Keflex **stops bronchitis in its tracts**

'KEFLEX' provides an outstanding clinical response in bronchitis. It is active against all the common bacterial pathogens causing acute exacerbations. The range of activity includes penicillinase-producing organisms, thus giving a greater chance of first time success. 'Keflex' controls infection quickly with low toxicity and minimum risk of adverse reactions.

So this winter, remember the 'K' in bronchitis stands for 'Keflex'.

DALMANE

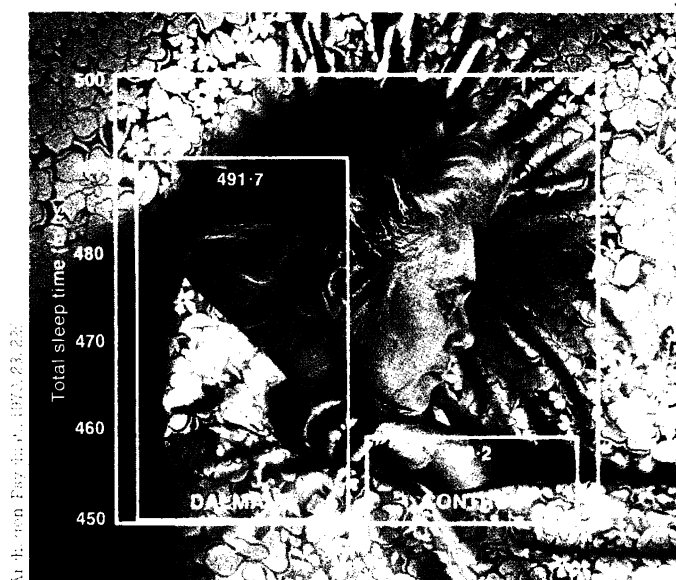

Getting to sleep

Patients asleep in less than half the time

Clinical trials¹⁻³ have shown that Dalmane cuts sleep latency – the time taken to get to sleep – by half. In one study³ Dalmane reduced the average sleep latency in a group of insomniacs from 36.2 minutes to 13.9 minutes.

Staying asleep

Average sleep of more than 8 hours

Dalmane increased the duration of sleep to – in one published study³ – an average of 8 hours 11.7 minutes in patients who had previously suffered from insomnia. Dalmane also reduces the number of nocturnal awakenings^{1,4} and the actual length of time spent awake during the night – from an average of 52.8 minutes to 24.3 minutes in one trial^{4,6}.

a new and powerful treatment for insomnia

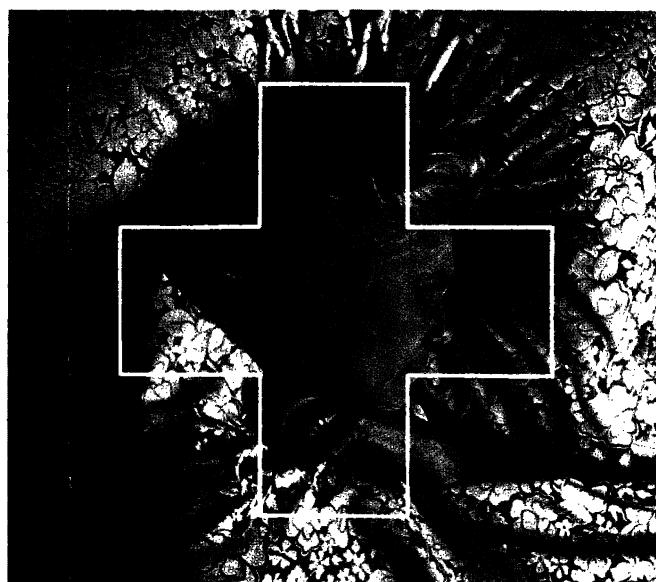

Patient Preference

Preferred by a greater number of patients⁵ – low incidence of side-effects

In one trial in which Dalmane was compared with glutethimide, of those patients who expressed a preference 81 per cent did so in favour of Dalmane, whilst only 19 per cent preferred glutethimide. This high level of patient preference is due to the ability of Dalmane to produce sound sleep with a low incidence of side-effects. Dalmane has been shown to produce less hangover than glutethimide in another trial⁶, than a barbiturate⁷, and, in one trial even a placebo – 9 cases with Dalmane, 25 with placebo⁸.

Safety

A non-barbiturate treatment for insomnia with a wide margin of safety

Dalmane has an extremely high mean lethal dose in mice and rats⁹, thus suggesting that overdosage would be unlikely to present undue problems of management or threat to life. Human toxicity studies¹⁰ in which healthy men were given large doses of Dalmane for some time confirmed that it is well tolerated and produces no unwanted systemic effects.

Ceporex beats bronchitis

Bronchitis means the loss of millions of working days.

This winter, as every winter, you can expect to see a number of new patients with acute bronchitis.

This winter, too, you'll be seeing a lot of familiar faces—your regular chronic bronchitic patients.

Ceporex can help all your bronchitic patients.

Ceporex is cephalexin, the broad spectrum antibiotic from Glaxo. With a success rate of 94% in acute bronchitis and 87% in acute exacerbations of chronic bronchitis.*

Prescribe Ceporex this winter.
You'll help get rid of bronchitis.
Safely and surely.

Ceporex is available as tablets, capsules and syrup in 250mg and 500mg strengths.

Glaxo

Literature on Ceporex (trade mark) is available from Glaxo Laboratories Ltd Greenford, Middlesex, UB6 0HE

ASTRA

Astra Chemicals Limited Watford

Alistair is an he has only one

It's all around him, all the time yet, he's never seen it. Because at only 0.3mm in length, the common dust mite doesn't advertise itself.

Yet this minute creature is responsible for a disabling disease in an estimated 300,000 Britons. Now, at last, there is a new answer. A short immunisation course that is simple and very effective. A fundamental treatment that for the first time gives you, the family doctor, real control over this type of allergic asthma. And a new quality of life for your asthma patients.

Migen is effective. Allergy has always been recognised as one of the most common causes of asthma. Recently it has been established that the most important allergenic factor in house dust is the house dust mite; in fact, more than 90% of house dust sensitive patients are sensitive to house dust mite. And, "The rise in the mite content of dust from September to October has been shown to be directly related to an increase in asthma during this period."*

Migen immunises against the house dust mite. Immunisation against this powerful allergen raises the patients' overall level of tolerance. If he is multi-sensitive, he may well find that he no longer reacts to contact with other allergens which have previously provoked attacks. And the stress caused by fear of attack is reduced.

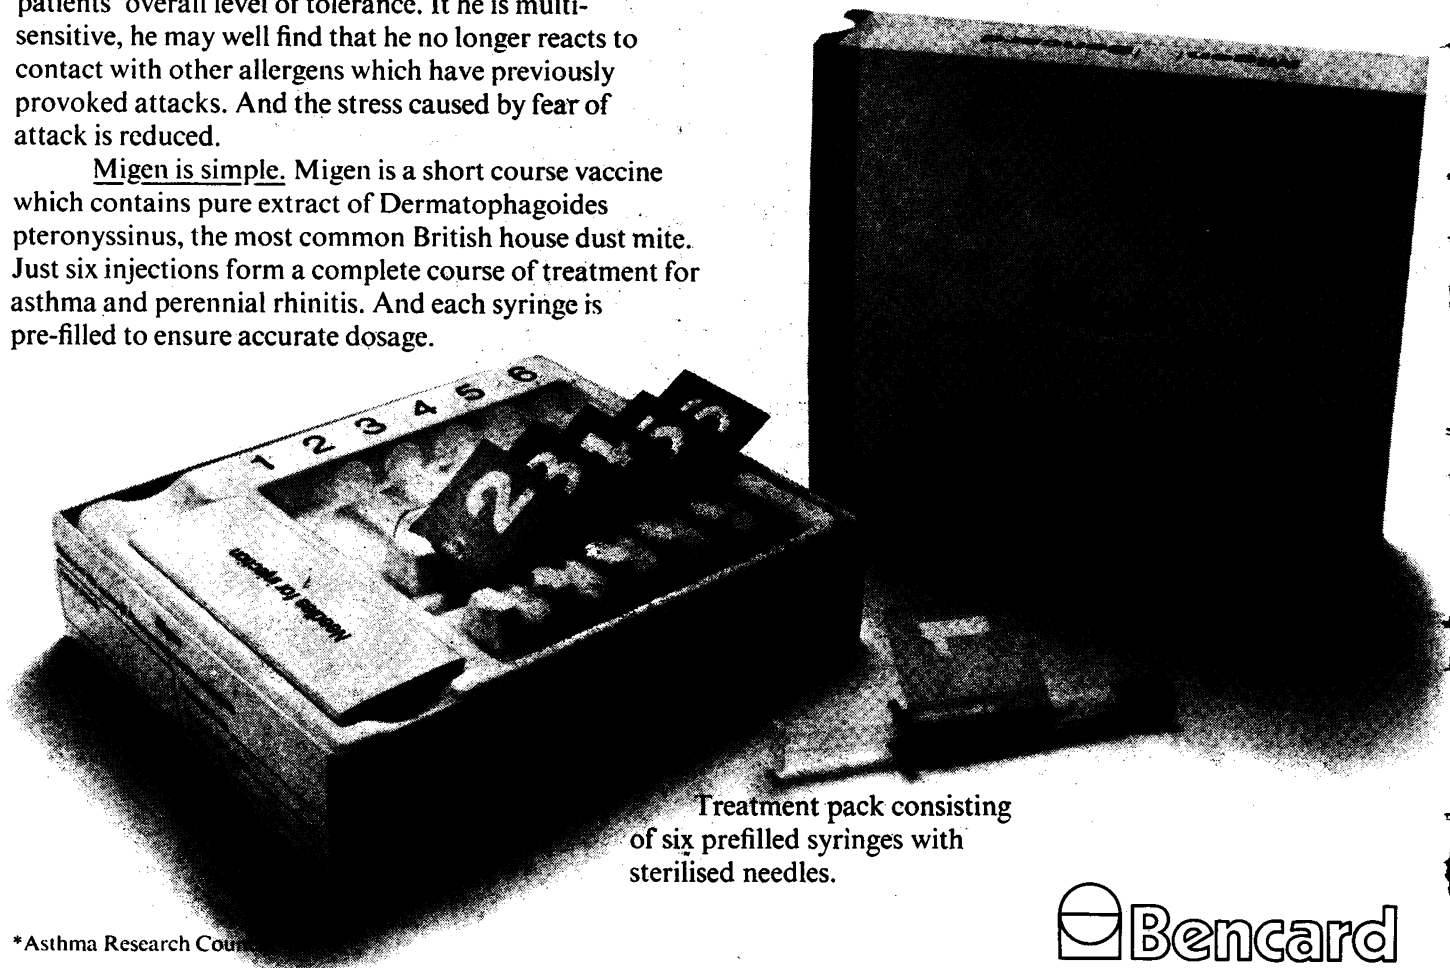

Migen is simple. Migen is a short course vaccine which contains pure extract of *Dermatophagoides pteronyssinus*, the most common British house dust mite. Just six injections form a complete course of treatment for asthma and perennial rhinitis. And each syringe is pre-filled to ensure accurate dosage.

Migen – minimal side effects. Migen's active material is released slowly but completely for maximum efficiency and minimum risk of adverse effects. Migen is adsorbed onto tyrosine, a naturally occurring amino acid, fully metabolisable in the human body.

Migen is a Bencard product. Prepared by Bencard, leaders in allergy research, Migen is the first asthma treatment to give you control over your asthma patients. Migen may usually be prescribed on the basis of a careful case history, no complicated testing techniques are necessary. However a simple confirmatory skin test kit is available on request, together with patient record cards and advice notes.

Migen. Many products have been advocated for use in the treatment of asthma. Most have drawbacks that you and your patients suffer for the sake of some relief. Now Migen offers an opportunity to treat asthma simply and effectively.

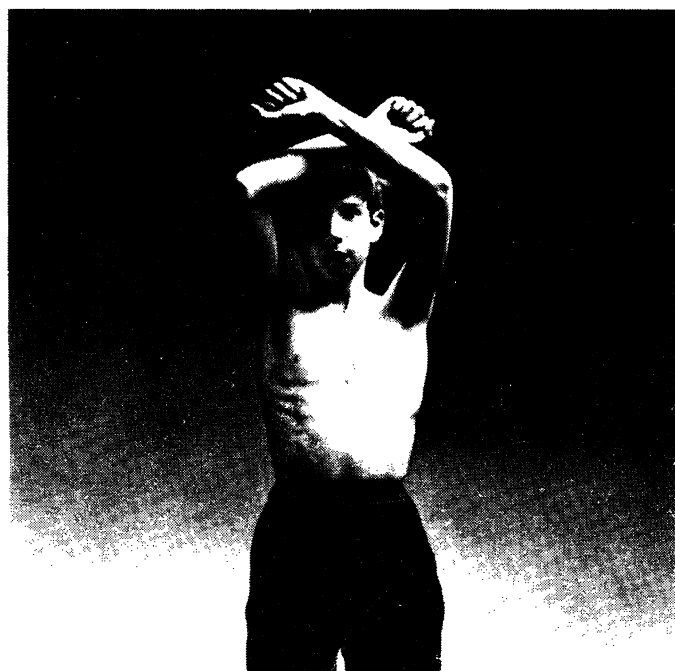

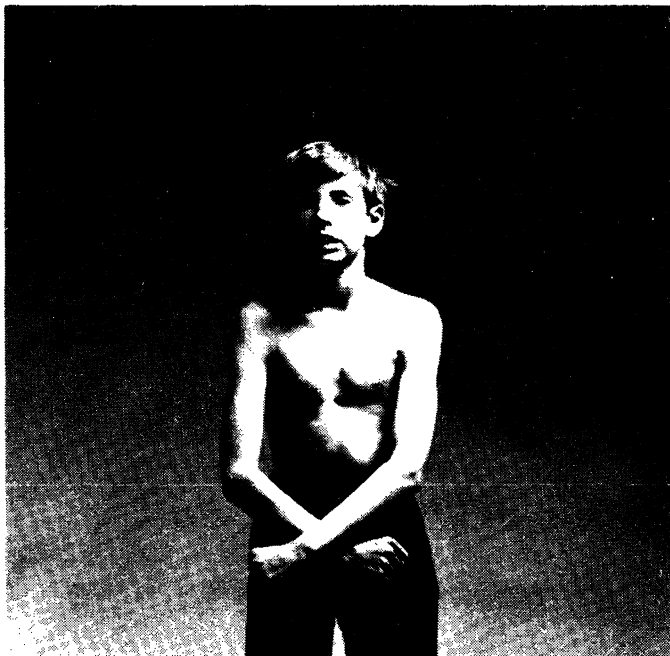

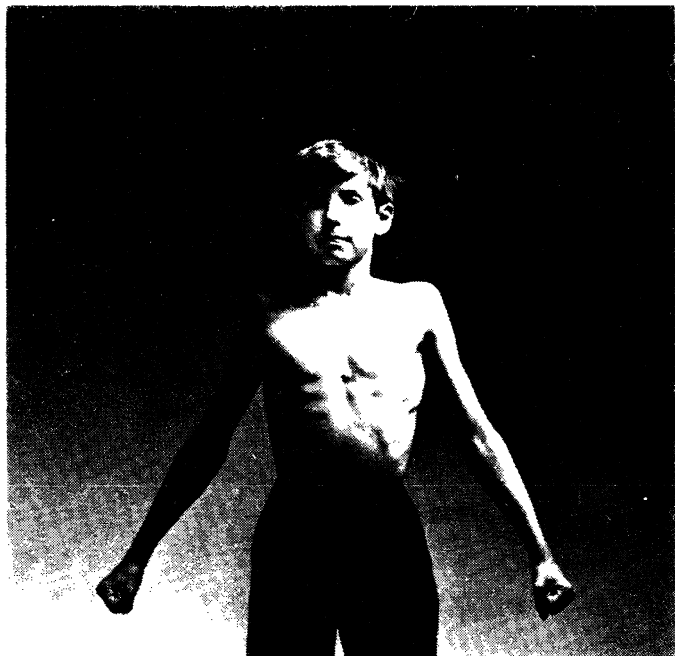

Allergy has always had a strong hold on the asthmatic. From today a powerful and very common

Treatment pack consisting of six pre-filled syringes with sterilised needles.

 Bencard

Asthmatic, the real enemy.

allergen can be controlled from your surgery, with Migen. It's asthma immunisation made easy.

Full information on Migen (regd.) is available on request from Bencard, Great West Road, Brentford, Middx.

"Windmills." A shoulder loosening exercise designed to aid asthmatics. The child should stand with weight thrown forwards onto the ball of the foot, making sure that his head is kept straight at all times. Breathing should be natural with the mouth shut.

Dalacin C

clindamycin

uncommonly effective
in serious infections

The properties of Dalacin C make it a suitable choice in infections caused by staphylococci, streptococci and pneumococci

- **dependable anti-staphylococcal action** "It is interesting that since 1965 we have examined about 5,000 strains of *Staph. aureus* isolated from inpatients of this hospital and have found only three resistant to . . . clindamycin."¹
- **effective high serum levels** "Normal dosage of clindamycin produces serum levels greatly in excess of the MIC needed for all the streptococci, diplococci and staphylococci tested with the exception of most of the strains of *Strept. faecalis* and one strain of *Staph. aureus*."²
- **non-interference by food intake** "... it has the significant advantage that its absorption is not decreased when taken with meals."³
- **high activity at site of infection** "It can be seen that clindamycin attains levels in most body tissues and fluids which are considered therapeutic for the Gram-positive organisms commonly associated with diseases affecting these tissues."⁴

Supplied:

Dalacin C Capsules

ADULTS: 150 mg. Capsules Each capsule contains clindamycin hydrochloride hydrate equivalent to 150 mg. clindamycin base in bottles of 16, 100, and 500.

CHILDREN: 75 mg. Pædiatric Capsules Each capsule contains clindamycin hydrochloride hydrate equivalent to 75 mg. clindamycin base in bottles of 16, 100, and 500.

Dalacin C Pædiatric

When the contents of the bottle are suspended in the quantity of purified water indicated on the label, each 5 ml. contains clindamycin palmitate equivalent to 75 mg. clindamycin base. Supplied in 100 ml. bottles.

LINCTIFED EXPECTORANT

effective expectoration in bronchitis

Uncle Jim is Cousin Fred

When lack of concentration appears in old age, the problem is often likely to be of organic origin. In particular, the patient may even confuse 'who's who' in her family—as well as suffer simpler lapses of short-term memory. Lucidril can end this confusion by an action that does not depend on improving the blood supply to the brain.

Lucidril gets the deteriorating brain

working again. Firstly, it stimulates the metabolism of the brain, probably through different pathways. Secondly, it removes the lipofuscin pigments which are a concomitant of old age and which may impair cellular metabolism.

Lucidril thus improves mental function; as a recent clinical paper has pointed out:

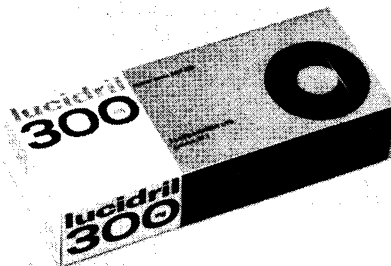

"These preliminary results (with

Lucidril) are encouraging, because they indicate that the intellectual impairment exhibited by such patients may be reversible, even when the underlying causes are presumably of an organic nature, such as cerebral arteriosclerosis."

* Copies of the paper Age and Ageing, (1972), 1, 74 and any further information are available on request.

Before you prescribe another bronchodilator, read this.

Asthmatic attacks in older patients can be serious.

They may damage lung tissue and affect the ability to expel pus and phlegm. This can lead to chronic infection.

Bronchodilator aerosols help, but usually only when much of the damage has been done.

Often they don't get through to the affected areas and succeed only in hyperventilating unaffected areas.

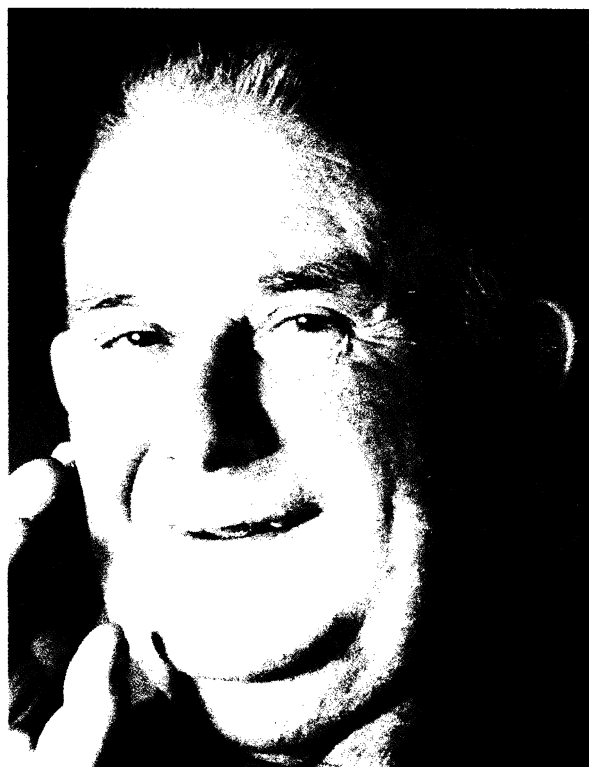

The patient may panic, overdose, and this may result in cardiac stimulation.

Only Intal prevents the attack and eliminates these problems.

With Intal, there is no danger of side effects, no risk of misuse and no diminution of therapeutic effect.

Put them on Intal.
Give them a fighting chance.

He's back with a

There's now considerable evidence to show that Amoxil is more effective than other broad spectrum antibiotics in the treatment of chest infections.^{1,2,3,4}

There are some good reasons for this:

Firstly, Amoxil is extremely well absorbed by the oral route,⁵ attaining high bactericidal concentrations.

And secondly, the overall absorption is unaffected by the presence of food⁵ which means your patient doesn't have to remember to take Amoxil half an hour or whatever before meals.

Couple this with Amoxil's apparently excellent ability to penetrate into bronchial secretions^{3,6}, and you've probably explained why Amoxil out-performs other broad spectrums.^{1,2,3,4}

When menstruation occurs do young girls want your help?

Adolescence is nowhere near as frightening when young girls are prepared for it. And preparing them for menstruation is simplified when you use the illustrated charts and booklets provided free by Tampax Limited. The coloured charts, prepared by R. L. Dickinson, M.D., graphically help them to understand the changes taking place in their bodies. These charts are laminated in plastic for permanence and suitable for grease pencil marking and erasure. The booklets – one for beginning menstruants, the other for older girls – tell them what menstruation is – and how easily they can adjust to it normally and naturally.

In just five years, more than 28,000 charts and 400,000 booklets have been requested by doctors and nurses to prepare youngsters for menstruation – and to help dispel the fears that made them think of menstruation as the "curse".

The Tampax tampon embodies a number of distinctive features to provide the utmost in menstrual protection. Designed for intravaginal use, it is softly compressed for efficient absorption and maximum comfort. It's placed in correct position hygienically by means of a satin-smooth container-applicator, prelubricated to facilitate insertion. It expands in three dimensions for complete protection. Its removal cord is chain stitched, for safety, to the entire length of the tampon. Both tampon and applicator are readily disposable in the toilet.

Because Tampax tampons are worn internally, there's no irritation, no chafing, no embarrassing menstrual odour. And for sports-active girls, particularly swimmers, tampons are a must.

Tampax tampons are available in Regular and Super absorbencies, with explicit directions for insertion and use enclosed in each package.

Please order your charts and booklets by writing to the address below.

**How much Caved-S can an
intractable duodenal
ulcer patient take?**

**For a full year without relapse,
12 tablets a day for up to 16 weeks***

The Practitioner

June 1973 Vol. 210 pp. 820-823

* This dosage regimen was established in a recent trial of Caved-S on patients all with intractable duodenal ulcer and a history of more than six relapses in the year prior to the trial. Of twenty patients receiving 12 Caved-S tablets a day for 16 weeks, 12 had no relapse in a full year's follow-up, and the other 8 had two or one relapse in the follow-up year. All these patients had actually been referred for surgery, but surgery was avoided in all cases. Another similar group of 20 patients received 8 Caved-S tablets a day for 8 weeks - the condition of patients selected was too serious for controls with a placebo. Of this second group 3 had no relapse, 7 up to two relapses, and 10 up to 4 relapses in a year's follow-up.

No significant side effects occurred. Only one patient discontinued treatment, and he later resumed treatment successfully.

The authors conclude:

"Caved-S... should be given in high dosage before surgery is attempted in patients with duodenal ulcer who fail to respond to a low dose or other treatments."

MUCODYNE[®] IS MUCODYNAMIC

Electrophoretic pattern of mucus typical of chronic bronchitis — sialomucin content is low.

Same patient after 10 days' treatment with Mucodyne — proportion of sialomucins is greatly increased.

reverses pathological changes in mucus composition.

One of the reasons mucus becomes sticky is that under pathological conditions the relative proportions of such constituents as sialomucins are altered. One of the reasons MUCODYNE is so effective in clearing mucus congestion is that it can reverse these changes. By achieving this and also reducing inflammation in the respiratory mucosa, MUCODYNE is able to remove sticky mucus 4 days faster* than bromhexine. This mucodynamic approach to the problem of chest trouble thus brings your patient relief much earlier than would have otherwise been expected.

**reduces hyperplasia of the respiratory mucosa.
restores a bronchial secretion the cilia can cope with.**

MUCODYNE

Carboxymethylcysteine

**removes sticky mucus 4 days faster than
comparable treatment.**

*Current medical Research and Opinion. (1973). i. 219.
MUCODYNE is a flavoured syrup containing 5% w/v of S-Carboxymethylcysteine.
It is available in bottles of 200ml.

Bencard inject commonsense into the hay fever picture

Pollinex is a new vaccine from Bencard consisting of a course of only three injections. These are administered pre-seasonally and protect the hay fever patient right through the summer. Pre-filled disposable syringes ensure trouble-free administration and accuracy of dosage.

This commonsense approach to preventive therapy results from two recent advances in allergy research by Bencard. Firstly, the grass pollen extracts are modified by a unique process

so that unwanted side-effects are largely eliminated without diminution of antibody production. Secondly, the modified material is adsorbed on to a natural base which is metabolised in the body.

Pollinex provides safer, simpler, immunological treatment of hay fever, so more patients can experience the relief which comes from preventive therapy.

Pollinex is directly available from stock on an E.C.10 – and can be prescribed any time from now till early April.

Pollinex

Commonsense in hay fever

Further information is available from Bencard, Freeport, Brentford, England.

ROYAL COLLEGE OF PHYSICIANS
TEACH-IN
5TH FEBRUARY, 1974

Teach-In sessions for Junior Hospital Staff, including pre-registration house officers, are being arranged at the Royal College of Physicians on the first Tuesday of each month at 8.00 p.m. The programme on Tuesday, 5th February, 1974, is as follows:—

GENERAL PRACTICE TRAINING POSTS

See also p. xviii

BIRMINGHAM REGIONAL HOSPITAL BOARD East Birmingham Hospital

VOCATIONAL TRAINING SCHEME FOR GENERAL PRACTICE

Applications are invited for two posts in the above scheme commencing on 7th July, 1974 (full registration by this date is essential). The scheme which is recognized for the M.R.C.G.P. consists of two years at Senior House Officer level in Hospitals of the East Birmingham Group followed by one year in a local training practice. East Birmingham Hospital is a large rapidly developing district general hospital. The hospital posts included in the scheme are Paediatrics (recognized for D.C.H.), Obstetrics (recognized for D.R.C.O.G.), Communicable Diseases (with in-patient and out-patient sessions in Dermatology), and Geriatrics (with two sessions per week in Psychiatry). The Department of Communicable and Tropical Diseases is closely linked with the University of Birmingham. The Geriatric Department has recently moved into new accommodation and there is also a new Obstetric Block at Solihull Hospital. Excellent postgraduate facilities (including a hospital library) are available and the scheme is run in conjunction with the Regional Adviser in General Practice who organises further postgraduate meetings. Full details of the scheme and of the hospitals concerned together with application forms may be obtained from: Professor B. V. Morgan, Postgraduate Tutor, East Birmingham Hospital, Bordesley Green East, Birmingham B9 5ST. Closing date for applications 16th February, 1974. (22432) 22

UNIVERSITY AND RESEARCH APPOINTMENTS

EASTERN HEALTH AND SOCIAL SERVICES BOARD

LOCUM TENENS TUTOR REGISTRAR IN PAEDIATRICS

Required for the period ending 31st July, 1974, at hospitals administered by the Eastern Health and Social Services Board based at the Royal Belfast Hospital for Sick Children. The post is non-identical.

The appointment will be made jointly with the Queen's University and the duties will consist partly of clinical duties and partly of teaching and other University duties as Tutor. Applications giving three referees, as soon as possible to the Personnel Department, Eastern Health and Social Services Board, Londonderry House, Chichester Street, Belfast, BT1 4RH. (H17767) 25

ROYAL POSTGRADUATE MEDICAL SCHOOL Hammersmith Hospital

Applications are invited for appointment as LECTURER OR SENIOR LECTURER (Endocrinology and Metabolism) in the Department of Medicine with an honorary consultant contract with Hammersmith Hospital. The appointee will be responsible for clinical care, research and teaching in this subject. The appointment will be available from 1st October, 1974. Salary in range £5,085—£7,599 per annum. Further details from Professor C. C. Booth, Director, Department of Medicine. Applications, enclosing three copies of curriculum vitae and naming two referees, by 28th February, 1974, to the Secretary, Royal Postgraduate Medical School, Hammersmith Hospital, DuCane Road, London W12 0HS. Quoting reference 2/21-BMJ. (22608) 25

INSTITUTE OF BASIC MEDICAL SCIENCES Royal College of Surgeons of England and British Postgraduate Medical Federation (University of London)

BERNARD SUNLEY RESEARCH FELLOWSHIP

Applications are invited for three Bernard Sunley Research Fellowships, tenable for a period of one year, to pursue research in one of the Departments of the Institute (Anatomy, Biochemistry, Pathology, Pharmacology or Physiology). Applicants should be of the grade of Registrar, and the salaries paid to the Fellows will approximate to those paid on the N.H.S. Registrar Scale. The proposed plan of research will require the approval of the Head of Department concerned, and the appointments may involve some teaching duties.

Applications (three copies) setting out age, qualifications, etc., and outlining proposed research programme, should be forwarded by 1st April, 1974, to Mr W. F. Davis, Secretary, Institute of Basic Medical Sciences, Royal College of Surgeons of England, Lincoln's Inn Fields, London W.C.2. (H17804) 25

ST. MARY'S HOSPITAL MEDICAL SCHOOL (University of London) Paddington, London W21PG

Applications are invited for the appointment of

SENIOR LECTURER

IN GYNAECOLOGICAL ENDOCRINOLOGY from persons with a higher qualification (M.R.C.O.G. or M.R.C.P.) and some experience in clinical and diagnostic endocrinology who wish to specialize in reproductive medicine. Duties will include clinical work, teaching and research jointly within the Department of Obstetrics and Gynaecology and the Department of Chemical Pathology. Salary on Clinical Senior Lecturer scale £4,389/£6,213 p.a. together with superannuation under the F.S.S.U. Applications should be sent by 4th February, 1974 to The Secretary, from whom application forms and further details should first be obtained. (22475) 25

THE LONDON HOSPITAL MEDICAL COLLEGE (University of London)

JUNIOR LECTURER IN MEDICAL MICROBIOLOGY

Applications are invited from medical graduates for the appointment of Junior Lecturer within the Department of Medical Microbiology which is under the direction of Professor D. Williams. This post provides training facilities in Medical Microbiology and opportunities to engage in research. Duties will also include commitments in the service laboratories of this specialty in The London Hospital Group. Salary £2,787 per annum together with superannuation under the F.S.S.U. or N.H.S.

Applications (three copies), together with the name of a referee, to the Secretary, The London Hospital Medical College, Turner Street, London E1 2AD by 15th March, 1974. Further details may also be obtained from the Secretary. (22555) 25

THE LONDON HOSPITAL MEDICAL COLLEGE (University of London)

LECTURER

IN MEDICAL MICROBIOLOGY Applications are invited from medical graduates who have passed Primary M.R.C.Path. or its equivalent, for the appointment of Lecturer within the Department of Medical Microbiology which is under the direction of Professor J. D. Williams. Duties will include teaching of both undergraduates and postgraduates, research and commitments in the service laboratories of this specialty within The London Hospital Group. Initial salary within the range £3,012/£4,688 together with superannuation under the F.S.S.U. or N.H.S.

Applications (six copies) prepared by candidates including curriculum vitae, together with names of two referees, to the Secretary, The London Hospital Medical College, Turner Street, London E1 2AD, by 22nd February, 1974. Further details may also be obtained from the Secretary. (22556) 25

THE LONDON HOSPITAL MEDICAL COLLEGE (University of London)

SENIOR LECTURER IN MEDICAL MICROBIOLOGY

Applications are invited from medical graduates holding the appropriate higher qualification for the appointment of Senior Lecturer (with Honorary Consultant Contract) within the Department of Medical Microbiology which is under the direction of Professor J. D. Williams. Duties will include teaching of both undergraduates and postgraduates, research and commitments in the service laboratories of this specialty within The London Hospital Group. Initial salary within the range £5,085/£7,599 together with superannuation under the F.S.S.U. or N.H.S.

Applications (six copies) prepared by candidates including curriculum vitae, together with names of two referees, to the Secretary, The London Hospital Medical College, Turner Street, London E1 2AD, by 22nd February, 1974. Further details may also be obtained from the Secretary. (22557) 25

THE MEDICAL COLLEGE OF ST. BARTHOLOMEW HOSPITAL West Smithfield, London EC1A 7BE

Applications are invited from Medical Graduates for the post of

LECTURER IN PHARMACOLOGY

tenable as from 1st April, 1974, or as soon thereafter as possible. The Lecturer would be expected to undertake teaching in Pharmacology under the direction of the Head of Department to 2nd M.B. and B.Sc. students and, when required, to participate in teaching aspects of Pharmacology to clinical students. The Lecturer will be expected to maintain his clinical contact and time will be allocated for this purpose.

The Lectureship provides an opportunity to undertake research for a Higher Degree (M.D. or M.Phil. Ph.D.). It is hoped that the research would be areas linking the scientific with the clinical aspects of the subject. Salary Scale £1,929 — £4,548 + £162 London Allowance.

Applications forms, obtainable from The Secretary of the Medical College, should be returned to the Dean not later than the 15th February 1974. (H17741) 25

THE UNIVERSITY OF MANCHESTER

LECTURER IN MEDICINE

Applications invited from Registered Medical Practitioners with higher qualifications for this post in the Professional Unit of the University Hospital of South Manchester. The appointee will be expected to undertake clinical, research and teaching duties at the Withington Hospital and to a lesser extent to the Christie Hospital. A special research interest in connective tissue metabolism and gastroenterology would be desirable but not essential. Appropriate N.H.S. grading will be attached to this post. Duties commence as soon as possible. Salary range p.a. £2,535 — £5,361. F.S.S.U. Further particulars and application forms should be returned by 6th February from the Registrar, The University of Manchester, M13 9PL. Quote ref: 2/74/JMB. (22441) 25

UNIVERSITY COLLEGE CORK

AINSWORTH SCHOLARSHIP

Applications for the above postgraduate scholarship are invited from young male medical doctors who intend to practice their profession in Ireland and who are medical graduates of University College Cork. Full particulars of the scholarship and of its award may be obtained from the President of the College. The latest date for the receipt of applications by the President is Friday, 22nd February, 1974. (H17789) 25

THE UNIVERSITY OF NOTTINGHAM and Nottingham University Hospital Management Committee General Hospital, Nottingham

Combined Posts of DEMONSTRATOR In Department of Human Morphology University of Nottingham

SENIOR HOUSE OFFICER In the Accident and Emergency Department Nottingham General Hospital Applications are invited for four of the above combined resident posts. The appointments are for one year and successful applicants will have a one day attachment to Professor Coupland's Department of Human Morphology at the Nottingham University Medical School.

Two posts will rotate into the Orthopaedic Department in the second six months while still continuing the one day attachment at the Department of Human Morphology, if required.

Holders of these posts who complete the year satisfactorily will then be considered for inclusion in Surgical training programmes at Senior House Officer and Registrar level in the Nottingham Hospitals.

Posts are recognized for F.R.C.S. There is an active postgraduate training programme including primary and final fellowship courses. N.H.S. Superannuation. Married accommodation may be available.

Further information may be obtained from Professor R.E. Coupland, Department of Human Morphology, University of Nottingham, P.O. Box 1, P.A. Weston, Consultant-in-Charge, Accident and Emergency Department, Nottingham General Hospital.

Applications giving full details and naming two referees to Group Personnel Officer, Harvey Court, University Hospital, Nottingham. (50215) 25

THE QUEEN'S UNIVERSITY OF BELFAST

UNIVERSITY OF NOTTINGHAM
Medical School

CHAIR OF PHARMACOLOGY
The University of Nottingham invites applications from registered medical practitioners for a new Chair of Pharmacology which has been established initially within the Department of Physiology in the Medical School. The salary will be within the appropriate Professorial range with membership of F.S.S.U.

The Department of Physiology was established in the new Medical School in 1968 and is currently housed in recently built accommodation. Very good physical facilities will be available for the Professor of

Pharmacology and his supporting staff in the new Medical Sciences Building which is approaching completion. The first medical students entered the University in October 1970 and clinical training began in 1973. It is hoped that the Professor of Pharmacology will be able to take up his appointment as soon as possible.

Full particulars of the appointment, together with copies of relevant documents concerning the Medical School and application forms, may be obtained from the Senior Assistant Registrar, Medical School, University Park, Nottingham NG7 2RD. Applications should be returned by the 1st March, 1974. (22603) 25

UNIVERSITY OF QUEENSLAND
Australia

**DIRECTOR
OF THE UNIVERSITY
HEALTH SERVICES**

The University invites applications for the post of Director of the University Health Services. The successful applicant who must hold a medical qualification registrable in Queensland will be responsible to the Deputy Vice-Chancellor (Academic) for the management and development of the Health Service, which forms part of a complex of advisory services to students. He will also be responsible for medical advice to University authorities on a number of matters, such as fitness for appointment of University staff, the management of the invalidity scheme, and medical certificates presented by students in connection with examinations and related matters.

Salary is \$A19,102 per annum, and the University provides travelling and removal expenses, superannuation similar to F.S.S.U., and housing assistance.

Additional information and application forms are obtainable from the Secretary-General, Association of Commonwealth Universities (Apts), 36 Gordon Square, London WC1H 0PF.

Applications close in London and in Brisbane on 28th February, 1974. (22476) 25

COMMERCIAL APPOINTMENTS

CLINICAL ADVISER

Home Counties

Applications are invited for the post of Clinical Adviser with a well established British subsidiary of an International company. The successful applicant will be joining a team of highly qualified doctors whose major responsibility is to collaborate with leading U.K. clinicians in research projects on new and existing drugs. Applicants should hold a higher medical qualification such as M.R.C.P. or M.D. with an interest in research or in the pharmaceutical industry and will probably be over 30. The company is located in an attractive part of the home counties and there will be opportunities for foreign travel.

The importance of the position will be reflected in the benefits provided. A high starting salary, commensurate with experience and qualifications, will be paid plus valuable fringe benefits including car, non-contributory pension scheme, annual bonus and BUPA membership.

Replies will be forwarded direct, unopened and in confidence to the client unless addressed to our Security Manager listing companies to which they may not be sent. They should include comprehensive career details, not refer to previous correspondence with P.A. and quote the reference on the envelope. (Ref: A8862/BMJ).

P A ADVERTISING LIMITED

2 Albert Gate, London SW1X 7JU. Tel: 01 235 6060

22384-34

UNIVERSITY OF WESTERN AUSTRALIA
Perth

Applications are invited for appointment to a
CHAIR IN OPHTHALMOLOGY

This new Chair has been established with the support of the Royal Perth Hospital and the Lions Save Sight Foundation in the Department of Surgery (Professor B.N. Catchpole). Applicants should be medical graduates with a higher qualification in Ophthalmology and eligible to register as medical practitioners in Western Australia. The appointee will work at the Royal Perth Hospital which is the major teaching hospital in the University comprising 1,004 beds. The salary for a Professor is \$A19,102 p.a. plus a differential of \$A3,000 p.a. for clinical responsibilities. Benefits include superannuation similar to F.S.S.U., fares to Perth for appointee and dependent family, removal allowance, study leave and long service leave and housing loan scheme. Further information may be obtained from the Staffing Officer in the University, or from the Association of Commonwealth Universities (Apts), 36 Gordon Square, London WC1H 0PF.

Applications in duplicate stating full personal particulars, qualifications, experience and the names and addresses of three referees should reach the Staffing Officer, University of Western Australia, Nedlands, Western Australia, 6009, by 16th February, 1974. (22472) 25

A Medical Adviser now ?Medical Director in 5 years

Brocades Great Britain have retained AIMA to recruit for a new post. We have thoroughly investigated the post and consider it an exciting opportunity for the right man—experienced or not.

The Job—To be head of an already existing medical department. We have met the Clinical Liaison Officer and the Medical Information Officer, who will be part of the department, (the Medical Adviser will appoint his own secretarial staff), as well as the Pharmaceutical Adviser. They will all welcome the new departmental head and will help him to settle down in this new post. The successful man will be able to make a career with one company, possibly leading to the post of Medical Director in about 5 years.

The Locality—West Byfleet is about 35 minutes from Waterloo. A very pleasant place with good housing and a relaxed atmosphere.

The Brocades Team—work closely and enthusiastically together. A smallish unit—almost a family atmosphere.

The Man—Personality and natural ability are more important than experience. Full training will be given to a new-comer. He must be capable of growing with the department.

The Reward—will vary according to experience but will be more than sufficient to tempt either a Senior Registrar, young Consultant or someone already in the industry. Quote Ref. BMJ/100.

Experienced Medical Advisers with an International Flavour— Holland

Gist Brocades—nv of Delft, Holland have retained AIMA to recruit a number of Medical Advisers to help them with the increasing amount of work brought about by their own growth and their involvement in the E.E.C.

One of these applicants may possibly be appointed as deputy to the Medical Director, who is becoming increasingly involved in international committee work.

The medical department is well organised into various divisions, each one in the charge of a Medical Adviser, who normally rotates amongst the divisions.

There is an International School nearby at The Hague (which is within commuting distance) and local English residents would be able to provide social contacts.

A willingness to learn Dutch is required and a knowledge of German and/or French would be useful. There is a certain amount of international work for those who are interested.

We have met the Medical Director and feel that well-balanced, experienced applicants with an ability for languages would find these jobs very rewarding.

SALARY—about £10,000 (or more for exceptional people). Quote Ref. BMJ/101.

Interested applicants should send all their details to:
AIMA (Europe) Limited 7 Kendall Place, London W1H 3AG.

Applicants should have had at least one year's experience in Paediatrics. Salary on scale £2,538 — £4,875 with initial placing according to qualifications and experience.

Further particulars from The Secretary, The University, Aberdeen, with whom applications (2 copies) should be lodged by 9th February, 1974. (H17731) 25

THE WELLCOME TRUST

TRAVELLING RESEARCH FELLOWSHIPS

TO

WESTERN AND EASTERN EUROPE 1974/75

Applications are invited from British research workers for the award of Wellcome-European Research Fellowships for 1974/75. These awards include the Trustees' special fellowships to Denmark, Germany, Hungary, Norway and Sweden.

The object of these fellowships is to encourage working visits to countries in Western and Eastern Europe by investigators in any branches of the natural and clinical sciences which have a bearing upon human or animal medicine. Candidates whose research is related to clinical problems will be given preference. These fellowships, which are normally for one year, are intended for graduates from the United Kingdom who already have some post-doctoral research experience. Stipends, according to age and experience, are within the range of £1,930 to £3,875 per annum. A special cost of living allowance applicable to the country in which the candidate wishes to work is given where necessary. Travelling and some incidental expenses are provided in addition.

The candidate must make his own arrangements with the department in which he proposes to work, and written evidence must be submitted confirming his arrangements. Application forms may be obtained from the Assistant Director, The Wellcome Trust, 52 Queen Anne Street, London W1M 9LA. Completed application forms must be returned by 31st March, 1974. (H17732) 25

FELLOWSHIP AWARDS

MRC

Medical Research Council

Fellowship Awards

The Council invites applications for the following post-doctoral awards available from October 1974.

Junior Research Fellowships: medical, dental and science graduates (25 Awards).

French Exchange Scholarships: young graduates in medicine or science (2 Awards).

INDUSTRIAL APPOINTMENTS

Attention is drawn to the British Medical Association's statement of policy on
the Remuneration of Industrial Medical Officers as approved by the Representative Body,
which is available on request.

INDUSTRIAL APPOINTMENTS

Medical Officer

for an industrial post in Central Scotland

Imperial Chemical Industries Limited invite applications for the post of Works Medical Officer at their Grangemouth Factory. The vacancy has arisen as the result of the promotion of the present incumbent.

The post offers an interesting opportunity to a young man seeking a career in Industrial Medicine, and he will gain special experience in the field of industrial toxicology. Candidates under the age of 40 are preferred but the personality and interests of applicants are more important than their age. Previous experience in industry is desirable but not essential.

Remuneration will be not less than the recommended BMA scale: appropriate financial assistance in re-location will be made available.

Applicants should write, briefly in the first instance to:

Mr. H. J. F. McLean,
Imperial Chemical Industries Limited,
P.O. Box 42, Hexagon House,
Blackley, Manchester M9 3DA,
quoting Ref. I.52/3

(22386)

ASSISTANT MEDICAL OFFICER

TBA INDUSTRIAL PRODUCTS LTD.

TBA Industrial Products Ltd., is a principal subsidiary of the Turner & Newall Ltd. Group, employs some 4,500 people and manufactures a wide range of products based on asbestos fibre, glass fibre, rubber and plastics in four factories in the United Kingdom.

We wish to appoint a young man, with an interest in occupational health, as an Assistant Medical Officer. His primary duties will be concerned with the operation of the medical units at the Company's two main factories in Rochdale and Hindley Green (Nr. Wigan) under the general guidance of the Chief Medical Officer. X-ray facilities and a pulmonary physiology laboratory are available on site. Opportunities exist for collaboration on various research projects concerned with the analysis of statistics relating to the effects of asbestos exposure on the health of employees and ex-employees.

The position, which is based at Rochdale, offers a Doctor with a genuine interest in industrial medicine an opportunity to gain further experience. An opportunity to attain a Diploma in Industrial Health would be offered if necessary. The post carries with it excellent prospects for advancement in this field of medicine.

Salary will be commensurate with age and experience but will not be less than that recommended by the B.M.A. for Assistant Medical Officers in industry.

Please write in confidence giving details of age, qualifications and experience to:-

The Chief Medical Officer,
TBA Industrial Products Ltd. P.O. Box 40, Rochdale, Lancs.
(50362)

**TURNER
& NEWALL
LIMITED**

/o£140m — employs 25,000 in the U.K. alone;
other
companies include TAC Construction Materials,
Ferrodo,
British Industrial Plastics, Engineering
Components,
Newalls Insulation.

Applicants requiring hospital married accommodation are strongly advised to obtain, prior to interview, clarification in writing from the employing authority as to whether such accommodation will be available on appointment.

SALARY SCALES OF HOSPITAL MEDICAL STAFF

HOUSE OFFICER: Each post in this grade shall be tenable for six months. £1,914 per annum for the posts held during the first year; £2,061 per annum for posts held during the second year; £2,208 per annum for posts held during the third and subsequent years, subject to full registration.

Deductions of £177 per annum in respect of lodging only for voluntary residence.

SENIOR HOUSE OFFICER: £2,475 per annum x £189(1) x £186(1) — £2,850.

Deductions of £210 per annum in respect of lodging only for voluntary residence.

REGISTRAR: £2,850 per annum x £171(3) x £168(1) — £3,531.

Deductions of £210 per annum for those with remuneration at the first incremental point on the scale, and £243 per annum for those on the second and subsequent points will be made in respect of lodging only for voluntary residence.

On assimilation to the scale for Registrars, one increment and one only shall be given for any year or part of a year in excess of two spent previously in the senior house officer grade.

Allowances at rates up to £204 per annum shall be payable to house officers, senior house officers and registrars occupying posts approved for such allowances in peripheral hospitals.

SENIOR REGISTRAR: £3,363 per annum x £168(1) x £216(4) — £4,395.

Deductions of £270 per annum in respect of lodging only for voluntary residence.

On assimilation to the salary scale for senior registrars, increments to a maximum of two shall be given for each year or part of a year in excess of three spent previously in the registrar grade.

MEDICAL ASSISTANT: £3,156 per annum x £183(2) x £168(10) — £5,562

Deductions of £270 per annum in respect of lodging only for voluntary residence.

CONSULTANT: £5,085 per annum x £279(8) x £282(1) — £7,599.

Deductions of £420 per annum in respect of lodging only for voluntary residence.

COMPULSORY RESIDENCE: The Terms and Conditions of Service of Hospital Medical and Dental Staff state:

173. A practitioner who is required as a condition of his appointment to reside in a hospital shall be provided with lodging without charge, except where the practitioner elects to occupy a house, flat or apartment for which a rent is appropriate. August, 1973

required immediately for indefinite period. Tel: St. Albans 55536. Ext. 12 office hours, or write Group Secretary, St. Albans City Hospital, St. Albans, Herts. AL3 5PN. (50375) 63-1

WELSH HOSPITAL BOARD

Applications are invited for a **SENIOR REGISTRAR IN GERIATRIC MEDICINE**

to the University Hospital of Wales (Cardiff) and Bro Morgannwg Hospital Management Committees

and whilst at Cardiff duties will be based in the Departments of Geriatric Medicine at Cardiff and at Bridgend.

The successful candidate will commence duties at Bridgend and will rotate to Cardiff after approximately two years.

Whilst at Cardiff duties will be largely at St. David's Hospital, Glan Ely Hospital, and the University Hospital of Wales, and whilst at Bridgend, they will be at Bridgend General Hospital and Maesgwyn Hospital. During the time at Bridgend he or she will visit the Morgannwg Hospital, and the department of medicine at the General Hospital.

Membership of one of the Royal Colleges of Physicians is essential. Experience of the specialty is desirable. The appointment is under the auspices of the Joint Advisory Committee on Senior Registrar Training and is subject to annual review.

The appointment provides excellent opportunities for all aspects of consultant training in the specialty.

Whilst at Cardiff the successful candidate will be expected to take part in the teaching programme for undergraduates. Time in the programme at both Cardiff and Bridgend is provided for research.

Application forms from S.A.M.O., Temple of Peace and Health, Cathays Park, Cardiff to be returned by 2nd February, 1974. (22411) 63-5

WESSEX REGIONAL HOSPITAL BOARD

Further information and application forms obtainable from the Secretary, Park Parade, Harrogate, to whom they should be returned by 8th February, 1974. (50352) 81-1

WESSEX REGIONAL HOSPITAL BOARD

requires a whole-time or maximum part-time **CONSULTANT PATHOLOGIST** for the Portsmouth and Isle of Wight area Pathology Service. There will be a special interest in Morbid Anatomy and Histopathology and complete responsibility for the Surgical Pathology from the Island.
Eight sessions will be on the Island and the remaining time will be spent on the mainland with a firm commitment for one whole day per week for mainland work.
The successful applicant will live on the Isle of Wight.

Application forms and further particulars from: The Senior Administrative Medical Officer, Highcroft, Romsey Road, Winchester, Hants. Please quote reference 720. Closing date 11th February, 1974. (50392) 81-1

ST. GEORGES HOSPITAL
London
and
The Royal Marsden Hospital

Applications are invited for the post of **SENIOR REGISTRAR** to the Department of Pathology, available 1st April 1974.
The initial period will be spent at St. Georges Hospital, W.I. The work will cover mainly morbid anatomy.
The post offers training and experience in all aspects of histopathology and there are facilities for research.

Apply on forms available from the House Governor, St. Georges Hospital, S.W.1. Tel. No. 01-235 4343 Ext. 209, by the 2nd February 1974. (H17773) 81-5

WESTMINSTER HOSPITAL TEACHING GROUP
And
South West Regional Hospital Board

SENIOR REGISTRAR IN PATHOLOGY

Applications are invited for the above joint appointment between Westminster Hospital and the Area Department of Pathology, Exeter, which will be for one year in the first instance, renewable for a further three years. The appointment is in Morbid Anatomy but the successful candidate may have occasional duties in other branches of Clinical Pathology. Where possible, the first and last year are spent at the Vincent Square Laboratories of Westminster Hospital and the second and third at Exeter. Both Laboratories are recognized training centres for the M.R.C. Path. Time for examination study or research is provided.

Applications, typed curriculum vitae and the names and addresses of three referees to the Deputy House Governor, Westminster Hospital, Horseferry Road, London SW1P 2AP by 9th February 1974. (50259) 81-5

THE ROYAL FREE HOSPITAL

LOCUM SENIOR REGISTRAR IN PATHOLOGY (Non-resident)

Required from 1st April, 1974, for approximately 6 months — the tenure, at Hampstead General Hospital, is subject to review.

For further information, please telephone Dr. A. Brewer, Consultant Pathologist at 01-794 4491.

Application form available from Medical Administration, Gray's Inn Road, London, WC1X 8LF. Closing date: 2nd February 1974. (50182) 81-5

NORTH-WEST METROPOLITAN REGIONAL HOSPITAL BOARD

REGISTRAR IN PATHOLOGY

required at King Edward Memorial Hospital, Ealing, W.13. Post vacant now. Non-resident. The appointment, which provides recognized training in Morbid Anatomy, is for one year with eligibility for a second year. Candidates may visit the Hospital by direct appointment (Tel. 01-567 6666).

Application forms obtainable from and returnable to the Group Secretary, South West Middlesex Hospital Management Committee, West Middlesex Hospital, Isleworth, Middlesex. Closing date: 15th February. (22438) 81-6

ST. GEORGE'S HOSPITAL AND MEDICAL SCHOOL
(University of London)

CLINICAL PATHOLOGIST (Senior House Officer/Registrar)

Applications are invited for vacancies in the training programme for pathologists; previous experience in pathology is not essential. Each post is resident in the first year in the first instance during which the successful candidate will work in turn in the various laboratories of St. George's at SW1 and SW17, all recognized for the M.R.C. Path. examinations. This post is also intended for those who wish to obtain practical experience in all branches of pathology before embarking on a clinical career. Subject to satisfactory progress the post is renewable for a second and third year during which there is an opportunity to concentrate on one discipline. The Trainee will be expected to assist with emergency duties. The Hospital may be visited by appointment with Professor P. T. Flute (01672 1255, Ext. 234).

Apply on forms obtainable from the Deputy House Governor, St. George's Hospital, SW1X TEZ, by 9th February, 1974. (H17812) 81-6

SOUTH WESTERN REGIONAL HOSPITAL BOARD
Bristol Clinical Area

Applications are invited for the appointment of a

REGISTRAR IN PATHOLOGY (Non-resident)

with duties mainly at Southmead Hospital, Bristol, which provides extensive undergraduate teaching facilities for the University of Bristol.
The appointment, which is vacant, will be held for a period of two years, but is subject to review after the first year.

Facilities are provided for research and for taking higher qualifications.

Application forms obtainable from the Secretary, South Western Regional Hospital Board, 27 Tyndalls Park Road, Bristol BS8 1PJ, to whom they should be returned by 7th February, 1974. Selected candidates will be interviewed on 22nd February, 1974. (H17813) 81-6

THE UNITED CAMBRIDGE HOSPITALS
Addenbrooke's Hospital

REGISTRAR IN HISTOPATHOLOGY (Non-resident)

This post, which is for one year in the first instance with the possibility of renewal for a second year, provides wide experience in all aspects of morbid anatomy, histopathology and cytology. Opportunities for rotation through the other laboratory disciplines may also be available. During this period of tenure the successful candidate will be encouraged to proceed to the primary M.R.C.Path. examination and to participate in the various clinicopathological seminars and teaching activities of the Department. The Laboratory, which is situated in the New Hospital, has close ties with the University Department of Pathology where there are excellent opportunities for preclinical teaching and research. National Health Service terms and conditions of service.

Further details from Professor G. A. Gresham, Tel: 0223 45151, Ext. 7163.

Application forms are obtainable from the Personnel Officer, Addenbrooke's Hospital, Hills Road, Cambridge, Ext. 7512. Closing date for applications — 9th February, 1974. (50393) 81-6

WELSH HOSPITAL BOARD

Applications are invited for the appointment
of a

SENIOR HOUSE OFFICER

to the Division of Psychiatry in the University
Hospital of Wales, Cardiff H.M.C. The post is
vacant on 1st February, 1974.

A three-year training scheme is in operation
which affords opportunities for clinical
experience in the fields of general psychiatry,
child psychiatry, subnormality,
psychogeriatrics, alcoholism and drug
addiction day hospital and rehabilitation
work. The scheme, which is supervised by the
Department of Psychological Medicine of the
Welsh National School of Medicine, will
include formal tuition for candidates
preparing for higher qualifications in
psychiatry. The appointment will be made to
the Psychiatric Division and will include an
attachment to the professorial unit, both at
the University Hospital of Wales and at
Whitchurch Hospital. All the clinical facilities
are situated within the boundary of the City of
Cardiff.

Subject to satisfactory review, regrading to
Registrar will take place at the end of the first
year.

Non-resident.
Further details may be obtained from
Professor K. R. Hargreaves, Department of
Psychological Medicine, University Hospital
of Wales, Heath Park, Cardiff.

Application forms from S.A.M.O. Temple of
Peace and Health, Cathays Park, Cardiff, to
be returned by 26th January, 1974. (22420) 84-8

Medical Graduate interested in the Administration of Research

For registered medical graduates, preferably under 40, with some postgraduate experience and an interest in research, there are particularly interesting administrative appointments available with the Medical Research Council in London.

The Council is the main Government agency responsible for the promotion of medical research and sponsors an extensive programme, some of which is abroad. The position offers an excellent opportunity to keep in touch with the latest developments in medicine and the biological sciences. The work involves maintaining close liaison with scientific staff and others in the medical research field working in the Council's own establishments, in universities, hospitals and other institutions.

Salary will be at a point in the range £4,673 — £6,420 per annum, with superannuation provision. Full-time appointments will be to the Council's established staff, subject to satisfactory completion of a probationary period of two years.

Please write or telephone Miss M. Walton, Medical Research Council, 20 Park Crescent, London W1N 4AL. Tel: 01-636 5422, Ext. 46 for an application form quoting ref. E2/566. Closing date for applications is 2nd February, 1974.

MRC
Medical Research Council

The appointment will be for five sessions weekly each of 3½ hours (or the equivalent) at an annual salary of £420 per session.

Further details and application forms from the Group Personnel Manager, Group Headquarters, Broadgreen Hospital, Thomas Drive, Liverpool L14 3LB.

Closing date for completed applications 4th March, 1974. (22653) 110

LONDON BOROUGH OF HAMMERSMITH

**DEPARTMENTAL MEDICAL OFFICERS
Joint Appointments with the
Inner London Education Authority**

These posts offer interesting clinical work covering the full range of services with emphasis on Maternity and Child Welfare and School Health Services. Work includes developmental assessment and vision and hearing testing in the very young, for which training courses would be arranged if required. School Health Services cover schools for handicapped pupils and offers special opportunities in this field.

Experience in ascertainment of E.S.N. pupils and additional qualifications (D.C.H., D.P.H., or D.R.C.O.C.) and advantage. Salary within scale of £2,949 — £3,936 per annum (under review) plus £105 London Weighting. Whitley conditions of service.

Under the re-organisation of the National Health Service on the 1st April, 1974 the post will be transferred to the Ealing, Hammersmith and Hounslow Area Health Authority.

For application forms contact:- Director of Health Services, Staff Section, Room 31, 2/6 Fulham Broadway, SW6. Tel: 381-1452. Ref. PH 128. (22523) 110

GOVERNMENTAL

R.A.E. FARNBOROUGH

**Senior Medical Officer — Research
£7476**

The doctor chosen for this key appointment, as Head of the Human Factors Group, will have to ensure that specialised advice in the physiological, psychological and associated fields is readily available to those doing research and development in other RAE Departments. The emphasis will be on problems relating to safety, comfort and efficiency in military and civil aircraft and on improving aircrew performance

with weapons systems.

Candidates must be fully registered as medical practitioners in the United Kingdom and have a good understanding of the requirements of aircrew operating high-performance military aircraft. Experience of experimental psychology applied to aero-space is desirable.

Non-contributory pension scheme.
Promotion prospects.

SERVICES

Are you in your Pre-Registration Year —or recently fully registered?

Before you commit yourself to your permanent pattern of life, consider what the RAF has to offer

General Practice? With a difference. At this RAF Clinic, in the busy town of Limassol, in Cyprus, almost all the patients are women and children (specially children). Staff is 7 doctors, each with his (or her) own panel of patients; and 5 dentists. There are 5 SRN Nurses, and 7 Health Visitors. Next door is the RAF's Child Guidance Clinic, with psychiatrist, educational psychologist and speech therapist.

The chance to practise total medicine care, as a GP

Your first job would probably be a Junior Medical Officer on a large RAF Station. There would be at least one other doctor. Between you, you would have a 'list' of 2000 to 3000 people—servicemen and their families. You would meet all the usual clinical problems of a GP—and get plenty of experience in pediatrics. As well as this, you would be actively involved in the practice of aviation medicine and gain experience in the preventive, occupational and social fields.

Conditions of work are extremely good. You would have a consulting room in a specially built *Medical Centre*—like a small hospital with its own treatment room, theatre and resuscitation room, and wards for a dozen or so short-stay patients. There is a full secretarial and nursing staff. Your clinical freedom would be absolute.

The chance to specialise, too

Because General Practice is so highly developed in the RAF, this does not mean you have no chance to specialise. The contrary is true. 47% of all RAF doctors are now working in specialist departments. On a 'full career' contract you have every opportunity to reach consultant status in your late or middle thirties; perhaps earlier.

The chance to study for higher qualifications

Any RAF doctor, whether specialist or GP (as long as he is not on the very shortest of contracts) can apply for six months study leave on full salary. On a permanent commission, he may have up to two years' external study leave.

The chance to travel

The RAF operates in many different conditions and climates. Abroad, the RAF doctor looks after RAF personnel and their families and, very often, the local population as well. Your gain in clinical experience would be marked.

The chance of a good social and family life

The RAF is a young community, with a full and active social life. There are facilities for almost every kind of sport and, which is most important, the time to enjoy your family while you are still a young man. Living conditions are excellent. If you are single you live in the Officers' Mess, which has all the amenities of a good hotel. If you are married, you will nearly always have a furnished house that goes with the job; rent for this is very modest; and it can save a large financial outlay at the beginning of your career.

A realistic pay scale

Pay is based on the average earnings of a civilian GP. Immediately after full registration, the present basic salary is £4099; after 5 years it rises to £4938; after 13 years to £6085. There are various other allowances: for instance, with children at boarding school the figures are £399 (net) for one child, £876 (net) for two children, £1449 (net) for three children. There are tax-free gratuities of £1500 after 3 years, or £3000 after 5 years. After service of 16 years or more there is a pension, payable for life, and a generous terminal grant.

For full information please write, giving age, nationality, and date of full registration, to Group Captain D. G. M. Hills, OBE, MB, BS, MFCM, DPH, RAF, Ministry of Defence, 1-6 Tavistock Square (724 KH5), London WC1H 9NL. Or visit your nearest RAF Careers Information Office.

THE MONA VALE DISTRICT HOSPITAL
Australia

SENIOR RESIDENT MEDICAL OFFICERS
We are seeking medical practitioners for our resident medical staff for either a one or two year term. Experience of applicants would be two to five years.

The salary rates applicable to such positions range from Aust. Dollars 6,640 to Aust. Dollars 9,085 for 5th year with allowances being paid for "on call" work, ranging from Aust Dollars 650 to Aust. Dollars 1,350 per annum, depending on salary range.

This Hospital has 155 beds and provides specialist services in general surgery, orthopaedics, gynaecology, urology and general medicine with some obstetrics. The Hospital is also involved because of its location, in road transport accidents.

The Hospital is located just 15 miles north of the centre of Sydney in one of the world's most renowned scenic areas. It is adjacent to one of Sydney's major beaches and social and sporting facilities are extensive with an 18 hole golf course adjacent to the Hospital. Accommodation can be provided at a nominal charge.

Applications stating details of experience, marital status and three recent references should be submitted to the Medical Superintendent, P.O. Box 81, Mona Vale, N.S.W. 2103, Australia. A. J. Hicks, Chief Executive Officer. (22453) 118

THE QUEEN VICTORIA MEMORIAL HOSPITAL
172 Lansdale Street, Melbourne
Victoria, Australia.

Applications are invited from legally qualified medical practitioners holding appropriate higher qualifications for the following position:

HONORARY CHILD PSYCHIATRIST

Specialist training and experience in Child Psychiatry is required. Appointment will be to 1st August, 1975 with eligibility for appointment for a full five year term thereafter. The appointee will be a member of the Department of Family Psychiatry which is staffed by four Honorary Psychiatrists, including the Child Psychiatrist, and an Assistant Psychiatrist, Psychiatric Social Worker, Psychologist and two Registrars in Psychiatry. The Department has its own Consulting Suite and Group Therapy room.

The Hospital has a Children's Unit of 133 beds, and Paediatric Out-patient Clinics are conducted daily. The Hospital is affiliated with Monash University for teaching in Clinical subjects, and the Chairs of Paediatrics and Obstetrics and Gynaecology are located at the Hospital. Child Psychiatry is taught during the paediatric term in the fifth year of the course.

There are wide opportunities for private practice in Melbourne.

Application forms are obtainable from the Manager, with whom applications should be lodged on or before 4th April, 1974. (50313) 118

THE WOLLONGONG HOSPITAL
New South Wales, Australia.

OPPORTUNITIES WITH HOECHST

Medical Director

HOLLAND

We are looking for a Physician interested in therapeutics to head the Medical Department of the Pharmaceutical Division of Hoechst in Holland. The ideal person will be aged 28–35 and will already be a Member or Fellow of a Royal College.

The work is primarily concerned with the clinical evaluation of new drugs, from the stage of their first introduction to patients, and these activities will be co-ordinated within the research effort of the North Western European Countries. This will necessitate close and frequent contact with other Hoechst Medical Departments, e.g. in the United Kingdom and Germany. The person appointed will also be involved with established compounds, and will be expected to initiate appropriate research projects to determine their total pharmacological profile and to resolve therapeutic problems as they arise from time to time. He will become an expert on the company's products.

He will also be expected to participate actively in drug registration and information activities. The latter includes interpreting current medical attitudes to his non-medical colleagues within the company, and interpreting data concerning the company's products

in a way readily understood by those outside. He will also co-operate with the Marketing Manager, regarding aspects of marketing and promotion.

This post is ideal for someone possessing an academic background but who has his feet on the ground, who has initiative and enthusiasm, but who can be part of a multi-discipline team.

Where appropriate, training for the successful candidate in clinical pharmacology at a university department could be arranged. A knowledge of Dutch is not necessary, although it would be useful, but facilities to learn Dutch will be provided.

The Medical Director will live in or near The Hague, or Amsterdam (where the company is located), will be provided with a car, and there will be assistance with moving and with housing.

This post offers intellectual satisfaction, occasional international travel and substantial financial rewards.

This is a splendid opportunity to join Hoechst, one of the world's largest chemical and pharmaceutical companies.

Clinical Pharmacologist

UNITED KINGDOM

We are looking for a Physician with some experience in clinical pharmacology to investigate the absorption, metabolism and excretion of novel compounds at our new Research Establishment in Milton Keynes.

The Physician will be either male or female ideally aged between 28 and 35, and will already be a Member or Fellow of a Royal College. Although initially the work will be primarily concerned with pharmacokinetics, it is envisaged that there will be an increasing interest in pharmacodynamics.

Close liaison with those personnel performing similar research in animals and also with those in the Development Laboratory will be an essential feature of this post. Moreover, the Physician will be a member of an enthusiastic medical team which will later evaluate the same products in patients.

There will be an initial training period of several weeks in which the appointed doctor will visit company headquarters in Frankfurt to work in the Clinical Pharmacology Laboratory there.

The research effort is international and it is within this international context that the team works.

This is a fascinating opportunity for a doctor to join an existing new venture at the very beginning, a venture supported by Hoechst, one of the largest chemical companies in the world.

A competitive starting salary will be offered and the excellent benefits include an annual bonus, contributory pension scheme and free membership of Private Patients Plan.

Please write, in strictest confidence, giving full details of career to date, to:
Mrs M.C. Hannay,
Personnel Officer,
Pharmaceutical Division,
HOECHST UK LIMITED,
Salisbury Road, Hounslow, Middlesex.
Tel: 01-570 7712, Ext. 3082.

(22381)

ROCKHAMPTON BASE HOSPITAL

Applications are invited for appointment for 1974 at the Rockhampton Base Hospital as

Supervisor of Casualty and Outpatients

Present salary classification \$550.00 per fortnight (approx.)

Registrars

Medical (1), Surgical (2), Obstetrics and Gynaecology (1)

Present salary classification \$444.70 — \$494.00 per fortnight.

The above rates are subject to cost of living adjustments.

Locality allowance payable is at the rate of \$3.00 fn. for married officers and \$1.50 fn. for single officers.

Conditions of appointment are in accordance with the Resident Medical Officers Award — Public Hospitals Boards, Queensland. The period of appointment is for 1974, but may be renewed from year to year.

Board and lodging is provided for single appointees without deduction from salary. Some furnished flats are available for married appointees without charge.

The Rockhampton Base Hospital is the base hospital for Central Queensland with 442 beds, and has part-time specialist appointments. The hospital is recognized for pre-requisite training by the Royal Australasian College of Obstetricians and Gynaecologists, and the Royal Australasian College of Physicians.

Rockhampton is a coastal town and centre for a large industrial, mining, pastoral and tourist area.

Further particulars may be obtained from the Medical Superintendent. Applicants should state age, marital status, qualifications and experience, and forward copies of two recent references.

Applications should be addressed to the Manager, Rockhampton Hospitals Board, Rockhampton, 4700, Queensland Australia. (H17734) 118

Government of Malawi

Ministry of Health
require a

Paediatrician

Salary £4,431 + Tax Free Gratuity
Maximum emoluments equivalent to
a U.K. Salary of £6,300

To take charge of the Paediatrics Department of the Queen Elizabeth Central Hospital in Blantyre, the direction of the clinical and public health aspects of paediatrics and treatment of difficult cases referred from district hospitals.

Candidates, aged up to 50, must hold a medical qualification registrable in Malawi and a postgraduate qualification in Paediatrics. Experience of tropical paediatrics would be an advantage.

Generous paid leave with free passages and baggage allowance. Education allowances and subsidised housing. Loan for the purchase of a car. Free medical attention.

Please apply to MALAWI BUYING AND TRADE AGENTS, Recruitment Section, c/o Berners Hotel, Berners Street, London W1A 3BE, for further particulars and application form quoting reference number 721/B. (22456) 118

Physician

This appointment with Roan Consolidated Mines in Zambia is for an experienced medical practitioner with a higher qualification in medicine, ideally MRCP.

At Mufulira we provide a comprehensive medical service for our employees and their dependants, which includes approximately 55,000 local and 2,500 expatriate personnel. Curative medical services are centred around two well-equipped hospitals totalling 460 beds. There are 13 medical officers including those with higher qualifications who are working predominantly in their specialised fields.

There will be a certain amount of direct in-patient and out-patient responsibility as well as consultancy involvement at both hospitals. In addition a limited amount of student nurse teaching will be undertaken in association with a registered nurse training school established in 1970. In common with the other medical specialists employed, duties will include a minimal amount of general medical work.

A competitive salary will be negotiated depending on experience and qualifications for a three-year contract.

Additional benefits include ■ tax free settling-in allowance ■ tax free children's education and travel allowance ■ generous leave conditions with return passages paid every two years ■ free life assurance ■ car provided.

Please write, quoting reference AM.806, for an application form and information booklet, to:

DIRECTOR OF CLINICAL RESEARCH

MEDICAL DIVISION
PFIZER CANADA

Our growth and a related need for a high level of scientific advice and services requires us to seek candidates for a new position in the Pfizer Canadian head office: Director of Clinical Research.

This position will offer a significant challenge to outstanding members of the scientific community. Reporting to the Canadian Medical Director, the successful candidate will have responsibility for the initiation, follow-up and evaluation of clinical trials in Canada within the context of Pfizer International product development programs. In addition, the incumbent will be offered the opportunity of affiliation with a clinical pharmacology unit.

Following a period of successful service, the person who occupies this position will be given consideration for career growth re-assignments to management centres in Brussels, Hong Kong, Nairobi, Coral Gables (Florida) or our New York Headquarters.

Applicants should possess an appropriate postgraduate degree. Experience in Clinical Research and Drug Trial Methodology will be distinct assets.

Applications should include full details regarding nationality, family status, age, educational record, work experience, compensation record and availability.

Forward applications in strict confidence to **MANAGER — ORGANIZATIONAL DEVELOPMENT, Personnel Division, Pfizer Company Limited, 50 Place Cremazie, Montreal 351, Quebec, Canada.**

Competition number 103. (22454)

ROYAL ALEXANDRA HOSPITAL FOR CHILDREN
Camperdown, N.S.W. 2050, Australia
and
BLACKTOWN DISTRICT HOSPITAL
Blacktown, N.S.W., 2148

STAFF PAEDIATRICIAN

A new position has been created on the staff establishment of the Royal Alexandra Hospital for Children for a Staff Paediatrician who will be seconded to the Blacktown District Hospital. Blacktown is an outer metropolitan suburb of Sydney in a rapidly growing area. The Staff Paediatrician will work in close association with the Blacktown District Hospital's visiting paediatricians and will also be expected to assist as required in the organisation of paediatric services in the neighbouring Mt. Druitt area. He will also be appointed Associate Staff Physician in the Royal Alexandra Hospital for Children and will be granted leave for two half days weekly in order to carry out the duties associated with that appointment.

Salary and conditions in accordance with the Medical Officers – Hospitals Specialists (State) Award: present salary in the range \$AUS13,574/ \$AUS17,062 per annum. A right of private practice up to 16% of base salary will be available under certain conditions. Applications with career details and the names of referees should be forwarded by 11th February, 1974, to the undersigned from whom further details are available.

P. McREADY, General Medical Superintendent, Royal Alexandra Hospital for Children. (22380)

118

Medical Officers

Zambia £7,100+ p.a.

You are offered the prospect of a tour of duty – for as little as one year – in Zambia, one which will give you both a wide range of professional experience and early responsibility (all in addition to a wide extension of your personal horizons). It is with the nation's major mining organisation, Nchanga Consolidated Copper Mines Ltd, with an international staff of technical specialists.

The company is responsible for providing full medical care to its employees – over 30,000 – and their families; the total of persons to be looked after is about 150,000.

There is a senior doctor staff of over 40, including a full complement of specialists and 150 fully qualified nurses. The modern facilities include 5 well-equipped hospitals (814 beds), 16 clinics and 8 main first aid dressing stations.

General Duty Medical Officers will be involved in preventive and curative medicine, surgery, anaesthetics, gynaecology/obstetrics, public health and nutrition; and although the mines have a strict safety code an amount of accident work can be expected.

Contracts may be negotiated for periods of one to three years. Locums can also often be arranged.

Salaries will depend on experience, but the minimum is K10,750 (£7,100) gross per annum. In addition there is a tax free settling-in allowance; subsidised Company private primary schools; a detached, furnished house with garden is provided for £1.50 per week; and children receiving secondary education overseas are granted up to £600 per child per year, tax free, towards school fees and two free return passages to visit their parents during holidays; interest free car loan available. Study leave is granted, and there are 60 days standard annual leave.

Exchange Control Regulations allow for the annual externalisation of up to 33 1/3% of gross income.

Please send for details to:

MILDURA BASE HOSPITAL
Mildura, Victoria, Australia

VACANCY FOR
PATHOLOGIST

Applications, closing Monday, 28th January, 1974, are invited from appropriately qualified Medical Practitioners for appointment to the position of full-time Clinical Pathologist at the Base Hospital, Mildura, Victoria.

This General Hospital is the base for specialist services to Regional Hospitals, and serves a population of approximately 50,000 people. Twenty three general practitioners and Specialists serve on the Honorary Medical Staff and a Radiologist, Psychiatrist and Medical Superintendent are engaged on full-time duties.

The daily average number of in-patients is 240 and bed capacity 281, and a new three storey wing block is in the course of construction.

The Pathology Department is staffed by three Medical Technologists and nine other staff, is modern and well equipped, and approximately 60,000 laboratory tests are performed annually.

Mildura is a citrus and vine fruit growing area, situated on the Murray River, 250 road miles from Adelaide, South Australia, and 325 road miles from Melbourne, Victoria.

Salary and conditions of appointment as prescribed under the determinations of the Senior Medical Officers Board, and salary at present for experienced Pathologists is \$A20,706 per annum.

Further information on Mildura, this Hospital, accommodation available, and other relevant matters, will be supplied upon request to the undersigned. **H. Rogers, Manager/Secretary, Box 306, Post Office, Mildura. (H17733)** 118

The Future General Practitioner

Learning and Teaching

General or family practice is a special subject. This book is written by six experienced teachers selected by the Council of the Royal College of General Practitioners. It is intended chiefly for teachers, but it will also be valuable to those who are learning and to all who are concerned about the place of family practice within a country's medical services.

A syllabus is developed in five main parts:

Health and Diseases

Human Development

Human Behaviour

Medicine and Society

The Practice

Throughout the book the authors have tried to indicate ways in which the teacher may approach the task of passing on what he had learned by his own experience. The theme is the search for objectives which will satisfy the needs of learner and teacher. The belief is that this search will benefit the future family practitioner and through him the community of his patients.

Dyspepsia

If antacids were the complete answer, would he return to your surgery so often?

Antacids deal with excess acid. But, in many cases, dyspepsia involves more than this.

Unpleasant symptoms such as dyspepsia, heart-burn and gastritis can frequently be traced back to disturbed gastric motility. Recent research has shown that in many patients food is retained for too long in the stomach, gastric contents enter the oesophagus, and bile refluxes from the duodenum.¹

With Maxolon, you can resolve this underlying problem. Maxolon restores gastric motility to normal, so that symptoms of dyspepsia are prevented.

Prescribe Maxolon (tablets or syrup) for your dyspepsia patients. They—and you—will appreciate the difference.

Full information on Maxolon in gastroduodenal conditions is available on request.

1. Proceedings of Symposium on Maxolon
Postgrad. med. J., (1973), 49, (Suppl.) 104.

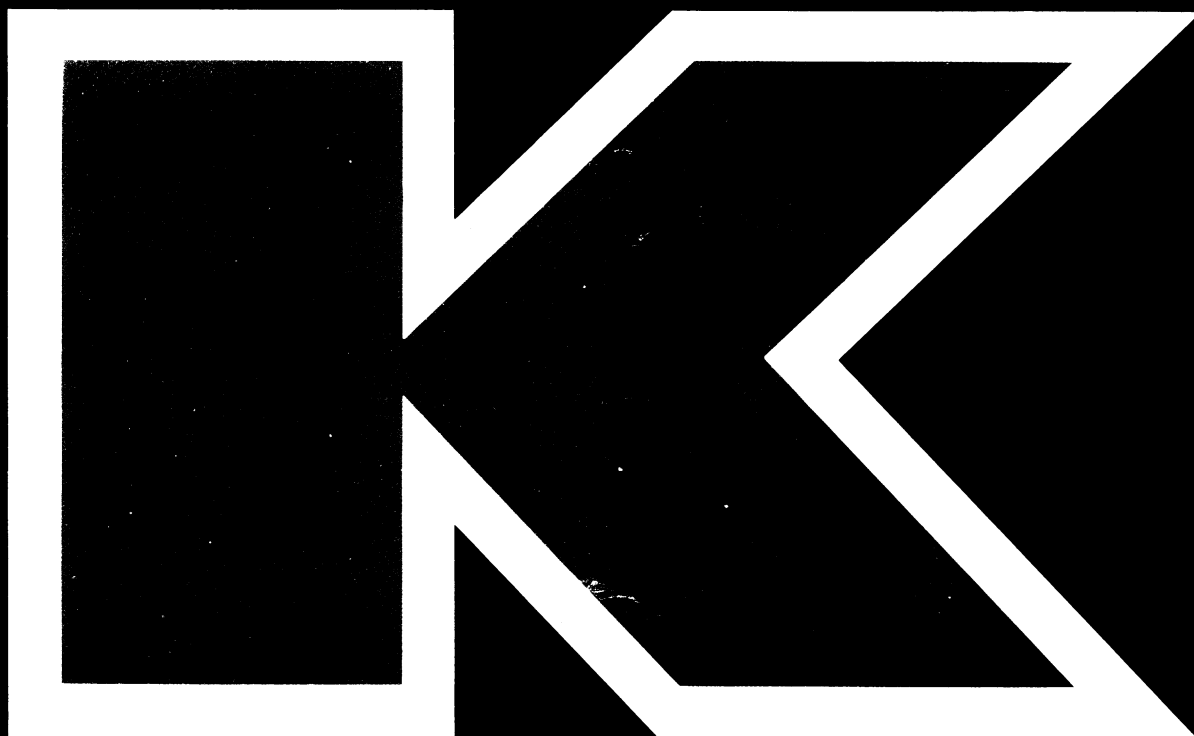

Maxolon* (metoclopramide) is a product of

Kx 240

A recent clinical trial* again confirms that Ventolin is superior to isoprenaline in improving respiratory function.

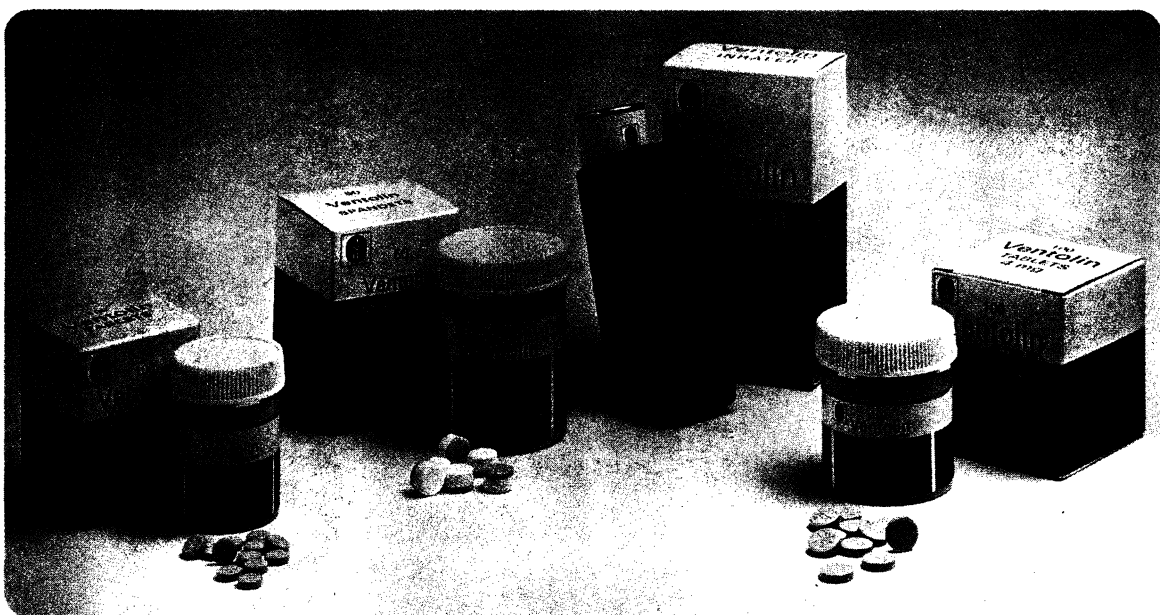

Ventolin sets a higher standard in bronchodilator therapy

Measurements Made*	Ventolin more effective	Isoprenaline more effective
FORCED VITAL CAPACITY	✓	—
FORCED EXPIRATORY VOLUME	✓	—
FORCED EXPIRATORY FLOW	✓	—
AIRWAYS RESISTANCE	✓	—
FUNCTIONAL RESIDUAL CAPACITY	✓	—
SPECIFIC CONDUCTANCE	✓	—

The duration of effect was at least 4 hours with Ventolin but with isoprenaline it was only about 2 hours.

*The body plethysmograph was used to compare the effectiveness of salbutamol, administered as Ventolin Inhaler, with that of isoprenaline by aerosol in a double-blind, controlled trial in patients with stable asthma (*J. Amer. med. Ass.* 1972, **221**, 682). The results showed that statistically significant differences in favour of Ventolin were observed in all the parameters measured (See Table).

Ventolin is the **ONLY** adrenergic bronchodilator which is recommended for asthmatic or bronchitic patients who also have any form of heart disease or severe hypertension.

VENTOLIN INHALER — for rapid, long-lasting relief of acute bronchospasm.

VENTOLIN TABLETS 2mg and 4mg — for routine oral bronchodilator therapy.

VENTOLIN SYRUP — fruit-flavoured for ready acceptability by children.

VENTOLIN SPANDETS — sustained-action tablets, particularly suitable where nocturnal bronchospasm is a problem.

Ventolin Inhaler contains salbutamol BP. Oral preparations of Ventolin contain salbutamol BP as sulphate.

For the relief of bronchospasm... prescribe **VENTOLIN**

MOST DOCTORS DO!

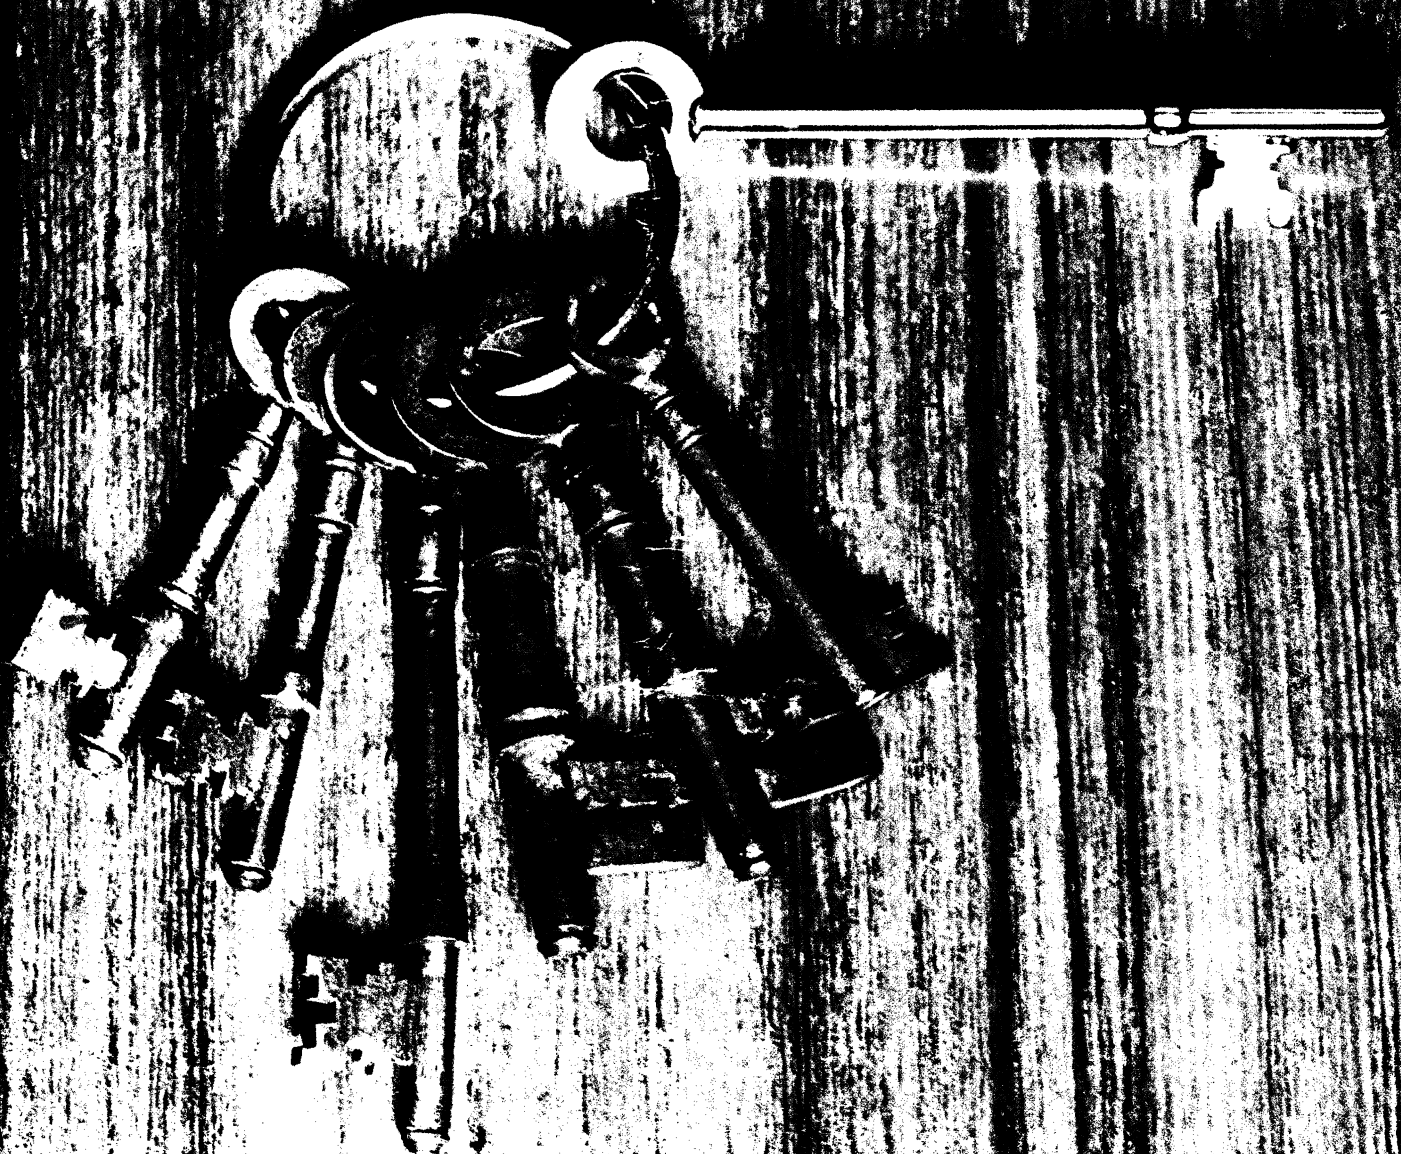

Full information is available on request. Ventolin and Spandet are trade marks of ALLEN & HANBURY LTD LONDON E2 6LA

Butacote

today's way to rheumatic pain release

Butacote is a new, powerful, and safe way to relieve the pain of rheumatism, arthritis, and other joint diseases. It is a new type of pain reliever that works quickly and effectively, without the side effects of many other pain relievers.

Butacote is a new type of pain reliever that works quickly and effectively, without the side effects of many other pain relievers. It is a new type of pain reliever that works quickly and effectively, without the side effects of many other pain relievers.
