

Bisolvon disrupts the feltwork of AMPS (acid mucopolysaccharide) fibres responsible for the viscosity of *mucoïd* sputum, but takes about ten days of continuous treatment to reach its full effect. The patient should then be producing thinner and less sputum than originally. This beneficial effect of Bisolvon is maintained for as long as treatment continues.

During an infective exacerbation bacterial action causes the breakdown of cells and cell nuclei, producing DNA (desoxyribonucleic acid) fibres and fragmentation of existing AMPS fibres. DNA fibres therefore predominate in *purulent* sputum.

At this stage it is very important to maintain Bisolvon therapy, together with an effective antibacterial. This ensures that once the infection is brought under control (therefore eliminating DNA fibres) AMPS fibres do not re-form to raise sputum viscosity.

Bisolvomycin capsules, containing Bisolvon with oxytetracycline, have been developed to enable Bisolvon therapy to be conveniently maintained during the bronchitic's infective exacerbations.

Turquoise blue/grey capsules printed with the Company symbol.

Each capsule contains:

Bisolvon (bromhexine hydrochloride) 8mg.
oxytetracycline hydrochloride B.P. 250mg.

**Boehringer
Ingelheim**

Further information on Bisolvomycin can be obtained from:
Boehringer Ingelheim Limited Isleworth Middlesex

EXACERBATIONS OF BRONCHITIS

offer broad spectrum
antibiotic activity

PLUS

the benefits of
uninterrupted Bisolvon
therapy during the
bronchitic's acute
infected phases

Contra-indications

Bisolvon: There are no absolute contra-indications, but observe caution in patients with gastric ulcer.

Oxytetracycline: Known tetracycline allergy; should not be given in pregnancy or in presence of renal or hepatic dysfunction. The concurrent administration of antacids should be avoided.

Precaution

Bisolvon: When patients under treatment for tuberculosis are also receiving Bisolvon, continue sputum cultures for tubercle bacilli for at least 3 months before assuming a negative result.

Oxytetracycline: Teeth staining may occur in children.

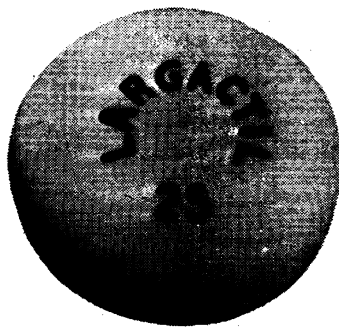

Side-effects

Bisolvon: Mild gastro-intestinal side-effects may occasionally be caused. A transient rise in serum transaminase levels may be observed in a few patients. These should fall again with continuation of Bisolvon treatment.

Oxytetracycline: May cause nausea, diarrhoea and symptoms resulting from the overgrowth of resistant organisms; in particular, overgrowth of *Candida albicans* may cause irritation of mouth, anus or vagina. Drug fever or rashes rarely occur.

'Largactil'
ushered in the new era of
psychiatric treatment, and stayed.
Over the past sixteen years
the major tranquillizers
have proliferated,
but 'Largactil' remains
unsurpassed.
The same broad background
of research,
the same care and consistency
in formulation that led
to its introduction
and establishment,
are still behind
you,
every time you prescribe

'Largactil' is a trade mark of May & Baker Ltd for their preparations of chlorpromazine hydrochloride

An M&B brand Medical Product

How many of your women patients are worried about birth control?

Settle for safety with RENDELLS
(nonyl phenol ethylene oxide 5%)

In a trial of contraceptive action, Rendells were given to 421 women who used no other contraceptive. During 7,773 months, total pregnancies were 6.7 in every 100 years of use, as computed with a negative binomial distribution function.

69% of women prefer Rendells to any other method and more Rendells are sold throughout the world than any other chemical contraceptive.

CUMULATIVE INDEX

1968

A CUMULATIVE INDEX TO THE
B.M.J. FOR 1968

The annual index (a cumulative version of the four quarterly indexes) is published for the convenience of librarians, research workers, and all those who make frequent reference to the published volumes of the B.M.J., and its Supplement.

Cloth Bound Lettered in Gold 100 pages

Price 30s including postage

B.M.A. members may purchase copies at the concessionary price of 15/- each including postage, but orders must state B.M.A. Membership and be addressed to the Publisher.

Order your copy of the Cumulative Index 1968 (and 1967 is still available) direct from The Publisher, British Medical Journal, B.M.A. House, Tavistock Square, London W.C.1

TOR LINE—Certainly the best gateway to Scandinavia and the Continent

The modern Tor Line ferries "Tor Anglia" and "Tor Hollandia" provide a fast, comfortable service from Immingham (near Grimsby, in Lincolnshire) to Scandinavia and the Continent. There are four sailings weekly (three to Sweden and one to Holland) and the crossing to and from each destination provides a really enjoyable part of any holiday or business trip.

Immingham is placed in a convenient and central location almost exactly half-way up the East coast and is perfectly located for all major U.K. population centres. Fast, uncluttered access roads provide a refreshing contrast to the increasingly crowded South coast holiday routes, and for travellers with cars, these modern drive-on/drive-off liner ferries provide a marvellous gateway into Scandinavia (through the Swedish port of Gothenburg) and the Continent (through the port of Amsterdam). Travellers without cars can reach the Tor Line Passenger Terminal by convenient rail and bus links via Grimsby, and via a through coach service from King's Cross Station, London to Immingham, to connect with all sailings to and from Gothenburg.

There is room for up to 250 vehicles and 900 passengers on board these modern, fully-stabilised ferries, and the luxurious on-board surroundings provide a major highlight of the crossing. Although the Tor ships are described as "one class" vessels, all passengers have access to public rooms and facilities which would be the envy of many of our first class hotels.

There is a wide choice of comfortable cabin and sleeping accommodation, to suit every pocket or family requirement, ranging from

de-luxe Bridge Deck Cabins to inexpensive Aircraft Seats and Slumberettes. Tremendous emphasis and attention has been paid to passenger comfort on board, and this is evident throughout the whole range of facilities, including eating arrangements, accommodation, and the wide selection of "on board" entertainments and services.

"TOR TRIPS" AND MINI-HOLIDAYS

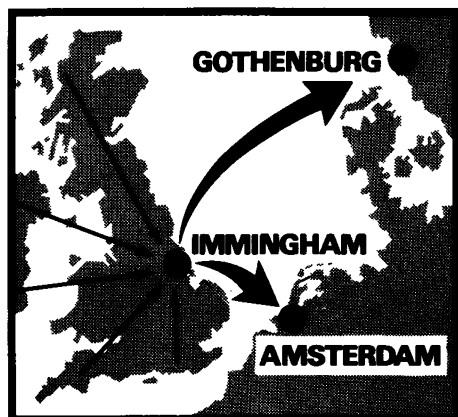

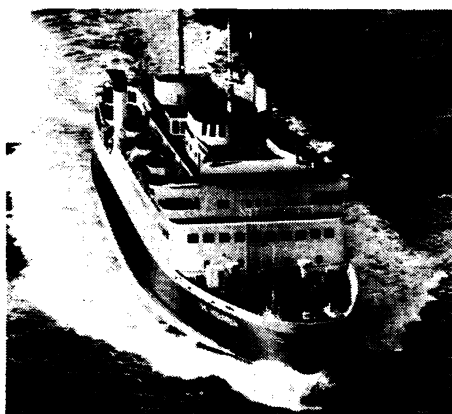

Tor Line also operate short, inexpensive holidays to both Sweden and Holland, combining the pleasure of a sea-cruise with Scandinavian and Continental sight-seeing and holiday enjoyment. "Tor Trips" to Amsterdam operate most weekends to the end of June, and these have proved tremendously popular since their introduction by Tor Line three seasons ago. Priced from £11, the "WEEKEND TRIP" includes 12 hours ashore in Amsterdam, a brief sight-seeing tour and all meals from Immingham back to Immingham except lunch in Amsterdam, where passengers enjoy making their own arrangements. From 12th December 1969 to 6th March 1970, Tor Line are also introducing the new "TOR SAIL" bargain Weekend Trips, priced from £6, providing transportation only to Amsterdam and return.

"Three Town Trips" to Sweden are again available throughout the Winter Sailing period. Priced from £26, these offer a short sea-cruise and Scandinavian sight-seeing opportunities, with alternative destinations in three of Sweden's most attractive cities—Gothenburg, Stockholm, or Malmö.

The addition of "Ski-Tor Trips" to Lillehammer, Norway's leading Winter Resort, is a further development in Tor Line's plans for Trips during the Winter sailing period. This provides a new way to Norway's ski slopes, via Tor Line to Gothenburg and then from Gothenburg to Lillehammer on the new through sleeper service operated by Swedish State Railways.

There is no doubt that, whether crossing with Tor Line on one of the various "Trips" or just crossing the North Sea and travelling further afield from Gothenburg or Amsterdam, one of the major highlights of any holiday will be the time spent on one of Tor Line's fast, modern ferries, with their wide range of comfortable appointments, services and facilities on board.

Hippolyte Baillière...

began to sell medical books in Paris in the early nineteenth century. In 1826 he opened a London office and, not long after, published his first medical textbook.

So began the publishing enterprise that was to become *Baillière, Tindall & Cassell*.

During our long career we have published medical books of many shapes and sizes, including some that are among the classics of medical literature.

Today we have many fine books on our list, and many of our authors are leaders in their fields. Some current authors and their books include:

Goligher · Surgery of the Anus, Rectum & Colon
Mayer-Gross, Slater & Roth · Clinical Psychiatry
Andrewes & Pereira · Viruses of Vertebrates
Scheuer · Liver Biopsy Interpretation
Bennett & Elliott · The Physiology & Medicine of Diving & Compressed Air Work

The company has expanded and flourished in the years since its beginning, but we are still constantly on the look-out for new authors. If you would like to write a book on your subject, and you think there is a need for it, why not write to us?

'very clear reasons'[†] for using **Septtrin**^{*} in urinary tract infections

Abstracted from a Leading Article, *Brit med J*, (1969) 1, 525.[†]

- Trimethoprim not only attains therapeutic tissue levels, but is excreted unchanged in high concentration in the urine.
- All Gram-negative bacilli occurring in the urine, except *Pseudomonas aeruginosa*, are usually highly sensitive to it.
- Its minimum inhibitory concentration is extremely low.
- Trimethoprim and a sulphonamide, by blocking successive stages in the same bacterial metabolic process, exert a strong synergic effect, and this action is *bactericidal*.

^{*}Trade Mark

These clinical trial results were obtained in treating hospital in-patients with U.T.I.

85% cure rate **SEPTRIN**

70% cure rate ampicillin

40% cure rate sulphadimidine

Wellcome

Septtrin—an advance on the antibiotics

Now is the time to book Jack West for his summer holiday from hay-fever

Why now ?

Because of what happened last year – 'O' levels. Plus sneezing, sneezing, sneezing. Couldn't take antihistamines: they made him sleepy. Soon it will be 'A' levels. His doctor told him come back now.

Why now ?

Because Alavac*-P prescribed now makes desensitisation a *practical* proposition for GPs.

Why now ?

Because now is the time for a course of Alavac-P to give Jack summer-long protection from hay-fever and pollen asthma. The mix of 12 grass pollens in Alavac-P gives protection throughout the pollen season, throughout the British Isles.

For complete prescribing details consult the current issue of MIMS. Further information is available on request.

**Now is the time to prescribe ALAVAC-P
for next summer's holiday from hay-fever.**

Senokot restores natural rhythm to the constipated colon

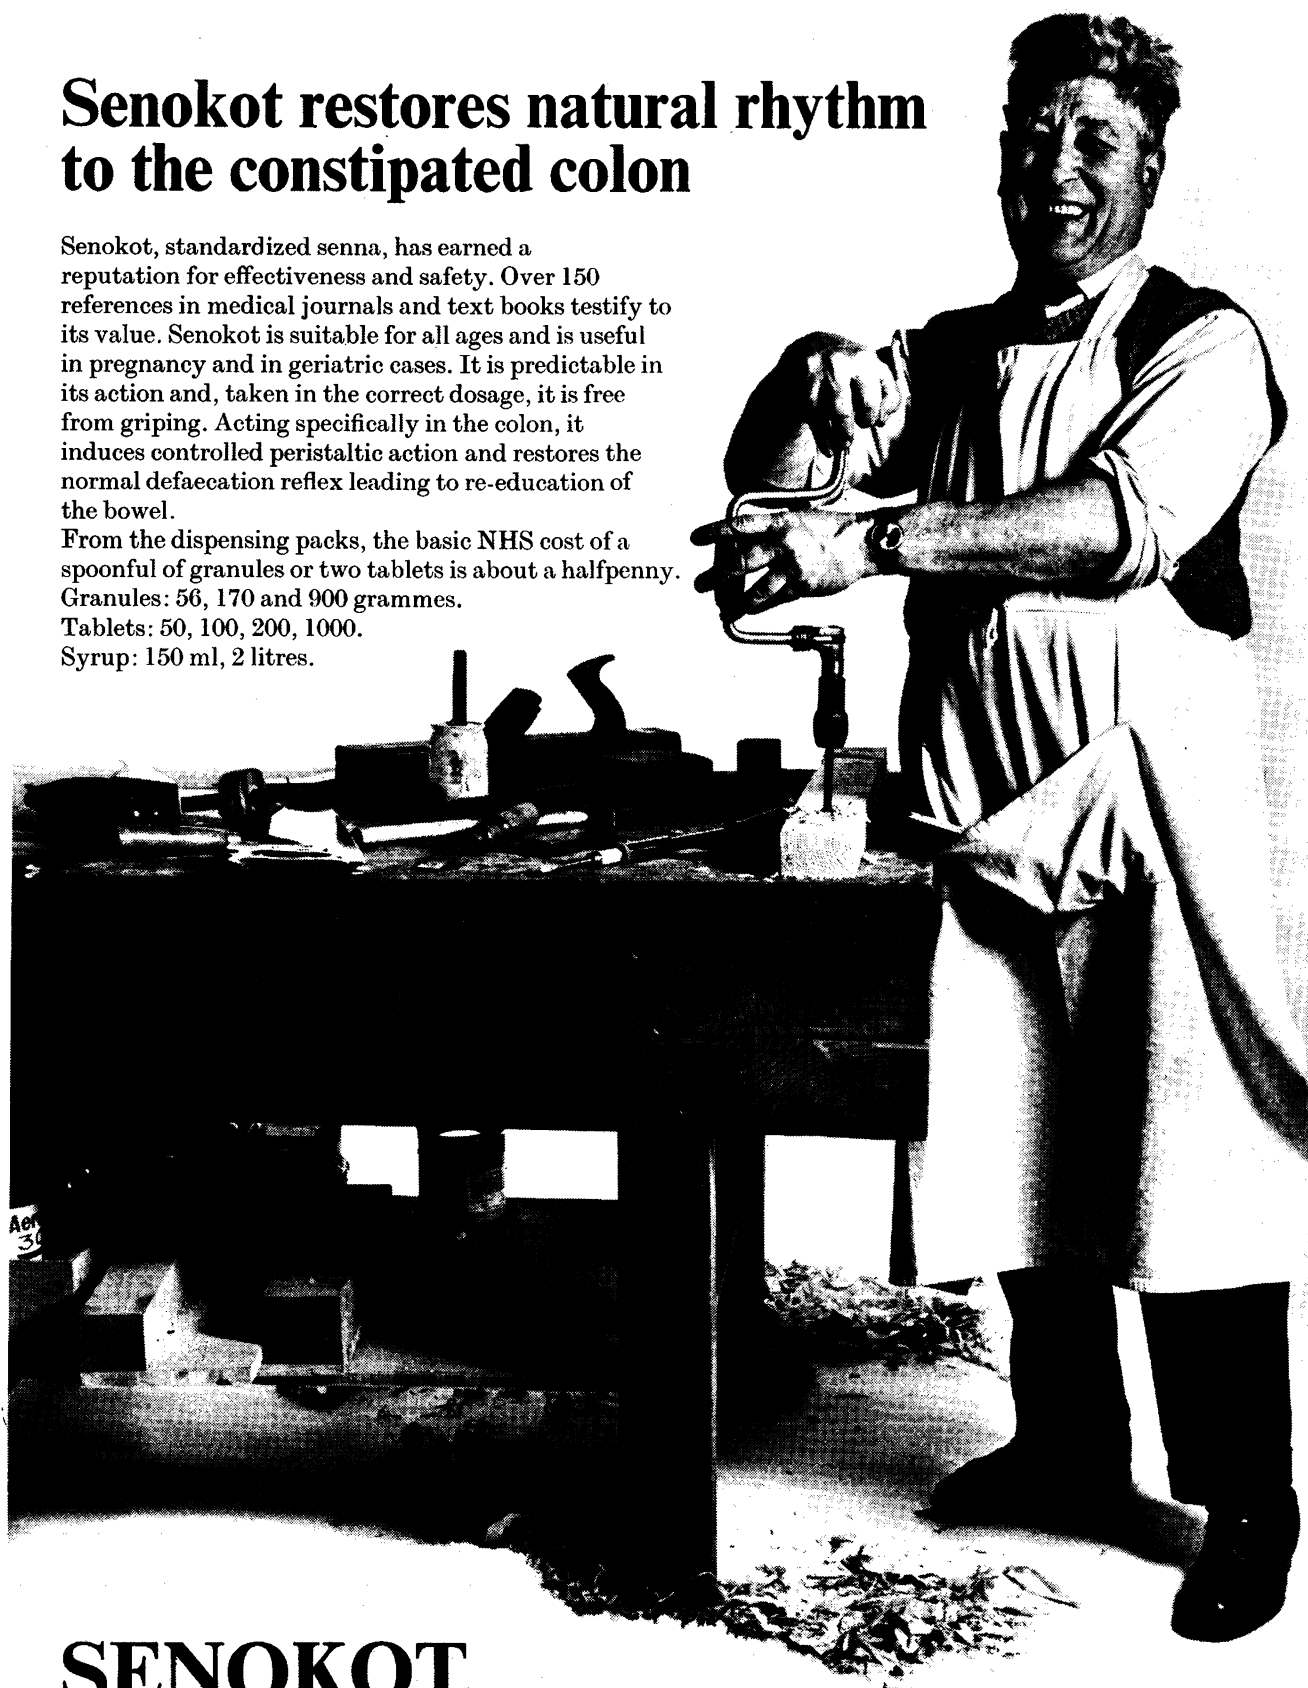

Senokot, standardized senna, has earned a reputation for effectiveness and safety. Over 150 references in medical journals and text books testify to its value. Senokot is suitable for all ages and is useful in pregnancy and in geriatric cases. It is predictable in its action and, taken in the correct dosage, it is free from griping. Acting specifically in the colon, it induces controlled peristaltic action and restores the normal defaecation reflex leading to re-education of the bowel.

From the dispensing packs, the basic NHS cost of a spoonful of granules or two tablets is about a halfpenny.

Granules: 56, 170 and 900 grammes.

Tablets: 50, 100, 200, 1000.

Syrup: 150 ml, 2 litres.

SENOKOT Regd.
STANDARDIZED SENNA

Westminster Laboratories Limited, Hull, Yorkshire

In angina pectoris Inderal conserves cardiac energy -slows the heart, not the man.

'Inderal' gives the patient a new degree of freedom from pain, improved exercise capacity and a chance to live a more normal life. Because it protects the heart against excessive sympathetic stimulation, the pulse rate and cardiac work load are reduced. The myocardium requires less oxygen which can

now be supplied more adequately by the impaired coronary blood flow.

'Inderal' has already been the subject of more than 1,500 international publications. Four years' clinical experience and controlled trials throughout the world have established that some 80% of anginal

patients derive real benefit from 'Inderal'.

'Inderal' depends for its effect on a specific pharmacological action.

Before using 'Inderal' it is important that doctors read the detailed literature for information on dosage, precautions and contra-indications.

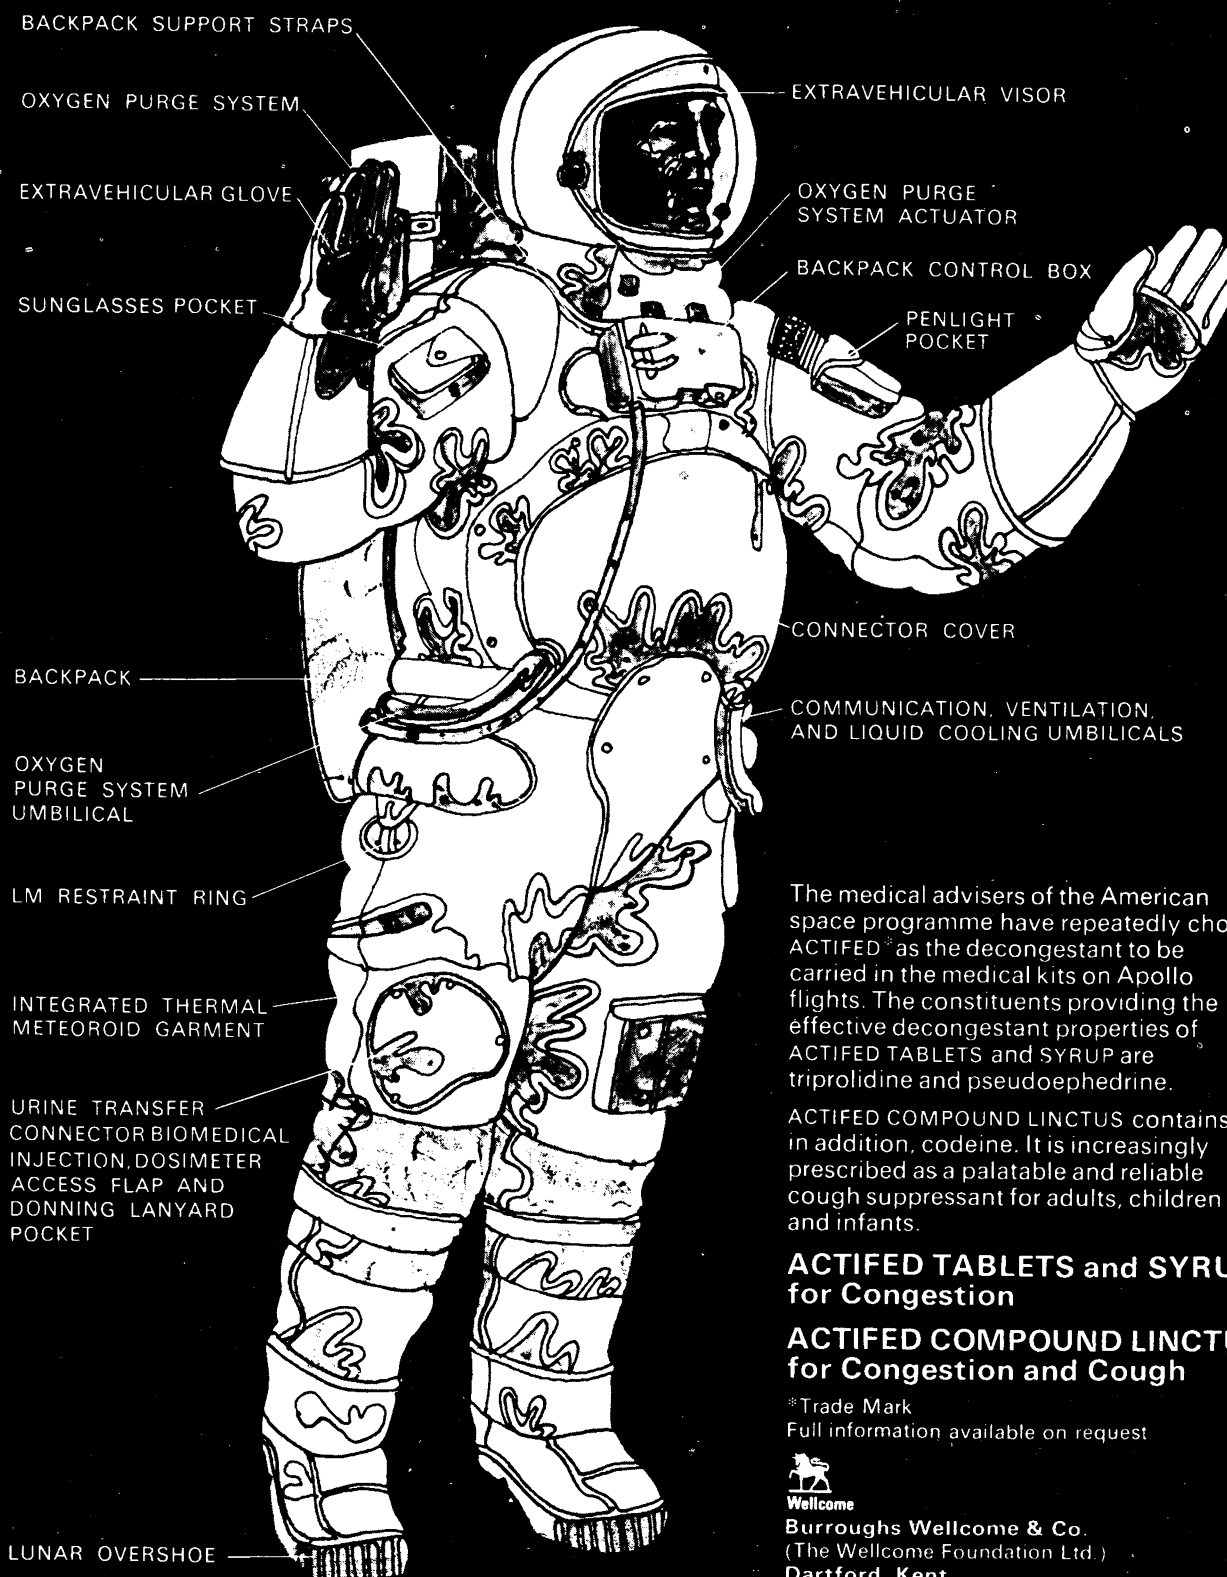

Please ask for full information.

CORTROSYN DEPOT— for anti-inflammatory therapy with reduced risk and increased control

Cortrosyn Depot, the synthetic successor to natural A.C.T.H., is a suspension of tetracosactrin adsorbed on a zinc hydroxide carrier for *measured* duration of activity. Tetracosactrin is a synthetic polypeptide comprising the first 24 amino acids of natural human A.C.T.H.

Advantages over corticosteroids

Normal functioning of body's defences against toxins, stress, shock and allergies.

No difficulty in withdrawing treatment.

No risk of adrenal suppression.

Less gastric irritation.

Minimal catabolism

No stunting of growth in children.

Advantages over natural A.C.T.H.

Consistent potency.

Fewer hypersensitivity reactions.

The dosage can be accurately expressed in mg. instead of units.

Convenient multi-dose presentation

Cortrosyn Depot is available in :
1 mg/2ml. vials and 2 mg/2 ml. vials.

Multi-dose presentation gives great flexibility of administration.

Literature and samples on request.

Organon Laboratories Ltd · Crown House · Morden · Surrey

Folic Acid Deficiency in Pregnancy

It is now established that the body stores of folic acid decrease throughout pregnancy and may lead to megaloblastic anaemia, a common complication in the third trimester.^{1,2}

In addition to routine oral iron therapy, it is recommended that prophylactic administration of folic acid should be started in the early stages of pregnancy, preferably incorporated with the iron in a single tablet.³

PLESMET F.A. Tablets provide this facility in the most appropriate dosage combination and present advantages in convenience for the patient, together with economy both in dosage and cost of prescribing.

The dietary treatment of metabolic disorders

Automatic Amino Acid Analyser
by kind permission of
Technicon Instruments Co. Ltd.

The dietary treatment of metabolic disorders in infancy and allied conditions is aided by Trufood's extensive range of readily available synthetic and modified foods. Nearly 50 years' specialised experience of making foods for babies, combined with continuous and intensive research into their preparation, has enabled us to provide such trusted products as:

Minafen—
for the dietary treatment of phenylketonuria

HF (2)—
for the dietary treatment of histidinaemia

LPT (1) and LPTM (2)
for the dietary treatment of tyrosinosis

Galactomin — three formulae
No. 17 — for the dietary treatment of galactosaemia and lactose intolerance — No. 18 with reduced fat — No. 19 with fructose as the sole carbohydrate.

Edosol—
for low sodium diets

Locasol—
for the dietary treatment of hypercalcaemia

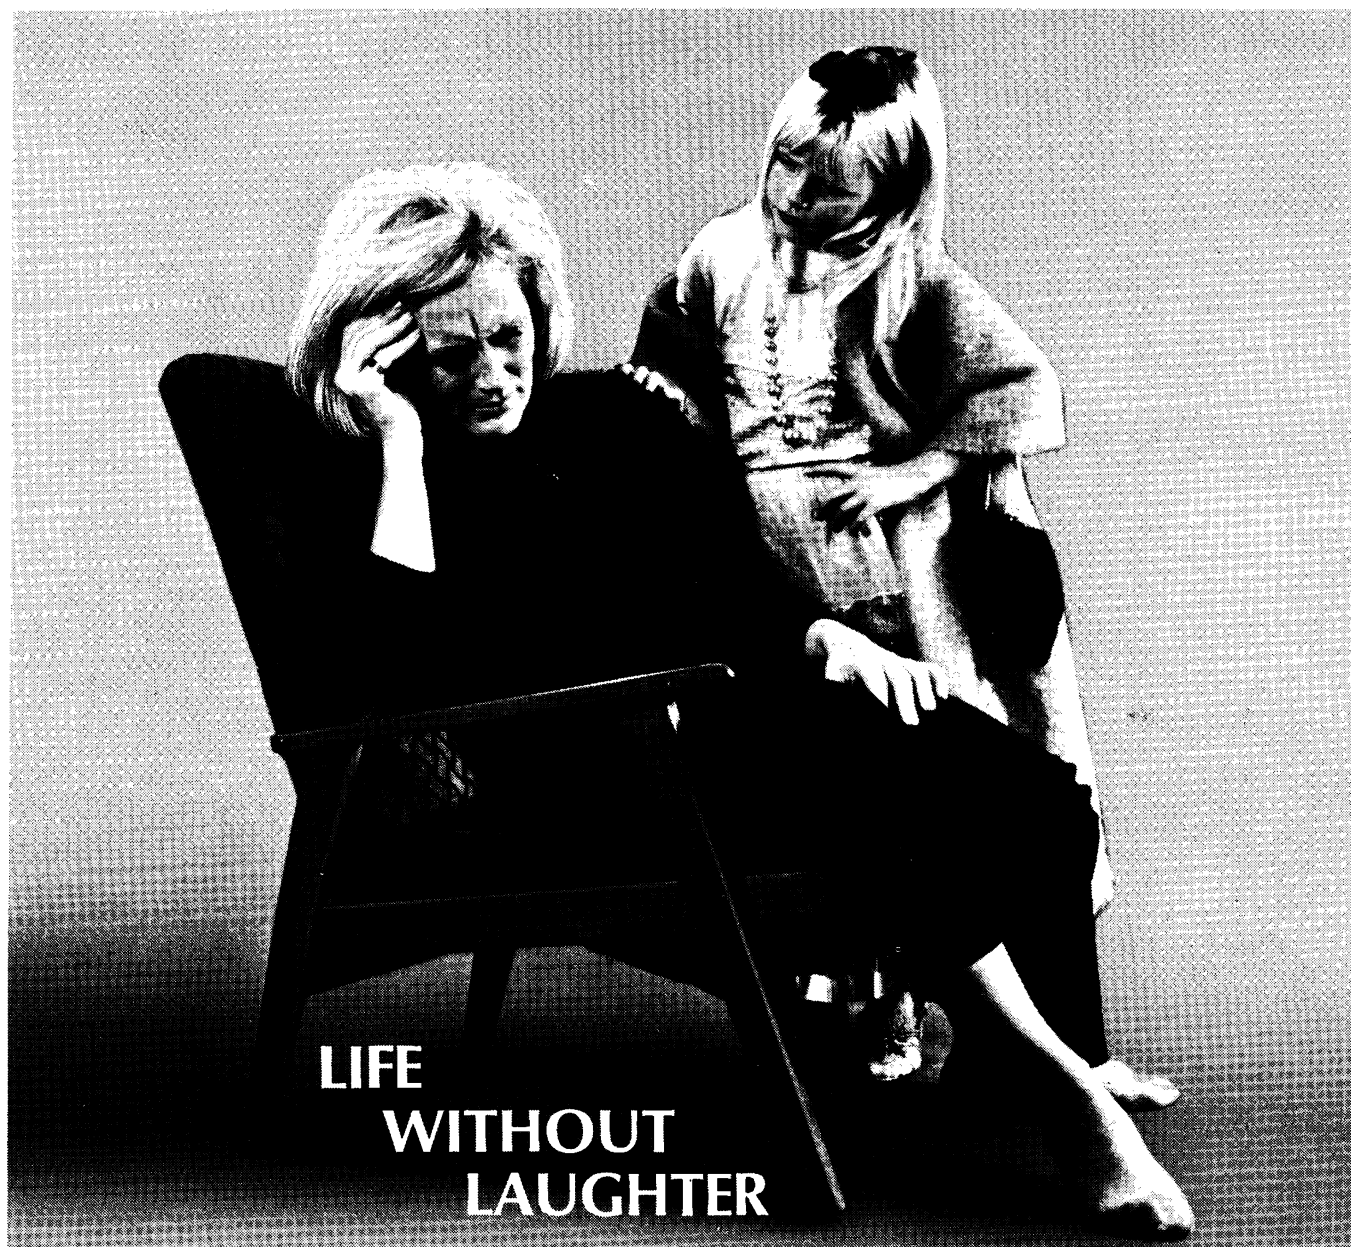

Himaizol—
for the dietary treatment of hypercholesterolaemia
And—for normal babies—TRUFOOD baby milk.

We will be pleased to share our skill and knowledge with you if you have any problems involving special diets, especially if they are for babies.

Fats in a healthy diet

Diet is believed to be one of a number of important factors contributing to coronary disease. Fats, particularly animal fats, are one of the critical diet factors in this respect.

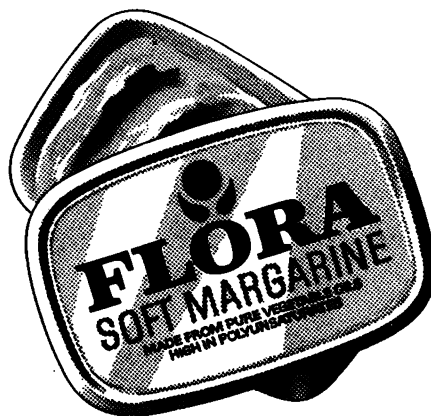

A doctor may therefore wish to recommend changes to help correct the balance of the diet. It is thought that not more than 40% of calorie intake should be in the form of fats, and that the highest possible proportion of these fats should be polyunsaturated.

The earlier in life such a diet is begun, the more beneficial it is thought to be.

The pure, selected vegetable oils in Flora margarine give it a very high content of polyunsaturates which fit it admirably to a regime of this character. And the very acceptable palatability of New, soft Flora makes it a part of the diet that is easy to keep to.

*NEW, SOFTER FLORA

**New Flora vegetable margarine contains 50% of polyunsaturates (natural cis-cis linoleic), ratio of polyunsaturates to saturates 2:1.*

New Flora will be available in all areas by the end of February 1970.

Years of practice can point in a very specific way

In certain cases of common infection, ENT, upper respiratory tract, skin and soft tissue, you know that an antibiotic is needed. You look for a treatment that is effective and reliable. One which is pleasant and easy for the patient to take.

That's when it points to Broxil.

Broxil works. In practice, patients do seem to get better quicker with Broxil. Broxil has an excellent safety record. All you ever need do is take the normal penicillin precautions.

For ENT, upper respiratory tract, skin and soft tissue infections, Broxil has an outstanding record for effectiveness over ten years of practice.

Broxil works in practice

Full information is available on request

Broxil* (phenethicillin) is a product of British research at

Beecham Research Laboratories Brentford, England,
originators of the new penicillins

EDUCATIONAL

BRITISH POSTGRADUATE
MEDICAL FEDERATION
(University of London)

A series of evening lectures in Pathology, suitable for candidates for the Final MRCP exam, will be held from April to October 1970 (excluding August) on Mondays, Wednesdays and Fridays from 5.30 to 8.0 p.m. at the Institute of Child Health (Mondays and Wednesdays) and the Institute of Neurology (Fridays). In the main, speakers will be on the staff of the specialist hospitals of the Federation and the programme will cover a wide range of pathological topics including histopathology, microbiology, chemical pathology and blood transfusion, and topics of general pathological interest such as cyto-genetics.

Fees, which those attending may reclaim from their employing authorities, will be charged at the rate of £1 for two sessions, with reductions for those attending one complete section of the series. Further details, programme and enrolment forms may be obtained from the Central Office of the British Postgraduate Medical Federation, 14 Millman Mews, London, W.C.1. (14482-2)

BRITISH POSTGRADUATE
MEDICAL FEDERATION
(University of London)

GENERAL PRACTICE TRAINING POSTS

NORTHERN REGIONAL HOSPITAL BOARD (Scotland)

The Northern Regional Hospital Board (Scotland) invites applications for a post under the Combined Training Scheme in Hospital and General Practice. The Trainee's time during the two year tenure of the post is divided equally between hospital work and general practice.

The post is non-resident. The salary range is £1,680-£2,120 p.a. and will be placed on the scale determined by previous experience and an increment of £110 in the second year.

Candidates should apply by February 23, 1970, on forms obtainable from the Senior Administrative Medical Officer, Northern Regional Hospital Board, Reay House, 17 Old Edinburgh Road, Inverness, by whom further particulars will be supplied on request. (H6838-11)

UNIVERSITY AND RESEARCH APPOINTMENTS

(see also OVERSEA)

BEIT MEMORIAL FELLOWSHIPS FOR MEDICAL RESEARCH, 1970

Notice is hereby given that an election of Junior Fellows to begin work on October 1 next will take place in May, 1970. Junior Fellowships have annual values of £1,425 p.a. £1,800 per annum plus £125 yearly increments for three years. As a rule super-annuation benefits are provided to which the successful candidate will be required to contribute 5% of the annual stipend, and to which the Trust will make a contribution of 10%. Candidates must have taken a degree in a faculty of a university approved by the Trustees in Her Majesty's Dominions, Protectorates and Mandated Territories, India, Pakistan and the Republic of Ireland and the United Kingdom, or a medical diploma registrable in the United Kingdom. Elections to Junior Fellowships are rarely made above the age of 35 years. Applications from candidates must be received not later than March 20, 1970. Candidates must submit evidence that they can be given accommodation in the departments where they propose to work, which must be in Great Britain or Ireland.

Forms of application and all information may be obtained by letter only, addressed to Professor W. G. Spector, Pathology Department, St. Bartholomew's Hospital, London E.C.4. For overseas candidates forms of application may be obtained from the Secretary, South African Medical Council, P.O. Box 205, Pretoria, South Africa; the Ministry of Health, the Government of India, New Delhi, India; the Government of East Pakistan, Eden Buildings, Ramna, Dacca, East Pakistan; the Secretary, Department of Education and Science, P.O. Box 826, Canberra City, C.T. 2601, Australia; the Department of Health, Wellington, New Zealand; and the Canadian Medical Association, 244 St. George Street, Toronto, Canada. (13111)

(14531-14-1)

COMMERCIAL APPOINTMENTS—See also page xxv

E. MERCK* Darmstadt

CLINICAL RESEARCH IN THE U.K.

The Medical Research Director wishes to appoint a suitably qualified lady or gentleman of the medical profession to be responsible for the clinical work of the Department in the United Kingdom.

Within the Company, the Medical Research Department is engaged in clinical, pharmacological and toxicological research at various centres on the Continent.

The work will principally involve arranging the clinical assessment of new therapeutic substances and ideas. It is foreseen that the volume of work will necessitate the appointment of a further clinician within a short period.

Terms of service will be mutually agreed within generous limits.

Applications should be addressed to:

Dr. med. W. J. Bludau,
Box 1328 -16 B.M.J.

*Founded in the year 1827

**THE NUFFIELD FOUNDATION
FOOD SAFETY RESEARCH TRAINING
SCHOLARSHIPS**

(Food Toxicology—the biological effects of the chemical and physical treatment of food)

The Nuffield Foundation offers annually up to five scholarships for science graduates and three scholarships for medical or veterinary graduates, to help advance fundamental research into the human biological effects of the chemical and physical treatment of food. The awards, tenable for periods of up to four years, are intended to provide research experience to Ph.D. level, together with formal training in selected subjects, with special reference to pathology, toxicology, biochemistry, bacteriology or pharmacology. The value of the awards will be fixed according to age, qualifications and experience, and can be supplemented by the amount of fees, marriage and child allowances, and in appropriate cases, research expenses. The scholarships are open to men and women holders of a science, medical or veterinary degree of a U.K. or other Commonwealth university.

Applications should be submitted by March 1, 1970. Further particulars and forms of application are available from the Nuffield Foundation, Nuffield Lodge, Regent's Park, London N.W.1.

Industrial Medical Officer

An additional medical officer is required by Michelin to assist in expansion of the already well established occupational health service at the Company's U.K. headquarters at Stoke-on-Trent. He will be responsible to the Head of the Factory Medical Department for the maintenance and development of the medical services at the Stoke-on-Trent factory and offices where a well equipped medical centre, shortly to be enlarged, caters for over 8,000 employees. This post is likely to interest a practitioner within the 30-40 age range, who has either experience of or a direct interest in, this

field of occupational medicine. Remuneration will be at least commensurate with the BMA recommended scales for industrial medical officers. Assistance with housing and removal is available. Those seeking further information or wishing to be considered for this vacancy should write to D. C. Jeffrey, Recruitment Manager, Michelin Tyre Co Ltd, Stoke-on-Trent, ST4 4EY quoting IMOX/BMJ as a reference and giving brief details of experience and qualifications.

Applications should be sent at once if no closing date is given. Canvassing disqualifies (Statutory Instrument, 1966, No. 569).

SALARY SCALES OF HOSPITAL MEDICAL STAFF

Following the Tenth Report of the Review Body, new salary scales have been approved. These came into force on January 1, 1969. The scales are set out below:

HOUSE OFFICERS: Each post in this grade shall be tenable for six months. £1,250 per annum for the posts held during the first year; £1,350 per annum for posts held during the second year; £1,450 per annum for posts held during the third and subsequent years, subject to full registration.

Deductions of £165 per annum in respect of lodging only for voluntary residence.

SENIOR HOUSE OFFICERS: £1,570 per annum in the first year; £1,680 per annum in the second year; £1,790 per annum in the third or subsequent years.

Deductions of £195 per annum in respect of lodging only for voluntary residence.

REGISTRARS: £1,790 per annum, rising by three annual increments of £110 and a further increment of £100 to a maximum of £2,220.

Deductions of £195 per annum for those with remuneration at the first point on the scale, and £225 per annum for those on the second and subsequent points will be made in respect of lodging only for voluntary residence.

On assimilation to the scale for Registrars, one increment and one only shall be given for any year or part of a year in excess of two spent previously in the senior house officer grade.

Allowances at rates up to £140 per annum shall be payable to house officers, senior house officers and registrars occupying posts approved for such allowances in peripheral hospitals.

SENIOR REGISTRARS: £2,120 per annum rising by one increment of £100 and four further annual increments of £135 to £2,760.

Deductions of £250 per annum in respect of lodging only for voluntary residence.

On assimilation to the salary scale for senior registrars, increments to a maximum of two shall be given for each year or part of a year in excess of three spent previously in the registrar grade.

MEDICAL ASSISTANTS: £2,100 per annum rising by one annual increment of £120, by another three annual increments of £130 and by a further ten annual increments of £120 to a maximum of £3,810.

Deductions of £250 per annum in respect of lodging only for voluntary residence.

CONSULTANTS: £3,470 per annum rising by eight annual increments of £200 and one further increment of £205 to a maximum of £5,275.

Deductions of £390 per annum in respect of lodging only for voluntary residence.

COMPULSORY RESIDENCE: The Terms and Conditions of Service of Hospital Medical and Dental Staff state:

173. A practitioner who is required as a condition of his appointment to reside in a hospital shall be provided with lodging without charge, except where the practitioner elects to occupy a house, flat or apartment for which a rental is appropriate.

All National Health Service hospital appointments are in accordance with the Terms and Conditions of Service of Hospital Medical Staff. Memoranda on the following subjects of particular interest have been issued by the Ministry of Health: Standard of Residential Accommodation, Telephone Charges, Removal Allowances, Study Leave.

Further details may be obtained from the Hospital Secretary, or B.M.A. members may obtain summaries of the Memoranda or explanatory handouts from the Secretary, British Medical Association. (August 1969)

Orthopaedics and accident 8 posts
Paediatrics 8 posts
Geriatric Medicine 1 post
Infectious Diseases 1 post

The post fall vacant between July 1, 1970
and August 1, 1970.

Applicants will be sent a form listing all
posts and invited to indicate their choice and
order of preference. Appointments will be
made by computer match between the degrees
of preference shown by the candidate and by
the hospital, to which equal weight will be
given. Applicants may correspond with or
visit the hospitals for whose posts they in-
tend to apply.

Forms of application can be obtained from
the Senior Administrative Medical Officer,
Newcastle Regional Hospital Board, Benfield
Road, Newcastle upon Tyne NE6 4PJ, and
must be returned to him, fully completed,
by February 28, 1970.

Unsuccessful candidates will be notified by
May 3, 1970 at the latest; in most cases well
before this date. Successful candidates must
be prepared to accept any post among those
in which they have recorded an interest.
(27448-32-9)

London Borough of Southwark Health Department

MEDICAL OFFICERS

(Joint appointment with the Inner London Education Authority)

Departmental Medical Officers (full-time)

Applications are invited from registered Medical Practitioners for appointment to post of Medical Officer in this progressive Health Department. (Borough population 293,120.) Successful candidates will be given every opportunity of gaining experience in all clinical and administrative aspects of the work of the department and encouragement will be given to the pursuit of individual interests relevant to this work. Suitable candidates may be considered for secondment on full pay, after an initial period of service, to a course for the Diploma in Public Health. **Salary**—As prescribed by the Medical Whitley Council for the Health Services—£1,940-£2,610 inclusive.

Application forms and further details from the Medical Officer of Health, Castle House, 2 Walworth Road, S.E.1. Tel. No. 703 6363, Ext. 341. Ref: (BMJ/8/1629). Closing date 13 February, 1970. (14519-56)

RENFREW COUNTY COUNCIL

Deputy County Medical Officer of Health

Applicants should be suitably qualified and experienced medical practitioners in possession of the D.P.H.

The post ensures full participation in all aspects of public health administration including planning and organisation for the future.

The salary will be on the scale £3,185-3465 (which includes a joint appointment allowance of £150) per annum with an allowance for the use of a car.

Applications, with the names of two referees to the County Clerk, P.O. Box 12, Paisley, immediately.

Further information regarding the post may be obtained from the County Medical Officer, 16 Back Sneddon Street, Paisley.

COUNTY COUNCIL OF THE COUNTY OF STIRLING MEDICAL OFFICER IN DEPARTMENT

Applications are invited from registered medical practitioners for the post of medical officer in department.

Duties will be mainly in child welfare, school health, pre-symptomatic screening services and health education, much of the work of which is conducted in Health Centres, multi-purpose clinics and schools throughout the County. The successful applicant will also have the opportunity of becoming familiar with other aspects of public health work. Possession of either the D.P.H. or D.C.H. would be an advantage but is not essential.

For suitable applicants without the D.P.H. consideration may be given to leave of absence at minimum salary to attend a Diploma Course following an initial period of service.

Whitley Council Conditions of Service; Salary Scale—£1,850-£2,520 with appropriate placing. Car allowance. The appointment is superannuable and subject to medical examination.

Forms of application may be obtained from the undersigned to whom they should be returned not later than Friday, February 13, 1970.

JAMES D. KENNEDY
County Clerk.

County Offices,
Viewforth,
Stirling.

(14629-56)

HUYTON-WITH-ROBY URBAN DISTRICT COUNCIL Health Department

MEDICAL OFFICER (Departmental)

Applications are invited from Registered Medical Practitioners for the above-mentioned post.

Duties are in connection with the School Health and Maternity and Child Welfare Services. Possession of the D.P.H. or D.C.H. would be an advantage.

The Council has delegated powers in respect of Health, Welfare and School Health from the Lancashire County Council.

The salary scale is £1,850 to £2,520 per annum. Car allowance and assisted car purchase scheme in accordance with the County scale.

The post is superannuable and subject to a satisfactory medical examination.

Application forms available from the Medical Officer of Health, 14/16 Westmorland Road, Huyton, Nr. Liverpool, should be returned as soon as possible. (14487-56)

LANCASHIRE COUNTY COUNCIL

MEDICAL OFFICER (Departmental)

Applications are invited from registered medical practitioners for vacancies which exist in the following areas:

- (a) Widnes (d) Litherland
- (b) Fleetwood (e) Royton & Crompton
- (c) Kirkby (f) Middleton

Salary scale £1,850-£2,520 per annum, commencing point according to experience.

The County Council has a generous scheme of financial assistance towards study for the Diploma in Public Health.

Medical Officers are classified as car users and subsistence allowances are payable where appropriate. An assisted car purchase scheme is in operation.

Further details and application forms obtainable from the County Medical Officer of Health, Serial No. 7248 East Cliff County Offices, Preston, PR1 3JN. Closing date February 17, 1970. (14488-56)

CITY OF CARDIFF PUBLIC HEALTH DEPARTMENT MEDICAL OFFICER

Applications are invited from registered medical practitioners for the appointment of MEDICAL OFFICER. The successful applicant will be employed principally in the School Health Service, but will also undertake duties in the Maternity and Child Health Service. An interest in eye refracting and E.N.T. work will be an advantage.

Salary in accordance with recommendations of the Whitley Council £1,850-£2,520 p.a. Previous professional experience will be taken into account in determining the commencing salary.

Application forms obtainable from the Establishment Officer, City Hall, Cardiff, should be returned as soon as possible.

S. Tapper Jones,
Town Clerk.
(H6835-56)

COUNTY BOROUGH OF TEESSIDE HEALTH DEPARTMENT MEDICAL OFFICER IN DEPARTMENT

Applications are invited for two posts of MEDICAL OFFICER IN DEPARTMENT. Teesside County Borough is a new Authority with a population of some 400,000. While the successful applicants will be expected to carry out the traditional duties of the Maternal and Child Welfare and School Health Services, every opportunity and encouragement will be given to doctors who wish to obtain specialized training and experience, particularly in the assessment of physically and mentally handicapped children. The Health Department is actively fostering the concept of community medical care in Teesside. Local Authority Medical Officers will act as members of a team comprising all branches of the Health Service. There will be occasional Port Health duties.

Salary will be within the Scale £1,850-£2,520 but the commencing salary will in no case be less than £2,170. Financial assistance towards training for the Diploma in Public Health might be available. Essential User Car Allowance and full household removal expenses are payable. Temporary housing accommodation will be provided where appropriate. An Assisted Car Purchase Scheme is in operation. Applications for part-time employment would be considered.

Further particulars and application form from the Medical Officer of Health, Health Department, P.O. Box 92, Teesside House, 108A Borough Road, Middlesbrough, Teesside, to whom they should be returned, not later than 16/2/70.

R. J. DONALDSON,
MEDICAL OFFICER OF HEALTH,
PRINCIPAL SCHOOL MEDICAL OFFICER,
PORT MEDICAL OFFICER.

(14520-56)

Salary scale £1940-£2610. Applications are invited from registered Medical Practitioners for the above-mentioned appointment. Varied clinical duties, and opportunities to gain experience in the different aspects of the work of a combined Health and Welfare Department. Assistance given towards removal expenses. Diploma in Public or Child Health an advantage.

Application forms from Medical Officer of Health, Billet Lane, Hornchurch, Essex.

SERVICES

What's in the R.A.F. for a young doctor?

Interesting out-of-the-rut medicine

The typical R.A.F. station doctor is a G.P. - with probably a lot of experience in pediatrics! He also has important responsibilities in aviation medicine, public health and industrial health. He does much more preventive work than most civilian doctors are able to do. There are wide opportunities for hospital practice - 47% of R.A.F. doctors are now working in specialist departments.

The chance to travel

You could live and work abroad, in many different conditions and climates, treating not only R.A.F. personnel and their families, but local populations. Your gain in clinical experience would be marked.

... a fair crack of the whip for the Doctor's wife

A Doctor's wife is a Doctor's *wife*. She should not also have to be his telephone-answerer, appointment-maker, dispenser and general auxiliary! In the R.A.F., these things are done by professionals: the typical R.A.F. doctor, on a typical R.A.F. station, works in a fully equipped Medical Centre, which he shares with another doctor; between them they would probably have about 12 staff—secretarial as well as nursing.

£3,000 (tax free) after 5 years

In the first case, you would probably join the R.A.F. for 5 years. If you decide to go back to civil life at the end of this time, you would take with you a tax-free honorarium of £3,000. (You might of course wish to stay on: you can apply after the first year.) Now for income: suppose you are a married man of 25, fully registered. If you were in the R.A.F., your income would be at least £2,522 p.a. The R.A.F. would probably provide you with a house, furnished right down to the last coffee-cup; for this, the rent would be £16 a month.

To find out more please write, giving your age, nationality, qualifications and date of full registration with General Medical Council, to The Directorate General of Medical Services, RAF (MA1 (RAF)), Ministry of Defence (724QS6), 1-6 Tavistock Square, London W.C.1.

**THE ROYAL WOMEN'S HOSPITAL
Melbourne, Australia****MEDICAL MICROBIOLOGIST**

Applications are invited from qualified medical practitioners specializing in microbiology for the post of Microbiologist.
The Royal Women's Hospital has just been rebuilt with 47 delivery beds, 250 post natal beds, 154 gynaecological beds and 70 neo natal cots. It is affiliated with the University of Melbourne for the teaching of obstetrics and gynaecology, and is recognized as a training hospital by the Royal College of Obstetricians and Gynaecologists and the College of Pathologists (Australia), confinements approximately 8,000 per annum.
The section of microbiology is housed in a modern Pathology building, and in an area of approximately 5,000 square feet. Some 90,000 tests are performed each year and the staff establishment is five Science graduates and nine other Laboratory personnel.

The hospital adjoins the University of Melbourne and is located one mile from the centre of the city, (which has a population of 2,000,000).

Salary will be at the ruling rate which at present is \$A8,925 to \$A12,177 according to qualifications and experience. (This is expected to be reviewed in 1970.)

Voluntary contributory superannuation equivalent to 10 per cent of salary is available.

Recreation leave four weeks per annum. By arrangement the Board of Management will meet the cost of transportation of a successful appointee from Britain and will provide temporary accommodation on arrival in Melbourne.

Applications close on March 31, 1970.

**WEST COAST HOSPITAL BOARD
Grey Hospital, Greymouth, New Zealand****WHOLE-TIME SURGEON**

Immediate applications are invited for the position of Whole-time Specialist Surgeon at Grey Hospital.

A Specialist is defined in the New Zealand Hospital Employment Regulations as a person qualified for at least eight years, and having five years practical experience in the Specialty and possessing an acceptable higher qualification (General Surgeon is accepted as a Specialty). Application will also be accepted from trained persons who will shortly with effluxion of time become Specialist staff.

The duties of this post will be capable of variation, according to the experience, qualifications and interest of the appointee.

Salary scale in range \$6,090/\$8,100 as determined by Medical Officers Grading Committee, plus Special Incentive Allowance for Hospital Medical Officers employed on the West Coast ranging from \$300-\$400.

Travelling and removal expenses may be paid.

Accommodation available with some furnishings.
Further information is available from the Secretary, West Coast Hospital Board, P.O. Box 387, Greymouth, New Zealand, to whom applications should be addressed. (14603-61-1)

**UNIVERSITY OF WESTERN AUSTRALIA
MEDICINE**

Applications for appointment as

LECTURER

in the Department of Medicine are invited from persons available to assume duty early this year. The research interests of the Department are gastroenterology, metabolism and renal disease, and preference may be given to applicants with interests in these fields. The appointee will be responsible for inpatient and outpatient care, teaching and research.

The present salary range is \$A5400-7300 p.a. plus a differential of \$A600 p.a. for clinical responsibilities. Superannuation will be similar to F.S.S.U.

Intending applicants are requested to obtain details of the procedure to be followed in applying for the post and a copy of the conditions of appointment before submitting their applications. This information is available from the Secretary-General, Association of Commonwealth Universities (Appts.), 36 Gordon Square, London, W.C.1.

Applications close on February 28, 1970.

(14544-61-1)

WELLINGTON HOSPITAL BOARD
Wellington, New Zealand

WHOLE-TIME ANAESTHETIST
Applications are invited for the above position. Applicants must either be registered in New Zealand or hold qualifications entitling them to registration in New Zealand. An appropriate higher qualification is necessary. Wellington Hospital Board is a Branch Faculty teaching centre of the University of Otago Medical School and is one of the major Boards in the country with a full range of specialties.

Conditions are in accordance with the New Zealand Hospital Employment (Medical Officers) Regulations and the salary will be within the scale for Specialists with automatic increments from \$6090-\$8100 p.a. (NZ\$2,149 equals £1 sterling approximately). Assistance may be given towards the appointee's transport expenses to New Zealand in return for an undertaking to remain in the Board's service for two years.

Applicants should obtain a copy of the Conditions of Appointment and a Form of Application from the Office of the High Commissioner for New Zealand, New Zealand House, Haymarket, London, S.W.1.

Immediate applications, preferably on the Form provided, should be forwarded to the Secretary, Wellington Hospital Board, Private Bag, Wellington, New Zealand. (14028)

BIOCHEMISTS

CHELMSFORD HOSPITAL MANAGEMENT COMMITTEE

Vacancy exists for **SENIOR or PRINCIPAL BIOCHEMIST** in the department of Pathology in Chelmsford.

Applications, giving names of two referees, to the Group Secretary, Chelmsford Hospital Management Committee, Bellefield, London Road, Chelmsford, Essex. (27464-62-2)

THE UNITED BIRMINGHAM HOSPITALS

The Queen Elizabeth Medical Centre

Applications are invited for the whole-time appointment of

BIOCHEMIST
(Top Grade with equivalent Consultant status) or

CHEMICAL PATHOLOGIST

(Consultant Grade) to the United Birmingham Hospitals, to work in association with the Professor of Clinical Chemistry at the Queen Elizabeth Hospital. The Department is well staffed and equipped and the successful candidate will be expected to take part in, and encourage, research in the Department, and in collaboration with other Departments in the Medical Centre.

A considerable amount of the workload of the laboratory is dealt with by automated methods. The laboratory has its own computer and a research programme in data processing techniques is being pursued. The primary responsibility of the successful candidate will be concerned with liaison with his clinical colleagues and supervision of those parts of the laboratory performing tests not at present associated with automatic techniques.

Application forms and further details may be obtained from the Secretary, United Birmingham Hospitals, Queen Elizabeth Hospital, Birmingham, 15, and should be returned to him by March 31 1970. (H6812-62-2)
