according to qualifications and experience.

Applications (three copies), together with the names and addresses of two persons to whom reference may be made, should be sent to Dr. D. F. Roberts, the Laboratory of Human Genetics, 19 Claremont Place, Newcastle upon Tyne NE2 4AA, within four weeks of the appearance of this advertisement. (16518)

**UNIVERSITY OF OXFORD
UNIVERSITY LECTURESHIP IN HUMAN
ANATOMY**

The university proposes to appoint a Lecturer in Human Anatomy, preferably with endocrinological interests, at a stipend according to age in the scale £1,470 (under age 28) to £1,560 (at age 28) to £2,990 (at age 43 and over) with F.S.S.U.

The Lecturer will be required to lecture and engage in research, and to co-operate in the teaching and administrative work of the department in both term and vacation under the direction of the head of the department.

Applications (five copies), including a statement of age, qualifications, teaching and research experience, and a list of publications, and giving the names of two referees, should be sent to Professor G. W. Harris, C.B.E., F.R.S., Department of Human Anatomy, South Parks Road, not later than April 27, 1968. The Lecturer will be expected to take up office on October 1, 1968. (27033)

EDUCATIONAL

ABSOLUTELY UP TO DATE. THE annual revision of our membership course is now complete. For full details apply to Medical Correspondence College, 19 Welbeck Street, London W.1.

**ROYAL COLLEGE OF SURGEONS IN IRELAND
DUBLIN SURGICAL POSTGRADUATE COURSE**

The next three-week course in Surgery will commence at the Royal College of Surgeons, Dublin, on Tuesday, March 19, 1968, at 9.30 a.m. The full-time course will consist of a comprehensive series of tutorials and clinical demonstrations in general surgery suitable for candidates for the final Fellowship examinations.

The final Fellowship examination following this course commences on Monday, June 24.

Details of the programme and fees may be obtained from the Registrar, Royal College of Surgeons in Ireland, St. Stephen's Green, Dublin 2.

H. O'Flanagan,
Registrar.

(15794)

**Smith & Nephew
Fellowships**

Smith & Nephew Associated Companies Limited invite applications for awards of six Fellowships in medicine in 1969. The object of the Fellowships is to enable overseas graduates to pursue study or research in medicine in the United Kingdom. Candidates should have had at least two years' general clinical experience since registration and should preferably have held residential hospital appointments in medicine.

The awards will be of £1200 sterling plus return fare to the United Kingdom, and will be tenable for one year.

All arrangements for successful applicants to follow their chosen studies will be made by the Company.

Applications, which will be considered by an appropriate panel, must be received by 31st May, 1968, envelopes to be endorsed 'Fellowships'.

Application forms and further details may be obtained from

The Fellowships Administrator

Smith & Nephew Associated Companies Limited

Temple Place, Victoria Embankment, London, W.C.2.

GLASGOW POSTGRADUATE MEDICAL BOARD

UNIVERSITY OF GLASGOW

AND

ROYAL COLLEGE OF PHYSICIANS AND SURGEONS
OF GLASGOWCONFERENCE ON THE CLINICAL SIGNIFICANCE
OF THE TEMPORAL LOBE

A Conference on The Clinical Significance of the Temporal Lobe will be held in the Royal College of Physicians and Surgeons, 242, St. Vincent Street, Glasgow, C.2, on Thursday, 21st and Friday, 22nd March, 1968. The Conference is open to all Medical Practitioners.

There is a registration fee of £3 3s. (or £1 1s. for each individual session). Admission is by ticket only. There will be an informal conference dinner on the evening of Thursday, 21st March, at 6 p.m. for 6.30 p.m. Tickets (inclusive) are 30s. Forms of application may be obtained from the Honorary Secretary, Royal College of Physicians and Surgeons, 242, St. Vincent Street, Glasgow, C.2.

The Programme is as follows:

THURSDAY, 21st MARCH

SESSION 1

Chairman: PROFESSOR T. FERGUSON RODGER

- | | | |
|---------------------|---|---|
| 9.15 a.m. | Opening Remarks | PRESIDENT, Royal College of Physicians and Surgeons |
| 9.30 a.m. | The Anatomy of the Temporal Lobe | PROFESSOR J. T. EYARS (London) |
| 9.50 a.m. | The Physiology of the Temporal Lobe | Speaker to be announced |
| 10.30 a.m. | Discussion | |
| 10.45 a.m. | Coffee | |
| 11.15 a.m. | The Pathology of the Temporal Lobe | DR. J. A. N. CORSELLIS (Wickford) |
| 11.40 a.m. | The Clinical Effects of Surgical Lesions in the Temporal Lobe | MR. ERIC TURNER (Birmingham) |
| 12.10 to 12.40 p.m. | Discussion | |
| 1.00 p.m. | Lunch | |

SESSION 2

Chairman: SIR DENIS HILL

- | | | |
|-----------------|---|-----------------------------------|
| 2.00 p.m. | Clinical Neurology of Temporal Lobe Disorders | PROFESSOR J. A. SIMPSON (Glasgow) |
| 2.20 p.m. | The Personality in Temporal Lobe Epilepsy | DR. R. N. HERRINGTON (Glasgow) |
| 2.40 p.m. | The Schizophrenia-like Illnesses of Epilepsy | DR. E. T. O. SLATER (London) |
| 3.10 p.m. | Discussion | |
| 3.30 p.m. | Tea | |
| 4.00 p.m. | Head Injuries and the Temporal Lobe | PROFESSOR W. B. JENNETT (Glasgow) |
| 4.20 p.m. | Acute Necrotising Encephalitis . . | DR. J. HUME ADAMS (Glasgow) |
| 4.40 p.m. | Aggressive Behaviour and Temporal Lobe Epilepsy | DR. E. L. UDWIN (Broadmoor) |
| 5-5.30 p.m. | Discussion | |
| 6 for 6.30 p.m. | Informal Conference Dinner | |

FRIDAY, 22nd MARCH

SESSION 3

Chairman: PROFESSOR J. A. SIMPSON

- | | | |
|-----------------------|---|--------------------------------|
| 9.15 a.m. | Memory Disorders and the Temporal Lobe | DR. C. W. M. WHITTY (Oxford) |
| 9.40 a.m. | The Monkey's Inferotemporal Cortex: the Interface between Perception and Memory | PROFESSOR WEISKRANTZ (Oxford) |
| 10.00 a.m. | Psychological Effects of Temporal Lobe Lesions in Man | DR. C. B. BLAKEMORE (London) |
| 10.30 a.m. | Discussion | |
| 10.45 a.m. | Coffee | |

Orthopaedics (F.R.C.S.)—Rowley Eristow Hospital, Pyrford, three week-ends, March 9/10, 23/24 and April 6/7. Fee 18 guineas (full course) and 14 guineas (specator).
Thoracic Surgery (F.R.C.S.)—North Middlesex Hospital, N.18, week-end March 29/30/31. Fee £7 17s. 6d.
General Surgery (F.R.C.S.)—Connaught Hospital, E.17, week-end April 20/21. Fee five guineas.

THE UNIVERSITY OF SHEFFIELD**REFRESHER COURSE FOR GENERAL PRACTITIONERS**

A refresher course for general practitioners will be held at the Nottingham Hospitals from June 10 to 14, 1968, inclusive. The fee is £8 15s.

N.H.S. practitioners are (subject to certain conditions) eligible to have the course fee paid on their behalf and to receive also certain allowances (travelling expenses, subsistence).

As the number who can be accepted is limited, inquiries and applications, stating whether or not the latter are made under the scheme for N.H.S. practitioners, and whether residential accommodation is desired, should be addressed as soon as possible to the Postgraduate Dean, Faculty of Medicine, The University, Sheffield S10 2TN. (16387)

**THE UNIVERSITY OF LIVERPOOL
RESIDENTIAL POSTGRADUATE WEEK**
1st to 5th April, 1968**ASPECTS OF GENERAL PRACTICE**

This course will be organized by the Joint Committee for Regional Postgraduate Medical Education in conjunction with the University Teaching Departments and will consider recent advances in:

**PAEDIATRICS
RESPIRATORY DISEASES
MEDICAL GENETICS****MANAGEMENT AND RESEARCH IN GENERAL PRACTICE**

Accommodation—Rathbone Hall, North Mossley Hill Road, Liverpool. The fee for this course is covered by Section 48 of the National Health Service Act and in the case of eligible practitioners will be met by the Ministry of Health. It is also open without fee, to doctors wishing to return to general practice after absence, under a new Ministry arrangement, E.C.N. (544).

For further particulars apply to:

The Postgraduate Secretary,
Faculty of Medicine,
University of Liverpool,
LIVERPOOL 3.
Tel.: 051-709 3114.

(16563)

QUALIFYING AND POST-GRADUATE EXAMINATIONS

Carefully designed courses with personal access to specialist tutors. Advice on reading, guidance and notes to each lesson, and answer notes to all test papers are provided. Write with your problem to Dr. G. E. Oates, University Examination Postal Institution, 17 Red Lion Square, London W.C.1. Phone 01-405 6313.

ESTABLISHED 85 YEARS**ROYAL COLLEGE OF PHYSICIANS**
Edinburgh**PARKIN PRIZE**

A Prize of £100 is offered under the terms of this Fund for an essay on "The Influence of Climate or Environmental Conditions upon Epidemic Diseases."

The Prize is open to competitors of all nations, but essays must be written in English. To allow competitors adequate time for the preparation of their essays, the closing date is not until December 31, 1968. Essays should be sent to the Secretary, Royal College of Physicians, Edinburgh 2. (16604)

ROYAL COLLEGE OF PHYSICIANS OF LONDON

Antony Clifford Dornhorst, M.D., F.R.C.P., will deliver the Lumleian Lecture on Monday, February 26, 1968, at 2 p.m. at the College, 11 St. Andrew's Place, Regent's Park, London, N.W.1. Subject: "The Pharmacology of Circulatory Failure". Any member of the medical profession admitted. By order of the President.—Kenneth Robson, Registrar. (16508)

ROYAL COLLEGE OF PHYSICIANS OF LONDON

Harry Harris, M.D., F.R.S., will deliver the Langdon Brown Lecture on Wednesday, February 28, 1968, at 2 p.m. at the College, 11 St. Andrew's Place, Regent's Park, London N.W.1. Subject: "The Molecular Basis of Hereditary Disease".

Paul Bruce Beeson, M.D., F.R.C.P., will deliver the Bradshaw Lecture on Friday, March 1, 1968, at 2 p.m. at the College, 11 St. Andrew's Place, Regent's Park, London N.W.1. Subject: "Association of Specific Infections with Other Diseases".

Any member of the medical profession admitted. By order of the President.—Kenneth Robson, Registrar. (16510)

THE UNIVERSITY OF SHEFFIELD

Courses of instruction for the diplomas of the English Conjoint Board in Medical Diagnostic Radiology (D.M.R.D.) and Therapeutic Radiology (D.M.R.T.) will commence in October 1968. The courses will cover a period of two years continuous study, and the fee for each course is £75. Applications to attend should be sent to the postgraduate Dean, Faculty of Medicine, The University, Sheffield S10 2TN. (16579)

THE WEST MIDDLESEX HOSPITAL**M.R.C.O.G. COURSE**

A part-time course will be held every Tuesday from 10 a.m. to 6 p.m. from April 16 to May 21, 1968. The course will be limited to 18 postgraduates. Fee 12 guineas. For full particulars apply to Mrs. Clark, Department of Obstetrics and Gynaecology, West Middlesex Hospital, Isleworth, Middlesex. (16544)

UNIVERSITY OF NEWCASTLE UPON TYNE**The Medical School****COURSE IN FAMILY AND COMMUNITY MEDICINE**

An intensive one-week course in family and community medicine for general practitioners and for doctors in community medical services will be held in the medical school from April 1 to 5, 1968. The course will cover a wide range of subjects dealing with current clinical and organizational problems in general practice and community medicine. The course is recognized under section 48 of the N.H.S. Act. Course fee £8 15s. Residential accommodation can be arranged at moderate cost.

Application forms and programmes may be obtained from the Assistant Registrar, Postgraduate Office, Medical School, The University, Newcastle upon Tyne NE1 7RU. (16537)

Educational—contd.

SYMPOSIUM ON ANAEMIA: To be held in Nobles Hospital, Douglas, Isle of Man, on March 1, 2 and 3. This course is open, without fee, to general practitioners and has been recognized by the Ministry of Health for the purpose of the postgraduate training allowance as a two-and-a-half session course. Further details obtainable from Honorary Secretary, I.O.M. Medical Society, 3 Summerland, Ramsey, Isle of Man—Ramsey 2073.

**UNIVERSITY OF EDINBURGH
EDINBURGH POST-GRADUATE
BOARD FOR MEDICINE**

Human Reproductive Biology—Placental Structure and Functions
April 1 to 3, 1968

A three-day course will be held in Edinburgh and the subjects to be covered will include: Chorionic and villous circulation; structure of placental membrane; placental organization and senescence; immunology of placenta; principles of transplacental transfer; transfer of respiratory gases, nutrients, cells and proteins, and drugs; metabolic activity and heat transfer; chorionic gonadotrophin; placental lactogen and growth hormone; placental steroid biosynthesis and metabolism; functions of placental steroids; effects and assessment of disturbed placental function.

Contributions will be by an international panel of speakers which will include: Professor Panigel, Paris; Professor E. Diczfalucy, Stockholm; Dr. J. Harris, London; Dr. D. Kirby, Oxford; Dr. Forrester Cockburn, Edinburgh; Dr. F. Sullivan, London.

A limited amount of residential accommodation will be available to those attending the course.

Fee.—£10.

Applications to the Director of Studies, Edinburgh Post-Graduate Board for Medicine, Pfizer Foundation, Hill Square, Edinburgh 8. (16203)

**WINDSOR AND DISTRICT
POSTGRADUATE MEDICAL CENTRE**
King Edward VII Hospital, Windsor

**STUDY DAY FOR REGISTRARS—
"RENAL DISEASE"**
(Approved under the terms of H.M. Circular 67.77)

to be held on Tuesday, March 5, 1968. Further particulars (programme and application form) may be obtained from the Clinical Tutor at the above address. (16603)

**UNIVERSITY OF EXETER
Postgraduate Medical Institute**

A full-time postgraduate course lasting ten weeks will begin on April 17, 1968. These courses are held three times a year starting in October, January and April. Each course includes instruction in general medicine, paediatrics, preventive medicine, pathology, psychiatry, orthopaedics and general surgery. The programme is planned so that students wishing to specialize in a particular clinical subject are given facilities to do so, while other students are taught in each of the main clinical departments. Unpaid clinical attachments can be arranged at the end of the course for students requiring a longer period of training.

It is sometimes possible to accept general practitioners for one or two weeks of a course, and attendance for this period is recognized under Section 48 of the N.H.S. Act (1946). These courses are also recognized under the special scheme for the re-training for general practice of doctors who have been out of the Health Service for at least five years.

The fee for this course will be £40 (£60 for students from outside the United Kingdom). Further particulars and application forms for these courses are obtainable from the Director, The Postgraduate Medical Institute, The University, Exeter, Devonshire. (15385)

UNIVERSITY OF LONDON

A lecture entitled "Pneumococcal Infection in the Antibiotic Era" will be delivered by Professor R. Austrian (Pennsylvania) at 5.30 p.m. on February 26 at the London School of Hygiene and Tropical Medicine, Keppel Street, Gower Street, W.C.1. Admission free, without ticket.—M. A. Baatz, Academic Registrar. (16570)

UNIVERSITY OF LONDON

A course of two lectures entitled "Biosynthesis of Sterols and Polyisoprenoids" will be given at 5.30 p.m. at the School of Pharmacy, 29-39 Brunswick Square, W.C.1, on February 22, by Dr. G. J. Popjak, and on February 23 by Dr. J. W. Cornforth (both co-directors of the Milstead Laboratory of Chemical Enzymology, Sittingbourne). Admission free, without ticket.—M. A. Baatz, Academic Registrar. (16569)

**UNIVERSITY OF OXFORD
Committee for Postgraduate Medical Studies**

Courses of lectures and demonstrations suitable for Final F.R.C.S. candidates will be given by members of the staff of the United Oxford Hospitals and others, in the Easter vacation as follows:

GENERAL AND SPECIAL SURGERY
Two weeks March 18 to 29, 1968, at the Radcliffe Infirmary and the Churchill Hospital, with emphasis on the special branches of surgery. Fee £15.

ACCIDENT SURGERY
April 2 to 5, 1968, in the week following the above, in the Radcliffe Infirmary, lecture demonstrations on all aspects of accident surgery. Fee £10.

The number accepted for both courses will be limited. Arrangements will be made for accommodation if required. Enquiries to the Director of Postgraduate Medical Studies, 43 Woodstock Road, Oxford. (16605)

COMMERCIAL APPOINTMENTS

MSL INFORMATION CENTRE

Every enquiry is treated in strict confidence.
Write or telephone at any time.

Medical Adviser - Ethicals

This appointment will appeal to a young medical practitioner who has been registered for some two or three years and who now seeks a career outside the direct practice of medicine. It could lead to wider responsibility in the medical advisory field or into general management—at home or overseas. He or she will be one of three principal assistants to the Medical Director of a leading ethical pharmaceutical manufacturer: U.K. sales exceed £10m., backed by first-class research facilities. The medical adviser will provide guidance to the profession on the application of products, vet published data and promotional material and participate in the "technical" training of medical representatives. There will be opportunities for keeping up to date by attending medical courses and conferences and by sitting in on clinics. The location is Hertfordshire. Starting salary will be negotiated above £2,500 with company car, pension scheme and relocation assistance.

Ask MSL to send you, without obligation, specially prepared information about this appointment (ref. AM 62B).

17 Stratton St. London W1 Telephone 01-499 7131

(16568)

PHARMACEUTICALS DIVISION

**ALDERLEY PARK
RESEARCH LABORATORIES**

**Physiologists/
Pharmacologists**

Applications are invited for the following posts from graduate physiologists or pharmacologists with post-graduate research experience at least to Ph.D level

1. For work with a team engaged in exploring in depth the action of drugs on the heart and circulation generally. Recent developments are most interesting and the work should have great appeal to a good research person.
2. For work designed to lead to the discovery of better drugs for the treatment of mental illness and of drugs to improve mental functioning. Work of considerable interest is already in progress.
3. For reproductive studies designed to lead to better control of fertility in animals and man.
4. For studies on gastric secretion to extend and develop work of promise and considerable interest already proceeding.

The facilities and the environment provided at Alderley Park are recognised as excellent by all who know them. The research staff covers a wide cross-section of the Life Sciences; many of them have international reputations in their fields. Team work is encouraged.

The attractive conditions of service would be discussed at interview. The successful candidate, if married, may receive a reasonable refund of removal and travel expenses and, if necessary, assistance in house purchase.

Applications, giving brief details of age, qualifications and experience should be addressed to:—

**J. Leak, Senior Personnel Officer,
Imperial Chemical Industries Ltd.,
Pharmaceuticals Division,
Alderley Park, Macclesfield,
Cheshire.**

MEETINGS

IMMUNOLOGY AND LUNG DISEASE
—A Symposium, Thursday, April 4, 1968, Manson House, London W.1. Chairman, N. Lloyd Rusby. Speakers: G. L. Asherson, J. R. Hobbs, J. Morrison Smith, F. Hargreave, Margaret Turner-Warwick. Details from The Chest and Heart Association, Tavistock House, W.C.1. (H.6674)

THE SOCIETY FOR INTERNATIONAL
Symposia on Mental Retardation in co-operation with New York Medical College and the University of Rome announces its first Scientific Meeting on Mental Retardation to be held in Rome, Italy, March 15 to 25, 1968.

Special travel arrangements and rates are available. For travel and programme details, contact Dr. Margaret Giannini, Programme Chairman, New York Medical College, Flower-Fifth Avenue Hospitals, Fifth Avenue, at 105th St., New York City. (H.6300)

INDUSTRIAL
APPOINTMENTSAPPOINTED FACTORY DOCTORS
FACTORIES ACT, 1961

The following appointments as Appointed Factory Doctor are vacant: Littlebourne, in the County of Kent; Shere, in the County of Surrey; Banchory, in the County of Kincardineshire. Applications, which should be received by March 2, 1968, should be sent to H.M. Chief Inspector of Factories, Baynards House, Chestow Place, Westbourne Grove, London W.2. (H.6546)

SPECIAL
APPOINTMENTS

THE FAMILY PLANNING ASSOCIATION requires a doctor, preferably lady, F.P.A. trained (or willing to undertake training), for seasonal work at Swanley. One evening per week, probably Tuesday.

Apply by March 4, 1968, to Branch Organizing Secretary, 4 Mansion Row, Brompton, Gillingham, Kent. (H.6676)

INDUSTRIAL APPOINTMENTS

WEST MIDLANDS INDUSTRIAL HEALTH SERVICE LIMITED
MEDICAL OFFICER
(Full-time)

Medical Officer required for this Group Occupational Health Service, which covers 220 widely varying types of factories employing 35,000 people in the West Midlands.

The Service is financed by firms' contributions and is supported by a substantial grant from the Nuffield Foundation.

A new headquarters is being constructed and will shortly be occupied.

The post is considered suitable for a doctor who has had some preliminary training and/or experience in occupational health and wishes to extend his knowledge. The wide range of industries covered by this Service offers unusual opportunities to gain this experience.

The doctor will be responsible to the Medical Director for the day-to-day running of a proportion of the Service in a defined geographic area. This will entail supervision of nursing and ancillary staff.

Ample opportunity exists for research into occupational hazards and organisational problems.

Possession of a current driving licence is essential.

The successful applicant will be encouraged to study for the Diploma of Industrial Health, and after a satisfactory probationary period of service, will be seconded for appropriate full-time study on full salary.

Salary according to B.M.A. scale. Commencing salary will be related to previous experience and qualifications.

Superannuation scheme.

Please apply to the Medical Director, 82 High Street, West Bromwich, Staffs.

(H.6673)

APPOINTMENTS

ACCIDENT AND
EMERGENCY

(including CASUALTY)

BIRMINGHAM REGIONAL HOSPITAL
BOARD

WHOLE-TIME ASSISTANT
in accident and orthopaedic department. Selly Oak Hospital (Medical Assistant grade). Successful candidate will be responsible under the Consultant Surgeons for both day-to-day running of the casualty department and a proportion of the in-patient treatment. Successful candidate must reside within ten miles of the hospital. High qualifications desirable. Excellent postgraduate facilities. Further details on request. Fifteen copies application, naming three referees, to Secretary, 146 Hagley Road, Birmingham 16, by March 4. Candidates may visit hospital. (27151)

MANCHESTER REGIONAL HOSPITAL
BOARD

Applicants should state name, address, age, nationality, and qualifications, and enclose (unless otherwise specified) one copy of each of three recent testimonials, with a short statement of experience and appointments held. Applications should be sent at once if no closing date is given. Canvassing disqualifies (Statutory Instrument, 1966, No. 569).

SALARY SCALES OF HOSPITAL MEDICAL STAFF

Following the Seventh Report of the Review Body, new salary scales have been approved. These came into force on October 1, 1966. The scales are set out below:

HOUSE OFFICERS: Each post in this grade shall be tenable for six months. £1,100 per annum for the posts held during the first year; £1,200 per annum for posts held during the second year; £1,300 per annum for posts held during the third and subsequent years, subject to R.C.S. registration.
Deductions of £150 per annum in respect of lodging only for voluntary residence. (No deductions for lodging will be made for compulsory residence.)

SENIOR HOUSE OFFICERS: £1,450 per annum in the first year; £1,550 per annum in the second year; £1,650 per annum in the third or subsequent years. Deductions of £175 per annum in respect of lodging only for voluntary residence. (No deductions for lodging will be made for compulsory residence.)

REGISTRARS: £1,650 per annum, rising by four annual increments of £100 to £2,050.

Deductions of £175 per annum for those with remuneration at the first two points on the scale, and £200 per annum for those on the third and subsequent points will be made in respect of lodging only for voluntary residence. (No deductions for lodging will be made for compulsory residence.)

On assimilation to the scale for Registrars, one increment and one only shall be given for any year or part of a year in excess of two spent previously in the senior house officer grade.

Allowances rates up to £140 per annum shall be payable to house officers, senior house officers and registrars occupying posts approved for such allowances in peripheral hospitals.

SENIOR REGISTRARS: £1,950 per annum rising by one increment of £100 and four further annual increments of £125 to £2,550.

Deductions of £225 per annum in respect of lodging only for voluntary residence. (No deductions for lodging will be made for compulsory residence.)

On assimilation to the salary scale for senior registrars, increments to a maximum of two shall be given for each year or part of a year in excess of three spent previously in the registrar grade.

MEDICAL ASSISTANTS: £1,850 per annum rising by fourteen annual increments of £100 to £3,250.

Deductions of £225 per annum in respect of lodging only for voluntary residence. (No deductions for lodging will be made for compulsory residence.)

CONSULTANTS: £3,200 per annum rising by five annual increments of £185, and then by four further increments of £190 to £4,885.

Deductions of £350 per annum in respect of lodging only for voluntary residence. (No deductions for lodging will be made for compulsory residence.)

Doctors with satisfactory training will not be excluded from consideration for appointment to consultant posts on the grounds that they have spent little or no time as senior registrars.

All National Health Service hospital appointments are in accordance with the Terms and Conditions of Service of Hospital Medical Staff. Memoranda on the following subjects of particular interest have been issued by the Ministry of Health: Standard of Residential Accommodation, Telephone Charges, Removal Allowances, Study Leave.

Further details may be obtained from the Hospital Secretary, or summaries of the Memoranda may be obtained from the Secretary, British Medical Association. (August, 1967)

UNITED BRISTOL HOSPITALS

and

SOUTH-WESTERN REGIONAL
HOSPITAL BOARD

Applications are invited by the above

Boards for the appointment of

3 SENIOR REGISTRARS IN

ANAESTHETICS

These appointments, which are normally of five years' duration, are all subject to review after the first year.

These posts will be part of a rotational training scheme being operated throughout the region for all the Senior Registrars in Anaesthetics.

The successful candidates for the new posts will initially either:

(1) spend one year at Plymouth General Hospital where special experience can be gained in the new and thoroughly up-to-date neuro-surgical unit as well as the normal work carried out by a district general hospital, or

(2) one year at Frenchay Hospital, Bristol, where experience can be obtained in the regional departments of thoracic, plastic and neurosurgery, or

(3) a period at Southmead Hospital, Bristol, where the professional obstetric unit is situated, and where special experience can also be gained in urology, gynaecology, E.N.T., surgery, and in the respiratory unit and urology department at Ham Green Hospital.

It is intended that all the successful candidates will also rotate to the United Bristol Hospitals where special experience can be gained in open heart and major vascular surgery in addition to general work.

Applications by letter, stating date of birth, qualifications and experience, together with the names and addresses of two referees, should be sent to the Secretary of the Regional Hospital Board, 27 Tyndalls Park Road, Bristol 8, not later than February 29, 1968. Selected candidates will be interviewed on March 15, 1968. (H.6647)

ARLEF 100 helps the arthritic to get a grip on things

Arlef* 100 (flufenamic acid, Parke-Davis) is a new non-steroidal anti-inflammatory analgesic. Extensive controlled studies in patients with rheumatoid arthritis, osteoarthritis and other painful rheumatic conditions show that Arlef 100 significantly improves grip strength and relieves joint stiffness and pain. Since Arlef 100

is also generally well tolerated and appears to be free from serious toxic effects, the patient receiving Arlef 100 is more readily able to cope with normal daily activities.

Arlef 100 is available in Kapseals* containing 100mg. flufenamic acid in containers of 50 & 250. Further information will be supplied on request.

Applications are invited from registered medical practitioners (female for the post of ASSISTANT MEDICAL OFFICER) for the post of HEALTH/SCHOOL MEDICAL OFFICER. Salary within the scale £1,725 to £2,445 per annum according to qualifications and experience. Car allowance.

Duties include service in maternity and child welfare, school health and other local authority services.

Possession of D.P.H., D.Obst.R.C.O.G. or D.C.H. an advantage but not essential.

Applications, giving details of age, experience and qualifications, together with the names and addresses of two referees, should be forwarded to the Medical Officer of Health, Town Hall, Wallasey, not later than 4 p.m. on February 28, 1968. (16533)

COUNTY BOROUGH OF HUDDERSFIELD

**DEPUTY MEDICAL OFFICER OF
HEALTH AND DEPUTY PRINCIPAL
SCHOOL MEDICAL OFFICER**

Applications are invited from registered medical practitioners who possess the Diploma in Public Health for the above full-time, superannuable appointment.

The department is housed in a new building with modern facilities and equipment. The position is an opportunity for the practice of the full range of public health duties.

Salary will be within the scale of £2,560 by £70 to £65 by £70 to £2,830 per annum. Person appointed will be required to act as deputy medical referee to the crematorium, the remuneration for which is included in the above salary.

The successful applicant will be required to provide a car, for which a lump sum of approximately £140 per annum will be paid in accordance with the corporation's scheme. Post will be subject to such other conditions of service as laid down by Committee "C" of the Medical Whitley Council. Housing accommodation may be provided by the authority.

Application forms with terms and conditions of the appointment may be obtained from Dr. J. S. W. Brierley, Medical Officer of Health, Health Department, Civic Centre, Huddersfield, to whom completed applications should be returned not later than Monday, March 4, 1968.

Canvassing is prohibited. (H.6681)

**ROYAL COUNTY OF BERKSHIRE
MEDICAL OFFICER AND SCHOOL
MEDICAL OFFICER**

Applications are invited from registered medical practitioners for the part-time appointment of Medical Officer and School Medical Officer in the Maidenhead/Windsor area. The successful candidate will be required to work three days a week during term time and one day a week for the remainder of the year—this is the equivalent of a half-time appointment. The D.P.H. or D.C.H. will be an advantage. Salary pro rata to the scale £1,795 to £2,445 per annum, according to qualifications and experience.

Further particulars and form of application obtainable from the County Medical Officer, 10 Abbot's Walk, Reading. (16602)

**LONDON BOROUGH OF HOUNSLOW
Health Department**

Medical Officer of Health:

R. L. LINDON, M.R.C.S., L.R.C.P., D.P.H., D.C.H.

**APPOINTMENT OF
ASSISTANT MEDICAL OFFICERS**

Vacancies exist for full-time medical officers in the Assistant Medical Officer Grade. Duties will be mainly concerned with child development clinics, the school health service and maternity services, although other general public health duties may be allocated by the Medical Officer of Health.

Facilities exist for in-service clinical training in the assessment of handicapped children. The Borough possesses the first Local Authority purpose-built Hearing Clinic (Audiology Unit) and a new medical unit has been opened extending existing facilities for assessment and treatment of cerebral palsied and other physically handicapped children. Medical surveillance is provided by the Department for handicapped children in four day special schools for (i) deaf, with associated classes for partially hearing pupils in normal schools, (ii) physically handicapped, (iii) delicate/maladjusted and (iv) educationally subnormal pupils. The Department also runs two junior training schools, two special care units and two adult training centres. Additionally, various training facilities are provided for medical students and post-graduate D.C.H. students. For some years the Department has accepted as a matter of routine medical students from London Teaching Hospitals for visits to the various units and services comprising the Department of Health.

Successful applicants will be placed on an appropriate point within the scale of £1,870–£2,520 a year. A lump sum car allowance is payable. A "full-time" assisted D.P.H. course scheme is in operation in the Borough. The appointment is permanent, pensionable and subject to medical assessment. Whitley Council conditions apply. Preference will be given to candidates possessing either D.P.H. or D.C.H.

Application forms available from the

**MEDICAL OFFICER OF HEALTH,
92 BATH ROAD, HOUNSLOW, MIDDLESEX,
to be returned by 4th March, 1968.**

(16601)

Public Health—contd.**COUNTY BOROUGH OF STOCKPORT**

Applications are invited for the post of **DEPUTY MEDICAL OFFICER OF HEALTH AND DEPUTY PRINCIPAL SCHOOL MEDICAL OFFICER** at a salary of £2,480 rising to £2,760. The person appointed may be required to act as Deputy Medical Officer to the Stockport and District Water Board for which an additional payment of £200 per annum is made. Essential car user allowance.

Applicants must be registered medical practitioners holding the Diploma in Public Health, and should have experience in public health administration.

Forms of application and further details may be obtained from the Medical Officer of Health, Penonby House, Edward Street, Stockport, to whom completed applications should be returned not later than March 1, 1968, quoting reference M.O.H. 2. (27277)

**ROYAL ALEXANDRA HOSPITAL FOR CHILDREN
CAMPERDOWN, SYDNEY, N.S.W., 2050
AUSTRALIA**

**1. ASSISTANT MORBID ANATOMIST AND
HISTOPATHOLOGIST
2. ASSISTANT HAEMATOLOGIST
3. STAFF RADIOLOGIST**

1. Assistant Morbid Anatomist and Histopathologist

Applications are invited from suitably qualified medical practitioners for this newly created Staff Specialist post in the Hospital's Institute of Pathology.

It is envisaged that the appointee will have recently obtained a higher qualification in pathology and intends to make morbid anatomy and histopathology his future career. Enquiries will also be welcomed from persons who expect to obtain shortly the appropriate higher qualification.

Further details from Dr. R. D. K. Reye, Director of Pathology.

2. Assistant Haematologist

Applications are invited from suitably qualified medical practitioners for this newly created post in the Hospital's Institute of Pathology.

The appointee should be in possession of a higher qualification in pathology, preferably in haematology. Some experience in the paediatric field would be an advantage.

Further details from Dr. V. A. Lovric, Staff Haematologist.

3. Staff Radiologist

Applications are invited for appointment to the above position. The successful applicant should be in possession of a higher qualification in radiology and will be the second full-time specialist diagnostic radiologist in a modern department.

Further details from Dr. J. D. Bowdler, Director of Radiology.

General. The Hospital is a 630-bed paediatric teaching hospital of the University of Sydney. The Assistant Morbid Anatomist and Histopathologist and the Assistant Haematologist, although concentrating on their special fields, will associate closely with other highly qualified staff in the Institute of Pathology which covers all aspects of paediatric pathology.

Salary. The salary and conditions of employment for a qualified specialist will be in accordance with the Medical Officers-Hospital Specialists (State) Award, i.e. salary in the range \$8,358/\$10,408 per annum.

Applications. Written applications, with complete career details and the names of at least two referees, to the undersigned by March 15, 1968.

P. McREARY,
General Medical Superintendent.
(16426)

THERE IS OPPORTUNITY FOR YOU IN YOUNG DYNAMIC CANADA

If you have a skill, trade or profession, the time is right, the mood is right for you and Canada to get together. Industrial production in Canada has more than doubled in the last 15 years and is still forging ahead. For years to come Canada will be a country of growth.

You will enjoy life in this young land of opportunity. Wages and salaries are high. Canadians enjoy one of the highest standards of living in the world.

Your children will have the best possible start in life—free secondary and primary education and every chance of going on to University or to a modern Technical Institute. You and your family will be protected too, by a social welfare programme: family allowances, hospital insurance, unemployment insurance and retirement pension.

Canadians are friendly, down-to-earth people—and remember—emigrating to Canada is not like going to the far corners of the globe, you are only six hours away by air, six days by sea.

Go and
grow

MINISTRY OF OVERSEAS DEVELOPMENT

MEDICAL STAFF UGANDA

Uganda is set in the heart of Africa and is a land of rich fertile valleys, magnificent lakes and waterfalls, dense forests and vast plains teeming with wild game, and with an equable climate where the temperature seldom rises above 85° F. or falls below 60° F.

This emerging country is in urgent need of medical staff, and it offers an opportunity to go-ahead doctors to develop their knowledge and experience of medicine rapidly.

There are immediate vacancies for:

General Duty Medical Officers

For medical, surgical and public health duties, including the prevention of communicable diseases, maternity and child welfare, school medical work and administration of local medical units and health services under the direction of senior officers, and if called upon to assist in the training of indigenous staff.

Salaries: basic £Ugandan 1,128 to £Ugandan 1,989 per annum (sterling equivalent £1,316 to £2,320), subject to Uganda income tax, plus an inducement allowance of £744 to £912 per annum free of Uganda income tax.

Pathologist

To work in the Medical Laboratory, Kampala, under the Specialist in Clinical Pathology. Candidates must be experienced in pathological work and must be prepared to teach clinical pathology, forensic medicine and haematology to students or trainees.

Senior Registrars

Are required for General Surgery, E.N.T., Anaesthetics, Medicine, Orthopaedics, Gynaecology and Obstetrics for clinical duties in their specialties at Mulago Hospital. There are excellent opportunities for research and duties will include teaching. Candidates must possess qualifications and experience in their specialty.

Salaries for Pathologist and Senior Registrars: basic £Ugandan 1,332 to £Ugandan 1,989 per annum, subject to Uganda income tax (sterling equivalent £1,554 to £2,320), plus an inducement allowance of £804 to £912 per annum free of Uganda income tax.

Senior Pathologist

To administer and supervise up-country Laboratory Services, and to carry out normal pathological work under the Consultant Clinical Pathologist. Candidates must be prepared to teach clinical pathology, forensic medicine and haematology to students or trainees. Candidates must possess a Diploma in Clinical Pathology, experience in pathological work and preferably be under 45 years of age.

Salary: basic £Ugandan 1,839 to £Ugandan 1,989 per annum (sterling equivalent £2,145 to £2,320), subject to Uganda income tax, plus an inducement allowance of £888 to £912 per annum free of Uganda income tax.

Consultants

Are required in Medicine, Obstetrics and Gynaecology, Paediatrics, Surgery, and Venereology, for clinical duties in the appropriate specialty. Successful candidates will be expected to assist in an honorary capacity with the teaching of medical students at Makerere College Medical School, and to take part, when required, in the teaching of hospital junior staff. Candidates must possess proven experience in the appropriate specialty.

Salaries: basic £Ugandan 2,175 to £Ugandan 2,300 per annum subject to Uganda income tax (sterling equivalent £2,537 to £2,683), plus an inducement allowance of £936 free of Uganda income tax.

All appointments are offered on contract for one or two years of 21 to 27 months.

Candidates for all posts must be nationals of and permanently resident in the United Kingdom or Republic of Ireland. They must possess qualifications registrable in the United Kingdom, and be able to meet all other requirements for full registration.

For application forms, full details of salaries and allowances and further information, please write, stating full name, to the

Appointments Officer (Medical),
Room 444, Ministry of Overseas Development,
Eland House, Stag Place, London S.W.1.

(16592)

Oversea—contd.

PSYCHIATRIC RESIDENCIES Complete university programme for board certification. Assignments include: Adult and child, in-patient and out-patient services, neurology, research, and others. Five-year career stipends \$11,000 (\$3,928) to \$20,000 (\$7,143). Also, six-year career in child. Write George U. Smith, M.D., Chairman, Department of Psychiatry (St. Louis). (H.6072)

UNIVERSITY COLLEGE HOSPITAL
Ibadan, Nigeria**SENIOR REGISTRAR**

Department of Ophthalmology. Applications are invited from registered medical practitioners who possess appropriate higher qualification in ophthalmology for the above appointment. The post offers considerable clinical interest and provides opportunity for acquiring excellent experience in the specialty.

Salary: £1,776 to £1,980 plus £300 per annum for an expatriate. Gratuity: £37 10s. per completed quarter. A 20% supplement, generally free of tax, may be payable by the British Government to a successful British or Irish candidate.

Free passages, children's separate domicile allowance, liberal leave. Arrangements can be made for an expatriate to continue his contributions to N.H.S. Superannuation scheme. Appointment initially for one tour of 12 months, renewable for subsequent tours by mutual agreement.

Applications should be submitted not later than March 1968, on the appropriate forms, which will be forwarded, together with additional information, on receipt of an addressed foolscap envelope, by the Adviser on Staff Recruitment, London Office (C.C.H. Ibadan) 91 Regent Street (7th Floor), London W.1. (H.6656)

UNIVERSITY OF MANITOBA
FACULTY OF MEDICINE**DEPARTMENT OF PHYSIOLOGY**
TEACHING AND RESEARCH APPOINTMENTS

Applications are invited for posts in the department of physiology of the Faculty of Medicine, in the University of Manitoba. A major expansion of the research and teaching programme of the department has created openings at the Lecturer, Assistant Professor and Associate Professor levels for individuals with appropriate experience. Current departmental interests range from fundamental mammalian physiology and biophysics to clinical physiology. Candidates with diverse backgrounds and interests will be considered and need not be medically qualified.

Salary scale: \$10,000 to \$16,000 per annum according to qualifications and experience.

Further details concerning the opportunities available in the department, retirement and disability benefits, travel allowances, etc., may be obtained from:

The Chairman, Department of Physiology, Faculty of Medicine, University of Manitoba, Winnipeg 3, Manitoba, Canada. (H.6316)

U.S.A. MUHLBERG HOSPITAL

Literature containing prescribing information is available on request.*

Smith Kline & French Laboratories Ltd Welwyn Garden City, Hertfordshire

'Fefol' and 'Spansule' are trade marks. SFO:PA367COL

SAFE SIMPLE EFFECTIVE NULACIN

EFFECTIVE, because Nulacin achieves *continuous* neutralisation of hyperacidity. As peptic ulcers arise and recur only in the presence of free acid, Nulacin not only relieves symptoms but is the ideal long-term medical treatment.

SIMPLE, because Nulacin is specially designed to dissolve slowly in the mouth and produce a continuous intragastric milk-alkali drip in the ambulant patient. One tablet provides up to 30 minutes' relief from excess acid.

SAFE, because clinical experience has shown that Nulacin produces no electrolyte disturbances and can be used in *all* patients with peptic ulcers.

NULACIN is a unique combination of whole milk protein and fats with dextrans, maltose and suitable antacids and provides *economical*, long-term medical treatment for peptic ulcer.
