BALANCED ANTACID TREATMENT

Plus anti-flatulent properties

By its dual action, Diovol restores gastric acid balance, quickly dispels flatus and relieves the pain and discomfort of gastric distension. The silicone defoaming agent infiltrates the mucoid bubbles in the stomach, causes them to burst and release the imprisoned gas.

Diovol is NOT, therefore 'just another antacid' but represents a remarkable advance in the therapy of dyspepsia and peptic ulcer, and for the dispersion of wind post-operatively—particularly after abdominal surgery.

DIOVOL

Diovol tablets and suspension

The Antacid with a Plus

Each tablet contains:—

Aluminium hydroxide and Magnesium carbonate co-dried gel	300mg.
Magnesium hydroxide	100mg.
Dimethylpolysiloxane	25mg.

Each 5ml of suspension contains:—

Aluminium hydroxide	200mg.
Magnesium hydroxide	200mg.
Dimethylpolysiloxane	25mg.
Spearmint flavoured.

A problem of the heart...

WHAT'S THE PROBLEM ?

The problem is obesity. Obesity can lead to, or worsen, many degenerative disorders. For the obese patient with heart disease it is an extra problem which can only give rise to more anxiety and more limitation of movement.

WHY IS IT SERIOUS ?

In the obese cardiac patient excess weight produces respiratory distress. Respiratory distress increases the burden of an already overloaded cardio-pulmonary circulation. The extra strain on the heart can therefore worsen other cardiac

defects. So the prime objective in the treatment of the obese cardiac patient must be to reduce weight.

IS DIETING THE ANSWER ?

Dieting alone is not often effective – except under controlled conditions which rarely occur. Normally, weight loss through diet alone is usually only temporary and is often accompanied by psychological disturbances of varying severity. A complicating factor is that defective glucose metabolism can defeat the efforts of the most diet-conscious and co-operative of patients.

ARE STIMULANTS A RISK ?

The risks involved in prescribing simple appetite regulators of the stimulant variety are well recognised.

Not only are most of these drugs relatively ineffective but they can also produce dependence of a serious nature. In the treatment of the obese cardiac patient the stimulant amphetamines can only aggravate the cardiac problem.

IS THERE A SOLUTION ?

There is. A non-stimulant metabolic regulator that causes muscles to increase their glucose uptake to levels seen in the lean person. A regulator which reduces weight – and anxiety – naturally. And with it a more-up-to-date, direct and effective method of obesity measurement.

The name of the therapy is Ponderax – the No. 1 obesity therapy.

...answered by

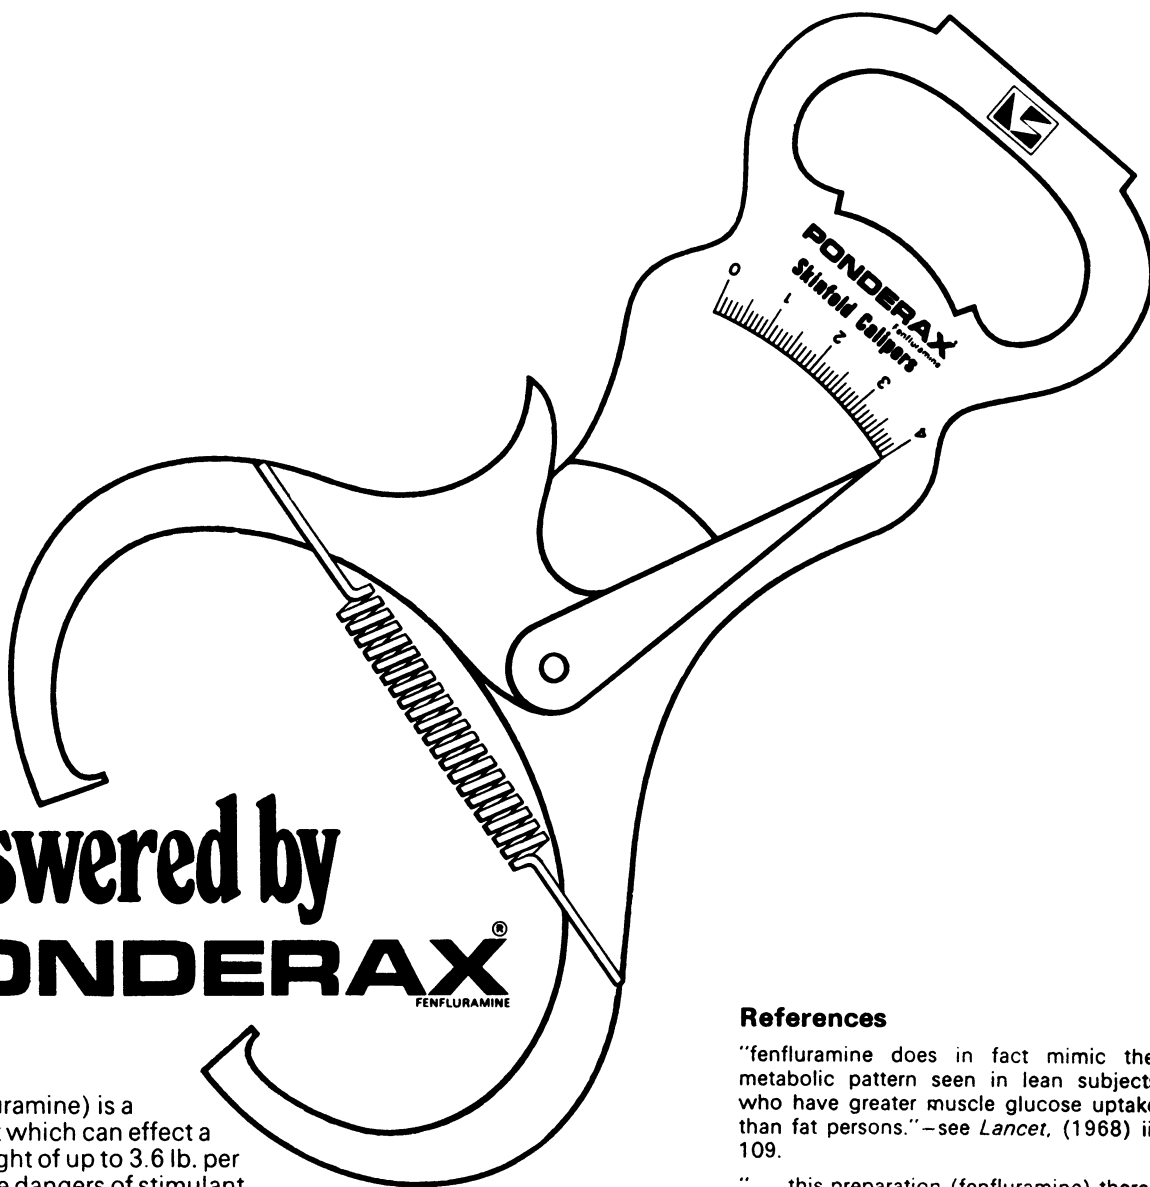

PONDERAX[®]
FENFLURAMINE

Ponderax (fenfluramine) is a glycoliptic agent which can effect a reduction in weight of up to 3.6 lb. per week without the dangers of stimulant addiction. It does not excite mechanisms involved with the central nervous system. Ponderax works by reducing the amount of glucose available for conversion to lipid and by mobilising fat and reducing lipid synthesis.

The fact that Ponderax represents a major breakthrough in the treatment of obesity is supported by over 150 published papers and several long-term clinical trials. They confirm its glycoliptic (fat mobilisation) action; its proven weight-reducing properties and its mild hypotensive effect. It is also important to note that after eight years widespread international use no case of dependence of any kind has occurred with Ponderax.

Ponderax, in fact, has been specifically excluded from prohibitive legislation on amphetamines in the Irish Republic and Australia and in new proposals recently announced in the U.K.

Diagnosis with Ponderax skinfold calipers is more effective than by weighing machine. A new spring-loaded version is now available. These new calipers are even more accurate and are useful as an effective guide to dosage. Evaluation of fat density from skinfold thickness measurements correlate well with values obtained from more elaborate methods.

References

"fenfluramine does in fact mimic the metabolic pattern seen in lean subjects who have greater muscle glucose uptake than fat persons."—see *Lancet*, (1968) ii, 109.

"... this preparation (fenfluramine) therefore appears to offer a logical treatment for obesity and has the additional advantages of no long-term addictive problems." Office of Health Economics, 'Obesity & Disease', April, 1969.

"It is concluded that fenfluramine produced a fat mobilising effect at these dose levels in the volunteers investigated."—see *Lancet*, 1969, i, 498.

"The results of these studies confirm that fenfluramine is an effective and safe preparation for the treatment of polyphagic obesity. It is suitable for prolonged administration and provides an effective alternative to the stimulant anorexigenic drugs which, because of their addictive effects, should no longer be prescribed for obesity." See *Lancet* (1970), ii, 441

THE DOCTOR'S SHORTHAND

Dr. Cole has amassed a list of abbreviations which will be welcomed by the Medical, Psychiatric, Dental and Nursing professions. About 6,000 entries are included. From the author's preface: "All of the abbreviations in this book have been seen. I did not make any of them up. They were found on charts, in medical journals, and on other doctor's tongue depressors, and they were supplied by helpful colleagues. I hope that you enjoy them. And in deciphering what physicians have written, I hope they will help you."

**Initial
complaint:
insomnia
real
problem:
despair**

Anxiety symptoms often mask depressive states.

Miss D: "I sat there all night, despairing. I couldn't sleep. I couldn't jump. I didn't want to live. Why make me live . . ."

Suicidal tendencies, guilt, apathy; aspects of depression not always revealed at the first consultation. Miss D complained of insomnia and might well have been given a tranquillizer if her doctor hadn't probed a little deeper and hit the button that revealed her despair – and the need for an antidepressant as well.

Many patients show symptoms of anxiety when their slowly increasing depression begins to affect their performance. On the other hand, long periods of stress may give rise to a depressive state. Treat such patients purely for anxiety – and their depression may get worse: treat them for depression alone – and they can become severely agitated. When anxiety precedes, hides, or accompanies depression Limbitrol* is indicated to deal with both aspects of the anxiety/depression syndrome.

*trade mark for pharmaceutical preparations containing chlordiazepoxide and amitriptyline.

Trasikor[®]

oxprenolol hydrochloride

The fundamental approach to long-term treatment of angina

Unique combination of benefits

Highly effective

- Frequency and severity of anginal attacks dramatically reduced
- Trinitrin requirements reduced or eliminated

Improved safety

- Greater protection against induced heart failure
- Less likely to increase airways resistance

Trasikor goes further than just relief of pain

- it offers a better quality of life

Before using Trasikor, it is important that doctors consult the detailed literature for full prescribing information.

Tablets 40 mg (for angina) and 20 mg, 100's and 500's.

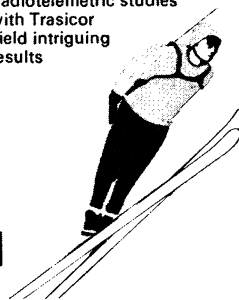

Basic NHS price 100 x 40 mg: £2.60

Ampoules 2 mg.

THE FAMILY AND ITS FUTURE

Ciba Foundation Symposium

Institutions everywhere are under scrutiny and criticism, and the oldest institution devised by man is the family. Its future concerns us all.

It must be appropriate in 1970 to look at the impact of new scientific developments, especially in the field of human reproduction, on 'woman' and through her on 'the family'. This volume considers whether the fabric of human society is being weakened or strengthened by changes occurring in concepts of the family. Could or should, society attempt consciously to influence the process?

Themes discussed include the acceptability of variations in family patterns; the biology and psychology of human fertility; parenthood and child-bearing; adolescent disturbance and the role of the family in the future evolution of mankind.

A PRACTICAL GUIDE TO BLOOD COAGULATION AND HAEMOSTASIS

By Jean Thomson

The purpose of this book is to present methods that can be used routinely in all hospitals and to recommend the way in which these can be used safely and effectively. It is hoped that the use of this guide will ensure a technique which in practice will help eliminate false positive results and enable the precise nature of defects to be established.

At a time when new knowledge and techniques are constantly increasing, a balanced and comprehensive guide to the assessment and interpretation of information gained from laboratory tests is a welcome addition to the literature on the subject.

A TEXTBOOK OF GENERAL PHYSIOLOGY

By Hugh Davson

In this comprehensive textbook the author retains the fundamental viewpoint of the investigator who seeks to study those features that appear to be common to all forms of life. His method is still to base the text on those original accounts he has consulted, rather than on reviews or monographs.

In order that it should be as up-to-date as possible extensive revision has been undertaken, much has been added, and the work is now published in two volumes.

in urinary infections 'clearly superior' to ampicillin or sulphadimidine

Higher cure rates

These comparative results were obtained in treating hospital in-patients with UTI¹, most of whom were infected with entrenched hospital pathogens.

85% cure rate	SEPTRIN*
70% cure rate	ampicillin
40% cure rate	sulphadimidine

(Cure criterion=eradication of original organism 1 week after treatment ended.)

SEPTRIN was "clearly superior to either of the other treatments" and this superior effect was "even more appreciable in the re-treatment of patients who had failed on another drug."²

SEPTRIN Tablets, SEPTRIN Paediatric Suspension and SEPTRIN Paediatric Tablets contain trimethoprim and sulphamethoxazole. Full information is available on request.

2. *Leading Article, Brit med J*, (1969) 1, 525.

*Trade Mark

Clear reasons for using Septrin

Abstracted from a Leading Article in the *British Medical Journal*².

- ☐ Trimethoprim not only attains therapeutic tissue levels, but is excreted unchanged in high concentration in the urine.
- ☐ All Gram-negative bacilli occurring in the urine, except *Pseudomonas aeruginosa*, are usually highly sensitive to it.
- ☐ Its minimum inhibitory concentration is extremely low.
- ☐ Trimethoprim and a sulphonamide, by blocking successive stages in the same bacterial metabolic process, exert a strong synergic effect, and this action is bactericidal.

We're in the precision tool business

At Winthrop we believe that a medicine is a tool for the physician in exactly the same way that a scalpel is a tool for the surgeon. And what's more, we believe that there's as much room for a substandard medicine as there is for a blunt scalpel.

That's why we only make *precision* tools.

Take an everyday product like Franol for instance.

Before we let it leave our factory it is subjected to no less than 61 different quality control procedures to ensure that it will perform smoothly, predictably and consistently in the hands of the physician.

Some people may think this is excessive. We don't.

We believe that you have the right to expect complete dependability from whichever agents you prescribe.

So we make sure all our products are precision tools.

We don't want to put a blunt scalpel into your hands.

"You *increased* the dosage?
But I thought this woman had
a peptic ulcer."

"She has – but I find that she
can tolerate Brufen, and her arthritis
is improving nicely."

Experience has shown that Brufen is extremely well tolerated by the majority of arthritic patients, including many who have suffered from persistent gastric disturbance with other antirheumatic drugs. Patients with pre-existing peptic ulceration have received Brufen therapy without exacerbation of gastric symptoms.¹

In the treatment of arthritis, Brufen provides the relief of pain and stiffness essential to achieve a progressive improvement in joint flexion and functional capacity. To patient and doctor, Brufen means highly effective antirheumatic therapy without the limitation of frequent side-effects. Brufen is available as tablets, each containing 200 mg. of ibuprofen.

BRUFEN
(ibuprofen)

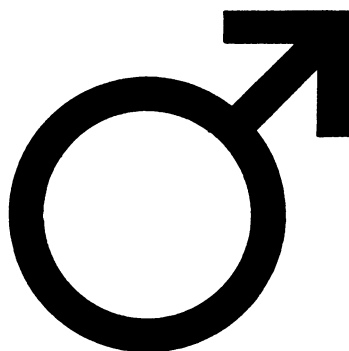

new freedom for the arthritic patient

¹ Paper read at the 12th. International Congress of Rheumatology, Prague, 1969.

SUSTANON makes a man a man again

in body and in mind

When gonadal activity is inadequate the young or middle-aged male may demonstrate diminished genital structure, and response, to the point of impotence. Understandably the repercussions reach far beyond the purely physical—often playing havoc with the patient's psyche, marriage and career.

Every physician knows how complex is diagnosis of the condition, with the patient frequently hiding the facts not only from his doctor but from himself. Even when the diagnosis is established, therapy is not straightforward and many factors must be considered. Nevertheless with SUSTANON a clear, early and sustained response may occur at all levels, physical, mental and emotional.

SUSTANON is preferable to testosterone propionate as of course no single testosterone ester provides both lengthy activity and rapid onset of action. This SUSTANON does. Its prolonged activity is such that only an occasional injection is needed to maintain the required therapeutic level.

Sustanon '100'

2 weeks' activity—

contains 100mg testosterone per ml:
Testosterone Propionate B.P. 20mg
Testosterone Phenylpropionate B.P. 40mg
Testosterone Isocaproate 40mg

Sustanon '250'

4 weeks' activity—

contains 250mg testosterone per ml:
Testosterone Propionate B.P. 30mg
Testosterone Phenylpropionate B.P. 60mg
Testosterone Isocaproate 60mg
Testosterone Decanoate 100mg

Packs: Boxes of 3 ampoules of 1 ml in either strength. Single 1 ml Orgaject disposable syringes in either strength. Contraindication: in males, carcinoma of the prostate.

HAPPILY EVER AFTER

'Keflex' offers a combination of effectiveness and safety which is unsurpassed by any other antibiotic.

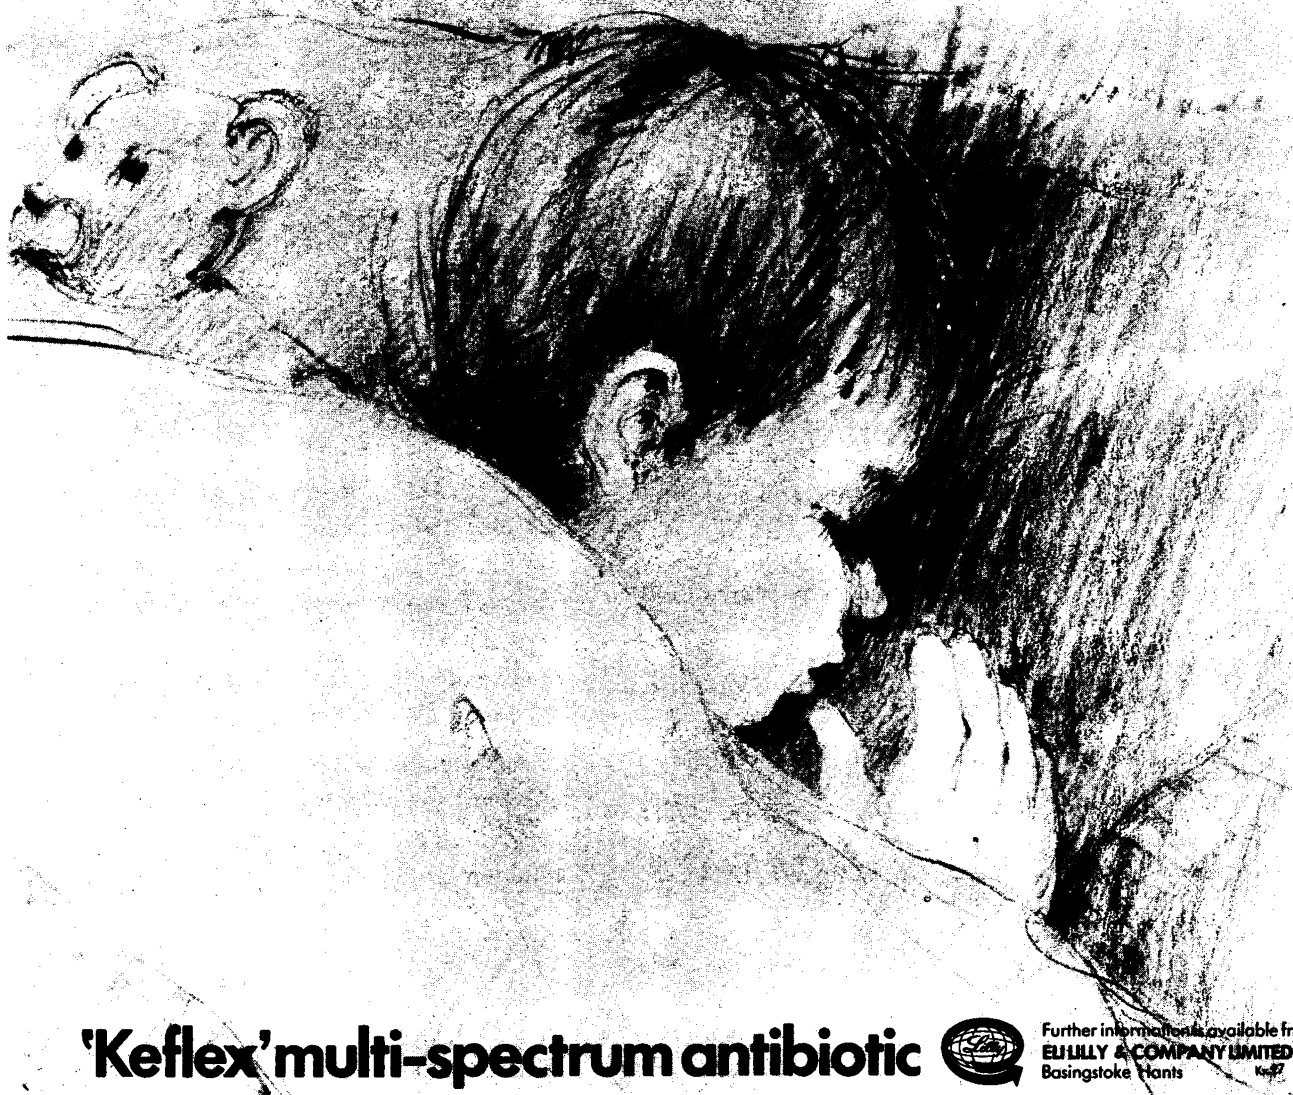

No reports of teeth staining or renal damage, a very low incidence of rash and gastrointestinal disturbance make it particularly suitable for the treatment of bacterial infections in children. Add broad-spectrum, bactericidal action and resistance to penicillinase and it's easy to see why so many children recover so quickly with so few complications after 'Keflex' therapy.

'Keflex' Suspension is supplied in 100 ml bottles containing 125 mg cephalixin (as the monohydrate) per 5 ml. 'Keflex' is also available for older children and adults as capsules each containing 250 mg cephalixin (as the monohydrate).

Betnovate is better. So he is too.

Infected
seborrhoeic dermatitis:
All the better for
Betnovate-N

Dermatitis patients respond better to Betnovate than to other topical steroids. Two clinical trials^{1,2}, involving 916 patients and comparing Betnovate with 5 other leading topical steroids, proved this conclusively.

Their findings included:

"Betamethasone 17-valerate was statistically superior to the other topical corticosteroids in fourteen of the twenty separate sub-divisions of the trial; in no instance was it inferior."¹

"A better response is more likely with betamethasone 17-valerate than with any of the other corticosteroids tested."¹

When you add the broad-spectrum antibiotic

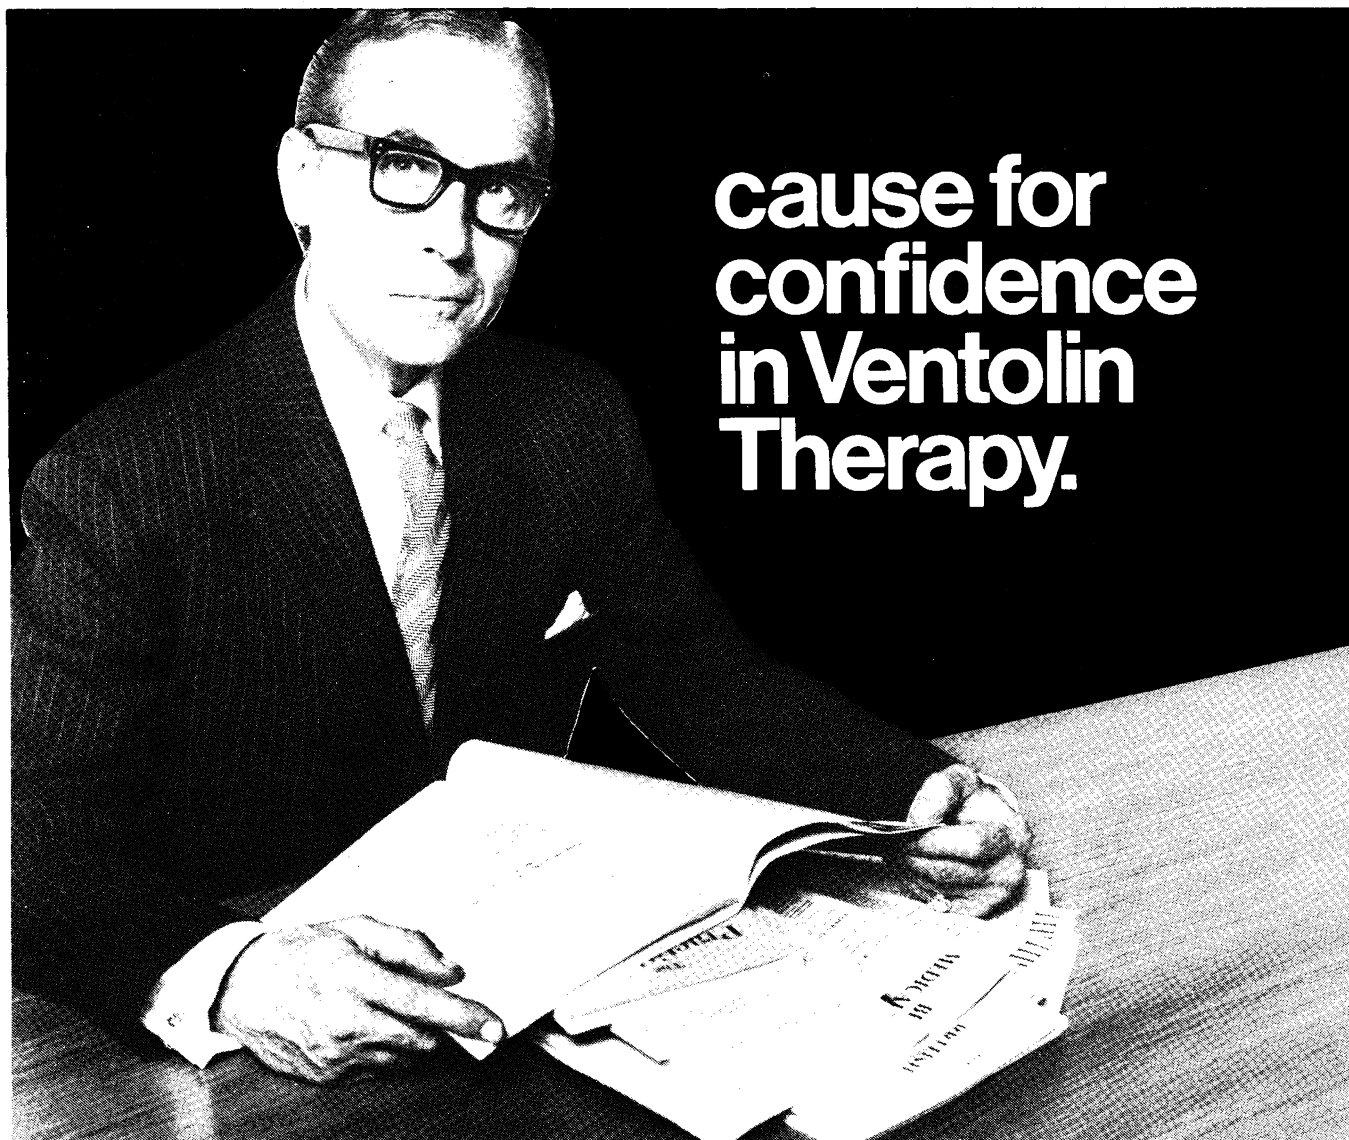

neomycin to the most effective steroid you can prescribe, the result is Betnovate-N. In infected seborrhoeic dermatitis it gives rapid relief from itching and inflammation and thus achieves the best response. The one thing to remember is Betnovate. Add an N to fight the infection.

cause for confidence in Ventolin Therapy.

DOCTORS RECOGNISE THE EFFECTIVENESS OF VENTOLIN THERAPY.

Over 30 published references in 18 months confirm the effectiveness of Ventolin (salbutamol), and the weight of favourable comment continues to grow.

"... it seems clear, therefore, that because of its effectiveness in producing bronchodilatation, its long duration of action, its lack of cardiovascular stimulant action, and its lack of tendency to produce falls in PaO_2 , salbutamol is the most effective drug at present available by aerosol inhalation for the relief of asthmatic airway obstruction."

Brit. med. J. (1970), 2, 23.

PATIENTS PREFER VENTOLIN THERAPY.

Following a double-blind, cross-over sequential trial in general practice, comparing salbutamol (100mcg per puff) with isoprenaline sulphate (100mcg per puff), the author concluded: "My trial has shown unequivocally that patients prefer salbutamol to isoprenaline."

Practitioner, (1970) 205, 213.

"... In the double-blind subjective assessment it (Ventolin) was rated as the best of four treatments (placebo, isoprenaline 100mcg, orciprenaline 1,500mcg and Ventolin 200mcg) by 13 patients, while only three preferred orciprenaline."

Brit. med. J., (1969) 2, 287.

VENTOLIN—a real advance over existing bronchodilator therapy

PRESENTATION Ventolin Inhaler is a metered aerosol, delivering 100mcg salbutamol per inhalation. Ventolin Tablets each contain salbutamol 2mg as sulphate. Full information is available on request.

is it gout?

Gout does not always present in the classical manner, with an inflamed big toe. It can present as pain in almost any joint. Colicky pain due to urate stones is sometimes a precursor of gout.

In circumstances like these it is worth remembering gout and having the serum uric acid level checked.

If the diagnosis is gout, ZYLORIC* is there to provide effective prophylactic treatment. ZYLORIC provides the rational way of treating gout by controlling uric acid formation and so preventing the acute attacks and the degenerative changes associated with the history of the disease.

“To get through the day is a hard enough fight for the patient with crippling osteoarthritis or severe rheumatoid arthritis, but when nights have been sleepless and pain-wracked, the next day is started with physical and psychological stores depleted and the patient already exhausted at the starting-post.”

Lancet, 1970, i, 881 (25 Apr)

For many patients afflicted by arthritis, ‘Indocid’ Suppositories can bring about a noticeable improvement during the night. Many will enjoy a better night’s sleep, less interrupted by pain and stiffness, and find it easier to get started in the morning. The addition of ‘Indocid’ Capsules will help to keep them mobile during the afternoon and evening.

Indocid SUPPOSITORIES
AND CAPSULES

Indomethacin/MSD

Supplied as 100 mg suppositories, 25 mg and 50 mg capsules, and a suspension (25 mg/5 ml). The informative literature, available on request, should be consulted before prescribing. ® denotes registered trademark.

Salazopyrin[®]

in the whole spectrum
of ulcerative colitis ...

*mild... moderate...
severe (fulminating)...
relapse.*

"Among measures designed to prevent relapse small doses of corticosteroids are useless, and larger doses carry the risks of the therapy. (Salazopyrin) has been shown to reduce the relapse rate greatly when used in a maintenance dose . . . over a period of one year."

Brit. med. J. (1968) 2, 539-542, 605-607.

Salazopyrin (sulphasalazine) is available as the plain 0.5 g. tablet, as the 0.5 g. EN-tab and as an 0.5 g. suppository.

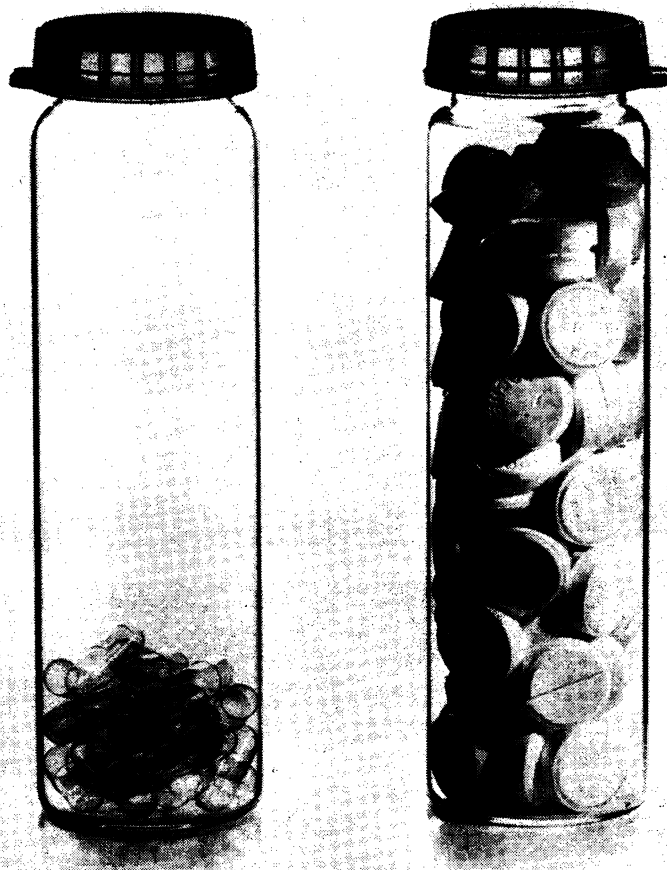

Literature and detailed information on Salazopyrin are available on request.

Hypnotics: isn't it time we all woke up?

barbiturates

As few as 25 can
cause anaesthesia, coma
and death

*Mogadon**

To date, no
authenticated death (up
to 80 tablets produced
no harmful effects)¹

“Now that satisfactory and safe alternative hypnotics such as nitrazepam are available it would seem high time that prescribing of barbiturates, at any rate to outpatients, be restricted or better still abandoned”²

In one year 1,857 people died of barbiturate poisoning, including 1,260 suicides.³ ☐ Is there really any excuse for such a high figure any more? ☐ With Mogadon, the safe hypnotic, comes the possibility of safe sleep. ☐ To date it has resulted in no authenticated deaths or suicides. Indeed as many as 80 tablets have produced no harmful effects¹ and clinical and animal experiments lead us to believe that the amount necessary to produce death could probably not be consumed in tablet form. ☐ When such a drug exists (and a recent trial in the British Medical Journal showed it to be comparable in effectiveness to butobarbitone)¹ is one any longer justified in using anything else?

Let the blood flow through

In the treatment of ischaemia due to intermittent claudication, cerebral arteriosclerosis and vasospastic disorders, Bradilan® has achieved excellent results. Because Bradilan employs tetranicotinoylfructose, the molecule of which is gradually hydrolysed in the intestine, release is smooth and even – with no peaks or troughs. Consequently, efficient and prolonged vasodilation is maintained, with less risk of over dilation in flush areas. For the same reason, headaches are a rare occurrence. Bradilan acts directly on vessel walls and is especially indicated when ischaemia is due to vasospasm. Ideally, treatment should be continued for at least 12 weeks so that progress can be realistically evaluated.

BRADILAN

sustained vasodilation
with minimal side effects

**PRACTICAL
PSYCHIATRY**

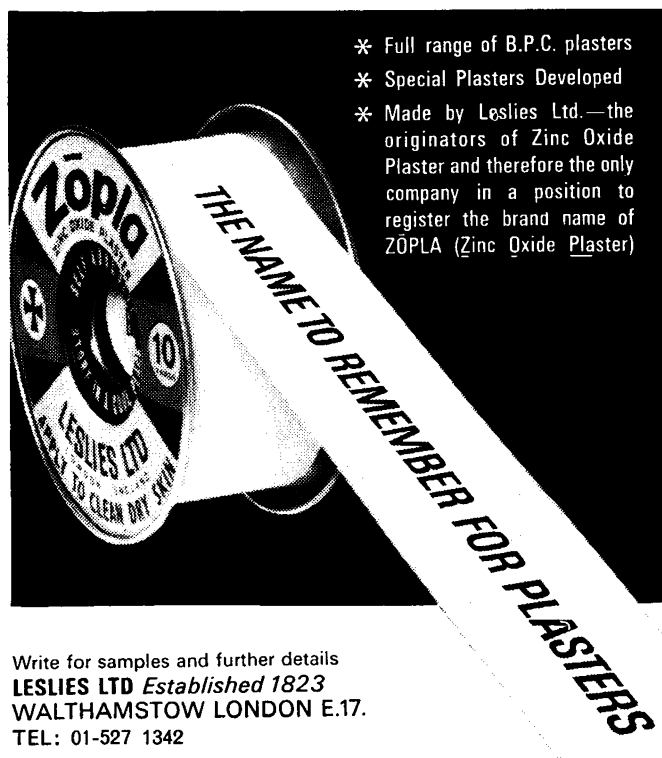

Most doctors who have been qualified for more than ten years received very little training in psychiatry as medical students. Yet psychiatric problems confront all those practising clinical medicine. The articles collected together in this book were written for the *B.M.J.* to give practical advice to general practitioners and others on how to recognize and cope with the more common forms of mental disorder. Many patients are anxious or depressed; when should the doctor try to do something about it? This is the sort of question the authors set out to answer. As far as possible they have avoided the use of psychiatric jargon, and case histories have been used freely to illustrate the points made. Any doctor who feels ignorant about psychological medicine will find here a readable introduction to the practical aspects of clinical psychiatry.

Write for details and your initial assessment to: **Medical Tutors Ltd., 34 Park Avenue North, London, N.8.** 2

BRITISH POSTGRADUATE MEDICAL FEDERATION University of London

POSTGRADUATE COURSE IN NEUROLOGY

A two-week course in neurology designed for consultants, senior registrars and registrars in general medicine and neurology will be held from March 22 to April 2, 1971. The first week will be at the Institute of Neurology, Queen Square, and the second at the Royal Postgraduate Medical School, Hammersmith Hospital. Lecturers from other hospitals and medical schools will take part in the programme. Fee: £25.

This course is approved under the Department of Health's Advanced Postgraduate Training Scheme, which offers paid study leave, expenses, course fees and the cost of locum tenens for consultants, senior registrars and registrars at post-membership level who intend to make a permanent career in the National Health Service. Enquiries and applications to Dr. I. C. Gilliland, British Postgraduate Medical Federation, 14 Millman Mews, London, WC1N 3EJ, by January 15, 1971. (14535) 2

BEDFORD COLLEGE (University of London)

DEPARTMENT OF SOCIOLOGY Short course in Sociological Research on the Family—Implications for General Practice.

A two-week course designed to introduce General Practitioners to contemporary sociological work on the family will be held from July 5-16, 1971. Twelve speakers will introduce such selected topics as the family and child-rearing, adolescence, mental illness and subnormality, bereavement. Participants will be asked to consider, in small discussion groups, their implications for general practice and patient care. The course has been approved by The British Postgraduate Medical Federation (University of London) under Section 63 of the Health Services and Public Health Act 1968 and will automatically count for seniority payments or for the postgraduate training allowance. Preference will be given to general practice trainers and the number of participants will be limited to 24. Write for details and application forms to Professor M. Jefferys, Social Research Unit, Bedford College Annexe, Peto Place, Marylebone Road, London, N.W.1. 2

LONDON SCHOOL OF HYGIENE AND TROPICAL MEDICINE

The TUC Centenary Institute of Occupational Health
(Director: R. S. F. Schilling, MD, DSc, DPH, FRCP, DIH)

OCCUPATIONAL HEALTH COURSES FOR 1971

MSc OCCUPATIONAL MEDICINE

This course is designed to meet the needs of registered medical practitioners in industry or government services, or those who wish to follow a career in research and/or teaching. It leads to the degree of MSc in Occupational Medicine in the Faculty of Medicine of the University of London, and fulfils the requirements of the Diploma in Industrial Health of the Conjoint Board. The course will start on September 27, 1971 and extend over one academic year. (Applications before April 1, 1971.)

MSc OCCUPATIONAL HYGIENE

This course is designed to meet the needs of environmental hygienists working in industry, or those who wish to follow a career in research and/or teaching in this field. It is open to graduates with a first- or second-class honours degree in physics, chemistry, engineering, medicine or allied subjects, and leads to the degree of MSc in Occupational Hygiene in the Faculty of Science of the University of London. The course will start on September 27, 1971 and extend over one academic year. (Applications before April 1, 1971.)

The following two courses have been approved by the British Postgraduate Medical Federation (University of London) under Section 63 of the Health Services and Public Health Act 1968 and will therefore automatically count for seniority payments or for the postgraduate training allowance:—

INTRODUCTORY COURSE IN OCCUPATIONAL MEDICINE

A short course for physicians will be held from March 29 to April 23, including a break for Easter. (Applications before February 1, 1971.)

RECENT ADVANCES IN OCCUPATIONAL MEDICINE

This course for general practitioners and physicians in industry will be held from May 12 to 14 inclusive.

Further details and application forms may be obtained from the Registrar, London School of Hygiene and Tropical Medicine, Keppel Street (Gower Street), London, WC1E 7HT. (14534) 2

BRITISH POSTGRADUATE MEDICAL FEDERATION

(University of London)

COURSES FOR GENERAL PRACTITIONERS AND LOCAL AUTHORITY MEDICAL OFFICERS, JANUARY—AUGUST, 1971

UNIVERSITY OF CAMBRIDGE School of Clinical Research and Postgraduate Medical Teaching

1. Two one-week residential courses for general practitioners will be held from July 5-10 and 12-17. Accommodation will be available in Downing College. These will consist of lectures, discussions and clinical demonstrations. Enrolment forms and particulars of grants may be obtained from the Secretary of the Medical School, Hills Road, Cambridge CB2 1QT.
2. A residential weekend course for general practitioners, arranged by the Clinical Tutor in Psychiatry, will be held at St. John's College from July 23-25, 1971. Further details may be obtained from the Secretary of the Medical School, Hills Road, Cambridge CB2 1QT.
3. A Course in Family Psychiatry will be held in conjunction with the East Anglian Regional Hospital Board at the Department of Family Psychiatry, Ipswich and East Suffolk Hospital from March 29-April 2, 1971. The course has been designed to meet the needs of medical practitioners desirous of maintaining contact with development in Family Psychiatry. Special regard has been paid to the interests of the Medical Officer of Health, the School Medical Officer and the Maternity and Child Welfare Officer. There will be demonstrations on psychological procedures for family assessment, on the Family Relations Indicator, on family community agencies and on play techniques. The fee for the course is £8 8s. Provisional applications should be made to the Department of Family Psychiatry, 23 Henley Road, Ipswich at once. Final confirmation should be made not later than March 12, 1971. (14501) 2

PRACTICES (Executive Council)

UNIVERSITY OF WARWICK COVENTRY EXECUTIVE COUNCIL (NATIONAL HEALTH SERVICE)

Applications invited to fill vacancy to be caused by resignation of present part-time medical officer at University of Warwick. This is a new post and the successful candidate will be the first full-time medical officer at the University. List at present approximately 1700 limited to students and staff resident in or connected with University. Opportunity to develop comprehensive Student Health Service in a rapidly expanding University. Starting salary not less than £4,500 per annum.

Application forms and details of University responsibilities from D. W. Dykes, Registrar, University of Warwick, Coventry CV4 7AL. Completed forms however to Clerk, Coventry Executive Council, 24 New Union Street, Coventry CV1 1HH. Closing date first post February 1, 1971. (H-437) 3

MEDICAL PRACTICE

VACANCY

Applications are invited for a practice vacancy in Falls Road, Belfast, due to resignation. The present list size is approximately 2,480 patients. A Health Centre is planned for the area.

Applications by letter stating qualifications, age and experience to be received by the Secretary, Northern Ireland General Health Services Board, 27 Adelaide Street, Belfast, BT2 8FH, not later than Monday, January 11, 1971. (14419) 3

RE-ADVERTISEMENT

JOHNSTONE, RENFREWSHIRE

Applications are invited for succession at March 1, 1971 in two practice vacancies arising in the Burgh of Johnstone. The list of patients in one case is approximately 3,300 and in the other approximately 3,500. These lists were formerly part of a partnership of three now dissolved following resignations. Consideration will be given to applications from practitioners interested in single-handed practice or from practitioners who jointly indicate an interest in practising together.
Further particulars and forms of application may be obtained from The Clerk, Renfrew County Executive Council, 64 Espedair Street, Paisley, with whom applications should be lodged by January 15, 1971. (H7453) 3

Good experience most branches anaesthesia including some thoracic and cardiac work. No recent neurosurgical experience. Suggestions welcomed and carefully considered.—Box 1605 B.M.J. 13

UNIVERSITY AND RESEARCH APPOINTMENTS

(see also OVERSEA)

NORTHERN IRELAND HOSPITALS AUTHORITY

TUTOR/REGISTRARS AND SENIOR TUTOR/SENIOR REGISTRARS required in the Departments of Midwifery and Gynaecology, Therapeutics and Pharmacology, Medicine, Child Health, Mental Health, Anaesthetics and Surgery, from August 1, 1971.

The appointments will be made jointly with the Queen's University and the duties will consist partly of clinical duties at the Belfast teaching hospitals and partly of teaching and other University duties.

Application should be made on a form which may be obtained from the Secretary, Northern Ireland Hospitals Authority, 25 Adelaide Street, Belfast, BT2 8FG and which must be returned not later than January 30, 1971. (H7367) 14-1

PEEL MEDICAL RESEARCH TRUST

Applications are invited from registered medical practitioners for a Travelling Fellowship. The Fellowship aims to provide one year of postgraduate study in medicine or allied subjects at centres abroad. The basic allowance will be at the rate of £1,750 per annum, with additional allowances for travelling and home maintenance in certain circumstances. Candidates should supply full details of the intended study, including the name of the department or centre at which they intend to work, and an assurance of consent from the head of the department concerned. Applicants must be permanently resident in the United Kingdom.

Further particulars and forms of application are available from the Peel Medical Research Trust, P.O. Box No. 111, 5 New Square, Lincoln's Inn, W.C.2. Closing date for receipt of applications February 15, 1971. (H7285) 14-1

UNIVERSITY OF ABERDEEN

Department of Medicine

Applications are invited for the post of LECTURER IN MEDICINE

This is a temporary post and the successful candidate will have duties in teaching and patient care in the wards of the University Department of Medicine and will be given an opportunity to carry out a research project on thrombosis under the direction of Professor A. S. Douglas. Candidates should possess the M.R.C.P.

It is expected that honorary clinical status will be granted by the Regional Hospital Board.

Salary up to £2,835 with placing dependent on qualifications and experience. Applications (2 copies) should be lodged with The Secretary, The University, Aberdeen, as soon as possible. (H7368) 14-1

UNIVERSITY OF EDINBURGH DEPARTMENT OF ORTHOPAEDIC SURGERY

Applications are invited for the post of LECTURER (Temporary) in the above Department. Candidates should have experience of orthopaedic surgery, and have a definite interest in teaching and research. The Lectureship is vacant from February 1 to July 1, 1971.

Salary scale:—£2,073—£4,209 per annum. Applications (two copies), together with the names of two referees, should be lodged with the Secretary to the University, Old College, South Bridge, Edinburgh, EH8 9YL, not later than January 23, 1971. Please quote reference 1091. (14604) 14-1

UNIVERSITY OF BELFAST

LECTURESHPIS IN PATHOLOGY

The Senate of The Queen's University of Belfast invites applications for two Lectureships in the Department of Pathology (joint appointments with the Northern Ireland Hospitals Authority) from May 1, 1971, or such other date as may be arranged. The salary range is £3,192 to £4,686 plus provisions for superannuation. The successful applicant (if suitably qualified) may be graded as Consultant with the University title of Senior Lecturer. In these circumstances, the salary may rise to £6,330. An appointment may be made at any point on the scale depending on qualifications and experience.

Applications should be received by February 1, 1971. Further particulars may be obtained from The Secretary, The Queen's University of Belfast, Belfast, BT7 1NN, Northern Ireland. (14605) 14-1

UNIVERSITY OF OXFORD AND UNIVERSITY COLLEGE Oxford

RADCLIFFE TRAVELLING FELLOWSHIP 1971

The Radcliffe Travelling Fellowship is endowed out of the Fund bequeathed to University College by Dr. John Radcliffe. It is held for two years, of which the Fellow must spend at least one year abroad engaged in the study of medical science. While abroad, he will be paid £2,600 plus allowances of £500 for a wife and £125 for each child; these payments will normally not be subject to tax. No payment will be made to the Fellow while he is in this country, but he will be entitled to the common meal at University College.

Candidates must have passed all the examinations required by the University for the Degree of Bachelor of Arts and Bachelor of Medicine, and must not have exceeded 6 years from the time of passing the last examination for the Degree of Bachelor of Medicine.

The examination for the fellowship will take the form of a self-chosen essay and an interview will be held in Oxford during Hilary Term 1971. Further particulars may be obtained from the Regius Professor of Medicine, 13 Norham Gardens, Oxford, to whom all applications with essays, must be sent by January 31, 1971. (H6862) 14-1

Smith & Nephew Fellowships in Surgery

Smith & Nephew Associated Companies Limited invite applications for awards of six Fellowships in surgery in 1972. The object of the Fellowships is to enable overseas surgeons to pursue post graduate study or research in surgery in the United Kingdom. Candidates should have had at least two years' general clinical experience since registration and should preferably have held residential hospital appointments in surgery.

The awards will be of £1500 sterling plus return fare to the United Kingdom, and will be tenable for one year only.

All arrangements for successful applicants to follow their chosen studies will be made by the Company.

Applications, which will be considered by an appropriate panel, must be received by 15th May, 1971, envelopes to be endorsed 'Fellowships'.

Application forms and further details may be obtained from

The Fellowships Administrator

Applications with names of three referees to Dr. M. F. Oliver, Royal Infirmary, Edinburgh, by January 23. (H7450) 14-1

UNIVERSITY OF LONDON Central Institutions Student Health Service

Applications are invited for the post of STUDENT HEALTH PHYSICIAN on the staff of the Student Health Unit for Central Institutions of the University. Salary will be within the Senior Lecturer in Clinical Medicine Scale i.e. £3,635 to £16,000. £3,955 to £16,500—£4,450 to £13,000—£5,230 to £94,532. An allowance of £650 is payable towards the expenses of carrying out the duties of Student Health Physician.

Applicants should have a good background in general practice or general medicine. No formal psychiatric qualification is required but a strong interest in the psychological aspects of medical practice is essential.

The person appointed will assist Dr. N. Malleison, Director of the Unit, but further particulars are obtainable from the Clerk of the Senate, University of London, Senate House, (69/BM), WC1E 7HU, to whom applications (3 copies) should be made not later than January 15, 1971. (13916) 14-1

UNIVERSITY OF NOTTINGHAM MEDICAL SCHOOL CHAIR OF BIOCHEMISTRY

The University of Nottingham invites applications for the Chair of Biochemistry in the Medical School. The salary will be within the appropriate Professorial range with membership of F.S.S.U.

The Chair has become vacant owing to the death of Professor G. H. A. Hübscher. The Department of Biochemistry was established in the new Medical School in 1969 and is housed in new accommodation with new equipment throughout. The first medical students entered the University in October 1970 and clinical training will begin in 1973. It is hoped that the Professor of Biochemistry will be able to take up his appointment on October 1 1971, or as soon after as possible.

Full particulars of the appointment, together with copies of relevant documents concerning the Medical School and application forms, may be obtained from the Senior Assistant Registrar, Medical School. Applications should be returned by February 12, 1971. (14661) 14-1

GRANTS

PEEL MEDICAL RESEARCH TRUST

Applications are invited from registered medical practitioners, or from other persons engaged in medical research, for grants of financial aid towards medical research. Any one grant is unlikely to exceed £1,000; the average is £500 which may be repeated for up to 3 years.

Further particulars and forms of application are available from the Peel Medical Research Trust, P.O. Box No. 111, 5 New Square, Lincoln's Inn, London, W.C.2. Closing date for receipt of applications February 15, 1971. (H7286) 14-5

COMMERCIAL APPOINTMENTS see page xxvii

COMMERCIAL APPOINTMENTS

Clinical Advisor

Department of Clinical Research

Syntex Pharmaceuticals Limited is the U.K. branch of the internationally known Syntex Corporation, world leaders in steroid research and development.

Expansion in our research programme has created the need for a further clinical advisor who will assist with initiating, progressing and analysing clinical trials on existing and future products. This will involve liaison with clinicians and consultants in the U.K. and overseas and provides an opportunity to become involved with new and interesting research methods.

Applications are invited from registered medical practitioners, preferably possessing a higher qualification in medicine or a science degree.

The successful applicant will be aged under 35 and possess a lively enquiring mind. A record of personal research achievement is required and previous experience of the pharmaceutical industry would be useful but is not essential.

The salary offered is negotiable according to qualifications and experience but will be around £3,500; a car will be provided. Additional benefits include non-contributory pension and life assurance schemes. In the first instance please apply to:

The Personnel Manager,
Syntex Pharmaceuticals Ltd.,
St. Ives House, Maidenhead, Berks.

The Department is in the charge of a full-time Consultant Surgeon, has five Senior House Officers and all emergency cases are admitted through the department which is responsible for initial resuscitation. The department is equipped with apparatus for cardiac monitoring, positive pressure ventilation, as well as x-ray intensifiers and a Berman F. B. Locator. The hospital is the base hospital for the Group, and therefore has a large volume of acute cases in all specialties. It is being extensively re-developed by a major capital building programme. A new intensive care unit has recently been opened. There is a close connection with the teaching hospital at Cardiff, 10 miles to the west, and there is an extensive postgraduate education programme with a very good library. A new postgraduate centre has recently been opened. The appointment gives ample opportunity to the holder to avail himself of these facilities. The successful candidate will be expected to be resident on the nights on which he is on first call, which will on average be one night in five. Applications giving full particulars and names and addresses of two referees to Group Secretary, 64, Cardiff Road, Newport, Monmouthshire. (40944) 20-8

SALARY SCALES OF HOSPITAL MEDICAL STAFF

Following the Twelfth Report of the Review Body, new salary scales have been approved. These came into force on April 1, 1970. The scales are set out below:

HOUSE OFFICER: Each post in this grade shall be tenable for six months. £1,626 per annum for the posts held during the first year; £1,755 per annum for posts held during the second year; £1,884 per annum for posts held during the third and subsequent years, subject to full registration.

Deductions of £177 per annum in respect of lodging only for voluntary residence.

SENIOR HOUSE OFFICER: £2,040 per annum in the first year; £2,184 per annum in the second year; £2,328 per annum in the third or subsequent years.

Deductions of £210 per annum in respect of lodging only for voluntary residence.

REGISTRAR: £2,328 per annum × £144(3) × £126(1)—£2,886.

Deductions of £210 per annum for those with remuneration at the first incremental point on the scale, and £243 per annum for those on the second and subsequent points will be made in respect of lodging only for voluntary residence.

On assimilation to the scale for Registrars, one increment and one only shall be given for any year or part of a year in excess of two spent previously in the senior house officer grade.

Allowances at rates up to £183 per annum shall be payable to house officers, senior house officers and registrars occupying posts approved for such allowances in peripheral hospitals.

SENIOR REGISTRAR: £2,760 per annum × £126(1) × £174(1) × £177(1) × £174(1) × £177(1)—£3,588.

Deductions of £270 per annum in respect of lodging only for voluntary residence.

On assimilation to the salary scale for senior registrars, increments to a maximum of two shall be given for each year or part of a year in excess of three spent previously in the registrar grade.

MEDICAL ASSISTANT: £2,520 per annum × £144(1) × £156(3) × £144(10)—£4,572.

Deductions of £270 per annum in respect of lodging only for voluntary residence.

CONSULTANT: £4,512 per annum × £201(8) × £210(1)—£6,330.

Deductions of £420 per annum in respect of lodging only for voluntary residence.

COMPULSORY RESIDENCE: The Terms and Conditions of Service of Hospital Medical and Dental Staff state:

173. A practitioner who is required as a condition of his appointment to reside in a hospital shall be provided with lodging without charge, except where the practitioner elects to occupy a house, flat or apartment for which a rental is appropriate.

All National Health Service hospital appointments are in accordance with the Terms and Conditions of Service of Hospital Medical Staff.

Further details concerning standards of residential accommodation, telephone charges, removal allowances, study leave and other matters may be obtained from the Hospital Secretary; or by B.M.A. members from the Secretary, British Medical Association. (November, 1970)

AND
THE UNIVERSITY OF BRISTOL

Applications are invited for the appoint-
ment of a **TRAINEE IN CLINICAL**
PATHOLOGY

for a period of three years, from March 1,
1971, but subject to annual review and con-
firmation. The first year will be in the
grade of S.H.O. and the next two years in
the grade of Registrar (or equivalent Univer-
sity grades).

The holder will rotate through the sections
of bacteriology, chemical pathology, haema-
tology and morbid anatomy, and a general
training with a course of lectures designed
for the Primary Examination for Mem-
bership of the College of Pathologists will
be provided. No previous training is
required.

The duties will be mainly in the
laboratories of the United Bristol Hospi-
tals. The holder will be required to uncer-
tain emergency duties, but these will be
rare except in the first year, when they will
average one night in four, and when the
holder must be resident on those nights.

The United Bristol Hospitals are recog-
nized by the College of Pathologists for
training in all branches of clinical pathology
for both Primary and Final M.C.Path.
examination.

Application forms obtainable from the
Secretary, Royal Infirmary, Bristol, BS2
1TW should be returned by January 12,
1971. (14608) 41-8

PHYSICAL MEDICINE AND
RHEUMATOLOGY

Applications are invited for the appoint-
ment of Consultant in Physical Medicine
and Rheumatology. This is a new appoint-
ment, and will be on a maximum part-
time/whole-time basis. The successful
applicant should have an interest in rehabili-
tation and will be expected to take part in
organizing a comprehensive rehabilitation
service for the Cardiff area. He will work
in co-operation with the Consultant in
charge of the Department of Physical Medi-
cine and Rheumatology at present based at
the Cardiff Royal Infirmary, but later to be
transferred to the University Hospital of
Wales (820 beds) when the new teaching
hospital opens in 1971. His contract will
also include sessions at other hospitals in
the Cardiff area including a small number
of sessions in the neighbouring H.N.C.
Optional whole-time/maximum part-time
appointment. Successful candidate will be
required to live within ten miles of the base
hospital. Appointment subject to the terms
and conditions of service governing the
appointment of hospital, medical and dental
staff.

Further particulars available on request.
Applications giving full details of qualifi-
cations, experience and the names of three
referees should be sent to the S.A.M.O.,

MANCHESTER REGIONAL HOSPITAL BOARD

CONSULTANT PSYCHIATRIST
Applications are invited for the non-resident whole-time or maximum part-time post of Consultant Psychiatrist at Prestwich Hospital (1,950 beds). Manchester, following the retirement of the Medical Director. The hospital has been modernized and a new Out-patients' Department is fully operational. An Adolescent Unit is under construction. There are adequate facilities for industrial and occupational therapy and all modern forms of treatment. The "Salmon" nursing and "Cowwheel" medical structures are being introduced. A suitable applicant will be considered for appointment as clinician in charge of the therapeutic sphere (additional salary £402 p.a.) initially for four years, but subject to review at the end of that time. Wide experience and higher qualifications essential.
Applications to the Senior Administrative Medical Officer, Manchester Regional Hospital Board, Gateway House, Piccadilly South, Manchester M60 7LP, by January 21, 1971. (40626) 44-1

MANCHESTER REGIONAL HOSPITAL BOARD

Whole-time or maximum part-time **CONSULTANT CHILD PSYCHIATRIST** to the Rochdale and District Group of Hospitals. This is a new post and a successful applicant will be based at Birch Hill Hospital, Rochdale, where he will carry out the major part of his duties. This is a large general hospital which has a well-established child psychiatric unit catering for the needs of the catchment area (155,000 population). It houses a Department of Clinical Psychology and has a close liaison with the local authority through its own Psychiatric Social Workers. There is a proposal to provide a Child Psychiatric Unit including both In-Patient (eleven beds) and Out-Patient facilities. Although the appointee will be based at Birch Hill Hospital, he will be expected to carry out duties in conjunction with the Local Authority Clinic and at a Special School for Maladjusted Boys in the locality. Higher qualifications and wide experience are essential and the successful candidate will be required to live within a reasonable distance of Birch Hill Hospital.
Application forms and further particulars to the Senior Administrative Medical Officer to the Board, Gateway House, Piccadilly South, Manchester, to be returned by January 20, 1971. (14623) 44-1

SENIOR HOUSE OFFICER
required in the Psychiatric Unit of this new district hospital near London, immediately. Married accommodation probably available. Postgraduate facilities available. Post recognized for D.P.M.
Applications, with the names of two referees, to the Hospital Secretary. (39770) 44-8

RUNWELL HOSPITAL WICKFORD, ESSEX

**TRAINING PROGRAMME
RESIDENT
SENIOR HOUSE OFFICER
IN PSYCHIATRY**

Applications are invited for the above post. The successful applicant will be attached to a clinical division and seconded during the period of the post for one or two sessions per week to the departments of psychology, neuropathology, clinical neurophysiology, or neurology. The training programme includes clinical conferences, seminars in the basic sciences and clinical psychiatry and an extended series of special lectures. The secondment to the special departments will provide practical experience in the field most closely related to the basic science instruction. Out-patient and day-patient experience will also be provided. There is a comprehensive medical library. The hospital is recognized for the D.P.M. This post would also be of interest to those preparing for either higher qualifications or considering entry into general medical practice. Single or married accommodation.
Applications, with the names of two Referees to the Group Secretary. (14436) 44-8

SOUTH WEST WALES HOSPITAL MANAGEMENT COMMITTEE St. David's Hospital, Carmarthen

SENIOR HOUSE OFFICER IN PSYCHIATRY
This hospital and the newly opened Psychiatric Ward and Day Centre at the nearby West Wales District General Hospital can offer wide experience in modern methods of treatment and diagnosis of psychiatric illness. The hospital is fully recognized for the D.P.M., and training facilities and appropriate study leave for this diploma are given. Experience at the General Hospital Unit is given on a rotation basis. Conditions of service and salary as laid down by the Department of Health and Social Security. Peripheral allowance payable. Furnished accommodation available. The hospital is situated in a pleasant area in the County Town of Carmarthen.
Applications, stating age, qualifications, experience and nationality, with the names and addresses of two referees, to the Group Secretary, South West Wales Hospital Management Committee, Glangwilli, Carmarthen. (41051) 44-8

UNIVERSITY HOSPITAL OF WALES (Cardiff) Hospital Management Committee

SENIOR HOUSE OFFICER
for the Clinical Unit of the Department of Psychological Medicine of the Welsh School of Medicine. This unit is at present situated at Whitechapel Hospital.
Applications and enquiries to be addressed to Professor K. Rensley, Whitechapel Hospital, Cardiff. (14509) 44-8

WEST CORNWALL HOSPITAL MANAGEMENT COMMITTEE Barncoose Hospital, Redruth (187 beds)

Applications are invited for the post of **SENIOR HOUSE OFFICER (Psycho-Geriatrics)** to work in the recently built Psycho-Geriatric Assessment Unit for 29 inpatients, and its associated Day Hospital which provides outpatient treatment for up to 30 patients per day.
This Hospital is the active treatment centre for Geriatric patients in the West Cornwall Clinical area, is served by a number of peripheral long-stay annexes, and is under the supervision of a Consultant Geriatrician. The post offers excellent experience of an Area Geriatric Service.
Residential accommodation suitable for a married person is available. Salary in accordance with the terms and conditions of service of a hospital medical staff, peripheral allowance of £87.
Applications giving details of age, qualifications and experience together with names and addresses of two referees, should be sent to the Administrator. (40709) 44-8

WIGAN AND LEIGH HOSPITAL MANAGEMENT COMMITTEE

SENIOR HOUSE OFFICER IN PSYCHIATRY
required. Vacant immediately. Applications with full details to Secretary, Wigan & Leigh H.M.C., Royal Albert Edward Infirmary, Wigan, Lancs. (40968) 44-8

APPLICANTS ARE ADVISED NOT TO send original testimonials when replying to advertisements. Copies will serve the purpose quite as well, and in the event of their being lost or mislaid no inconvenience will ensue.

GUY'S HOSPITAL BOARD OF GOVERNORS

Applications are invited for the post of **HOUSE PHYSICIAN IN CHILD PSYCHIATRY** (post-registration) part-time at Guy's and part-time at the Evelina Children's Hospital commencing March 1, 1971 for a period of six months in the first instance, resident or non-resident.
Applications with the names of two referees or enclosing two recent testimonials should be sent to the Superintendent, Guy's Hospital, London, S.E.1, not later than January 15, 1971. (14528) 44-9

RADIOLOGY

BRIGHTON & LEWES HOSPITAL MANAGEMENT COMMITTEE Royal Sussex County Hospital Eastern Road, Brighton, BN2 5BE (Brighton 66155)

LOCUM (WHOLE-TIME) CONSULTANT IN RADIOLOGY
required immediately in the Brighton and Lewes Group of Hospitals for a period of three months. Post is based at the Royal Sussex County Hospital with duties at other hospitals in the Group.
Applications, stating age, details of qualifications, previous posts held and names and addresses of two referees to be sent to the Group Secretary. (41737) 45-1

CHASE FARM HOSPITAL Enfield, Middlesex

LOCUM CONSULTANT RADIOLOGIST
required from January 17 to February 14, 1971. Applications giving details of previous experience to The Hospital Secretary. (14655) 45-1

EAST ANGLIAN REGIONAL HOSPITAL BOARD

CONSULTANT RADIOLOGIST
(whole-time or maximum part-time) required for the Anglessea Road and Heath Road Wings of Ipswich and East Suffolk Hospital, Ipswich, Suffolk. Post vacant May 1, 1971. Wide experience in the specialty and an interest in angiography required. Higher qualification in Radiology desirable. A new District General Hospital is in the process of being built and a new X-Ray Department will be included in phase 2, scheduled for opening in 1973.
Applications stating age, qualifications, experience, etc., and the names of three referees to S.A.M.O., East Anglian R.H.B., Union Lane, Chesterton, Cambridge, from whom further particulars can be obtained, by February 1, 1971. Candidates invited to visit by direct arrangement with F.M.C. Secretary, Broughton House, Broughton Road, Ipswich. (40969) 45-1

MANCHESTER REGIONAL HOSPITAL BOARD

Applications are invited for the post of **LOCUM CONSULTANT RADIOLOGIST** with duties at the Oldham and District General Hospital and the Oldham Royal Infirmary, vacant from January 11 to February 7, inclusive. Sessions to be agreed with the Group Radiologist.
Applications, with the names and addresses of two referees, to the Group Secretary, Oldham and District Hospital Management Committee, Central Offices, Rochdale Road, Oldham, who will be pleased to arrange for interested applicants to visit the Group. (14469) 45-1

MANCHESTER REGIONAL HOSPITAL BOARD

Whole-time or maximum part-time CONSULTANT RADIOLOGIST
to the Salford Group of Hospitals. This is a new appointment in addition to three Consultants already in post. Experience in Paediatric Radiology would be an advantage, as it is intended that some sessions should be worked at the Manchester Children's Hospital, where there is a Paediatric Cardiac Unit. This hospital is the main teaching centre for the University Department of Child Health. There are busy X-ray departments serving a wide area at both the Royal Manchester Children's Hospital and Salford Royal Hospital. Wide experience and higher qualifications are essential and the successful candidate will be required to live within a reasonable distance of the main hospital.
Application forms and further particulars from the Senior Administrative Medical Officer to the Board, Gateway House, Piccadilly South, M60 7RT, to be returned by January 18, 1971. (14624) 45-1

EDINBURGH NORTHERN HOSPITAL GROUP

Western General Hospital

SENIOR HOUSE OFFICERS (Resident or non-resident)

Two vacancies exist on April 1, 1971 for House Officers, Department of Radiotherapy, Western General Hospital. The duties are mainly concerned with the Medical Management of the patients admitted to the 110 bed department. The posts provide an excellent opportunity for those studying for higher qualifications in medicine or surgery, to see a wider variety of clinical material. Generous off-duty and study facilities are allowed.

Applicants, who should be fully registered, may obtain further information and details by writing to:— The Director, Radiotherapy Department, Western General Hospital, Edinburgh, quoting ref: SHO/WG/1. (14598)

HULL (A) GROUP MANAGEMENT COMMITTEE Hull Royal Infirmary (Sutton)

SENIOR HOUSE OFFICER (Radiotherapy & Nuclear Medicine)

Recognized for full D.M.R.T. training. New Department equipped with ortho-voltage and two high energy units in a first class Department of Nuclear Medicine. This offers excellent opportunities for further training in the treatment of malignant disease. There is an excellent Group Medical Library and a busy Post Graduate Medical Centre. Married accommodation available. Post vacant now.

Applications, naming two referees, stating age, experience and qualifications (with dates) to: Hospital Secretary, Hull Royal Infirmary (Sutton) Salthouse Road, Hull HU8 9HE. (H7446) 46-8

PLYMOUTH GENERAL HOSPITAL Freedom Fields Section

Applications are invited for the post of **SENIOR HOUSE OFFICER** in modern Radiotherapy Department which includes two cobalt units, physics and isotope sections and two wards (total 29 beds). Post is recognized for D.M.R.T. and there is a course for the examination. There are also day release courses for F.R.C.S. and M.R.C.P. examinations from October to May each year.

Detailed written applications, giving the names and addresses of two referees, to the Hospital Secretary, North Friary House, Greenbank Terrace, Plymouth, Devon PL4 8QQ. (14459) 46-8

RHEUMATOLOGY

WELSH HOSPITAL BOARD University Hospital of Wales (Cardiff) H.M.C.

APPOINTMENT OF CONSULTANT IN PHYSICAL MEDICINE AND RHEUMATOLOGY

Applications are invited for the appointment of Consultant in Physical Medicine and Rheumatology. This is a new appointment, and will be on a maximum part-time/whole-time basis. The successful applicant should have an interest in rehabilitation and will be expected to take part in organizing a comprehensive rehabilitation service for the Cardiff area. He will work in co-operation with the Consultant in charge of the Department of Physical Medicine and Rheumatology at present based at the Cardiff Royal Infirmary, but later to be transferred to the University Hospital of Wales (820 beds) when the new teaching hospital opens in 1971. His contract will also include sessions at other hospitals in the Cardiff area, including a small number of sessions in the neighbouring H.M.C.

Optional whole-time/maximum part-time appointment. Successful candidate will be required to live within ten miles of the base hospital. Appointment subject to the terms and conditions of service governing the appointment of hospital, medical and dental staff.

ROTATING APPOINTMENTS

LIVERPOOL REGIONAL HOSPITAL BOARD

Applications are invited for the post of **SURGICAL REGISTRAR**. The post is included in a rotation scheme which has been designed for doctors holding the Primary F.R.C.S. and it will provide the required experience to enable them to take the Final Examination of the Royal College of Surgeons.

Surgical Registrars on this rotation scheme are eligible to attend the part-time postgraduate course in General Surgery at the University of Liverpool. This course is designed for candidates studying for the Final F.R.C.S.

The rotation scheme covers a period of at least two years and will include eighteen months in general surgery in two hospitals and six months in a surgical specialty. The appointment will be initially until September 30, 1972, and subject to satisfactory review will be extended for at least the full period of two years.

The appointment is tenable from April 1, 1971 and the successful candidate will commence at Birkenhead General Hospital for 6 months in General Surgery. On October 1, 1971 he will rotate to Clatterbridge Hospital for a further period of one year in General Surgery. On October 1, 1972 he will rotate to Whiston Hospital for a period of 6 months in Plastic Surgery and then to Birkenhead Hospital for a further period of 6 months in General Surgery.

Application forms may be obtained from Dr. W. J. E. McKee, Senior Administrative Medical Officer, Liverpool Regional Hospital Board, Wilberforce House, The Strand, Liverpool 2. Applications to be returned not later than January 13, 1971. J. D. Shepherd, Secretary to the Board. (14594) 48-6

ADMINISTRATIVE**OXFORD REGIONAL HOSPITAL BOARD**

SENIOR ADMINISTRATIVE MEDICAL OFFICER
The Board invites applications from registered medical practitioners for appointment to this post. Applicants should have had wide experience of medical administration and of planning organization and development of hospital services. Experience in the other branches of the health service is desirable and there would be an opportunity to use special knowledge of management, teaching or operational research.
Salary scale £5,925 to £6,930.
Applications, with the names and addresses of three referees, should be received not later than January 25, 1971, by the Secretary, Oxford Regional Hospital Board, Old Road, Headington, Oxford, OX3 7LF, from whom further information can be obtained. (H7398) 54

EAST ANGLIAN REGIONAL HOSPITAL BOARD

ASSISTANT SENIOR MEDICAL OFFICER
required in the Medical Department of the Board's Headquarters. Salary £4,017-£5,115. The duties of the post will be in the first instance be related to the expanding field of medical staffing and postgraduate medical education, but opportunity will be provided later for experience in other aspects of the work of the Medical Department. It is hoped that arrangements can be made at a suitable stage in the applicant's career for his attendance at a full-time recognized academic course of education for a higher qualification. Prior experience in some field of medical administration is desirable but not essential.
Applications stating age, experience and the names of three referees to S.A.M.O., East Anglian Regional Hospital Board, Union Lane, Chesterton, Cambridge CB4 1PU, from whom further particulars can be obtained, by January 25, 1971. (40975) 54

PUBLIC HEALTH
(see also p. xlvii)**LANCASHIRE COUNTY COUNCIL**

SENIOR MEDICAL OFFICER
Applications are invited from registered medical practitioners for the post of Senior Medical Officer in Health Division No. 15 which includes the Municipal Boroughs of Eccles, Swinton and Pendlebury, together with the Urban District of Worsley.
Applicants must possess the Diploma in Public Health and should have experience in Public Health Administration. The person appointed will be required to act as Deputy Medical Officer of Health for the Constituent districts where so invited. There are excellent opportunities for close liaison with the staff of the Royal Manchester Children's Hospital, Pendlebury.
Salary scale £2,605-£3,180 per annum. Commencing point according to experience. Assisted car purchase scheme and car allowance in accordance with the County Council Scales.
Application forms obtainable from the County Medical Officer of Health, Serial No. 7860, East Cliff County Offices, Preston, PR1 3JN. (14545) 56

LANCASHIRE COUNTY COUNCIL

MEDICAL OFFICES (Departmental)
Applications are invited from Registered Medical Practitioners for vacancies which exist in: Newton-Le-Willows, Chorley and areas adjacent to Bury, Rochdale and Liverpool.
Salary scale £2,160-£2,895 per annum—commencing point according to experience.
The County Council has a generous scheme of financial assistance towards study for the Diploma in Public Health.
Medical Officers are classified as car users and subsistence allowances are payable where appropriate. An assisted car purchase scheme is in operation.
Further details and application forms obtainable from the County Medical Officer of Health, Serial No. 7868, East Cliff County Offices, Preston PR1 3JN. Application forms to be returned as soon as possible. (14546) 56

COUNTY OF DENBIGH**MIXED APPOINTMENT OF MEDICAL OFFICER OF HEALTH FOR DENBIGH AND RUTHIN BOROUGHS**
Llanrwst Urban, Hiraethog and Ruthin Rural Districts and Denbighshire County Council
MEDICAL OFFICER

in Department
Applications are invited from registered Medical Practitioners possessing a Diploma in Public Health for the above full-time appointment, based at Ruthin.
The apportionment of duties is 50% as District Medical Officer and 50% as Medical Officer in Department.
The salary payable as District Medical Officer will be on the scale £1,545 by £52 10s. 0d. (4) to a maximum of £1,755, and as Medical Officer in Department £1,080 rising, by 8 annual increments, to a maximum of £1,447 10s. 0d. In addition, an allowance of £375 per annum is payable in respect of the number of appointments held.
Application forms and further particulars are obtainable from the undersigned, to whom completed application forms should be returned by not later than January 11, 1971, accompanied by one recent testimonial and the names and addresses of two referees.
A knowledge of the Welsh language is desirable. Canvassing disqualifies.
On behalf of Denbigh and Ruthin Boroughs, Llanrwst Urban and Hiraethog and Ruthin Rural District Councils, and the Denbighshire County Council, W. E. Bufton, Clerk of the County Council, County Offices, Ruthin. (H7431) 56

LONDON BOROUGH OF TOWER HAMLETS

Application forms may be obtained from the undersigned. Apply immediately to S. Decgan, Secretary, John's Green, Kilkenny. (H7448) 60

MEDICAL PRACTICE
VACANCY

Applications are invited for a practice vacancy in Lurgan, Co. Armagh, due to death. The present list size is approximately 1,290 patients.

Applications by letter stating qualifications, age and experience to be received by the Secretary, Northern Ireland General Health Service Board, 27 Adelaide Street, Belfast, BT2 8FH, not later than Monday, January 11, 1971.

(14636) 60

UNIVERSITY COLLEGE
Dublin
Mater Misericordiae Hospital**MEDICAL TUTOR**

Applications are invited for the position of Medical Tutor under the Professor of Medicine in the above hospital. The duties will consist of assisting the Professor of Medicine in teaching students and hospital duties.
Salary will be on the scale £2,200 x 150-£2,950 with an additional £210 for a higher degree or equivalent qualification.
The appointment will be for an initial period of one year and thereafter on a year-to-year basis, subject to a maximum of three years. Commencing date will be January 1, 1971 or as soon as possible thereafter.
Applications should be sent, marked "Medical Tutor," to the undersigned, giving the names of two referees. Latest date for applications January 11, 1971. J. P. MacHale, Secretary and Bursar, University College, Earlsfort Terrace, Dublin 2. (14537) 60

Department of Health and Social Security**Senior Medical Officer**
(Pharmacology/Toxicology)
£5765

Based in London, the Senior Medical Officer will be principally concerned with the formulation of policy designed to ensure the safety of agricultural pesticides and food additives. There could be opportunities for clinical investigation and/or laboratory studies.

Duties also include work on toxicology generally, with increasing attention to environmental risks; advising on the safety evaluation of pesticides, food additives, veterinary medicines, antibiotics in animal husbandry and carcinogenicity. There will be liaison on these matters with other Government Departments and international organisations — World Health Organisation and the Council of Europe, for example.

Candidates must be fully registered as medical practitioners in the U.K. Postgraduate experience in pharmacology, toxicology or pathology is essential. There is a non-contributory pension; prospects of promotion to Principal Medical Officer and above.

Fuller details of this appointment may be obtained by writing to the *Civil Service Commission, Alencon Link, Basingstoke, Hants.*, or telephoning Basingstoke 29222 ext. 500 or London 01-734 6464 (24-hour "Ansafone" service), quoting reference S/7632/AM/1. Closing date 21st January 1971.

SERVICES

Travel with the Navy for three years before you go into practice.

Just because you've finished your training, it doesn't mean you have to settle down into practice or a routine hospital job.

Especially when you can spend three years, as a naval doctor, seeing something of the world and getting a lot of useful experience on the way.

You'll get plenty of variety and all the responsibility you can handle. And at sea, as the only doctor on board your ship, you will find yourself having to cope with medical emergencies of every kind.

But you're more than just a doctor. Above all you are a naval officer—with the ever-changing scene and the full, satisfying life that every naval officer enjoys.

How do you become a naval doctor?

If you are in your pre-registration year or are already a qualified practitioner, you simply apply to join for a 3-year or 5-year commission. Then, if selected, you enter the Navy as a Surgeon-Lieutenant at £3,395 p.a. You are then given a short course in the special problems of maritime practice (including nuclear and underwater medicine) after which you take up your first appointment.

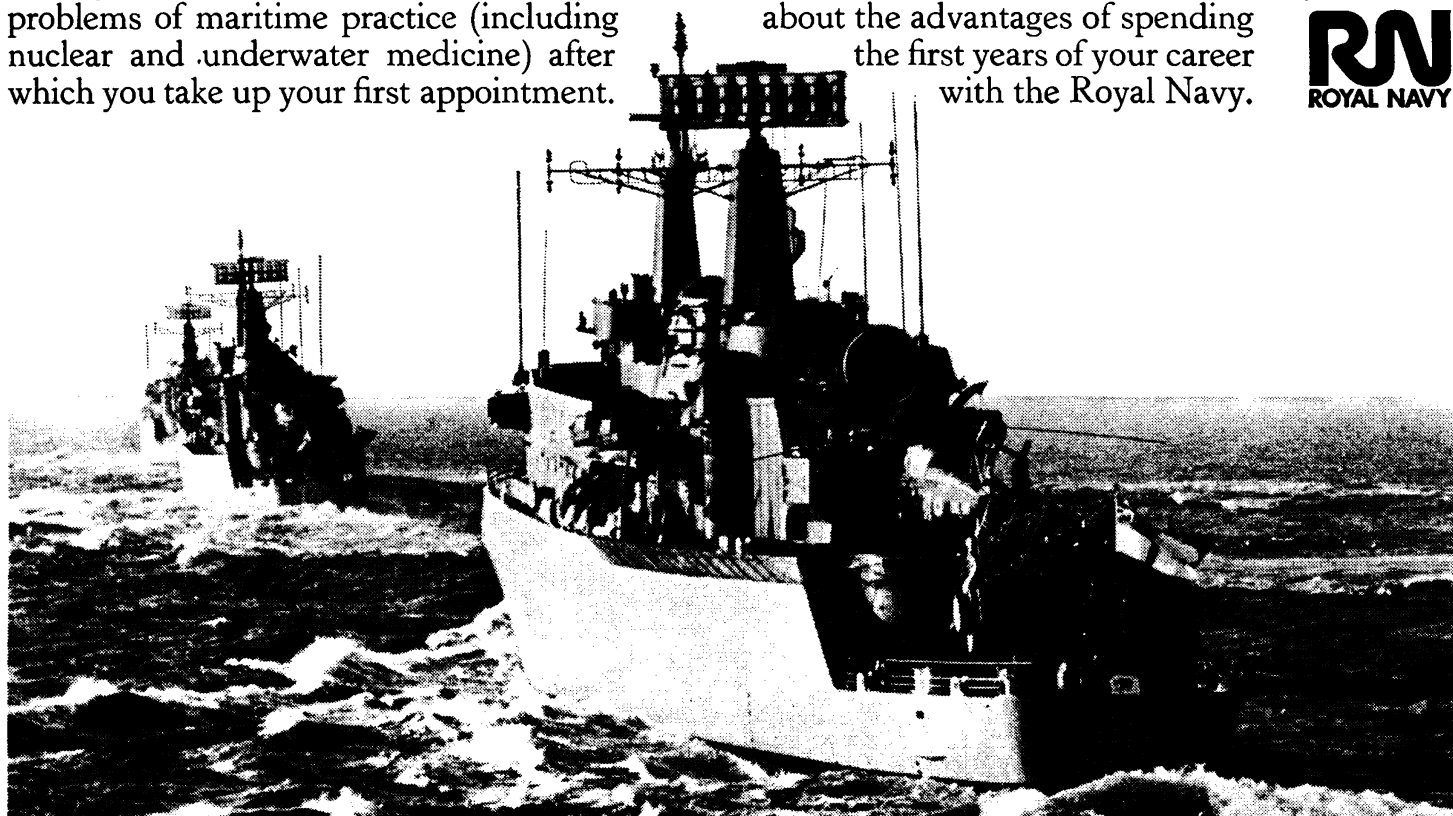

At sea, you would be looking after the health of a whole ship's company. Ashore, you may be looking after their families as well. (So we can even give you experience in obstetrics and paediatrics.)

And, at the end of your commission, you'll not only have a lot of useful experience and happy memories, but you'll also have a pretty useful tax-free gratuity. £1,500 after three years and £3,000 after five years.

Even if you're still at medical school, it's not too early to join us. Every year, we award about twenty-five Medical Cadetships to selected 2nd M.B. students. Each award pays for tuition fees and gives a salary of £1,697 a year in the rank of Surgeon Sub-Lieutenant. When you're registered, you're promoted to Surgeon Lieutenant and you begin your five-year commission.

Write now to Surgeon-Commander F. M. Kinsman, R.N., (724AY2), Dept. of the Medical Director-General (Navy), Empress State Building, London, S.W.6, and tell him your age and qualifications. In return he'll tell you more about the advantages of spending the first years of your career with the Royal Navy.

Trasacor goes further than just the relief of pain - it offers a better quality of life

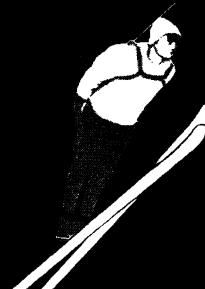

More published evidence

Many patients have now been safely treated with Trasacor, and its effectiveness has been confirmed in well-designed double-blind studies. Comprehensive evidence of the value of Trasacor is found in the Symposium proceedings carried in the November (1970) Supplement to the Postgraduate Medical Journal.

Copies are available on request to CIBA Laboratories Limited, Horsham, Sussex.

Radiotelemetric studies with Trasacor yield intriguing results

Trasacor also effectively controls and prevents a variety of cardiac arrhythmias

Psychological Medicine is a journal for the publication of original research in clinical psychiatry and the basic sciences related to it. These will comprise not only the several fields of biological inquiry traditionally associated with medicine, but also the various psychological and social sciences whose relevance to medicine has become increasingly apparent. Editorials and commissioned review articles will also be published from time to time.

The first issue was published in November 1970. Subsequent issues will appear quarterly in February, May and August. Each issue will contain approximately 80 pages. The title page, contents list and volume index for the first five issues will be contained in the November (1971) issue.

*** *Medihaler-duo...***
***"may have an additional
margin of safety"***

British Medical Journal 5th December 1970

"The present results suggest that the changes in blood gases represent an improvement in the physiological state of the patients studied.

The combination aerosol* has a satisfactory bronchodilator effect, and may have an additional margin of safety if used by a severely hypoxic patient unaware of the seriousness of his condition."

This new evidence confirms that *Medihaler-duo* is significantly different from other bronchodilator inhalers in preventing adverse changes in the blood gas picture in most patients.

In this latest paper the significant improvement following *Medihaler-duo* is contrasted with "well documented evidence" of falls in blood oxygenation caused by inhaled isoprenaline, orciprenaline and salbutamol.

***for insignificant effect on the heart
improved gas exchange
and the prospect of improving the
patient's physiological state***

Composition *Medihaler-duo* contains a suspension of isoprenaline hydrochloride 8 mg./ml., phenylephrine bitartrate 12 mg./ml., and each puff delivers to the patient a measured dose containing 0.16 mg. isoprenaline hydrochloride and 0.24 mg. phenylephrine bitartrate. **Contra-indications** There are no absolute contra-indications, but *Medihaler-duo* should be used with caution in the presence of cardiac disease, hypertension or hyperthyroidism. **Side-effects** Over-dosage may cause dry mouth, palpitations, or nervousness. **Dosage** One to three puffs should be sufficient to provide relief in most cases. It should not be necessary for the patient to take further treatment for at least thirty minutes, or more than eight treatments a day. **Children** *Medihaler-duo* should be administered to children only under the supervision of a responsible adult. **Basic NHS price** Standard pack (complete 400-dose unit) 17/-. Full information is available on request.

City Council of Salisbury Rhodesia

Departmental Medical Officer of Health

**Salary: equivalent of £4,346 (sterling)
(fixed) per annum**

Applications are invited for three positions from qualified registered medical practitioners in possession of postgraduate qualifications (e.g. D.P.H.) and/or approved experience.

Each position is full time and the responsibilities may include child health, environmental health and the treatment and control of infectious disease.

Salary allowance is payable from date of departure from home base; refund of travelling expenses and freight/cartage costs will be made up to equivalent £116 (sterling).

Applications detailing curriculum vitae and all relevant information should be addressed to the Medical Officer of Health, P.O. Box 596, Salisbury, Rhodesia within 40 days of the appearance of this advertisement. (H7435) 61-1

Western Australia

A GENERAL PRACTITIONER

is required for the Leonora/Laverton district of Western Australia.

Situated approximately 150 miles north of Kalgoorlie, the area is the scene of exciting mineral exploration activity with enormous potential.

The present population served by the Doctor numbers approximately 2,000.

A fully-equipped and staffed 39-bed hospital, including theatre, X-ray and maternity facilities at Leonora, and a 12-bed general hospital at Laverton, 80 miles east of Leonora are available.

Clinic flights by Royal Flying Doctor Service aircraft also made to Albion Downs and Warburton Ranges on a regular basis by the previous Doctor. Large Regional Hospital (225-bed) at Kalgoorlie.

No other Doctor within 150 miles.

A fully-furnished, comfortable 3-4 bedroom residence is provided at Leonora at \$4.60 per week.

Guaranteed minimum salary \$10,000 per annum, plus travelling allowance.

This is a rewarding opportunity for a young and energetic man who does not object to flying.

Applications to The Chairman, Leonora District Hospital Board, P.O. Box 37, LEONORA. 6438 WESTERN AUSTRALIA. (14575) 61-1

OBSTETRICIAN / GYNAECOLOGIST required to join well established, progressive ten man group practice serving 25,000 located on U.S./Ontario border in heart of lakeland vacation area. Good personal and professional references essential. Applicant would be expected to relieve general surgeon on a rota basis for emergencies on weekends and vacation periods. All medical emergencies necessarily dealt with locally. Starting salary \$20,000.00 annually with prospect of substantial future increases. Partnership offered after short preliminary assistantship to establish compatibility. Staff appointment to hundred-bed hospital assured. Present group consists of one General Surgeon Specialist, one Internist Specialist and General Practitioners, all of whom have special skills. Association with a Radiologist, Pathologist, and Otolaryngologist. Well-equipped clinic with modern Laboratory and Radiology facilities. Good study leave, holidays and off duty periods. Excellent shooting, hunting, fishing, boating and golfing. Educational facilities are good. Reasonable access to larger cities in Canada and U.S.A. Will pay one half cost of fare for interview. Hospitality extended for one week. Send all details in first letter to, Fort Frances Clinic, 301 Victoria Avenue, Fort Frances, Ontario, Canada. 61-1

CONSULTANT ANAESTHETIST

Applications are invited from an Anaesthetist possessing the F.F.A.R.C.S. to join the medical staff of the 250 bed General Hospital in Brunssum, The Netherlands.

Brunssum (25,000 inhabitants) is pleasantly situated in quiet surroundings near the German frontier, some 10 miles from the city of Aachen (Germany).

As the headquarters of AFCENT (Allied Forces Central Europe) is located in Brunssum there might be an opportunity for children of applicants to attend the English AFCENT schools.

Applications, stating date of birth, qualifications, experience, present appointment and further details and the names and addresses of two referees, can be sent to the Medical Director of the St. Gregorius Hospital, Brunssum, The Netherlands.

Salary £6,300-£7,300 p.a.
(H7449) 61-1

HOUGHTON POULTRY RESEARCH
STATION
HOUGHTON, HUNTINGDON

(Founded by the Animal Health Trust)
Grant-aided by the Agricultural Research Council

HEAD OF DEPARTMENT OF VIROLOGY

Applications are invited from experienced virologists for the post of Head of the Department of Virology which will fall vacant April 1, 1971. Possession of a veterinary qualification is desirable.

The work of this department is concerned with investigations of viral diseases of poultry other than those associated with oncogenic viruses. Facilities include a recently completed and fully equipped laboratory wing, sophisticated isolation accommodation for experimental animals and access to an electron microscope.

The appointment will be made within either the Principal Scientific Officer scale (£2,820 x 9—£3,902 per annum) or the Senior Principal Scientific Officer scale (£4,390 x 3—£5,015 per annum) depending on qualifications and experience. F.S.S.U. superannuation.

Further information available from the Station Secretary, to whom applications should be submitted by February 28, 1971. (14558) 62-8

International Labour Office Family Planning

The International Labour Office, a Specialized Agency of the United Nations, requires the services of two experts to take part in exploratory missions of three and six months duration on population and family planning in selected countries in the Middle East and Africa (Turkey, UAR, Kenya and Ghana) and the Americas (Costa Rica, Panama, Jamaica, Trinidad and Tobago).

Experts will be required to study the working of the local family planning services particularly with regard to their policies and means at their disposal with a view to exploring the best means of taking advantage of plant-level occupational health services for reaching industrial and plantation workers' families; to study how best the available plant-level occupational health services could be organised to promote family planning programmes and make recommendations to promote family planning activities at places of employment.

QUALIFICATIONS: Degree in Medicine with experience in occupational health and family planning problems. Experience in lecturing on family planning.

SALARY: Between US\$1,185 and US\$1,451 (£493-£604) per month plus substantial allowances. All emoluments are free from income tax.

Interested persons are invited to write, stating brief personal particulars, to the International Recruitment Unit, Foreign & Commonwealth Office, Overseas Development Administration, Room 316, Eland House, Stag Place, London, SW1.

ST. ANDREW'S HOSPITAL NORTHAMPTON

Medical Director: James Harper M.B., F.R.C.P. (Edin.), D.P.M.
St. Andrew's Hospital is a private psychiatric hospital situated in 130 acres of parkland in the county town of Northampton. In general, patients are admitted to Wantage House, a reception unit in the grounds, which is equipped for the investigation and treatment of all forms of mental and nervous illness. In addition there is accommodation mainly in private rooms, both in the main hospital and in various villas, for longer-stay patients and geriatric patients. The hospital's amenities include Gloucester House, which comprises an Occupational Therapy department, a swimming pool, a squash court and library, while in the grounds there are tennis courts, a nine-hole golf course, etc.
Fees range from £31 10s. per week, and subscribers to private medical insurance schemes, such as British United Provident Association and Private Patients Plan, may claim benefit in respect of these charges. Further particulars may be obtained from the Medical Director, St. Andrew's Hospital, Northampton Tel. Northampton 34354, who can be seen in consultation by appointment, either at the hospital or at 55 Harley Street, London, W.1. 67-13

to span the spectrum of depression

Concordin®

Protriptyline hydrochloride MSD

Tryptizol®

Amitriptyline hydrochloride MSD

for listless, withdrawn depressives

They complain they're always tired and have no energy. They don't want to go anywhere or do anything. Bored, apathetic and withdrawn, they have few if any symptoms of anxiety—the symptoms of depression predominate.

These are the very patients for whom 'Concordin' offers special advantages—

- improvement often begins within a week ☐
- a prompt return to normal interests in many patients ☐
- essentially free from sedative activity ☐

for anxious depressives

They may complain of always feeling on edge. They are often so worried that they can't sleep properly—they tend to wake up in the early hours and brood. Anxiety may mask an underlying depression—but both demand early treatment.

'Tryptizol' is more appropriate for many patients where anxiety predominates—

- ☐ anxiety and agitation are quickly relieved
- ☐ disturbed patterns of sleep are rapidly improved
- ☐ the underlying depressed mood is lifted

Merck Sharp & Dohme Limited, Hoddesdon
Hertfordshire Telephone, Hoddesdon 67123

'Concordin' is available as 10 mg ('Concordin'-10) and 5 mg ('Concordin'-5) tablets. 'Tryptizol' is available as 10 mg, 25 mg, and 50 mg tablets, a syrup, and an injection. Detailed information on both products is available to physicians on request. ® denotes registered trademark.
