the most widely prescribed diuretic in clinical practice

'Frusemide thus fulfils all the criteria which are needed for the majority of conditions requiring a diuretic met with in general practice and this quality enables the practitioner to become thoroughly experienced in its use and dosage. There is no value in prescribing drugs of equal potency and suitability on different occasions for purely arbitary reasons'.

Favourite Prescriptions in General Practice The Practitioner 1967 198 35

The latest Cambridge ECG gives the finest trace quality in a portable instrument

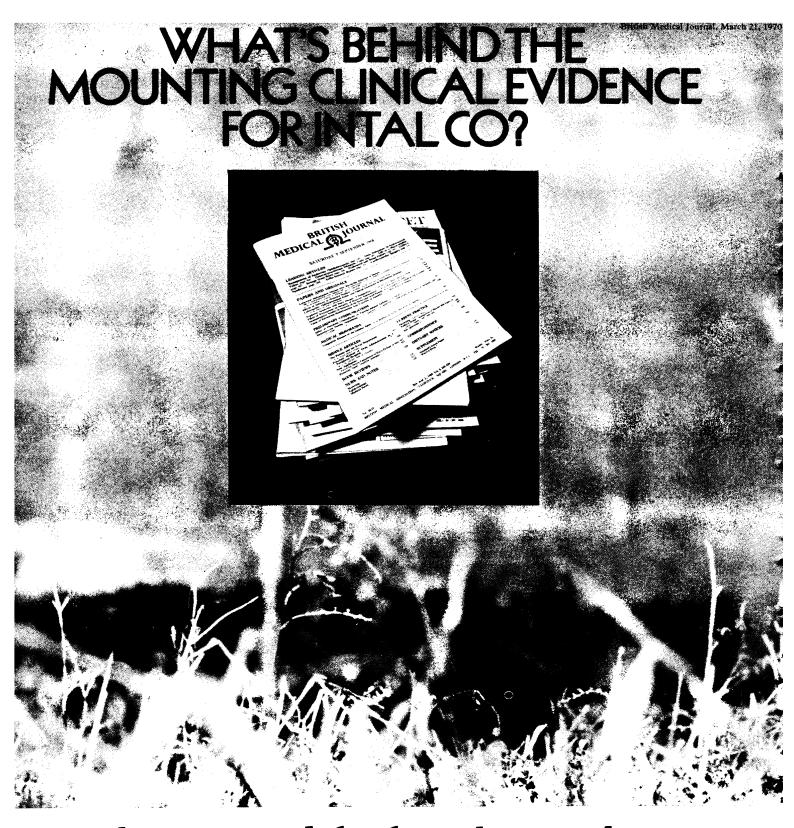

The Cambridge two-speed Transrite 4-2 is genuinely portable (weighs only 18 lbs). Fully solid-state design enables it to be used anywhere—in the consulting room, hospital ward, patient's home and outdoor emergency scene. The Transrite 4-2 operates on U2 type batteries (with a fresh set of batteries 200 acceptable tracings have been obtained) or a rechargeable power unit making it completely self-contained; yet it provides a trace of unsurpassed quality.

If you'd like to know more about the Transrite 4-2 ECG, we'll be happy to send you literature and arrange a demonstration.

Simply write or telephone us at the address below.

...a happier life for the asthmatic

Reduced chest tightness, cough, sputum production, reduced incidence of acute asthmatic attacks, and improved exercise tolerance—all factors which make for a happier and more normal life—these are the benefits that INTAL COMPOUND brings to many asthmatic patients.

Essentially a prophylactic, INTAL COMPOUND is based on disodium cromoglycate—a drug that differs in mode of action from bronchodilators, corticosteroids, and antihistamines. As well as providing both objective and subjective improvement, INTAL COMPOUND often allows significant reduction in bronchodilator and steroid dosages.

INTAL COMPOUND — Supplied in SPINCAPS (each containing 20 mg disodium cromoglycate, and 0.1 mg Isoprenaline Sulphate BP in a powder form, together with an inert carrier). For use in a special insufflator — SPINHALER.

INTAL COMPOUND

Prophylaxis in bronchial asthma

INTAL COMPOUND, SPINCAP, SPINHALER are trade marks.

Kelfizine W once a week

more convenient than the antibiotics

There can be no doubt of the reawakening of interest in the sulphonamides and in 'Kelfizine' as the most conveniently administered form.

At an international symposium in Milan last November, British doctors reported:

In bacteriuria during pregnancy

1"...of the twenty patients whose organisms were sensitive to 50 micrograms per ml. of sulfametopyrazine* or less, 16 (80 per cent) were clear of their organisms at six weeks".

2 "Of the thirteen sensitive organisms treated with sulfametopyrazine* all but one responded".

In urological surgery

"Treatment of the five sulphonamide sensitive infections with 'Kelfizine' W 2 gram weekly was successful".

*'Kelfizine'

As a Medical Cadet in the Royal Army Medical Corps, all your tuition fees are paid by the Army. In addition, you are paid £1,027 a year (£1,567 if you are married) in pay and allowances.

You can apply for a Medical Cadetship if you have passed your second MB or its equivalent, are under 25, and have a place at a medical school in the United Kingdom or Eire. If you are about to take your second MB, you may still apply; but your acceptance will be conditional on your passing the examination.

If accepted as a Medical Cadet, you are given the probationary rank of 2nd Lieutenant. On qualification, you are promoted Lieutenant, and are paid as such while you fulfil your preregistration appointment – either at a civilian hospital of your own choice, or at certain Military hospitals. After being fully registered, you are pro-

moted Captain, and take up your duties in the RAMC.

Your obligation is then for five years of service on a Short Service Commission. During those five years, you will have a good chance of travel, make many friends, have ample leave (six weeks' paid leave a year, with a locum provided by the Army). During that period you can, if you like, apply for a Regular Commission. Or you can leave the Army for civilian practice, the richer for some valuable experience of General Practice – and for a tax-free gratuity of up to £2,600 according to period of cadetship.

For further information about Medical Cadetships, or to arrange a meeting with an RAMC Officer to answer any questions you may have, write to:

Colonel E. L. O. Hood, MB, Ministry of Defence (AMD2), Dept. 424, Lansdowne House, Berkeley Square, London, W1X 6AA.

Piriton relieves the symptoms of hay fover-fast. And with minimal side effects.

Piriton Spandets are a unique formulation. They maintain their action for up to twelve hours. Piriton is immediately released from the yellow layer and gradually from the matrix in the white layer. Just one Spandet in the morning and one at night give predictable, continuous antihiese

mine therapy.

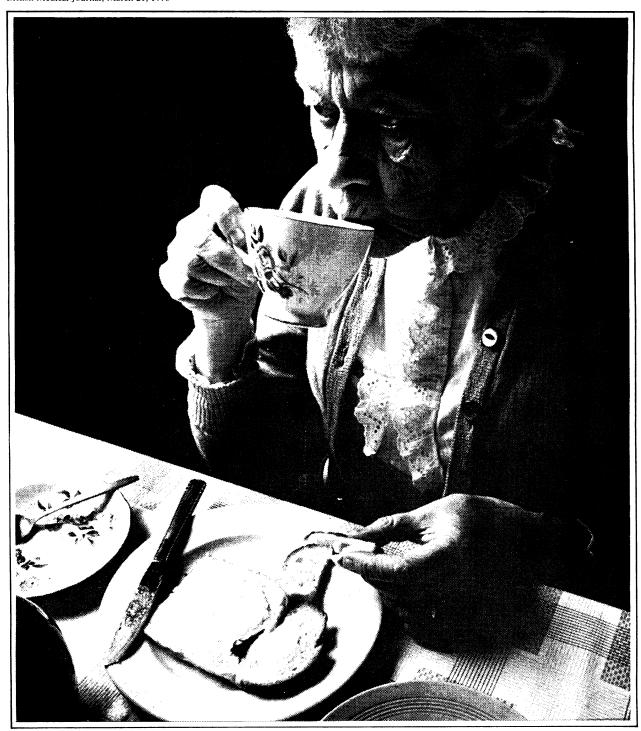

Each Pinton Spandet contains chlorpheniramine maleate BP 12mg.

Plane Tablets are available for routine therapy. tablet contains chlorpheniramine maleste

of Syrup containing chlorpheniramine is BP 4mg in each 10 ml dose and Pirtion or containing chlorpheniramine malesto at 2ml are also available.

Intermettion is available on request.

'very clear reasons' for using Septrin in urinary tract infections

Abstracted from a Leading Article, Brit med J, (1969) 1, 525.†

- Trimethoprim not only attains therapeutic tissue levels, but is excreted unchanged in high concentration in the urine.
- All Gram-negative bacilli occurring in the urine, except Pseudomonas aeruginosa, are usually highly sensitive to it.
- Its minimum inhibitory concentration is extremely low.
- Trimethoprim and a sulphonamide, by blocking successive stages in the same bacterial metabolic process, exert a strong synergic effect, and this action is bactericidal. *Trade Mark

...but where it's a problem, FENTAZIN calms without dulling mental acuity

Some people can accept, or even enjoy, a high degree of tension in their lives, but others respond with severe anxiety or agitation when faced with much less challenging situations.

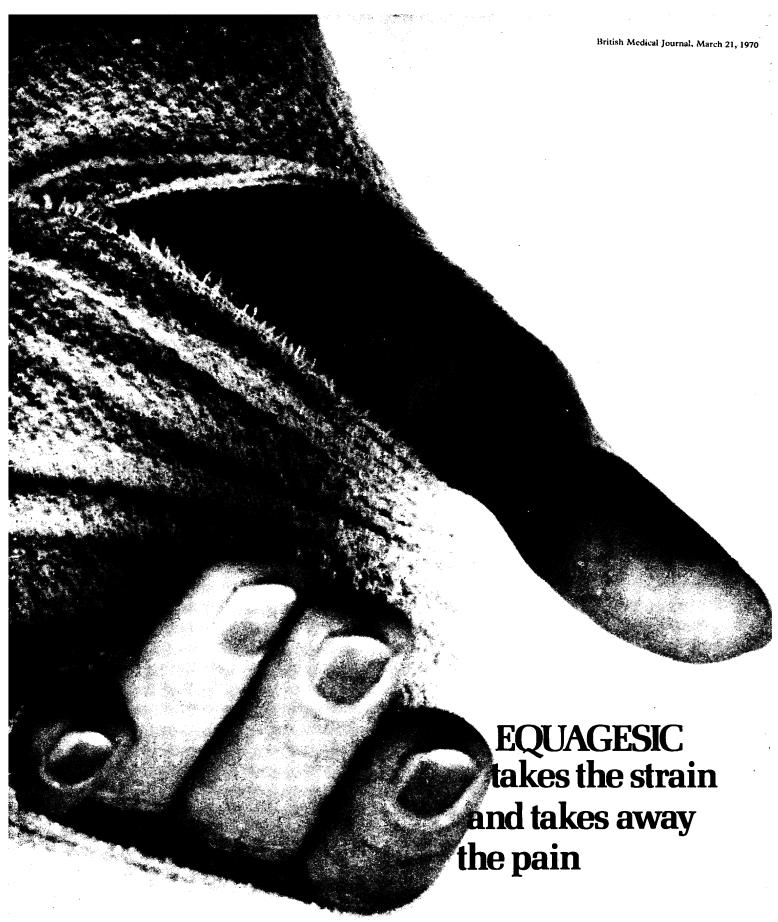

In patients suffering from severe tension and anxiety, particularly where agitation is present, FENTAZIN—perphenazine BP—has been proved over many years to be an efficient tranquilliser which seldom causes sedation or interferes with mental acuity.

FENTAZIN – the ideal tranquilliser in severe anxiety or agitation.

Full information is available on request.

Fentazin is a Trade Mark of ALLEN & HANBURYS LIMITED LONDON E2

Musculo-skeletal pain and stiffness are more rapidly relieved by EQUAGESIC* than by any simple analgesic alone. The action of EQUAGESIC is twofold; it soothes away pain through the enhanced effects of ethoheptazine plus aspirin while easing muscular and mental tension through the action of meprobamate.

Composition: Each EQUAGESIC* tablet contains ethoheptazine citrate 75 mg., Aspirin B.P. 250 mg., Meprobamate B.P. 150 mg. Calc. carbonate B.P. 75 mg. Further information is available on request. John Wyeth & Brother Limited, Taplow, Maidenhead, Berks. *trade marks*

...without trouble, and the worry of remembering tablets and bottles every few hours. The new 'Spaneph Spansule' Capsule, with the special sustained-release action, ends the inconvenience and 'peak and valley' irregularity of traditional multi-dose oral ephedrine preparations. 'Spaneph Spansule' Capsules set a new standard of simplicity in the prophylaxis of bronchospasm. Throughout the day and the night, the patient with chronic bronchitis or mild bronchial asthma will find life...

Eliminate the risk of maternal rubella

Rubella is now universally acknowledged as a major threat to women because of its disastrous consequences in pregnancy. The sequelae of maternal rubella include foetal death, eye defects, cardiac anomalies, hearing loss, and mental retardation.

The only sure defence is active immunity. 'Cendevax', the first rubella vaccine, now makes this possible.

A single dose of 'Cendevax' provides safe, effective protection. World-wide trials in over 100,000 subjects have produced sero-conversion rates of 95 to 100 per cent, and controlled studies have shown that vaccinated subjects do not transmit infection to susceptible contacts. Side effects with 'Cendevax' are infrequent, mild and transient.

Safeguard with Cendevax **Rubella Vaccine**

a major new advance in immunology

Smith Kline & French Laboratories Limited, Welwyn Garden City, Hertfordshire

Comprehensive literature is available on request. 'Cendevax' (live, attenuated 'Cendehill' strain) is issued in single-dose vials, with separate ampoule containing 0.5 ml, sterile diluent. Each dose of reconstituted vaccine contains the equivalent of not less than 1000 TCID50 of the MRC reference rubella vaccine, and 25 mcg. neomycin sulphate. 'Cendevax' and 'Cendehill' are trade marks, CX:PA150 col.

British Medical Journal, March 21, 1970 Caphalexin monohydrate

A broad spectrum for UTI

Clinical reports show that a satisfactory clinical response is obtained in 93% of patients with acute infections and 80% of patients with chronic infections due to frequently encountered urinary pathogens such as E. coli, Proteus mirabilis, and Klebsiella.

The usual adult dose is 250 mg every six hours. For more severe infections or those caused by less susceptible organisms, 500 mg every six hours may be needed. In appropriate cases up to 4G per day may be given.

Precautions Any patient who has demonstrated some form of allergy, particularly to drugs, should receive anti-biotics, including cephalexin, cautiously and then only when necessary. If severe reaction, individual idio-syncrasy, or allergy should occur, treatment should be discontinued.

The safety of cephalexin for use in preparation hot been established.

In patients being treated with cepturin, a plant positive reaction of Fehling's solution of with copy phate test tablets.

Adverse Reaction have been infrequent and mild. The most frequent as mild diarrhoea reported in slightly over 22 for 1230 patients studied. Nause out 1 per cent. Skin-reaction contains were control of patients and abdominal pain.

Contra-Indication 'Keflex' is contra-indicated in persons who have shown hypersensitivity to cephalosporins.

Keffex' is awailable in green and white capsules containing to he had been successful.

A broad spectrum for bronchitis

In this condition where the infection is frequently of mixed aetiology, 'Keflex' clears purulent sputum and clinical improvement has been shown in over 90% of patients studied. Susceptible organisms include Haemophilus influenzae, Streptococcus pneumoniae, and Staphylococcus aureus.

spectrum antibiotic

A broad spectrum for throat and ear infections

The spectrum of 'Keflex' covers the most common pathogens in throat and ear infections, and produced a good clinical response in **97%** of infections the majority of which were due to streptococci.

Bactericidal action Rapidly absorbed Well tolerated

Uniohin introduces

a new oral antibiotic Dalacin C

- a single 150 mg. dose of new Dalacin C provides serum levels in excess of the minimum in-vitro bactericidal concentrations for sensitive Staphylococci, Streptococci and Pheumococci
- 90% absorption even when taken with food
- peak serum levels in 45 minutes (fasting)
- serum levels in excess of minimum inhibitory concentrations for most common Gram-positive pathogens maintained for at least 6 hours with a single dose
- no serious side effects reported
- effective against penicillinase-producing Staphylococci

Supplied:

Adults: 150 mg. Capsules: Each capsule contains clindamycin hydrochloride hydrate equivalent to 150 mg, clindamycin base. Bottles of 16 and 100.

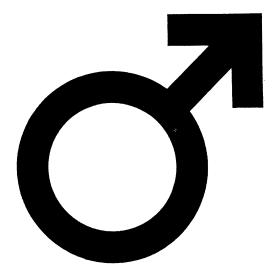

Children 75 mg. Pædiatric Capsules: Each capsule contains clindamycin hydrochloride hydrate equivalent to 75 mg. clindamycin base. Bottles of 16 and 100.

Full product information available on request.

Sustanon makes a man a man again

in body and in mind

When gonadal activity is inadequate the young or middle-aged male may demonstrate diminished genital structure, and response, to the point of impotence. Understandably the repercussions reach far beyond the purely physical – often playing havoc with the patient's psyche, marriage and career.

Every physician knows how complex is diagnosis of the condition, with the patient frequently hiding the facts not only from his doctor but from himself. Even when the diagnosis is established, therapy is not straightforward and many factors must be considered. Nevertheless with Sustanon a clear, early and sustained response may occur at all levels, physical, mental, and emotional.

Sustanon is preferable to testosterone propionate as of course no single testosterone ester provides both lengthy activity and rapid onset of action. This Sustanon does. Its prolonged activity is such that only an occasional injection is needed to maintain the required therapeutic level.

Sustanon '100'

2 weeks' activity - contains 100mg testosterone per ml:

Testosterone Propionate B.P. 20mg
Testosterone Phenylpropionate B.P. 40mg
Testosterone Isocaproate 40mg

Sustanon '250'

4 weeks' activity - contains 250mg testosterone per mi:

Testosterone Propionate B.P. 30mg
Testosterone Phenylpropionate B.P. 60mg
Testosterone Isocaproate 60mg
Testosterone Decanoate 100mg

Packs: Boxes of 3 ampoules of 1 ml in either strength. Single 1 ml Orgaject disposable syringes in either strength. Contraindication: in males, carcinoma of the prostate.

Further information available on request.

the happiest choice for your hypertensive patient-ESBATAL*

Inderal-80 brings new stability to the hypertensive patient

Smooth and gradual reduction of blood pressure. No postural or exercise hypotension. Round-the-clock control of blood pressure, even whilst supine. Effective in renal and essential hypertension. Minimal side effects. 'Inderal'-80 depends for its effect on a specific pharmacological action. Before using 'Inderal'-80, it is important

that doctors should read the detailed literature for infor-

mation on dosage, precautions and contraindications. We shall be glad to send you further information.

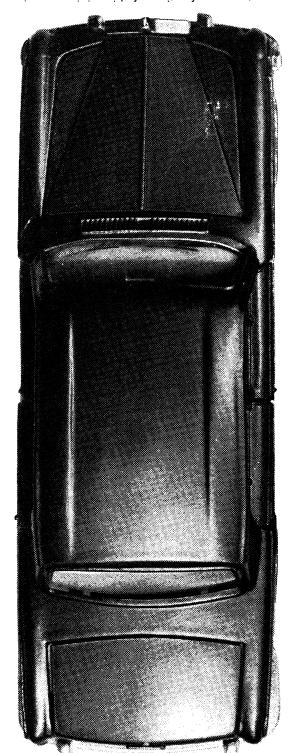

THE QUEEN'S AWARD TO INDUSTRY 1966 1967 1968 1969

Imperial Chemical Industries Ltd., Pharmaceuticals Division, Alderley Park, Macclesfield, Cheshire

If you put even a fraction of this mini-money into the Medical Sickness Group Equity Endowment you are guaranteed what the best life assurance policies give, and 90% or more of your savings will go into a stockbrokers' unit trust which aims to make your money grow very much faster than money is deflating. So you could really grow rich—a better business prospect surely?

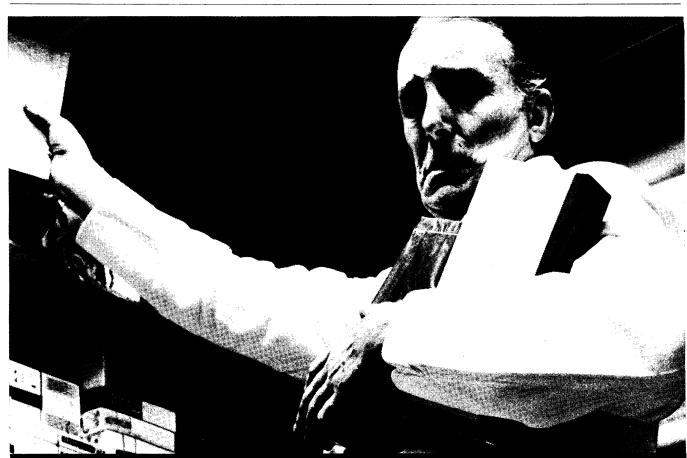

20 years ago you could have run a Rolls on £7.10.0d. a week. Today the same money hardly keeps a Mini.

Medical Sickness have just brought out a 'grow rich' policy that turns the tables on inflation.

When pain is part of the ulcer way of life

Common advice is "Slow down. Eat regular meals." Nulacin is formulated to go with this advice, from the very beginning.

Nulacin gives rapid and sustained relief from epigastric pain, since it combines a highly effective dose of antacids with milk solids, to give milk alkali drip therapy in tablet form. And the tablets have a pleasant taste: patients don't get tired of them. Good reasons why Nulacin remains so well accepted by doctor and patients alike.

AVAILABILITY: Nulacin* is presented in a convenient dispensing pack of 100 tablets, packaged in four tubes of 25.

CONTENTS: Each tablet contains: whole milk solids combined with dextrins and maltose, together with magnesium trisilicate 230 mg., heavy magnesium oxide 130 mg., calcium carbonate 130 mg., heavy magnesium carbonate 30 mg., peppermint oil q.s.

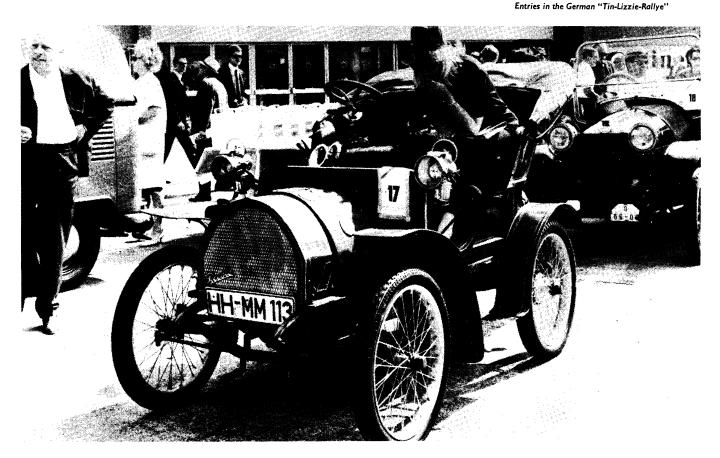

Full information available on request.

NULACIN brings rapid, long-term relief

We'll help you feel at home abroad.

We have a couple of helpful schemes for people who want to take a car abroad.

If you're about to leave Britain you can take a 'tax-free' Ford with you. And, before you go, you can run it in this country for up to 6 months. So with this in mind, we rustled up our personal Export Scheme.

But if you're coming home temporarily, you can also buy a Ford free of purchase tax. Provided you've been away at least a year. And

you return abroad again within 12 months. In this case use our Visit Europe Scheme.

Both schemes mean that Ford's personal service doesn't stop at Dover. We'll arrange to ship your car anywhere in the world. And wherever you go, you'll find a Ford service depot.

So, although you're abroad, it won't seem all that far from home.

Ford leads the way.

For information about the Ford Visit Europe or Personal Export Schemes, contact your local Ford dealer. Or write to the Showroom Manager, Dept. 17, Ford Motor Company Ltd., 88 Regent Street, London W1.

IMPERIAL GANGER RESEARCH FUND

... for private medical insurance

More and more doctors nowadays are saying 'BUPA' to their patients, because they know that BUPA brings the advantages of private treatment easily within the reach of millions. Over 1½-million people are now able to supplement their NHS rights with optional private treatment through BUPA. And it only costs about 15/- a week to cover the average family. But BUPA is much more than Britain's largest provident association—in addition to health insurance, BUPA runs a nursing agency, sponsors the creation of new 'mini-hospitals', and this summer opens a multiphasic screening centre and automated pathology laboratory. Say 'BUPA'

BUPA and you say a lot about good medicine in modern Britain.

BRITISH POSTGRADUATE MEDICAL FEDERATION Advanced Training at Post-Membership and Post-Fellowship Level

The following opportunities for advanced clinical training at the British Postgraduate Medical Federation are available under the Department of Health's Advanced Postgraduate Training Scheme. They are of two different types—formal courses with a programme of lectures and demonstrations, and individual clinical attachments.

FORMAL COURSES

The Department of Health's Scheme is designed for consultants, senior registrars and for suitable and experienced registrars at post-membership and post-fellowship level, who intend to make a permanent career in the National Health Service. It offers paid study leave, expenses, course fees and the cost of locum tenens.

The person appointed will work under the direction of the Professor of Anatomy and will be expected to take part in the teaching activities of the Department. Adequate facilities will be available for research work.

Salary on University of London Non-Clinical Salary Scales for Senior Lecturers, i.e., £2,770-£3,670 per annum plus £80 London Allowance. Membership of Federated Superannuation System for Universities (F.S.S.U.)

Applications (three copies) including the names and addresses of three referees should be sent before March 31, 1970 to Mr. W. F. Davis, Secretary, Institute of Basic Medical Sciences, Royal College of Surgeons of England, Lincoln's Inn Fields, London, W.C.2.

THE MELVILLE TRUST

Fellowships in Cancer Research

The Trustees of the above Scheme invite applications for Fellowships in Cancer Research commencing in October 1970. The initial stipend will be according to experience, in the range £900-£1,700 per annum; and funds are available for the provision of equipment and for technical assistance. A Fellowship is normally awarded for a period of two years, but thereafter may be renewed, at the discretion of the Trustees.

The research is normally to be carried out in one of the recognised clinical or scientific departments in Edinburgh and, if possible, applicants should have made prior contact with the head of the appropriate department. If this is not possible, the Trustees will endeavour to make suitable arrangements.

The research may deal with any aspect of malignant disease, and candidates need not necessarily hold a medical qualification.

Applications for Fellowships, giving details of academic qualifications and of previous scientific or research experience together with the names of three referees, should be submitted by the 15th April 1970 to the Honorary Secretary, Scientific Advisory Committee, The Melville Trust, Royal College of Surgeons, Edinburgh, EH8 9DW. qualifies (Statutory Instrument, 1966, No. 569).

SALARY SCALES OF HOSPITAL MEDICAL STAFF
Following the Tenth Report of the Review Body, new salary scales have been approved. These came into force on January 1, 1969. The scales are set out below:

HOUSE OFFICERS: Each post in this grade shall be tenable for six months. £1,250 per annum for the posts held during the first year; £1,350 per annum for posts held during the second year; £1,450 per annum for posts held during the third and subsequent years, subject to full registration.

Deductions of £165 per annum in respect of lodging only for voluntary residence.

Deductions of £105 per annum in the first year; £1,570 per annum in the first year; £1,680 per annum in the second year; £1,790 per annum in the third or subsequent years.

Deductions of £195 per annum in respect of lodging only for voluntary

residence. REGISTRARS: £1,790 per annum, rising by three annual increments of £110 and a further increment of £100 to a maximum of £2,220. Deductions of £195 per annum for those with remuneration at the first point on the scale, and £225 per annum for those on the second and subsequent points will be made in respect of lodging only for voluntary residence.

dence.

On assimilation to the scale for Registrars, one increment and one only shall be given for any year or part of a year in excess of two spent previously in the senior house officer grade.

Allowances at rates up to £140 per annum shall be payable to house officers, senior house officers and registrars occupying posts approved for such allowances in peripheral hospitals.

SENIOR REGISTRARS: £2,120 per annum rising by one increment of £100 and four further annual increments of £135 to £2,760.

Deductions of £250 per annum in respect of lodging only for voluntary residence.

residence. On assimilation to the salary scale for senior registrars, increments to a maximum of two shall be given for each year or part of a year in excess of three spent previously in the registrar grade.

MEDICAL ASSISTANTS: £2,100 per annum rising by one annual increment of £120, by another three annual increments of £130 and by a further ten annual increments of £120 to a maximum of £3,810.

Deductions of £250 per annum in respect of lodging only for voluntary

residence.

CONSULTANTS: £3,470 per annum rising by eight annual increments of £200 and one further increment of £205 to a maximum of £5,275.

Deductions of £390 per annum in respect of lodging only for voluntary

Deductions of £390 per annum in the conditions of Service of COMPULSORY RESIDENCE: The Terms and Conditions of Service of Hospital Medical and Dental Staff state:

173. A practitioner who is required as a condition of his appointment to reside in a hospital shall be provided with lodging without charge, except where the practitioner elects to occupy a house, flat or apartment for which a rental is appropriate.

All National Health Service hospital appointments are in accordance with the Terms and Conditions of Service of Hospital Medical Staff. Memoranda on the following subjects of particular interest have been issued by the Ministry of Health: Standard of Residential Accommodation, Telephone Charges, Removal Allowances, Study Leave.

Further details may be obtained from the Hospital Secretary, or B.M.A. members may obtain summaries of the Memoranda or explanatory handouts from the Secretary, British Medical Association. (August 1969)

NATIONAL HEALTH SERVICE HOSPITAL ADVISORY SERVICE

MEDICAL STAFF CONSULTANTS

Applications are invited from men and women who are fully registered as medical practitioners in the U.K. for appointment to the professional teams of the Hospital Advisory Service. This new Government Service has been set up to help improve standards of hospital care through visits to individual hospitals to be carried out by a number of teams each comprising one doctor, two nurses, one social worker and one hospital administrator. Initially the Service will concentrate on long stay hospitals. Applicants must have a thorough knowledge of the hospital service and must be Consultants (with several years' experience in that grade) in one of the clinical fields to be covered initially by the Service—mental illness subported in a support of the clinical fields to be covered initially by the Service—mental illness subported in the service of chronic such pass. illness, subnormality, geriatrics or chronic sickness.

Appointments will be made for one or, preferably two years, by arrangement, normally from medical practitioners now employed in the hospital service who will be seconded to the Hospital Advisory Service and will return to their present posts at the end of their period of secondment.

Existing salary arrangements (including increments due and scale improvements negotiated during secondment) and existing superannuation arrangements will apply. When on duty N.H.S. subsistence allowance at the higher rate of the Class 1 level and first-class N.H.S. travel allowances will be payable.

Exceptionally, medical practitioners who do not currently hold a post in the National Health Service may be appointed on the N.H.S. Consultants' scale of remuneration, for a similar period of service. Applications in writing giving details of age, experience and qualifications and the names of two referees to whom the applicant is not in any way related should be sent to:

Establishments and Organization Division, Department of Health and Social Security, Room 410, Ivybridge House, 1-5 Adam Street, London, W.C.2 by 31st March 1970. (15617)

LEEDS REGIONAL HOSPITAL BOARD

LONDON BOROUGH of HOUNSLOW Department of Health

Medical Officer of Health: R. L. LINDON, M.R.C.S., L.R.C.P., D.P.H., D.C.H.

APPOINTMENT OF **DEPARTMENTAL MEDICAL OFFICERS**

Vacancies exist for full-time and part-time medical officers in the Departmental Medical Officer Grade. Duties will be mainly concerned with child development clinics, the school health service and maternity services, although other general public health duties may be allocated by the Medical Officer of Health.

Facilities exist for in-service clinical training in the assessment of handicapped children. The Borough has a purpose-built Hearing Clinic (Audiology Unit) and a new medical unit opened for the assessment and treatment of cerebral palsied and other physically handicapped children. Medical surveillance is provided by the Department for handicapped children for four day special schools in the Borough for (i) deaf, with associated classes for partially hearing pupils in normal schools, (ii) physically handicapped, (iii) delicate/maladjusted and (iv) educationally subnormal pupils. The Department also runs two junior training schools, two special care units and two adult training centres. Additionally, various training facilities are provided for medical students and post graduate D.C.H. students. For some years the Department has routinely accepted medical students from London Teaching Hospitals for visits to the various units and services comprising

the Health Department.

Successful applicants will be placed on an appropriate point within the scale of £1,940—£2,610 a year. A lump sum car allowance is payable. A full-time assisted D.P.H. course scheme is in operation in the Borough, for whole time officers only. The appointment is permanent, pensionable and subject to medical assessment. Whitley Council Conditions apply. Preference will be given to candidates possessing either D.P.H. or D.C.H.

(Medical Officer of Health—Dr. Kennedy Campbell, M.A., M.D., LL.B., D.P.H., L.M.

DEPUTY ADMINISTRATIVE MEDICAL OFFICERS SALARY SCALE: £2,425 TO £2,980

Applications are invited for the undermentioned posts from registered medical practitioners. Doctors wishing to gain administrative experience which will equip them for posts of responsibility in the proposed now Area Health Authorities will find these positions extremely valuable. Applications will be considered from general practitioners who are attracted towards medical administration.

A. Deputy Administrative Medical Officer (General Services)

The person appointed will deputise for the Administrative Medical Officer in charge of a division of the department concerned with the control of infectious disease, epidemiology, airport health control, the ambulance service and staff health and welfare.

The developing staff health and welfare service offers an opportunity for a person with both clinical and administrative interests. Research work will be encouraged.

The person appointed will also be required to act as Deputy Medical Referee to the Blackley Crematorium, for which an additional amount of £76 13s. 4d. per annum is paid.

B. Deputy Administrative Medical Officer (Personal Health Services)

The person appointed will deputise for the Administrative Medical Officer in charge of a division of the department concerned with a wide range of personal health services, including maternal and child health, geriatrics and pre-symptomatic screening services.

For both posts a car allowance is payable, and assistance with removal expenses may be available. (Previous applications for these posts will be reconsidered.) Requests for application forms (returnable no later than 26th March, 1970) and further details of the posts should be made to the Town Clerk (O), Town Hall, Manchester, M60 2LA, indicating whether your interest is in Post A or Post B or both. (H7392)

SERVICES

Whatsin the R.A

Interesting out-of-the-rut medicine

The typical R.A.F. station doctor is a G.P. - with probably a lot of experience in pediatrics! He also has important responsibilities in aviation medicine, public health and industrial health. He does much more preventive work than most civilian doctors are able to do. There are wide opportunities for hospital practice - 47% of R.A.F. doctors are now working in specialist departments.

The chance to travel

You could live and work abroad, in many different conditions and climates, treating not only R.A.F. personnel and their families, but local populations. Your gain in clinical experience would be marked.

. . a fair crack of the whip for the Doctor's wife

A Doctor's wife is a Doctor's wife. She should not also have to be his telephone-answerer, appointment-maker, dispenser and general auxiliary! In the R.A.F., these things are done by professionals: the typical R.A.F. doctor, on a typical R.A.F. station, works in a fully equipped Medical Centre, which he shares with another doctor; between them they would probably have about 12 staff—secretarial as well as

£3,000 (tax free) after 5 years

In the first case, you would probably join the R.A.F. for 5 years. If you decide to go back to civil life at the end of this time, you would take with you a tax-free honorarium of £3,000. (You might of course wish to stay on: you can apply after the first year.) Now for income: suppose you are a married man of 25, fully registered. If you were in the R.A.F., your income would be at least £2,522 p.a. The R.A.F. would probably provide you with a house, furnished right down to the last coffee-cup; for this, the rent would be £16 a month.

To find out more please write, giving your age, nationality, qualifications and date of full registration with General Medical Council, to The Directorate General of Medical Services, RAF (MA1 (RAF)), Ministry of Defence (724QS8), 1-6 Tavistock Square, London W.C.1.

21 March 1970 ADVERTISEMENT BRITISH MEDICAL JOURNAL

JUST PUBLISHED

Trends in Clinical Pathology

Essays in Honour of Gordon Signy

It is no pious collection of personal tributes but a survey of the old and the new disciplines in clinical pathology since the second world war—research in atherosclerosis and ischaemic heart disease, progress in medical virology, microbiology and cytology, the impact of antibiotics on medical bacteriology, chemical pathology and also molecular defence, haematology in mid-century, including haemostasis and blood transfusion. The place of fibrin in the story of hyalin is another modern study, so also is that on automation. The outlook on some members of the family Enterobacteriaceae is changing, and the 'old' forensic medicine is indeed new. And those pathologists working in the under-developed countries are not forgotten. The contributors are internationally renowned.

MEDICAL PLACEMENT (Canada), Positions in general practice and the Specialties available.—Box 1941, B.M.J. 61-1

NORTH-WESTERN GENERAL HOSPITAL BURNIE, TASMANIA

Superintendent

(Chief Executive Officer)

The above post will become vacant on 1 July 1970.

The position is largely administrative but there is opportunity for a wide scope of general clinical medicine and in particular an interest in Anaesthesia, Intensive and Coronary Care would be valuable.

The hospital consists of two major divisions, situated 12 miles apart and totals 297 beds. All major acute work is done at the Burnie Division which has 150 beds and at present a fully staffed R.M.O. complement of six Residents.

The building is new, including an ultra-modern Intensive Care Unit. Facilities and working conditions are excellent. The hospital is in the centre of a thriving and expanding area and is complete in all departments.

SALARY A\$9202p.a.

TRAVELLING:

The Agent General (458/9 Strand, London W.C.2) would arrange sea or air passages for an appointee and his family travelling from the U.K.

HOUSING:

A large modern furnished house is provided, together with maintenance on the building and services (electricity, heating, etc. entirely free of charge except that such very considerable emoluments necessarily are assessed at \$780 per annum for taxation purposes).

LEAVE:

Generous leave, sick leave, long service leave, and full superannuation provisions apply.

Burnie (population town 20,000) is situated on the scenic north-west coast of Tasmania. All forms of sporting and recreational facilities are available in the area at a moderate

Please address requests for further information (including brochures, etc.) or applications (to include the names of two medical referees) to the Superintendent, North-Western General Hospital, Burnie, 7320,

Publications can be obtained from The Office of the Agent General for Tasmania. (15818)

PROVINCE OF SASKATCHEWAN, CANADA DEPARTMENT OF PUBLIC HEALTH

REGIONAL MEDICAL **HEALTH OFFICERS**

Applications are invited from medical or non-medical graduates for an appointment as Assistant Professor of an appointment as Assistant Professor of a appointment will commence on the state of the state

APPLICANT SARE ADVISED NOT TO send original testimonials when replying to advertisements. Copies will serve the purpose quite as well, and in the event of their being lost or mislaid no inconvenience will ensue.

Uverseas Development

The provision of skilled manpower is a vital element in Britain's aid to the developing countries. Your professional skills will be welcome and you will have the satisfaction of doing a challenging, responsible and worthwhile job. In addition to the emoluments quoted for the vacancies below there are usually substantial extra benefits, including terminal gratuities, family passages, paid leave, educational grants and free or subsidised accommodation. Employment will be on contract to the overseas government; in most cases superannuation rights can be preserved or maintained.

Candidates should be citizens of, and permanently resident in, the United Kingdom. They must possess medical qualifications and be eligible for full registration with the General Medical Council in the United Kingdom.

CONSULTANT (Obstetrics and Gynaecology) £3,946-4,791/Uganda

For clinical duties in obstetrics and gynaecology and to assist in the teaching of junior hospital staff. Candidates should possess the M.R.C.O.G. Emoluments quoted above include an inducement allowance, normally tax free, of £1,030—1,116. Contract 21-27 months.

MEDICAL OFFICERS £3,838-4,573/Bahamas

For general medical duties at the Princess Margaret Hospital, New Providence. Candidates must be under 50. In addition to the emoluments quoted above a 7½% cost of living allowance and a 5% housing allowance are payable. All emoluments are normally tax free. Private practice is not permitted. Contract 3 years.

MEDICAL OFFICER (Pneumoconiosis) £2,686-3,664/Zambia

To carry out medical examinations at the Pneumoconiosis Medical and Research Bureau, Kitwe, and to perform any other medical duties as required by the director. They should, preferably, have experience in chest diseases. Emoluments quoted above include an inducement allowance, normally tax free, of £684—780. An allowance of \$233 in light of preferance prescripts of \$233 in light of \$250.000 for \$250.0000. £933 in lieu of private practice is also payable. Contract

PSYCHIATRIST/ **NEUROLOGIST** £3,247/British Honduras

To take charge, as superintendent, of the Mental Hospital, Belize City. Duties include those of superintendent involving training of nurses and custodial staff, and of consultant of psychiatric and neurological conditions. Emoluments quoted above include an inducement allowance, normally tax free, of £1,072. Contract 2-3 years.

TRAINING SCHEME FOR RECENTLY QUALIFIED **DOCTORS**

In return for an undertaking to serve for at least 2 years in the developing countries the Ministry offers a course of training to recently qualified doctors approaching completion of their pre-registration year. The scheme is designed to fit them for service overseas and is attractive professionally and financially. During the training period of 12-15 months the doctor will receive a retaining fee of £220 p.a. in addition to his hospital salary.

ANAESTHETIST £2,986/St. Kitts

Required at the Joseph N France General Hospital to administer anaesthetics during normal operating sessions and whenever the need arises and to share duty on the wards with other doctors. He should possess the D.A. or higher qualification in anaesthetics. Emoluments quoted above include an inducement allowance, normally tax free of £1236

MEDICAL OFFICERS £1,676-2,522/St. Vincent

To be responsible to the Senior Medical Officer for the day to day care of the in and out patients under the supervision of the superintending medical staff at the Kingstown General Hospital. Emoluments quoted above include an inducement allowance, normally tax free, of £576—972. Private practice is not permitted but an allowance of £187—250 is paid in lieu. Contract 2-3 years.

GENERAL DUTY MEDICAL OFFICERS

Are required in Botswana, British Honduras, British Solomon Islands Protectorate, Dominica, Kenya, Malawi, Swaziland, Uganda, Zambia. Salaries vary with local living costs, but with some exceptions range from £1,650—2,900. Appointments are normally on contract for 2-3 years.

OPHTHALMOLOGIST £3,247/British Honduras

For clinical duties which include outpatient, operative and emergency ophthalmology. Candidates, male, must possess a higher diploma in ophthalmology preferably F.R.C.S. Private practice is not permitted. Contract 2 years.

MINISTRY OF OVERSEAS DEVELOPMENT

Further information about any of these vacancies may be obtained by writing briefly, stating

your age, qualifications and experience, to:

The Appointments Officer, Room 409A, Ministry of Overseas Development, Eland
House, Stag Place, London, S.W.I.

Betnovate

Betnovate Cream and Ointment Use Betnovate Cream for moist, weeping dermatoses and Ointment for dry, scaling dermatoses

A simple case for low-cost **Betnovate Ointment**

Left: atopic dermatitis on hand of professional

Right: after four weeks' treatment with Betnovate Ointment. Polythene occlusion at night, cotton gloves while working

Presentation
Betnovate Cream and Ointment (0·1% betamethasone as Also available: Betnovate Lotion; Betnovate Scalp Application;
Betnovate Rectal Ointment and Betnovate Compound
Suppositories; Betnovate-N Cream, Ointment, Lotion and Tulle; Betnovate-C Cream and Ointment; Betnovate-A Ointment.

Indications
All steroid-responsive dermatoses.

Application

Apply a small quantity once or twice daily.

Betnovate preparations are usually tolerated well but if signs of hypersensitivity appear, application should be stopped immediately. As with all topical corticosteroids, if Betnovate is used with occlusive dressings on extensive areas, or for prolonged periods, the possibility of systemic absorption should be considered. Absorption is more likely in infants and children, and may occur even in the absence of occlusion.
