

He's back with a

There's now considerable evidence to show that Amoxil is more effective than other broad spectrum antibiotics in the treatment of chest infections.^{1,2,3,4}

There are some good reasons for this:

Firstly, Amoxil is extremely well absorbed by the oral route,⁵ attaining high bactericidal concentrations.

And secondly, the overall absorption is unaffected by the presence of food⁵ which means your patient doesn't have to remember to take Amoxil half an hour or whatever before meals.

Couple this with Amoxil's apparently excellent ability to penetrate into bronchial secretions^{3,6}, and you've probably explained why Amoxil out-performs other broad spectrums.^{1,2,3,4}

AMOXIL a virtuoso

better routine

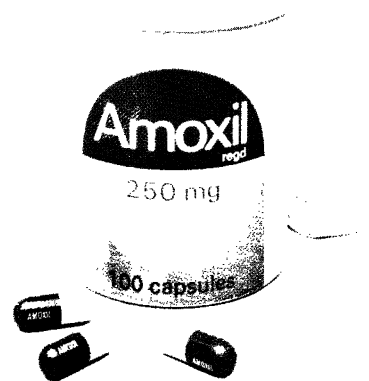

Amoxil t.d.s. – a far better routine for you and your patients.

FENOPRON

FENOPROFEN CALCIUM

Prescribing Information

Presentation: Capsules each containing Fenoprofen calcium equivalent to 300mg Fenoprofen.

The capsules are chrome yellow/ochre, 2.1 cm long and marked DISTA/DISTA.

Uses: Anti-arthritic. Particularly for the symptomatic treatment of osteo-arthritis, rheumatoid arthritis and allied conditions.

Dosage and Administration: For oral administration to adults only. Dosage: One or two capsules (300mg to 600mg) three or four times a day, adjusted to the needs of the patient.

Contra-indications: (a) Hypersensitivity to the drug.

(b) Should not be used with coumarin-type anti-coagulants or in combination with heparin.

(c) Although cross-sensitivity has not been

established, the drug should not be given to patients in whom salicylates induce the syndrome of asthma, rhinitis or urticaria.

Side-effects: The side-effects of FENOPRON are few, slight and occur infrequently. Only rarely has it been necessary to discontinue treatment because of them. The incidence and severity of adverse reactions have been less than have occurred amongst patients given acetylsalicylic acid. In particular, therapeutically equivalent doses of FENOPRON give rise to measurably less gastro-intestinal irritation and tinnitus. During controlled studies in arthritis, the reported side-effects on patients given FENOPRON were not significantly different to those in the

placebo group.

Warning: The safety of FENOPRON in pregnancy has not been established.

Pharmaceutical Precautions: No special requirements known.

Legal category: No legal restrictions on sale or supply, but supplied on prescription only.

Package quantities: Capsules 300mg. Bottles of 100 and 500 capsules.

Cost: The basic NHS cost of 100 capsules (ex 500 pack) is £2.64.

Further information: FENOPRON offers relief of pain and reduction of joint inflammation, encouraging mobility and reducing stiffness. Few patients experience side-effects, and any which

takes the pain out of living with osteo-arthritis

FENOPRON relieves pain and reduces joint inflammation. It thus encourages mobility, reduces stiffness and helps your patients to lead a more normal, active life. Treatment with FENOPRON not only controls day-to-day pain, but subdues occasional 'flare-ups' or exacerbations. Few patients experience side-effects with FENOPRON, and those which occur are neither serious nor troublesome.

FENOPRON will also benefit your patients with rheumatoid arthritis who need consistent reliable pain relief, reasonable improvement of mobility and an easier, less restricted life-style.

FENOPRON is supplied as 300mg capsules. The initial dose is two capsules three or four times a day, adjusted according to the needs of the patient.

FENOPRONTM

- relieves pain
- encourages mobility and reduces stiffness
- exhibits only minor and infrequent side-effects even in long-term treatment

do occur are neither serious nor troublesome even in long-term treatment. The absorption of FENOPRON tends to be impaired when ingested simultaneously with aspirin. To ensure optimum results FENOPRON should be taken alone, although single doses of aspirin may be given separately when indicated.

Product Licence Number: 0006/0083.

Brenda is and today she

For the first birthday in her life, Brenda can blow out her own candles. Because she has been treated with a new product called Migen – a short immunisation course that is simple and very effective. A fundamental treatment that for the first time gives you, the family doctor, real control over asthma.

It won't help all asthmatics but it will help those whose asthma is caused by, or complicated by, allergy. And that's no small number.

Migen is effective. Allergy has always been recognised as one of the most common causes of asthma. Recently it has been established that the most important

allergenic factor in house dust is the house dust mite: in fact, more than 90% of house dust sensitive patients are sensitive to house dust mite. And, "The rise in the mite content of dust from September to October has been shown to be directly related to an increase in asthma during this period."*

Migen immunises against the house dust mite. Immunisation against this powerful allergen raises the patients' overall level of tolerance. If he is multi-sensitive, he may well find that he no longer reacts to contact with other allergens which have previously provoked attacks. And the stress caused by fear of attack is reduced.

Migen is simple. Migen is a short course vaccine which contains pure extract of *Dermatophagoides pteronyssinus*, the most common British house dust mite. Just six injections form a complete course of treatment for asthma and perennial rhinitis. And each syringe is pre-filled to ensure accurate dosage.

Migen – minimal side effects. Migen's active material is released slowly but completely for maximum efficiency and minimum risk of adverse effects. Migen is adsorbed onto tyrosine, a naturally occurring amino acid, fully metabolisable in the human body.

Migen is a Bencard product. Prepared by Bencard, leaders in allergy research, Migen is the first short course asthma treatment to give *you* control over your asthma patients. Migen may usually be prescribed

Treatment pack consisting of six
prefilled syringes with sterilised needles.

 **Bencard**

asthmatic is very happy.

on the basis of a careful case history, no complicated testing techniques are necessary. However a simple confirmatory skin test kit is available on request, together with patient record cards and advice notes.

Migen. Many products have been advocated for use in the treatment of asthma. Most have drawbacks that you and your patients suffer for the sake of some relief. Now Migen offers an opportunity to treat asthma

simply and effectively.

Allergy has always had a strong hold on the asthmatic. From today a powerful and very common allergen can be controlled from your surgery, with Migen. It's asthma immunisation made easy.

Full information on Migen (regd.) is available on request from Bencard, Great West Road, Brentford, Middx.

the days of aspirin are numbered

**New trial shows:-
In 13 weeks time your patients
would be doing a lot better on Prinalgin
than on aspirin.**

A recent trial* shows Prinalgin to be superior to high dose aspirin by all the normal criteria of improvement in rheumatoid arthritis.

In particular, one feature of the trial really stands out: After 91 days (13 weeks) the superiority of Prinalgin becomes increasingly significant.

The conclusion is obvious: long lasting improvement in rheumatoid arthritis is better achieved with Prinalgin than high dose aspirin.

*Details of the paper (in press) are available on request from Medical Information Dept., Berk Pharmaceuticals Ltd., Shalford, Surrey.

PRINALGIN® long lasting improvement in Rheumatoid Arthritis.

alclofenac

Asthma. Should your bronchodilator patients be on Intal?

Intal

prevents the attack.

Specific local action on mast cell.

No diminution of therapeutic effect.

No danger of misuse.

No significant side effects.

Dosage may be adjusted to individual patient needs.

Used from the start, Intal may help reduce the severity of the condition. "... the longer the patient can be kept free of attacks the less likely asthma is to return."³

Bronchodilators

used when the attack is under way, thus do not prevent damage to lung tissue. This can result in loss of elasticity of the bronchioles and lay the lungs open to chronic infection.

Only benefit areas which they can reach. Cannot always penetrate to areas in spasm, thus hyperventilation of the unaffected areas can occur while the obstructed areas get little or no relief.

Diminution of therapeutic effect can result in habituation and misuse.

"While a causal relationship between increased use of pressurised aerosol preparations and the epidemic of asthma deaths has not been conclusively established, the circumstantial evidence is so strong that every care should be taken to avoid excessive use of pressurised aerosols for the treatment of asthma in the future."¹

Cardiovascular stimulation. "... that aerosol propellants are potent cardiovascular toxins—has been confirmed over and over in every species tested."²

Convenient, instant use. But convenience must be measured against dependence and possible misuse.

Symptomatic relief only.

Renal Histopathology

A Light Microscopy Study of Renal Disease

Robert Meadows

This book describes the microscopical structure of the kidney in all forms of renal disease. It is not, however, intended as a complete text on renal pathology, for the author considers chiefly those conditions where advances in knowledge have necessitated modification of traditional pathology. A special feature is that whereas much of the pathology of the kidney has hitherto been based on the study of autopsy specimens, in this volume most of the illustrations are from biopsy specimens. £14 *Oxford Medical Publications*

Urinary Tract Infection

Proceedings of the Second National Symposium held in London, March 1972

Edited by William Brumfitt and A.W. Asscher

This volume consists of papers read at the four sessions of this Symposium and the editors' summaries of the main points which emerged in the discussions which followed, and each session is summed up by its chairman. The sessions covered the following subjects: screening for bacteriuria; natural history of urinary-tract infection in children; natural history of urinary-tract infection in adults; bacterial resistance to antimicrobial agents; pathogenesis of urinary-tract infection; frequency and dysuria; treatment of urinary-tract infection. £5 *Oxford Medical Publications*

Tropical Neurology

Edited by J.D. Spillane

An over-all picture of neurological disorders in India, East and West Africa, the tropical parts of Southern Africa, South-East Asia, Oceania, Latin America, and the West Indies is given in this book. Each chapter discusses briefly the population, climate, and geographical features of an area or country, and in more detail local customs of relevance in neurological practice, medical services available, epidemiology, physical signs and their variation from those found in European practice. Illustrated £8 *Oxford Medical Publications*

Medicine and Society

Henry Miller

'*Medicine and Society* is a characteristically brilliant piece of writing—concise, witty, trenchant, and wise . . . deserves to be widely read and, even better, acted upon.'—*The Lancet*. Oxford

Rheumatoid arthritic, severely inflamed and swollen L. knee joint. Complained of 'bad pain'. Thermogram confirmed marked inflammation—hottest areas white, through red down to coolest areas in blue.

After 10 days on Benoral. Patient reported joint less troublesome and only 'slight pain'. Swelling much reduced. Thermogram confirmed inflammation almost resolved—most of the orange and yellow has disappeared: white and red areas have gone entirely.

Now you can see the relief you bring

Thermograms are photographs of heat. The process has now been developed to measure with precision the amount of heat emitted from the area examined. And so, for the first time, we can actually show you the powerful anti-inflammatory action of Benoral—depicted vividly by these thermograms. It's a pity thermography can't show Benoral's other great benefit—little or no gastric irritation.

* Paper presented at XIII Int. Cong. Rad., 1973

Surgical hosiery provides venous support, but PAROVEN is a kind of 'physiological elastic stocking' for the capillaries.

"The most obvious effect of treatment with HR (Paroven) is the very constant relief of night cramps, with an improvement exceeding 90 per cent."

Brit J Clin Pract (1970) 23, 161

"The degree of relief in chronic aching pain in the legs was not so marked (compared with 90% improvement in night cramps and 70% improvement in heaviness of the legs), but still amounted to 54 per cent."

Brit J Clin Pract (1970) 23, 161

"Symptoms of heavy legs are improved in 70 per cent, and it was generally agreed that not only did legs feel lighter but the patients were more agile."

Brit J Clin Pract (1970) 23, 161

"The improved venous blood oxygenation and the reduced tissue oxygen extraction indicated better tissue perfusion with less blood oxygen having been taken from the increased capillary blood flow."

Brit med J (1971) 2, 138

PAROVEN[®]

improves capillary flow

Relief of symptoms in varicose disorders

Varicose veins, post-phlebitic syndrome, superficial thrombophlebitis, varicose ulcers, varicose eczema, ankle oedema, restless legs, paraesthesia, haemorrhoids.

Dosage Initial treatment: 4 capsules a day, preferably with meals. In most cases, at least four weeks treatment with PAROVEN is required before significant benefit is felt. At the point where the patient experiences benefit, the dosage may be adjusted to a maintenance level. Maintenance treatment: 1-2 capsules a day.

Side effects and Precautions In a few patients, slight gastro-intestinal disorders, flushes and headaches have been reported. These are usually overcome by taking the capsules with meals or by slight adjustment of dosage. There are no known contra-indications to PAROVEN; it is virtually non-toxic and has no teratogenic effects. In keeping with current teaching and practice its use during the first trimester should, however, be avoided.

Availability Capsules, each containing 250 mg of O—(β -hydroxyethyl)—rutosides (not less than 45% troxerutin) in bottles of 20 and 100 capsules.

ADVERTISEMENTS PHARMACEUTICAL PRODUCTS

Readers are reminded that prescribers' literature and clinical information are always available from advertisers on request.

Bencard inject commonsense into the hay fever picture

Pollinex is a new vaccine from Bencard consisting of a course of only three injections. These are administered pre-seasonally and protect the hay fever patient right through the summer. Pre-filled disposable syringes ensure trouble-free administration and accuracy of dosage.

This commonsense approach to preventive therapy results from two recent advances in allergy research by Bencard. Firstly, the grass pollen extracts are modified by a unique process

so that unwanted side-effects are largely eliminated without diminution of antibody production. Secondly, the modified material is adsorbed on to a natural base which is metabolised in the body.

Pollinex provides safer, simpler, immunological treatment of hay fever, so more patients can experience the relief which comes from preventive therapy.

Pollinex is directly available from stock on an E.C.10 – and can be prescribed any time from now till early April.

Pollinex

Commonsense in hay fever

Further information is available from Bencard, Freepost, Brentford, England.

MUCODYNE[®] IS MUCODYNAMIC

Fig. 1
Rat exposed to SO₂. Thick secretions plug main bronchus, whose wall is thickened and inflamed

Fig. 2
Rat exposed to SO₂ but also treated with Mucodyne. Clear bronchus with little or no thickening of walls.

restores a bronchial secretion the cilia can cope with.

MUCODYNE does not merely "thin down" sticky mucus. It restores a more normal mucus blanket which aids the action of the cilia. Irritation is reduced, coughing becomes easier and the patient shows clinical improvement some 4 days faster than can be expected from other treatment.*

**reduces hyperplasia of the respiratory mucosa.
reverses pathological changes in mucus composition.**

MUCODYNE

Carboxymethylcysteine

**removes sticky mucus 4 days faster than
comparable treatment.**

*Current medical Research and Opinion, (1973), i, 219.
MUCODYNE is a flavoured syrup containing 5% w/v of S-Carboxymethylcysteine.
It is available in bottles of 200ml.

Registered Trade Mark.

Warning: Topical administration of corticosteroids to pregnant animals can cause abnormalities of foetal development. The relevance of this finding to human beings has not been established; however, topical corticosteroids should not be used extensively in the first trimester of pregnancy, i.e. in large amounts or for prolonged periods. In infants long-term continuous topical corticosteroids therapy, with or without occlusion should be avoided due to the risk of possible adrenal suppression.

S.O.S.

Crises can cause ulcers Switch to Caved~S Now!

The energy crisis! Industrial Go-Slows! The three day week!
Rising prices and commodity shortages, all may contribute to
the anxiety and stress so often associated with
gastro-intestinal disorders.
However, you may continue to give your ulcer patients
effective treatment economically with Caved S.

Caved-S saves Caved S heals both peptic and
duodenal ulcers at lower cost than other
therapeutic agents.

Caved-S saves Caved S saves your patients from
unpleasant side-effects whilst healing
their ulcers even at high dosages.

Caved-S saves Caved S helps save your patients from
the chance of a relapse, the dosage
being easily adjusted to match the
severity of the condition.

Composition:
Liquorice (not more than 3% glycyrrhizic acid) 380mg
bismuth subnitrate 100mg, alum, hydrox. gel 100mg,
light mag, carb 200mg, sod. bicarb. 100mg frangula bark
30mg, brown tab.

Effective and economic on high dosage

Ceporex beats bronchitis

...this means the loss of millions of working days.

This winter, as every winter, you can expect to see a number of new patients with acute bronchitis.

This winter, too, you'll be seeing a lot of familiar faces—your regular chronic bronchitic patients.

Ceporex can help all your bronchitic patients.

Ceporex is cephalexin, the broad spectrum antibiotic from Glaxo.

With a success rate of 94% in acute bronchitis and 87% in acute exacerbations of chronic bronchitis.*

Prescribe Ceporex this winter.

You'll help get rid of bronchitis safely and surely.

Information

Ceporex is available as tablets, capsules and syrup in 250mg and 500mg strengths.

Glaxo

PRACTICES (Executive Councils)

For vacancies (except those in Scotland) apply on Form E.C.16A, obtainable from the Executive Council. Mark envelopes "Vacancy."

DERBYSHIRE EXECUTIVE COUNCIL BOROUGH OF GLOSSOP

Application are invited for practice vacancy in the Borough of Glossop, North West Derbyshire, due to resignation. Single handed vacancy but a suitable successful applicant will have the opportunity to purchase a share in existing practice accommodation housing five doctors practising as a group.

List size at 1st February, 1974 was 3,100 (including 56 patients in Cheshire). Designated area — Type one allowance payable.

Successful applicant would be expected to commence duties on 1st July, 1974.

Application form and further particulars from: The Clerk, Derbyshire Executive Council, 4th Floor, Laurie House, Colyear Dingwall, with whom applications must be made. Closing date for lodged not later than 28th February, 1974. Applications 4th March, 1974. (H18131) 5 (H18052) 5

NATIONAL HEALTH SERVICE INNER LONDON EXECUTIVE COUNCIL GUY'S HOSPITAL MEDICAL SCHOOL

THAMESMEAD

An experience general practitioner is required to establish and lead the first of three teams of doctors to be based on the Thamesmead Main Health Centre and to take an active part in teaching and research.

An integrated health service is being planned for the new community of Thamesmead and the Main Health Centre, which is expected to open in 1978, will be the principal base for an ambitious teaching programme for medical and dental students, nurses and others. It will also provide a wide range of specialist clinics and diagnostic services. The centre will serve an ultimate population of up to 40,000 in the northern (Greenwich) area of Thamesmead, the first of whom will arrive in the spring of 1974.

Until 1978 the new practice will be based on temporary premises and will be supported by nurses and other staff attached to the Area Health Authority. Teaching activities will be arranged in co-operation with the staff of the Lakeside Health Centre which serves 7,000 people now living in the Southern (Bexley) area of Thamesmead. Out of hours duties may be arranged similarly.

It is expected that the successful applicant will be eligible for a Type D allowance which takes the form of a guarantee that the doctor's income will be made up to an amount agreed with the Executive Council; he will be offered an appointment as Senior Lecturer in the Department of General Practice at Guy's Hospital Medical School. He will be expected to take up his appointment as early as possible in 1974.

Application forms and further information may be obtained from **The Clerk, Inner London Executive Council, Addison House, 32-43 Chart Street, London N1 6EF.** Further information may also be obtained from **The Secretary, Department of General Practice, Guy's Hospital Medical School, London Bridge, S.E.1.**

The closing date for receipt of completed application forms is Monday, 4th March, 1974. (H18000) 5

NORTHERN IRELAND HEALTH AND SOCIAL SERVICES

General Medical Practitioner

The Agency, on behalf of the Eastern Health and Social Services Board, invites applications for a vacancy in General Medical Practice in the Crumlin Road area of Belfast. The present list size is approximately 3,350 patients. The existing practice premises may be available to rent or purchase, and building of a new health centre to serve the area is expected to commence shortly.

Applications should be made by letter, stating age, qualifications and experience and giving the names and addresses of two referees to:
**The Chief Administrative Officer,
Central Services Agency,
27 Adelaide Street, Belfast BT2 8FH.**

The latest date for receipt of applications is Monday, 4th March, 1974.

**CENTRAL
SERVICES
AGENCY**

GENERAL PRACTICE TRAINING POSTS

UNIVERSITY OF LIVERPOOL
St. Helens and District
Hospital Management Committee

VOCATIONAL TRAINING SCHEME
FOR GENERAL PRACTITIONERS
At Whiston Hospital

Applications are invited for this new training scheme at the level of S.H.O. The scheme provides for six periods of duty, each of six months duration, two of which will be with approved general practitioner trainers and four in hospital posts selected from the following specialities: obstetrics, geriatric general medicine, surgical specialities (E.N.T., ophthalmology, casualty), paediatrics and psychiatry. The posts will be recognized for the following examinations: M.R.C.G.P., D.C.H., D.R.C.O.G. The training will also include a day-release course at the University of Liverpool, and is approved for the Vocational Training Grant. The regulations with regard to car allowance will apply whilst in general practice, and assistance with removal expenses will be considered where necessary.

Applications stating age, qualifications and experience, together with two names for referees to: Mr. N. Richards, Group Secretary, Whiston Hospital, Prescott, Lancs. (23413) 22

CHELTENHAM AND GLOUCESTER
GENERAL PRACTITIONER
TRAINING SCHEME

Applications are invited for four traineeships for individuals wishing to commence Vocational Training for General Practice in May, 1974. The scheme is arranged as a joint venture between the Cheltenham and Gloucester Hospital Management Committees and the Area General Practice Advisory Committee. It will give the Trainee an excellent grounding in all aspects of hospital and general practice and is approved for the membership examination of the R.C.G.P.

The schedule of training is as follows:

- An initial attachment to a general practice commencing in May or June.
- Four hospital attachments rotating at six monthly intervals viz: (a) Senior House Officer in Accident and Emergency — Gloucester. (b) Senior House Officer in Dermatology and Medicine including Neurology — Gloucester. (c) Senior House Officer in Paediatrics — Cheltenham. (d) Senior House Officer in Obstetrics and Gynaecology — Cheltenham.

These posts will involve residence in the hospitals when on call.

(iii) A final period of training in general practice.

The trainees will be expected to attend a Day Release course at Bristol University. Attachment will also be arranged to other specialist clinics for training viz. Psychiatry, E.N.T. and Ophthalmology. Applications giving the names and addresses of two referees should be sent as soon as possible to the Acting Group Secretary, Cheltenham Group Hospital Management Committee, Cheltenham General Hospital, Sandford Road, Cheltenham, from whom further details are available. (54961) 22

GUY'S HOSPITAL MEDICAL SCHOOL
and South East Metropolitan
Regional Hospital Board

VOCATIONAL TRAINING SCHEME
FOR GENERAL PRACTICE

Applications are invited for a three year, non-resident appointment starting on July 1st, 1974. The programme includes an initial three months and a final nine months in General Practice, posts in General Medicine, Obstetrics and Gynaecology or Psychiatry in the Guy's Group and Paediatrics at Parkborough Hospital. Secretary, Cheltenham Group Hospital Management Committee, Cheltenham General Hospital, Sandford Road, Cheltenham, from whom further details are available. (54961) 22

(Closing date March 4th, 1974. (23415) 22

NORTH WALES

TRAINING FOR GENERAL PRACTICE
Two places in three year training scheme for general practice starting 1st August, 1974. Two years in variety of hospital departments; one year in general practice. Day release to Department of General Practice at nearby University Centre.

S.H.O. grade. Full description of scheme and application form available from Secretary, (Clwyd and Deeside H.M.C.), Rhydraf, Russell Road, Rhyl, North Wales, and returnable by March 23rd. (23408) 22

Kettering and District Hospital Management Committee

Vocational Training Scheme for General Practice

Applications are invited from Doctors, who will have attained full registration at the time of entry, for 3 vacancies in the above Scheme.

The posts will commence on the 1st August with a six month appointment in General Practice followed by four appointments, each of six months in General Medicine, Paediatrics, Psychiatry and Obstetrics and Gynaecology with a final six months in General Practice. A Geriatric appointment is available as an optional choice.

All Trainees will attend a half day release course throughout their Hospital posts; while in the General Practice year, they will attend a whole day release course run by the Thames Faculty of R.C.G.P. at Oxford.

Weekly lunch with Postgraduate lectures and Monthly Trainer-Trainee Meetings are held throughout the three years.

The Course has the approval of the Royal College of General Practitioners and the Trainee will be eligible to sit the M.R.C.G.P., D.C.H. and the D.Obst.R.C.O.G.

Married quarters are available throughout the whole course.

It may be possible to assist practitioners, who have partly fulfilled the criteria for vocational training, to complete their requirements.

Applications and requests for further information should be sent to **Dr. R. W. Ballantyne, Director of General Practice Studies, The General Hospital, Rothwell Road, Kettering, Northants NN16 8UZ.** (23226) 22

NORTHERN REGIONAL HOSPITAL BOARD (Scotland) VOCATIONAL TRAINING SCHEME FOR GENERAL PRACTICE

Applications are invited for four posts in a Vocational Training Scheme commencing 1st August, 1974, based on the Inverness Group of Hospitals.

The training programme will last for three years. The first and third years will be spent in a rotational series of hospital appointments in the S.H.O. and Registrar grades respectively and the intervening year in general practice in the S.H.O. grade.

Applicants must be fully registered on entry to the Scheme and be interested in a career in General Practice.

Candidates should apply by 16th March, 1974 on forms obtainable from the Senior Administrative Medical Officer, Northern Regional Hospital Board, Reay House, 17 Old Edinburgh Road, Inverness, by whom further particulars will be supplied on request. (H18060) 22

SITUATIONS WANTED

CONSULTANT Gynaecologist M.R.C.O.G. age 42. Guy's, ex RAF, seeks opportunity to practice his speciality in N.H.S. or private practice. 4 years G.P. experience. Any area considered. Box 4108 BMJ. 24

UNIVERSITY AND RESEARCH APPOINTMENTS

KING'S COLLEGE HOSPITAL Medical School (University of London) Denmark Hill London, SE5 8RX

Applications are invited for the post of
RESEARCH FELLOW IN
CARDIOLOGY

tenable in the Cardiac Department, King's College Hospital. The person appointed will work on a comparative clinical evaluation of the mechanism of action and therapeutic value of new anti-dysrhythmic drugs. The work would be suitable for an M.D. thesis. An opportunity for training in investigative cardiology will be provided. Applicants must be members of the Royal College of Physicians. The appointment will be for 2 years in the first instance and the salary will be at the appropriate level on the Registrars scale.

Applications with curriculum vitae to Dr. David Jewitt, Cardiac Department, King's College Hospital, Denmark Hill, London, SE5 8RX not later than 23rd March 1974. The Department may be visited by appointment and further details obtained by telephoning 01-274 6222. Ext. 2255. (23498) 25

MONASH UNIVERSITY Melbourne, Australia Department of Physiology (including Pharmacology)

LECTURER SENIOR TEACHING FELLOW OR TEACHING FELLOW

The Department of Physiology conducts courses in Physiology and Pharmacology for B.Sc., B.Sc. (Hons) and M.B., B.S. degree and accepts graduate students for M.Sc. and Ph.D. degrees. Duties will relate especially to Science undergraduate teaching. Research interests include: brain ultra-structure, neurophysiology, biophysics, and pharmacology of central and peripheral synapses, muscle biophysics, circulatory physiology and pharmacology, renal and endocrine physiology. Applicants for Senior Teaching Fellowship or Lecturer should preferably have a Ph.D. or medical qualification.

Salary scale: Lecturer — \$A8,698 — \$A11,982 per annum. Senior Teaching Fellow — \$A7,270 — \$A8,698 per annum, with superannuation based on an endowment assurance scheme, the employee and employer contributing 5 per cent and 10 per cent respectively. Teaching Fellow — \$A5,740 — \$A7,015 per annum.

Benefits: Travelling expenses for appointee and family; removal allowance; repatriation after three years' appointment if desired; temporary housing for an initial period. Study leave entitlement (for Lecturers only) accumulates at the rate of one month's leave for each six months' service up to six years with provision for financial assistance.

Further general information and details of application procedure are available from the Academic Registrar, Monash University, Wellington Road, Clayton 3168, Victoria, Australia, or the Secretary-General, Association of Commonwealth Universities (Appis), 36 Gordon Square, London WC1H 0PF. Enquiries about the Department to the Chairman, Professor R. Porter in the University.

Closing date: 28th February, 1974.
The University reserves the right to make no appointment or to appoint by invitation. (23425) 25

MOORFIELDS EYE HOSPITAL City Road, London EC1V 2PD Francis & Renee Rock Foundation

RESEARCH FELLOW

Applications are invited for a full-time Research Fellowship in retinal diseases tenable with the Retinal Unit at the High Holborn Branch of Moorfields Eye Hospital, with the opportunity to join Professor David Hill's work in medical retinal disease and to devote a part of the time to similar work at the City Road Branch.

An active interest in fluorescence angiography or in vitreous surgery would be considered an asset. The applicant is invited to set out a twelve months' research programme in the particular aspect of retinal disease in which he wishes to undertake work, giving sufficient detail to enable the Medical Advisory Committee adequately to assess the project.

The salary is at the rate of £3,500 per year, inclusive of expenses (the appointment would probably be subject to the payment of National Insurance contributions. This, however, might vary according to the circumstances of the individual concerned.) £500 would be available for the purchase of equipment essential to the research project if the need arises.

It is possible that a successful applicant might apply to hold the Fellowship for a second year if the proposed project warrants a further period for its effective completion.

Apply in writing to the House Governor. (23600) 25

ST. MARY'S HOSPITAL MEDICAL SCHOOL (University of London) Paddington, London W2 1PG

Applications are invited for the appointment of a

LECTURER OR SENIOR LECTURER IN EPIDEMIOLOGY

GENERAL PRACTICE TRAINING POSTS

Dartford and Darenth Hospital Management Committee

Dartford Vocational Trainee Scheme for General Practice

Applications are invited for places in the 1st October, 1974 intake to the Dartford Vocational Trainee Scheme for General Practice. The Scheme is based on the Dartford District Hospital (Joyce Green Hospital and West Hill Hospital).

Trainees will be appointed to the Senior House Officer grade. Training will consist of 6 months in General Practice, 18 months in hospital posts and a final year in General Practice. Trainees will qualify for the Vocational Training Grant, on completion of the course.

The hospital posts will consist of the following:-

Obstetrics and Gynaecology	- 6 months
Psychiatry with Geriatrics	- 6 months
Paediatrics	- 3 months
Elective period	- 3 months

There will be special emphasis placed on Psychiatry, Psycho-Geriatrics and Community Care; and the Psychiatry appointment will enable the trainee to sit for the Dip. Psych. Med. Part 1. The whole Scheme is recognised for the M.R.C.G.P. Married trainees will be offered the tenancy of a modern house near the hospital for the full period of training. For single practitioners, accommodation will be provided for the full period of training in the hospital medical staff quarters.

Application forms and further information can be obtained from and returned to the Group Secretary, Dartford and Darenth Hospital Management Committee, Darenth Park Hospital, Dartford, Kent DA2 6LZ.

(55256) 22

THE UNIVERSITY OF MANCHESTER

RESEARCH ASSISTANT

Department of Anaesthetics
This is a whole-time appointment of approximately 18 months duration, financed by the M.R.C. It concerns the development of acute tolerance to narcotic analgesics. Work will involve respiratory measurements and subjective assessment of pain relief in a clinical setting, in collaboration with the Professor of Anaesthetics, a second research assistant (S.R.N.) and a senior biochemist engaged in the laboratory estimation of narcotics and their metabolites. The post is suitable for a clinician with several years experience, anaesthetist applicants should preferably hold the F.F.A.R.C.S. Salary on registrar or senior registrar scale, as appropriate. Further details from Professor James Parkhouse (to whom applications should be addressed), Department of Anaesthetics, Withington Hospital, Manchester, M20 8LR. (23567) 25

UNIVERSITY OF LIVERPOOL

CHAIR OF CHILD HEALTH

Applications are invited for the Chair of Child Health which will become vacant on 30th September, 1974 following the retirement of Professor J.D. Fay.

The salary of the Professor will be within the range approved for clinical Professorial salaries, and initially will depend on the qualifications and experience of the successful candidate.

Applications (16 copies), together with the names of three referees, should be received not later than 28th March, 1974 by the undersigned, from whom further particulars may be obtained. (Candidates overseas may send one copy only, by airmail.) Quote ref. RV/BMJ/80700. (23581) 25

UNIVERSITY OF LONDON King's College Hospital Dental School

Applications are invited for the post of
LECTURER IN ORAL SURGERY

Full-time with honorary grading of Registrar or Senior Registrar.

The post provides opportunities for research and experience in all branches of Oral Surgery and previous experience in the specialty would be an advantage and a medical qualification is desirable as the department is attached to a major accident centre. The salary will be within the range of £3,012 to £4,668 according to age, qualifications and experience. Post available from 1st April, 1974.

Further particulars may be obtained from the Secretary, King's College Hospital Medical School, Denmark Hill, London SE5 8RX, to whom applications (four copies) together with the names of three referees should be sent not later than 18th March, 1974. (23428) 25

Department Head- Microbiology Research

Salary around £6000

This senior appointment is in the Microbiology Division of Glaxo Research Limited which is situated at Greenford, Middlesex. The post is a new one created by the continuing expansion of our research activities.

The Departmental Head will report to the Director of Microbiological Research. The Microbiology Division, which already employs some 100 scientific staff, carries out research in the fields of bacteriology, chemotherapy (particularly of the new cephalosporin antibiotics), virology, immunology, parasitology, and pathology. It is concerned with the research on new products up to the time of clinical trial. The successful applicant will have had research experience in a senior capacity in at least one of the fields listed above and will have a working knowledge of most of the others. He will have a higher degree in biological science or medicine and considerable post-graduate research experience — not necessarily in the pharmaceutical industry.

In addition to the salary, which is negotiable, the company offers a contributory pension scheme and the opportunity to share in profitability. Assistance with re-location expenses will be given, where appropriate. Applications should be addressed to the Group Personnel Manager, Glaxo Holdings Limited, Clarges House, 6-12 Clarges Street, London W1X 8DH, quoting reference AM.213.

A service to B.M.A. Members

GENERAL OPHTHALMIC SERVICES

OPHTHALMIC MEDICAL PRACTITIONER AT THAMESMEAD

A integrated health service embracing all three branches of the National Health Service is being developed for the new community at Thamesmead where the population is expected to grow to 49,000 within the next 10-20 years. A teaching of students in many health service professions.

A new Lakeside Health Centre opened in February, 1972 which has been designed to provide services for the population of Stages I and II which is expected to grow to 10,000 by 1975. This centre includes purpose-designed accommodation for ophthalmic services that is at present being used on a sessional basis by a firm of Ophthalmic Opticians.

Applications are invited from Ophthalmic Medical Practitioners wishing to provide general ophthalmic services from these premises. It is envisaged that in the first instance there would be sufficient demand to warrant only a limited number of sessions but that the number would be increased as the population grows.

Payment for National Health Service services will be on the basis of the statement of fees and charges for the testing of sight issued by the Department of Health and Social Security.

An inclusive rental, covering fixed equipment and rates, will be determined in accordance with the time for which the premises are issued. Reasonable guarantees for security of tenure will be given.

The practitioner appointed may have the opportunity to take part in the wider ophthalmic service and teaching programme which will be developed later.

Further details, including particulars of the premises, may be obtained from the Acting Clerk, South East London and Kent Executive Council, 11 Station Road, Maidstone, Kent. Closing date: 6th March, 1974. (H18149) 36

COMMERCIAL APPOINTMENTS

Nicholas

Pharmaceuticals, Toiletries
Hospital Supplies

Medical Adviser

Due to increased demand upon their services, the Slough based Medical Services Division of Nicholas International Limited (incorporating Nicholas Laboratories Limited British Schering Limited and Damancy Limited) has a vacancy for a Medical Adviser.

The successful applicant will join a team of doctors whose main task is the clinical evaluation of new and existing medicines but which also provides an advisory service on all medical aspects of the company's ethical and proprietary businesses.

Candidates should hold a medical degree registrable in the U.K. Previous experience in the pharmaceutical industry is desirable but not essential.

The position offers entry into a career in the pharmaceutical industry which is not necessarily limited to the Medical Services Division as transfer to other disciplines for which personnel show aptitude is actively encouraged.

Salary is negotiable depending on age and experience. The company operates a non-contributory pension scheme and a company car will be provided.

Replies giving details of qualifications and career so far will be treated in confidence and should be addressed to: K. S. Woodford, Personnel Manager (Gt. Britain & Ireland), Nicholas Research Institute Ltd., 225 Bath Road, Slough, Bucks.

(23589-34)

INDUSTRIAL APPOINTMENTS

Attention is drawn to the British Medical Association's statement of policy on the Remuneration of Industrial Medical Officers as approved by the Representative Body, which is available on request.

Occupational Health

The Central Electricity Generating Board currently operate 8 nuclear power stations; these will be increased to 12 in the near future. The Medical Branch of the Nuclear Health and Safety Department provides specialised advice to the Board on radiological protection and advises regional medical officers in this field.

The task is to supervise the health of workers exposed to radiation and also to provide a total occupational health service to C.E.G.B. Headquarters and to the nuclear research laboratory at Berkeley; a total of about 2500 people. Responsibility is to the Head of the Medical Branch and includes management of the Haematology Laboratory.

A British registered medical practitioner is needed with a good clinical background but previous industrial experience is not essential.

Salary: / around £5,500, based in London.

The Board utilises the B.M.A. recommended salary scales for Industrial Medical Officers.

Applications stating full relevant details and present salary to the Personnel Officer (Headquarters), Central Electricity Generating Board, Sudbury House, 15 Newgate Street, London EC1A 7AU, by 8th March, 1974. Quote Ref. BMJ/354/P.

GUY'S HOSPITAL BOARD OF GOVERNORS

Applications are invited for the appointment of two non-resident
SENIOR REGISTRARS IN ANAESTHETICS
at Guy's Hospital to commence 1st May, 1974 until 30th September, 1974 in the first instance. Experience will be obtained in all branches of Anaesthesia and the successful applicants will have opportunity for research.
Application forms obtainable from and should be returned to The Superintendent, Guy's Hospital, London SE1 9RT not later than the 4th March, 1974. (23416) 52-5

APPOINTMENTS

Applicants should state name, address, age, nationality, and qualifications, and enclose (unless otherwise specified) one copy of each of three recent testimonials, with a short statement of experience and appointments held. Applications should be sent at once if no closing date is given: Convancing disqualifies (Statutory Instrument, 1969, No. 163).

All National Health Service hospital appointments are in accordance with the Terms and Conditions of Service of Hospital Medical Staff.

Further details concerning standards of residential accommodation, telephone charges, removal allowances, study leave and other matters should be obtained from the Hospital Secretary; or by B.M.A. members from the Secretary, British Medical Association.

Applicants requiring hospital married accommodation are strongly advised to obtain, prior to interview, clarification in writing from the employing authority as to whether such accommodation will be available on appointment.

SALARY SCALES OF HOSPITAL MEDICAL STAFF

HOUSE OFFICER: Each post in this grade shall be tenable for six months. £1,914 per annum for the posts held during the first year; £2,061 per annum for posts held during the second year; £2,208 per annum for posts held during the third and subsequent years, subject to full registration.

Deductions of £177 per annum in respect of lodging only for voluntary residence.

SENIOR HOUSE OFFICER: £2,475 per annum x £189(1) x £186(1) — £2,850.

Deductions of £210 per annum in respect of lodging only for voluntary residence.

REGISTRAR: £2,850 per annum x £171(3) x £168(1) — £3,531.

Deductions of £210 per annum for those with remuneration at the first incremental point on the scale and £243 per annum for those on the second and subsequent points will be made in respect of lodging only for voluntary residence.

On assimilation to the scale for Registrars, one increment and one only shall be given for any year or part of a year in excess of two spent previously in the senior house officer grade.

Allowances at rates up to £204 per annum shall be payable to house officers, senior house officers and registrars occupying posts approved for such allowances in peripheral hospitals.

SENIOR REGISTRAR: £3,363 per annum x £168(1) x £216(4) — £4,395.

Deductions of £270 per annum in respect of lodging only for voluntary residence.

On assimilation to the salary scale for senior registrars, increments to a maximum of two shall be given for each year or part of a year in excess of three spent previously in the registrar grade.

MEDICAL ASSISTANT: £3,156 per annum x £183(2) x £180(2) x £168(10) £5,562.

Deductions of £270 per annum in respect of lodging only for voluntary residence.

CONSULTANT: £5,085 per annum x £279(8) x £282(1) — £7,599.

Deductions of £420 per annum in respect of lodging only for voluntary residence.

COMPULSORY RESIDENCE: The Terms and Conditions of Service of Hospital Medical and Dental Staff state:

173. A practitioner who is required as a condition of his appointment to reside in a hospital shall be provided with lodging without charge, except where the practitioner elects to occupy a house, flat or apartment for which a rent is appropriate. August, 1973

GUY'S HOSPITAL BOARD OF GOVERNORS

And The South East Metropolitan Regional Hospital Board

Applications are invited for the appointment of three non-resident

SENIOR REGISTRARS IN ANAESTHETICS

under the exchange scheme between Guy's Hospital and the South East Metropolitan Regional Hospital Board. The posts are three year appointments and rotate between Guy's Hospital, Greenwich Hospital and the Regional Cardiothoracic Centre at Woolwich, one year being spent at each hospital. Experience will be gained in all branches of anaesthesia and the successful applicants will have opportunity for research. Further information may be obtained from the hospitals concerned.

Application forms are available from and should be returned to The Superintendent, Guy's Hospital, London SE1 9RT by 4th March, 1974. (23417) 52-5

HAMMERSMITH HOSPITAL AND THE ROYAL POSTGRADUATE MEDICAL SCHOOL and the Wessex Regional Hospital Board

Joint Appointment

WHOLE-TIME NON-RESIDENT SENIOR REGISTRAR (Anaesthetics)

required 1st June. Post tenable at Salisbury Group of Hospitals for two years, followed by a further two years at Hammersmith Hospital. The Salisbury rotation offers excellent general training and has an academic linkage with Southampton. Hammersmith Hospital provides much specialized work, including cardiac anaesthesia and intensive care, and there are many opportunities for research. Married quarters may be available at Salisbury; furnished two-bedroom flat may be available on transfer to Hammersmith.

Application forms obtainable from and returnable to the Personnel Officer, Hammersmith Hospital, Du Cane Road, London W12 0HS, by 11th March. (23423) 52-5

KING'S COLLEGE HOSPITAL GROUP

And The South East Metropolitan Regional Hospital Board

SENIOR REGISTRAR IN ANAESTHETICS

Applications are invited for the above post which rotates between King's College Hospital and Bromley H.M.C.

The successful candidate will commence at King's as soon as possible for a period to be arranged.

Candidates are welcome to visit the Department.

Application forms obtainable from the Personnel Office, King's College Hospital, Denmark Hill, London SE5. Tel: 01-274 6222. Ext. 2728 (Miss Millwood) should be completed and returned by 8th March, 1974. (23390) 52-5

UNITED BRISTOL HOSPITALS and South Western Regional Hospital Board

Applications are invited by the above Boards for the joint appointment of

SENIOR REGISTRAR IN ANAESTHETICS (Non-resident)

The appointment is part of a completely comprehensive rotational training scheme which is being operated throughout the Region for all Senior Registrars in Anaesthetics, and is subject to review after the first year.

During the tenure of this appointment the successful candidate will spend not less than one year in the United Bristol Hospitals (Teaching Hospital) and Frenchay Hospitals, Bristol; the Royal Devon and Exeter Hospital, Exeter; Plymouth General Hospital; the Royal United Hospital, Bath; Cheltenham/Gloucester Hospital; Royal Cornwall Infirmary, Triliske, Truro. A period of six to twelve months may be spent in the University Department so that experience of research may be gained. Overseas secondment to the United States, Scandinavia, or West Africa may be offered to the successful candidate during the tenure of his appointment.

Application forms, to be returned not later than 4th March, 1974, obtainable from the Senior Administrative Assistant, (Medical Personnel Division), Royal Infirmary, Bristol BS2 8HW. Interviews will be held in Bristol on 15th March, 1974. (23576) 52-5

NEWCASTLE REGIONAL HOSPITAL BOARD

SENIOR REGISTRAR IN ANAESTHESIA

Whole-time
Non-resident
to participate in a rotation scheme between the Teaching Hospitals and the Regional Cardiothoracic Surgical Service. The scheme is devised to ensure that the holders enjoy the best of the training facilities in the Region. All the hospitals may be served without change of domicile.

A two-year period will provide five months in a full-time Cardiothoracic Unit, three months of Anaesthesia for Neurosurgery, two months in paediatric and neonatal work, and extensive contact with all branches of intensive therapy. One year will be spent in the Royal Victoria Infirmary, Newcastle upon Tyne with facilities for research and training and two months of this time will be free from clinical duties, to be spent in an approved postgraduate activity.

Post vacant 1st June, 1974.
Applications, naming three referees, to Senior Administrative Medical Officer, Regional Hospital Board, Benfield Road, Newcastle upon Tyne NE6 4PY, within 14 days. (55325) 52-5

NEWCASTLE REGIONAL HOSPITAL BOARD

SENIOR REGISTRAR IN ANAESTHESIA

Whole-time
Resident
in the Department of Anaesthesia of Middlesbrough/Langborough District in the Cleveland area. The Cleveland area will comprise a progressive, mainly industrial conurbation in a rural and coastal setting on the River Tees adjacent to the North Yorkshire Moors.

The successful candidate will join a team of 13 Consultants, two Medical Assistants, two Senior Registrars, three Registrars and six S.H.O.s. General services are provided for a population of 350,000 and sub-regional specialties to a population of about a million.

The post offers excellent Higher Professional Training and experience in Anaesthesia for Neurosurgery, Neurology, Radiotherapy and Thoracic (other than Cardiac), Plastic, Dental, Ophthalmic and E.N.T. Surgery. The Department of Anaesthesia is developing a Resuscitation Unit and is in the process of establishing an Intensive Therapy Unit.

A flexible rotational scheme is in operation to meet individual requirements and facilities may be arranged for secondment to the Regional Cardiac Surgery Centre. There is an excellent Library with an active Postgraduate Centre, and an active programme of Training for Junior Anaesthetists in which the successful applicant will be expected to participate.

Applications, naming three referees, to Senior Administrative Medical Officer (from whom further details may be obtained), Regional Hospital Board, Benfield Road, Newcastle upon Tyne NE6 4PY within 14 days. (55324) 52-5

NOTTINGHAM AND DISTRICT HOSPITAL MANAGEMENT COMMITTEE
(City Hospital)
Hucknall Road, Nottingham NG5 1PB
(732 beds)

Applications are invited for the post of
RESIDENT SENIOR HOUSE OFFICER IN PAEDIATRIC SURGERY
This post, suitable as a third House Officer appointment for those interested in paediatrics or surgery, concerns the in-patient care of elective and emergency neonatal and general paediatric surgery problems. The Unit consists of 23 beds and cots within a general hospital containing 110 other children's beds and cots for medical, plastic surgery and orthopaedic surgery problems, and infectious diseases. The offer staff include a second Senior House Officer, a Registrar and a Consultant Paediatric Surgeon. Undergraduate medical teaching and library facilities are available. The post allows time for study.

More senior applicants may apply, but in this case some previous paediatric experience is very desirable.

The post is vacant on 1st April, 1974 and is for a period of six months in the first instance. Approval for F.R.C.S. is being sought.

Married accommodation may be available. Applications giving details of age, qualifications and experience, together with the names and addresses of two referees should be sent to the Hospital Secretary, City Hospital, Hucknall Road, Nottingham NG5 1PB. (H18187)

80-8

 for our new Psychiatric Day Hospital (Harlow House, High Wycombe). This is part of the division of Psychiatry and directly associated with the Psychiatric Unit in Wycombe General Hospital. This appointment is for three sessions a week, the remuneration being £435 per annum for each session. The vacancy arises at the beginning of March.
 Applications, giving details of qualifications, experience, names and addresses of two referees, by 25th February, 1974, to Mr. R. Collins, Hospital Secretary, Wycombe General Hospital, High Wycombe, Bucks. HP11 2TT. (23520) 84-4

HOLLYMOOR HOSPITAL
 Birmingham

CLINICAL ASSISTANT
 IN PSYCHIATRY
 (nine sessions)
 Applications are invited for this newly created post in a progressive psychiatric hospital. The successful applicant will work as a member of a team providing psychiatric services to a defined sector of the Hospital's catchment area. Excellent diagnostic and treatment facilities exist.
 Application forms from the Hospital Secretary, Hollymoor Hospital, Northfield, Birmingham B31 5EX to be returned as soon as possible. (55216) 84-4

NORTH WEST SURREY GROUP HOSPITAL MANAGEMENT COMMITTEE

Medical Practitioner required for two sessions in Psychiatry per week available at Holloway Sanatorium, Virginia Water.
 The person appointed will be part of the Psychiatric team at the Hospital and work under the supervision of a Consultant Psychiatrist. The duties will include the non-specialist physical care of the patients.
 Applicants interested in these sessions should apply to Group Personnel Officer, Group Headquarters, Botleys Park & St. Peter's Hospitals, Guildford Road, Chertsey, Surrey KT16 9QA, for application form and other particulars. Closing date 8th March, 1974. (55380) 84-4

SOUTH-EASTERN REGIONAL HOSPITAL BOARD
 Scotland

SENIOR REGISTRAR(S)
 Royal Edinburgh Hospital and the University of Edinburgh Department of Psychiatry.
 The Hospital has several general and specialist service units and the staff are extensively involved in teaching. Supervision and assistance with research will be available. Consideration will be given to the successful candidates requirements for experience in the clinical field in determining duties.
 Applicants should hold a suitable postgraduate qualification.
 Further particulars with regard to rotation within the Training Scheme available on application.
 Applications, which should be typewritten, giving particulars of age, qualifications and previous experience together with the names and addresses of three referees should be lodged with the Secretary, 11 Drumshugh Gardens, Edinburgh EH3 7QQ, within three weeks from the date of this advertisement. (H18096) 84-5

WELSH HOSPITAL BOARD
SENIOR REGISTRAR
 IN CHILD PSYCHIATRY

to the University Hospital of Wales (Cardiff) H.M.C. This is a new post and will be based at the Child Psychiatric Clinic, Preswylfa, Cardiff.
 In addition to working with a wide age range of children, some experience in Adolescent Psychiatry will also be derived from certain duties at the Young Peoples' Unit, Whitchurch Hospital, Cardiff.

An important part of clinical experience will also be obtained in conjunction with the Department of Child Health. An interest in research will be encouraged and the successful candidate would receive assistance in this from the Academic Department of Psychological Medicine at the University Hospital of Wales.

The appointment is under the auspices of the Joint Advisory Committee on Senior Registrar Training and is subject to annual review.

Further particulars and application forms from S.A.M.O., Temple of Peace and Health, Cathays Park, Cardiff, to be returned by 9th March, 1974. (23528) 84-5

WESSEX REGIONAL HOSPITAL BOARD

St. James' Hospital
 Portsmouth

REGISTRAR
 IN PSYCHIATRY

(Resident)
 required for progressive psychiatric hospital of 750 beds. Vacant 11th March.

The firm system is in operation and the successful candidate will rotate between the firms, thus gaining good experience of diagnostic and treatment in all branches of psychiatry.

There are 2 purpose built day hospitals (1 The Solent Clinic at the main hospital, the other in Havant). A Psycho-Geriatric Assessment Unit and an Alcoholism Unit were both opened in 1972. The Registrar will work for part of his/her appointment in each of these areas under the direct supervision of the Consultant-in-Charge.

The post is recognized for the D.P.M. and M.R.C.(Psych.) and individual teaching is carried out by Consultants at the hospital. The Registrar will participate fully in the Wessex Regional Scheme for postgraduate training in Psychiatry and will be released regularly to attend.

Further details and application form from the Group Secretary, Saint Mary's General Hospital, Portsmouth PO3 6AD. (23388) 84-6

Further particulars and forms of application may be obtained from the Secretary to the Board, Vernoholme, Riverside Drive, Dundee, with whom they should be lodged not later than 2nd March, 1974. (H18164) 91-6

SOCIAL MEDICINE**DEPUTY CHIEF
MEDICAL OFFICER****£4,104 — £4,611****LONDON WEIGHTING £105**

Applications are invited from senior medical officers for the above post, which offers a career in the application of medicine in social work. Dr. Barnardo's is a voluntary child care organisation engaged in various spheres of social work including day care, community work, and residential care, including ten special schools for physically and mentally handicapped and maladjusted children. The current annual budget is about £4 million. The post includes the arrangement of medical services for the children and acting as deputy for the Chief Medical Officer in all spheres of the work. Fully transferable pension scheme.

The post is based at Barkingside, Ilford, Essex, but applicants should be free to travel. Experience in paediatrics and developmental assessment an advantage. Applicants should be willing to undertake further part-time study in Sociology. They should be in sympathy with the Christian basis of the work of Barnardo's.

Further information available from Chief Medical Officer, Dr. Barnardo's. Tel: 01-550 8822.

Application forms from Mr J. D. Knight, Personnel Manager. Closing date 11th March, 1974. (23488) 37

OVERSEA

Attention is drawn to the importance of detailed careful consideration to the terms of any contract, especially as terms and conditions of service may differ markedly in different areas. 'Notes on Contracts Overseas' may be obtained on application to the Secretary.

Before any contract is signed it is advisable to obtain full details of remuneration and of terms and conditions of service and information about local conditions. These may often be obtained from the local B.M.A. Branch or affiliated Medical Association whose address may also be obtained on application to the Secretary.

CANADA — A private multi-specialty clinic in a Western Canadian City is accepting applications for a Family Practitioner — a Certified or Certificable (Royal College of Physicians and Surgeons of Canada) Obstetrician — Gynaecologist — Paediatrician — Internist. We are expanding our departments and we offer an interesting opportunity to young physicians. Southern Alberta is a delightful place to live and raise a family. Please reply with documentation and date available to Box 3951 BMJ. 118

Senior Employment Medical Adviser Mental Health

£8163
London

This important post within the Employment Medical Advisory Service will cover research, arranging epidemiological surveys, assessment of technical reports, and policy recommendations within the field of mental health in an occupational environment. It will also cover mental health aspects of the medical work within the Department's Industrial Rehabilitation Units. An Adviser's duties include investigations and formal surveys, advice about working conditions, and medical supervision of young people who are not fully fit for employment and of people undergoing training or rehabilitation. This is wide ranging work of growing importance. Advisers go into many different work places, particularly factories, and give advice on occupational medicine to workers (and their representatives) and employers, as well as maintaining liaison with medical practitioners on aspects of their patients' work.

Candidates must be fully registered medical practitioners and experience in mental health and medical psychology would be an advantage.

Salary £8163. Promotion prospects. Non-contributory pension scheme.

For further details and an application form (to be returned by 8 March 1974), write to Civil Service Commission, Alencon Link, Basingstoke, Hants., RG21 1JB, or telephone Basingstoke 29222, ext. 500 or London 01-839 1992 (24 hour answering service). Please quote S/8537/2

GOVERNMENTAL

Employment Medical Advisory
Service & London University

Joint appointment of MEDICAL ADVISER/ LECTURER

This is a new, London-based, appointment, divided between the Employment Medical Advisory Service and the TUC Centenary Institute of Occupational Health of the London School of Hygiene and Tropical Medicine.

An Adviser's duties include investigations and formal surveys, advice about working conditions, and medical supervision of young people who are not fully fit for employment and of people undergoing training or rehabilitation. This is wide ranging work of growing importance. Advisers go into many different work places, particularly factories and give advice on occupational medicine to workers (and their representatives) and employers, as well as maintaining liaison with medical practitioners on aspects of their patients' work.

The University duties (as a designated Lecturer or Senior Lecturer depending on experience and qualifications) will include participating in the teaching, and other activities of the Institute. The person appointed will be expected to pursue his or her own research.

Applicants must be fully registered medical practitioners in the United Kingdom. Experience in occupational medicine or in allied subjects such as toxicology, pulmonary physiology, or psychiatry, is desirable and the possession of higher qualifications will be an advantage. Ability to drive a car is essential.

Starting salary may be above the minimum of the scale £5,158—£6,889. The appointment will be for three years in the first instance. At the end of this period the E.M.A. will be given the choice of full-time work within the E.M.A.'s or London University. There is a non-contributory pension scheme.

For full details and an application form (to be returned by 8th March, 1974) write to the Civil Service Commission, Alencon Link, Basingstoke, Hants RG21 1JB, or telephone Basingstoke 29222, Ext. 500, or London 01-839 1992 (24 hour answering service). Please quote S/8540/2 (23158)

Opportunities Overseas

The posts described below are partly financed by the British Government under Britain's programme of aid to the developing countries. The emoluments shown cover basic salaries and allowances; salaries are assessed in accordance with qualifications and experience. Other benefits include paid leave, free family passages, children's education allowances and subsidised accommodation. An appointment grant of up to £200 and car purchase loan of up to £600 may be payable in certain circumstances. Superannuation rights may be safeguarded. Applicants should normally be citizens of, and permanently resident in, the United Kingdom and be eligible for full registration with the General Medical Council in the UK.

Belize

ANAESTHETISTS

Applicants must possess the DA or equivalent plus five years anaesthetic experience. An allowance is payable in lieu of private practice which is not normally allowed. Appointment for 2 years. Salary, in scale £4,075 — £4,775 p.a. which includes an allowance payable in the UK, and normally tax free in scale £1,900 — £2,600 p.a. Terminal gratuity 20% of gross salary. (Equivalent gross UK return approximately £5,900 p.a. married and £5,250 p.a. single.)

Seychelles

MEDICAL OFFICER

Required for general and clinical duties. Applicants preferably single and under 35 must possess relevant qualifications. Appointment for 2-3 years. Salary, in scale £2,613 — £3,800 p.a. which includes an allowance payable in the UK and normally tax free in scale £426 — £750 p.a. Terminal gratuity 25% of gross salary. (Equivalent gross UK return approximately £4,026 — £5,436 p.a. married and £3,850 — £5,450 p.a. single.)

British Solomon Islands

SURGEON SPECIALIST

To be in charge of the surgical unit in the Central Hospital, Honiara; to advise the Director of Medical Services on the surgical services and help in the training of local doctors in surgical skills. Applicants under 55 must possess the F.R.C.S. Appointment for 2 years. Salary, £5,580 p.a. which includes an allowance payable in the UK, and normally tax free, of £2,160 p.a. Terminal gratuity 25% of gross salary. (Equivalent gross UK return approximately £9,500 p.a. married and £9,950 p.a. single.)

MEDICAL OFFICERS

To serve either in the Central Hospital, Honiara where the duties are almost entirely clinical, or in general duty Medical Officer posts in the District or Rural Hospital the duties of which will then include Public Health. Applicants, male, must be experienced in the prescribed duties of the post. Salary, in scale £3,287 — £4,735 p.a. which includes an allowance payable in the UK, and normally tax free in scale £1,650 — £2,100 p.a. Terminal gratuity 25% of gross salary. (Equivalent gross UK return approximately £5,800 — £9,000 p.a. married and £6,000 — £9,450 p.a. single.)

Falkland Islands

MEDICAL OFFICER

To carry out general medical duties throughout the Islands reached by air or landrover. Applicants aged between 26-40. Private practice not permitted. Appointment for 2½-3 years. Salary, in scale £2,900 — £4,500 p.a. which includes an allowance payable in the UK and normally tax free in scale £498 — £1,500 p.a. Terminal gratuity 20% of gross salary. (Equivalent gross UK return approximately £4,800 — £6,450 p.a. married and £4,050 — £5,250 p.a. single.)

New Hebrides

MEDICAL SUPERINTENDENT/ SURGEON SPECIALIST

To supervise the running of the base hospital and to perform elective and emergency surgery and some general clinical duties. Applicants preferably under 45 must possess the F.R.C.S. Appointment for 2 years. Salary, in scale £5,681 — £5,796 p.a. which includes an allowance payable in the UK, and normally tax free of £1,002 p.a. Terminal gratuity 25% of 25% of gross salary. (There is no local income tax in New Hebrides.)

NOTE: For all posts the figures show the gross (ie before tax) UK returns which are roughly equivalent to the total emoluments and gratuity for a married man with two children, and for a single man, paying tax at standard rates.

For full details, together with an application form and booklet about the country concerned, please apply giving age and brief details of qualifications and experience to:-

CHERMSIDE HOSPITAL, Brisbane, Australia Full-time Medical Staff

HISTOPATHOLOGIST

Written applications are invited from Registered Medical Practitioners who are either Registered or eligible for Registration in the State of Queensland as a Specialist Pathologist, for appointment to a position of full-time Histopathologist, Chermide Hospital. This is a new position.

Chermide Hospital is situated in fifty-five acres of tended grounds, six miles from the centre of the city of Brisbane, and its specialties include cardio-thoracic medicine and surgery, orthopaedics, psychiatry, and geriatrics. There are approximately 1,000 beds of which approximately 500 are for long-stay patients.

The Pathology Department offers a comprehensive service to this Hospital and to a peripheral acute General Hospital of 120 beds. There is a projected Laboratory expansion and plans are currently being prepared for a new air-conditioned building.

The appointee will be expected to have had the relevant experience in Histopathology and he will also be expected to provide a reporting and consultative service in surgical pathology, and to undertake autopsies as required. The appointment will be a full-time appointment, and private practice will not be allowed.

Salary range: \$18,185 per annum (\$697.10 per fortnight). Liberal Conference Leave conditions apply. In addition, after the completion of each seven (7) years continuous service, a Specialist Medical Officer is entitled to up to six (6) months Study Leave on full salary without expenses, or alternatively, such an applicant may apply for up to three (3) months leave on full salary with a round-the-world economy air ticket, plus actual expenses and a personal allowance. Recreation Leave entitlement is five (5) weeks per annum, and Long Service Leave entitlement is thirteen (13) weeks after ten (10) years continuous service. Sick leave is 2 weeks on full pay for each year of service. Assistance towards cost of travel is available to appointees from overseas under certain circumstances. Further particulars of the position are available from the Medical Superintendent.

Applications should include full personal particulars, details of professional experience and names and addresses of three (3) referees. Applications should be forwarded to **The Manager, the Chermide Hospitals Board, Rode Road, Chermide, Brisbane 4032, Australia**, by the 20th March, 1974.

118

CHERMSIDE HOSPITAL, Brisbane, Australia Full-time Medical Staff

SPECIALIST PSYCHIATRIST

Written applications are invited from registered Medical Practitioners for appointment to a position of full-time Specialist Psychiatrist, Chermide Hospital. This additional position has recently been approved.

The Neuro-Psychiatry Unit, Chermide Hospital is a modern Unit providing accommodation for 152 In-patients and the Unit also provides Out-patient and day hospital facilities. The Unit is staffed by Visiting and Full-time Specialist Psychiatrists and the University of Queensland, Department of Psychological Medicine also maintains a major teaching Department within the Unit. The current establishment also provides for five Psychiatry Registrars and two Resident Medical Officers. Within the near future it is planned to expand the role of the Neuro-Psychiatry Unit to provide a fully comprehensive psychiatric service.

The Unit is an accredited Postgraduate Teaching Hospital for the Australian and New Zealand College of Psychiatrists.

Salary range: \$15,740 to \$20,110 per annum or \$603.40 to \$770.90 gross per fortnight.

Liberal Conference Leave conditions apply. In addition, after the completion of each seven (7) years continuous service, a Specialist Medical Officer is entitled to up to six (6) months Study Leave on full salary without expenses, or alternatively, such an applicant may apply for up to three (3) months leave on full salary with a round-the-world economy air ticket, plus actual expenses and a personal allowance. Recreation Leave entitlement is five (5) weeks per annum, and Long Service Leave entitlement is thirteen (13) weeks after ten (10) years continuous service. Sick leave is 2 weeks on full pay for each year of service. Assistance towards cost of travel is available to appointees from overseas under certain circumstances. Further particulars of the position are available from the Medical Superintendent.

Applications should include full personal particulars, details of professional experience and names and addresses of three (3) referees. Applications should be forwarded to **The Manager, the Chermide Hospitals Board, Rode Road, Chermide, Brisbane 4032, Australia**, by the 20th March, 1974.

Australian Repatriation Department Specialist (Rehabilitation)

NEW SOUTH WALES

VICTORIA

SOUTH AUSTRALIA

Applications for positions of Specialist (Rehabilitation), are invited from Medical Practitioners eligible for registration in Australia, with an appropriate postgraduate qualification and relevant experience in the field of Rehabilitation.

New South Wales

This position is located at the Repatriation General Hospital, Concord, New South Wales, nine miles from the heart of Sydney. Concord is a 1000 bed teaching hospital associated with the University of Sydney. Special Departments include an up-to-date Pathology Department with automated biochemical and haematological equipment, and Radiology with coronary Angiography, Nuclear Medicine and Pulmonary Physiology Laboratory. There are Special Units for Coronary Care, Intensive Surgical and Thoracic Care and combined Neurology and Neurosurgery.

Victoria

This position is located at the Repatriation General Hospital, Heidelberg, which is at present a 700 bed general hospital and a clinical school of the University of Melbourne. Other full-time posts include Radiology, Pathology, Chest Diseases, Anaesthesia, Medicine, Psychiatry, Surgery, Resuscitation, Nuclear Medicine, Limb Fitting and Ophthalmology. In addition visiting specialists attend the hospital.

South Australia

This position is located at the Repatriation General Hospital, Daw Park, situated six miles south of the city of Adelaide. It is a 358 bed general hospital affiliated with the University of Adelaide for undergraduate Medical Training. It has a comprehensive range of Medical, Surgical and Specialty services. The Rehabilitation Unit, comprising medical, para-medical, technical and clerical staff is active at both the in-patient and out-patient levels. A Rehabilitation Ward and a Day Centre, under the control of the Specialist with assistance from a Registrar in Rehabilitation are operated.

The successful applicant for each of these positions will be in charge of the Department of Rehabilitation in the hospital. He will be required to co-ordinate the work of the department and will be responsible for the co-ordination of rehabilitation within the State Branch of the Repatriation Department. In addition to practising rehabilitation at the clinical level, the successful applicant will be expected to provide expert advice to top level medical and executive management on matters relating to the practise of rehabilitation and to participate in the clinical activities of the hospitals, including postgraduate training programmes.

Commencing salary will be within the range \$13,581 — \$18,412 and will be determined having regard to postgraduate qualifications and relevant experience. At present exchange rates £1 — \$A1.50.

Subject to medical fitness, the successful applicants will be permanently appointed an eligible to contribute to a generous superannuation scheme.

First class air fares to the location for the appointees and their families may be paid, and a "settling in" allowance for a limited period. Some assistance may also be given towards the removal of personal effects.

Applications in writing, including details of age, qualifications, experience, publications and the names of professional referees, should be forwarded to the Deputy Commissioner for Repatriation in the appropriate State by 18th March, 1974

Repatriation General Hospital Western Australia Specialist (Anaesthesia)

Applications are invited for the position of Specialist (Anaesthesia) at the Repatriation General Hospital, Perth, Western Australia.

This hospital is responsible for the care and treatment of service and ex-service personnel. It is located at Hollywood, approximately five miles from the city, within walking distance from the University of Western Australia, and is immediately adjacent to the University Medical Centre and Sir Charles Gairdner Hospital.

The Repatriation Hospital has an average bed occupancy of 350, of which 150 are surgical. It is a teaching hospital for the Faculty of Medicine, and caters for all types of medical and surgical cases and covers psychiatry, radiology, pathology, chest diseases, pulmonary function and coronary care, in all of which there are both full-time and visiting specialists. Twenty-six operating sessions are held each week, and a panel of visiting anaesthetists is maintained.

The Specialist (Anaesthesia) will be responsible for the overall management of the Operating Theatre area and the organisation of anaesthetics. In addition to clinical work in anaesthetics he will be expected to participate in the clinical activities of the hospital, including postgraduate training programmes, and to liaise with the university authorities and the relevant postgraduate college. The Specialist will also act as consultant to the Director (Medical Services) on matters relating to anaesthetics.

Applicants must be qualified medical practitioners, registrable in Western Australia, with an appropriate postgraduate qualification and relevant experience in the field of anaesthetics.

Salary is within the range of \$13,581 — \$18,412 p.a., plus an allowance of \$612 p.a. for administrative duties. Commencing salary will be determined by qualifications and experience. At present exchange rates £1 — \$A1.50.

Subject to medical fitness, the appointee will become a permanent officer in the Australian Public Service and be eligible to contribute to a generous superannuation scheme. Liberal leave provisions apply.

First class air fares to Perth for the successful applicant and his family and a "settling-in" allowance may be paid. Some assistance may also be given towards the removal of personal effects.

Further information may be obtained from the Medical Superintendent, Repatriation General Hospital, Hollywood, Western Australia 6009.

Written detailed applications should be forwarded to the Deputy Commissioner, Repatriation Department, 11-13 William Street, Perth, Western Australia 6000, by 18th March, 1974. (23489) 118

General Medical Practitioners

For Staff Positions In The

Lyell McEwin Hospital

South Australia — 2 Positions

Applications are invited from experienced medical practitioners interested in developing a hospital based primary medical care service and becoming involved in teaching both undergraduate and postgraduate students.

The Lyell McEwin Hospital, Elizabeth, Has at present approximately 200 beds and a Casualty and Out-patient Department handling some 150 patients per day. Elizabeth is in the centre of a region which is growing at a significant rate and because there is a shortage of general practitioners in the area, the community is turning increasingly to the Hospital for primary medical care.

Planning has commenced on an expansion of the Hospital in phases up to 750 beds and there will be opportunities to become involved in the planning of facilities.

Applicants should hold the postgraduate qualifications of the College of General Practitioners or other appropriate senior degree and these qualifications must be acceptable for registration by the Medical Board of South Australia.

The salary at the present time being offered for these positions is approximately \$15,000 p.a. with the right of private practice up to 25% of the salary. Annual leave accrues at the rate of 4 weeks per annum, together with sick leave and long service leave. Superannuation would be available after an initial period.

Appointment can be from an agreed date before the appointee leaves the U.K. and first class air fares for the appointee and his family, together with reasonable removal expenses, will be met.

Applications should be forwarded to the Agent-General for South Australia, South Australia House, Strand, London, by 25th March..

Information on the location of Elizabeth, climate, availability of educational and recreational facilities, assistance with housing, conditions concerning registration by the Medical Board of South Australia and other details can be obtained from the office of the Agent-General.

Pfizer **PFIZER LIMITED**
SANDWICH, KENT

A recent clinical trial* again confirms that Ventolin is superior to isoprenaline in improving respiratory function.

Ventolin sets a higher standard in bronchodilator therapy

Measurements Made*	Ventolin more effective	Isoprenaline more effective
FORCED VITAL CAPACITY	✓	—
FORCED EXPIRATORY VOLUME	✓	—
FORCED EXPIRATORY FLOW	✓	—
AIRWAYS RESISTANCE	✓	—
FUNCTIONAL RESIDUAL CAPACITY	✓	—
SPECIFIC CONDUCTANCE	✓	—

The duration of effect was at least 4 hours with Ventolin but with isoprenaline it was only about 2 hours.

*The body plethysmograph was used to compare the effectiveness of salbutamol, administered as Ventolin Inhaler, with that of isoprenaline by aerosol in a double-blind, controlled trial in patients with stable asthma (*J. Amer. med. Ass.* 1972, **221**, 682). The results showed that statistically significant differences in favour of Ventolin were observed in all the parameters measured (See Table).

Ventolin is the **ONLY** adrenergic bronchodilator which is recommended for asthmatic or bronchitic patients who also have any form of heart disease or severe hypertension.

VENTOLIN INHALER — for rapid, long-lasting relief of acute bronchospasm.

VENTOLIN TABLETS 2mg and 4mg — for routine oral bronchodilator therapy.

VENTOLIN SYRUP — fruit-flavoured for ready acceptability by children.

VENTOLIN SPANDETS — sustained-action tablets, particularly suitable where nocturnal bronchospasm is a problem.

Ventolin Inhaler contains salbutamol BP. Oral preparations of Ventolin contain salbutamol BP as sulphate.

For the relief of bronchospasm... prescribe **VENTOLIN**
MOST DOCTORS DO!

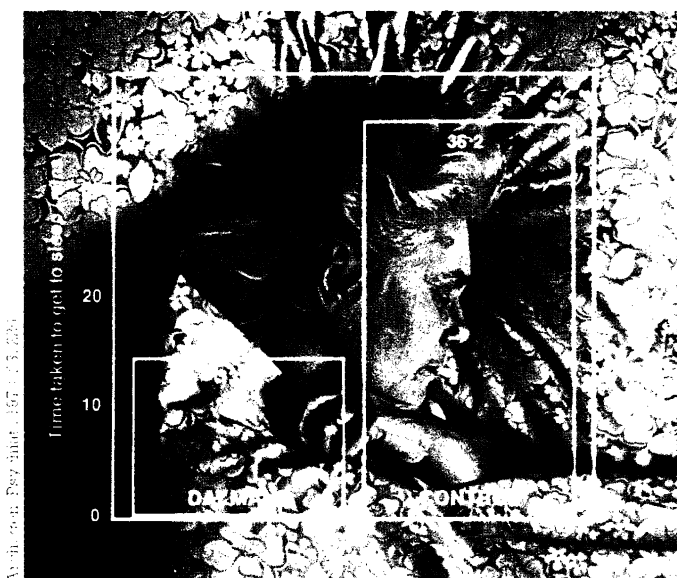

Full information is available on request. Ventolin and Spandet are trade marks of

DALMANE

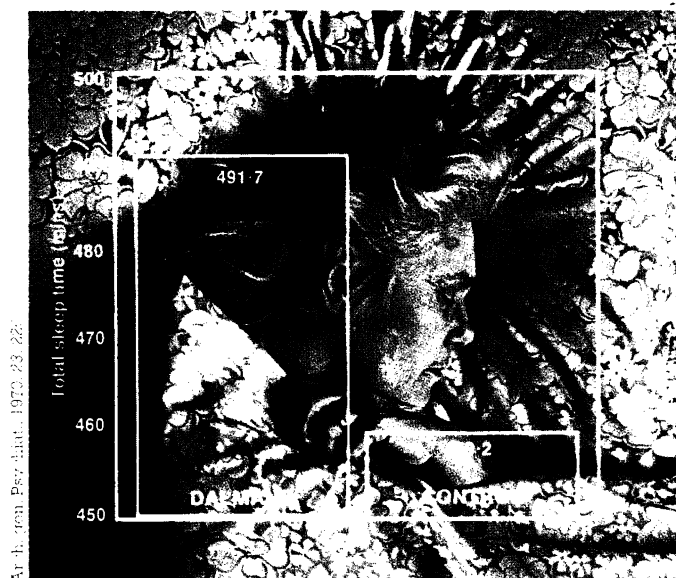

Getting to sleep

Patients asleep in less than half the time

Clinical trials¹⁻³ have shown that Dalmane cuts sleep latency – the time taken to get to sleep – by half. In one study³ Dalmane reduced the average sleep latency in a group of insomniacs from 36.2 minutes to 13.9 minutes.

Staying asleep

Average sleep of more than 8 hours

Dalmane increased the duration of sleep to – in one published study³ – an average of 8 hours 11.7 minutes in patients who had previously suffered from insomnia. Dalmane also reduces the number of nocturnal awakenings^{1,4} and the actual length of time spent awake during the night – from an average of 52.8 minutes to 24.3 minutes in one trial⁴.

a new and powerful treatment for insomnia

Patient Preference

Preferred by a greater number of patients⁵ – low incidence of side-effects

In one trial in which Dalmane was compared with glutethimide, of those patients who expressed a preference 81 per cent did so in favour of Dalmane, whilst only 19 per cent preferred glutethimide. This high level of patient preference is due to the ability of Dalmane to produce sound sleep with a low incidence of side-effects. Dalmane has been shown to produce less hangover than glutethimide in another trial⁶, than a barbiturate⁷, and, in one trial even a placebo – 9 cases with Dalmane, 25 with placebo⁸.

Safety

A non-barbiturate treatment for insomnia with a wide margin of safety

Dalmane has an extremely high mean lethal dose in mice and rats⁹, thus suggesting that overdosage would be unlikely to present undue problems of management or threat to life. Human toxicity studies¹⁰ in which healthy men were given large doses of Dalmane for some time confirmed that it is well tolerated and produces no unwanted systemic effects.

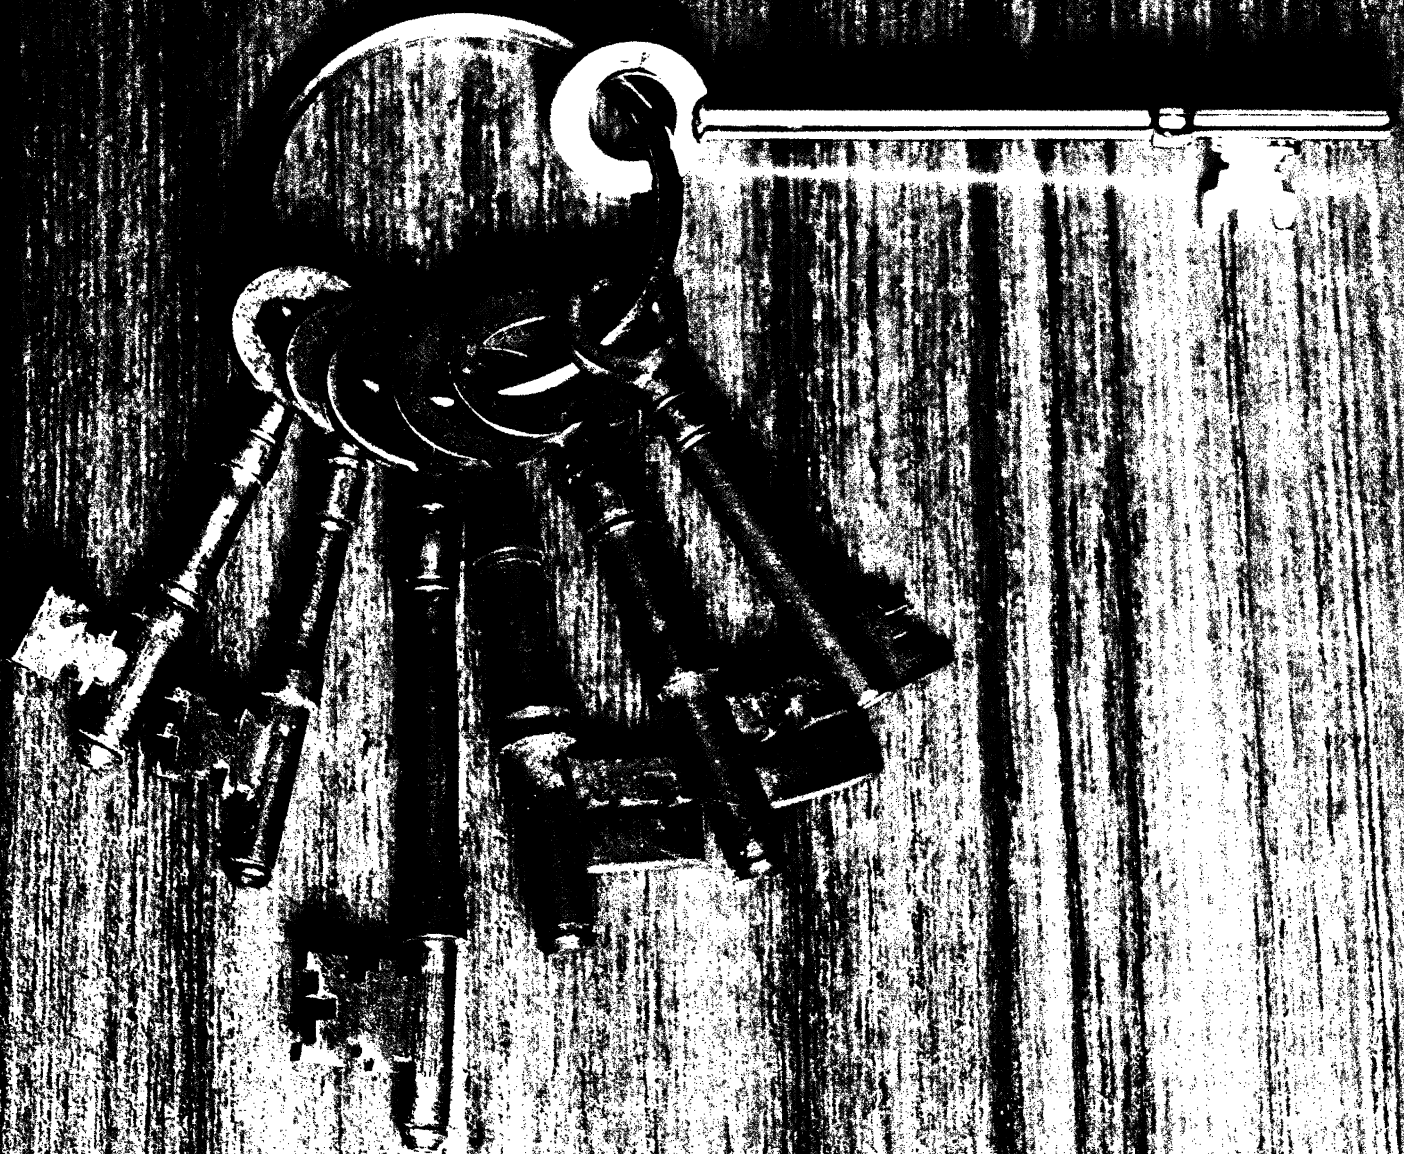

Full information is available on request from:
Roche Products Limited, 15 Manchester Square, London W1M 6AP.

Dalmane is a trade mark for pharmaceutical preparations containing flurazepam.
