Meniere's syndrome is a specific condition
Now there is a specific treatment serc®

betahistine

Meniere's syndrome was first clearly defined over a century ago and since then has been recognised as a distinct disease entity characterised by vertigo, tinnitus and loss of hearing, frequently accompanied by nausea, earache and/or headache. To date, treatment of Meniere's syndrome has been mostly empirical in nature and variable in its results. But now there is SERC – a new and specific treatment for Meniere's syndrome. There is evidence that SERC acts against all the major manifestations of Meniere's syndrome. Its effect on the episodes of vertigo, often the most disturbing symptom, is most striking[1]. SERC has been found to diminish, over a period of time, the intensity of tinnitus[2]. And it may also arrest hearing loss[3]. SERC is supplied as tablets containing 8 mg. betahistine dihydrochloride, in bottles of 100 tablets. Further information is available on request.

A lifetime of freedom begins with Intal

Before INTAL, a diagnosis of asthma often meant a life sentence of constantly aborting attacks with bronchodilators, antihistamines or steroids. Patients were constantly at risk from the relentless progress of lung damage and lived in perpetual fear of an asthmatic episode.

The discovery of INTAL (Sodium Cromoglycate BP) represents a turning point in the management of this distressing complaint. Newly diagnosed patients, as well as those of long standing, benefit from this entirely new approach to therapy. INTAL actually prevents the onset of asthmatic attacks, and is notably free from serious side effects.

By preventing asthma attacks the possibility of consequent lung damage may be avoided enabling the patients to lead a fuller, happier life. If they remember their daily INTAL – they can forget their asthma.

INTAL–supplied in SPINCAPS® (each containing 20 mg Sodium Cromoglycate BP). For use in a special insufflator–SPINHALER.®

the complete de-bugging device

clears both fungi and bacteria in ear infections

Candida albicans and Aspergillus niger are isolated in over 20 per cent of cases of otitis externa, and if high success rates are to be achieved treatment must take account of this. Otoseptil® ear drops employs a very broad-spectrum attack with efficient anti-flammatory action.

The new antibiotic ester – neomycin undecylenate – provides potent dual bactericidal and antifungal activity.

Tryothricin (containing gramicidin and tyrocin) effectively eliminates resistant Gram-positive cocci, while Hydrocortisone alcohol exerts its characteristic anti-inflammatory action. Rapid tissue contact is ensured by the penetrant Ethylene oxide polyoxypropylene glycol condensate, which is incorporated in the clear liquid ear drop.

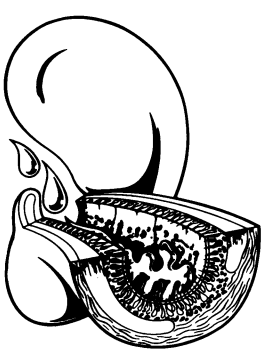

For pain relief, AUDAX® ear drops may be used concomitantly with Otoseptil® ear drops because they are completely miscible and compatible.

RYBARVIN Inhalant

SAFE

THE PROVEN BLUE CHIP INVESTMENT FOR ASTHMATICS

No devaluation after 32 years!

EFFECTIVE TREATMENT
FOR BRONCHIAL SPASM

RYBAR

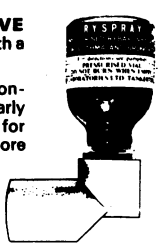

SAFETY The very small amount of inhalant often necessary to relieve an attack is important. Therapeutically, this is of benefit to the patient in avoiding any side-effects which might be brought about by taking too frequently a full measured dose. Over-dosage with the Rybarvin inhaler is virtually impossible.

ECONOMY Economically the very low cost of treatment by Rybarvin, 1500 average doses (half-minute) per 28 ml. bottle, i.e. about 1/36p per dose, must be of interest to both patient and doctor.

RYBARVIN INHALANT Bottles containing 15 ml. and 28 ml.

Extract of Pituitary (Posterior Lobe) B.P.C. 0·20% v/v Atropine Methonitrate B.P. 0·10% w/v, Papaverine Hydrochloride B.P. 0·08% w/v, Adrenaline B.P. 0·40% w/v, Benzocaine (Ethyl para-aminobenzoate) B.P. 0·20% w/v.

Note: **THE RYBAR INHALER CAN NEVER HAVE A BLOCKED SYPHON TUBE.** It is now fitted with a special filter (patent pending).

RYBAR LABORATORIES appreciate the convenience of the unobtrusive Pressured Pack particularly on social occasions and have produced Ryspray for prescription where doctors feel this type of pack is more suitable.

RYSPRAY PRESSURISED INHALANT is a powerful bronchodilator giving rapid and sustained relief in asthma and bronchitis. Complete unit (300 measured doses).

It is a great convenience to the patient that the amount of inhalant in the bottle can be seen.

Samples and literature gladly sent on request.

For children such as Johnny who, every year, seem to be more often in the surgery than out of it, Keflex has a lot to offer.
Rapidly absorbed and reaching high serum levels, Keflex has a broad spectrum of antibacterial activity that even includes penicillinase-producing pathogens, and so increases the chances of first-time success in treating infective episodes.
All these properties, plus an extremely low incidence of rash and gastro-intestinal disturbance, make the pleasant-tasting Keflex suspensions a treatment which ensures that most patients like Johnny can overcome infection quickly and with the minimum of complications.

Actifed and Space age Medicine

The space helmet worn by the astronaut in the above illustration has already been adapted for use as an extremely reliable respirometer. Children get a great thrill out of wearing the helmet and their oxygen consumption can be measured without the alarm often seen with older methods.

In the space programme, medical benefit has been a two-way exchange. Of the medicines taken on Apollo flights, ACTIFED* has been repeatedly chosen as the decongestant. ACTIFED TABLETS and SYRUP contain the decongestant pseudoephedrine and the established antihistamine triprolidine. ACTIFED COMPOUND LINCTUS contains, in addition, codeine. It provides effective and palatable cough control for all age groups.

ASTHMA IN BRONCHITIS

Freedom from asthmatic attack throughout the winter

In the past, antibiotics have cleared the infective component of his bronchitis. But his already damaged lungs have had to rely on ever increasing intakes of bronchodilators to obtain relief from asthmatic symptoms.

Now that INTAL CO is prescribed routinely along with his antibiotic, he is protected from the allergic undertones which may often accompany infection. Because asthmatic attacks are thwarted before they start, there may also be a reduction in the number of infective episodes. The possibility of consequent lung damage may also be avoided and winter becomes less of a hazard. Daily INTAL CO will help him enjoy life to the full for the rest of his days. It's quite a prescription.

INTAL COMPOUND® supplied in SPINCAPS® (each containing 20 mg Sodium Cromoglycate BP, and 0·1 mg Isoprenaline Sulphate BP in powder form, together with an inert carrier). For use in a special insufflator–SPINHALER®

The case for treating chronic urinary tract infection with

new Hiprex

Hiprex can eliminate urinary infection in eight out of ten patients

Hiprex is effective against the organisms which most commonly cause urinary tract infection. Success rates of more than 80 per cent have been reported in clinical trials.

Hiprex can end the frustration of treatment failure

Unlike other agents, notably antibiotics, sulphonamides and nalidixic acid, *Hiprex* is unlikely to produce bacterial resistance – a major cause of treatment failure. *Hiprex* has proved effective even when other treatment has failed.

Hiprex is especially suitable when long-term treatment is indicated

Hiprex does not lose its effect during prolonged use and for this reason is of particular value in persistent and recurrent urinary infections. Minor side-effects have been reported in fewer than four per cent of patients, and no serious adverse reactions have been reported. Treatment costs are kept low – as little as 4p a day.

Hiprex improves the prospects of co-operation in long-term use

Published reports stress that *Hiprex* can overcome the major difficulty of ensuring uninterrupted therapy. All but refractory cases respond to a simple twice-daily dosage, normally without need for special measures to acidify the urine.

Composition Each tablet contains hexamine hippurate 1 g. **Indications** The treatment of urinary tract infections, such as pyelitis, cystitis and urethritis, but excluding acute pyelonephritis. The treatment of chronic pyelonephritis, and as maintenance therapy after successful antibiotic treatment of acute pyelonephritis. The treatment of asymptomatic bacteriuria, including that occurring during pregnancy. Prophylaxis before and after urological surgery. **Dosage** Adults: 1 tablet twice daily. Children: 6-12 years: ½ tablet twice daily. In refractory cases, the dosage may be increased to: 1 tablet three or four times daily in adults. ½ tablet three or four times daily in children aged 6-12 years. Doses in excess of those recommended may cause severe bladder irritation, haematuria, albuminuria or painful micturition. **Alkalinuria** Some patients may have an alkaline urine as a result of a predominantly vegetarian diet or occasionally due to *Proteus or Pseudomonas* infection. In these cases, additional acidification may be necessary to lower the urinary pH to the level required to degrade the hexamine moiety. Administration of ascorbic acid 1 g. four times daily is recommended in these cases. **Side-effects** Occasionally, rashes, gastric irritation, or irritation of the bladder may occur. With prolonged administration at high dosage, the latter may lead to haematuria. All side-effects are reversible on withdrawal of the drug. **Treatment of side-effects** Patients experiencing painful micturition or bladder irritation should be instructed to discontinue the medication. Prompt relief of these symptoms can be obtained by the consumption of copious quantities of water and 2-3 teaspoonfuls of bicarbonate of soda. **Contra-indications** Renal insufficiency, hepatic insufficiency or severe dehydration. *Hiprex* is also contra-indicated as the principal therapeutic agent in acute parenchymal infections of the kidney. **Basic N.H.S. prices** 100 tablets £2·00 plus Purchase Tax.
Hiprex: registered trade mark. *Additional information is available on request*

Hand signals which can't be ignored

"Patients stated that their ischaemic digits had been much less painful while taking tetranicotinoylfructose (Bradilan)..."*
"During the past 10 years we have tried in a group of about 100 patients with impaired digital circulation most, if not all, oral adrenergic blocking agents with unsatisfactory clinical results. During the past 3 years we obtained more encouraging subjective and objective findings with oral tetranicotinoylfructose (Bradilan)..."*

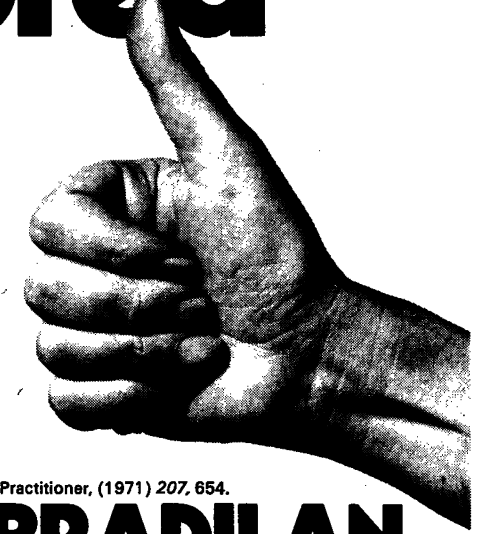

In this double-blind controlled trial* the patients had already taken most available oral vasodilators and were sceptical about further treatment. The authors, however, reported that most patients were delighted with Bradilan's beneficial effect. Bradilan® employs the molecule of tetranicotinoylfructose which is gradually hydrolised in the intestine—the consequent slow, even release ensures prolonged effective vasodilation—with side reactions at a minimum.

In urinary tract infections

Lick them with liquorice !

The nausea, vomiting and gastric side effects associated with nitrofurantoin are now effectively prevented by the addition of deglycyrrhizinated liquorice in CEDURAN tablets. In 82 patients[1] previously completely intolerant of nitrofurantoin, there was virtually a total absence of gastric side-effects when they were treated with CEDURAN. In a recent survey[2] of the sensitivities of urinary pathogens, nitrofurantoin was one of the only three preparations recommended as primary oral treatments. And in a further report,[3] nitrofurantoin had the lowest number of resistant strains of the agents studied.

Neo-NaClex-K
the gentle treatment for hypertension

When a patient is new to hypertension, Neo-NaClex-K makes it a lot easier to live with. Easier, because just once-a-day treatment can control the mild to moderate case. Easier, because her sleep won't be disturbed by diuresis during the early days of treatment. Easier, because postural hypotension won't be something she'll wake up to.
And even in severe hypertension Neo-NaClex-K used with a more potent antihypertensive can control the condition with less risk of side effects.
Neo-NaClex-K is a unique two layered tablet containing bendrofluazide to lower blood pressure safely and surely, plus a potassium supplement to replace any loss. Neo-NaClex-K is the gentle introduction to the long-term treatment your new hypertensive patient may need.

THE NEW GENERAL PRACTICE 2

from the British Medical Journal

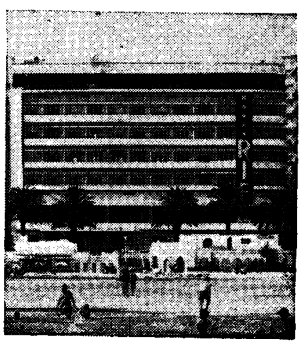

What important developments are there in General Practice? Does the General Practice Team work successfully? What is the Family Doctor's future role in the Hospital Service? These and other questions are answered in **The New General Practice 2** which, published two years after the first volume in this series, also deals with topics such as the use of computers, plans for the new towns, and Scandinavian developments in general practice. This second volume contains 27 articles published in the **B.M.J.** in the last two years. The introduction has been written by Professor J. D. E. Knox, Professor of General Practice at Dundee University.

Demy Octavo **Paperback** **221 pages**

BRITISH MEDICAL ASSOCIATION
NORTHERN IRELAND SECRETARY

The Council of the British Medical Association invites applications from registered medical practitioners, preferably within the age group 45-55, for the post of Northern Ireland Secretary. The salary scale for this appointment is £5,170 rising by annual increments to a maximum of £6,260 per annum, but in determining the starting salary regard may be had to the successful candidate's age and experience. The Association's superannuation scheme will apply on substantive appointment.

The candidate appointed will be required to reside in Northern Ireland and to devote the whole of his time to Association affairs.

The appointment will be for a probationary period of six months in the first instance, and thereafter may be terminated by six months' notice on either side.

Applications, giving details of qualifications and experience, and accompanied by the names of three persons to whom reference may be made, should be addressed to the Secretary of the Association, BMA House, Tavistock Square, London WC1H 9JP, and must be received not later than 4th February, 1972. (H8926) 1-2

MEDICAL DEFENCE UNION

Applications are invited from registered medical practitioners for appointment to the Medical Secretariat of the Medical Defence Union. Applicants should be aged between 30 and 40. Knowledge of law not necessary. The successful applicant's salary scale will be £5,000 x £250 (6) – £6,500 and his commencing salary will be at a point on this scale depending upon his age and experience. Excellent career prospects. Very favourable superannuation terms.

Applications (3 copies) stating age, qualifications and medical experience, together with the names and addresses of three persons to whom reference can be made, should be submitted not later than 31st January, 1972 to the Secretary, Medical Defence Union, Tavistock House South, Tavistock Square, London WC1H 9LP. (H8801) 1-3

EDUCATIONAL

GLASGOW
POSTGRADUATE MEDICAL BOARD

CLINICAL NUCLEAR MEDICINE COURSE

An introductory full-time one week course in Clinical Nuclear Medicine designed primarily for medically qualified persons will be held from Monday, 20th to Friday, 24th March, 1972, in the Royal College of Physicians and Surgeons, Glasgow and at various scientific and clinical centres in the Glasgow area. The course will consist of lectures and demonstrations which will cover physical properties and measurement of radio-active isotopes and instrumentation; a wide variety of clinical applications will be described. The fee for the course is £20. The course is not residential.

Further details and application forms are obtainable from: The Dean of Postgraduate Medicine, The University, Glasgow G12 8QQ. (16728) 2

ROYAL COLLEGE OF PHYSICIANS OF LONDON

The next examination for Parts II and III of the M.R.C.P. (U.K.) Examination will start on Friday, 10th March, 1972. Candidates may opt to undertake the clinical examination only of Part II in either (a) general medicine or (b) paediatrics. As from April, 1970 Part III of the Examination was discontinued, but candidates who have already been admitted to Part III will be allowed to complete any outstanding attempts.

Candidates holding the diploma of M.R.A.C.P. have hitherto been allowed exemption from Parts I and II on application to the Censors' Board, but have been required to take Part III. They may now apply to the Censors' Board for exemption from Part I and the written papers of Part II, but will be required to take the oral and clinical examinations of Part II.

Candidates must apply to the College for entry forms. The completed forms must reach the College (together with the necessary fee and supporting documentation) not later than first post on Friday, 11th February, 1972. The fee for entry to Part II after success in Part I is £35. The fee for a second or third attempt at Part II is £30. The fee for Part III is £18. Examinations Office, Royal College of Physicians, 11 St. Andrew's Place, Regent's Park, London NW1 4LE. (16885) 2

Final F.R.C.S. Day Release Course

The Brook General Hospital

Shooters Hill Road, Woolwich, London, S.E.18

The Course is for candidates taking the Final F.R.C.S. Examination in October 1972. It will be held between 10.30 a.m. and 6.30 p.m. on twenty consecutive Tuesdays starting on 6th June, 1972. Tuition will be given by the Regional Surgical Tutors and Consultants from the Regional Teaching Hospitals and Specialist Surgical Units. Included in the course will be clinical teaching, written papers, surgical pathology demonstrations, lectures, tutorials and a visit to the Plastic Surgery Unit at East Grinstead. The South-East Metropolitan Hospital Board sponsor this course which is officially recognized for study leave. The course fee is reclaimable from the candidate's employing authority under the provisions of WM/67(27) if prior application is made.

Further details and application forms are available from Mr. A. P. Wyatt, F.R.C.S., Surgical Tutor, Postgraduate Medical Centre, The Brook General Hospital, Shooters Hill Road, Woolwich, S.E.18. (Tel: 01-856 5555, Ext. 292). (16806) 2

ROYAL COLLEGE OF OBSTETRICIANS AND GYNAECOLOGISTS

LADY DOCTOR F.P.A. trained S.H.O. medicine, varied experience, requires work in Lincolnshire February to May, 1972. Reply Dr. Finlayson, North Devon Infirmary, Barnstaple. 13

UNIVERSITY AND RESEARCH APPOINTMENTS
(see also OVERSEA)

AUSTRALIAN NATIONAL UNIVERSITY
The John Curtin School of Medical Research

PROFESSORIAL FELLOWSHIP
IN THE
DEPARTMENT OF CLINICAL SCIENCE

Applications are invited for appointment to the post of Professorial Fellow in the Department of Clinical Science of the John Curtin School of Medical Research. The Head of the Department is Professor H. M. Whyte although Dr. Paul J. Nestel is acting as Head until 31st December, 1971. The appointee would be expected to establish an independent area of research in the general fields of metabolism and clinical pharmacology though not necessarily in areas currently under investigation in the Department which are related to lipid and carbohydrate metabolism in cardiovascular disease. He would also participate in the clinical management of patients, and in the supervision of postgraduate research work including Ph.D. students. There is no undergraduate teaching or outpatient clinical commitment.

The salary for Professorial Fellows is $A14,055 per annum and there is a study leave entitlement of one year on full salary in every six years' service with a contribution towards expenses. Appointment is to retiring age. Superannuation is on the F.S.S.U. pattern with supplementary benefits. Reasonable travel expenses are paid; assistance with housing is provided for an appointee from outside Canberra.

Further particulars, including details of current research in the Department and in the John Curtin School of Medical Research, can be obtained from the Association of Commonwealth Universities (Appts), 36 Gordon Square, London WC1H 0PF. (Tel: 01-387 8572). Applications close on 31st January, 1972. (16828) 14-1

KING'S COLLEGE HOSPITAL
MEDICAL SCHOOL
AND THE INSTITUTE OF PSYCHIATRY
(University of London)
Denmark Hill, London, S.E.5.

Applications are invited for the post of
JOINT SENIOR LECTURER
IN NEUROLOGY
with consultant status from graduates with a higher qualification in medicine. Salary within the range £4,512-£6,330.

Further particulars may be obtained from the Secretary of the Medical School (B) to whom applications should be sent not later than 7th February, 1972. (17006) 14-1

MERTON COLLEGE
Oxford

VISITING RESEARCH FELLOWSHIPS
1972-73

Merton College invites applications for up to three Visiting Research Fellowships, each tenable for one term, or possibly two, in the academic year 1972-73. These Fellowships will carry free rooms and meals in college. No stipend is attached to them since they are intended for men on leave from their posts (whether these are academic or not) who wish to engage in research at Oxford.

Applicants should write to the Warden by 30th January, 1972, giving details of their age, present appointment, and proposed work in Oxford, and stating for which term they would wish to hold a Fellowship. (H8695) 14-1

MONASH UNIVERSITY
Melbourne, Australia

CHAIR OF MEDICINE

Applications are invited for the post of Professor of Medicine, Monash University, at Prince Henry's Hospital. This vacancy has occurred following the recent resignation of Professor Bryan Hudson. The Department of Medicine was established at Prince Henry's Hospital in 1963. It occupies 8,000 sq. ft. gross and 5,200 sq. ft. net, consisting of offices and laboratory space. In addition there are adequate ward facilities in juxtaposition. There are departments of Surgery and Psychological Medicine at the same hospital. Professor B. Firkin occupies the second chair of Medicine at Alfred Hospital. Salary $A17,681 per annum.

Full information on application procedure, conditions of appointment, superannuation, travel and removal allowances, study leave, housing and outside consultative work is available from the Acting Academic Registrar, Monash University, Clayton, Victoria 3168, Australia, or the Secretary-General, Association of Commonwealth Universities (Appts), 36 Gordon Square, London WC1H 0PF (Tel: 01-387 8572). Applications close with the Academic Registrar on 30th April, 1972. The Council reserves the right to make no appointment or to appoint by invitation at any stage. (16867) 14-1

NORTH WEST METROPOLITAN
REGIONAL HOSPITAL BOARD
Royal Northern Hospital
Holloway Road, London, N.7

LONDON RUBBER INDUSTRIES
RESEARCH FELLOWSHIP
(Registrar Grade)
IN CARCINOMA OF THE CERVIX

Applications are invited for the above post for one year in the first instance with the possibility of renewal for a second year. It is envisaged that the successful applicant will devide his time between Clinical work in the Gynaecology and Venereology Departments and Laboratory studies in the Biochemistry Department. The post would be suitable for a person working for an M.D. or other higher qualification.

Applications should be sent to Hospital Secretary. (27507) 14-1

THE UNIVERSITY OF NOTTINGHAM
and Derbyshire Royal Infirmary, Derby
(421 beds)

Applications are invited for the combined post of

SENIOR HOUSE OFFICER
IN ACCIDENT AND EMERGENCY
Derbyshire Royal Infirmary
DEMONSTRATOR
in the Department of Human Morphology
University of Nottingham

The staffing of the department at the Infirmary is a Senior Casualty Officer, two Registrars, two Senior House Officers and one part-time Senior House Officer. The attachment to Professor Coupland's Department of Human Morphology at the Nottingham University Medical School will normally be for 1 day weekly. Additional facilities are also available within the University to help candidates to work towards the Primary Fellowship Examinations. The appointment will be for six months in the first instance and the post is recognized for F.R.C.S. There is a newly built residence for single doctors and married accommodation may be available.

Apply stating age, experience and naming two referees to Secretary, Derbyshire Royal Infirmary, Derby, quoting 387. (27248) 14-1

UNIVERSITY OF NAIROBI
Kenya

Applications are invited for the post of
PROFESSOR OF SURGERY
in the Faculty of Medicine
tenable from 1st September, 1972. Applicants should possess a postgraduate degree or diploma in Surgery with a wide experience in a University or comparable institute. They should be experienced in the organization and implementation of undergraduate teaching; in a wide range of surgical practice, have carried out original research and be able to direct research projects. Appointee will be expected to organize postgraduate surgical training and to take a leading role in the surgical division of the Kenyatta National Hospital, which is the teaching hospital of the Medical School. Salary Scale: £K3,600 — £K4,380 p.a. (awaiting confirmation). (£K6 = £7 sterling). The British Government may supplement salary by £1,068 p.a. (sterling) and provide children's education allowances and holiday visit passages. F.S.S.U. Family passages; biennial overseas leave.

Detailed applications (6 copies) naming 3 referees by 26th January, 1972, to Inter-University Council, 90/91 Tottenham Court Road, London W1P 0DT, from whom particulars are available. (16824) 14-1

UNIVERSITY OF EDINBURGH
DEPARTMENT OF MEDICINE

RESEARCH FELLOW

(Senior House Officer or Registrar Grade)

to join a team of physicians, physiologists and physicists who are studying the control of breathing in patients with disease of the heart or lungs. This group, working in well-equipped laboratories in the Royal Infirmary of Edinburgh, has its own PDP 11 computer system, and in addition to training in clinical cardiopulmonary physiology, the Fellow will also be involved in the clinical care of both in-patients and out-patients in the Professorial Medical Unit. The post requires some experience of general medicine, and an active interest in clinical research, but previous research experience is not essential.

Salary in the range £2,040 — £2,886, depending upon experience, the post being for one year in the first instance. An appropriate honorary clinical contract with the South-Eastern Regional Hospital Board (Scotland), is expected.

Applications by letter (6 copies), giving the names of two referees, to Professor K. W. Donald, University Department of Medicine, The Royal Infirmary, Edinburgh EH3 9YW, from whom further particulars are available. The closing date for application is Monday 31st January, 1972. Please quote reference 5043. (16535) 14-1

UNIVERSITY OF OXFORD
Nuffield Department of Obstetrics and Gynaecology

LECTURER

Applications are invited for the post of lecturer in the Nuffield Department of Obstetrics and Gynaecology. The lecturer will have considerable clinical responsibilities and will be eligible for an honorary contract with the United Oxford Hospitals. In addition he will play an active part in the teaching programme and will be expected to have research interests. A prospective project would be welcomed. Applicants should be Members of the Royal College of Obstetricians and Gynaecologists and additional experience or qualifications in medicine or surgery would be an advantage. The new Maternity Hospital in Oxford which has generous research and teaching facilities will be opened in 1972. Combined research projects are in operation with the Nuffield Institute for Medical Research which is already established on the site; other research programmes are in operation with the Neuroendocrinological Unit and the University Departments of Anatomy and Psychiatry. Salary scale £2,451-£3,543.

Applications (5 copies) giving details of age, qualifications and experience and naming three referees should be sent before 29th January, 1972 to Professor J. A. Stallworthy, Research Institute, Churchill Hospital, Oxford. (27702) 14-1

UNIVERSITY OF OXFORD

Applications are invited for the post of
LECTURER OR JUNIOR LECTURER
in the Department of Pathology, Radcliffe Infirmary. The successful applicant will have good opportunities for gaining further experience in the subject and for investigational work. The lecturer will also be concerned with undergraduate and postgraduate teaching. Applicants should have a particular interest in morphological pathology. The Department is recognized for the examination of the Royal College of Pathologists. Salary on the scale £1,782-£2,262 (Junior Lecturer) or £2,451-£3,543 (Lecturer); commencing salary according to qualifications and experience.

Applications, together with the names of three referees, should be sent by Saturday 22nd January, 1972, to Dr. A. H. T. Robb-Smith, Director of Pathology Gibson Laboratories, Radcliffe Infirmary, Oxford, from whom further particulars may be obtained. (27249) 14-1

UNIVERSITY OF SOUTHAMPTON
Faculty of Medicine

Applications are invited from registered medical practitioners for a post at
SENIOR LECTURER OR LECTURER
level in Clinical Epidemiology and Community Medicine. The person appointed will be required to undertake teaching and research duties in the field of chronic disease epidemiology and the evaluation of medical care. Clinical work may be arranged for a suitable candidate. It is intended that the successful candidate should be offered appropriate honorary clinical status by the Wessex Regional Hospital Board. Salary: Senior Lecturer (with honorary Consultant status) £4,512 x £201-£6,330 per annum. Lecturer (with honorary Senior Registrar or Registrar status) £2,915 x £175-£4,490 per annum. Superannuation. Initial salary will depend on qualifications and experience.

Further particulars may be obtained from the Deputy Secretary, The University, Southampton SO9 5NH, to whom applications (7 copies from United Kingdom applicants) should be sent not later than 5th February, 1972 quoting reference JMB/4/71/A. (16733) 14-1

COMMERCIAL APPOINTMENTS

CIBA LABORATORIES

Medical Advisers

CIBA Laboratories, Horsham, a British subsidiary of a large international pharmaceutical organization based in Switzerland, wish to appoint two additional medical advisers.

The new doctors will form part of a skilled medical team whose task is to assist and advise the company on all aspects of therapeutics. The wide range of activities within the Medical Division covers:

the design, supervision and analysis of clinical trials and surveys;
preparation of medical literature;
educational involvement — teaching, writing, organization of symposia, etc.;
liaison with research, marketing and other Divisions;
provision of information for drug regulatory bodies.

One post will be more concerned with clinical research and the other with various medical services, but both doctors will be given fullest possible experience in all aspects of the work of the Division. Facilities will be provided for continued training; attendance at professional meetings and part time clinical work (half a day per week) is encouraged.

The jobs require initiative and versatility and applicants should preferably have a broad medical knowledge and experience with a special interest in therapeutics. Ability to communicate and work easily with colleagues is an additional advantage.

The location, working conditions and benefits are all very good and the posts offer an exceptional opportunity for an intellectually and materially rewarding career.

Please apply with full curriculum vitae to:

Medical Director,
CIBA Laboratories,
Horsham,
Sussex RH12 4AB.

All applications will be treated as strictly confidential. The names of referees are not required at this stage. (H8923) 15

UNIVERSITY OF LONDON

CHAIR OF CHILD HEALTH
at St. Bartholomew's Hospital Medical College and the London Hospital Medical College
(Amended Advertisement)

The Senate invite applications for the above Chair which will be based at the Queen Elizabeth Hospital, Hackney Road, which is part of the Hospital for Sick Children Group, who will provide clinical teaching and research facilities. Salary within the range £5,517 to £6,330.

Applications (10 copies) should be received not later than Friday, 25th February, 1972, by the Academic Registrar, University of London, (BMJ/15), Senate House, WC1E 7HU, from whom further particulars may be obtained. (17005) 14-1

UNIVERSITY OF SOUTHAMPTON
Faculty of Medicine

Applications are invited from registered medical practitioners for two posts of
LECTURER IN SURGERY

The person appointed will be required to undertake clinical, teaching and research duties in the field of Clinical Surgery. It is intended that a suitable candidate should be offered Honorary Senior Registrar status by the Wessex Regional Hospital Board. Salary £2,915 x £175-£4,490. Superannuation. Initial salary will depend on qualifications and experience.

Further particulars may be obtained from the Deputy Secretary, The University, Southampton, SO9 5NH, to whom applications (7 copies from United Kingdom applicants) should be sent not later than 12th February, 1972, quoting ref: JMB. (16874) 14-1

APPOINTMENTS

Applicants should state name, address, age, nationality, and qualifications, and enclose (unless otherwise specified) one copy of each of three recent testimonials, with a short statement of experience and appointments held. Applications should be sent at once if no closing date is given: Canvassing disqualifies (Statutory Instrument, 1969, No. 163).

SALARY SCALES OF HOSPITAL MEDICAL STAFF

HOUSE OFFICER: Each post in this grade shall be tenable for six months. £1,626 per annum for the posts held during the first year; £1,755 per annum for posts held during the second year; £1,884 per annum for posts held during the third and subsequent years, subject to full registration.

Deductions of £177 per annum in respect of lodging only for voluntary residence.

SENIOR HOUSE OFFICER: £2,040 per annum in the first year; £2,184 per annum in the second year; £2,328 per annum in the third or subsequent years.

Deductions of £210 per annum in respect of lodging only for voluntary residence.

REGISTRAR: £2,328 per annum x £144(3) x £126(1) — £2,886.

Deductions of £210 per annum for those with remuneration at the first incremental point on the scale, and £243 per annum for those on the second and subsequent points will be made in respect of lodging only for voluntary residence.

On assimilation to the scale for Registrars, one increment and one only shall be given for any year or part of a year in excess of two spent previously in the senior house officer grade.

Allowances at rates up to £183 per annum shall be payable to house officers, senior house officers and registrars occupying posts approved for such allowances in peripheral hospitals.

SENIOR REGISTRAR: £2,760 per annum x £126(1) x £174(1) x £177(1) x £174(1) x £177(1) — £3,588.

Deductions of £270 per annum in respect of lodging only for voluntary residence.

On assimilation to the salary scale for senior registrars, increments to a maximum of two shall be given for each year or part of a year in excess of three spent previously in the registrar grade.

MEDICAL ASSISTANT: £2,721 per annum x £156(1) x £168(3) x £156(9) x £153(1) — £4,938.

Deductions of £270 per annum in respect of lodging only for voluntary residence.

CONSULTANT: £4,512 per annum x £246(1) x £258(5) x £261(2) x £270(1) — £6,840.

Deductions of £420 per annum in respect of lodging only for voluntary residence.

COMPULSORY RESIDENCE: The Terms and Conditions of Service of Hospital Medical and Dental Staff state:

173. A practitioner who is required as a condition of his appointment to reside in a hospital shall be provided with lodging without charge, except where the practitioner elects to occupy a house, flat or apartment for which a rental is appropriate.

All National Health Service hospital appointments are in accordance with the Terms and Conditions of Service of Hospital Medical Staff.

Further details concerning standards of residential accommodation, telephone charges, removal allowances, study leave and other matters may be obtained from the Hospital Secretary; or by B.M.A. members from the Secretary, British Medical Association.

Applications should be sent to Hospital Secretary. (27543) 53-6

ADMINISTRATIVE
(See also p. li)

NEWCASTLE
REGIONAL HOSPITAL BOARD

ADMINISTRATIVE
MEDICAL OFFICER
(Trainee)

A comprehensive training in medical administration is offered to a keen young doctor with sound basic clinical experience. A full training programme tailored to the needs of the successful applicant will be arranged. This will initially consist of a period of in-service instruction, followed by secondment, in September/October, 1972, to a full-time course for two years organized by the London School of Hygiene and Tropical Medicine, leading to an M.Sc. Degree in Social Medicine from the University of London.

No administrative experience is required, nor is any particular pattern of previous clinical experience necessarily more appropriate than any other. The principal criteria will be a good general medical background and aptitude and enthusiasm for management, investigation, and the practice of medicine on a community scale. Salary scale £2,760 x increments of £126 (1), £174 (1), £177 (1), £174 (1), and £177 (1) to a maximum of £3,588. Post superannuable. Further particulars available on request. Canvassing will disqualify, but applicants are encouraged to visit the Senior Administrative Medical Officer by appointment.

Applications, giving particulars of age, qualifications and experience, together with names and addresses of three referees, should be addressed to the Senior Administrative Medical Officer, Newcastle Regional Hospital Board, Benfield Road, Newcastle upon Tyne NE6 4PY, by 5th February, 1972. (27441) 54

PUBLIC HEALTH

BENFLEET
CANVEY ISLAND AND RAYLEIGH
URBAN DISTRICT COUNCILS
Rochford Rural District Council
Essex County Council

Appointment of
DEPUTY MEDICAL OFFICER OF HEALTH
for District Councils and
MEDICAL OFFICER
Essex County Council

Applications invited for the above combined medical appointment at present involving 45% of time for the District Councils and 55% for the County Council. The district covered comprises rural and suburban areas with a population of almost 143,000. Salary scale £3,397.05-£4,018.80, subject to slight improvement if recommended variation in apportionment of time is approved. Removal/lodging/disturbance allowances payable in approved cases. Candidates must possess Diploma in Public Health and have some years postgraduate experience particularly in community medicine. The Medical Officer of Health, Dr. D. A. Smyth, will be pleased to answer any written enquiries addressed to 134 High Street, Rayleigh, Essex SS6 7BX.

Application form from Clerk of the County Council, County Hall, Chelmsford. Closing date 31st January, 1972. (27492) 56

EAST SUSSEX COUNTY COUNCIL
Hove and Portslade Area

Appointment of
SENIOR MEDICAL OFFICER
IN DEPARTMENT

Applications are invited for the above appointment. The successful candidate will be responsible to the Medical Officer of Health for duties mainly concerned with Maternity and Child Welfare and School Health but these may be varied at the discretion of the Medical Officer of Health. Diploma in Child Health or Public Health an advantage. The commencing salary will be determined according to qualifications and experience in the range £2,898-£3,561 per annum. A car allowance will be payable and assistance with removal expenses and car purchase will be given. Temporary housing accommodation may be available.

Further particulars and application form obtainable from the undersigned to whom applications should be sent so as to reach him not later than 24th January, 1972. John E. Stevens, Town Clerk, Brooker Hall, New Church Road, Hove BN3 4AH. (H8873) 56

ADMINISTRATIVE

FELLOWSHIPS IN COMMUNITY MEDICINE

Three Fellowships in the National Health Service are offered in 1972 to medically qualified candidates.

FELLOWSHIPS are for three years, modified for candidates with relevant qualifications or experience. The usual pattern is one year's full-time academic study followed by opportunity for gaining practical experience in medical administration and undertaking study projects.

SALARY SCALE (senior registrar equivalent) £2,760 to £3,588. On completion of training Fellows can usually expect to be appointed to medical administrative posts with a starting salary of £4,017.

APPROVED UNIVERSITY FEES, and certain travel and subsistence expenses, are met.

(16810) 60

THE MEDICO-SOCIAL RESEARCH BOARD
DUBLIN

Invities applications for the position of

Medical Research Assistant to the Director

The Medico-Social Research Board is a new and expanding organisation which designs and conducts research projects on medico-social problems in Ireland. Research being conducted at present includes studies into Mental Health, Ischaemic Heart Disease, Strokes, Alcoholism and Drug Addiction. The Board has also organised the collection and analysis of morbidity statistics in relation to hospital in-patients. It is hoped that full coverage will be achieved within the next year. This new computerised information, apart from its interest in relation to hospital organisation and administration, offers considerable scope for epidemiological research into a wide variety of conditions taken in conjunction with age and sex groupings, area of residence and social factors.

Applicants should be doctors of a least registrar status who are interested in a career in Epidemiological Research and Social Medicine. A standard of mathematics equivalent to Honours Leaving Certificate is highly desirable. Study for a higher degree in Social Medicine or epidemiology will be encouraged and the person selected may be required to undertake a period of study abroad, during which full salary would be paid.

This is an excellent opportunity for obtaining further training for a doctor who is interested in a career in the developing field of medico-social research. There are good career prospects for a doctor who, given the training opportunities, can demonstrate his interest and ability in this important field.

Applications should be sent to The Director, The Medico-Social Research Board, 73 Lr. Baggot St., Dublin 2, not later than 5th February, 1972.

PRINCE HENRY'S HOSPITAL
St. Kilda Road, Melbourne, 3004, Australia

Applications, closing on 29th February, 1972 are invited for appointment as

MEDICAL SUPERINTENDENT

Applicants must possess a postgraduate medical qualification or administrative qualification (that is Membership of the Institute of Hospital Administrators or College of Medical Administrators or equivalent) and preferably have had experience as a Medical Administrator.

Prince Henry's Hospital (442 beds) is a teaching hospital affiliated with Monash University and an active undergraduate and postgraduate centre. University departments of medicine, surgery and psychological medicine are located at the hospital. In addition to the university medical staff there are 12 full-time salaried specialists, 114 visiting specialists and 80 resident medical officers. There are training posts in medicine, surgery and gynaecology, psychiatry, pathology, radiology and anaesthetics approved by the respective colleges.

The successful applicant will be in charge of the department of medical administration and is supported by a Deputy Medical Superintendent and an Assistant Medical Superintendent. Duties include responsibility for the co-ordination of all medical departments within the hospital. The appointee will be expected to take up his duties on 1st August, 1972, or as soon after as is possible. Salary and conditions of employment in accordance with the determination of the Hospital Senior Medical Officers' Wages Board. Currently the salary ranges from $A275.60 p.w. to $A312.70 p.w. Associated conditions include 4 weeks annual leave, 28 days per year sick leave (cumulative) and 6 months' long-service leave after completion of 15 years' service.

Applications, giving full personal and professional particulars, should be addressed to the undersigned. Reference should also be made as to whether and to what extent assistance for fares and removal expenses (if any) are required. Official forms of application and further details are available from the undersigned. W. A. Cross, Manager and Secretary. (16821) 61-1

ROYAL FLYING DOCTOR SERVICE OF AUSTRALIA
(Eastern Goldfields — W.A. Section)

MEDICAL OFFICER

Applications are invited from qualified medical practitioners for appointment as Medical Officer to the Service at Kalgoorlie, Western Australia.

The area of service operations from Kalgoorlie is bounded approximately by Warburton Ranges in the North, to the South Australian border in the East, Bremer Bay in the South, Southern Cross in the West, and Albion Downs in the North-west, an area of approximately half a million square miles.

MERCK

E. Merck Darmstadt, one of the world's leading ethical pharmaceutical and chemical manufacturers with a fine record of research has several vacancies for

psychiatrists in its Clinical Research Division

located at Darmstadt, Fed. Rep. of Germany. The reputation of the company has been built on world wide acceptance of its range of ethical products, originated by research and development teams with a staff of more than 1,000.

The Clinical Research Advisers carry responsibility for a particular group of psychiatric drugs and are responsible for the planning and administration of clinical investigations and trials in a number of overseas countries. The Advisers would work closely with other research groups so that clinical data is effectively gathered and collated for drug registration purposes.

The successful candidates are likely to be in their 30s with postgraduate experience in Psychiatry and should have an aptitude for working with clinicians of various nationalities. Fluency in German is essential.

The Company's salary policy allows for ample recognition of merit and conditions of employment and fringe benefits are excellent.

Darmstadt is a pleasant town with good housing, education and recreational facilities. The Company will provide every assistance with removal and relocation.

Please write in complete confidence for further details and application form to:

E. Merck Limited, Wokingham, Berkshire

SIR CHARLES GAIRDNER HOSPITAL
Perth, Western Australia

DIAGNOSTIC RADIOLOGIST

Applications are invited from suitably qualified medical practitioners for appointment to the position of Diagnostic Radiologist. Applicants should hold a specialist qualification in Diagnostic Radiology (e.g. M.C.R.A., F.F.R.).

The Sir Charles Gairdner Hospital is a 450 bed general hospital and a teaching hospital associated with the University of Western Australia. The Hospital is the nucleus of the Perth Medical Centre which will be developed over the next ten years to provide approximately 1,100 patient beds. The Medical School of the University of Western Australia will be relocated in a building presently being constructed adjacent to the Hospital. Radiological facilities are presently being expanded which has resulted in the creation of this position. Duties of the position are of a general nature within the field of radiology and the appointee will have the opportunity to practise in all branches of radiology. A degree of sub-specialisation is acceptable. The appointee will be responsible directly to the Head of the Department and will be required to undertake some teaching at undergraduate and registrar level. The position is geographically full-time on an 8/10 salary basis plus 15% loading in lieu of superannuation and long service leave. It carries the right to private practice within the Hospital. A salary scale within the range of $A9,423—$A13,354, in eight increments is payable depending upon qualifications and experience. A Departmental Trust Fund provides some support for research and postgraduate study.

Further information regarding conditions of service, provision of travel expenses and details of the Hospital is available on request from the Head of Department. Information pertaining to the City of Perth in the State of Western Australia may be obtained from the Agent General for Western Australia, 115 Strand, London W.C.2. Applications should be addressed to the undersigned. A. F. T. Thomson, Administrator. (16990) 61-1

THE QUEEN VICTORIA
MEMORIAL HOSPITAL
172 Lonsdale Street, Melbourne,
Victoria, 3000 Australia

DIAGNOSTIC CARDIOLOGIST

Applications are invited for the position of Diagnostic Cardiologist with right of patient care at the Queen Victoria Memorial Hospital, Melbourne, Australia. The Physician appointed is required to have experience in neo-natal cardiology and will establish at the hospital, the paediatric diagnostic branch of the C. J. Officer Brown Cardiac Surgery Unit. The appointee may also carry out investigation of adult patients.

The Queen Victoria Hospital is a general hospital of 452 beds including a midwifery unit with approximately 6,000 deliveries annually. It is part of the Monash University group of teaching hospitals, for which the C. J. Officer Brown Unit is the combined cardiac surgery unit. The hospital has 133 beds for infants and children, and 50 for general medical cases, including a four-bed coronary care unit. The University departments of Paediatrics and Obstetrics and Gynaecology are located within the hospital. Salary and conditions of appointment in accordance with the Hospital Senior Medical Officers Board Determination. Salary rating based on qualifications and experience. Specialist: $12,126-$14,331, (Aust) per annum; Senior Specialist: $15,158 (Aust) per annum.

Application forms are available from the undersigned, with whom applications close on 16th March, 1972. Nell Stephenson, Manager. (17016) 61-1

WELLINGTON HOSPITAL BOARD
Wellington, New Zealand

DIRECTOR OF ANAESTHESIA

Applications are invited from suitably qualified Medical Practitioners for the position of Director of Anaesthesia to the Wellington Hospital Board. The appointee will be responsible for the anaesthetic services at Wellington and Hutt Hospitals and this will include arranging the duties of the whole-time and Visiting Anaesthetic Staff attached to these Hospitals. He will be expected to maintain a high standard of anaesthesia, and to ensure that Registrars, House Surgeons and Students attached to the Department receive adequate supervision and instruction from senior staff. An appropriate higher qualification is necessary and applicants must qualify for Specialist status as defined in the New Zealand Hospital Employment (Medical Officers) Regulations. Salary Scale will be within the range NZ$8,936-NZ$12,033 with automatic increments to the maximum. Assistance may be given towards the appointee's transport expenses to New Zealand in return for an undertaking to remain in the Board's service for a minimum period of three years. Applicants should obtain a Schedule of Conditions of Appointment and an application form from the Office of the High Commissioner for New Zealand, New Zealand House, Haymarket, London, S.W.1.

Applications preferably on the form provided, will be received by the Secretary, Wellington Hospital Board, P.O. Box 10245, Wellington, New Zealand up till 9 a.m. on Tuesday, 29th February, 1972. (16862) 61-1

WOULD ANY DOCTOR contemplating moving overseas in order to practice good medicine please ring Dr. D. H. Blake at 021-454 2300 before going any further. An *opportunity arises next October to take a* course in Manipulative Medicine and to establish a full-time private practice at the town of your choice. 61-1

Betnovate is better. So is she.

Dermatitis: all the better for Betnovate

Dermatitis is ugly. It causes embarrassment, especially in public. Betnovate saves embarrassment.

Dermatitis patients respond better to Betnovate than to other topical steroids. This was demonstrated in two clinical trials,[1, 2] involving 916 patients and comparing Betnovate with five other leading topical steroids.

Their findings included:

"... whenever preferences were expressed, there were always more for betamethasone 17-valerate than for the other corticosteroids."[1]

"Betamethasone 17-valerate was statistically superior to the other topical corticosteroids in fourteen of the twenty separate subdivisions of the trial; in no instance was it inferior."[1]

"A better response is more likely with betamethasone 17-valerate than with any of the other corticosteroids tested."[1]

"... response in psoriasis is a more stringent test of the efficacy of a corticosteroid than response in eczema. The superiority of betamethasone 17-valerate in this context is noteworthy."[2]

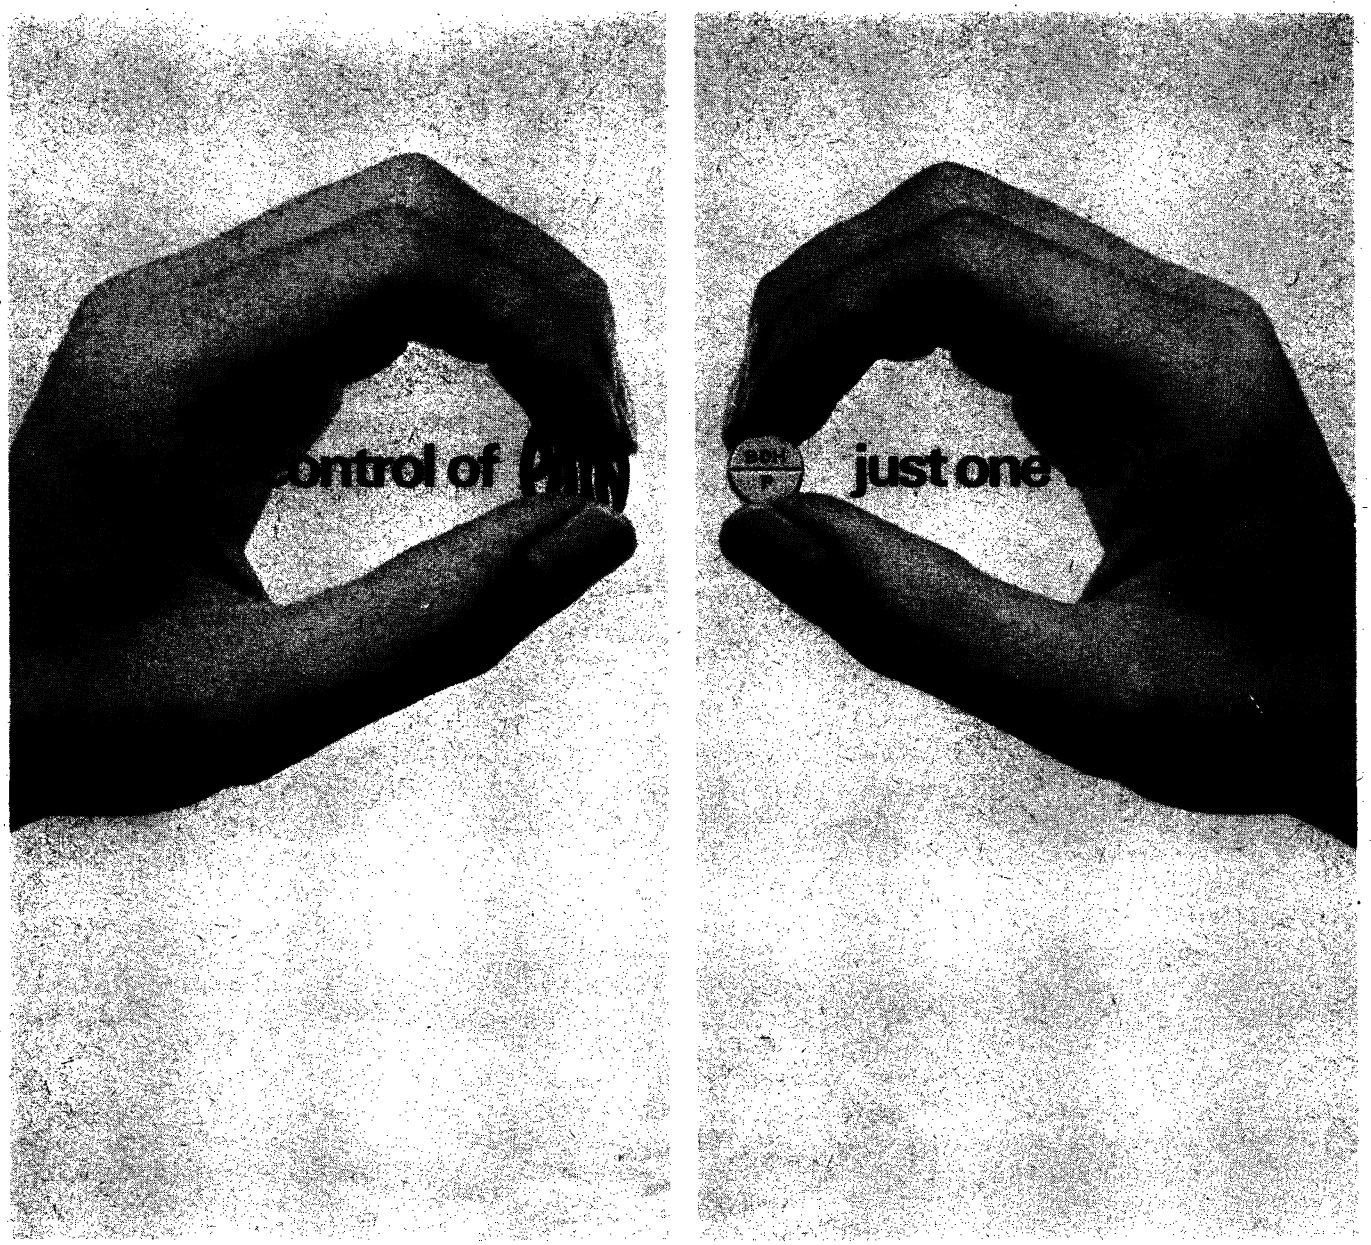

Betnovate gives rapid relief from itching and inflammation and thus achieves the best response. **In dermatitis it's the one thing to remember because Betnovate is the most effective steroid you can prescribe.**

Pain is but a symptom, best treated with the lowest effective dose of any medicament

Low dosage, low cost in the control of pain

Clinical experience shows that, in fibrositis, dysmenorrhoea, sinusitis, and other commonly encountered conditions of persistent pain, just one tablet of Paramol-118 every four hours provides relief.

By fortifying 500 mg paracetamol with a low dose (10 mg) of dihydrocodeine it is possible to control pain with a minimum daily intake of both drugs: in such low dosage the possibility of side effects is remote.

Needless to say, if necessary, this dosage can be increased to two tablets every four hours—and, even at this higher dosage level, risk of any really undesirable side effect is insignificant.

Costs, too, are kept low: with one tablet every four hours the basic NHS cost of a day's therapy is only about 2p.

Formula Each tablet contains:

Paracetamol BP	500 mg
Dihydrocodeine tartrate BP	10 mg

When pain presents itself

Floxapen destroys staph and strep

In skin, for example.

You can prescribe Floxapen with confidence for infections of skin and soft tissue, ear nose and throat, or any other staph. and strep. infections.

Floxapen's excellent absorption gives high blood levels right at the site of the infection – blood levels which are as high orally as by injection.

Floxapen destroys virtually all staphylococci – including penicillinase-producers – and all streptococci and pneumococci. It destroys them whether or not they're sensitive to other antibiotics. (For example, penicillins V and G, tetracycline, erythromycin, lincomycin or clindamycin).

Floxapen's safety is the renowned safety of the penicillins. It is available in capsules, syrup and vials. And its clinical record is one of outstanding success. (97% in skin and soft tissue infections[1]).

Floxapen. For skin, for example.

Day-to-day decisions confronting the G.P.

"What is hypertension and when should I treat it? Is further investigation necessary or desirable in this patient and if so, what investigations should I as a clinician do? Which of the many drugs now available should I use to treat my hypertensive patients? Should I use drugs alone or in combination and if so, for how long?"

Dr. R. L. Parsons, Lecturer in Clinical Pharmacology at a London Teaching Hospital answers these important and fundamental questions in a 15-minute recorded lecture, which is the first in the CIBA Postgraduate Medical Educational Series.

During January this recording will be sent to all general practitioners who have not yet received a copy. Watch out for yours.
