The Retreat, York

For the Treatment of Psychiatric Illnesses

This Private Registered Nursing Home at York of 275 beds, established in 1792, is managed by members of the Religious Society of Friends (Quakers).

It combines psychological and physical investigations and modern forms of treatment for patients suffering from psychiatric illnesses, including drug dependence, and has a separate unit for the assessment and treatment of psycho-geriatric conditions. There are also facilities for long-stay patients.

The Hospital is surrounded by 42 acres of its own grounds and is within easy walking distance of the City centre. In recent years, the Hospital has been modernised throughout. A new spacious occupational therapy centre provides a wide range of creative activities.

British United Provident Association and Private Patients Plan assist their members who become patients at The Retreat within the range of their published benefits.

For terms and further particulars, apply to The Medical Director, The Retreat, York, YO1 5BN. Telephone: York 54551 (STD 0904).

Road Accidents and the Family Doctor

Road accidents are now acknowledged to be one of the major epidemics of our time. It has been estimated that many accident deaths could be saved by skilled treatment at the site of the accident, and recently doctors in Britain and abroad have been playing an increasingly active part in this. This booklet, which reprints a series of articles which appeared in the *B.M.J.* last autumn, contains contributions on organization and medical equipment, the management of soft-tissue injuries, resuscitation, fractures of the spine, and extrication of persons trapped in a vehicle. The introduction is written by Mr. Norman Capener, Chairman of the Medical Commission on Accident Prevention.

RYBARVIN

Inhalant

SAFE

EFFECTIVE TREATMENT FOR BRONCHIAL SPASM

**THE PROVEN
BLUE CHIP
INVESTMENT
FOR ASTHMATICS**

*No devaluation
after 31 years!*

SAFETY The very small amount of inhalant often necessary to relieve an attack is important. Therapeutically, this is of benefit to the patient in avoiding any side-effects which might be brought about by taking too frequently a full measured dose. Over-dosage with the Rybarvin inhaler is virtually impossible.

ECONOMY Economically the very low cost of treatment by Rybarvin, 1500 average doses (half-minute) per 28ml. bottle, i.e. about 1/15d. per dose, must be of interest to both patient and doctor.

RYBARVIN INHALANT Bottles containing 15ml. and 28ml.

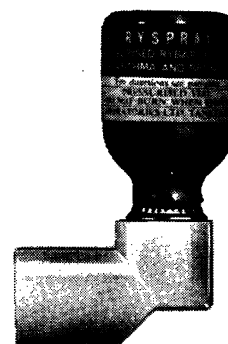

Extract of Pituitary (Posterior Lobe) B.P.C. 0.20% v/v Atropine Methonitrate B.P. 0.10% w/v, Papaverine Hydrochloride B.P. 0.08% w/v, Adrenaline B.P. 0.40% w/v. Benzocaine (Ethyl para-aminobenzoate) B.P. 0.20% w/v.

Note: **THE RYBAR INHALER CAN NEVER HAVE A BLOCKED SYPHON TUBE.** It is now fitted with a special filter (patent pending).

RYBAR LABORATORIES appreciate the convenience of the unobtrusive Pressured Pack particularly on social occasions and have produced Ryspray for prescription where doctors feel this type of pack is more suitable.

RYSPRAY is a powerful bronchodilator giving rapid and sustained relief in asthma and bronchitis. Complete unit (300 doses).

It is a great convenience to the patient that the amount of inhalant in the bottle can be seen.

Samples and literature gladly sent on request

Obesity

Is diet and suppressing appetite the answer?

There are many lean people who overeat and there are many obese patients who are not gluttons. The often heard plea - 'I eat very little but get very fat' - is frequently true. This has been proved by some patients who have failed to lose weight even on total fasting.

When patients do not lose weight on diet recourse is often made to appetite depressant drugs. However it does not appear logical to expect such drugs to produce weight loss if the patient is still taking the same calorie intake.

An answer would be to give the obese patient the metabolism of the lean subject. Fortunately such a treatment is now available in glycoliptic therapy. Already many refractory obese patients have, without diet, lost substantial amounts of weight with glycoliptic therapy. Have you thought of the benefits of glycoliptic therapy for your refractory and other obese patients?

continued 

If your treatment for

Obesity

- produces substantial weight loss with or without diet, up to 44lb. loss recorded in 8 weeks on free food intake
- gives a 'lean' metabolism to the obese by increasing muscle glucose uptake and mobilising fat
- does not cause cerebral stimulation
- is not metabolised to stimulant products
- has a mild hypotensive effect
- reduces anxiety tension
- benefits the obese diabetic
- does not produce tolerance
- is heavily supported by authoritative reports in leading medical journals
- is prescribed more than any other anti-obesity product
- has a ten-year history of scientific and clinical success

Your obesity treatment must be

PONDERAX[®]

the first glycoliptic agent

FENFLURAMINE

A product of Servier Research

continued 

A few quotations from authoritative reports in leading medical journals on the many aspects of

PONDERAX[®]

therapy in obesity

FENFLURAMINE

The Glycoliptic Properties

THE LANCET

"The present results therefore suggest that as far as muscle glucose uptake is concerned fenfluramine has effects similar to mild exercise, diverting ingested carbohydrate away from adipose tissue. In this way fenfluramine does in fact mimic the metabolic pattern seen in lean subjects who have greater muscle glucose uptake than fat persons"

See Lancet (1968), i, 109

also

"Obesity is associated with a decreased peripheral glucose and oxygen uptake, both of which are inversely correlated with skinfold thickness. Weight reduction results in an improvement of the uptake of both. Fenfluramine induces weight loss not directly related to changes in blood flow, and increases the glucose uptake,

"Fenfluramine induced a significant increase in free glycerol, free fatty acids, and 'ketone' levels in the plasma and produced a decrease in triglyceride levels. Total cholesterol levels were unaffected. It is concluded that fenfluramine produced a fat-mobilising-effect at these dose levels in the volunteers investigated."

See Lancet (1969), ii, 498

over and above any increased blood-flow. We feel that fenfluramine itself probably has a primary metabolic action in increasing the cellular glucose uptake."

Second International Symposium on the Clinical and Metabolic Aspects of Laevulose, June, 1970, Royal Society of Medicine. 'Carbohydrate Metabolism in Obesity.'

The Hypotensive Effect

THE LANCET

"The implication of these observations for treatment of mildly or moderately hypertensive obese patients is that maximum weight reduction should be attempted before institution of antihypertensive therapy, and that fenfluramine may be well worth trying in this situation."

See Lancet (1969), ii, 1392

The Anti-Anxiety Effect

THE BRITISH JOURNAL OF PSYCHIATRY

"It is of particular interest that fenfluramine was shown to assist obese psychiatric out-patients to lose a significant amount of weight, as this group of obese patients is probably more resistant to simple dietary

treatment than are psychiatrically normal patients. Anxious obese patients were especially benefited since not only were they able to diet more easily but their anxiety was reduced in the majority of cases."

See Brit. J. Psychiat. (1969), 115, 963

The Safety and Effectiveness

THE LANCET

"The results of these studies confirm that fenfluramine is an effective and safe preparation for the treatment of polyphagic obesity. It is suitable for prolonged administration and provides an effective alternative to the stimulant anorexigenic drugs which, because of their addictive effects, should no longer be prescribed for obesity."

See Lancet, (1970), ii, 437

continued 

The weight losses with **PONDERAX[®]** FENFLURAMINE

THE BRITISH JOURNAL OF PSYCHIATRY

"The mean weekly weight loss of 3.60 lb. which occurred during the fenfluramine administration was gratifyingly high"

See Brit. J. Psychiat. (1969), 115, 963

THE BRITISH JOURNAL OF CLINICAL PRACTICE

"The fact that really significant weight reduction has been obtained in all cases over such a short period without food restriction seems to us to confirm a pronounced metabolic activity with fenfluramine"

See Brit. J. Clin. Practice (1970), 3, 118

"This study confirms the effectiveness of fenfluramine in the management of refractory obesity, and it was pleasing to note the renewed hope that the patients found when they discovered that they had lost weight despite being asked not to reduce their calorie intake"

See Brit. J. Clin. Practice (1970), 6, 251

ABBOTT LABORATORIES LIMITED QUEENBOROUGH KENT

When you diagnose Tonsillitis, you're in Penbritin Territory

The right-first-time antibiotic for Upper Respiratory Infections

Penbritin is right because it destroys penicillin-sensitive bacteria as effectively as penicillin V or G, and also kills other respiratory pathogens sensitive to broad-spectrum antibiotics only.

Penbritin is right because the sensitivity of respiratory pathogens is unchanged after 9 years' extensive use. In contrast, some bacteria, especially streptococci, now show a much reduced sensitivity to tetracyclines.

Penbritin retains the safety of penicillin which makes it an ideal treatment for children's infections and other situations where safety is a prime consideration. This is an advantage not shared by any other broad-spectrum antibiotic.

Two syrups, capsules and tablets enable you to prescribe Penbritin in the right form for each patient. Twenty papers involving 400 patients and showing an overall success rate of 95% confirm Penbritin as the right-first-time antibiotic in upper respiratory infections.

Dosage: Adults and children over 10 yrs. 250 mg q.i.d. a.c.
Children under 10 yrs. 125 mg q.i.d. a.c.

Contra-indication: Penicillin allergy.

Side-effects: As with other penicillins.

Further information is available on request.

in urinary infections 'clearly superior' to ampicillin or sulphadimidine

Higher cure rates

These comparative results were obtained in treating hospital in-patients with UTI¹, most of whom were infected with entrenched hospital pathogens.

85% cure rate	SEPTRIN*
70% cure rate	ampicillin
40% cure rate	sulphadimidine

(Cure criterion=eradication of original organism 1 week after treatment ended.)

SEPTRIN was "clearly superior to either of the other treatments" and this superior effect was "even more appreciable in the re-treatment of patients who had failed on another drug."²

SEPTRIN Tablets, SEPTRIN Paediatric Suspension and SEPTRIN Paediatric Tablets contain trimethoprim and sulphamethoxazole. Full information is available on request.

2. *Leading Article, Brit med J*, (1969) 1, 525.

*Trade Mark

Clear reasons for using Septrin

Abstracted from a Leading Article in the *British Medical Journal*².

- ☐ Trimethoprim not only attains therapeutic tissue levels, but is excreted unchanged in high concentration in the urine.
- ☐ All Gram-negative bacilli occurring in the urine, except *Pseudomonas aeruginosa*, are usually highly sensitive to it.
- ☐ Its minimum inhibitory concentration is extremely low.
- ☐ Trimethoprim and a sulphonamide, by blocking successive stages in the same bacterial metabolic process, exert a strong synergic effect, and this action is bactericidal.

Septtrin

an advance on the antibiotics

The time is now

Approximately one in five young women has no natural immunity against German measles. Immunity can, however, be conferred by vaccination.

The pre-pubertal period (11-14 years) is the recommended time to vaccinate girls in order to protect their future offspring

against the possible consequences of maternal rubella.

Your attention is drawn to the caution on the use of rubella vaccine in women of child-bearing age which is given on the following ALMEVAX advertisement page.

ALMEVAX

Trade Mark
Rubella Vaccine (Live Attenuated) Wistar RA 27/3 Strain, Freeze-dried.

the most advanced German measles vaccine

THE ORAL CONTRACEPTIVE WITH THE LOWEST RISK FACTOR

Full data recently published¹ on the association between oral contraceptives and thromboembolism show clearly that NORLESTRIN has the lowest risk factor of all twelve formulations included in the survey. In each monthly pack of NORLESTRIN* there are 21 tablets containing

norethisterone acetate 2.5 mg. and ethinyl oestradiol 0.05 mg. In each monthly pack of ORLEST* there are 21 tablets containing norethisterone acetate 1 mg., and ethinyl oestradiol 0.05 mg.; with 7 inert tablets.

¹ *British Medical Journal*, 1970, 2:203. *Trade mark.

NORLESTRIN

For most women NORLESTRIN will be the 'Pill' of first choice.
For the few women who are 'too progestational' use ORLEST.

in vaccine production*

Wistar RA 27/3 strain of virus produces an essentially asymptomatic infection — after-effects are infrequent, mild and transient.^{1, 2}

95-100 per cent effective in producing immunogenic response.^{1, 2}

No transmissibility of infection.^{1, 2}

1. *Brit Med J* (1970) ii, 531 2. *Lancet* (1970) i, 99

Contra-indications and Precautions relating to Pregnancy

There is a possibility that live attenuated rubella virus administered during pregnancy could infect and damage the foetus, producing congenital abnormalities. Therefore **pregnant women must not be vaccinated** and pregnancy should be excluded before vaccination is undertaken. This danger to the developing foetus equally applies in the case of a pregnancy

conceived within two months following vaccination. Women of child-bearing age must be warned that for at least two months after vaccination they must take strict contraceptive precautions. If there is any possibility that they may become pregnant within this period they should not be vaccinated.

Declinax decreases blood-pressure but not the patient's feeling of well-being

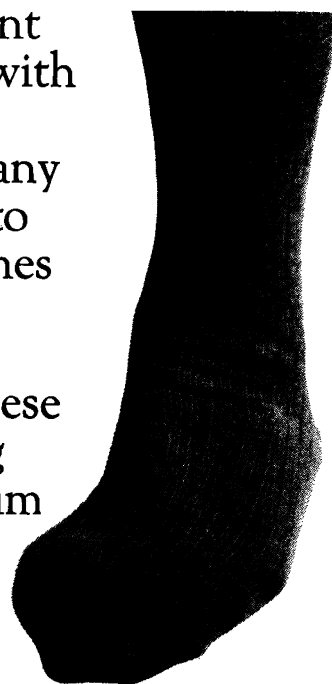

Declinax is the registered trade mark for pharmaceutical preparations containing debrisoquine sulphate.

is it gout?

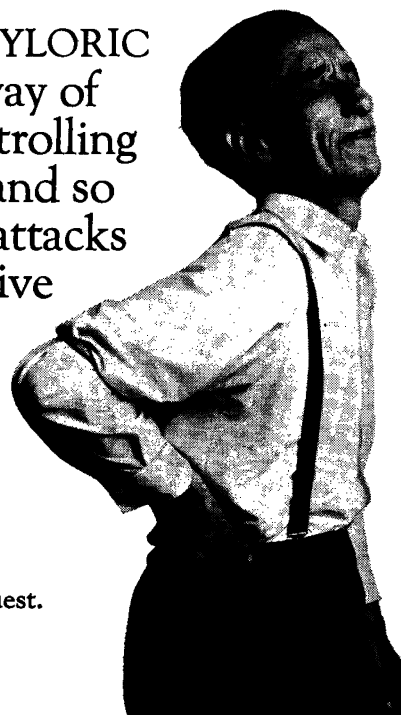

Gout does not always present in the classical manner, with an inflamed big toe. It can present as pain in almost any joint. Colicky pain due to urate stones is sometimes a precursor of gout.

In circumstances like these it is worth remembering gout and having the serum uric acid level checked.

If the diagnosis is gout, ZYLORIC* is there to provide effective prophylactic treatment. ZYLORIC provides the rational way of treating gout by controlling uric acid formation and so preventing the acute attacks and the degenerative changes associated with the history of the disease.

"You *increased* the dosage?
But I thought this woman had
a peptic ulcer."

"She has – but I find that she
can tolerate Brufen, and her arthritis
is improving nicely."

Experience has shown that Brufen is extremely well tolerated by the majority of arthritic patients, including many who have suffered from persistent gastric disturbance with other antirheumatic drugs. Patients with pre-existing peptic ulceration have received Brufen therapy without exacerbation of gastric symptoms.¹

In the treatment of arthritis, Brufen provides the relief of pain and stiffness essential to achieve a progressive improvement in joint flexion and functional capacity. To patient and doctor, Brufen means highly effective antirheumatic therapy without the limitation of frequent side-effects. Brufen is available as tablets, each containing 200 mg. of ibuprofen.

BRUFEN
(ibuprofen) 

new freedom for the arthritic patient

Further information is available on request from Medical Products Marketing, Boots Pure Drug Co. Ltd., Nottingham.

¹ Paper read at the 12th. International Congress of Rheumatology, Prague, 1969.

Day after day of freedom from asthmatic attack

The unique mode of action of disodium cromoglycate offers the asthmatic patient outstanding benefits. A prophylactic treatment, it prevents the onset of asthmatic episodes - thus minimising long-term damage to lung tissue. Freedom from asthma attacks permits a happier, more normal life for the asthmatic patient.

Published clinical reports confirm that with INTAL COMPOUND, the incidence and severity of acute attacks is considerably reduced - even in patients on conventional therapy such as bronchodilators, antihistamines and corticosteroids. Less time is lost from work or school, exercise tolerance is improved and a consistent clinical comment on disodium cromoglycate has been the total absence of serious side effects.

INTAL COMPOUND - supplied in SPINCAPS (each containing 20 mg disodium cromoglycate, and 0.1 mg Isoprenaline Sulphate BP in powder form, together with an inert carrier). For use in a special insufflator - SPINHALER.

Full information is available on request. The Technical Services Department, Fisons Limited-Pharmaceutical Division, Loughborough, Leicestershire.

What is the word for emotional distress?

The presenting symptoms? "Can't sleep . . . irritable . . . no appetite . . . tired . . . aches and pains"—consultation after consultation.

The task? To penetrate behind the facade to the underlying condition.

The aim? To make the patient feel better quickly and reveal the problem, without unnecessary consultations.

Tranquillizers or hypnotics may deal with part of this aim, but only part.

Prothiaden can meet all the requirements. It is rapidly effective in both anxiety and depression.

One ingredient, a single-strength capsule means straightforward dosage.

Prothiaden is well tolerated even by the elderly.

Prothiaden can mean trouble-free treatment of anxiety, depression, in fact any manifestation of emotional distress.

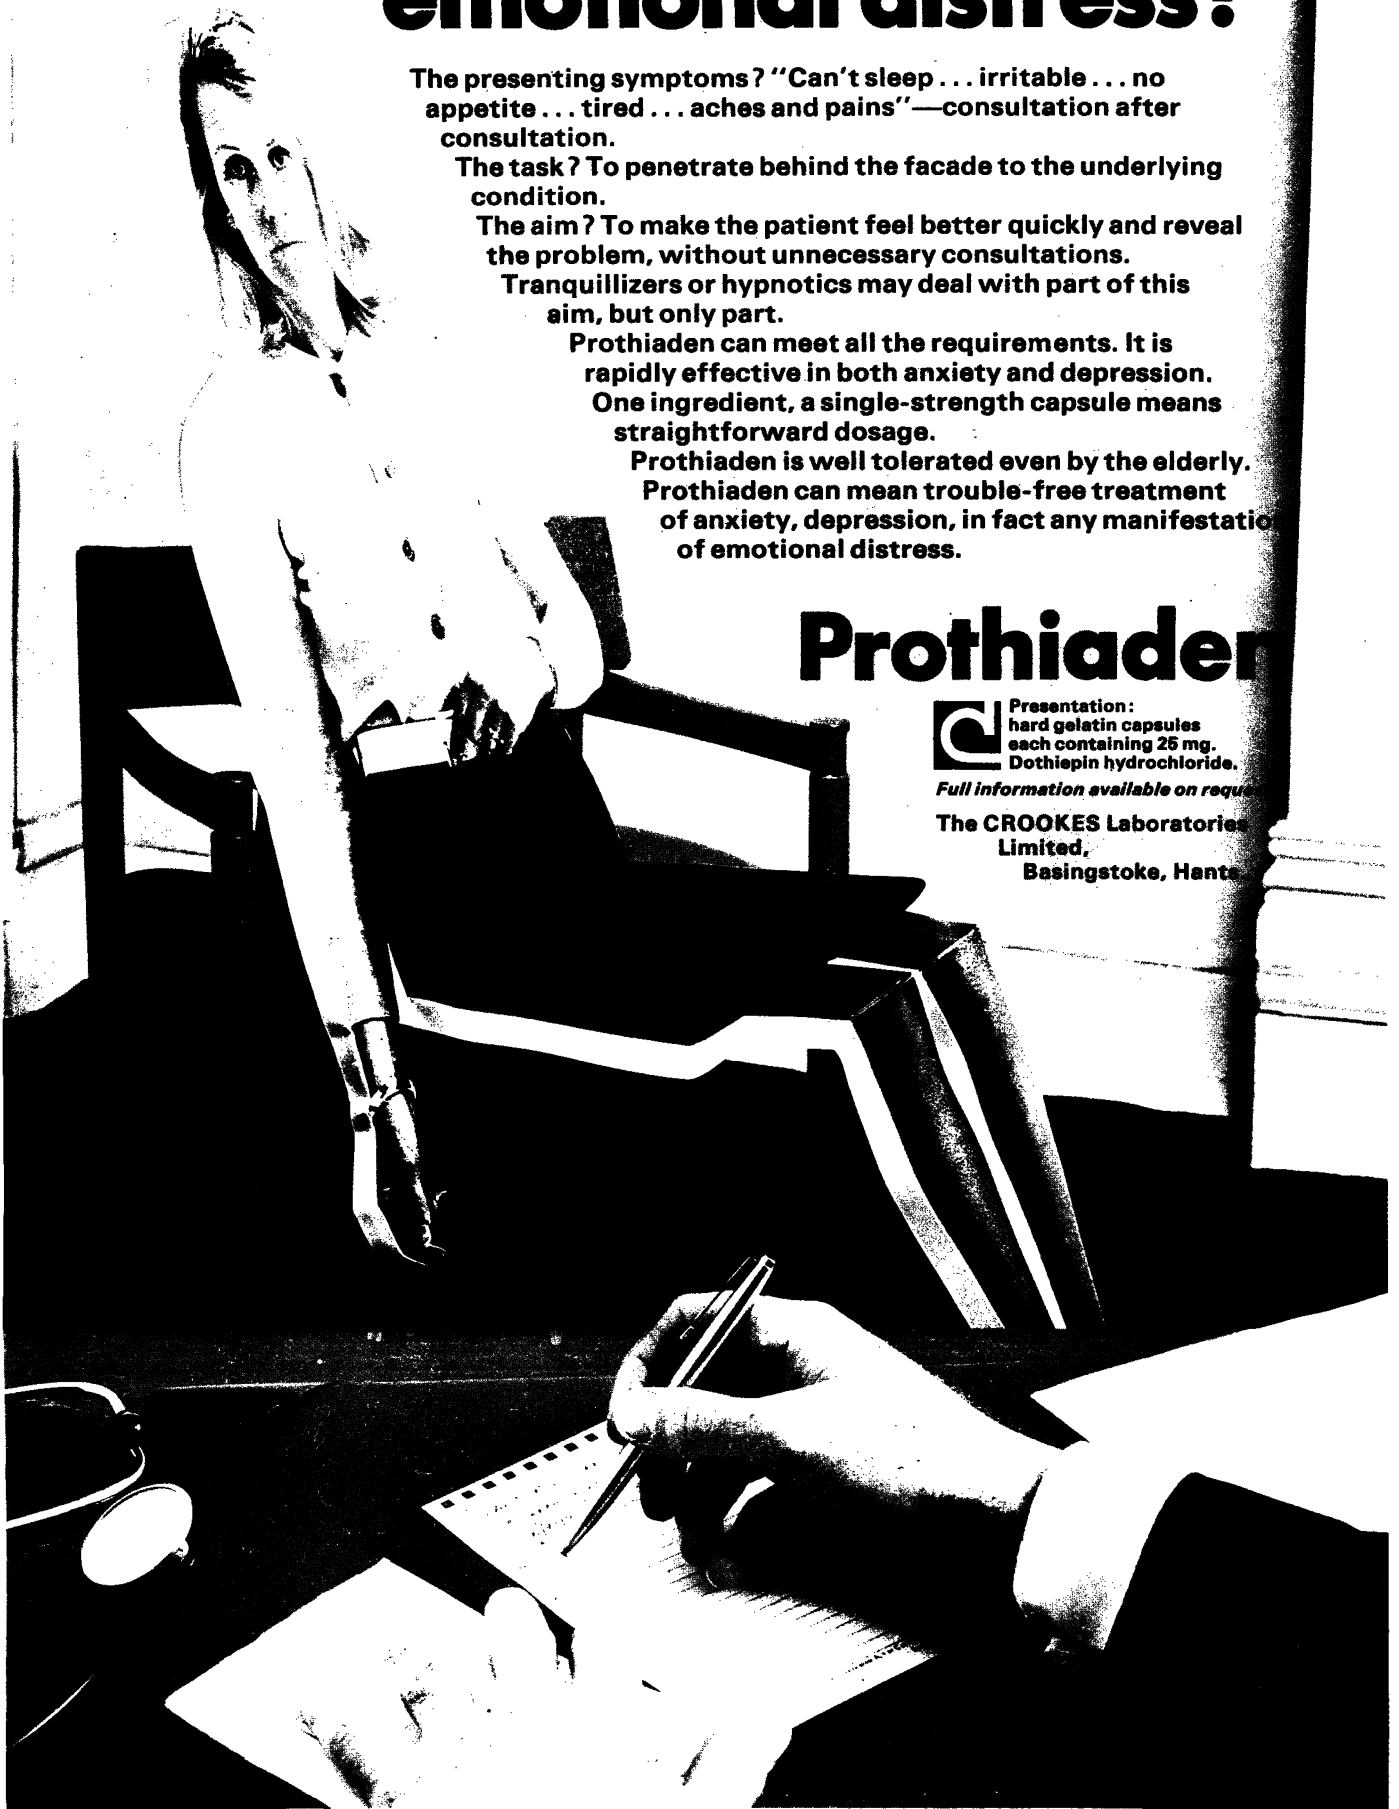

Prothiaden

Transvasin at the summit

The summit of Annapurna 8090 metres high, was reached on 20th May 1970, by Owens and Day of the British Nepalese Army Expedition. During the 3-hour climb from Camp 5 at 7400 metres, oxygen breathing apparatus was used. The only previous ascent, by Herzog and Lachenal in 1950, took 8 hours. They had no oxygen and suffered severe frostbite, losing all their toes and Herzog his hands. The temperature at the summit for Owens and Day was -30°F .

ON ANNAPURNA the members of the British Nepalese Army Expedition chose Transvasin to relieve muscular pain. Three British climbers used it:

"One suffered badly strained back and chest muscles following involvement in an avalanche. The second developed severe intercostal fibrositis, and the third had badly bruised himself after falling 30 feet and jamming in a crevasse. Transvasin gave considerable relief to all three climbers."

Personal communication, 3rd September 1970.

Transvasin was also used with great success by many other members of the party who complained of various other aches and pains.

IN GENERAL PRACTICE too, Transvasin provides effective relief from muscular and rheumatic pains. It contains esters of nicotinic and salicylic acids which ensure a rapid hyperaemic and analgesic effect.

Available in 30 g tubes.

Basic NHS price 12½p, plus P.T.

Full information is available on request.

We're your patients too!

Like everyone else we get our fair share of upset stomachs, bronchitis, urinary infections and all the other ills that flesh is heir to. But when we go to see our doctors we may literally get a dose of our own medicine. That suits us fine. For we know just how much care goes into our products from the initial research to the final quality-control tests.

So when we get a prescription for Actal or Fortral or Negram or any of our other products we know that no effort has been spared to make them the finest that science and technology can produce.

We're proud to be associated with our products.

We have complete confidence in them.

The same confidence as we have in those whom we choose to be our doctors.

Magnified section of skin on ichthyotic forearm.

Love at first sight...

The hyperkeratotic skin presents the physician with a dermatological problem with very high and pressing psychological and social overtones. Not the least of the merits of Calmurid is the speed with which it controls dry, rough, scaly skin.

The difficulty of combining sufficiently high concentrations of urea in a suitable base and still maintaining its stability under normal conditions has been overcome by exclusive manufacturing and formulation techniques perfected by Pharmacia. Now for the first time, urea in a stable emulsified form is available for the effective treatment of dominant and sex-linked ichthyosis, and other hyperkeratotic conditions.

Besides having exceptionally good keratolytic properties, Calmurid is designed to retain moisture in the skin by increasing the concentration of the water binding substances, urea and betaine. The direct result is that the skin becomes softer and assumes a natural appearance.¹ The acidity of Calmurid, together with the bactericidal and fungicidal properties of urea protect against infection. Calmurid is non-toxic, non-allergenic and causes no sensitivity problems.

...but not at second

Composition

Carbamide (urea) B.P. 10%.
Stabilising emulsified basis to 100g.

Indications

Dry and hyperkeratotic skin conditions, especially ichthyosis vulgaris and sex-linked ichthyosis; as adjunct therapy in atopic eczema.

Contraindications

None. The cream contains substances natural to the body. No adverse reaction has ever been reported.

Unwanted effects

Possibly a mild burning sensation immediately after the first application, if the skin surface is raw. Local anaesthetic properties of carbamide makes this of short duration. It is not likely to occur with subsequent applications.

Application

Apply a thick layer twice daily to the affected areas. Leave for 3 to 5 minutes to allow penetration before smoothing. The application must be *after* washing or bathing. Calmurid is non-greasy and disappears quickly on application. Once the skin responds to treatment the frequency of application may be reduced.

 **Pharmacia**

If the patient who has started on new therapy is to co-operate fully, maintain his composure and increase his confidence, early effective control of blood pressure must also be accompanied by the lowest possible risk of distressing side-effects. Because ESBATAL* meets these criteria it is of special value for the new hypertensive patient

and also for those patients who are uncomfortable or uncontrolled on other therapy. Individual dosage is rapidly and reliably achieved, and dose response is soon predictable in a particular patient. In a report of clinical experience with ESBATAL, the authors stated: 'There would now seem to be no case for

beginning treatment with guanethidine or methyl dopa in any new patient. . . . Full information about ESBATAL (bethanidine sulphate) is available on request.

ESBATAL

Glaxo brief

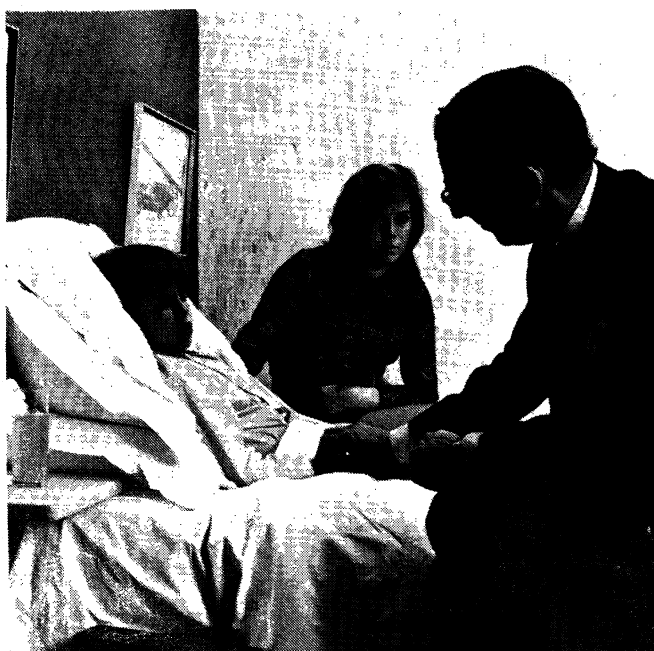

a few minutes reading
from Glaxo

Successful treatment
starts with **Ceporex**

Glaxo brief

Successful treatment starts with **Ceporex**

We don't need to tell you how effective Ceporex is in urinary and ENT infections as well as those of the respiratory tract, you're proving it every day. Our broad spectrum antibiotic kills most gram-positive organisms including penicillin-resistant staphylococci. Ceporex is well tolerated, has low toxicity and can be considered in patients hypersensitive to the penicillins. When you need a broad spectrum antibiotic there's a Ceporex presentation for every indication.

In severe infections (e.g. pyelonephritis or pneumonia):

Ceporex 500 mg Tablets or Capsules. Also Ceporex Syrup containing 500 mg cephalexin per 5 ml.

For more susceptible infections in adults and children:

Ceporex 250 mg Tablets or Capsules. Also Ceporex Syrup with 250 mg cephalexin per 5 ml.

For children up to two years of age:

Ceporex Syrup (Paediatric) containing 125 mg cephalexin per 5 ml.

Tricloryl Syrup— the safe and reliable hypnotic

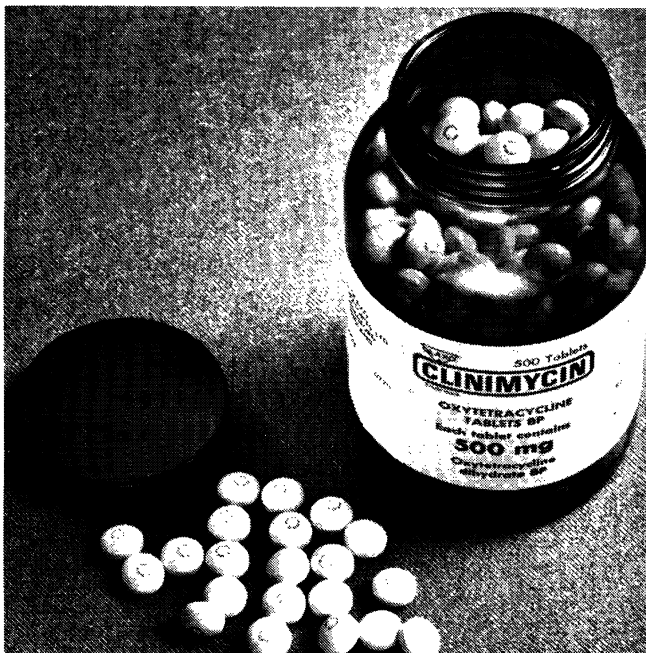

There are lots of hypnotics on the market, but not all are as safe and reliable as Tricloryl Syrup. This is a pleasant tasting hypnotic which induces sound, natural sleep. Because Tricloryl is a non-barbiturate it rarely causes any worrying side effects such as confusion or 'hangover'. This makes it a logical choice for your elderly patients; also where a safe hypnotic is required, Tricloryl is an obvious choice for children too. You can always rely on Tricloryl to make your patients sleep safe and sound.

Glaxo brief

New 500mg Clinimycin Tablets for your bronchitic patients

A new 500 mg tablet has been introduced in the Clinimycin range. This is particularly effective in acute on chronic bronchitis. The Clinimycin range now comprises 250 mg and 500 mg tablets and a pleasant tasting syrup. These are the smallest oxytetracycline tablets available and are easy to swallow. The syrup has a uniform suspension which ensures consistently accurate dosage.

Complan— when nutrition is a problem

Complan greatly simplifies nutritional problems in hospitals and the home. Complan contains the protein, carbohydrates, fats, vitamins and minerals necessary to maintain a nutritional state in the patient as near normal as possible. Patients who are unable or unwilling to swallow solid food may be completely nourished by Complan alone – administered as a drink or as a tube feed. Recommend Complan in the home, as a supplement to ordinary food when patients need extra nourishment. It is quick and simple to prepare and digests easily – even when the stomach is upset.

Glaxo brief

Penicillin means Crystapen G

In strep. throats and acute tonsillitis, Crystapen G provides effective treatment at low cost. The tablets are film-coated to make them easy to swallow. Crystapen G Syrup (125 mg or 250 mg/5ml) contains twenty doses per bottle, and has a pleasant fruit flavour which children love. For an effective, low cost penicillin prescribe Crystapen G.

Ostermilk— two important changes to the pack

Glaxo Laboratories have recently made two important changes to the Ostermilk pack. First, the feeding tables have been re-calculated to comply with the latest recommendations on infant feeding. All new Ostermilk packs carry the revised tables. Second, the illustrations that form part of the mixing instructions have been picked out in white to make them even easier to follow. Ostermilk is excellent value — each packet contains the equivalent of 5½ pints of cows' milk with the extra vitamins A, D, C, and iron that babies need.

Course of lectures, March 22 to 26, 1971, mornings only, intended for candidates for the Final F.R.C.S. examination but others are welcome to apply. Fee £5.50.

Application for a place on the Course should be made to the Dean of Postgraduate Studies, St. Mark's Hospital, City Road, London, E.C.1V 2PS enclosing the fee of £5.50. Cheques to be made payable to the St. Mark's Hospital Postgraduate Teaching Fund.

Quarterly Clinical Staff Meetings dealing with the work of the hospital are held on the 4th Tuesdays in February, May, September and November. They are open to all members of the medical profession interested in the practice of the hospital. Enquiries to the Dean of Postgraduate Studies. (15033) 2

UNIVERSITY OF LONDON

LONDON SCHOOL OF HYGIENE AND TROPICAL MEDICINE

DEPARTMENT OF PUBLIC HEALTH

(Director—Professor J. N. Morris, D.Sc., F.R.C.P., D.P.H.)

M.Sc. SOCIAL MEDICINE

The next Academic Course leading to the degree of Master of Science in Social Medicine in the Faculty of Medicine of the University of London will start on September 27, 1971, and extend over two calendar years. The Course provides professional training for doctors wishing to specialize in social and community medicine and follow careers in

HEALTH-SERVICES ADMINISTRATION or TEACHING AND RESEARCH

The training has been designed to enable the graduate to participate in the administration of the National Health Service. There is a serious shortage of teachers of social medicine which it is hoped that the course also will help to meet.

The Course includes the study of statistics and epidemiology; social and behavioural sciences; the principles of management and social-service planning. It aims to integrate the theoretical and practical aspects of major issues in preventive medicine and medical care. During the second year each student will be attached to an academic or service unit in order to gain experience in applying the relevant range of skills from epidemiology and operational research.

The Course will be limited to 12 students who must be medically qualified and have had at least three years' clinical experience post-registration.

A number of bursaries at the level of registrars or senior registrars' emoluments are available to suitable candidates from the Department of Health and Social Security, and others from the Medical Research Council.

Further details and application forms may be obtained from the Registrar, London School of Hygiene and Tropical Medicine, Keppel Street (Gower Street), London, WC1E 7HT, to whom applications for admission should be addressed before March 1, 1971. (14995) 2

GLASGOW POSTGRADUATE MEDICAL BOARD

(The University and the Royal
College of Physicians and Surgeons)
**OPHTHALMOLOGY FOR
M.R.C.P. CANDIDATES**

An intensive weekend course on Ophthalmological Aspects of General Medicine for M.R.C.P. candidates will be held in Healthfield Hospital, Ayr from May 7 to 9, 1971.

The course will consist of lectures, discussion and practical instruction and will begin at 7 p.m. on Friday and end at 5.15 p.m. on Sunday.

The Course Fee is £5.25. The number of places is strictly limited.

Application forms and timetable may be obtained from the Dean of Postgraduate Medicine, The University, Glasgow, W.2. (14991) 2

INSTITUTE OF CARDIOLOGY— UNIVERSITY OF LONDON

THIRD SYMPOSIUM ON CURRENT ASPECTS OF CARDIOLOGY

The Third International Symposium on Current Aspects of Cardiology, arranged by the Institute of Cardiology, will be held at the Royal College of Physicians on Wednesday, June 30 and Thursday, July 1, 1971.

The subject is: "The Management of the Gravely Ill Cardiac Patient."

The fee will be twenty guineas including lunch and light refreshments. Applications and enquiries to the Dean, Institute of Cardiology, 35 Wimpole Street, London, W1M 8EX. (15075) 2

THE ROYAL LONDON HOMOEOPATHIC HOSPITAL Great Ormond Street, W.C.1

UNIVERSITY OF BRADFORD SCHOOL OF STUDIES IN PHARMACOLOGY

MASTER'S DEGREE COURSE IN EXPERIMENTAL PHARMACOLOGY

Limited vacancies exist for suitably well qualified graduates to enrol for a course leading to a Master's Degree in Experimental Pharmacology. Subjects of the course will comprise "in vitro" and whole animal studies used in the determination of drug mechanism of action, behavioural techniques and toxicology. An opportunity will be provided for the candidate to develop a suitable research project. M.R.C. sponsored support may be available for successful applicants. Enquiries and requests for further details should be addressed to Professor G. D. H. Leach, School of Studies in Pharmacology, University of Bradford, Bradford BD7 1DP, and applicants should include in their replies a statement of their degree qualifications and experience as well as the nature of the financial support anticipated. (15030) 2

PRINCESS ALEXANDRA HOSPITAL Harlow, Essex

An afternoon devoted to the MANAGEMENT OF LOW BACK PAIN AND SCIATICA

on Saturday, February 6, 1971, at 2.00 p.m.

The subject will be treated with a somewhat novel approach to diagnosis and management.

For details and programme ring Harlow 26791, Ext. 415. (41395) 2

INSTITUTE OF DISEASES OF THE CHEST

COURSE IN RESPIRATORY DISEASES FOR MEDICAL SENIOR REGISTRARS AND REGISTRARS

This Course will be held at the Institute from Monday, May 24 to Friday, May 28, 1971. It is designed for medical registrars and senior registrars and consists of a short, intensive course in respiratory diseases with emphasis on recent advances in this field. Applications, together with the fee of £17 should be sent to Mr. R. A. Perkins, Secretary and Treasurer, Institute of Diseases of the Chest, Brompton, London, S.W.3. Early application is advisable. (15032) 2

UNIVERSITY OF BRISTOL DEPARTMENT OF CHILD HEALTH

A study course both practical and theoretical will be held at the Medical School during the week March 22-27, 1971 on the theme

COMMUNITY AND DEVELOPMENTAL PAEDIATRICS

This course has been arranged in consultation with Dr. Mary Sheridan who will be with us for the week.

Course fee £15 0. 0.

Residential accommodation available. This course is recognized under appropriate regulations for repayment of fees and expenses.

Apply for further details to Professor N. R. Butler, Community & Developmental Paediatrics Course, Department of Child Health, University of Bristol. (14997) 2

UNIVERSITY OF LONDON

A course of three lectures entitled 1. "The innovation process in technology"; 2. "Information use in technical problem solving"; and 3. "Organisation structures for research projects" will be delivered by Professor D. G. Marquis (Massachusetts) at 6.00 p.m. on January 25, 27 and 29 at University College (Chemistry Auditorium), Gower Street, WC1E 6BT. Admission free, without ticket. M.A. Baatz, Academic Registrar. (15120) 2

UNIVERSITY OF LONDON (British Postgraduate Medical Federation)

INSTITUTE OF NEUROLOGY QUEEN SQUARE PRIZE IN NEUROLOGY

A prize of £100 will be awarded annually to a present or past postgraduate student or member of the staff of the Institute of Neurology and The National Hospitals for Nervous Diseases, not holding Consultant status at the time of submission, who presents the best entry describing work, a large part of which was carried out in the Institute or Hospitals.

Conditions of the Award:

The entry must be the original work of the applicant. The work must have been done at some time within five years preceding the date of the application. The entry may include published work or theses. The applicant should submit a précis of not more than 5,000 words as well as the published work or thesis.

Entries must be submitted so as to reach The Dean Institute of Neurology, Queen Square, London, WC1N 3BG, not later than 1 April in each year.

The award will be announced in July and made to the Prize Winner at the Inaugural Lecture held at the beginning of each Academic year in October. (14981) 2

PRACTICES (Executive Council)

BEDFORDSHIRE AND LUTON EXECUTIVE COUNCIL MEDICAL PRACTICE VACANCY—LUTON

Applications are invited for the above practice vacancy due to resignation. The area has just been classified 'Open' from designated. List of 3,550. Surgery accommodation available on lease.

The outgoing practitioner has an option on Health Centre accommodation which is in the planning stage.

GENERAL PRACTICE TRAINING POSTS

MANCHESTER REGIONAL HOSPITAL BOARD/UNIVERSITY OF MANCHESTER

COMBINED TRAINING PROGRAMMES

A post will be available for a registered medical practitioner at the Bolton and District Hospital Management Committee Group, The Royal Infirmary, Bolton, from February 1, 1971. It will consist of two years in hospital and a year in a selected and linked teaching practice. Salary will be at the appropriate hospital grade and in the practice year at the appropriate level on the Training Practitioners Scheme.

Candidates completing the programme will qualify for the Vocational Training Allowance. The programme will also be accepted in preparation for M.R.C.G.P.

Full details of the post may be obtained on application to Dr. S. Byrne, Director, Department of General Practice, University of Manchester, Darbshire House Health Centre, Upper Brook Street, Manchester, M13 0PW.

Applications stating age, nationality, qualifications, experience and the names of two referees, to Group Secretary, Bolton and District Hospital Management Committee, King Edward VII House, The Royal Infirmary, Bolton BL1 4QS. Please state whether married accommodation required. (415/2) 11

NORTHAMPTON GENERAL HOSPITAL AND COUNTY OF NORTHAMPTON

TRAINING POST FOR GENERAL PRACTICE

Trainee General Practitioner required at Northampton General Hospital and in the County of Northampton beginning on April 1, 1971. This training post is one of a number of training schemes in the Oxford Regional Hospital Board Area and the holder will on completion be entitled to the Vocational Training Allowance.

The trainee, who must have completed his pre-registration year, will be appointed for three years and will spend eighteen months in hospital, six months half time in hospital and half time in General Practice and one year in General Practice.

A memorandum about the post will be sent on request. Salary at S.H.O./Registrar grade according to experience. Married accommodation may be available for the first eighteen months of the training period.

Applications to the Group Secretary, Northampton and District Hospital Management Committee, Northampton General Hospital by January 31, 1971. (41533) 11

SWINDON, CIRENCESTER AND DISTRICT H.M.C.

Applications are invited for a **ROTATING SENIOR HOUSE OFFICER** post for one year, which will include time in most of the main specialties.

This post is linked, if required, with a year in a local General Practice to provide a Linked Training Scheme.

Excellent postgraduate teaching facilities available. Married accommodation available.

Application forms obtainable from Acting Group Secretary, Princess Margaret Hospital, Okus Road, Swindon, Wilts. (41215) 11

TUNBRIDGE WELLS GROUP HOSPITAL MANAGEMENT COMMITTEE

VOCATIONAL TRAINING SCHEME FOR GENERAL PRACTITIONERS

The Scheme consists of four rotating posts, each extending over a three year period and including a month appointment in general medicine, accident and emergency, obstetrics and gynaecology, and paediatrics, together with two six month periods in general practice in the area. The first two posts will commence on March 1, 1971, and the second two posts on September, 1971. There will be regular day release arrangements for attendance at specialist clinics, seminars and extended courses. In addition, in conjunction with the University of Sussex, Brighton, there will be a weekly Day Release Vocational Training Course for General Practice during the academic year, commencing in October, 1971.

Remuneration at Senior House Officer level, with mileage allowance payable during general practice attachment. Married accommodation can be provided.

Applications, with names of two referees, by January 23, 1971 to Dr. R. C. King, Clinical Tutor, Tunbridge Wells, Postgraduate Centre, Kent and Sussex Hospital, Tunbridge Wells, Kent. (41236) 11

B.M.A. DEPUTISING SERVICES

Applications are invited from Doctors interested in becoming full time or part time Locums in the Nottingham, Leicester and Coventry areas. Full time or part time positions are offered on either a short or long term basis and subject to a suitable probationary period. It will be possible to offer full time doctors a most advantageous contract with guaranteed security, both financially and in terms of tenure. To give some idea of the remuneration a basic week of 60/65 hours could produce an annual income in the region of £4,000 plus and those working less or more hours than this would be paid on a strictly pro rata basis. Applications to be sent to the B.M.A. Deputising Services, 47a, Low Pavement, Chesterfield.

UNIVERSITY AND RESEARCH APPOINTMENTS

(see also OVERSEA)

THE UNIVERSITY OF SHEFFIELD

RESEARCH FELLOW IN CLINICAL ENDOCRINOLOGY

Applications are invited for a biochemist or chemist with experience in biological research for a M.R.C.-supported Research Fellowship, tenable as soon as possible for three years. The successful candidate will work in collaboration with Professor D. S. Munro in the development of radio-immune and biological methods for the measurement of thyroid-stimulating substances. Salary according to experience in the region of £1,605 a year. Further particulars from Professor D. S. Munro to whom applications should be sent by February 1, 1971. (15162) 14-1

THE WELSH NATIONAL SCHOOL OF MEDICINE (University of Wales)

LECTURER IN GENERAL PRACTICE

Applications are invited for the appointment of Lecturer in General Practice in the General Practice Unit of the Department of Social and Occupational Medicine. Applicants should have adequate vocational training or practical experience in General Practice and an interest in researches in that field.

The successful candidate will act as one of the practitioners working from a health centre near the new Medical Teaching Centre in Cardiff. In this capacity he will comply with all the requirements of the National Health Service, but his list will be restricted to enable him to pursue his research interests and participate in undergraduate and post-graduate teaching.

Salary will be within the scale £2,145-£4,284 per annum with participation in the Superannuation Scheme.

Applications (one copy only is needed but it should be suitable for reproduction) with the names and addresses of three referees should be submitted within four weeks of the appearance of this advertisement to the Registrar, 34 Newport Road, Cardiff, CF2 1YE, from whom Further Particulars may be obtained. (14774) 14-1

UNIVERSITY OF NEW SOUTH WALES

Applications are invited for the following appointments:

LECTURER/SENIOR LECTURER—ANATOMY:

High academic qualifications and appropriate teaching and research experience. Possession of medical qualification desirable but not essential. The school is responsible for teaching: topographical anatomy, neuro-anatomy, histology and embryology to both medical and science students. Facilities exist for wide range of research including electron microscopy, quantitative and qualitative cytology and tissue culture.

LECTURER/SENIOR LECTURER—MEDICINE

Tenable at the St. George Hospital, Kogarah: The recently established Department of Medicine at St. George Hospital is in process of development. Initially a major concern will be clinical haematology but development in other branches is planned and the successful applicant will have the opportunity to develop his own special interests.

LECTURER/SENIOR LECTURER—MEDICINE

Tenable at St. Vincent's Hospital, Darlinghurst: The Department of Medicine at St. Vincent's Hospital is extending rapidly and has research programmes in cardiology and immunology. There are also active research programmes in associated hospital departments in endocrinology, clinical pharmacology and renal disease. The successful applicant should have special competence in one field of internal medicine and be prepared to develop a clinical and research programme in this area. He will also be active in the teaching of fourth and fifth year medical students.

Salary scales: Lecturer: \$A6318-8760; Senior Lecturer: \$A9120-10500.

Details of appointment including superannuation, study leave and housing scheme may be obtained from the Secretary-General, Association of Commonwealth Universities (Apts.), 36 Gordon Square, London WC1H 0PF.

Applications close as soon as possible. (15039) 14-1

ROYAL COLLEGE OF SURGEONS OF EDINBURGH

THE MONRO PROSECTOR IN ANATOMY

Applications are invited for a full-time appointment of Prosector in the Royal College of Surgeons of Edinburgh to be known as "The Monro Prosector in Anatomy". This appointment is for six months and may be renewable. The salary for each term is £300. The duties are to prepare demonstration specimens in human anatomy relating to the syllabus for the Part Examination for the Diploma of Fellowship of the College.

Applications, in writing, should be made to the Administrative Officer, Royal College of Surgeons of Edinburgh, 48 Nicolson Street, Edinburgh EH8 9DW. (H7557) 14-1

THE WELLCOME TRUST VISITING RESEARCH

FELLOWSHIPS TO GERMANY 1971-1972

Applications are invited for the award of Wellcome German Visiting Research Fellowships for 1971-1972. The object of these fellowships is to encourage working visits, on an exchange basis, between British and German investigators in any branches of the natural sciences which have a bearing upon human or animal medicine. Fellowships are awarded annually to graduates from the United Kingdom, normally aged under 35, for a year's work in the Federal Republic of Germany or West Berlin. Stipends according to age and experience. Travelling and some incidental expenses are provided in addition. The Wellcome-German Fellowships are awarded by a Joint Committee, appointed for the Wellcome Trust in consultation with the Deutsche Forschungsgemeinschaft.

Further information and application forms are available from the Director, The Wellcome Trust, 52 Queen Anne Street, London, W1M 9LA. Applications must be received by February 26, 1971. (H7665) 14-1

THE UNIVERSITY OF MANCHESTER

CHAIR IN HAEMATOLOGY

Applications are invited from candidates with medical qualifications registrable in the United Kingdom for a full-time Chair in Haematology which becomes vacant on October 1, 1971 on the retirement of Professor M. C. G. Israels, Professor of Clinical Haematology.

The post involves a clinical commitment in the United Manchester Hospitals and associated teaching and research responsibilities. The new Medical School building, which is at present under construction, will offer generous research facilities. The person appointed will also have opportunities to develop his interests in the University Hospital of South Manchester, which includes the Christie Hospital and Holt Radium Institute.

Salary will be within the range £4,785 to £6,330 per annum, with membership of the F.R.S.S.U.

Applications (one copy, suitable for photographic reproduction) giving the names and addresses of three referees, should be sent to the Registrar, the University, Manchester, M13 9PL not later than February 6, 1971. Particulars are available on request to the Registrar. Quote ref: 255/70JMB. (14815) 14-1

THE WELSH NATIONAL SCHOOL OF MEDICINE (University of Wales)

TENOVUS CLINICAL RESEARCH ASSISTANT

Applications are invited from medically qualified persons for the above appointment in the Department of Surgery. The duties involve the clinical management of patients with breast disease and adequate time is allowed for research.

The appointment is for one year in the first instance. The salary is on the scale £2,145-£2,529 per annum. Superannuation scheme.

Applications, in writing, with the names of three referees, to the Registrar, 34 Newport Road, Cardiff CF2 1YE, within three weeks of this advertisement first appearing. (15080) 14-1

UNIVERSITY OF EDINBURGH

DEPARTMENT OF OPHTHALMOLOGY

A RESEARCH FELLOWSHIP is available for award in the above Department for work on Retinal Diseases. Applicants should be medical graduates with research experience and preferably some knowledge of clinical ophthalmology. The Fellowship, the value of which will be within the range £1,400 to £1,600 per annum, will be tenable in the first instance for one year with prospects of renewal for a second and a third year.

Applications, giving full details should be sent to the Secretary to the University, Old College, South Bridge, Edinburgh, EH8 9YL. Please quote reference 5000. (15159) 14-1

UNIVERSITY OF NEW SOUTH WALES

LECTURER/SENIOR LECTURER—MEDICINE

Applications are invited for the above-mentioned post, tenable at Prince Henry/Prince of Wales Hospital, in which the successful applicant may be granted honorary status. Salary: \$A6,318 range \$A8,760 per annum (lecturer), \$A9,120 range \$A10,500 per annum (senior lecturer). Commencing salary according to qualifications and experience.

Good research facilities available. Preference to applicants with interests in cardiovascular disease and/or lipid metabolism but applicants with other interests will also be considered. The successful applicant should enter on duty by June, 1971.

Details of appointment, including superannuation, study leave and housing scheme, may be obtained from the Secretary-General, Association of Commonwealth Universities (Apts.), 36 Gordon Square, London WC1H 0PF.

Applications close as soon as possible. (15008) 14-1

UNIVERSITY COLLEGE HOSPITAL MEDICAL SCHOOL

Applications are invited for the post of SENIOR LECTURER

in the Department of Clinical Haematology. The post becomes vacant on March 1, 1971. Applicant will be expected to take part in the activities of the School and Hospital Departments. Salary according to experience and qualifications but will be on the Clinical Senior Lecturer salary scale.

Further details may be obtained from the Secretary, University College Hospital Medical School, University Street, London WC1E 6JJ to whom applications should be submitted by January 31, 1971. No special application forms are required. (15163) 14-1

UNIVERSITY OF BIRMINGHAM Faculty of Medicine and Dentistry Department of Anatomy

Applications are invited for two posts of LECTURER

Teaching duties will include one or more of the following: histology, embryology, neuroanatomy, topographical anatomy. The Department's interests embrace reproductive endocrinology, neuroendocrinology, comparative anthropology, experimental haematology and behavioural studies. Excellent facilities for research. The Department is anxious to expand its activities in organ culture and neuroendocrinology and applications showing interest in one or other of these fields will be particularly welcomed. Salary in the range £1,355 to £3,105 (subject to review) plus F.S.S.U. according to age, qualifications and experience.

Applications with curriculum vitae and names of two referees should reach the Registrar, Medical School, Birmingham, B15 2TJ, by February 1, 1971. Further particulars on request. (14719) 14-1

UNIVERSITY OF GLASGOW

Henry Mehan

Chair of Public Health

Applications are invited from medically qualified candidates for appointment to the Henry Mehan Chair of Public Health, which will become vacant on October 1, 1971.

Applications (20 copies) with the names of three persons to whom reference may be made, should be submitted not later than February 15, 1971, to the undersigned, from whom further particulars may be obtained.

In reply please quote Ref. No. 1005J.

ROBT. T. HUTCHESON, Secretary of the University Court. (15025) 14-1

UNIVERSITY OF MALAYA Faculty of Medicine

Applications are invited for the post listed below:

CHAIR OF PHYSIOLOGY CHAIR OF OBSTETRICS AND GYNAECOLOGY

Candidates should have high academic qualifications and wide experience in teaching and research. Administrative experience is very desirable.

SENIOR LECTURER

Department of Surgery

Candidates should have high academic qualifications and wide experience in teaching and research.

LECTURER Department of Obstetrics and Gynaecology

Candidates should have higher qualifications and adequate teaching and research experience.

Emoluments: (Approximate sterling equivalents at current exchange rates) are:

(i) Salary Scales:
Professors: There is a range of basic salaries to a point on which a Professor is appointed, depending on his qualifications and experience. These are: £2,882, £2,980, £3,077, £3,175, £3,273, £3,370, £3,468 p.a.

Senior Lecturers: £2,199 x 82 = £2,687 p.a. For those with medical or dental qualifications: £2,687.

Lecturers: £1,498 x 65 = £1,889/1954 x 73 = £2,320 p.a. For those with medical or dental qualifications: £1,498 x 65 = £1,889/1954 x 73 = £2,540 p.a.

Assistant Lecturers: £1,303 x 65 = £1,433 p.a. For those with medical or dental qualifications: £1,498 x 65 = £1,628 p.a.

(ii) Variable Allowance: 35% of basic salary subject to certain maxima depending on marital status: minimum £244 per annum, maximum £651 per annum.

(iii) Inducement Allowance: (if awarded) varies—

(a) For Professors, up to £1628 per annum. In exceptional cases, an inducement allowance exceeding this amount may be paid.

(b) For Senior Lecturers, up to £651 per annum.

(c) For Lecturers, up to £488 per annum.

(d) For Assistant Lecturers, up to £326 per annum.

(iv) Housing: If available, housing is provided for which a rental of £163 to £204 per annum will be charged. Staff members may opt for a supplementary housing allowance in lieu of University housing.

(v) Medical benefits are provided under the Medical Services Scheme of the University.

(vi) Superannuation: Staff members are required to join the Academic Staff Provident Scheme to which the staff member contributes 5% and the University 15% of basic salary.

Further particulars and application forms are obtainable from the Secretary-General, Association of Commonwealth Universities (Apts.), 36 Gordon Square, London WC1H 0PF.

The closing date for the receipt of applications is February 15, 1971. (15009) 14-1

Smith & Nephew Fellowships in Surgery

Smith & Nephew Associated Companies Limited invite applications for awards of six Fellowships in surgery in 1972. The object of the Fellowships is to enable overseas surgeons to pursue post graduate study or research in surgery in the United Kingdom. Candidates should have had at least two years' general clinical experience since registration and should preferably have held residential hospital appointments in surgery.

The awards will be of £1500 sterling plus return fare to the United Kingdom, and will be tenable for one year only.

All arrangements for successful applicants to follow their chosen studies will be made by the Company.

Applications, which will be considered by an appropriate panel, must be received by 15th May, 1971, envelopes to be endorsed 'Fellowships'.

Application forms and further details may be obtained from

The Fellowships Administrator

Smith & Nephew Associated Companies Limited

Temple Place, Victoria Embankment, London, W.C.2

Apply to H.M. Chief Inspector of Factories, Baynards House, Chestow Place, Westbourne Grove, London, W.2. District, Fordingbridge, County, Hants. Latest date for receipt of applications January 30, 1971. (15005) 17

APPLICANTS ARE ADVISED NOT TO send original testimonials when replying to advertisements. Copies will serve the purpose quite as well, and in the event of their being lost or mislaid no inconvenience will ensue.

COMMERCIAL APPOINTMENTS
(see also p. xxxvi)

PHYSICIAN Clinical Research

C.£4,500

A large, well known company with important interests in pharmaceuticals wishes to recruit a qualified physician to undertake clinical research within its Research Division, which has an enviable reputation for its highly professional and ethical approach. Encouragement is given to publish and there are other factors which help to create an atmosphere in which research can flourish. The successful candidate will be involved in various projects from the time that a new compound is first defined to the point of commercial availability. Applications are invited from doctors with a clinical or a research background, and a post-graduate qualification or an interest in pharmacology would be advantageous but is not essential. Removal expenses to the Home Counties location would be payable. Basic salary, which will be negotiated, will be significantly enhanced by further emoluments. (Ref. PF26/4128/BMJ).

The identity of candidates will not be revealed to our client without prior permission. Applicants should forward brief details, quoting the reference number, to:

P.A. Management Consultants Ltd.
Personnel Services Division,
60a Knightsbridge, London S.W.1.

(15062)

16

MEDICAL ADVISER

Paines and Byrne Limited require a Doctor to act as Medical Adviser.

His responsibilities will be wide and varied and will include supervision of clinical trials, advising on research and the application of the company's products in various fields of medicine particularly endocrinology, intravenous nutrition and paediatrics. An M.R.C.P. is desirable.

Salary is negotiable in the region of £5,000 per annum.

Please write in the first instance to:

The Managing Director,
Paines and Byrne Limited,
Greenford, Middlesex.

(15010)

16

medical adviser

Due to increased demand upon their services, the Slough based Medical Services Division of Nicholas International Limited (incorporating Nicholas Laboratories Limited, British Schering Limited and Damancy Limited) has a vacancy for a Medical Adviser.

The successful applicant will join a team of doctors whose main task is the clinical evaluation of new and existing medicines but which also provides an advisory service on all medical aspects of the company's ethical and proprietary businesses.

The candidate should have held a medical degree registrable in the UK for at least five years. Previous experience in the pharmaceutical industry is desirable but not essential.

The position offers entry into a career in the pharmaceutical industry which is not necessarily limited to the Medical Services Division as transfer to other disciplines for which personnel show aptitude is actively encouraged.

A starting salary negotiable between £4000 - £5000 is envisaged. The company operates a non-contributory pension scheme and a company car will be provided.

Replies giving details of qualifications and career so far will be treated in confidence and should be addressed to:

K.S. Woodford
Personnel Manager (Gt Britain & Ireland)
NICHOLAS RESEARCH INSTITUTE LTD
225 Bath Road, Slough, Bucks

(see also p. xxxv)

LEPETIT

A young, highly successful, British subsidiary of the £65 million Lepetit Group, the discoverers of rifampicin, a major scientific breakthrough in its field, require a

MEDICAL ADVISER

- To join a team of young but experienced executives.
- To participate in the promotional development of the Company's pharmaceutical and surgical products.
- To help in the professional and technical training and development of marketing personnel.
- To contribute to the extension and strengthening of our comprehensive technical information service.

Applicants should be registered medical practitioners who are interested in a career in the pharmaceutical industry. Advanced training in chest diseases, pharmacology or surgery is desirable. Previous experience in the pharmaceutical industry is not essential.

Above average conditions of service will be offered to the successful applicant. The salary is negotiable and is subject to annual review.

Please apply in writing to S. W. Hunt Esq., Managing Director

LEPETIT PHARMACEUTICALS LIMITED

NICHOLSON HOUSE, MAIDENHEAD, BERKSHIRE, SL6 1LN

INDUSTRIAL APPOINTMENTS

(see also p. xxxv)

Medical
Adviser
£5,000

Our client seeks a registered medical practitioner able to improve the standard of health of company employees and build up a healthier work force in Northern Ireland. Aged 30 to 45. Based Northern Ireland. Applicants should have an interest in research and industrial medicine as well as experience of the organisation of periodic health examinations; assessment of new entrants; occupational health matters concerning the working environment; monitoring dust concentrations; noise levels; ergonomic problems; industrial safety. The successful applicant will have a nursing staff; secretarial facilities; consulting rooms; close liaison with local practitioners. Remuneration around £5000.

Contributory pension scheme; company car; full relocation expenses; other fringe benefits. Please write fully, in confidence, quoting reference 1572 to PHILIP SNADDON,

CSL MANAGEMENT CONSULTANTS LTD.
Management Recruitment Division,
4 Lampton Road, Hounslow, Middlesex.

ASSISTANT MEDICAL OFFICER

Turners Asbestos Cement Co. Ltd., and Turner Brothers Asbestos Co. Ltd., members of the Turner & Newall Ltd. Group, are manufacturers of a wide range of products based on asbestos fibre, cement, glass, rubber and plastics and have factories in various parts of the United Kingdom.

These companies wish to appoint an Assistant Medical Officer. The Assistant Medical Officer will be based at Trafford Park, Manchester, and his primary responsibility will be the organisation and operation of industrial health services in Turners Asbestos Cement Co. Ltd. under the general guidance of the Medical Adviser to Turner & Newall Ltd. (who also is the Chief Medical Officer of Turner Brothers Asbestos Co. Ltd.) whom he will assist in carrying out certain duties at Turner Brothers Asbestos Co. Ltd., Rochdale.

The position of Assistant Medical Officer should appeal to a Doctor with a genuine interest in industrial medicine, some experience in chest diseases and the interpretation of chest X-rays and lung function tests. X-ray facilities and a pulmonary physiology laboratory will be available at Rochdale.

An opportunity to attain the Diploma in Industrial Health would be offered if necessary.

Salary will be commensurate with age and experience, but will not be less than that recommended by the B.M.A. for Assistant Medical Officers in industry (£2,890—£3,510 per annum).

Please write in confidence giving details of age, qualifications and experience to:

The Chief Medical Officer,
TURNER BROTHERS ASBESTOS CO. LTD.,
P.O. Box 40,
Rochdale, Lancashire.

(15147) 17

SPECIAL APPOINTMENTS

ROYAL CORNWALL HOSPITAL

(City)
Truro, Cornwall

Applications are invited for the post of
SENIOR HOUSE OFFICER
(Accident and Emergency)

at this hospital. The post is recognized for F.R.C.S.
This hospital is the Main Accident and Orthopaedic Centre for Cornwall and offers experience in all aspects of Orthopaedic and Traumatic Surgery. Married accommodation will be available.
A peripheral allowance of £135 per annum is payable.
Applications should be made in writing giving details of age, nationality, qualifications and experience, together with the names and addresses of two persons to whom reference should be made to the Hospital Administrator. (41659) 20-8

ROYAL GWENT HOSPITAL

Newport Monmouthshire
(432 beds)

(Recognized F.R.C.S.)

FOUR SENIOR HOUSE OFFICERS
required from February 1. Resident or non-resident. Married quarters available for some posts. The Department is in the charge of a full-time consultant Surgeon, has five Senior House Officers and all emergency cases are admitted through the department which is responsible for initial resuscitation. The department is equipped with apparatus for cardiac monitoring, positive pressure ventilation, as well as x-ray intensifiers and a Berman F. B. Locator.
The hospital is the base hospital for the Group, and therefore has a large volume of acute cases in all specialties. It is being extensively re-developed by a major capital building programme. A new intensive care unit has recently been opened.

There is a close connection with the teaching hospital at Cardiff, 10 miles to the west, and there is an extensive postgraduate education programme with a very good library. A new postgraduate centre has recently been opened. The appointment gives ample opportunity to the holder to avail himself of these facilities.
The successful candidate will be expected to be resident on the nights on which he is on first call, which will on average be one night in five.

Applications giving full particulars and names and addresses of two referees to Group Secretary, 64 Cardiff Road, Newport, Monmouthshire. (40944) 20-8

ROYAL HAMPSHIRE COUNTY HOSPITAL

Winchester

Applicants should state name, address, age, nationality, and qualifications, and enclose (unless otherwise specified) one copy of each of three recent testimonials, with a short statement of experience and appointments held. Applications should be sent at once if no closing date is given: Canvassing disqualified (Statutory Instrument, 1969, No. 163).

SALARY SCALES OF HOSPITAL MEDICAL STAFF

Following the Twelfth Report of the Review Body, new salary scales have been approved. These came into force on April 1, 1970. The scales are set out below:
HOUSE OFFICER: Each post in this grade shall be tenable for six months. £1,626 per annum for the posts held during the first year; £1,755 per annum for posts held during the second year; £1,884 per annum for posts held during the third and subsequent years, subject to full registration.

Deductions of £177 per annum in respect of lodging only for voluntary residence.

SENIOR HOUSE OFFICER: £2,040 per annum in the first year; £2,184 per annum in the second year; £2,328 per annum in the third or subsequent years.

Deductions of £210 per annum in respect of lodging only for voluntary residence.

REGISTRAR: £2,328 per annum × £144(3) × £126(1)—£2,886.

Deductions of £210 per annum for those with remuneration at the first incremental point on the scale, and £243 per annum for those on the second and subsequent points will be made in respect of lodging only for voluntary residence.

On assimilation to the scale for Registrars, one increment and one only shall be given for any year or part of a year in excess of two spent previously in the senior house officer grade.

Allowances at rates up to £183 per annum shall be payable to house officers, senior house officers and registrars occupying posts approved for such allowances in peripheral hospitals.

SENIOR REGISTRAR: £2,760 per annum × £126(1) × £174(1) × £177(1) × £174(1) × £177(1)—£3,588.

Deductions of £270 per annum in respect of lodging only for voluntary residence.

On assimilation to the salary scale for senior registrars, increments to a maximum of two shall be given for each year or part of a year in excess of three spent previously in the registrar grade.

MEDICAL ASSISTANT: £2,520 per annum × £144(1) × £156(3) × £144(10)—£4,572.

Deductions of £270 per annum in respect of lodging only for voluntary residence.

CONSULTANT: £4,512 per annum × £201(8) × £210(1)—£6,330.

Deductions of £420 per annum in respect of lodging only for voluntary residence.

COMPULSORY RESIDENCE: The Terms and Conditions of Service of Hospital Medical and Dental Staff state:

173. A practitioner who is required as a condition of his appointment to reside in a hospital shall be provided with lodging without charge, except where the practitioner elects to occupy a house, flat or apartment for which a rental is appropriate.

All National Health Service hospital appointments are in accordance with the Terms and Conditions of Service of Hospital Medical Staff.

Further details concerning standards of residential accommodation, telephone charges, removal allowances, study leave and other matters may be obtained from the Hospital Secretary; or by B.M.A. members from the Secretary, British Medical Association. (November, 1970)

ROTATING
APPOINTMENTS

MID-SUSSEX VOCATIONAL
TRAINING SCHEME FOR
GENERAL PRACTICE

A new 3-year vocational appointment commencing in the Senior House Officer grade and consisting of two years in Hospital posts and one year in general practice to commence on April 1, 1971.

The hospital appointment consists of:—
(a) at Cuckfield Hospital (305 Acute beds)—three 6-month periods rotating in Medicine, Obstetrics/Gynaecology and Accident/Orthopaedic Surgery

(b) at St. Francis Hospital (Psychiatric)—6-month period in Psychiatry. There will be two six-months attachments in general practice linked with a general practice hospital.

The holder will be expected to attend postgraduate training which will include one year part-time in Social Studies at Sussex University, and during his stay married or single accommodation will be provided. The Obstetric appointment fulfils the requirements of the D.O.B.S.C.O.G.

Completion of the 3 year term will entitle the holder, after entering general practice, to the special vocational training allowance.

Application forms and further information can be obtained from the Group Secretary, St. Francis Hospital, Haywards Heath, Sussex. (15166) 48-8

HULL (A)
GROUP OF HOSPITALS
MEDICAL TRAINING SCHEME

Applications are invited for an 18-month rotating SENIOR HOUSE OFFICER appointment in Medicine. The successful applicant will spend 6 months each in the Department of Neurology, Nephrology and General Medicine and will be expected to take part in the local comprehensive postgraduate training programme.

Clinical research will be encouraged and excellent library facilities are available.

This is a new rotational scheme intended to provide a broad basic training in Medicine.

Further details can be obtained by contacting Dr. J. Pearce, Consultant Neurologist, Department of Neurology, Hull Royal Infirmary.

Applications should be submitted together with names and addresses of two referees to the Group Secretary, Victoria House, Park Street, Hull, within 10 days. (H7710) 48-8

WARRINGTON GENERAL HOSPITAL
(678 beds)**RESIDENT HOUSE SURGEONS**

Applications are invited for the above posts which will become vacant towards the end of February.

The posts are recognized for pre-registration purposes for the examination for Fellowship of the Royal College of Surgeons of England. As well as a comprehensive training in General Surgery, the posts offer some experience in the specialties, so that they are, therefore, eminently suitable for both those who wish to specialise and those who wish to enter General Practice. If so desired, it can usually be arranged for the holders to complete their pre-registration year by proceeding to similar appointments on the Medical Unit of the Hospital at the end of their period as House Surgeons.

Applications should be sent to the Group Secretary, Warrington General Hospital, Warrington, Lancs. (L5145) 50-9

ADMINISTRATIVE**THREE FELLOWSHIPS IN MEDICAL ADMINISTRATION**

in the Scottish Hospital Service are offered in 1971 to medically qualified candidates, preferably with three or four years' basic professional training.

FELLOWSHIPS normally cover a three-year period, modified for candidates possessing relevant qualifications or experience. The usual pattern is one academic year of full-time study followed by opportunities for undertaking study projects and gaining practical working experience.

SALARY SCALE (Senior Registrar equivalent) £2,760 to £3,588. On completion of their period of training, Fellows can usually expect to be appointed to medical administrative posts at a commencing salary of £4,017.

APPROVED UNIVERSITY FEES, and certain travel and subsistence expenses, are met.

FURTHER DETAILS AND APPLICATIONS FORMS FROM

The Secretary,
Administrative Medical Staff Training Committee,
Woodburn House,
Canaan Lane,
Edinburgh, EH10 4SG

CLOSING DATE FOR APPLICATIONS: February 15, 1971.
(H7578) 54

SERVICES See also p. LX

Travel with the Navy for three years before you go into practice.

Just because you've finished your training, it doesn't mean you have to settle down into practice or a routine hospital job.

Especially when you can spend three years, as a naval doctor, seeing something of the world and getting a lot of useful experience on the way.

You'll get plenty of variety and all the responsibility you can handle. And at sea, as the only doctor on board your ship, you will find yourself having to cope with medical emergencies of every kind.

But you're more than just a doctor. Above all you are a naval officer—with the ever-changing scene and the full, satisfying life that every naval officer enjoys.

How do you become a naval doctor?

If you are in your pre-registration year or are already a qualified practitioner, you simply apply to join for a 3-year or 5-year commission. Then, if selected, you enter the Navy as a Surgeon-Lieutenant at £3,395 p.a. You are then given a short course in the special problems of maritime practice (including nuclear and underwater medicine) after which you take up your first appointment.

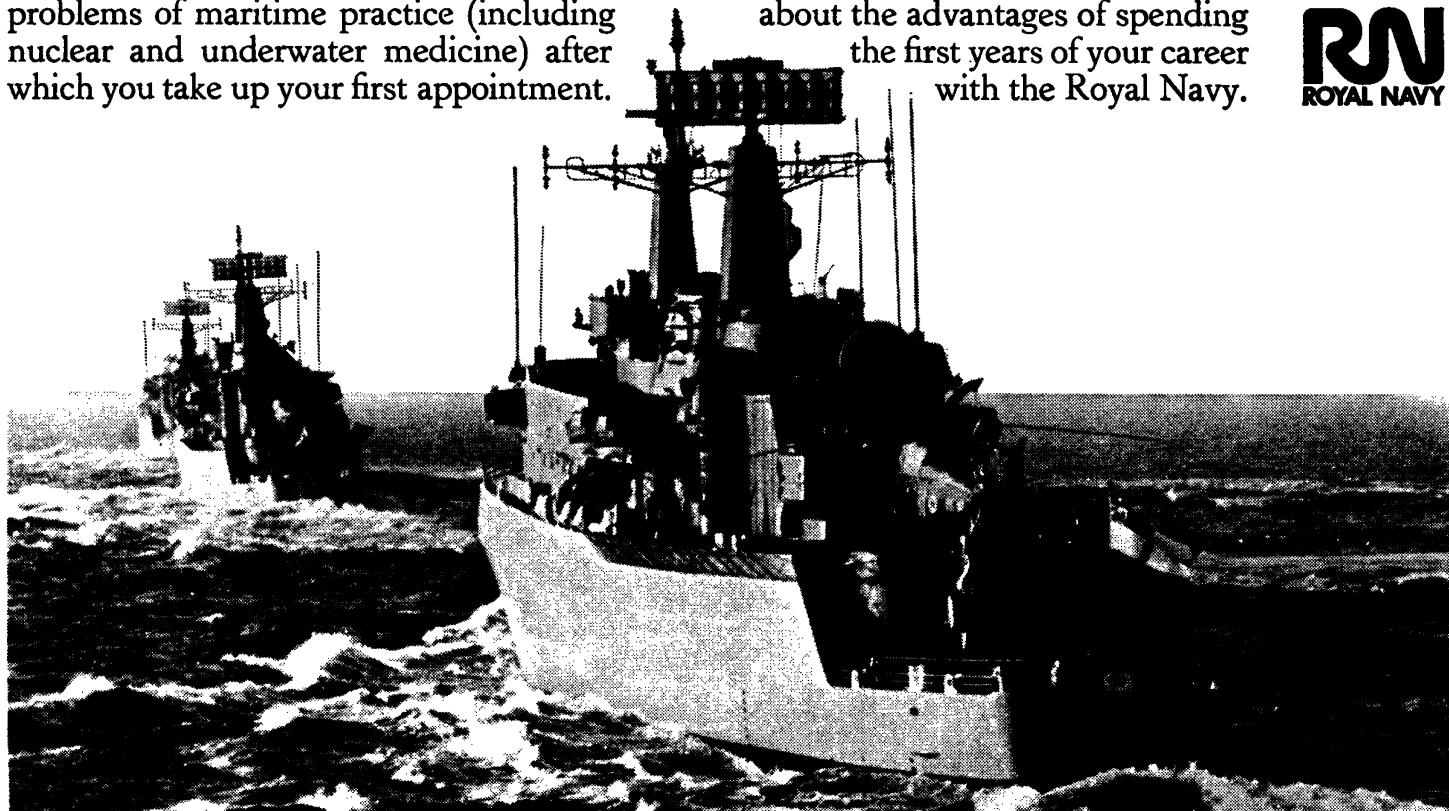

At sea, you would be looking after the health of a whole ship's company. Ashore, you may be looking after their families as well. (So we can even give you experience in obstetrics and paediatrics.)

And, at the end of your commission, you'll not only have a lot of useful experience and happy memories, but you'll also have a pretty useful tax-free gratuity. £1,500 after three years and £3,000 after five years.

Even if you're still at medical school, it's not too early to join us. Every year, we award about twenty-five Medical Cadetships to selected 2nd M.B. students. Each award pays for tuition fees and gives a salary of £1,697 a year in the rank of Surgeon Sub-Lieutenant. When you're registered, you're promoted to Surgeon Lieutenant and you begin your five-year commission.

Write now to Surgeon-Commander F. M. Kinsman, R.N., (724AY3), Dept. of the Medical Director-General (Navy), Empress State Building, London, S.W.6, and tell him your age and qualifications. In return he'll tell you more about the advantages of spending the first years of your career with the Royal Navy.

Please give full particulars and references to the Western Medical Clinic, 144 Sixth Street, Brandon, Manitoba, Canada. 61-1

SERVICES

What's in the RAF for a young doctor?

Interesting out-of-the-rut medicine

The typical R.A.F. station doctor is a G.P. — with probably a lot of experience in pediatrics! He also has important responsibilities in aviation medicine, public health and industrial health. He does much more preventive work than most civilian doctors are able to do. There are wide opportunities for hospital practice — 47% of R.A.F. doctors are now working in specialist departments.

The chance to travel

You could live and work abroad, in many different conditions and climates, treating not only R.A.F. personnel and their families, but local populations. Your gain in clinical experience would be marked.

... a fair crack of the whip
for the Doctor's wife

A Doctor's wife is a Doctor's *wife*. She should not also have to be his telephone-answerer, appointment-maker, dispenser and general auxiliary! In the R.A.F., these things are done by professionals: the typical R.A.F. doctor, on a typical R.A.F. station, works in a fully equipped Medical Centre, which he shares with another doctor; between them they would probably have about 12 staff—secretarial as well as nursing.

£3,000 (tax free) after 5 years

In the first case, you would probably join the RAF for 5 years. If you decide to go back to civil life at the end of this time, you would take with you a tax-free honorarium; at present £3,000. (You might of course wish to stay on: you can apply after the first year.) Now for income. Suppose you are 25, and fully registered. If you were in the RAF, your income would be at least £3,395 p.a. And if you're married, the RAF would probably also provide you with a fully furnished house at a modest rent.

To find out more please write, giving your age, nationality, qualifications and date of full registration with General Medical Council, to The Directorate-General of Medical Services, RAF(MA1RAF), Ministry of Defence (724QS16), 1-6 Tavistock Square, London WC1.

Royal Air Force

GENERAL PRACTITIONER TO TAKE over practice that is being vacated May 1, 1971 in a North-western Ontario town of 1,500 situated 160 miles south-east of Winnipeg, Manitoba and also serving an adjacent farming and vacationing area with an additional population of 1,500. Reason for leaving—specializing. Modern, well-equipped offices in a 16-bed hospital with x-ray and minor laboratory facilities. Year round recreational facilities, including hunting, fishing, skiing, boating, skating, swimming, etc. in the immediate vicinity. Association with a group of 11 doctors including consultative services of specialists in radiology, general surgery, internal medicine, otolaryngology and pathology located one hour's drive distance. Guaranteed minimum salary \$26,000 to successful applicant with necessary qualifications to meet requirements of Ontario Department of Health for a designated area. Will pay one-half cost of fare for interview. Hospitality extended for one week. Send all details and curriculum vitae in first letter. Direct enquiries to Fort Frances Clinic, 301 Victoria Avenue, Fort Frances, Ontario, 61-1

GENERAL PRACTITIONER WANTED to join a group of ten doctors; seven practitioners, two surgeons and one medical specialist. New, modern offices and new hospital in pleasant university city of 32,000. MEDICAL OFFICERS

IN THE

RAAF

The Royal Australian Air Force is seeking male medical practitioners under the age of 52 years for service in Australia as Medical Officers. Appointments will be effected in the United Kingdom with first class passages provided to Australia on full pay and allowances for the successful applicant and his family. Only UK citizens of European descent permanently residing in the UK can be considered.

EX-SERVICE MEDICAL OFFICERS

The RAAF is particularly interested in appointing medical practitioners who have served as general duties medical officers in a Commonwealth Air Force with experience in general staff appointments, aviation and preventive medicine.

Vacancies in this group exist at the Squadron Leader level.

For further details and an application form, please write to:—

RAAF CAREERS SELECTION OFFICER (DEPT. BMJ) AUSTRALIA HOUSE, STRAND, LONDON W.C.2. TELEPHONE: 01-836 2435 EXT. 433 or 419

MEDICAL PRACTITIONERS WITHOUT SERVICE EXPERIENCE

Vacancies also exist for medical officers without previous service experience at Flight Lieutenant and Squadron Leader levels as general duties medical officers or as clinical registrars in the fields of general medicine, general surgery and anaesthesia.

Specialist Anaesthetist

£5,500+

Applications are invited for the position of specialist anaesthetist with the Rokana Division of Nchanga Consolidated Copper Mines Limited situated at Kitwe, Zambia*. The post is tenable from March 1971.

Candidates should hold the higher qualification (F.F.A.).

The medical facilities provided by Rokana serve its employees and their dependants (approximately 65,000 people).

The unit comprises two hospitals, 44 and 285 beds respectively, and a staff of specialists in general medicine, obstetrics and gynaecology, anaesthetics, general surgery, pathology and radiology, backed up by General Duties Medical Officers. The successful applicant will be expected to work at both hospitals.

In addition to the basic salary given above, the post carries:

- Passages to and from Zambia at the beginning and end of the contract
- Settling-in allowance
- Rent free accommodation
- Car allowance
- Generous education allowances for children at school outside Zambia
- Christmas bonus and terminal gratuity
- Generous leave conditions

Applications, giving full details of career to date, should be sent to:

Anglo Charter International Services Ltd.,
Appointments Division,
Dept. A9726/FF, 7 Rolls Buildings,
London, EC4A 1HX.

*In Zambia, the world's third largest copper producer, Nchanga Consolidated Copper Mines Ltd. works three developed and three developing mines, responsible for 60% of the nation's output. The engineering complexes on the Copperbelt are among the most modern in the world.

ST. ANDREW'S HOSPITAL NORTHAMPTON

Medical Director: James Harper M.B., F.R.C.P. (Edin.). D.P.M. St. Andrew's Hospital is a private psychiatric hospital on 130 acres of parkland in the county town of Northampton. In general, patients are admitted to Wantage House, a reception unit in the grounds, which is equipped for the investigation and treatment of mental and nervous illness. In addition, there is accommodation mainly in private rooms, both in the main hospital and in various villas, for longer-stay patients and geriatric patients. The hospital's amenities include Gloucester House, which comprises an Occupational Therapy department, a swimming pool, a squash court and library, while in the grounds there are tennis courts, a nine-hole golf course, etc. Fees range from £31 10s. per week, and subscribers to private medical insurance schemes, such as British United Provident Association and Private Patients Plan, may claim benefit in respect of these charges. Further particulars may be obtained from the Medical Director, St. Andrew's Hospital, Northampton Tel. Northampton 34354, who can be seen in consultation by appointment, either at the hospital or at 55 Harley Street, London, W.1. 67-14

Betnovate is better. So he is too.

**Infected
seborrhoeic dermatitis:
All the better for
Betnovate-N**

Dermatitis patients respond better to Betnovate than to other topical steroids. Two clinical trials^{1,2}, involving 916 patients and comparing Betnovate with 5 other leading topical steroids, proved this conclusively.

Their findings included:

"Betamethasone 17-valerate was statistically superior to the other topical corticosteroids in fourteen of the twenty separate sub-divisions of the trial; in no instance was it inferior."¹

"A better response is more likely with betamethasone 17-valerate than with any of the other corticosteroids tested."¹

When you add the broad-spectrum antibiotic

neomycin to the most effective steroid you can prescribe, the result is Betnovate-N. In infected seborrhoeic dermatitis it gives rapid relief from itching and inflammation and thus achieves the best response. The one thing to remember is Betnovate. Add an N to fight the infection.

Detailed literature on Betnovate (trade mark) available from Glaxo Laboratories Ltd, Greenford, Middlesex

Before 'Eraldin' he'd have thought twice

In angina, 'Eraldin' makes the going easier for patient and doctor.

-Easier for the Patient

His confidence is restored because his heart is protected against the effects of stress. Emotional situations no longer herald anginal attacks. Although he still knows his physical limits, these have been extended - by 'Eraldin'.

-Easier for the Doctor

'Eraldin', the latest, most advanced long-term protection against angina, shields the heart - and the heart alone - against excessive sympathetic stimulation. This cardioselectivity

permits protection in a broader group of anginal patients. Management is straight forward and dosage is on a simple twice or thrice daily basis. 'Eraldin' has other valuable properties - mainly related to safety.

Detailed information is available on request.

If your patient needs trinitrin he also needs

Eraldin

Fucidin — parenterally

as well as orally

Clinicians often require a parenteral antibiotic in the treatment of severe staphylococcal infections. To meet this need LEO research over a three-year period has led to the development of Fucidin for intravenous infusion. This preparation widens the scope of Fucidin (sodium fusidate B.P.) which over the last seven years has been increasingly used as a potent *oral* antistaphylococcal agent.

Fucidin for intravenous infusion.

Presented in packs of 2 ampoules one of which contains 580 mg diethanolamine fusidate B.P.C. as a dry powder (equivalent to 500 mg sodium fusidate B.P.) and the other 50 ml sterile phosphate-citrate buffer.

Detailed information on dosage, administration, applications and case-histories appears in the packing leaflet and also is available on request from

LEO LABORATORIES LIMITED · HAYES · MIDDLESEX · TEL: 01-573 6224
