

"Soon unequivocal and sustained evidence of benefit may become apparent. A long immobile facies may become animated, a sparkle returns to the eye and the gait, posture, dexterity of the hands, speech and balance may all improve."

Brit.med.J., 1970, 1, 446.

PARKINSONISM **LARODOPA**

ROCHE

Larodopa is the trade mark for Roche preparations containing (-)-3-(3,4-Dihydroxyphenyl)-L-alanine (Levodopa)

Full information is available on request from Roche Medical Information Service/Larodopa, 15 Manchester Square, London W1M 6AP, or by telephoning 01-935 8594.

cause for confidence in Ventolin Therapy.

DOCTORS RECOGNISE THE EFFECTIVENESS OF VENTOLIN THERAPY.

Over 30 published references in 18 months confirm the effectiveness of Ventolin (salbutamol), and the weight of favourable comment continues to grow.

"... it seems clear, therefore, that because of its effectiveness in producing bronchodilatation, its long duration of action, its lack of cardiovascular stimulant action, and its lack of tendency to produce falls in PaO_2 , salbutamol is the most effective drug at present available by aerosol inhalation for the relief of asthmatic airway obstruction."

Brit. med. J. (1970), 2, 23.

PATIENTS PREFER VENTOLIN THERAPY.

Following a double-blind, cross-over sequential trial in general practice, comparing salbutamol (100mcg per puff) with isoprenaline sulphate (100mcg per puff), the author concluded: "My trial has shown unequivocally that patients prefer salbutamol to isoprenaline."

Practitioner, (1970) 205, 213.

"... In the double-blind subjective assessment it (Ventolin) was rated as the best of four treatments (placebo, isoprenaline 100mcg, orciprenaline 1,500mcg and Ventolin 200mcg) by 13 patients, while only three preferred orciprenaline."

Brit. med. J., (1969) 2, 287.

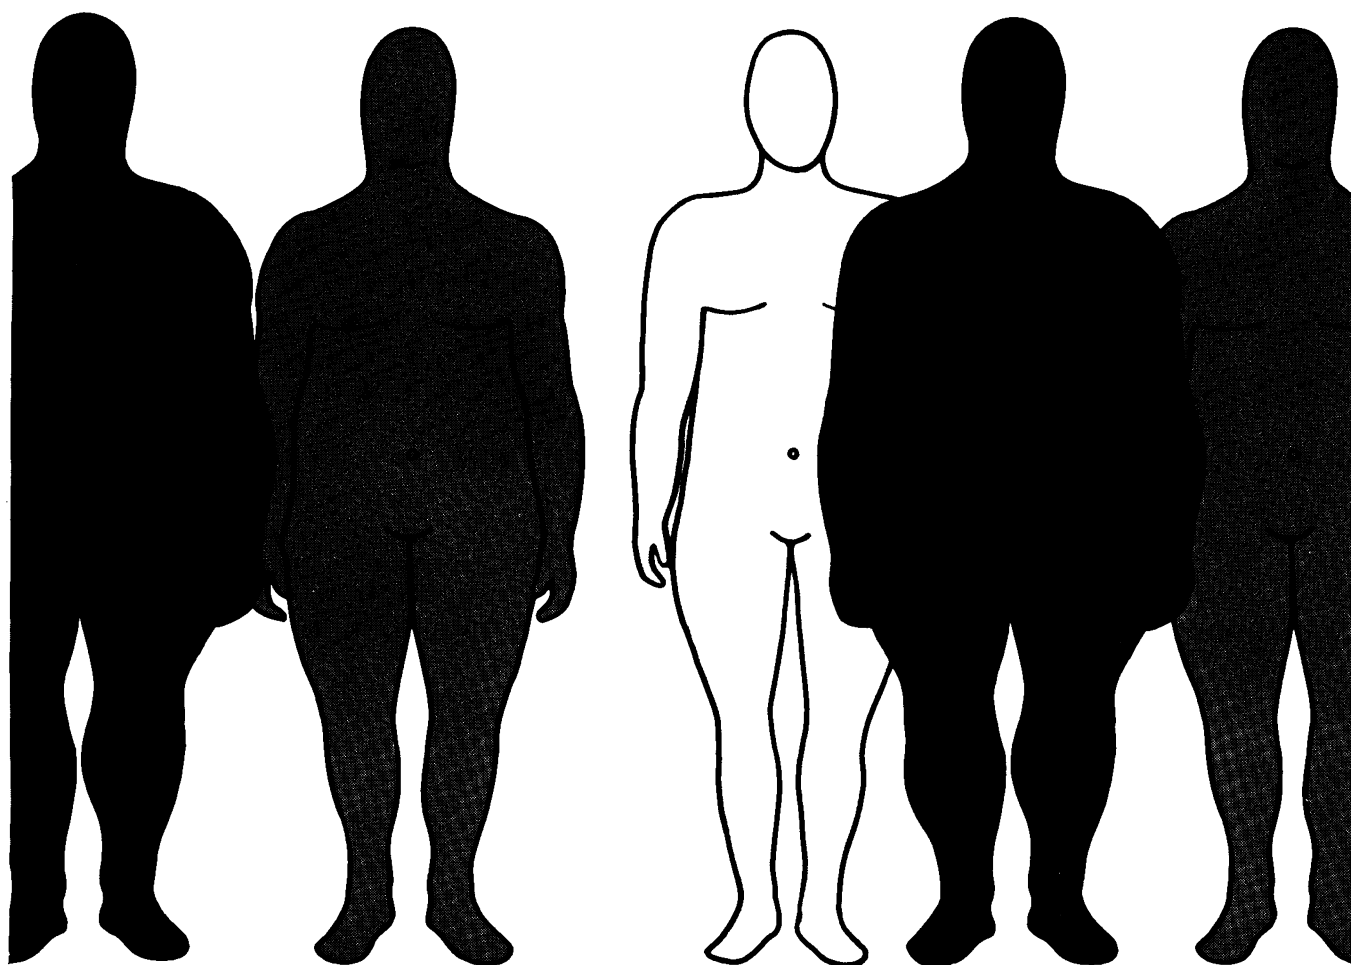

VENTOLIN—a real advance over existing bronchodilator therapy

PRESENTATION Ventolin Inhaler is a metered aerosol, delivering 100mcg salbutamol per inhalation. Ventolin Tablets each contain salbutamol 2mg as sulphate. Full information is available on request.

In obesity

It's simple-it's logical
the fatter they are - the higher the dose

'The effective dose range for most patients is 60-120mg/day and side effects can be minimised by beginning with the low dose and gradually increasing medication to the most effective level for that patient'.

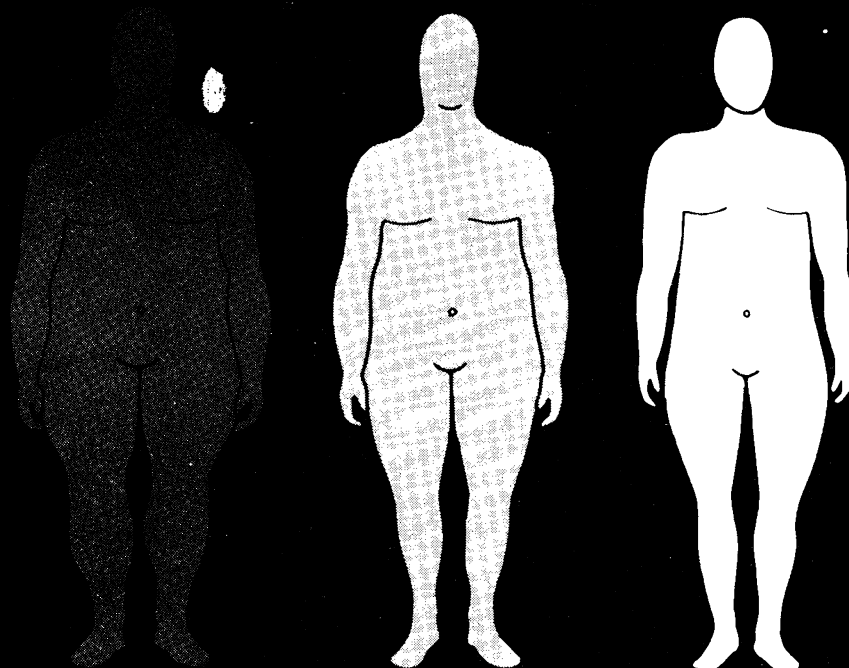

*International Symposium on Amphetamines and Related Compounds.
Raven Press (1970), 691.*

PONDERAX[®]

FENFLURAMINE

Dosage is the same for all obese patients for the first two weeks

*then it is
related to
the severity
of the obesity*

	SEVERE Tabs. per day	MODERATE Tabs. per day	MILD Tabs. per day
1st Week	1 + 1	1 + 1	1 + 1
2nd Week	1 + 2	1 + 2	1 + 2
3rd Week	2 + 2	2 + 2	1 + 2
4th Week and maintenance	2 + 2 + 2	2 + 2	1 + 2
Percentage overweight	> 20%	15-20%	10-15%
Skinfold thickness	Men > 25 mm Women (> 30 mm)	20-25 mm (25-30 mm)	15-20 mm (20-25 mm)

Where twice a day dosage is shown, tablets are taken morning and evening. If three times a day, the third dose is taken at lunchtime

When weight has been stabilised the dosage should be reduced in reverse to starting treatment, to two tablets daily before stopping

Note: Weight loss will not usually be apparent during the first two or three weeks of treatment.

Contra Indications:

Although both human and animal studies have demonstrated that there is no harmful effect on the foetus, it is not recommended that PONDERAX be administered during the first trimester of pregnancy, unless the physician considers the benefit outweighs any possible risk.

Precautions:

Do not administer concurrently with MAOI's, or to depressive patients. PONDERAX may potentiate the action of some anti-hypertensive, anti-diabetic and sedative drugs. The dosage of these drugs should be re-assessed when the patient is taking PONDERAX.

Secondary Effects:

Principally mild sedation and increased bowel frequency. Very occasionally gastric upset, nausea, dizziness and headache have been reported. All these effects are reversible by reduction or cessation of dosage.

Ponderax produces sustained, substantial weight loss through its unique glycoliptic action without stimulation.

Full information, patient dosage pads and skinfold calipers are available from:

Servier Laboratories Limited *Formerly Selpharm Laboratories Ltd*
Percival House, Pinner Road, Harrow, Middlesex, HA1 4HQ

GA

In anxiety/depression

Posed photograph

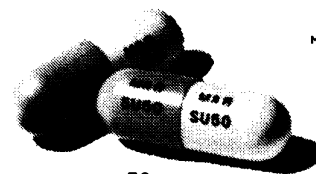

**when sleepless nights
follow anxious days,**

Surmontil acts in two ways

First: Its anxiolytic action produces rapid restoration of normal sleep rhythms, and a subjective improvement in the patient.
Then: Its powerful antidepressant action produces mood elevation, usually within seven to ten days.

Surmontil Capsules 1 or 2 nocte

control depression and its major symptoms,
sleep disturbance and anxiety

So who cares if they don't eat properly?

Heinz do.

And so, probably, do you. After all, you know the problem.

As people get older they become less and less inclined to go to the trouble of preparing themselves a proper meal every day. Particularly if they're living on their own. And many of them don't eat well at all.

Health authorities have approached us at Heinz, suggesting that we prepare foods that would be suitable for these people.

So we did - we made Heinz new Dinners for One.

Heinz Dinners for One aren't just another snack-in-a-can. They're complete, easy meals, specially prepared with vegetables and meats, supplemented with extra vegetable protein and fortified with iron and calcium.

They are a delicious and satisfying way for

elderly people to get more of the goodness and nourishment they need without having to eat too much.

There are four ready meals in the range: Steak and Kidney and Vegetable, Lamb and Vegetable, Irish Stew, Beef and Vegetable.

If you have anyone under your care whom you think would benefit from these foods, we shall be pleased to supply you with descriptive leaflets for them. Write to us, Special Foods Division, H.J. Heinz Company Ltd., Hayes Park, Hayes, Middx.

**Heinz Dinners
for One.
A different
kind of meal.**

ANTIBIOTICS AND THE INTESTINAL FLORA

Treatment with broad spectrum antibiotics suppresses the normal flora, which may be replaced by abnormal resistant organisms causing diarrhoea.

This change can be prevented or reversed by the implantation of *Lactobacillus acidophilus* which has been rendered antibiotic-resistant, and is thus able to multiply freely under these abnormal conditions. The products of growth of the organism are inimical to that of many other bacteria^{1 2} and thus contribute to its rapid preponderance over other species.

Oral treatment with antibiotic-resistant *L. acidophilus* in the form of ENPAC has been shown to eliminate *Candida* from the faeces of infants with antibiotic-induced diarrhoea, with relief of symptoms succeeded by rapid gain in weight^{3 4} and greatly to reduce the numbers of staphylococci in the faeces of patients treated with tetracyclines.⁵

CASE HISTORY 1:

WHAT SORT OF PEOPLE HAVE HOME LIFTS?

GEORGE, LINCOLNSHIRE FARMER

George was always the independent type—until arthritis struck. Eventually walking was again possible but unaided stair climbing out of the question. A Home Lift changed all that! Now George is independent again.

Every floor's a ground floor with a Hammond & Champness Home Lift. Send for a fully illustrated brochure in colour and see for yourself how well it looks in any setting. About £900 (credit terms available)

Hammond & Champness Ltd
DEPT. BJ, 159 ST. JOHN STREET, LONDON EC1 (01-253 9081)

The Retreat, York

For the Treatment of Psychiatric Illnesses

This Private Registered Nursing Home at York of 275 beds, established in 1792, is managed by members of the Religious Society of Friends (Quakers).

It combines psychological and physical investigations and modern forms of treatment for patients suffering from psychiatric illnesses, including drug dependence, and has a separate unit for the assessment and treatment of psycho-geriatric conditions. There are also facilities for long-stay patients.

The Hospital is surrounded by 42 acres of its own grounds and is within easy walking distance of the City centre. In recent years, the Hospital has been modernised throughout. A new spacious occupational therapy centre provides a wide range of creative activities.

British United Provident Association and Private Patients Plan assist their members who become patients at The Retreat within the range of their published benefits.

For terms and further particulars, apply to The Medical Director, The Retreat, York. YO1 5BN. Telephone: York 54551 (STD 0904).

CHILDREN'S ANTISPASMODIC MIXTURE

TANKERTON KENT

A PLEASANTLY FLAVOURED
SYRUP READILY TAKEN BY
CHILDREN FOR

asthma & bronchitis

Full antispasmodic effect from
fractional dose of ephedrine

Tests show that 2-Diethylaminoethyl- α -phenylbutyrate Citrate has a more pronounced bronchodilatory effect than ephedrine. Three parts of 2-Diethylaminoethyl- α -phenylbutyrate Citrate producing the same effect as 5 parts of ephedrine. It acts more rapidly than ephedrine, reaches maximum effect somewhat later and falls away at a slightly slower rate. With a mixture of the substances the curve of bronchial dilatation showed that the effect produced was considerably greater than when double the quantity of each substance was administered separately. 4 mg OF THE MIXED SUBSTANCES (CONTAINING 2 mg OF EPHEDRINE) has the BRONCHODILATORY EFFECT OF 8 mg. EPHEDRINE. Whilst a full bronchodilatory effect is produced with this mixture, side-effects, such as nausea, restlessness, sweating, etc., due to over-dosage or idiosyncrasy to ephedrine are avoided.

COMPOSITION

Ephedrine Hydrochloride 4 mg.
2-Diethylaminoethyl- α -phenylbutyrate 4 mg.
in each 5 ml.

If the patient who has started on new therapy is to co-operate fully, maintain his composure and increase his confidence, early effective control of blood pressure must also be accompanied by the lowest possible risk of distressing side-effects. Because ESBATAL* meets these criteria it is of special value for the new hypertensive patient

and also for those patients who are uncomfortable or uncontrolled on other therapy. Individual dosage is rapidly and reliably achieved, and dose response is soon predictable in a particular patient. In a report of clinical experience with ESBATAL, the authors stated: 'There would now seem to be no case for

beginning treatment with guanethidine or methyldopa in any new patient...'

Full information about ESBATAL (bethanidine sulphate) is available on request.

from asthmatic attack

BRITISH MEDICAL JOURNAL, 13 FEBRUARY 1971

The unique mode of action of disodium cromoglycate offers the asthmatic patient outstanding benefits. A prophylactic treatment, it prevents the onset of asthmatic episodes - thus minimising long-term damage to lung tissue. Freedom from asthma attacks permits a happier, more normal life for the asthmatic patient.

Published clinical reports^{1,22} confirm that with INTAL COMPOUND, the incidence and severity of acute attacks is considerably reduced - even in patients on conventional therapy such as bronchodilators, antihistamines and corticosteroids. Less time is lost from work or school,

exercise tolerance is improved and a consistent clinical comment on disodium cromoglycate has been the total absence of serious side effects.

INTAL COMPOUND - supplied in SPINCAPS (each containing 20 mg disodium cromoglycate, and 0.1 mg Isoprenaline Sulphate BP in powder form, together with an inert carrier). For use in a special insufflator - SPINHALER.

'Slow-Fe'

TM

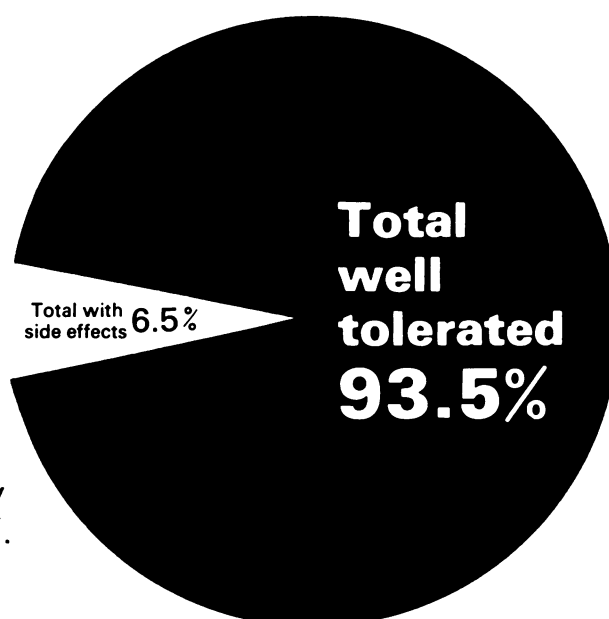

precision release of the right iron in the right place

Well tolerated in over 93% of patients

A multi-centre trial (Clin. Trials Jnl. (Lond), 1969, 6, 229) carried out by 258 G.P.s and involving over 2,300 patients has shown that 'Slow-Fe' is better tolerated than both plain iron and coated or delayed-release preparations.

The level of gastrointestinal side effects with 'Slow-Fe' was only 6½% — roughly the same as the expected incidence with placebo and considerably lower than that with plain ferrous sulphate B.P.

Fifty-seven patients unable to tolerate many other iron preparations were given 'Slow-Fe'. All but 3 of them found that 'Slow-Fe' was free from the usual side effects.

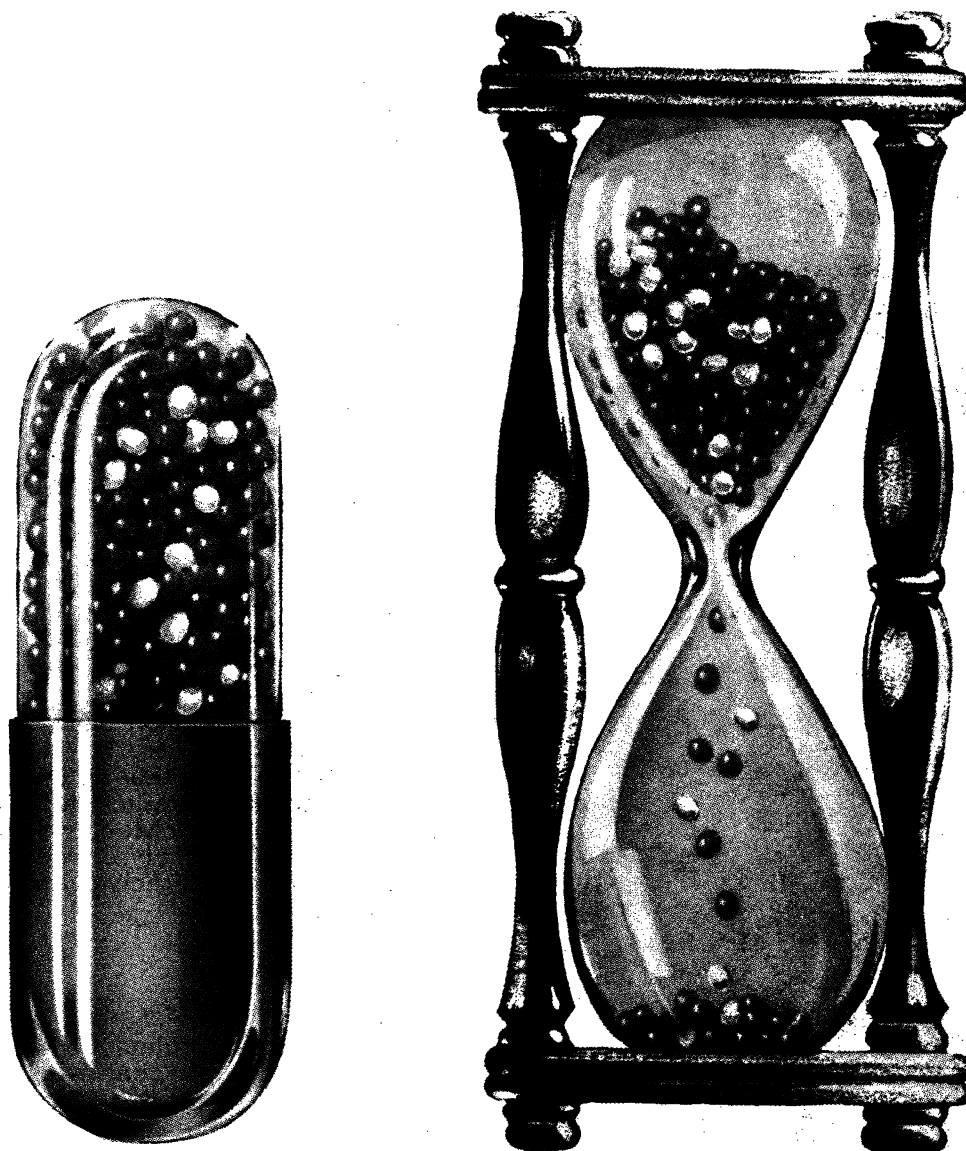

'Slow-Fe' contains 160mg exsiccated ferrous sulphate (≡ 50mg elemental iron).
'Slow-Fe folic' contains 160mg exsiccated ferrous sulphate (≡ 50mg elemental iron) and 400 micrograms folic acid in a special slow-release base.

Daily dosage reminder units of 30. Packs of 30, 150 and 600.
Basic NHS price, 30 ex 600 : 23p.
'Slow-Fe' and 'Slow-Fe folic' are trademarks.
Detailed information is available on request.

For prophylaxis in pregnancy
'Slow-Fe folic'

At any hour of the day or night, the special sustained-release action of the new 'Spaneph Spansule' Capsule protects the bronchitic or asthmatic patient from the threat of sudden and distressing attacks. Without the trouble or worry of remembering tablets and bottles every few hours, long . . . acting 'Spaneph Spansule' Capsules set a new standard of simplicity in the prophylaxis of bronchospasm.

Long.....acting
Spaneph
'Spansule' Capsule
protects against bronchospasm

Smith Kline & French Laboratories Limited Welwyn Garden City, Hertfordshire

Literature giving full prescribing information is available on request. Each 'Spaneph Spansule' Capsule contains 75 mg. ephedrine sulphate. 'Spaneph' and 'Spansule' are trade marks.
SEP:PA160

The changing background of diuretic therapy

...in congestive cardiac failure

Searle

G. D. Searle & Co. Ltd.,
High Wycombe, Bucks.

Full information is available on request.

● Diuretic therapy

The traditional approach to C.C.F. was rest, digitalis to improve cardiac function, and a diuretic to reduce oedema. The diuretic could be mild, moderate or potent, according to the doctor's judgement.

The problem of potassium loss

Under diuresis the reduction in plasma volume leads to a compensatory increase in the secretion of aldosterone. This causes reabsorption of sodium and water in exchange for potassium. The result is a feeling of general ill-health in the patient, and a growing risk of digitalis intoxication.

● Diuretic with potassium supplements

To moderate the effects of potassium loss doctors have tried supplemental potassium, in the hope that the extra potassium ingested might compensate for that being excreted.

Is the problem solved?

Unfortunately this has shortcomings. Extracellular potassium is easily replaced, but if the intracellular levels have been disturbed the problem of correction is extremely difficult. Without constant electrolyte checks potassium supplements are at best a hit or miss solution, and the long-term risk of bowel ulceration can never be ignored.

● The role of spironolactone . . .

to supplement and enhance the effectiveness of your chosen diuretic.

To obviate many of the hazards already mentioned more and more doctors are now adding Aldactone-A to the initial regimen of digitalis and a diuretic. By its unique action Aldactone-A effectively reduces potassium loss caused by conventional diuretics, and eliminates the need for potassium supplements.

Aldactone-A will combat the effects of diuretic-induced secondary aldosteronism. By its synergism with the more proximally acting diuretic Aldactone-A will provide a smooth, increased diuresis, with the later possibility of a reduction in diuretic dosage.

Used from the start of therapy, Aldactone-A will:—

- Reduce the long-term hazards of thiazide therapy e.g. drug-induced diabetes, gout.
- Not normally allow refractory states to develop.
- Eliminate the need for potassium supplements.
- Avoid the "washed out" feeling common to so many patients on long-term diuretic therapy.
- Improve the long-term prognosis.

Aldactone-A

Aldactone is a Registered Trade Mark

The time is now

Approximately one in five young women has no natural immunity against German measles. Immunity can, however, be conferred by vaccination.

The pre-pubertal period (11-14 years) is the recommended time to vaccinate girls in order to protect their future offspring

against the possible consequences of maternal rubella.

Your attention is drawn to the caution on the use of rubella vaccine in women of child-bearing age which is given on the following ALMEVAX advertisement page.

Contra-indications and Precautions relating to Pregnancy

There is a possibility that live attenuated rubella virus administered during pregnancy could infect and damage the foetus, producing congenital abnormalities. Therefore **pregnant women must not be vaccinated** and pregnancy should be excluded before vaccination is undertaken. This danger to the developing foetus equally applies in the case of a pregnancy

conceived within two months following vaccination. Women of child-bearing age must be warned that for at least two months after vaccination they must take strict contraceptive precautions. If there is any possibility that they may become pregnant within this period they should not be vaccinated.

**"It's the same
every winter,
doctor"**

Michael's had asthma since he was three. Every winter it's the same old story – he gets a cold which quickly sets up the familiar pattern of bronchitis and severe asthma causing anxiety for Michael, his mother and his doctor.

Now Ceporex (cephalexin) is the effective answer to the bacterial infection because it kills most of the pathogens, including penicillin-resistant staphylococci, which commonly cause acute respiratory infections. The absorption of Ceporex is rapid and virtually complete, giving high serum levels within an hour of administration. Ceporex has very low toxicity, is well tolerated and can be considered the logical alternative for patients hypersensitive to the penicillins.

At the International Conference on Cephalosporins, 1970, twenty papers were presented on cephalixin. These reported on the treatment of 2,000 patients with a wide variety of conditions.

During a trial conducted in adults and children by General Practitioners, *341 infections were treated, including those of the ear, nose, throat and soft tissue, as well as those of the urinary and respiratory tracts. An over-all success rate of 91% was achieved with Ceporex at a dosage of 20 mg/kg per day or over. Confirmation that Ceporex really works. Make it your first choice in bronchitis.

*Supp. to *Postgrad. med. J.* (Oct. 1970) **46**, 113

Successful treatment starts with

Ceporex
cephalexin

See previous page for more information

"And I've found Ceporex just as successful in cystitis and otitis media"

Ceporex is fast becoming acknowledged as a highly effective treatment for urinary and ENT infections as well as those of the respiratory tract. And recent trials* on an international scale have proved this growing and increasingly widespread confidence to be completely justified.

*Supp. to *Postgrad. med. J.* (Oct. 1970) 46

Glaxo 

For detailed information on Ceporex (trade mark) write to Glaxo Laboratories Ltd, Greenford, Middlesex

In severe infections (e.g. pyelonephritis or pneumonia):

Ceporex 500 mg Tablets or Capsules. Also Ceporex Syrup containing 500 mg cephalixin per 5 ml.

For more susceptible infections in adults and children:

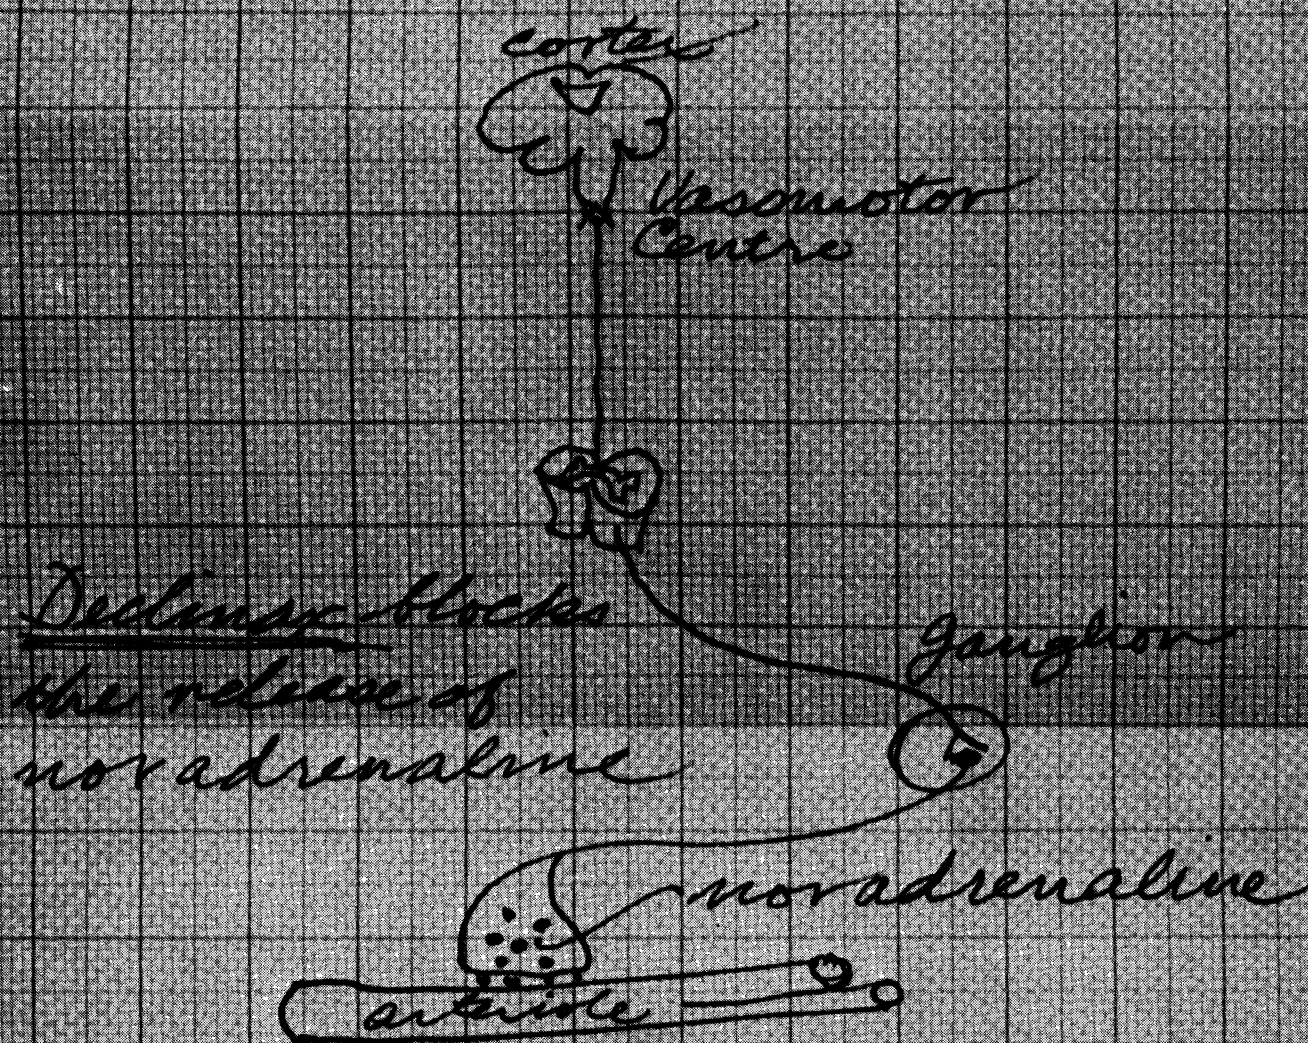

Ceporex 250 mg Tablets or Capsules. Also Ceporex Syrup with 250 mg cephalixin per 5 ml.

For children up to two years of age:

Ceporex Syrup (Paediatric) containing 125 mg cephalixin per 5 ml.

Successful treatment starts with

Ceporex
cephalexin

Because Declinax[®] is a sympathetic postganglionic blocking agent which interferes with the release but not synthesis or depletion of noradrenaline, it gives a more specific, more easily manipulated anti-hypertensive action.^{1,2}

This is important since it results in prompt, smooth and effective activity in which dosage adjustment and control are easily established.^{1,2}

It may also account for the relative freedom from side-effects.^{1,4} Diarrhoea^{5,6} and postural hypotension³ appear to be less than with other drugs and there is no depression or sedation. Declinax is compatible with diuretics and other anti-hypertensives.³ Declinax the more specific anti-hypertensive.

For the control of PAIN

JUST NE TABLET...

Pain is but a symptom, best treated with the lowest effective dose of any medicament

Clinical experience shows that, in fibrositis, dysmenorrhoea, sinusitis, and other commonly encountered conditions of persistent pain, just one tablet of Paramol-118 every four hours provides relief.

By fortifying 500 mg paracetamol with a low dose (10 mg) of dihydrocodeine it is possible to control pain with a minimum daily intake of both drugs: in such low dosage the possibility of side effects is remote.

Needless to say, if necessary, this dosage can be increased to two tablets every four hours – and, even at this higher dosage level, risk of any really undesirable side effect is insignificant.

Costs, too, are kept low: with one tablet every four hours the basic NHS cost of a day's therapy is only about 2p.

When pain presents itself

"You *increased* the dosage?
But I thought this woman had
a peptic ulcer."

"She has – but I find that she
can tolerate Brufen, and her arthritis
is improving nicely."

Experience has shown that Brufen is extremely well tolerated by the majority of arthritic patients, including many who have suffered from persistent gastric disturbance with other antirheumatic drugs. Patients with pre-existing peptic ulceration have received Brufen therapy without exacerbation of gastric symptoms.¹

In the treatment of arthritis, Brufen provides the relief of pain and stiffness essential to achieve a progressive improvement in joint flexion and functional capacity. To patient and doctor, Brufen means highly effective antirheumatic therapy without the limitation of frequent side-effects. Brufen is available as tablets, each containing 200 mg. of ibuprofen.

BRUFEN
(ibuprofen) 

new freedom for the arthritic patient

D.C.H. COURSE

A Course in Postgraduate Paediatrics is to be held at St. Stephen's Hospital on March 6th and 7th, 1971, suitable for candidates taking Diploma of Child Health or M.R.C.P. in Paediatrics. The Course is recognized by the British Postgraduate Medical Federation. Candidates are particularly asked to submit questions when they apply for admission to the course, and many of these will be dealt with by a panel of experts.

Saturday March 6th	9.0 Dr. L. Sinclair introduces the course
9.45	Dr. Mary Sheridan "Developmental Assessment in the normal and abnormal child"
10.45	Coffee
11.0	Dr. R. J. K. Brown "Disabling Respiratory Disease"
12.0	Dr. B. Levin "Biochemistry of Paediatric Practice"
1.0	Lunch
2.0	Dr. H. Barrie "Recent advances in Neonatal Medicine"
3.0	John Atwell F.R.C.S. "Neonatal Surgery"
4.0	Tea
4.15	Panel Discussion
Sunday March 7th	9.45 Dr. C. Newman "Heart Disease in Childhood"
10.45	Coffee
11.0	Grant Williams F.R.C.S. "Diagnosis and Management of Common Urological problems in Childhood"
12.0	Dr. L. Sinclair and Dr. B. Van Leuven "Radiological Quiz"
1.0	Lunch
2.0	Dr. B. Valman "Current Trends in Paediatric Gastroenterology"
3.0	Clinical Demonstration

Please apply for the course to Miss C. Hyland, Clinical Tutor's Secretary, St. Stephen's Hospital, Chelsea, S.W.10. Phone. 01 352 8161 Ext. 462. The Fee for the course is 7 guineas. (15859) 2

CHARING CROSS GROUP OF HOSPITALS AND INSTITUTE OF UROLOGY

A 2-day Course "The Urologist and Renal Failure" will be held on April 24 and 25, 1971, at Fulham Hospital. This weekend course is for Urologists and Urological Registrars.
For further particulars apply: Postgraduate Secretary, Charing Cross Hospital, Strand, London, WC2N 4DZ. Tel.: 01-836 7788, (15861) 2

The Medical Protection Society

The Council of the Medical Protection Society invite applications from registered medical practitioners for the appointment of

**An Additional
ASSISTANT SECRETARY (MEDICAL)**

Experience of the National Health Service important, although service in the Armed Forces could be helpful; knowledge of committee procedure desirable. An aptitude for public speaking and interest in the law or medical jurisprudence would all be valuable. It is anticipated that the candidate appointed would not be under 32 years of age.

Salary will be on a scale which will be incremental and superannuated. The point of entry will have regard to experience and age and will lie between £4,500 and £5,325; thereafter there will be five annual increments of approximately £200.

The professional whole-time staff of the Society includes four doctors and two dental surgeons; one of the former is in charge of the Society's Northern Regional office at Leeds.

Further details of the post may be obtained either from the Secretary, Dr. Constable, 50 Hallam Street, London, W.1 or from Dr. Ford, 30 Park Square, Leeds 1.

Applications (envelope marked "Assistant Secretary"), giving full particulars, together with the names of not more than three referees, should reach

The Secretary,
Medical Protection Society Ltd.,
50 Hallam Street, London, W1N 6DE. Tel. 01-580 9241
not later than Monday, February 22, 1971. (H7864)

UNIVERSITY AND RESEARCH APPOINTMENTS

(see also OVERSEA)

INSTITUTE OF OPHTHALMOLOGY (University of London) Department of Pathology

Applications are invited for the post of **LECTURER IN PATHOLOGY**. Previous knowledge of Ocular Pathology not essential but thorough training in general pathology is required.

The successful applicant would be expected to participate in teaching postgraduates and to take part in diagnostic work but special emphasis will be placed upon experimental research. A knowledge of electron microscopy would be an advantage. The opportunities for academic advancement and a successful career in this field are exceptionally good. Salary scale £2450-£3926 p.a.

Applications must be received not later than April 1, 1971 by the Director of Pathology, Institute of Ophthalmology, Judd Street, London WC1H 9QS, from whom further particulars may be obtained (01-387 9621). (15837) 14-1

THE LONDON HOSPITAL MEDICAL COLLEGE (University of London)

LECTURER IN MEDICINE

Applications are invited from those who hold a higher qualification for the appointment of Lecturer in the Medical Unit for a period of one year. The successful candidate will spend the first six months in the Dialysis and Transplantation Units and the second period in General Medicine. Salary within the range £2450/£3370 together with superannuation under the F.S.S.U. or N.H.S. Enquiries to Professor C. Wilson or Professor J. Ledingham, telephone 01-247 5544.

Applications (2 copies) with the name of referee to the Secretary, The London Hospital Medical College, Turner Street, London E1 2AD, within 21 days. (15854) 14-1

UNIVERSITY OF ABERDEEN Department of Medicine

Applications are invited for the appointment of a

FULL-TIME LECTURER

under the direction of Professor A. S. Douglas. Applicants should possess the M.R.C.P. The candidate will be expected to practise and teach general medicine in the Aberdeen Royal Infirmary and associated wards. An honorary contract will be granted by the North Eastern Regional Hospital Board (Scotland). Salary on scale: £2,070 to £4,206 with initial placing according to qualifications and experience. Superannuation (F.S.S.U.) and removal allowance.

Further particulars from the Secretary, The University, Aberdeen, to whom applications (10 copies) should be lodged by February 25, 1971. (H8083) 14-1

UNIVERSITY OF BRISTOL

The University invites applications for the post of Lecturer in Child Health. Salary scale £2,067-£3,018 or £3,018-£4,206 according to qualifications and experience, together with superannuation.

The successful candidate will be granted an honorary contract as Registrar or Senior Registrar with the Board of Governors of the United Bristol Hospitals and the South West Regional Hospital Board. The Lecturer will be required to assist in the clinical, practical and theoretical teaching in the department and to undertake research related to Child Health and Paediatrics. The interests of the department include Neonatology, Immunology, handicaps in childhood and Leukaemia.

Sixteen copies of the application, including the names of three referees, should reach the Registrar, The Senate House, University of Bristol, from whom further particulars may be obtained, not later than March 6, 1971. (15830) 14-1

UNIVERSITY OF DUNDEE

Applications are invited for a **LECTURESHIP IN PATHOLOGY** in the Department of Pathology. Associated with the post is an honorary appointment with the Eastern Regional Hospital Board.

Initial appointment in salary range £2,067 to £2,451 with prospect of advancement after satisfactory probationary period to scale £2,640 to £4,206. F.S.S.U.; grant towards removal of household effects.

Applications containing the names of three referees to be lodged by March 6, 1971 with the Secretary, The University, Dundee DD1 4HN, from whom further particulars may be obtained. (15844) 14-1

UNIVERSITY OF SOUTHAMPTON

CHAIR OF MEDICINE

Applications are invited from Registered Medical Practitioners for appointment as Professor of Medicine, with special reference to Clinical Pharmacology, Clinical Immunology or Rheumatology. Salary not less than £5,700 per annum: F.S.S.U. Further particulars may be obtained from The Secretary and Registrar, The University, Southampton SO9 5NH to whom applications (18 copies from applicants in U.K.) should be sent before March 12, 1971. (15763) 14-1

THE UNIVERSITY OF NEWCASTLE-UPON-TYNE

THE MEDICAL SCHOOL AND THE UNITED NEWCASTLE-UPON-TYNE HOSPITALS

Please apply to Branch Administrator, Family Planning Association, St. Crispin Hall, St. George Street, Norwich NOR 16J. Telephone Norwich 24595. (H8096) 18

COMMERCIAL APPOINTMENTS

Clinical Advisor

Department of Clinical Research

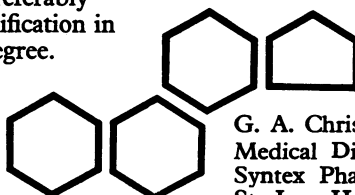

Syntex Pharmaceuticals Limited is the U.K. branch of the internationally known Syntex Corporation, world leaders in steroid research and development.

Expansion in our research programme has created the need for a further clinical advisor who will assist with initiating, progressing and analysing clinical trials on existing and future products. This will involve liaison with clinicians and consultants in the U.K. and overseas and provides an opportunity to become involved with new and interesting research methods.

Applications are invited from registered medical practitioners, preferably possessing a higher qualification in medicine or a science degree.

The successful applicant will be aged under 35 and possess a lively enquiring mind. A record of personal research achievement is required and previous experience of the pharmaceutical industry would be useful but is not essential.

The salary offered is negotiable—according to qualifications and experience but will be around £3,500; a car will be provided. Additional benefits include non-contributory pension and life assurance schemes. In the first instance please apply to:

G. A. Christie, M.D., B.Sc.,
Medical Director,
Syntex Pharmaceuticals Limited,
St. Ives House, Maidenhead, Berks.
Tel: Maidenhead 28424.

(15848) 16

INDUSTRIAL APPOINTMENTS

JOSEPH LUCAS LTD.

MEDICAL OFFICER

Applications are invited from registered medical practitioners for the full time post of Medical Officer based at Great King Street, Birmingham.

This appointment offers an opportunity to take charge of and assist in the further development of an established occupational health service at a number of factories in the Birmingham area and scope for a permanent career in occupational medicine within a large industrial organisation. The development of special interests will be encouraged. Occupational Hygiene services are available as well as X-ray, E.C.G. and physiotherapy facilities.

The post is suitable for candidates with a good standard of clinical medicine, who are seeking an opportunity to enter occupational medicine, as well as for doctors already experienced in this field.

Salary will be in accordance with the British Medical Association scale for Medical Officers, the commencing point depending on qualifications and experience, and there are promotion prospects.

Applications, giving full details of qualifications, experience and age, should be addressed to the

Chief Medical Officer

JOSEPH LUCAS LTD.

GREAT KING STREET, BIRMINGHAM 19

(15847) 17

ROYAL GWENT HOSPITAL

Newport, Mon. (432 beds)
(Recognized F.R.C.S.)

SENIOR HOUSE OFFICER

required in March. Resident or non-resident. Married quarters available. The Department is in the charge of a full-time Consultant Surgeon, has five Senior House Officers and all emergency cases are admitted through the department, which is responsible for initial resuscitation. The Department is equipped with apparatus for cardiac monitoring, positive pressure ventilation, as well as x-ray intensifiers and a Berman F. B. Locator.

The hospital is the base hospital for the Group, and therefore has a large volume of acute cases in all specialties. It is being extensively re-developed by a major capital building programme. A new intensive care unit has recently been opened.

There is a close connexion with the teaching hospital at Cardiff, 10 miles to the west, and there is an extensive postgraduate education programme with a very good library. A Postgraduate Centre has recently been opened. The appointment gives ample opportunity to the holder to avail himself of these facilities.

The successful candidate will be expected to be resident on the nights on which he is on first call, which will on average be one night in five.

Applications giving full particulars and names and addresses of two referees to Group Secretary, 64, Cardiff Road, Newport, Mon., telephone: Newport 52244. (42035) 20-8

ROYAL VICTORIA HOSPITAL

Shelley Road, Boscombe, Bournemouth

(Two posts) vacant February 15. Telephone Mr. J. Murray 0270-65588 for further information and appointment for interview. Cost of telephone call refunded. (15856) 20-8

SOUTH ESSEX HOSPITAL MANAGEMENT COMMITTEE

St. Andrew's Hospital Billerica, Essex

SENIOR HOUSE OFFICER IN ACCIDENT AND ORTHOPAEDICS required immediately. Recognized for F.R.C.S. Applications to Group Secretary, Thurrock Hospital, Grays, Essex. (11971) 20-8

THE LEICESTER ROYAL INFIRMARY

SENIOR HOUSE OFFICER IN THE ACCIDENT AND EMERGENCY/ORTHOPAEDIC DEPARTMENTS

Vacant immediately. Tenable for six months; resident. Recognized for F.R.C.S. This is a rotating appointment and includes training in management of in-patient and out-patient fractures, and duties in Accident/Emergency Department. Regular teaching rounds and tutorials are held. There is an active postgraduate programme and ample time allowed for study.

Applications stating age, qualifications and experience, and the names of two referees, to Group Secretary, The Leicester Royal Infirmary, LE1 5WW immediately or telephone 0533-24225 ext. 270. (42312) 20-8

STOCKPORT AND BUXTON HOSPITAL MANAGEMENT COMMITTEE

Stockport Infirmary

SENIOR HOUSE OFFICER

Applications are invited for one of four resident posts in the Accident and Emergency/Orthopaedic Department at Stockport Infirmary an acute and casualty hospital of 171 beds.

The post, which will provide valuable experience, is for a candidate with appropriate qualifications, is recognized under F.R.C.S. regulations and is available immediately. Liberal off-duty time. Postgraduate Medical Centre and good library facilities are available in the Group.

The establishment in the department includes four full-time Casualty Officers in addition to a Medical Assistant working under the overall control of Consultant Orthopaedic Surgeons.

Applications, stating age, qualifications and previous experience, together with the names and addresses of two persons for reference to be made to the Group Secretary, Group Offices, Bramhall Moor Lane, Hazel Grove, Stockport, Cheshire, SK7 5AB. (H7853) 20-8

THE GENERAL HOSPITAL

Batley

SENIOR HOUSE OFFICER

Applicants should be candidates interested in a post in the Accident and Emergency Department for a period of six or twelve months. The Department is supervised by a Consultant and comprises four S.H.O.s plus a senior Casualty Officer. The Hospital deals almost entirely in Orthopaedics, Trauma, and there are very few casual attenders. The Orthopaedic Department is staffed by two S.H.O.s and a Registrar. Off duty time is generous and the post is likely to suit a person seeking Primary F.R.C.S. or higher qualifications. Adequate study and library facilities are available. Clinical Attachments can be arranged promptly. Please state whether married accommodation is required.

Applications quoting names of two referees to be addressed to the Hospital Secretary, The General Hospital, Carlinghow Hill, Batley, Yorkshire. (42307) 20-8

THE LEICESTER ROYAL INFIRMARY

TWO LOCUM SENIOR HOUSE OFFICERS

required immediately for the Accident and Emergency Department for approximately three months.

Applications stating age, qualifications and experience, and the names of two referees, to Group Secretary, The Leicester Royal Infirmary, LE1 5WW, immediately or telephone 0533-24225 ext. 270. (42313) 20-8

UNITED LEEDS HOSPITALS

Accident and Emergency Department

Applications are invited for the post of SENIOR HOUSE OFFICER

The post which is vacant at present time is recognized for the F.R.C.S. The Department, which receives 80,000 new patients a year, is staffed by a full-time consultant surgeon, a registrar and five senior house officers. The successful applicant will be expected to share in the Department's undergraduate teaching programme and will have the opportunity of attending postgraduate lecture courses.

Applications giving the names of two referees to be sent to the Secretary to the Board, The General Infirmary, Great George Street, Leeds LS1 3BX as soon as possible. (15579) 20-8

UNITED METROPOLITAN AND ST. LEONARD'S HOSPITALS

(Accident and Emergency Unit) Nuttall Street, London N15 1Z

CASUALTY OFFICER

Applications are invited from fully registered medical officers for the post of Casualty Officer, Senior House Officer grade, for six months in the first instance. The post is recognized for F.R.C.S. regulations and is one of three posts established at the Unit, which serves both hospitals and a new purpose built Unit opened in October, 1970. Closely associated with St. Bartholomew's Hospital for undergraduate teaching. Postgraduate students encouraged, preference given to candidates holding primary F.R.C.S.

Applications by telephone or letter to the Hospital Secretary by February 22. (01-739 8484). (15884) 20-8

UNITED OXFORD HOSPITALS

APPOINTMENTS

Applicants should state name, address, age, nationality, and qualifications, and enclose (unless otherwise specified) one copy of each of three recent testimonials, with short statement of experience and appointments held. Applications should be sent at once if no closing date is given: Canvassing disqualifies (Statutory Instrument, 1969, No. 163).

SALARY SCALES OF HOSPITAL MEDICAL STAFF

Following the Twelfth Report of the Review Body, new salary scales have been approved. These came into force on April 1, 1970. The scales are set out below:

HOUSE OFFICER: Each post in this grade shall be tenable for six months. £1,626 per annum for the posts held during the first year; £1,755 per annum for posts held during the second year; £1,884 per annum for posts held during the third and subsequent years, subject to full registration.

Deductions of £177 per annum in respect of lodging only for voluntary residence.

SENIOR HOUSE OFFICER: £2,040 per annum in the first year; £2,184 per annum in the second year; £2,328 per annum in the third or subsequent years.

Deductions of £210 per annum in respect of lodging only for voluntary residence.

REGISTRAR: £2,328 per annum × £144(3) × £126(1)—£2,886.

Deductions of £210 per annum for those with remuneration at the first incremental point on the scale, and £243 per annum for those on the second and subsequent points will be made in respect of lodging only for voluntary residence.

On assimilation to the scale for Registrars, one increment and one only shall be given for any year or part of a year in excess of two spent previously in the senior house officer grade.

Allowances at rates up to £183 per annum shall be payable to house officers, senior house officers and registrars occupying posts approved for such allowances in peripheral hospitals.

SENIOR REGISTRAR: £2,760 per annum × £126(1) × £174(1) × £177(1) × £174(1) × £177(1)—£3,588.

Deductions of £270 per annum in respect of lodging only for voluntary residence.

On assimilation to the salary scale for senior registrars, increments to a maximum of two shall be given for each year or part of a year in excess of three spent previously in the registrar grade.

MEDICAL ASSISTANT: £2,520 per annum × £144(1) × £156(3) × £144(10)—£4,572.

Deductions of £270 per annum in respect of lodging only for voluntary residence.

CONSULTANT: £4,512 per annum × £201(8) × £210(1)—£6,330.

Deductions of £420 per annum in respect of lodging only for voluntary residence.

COMPULSORY RESIDENCE: The Terms and Conditions of Service of Hospital Medical and Dental Staff state:

173. A practitioner who is required as a condition of his appointment to reside in a hospital shall be provided with lodging without charge, except where the practitioner elects to occupy a house, flat or apartment for which a rental is appropriate.

All National Health Service hospital appointments are in accordance with the Terms and Conditions of Service of Hospital Medical Staff.

Further details concerning standards of residential accommodation, telephone charges, removal allowances, study leave and other matters may be obtained from the Hospital Secretary; or by B.M.A. members from the Secretary, British Medical Association. (November, 1970)

ISLE OF MAN HEALTH SERVICES BOARD

Ballamona Hospital Administration Committee

Applications are invited for the post of **SENIOR HOUSE OFFICER IN PSYCHIATRY**

at Ballamona Hospital, near Douglas, Isle of Man. There is a unified mental health service for the Isle of Man (population approximately 50,000) and all services for psychiatric and subnormal patients are administered from this hospital which is recognized for D.P.M. and has 350 beds.

It has a new admission unit and day hospital and a new psycho-geriatric ward. Out-patient clinics are available in the three main towns. There is a junior and adult training centre for mentally handicapped near by.

The post is superannuable and there is full reciprocity with the U.K. scheme. Generous assistance towards removal expenses will be given and a flat is available.

The Island is a holiday resort of great charm; there are good educational facilities and income tax is low (2s. to 4/3d. in the pound).

Applications together with names and addresses of two referees to the Secretary and Treasurer, Ballamona Hospital, Isle of Man. (Tel. Douglas 4121) within a fortnight of the appearance of this advertisement. (H8033) 44-8

LONG GROVE HOSPITAL
Epsom

Whole-time **SENIOR HOUSE OFFICER IN PSYCHIATRY**

required to commence duties as soon as can be arranged. Wide experience of all modern methods of psychiatric treatment is provided and full attendance at Out-Patient Clinic at the Royal Hospital, Richmond. One of the Consultants is Clinical Tutor in Psychiatry in the Region. Lectures and tutorials are given weekly for candidates for the D.P.M. Accommodation is available for single candidates at Long Grove and an unfurnished flat is available for married candidates.

Applications to Physician Superintendent, telephone 26432, Ext. 11. (42360) 44-8

NORTH MONMOUTHSHIRE HOSPITAL MANAGEMENT COMMITTEE
Pen-y-Fal and Maindoff Court
Hospitals (1,044 beds)

Applications are invited for the post of **SENIOR HOUSE OFFICER IN PSYCHIATRY**

The appointment offers widely varied experience in all branches of psychiatry. Maindoff Court is a modern early treatment psychiatric unit with E.E.G. and ancillary departments. Duties will include attendance at out-patient clinics. Opportunities to study for the D.P.M. are afforded.

Salary and conditions of service are in accordance with Whitley Council regulations. A peripheral allowance of £183 per annum is, at present, payable in respect of this appointment.

Applications giving full details together with the names and addresses of two referees should be forwarded to the Hospital Secretary, Pen-y-Fal Hospital, Abergavenny, Monmouthshire. (15525) 44-8

THE NEW GENERAL PRACTICE 2

from the British Medical Journal

What important developments are there in General Practice? Does the General Practice Team work successfully? What is the Family Doctor's future role in the Hospital Service? These and other questions are answered in *The New General Practice 2* which, published two years after the first volume in this series, also deals with topics such as the use of computers, plans for the new towns, and Scandinavian developments in general practice. This second volume contains 27 articles published in the *B.M.J.* in the last two years. The introduction has been written by Professor J. D. E. Knox, Professor of General Practice at Dundee University.

What is the word for emotional distress?

The presenting symptoms? "Can't sleep . . . irritable . . . no appetite . . . tired . . . aches and pains"—consultation after consultation.

The task? To penetrate behind the facade to the underlying condition.

The aim? To make the patient feel better quickly and reveal the problem, without unnecessary consultations.

Tranquillizers or hypnotics may deal with part of this aim, but only part.

Prothiaden can meet all the requirements. It is rapidly effective in both anxiety and depression. One ingredient, a single-strength capsule means straightforward dosage.

Prothiaden is well tolerated even by the elderly.

Prothiaden can mean trouble-free treatment of anxiety, depression, in fact any manifestation of emotional distress.

A psychiatric nursing home; also specialising in the care of elderly patients. 67-13

ST. ANDREW'S HOSPITAL NORTHAMPTON

Medical Director: James Harper M.B., F.R.C.P. (Edin.). D.P.M. St. Andrew's Hospital is a private psychiatric hospital situated in 130 acres of parkland in the county town of Northampton. In general, patients are admitted to Wantage House, a reception unit in the grounds, which is equipped for the investigation and treatment of all forms of mental and nervous illness. In addition, there is accommodation mainly in private rooms, both in the main hospital and in various villas, for longer-stay patients and geriatric patients.

The hospital's amenities include Gloucester House, which comprises an Occupational Therapy department, a swimming pool, a squash court and library, while in the grounds there are tennis courts, a nine-hole golf course, etc. Fees range from £31 10s. per week, and subscribers to private medical insurance schemes, such as British United Provident Association and Private Patients Plan, may claim benefit in respect of these charges. Further particulars may be obtained from the Medical Director, St. Andrew's Hospital, Northampton (Tel. Northampton 34354), who may be seen in consultation by appointment, either at the hospital or at 55 Harley Street, London, W.1. 67-13

King Lear Act 3, Sc 7.

The Duke of Gloucester's anguish in 'King Lear'—after his torture and blinding, and the revealed treachery of his son, Edmund—may not find many exact parallels in modern society, but his mood 'all dark and comfortless' is seen often enough in patients suffering from depression and anxiety. In such cases

Triptafen-DA can often help; lifting the basic depression and calming any underlying or overt anxiety. The combined action of amitriptyline and perphenazine relieves the symptoms of depression and anxiety, no matter which condition predominates.

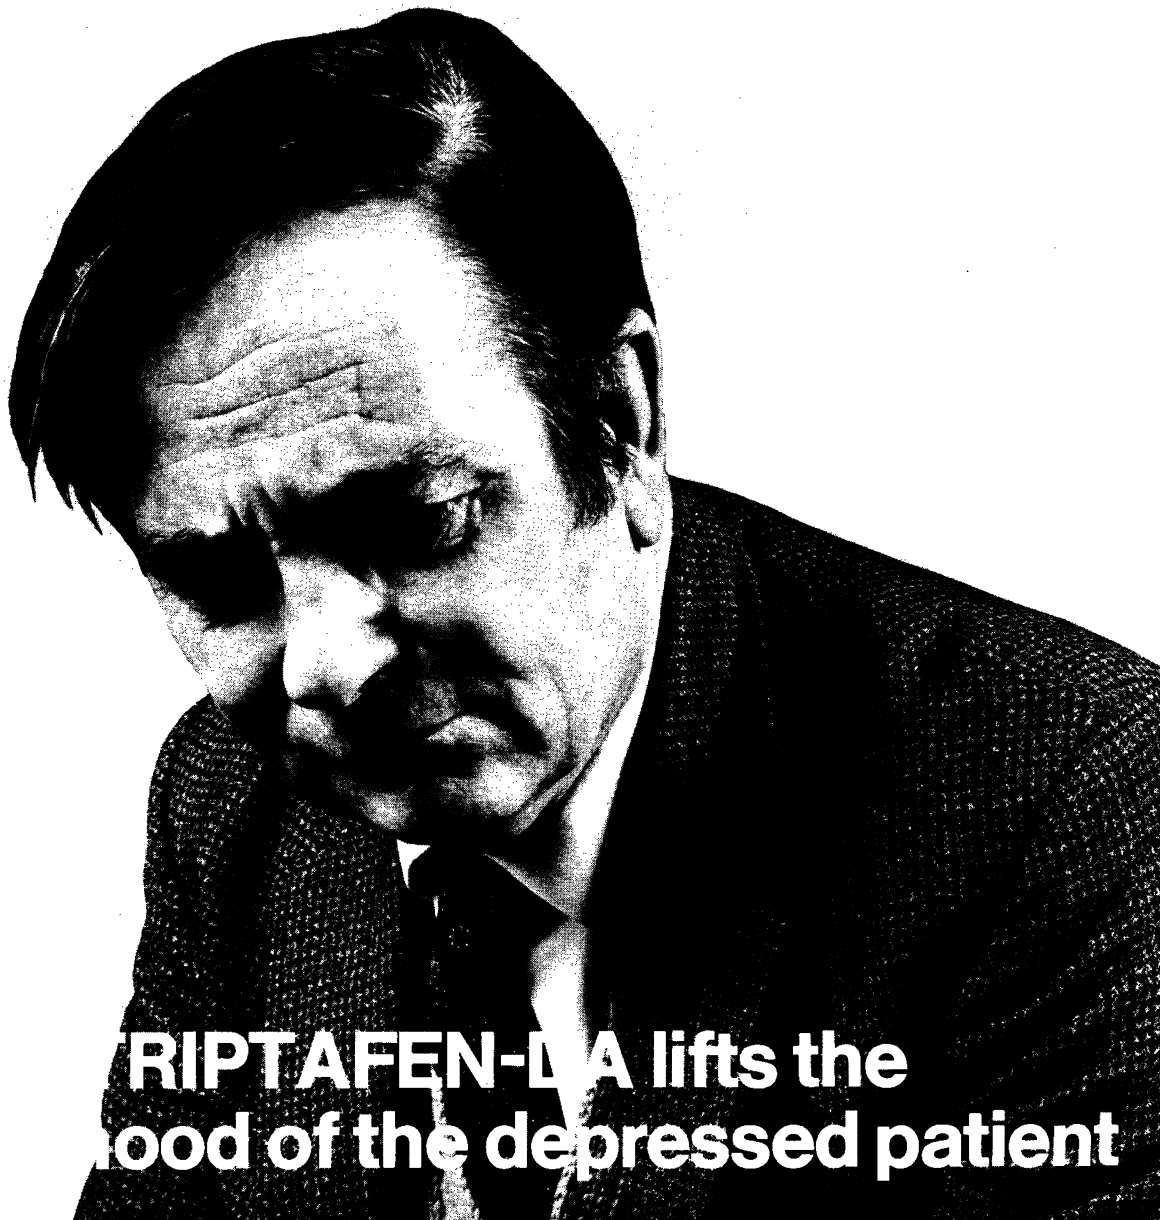

Each Triptafen-DA tablet contains amitriptyline hydrochloride BP 25mg and perphenazine BP 2mg. Also available: Triptafen-DA Suspension.

Full information is available on request

Triptafen is a Trade Mark of

mood of the depressed patient**

'The ideal potassium preparation
has not yet been found.'

Brit. Heart J., 1970, 32, 267 (May)

BUT NOW
the diuretic that entirely
obviates the need for
potassium supplements

'Moduretic' is a completely new diuretic from Merck Sharp & Dohme that induces a highly effective diuresis as well as helping the body to *conserve* its natural balance of potassium.

'Moduretic' offers the physician the means of treating patients with a diuretic while avoiding the limitations imposed by potassium supplements. Indeed, 'Moduretic' conserves body potassium so effectively that potassium supplements are contra-indicated.

'Moduretic' is available as peach-coloured, diamond-shaped tablets containing 5 mg amiloride hydrochloride/MSD and 50 mg hydrochlorothiazide/MSD.

Detailed information is available to physicians on request.
'Moduretic' is a registered trademark.
