•I think I need a tonic, doctor...•

...can be a
symptom, too

The plaintive cry for a tonic frequently heard in the surgery may be an expression of unsuspected faulty protein metabolism. The weakness, lassitude, lack of energy and interest in the debilitated patient points to a negative nitrogen balance which may be rapidly corrected by the administration of Anabolex. After as little as a week's treatment with this drug the patient feels better, eats better and gains weight.

Anabolex can safely be given to patients of whatever age and of both sexes; given in therapeutic doses it is virtually non-virilizing. The only known contra-indications are prostatic carcinoma and pregnancy.

Presentation: All tablets are foil packed in cartons of 30, 100 and 250 tablets of 25 mg.*

Dose: The maintenance dose of Anabolex is 2-3 tablets daily and, based on the NHS price, costs about 1/- a day. Free literature available on request.

E. MERCK AG

STEROID RESEARCH

is of growing importance within our development programme. We have made substantial progress and are seeking to extend our efforts in this field.

The Department of

EXPERIMENTAL ENDOCRINOLOGY

plays a vital part in this programme.

We require a suitable person as

HEAD OF DEPARTMENT

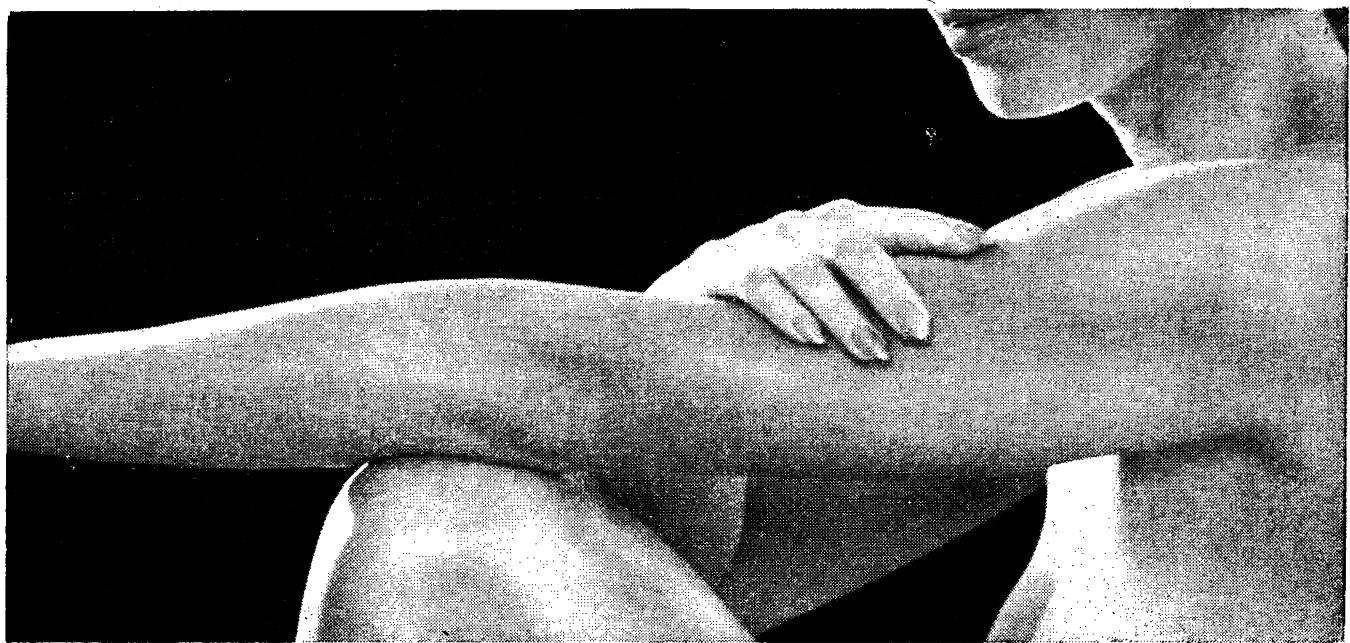

He should have experience in scientific teamwork, be conversant with the technique of screening and assessing steroid compounds, also in methods used for developing new products.

Whilst our Research Department is located in Germany, we would welcome a scientist with English as his mother tongue—the more so since E. Merck, Darmstadt, is international. Command of the German language would be useful (but is not essential).

Please write to us, even if your qualifications do not quite match this outline. Scientific and human integrity apart, responsibility and initiative are our principal requirements.

Salary and fringe benefits will be a matter for personal negotiation. They will reflect the importance we place on this appointment.

E. Merck Aktiengesellschaft, 61 Darmstadt Germany Personal-Abteilung I

Visible skin

requires invisible treatment

Ultralanum Cream contains a highly effective topical corticoid in a new type of cream base. Ultralanum Cream is unique because it vanishes completely from sight on application, its presence being evident only by the rapid relief of symptoms.

What difference does the base make? The difference between the highest degree of cosmetic acceptability or something less. The difference between supporting the corticoid's full effectiveness or reducing it.

For detailed information on dosage, mode of action, particular recommendations and contraindications, please see the Ultralanum brochure.

Ultralanum Cream

12 hours air: 5,760 litres

12 hours bronchodilatation: ● one Tedral SA tablet

In normal, quiet breathing, 5,760 litres of air is expired over a 12-hour period. Tedral SA is a sustained-action bronchodilator that helps your patients suffering from bronchitis or asthma to breathe more easily, each tablet acting for up to 12 hours. Each tablet contains ephedrine hydrochloride 48 mg., theophylline 180 mg., phenobarbitone 25 mg. For children and older patients there is Tedral Suspension, each teaspoonful containing ephedrine hydrochloride 12 mg., theophylline 60 mg., phenobarbitone 4 mg. Full information on request.

MYCIVIN

In rheumatoid arthritis...

Pain knuckles under to NapsalgesicTM

Napsalgesic extends the effective analgesic range of aspirin therapy.

Aspirin in a readily-dispersable form to minimise gastric irritation is combined with dextropropoxyphene, whose pain-killing properties have been so effectively demonstrated in 'Distalgesic'.

In long-term treatment your patient will obtain relief without suffering the adverse effects of high aspirin dosage or the constipation and respiratory depression evident with many alternative analgesic drugs.

Napsalgesic tablets each contain 50 mg dextropropoxyphene napsylate with 500 mg aspirin.

measles

Why vaccinate?

Every second year more than 35,000 children in England and Wales can be expected to suffer serious complications from measles. Over 2000 of these complications will be neurological, including about 600 cases of encephalitis. On average, 80 deaths a year are ascribed to measles.

Why 'WELLCOVAX'?

Trials in Hong Kong, Brazil and Iran have compared 'Wellcovax' Measles Virus Vaccine (Beckenham Strain) and the Schwarz strain of measles vaccine: much higher antibody titres were produced in patients with 'Wellcovax'.

'WELLCOVAX' combines high antigenicity with an acceptable level of clinical effects. The protection offered by 'Wellcovax' is of a high order. Full information will be sent on request. 'WELLCOVAX' is a British vaccine, developed at the Wellcome Research Laboratories, Beckenham, Kent.

Success of the incorporation of silicones with nitrocellulose provides double skin protection in the treatment of bedsores, napkin rash and inflammation from body fluids

Dimethicone 350 BPC and nitrocellulose in new SYL Cream

Most silicone creams hitherto available depend for their skin protective functions solely on the properties of silicones. In Syl Cream these are greatly enhanced by the incorporation of a film-producing plasticising agent, nitrocellulose. Series of tests to determine water-repellent properties have demonstrated the superiority of Syl Cream over other formulations.

This unique silicone and nitrocellulose content provides a protection against aqueous irritants which is not destroyed by washing.

Syl Cream also contains the modern

quaternary ammonium antiseptic benzalkonium chloride, the action of which is to suppress ammonia-producing agents, so the Syl Cream assists healing while it protects.

Indications: Syl Cream is indicated in the following conditions:—

Bedsores; inflammation from body fluids (colostomy, ileostomy, napkin rash, pruritus due to urine leakage, diarrhoea, etc.); soreness from perspiration between the legs or under the breasts; eczematous skin eruptions, and to protect the skin around varicose ulcers; occupational dermatoses, and

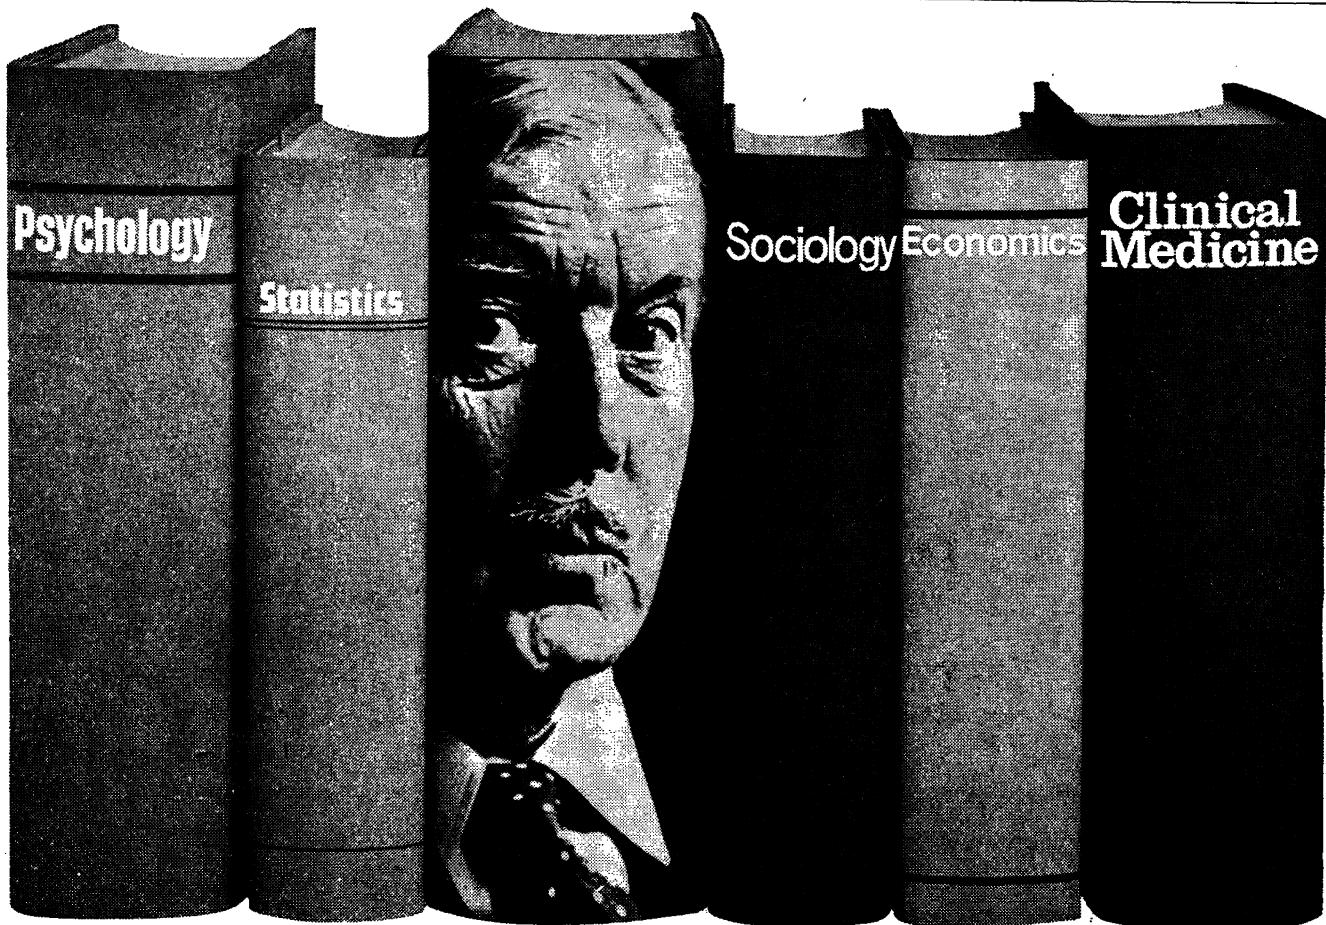

to protect the hands against detergents, soaps, etc.; allergic dermatoses (contact dermatitis, sensitivity to antibiotics, local anaesthetics, etc.).

Syl Cream Active Constituents: Dimethic. 350 BPC 10.0%, Benzalk. Chlor. Soln. BP 0.02%, Nitrocellulose 1.5%.

Presentation: 60 g. tubes at 3/- and 500 g. jars at 20/- at basic N.H.S. prices plus P.T.

Professional samples and literature available on request from

a striking demonstration of Lincocin penetration

Heart Tissue

Assay organism: *Streptococcus haemolyticus*

Lung tissue

Assay organism: *Staphylococcus aureus*

Lung tissue

Assay organism: *Diplococcus pneumoniae*

Since antibiotic effectiveness is dependent upon concentration at the site of infection, it is obvious that antibiotic diffusion and tissue penetration are of supreme importance. The accompanying photographs of an experiment in animals demonstrate Lincocin's capacity in this respect.

A healthy dog weighing 9.5 kg. was injected intramuscularly with 25 mg./kg. of lincomycin hydrochloride (base equivalent). After 90 minutes tissue samples were excised and placed on Petri dishes in which the agar had previously been seeded with pathogenic strains of *Staphylococci*, *Streptococci* and *Pneumococci*, respectively. Following incubation these photographs were taken of the plates containing either heart or lung tissue. The clear zones show that within 90 minutes Lincocin had penetrated these tissues in concentrations sufficient to inhibit growth of the pathogenic inocula.

Lincocin Capsules: Each capsule contains lincomycin hydrochloride monohydrate equivalent to 500 mg. lincomycin base, in bottles of 12 and 100.

Lincocin Sterile Solution: In 2 ml. ampoules. Each 2 ml. contains lincomycin hydrochloride monohydrate equivalent to 600 mg. lincomycin base.

Lincocin Syrup 250: Each 5 cc. contains 250 mg. lincomycin (as lincomycin hydrochloride monohydrate), in bottles of 60 cc.

BAD LEGS? Tired heavy aching legs

**Before 'bad legs'
become an ugly
problem—
PAROVEN®**

All the early symptoms of venous insufficiency—tired, heavy, aching legs, skin disorders, and night cramps—respond to PAROVEN therapy. [1-3]

PAROVEN, containing trihydroxyethylrutoside, reduces the increased capillary permeability which "is at the bottom of the majority of the complications of varicose disorders". [4]

Indications

Conditions associated with lower limb venous insufficiency.
Tired, heavy, aching legs. Night cramps. Skin disorders.
Superficial thrombophlebitis.
Varicose states.

Dosage

1 tablet 3 or 4 times a day.
Maintenance dosage [as little as one tablet a day] may be adjusted to patients' needs.

Packages

Tablets of 250 mg. hydroxyethylrutosides [not less than 45% troxerutin]. Tins of 20-100 tablets.

Women at risk

... The highest infection rate was in women of childbearing age, particularly between twenty and twenty-nine.'

Lancet, (1962), ii, 1246

In young adult women, urinary tract infections such as 'honeymoon cystitis' or 'pyelitis of pregnancy' may often be acute episodes in an infection which has smouldered sub-clinically since childhood, perhaps following

inadequate symptomatic treatment. Whether the infection is new or old, and however apparently mild, eradication of the infecting organisms is essential to reduce the risk of chronic renal disease in later life.

FURADANTIN

cuts the risk in urinary tract infection

Tablets of 100 mg. and 50 mg., and as a palatable Suspension. Literature containing full prescribing information is available on request.
SMITH KLINE & FRENCH LABORATORIES LTD, WELWYN GARDEN CITY, HERTFORDSHIRE

Embarrassed by contact dermatitis.

Synalar gives fast relief in a wide range of inflammatory dermatoses

Speed. Low concentrations of Synalar achieve optimal skin penetration, frequently with therapeutic response, in 24-48 hours. This rapid action reduces the incidence of scratching. The speedy restoration of the epidermal barrier lessens the risk of secondary bacterial infection.

Efficacy. Synalar has an exceptionally high success rate in inflammatory dermatoses and in pruritic and allergic conditions of the skin. It has often been successful in difficult skin

conditions which, previously, had been unresponsive to other steroid preparations.

Synalar's effective action is maintained for up to 2 weeks after application because of the build-up, in the stratum corneum, of the steroid reservoir.

Range. The complete flexibility of the Synalar range makes the selection of treatment, according to the type and severity of the condition, a simple one: Synalar is available in cream, ointment, lotion and aerosol form,

for the initial treatment of severe cases. For maintenance therapy and the less severe dermatoses, Synandone is also available as cream, ointment and lotion.

In the elderly, the special problems of constipation...

Constipation in the elderly can present special problems of treatment. Weakened abdominal muscles . . . the dangers inherent in straining . . . refusal to co-operate . . . the presence of pain, to which anal fissures or haemorrhoids may contribute . . . the need for enemas and suppositories . . . the risk of faecal impaction, with consequent manual removal . . .

Clinical trials have shown the distinctive value of *Dorbanex* in the treatment of the elderly patient. In a recent trial in a geriatric ward¹, *Dorbanex* achieved 23% more bowel openings than did standardised senna, and 61% more than miscellaneous laxatives. The stool formation "allowed easy defaecation without an increase in faecal incontinence". Suppositories were needed only five times during 644 patient-days of treatment, and side-effects were negligible and transient.

"**Dorbanex** was readily accepted by all patients, even those with some degree of senile dementia to whom the administration of other medicaments has proved difficult"². In this trial *Dorbanex* achieved an average of more than one bowel opening every day—an increase of more than 50% over the openings achieved by standard aperients. No patient complained of griping, whereas other medicaments had caused several such complaints. No suppositories were needed, and in 360 patient-days of treatment only one manual removal was performed.

Dorbanex can simplify management of the patient posing these problems by providing comfortable, reliable and trouble-free evacuation. *Dorbanex* produces a soft but well-formed stool without griping or other unpleasant side-effects, reduces the need for enemas and suppositories, helps to prevent faecal impaction, and makes defaecation easier without increasing faecal incontinence.

...have a straightforward solution

Now available in three forms—as capsules and in two strengths of liquid—*Dorbanex* provides in one preparation a balanced treatment for constipation. By softening the stool and stimulating peristalsis, *Dorbanex* prepares the way for pain-free evacuation.

1. *Practitioner* (1966) 196: 702 2. *Brit. Hosp. J. & S. S. Review* (1966) 77: 727

Composition *Dorbanex* is available in three forms—as capsules and in two strengths of liquid. **DORBANEX CAPSULES**: each capsule contains 1:8-dihydroxyanthraquinone 25 mg., poloxalkol 200 mg. **DORBANEX LIQUID**: each 5 ml. teaspoonful contains 1:8-dihydroxyanthraquinone 25 mg., poloxalkol 200 mg. **DORBANEX FORTE**: each 5 ml. teaspoonful contains 1:8-dihydroxyanthraquinone 75 mg., poloxalkol 1000 mg. **Dosage** **DORBANEX CAPSULES**: Adults, one or two capsules. Children, one capsule. **DORBANEX LIQUID**: Adults, one or two teaspoonfuls. Children, half to one teaspoonful, as required. Before or after surgery: two to four teaspoonfuls or two to four capsules. **DORBANEX FORTE**: one teaspoonful, or as directed by the physician. Treatment should be taken

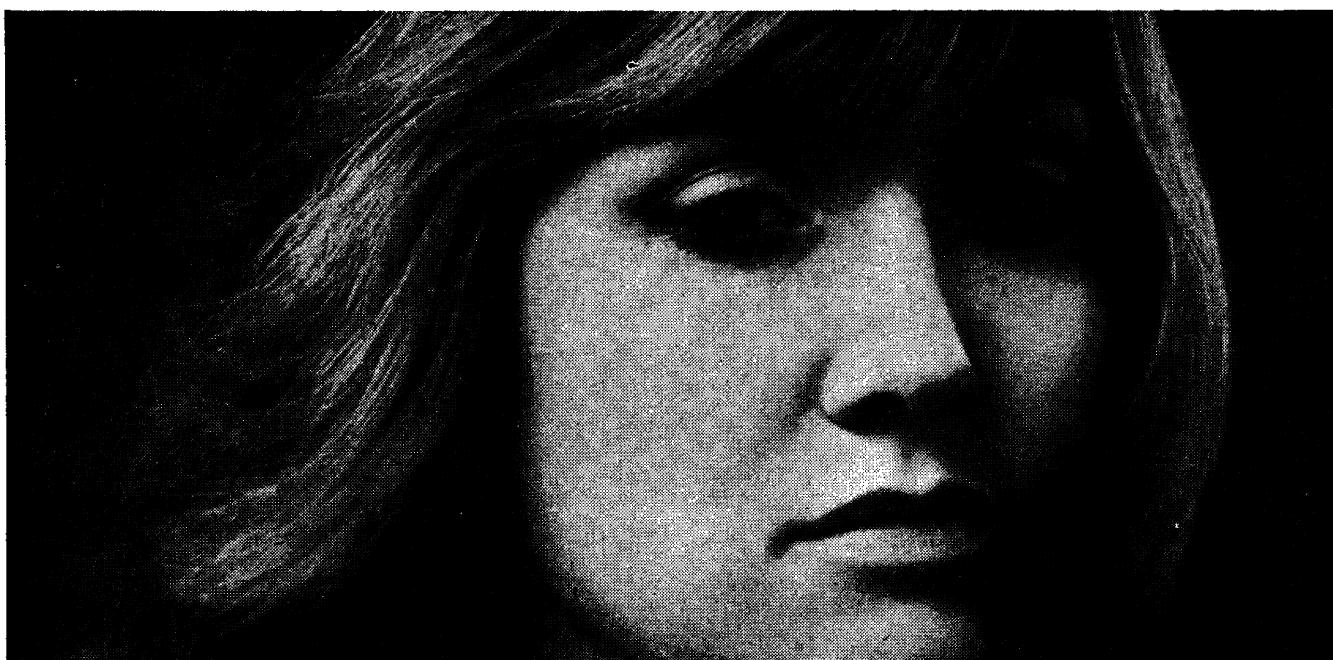

at bedtime. **Contra-indications** In common with other gastro-intestinal evacuants, *Dorbanex* should not be given when acute, painful conditions of the abdomen are present, or the cause of constipation is suspected to be obstruction of the small or large intestine. **Side-effects** Dihydroxyanthraquinone may cause a temporary harmless, pink or red colouring of the urine and, in prolonged use or high dosage, of the mucosa of the large intestine. Doses larger than two teaspoonfuls may cause slight gastro-intestinal discomfort in a few patients. **Basic NHS Prices** *Dorbanex* Capsules: bottles of 30 capsules 8/8; bottles of 300 capsules 78/-; *Dorbanex* Liquid: bottles of 60 ml. 4/-; bottles of 300 ml. 30/-; *Dorbanex* Forte: bottles of 60 ml. 6/-; bottles of 300 ml. 45/-. Additional information on request.

Psoriasis can be for life. It's hard for your patients to face.

You can make it a little easier by prescribing Alphosyl.

Over the years Alphosyl has proved the most effective known treatment for Psoriasis.

And Alphosyl continues to prove itself. Everyday there is new evidence of Alphosyl's effectiveness.

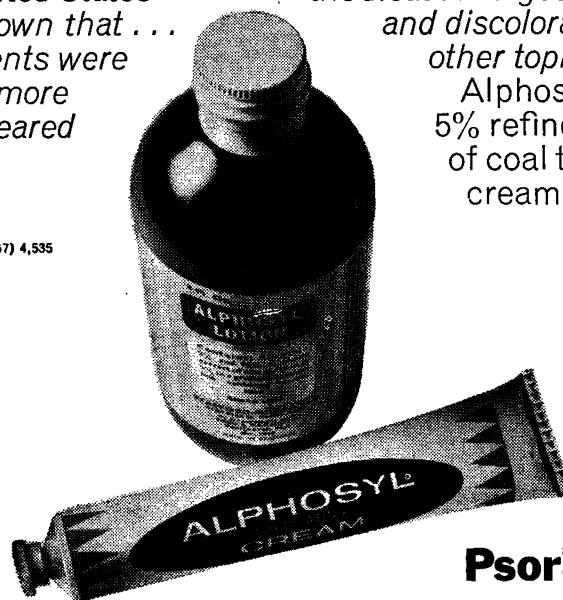

*"Trials in the United States of America have shown that . . . 70% to 80% of patients were helped and 50% or more had their lesions cleared completely by the treatment."**

Long after 'revolutionary' advances have been tried and forgotten, Alphosyl remains the product most widely prescribed for the specific treatment of Psoriasis.

*"It certainly avoids the hazards of antimetabolites and local and systemic corticosteroids, and it does not have the disadvantages of staining, burning and discoloration that occur with other topical preparations."**

Alphosyl is available as a 5% refined alcoholic extract of coal tar and allantoin in a cream and lotion.

Have Saab gone power mad?

The Saab is made by the company that designs and builds one of the world's best supersonic jet fighters. So we talk a lot about power and rapid acceleration. The look of the car, its stylish lines. But we're not power mad, we also say that there's no safer car on the road than the Saab V4. Its rapid acceleration makes for safer overtaking and its road holding qualities are legendary. We believe in safety twice so there are two independent braking systems. Power we like—plus safety!

two complementary anti-hypertensive agents—but 'single tablet' convenience

Hydromet

Methyldopa BP and hydrochlorothiazide BP ®

For many hypertensive patients, 'Hydromet' is often the most suitable treatment. 'Hydromet' contains both methyldopa and hydrochlorothiazide, a combination already widely used in this country for the severer grades of hypertension. Note the substantial advantages which 'Hydromet' can bring to your patients:

- the convenience of a single tablet
- 'Hydromet' usually makes a satisfactory control of blood pressure possible on a lower dosage of methyldopa
- in some severe and resistant cases, 'Hydromet' can produce a greater antihypertensive response than methyldopa alone
- the diuretic action of hydrochlorothiazide is useful when hypertension is complicated by heart failure and oedema
- symptomatic postural hypotension is much less frequent than it is with other powerful antihypertensive agents

Available as tablets containing methyldopa BP equivalent to 250 mg anhydrous methyldopa and 15 mg hydrochlorothiazide BP. Detailed information is available to physicians on request.

UNIVERSITY AND RESEARCH APPOINTMENTS

(see also OVERSEAS)

CLINICAL/SCIENTIFIC APPOINTMENT**MEDICAL RESEARCH COUNCIL**

Applications are invited for a post in the M.R.C. Blood Pressure Research Unit, Western Infirmary, Glasgow. The post is the equivalent of an N.H.S. Registrar/Senior Registrar and an honorary N.H.S. contract will be negotiated. The M.R.C.P. qualification would be desirable but is not essential. The successful applicant will be expected to undertake a programme of original work leading to a Ph.D. or M.D. In addition there would be opportunities to take part in general medical and teaching work. It is likely that a system of rotating duties will be arranged with the Department of the Regius Professor of Medicine and with the renal unit in this hospital. The unit has 20 beds (with facilities for metabolic medical out-patients) and an extensive laboratory facilities. Its main interests lie in the mechanisms controlling blood pressure and salt and water metabolism with particular emphasis on the role of renin, angiotensin, steroids and A.D.H. Applications to the Director, M.R.C. Blood Pressure Unit, Western Infirmary, Glasgow W.1. (28229)

KING'S COLLEGE HOSPITAL MEDICAL SCHOOL

(University of London)

Denmark Hill, London S.E.5

Applications are invited for a medically qualified RESEARCH ASSISTANT IN VASCULAR SURGERY.

The person appointed will be the clinical member of a team investigating vascular disease. The research should lead to M.S. thesis and would be especially attractive to someone of Registrar or Senior Registrar status. The post is for a period of one year but could be extended to two or three years. Salary according to status. An honorary hospital grading will be given. For further details apply to Mr. L. T. Cotton, F.R.C.S. Applications, by letter, to the Secretary of the Medical School, giving the names of two referees, not later than April 7. (17637)

LECTURER IN BIOCHEMISTRY

Applications are invited for the post of Lecturer in Biochemistry at the Royal Postgraduate Medical School. The Lecturer will work in the department of medicine attached to a research group studying intestinal malabsorption and will have an attachment to the department of chemical pathology. The particular interests of the research group are the physiology of intestinal absorption and in particular the absorption of sterols, protein absorption and the effects of bacteria on intestinal function. Appointment for five years in the first instance. Salary scale £1,845 by £105 to £2,630 plus £60 London allowance. R.S.S.U.

Further details from, and applications enclosing eight copies of curriculum vitae and names of two referees, to Secretary, Royal Postgraduate Medical School, Du Cane Road, London W.12, quoting ref. 2/239, by April 30 (17579)

UNIVERSITY OF EDINBURGH**DEPARTMENT OF ORTHOPAEDIC SURGERY**

Applications are invited for the following posts, which will become vacant in the summer of 1968: (1) SENIOR LECTURER; (2) LECTURER and (3) TEMPORARY LECTURER, initially for one year.

The responsibilities of the Senior Lecturer include undergraduate and post-graduate teaching and its organization. The clinical duties will be variable in proportion to the commitment to research. The Senior Lecturer will have Consultant status at the Royal Infirmary and the Princess Margaret Orthopaedic Hospital, but will share with the Professor clinical responsibility for beds. The total number of beds in the department is over 400, the Consultant teaching staff numbers 10.

The two Lecturers are responsible for the day to day organization of the undergraduate teaching and take a major part in this. They will also be involved and take part in many aspects of the recently established four-year orthopaedic training programme. The clinical duties are those of Senior Registrar, the Professor and Senior Lecturer, and perhaps other members of the Consultant staff. Each Lecturer rotates around the Royal Infirmary where there is trauma, adult orthopaedic out-patients and a major commitment to hand surgery, the Princess Margaret Orthopaedic Hospital with in-patient elective orthopaedics, and the Royal Hospital for Sick Children.

There will be considerable opportunities for research. It is hoped that the Senior Lecturer, and if desired the Lecturers, will spend half their time in research, clinical or laboratory. The Senior Lecturer will have responsibility for supervising and training junior staff in research.

Salary scales—Senior Lecturer, £3,050 to £4,000 per annum; Lecturers, £1,470 to £2,995 per annum, together with superannuation benefit.

Further details of the posts and arrangements for visits may be obtained by writing to Professor J. I. P. James, Clinical Research Unit, Princess Margaret Orthopaedic Hospital, Fairmileden, Edinburgh 10.

Applications, by letter (six copies), giving the names of three referees, should be lodged with the Secretary to the University, University of Edinburgh, Old College, South Bridge, Edinburgh 8, not later than April 15, 1968. (17636)

University and Research Appointments—contd.

KING'S COLLEGE HOSPITAL MEDICAL SCHOOL
(University of London)
Denmark Hill, London S.E.5

Applications are invited from medical graduates for the post of **LECTURER IN MICROBIOLOGY**. Some experience in virology is essential. Salary on the scale of £1,745 to £2,820 according to qualifications and experience. Applications (six copies), with the names of three referees, not later than April 8, to the Secretary of the Medical School, from whom further particulars may be obtained. (17517)

ROYAL COLLEGE OF SURGEONS OF ENGLAND AND THE INSTITUTION OF MECHANICAL ENGINEERS

RESEARCH FELLOWSHIP IN BIOLOGICAL ENGINEERING

The College and Institution invite applications for a Joint Research Fellowship in Biological Engineering.

The Fellowship will be tenable for one year in the first instance, renewable for not more than one additional year. It will be held jointly at the Royal College of Surgeons of England and at a department of mechanical science which is acceptable to the College and Institution which has available the necessary research facilities.

Applicants should be medically qualified or hold an appropriate degree in a scientific or engineering subject. The stipend will be determined according to experience and qualifications, and will be within the range £2,000 to £2,500 per annum. An allowance for research expenses must be offered by the department in which the Research Fellow is to work.

Applications (ten copies) should be submitted, with the names of two referees, either to the Secretary of the Royal College of Surgeons of England, Lincoln's Inn Fields, London W.C.2, or to the Secretary of the Institution of Mechanical Engineers, 1 Birdcage Walk, London S.W.1, not later than May 31, 1968. They should contain full details of the research programme that the candidate wishes to pursue. Candidates should contact the appropriate department at the Royal College of Surgeons and the department of mechanical science at which they hope to work before submitting the application and a letter confirming the availability of the necessary facilities should accompany the application. (17504)

UNIVERSITY COLLEGE HOSPITAL MEDICAL SCHOOL

Applications are invited for the post of **LECTURER** in **Obstetrics and Gynaecology** in the obstetric unit of University College Hospital Medical School. The appointment will be for one year in the first instance, and renewable up to three years. The post will become vacant on May 1, 1968. Salary, according to university scales. Applications, with the names of three referees, should be addressed by Saturday, April 13, 1968, to the Secretary, University College Hospital Medical School, University Street, London W.C.1, from whom further particulars may be obtained. (17518)

UNIVERSITY OF LIVERPOOL
Department of Anatomy

Applications are invited for the post of **LECTURER** in the department of anatomy.

The initial salary will be £1,470 per annum on the scale £1,470 to £2,630 per annum (£1,470 to £2,855 per annum for medically qualified candidates).

Applications, stating qualifications and experience, together with the names of three referees, should be received not later than May 10, 1968, by the Registrar, from whom further particulars may be obtained. Please quote Ref. RV/421/B.M.J. (17516)

INSTITUTE OF OBSTETRICS AND GYNAECOLOGY
UNIVERSITY OF LONDON

Applications are invited for the post of **SENIOR LECTURER or LECTURER IN ENDOCRINOLOGY**

in the Institute of Obstetrics and Gynaecology at Chelsea Hospital for Women and Queen Charlotte's Maternity Hospital.

Salary and grading will be determined by seniority and experience but will be within the range of £2,590 to £3,395 (Senior Lecturer), £2,150 to £2,820 (Lecturer).

Applicants should hold a higher degree in Obstetrics and Gynaecology or in Medicine and must be interested in further specialization in endocrinological aspects of gynaecology and obstetrics.

The successful candidate will initially train under and assist the present Consultant Endocrinologist who is due to retire late in 1969.

Further information from the Secretary, INSTITUTE OF OBSTETRICS AND GYNAECOLOGY, Central Office, Chelsea Hospital for Women, Dovehouse Street, London S.W.3. (17524)

THE UNIVERSITY OF LEEDS

Applications are invited for the following posts:

DEMONSTRATORS

In the Department of Anatomy, required for session 1968-69. The successful candidates, who should be medically qualified graduates, will be expected to devote the major part of their time to the teaching of gross anatomy to medical and dental students. Professor R. L. Holmes is prepared to give any additional information required. Ref. 68/4273.

SALARY SCALE: £1,470 to £1,630. Initial appointment at any point on the scale.

Applications (three copies), stating age, qualifications and experience, and naming three referees, should reach the Registrar and Secretary (from whom further particulars may be obtained), not later than April 19, 1968. Please quote reference number. (17563)

THE UNIVERSITY OF LIVERPOOL
AND
ROYAL COLLEGE OF SURGEONS OF ENGLAND
ROBERT JONES TRAVELLING FELLOWSHIP IN ORTHOPAEDIC SURGERY

Applications are invited for a Robert Jones Travelling Fellowship in Orthopaedic Surgery. The Fellowship will be of the value of £800 and will be tenable for one year, a substantial proportion of which must be spent in travel abroad. During the remainder of the year the holder will be free to accept other appointments, but he will be required to submit a report of his foreign travel and his research at the end of the year.

Candidates are invited to outline the course of study or proposed research they desire to pursue in the orthopaedic centre or centres they propose to visit.

Applications, stating age, qualifications and experience, together with the names of two referees, should reach the Registrar, University of Liverpool, not later than May 31, 1968. (17559)

THE UNIVERSITY OF SHEFFIELD
FELLOW IN DEVELOPMENTAL PATHOLOGY

Applications are invited for a Fellowship in Developmental Pathology to work on the lower renal tract of children. The work will be carried out in the new congenital anomalies research centre of the University of Sheffield and in the laboratories of the Children's Hospital under the direction of Dr. J. L. Emery from whom further particulars may be obtained. This post would be suitable for a person wishing to work for a higher degree and wishing to specialize in children's pathology. Salary according to qualifications and experience in the range £1,950 to £2,550 with superannuation provision. Applications, with the names of two referees, to the Secretary, Congenital Anomalies Research Centre of the Department of Child Health, Thornbury Annex, Felwood Road, Sheffield 10, by April 18, 1968. (17516)

THE UNIVERSITY OF MANCHESTER
Manchester 13

LECTURER OR ASSISTANT LECTURER IN OCCUPATIONAL HEALTH

Applications invited for this post from persons with medical qualifications registrable in this country. Duties may start from August 1, 1968, or other date to be arranged. Salary ranges per annum: Lecturer, £2,015 to £3,400; Assistant Lecturer, £1,430 to £2,015, F.S.S.U. Particulars and application forms (returnable by April 24 from the Registrar). Quote ref. 39/68/J.M.B. (17462)

UNIVERSITY OF BIRMINGHAM

Applications are invited for the post of

SENIOR LECTURER (Clinical) in the Department of Pathology

in succession to the Dr. D. A. Heath, recently appointed to the George Holt Chair of Pathology, University of Liverpool. The department is responsible for the routine morbid anatomy/surgical pathology services for the Queen Elizabeth and General Hospitals. Good research resources and new accommodation in 1969. The person appointed will be recommended the award of an honorary Consultant contract with the General Birmingham Hospitals. Salary in scale £2,710 to £3,875 with possible extension to £4,380, F.S.S.U. Applications (9 copies) with names of three referees, by March 31, 1968, to the Assistant Registrar, Medical School, Birmingham 15, from whom further particulars can be obtained. (17576)

SCHOLARSHIPS

THE UNIVERSITY OF MANCHESTER
Manchester 13

WELL-COME SCHOLARSHIPS IN CLINICAL PHARMACOLOGY

Two scholarships available for session 1968/9 for clinical investigators to attend the course leading to the Diploma in Clinical Pharmacology in the University of Manchester. The purpose of the course is to train registered medical or dental graduates in techniques necessary for evaluation of drug action in man. The stipend for these scholarships will vary with age and experience but will not exceed £1,500 per annum.

Procedure for application: Candidates should be sponsored by heads of departments or consultants interested in developing clinical pharmacology. The sponsor should indicate whether the candidate would have an opportunity of returning to the department or unit to undertake research in clinical pharmacology when the course is completed. The application should include the nominee's curriculum vitae and the names of two independent referees.

Further details can be obtained from Secretary, Department of Pharmacology, Materia Medica and Therapeutics. (17559)

ROYAL FREE HOSPITAL SCHOOL OF MEDICINE
(University of London)

Applications are invited from women medical graduates for the following scholarships: Mabel Webb and A. M. Bird Research Scholarship, of the value of £600, for one year in the first instance from October 1, 1968. Open to graduates of the School for a minimum of half-time research work under a member of teaching staff of either school or hospital. E. P. Phipson Postgraduate Scholarship, 1968-9, of the value of £105, for assistance in any kind of postgraduate study which is medical or scientific. Applications to be submitted by May 1, 1968, on forms obtainable from the Secretary at the School, 8 Hunter Street, London W.C.1. (17638)

EDUCATIONAL

ASIA-PACIFIC ACADEMY OF OPHTHALMOLOGY
announces the holding of its
THIRD CONGRESS IN SINGAPORE
from August 5-10, 1968

The themes of the Congress are:

(i) Prevention of blindness in the Asia Pacific area with special reference to trachoma and nutritional ocular conditions.

(ii) Recent advances in surgery with special reference to the management of ocular condition in the Asia-Pacific region.

Under these two special symposia have been organized:

(a) Keratoplasty in the Prevention of Blindness with Dr. J. H. King, Dr. R. A. Troutman, Dr. Schioltz and Dr. W. A. Stone.

(b) Cryosurgery with Dr. H. Lineoff, Dr. C. D. Kolman, Dr. John Bellows and Dr. G. Zugsmith.

There will also be a symposium on the need for and development of regional eye banks in the Asia-Pacific region.

A number of free papers, films and scientific exhibitions will be presented.

For further information please contact the Secretary, The Third Congress, c/o Ophthalmic Department, General Hospital, Singapore 3. (H.7241)

GLASGOW POSTGRADUATE MEDICAL BOARD
(The University and the Royal College of Physicians and Surgeons)

COURSE OF PRACTICAL INSTRUCTION IN BLOOD GAS MEASUREMENT

A 1½ day course in blood gas measurement has been organized by the University Department of Anaesthesia, Western Infirmary, under the auspices of the Glasgow Postgraduate Medical Board, and will be held on Friday, May 31, and the morning of Saturday, June 1. The course is intended for senior anaesthetists and other interested clinicians wishing to learn in broad outline the theory of blood gas measurement and to gain practical experience under guidance in the use of common blood gas equipment. There will be ample opportunity for discussion of practical problems encountered with these techniques. The programme of the course will be:

Friday a.m.

Lecture demonstration on blood gas electrodes; techniques and errors of blood sampling.

Friday p.m.

Practical instruction in the use of Astrup equipment and other relevant instrumentation.

Saturday a.m.

Further experience in the use of blood gas equipment followed by closing discussion group.

The fee for the course will be £5 5s. Application forms can be obtained from the Director of Postgraduate Medical Education, University of Glasgow. In the nature of such a course the numbers attending must be strictly limited, and so early application to the Director of Postgraduate Education is advised.

(17538)

INDUSTRIAL APPOINTMENTS

Attention is drawn to the British Medical Association's statement of policy on the Remuneration of Industrial Medical Officers as approved by the Representative Body, which is available on request from the Secretary.

**MEDICAL ADVISORY OFFICER**

Pharmaceutical Specialties (May & Baker) Ltd Dagenham, Essex, invite applications from a well-qualified and experienced practitioner to fill this interesting industrial appointment.

The successful applicant will be concerned in a medical advisory capacity with correspondence from the medical and allied professions on technical matters, the writing and editing of medical literature, lecturing to professional audiences and participating in the training and briefing of representatives.

Good residential areas within four miles of Dagenham, or for those who prefer the country, a daily journey of about 30 minutes by car.

There is a Staff Pension Fund and Life Assurance Scheme in operation.

Four weeks annual leave.

Applications, which will be treated in strict confidence, should be addressed to the Personnel Officer, May & Baker Ltd, Dagenham, Essex, quoting Reference No. 32/68/BMA.

(17569)

COMMERCIAL APPOINTMENTS**MEDICAL PRACTITIONER**
(Part time)

ALLEN & HANBURY'S LTD. wish to appoint a Medical Practitioner to a position in their Research Division at Ware, Hertfordshire. The main responsibility of the man or woman filling the post will be the preparation of submissions of evidence on new products for consideration by the Committee on Safety of Drugs. This involves the collection of information from Clinicians, Chemists, Biochemists, Toxicologists, Pharmacologists, Pharmacists and Analytical Chemists, which must be put together in a logical manner and presented to the Committee so that it can be assessed in the most convenient way.

The requirements of the position are such that the successful candidate will not be required to work for more than 20 hours per week and these may be agreed mutually between the person appointed and the company.

Please write initially, quoting reference AM.372, to the Personnel Manager, Allen & Hanburys Ltd., Bethnal Green, London E.2.

(17551)

**CLINICAL TRIALS SUPERINTENDENT**

£3,500

Our client is the substantial British subsidiary of a large European pharmaceutical company. The company is strongly research-based and has a high reputation for the quality of its products.

The medical staff is still small and a doctor is now required to take special responsibility for field trials. He will be assisted by a trials administrator in extending the range and volume of the current work, which is already well established.

There will also be the opportunity to join in the other work of the medical department and to take a clinical assistantship. The way is open for career advancement.

Candidates should be aged around 30 with general (rather than specific) medical experience. They should have administrative ability, a facility in report writing, and the personal qualities to work in a team and with specialists and practitioners throughout the country. A genuine interest in clinical medicine is of course essential.

An initial remuneration of around £3,500 is envisaged, plus car (or arrangements in lieu) and pension scheme. Moving expenses will be paid.

The offices are in an agreeable part of the London area.

(ref. : PF23/2648/JMB.)

The identity of candidates will not be revealed to our client without prior permission. Applicants should forward brief details, quoting the reference number to :

P. A. Management Consultants Ltd.
Personal Services Division,
60a Knightsbridge, London, S.W.1.

with duties to commence early/mid-March. Post recognized for F.R.C.S. Applications, stating age, qualifications, nationality, etc., together with the names of two referees, to the Group Secretary. (27308)

PRESTON AND CHORLEY HOSPITAL MANAGEMENT COMMITTEE

Preston Royal Infirmary (424 beds)

SENIOR HOUSE OFFICER (Accident and Emergency)

required for emergency and accident department. The department is fully equipped with the major accident service and is supervised directly by a Senior Accident Officer in association with the Consultant Orthopaedic Surgeon.

The section is staffed by one Registrar and four S.H.O.s. These posts are recognized for F.R.C.S. (Casualty training) and offer excellent experience in all branches of emergency work. Good library and study facilities available.

Applications, with names of two referees, to Group Secretary, Royal Infirmary, Preston PR1 6PS. (28233)

QUEEN MARY'S HOSPITAL FOR THE EAST END Stratford, E.15

CASUALTY AND ORTHOPAEDIC HOSPITAL SURGEON

(Senior House Officer grade) six months commencing as soon as possible. Post recognized for F.R.C.S. Applications, with the names of two referees, to Hospital Secretary. (17471)

READING AND DISTRICT HOSPITAL MANAGEMENT COMMITTEE Reading Area Accident and Orthopaedic Service

A vacancy immediately available in the above service at Battle Hospital, Reading, for a

SENIOR HOUSE OFFICER

This unit is the only accident service for a population of 400,000 and the bulk of the work consists of major trauma with a small amount of "cold" orthopaedics. The successful candidate will be part of a "team" whose duties will be divided between the wards, operating theatres and the accident reception department. The latter is newly built and very well equipped, including resuscitation rooms and two operating theatres.

The post offers extremely good experience in the management of acute trauma, and there are good facilities for postgraduate training. The post is recognized for the F.R.C.S.

A modern flat is probably available.

Written applications, giving two referees, to the Hospital Secretary, Battle Hospital, Oxford Road, Reading. (17118)

ROYAL BUCKINGHAMSHIRE HOSPITAL Aylesbury, Bucks

ACCIDENT OFFICER (Senior House Officer grade)

The post, which will be vacant end of April, is recognized for the F.R.C.S. Peripheral hospital allowance payable. Applications, with two names for reference, to the Secretary-Superintendent. (28131)

ROYAL GWENT HOSPITAL Newport (Recognized F.R.C.S.)

Applications are invited for a **SENIOR HOUSE OFFICER** in the accident and emergency department, vacant on April 1. The department is in the charge of a full-time Consultant Surgeon, who has five S.H.O.s and all emergency cases are admitted through the department, which is responsible for initial resuscitation. The department is equipped with apparatus for cardiac monitoring, positive-pressure ventilation, blood gas analysis, and blood volume computation with radio-active isotopes, as well as x-ray image intensifiers and a Berman F.B. locator.

The hospital is the Group 4B beds, is the base hospital for the Group and therefore has a large volume of acute cases in all specialties. It is being extensively re-developed by a major capital building programme. A new intensive care unit will be in operation soon.

There is a close connection with the teaching hospital at Cardiff, 10 miles to the west and there is an extensive post-graduate education programme with a very good library. The new integrated centre is about to be built which will enhance further the facilities at present available. The appointment gives ample opportunity to the holder to avail himself of these facilities.

The successful candidate will be expected to be resident on the nights on which he is on first call, which will on average be one night in five. Non-resident medical and nursing staff will be given a first suitable accommodation.

There is a certain amount of married accommodation available at the control of the Hospital Management Committee.

Applications, giving full particulars, and names and addresses of two referees, to Group Secretary, 64 Cardiff Road, Newport, Mon. (27770)

Accident and Emergency—contd.

Management Committee

PRESTON ROYAL INFIRmary (424 beds)

LOCUM CONSULTANT IN ANAESTHETICS

Required immediately. Applications, stating experience, with names of two referees, to Group Secretary, Royal Infirmary, Preston PR1 6PS. (28233)

NEWCASTLE REGIONAL HOSPITAL

BOARD

CONSULTANT ANAESTHETIST

whole-time or maximum part-time, for the South-West Durham Group of Hospitals. Main hospital Bishop Auckland General Hospital (350 beds), where major capital redevelopment is in progress. Possession of F.F.A.R.C.S. is essential.

Residence within ten miles of Bishop Auckland General Hospital.

Further particulars from the Senior Administrative Medical Officer, Regional Hospital Board, Benfield Road, Newcastle upon Tyne NE6 4PY, to whom applications should be addressed together with the names of three referees by April 20, 1968. (28234)

APPOINTMENTS

Applicants should state name, address, age, nationality, and qualifications, and enclose (unless otherwise specified) one copy of each of three recent testimonials, with a short statement of experience and appointments held. Applications should be sent at once if no closing date is given. Canvassing disqualifies (Statutory Instrument, 1966, No. 569).

SALARY SCALES OF HOSPITAL MEDICAL STAFF

Following the Seventh Report of the Review Body, new salary scales have been approved. These came into force on October 1, 1966. The scales are set out below:

HOUSE OFFICERS: Each post in this grade shall be tenable for six months. £1,100 per annum for the posts held during the first year; £1,200 per annum for posts held during the second year; £1,300 per annum for posts held during the third and subsequent years, subject to full registration.

Deductions of £150 per annum in respect of lodging only for voluntary residence. (No deductions for lodging will be made for compulsory residence.)

SENIOR HOUSE OFFICERS: £1,450 per annum in the first year; £1,550 per annum in the second year; £1,650 per annum in the third or subsequent years. (No deductions for lodging will be made for voluntary residence.)

REGISTRARS: £1,650 per annum, rising by four annual increments of £100 to £2,050.

Deductions of £175 per annum for those with remuneration at the first two points on the scale, and £200 per annum for those in the third and subsequent points will be made in respect of lodging only for voluntary residence. (No deductions for lodging will be made for compulsory residence.)

On assimilation to the scale for Registrars, one increment and one only shall be given for any year or part of a year in excess of two spent previously in the senior house officer grade.

Allowances at rates up to £140 per annum shall be payable to house officers, senior house officers and registrars occupying posts approved for such allowances in peripheral hospitals.

SENIOR REGISTRARS: £1,950 per annum rising by one increment of £100 and four further annual increments of £125 to £2,550.

Deductions of £225 per annum in respect of lodging only for voluntary residence. (No deductions for lodging will be made for compulsory residence.)

On assimilation to the salary scale for senior registrars, increments to a maximum of two shall be given for each year or part of a year in excess of three spent previously in the registrar grade.

MEDICAL ASSISTANTS: £1,850 per annum rising by fourteen annual increments of £100 to £3,250.

Deductions of £225 per annum in respect of lodging only for voluntary residence. (No deductions for lodging will be made for compulsory residence.)

CONSULTANTS: £3,200 per annum rising by five annual increments of £185, and then by four further increments of £190 to £4,885.

Deductions of £350 per annum in respect of lodging only for voluntary residence. (No deductions for lodging will be made for compulsory residence.)

Doctors with satisfactory training will not be excluded from consideration for appointment to consultant posts on the grounds that they have spent little or no time as senior registrars.

All National Health Service hospital appointments are in accordance with the Terms and Conditions of Service of Hospital Medical Staff. Memoranda on the following subjects of particular interest have been issued by the Ministry of Health: Standard of Residential Accommodation, Telephone Charges, Removal Allowances, Study Leave.

Further details may be obtained from the Hospital Secretary, or summaries of the Memoranda may be obtained from the Secretary, British Medical Association. (August, 1967)

LIVERPOOL REGIONAL HOSPITAL BOARD

United Liverpool Hospitals
Dove and Moston Hospitals

Applications are invited for the post of **SENIOR REGISTRAR IN PSYCHIATRY** with duties initially at the above progressive hospitals situated on the outskirts of the City of Chester. The regional addiction unit, an adolescent unit and a day hospital are associated with the hospitals and experience in child psychiatry is also available.

During the normal period of four years, training arrangements will be made for the successful candidate to attend out-patient departments and also other establishments in the mental health service.

Applicants must possess the D.P.M., and have reasonable experience in psychiatry.

Application form and further information from Dr. R. Glyn Thomas, Senior Administrative Medical Officer, Liverpool Regional Hospital Board, Wilberforce House, The Strand, Liverpool 2. Applications to be returned not later than April 11, 1968. J. D. Shepherd, Secretary to the Board. (17599)

NEWCASTLE REGIONAL HOSPITAL BOARD

SENIOR REGISTRAR IN PSYCHIATRY whole-time required for St. George's Hospital, Morpeth (1,221 beds). Hospital serves Tynemouth, Whitley Bay and part of the County of Northumberland (population 433,500). This is an active hospital within easy reach of the university centre with a modern admission and early treatment unit with a large turnover of in-patients and a wide network of out-patients and community services. Successful applicant will be expected to assist in undergraduate and post-graduate teaching.

Married or single accommodation available.

Applications, with names and addresses of three referees, to Senior Administrative Medical Officer, Regional Hospital Board, Birkdale Road, Newcastle upon Tyne NE6 4PY, by April 13, 1968. (28203)

WESTMINSTER HOSPITAL, S.W.1

Applications are invited for the post of **SENIOR PSYCHIATRIC REGISTRAR** (Chief Assistant) to start mid-May. Candidates are invited to inspect the hospital. Applications (six copies), with the names of three referees, to the Deputy House Governor's Office by April 11. (17624)

BROOKWOOD HOSPITAL
Knaphill, Woking, Surrey

Applications are invited for the post of **REGISTRAR IN PSYCHIATRY** (male or female). Previous experience in psychiatry is not essential. The hospital is recognized for the D.P.M., and Registrars are encouraged to attend recognized courses. Brookwood is a progressive psychiatric hospital (1,500 admissions annually) situated in pleasant country surroundings, 45 minutes from the centre of London. It has extensive out-patients' clinic arrangements in hospitals in West Surrey. A complete range of modern treatment is carried out and there are opportunities for teaching.

Residential accommodation is available for a single person or married couple.

Application forms available from, and returnable to, the Group Secretary, before April 4, 1968. (28061)

CANE HILL HOSPITAL
Coulson, Surrey, CR3 3YL

Applications are invited for the post of whole-time **REGISTRAR IN PSYCHIATRY**

The hospital is situated within the London borough of Croydon and is half an hour's rail journey from Central London. It is up on the "firms" system and the successful candidate would have the opportunity of taking part in all aspects of clinical psychiatry. There are links with London teaching hospitals. Postgraduate training is undertaken in conjunction with the Bethlem Royal and Maudsley Hospital. Special concessions can be obtained for attendance at courses at the Institute of Psychiatry. Registrars are expected to take the D.P.M. and regular teaching seminars are held for them. A regional postgraduate tutor in psychiatry for Part II of the D.P.M. organizes training courses at a special teaching unit near the hospital.

Out-patient clinics are held at various general hospitals at which Registrars assist in treatment. In addition there is an in-patient unit and a day centre at an associated general hospital in which the successful candidate may have to take his share of duty. There is good liaison with the staff of local authorities and ample opportunity for experience in community psychiatry.

The post may be non-resident or, if required, single quarters are available for either a man or woman.

Application forms obtainable from, and returnable to, the Group Secretary, by April 5, 1968. Candidates may visit the hospital by appointment. (28003)

NEWCASTLE REGIONAL HOSPITAL BOARD

Special Area Committee for Cumberland and North Westmorland

REGISTRAR PSYCHIATRIST

required from May 1968 for Garlands Hospital, Carlisle (1,000 beds), which serves the area of Cumberland and North Westmorland. This hospital, with an admission rate of over 1,000 patients a year, offers wide experience in psychiatry. There is a new early treatment centre of 70 beds, E.E.G. and child guidance departments, and separate clinical teams, each headed by a Consultant. An active programme of rehabilitation is being undertaken and there is a busy industrial training unit employing patients on contract to local firms. The appointee will be encouraged to attend the D.P.M. course at Newcastle upon Tyne and granted leave and travel expenses for the purpose. House, furnished or unfurnished, available for married doctor, within the hospital grounds and assistance may be given with removal expenses. Applications, together with the names and addresses of three referees, to the Senior Administrative Medical Officer, 72 Warwick Road, Carlisle, not later than April 13, 1968. (H.7204)

 Please send applications, quoting reference B.4. and copies of two recent testimonials, to the Hospital Secretary as soon as possible. (17355)

ADMINISTRATIVE

EAST ANGLIAN REGIONAL HOSPITAL BOARD

APPOINTMENT OF SENIOR ADMINISTRATIVE MEDICAL OFFICER

Applications are invited from registered medical practitioners for the whole-time appointment of Senior Administrative Medical Officer.

Candidates should have wide experience in administration and the planning and development of hospital services.

The salary for the post will be on the scale £3,880 rising by annual increments to a maximum of £5,010 per annum. The terms and conditions of service for administrative medical staff, as revised from time to time, will apply.

Applications, giving details of qualifications, previous experience and present appointment, with the names of two referees, to be addressed to the Secretary of the Board, Union Lane, Chesterton, Cambridge, by April 22, 1968. (28024)

ADVERTISEMENT**WELSH HOSPITAL BOARD**

Applications are invited from registered medical practitioners for the appointment of **ASSISTANT SENIOR MEDICAL OFFICER**

The person appointed would be required to undertake, under the direction of the Senior Administrative Medical Officer, duties associated with the organization and planning of hospital and specialist services within the Board's area and previous experience in medical administration would be an advantage.

Intending applicants may write to the Senior Administrative Medical Officer of the Board for further information or visit him by arrangement.

Salary: £2,770 by £110 (6) to £3,430 per annum.

A new entrant to the Service will commence at £2,770. A higher commencing salary can, however, be given in recognition of suitable experience outside the hospital service of Great Britain.

A contributory superannuation scheme applies.

Application forms (for which a self-addressed foolscap envelope should be sent) to the Secretary BMJ, Welsh Hospital Board, Temple of Peace and Health, Cathays Park, Cardiff CF1 3NW. Closing date April 13, 1968. (17544)

PUBLIC HEALTH**CITY OF SOUTHAMPTON**

ASSISTANT MEDICAL OFFICER OF HEALTH

Applications are invited for this post from registered medical practitioners. Salary: £1,725 to £2,445 per annum, at present under review, placing on scale according to experience. Duties mainly with maternity and child welfare and School Health Diploma in Child Health and Public Health desirable.

Further particulars and application forms from The Medical Officer of Health, Civic Centre, Southampton SO9 4XG, returnable by April 13, 1968. (27963)

CITY OF SOUTHAMPTON**PORT MEDICAL OFFICER**

Applications are invited from registered medical practitioners for the post of Assistant Medical Officer (Port Health) on a sessional or full-time permanent basis. The duties, although primarily Port Health, will include other aspects of the work of the health and welfare department. Previous port health experience is desirable, but not essential. The permanent post is superannuable and the salary will be in the range of £1,725 to £2,445, at present under review, according to qualifications and experience, or on a pro rata or sessional basis. Application forms and further particulars from the Medical Officer of Health, Civic Centre, Southampton SO9 4XG. (28264)

CITY OF SOUTHAMPTON**SENIOR MEDICAL OFFICER**

Applications are invited from registered medical practitioners.

The duties will combine administrative and clinical responsibilities in the mental health field with other work in all sections of the department.

The salary will be within the scale £2,715 to £3,075 per annum, the commencing salary will be commensurate with qualifications and experience.

A car allowance will be paid and approved removal expenses. Possession of a D.P.H. or D.C.H. desirable but not essential.

Further particulars and application form from Medical Officer of Health, Civic Centre, Southampton SO9 4XG, (28264)

COUNTY BOROUGH OF BARNESLEY
 Public Health Department**APPOINTMENT OF SENIOR CLINICAL MEDICAL OFFICER AND SCHOOL MEDICAL OFFICER**

Applications are invited for the above appointments from registered medical practitioners who have the D.P.H. or D.C.H., a wide experience in all branches of public health, including the school health services, and who are qualified in the ascertainment of educationally subnormal pupils. The salary will be within the scale £2,105 by £80 (2) by £90 (4) to £2,625.

If the successful applicant possesses a car, consideration will be given to the payment of an allowance in accordance with the Corporation's scale, and the tenancy of a Corporation house will also be available, if required.

The appointment is subject to (a) the appropriate Whitley Council general conditions of employment, (b) the general conditions of employment within the Corporation as varied from time to time, (c) the Local Government Superannuation Acts for which purpose the successful applicant must pass a medical examination, and (d) three months' notice on either side.

Applications, stating age, nationality, details of experience and qualifications, together with the names and addresses of two referees, should be sent to the Medical Officer of Health, Town Hall, Barnsley, as soon as possible.

Canvassing will disqualify.—C. Race, Town Clerk, Town Hall, Barnsley. (H.7197)

CITY OF LEICESTER**DEPUTY MEDICAL OFFICER OF HEALTH**

Whitley Medical Council 'C' conditions and salary scale £3,013 6s. 8d. p.a. x £183 6s. 8d. (4)—£3,386 13s. 4d. plus £183 6s. 8d. allowance as Crematorium medical referee. Car allowance payable. Housing accommodation or lodging and travel allowance. Assistance with removal expenses up to £100. Further particulars and application forms on request. Closing date for applications 10 April, 1968.

 Clerk of the Ely Rural District Council. (H.7255)

Public Health—contd.

COUNTY BOROUGH OF LUTON
APPOINTMENT OF SENIOR MEDICAL OFFICER

Applications are invited from registered medical practitioners holding the Diploma in Public Health. Salary scale £2,535 by £90 (6) to £3,075. Starting salary according to experience and qualifications.

The duties of the appointment will be mainly in connexion with the school health services, maternity and child welfare services, but opportunities will arise for work in a wider range of public health services.

Car allowance at essential user rate. Removal expenses.

Application forms and further particulars may be obtained from the Medical Officer of Health, 63-69 Guildford Street, Luton. (H.7158)

COUNTY BOROUGH OF ROTHERHAM

Applications are invited from registered medical practitioners for the post of DEPUTY MEDICAL OFFICER OF HEALTH AND DEPUTY PRINCIPAL SCHOOL MEDICAL OFFICER at a salary of £2,810 per annum.

Applicants must possess a D.P.H. and have had previous experience in school health, maternity and child welfare, and general public health work. The person appointed will be responsible, under the direction of the Medical Officer of Health, for carrying out administrative and other duties in all sections of the work of the health department, and must be capable of assuming full responsibility for the department when necessary. Special interests are encouraged and there are opportunities to attend paediatric clinics.

The appointment will be terminable at any time by three months' notice in writing on either side and will be subject to the Medical Whitley Council's General Conditions of Service for Public Health Medical Officers. Housing accommodation is available if required.

Forms of application and further information may be obtained from the Medical Officer of Health, Municipal Offices, Rotherham, and must be returned to him, giving the names of three referees, and endorsed "Deputy Medical Officer of Health," by April 8, 1968.—John S. Wall, Town Clerk and Chief Executive Officer, Municipal Offices, Rotherham. (28025)

Applications, with names of three referees, to Medical Officer of Health, Esher Lodge, Old Church Path, Esher, Surrey, as soon as possible.—A. G. Chamberlin, Clerk of the Council. (28147)

COUNTY BOROUGH OF PRESTON

DEPARTMENTAL MEDICAL OFFICER required in a progressive department with duties including developmental paediatrics, school health, mental and social welfare. If a male is appointed port health work will be included. Development of special interests encouraged. Modern purpose-built clinics. An assisted D.P.H. training scheme on either a full-time or part-time basis is available. Car allowance payable. Preston is an administrative and industrial centre situated in the centre of an attractive countryside and within the easy reach of the Lake District and the Lancashire coastal resorts.

Salary within the scale £1,725 to £2,445 according to experience.

Application forms and details of the appointment from the Medical Officer of Health, P.O. Box 10, Municipal Building, Lancaster Road, Preston PR1 2RL, to whom they should be returned not later than April 17, 1968. (17520)

COUNTY BOROUGH OF TORBAY
Health and Social Services Department

MEDICAL OFFICER IN DEPARTMENT

Applications are invited for the above post which offers wide experience in a combined health, housing, welfare and child care department of the new county borough.

Whitley Council conditions of service and salary scale : commencing salary point according to experience and qualifications.

Assistance with housing. Reimbursement of removal expenses. Car allowance.

Applications, giving full details of experience and qualifications together with the names and addresses of two referees, to Dr. D. K. MacTaggart, Medical Officer of Health, St. Marychurch Town Hall, Torquay, not later than April 5, 1968. Any relationship to member or Senior Officer of the Council must be disclosed. Canvassing disqualifies. (H.7205)

COUNTY BOROUGH OF WALLASEY

Applications are invited from registered medical practitioners (male or female) for the post of

ASSISTANT MEDICAL OFFICER OF HEALTH/SCHOOL MEDICAL OFFICER

Salary within the scale £1,725 to £2,445 per annum according to qualifications and experience. Car allowance.

Duties include service in maternity and child welfare, school health and other local authority services.

Possession of D.P.H., D.Obst.R.C.O.G. or D.C.H. an advantage but not essential.

Applications, giving details of age, experience and qualifications, together with the names and addresses of two referees, should be forwarded to the Medical Officer of Health, Town Hall, Wallasey, by April 10, 1968. (17423)

COUNTY COUNCIL OF THE WEST RIDING OF YORKSHIRE

Applications are invited from registered medical practitioners holding the D.P.H. or nearing completion of D.P.H. training for appointment to fill various joint divisional health and county district appointments in the Senior Departmental Medical Officer grade. Salary scale : £2,135 to £2,675 (a revised scale of £2,265 to £2,805 is at present being negotiated). Qualifications and previous experience will be taken into account when determining the commencing salary.

The duties are mainly in the school health and infant welfare services, and in addition persons appointed will be required to act for the Divisional Medical Officer and Medical Officer of Health in his absence and will be appointed Deputy Medical Officer of Health to the constituent authorities.

The county council's scales of motor car and subsistence allowances are applicable. Regular conferences of medical staff are held and there are opportunities for increasing training and attendance at refresher courses and some specialization. Posts give considerable opportunities for experience of the administration of both local health and local sanitary services. The appointments are superannuable and the successful candidates must satisfy the county council's requirements for medical fitness.

Further details and forms of application from the undersigned.—Ronald W. Elliott, County Medical Officer, Health Department, Wood Street, Wakefield. (H.7206)

(17525)

UNIVERSITY OF TASMANIA

READER OR SENIOR LECTURER
IN MICROBIOLOGY

Applications for this position in the new Medical School are invited from medical or science graduates with suitable experience.

The salary range for Senior Lecturers is \$A7,600—\$A230—\$A8,750 per annum, and the salary of a Reader is \$A9,900. A graduate in medicine will receive an additional \$A600 per annum if appointed to a Senior Lectureship, or \$A1,000 per annum if appointed to a Readership, in recognition of medical qualifications and clinical responsibilities.

In 1967 the first course in General Pathology (which includes an introduction to Medical Microbiology) was given to the initial group of twenty-four students and in 1968, in their first clinical year, they will take a systematic course in medical microbiology.

Initially teaching of Microbiology to medical students is being carried out within the organization of the Department of Pathology, and it is expected that this arrangement will continue for some time.

A new Clinical School building is under construction at the Royal Hobart Hospital. This building has been designed for an annual intake of fifty students and will include permanent facilities for microbiology teaching and research.

Intending applicants are invited to write to Professor R. A. Rodda, Department of Pathology, for any further information they may require about this post.

Conditions of appointment and information as to method of application should be obtained from the Association of Commonwealth Universities (Branch Office), Marlborough House, Pall Mall, London S.W.1.

Applications close in Australia and London on April 30, 1968.

(17526)

The department is situated in a new building at the Alfred Hospital, and is responsible for teaching 4th, 5th and 6th year medical students and a small number of B.Med.Sc. and science graduate students. Its research programme is orientated to problems of biological specificity, cancer immunology, autoimmunity, and other immunopathological questions. Excellent facilities are available for a variety of modern experimental pathological techniques, including fluorescence and electron microscopy, tissue culture, radio and chemical pathology. The applicant should be medically qualified. Previous experience or special interest in cancer research, tissue culture, or immunology would be an advantage.

Salary Scales : Senior Lecturer (medically qualified)
\$A7,740—\$A9,430 p.a.
Lecturer \$A5,400—\$A7,300 p.a.
with superannuation on F.S.S.U. basis.

Benefits : Full travelling expenses for appointee and family; removal allowance; repatriation after three years, if desired; initial subsidized housing; study leave is granted at the rate of one term's leave for six terms' service, with provision for financial assistance. Loans for home purchase are available.

Further general information from the Academic Registrar, Monash University, Wellington Road, Clayton, Victoria, 3168, Australia, or the Secretary-General, Association of Commonwealth Universities (Branch Office), Marlborough House, Pall Mall, London, S.W.1. Inquiries about the Department to Professor R. C. Nairn, Chairman, Department of Pathology, Monash Medical School, Alfred Hospital, Commercial Road, Prahran, Victoria, 3181.

Closing date : May 10, 1968.

The University reserves the right to make no appointment, or to appoint by invitation.

Overseas—contd.

MONASH UNIVERSITY
Melbourne, Australia

DEPARTMENT OF SOCIAL AND PREVENTIVE MEDICINE

Applications are invited for appointment as

SENIOR LECTURER or LECTURER

in the Department of Social and Preventive Medicine under the newly appointed Foundation Professor—Professor B. S. Hetzel.

The successful applicant will be involved in undergraduate teaching during the preclinical and clinical years of the course in collaboration with the other departments of the Faculty of Medicine. Research interests in the department will include epidemiology of disease and studies of medical care. Students will be offered elective periods in various aspects of community medicine. The aim of teaching will be to assist the student in attaining a broad understanding of man in modern society with reference to health and disease.

For the next few years the department will be situated at the Monash University Medical School, Alfred Hospital, due for completion by June 1968. An area of 3,600 square feet has already been allotted and planned for the department, which will also share student and certain other facilities with Surgery, Medicine, Microbiology and Pathology, which are all in the same building. Applicants desirably should possess a medical degree with a higher qualification in some aspect of social or preventive medicine. Appropriate clinical status will be granted to the successful applicant by the Alfred Hospital.

Salary scales: Senior Lecturer ... \$A8,695—\$A10,350
Lecturer ... \$A6,210—\$A8,220

with superannuation on the F.S.S.U. pattern.

Benefits: Full travelling expenses for appointee and family; removal allowance; repatriation after three years' appointment if desired; initial subsidized housing; availability of loans for home purchase; study leave is granted at the rate of one term's leave for six terms' service, with provision for financial assistance.

Further general information is available from the Academic Registrar, Monash University, Clayton, Victoria, 3168, Australia, or the Secretary-General, Association of Commonwealth Universities (Branch Office), Marlborough House, Pall Mall, London, S.W.1. Specialist inquiries to Professor B. S. Hetzel, Department of Medicine, The Queen Elizabeth Hospital, Woodville, South Australia, 5011.

Closing date: May 31, 1968.

The University reserves the right to make no appointment, or to appoint by invitation.

(17542)

ARABIAN AMERICAN OIL COMPANY

invites applications for the position of

PAEDIATRICIAN

in the Company's hospital in Saudi Arabia. The Company operates a modern fully equipped hospital, with a staff of 55 physicians representing all the major specialties. All physicians and supporting personnel have been trained either in the United States or in the United Kingdom.

Applicants, male or female, should be of British nationality, and should have had several years' experience in paediatrics. He or she will be expected to perform a full range of work in this field, as well as assisting in the planning of medical care programmes.

A contract is offered for an indefinite period at an annual salary of £5,500 sterling, including allowances. Fringe benefits include exceptional opportunities for sight-seeing in the Middle East. Paid home leave will be 70 days after two years' service, when air passages to and from the point of origin will be provided for the family. Applications, in writing, should be forwarded to: The Manager, Personnel Office, ARAMCO OVERSEAS COMPANY, Laan van Meerdervoort 55, The Hague, Netherlands.

(H.7194)

CANADA

WINNIPEG CLINIC
WINNIPEG, MANITOBA, CANADA

The Winnipeg Clinic, a well-established multi-specialist group of 55 doctors, invites applications for positions in the Departments of Medicine, Psychiatry and Dermatology.

Applicants preferably should be in their early thirties, fully trained in their specialties, and eligible to write the examinations of the Royal College of Physicians of Canada.

The group practises in its own 12-storey building, in which consulting-rooms, nursing, and secretarial staff and complete laboratory and x-ray facilities are provided.

Metropolitan Winnipeg has a population of 500,000, and is the site of the University of Manitoba and its Faculty of Medicine.

Initial remuneration is by salary leading to full partnership in three years if mutually satisfactory. Full details regarding remuneration will be communicated to interested applicants. The Clinic has excellent pension, life insurance and disability insurance plans.

An interested applicant should send his curriculum vitae by airmail as soon as possible to Dr. B. E. Loadman, Medical Executive Officer, Winnipeg Clinic, Winnipeg 1, Manitoba.

Interviews will be arranged in the United Kingdom during July 1968.

VICTORIA HOSPITAL
London, Ontario, Canada

CHIEF

Department of Diagnostic Radiology. Applications are invited for the position of Chief of the Department of Radiology, Victoria Hospital, London, Ontario. This is one of the teaching hospitals of The University of Western Ontario and comprises about 1,000 beds of which approximately 168 are in the adjacent Children's Hospital. There is at present a staff of six certified radiologists and up to five residents-in-training. Approximately 56,000 examinations were carried out during 1967 including 10,000 special procedures. Among other specialties there are active neurosurgical and cardiac units.

Victoria Hospital is planning a centennial building which is expected to be completed by 1971. This will be primarily for the expansion of new and expanded services, i.e., operating rooms, laboratories and expanded department of diagnostic radiology. The new department will be fully equipped.

The successful applicant will receive a teaching appointment with the Department of Diagnostic Radiology of The University of Western Ontario which will entail teaching at the undergraduate and postgraduate levels. Research facilities are available.

Those interested should communicate with Dr. Hugh J. Bright, Medical Director, Victoria Hospital, London, Ontario, Canada, enclosing curriculum vitae and the names of three referees. All communications will be treated on a confidential basis. (H.7225)

VIETNAM

BRITISH PAEDIATRIC PROJECT

ANAESTHETIST

The British Paediatric Team in Saigon requires a replacement for the present Anaesthetist in August.

The appointment is for 12 to 18 months. Salary, according to qualifications and experience, would be related to that of the equivalent grade in the United Kingdom: free housing and generous tax-free overseas allowance. The allowance is currently payable at £880 per annum for a single person, £1,490 for a married man, not accompanied by his wife, £1,793 per annum for a married man accompanied by his wife. Free family passages and children's allowances for appointments over 12 months.

Candidates should be nationals of the United Kingdom or Republic of Ireland. They must possess medical qualifications and be able to meet all other requirements for full registration in the United Kingdom and should preferably have the F.F.A. R.C.S. or equivalent qualifications in paediatrics and some experience in paediatric anaesthetics.

For full details and application forms please write to the:

SAUNTON SANDS HOTEL

Braunton 11, N. Devon

Service in the
cause of medicine

Hoechst Pharmaceuticals Limited
Hoechst House Kew Bridge Brentford

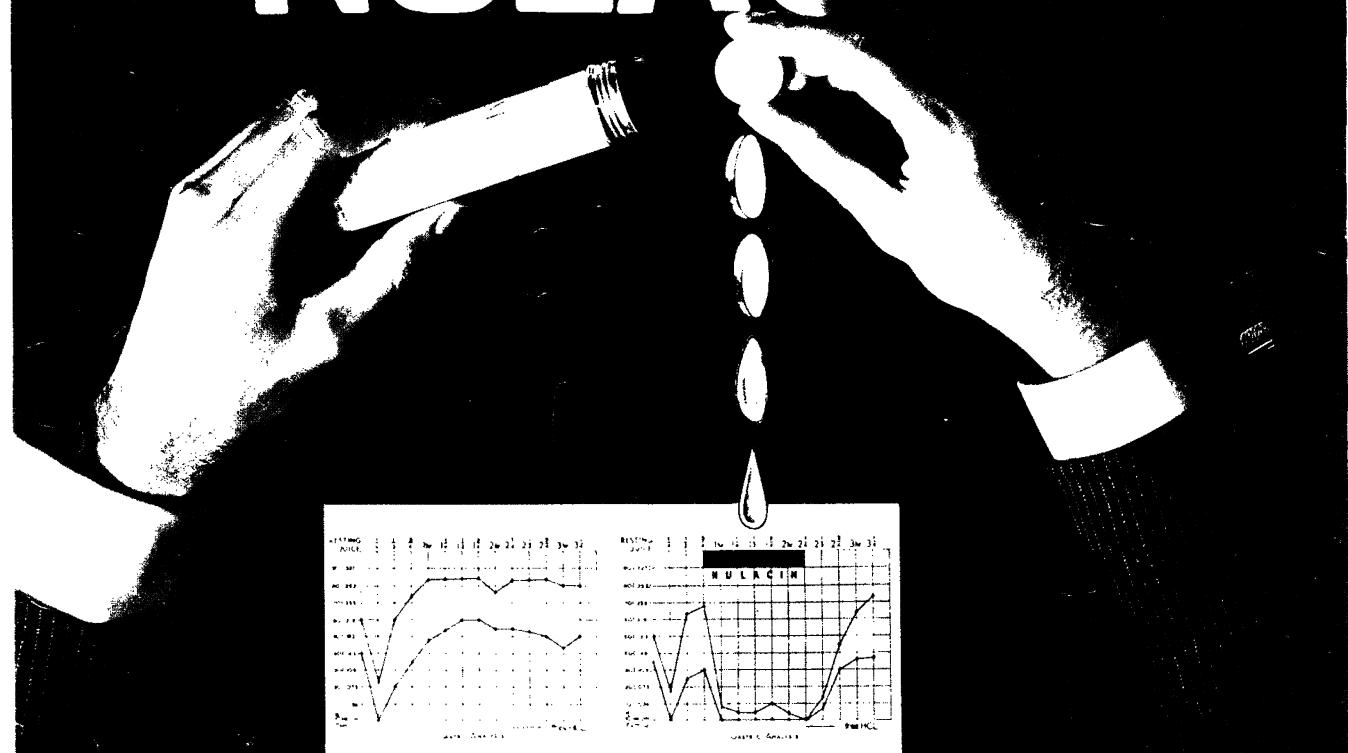

There is one short-acting diuretic
with an effect that can be
precisely regulated in routine use
Its name is

Lasix®

® Registered trade mark

Lasix tablets contain 40 mg frusemide.
Full information available on request.

SAFE SIMPLE EFFECTIVE NULACIN

EFFECTIVE, because Nulacin achieves *continuous* neutralisation of hyperacidity. As peptic ulcers arise and recur only in the presence of free acid, Nulacin not only relieves symptoms but is the ideal long-term medical treatment.

SIMPLE, because Nulacin is specially designed to dissolve slowly in the mouth and produce a continuous intragastric milk-alkali drip in the ambulant patient. One tablet provides up to 30 minutes' relief from excess acid.

SAFE, because clinical experience has shown that Nulacin produces no electrolyte disturbances and can be used in *all* patients with peptic ulcers.

NULACIN is a unique combination of whole milk protein and fats with dextrans, maltose and suitable antacids and provides *economical*, long-term medical treatment for peptic ulcer.

Further information is available from
Horlicks Pharmaceuticals Ltd., Winkfield, Windsor, Berks
