

In hypertension the patient will clearly benefit from a lower blood-pressure and certainly wants the reassurance of knowing that the condition is under control. But to the patient real success – the thing he or she values most – is the ability to lead a normal life, free from the oppressive feeling of being 'under par' which can

bedevil treatment with antihypertensives. Unlike some contemporary hypotensives, Declinax does not affect the storage of catecholamines: its action results from direct interference with the release of noradrenaline. There is no cumulative action, no depression, and less postural hypotension.

Declinax produces firm, smooth, flexible control in all grades of hypertension. Side-effects not directly related to the fall in blood-pressure – such as diarrhoea, nasal stuffiness, depression and muscle pains – are significantly less common than with other hypotensives.

DECLINAX*

major metabolic activity in obesity proved by British research...

Obese patients develop a block to muscle glucose uptake causing a diversion of ingested carbohydrate to adipose tissue.

Fenfluramine is the first drug to have been shown to correct this metabolic defect.

By restoring metabolic equilibrium

fenfluramine re-activates muscle glucose uptake and diverts the ingested carbohydrate away from adipose tissue. Thus weight loss is encouraged. It is probable that the known very effective, non-cns hunger regulation of Ponderax is mediated

through the metabolic action. Glycoliptic agents act to restore equilibrium where an imbalance exists between the tissues in glucose and/or lipid metabolism. Ponderax is the first such agent and marks a really significant advance in treating obesity.

...PONDERAX[®] FENFLURAMINE *is the first glycoliptic agent*

"...fenfluramine does in fact mimic the metabolic pattern seen in lean subjects who have greater muscle glucose uptake than fat persons."

Lancet, (1968) ii, 109

***Ponderax also very effectively
regulates hunger without stimulation***

Senokot restores natural rhythm to the constipated colon

Senokot, standardized senna, has earned a reputation for effectiveness and safety. Over 150 references in medical journals and text books testify to its value. Senokot is suitable for all ages and is useful in pregnancy and in geriatric cases. It is predictable in its action and, taken in the correct dosage, is free from griping. Acting specifically in the colon, it induces controlled peristaltic action and restores the normal defaecation reflex leading to re-education of the bowel.

From dispensing packs, the basic NHS cost of a teaspoonful of granules or two tablets is about a halfpenny; thus treatment with Senokot is very economical.

In addition to granules and tablets, there is now a syrup presentation – a highly acceptable form, specially suited to the needs of children and elderly patients.

Tablets: 50, 100 and 200. Granules (chocolate flavoured): 56 and 170 grammes. Syrup: 150 millilitre bottle.

The simplest,
safest and most
effective treatment
for intestinal
amoebiasis...

FURAMIDE

Furamide relieves the symptoms of amoebic-dysentery and other forms of intestinal amoebiasis within a few days, effecting a complete cure in ten days.

Furamide is particularly useful in the treatment of cyst-passers and is without doubt the drug of choice for mass treatment because of the absence of side-effects.

Furamide offers several distinct advantages over other forms of treatment:

- A cure rate of 80% or more in the acute condition and 90% to 100% in the chronic condition may be expected.
- The specific amoebicidal effect does not upset normal bacterial flora of the gut.
- Bed-rest is unnecessary unless the clinical condition of the patient warrants it.
- Hospitalisation is not normally necessary.
- No special dietary restrictions or enemas are necessary.
- The only side-effects which may occur are occasionally flatulence, which may normally be disregarded, and less frequently an urticarial rash may be observed.

A product of Boots research.

FURAMIDE 

Each tablet contains 0.5 G. of Diloxanide Furoate B.P. Packed in bottles of 15 and 250 tablets

Imperacin's taste makes therapy a pleasure!

'Imperacin'

For high quality, low cost,
broad spectrum antibiotic therapy
(for all your patients)

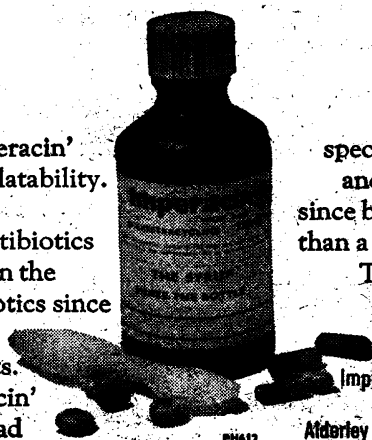

Taste—to make therapy a pleasure, 'Imperacin' syrup contains that extra ingredient—palatability.

Quality—the active ingredient, calcium di-oxytetracycline, is made at the ICI Antibiotics Plant at Manchester, where experience in the manufacture and formulation of antibiotics since 1941 ensures a high quality, British oxytetracycline, acceptable to all patients.

Low cost—The introduction of 'Imperacin' tablets and capsules cut the cost of broad

spectrum antibiotic prescribing by two-thirds—and further reductions of 25% and 10% have since been made. The basic N.H.S. cost is now less than a shilling a day with the tablets and capsules.

The syrup costs (60 ml.)—4/3—(100 ml.)—6/9.

Five pm and she still hasn't started

She still hasn't started because of depression. 'Aventyl' helps the emotionally disturbed patient with symptoms of depression to regain control. For the treatment of such depressive symptoms as loss of hope, irritability, and inability to cope, 'Aventyl' is particularly valuable providing antidepressant action with few troublesome side-effects. Patients are soon able to lead a normal, happy existence free from the overwhelming depressive mood spoiling their life.

'Aventyl'

'Aventyl' is the Lilly trade mark for nortriptyline hydrochloride

PATHOLOGY OF THE LUNG

(Excluding Pulmonary Tuberculosis)—Second Edition

H. S. SPENCER, *University of London*

"... an enormous amount of painstaking work by the author, to whom pathologists, chest physicians and chest surgeons will be greatly indebted." *Proceedings of the Royal Society of Medicine*. Since publication of this now established book, there have been advances in new techniques for examining lung structure and improved laboratory tests for assessing pulmonary function. This second edition is considerably expanded and updated. The text includes description of several new diseases, the action of new drugs and electron micrographs.

1120 pages £15

HUMAN AFFLICTIONS AND CHROMOSOMAL ABERRATIONS

R. TURPIN, *Hospital des Enfants Malades, Paris* and **J. LEJEUNE**, *Faculte de Medicine, Paris*

Deals with human disorders which have been shown to be due to chromosomal aberrations. All modern work which is developing rapidly with the advent of new techniques is covered and these findings have opened up a hitherto closed chapter in human pathology and have encouraged the development of a new branch of medicine.

Contents include: Normal Human Karyotype; Other Autosomal Anomalies Due to Excess or Deficiencies; Numerical Gonosomal Aberrations; Hermaphroditism and Pseudohermaphroditism; Chromosome Linked Biochemical Effects.

406 pages £8

PRE-NATAL DETERMINANTS OF BEHAVIOUR

J. M. JOFFE, *Department of Psychiatry, Stanford University Medical School, California*

Using as a basis extensive literature and his own original work, the author discusses methods of research on events in the maternal environment during gestation which affect the postnatal behaviour of offspring by altering the intrauterine environment of the foetus.

Partial contents: Maternal Influence; Prenatal Maternal Stress; Genotype-Environment Interaction.

368 pages £5.

ORAL DIAGNOSIS

W. R. TYLDESLEY, *Lecturer in Dental Surgery, University of Liverpool*

A convenient reference book for clinical dental students, fellowship students, practitioners and junior hospital staff—written to bring together all types of diagnostic techniques used to investigate clinical problems in dentistry.

Contents: Examination of the Patient; Laboratory Investigations; Biopsy and Bacteriology; Facial Pain; Lesions of the Teeth and Periapical Tissues; Lesions of the Oral Mucosa and Peridontium; Lesions of Bone; The Temporomandibular Joint; Common Facial Swellings.

172 pages 60s.

RORSCHACH WITH CHILDREN

A comparative study of the contribution by the Rorschach and other Projective Techniques to Clinical Diagnosis in Work with children

JESSIE FRANCIS-WILLIAMS, *Research Psychologist, Newcomen Centre for Handicapped Children*

PARTIAL CONTENTS Theory of Projection; Children's Rorschach—Scoring Symbols and modifications in administration of the test with Children; Differential Diagnosis—some diagnostic indicators; Problems of diagnosis illustrated by Children's Rorschach Records; A Serial Study of an institutionalized child, showing the comparative contribution to Rorschach findings of the other projective techniques—the Children's Apperception Test and the Family Relations Test; Use of Rorschach in a follow-up study through school life of a boy who had a severe schizophrenic breakdown at five years; Growing into Adolescence and Conclusions.

No. 1 in a series

What is a *Nacton forte* condition^{regd.}

A *Nacton forte* condition is a set of symptoms that lead you to suspect a peptic ulcer.

Your patient has chronic epigastric pain.

He's smoking too much and his meals are irregular.

He has dyspepsia associated with food.

He worries.

You'll keep trying to get him to stop smoking and to eat more sensibly,
before referring him to hospital for radiological examination.

Meanwhile his pain continues.

That's a *Nacton forte* condition

Nacton forte stops this kind of pain at source. It allows your patient to lead a normal life—enjoying a normal diet, normal sleep, and a normal working day. And if the patient does have a peptic ulcer, *Nacton forte* will both ease the symptoms and ensure a healing environment.

One small tablet taken 3 times a day and at bedtime:

- * Controls pain
- * Permits a more liberal diet
- * Eliminates routine need for antacids
- * Leaves the electrolyte balance of the body undisturbed

- * *Nacton forte*—a new presentation from Bencard—provides the most convenient effective dose of poldine methylsulphate B.P. (4 mg) in a single tablet form
- * Will not induce side-effects in most cases
- * Daily cost of treatment 9½d. (Basic NHS cost 20/- per 100 tablets)

This is just one of the *Nacton forte* conditions. Others are outlined on the following pages.

Seven years' continuous therapy has shown no toxic effects on bone-marrow, liver or kidneys: nor have patients developed tolerance to the dosage used. Overdosage may induce characteristic atropine-like side-effects: close supervision is therefore recommended in the early stage of treatment with patients in whom tachycardia, difficulty in micturition or increase in ocular tension would present particular problems. Not intended for administration to children.

No. 2 in a series

What is a *Nacton forte* condition^{regd.}

A *Nacton forte* condition presents all the clinical signs of peptic ulcer – although ulceration may not be demonstrable by radiological examination.

Epigastric pain, dyspepsia associated with meals.

Interrupted sleep.

Worry.

Antacids provide only transient relief.

The patient leads a life of tension – still smokes too much – doesn't eat properly.

You're probably seeing a lot of him.

Meanwhile his pain continues.

That's a *Nacton forte* condition

Nacton forte stops this kind of pain at source. Whether your patient really has an ulcer or just has all the unpleasant and inhibiting symptoms, it allows him to lead a normal life – enjoying a normal diet, normal sleep, and a normal working day. *Nacton forte* both eases symptoms and ensures a healing environment.

One small tablet taken 3 times a day and at bedtime:

- * Controls pain
- * Permits a more liberal diet
- * Eliminates routine need for antacids
- * Leaves the electrolyte balance of the body undisturbed

- * *Nacton forte* – a new presentation from Bencard – provides the most convenient effective dose of poldine methysulphate B.P. (4 mg.) in a single tablet form
- * Will not induce side-effects in most cases
- * Daily cost of treatment 9½d. (Basic NHS cost 20/- per 100 tablets).

What is a *Nacton forte* condition

regd.

A *Nacton forte* condition can start after a peptic ulcer has apparently healed.

The patient had an ulcer some time ago.
Now he's back with all the old symptoms.

Epigastric pain.

Dyspepsia associated with food.

He thinks it's his ulcer again.

And he's beginning to think that the pain is a life sentence.

That's a *Nacton forte* condition

Nacton forte stops peptic ulcer pain at source. It allows your patient to lead a normal life—enjoying a normal diet, normal sleep, and a normal working day. If ulceration has recurred, *Nacton forte* will both ease the symptoms and create the healing environment most likely to ensure continued remission.

One small tablet taken 3 times a day and at bedtime:

- * Controls pain
- * Permits a more liberal diet
- * Eliminates routine need for antacids
- * Leaves the electrolyte balance of the body undisturbed

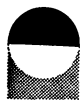

* *Nacton forte*—a new presentation from Bencard—provides the most convenient effective dose of poldine methylsulphate B.P. (4 mg.) in a single tablet form

* Will not induce side-effects in most cases

* Daily cost of treatment 9½d. (Basic NHS cost 20/- per 100 tablets).

This is just one of the *Nacton forte* conditions. Others are outlined on the preceding pages and your Bencard representative will be pleased to discuss all the major indications with you.

Seven years' continuous therapy has shown no toxic effects on bone-marrow, liver or kidneys: nor have patients developed tolerance to the dosage used. Overdosage may induce characteristic atropine-like side-effects: close supervision is therefore recommended in the early stage of treatment with patients in whom tachycardia, difficulty in micturition or increase in ocular tension would present particular problems. 100 ml.

This development reflects current medical thinking that, for maximum benefit, a course of antibiotic therapy should be of *at least* five days' duration. The new 100 ml. pack makes prescribing simpler and more economical.

At a children's dosage of one 5 ml. spoonful q.i.d., one bottle provides five days' acceptable treatment. Broxil Syrup is acceptable to all classes of patients – the young, the old, the difficult and those with sore throats. The pleasant taste also encourages your prescribed course to be completed – allowing maximum effectiveness.

Also in the familiar 60 ml. size.

Full information is available on request.

DQV-K offers high blood levels and the rapid action that doctors demand...

...their patients just like the flavour

'Distaquaine' V-K Syrup is a presentation of penicillin V potassium—the stable, rapidly-acting bactericidal antibiotic that gives higher blood levels than benzylpenicillin (approximately double for an equivalent oral dose)^{1,2}. It is consistent in its action and is manufactured by a company whose reputation is founded on penicillin expertise. These are all important factors, but the touches of finesse are important too: the pleasant fruity taste that coaxes patients to take the full course of medicine; the 125 mg or 250 mg per 5 ml strength for selective prescribing; and the 5 days treatment afforded by the 100 ml pack.

New product

Anugesic-HC

for haemorrhoids

sense—not sensitivity

Anugesic-HC is a sensible new formula for the treatment of haemorrhoids. It contains a steroid and a local analgesic together with well-established astringent and emollient agents. The analgesic in Anugesic-HC is pramoxine hydrochloride. Unlike other local analgesics, sensitivity is not a problem with this compound. Thus Anugesic-HC offers broadly-based relief of symptoms without the hazard of sensitization.

Anugesic-HC the formula
that makes good sense

Suppositories each containing pramoxine hydrochloride 27 mg., hydrocortisone acetate micronised 5 mg., with astringent and emollient agents. Boxes of 12. *Non-greasy Cream* containing, per 100 G., pramoxine hydrochloride 1 G., hydrocortisone acetate micronised 0.5 G., with astringent and emollient agents. Tubes of 15 G. introducing medihaler duo

**for prolonged action
rapid relief
insignificant cardiovascular effect...**

With *Medihaler-duo*, Riker makes a further notable contribution to bronchodilator therapy. *Medihaler-duo* enables the physician to make a more positive approach to reversal of airway obstruction in bronchial asthma and chronic bronchitis.

Medihaler-duo takes advantage of the finding that the bronchodilator effect of isoprenaline can be significantly enhanced by the action of phenylephrine. As a result, it is possible to obtain a greater response to treatment than would be experienced from comparable doses of isoprenaline administered alone. Moreover, this enhanced bronchodilator effect is achieved without significant change in pulse rate or blood pressure at recommended dosage. These results have been confirmed in clinical trials^{1,2,3,4,5,6,7}. With *Medihaler-duo*, relief is immediate in onset and often prolonged for three or more hours. Effect on the cardiovascular system has been found to be insignificant even in patients with uncomplicated hypertension.

...in bronchial asthma and chronic bronchitis

Composition *Medihaler-duo* contains a suspension of isoprenaline hydrochloride 8 mg./ml., phenylephrine bitartrate 12 mg./ml. and delivers to the patient a measured dose containing 0.16 mg. isoprenaline hydrochloride and 0.24 mg. phenylephrine bitartrate.

Contra-indications There are no absolute contra-indications, but *Medihaler-duo* should be used with caution in the presence of cardiac disease, hypertension or hyperthyroidism.

Side-effects Overdosage may cause dry mouth, palpitations, or nervousness.

Dosage Each puff from *Medihaler-duo* delivers a measured dose. One to three puffs should be sufficient to provide relief in most cases. It should not be necessary for the patient to take further treatment for at least thirty minutes, or more than eight treatments a day.

Children *Medihaler-duo* should be administered to children only under the supervision of a responsible adult.

Basic NHS price Standard pack (complete 400-dose unit) 17/- plus Purchase Tax.

Seborrhoeic dermatitis of the scalp completely controlled in 81.1% of cases*

Seborrhoeic dermatitis of the scalp often proves difficult to control. Conventional shampoos frequently fail to improve the condition. It may have important clinical associations such as acne, otitis externa, blepharitis and seborrhoeic dermatitis of the face and body. For many people seborrhoeic dermatitis of the scalp and dandruff are demoralising and a source of embarrassment. The effective way of controlling your patients' seborrhoeic dermatitis and dandruff, is by prescribing SELSUN. When success in clearing the condition boosts your patients' ego, so much the better.

When migraine threatens

CAFERGOT suppositories act swiftly - and surely

"Ergotamine suppositories are second only to the injections in therapeutic effectiveness because the rate of absorption of ergotamine from the rectum is relatively constant."

Cafergot Suppositories abort the migraine attack in over 80% of cases. They are the most consistently reliable ergotamine dosage form which the patient can administer.

Cafergot Suppositories are of special value when the headache is associated with nausea and vomiting, or when the patient awakens with an attack.

Each Cafergot Suppository contains Ergotamine Tartrate B.P. 2 mg., Caffeine B.P. 100 mg., total alkaloids of belladonna leaf 0.25 mg. and isobutylallyl barbituric acid 100 mg. In boxes of 6 and 30.

We asked you,* the G.P...

"When you select an antihypertensive agent what essential features are you looking for?" and you replied

"It must work... and go on working"

Up to 90% of patients respond to Ismelin. Steady, continuous effectiveness gives reliable long-term control

"Dosage should be simple and easily regulated"

Control with Ismelin is often adequate on just 2 tablets daily. Dosage is flexible, adjustment simple

"It should be free from hidden effects and it should be reasonable in price"

Ismelin® meets your standards

guanethidine sulphate BP

Dosage

Initial dosage—two 10mg tablets daily. Frequent adjustment is unnecessary during stabilisation; depending on individual assessment, intervals between consultations may be up to one month. Should 20mg daily prove insufficient, increase daily dosage by one 10mg tablet. As the action of Ismelin is gradual and prolonged, allow at least one week before any increase, to observe full effect. The majority of patients will be symptom-free and adequately controlled on 40mg daily or less.

Prescribing notes

Ismelin is contra-indicated in the presence of pheochromocytoma. Side effects attributable to postural hypotension normally reflect overdosage. Patients should be advised to avoid sudden changes of posture, or violent exertion, and if morning faintness on rising persists, to reduce the daily dosage by one 10mg tablet until the next consultation. If diarrhoea is troublesome, reduce or divide dose, or add $\frac{1}{2}$ gr. codeine phosphate t.d.s. Failure of ejaculation

has been reported and, rarely, exertional dyspnoea, nasal congestion, shivering, muscle weakness, paraesthesiae (due to latent cerebral arterial insufficiency), aggravation of intermittent claudication, and exacerbation of peptic ulcer. In heart failure, any tendency to fluid retention may be increased. As with any antihypertensive, prescribe cautiously for patients with renal failure and urea retention. Allowance should be made for the antagonistic pressor action of some antidepressants (MAOI), appetite suppressants and stimulants of the amphetamine class if administered concurrently.

10 and 25mg tablets guanethidine sulphate BP, in 100's and 500's. Basic NHS price 100 x 10mg: 27s. 8d. Also ampoules for i.m. injection 10mg in 1ml. Basic NHS price 6 amps: 17s. 4d.

**Non modo plus Alphosyl psoriasis curiae
praescribitur quam quidquid aliud medicamentum...**

Sed ecce Alphosyl capillare!

It's a fact. Alphosyl is the most widely prescribed product used specifically for the treatment of psoriasis.

Alphosyl Lotion. Alphosyl Cream. Alphosyl Shampoo.

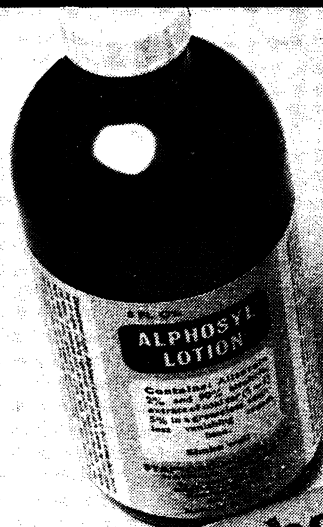

The Cream and the Shampoo are recent additions. Alphosyl Cream is particularly effective in the

intertriginous areas. Even in the most resistant cases.

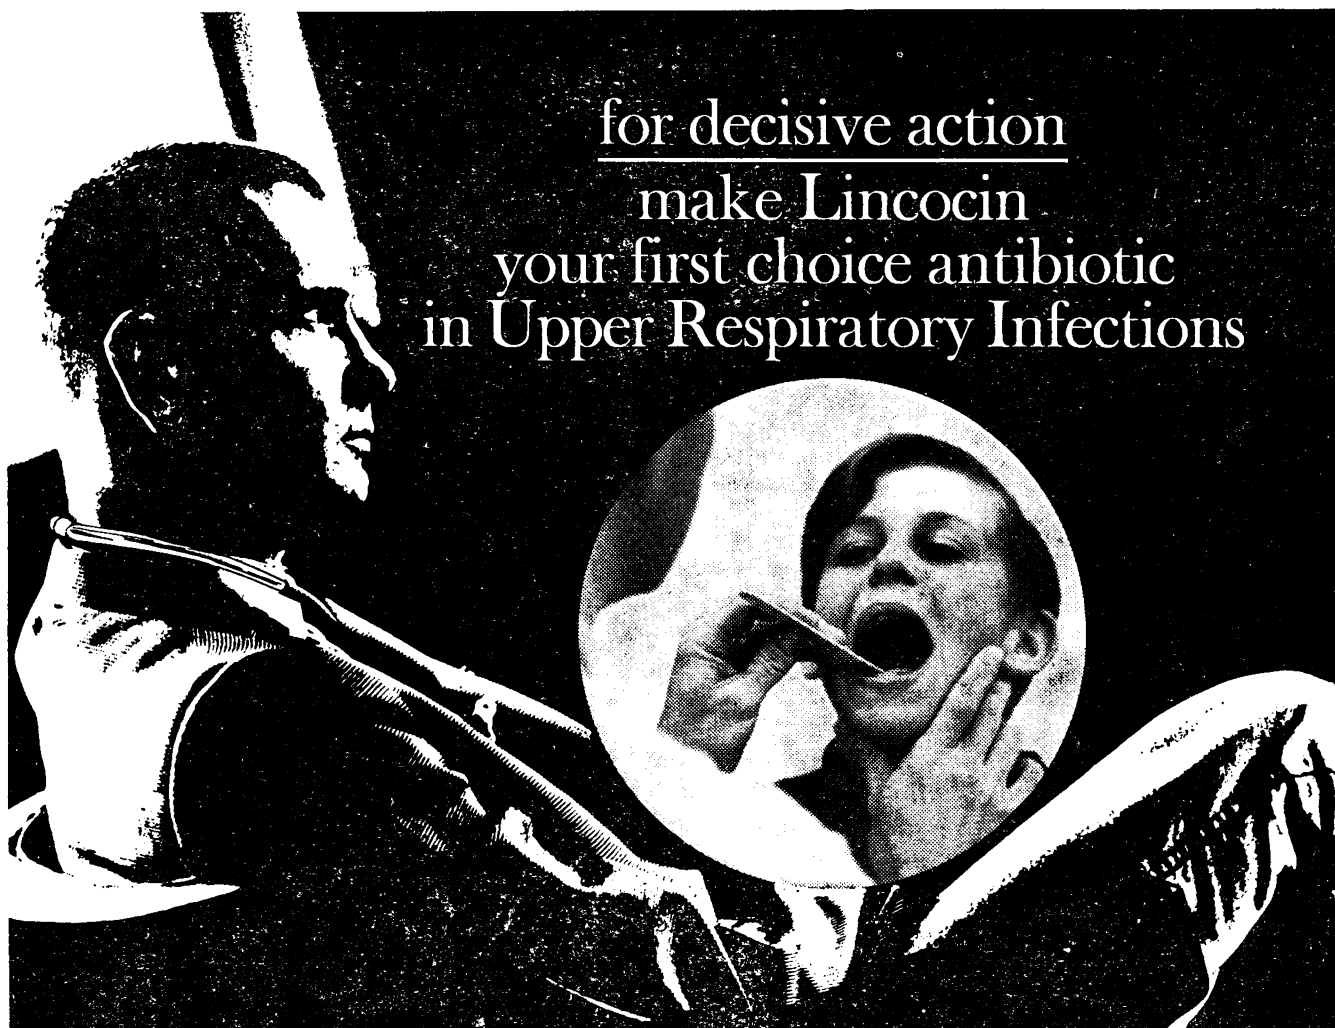

The Shampoo removes scales from the scalp preparing the head for treatment with the Lotion.

Alphosyl Therapy (Lotion, Cream and Shampoo) can be adjusted to suit the patient's individual needs ... or preferences.

Psoriasis R Alphosyl

Alphosyl is available as a 5% refined alcoholic extract of coal tar and allantoin (2%) in a Cream and Lotion. Alphosyl Shampoo is a unique combination of coal tar extract (5%) and hexachlorophene (1%).

for decisive action
make Lincocin
your first choice antibiotic
in Upper Respiratory Infections

The decision to make Lincocin your antibiotic of first choice in upper respiratory infections assures you the advantage of prompt and sustained antibacterial action against Gram-positive invaders – the pathogens most frequently involved in tonsillitis, pharyngitis, otitis media and sinusitis. Thorough penetration into soft tissue and bone means effective antibiotic action at the site of infection. Lincocin is not affected by penicillinase; it may also be given to patients allergic to penicillin. For these reasons Lincocin is more likely to produce permanent resolution of the condition.

Numerous clinical reports have shown that Lincocin controls the majority of commonly encountered upper respiratory infections: 94% success in sinusitis;⁸ 85% success in tonsillitis, pharyngitis and scarlet fever;^{3,4-9} 85% success in otitis media.^{1,2,10} Upper Respiratory Infections call for a decisive antibiotic – decide on Lincocin.

Lincocin Capsules: Each capsule contains 500 mg. lincomycin (as lincomycin hydrochloride monohydrate), in bottles of 12 and 100.

Lincocin Sterile Solution: Ampoules (2 ml.) 600 mg. Each 2 ml. ampoule contains 600 mg. lincomycin (as lincomycin hydrochloride monohydrate).

Lincocin Syrup 250: Each 5 ml. contains 250 mg. lincomycin (as lincomycin hydrochloride monohydrate), in bottles of 60 ml.

Lincocin

An aid to oral hygiene

Maintenance of oral hygiene during the post-operative period, especially among geriatric patients, is obviously essential. But at the same time this can prove to be somewhat time-consuming for the nursing staff.

However, recent experience in a London hospital has shown that the patient can help to provide his own nursing care, with the minimum of effort.

This experience covers patients who are fed intravenously and post-operative cases who find normal eating and drinking difficult. These patients often exhibit signs of mouth infection very quickly, and treatment for this can often cause considerable discomfort.

A more pleasant treatment is possible in many cases, for it has been found that giving the patient chewing gum promotes salivary gland activity. Patients are encouraged to chew gum at two-hourly periods, and this treatment frequently allays the symptoms and produces a considerable improvement in the condition of the tongue and mucosa. Quite striking results have been noted after carrying out this treatment for a 24-hour period.

THE WRIGLEY COMPANY LIMITED
WEMBLEY, MIDDLESEX

Manufacturers of pure chewing gum

Are doctors immortal?

Some patients seem to think that doctors never die. Or become ill. Or have accidents.

But as a doctor you know that your chances of falling sick, or breaking a leg tomorrow are the same as everyone else's. And the effect on your life and family is much graver.

Your practice, for instance, must be kept going. So your income plunges overnight. And your life becomes stifled by financial worries: how to keep your family, meet school fees, pay the mortgage. To a sick man worry is a poisonous enemy.

That's why it's so wise to insure against sickness or early death. Wiser still to insure with the company run exclusively for doctors and dentists: the Medical Sickness Society.

You know that one day you may need this insurance. So write today. Together we'll find the policy which will work hardest for you.

Do it now.

Medical Sickness Society

Release the arthritic patient with BRUFEN

The arthritic patient is imprisoned by the pain and disability of his condition – as well as by limitations of the drugs used in its treatment. Brufen is an antirheumatic agent designed to bring the arthritic patient a new measure of freedom from these constraints. Pain and stiffness are relieved, joint size reduced, pressure tolerance increased, grip strength improved and the range of pain-free movement extended. In achieving these benefits Brufen appears to be singularly free from serious side-effects. Brufen (ibuprofen) is a non-steroidal compound which exhibits the high level of anti-inflammatory, analgesic and antipyretic activity necessary for effective treatment of rheumatoid arthritis, osteo-arthritis and allied conditions. At the same time Brufen is so well tolerated that it may be taken on waking to relieve morning stiffness. Brufen is an achievement of British research. Supplied as tablets of 200 mg. ibuprofen.

BRUFEN

(ibuprofen)

new freedom for the arthritic

Boots Pure Drug Co. Ltd., Nottingham

ANTIBIOTICS AND THE INTESTINAL FLORA

Treatment with broad spectrum antibiotics suppresses the normal flora, which may be replaced by abnormal resistant organisms causing diarrhoea.

This change can be prevented or reversed by the implantation of *Lactobacillus acidophilus* which has been rendered antibiotic-resistant, and is thus able to multiply freely under these abnormal conditions. The products of growth of the organism are inimical to that of many other bacteria^{1, 2} and thus contribute to its rapid preponderance over other species.

Oral treatment with antibiotic-resistant *L. acidophilus* in the form of ENPAC has been shown to eliminate *Candida* from the faeces of infants with antibiotic-induced diarrhoea, with relief of symptoms succeeded by rapid gain in weight^{3, 4} and greatly to reduce the numbers of staphylococci in the faeces of patients treated with tetracyclines.⁵

GUANIMYCIN Trade Mark effectively controls acute bacterial diarrhoea in 24 hours

Guanimycin is a rational combination of two ideal antibacterials: streptomycin and sulphaguanidine, plus kaolin.

Guanimycin provides effective control in 24 hours of most acute diarrhoeas of bacterial origin, including acute gastro-enteritis, Sonne dysentery and sal-

monella food poisoning. The combination of two antibacterials minimizes the risk of resistant strains. Guanimycin is available in bottles to prepare 120 ml of suspension. Each 30 ml (three 10 ml doses) contains: 0.25 g streptomycin sulphate BP, 2 g sulphaguanidine BPC, 2 g light kaolin BP.

Detailed information is available on request.

PRACTICES

(Executive Councils)

For vacancies (except those in Scotland) apply on Form E.C.16A, obtainable from the Executive Council. Mark envelopes "Vacancy."

BIRMINGHAM-HARBORNE MUNICIPAL WARD (EDGBASTON) PARLIAMENTARY DIVISION

Applications are invited for a vacancy in medical practices due to the death of one partner and the resignation of the remaining partner.

The practice, which is old established, is situated in the south-western part of the city and extends into the Warley and Worcester-shire areas.

Harborne is a pleasant residential area and has been classified as "open" by the Medical Practice Committee.

The combined lists total 5,800 approximately. The present accommodation will not be available but exploratory discussions are taking place with Birmingham Corporation with a view, if possible, to surgery accommodation being made available at local clinic premises.

Application forms (E.C.16A), and further details may be obtained from the undersigned. The closing date for the receipt of completed applications is March 24, 1969.—K. F. G. Day, Clerk, Birmingham Executive Council, Sutton New Road, Edgbaston, Birmingham 23 (Telephone 021-373 2651). (H.7181)

EXECUTIVE COUNCIL FOR SOMERSET ILCHESTER, SOMERSET

Applications are invited for a medical practice vacancy in Ilchester, nr. Yeovil, Somerset, due to resignation.

List approximately 2,660, all prescribing. Surgery accommodation situated apart from residence, both available for purchase.

Form E.C.16A and further details from the Clerk, Somerset Executive Council, 21 Montpelier, Weston-super-Mare. Applications to be received not later than March 27, 1969. (H.7232)

GREATER LONDON BOROUGH OF REDBRIDGE ILLFORD

Applications are invited for a medical practice vacancy in the above area (classified as "Designated") arising from resignation of practitioner.

Total number on list—3,100 approximately. Surgery and residential accommodation available for purchase.

Form E.C.16A and further details obtainable from The Clerk, North-East London Executive Council, Ilford Lane Chambers, Ilford Lane, Ilford, Essex.

Applications to be received not later than March 31, 1969. (H.7278)

HEREFORDSHIRE EXECUTIVE COUNCIL WOEBOLEY, HEREFORDSHIRE

Applications are invited for a medical practice vacancy at Woeboley, Herefordshire ("restricted" area). Rural dispensing practice. List at present approximately 1,093. No accommodation available. Further details and forms E.C.16A (which should be returned to the undersigned by not later than first post on Monday, March 24, 1969) may be obtained from John P. Williams, Clerk of the Council, 24 St. James Road, Hereford. (H.7269)

SWINDON, WILTSHIRE MILTON ROAD HEALTH CENTRE

Applications are invited for vacancy due to retirement on June 30, 1969. List at January 1, 1969—2,517 "open" area. An opportunity may be afforded to successor to enter into group practice arrangements.

Further information available from the Clerk of Wiltshire Executive Council, Red Gables, Hilperton Road, Trowbridge, Wiltshire. (Tel. 0221-42561). Closing date for return of application forms E.C.16A, April 8, 1969. (H.7315)

CLASSIFIED ADVERTISING

EASTER PRESS DATES

All classified advertisements should reach this office by 12 noon on Fri., Mar. 21 for Mar. 29 issue; Thurs., Mar. 27 for April 5 issue; Wed., April 2 for April 12 issue.

Copy for semi-display advertisements will be required 24 hours earlier than the above classified closing dates.

Cancellations and/or corrections for these issues cannot be effected if received after 12 noon on March 21, 28, and April 3 respectively.

GENERAL PRACTICE

NATIONAL HEALTH SERVICE

Isle of Man Health Services Board

Applications are invited from medical practitioners wishing to undertake general medical services in Laxey and district in the Isle of Man. Registered number on list at the latest count was 1,937. House and surgery available for purchase. Application forms and further particulars may be obtained from the undersigned, to whom completed forms should be returned not later than April 14, 1969.—A. S. Angood, Clerk, Medical and Dental Services Committee, 3 Harris Terrace, Douglas, Isle of Man. (Telephone: Douglas (Isle of Man) 3303). (H.7330)

PRACTICES (Offered)

DUBLIN CITY — MEDICAL PRACTICE for sale.—Box PR.393, B.M.J.

UNIQUE OFFER ADJACENT DUBLIN long established lucrative contract and general practice, together with spacious detached residence cum surgery on one-third acre (retiring). Inclusive price £14,500.—Box PR.1094, B.M.J.

Cowie, M.A., LL.B., J.P., Secretary of the University. (16299)

**UNIVERSITY OF BIRMINGHAM
Faculty Medicine and Dentistry**

Applications are invited for a post of **LECTURER IN SURGERY (Clinical)** with duties in the surgical professional unit of the Queen Elizabeth Hospital (Note this post is additional to the similar post recently advertised).

Salary according to qualification and experience in the range of £1,470 to £2,015; £2,150 to £3,055, with advancements in exceptional cases to £3,400 (subject to review). The successful candidate will be recommended for an award of honorary contract of service with the teaching hospital.

Applications (9 copies), naming three referees, should be sent by March 28, 1969, to the Assistant Registrar, Medical School, Birmingham 15. (16431)

APPLICANTS ARE ADVISED NOT TO send original testimonials when replying to advertisements. Copies will serve the purpose quite as well, and in the event of their being lost or mislaid no inconvenience will ensue.

**UNIVERSITY OF LONDON
KING'S COLLEGE
Department of Anatomy**

Applications are invited from suitably qualified candidates for the post of **LECTURER IN ANATOMY**.

The successful candidate will be expected to engage in research preferably in the field of neuroendocrinology and will also be required to teach in a course of histology and cell-biology. A medical qualification is not essential for the post.

Salary scale: £1,895 to £2,630 plus £60 London allowance and F.S.S.U. benefits. These rates are currently under review.

Conditions of appointment and application forms may be obtained from the Registrar, King's College London, Strand, W.C.2, and completed forms must reach him by March 31, 1969. (16181)

UNIVERSITY OF EDINBURGH**DEPARTMENT OF MEDICINE
WESTERN GENERAL HOSPITAL**

Applications are invited for the post of **LECTURER IN HAEMATOLOGY**. Candidates should be members of the College of Physicians or the College of Pathologists, or should have equivalent experience in clinical or laboratory haematology.

Salary scale:—£1,470–£2,995 per annum, together with F.S.S.U. benefits. (Placement will be according to qualifications and experience.)

The successful candidate will be expected to participate in clinical and laboratory work, in teaching and in research in haematology and blood transfusion.

Further particulars may be obtained from the Secretary to the University, Old College, South Bridge, Edinburgh 8, with whom applications (six copies), giving the names of two referees, should be lodged not later than April 7, 1969. Please quote reference 1025/50. (16336)

**UNIVERSITY OF NOTTINGHAM
Medical School
Department of Pathology**

Applications are invited for the post of **LECTURER**

in the department of pathology which is now established in the medical school. The first intake of medical students will be in October 1970. The clinical activities of the department are at present practised at the Nottingham City Hospital and the Nottingham General Hospital.

The successful candidate, who should have an active interest in experimental work and experience in some branch of routine service pathology, will be expected to take up his duties at a mutually convenient time but this should be as near as possible to July 1, 1969.

Salary will be within the scale for clinical lecturers ranging from £2,015 to £2,995 with an extension for staff with patient responsibility, and with membership of F.S.S.U. Starting point will be according to age and experience.

Further particulars and a form of application may be obtained from the Assistant Registrar, Medical School, to whom application forms should be returned by April 1, 1969. (16276)

**UNIVERSITY OF SOUTHAMPTON
MEDICAL SCHOOL**

Applications are invited from registered medical practitioners for the following four Foundation Chairs; the successful candidates will play a crucial role in the formative stage of the development of the new Medical School:

Clinical Science

Medicine · Surgery · Human Reproduction and Obstetrics

Pre-Clinical Science

Human Morphology (or a related field)

Applicants for the Chairs of Medicine and Surgery should show distinction in a special field of clinical work and be able to take part in collaborative teaching with appropriate pre-clinical disciplines such as biochemistry, human morphology, pharmacology and physiology.

Applicants for the Chair of Human Reproduction and Obstetrics should show distinction in clinical obstetrics and gynaecology and also have the necessary experience to take part in the teaching of the applied physiology of human reproduction.

Applicants for the Chair of Human Morphology should show distinction in one of the morphological sciences. The Professor will organise and direct the teaching of human anatomy.

Salaries within the following ranges as appropriate:

Clinical £4,400–£4,885 (under review)

Non-Clinical £4,400–£4,990 (under review)

Further particulars for each of the above Chairs may be obtained from the Secretary and Registrar (quoting Ref.: J.M.B.), The University, Southampton SO9 5NH, to whom applications (18 copies from applicants in the U.K.) should be sent before April 14, 1969. (16387)

**ROYAL COLLEGE OF GENERAL PRACTITIONERS
RESEARCH FELLOW**

There is a vacancy in the first study practice attached to the General Practice Research Unit of the R.C.G.P.

The practice is in a pleasant suburb of Birmingham adjacent to the Medical School and Teaching Hospital.

The successful applicant would become an assistant in the study practice and would have an association with the University of Birmingham.

The field of work would include the implementation and further development of a linked domiciliary and hospital record system as a basis for clinical, epidemiological, and operational studies. The applicant would also be concerned in the development of teaching methods in general practice. The work could provide opportunities for a thesis for a higher degree of the candidate's university.

The appointment is for three years initially at a gross salary of £3,250 per annum.

Applications to:—Dr. D. L. Crombie,
Director,
General Practice Research Unit,
Arthur Thompson House,

**UNIVERSITY OF SURREY
Department of Mechanical Engineering
POSTGRADUATE COURSE IN
BIOMECHANICS**

Applications are invited for a one-year course in biomechanics commencing in October, 1969.

The course, which leads to the degree of M.Sc. by examination, is intended for graduates in engineering or physical sciences on the one hand and graduates in medicine or biological sciences on the other.

The branch of the course for graduates in the engineering and physical sciences aims to fit them for research and development work in the medical field and to introduce them to the physiological problems which they can help to solve.

The branch of the course for graduates in medicine or biological sciences aims to introduce them to the mathematical and engineering methods and techniques which are applicable to medical and physiological practice and research.

Studies on the clinical aspects of biomechanics are provided by King's College Hospital and by visiting lecturers from other medical establishments. The course is supported by an active research group with special interest in problems related to internal and external postures, physical properties of tissues, perfusion techniques, blood flow measurement and low temperature medicine. Medical Research Council grants are available to medically qualified applicants and the Science Research Council has accepted the course as suitable for the tenure of its Advanced Course Studentships.

Requests for further particulars and application forms should be sent to Professor J. M. Zarek, Head of the Mechanical Engineering Department, University of Surrey, Stag Hill, Guildford, Surrey. (16112)

DAY RELEASE COURSE FOR
THE FINAL F.F.A.
EXAMINATION

A course for the final F.F.A. examination will be held on Mondays from 10 a.m. to 4.30 p.m. from March 31 to June 30. Applicants who wish to attend should obtain permission from their employing authority.

The fee for the course will be fifteen guineas and this, together with travelling expenses, will be reimbursed by the regional board or other appropriate authority.

Application forms and further details may be obtained from the Postgraduate Secretary, Frenchay Hospital, Bristol BS16 1LE. (16279)

UNIVERSITY OF GLASGOW

DIPLOMA IN PUBLIC HEALTH

The University of Glasgow conducts a full-time course for the D.P.H. The course begins in October and extends through three academic terms. The curriculum has been extensively re-organized within the regulations laid down by the General Medical Council. Formal teaching covers the following principal subjects: epidemiological methodology, statistics, microbiology and communicable diseases, applied sociology, the organization of community and personal health care, and modern management practice and administration. Much additional teaching takes the form of seminars and topic discussions. All members of the class are expected to engage in a field study which involves epidemiological and statistical methods. Admission to the course is limited and only after interview.

Forms of application for admission to the course may be obtained from the Dean, Medical Faculty Office, the University, Glasgow W.2. (16268)

MEETINGS

A MEETING WILL BE HELD IN THE Wolfson 2 Lecture Theatre at the R.P.M.S. Hammersmith Hospital, W.12, on April 14, 1969, at 2 p.m., under the Chairmanship of Professor G. A. D. Haslewood. Biochemical and clinical aspects of bile salt metabolism will be discussed. All interested in this subject invited to attend. (16289)

THE UNITED LIVERPOOL HOSPITALS
Liverpool Regional Hospital Board
The University of Liverpool

Applications are invited for a maximum part-time appointment as

CONSULTANT ALLERGIST AND
IMMUNOLOGIST

linked with a post of
RESEARCH FELLOW

The consultant sessions will be three in The United Liverpool Hospitals and six with the Liverpool Regional Hospital Board. The post of Research Fellow, for which the remuneration will be £630 in the first year, with subsequent increments, will be in the Nuffield Unit of Medical Genetics, Department of Medicine, the University of Liverpool, and research facilities will be available in that unit, and possibly also in other departments of the University.

Applications giving age, qualifications, full details of present and previous appointments, and the names of three persons to whom reference may be made, should reach the Secretary, The United Liverpool Hospitals, 80 Rodney Street, Liverpool L1 9AP, by April 2, 1969. Canvassing will disqualify. (H.7299)

IMPORTANT. Applicants should read the revised NOTICE at the top of page xxxiii

COMMERCIAL APPOINTMENTS

Glaxo Group

Head of
Immunological Division

Evans Medical Limited is seeking a highly qualified Immunologist to be head of its division responsible for research into, and manufacture of, the human and veterinary vaccines marketed by the Glaxo Group. The Immunological Products Division will have new buildings at its disposal at Speke, Liverpool.

The head of the division will be expected to keep abreast of modern trends in this field at home and abroad. He should hold senior qualifications and preferably have experience of medical virology. Experience of vaccine production would be an advantage. Salary to be negotiated but not less than £5,500.

Applications quoting reference AM.34 should be addressed to the Personnel Manager, Evans Medical Limited, Speke, Liverpool. L24 9JD.

INDUSTRIAL APPOINTMENTS

Attention is drawn to the British Medical Association's statement of policy on the Remuneration of Industrial Medical Officers as approved by the Representative Body, which is available on request from the Secretary.

Assistant
Regional
Medical Adviser

Applications are invited from registered medical practitioners for the post of Assistant Regional Medical Adviser, South-Eastern Region of the Central Electricity Generating Board. The duties involve routine medical examinations, and the full range of preventive medicine in the Region, including nuclear power stations and research laboratories.

The successful candidate will be based in London but will be required to travel throughout the Region.

The salary will be in accordance with the B.M.A. Scale for Medical Officer, £2,350/£3,900 per annum, depending on previous experience.

Applications, quoting Vacancy No. 1081/69, to the Regional Personnel Manager, Bankside House, Sumner Street, London S.E.1, to arrive by March 28, 1969.

CENTRAL ELECTRICITY GENERATING BOARD
South-Eastern Region

COMMERCIAL APPOINTMENTS—see also p. xxxiii

MEDICAL ADVISER

Ethical Pharmaceuticals

Home Counties

One of the leading manufacturers in the UK wishes to appoint an additional medical practitioner to the team of doctors headed by the Medical Director, which provides medical advisory services for the company.

The Doctor appointed will be one of a team whose function essentially is to provide a service of information and advice—giving guidance to the profession on the application of the company's products and investigating clinical problems, studying, writing and teaching. This appointment provides an opportunity for a doctor with some years' general experience to become specially knowledgeable in an important range of pharmaceuticals emanating from the research efforts of an internationally renowned organization.

Starting salary from £3,000, or, for a man or woman with experience in a pharmaceutical company, up to £3,500. Car, pension scheme, assistance with relocation.

Ask MSL to send you, without obligation, specially prepared information about this appointment (reference AM.42J.). Every enquiry will be treated as confidential. Write or telephone at any time.

COMMERCIAL APPOINTMENTS—see also p. xxxii

Glaxo International Limited

International Medical Adviser

This Company, which is responsible for the co-ordination of services to the overseas pharmaceutical operations of Glaxo Group Limited, wishes to appoint an additional International Medical Adviser. He will be based in London, but will be required to undertake a certain amount of world-wide travel and be responsible to the Head of the Medical Division. His principal duties will be to assist both the Company and the overseas associated companies and agents in the development and marketing of Glaxo Group products. He will also be required to organise clinical trials of Group products in various countries. Applicants must be qualified medical practitioners in the age range 30 to 40. It is desirable that their experience should include general or hospital practice in overseas countries, gained in industry, private practice or government service. Preference will be given to candidates with experience of the pharmaceutical industry and a knowledge of languages, but neither is absolutely essential. Applications, which will be treated in the strictest confidence, should be made, quoting reference AM. 35 to: P. A. Drew, Glaxo International Limited, 6/12 Clarges Street, London W.1.

APPOINTMENTS

Applicants should state name, address, age, nationality, and qualifications, and enclose (unless otherwise specified) one copy of each of three recent testimonials, with a short statement of experience and appointments held. Applications should be sent at once if no closing date is given. Canvassing disqualifies (Statutory Instrument, 1966, No. 569).

SALARY SCALES OF HOSPITAL MEDICAL STAFF

Following the Seventh Report of the Review Body, new salary scales have been approved. These came into force on October 1, 1966. The scales are set out below:

HOUSE OFFICERS: Each post in this grade shall be tenable for six months. £1,100 per annum for the posts held during the first year; £1,200 per annum for posts held during the second year; £1,300 per annum for posts held during the third and subsequent years, subject to full registration.

SENIOR HOUSE OFFICERS: £1,450 per annum in the first year; £1,550 per annum in the second year; £1,650 per annum in the third or subsequent years. Deductions of £175 per annum in respect of lodging only for voluntary residence.

REGISTRARS: £1,650 per annum, rising by four annual increments of £100 to £2,050.

Deductions of £175 per annum for those with remuneration at the first two points on the scale, and £200 per annum for those on the third and subsequent points will be made in respect of lodging only for voluntary residence.

On assimilation to the scale for Registrars, one increment and one only shall be given for any year or part of a year in excess of two spent previously in the senior house officer grade.

Allowances at rates up to £140 per annum shall be payable to house officers, senior house officers and registrars occupying posts approved for such allowances in peripheral hospitals.

SENIOR REGISTRARS: £1,950 per annum rising by one increment of £100 and four further annual increments of £125 to £2,550.

Deductions of £225 per annum in respect of lodging only for voluntary residence. On assimilation to the salary scale for senior registrars, increments to a maximum of two shall be given for each year or part of a year in excess of three spent previously in the registrar grade.

MEDICAL ASSISTANTS: £1,850 per annum rising by fourteen annual increments of £100 to £3,250.

Deductions of £225 per annum in respect of lodging only for voluntary residence.

CONSULTANTS: £3,200 per annum rising by five annual increments of £185, and then by four further increments of £190 to £4,885.

Deductions of £350 per annum in respect of lodging only for voluntary residence.

RESIDENCE: The Terms and Conditions of Service of Hospital Medical and Dental Staff state:

173. A practitioner who is required as a condition of his appointment to reside in a hospital shall be provided with lodging without charge, except where the practitioner elects to occupy a house, flat or apartment for which a rental is appropriate.

All National Health Service hospital appointments are in accordance with the Terms and Conditions of Service of Hospital Medical Staff. Memoranda on the following subjects of particular interest have been issued by the Ministry of Health: Standard of Residential Accommodation, Telephone Charges, Removal Allowances, Study Leave.

Further details may be obtained from the Hospital Secretary, or B.M.A. members may obtain summaries of the Memoranda or explanatory handouts from the Secretary, British Medical Association. (March, 1969)

CONSULTANT PHYSICIAN IN GERIATRICS

(with some duties in chest and general medicine)

This is a new post. The successful applicant's main duties will be to co-ordinate and develop the geriatric services in the Isle of Man. In addition to his hospital duties it will be necessary for him to undertake the domiciliary investigation of patients, and maintain a close liaison with the general practitioners and the Board of Social Services.

A £155,000 redevelopment plan for the main hospital in Douglas has been approved. Wide experience and a high qualification is required, and the successful candidate will be expected to live in, or within a reasonable distance of, Douglas.

Terms and conditions of service are essentially the same as those in force in the United Kingdom and there is full reciprocity therewith in respect of superannuation.

Application forms and further details may be obtained from the undersigned, to whom completed forms should be returned not later than Monday, April 21, 1969.—A. S. Anywood, Administrator and Secretary, Isle of Man Health Services Board, 3 Harris Terrace, Douglas, Isle of Man. (Telephone: Douglas (Isle of Man) 3303.) (H.7272)

BOARD, Scotland**

Applications are invited for the post of **REGISTRAR IN ORTHOPAEDIC SURGERY**

Edinburgh. The post is in the four-year training scheme initiated last year. This programme is designed to provide experience in all branches of orthopaedic surgery over four years by rotations planned to provide a balanced experience. The rotation between the Royal Infirmary, the Western General Hospital and the Princess Margaret Rose Orthopaedic Hospital, all within the City of Edinburgh. Total orthopaedic beds within the department is over 400. The appointment is initially that of Registrar but the several senior registrar posts in the department are within the training rotation. Registrars have access to all the research facilities of the university department. There is an intensive postgraduate training programme for the Registrars over and above the clinical training. Undergraduate teaching will be part of the duties.

Preference will be given to candidates who have completed a three year rotation Registrar post in several branches of surgery and who have the F.R.C.S. The programme of training can be obtained from Professor J. I. P. James, The Clinical Research Unit, Princess Margaret Rose Orthopaedic Hospital, Fairmilehead, Edinburgh. Applications, giving particulars of age, qualifications and previous experience, together with the names of two referees, should be sent to the Secretary, 11 Drumsheugh Gardens, Edinburgh 3, within two weeks from the date of this advertisement. (H.7309)

Application, preferably typewritten, to Secretary, Sheffield Regional Hospital Board, Old Fulwood Road, Sheffield S10 3TH, March 24, giving age, nationality, qualifications, present and previous appointments (with dates), naming three referees. (27862)

WELSH HOSPITAL BOARD**REGISTRAR IN PSYCHIATRY**

to the North Monmouthshire H.M.C. Based at Pen-y-bont, Aberavenny, Mon. Full range of modern psychiatric treatment and a number of associated general hospital out-patient clinics.

Resident (married or single accommodation available).
Subject to review end of first year.
Application forms, from S.A.M.O., Temple of Peace and Health, Cathays Park, Cardiff, to be returned by March 29, 1969. (16324)

**SOUTH-WESTERN REGIONAL
HOSPITAL BOARD
Bristol Clinical Area**

Applications are invited for the appointment of

REGISTRAR IN PSYCHIATRY

to the Glenside and Barrow hospitals group and the day hospital. The appointment, which is vacant from June 29, 1969, will be for a period of two years, but is subject to review after the first year. The post is non-resident, and single accommodation is available. Married accommodation may be available.

The post, which initially will be at Barrow Hospital, offers excellent opportunities for special postgraduate experience in psychiatry and for research work for the preparation of a thesis for higher qualification. There are departments of electroencephalography, experimental and applied psychology. There is a psychiatric library at Barrow Hospital. Study facilities are available for D.P.M. students.

Applications by letter, stating date of birth, qualifications and experience, together with the names and addresses of two referees, should be sent to the Secretary of the Regional Hospital Board, 27 Tyndall's Park Road, Bristol BS8 1PJ, by March 26, 1969.

Selected candidates will be interviewed mid-September. (H.7328)

**SOUTH-WEST METROPOLITAN
REGIONAL HOSPITAL BOARD**

Croydon and Warrington Park Group
Hospital Management Committee
Warrington Park Hospital

PSYCHIATRIC REGISTRAR

required immediately. Hospital forms part of Croydon psychiatric service including day hospital, psychiatric ward in general hospital, out-patient clinics and community service in close association with primary care. There is organized clinical training with attachment to Consultant teams and special units—rehabilitation, geriatric, alcoholic. Good library and teaching facilities. Attractive single accommodation available in separate house for medical officers. Hospital may be visited by arrangement with Chairman of Staff Committee (UAO 2101). Application forms from Group Secretary, General Hospital, Croydon CR9 2RH. (27813)

WELSH HOSPITAL BOARD**REGISTRAR IN PSYCHIATRY**

Morgannwg Hospital, Bridgend
to which there is an admission rate of well over 1,400 patients annually and which is responsible for extensive domiciliary and out-patient services throughout the county. Hospital possesses full facilities for all modern methods of investigation and treatment.

The post provides excellent opportunities for study for the D.P.M., and staff in training are expected to attend the tutorials in psychology, psychiatry and neurology regularly carried out by the senior staff in addition to attending the clinical conferences, etc. Considerable use is made of films for training purposes.

A child guidance clinic is closely associated with the hospital.
Married or single accommodation available. Subject to review end of first year.

Application forms, from S.A.M.O., Temple of Peace and Health, Cathays Park, Cardiff, to be returned by March 29, 1969. (16321)

WELSH HOSPITAL BOARD**REGISTRAR IN PSYCHIATRY**

to the Clwyd and Deeside H.M.C., based at North Wales Hospital, Denbigh (1,600 beds). Excellent single and married quarters available. The hospital has modern and well-equipped admission units with an admission rate of over 1,600. It provides a comprehensive psychiatric service for the whole of North Wales, including out-patient clinics of seven general hospitals. Regular case conferences and an active postgraduate programme are organized at this and the associated general hospitals and tutorials in neurology and neuro-anatomy are held in preparation for the D.P.M. There is scope for wide clinical experiences and close liaison with child guidance and subnormality services.

Application forms, from S.A.M.O., Temple of Peace and Health, Cathays Park, Cardiff, to be returned by March 29, 1969. (16322)

WELSH HOSPITAL BOARD**REGISTRAR IN PSYCHIATRY**

to the Pontypridd and Rhondda and Morgannwg H.M.C. Groups. Successful applicant will be based at the psychiatric clinic, East Glamorgan General Hospital (320 beds) and will also undertake regular duties at Morgannwg Hospital, Bridgend.

The psychiatric clinic at East Glamorgan General Hospital opened recently as the centre of psychiatric services for a population of 170,000 and consists of two ward units totalling 46 beds and a day centre for 30 patients in addition to a Consultant wing from which the out-patient services are provided.

The post provides excellent opportunities for study for the D.P.M., and staff in training at Morgannwg Hospital, which is a post-graduate centre for psychiatry, are expected to attend the tutorials in psychology, psychiatry and neurology regularly carried out by the senior staff, in addition to attending the clinical conferences, etc. Considerable use is made of films for training purposes.

Subject to review end of first year.
Application forms, from S.A.M.O., Temple of Peace and Health, Cathays Park, Cardiff, to be returned by March 29, 1969. (16323)

DOCTORS ABROAD. Copies of vacancies advertised in the "Journal" can be sent by AIR MAIL. The minimum cost is 2s. per week, which covers up to five separate headings: additional headings 1s. each. Orders for specific grades cannot be accepted.

PLEASE ENCLOSE PAYMENT to avoid delay.

Psychiatry—contd.

BEXLEY HOSPITAL MANAGEMENT COMMITTEE
Bexley Hospital, Dartford Heath
Bexley, Kent
(14 miles from London, good transport facilities)

SENIOR HOUSE OFFICER AND LOCUM SENIOR HOUSE OFFICER IN PSYCHIATRY
required. Single accommodation available. Bexley Hospital has over 1,900 beds dealing with all types of psychiatric illness. Experience available in modern physical, occupational and psychotherapeutic procedures. Duties will be at Bexley and at psychiatric units in general hospitals linked with Bexley, at out-patient clinics and at Castlewood Day Hospital, Shooters Hill, S.E.18.
Hospital recognized for D.P.M. There is a Clinical Tutor at the hospital. Tutorials in psychology given and facilities exist for attending D.P.M. courses.
Applications, giving two referees, to Dr. D. M. Leiberman, as soon as possible. (16425)

ST. ANDREW'S AND HELLEDSON HOSPITALS MANAGEMENT COMMITTEE
St. Andrew's Hospital, Thorpe, Norwich
(1,081 psychiatric beds)
Recognized for D.P.M. qualifications

SENIOR HOUSE OFFICER
required for this progressive hospital. Experience in all modern treatments, out-patient clinics, etc., available. Full facilities for obtaining D.P.M. and higher qualifications, including study leave. Facilities are available to attend lectures and demonstrations sponsored by the Norfolk and Norwich Institute for Medical Education, in which the staff of St. Andrew's Hospital take a part. Experience in abnormality can be arranged in conjunction with the medical staff of Little Plumstead Hospital, which is only three miles away, and experience in the reading of E.E.G.s can be arranged at Helledson Hospital, Norwich. All medical staff are given an opportunity of attending and treating recent patients under the supervision of a Consultant. There is a very active department of clinical psychology in the hospital.
Salary scale £1,450 by £100 (2) to £1,650 (plus special allowance £103 annual). Modern centrally-heated furnished accommodation available for married or single applicants. Full board available for the latter. Applications, stating age, qualifications, experience, and references, should be sent as soon as possible to the Medical Superintendent. (27767)

RADIOLOGY

LEEDS REGIONAL HOSPITAL BOARD
CONSULTANT IN RADIOLOGY

Leeds (Whole-time or maximum part-time). This is a new post with duties at Killingleybeck Hospital (the regional centre for cardio-thoracic surgery). St. James's Hospital (which now plays an important role in the teaching of undergraduate students) and Chapel Allerton Hospital.
Special experience or interest in cardio-pulmonary radiology required.
Application forms obtainable from the Secretary, Park Park, Huddersfield, whom should be returned by April 9, 1969. (27863)

ADMINISTRATIVE

Sheffield Regional Hospital Board

MEDICAL DEPARTMENT

The Board invite applications from registered medical practitioners for appointment as:

(1) ASSISTANT SENIOR MEDICAL OFFICER

salary scale £2,770 to £3,430, or

(2) MEDICAL OFFICER

salary scale £2,105 to £2,770 (commencing salary according to age).

The officer appointed will be required to assist the Senior Administrative Medical Officer in matters of medical administration generally and in the development of the hospital services in the region.

Applicants for post (1) should have had clinical administrative experience and have some knowledge of the planning of hospital specialist services and of current hospital design.

Experience in medical administration is not essential for post (2) as opportunities for training would be provided.

Further particulars of the posts and application form available from the Secretary, Sheffield Regional Hospital Board, Old Fulwood Road, Sheffield S10 3TH, to whom completed applications are to be returned not later than March 28, 1969, quoting reference L35433/1. (27585)

Administrative—contd.

NORTH-WEST METROPOLITAN
REGIONAL HOSPITAL BOARDTraining in Medical Administration
MEDICAL OFFICER

An opportunity arises for a registered medical practitioner to join the staff of the Board from September 29 initially to pursue a two-year course in medical administration at the London School of Hygiene and Tropical Medicine leading to the M.Sc. degree of London University for which the fee will be paid.

An appointment will be made only if the doctor selected is acceptable to the London School for this course and he would be expected to work in the Regional Hospital Board headquarters for two years after the course. The post is open to men and women.

Salary scale £2,335 to £2,770.
Application form further particulars from the Secretary, North-West Metropolitan Regional Hospital Board, 40 Eastbourne Terrace, London W.2, quoting reference 995, returnable by April 8. (16412)

GOVERNMENTAL

APPOINTMENT OF POLICE SURGEONS

Applications are invited from medical practitioners in Herefordshire, Shropshire and Worcestershire, who wish to be considered for appointment as part-time Police Surgeons to the West Mercia Police Authority. Forms and conditions of service may be had from the Chief Constable, West Mercia Constabulary, Hindlip Hall, Worcester. (H.7206)

ADMINISTRATIVE

Welsh Hospital Board

Applications are invited from registered medical practitioners for the appointment of

ASSISTANT SENIOR MEDICAL OFFICER

The person appointed would be required to undertake, under the direction of the Senior Administrative Medical Officer, duties associated with the organization and planning of hospital and specialist services within the board's area, and previous experience in medical administration would be an advantage.

Intending applicants may write to: The Senior Administrative Medical Officer of the board for further information or visit him by arrangement. Salary, £2,770 × 110 (6) — £3,430 per annum.

New entrants to the service will commence at £2,770. The board may, however, seek approval to a high commencing salary in recognition of suitable experience outside the hospital service.

A contributory superannuation scheme applies.

Application form (for which a self-addressed foolscap envelope should be sent) to the Secretary, Welsh Hospital Board, Temple of Peace and Health, Cathays Park, Cardiff, CF1 3NW.

Closing date March 24, 1969. (16270)

PUBLIC HEALTH

CITY OF LEEDS
Child Health Service
MEDICAL OFFICERS

Applications are invited for posts of Medical Officer, with duties mainly in this service, which is concerned with the health of pre-school and school children. The posts offer a full range of experience in the preventive services for young children and in school health. Experience in developmental assessment and the ascertainment of handicapped pupils would be advantageous, but opportunities for training are available.

The salary scale is £1,795 to £2,445 with placement according to experience. The posts are superannuable and a car allowance is payable. A contribution towards removal expenses will be considered in the case of candidates who are living outside the city. Application forms, obtainable from the undersigned, should be returned by Monday, March 31, 1969.—D. B. Bradshaw, Medical Officer of Health, Public Health Department, 25 East Parade, Leeds LS1 5BZ. (H.7245)

COUNTY BOROUGH OF BIRKENHEAD

SENIOR MEDICAL OFFICER

Applications are invited for this senior appointment from registered medical practitioners preferably possessing the D.P.H., D.C.H., or equivalent qualification. Salary within the scale £2,425 to £2,980 per annum, commencing point on the scale commensurate with previous experience, plus a car allowance of £150 per annum. Removal and lodging allowances paid in appropriate cases. Application form and details from The Medical Officer of Health, 9 Hamilton Square, Birkenhead L41 6BL, to be returned by April 4, 1969.—Jan G. Holt, Town Clerk. (16377)

BOROUGH OF CHESTERFIELD

Applications invited from registered medical practitioners holding or studying for a Diploma in Public Health, Sanitary Science or State medicine, for appointment of
DEPUTY MEDICAL OFFICER OF HEALTH, DEPUTY BOROUGH SCHOOL MEDICAL OFFICER, AND DEPUTY WELFARE OFFICER.

This appointment is immediately next to that of Medical Officer, etc., and offers an opportunity for a person to gain experience in public health administration, the school health service and the welfare and mental health services.

Salary within the range £2,185 to £2,700 and the commencing salary will be fixed in accordance with qualifications and experience.

Car allowance payable. A house to rent will be provided if required. Full particulars and conditions of appointment and application forms obtainable from the Medical Officer of Health, Town Hall, Chesterfield.—R. A. Kennedy, Town Clerk. (H.7244)

NORTHAMPTONSHIRE COUNTY
COUNCIL

DENTAL OFFICERS

Applications are invited from registered dental practitioners for appointments at Daventry and Wellesborough.

The Council operate a well staffed dental service, including seven senior posts, with high standards of premises and equipment. A Consultant Orthodontist visits all surgeries. The service is associated with teaching and treatment hospitals. Opportunities exist for research work; individual freedom and initiative is encouraged.

Salary will be in accordance with current Whitley Council scales, and recognition will be made of past experience. Applications, with names of two referees, should be sent as soon as possible to the County Medical Officer of Health, County Offices, Guildhall Road, Northampton.—O. Meurig Jones, Clerk of the County Council, County Hall, Northampton. (27819)

NOTTINGHAMSHIRE COUNTY COUNCIL

CITY OF MANCHESTER
HEALTH DEPARTMENTAppointment of
ADMINISTRATIVE MEDICAL OFFICER
(Re-advertisement)

This is a senior post, now vacant because the previous occupant has been appointed to the post of Deputy Medical Officer of Health in the Department.

Applicants should be registered medical practitioners preferably holding the Diploma in Public Health or an equivalent qualification, and with extensive medical and administrative experience in a local authority health department.

The duties are mainly concerned with the services carried out under the provisions of sections 22, 23, 24, 25, 28 and 29 of the National Health Services Act, 1946 (care of mothers and young children, domiciliary midwifery, health visiting, home nursing, prevention of illness—care and after care, and domestic helps).

The person appointed will be responsible to the Medical Officer of Health for the operation of these services including administrative and professional supervision, management of staff, planning and research.

The salary for the post is £2,980 rising by six annual increments to £3,535. There is an essential car user allowance and assistance with removal expenses may be available. The conditions of service are as recommended by Medical Committee "C" of the Whitley Council for the Health Service and the standing orders and instructions of the City council.

Application forms, returnable not later than April 1, 1969, and further details of the duties involved can be obtained from the Town Clerk (O), Town Hall, Manchester M60 2LA. (H.7267)

Public Health—cont'd.

Salary scale £1,850 to £2,520 per annum, commencing point according to experience.

The County Council has a generous scheme of financial assistance towards study for the Diploma in Public Health.

Medical Officers are classified as car users and subsistence allowances are payable where appropriate. An assisted car purchase scheme is in operation.

Further detail and application forms obtainable from the County Medical Officer of Health, Serial No. 6744, East Cliff County Offices, Preston, PR1 3JN. Closing date March 25, 1969. (16177)

CITY OF LEEDS**CHILD HEALTH SERVICE
SENIOR MEDICAL OFFICER**

Applications are invited for the post of SENIOR MEDICAL OFFICER in the recently formed Child Health Service, which is responsible for the health of pre-school and school children.

The main responsibility will be the organization and supervision of the health services for school children under the general direction of the Principal Medical Officer (Child Health) and experience in this field including Ascertainment of Handicapped Pupils is essential.

The school population is approximately 80,000 and there is extensive provision for handicapped pupils in ten special schools, three of them residential. The salary scale is £2,535 to £3,075 with placing according to experience, and the post is superannuable. A car allowance is payable and a contribution towards removal expenses will be considered in the case of candidates who are living outside the city.

Application forms, obtainable from the undersigned, should be returned by Monday, March 31, 1969.

D. B. BRADSHAW,
Medical Officer of Health.

Public Health Department,
25 East Parade,
LEEDS LS1 5BZ.

(H.7204)

**CITY AND COUNTY OF BRISTOL
FIRST ASSISTANT MEDICAL OFFICER
IN EPIDEMIOLOGY**

Salary scale £2,170/£2,705
Applications are invited from suitably qualified (D.P.H.) and experienced practitioners. Consideration will be given to experience with qualifications in determining the commencing salary point.
Duties to assist Senior M.O. for epidemiology and to be responsible for arrangements for vaccination and immunization plus other duties as may be required by the Medical Officer of Health and Social Services.
Post will give good experience in general epidemiology and afford opportunities for research and teaching. Car allowance.
Medical examination.
Application form from Medical Officer of Health and Social Services, G.P.O. Box 201, Tower Hill, Bristol BS99 7BQ, returnable by April 9. (H.7266)

(H.7735)

MANITOBA, CANADA

General Practitioners are required by a busy General and Industrial Medicine Group in Thompson, Manitoba, Canada. This is a highly industrialized community showing very rapid growth and offering excellent educational and recreational facilities. The present group consists of eight practitioners but at least four more are required at this time. Salaries range from \$15,000.00 to \$17,500.00 (Canadian Funds) annually, depending on experience and training. Regular salary increases are provided. A monthly car allowance is also provided and either apartment or housing accommodation is available. All regular expenses of medical practice are the responsibility of The Thompson Clinic, not of the individual doctors. In order to maintain a progressive group expansion we are offering partnerships within one to two years of joining our group. Only those on the Home List of the G.M.C. are subject to reciprocal registration in the Province of Manitoba without initial formal examinations and hospital internship. Reply stating qualifications, age, marital status, background and date available to:

**DR. J. B. JOHNSTON,
THE THOMPSON CLINIC
THOMPSON, MANITOBA, CANADA.**

For specific information on living and working conditions in Manitoba, contact your local Canadian Immigration office.

Career opportunities in Canada

Canada's growth and development currently provides opportunities in many professions and occupations and Canada rewards ambition and hard work with one of the highest living standards in the world.

Life is good in this young, progressive country . . . especially for the family. Primary and secondary education is mostly free and through university scholarships, bursaries and interest-free loans, Canada is rapidly moving towards the day when no student will be denied an advanced education through lack of financial means. You, and your family will be protected, too, by a social welfare programme—family allowances, hospital and unemployment insurance and retirement pension.

Above all, Canada offers scope—for you and your children; space and opportunity to be what you want to be; the chance to find the right way of life in a friendly and hospitable land. And, Canada is only six hours away by plane—six days by sea.

Licence to practise in Ontario with Canadian certification or equivalent. Excellent income.—Apply: Administrator, General Hospital, Pembroke, Ontario, Canada. (H.7250)

ROYAL SOUTH SYDNEY HOSPITAL

Joynton Avenue, Zetland, N.S.W.

(Acute hospital of 106 beds)

Applications are invited from registered medical practitioners for the position of Honorary Assistant E.N.T. Surgeon at the above named hospital, situated in a large industrial area of Sydney, and which is an associated teaching hospital of the University of New South Wales. Total attendances casualty and out-patient department—60,000 per year.

The appointment is for the remainder of the current three (3) year term of honorary medical staff appointments, which commenced on June 1, 1968.

Further particulars available from the Medical Superintendent.

Application forms will be supplied on request and, when completed, should be forwarded to reach the undersigned not later than May 16, 1969.—R. T. Wright Chief Executive Officer. (H.7279)

HITCHCOCK CLINIC

Hanover, New Hampshire

NEUROLOGIST

A vacancy for a suitably qualified graduate will be available July 1, 1969, at the Hitchcock Clinic, Hanover, New Hampshire, U.S.A. The Clinic comprises the clinical faculty of Dartmouth Medical School and is situated about three hours from Boston and four hours from Montreal. The area lies within the New England winter sports region.

The post will involve full-time clinical neurology with some teaching of undergraduates. The minimum salary, depending on qualifications, is \$12,000 per year for one year with the possibility of extending the appointment. Allowance for travel will be provided in addition.

Temporary licence to practise medicine in the State of New Hampshire is available to suitably qualified candidates.

For further details, please write to Jarrett H. Folley, M.D., Hitchcock Clinic, Hanover, New Hampshire 03755, U.S.A.

(H.7185)

Research Physician

Leading Pharmaceutical company located in the northeastern USA, one-half hour from New York City, seeks a Physician for a full time position in the Department of Medical Services. Applications are invited from medical graduates of a British University with several years post graduate experience in general medicine or pathology, at least to registrar level. Neither previous experience in the pharmaceutical industry nor the possession of a higher qualification are prerequisites although the latter would be desirable.

The successful candidate should have a genuine interest in medicine and particularly in the adverse effects of drugs.

A substantial salary is envisaged and will be by negotiation. Licensure in the US or the possession of an E.C.F. M.G. certificate is not a prerequisite. Write in confidence listing education, training and experience to:

Box B.M. 334 125 West 41 St., New York, New York, U.S.A.

Overseas—contd.

PATHOLOGY RESIDENCIES, INTERNSHIPS AND POSTDOCTORAL FELLOWSHIPS

SOUTHLAND HOSPITAL BOARD INVERCARGILL, NEW ZEALAND

The Southland Hospital Board invites inquiries from qualified Radiologists for positions on the radiological staff at Southland Hospital, Kew, Invercargill. Whole-time or visiting staff positions available. Salary and conditions of employment will be determined in accordance with the New Zealand Hospital (Medical Officers) Regulations.

A modern x-ray department incorporating the latest in equipment including closed circuit TV image intensifier Video tape, radioactive iodine uptake equipment and Magna-scanner V. is nearing completion, offering applicants an unparalleled opportunity of working with the finest equipment.

The province of Southland is New Zealand's most beautiful with wonderfully stocked fishing rivers and lakes, and ample facilities to enjoy the great outdoors.

Further details are available from the Medical Superintendent in Chief, Southland Hospital Board, P.O. Box 39, Invercargill. (16273)

VOLUNTARY SERVICE

International Voluntary Service invites applications from doctors to work on projects in India and Africa for one to two years from next September. Fares paid, accommodation, pocket money—Details from I.V.S., 91 High Street, Harlesden, London N.W.10. (H.7263)

THE ENGLEWOOD HOSPITAL Englewood, N.J.

ROTATING INTERNSHIPS are offered at a salary of \$8,220 annually including food allowance. Living quarters are provided for single and married interns. Englewood Hospital is a 475-bed community hospital ten minutes from New York City, offering a detailed programme of bedside rounds, clinical conferences and lectures. Advancement is possible through subsequent A.M.A. approved three-year residency programme in internal medicine and four-year programmes in surgery and pathology: all residencies satisfy requirements for respective specialty board certification. Interested applicants please contact Carl Wierum, M.D., Director of Medical Education, Englewood Hospital, Englewood, New Jersey 07631. (H.7037)

THE ROYAL MELBOURNE HOSPITAL

Applications invited from medical practitioners of not less than two years standing for appointment as

REGISTRAR

Department of Surgical Metabolism. This position, which is recognized for a period of six months by the Royal Australasian College of Surgeons, allows extensive experience in the surgical and medical aspects of renal dialysis and transplantation.

Salary range \$5,460 to \$6,500 (Aust.) per annum according to years of service, plus higher qualification allowance if applicable. The appointee will live out but if the appointee's request to live in is approved, a deduction of \$15 per week will be made for board and lodging. Conditions of appointment in accordance with Resident Medical Officers Wages Board Determination. The appointment will be until February 16, 1970, commencing by arrangement as soon as convenient. Annual leave to be taken during period of appointment.

Applications on prescribed form obtainable from the undersigned, close on April 15, 1969. Names of at least two referees must be submitted and not more than two testimonials may accompany the application. Further details from Medical Superintendent, L. B. Swinden, Manager. (H.7184)

UNITED STATES HOSPITAL INTERN- SHIPS and residencies available. University and non-university affiliated hospitals. Wide choice. Submit curriculum vitae to International Physicians Exchange, 1295 Portland Avenue, Rochester, New York, 14621, U.S.A. Interviews will be arranged at later date. (H.5787)

U.S.A.

AEROMEDICAL SECRETARY

An Aeromedical Centre is being set up in the Middle East and a vacancy exists for a suitably experienced man to act as Secretary/Receptionist. An essential qualification is the ability to type well and take shorthand, and to set up and run an Office.

The successful candidate, aged 30—40 approximately, will work with a small professional team and be required to deal with basic medical and aeromedical queries, routine correspondence and medical documentation. Because of the location he must be able to liaise with medical staff of different nationalities. An ideal background for this appointment would be experience in a medical organisation concerned with aviation.

A realistic salary will be paid, accommodation and messing are free, and there is a liberal leave entitlement with free air passages.

Please reply briefly in the first instance to:

**THE PERSONNEL MANAGER,
AIRWORK (OVERSEAS) LIMITED,
BURLINGTON ARCADE,
BOURNEMOUTH, HANTS.**

Arlef* (flufenamic acid, Parke-Davis) possesses high anti-inflammatory and analgesic properties. It effectively relieves the symptoms of osteoarthritis, rheumatoid arthritis and other painful rheumatic conditions, and enables the patient to get to grips with everyday activities.

Arlef is available in Kapseals* containing 100 mg. flufenamic acid in containers of 50 and 250 (Overseas 30 and 100).

Full information will be supplied on request.

Diagnosis

Treatment

BRONCHITIS

PENBRITIN

He didn't expect to be back at work so soon. Ten days ago he went down with Bronchitis—his first time off work in years. He's lucky—his was an isolated attack and he can now expect a trouble-free winter. For the Chronic Bronchitic the prognosis is not so good and repeated attacks must be expected.

Penbritin is the answer – *first time*

Whether your patient suffers from Acute or Chronic Bronchitis you want your first prescription to be the one which works. You need a broad spectrum antibiotic mainly because of the possibility of *H. influenzae* being involved. (British evidence, ^{1,2,3,4}, shows this to be by far the most troublesome pathogen in Chronic Bronchitis – the "English Disease"). The most active of all antibiotics against *haemophilus* is Penbritin, which at normal dosage achieves bactericidal levels in both serum and lung tissue to ensure a rapid clinical response and minimise the risk of relapse or complications.

Being a penicillin, the dosage of Penbritin may be safely increased in severe illness: in severely disabling bronchitis high dosage Penbritin therapy can achieve bactericidal concentrations in the sputum, eliminating reservoirs of infection and affording the patient unprecedented freedom from infection ¹. Additionally, when more rapid control of infection is imperative, Penbritin may be given by injection.

In the treatment of Bronchitis, Penbritin is the answer – first time. And so often the only prescription needed.

Bronchitis Dosage:

Children under 2 years: 62.5-125 mg.

2-10 years: 125-250 mg.

Adults: 250 mg.

All dosages q.d.s. a.c.

In severe infections these doses may be increased or Penbritin given by injection.

(High dosage regimen for severely ill Chronic Bronchitics: 1 gram q.d.s.)

Contra-indication: Penicillin allergy.

Side-effects: As with other penicillins.

Availability: Penbritin (ampicillin B.P.):

Capsules, 250 and 500 mg.

Syrup, 125 mg./5 ml.

Syrup Forte, 250 mg./5 ml.

Paediatric Tablets, 125 mg.

Injections, 100 mg., 250 mg., 500 mg.

INDOCID

Indomethacin

the sooner the better for optimal results

Through its anti-inflammatory and analgesic activity, 'Indocid' offers many patients:

- significant relief of pain, tenderness and stiffness
- reduction in joint swelling and inflammation
- increase in mobility and function
- the possibility of concurrent steroid dosage being reduced or even discontinued

'Indocid' is suitable for long-term therapy where necessary

Supplied as 25 mg capsules, 100 mg suppositories and a suspension (25 mg/5 ml).

Detailed information is available to physicians on request.
