For people who lose too much sleep over anxiety/depression

"Just can't get to sleep, Doctor."

"I waken up at the least little thing."

"I wake up at the crack of dawn and can't get back to sleep."

"I wake up feeling tired, Doctor."

Surmontil immediately promotes sound natural sleep

- Subjective improvement may be expected following a good night's rest.
- The single nightly dosage helps reduce daytime anxiety and agitation, leaving the patient more refreshed and better able to cope.
- Earlier results will encourage the patient to persevere with treatment.
- True antidepressant activity is manifest in five to ten days.

Presentations
'Surmontil' capsules of 50 mg (green/white, printed M&B SU50)
'Surmontil' tablets of 25 mg (white, compression-coated)
10 mg tablets are also available.
Full information is available on request.

SURMONTIL capsules 50 mg for immediate benefit – whatever the form of sleep disturbance

Penbritin Territory

Penbritin destroys the bacteria which commonly cause upper respiratory infections and otitis media. Its spectrum of activity includes streptococci—now less sensitive to tetracyclines than they were—and *Haemophilus influenzae*. This pathogen often causes otitis media in the young and is insensitive to oral penicillins V and G.

Penbritin's decisive bacteria-destroying action, so important in treating infections in children, contrasts with the tetracyclines and erythromycins which merely inhibit bacterial growth.

As a penicillin Penbritin has a well-documented record of safety. In contrast it has been suggested that tetracyclines are "absolutely contra-indicated for children aged under 8" because of serious effects on tooth development.
(Brit. med. J. **(1970), 4,** 509).

Acceptability is important in choosing an antibiotic for children. Penbritin syrup, paediatric tablets and the new paediatric suspension are extremely acceptable to the young. And at the normal children's dosage, Penbritin syrup's N.H.S. cost is just 8½p a day.

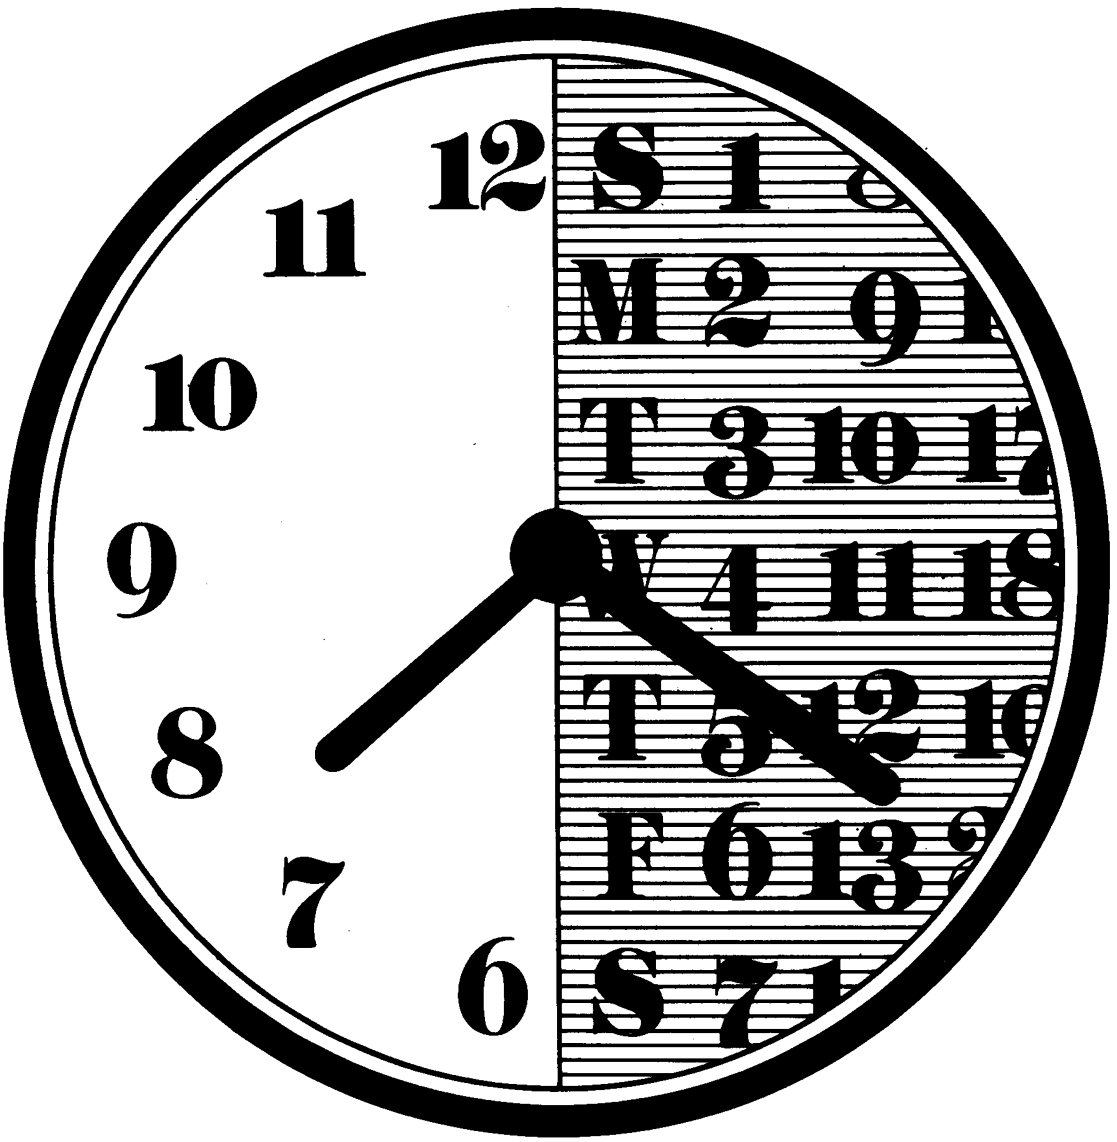
Usual children's dosage: 125mg. q.i.d. ½ – 1 hr a.c.
Contra-indication: Penicillin hypersensitivity.
Side effects: As with other penicillins.

Further information is available on request.

Penbritin The right-first-time antibiotic for infections in children

Penbritin* (ampicillin) is a British product originated by
Beecham Research Laboratories, Brentford, England. *regd.

THE QUEEN'S AWARD TO INDUSTRY 1966 1970 1971



Anxiety symptoms are often
the ones that trigger a patient's visit to your surgery – these are generally relieved in a few hours. Depressive symptoms take at least a few days – and sometimes a few weeks – before they are resolved.

LIMBITROL

treats anxiety in a matter of hours and depression in a matter of days

ROCHE

Anxiety symptoms are often relieved in 1 to 2 hours,
and depressive symptoms usually respond within 7 to 14 days.
Limbitrol is the trade mark for pharmaceutical preparations
containing chlordiazepoxide and amitriptyline.

HOSPITAL MONEY PLAN

The Hospital Money Plan is a unique and new kind of protection to provide extra income while you are in hospital, as a result of accident or sickness, which you can spend on hospital or doctors bills, rent, groceries or in any other way you may wish. The benefit is PAID DIRECTLY TO YOU (not the hospital or doctor) as an addition to any other benefits you may receive, there are NO RESTRICTIONS on how you spend it.

This scheme is available to doctors and their eligible dependents. This insurance is called the Hospital Money Plan and is being underwritten by the Continental Casualty Company of Chicago, which is one of the largest Insurance Companies in the United States of America. This cover will provide a daily benefit whilst you are in hospital, in addition to any other Sickness or Accident benefit you have, or your membership in any other private medical insurance. The money may be used in any way you think fit.

Bearing in mind this is the first type of insurance of its kind to be offered in this country, its success depends on the support received by members. It is simple, straightforward, and a medical examination is not necessary. You will receive further details and a proposal card by post.

How the Hospital Money Plan works for you

Pays £5 or £10 per day, when in hospital—TAX FREE under present legislation

Money paid DIRECT TO YOU, to use in ANY WAY you wish

Pays from first day for a maximum of 365 days

Acceptance guaranteed, regardless of previous medical history

No medical examination or health questions

Low group rate premiums

World-wide, 24 hour cover, including air travel

Clinical experience with chemotherapeutic agents*

Studies of 6,500 cases treated with cephalexin

A further 5,000 patients had been treated with cephalexin and reported in the world literature since a review of more than 1,500 cases was presented to the Sixth International Congress on Chemotherapy.

The infections reported were of the urinary tract (2,238); lower respiratory tract (1,235); ear, nose and throat (892); skin and soft tissue (610); genitals (959); septicaemia (28); endocarditis (4); osteo-articular infections (87); biliary tract infections (13); peritonitis (11); and intestinal infections (45). Satisfactory responses included (*a*) clinical and bacteriological cure and, (*b*) clinical cure or marked clinical improvement without full bacteriological clearance. A summary of the results obtained with infections of urinary and lower respiratory tracts, is given in the tables below:

Urinary tract infections treated with cephalexin

Infection	Number	Per cent satisfactory response
Cystitis, acute or simple	216	92
Cystitis, chronic or complicated	105	57
Pyelonephritis, acute or simple	222	88
Pyelonephritis, chronic or complicated	440	77
Unspecified	1,255	87

*Summary of papers presented at the VIIth International Congress of Chemotherapy, Prague, August 1971.

Lower respiratory infections treated with cephalexin

Infection	Number	Per cent satisfactory response
Pneumonia/bronchopneumonia	345	91
Bronchitis, acute	134	94
Chronic bronchitis/bronchiectasis	326	87
Lung abscess/empyema	32	81
Unspecified	416	87

The presenters of the survey emphasised the need for the dosage to be adequate — particularly in lower respiratory infections. A statistically significant difference had been shown in favour of using 3 G to 4 G a day compared with 2 G a day for the treatment of these infections.

In most of the acute infections treated cephalexin had given excellent results. In certain chronic infections, particularly of the lung and bone, the response was not so rapid, but when treatment had been prolonged, clinical results had been very good. The adoption of higher doses, 4 G to 6 G or more daily, had widened the scope of cephalexin in the field of severe infections such as septicaemia and endocarditis. The results so far obtained with such infections had been encouraging although the number of cases treated was relatively small.

Even when cephalexin had been used in high dosage or for long periods, the tolerance had been good. Only rarely had treatment been discontinued because of side effects. When side effects had occurred they usually had been mild, many disappearing during treatment. Changes in haematological and biological parameters had been infrequent. There had been no evidence of nephrotoxicity. Cephalexin had been used successfully and safely in patients with impaired renal function, although accumulation of the antibiotic might occur in such patients unless dosage were decreased according to the creatinine clearance.

94% success rate with cephalexin in acute bronchitis

New clinical evidence* shows that cephalexin has achieved a 94% success rate in acute bronchitis. 87% clinical success rate was also noted in chronic bronchitis and bronchiectasis. The total number of bronchitic patients treated with cephalexin was 460.

These excellent results in bronchitis were achieved with a remarkably low incidence of side effects such as diarrhoea and sensitivity rashes. And it was noted that "No cross sensitivity was seen with cephalexin in the eight patients with a history of penicillin hypersensitivity."

Ceporex is available as 500mg tablets, capsules and syrup.

Ceporex

is cephalexin from Glaxo

*Summary of papers presented at the VIIth International Congress of Chemotherapy, Prague, August 1971

Cephalexin in lower respiratory infections

Research workers from Royal Northern Hospital, London, expressed the opinion, on the basis of trials they described, that cephalexin was a suitable antibiotic for lower respiratory infections requiring treatment in hospital, and for urinary infections. For the respiratory infections, daily dosages of 3 G or 4 G produced a significantly quicker response as shown by X-ray, than 2 G — without increased incidence of side effects.

Nineteen men and 16 women (aged 21 to 85 years) with chronic urinary tract infection were treated with cephalexin 500 mg six hourly for 10 days. Twenty-eight of these had abnormal excretion pyelograms. Sixty-one per cent of *Escherichia coli* infections; 80 per cent of *Proteus mirabilis* infections, and both cases of *Klebsiella aerogenes* infection were cleared at 10 days. Overall eradication of pathogenic organisms was obtained in 68 per cent of the cases. The relapse rate after 14 days was 23 per cent.

Fifty in-patients with lower respiratory infections were given orally 2 G cephalexin per day (group A); a further 60 in-patients were given a dosage of 3 G or 4 G daily (group B). The groups received treatment for seven to ten days, they were matched for age.

Eighty of the patients had bronchopneumonia, 58 with chronic airways obstruction. Nine patients had lobar pneumonia, and 15 chronic bronchitis with airways obstruction, in whom the superimposed infection was the primary reason for hospital admission. All received physiotherapy, and 21 with airways obstruction were given a bronchodilator. Every patient with pneumonia was treated for 10 days. Forty-nine per cent of the pneumonia patients in group A showed complete resolution of radiological signs on day seven, compared with 72 per cent of those in group B — a significant difference. On the tenth day, however, no significant difference in radiological signs was detectable between the two groups. Clinical cure (clear X-ray, sterile sputum, no fever, no leucocytosis) at 10 days was obtained in 68 per cent of the patients in group A and in 81·5 per cent in group B, the difference not being significant. Bacteriological eradication was obtained in 73 per cent of group A and 91 per cent of group B patients, the difference being significant.

No cross sensitivity was seen with cephalexin in the eight patients with a history of penicillin hypersensitivity. The antibiotic was discontinued in five patients; in one for diarrhoea and four for vomiting, but in two cases the drug was not wholly to blame since vomiting continued after its withdrawal. Generally cephalexin was well tolerated.

For your detailed reading
Ceporex cephalexin

Contra-indication
Ceporex is contra-indicated in persons who have shown hypersensitivity to cephalosporins.

Precautions
In patients treated with Ceporex, a false-positive reaction for glucose in the urine may occur with Benedict's or Fehling's solutions, or with 'Clinitest' tablets, but not with enzyme-based tests such as 'Clinistix'.
Ceporex is usually tolerated well by patients allergic to penicillin, but cross-reaction can occur occasionally.
As with other antibiotics, Ceporex should be administered with caution in patients with a history of allergy, especially to drugs. When renal function is markedly reduced, Ceporex will accumulate in the serum and tissues unless dosage is suitably reduced.
Laboratory experiments with animals and clinical experience show no evidence of teratogenicity, but as with all drugs, caution is needed during pregnancy.

Adverse reactions
A small proportion of patients receiving Ceporex may experience gastro-intestinal disturbances such as nausea, vomiting, diarrhoea, anorexia and general abdominal discomfort. As with all broad-spectrum antibiotics, super-infection (sometimes monilial) can occur, and may present as vulvo-vaginitis.
Reversible neutropenia has occurred in a few patients, but is very rare.
Generalised drug rashes – urticarial or maculopapular – are uncommon.

Administration and dosage
Ceporex is administered orally. Treatment should continue for at least two days after the temperature has returned to normal and symptoms have subsided. However, in chronic, recurrent or complicated upper urinary tract infections a course of at least two weeks' duration may be necessary.
When renal function is considerably impaired, the dosage should be reduced. If the creatinine clearance is 20 to 50ml/minute, the adult dosage of Ceporex should not exceed 3 grams/day; if between 5 and 20ml/minute, not more than 1.5 grams daily; if the clearance is below 5ml/minute, dosage should not exceed 500mg/day.
Patients receiving intermittent dialysis should be given an additional 500mg of Ceporex after each dialysis, i.e., a total dosage of up to 1 gram on that day.

New facts about oral **Ceporex** confirm very low incidence of side effects

New clinical data on cephalexin confirms the extremely low incidence of side effects accompanying the high clinical success rate.

"Even when cephalexin had been used in high dosage or for long periods, the tolerance had been good. Only rarely had treatment been discontinued because of side effects. When side effects had occurred they usually had been mild, many disappearing during treatment."*

It all adds up to the simple fact that in acute bronchitis, you can trust Ceporex to reduce the risks and improve the results.

Diseases of the Urinary Tract

One of the most rapidly growing specialties over the last few years has been that of urology. Many doctors now in practice could not have been taught much of the present-day management of many urinary tract diseases. Last year the *B.M.J.* published a series of "Current Practice" articles on diseases in the urinary tract, and these have now been collected together in a booklet. Beside articles on the newer aspects of the specialty, the booklet contains articles on established methods of managing renal disorders. Any doctor who wishes to bring himself up to date on modern practice in this field will find this a readable account of the important aspects of the specialty.

Anything less than full support for topical hydrocortisone is undesirable

In addition to the production of contact dermatitis, the dangers of the selective action of topical antibiotics in the treatment of infected dermatoses are now well-recognised.[1]

Experimental studies[1] have shown, that even in healthy subjects, pyodermas developed following occlusive treatment with neomycin. It was concluded that these experiments *"do emphasize the dangers which can follow the alteration of the normal flora of the skin."* In view of the variety of hazards associated with topical antibiotics, it was also stated: *"...serious doubt must now be cast on their routine use."*

In Betadine® H/C Cream, povidone-iodine provides ideal support for hydrocortisone because it kills all pathogenic and potentially pathogenic organisms within 15 seconds of contact. *"It does not allow the emergence of antibiotic resistant strains as it kills pathogenic organisms in an unselective manner."*[2]

Betadine Ointment, which has no hydrocortisone acetate content, is also available when purely antimicrobial therapy is required.

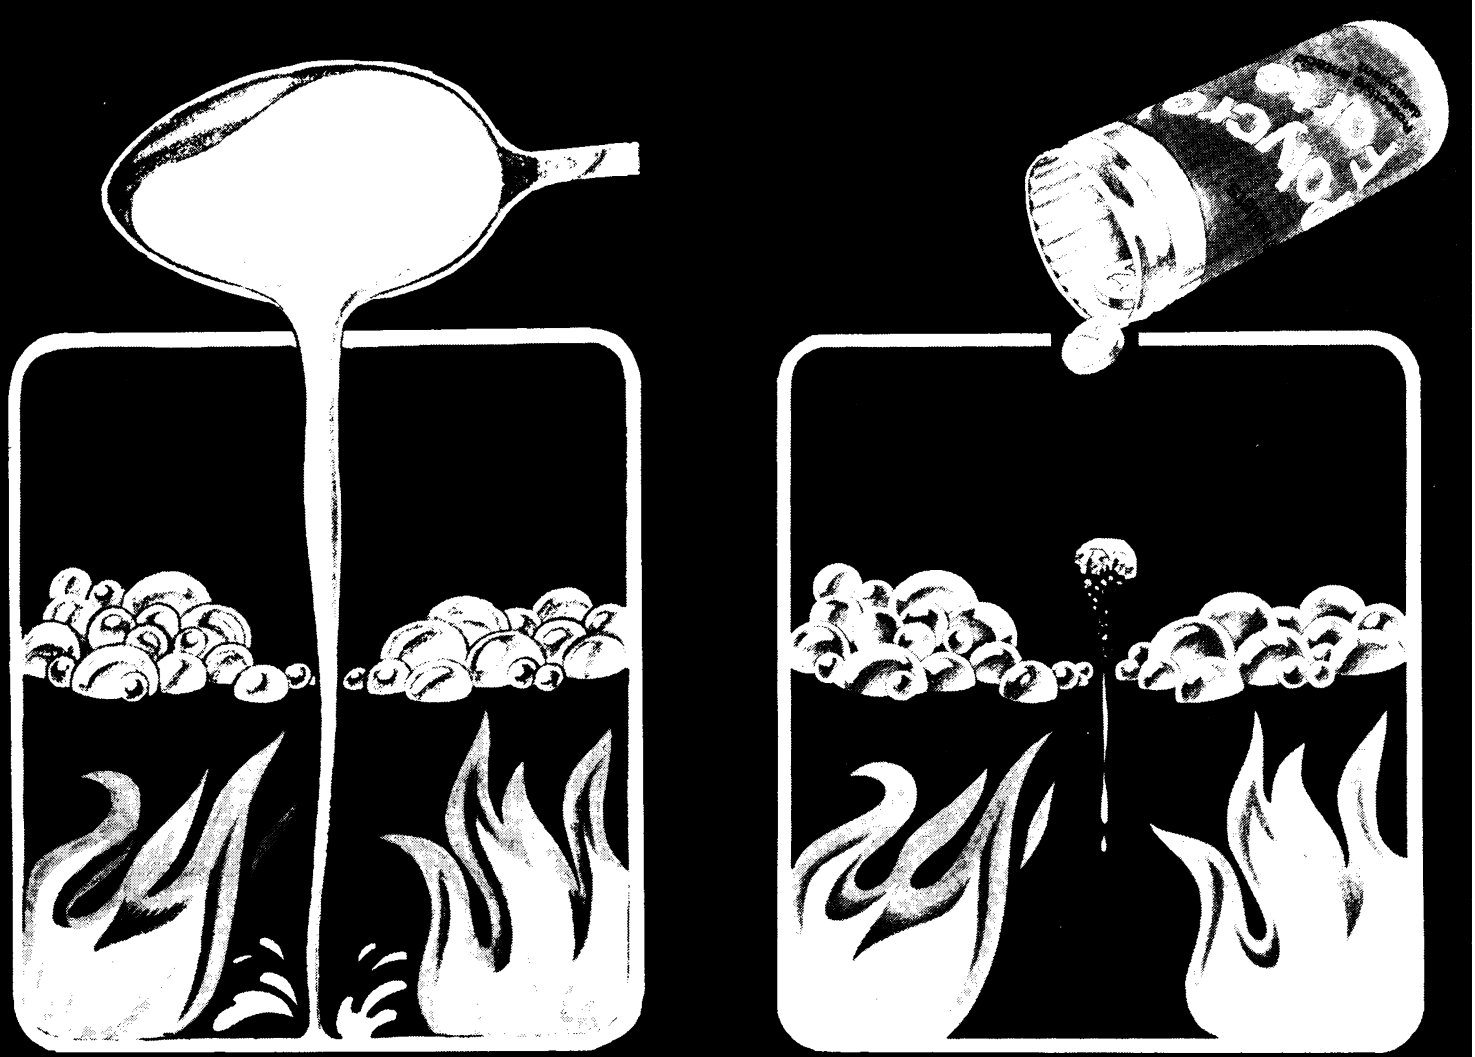
The cream of antacids, now in convenient tablet form



New Polycrol Forte gel/Polycrol Forte tablets

for rapid relief in dyspepsia, heartburn and hiatus hernia

Quick-acting New Polycrol Forte Gel and tablets break down the barrier of trapped gas and air on contact, allowing *rapid penetration* of balanced antacids throughout the gastric contents.

High Patient Appeal Pleasant tasting, creamy-smooth suspension has high patient appeal and needs little shaking.

No sugar content Complete absence of sugar permits unrestricted use in diabetics and other patients on dietary régimes.

New convenient tablet form For extra convenience and patient acceptability, the benefits of Polycrol Forte are now available as smooth-tasting tablets.

Polycrol Forte Gel:	**each 5 ml contains:**
Activated methylpolysiloxane	125 mg
Magnesium hydroxide	100 mg
Aluminium hydroxide gel	4·75 ml

Polycrol Forte Tablets:	**each tablet contains:**
Activated methylpolysiloxane	250 mg
Magnesium hydroxide	100 mg
Aluminium hydroxide/magnesium carbonate co-dried gel	275 mg

Hypertension. Introduce her to treatment gently with Neo-NaClex-K.

When a patient is new to hypertension, Neo-NaClex-K makes it a lot easier to live with.

Easier, because just once-a-day treatment can control the mild to moderate case.

Easier, because her sleep won't be disturbed by diuresis during the early days of treatment.

Easier, because postural hypotension won't be something she'll wake up to.

And even in severe hypertension you can still keep her on Neo-NaClex-K in conjunction with minimal doses of a more potent antihypertensive. So you can control the severe condition with less risk of side effects.

Neo-NaClex-K is a unique two layered tablet containing bendrofluazide to lower blood pressure safely and surely, plus a potassium supplement to replace any loss. And right from the start, it provides a gentle introduction to the long-term treatment your new hypertensive patient may need.

'Slow-Fe'™ patients don't have to...

Because the iron content of 'Slow-Fe' is released mainly in the duodenum and upper small intestine, providing efficient absorption with minimum intolerance. The precision-release principle of 'Slow-Fe', developed from the expertise of 'Slow-K', the most widely used potassium supplement, ensures iron is released evenly over a period of 1½ to 2 hours. This avoids high local concentrations of iron in the stomach which cause nausea and vomiting. It also prevents constipation and wastage of iron released in the lower gut.

In two studies of 'Slow-Fe' and 'Slow-Fe folic' involving nearly 4,000 patients 93% reported no side effects[1,2]. This low incidence of side effects is comparable to that expected on placebo. 'Slow-Fe' can be taken in an easy once daily dosage, presented in a press-through monthly pack. **1** *Clin. Trials J. (1969) 6, 229* **2** *Medical Digest (1971) 16, 194*

'Slow-Fe' and 'Slow-Fe folic' tablets both contain 160mg dried ferrous sulphate (≡ 50mg Fe) in a specially formulated slow-release base. In addition 'Slow-Fe folic' contains 400 micrograms folic acid. 'Slow-Fe', 'Slow-Fe folic', and 'Slow-K' are trademarks

Actifed and Space age Medicine

The astronaut above is about to be subjected to G-forces in a massive centrifuge. In these situations it was thought that G-forces might restrict astronauts from performing vital tasks. To overcome this, an ingenious device which bounces light into the eye, can be made to actuate a switch or system, whenever the pupil crosses the path of the beam. This sight switch has already been adapted to help paraplegics to help themselves.

In the space programme, medical benefit has been a two-way exchange. Of the medicines taken on Apollo flights, ACTIFED* has been repeatedly chosen as the decongestant. ACTIFED TABLETS and SYRUP contain the decongestant pseudoephedrine and the established antihistamine triprolidine. ACTIFED COMPOUND LINCTUS contains, in addition, codeine. It provides effective and palatable cough control for all age groups.

Do teen-agers want the facts on menstruation from you?

Your requests for 300,000 booklets indicate they do.

Ignorance isn't bliss for many young girls when the changes of puberty occur. They want facts – and they're very likely to ask you for them.

To help you give them the facts about menstruation, we provide free booklets and charts. The booklets – one for beginning menstruants and one for older girls – also answer their social questions on menstruation.

The coloured charts, prepared by R. L. Dickinson, M.D., depict the physiology of menstruation. Laminated in plastic for permanence, they are suitable for grease pencil marking and erasure.

Do they help? Your response indicates they do. In five years, we've received over 25,000 requests for the charts – and we've sent you more than 300,000 booklets. Many of these are reorders – a good indication that you and your young patients appreciate them.

Users appreciate the distinctive features of the Tampax tampon, too. Designed for intravaginal use, it is softly compressed for efficient absorption and maximum comfort. It's placed in correct position hygienically by means of a satin-smooth container-applicator, prelubricated to facilitate insertion. It expands in three dimensions for complete protection. Its removal cord is chain stitched, for safety, to the entire length of the tampon. Both tampon and applicator are readily disposable in the toilet.

Because Tampax tampons are worn internally, there's no irritation, no chafing, no embarrassing menstrual odour. And for sports-active girls, particularly swimmers, tampons are a must.

Tampax tampons are available in Regular and Super absorbencies, with explicit directions for insertion and use enclosed in each package.

Please order your charts and booklets by writing to the address below.

Madam prefers Esbatal

"Seventy-five per cent of patients spontaneously complained of various degrees of tiredness on methyldopa, as against 10 per cent on bethanidine (ESBATAL) and 17 per cent on guanethidine."[1]
"Side-effects are fewer and milder...."[2]
"The lower incidence of side-effects, and the more rapid response to change in dosage makes bethanidine (ESBATAL) a more satisfactory drug."[3]
"Thus bethanidine (ESBATAL) not only on grounds of cost but also because of its therapeutic effectiveness has a strong claim to be considered as today's first choice of drug treatment of severe hypertension."[4]

Chances are you have over 100 Psoriatics on your list... ...Alphosyl could help them.

A great many people in Britain suffer from Psoriasis. On average, more than 100 for every G.P. in the country. And that's why every G.P. should know about Alphosyl.

Alphosyl Lotion is the most widely prescribed treatment specifically for Psoriasis. Patients get complete clearing or a marked improvement without systemic reactions, without uncomfortable restrictive dressings and without serious side effects or contraindications.

Alphosyl Lotion is the primary treatment, for use all over the body. And its effectiveness is backed up by the Cream and Application PC. The Cream is particularly effective in the intertrigenous areas, and Application PC removes scales from the scalp and prepares the head for treatment with the Lotion.

Alphosyl therapy (Lotion, Cream and Application PC) can be adjusted to suit the patients individual needs . . . or preferences.

Alphosyl is available as a 5% refined alcoholic extract of coal tar and allantoin (2%) in a Cream and Lotion. Alphosyl Application PC is a unique combination of coal tar extract (5%) and hexachlorophane (1%).

Psoriasis ℞ Alphosyl

Hand signals which can't be ignored

"Patients stated that their ischaemic digits had been much less painful while taking tetranicotinoylfructose (Bradilan)..."*
"During the past 10 years we have tried in a group of about 100 patients with impaired digital circulation most, if not all, oral adrenergic blocking agents with unsatisfactory clinical results. During the past 3 years we obtained more encouraging subjective and objective findings with oral tetranicotinoylfructose (Bradilan)..."*

In this double-blind controlled trial* the patients had already taken most available oral vasodilators and were sceptical about further treatment. The authors, however, reported that most patients were delighted with Bradilan's beneficial effect. Bradilan® employs the molecule of tetranicotinoylfructose which is gradually hydrolised in the intestine—the consequent slow, even release ensures prolonged effective vasodilation—with side reactions at a minimum.

*Practitioner, (1971) *207*, 654.

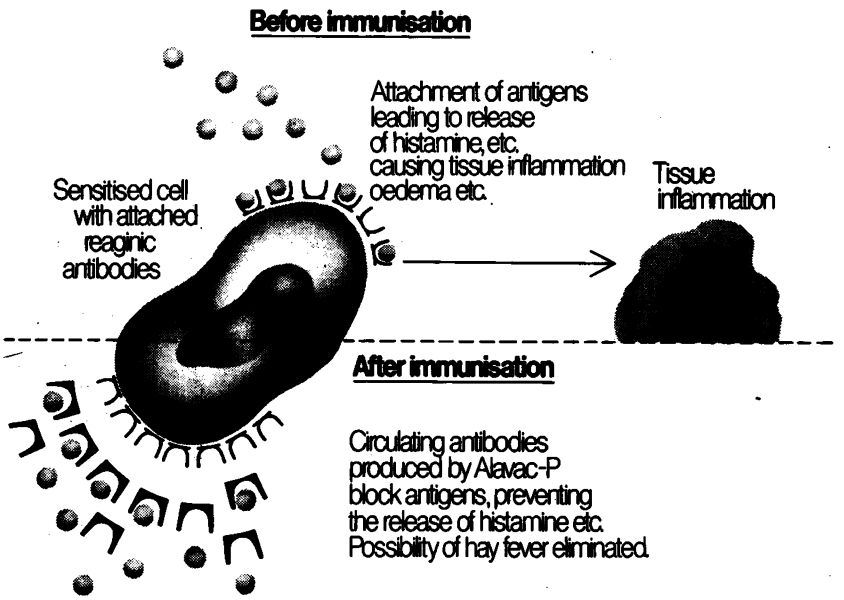
Vasodilator therapy that works

Hay fever immunity

Bencard and allergy in general practice.

The Problem Most hay fever sufferers respond in some degree to symptomatic treatment. However, in every practice there are chronic sufferers who do not respond and whose social and business lives can be seriously affected during the grass pollen season.

All these cases exhibit the Type 1 Immediate Allergic Response.



The Treatment The only fundamental treatment for hay fever is Immunisation: no other vaccine gives such broad-based protection as Alavac-P.

- ☐ Alavac-P contains extracts of the twelve grass pollens known to cause over 80% of hay fever in Great Britain.
- ☐ No skin tests are needed. Prescription can be from case history alone.
- ☐ A short course of only 8 or 9 injections gives a high degree of protection throughout the grass pollen season.
- ☐ Alavac-P developed by Bencard, leaders in allergy research.

The time to prescribe is now!

Alavac-P Bencard

A booklet with full information on hay fever immunity and Alavac-P (regd) is available on request from
Bencard, Freepost, Great West Road, Brentford, Middlesex.

Van den Berghs & Jurgens Nutrition Award

Van den Berghs & Jurgens Limited announce awards of

£500 · £250 · £100

for the best studies in depth on any current human nutritional problem or attitude.
These can be in the form of either research findings, commentary or essay, and must be submitted before 31st July 1972

These awards have been instituted to encourage the search for new and practical solutions to nutritional problems and to stimulate public discussion and awareness of this vital subject.

Any United Kingdom resident will be eligible and conditions and notes for guidance can be obtained from:

What a relief!

Whenever sleep is disturbed by the spasms associated with respiratory congestion and cough, Wright's Vaporizer brings relief. Ideal for use in all bronchial and upper respiratory conditions, the Vaporizer is particularly suitable for children with whooping cough and croup. Wright's Vaporizer sets a soothing decongestant flow of Cresol vapour circulating round the room, the vapour being inhaled naturally and continuously. Simple and easy to use, Wright's Vaporizer may be used throughout the night with complete safety. Prescribable on Form E.C.10. Further information available on request.

THE ROYAL COLLEGE OF PATHOLOGISTS

2 Carlton House Terrace, London, S.W.1

The final examination will be held during April/May, 1972. The written examination, consisting of two 3-hour papers, will be held on Wednesday 26th April and the practical examinations will be held between 29th May and 9th June. The examination is open to medical and non-medical candidates who have passed the Primary Examination or obtained exemption from it, and who have fulfilled the training requirements for entry as laid down in the regulations.

Full details and application forms for this examination may be obtained from the Registrar at the above address. The closing date for entry is the 20th March, 1972. (17632) 2

THE UNIVERSITY OF MANCHESTER

DIPLOMA IN BACTERIOLOGY

Applications invited for admission to course, for session 1972/73, designed to give training and experience in aspects of bacteriology and animal virology of general importance in the application of the subject to different specialized fields. Qualifications in medicine, veterinary medicine or other branches of science, and substantial postgraduate practical experience in bacteriology required.

Application forms, obtainable from Department of Bacteriology and Virology, Williamson Building, Brunswick Street, Manchester M13 9PL, to be returned as soon as possible. (17578) 2

WESTERN REGIONAL COMMITTEE FOR POSTGRADUATE MEDICAL EDUCATION

The following courses are being held in Glasgow:

REFRESHER COURSE FOR GENERAL PRACTITIONERS

8th-19th May

A general course consisting of lecture/discussions, ward rounds and clinical demonstrations. Meetings will be held in the main teaching hospitals in the city.

GERIATRIC MEDICINE

22nd-26th May

The course will be held in Foresthall Hospital under the direction of the David Cargill Professor of Geriatric Medicine. It is intended for General Practitioners and Physicians in charge of geriatric beds or Public Health officers and will cover administrative and social aspects as well as clinical aspects of geriatrics. Fee, £7.50.

OPHTHALMOLOGICAL ASPECTS OF GENERAL MEDICINE

5th-7th May

A week-end course for doctors preparing for the examination for M.R.C.P. (U.K.) will be held in Heathfield Hospital, Ayr. The programme will consist of lecture/discussions, practical instruction and demonstration of patients. Closing date for applications is 1st March and any vacancies at that date will be offered to doctors in General Practice. Fee, £5.25.

These courses are approved under Section 63 of the Health Services and Public Health Act, 1968.

COURSE IN OBSTETRICS AND GYNAECOLOGY

22nd May — 2nd June

An intensive course for candidates preparing for the examination for M.R.C.O.G. It will be held in the Queen Mother's Hospital and the Royal Maternity Hospital. The programme consists of lectures, demonstrations, clinical sessions, symposia and group discussions. Fee, £15.75.

Further particulars and application forms may be obtained from the Dean of Postgraduate Medicine, Regional Committee Offices, East Quadrangle, The University, Glasgow G12 8QQ. (17573) 2

POSTGRADUATE DIPLOMAS

M.R.C.P., F.R.C.S., M.R.C.O.G., D.P.M., D.C.H., D.O. etc.

THE UNIVERSITY OF SHEFFIELD
Sub-Department of Paediatric Surgery
in conjunction with
The Department of Paediatric Surgery
University of Liverpool
and
The Department of Child Health
University of Manchester

will offer a course in
PAEDIATRIC SURGERY
at Sorby Hall, Sheffield 10, from 24th to 25th July, 1972.

The following topics will be discussed at an advanced level: Biochemical problems in the surgery of the newborn, hiatus hernia and peptic ulceration, intensive care, large bowel problems, liver disease, intersex, radiological diagnosis and therapy and other subjects of current interest. Contributors: H. C. Bishop (Philadelphia); J. S. Cohen (Manchester); R. C. M. Cook (Manchester); F. Harris (Sheffield); J. H. Johnston (Liverpool); A. Jolleys (Manchester); P. Jones (Melbourne); R. K. Levick (Sheffield); James Lister (Sheffield); G. M. Steiner (Sheffield); A. M. Wilson (Sheffield); R. B. Zachary (Sheffield).

Course fee: £15. Overnight accommodation will be available in Sorby Hall at an additional charge.

Provisional programme and application form from: Director of Graduate Clinical Studies, Faculty of Medicine, The University, Sheffield S10 2TN. Tel: 0742 27891. Telex: 54348. (17633) 2

UNIVERSITY OF EXETER

POSTGRADUATE MEDICAL INSTITUTE

A full-time postgraduate course lasting 10 weeks will begin on 19th April, 1972. These courses are held 3 times a year starting in October, January and April. Each course includes instruction in general medicine, paediatrics, preventive medicine, pathology, psychiatry, orthopaedics and general surgery. The programme is planned so that students wishing to specialize in a particular clinical subject are given facilities to do so, while other students are taught in each of the main clinical departments. Unpaid clinical attachments can be arranged at the end of the course for students requiring a longer period of training, but these are normally reserved for students sponsored by some official body. It is sometimes possible to accept general practitioners for 1 or 2 weeks of a course, and attendance for this period is recognized under Section 63 of the Health Services and Public Health Act 1968. These courses are also recognized under the special scheme for the retraining for general practice of doctors who have been out of the Health Service for at least 5 years. The fee for this course will be £40 (£83 for students from outside the United Kingdom).

Further particulars and application forms for these courses are obtainable from the Director, The Postgraduate Medical Institute, The University, Exeter, Devonshire. (17567) 2

UNIVERSITY OF SURREY
Department of Mechanical Engineering

M.Sc. DEGREE COURSE
IN BIOMECHANICS

Applications are invited for a one-year course in Biomechanics commencing in October, 1972. The course, which leads to the degree of M.Sc. by examination, is intended for graduates in engineering or the physical sciences on the one hand and graduates in medicine or the biological sciences on the other. The branch of the course for graduates in medicine or the biological sciences aims to introduce them to the mathematical and engineering methods and techniques which are applicable to medical and physiological practice and research. Studies on the clinical aspects of biomechanics are provided by King's College Hospital and by visiting lecturers from other medical establishments. The course is supported by an active research group with special interest in problems related to internal and external prostheses, physical properties of tissues, perfusion techniques, blood flow measurement and low temperature medicine, dental implants and application of fluidics to biomedical problems.

Further details and application forms may be obtained from the Department of Mechanical Engineering, University of Surrey, Guildford, Surrey. (17579) 2

in the Regional Plastic Surgery Unit. The post arises through the establishment of a research project aimed at developing a structured case record for plastic surgery patients, the data thereby collected being placed on computer file. The medical editor will be required to verify recorded clinical material and in the process will be required to liaise with all grades of clinician for both data confirmation and information retrieval. A medical qualification is necessary. Previous experience in data handling would be desirable but not essential as basic training will be arranged if indicated. Initially the medical editor will be employed for three session weekly commencing on 1st March, 1972 or as soon as possible thereafter. Honorary N.H.S. grading with appropriate salary and leave would be subject to negotiation on the basis of age and experience.

Applications, giving two names for reference and including a curriculum vitae, should be submitted to the Secretary, Board of Management for Glasgow Royal Infirmary and Associated Hospitals, 13 Bath Street, Glasgow G2 1JB, before 12th February, 1972. (17719) 14-1

THE UNIVERSITY OF ADELAIDE

invites applications for appointment as a
SENIOR LECTURER
OR LECTURER IN PATHOLOGY
to begin duty as soon as possible. A medical qualification registrable in South Australia is desirable but not essential. Preference will be given to candidates with experience and special research interests in electron microscopy. A new Philips EM 300 instrument with all necessary ancillary equipment has recently been installed in the Medical School and is to be shared equally by the Department of Pathology and the Department of Anatomy and Histology.

Salary Scales: Senior Lecturer $A9,540-318(5)-11,130. Lecturer $A6,697-375(1)-396(6)-9,286, with superannuation on the F.S.S.U. basis; plus, if a registrable medical qualification is held, an additional allowance not subject to superannuation contributions.

Further particulars and conditions of appointment, and any other information sought, will be supplied on request to the Secretary, Association of Commonwealth Universities (Appts), 36 Gordon Square, London WC1H 0PF, or to the Registrar of the University. Applications, in duplicate, should give the information listed in the penultimate paragraph of the Statement and should reach the Registrar of the University, G.P.O. Box 498 D, Adelaide, S.A. 5001, not later than 27th March, 1972. (17615) 14-1

In assessing initial remuneration account will be taken of appointee's present salary, including and Distinction Award held. F.S.S.U. Further particulars may be obtained from The Secretary and Registrar, The University, Southampton SO9 5NH and applications (16 copies from applicants in the U.K. and one from others) must be submitted before 25th February, 1972. (16835) 14-1

HUNTINGDON RESEARCH CENTRE

We are an organization employing some 600 personnel in the United Kingdom and having several overseas research units in various branches of medicine for government and industry.

HEAD OF PATHOLOGY

WE REQUIRE an experienced pathologist to take charge of a very modern, well equipped Department of Pathology, which has a staff of approximately 90. The appointment is responsible to a Divisional Director.

THE PERSON APPOINTED will assume the total responsibility of the Department in terms of scientific quality, future development and profitability The Department is concerned with the safety evaluation of new drugs etc., the emphasis being the morbid anatomy and histopathology of a variety of animal species. The research in the Department is both of a pure and applied nature.

STARTING SALARY will be in the region of £5,000 per annum, dependent upon the appointee's background.

APPLICATIONS are invited from pathologists who are either medically or veterinary qualified who wish to work in the above field and possess a particular interest in morbid anatomy and histopathology.

CONDITIONS OF EMPLOYMENT are excellent and are in line with any large employee-orientated company.

WRITE quoting reference P/JSL/BMJ/104 to A. A. Schofield, Personnel Officer, Huntingdon Research Centre, Huntingdon PE18 6ES. (H9241) 14-1

University of Southampton

Faculty of Medicine

Applications are invited from registered medical practitioners for a post of

Lecturer in Medicine

The successful applicant will be required to undertake clinical and teaching duties in general medicine and research in a special interest. The present interests of the Units of Professor J. B. L. Howell and Professor Ralph Wright include the immunology of respiratory diseases, and it is hoped that the successful applicant will undertake research in this field. It is intended that a suitable candidate should be offered honorary Senior Registrar or Registrar status (according to experience) by the Wessex Regional Hospital Board. Salary £2,915 x £175-£4,490 per annum. Superannuation. Initial salary will depend on qualifications and experience. Further particulars may be obtained from the Deputy Secretary, The University, Highfield, Southampton SO9 5NH to whom applications (seven copies from UK applicants) should be sent not later than 11th March, 1972 quoting reference JMB/7/71/A. (17525) 14-1

UNIVERSITY OF SOUTHAMPTON

Faculty of Medicine

Chair of Microbiology

Applications are invited for the Chair of Microbiology. Salary not less than £5,700 (currently under review). F.S.S.U. Further particulars may be obtained from the Secretary and Registrar, The University, Southampton SO9 5NH and applications (18 copies from applicants in the U.K. and 1 from others) should be submitted before 25th March, 1972. (17289) 14-1

University of Southampton

Faculty of Medicine

Applications are invited for the post of

Lecturer in Community Medicine and Primary Medical Care

The person appointed will have a service role in the University Practice and will also work in association with members of staff in Community Medicine. He will also have responsibility for teaching and research in primary and continuing medical care, including general practice. The successful applicant will be expected to take up his appointment as early as possible. Salary will be within the range for Clinical Lecturers £2,915-£4,490 (subject to review).

Further particulars can be obtained from the Deputy Secretary, The University, Southampton SO9 5NH to whom applications (7 copies from United Kingdom applicants) should be sent not later than 11th March, 1972, quoting reference JMB/6/71/A. (17526) 14-1

MEDICAL GRADUATES INTERESTED IN THE ADMINISTRATION OF RESEARCH (PART-TIME POSTS)

Applications for part-time (half-time or more) posts in the London headquarters office of the Medical Research Council are invited from medical graduates, with at least ten years' postgraduate experience and an interest in research.

The Council is the main Government agency responsible for the promotion of medical research and sponsors an extensive programme both at home and abroad. The posts offer excellent opportunities to keep in touch with the latest developments in medicine and the biological sciences. The work involves maintaining close liaison with scientific staff and others in the medical research field working in the Council's own establishments, in universities, hospitals, and other institutions.

Salary will accord with hours worked, age and experience and will be based on the full-time scale $4,206 (–5,665) per annum. Appointments will be unestablished and subject to satisfactory completion of a trial period of two years; Superannuation provision will depend on the number of hours worked. Application forms may be obtained by writing to or telephoning Miss M. Walton, Medical Research Council, 20 Park Crescent, London W1N 4AL, Tel: 01-636 5422. Closing date for applications is 23rd February, 1972. (28359) 14-1

FELLOWSHIP AWARDS

BEIT MEMORIAL FELLOWSHIPS FOR MEDICAL RESEARCH 1972

Notice is hereby given that an election of Junior Fellows to begin work on 1st October, 1972 will take place in May, 1972. Junior Fellowships have annual values of £1,625-£2,000 p.a. plus yearly increments of £125 for three years. As a rule superannuation benefits are provided to which the successful candidate will be required to contribute 5% of the annual stipend and to which the Trust will make a contribution of 10%. Candidates must have taken a degree in a faculty of a university approved by the Trustees in Her Majesty's Dominions, Protectorates and Mandated Territories, India, Pakistan, the Republic of Ireland and the United Kingdom, or a medical diploma registrable in the U.K. Elections to Junior Fellowships are rarely made above the age of 35 years. Applications from candidates must be received not later than 24th March, 1972. Candidates must submit evidence that they can be given accommodation in the departments where they propose to work, which must be in Great Britain or Ireland.

Forms of application and all information may be obtained from Professor W. G. Spector, Pathology Department, St. Bartholomew's Hospital, London, E.C.1. for overseas candidates forms of application may be obtained from: The Secretary, South African Medical Council, P.O. Box 205, Pretoria, South Africa; The Ministry of Health, The Government of India, New Delhi, India; The Government of East Pakistan, Eden Buildings, Ramna, Dacca, East Pakistan; The Secretary, Department of Education and Science, P.O. Box 826, Canberra City, A.C.T. 2601, Australia; The Department of Health, Wellington, New Zealand; and The Canadian Medical Association, 1867 Alta Vista Drive, Ottawa 8, Ontario, Canada. (15509) 14-2

THE HEINZ FELLOWSHIPS OF THE BRITISH PAEDIATRIC ASSOCIATION

H. J. Heinz Company Limited have generously endowed Fellowships in Paediatrics which the Nuffield Foundation has agreed to administer in conjunction with the British Paediatric Association. Two or three Fellowships will be offered each year, the number and type awarded in any one year depending on circumstances and the calibre of applicants available. The types of Fellowship, which are open to men or women, are:

(a) To enable a paediatrician from any part of the Commonwealth overseas to spend six to eight weeks in the United Kingdom, meeting British paediatricians and seeing something of their work. Preference will be given to those recently established in an academic career who can arrange their visit to allow attendance at the Annual Meeting of the British Paediatric Association.

(b) To further the training of a young paediatrician from any part of the Commonwealth overseas by spending one year in postgraduate study of paediatrics and child health at approved centres in the United Kingdom with a view to assisting the Fellow on return to his country to further paediatric knowledge by teaching. The award is not intended to enable the Fellow to obtain a higher degree in medicine.

(c) To enable a paediatrician from the United Kingdom of Senior Registrar status, or a Consultant Paediatrician of not more than about five years' seniority, to make a short working visit (up to three months) to a centre in a developing country, teaching or conducting research so as to benefit both the Fellow and his hosts. The applicant should submit a brief programme and indicate the likely benefits to himself and to his hosts which he suggests will accrue.

Applications for these awards must be received by the Nuffield Foundation not later than 15th July, 1972. The conditions for the Fellowships and application forms may be obtained from the Director of the Nuffield Foundation, Nuffield Lodge, Regent's Park, London NW1 4RF. (H9242) 14-2

SCHOLARSHIPS

UNIVERSITY COLLEGE CORK

AINSWORTH SCHOLARSHIP

Applications for the above postgraduate scholarship are invited from young male medical doctors who intend to practise their profession in Ireland, primarily those who are medical graduates of University College Cork.

Full particulars of the scholarship and of its award may be obtained from the President of the College. Latest date for receipt of applications is 3 p.m. on Friday, 18th February, 1972. (H9244) 14-6

MEETINGS

LONDON JEWISH HOSPITAL
Stepney Green, London E1 3LB

CLINICAL MEETING

Sunday, 13th February, 1972

Cases in Out-patient Department from 10 a.m. Discussion in Nurses' Lecture Room at 10.30 a.m. to 12.30 p.m.

required. The successful applicant will work 52 hours each week, including one overnight session in the department under the supervision of the Consultant Orthopaedic Surgeon and Registrars. He will have no other duties. Time will be available for study. Good library facilities. Married accommodation may be available and after six months' satisfactory service, holders will be encouraged to rotate into other posts within the hospital.

Application, together with the names of three referees to the Hospital Secretary, Huddersfield Royal Infirmary, Huddersfield HD3 3EA as soon as possible. (17581) 19-8

APPOINTMENTS

Applicants should state name, address, age, nationality, and qualifications, and enclose (unless otherwise specified) one copy of each of three recent testimonials, with a short statement of experience and appointments held. Applications should be sent at once if no closing date is given: Canvassing disqualifies (Statutory Instrument, 1969, No. 163).

SALARY SCALES OF HOSPITAL MEDICAL STAFF

HOUSE OFFICER: Each post in this grade shall be tenable for six months. £1,626 per annum for the posts held during the first year; £1,755 per annum for posts held during the second year; £1,884 per annum for posts held during the third and subsequent years, subject to full registration.

Deductions of £177 per annum in respect of lodging only for voluntary residence.

SENIOR HOUSE OFFICER: £2,040 per annum in the first year; £2,184 per annum in the second year; £2,328 per annum in the third or subsequent years.

Deductions of £210 per annum in respect of lodging only for voluntary residence.

REGISTRAR: £2,328 per annum x £144(3) x £126(1) — £2,886.

Deductions of £210 per annum for those with remuneration at the first incremental point on the scale, and £243 per annum for those on the second and subsequent points will be made in respect of lodging only for voluntary residence.

On assimilation to the scale for Registrars, one increment and one only shall be given for any year or part of a year in excess of two spent previously in the senior house officer grade.

Allowances at rates up to £183 per annum shall be payable to house officers, senior house officers and registrars occupying posts approved for such allowances in peripheral hospitals.

SENIOR REGISTRAR: £2,760 per annum x £126(1) x £174(1) x £177(1) x £174(1) x £177(1) — £3,588.

Deductions of £270 per annum in respect of lodging only for voluntary residence.

On assimilation to the salary scale for senior registrars, increments to a maximum of two shall be given for each year or part of a year in excess of three spent previously in the registrar grade.

MEDICAL ASSISTANT: £2,721 per annum x £156(1) x £168(3) x £156(9) x £153(1) — £4,938.

Deductions of £270 per annum in respect of lodging only for voluntary residence.

CONSULTANT: £4,512 per annum x £246(1) x £258(5) x £261(2) x £270(1) — £6,840.

Deductions of £420 per annum in respect of lodging only for voluntary residence.

COMPULSORY RESIDENCE: The Terms and Conditions of Service of Hospital Medical and Dental Staff state:

173. A practitioner who is required as a condition of his appointment to reside in a hospital shall be provided with lodging without charge, except where the practitioner elects to occupy a house, flat or apartment for which a rental is appropriate.

All National Health Service hospital appointments are in accordance with the Terms and Conditions of Service of Hospital Medical Staff.

Further details concerning standards of residential accommodation, telephone charges, removal allowances, study leave and other matters may be obtained from the Hospital Secretary; or by B.M.A. members from the Secretary, British Medical Association.

GERIATRICS

ISLE OF MAN HEALTH SERVICES BOARD

Applications are invited for the whole-time or maximum part-time post of CONSULTANT PHYSICIAN IN GERIATRICS

The main duties of the successful applicant will be to further develop and take charge of the geriatric unit serving the Isle of Man. In addition he will run the existing Chest Clinic and be responsible for the care of Chest and Tuberculous patients. The post involves some duties in general medicine, and the appointee would work in close association with the general physicians. Junior medical staff will rotate through the Geriatric and Chest Departments.

Work is proceeding on a £16,000,000 Development Scheme for Noble's Hospital, and the first phases of the Scheme should be operational early in 1972. Wide experience is required and a higher qualification is essential. The person appointed will be expected to live within ten miles of the main Hospital in Douglas. Terms and Conditions essentially the same as those in the United Kingdom, and there is full reciprocity therewith in respect of superannuation.

Application forms and further details may be obtained from the undersigned, to whom completed forms should be returned not later than Monday, 21st February, 1972. Mr. C. J. Quayle, Administrator and Secretary, Isle of Man Health Services Board, 3 Harris Terrace, Douglas, Isle of Man. (Tel: Douglas, Isle of Man, 3303. [S.T.D. code: 0624-3303]). (H9185) 29-1

UNIVERSITY OF EDINBURGH
DEPARTMENT OF MEDICINE

Applications are invited for the post of:

LECTURER IN MEDICINE

in this Department, situated in well-equipped laboratories within the Royal Infirmary of Edinburgh. The Lecturer, of Junior Registrar grade, will be involved in the teaching of general medicine, and in the clinical care of in-patients and out-patients in the Professorial Medical Unit. Although previous research experience is not essential, he is expected to join a team of physicians and clinical scientists investigating new methods of diagnosis and treatment of diseases of the lungs and heart. He will receive training in clinical cardiopulmonary physiology, and will have excellent opportunities for work towards a higher degree. Initially the major emphasis of the research work will be in the respiratory field.

Salary at appointment will be on the scale £2,073 — £2,640 with F.S.S.U., with initial placement depending upon qualifications and experience. After an efficiency bar, the salary scale of Lecturers rises to £4,209. An appropriate honorary clinical contract with the South-Eastern Regional Hospital Board, Scotland, is expected.

Applications by letter (6 copies) giving the names of two referees, should be sent to the Secretary to the University, Old College, South Bridge, Edinburgh, EH8 9YL, from whom further particulars may be obtained. The closing date for application is Monday, 28th February, 1972. Please quote reference 1000. (17344) 32-6

UNITED NORWICH HOSPITALS

SENIOR HOUSE OFFICER
IN GENERAL MEDICINE
required for these hospitals. This post offers the possibility of full training in General Medicine, Cardiology, Chest Medicine, Neurology and Nephrology over a period of three years in an attractive city. The post will, in the first instance, be for a period of six months as Senior House Officer, during which time in addition to General Medical training there will be special emphasis on training in Neurology. At the end of this period the successful candidate can (1) opt out voluntarily, (2) be offered a placement in the Medical Registrar's Rotational Scheme or (3) be considered unsuitable for further training by the Consultants to whom he or she is responsible. In the event of (1) or (3) the successful candidate would be able to continue in post in a locum capacity for a further three months to enable him or her, to obtain a post elsewhere. In the event of (2) the appointee would enter the Registrar Rotational Schemes at Registrar level (non-residential post) to complete the three year training rotation. Candidates will be interviewed by a Medical Appointments Committee for Registrars in order that the successful applicant, if satisfactory, may be promoted to Registrar at the end of the first six months' training, and continue with the comprehensive training programme. It is proposed to commence this rotational scheme on 1st April, 1972.

Application forms are obtainable from the Group Secretary, Norwich, Lowestoft & Gt. Yarmouth Hospital Management Committee, 201 Bowthorpe Road, Norwich, to be returned by 19th February, 1972. (28561) 32-8

PATHOLOGY

EAST ANGLIAN
REGIONAL HOSPITAL BOARD

CONSULTANT PATHOLOGIST
(Histopathologist)
(Whole-Time or Maximum Part-Time)

required for the Norwich, Lowestoft and Great Yarmouth Hospitals with duties mainly in the Great Yarmouth and Lowestoft Hospitals. This is a new post created in anticipation of the development of a new District General Hospital which is to replace the existing hospitals in the Great Yarmouth and Lowestoft Subgroup. The successful applicant will be required to re-organize and to develop the pathology services in the subgroup in collaboration with the consultant pathologists in the Group Laboratory in Norwich and will in particular be expected to establish an autopsy and histopathology service in the subgroup. He will also be expected to provide a first-line service in the other branches of pathology, supported by the specialized services available in the group laboratory, pending the appointment of further consultants to the subgroup. Wide experience in the specialty and higher qualifications desirable.

Applications (no forms provided) stating age, qualifications, experience and the names of three referees to S.A.M.O., East Anglian Regional Hospital Board, Union Lane, Chesterton, Cambridge, from whom further particulars can be obtained by 28th February, 1972. SOUTH-EASTERN
REGIONAL HOSPITAL BOARD
Scotland

Applications are invited for the post of
ASSISTANT IN PSYCHIATRY
(Medical Assistant Grade)

with duties principally at Stratheden Hospital, Cupar, Fife. Stratheden Hospital is an 884 bed hospital with an admission rate of approximately 1,100 a year, and is the centre of a comprehensive psychiatric service for the County of Fife. There is an extensive out-patient service with over 5,000 attendances a year, and duties will include sessions at General Hospitals and Day Hospitals in the main centres in the County. Accommodation, married or single, is available. Further particulars may be obtained on application to the Chairman Medical Committee, Stratheden Hospital. (Tel: 0334 2611).

Applications which should be typewritten, giving particulars of age, qualifications and previous experience together with the names and addresses of two referees should be lodged with the Secretary, 11 Drumsheugh Gardens, Edinburgh, within two weeks from the date of this advertisement. (17569) 44-3

NEWCASTLE
REGIONAL HOSPITAL BOARD

SENIOR REGISTRARS
(3 posts)
IN CHILD PSYCHIATRY

whole-time, for the Newcastle University Group of hospitals and associated clinics, based in the Nuffield Child Psychiatry Unit at the Hospital for Sick Children. Full training available, with entry at Senior Registrar level, for which D.P.M. is required, but entry as Registrar possible. The successful candidates will enter the Training Scheme in Child Psychiatry. The posts will provide comprehensive experience on an internal rotation basis in out-patient and in the Day and in-patient unit. Other experience will include Child Guidance work, psychodynamic therapy and behaviour therapy, special schools — especially maladjusted, work with adolescents and medico-legal experience. Training will be provided in multiple handicap and in subnormality. Participation in undergraduate teaching and other lecturing. Options include: intensive psycho-therapy, E.E.G., Administration and Research. Teaching programmes and special courses will be available.

Applications, naming three referees to Senior Administrative Medical Officer, Regional Hospital Board, Benfield Road, Newcastle upon Tyne NE6 4PY, by 15th February, 1972. (28517) 44-5

SHEFFIELD
REGIONAL HOSPITAL BOARD

WHOLE-TIME SENIOR REGISTRAR
IN CHILDREN'S PSYCHIATRY

The post is based on units attached to Mapperley Hospital, Nottingham. In-patient work will be in a children's unit which has 20 beds, day patient and out-patient facilities, and a 12 bed adolescent unit. There are opportunities to work in child guidance clinics and in the treatment of maladjusted children in two hostels of the Local Education Authority. Comprehensive training is given to Senior Registrars in all aspects of child psychiatry and sessions are allocated for study and elective work. Applicants should hold a D.P.M. or equivalent higher qualification. Some experience in children's psychiatry desirable. The successful applicant will also participate in the developments arising from the establishment of the Nottingham Medical School which admitted its first students in October, 1970.

Further details and forms of application from the Senior Administrative Medical Officer, Old Fulwood Road, Sheffield S10 3TH. Forms to be returned by 26th February, 1972. (28537) 44 5

WESSEX
REGIONAL HOSPITAL BOARD

SENIOR REGISTRAR
IN MENTAL HANDICAP
and Developmental Paediatrics

Applications are invited for this four year post affording comprehensive training and experience at various centres. The successful candidate will work in the Coldeast and Tatchbury Mount Group. The first two years will be spent at Coldeast Hospital, the third year at Tatchbury Mount Hospital and the final year will be tailored to suit the requirements of the appointee. Throughout the appointment regular sessions will be arranged in conjunction with the Southampton University Group and local authorities in order that the Senior Registrar may gain experience in Child Psychiatric work, developmental paediatrics or other individual requirements.

Application forms and further particulars from the Senior Administrative Medical Officer, Highcroft, Romsey Road, Winchester. Closing date 29th February, 1972. (28524) 44-5

BOARD OF MANAGEMENT FOR GLASGOW ROYAL INFIRMARY AND ASSOCIATED HOSPITALS

REGISTRAR IN PSYCHIATRY

CLAYBURY HOSPITAL
Woodford Bridge, Woodford Green, Essex

There is a vacancy for a
SENIOR HOUSE OFFICER
Claybury Hospital is a progressive psychiatric hospital within easy access of Central London. The post offers special experience in training in therapeutic community methods.
The hospital is organised into six firms, so that each S.H.O. works on an admission ward and has responsibility for longer stay wards, under consultant supervision. A postgraduate training programme of case conferences, seminars and journal discussions is organised by the Clinical Tutor. Time may also be allowed for attendance at other recognized courses. In addition to the normal duties with his/her firm, the S.H.O. undertakes on night duty a week and one week-end duty in eight. Residential accommodation is available for single doctors.
Those interested should apply to the Group Secretary, within one week. (17438) 44-8

SOUTH-WESTERN
REGIONAL HOSPITAL BOARD
Devon and Exeter Clinical Area

Applications are invited for the appointment of a
SENIOR HOUSE OFFICER
IN PSYCHIATRY
at Exe Vale Hospital near Exeter. The appointment will be for a year initially and renewable at the end of that time. Exe Vale Hospital is a comprehensive psychiatric hospital with specialized units for the treatment of Alcoholics, Children and Psycho-geriatric Patients. There are departments of Psychology and Electroencephalography. Members of the staff of the Department of Psychology will assist candidates in preparing for this part of the D.P.M. and the medical staff of the Hospital hold regular Journal and Clinical meetings. The facilities of the Postgraduate Medical Institute of the University of Exeter (General Medicine and Epidemiology) are available and there is a close liaison with local authority After-care Services.
This is a resident post and a house or flat can be provided or the Officer may reside in private accommodation providing it is near the hospital. The Hospital is composed of three adjacent Branches and the successful candidate will rotate through the Branches according to training needs.
Applications by letter stating date of birth; qualifications and experience with dates, together with the names and addresses of two recent referees, should be sent to the Secretary, Exe Vale Hospital, Exminster, Exeter EX6 8AB. (28382) 44-8

THE MIDDLESEX HOSPITAL
Mortimer Street, London W1N 8AA

SENIOR HOUSE OFFICER
(Resident)
to the Academic Department of Psychiatry required 1st April, 1972. The post will involve duties at branches of the Department, both at The Middlesex Hospital and at the associated hospital, St. Luke's Woodside. The work offers a wide variety of psychiatric experience including group and individual psychotherapy under supervision, behaviour therapy and the use of recognized physical methods of treatment for acute disorders.
Application forms, obtainable from the Medical Establishment Secretary, should be returned, naming two referees, by 14th February. (17327) 44-8

LEEDS
REGIONAL HOSPITAL BOARD

CONSULTANT
With a Special Interest in Neuroradiology
Leeds (University Hospitals) and Wakefield
Whole-time or Maximum Part-time
The duties in Leeds are at St. James's Hospital and Chapel Allerton Hospital — both University hospitals — where the work will be general as well as neuroradiological. The exact proportion of general work will be agreed with the successful candidate. The duties in Wakefield are at Pinderfields General Hospital which houses a large and important part of the Region's neurological and neurosurgical service. Should the successful candidate so wish, he will be free to take a major interest in diagnostic isotope scanning at St. James's and Chapel Allerton, either in the specialty of neurology alone or in its full range of application. It is expected that the University of Leeds will grant an honorary teaching appointment in association with this post.
Further information and application forms obtainable from the Secretary, Park Parade, Harrogate, to whom completed forms should be returned by 18th February, 1972. (28575) 45-1

MID-STAFFORDSHIRE GROUP

Whole-time or maximum part-time
CONSULTANT RADIOLOGIST
Post vacant on retirement of present holder. Duties mainly at Staffordshire General Infirmary and other Hospitals in the Group. Departments have modern equipment and undertake a wide variety of investigations. Wide experience in specialty required. Successful candidate must reside within ten miles of the Staffordshire General Infirmary.
Twelve copies of application naming 3 referees to: Secretary, Birmingham Regional Hospital Board, 146 Hagley Road, Birmingham, 16, by 6th March, 1972. (28352) 45-1

(b)
MEDICAL OFFICER
IN DEPARTMENT
£2,493 — £3,342

Post (a) Applications from registered medical practitioners possessing D.P.H. are invited for this post which will provide opportunities for administrative experience in addition to clinical duties in all branches of a busy Health Department with involvement in such matters as epidemiology, developmental paediatrics, school health service etc.

Post (b) Vacant February, 1972, applications from registered medical practitioners, preferably holding D.P.H. or D.C.H. for clinical work mainly concerned with the immunisation and vaccination programme, child health and school health services.

Applications, stating age, qualifications and details of past experience, with names of two referees, should be sent to the Medical Officer of Health, Castlefields House, Main Centre, Derby. DE1 2FL. (28400) 56

ADMINISTRATIVE

SOUTH-EASTERN REGIONAL HOSPITAL BOARD
SCOTLAND

Applications are invited from medical practitioners for the post of

PRINCIPAL ASSISTANT SENIOR MEDICAL OFFICER

on the staff of the Regional Board for secondment to the Scottish Hospital Centre for research and development work.

This appointment presents an opportunity of joining a multi-professional team engaged in advisory and research work on the design, equipment and operation of hospitals throughout Scotland. Applicants should preferably have experience in medical administration and/or hospital planning.

Salary £4,512 x £246(i) — £4,758 x £258(5) — £6,048.

Applications, giving particulars of qualifications and experience together with the names and addresses of three referees by 28th February, 1972 to the Secretary, 11 Drumsheugh Gardens, Edinburgh EH3 7QQ, from whom further particulars may be obtained quoting R510B as reference. (17533) 54

GOVERNMENTAL

Part-time Medical Officer required at H. M. Prison, Durham

Applications are invited from registered medical practitioners for appointment as part-time Medical Officer at HM Prison, Durham.

The salary has been provisionally assessed at £1,130 per annum and will be reviewed after 3 months. Any adjustment in salary will be retrospective to the date the Medical Officer commences duty.

Details of the duties can be obtained from the Senior Medical Officer, Durham Prison.

For details of conditions of appointment and application form please write to:—

The Establishment Officer, Home Office, Prison Department, Portland House (R 10/10 VDC), Stag Place, London, S.W.1. (17521) 55

PUBLIC HEALTH
(See also p. I)

COUNTY BOROUGH OF SOUTH SHIELDS

MEDICAL OFFICER IN DEPARTMENT

(£2,493-£3,342)

Applications are invited from registered medical practitioners, for this full-time appointment offering experience in both the personal and school health services. Possession of a D.P.H. an advantage. Commencing salary will be dependent on qualifications and experience. Essential car user's allowance will be paid and removal expenses considered.

Application forms may be obtained by writing to the Management Services Officer (Ref. 29), 17 Bolingbroke Street, South Shields, County Durham NE33 2SU. R. S. Young, Town Clerk. (H9254) 56

CITY AND ROYAL BURGH OF DUNFERMLINE
HEALTH DEPARTMENT

MEDICAL OFFICER IN DEPARTMENT

Applications are invited from registered Medical Practitioners, suitably qualified, for the above post, which arises due to an increase in establishment. Duties will be concerned mainly with the School Medical Service, but opportunity will be given for experience in all aspects of Public Health work. Possession of the D.C.H. or D.P.H. will be an advantage. The post is superannuable. Whitley Council terms and conditions of service apply, with salary scale £2,493 to £3,342 per annum and placing according to professional experience and qualifications. Casual user's car allowance is payable and the post is designated for housing priority; 50% of removal expenses up to £50 are payable in appropriate cases.

Applications, stating age, marital status, qualifications and professional experience, together with the names of two referees, should be sent to the Medical Officer of Health, Carnegie Clinic, Pilmuir Street, Dunfermline, within 14 days of appearance of this advertisement, or telephone Dunfermline 22911 for interview.

J. Douglas, Town Clerk, City Chambers, Dunfermline. (17544) 56

Principal Medical Officer

£3,561 — £4,335 + £90 London Weighting

Registered Medical Practitioners with experience in local authority services or psychiatry are invited to apply for a challenging job concerned with establishing good working relationships with local hospitals and giving medical advice to the Social Services Department. Experience in assessing mentally handicapped children is essential.

The Borough is rapidly developing its health and social services and the post offers considerable opportunity for initiative and enthusiasm. An imaginative programme of building projects is being implemented and a psychiatric unit has recently been opened in the local hospital.

Hillingdon is the most westerly borough in Greater London and is nearly half Green Belt. There are many attractive residential areas within easy reach of Central London.

Car allowance payable.

Application form from Establishment Officer, ref H/74/39 Manor House, Church Road, Hayes, Middlesex. Closing date 18th February. (28401) 56

London Borough of
HILLINGDON

SERVICES

Travel with the Navy for three years before you go into practice.

Just because you've finished your training, it doesn't mean you have to settle down into practice or a routine hospital job.

Especially when you can spend three years, as a naval doctor, seeing something of the world and getting a lot of useful experience on the way.

You'll get plenty of variety and all the responsibility you can handle. And at sea, as the only doctor on board your ship, you will find yourself having to cope with medical emergencies of every kind.

But you're more than just a doctor. Above all you are a naval officer—with the ever-changing scene and the full, satisfying life that every naval officer enjoys.

How do you become a naval doctor?

If you are in your pre-registration year or are already a qualified practitioner, you simply apply to join for a 3-year or 5-year commission. Then, if selected, you enter the Navy as a Surgeon-Lieutenant at £3,395 p.a. You are then given a short course in the special problems of maritime practice (including nuclear and underwater medicine) after which you take up your first appointment.

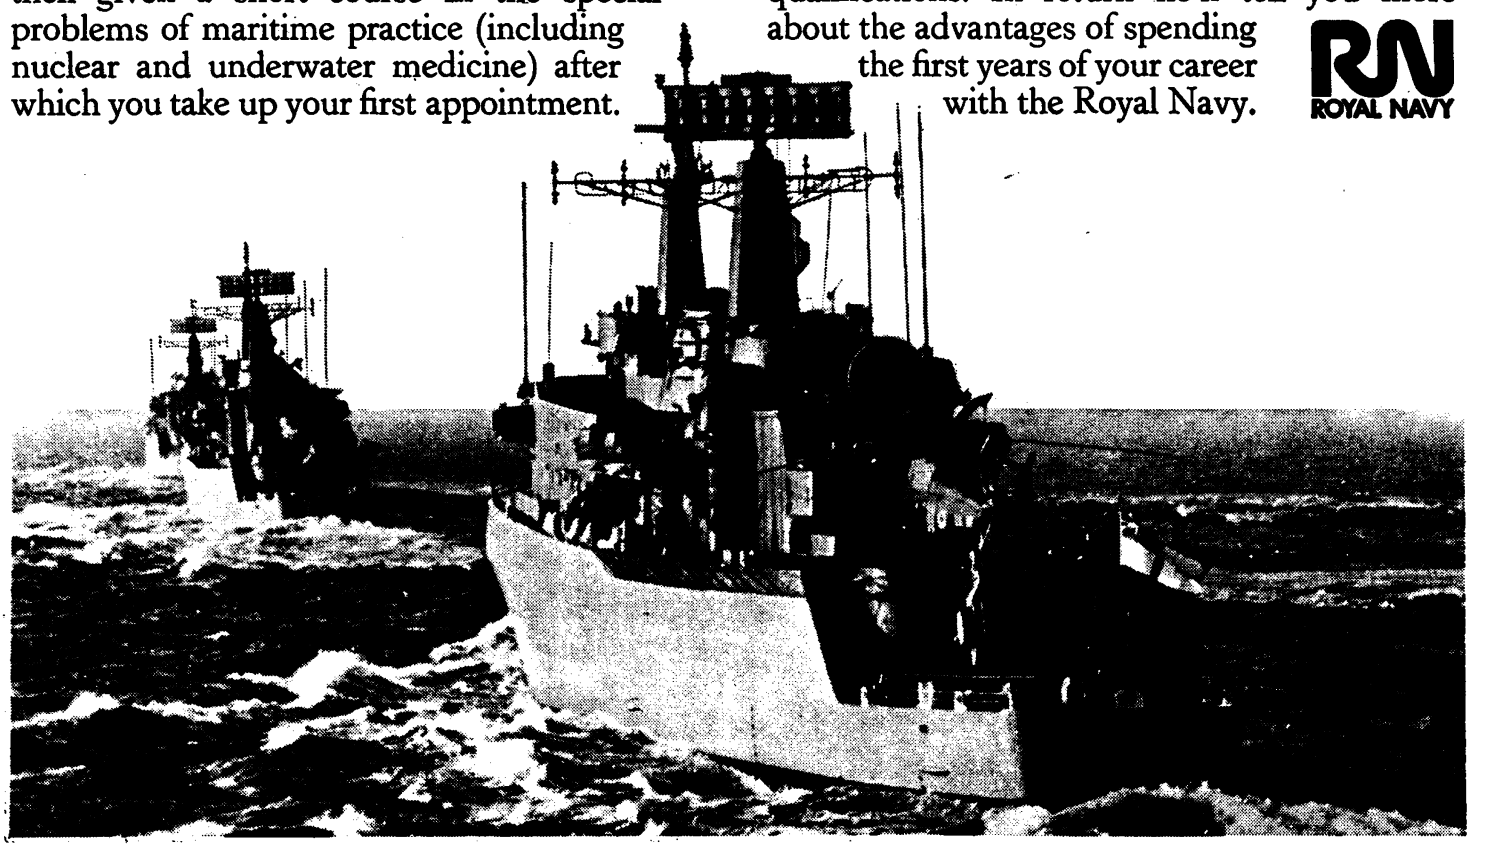
At sea, you would be looking after the health of a whole ship's company. Ashore, you may be looking after their families as well. (So we can even give you experience in obstetrics and paediatrics.)

And, at the end of your commission, you'll not only have a lot of useful experience and happy memories, but you'll also have a pretty useful tax-free gratuity. £1,500 after three years and £3,000 after five years.

Even if you're still at medical school, it's not too early to join us. Every year, we award about twenty-five Medical Cadetships to selected 2nd M.B. students. Each award pays for tuition fees and gives a salary of £1,814 a year in the rank of Surgeon Sub-Lieutenant. When you're registered, you're promoted to Surgeon Lieutenant and you begin your five-year commission.

Write now to Surgeon-Commander F. M. Kinsman, R.N., (724AA6), Dept. of the Medical Director-General (Navy), Empress State Building, London, S.W.6, and tell him your age and qualifications. In return he'll tell you more about the advantages of spending the first years of your career with the Royal Navy.

RN ROYAL NAVY



Flying. As well as being responsible for the medical care of aircrew, RAF doctors are encouraged to fly and thereby gain first-hand knowledge of the operational environments. Their responsibilities can also include aero-medical evacuation, by the RAF's remarkable long-range airborne ambulance service, using Britannias and VC10s of Air Support Command. In 1970 approximately 2000 patients were flown back to the United Kingdom. Equipment on the aircraft is most elaborate, and can include Radcliffe ventilators, dialysis machines, air-conditioned oxygen cots and a number of items specially designed by RAF consultants. A doctor—say a physician, a surgeon or an anaesthetist—may often be needed as part of the team to 'special' a patient.

Are you in your Pre-Registration Year

—or recently fully registered?

Before you commit yourself to your permanent pattern of life, consider what the Royal Air Force has to offer.

The chance to practise total medical care, as a GP

Your first job would probably be a Junior Medical Officer on a large RAF Station. There would be at least one other doctor. Between you, you would have a 'list' of 2000 to 3000 people—servicemen and their families. You would meet all the usual clinical problems of a GP—and get plenty of experience in pediatrics. As well as this, you would be actively involved in the practice of aviation medicine and gain experience in the preventive, occupational and social fields.

Conditions of work are extremely good. You would have a consulting room in a specially built *Medical Centre*—like a small hospital with its own treatment room, theatre and resuscitation room, and wards for a dozen or so short-stay patients. There is a full secretarial and nursing staff. Your clinical freedom would be absolute.

The chance to specialise, too

Because General Practice is so highly developed in the RAF, this does not mean you have no chance to specialise. The contrary is true. 47% of all RAF doctors are now working in specialist departments. On a 'full career' contract you have every opportunity to reach consultant status in your late or middle thirties—perhaps earlier.

The chance to study for higher qualifications

Any RAF doctor, whether specialist or GP (as long as he is not on the very shortest of contracts) can apply for six months study leave on full salary. On a permanent commission, he may have up to two years' external study leave.

The chance to travel

The RAF operates in many different conditions and climates. Abroad, the RAF doctor looks after RAF personnel and their families and, very often, the local population as well. Your gain in clinical experience would be marked.

The chance of a good social and family life

The RAF is a young community, with a full and active social life. There are facilities for almost every kind of sport and, which is most important, the time to enjoy your family while you are still a young man. Living conditions are excellent. If you are single you live in the Officers' Mess, which has all the amenities of a good hotel. If you are married, you will nearly always have a furnished house that goes with the job; rent for this is very modest; and it can save a large financial outlay at the beginning of your career.

A realistic pay scale

Pay is based on the average earnings of a civilian GP. Immediately after full registration, the present basic salary is £3668; after 5 years it rises to £4424; after 13 years to £5453. There are various other allowances; for instance, with children at boarding school the figures are £330 (net) for one child, £723 (net) for two children, £1194 (net) for three children. There are tax-free gratuities of £1500 after 3 years, or £3000 after 5 years. After service of 16 years or more there is a pension, payable for life, and a generous terminal grant.

For full information please write, giving your age, nationality, and date of full registration, to Group Captain J. G. Donald, OBE, MB, ChB, MRCGP, DTM&H, RAF, Ministry of Defence, 1-6 Tavistock Square (724KB4), London, WC1H 9NL. Or visit your nearest RAF Careers Information Office.

NORTHLAND HOSPITAL BOARD
New Zealand

Applications are invited from qualified Medical Practitioners for the whole-time position of:-

PSYCHIATRIST
Whangarei Base Hospital
Whangarei, Northland, New Zealand
Consideration will be given to an applicant who desires a part-time position with the right of private practice, in which case the basis of employment would be a matter of negotiation with the Board. It is probable that a house will be available for an initial period of 6 months.
The appointee will be responsible for the care and treatment of in-patients and out-patients at the Whangarei Base Hospital and shall provide an adequate consultant service at the Board's other institutions, including attendance of out-patients. There is an automatic 10 year salary scale for Specialists ranging from $NZ8,936 to $NZ12,033. The commencing salary will be decided by the Director General of Health according to experience and qualifications. Assistance with travelling expenses is available.
Further details, Conditions of Appointment and application forms may be obtained from the Secretary, Northland Hospital Board, P.O. Box 742, Whangarei, New Zealand. (H9260) 61-1

NORTHLAND HOSPITAL BOARD
New Zealand

WHOLE TIME
SURGICAL SPECIALIST
Whangarei Base Hospital, New Zealand
Applications are invited from suitably qualified Registered Medical Practitioners for the above position of whole time surgeon, Whangarei Base Hospital. Salary will be at a rate according to qualifications and experience within the following Specialist Salary Scale $8,936-$12,033 by nine automatic annual increments. Assistance with fares available for an overseas appointee. Whangarei Base Hospital is a modern 314 bed hospital acting as a central base for subsidiary hospitals serving a total population of 100,000.
Although the appointee will be involved in a general range of surgery, specialized experience in some field, such as vascular surgery, would be an advantage. He would be expected to contribute to a registrar training programme, and it is hoped to appoint a comparatively young surgeon. Although the appointment is whole time in the first instance, after three years the Board would view favourably any application for a part time appointment with the right of private practice.
Conditions of Appointment and application forms available from the Secretary, Northland Hospital Board, P.O. Box 742, Whangarei, New Zealand. Applications close with the Secretary on 25th February, 1972. (H9137) 61-1

Group presently consists of three British trained graduates with respective specialties in Anaesthetics, Ob-Gyn., and General Surgery. Applicant must be prepared to sit for Canadian Specialty Examinations. Please apply Box 3195 BMJ. 61-1

PSYCHIATRY RESIDENCY

The Department of Psychiatry of Queen's University, Kingston, Ontario, Canada, Dr. T. J. Boag, Head, offers a comprehensive training programme in the specialty of psychiatry. The course is a four-year one, meeting the training requirements of the Royal College of Canada, and leading to the Certification examination of the Royal College. The training facilities of the Department are fully accredited. Final year medical students in most Canadian and American medical schools may now apply to enter the first year of this programme as Straight Interns in psychiatry. Applicants from outside Canada will generally be required to have completed an approved internship before entering the course as first year Assistant Residents. The first two years of training are based on clinical experience in the settings of the general hospital, the mental hospital, and the child psychiatry units. The third and fourth years provide broader and deeper experience in general psychiatry with an emphasis on such fields as child and adolescent psychiatry, mental retardation, administrative psychiatry, community psychiatry, student mental health, alcoholism and addiction, forensics, research, and teaching. Experience and instruction in individual and group psychotherapy and family therapy are central in the programme. A comprehensive array of clinical and research facilities, conferences, seminars, and individual tutorship, together with a faculty actively interested in teaching and learning, make this a dynamic and stimulating programme.
Residency stipends range from $7,000 (£2,460) (straight intern) to $13,000 (£4,900) (chief resident). The Ontario Department of Health offers supplementary training bursaries and a career plan for those residents wishing to commit themselves to future work in community mental health facilities. Teaching, research, and travelling fellowships are available, stipends commensurate to the level of training involved.
Applications are presently invited for the academic year commencing 1st July, 1972. Trainees are registered as postgraduate students of Queen's University. There are no tuition fees. Enquiries and applications should be directed to: Dr. W. E. Powles, Director of Postgraduate Education, Department of Psychiatry, Queen's University, Kingston, Ontario. (H9134) 61-1

PSYCHIATRIST, eligible for Canadian certification, wanted to join a group of 11 doctors; 7 general practitioners, 2 surgeons, 1 medical specialist and 1 obstetrician and gynaecologist. FREMANTLE HOSPITAL

WESTERN AUSTRALIA

PATHOLOGY REGISTRARS

Applications are invited from medical practitioners registerable in Western Australia for two positions for Pathology Registrars — one to be appointed initially to the Department of Morbid Anatomy and the other to the Department of Haematology.

The appointments can be for a total period of up to three years, and are recognized as providing suitable training for candidates for the entrance examinations of the College of Pathologists of Australia.

Salary Range: $7,515 to $8,935 per annum (Registrar)*.
$9,540 per annum (Senior Registrar).

*A bonus of $200 will be paid after twelve months' satisfactory service.

Full board and lodging is available or married accommodation in modern self contained flats can be negotiated.

The Hospital would be prepared to sponsor an overseas applicant under the Commonwealth Migration Scheme. Some assistance with fares and removal expenses is available to an interstate appointee in return for a guaranteed period of service.

Fremantle Hospital is a 318 bed Teaching Hospital associated with the University of Western Australia and has modern well equipped laboratories. The Hospital is located at the Port City of Fremantle which is 12 miles from the Capital City of Perth. Further information regarding the State of Western Australia may be obtained from the Agent General for Western Australia, 115 The Strand, London.

Written applications stating age, marital status, qualifications, experience and the names and addresses of two referees should be forwarded as soon as possible.

A. J. Smith, Administrator

The first production of sulphadiazine
The launching of triamcinolone (Ledercort) and its anti-inflammatory derivatives

The isolation and synthesis of folic acid, leading to new drugs for cancer chemotherapy

The pioneering of enzyme activation (Varidase)

Benzhexol (Artane) to control Parkinson's Disease and drug-induced Parkinsonism

In all of these we led the way. And Lederle research is still at work, developing further drugs to help British doctors by providing ever-improving means of treatment.

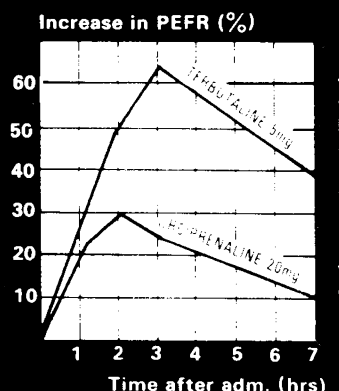
THE NEW BASELINE THERAPY

Bricanyl®

TERBUTALINE

EACH BRICANYL TABLET GIVES

- MORE THAN 7 HOURS ACTIVITY
- MAXIMUM BRONCHODILATATION
- ASSURED PATIENT RELIEF



Recommended oral doses of terbutaline and orciprenaline were compared in a double blind clinical trial at Sahlgrenska sjukhuset, Gothenburg
Scand. J. Resp. Dis. (1970) 51, 195-202.

5mg terbutaline was superior to 20mg orciprenaline, the dose recommended by the manufacturer, both regarding maximum effect and duration.

Astra Chemicals Ltd., Watford, WD1 7QR

Bricanyl
Bricanyl is a Trade Mark

whatever he calls it-
'lumbago'
'strained back'
'rheumatism'
'ricked back'
etc etc

Whatever *he* calls it, *your* diagnosis will probably be an acute musculoskeletal disorder.

'The terms "lumbago" and "sciatica" are time-honoured as being expressive of symptoms but they do not merit the status of a diagnosis.'
Low back pain and sciatica.
Update, 1970, 2, 1023 (Aug)

'Indocid' can help

And of course in the more specific musculo-skeletal disorders—bursitis, tendinitis, synovitis, tenosynovitis, capsulitis of the shoulder—'Indocid' can relieve pain, reduce inflammation, and increase mobility.

Supplied as 25 mg and 50 mg capsules, 100 mg suppositories, and a suspension (25 mg/5 ml).
Detailed information is available to physicians on request.
'Indocid' (registered trademark) contains indomethacin/MSD.

Adagio cantabile...e sostenuto

The diuretic you prescribe for patients needing long-term therapy should be gentle.

'Massive, rapid diuresis might produce considerable reductions in blood volume and blood pressure, which might be particularly dangerous in elderly patients.'*

Such a diuretic should be combined with a potassium supplement, but there is a risk of small bowel ulceration or obstruction when patients take preparations which release a large concentration of potassium ions in the small bowel.

CENTYL K reduces the risk by combining the highly effective diuretic, bendrofluazide B.P. (a Leo discovery) with a slow-release potassium chloride supplement to provide greater safety during long-term maintenance therapy.

conduct long-term diuresis with confidence

Centyl® K

the gentle diuretic

with slow-release potassium supplement

Centyl K tablets contain 2·5mg bendrofluazide B.P., and 573mg potassium chloride (= 8 mEq.) in a slow-release core. Available in packs of 100 tablets (10 bubble packs each of 10 tablets).
