

Prothiaden quickly breaks the web of depressive illness

Prothiaden is the anti-depressant that not only treats depression, but also quickly relieves the tension and anxiety symptoms so often a presenting feature of depressive illness.

Fast acting and exceptionally well tolerated, Prothiaden offers your patient the prospect of prompt and maintained relief.

Prothiaden the better anti-depressant

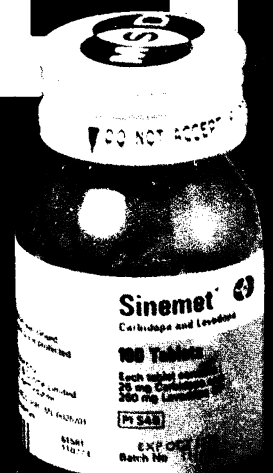

Capsules containing dothiepin hydrochloride 25mg. Full information available on request from The Crookes Laboratories Ltd., Basingstoke, Hants.

THE MOST SIGNIFICANT ADVANCE IN THE TREATMENT OF PARKINSONISM SINCE LEVODOPA

SINEMET[®]

IN THE TREATMENT OF
PARKINSON'S DISEASE

now available

SINEMET[®]

'Sinemet' contains levodopa, and carbidopa—a new agent discovered by the Merck Sharp & Dohme Research Laboratories. Carbidopa inhibits only the extracerebral decarboxylation of levodopa, making more levodopa available for transport to the brain and subsequent conversion to dopamine.

'Sinemet' reduces or eliminates many of the adverse reactions seen in treatment with plain levodopa. With 'Sinemet,' quicker control can be achieved—usually within one week.

● **HIGHLY EFFECTIVE**

'Sinemet' is highly effective at doses approximately one quarter of those needed with plain levodopa.

● **RAPID RESPONSE**

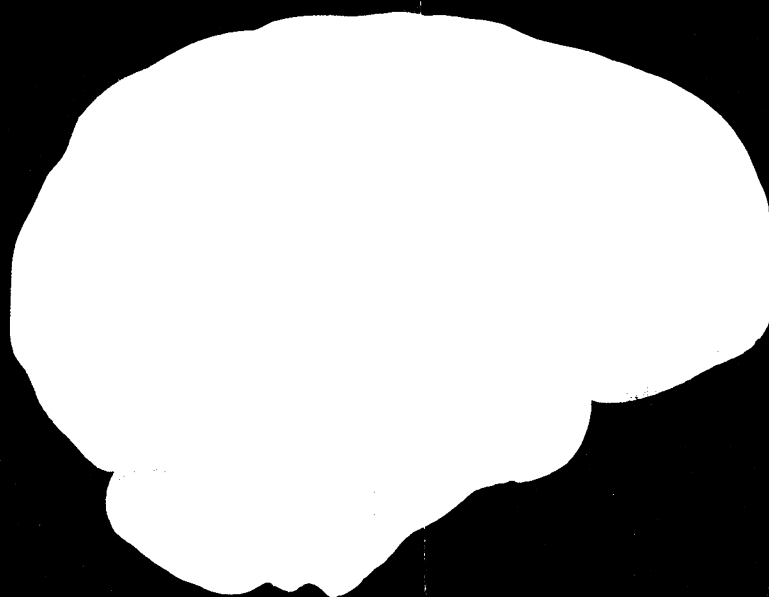

'Sinemet' offers prompt relief of many of the major symptoms of Parkinson's disease—fully effective doses are usually reached within seven days.

● **LESS SIDE EFFECTS**

'Sinemet' usually reduces and in some patients completely avoids certain distressing side effects caused by plain levodopa.

● **EASY TO TRANSFER**

Patients maintained on levodopa can be easily and quickly transferred to 'Sinemet' with expectation of better results.

SINEMET[®]

Carbidopa and Levodopa

IN THE TREATMENT OF PARKINSON'S DISEASE

'...90 per cent of patients responded with a degree of improvement above 50 per cent. This compares favorably with the results obtained from the administration of L-Dopa alone. In fact, these results obtained within the first week of treatment were similar to those which one finds after six months or a year of treatment with L-Dopa alone.'

Trans. Amer. neurol. Ass., 1971, 96, 55

'Rapid induction of therapy, better diurnal symptomatic control and a new capability to administer pyridoxine to patients receiving levodopa constituted advantages of adding inhibitor [carbidopa] to levodopa.'

New Engl. J. Med., 1972, 286, 8 (6 Jan)

'The advantages include rapid improvement in functional capacity, more stable responses through the day in many patients, reduction in maintenance L-DOPA dosage requirements, elimination of the need to restrict pyridoxine intake, and decrease in those side effects attributable to extracerebral dopamine, particularly nausea, vomiting, and cardiac irregularity.'

'...the response of nearly all patients, including some who had no measurable response to L-DOPA is improved; and certain adverse reactions are reduced.'

Advances in Neurology, Vol 2, Raven Press, New York, 1973, p 161

'Patients treated with the combined therapy improved more rapidly, had less nausea and vomiting, and required a much smaller dose of levodopa than patients treated with levodopa by itself.'

J. Neurol. Neurosurg. Psychiat., 1973, 36, 10 (Feb)

'In summary, the combination of levodopa with alpha-methyldopa hydrazine [carbidopa] is an effective, rapid, and efficient means of reversing the parkinsonian state.'

Trans. Amer. neurol. Ass., 1971, 96, 55

SINEMET[®]

Carbidopa and Levodopa

IN THE TREATMENT OF PARKINSON'S DISEASE

'Sinemet' is available as dapple-blue, half-scored, oval tablets, marked 'MSD 654', containing 25 mg carbidopa and 250 mg levodopa, in bottles of 100. Detailed information is available to physicians on request. (R) denotes registered trademark.

Brenda is and today she

For the first birthday in her life, Brenda can blow out her own candles. Because she has been treated with a new product called Migen – a short immunisation course that is simple and very effective. A fundamental treatment that for the first time gives you, the family doctor, real control over asthma.

It won't help all asthmatics but it will help those whose asthma is caused by, or complicated by, allergy. And that's no small number.

Migen is effective. Allergy has always been recognised as one of the most common causes of asthma. Recently it has been established that the most important

allergenic factor in house dust is the house dust mite: in fact, more than 90% of house dust sensitive patients are sensitive to house dust mite. And, "The rise in the mite content of dust from September to October has been shown to be directly related to an increase in asthma during this period."*

Migen immunises against the house dust mite. Immunisation against this powerful allergen raises the patients' overall level of tolerance. If he is multi-sensitive, he may well find that he no longer reacts to contact with other allergens which have previously provoked attacks. And the stress caused by fear of attack is reduced.

Migen is simple. Migen is a short course vaccine which contains pure extract of *Dermatophagoides pteronyssinus*, the most common British house dust mite. Just six injections form a complete course of treatment for asthma and perennial rhinitis. And each syringe is pre-filled to ensure accurate dosage.

Migen – minimal side effects. Migen's active material is released slowly but completely for maximum efficiency and minimum risk of adverse effects. Migen is adsorbed onto tyrosine, a naturally occurring amino acid, fully metabolisable in the human body.

Migen is a Bencard product. Prepared by Bencard, leaders in allergy research, Migen is the first short course asthma treatment to give *you* control over your asthma patients. Migen may usually be prescribed

Treatment pack consisting of six pre-filled syringes with sterilised needles.

 **Bencard**

*Asthma Research Council.

Asthmatic is very happy.

on the basis of a careful case history, no complicated testing techniques are necessary. However a simple confirmatory skin test kit is available on request, together with patient record cards and advice notes.

Migen. Many products have been advocated for use in the treatment of asthma. Most have drawbacks that you and your patients suffer for the sake of some relief. Now Migen offers an opportunity to treat asthma

simply and effectively.

Allergy has always had a strong hold on the asthmatic. From today a powerful and very common allergen can be controlled from your surgery, with Migen. It's asthma immunisation made easy.

Full information on Migen (regd.) is available on request from Bencard, Great West Road, Brentford, Middx.

Migen

asthma immunisation made easy.

Keflex **stops bronchitis in its tracts**

'KEFLEX' provides an outstanding clinical response in bronchitis. It is active against all the common bacterial pathogens causing acute exacerbations. The range of activity includes penicillinase-producing organisms, thus giving a greater chance of first time success. 'Keflex' controls infection quickly with low toxicity and minimum risk of adverse reactions.

So this winter, remember the 'K' in bronchitis stands for 'Keflex'.

Crises can cause ulcers Switch to Caved~S Now!

The energy crisis! Industrial Go-Slows! The three day week!
Rising prices and commodity shortages, all may contribute to
the anxiety and stress so often associated with
gastro-intestinal disorders.
However, you may continue to give your ulcer patients
effective treatment economically with Caved S.

CAVED~S SAVES

Caved S heals both peptic and duodenal ulcers at lower cost than other therapeutic agents.

CAVED~S SAVES

Caved S saves your patients from unpleasant side-effects whilst healing their ulcers even at high dosages.

CAVED~S SAVES

Caved S helps save your patients from the chance of a relapse, the dosage being easily adjusted to match the severity of the condition.

Composition:

Liquorice (not more than 3% glycyrrhizic acid) 380mg
bismuth subnitrate 100mg, alum, hydrox. gel 100mg,
light mag. carb 200mg, sod. bicarb. 100mg frangula bark
30mg, brown tab.

Effective and economic on high dosage

Bencard inject commonsense into the hay fever picture

Pollinex is a new vaccine from Bencard consisting of a course of only three injections. These are administered pre-seasonally and protect the hay fever patient right through the summer. Pre-filled disposable syringes ensure trouble-free administration and accuracy of dosage.

This commonsense approach to preventive therapy results from two recent advances in allergy research by Bencard. Firstly, the grass pollen extracts are modified by a unique process

so that unwanted side-effects are largely eliminated without diminution of antibody production. Secondly, the modified material is adsorbed on to a natural base which is metabolised in the body.

Pollinex provides safer, simpler, immunological treatment of hay fever, so more patients can experience the relief which comes from preventive therapy.

Pollinex is directly available from stock on an E.C.10 – and can be prescribed any time from now till early April.

Pollinex

Commonsense in hay fever

Further information is available from Bencard, Freepost, Brentford, England.

New from Glaxo
for the management of
frequently recurring asthma
Bextasol inhaler
delivers metered micro-doses
of betamethasone valerate
direct to the airways, thus
avoiding systemic side effects
and offering to a much
wider range of asthma sufferers
the unique benefits of
corticosteroid control.

When you suspect that your asthma patient
is over-using his bronchodilator aerosol . . .

when your patient won't respond to,
or is poorly controlled by sodium
cromoglycate . . .

when you want to avoid systemic steroid
therapy . . . the maintenance treatment you
are looking for is Bextasol inhaler.

Presentation
Bextasol inhaler is a pressurised aerosol containing a suspension of
micronised Betamethasone Valerate BP with propellents. The
container supplies 200 metered inhalations, each providing
100 micrograms of betamethasone valerate.

Glaxo

For detailed information on Bextasol (trade mark)
write to Glaxo Laboratories Ltd., Greenford, Middlesex, UB6 0HE.

***keeps
airways
clearways***

Are your asthmatics under too much pressure?

Older patients may be particularly susceptible to tissue damage from asthmatic attacks. And aerosol therapy, used when the attack is under way, may not be of much help.

Bronchodilators do not always work. They may not get through to the affected areas and consequently succeed only in hyperventilating unaffected parts. The patient may panic, overdose, and there is now danger of cardiac stimulation.

With steroids there is always the risk of untoward effects and they should probably be reserved for those patients for whom there is no alternative.

Only Intal prevents asthmatic attacks and eliminates these problems.

With Intal there is no danger of side effects, no risk of misuse and no diminution of therapeutic effect.

Put them on Intal.
Give them a fighting chance.

Intal[®]

SEPTRIN IN ACTION

first

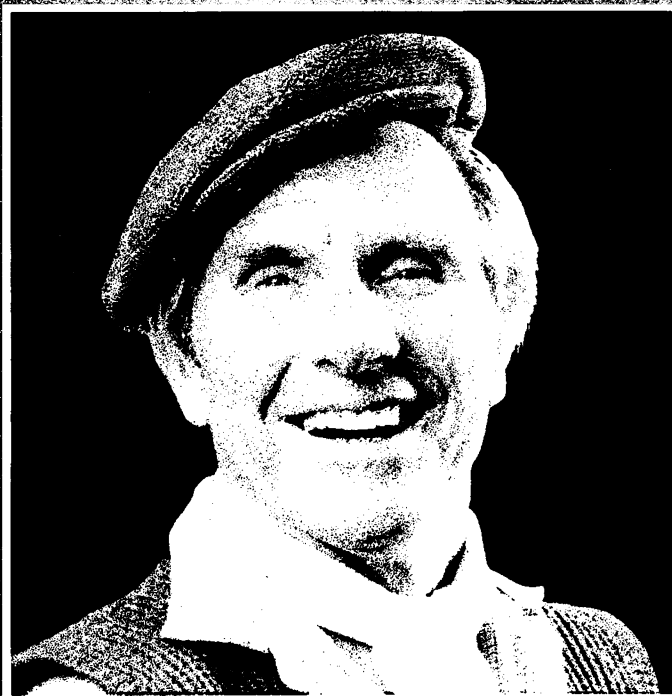

SEPTRIN ensures coverage against all likely bacterial pathogens.

fast

SEPTRIN rapidly obtains effective blood levels with simple twice daily dosage.

decisive

SEPTRIN avoids bacterial resistance with a bactericidal action which differs essentially from that of other antibacterials.

Superior to either ampicillin or tetracycline as judged by reduction in sputum purulence or sputum volume.^{1,2}

Not only are the two primary pathogens, *Strep. pneumoniae* and *H. influenzae*, sensitive, but so are the secondary invaders such as *M. catarrhalis* which often replace them after antibiotic treatment.^{3,4}

SEPTRIN can only be considered excellent on the criteria normally specified, namely the elimination of the infecting bacteria.^{5,6}

ISMELIN[®]

guanethidine sulphate

the once-a-day way to treat hypertension

C I B A

Uncle Jim is Cousin Fred

When lack of concentration appears in old age, the problem is often likely to be of organic origin. In particular, the patient may even confuse 'who is who' in her family—as well as suffer simpler lapses of short-term memory. Lucidril can end this confusion by an action that does not depend on improving the blood supply to the brain.

Lucidril gets the deteriorating brain

working again. Firstly, it stimulates the metabolism of the brain, probably through different pathways. Secondly, it removes the lipofuscin pigments which are a concomitant of old age and which may impair cellular metabolism.

Lucidril thus improves mental function; as a recent clinical paper has pointed out:

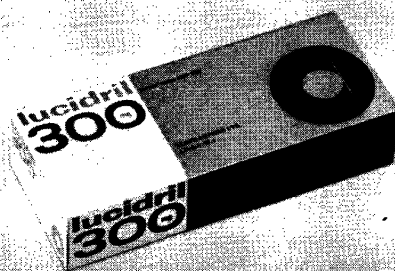

"These preliminary results (with

Lucidril) are encouraging, because they indicate that the intellectual impairment exhibited by such patients may be reversible, even when the underlying causes are presumably of an organic nature, such as cerebral arteriosclerosis."

* Copies of the paper *Age and Ageing*, (1972), 1, 74 and any further information are available on request.

Blood Flow in the Arteries

D. A. McDonald

Second Edition

When the first edition of this book appeared in 1960 it pioneered the whole current field of the haemodynamics of pulsatile flow in the circulation. Bearing in mind the impetus that the first edition gave to both experimental and theoretical work, the text has been completely rewritten and enlarged for this second edition. It provides a detailed critique of current scientific work and remains essential reading for all workers in cardiovascular surgery and medicine, students of physiology, biophysics and biomedical engineering.

“...spironolactone was more effective both as a diuretic and in conserving potassium”

“The effects of amiloride (5mg. daily) (as “Moduretic”) and spironolactone (25mg. twice daily) were compared in hypertensive patients with thiazide-induced hypokalaemia. On spironolactone, mean plasma-potassium rose from 3.08 to 3.52 meq. per litre ($P < 0.01$) and the effect was sustained throughout the 6 months of treatment. Mean plasma-potassium rose from 3.01 to 3.46 meq. per litre after 1 month on moduretic but thereafter declined, averaging 3.27 meq. per litre over the 6 months. Although both treatments produced a further reduction in blood-pressure, spironolactone caused a greater fall in mean weight and plasma-sodium. **It is concluded that, in the doses used, spironolactone was more effective both as a diuretic and in conserving potassium.**”

THE UNIVERSITY OF BIRMINGHAM

WEEKEND COURSE ON ORTHOTICS (ORTHOPAEDIC APPLIANCES)

**Robert Jones and Agnes Hunt
Orthopaedic Hospital, Oswestry**

A weekend course in Orthotics, primarily designed for senior registrars and registrars in orthopaedics, rheumatology and physical medicine, will be held at the Robert Jones and Agnes Hunt Orthopaedic Hospital, Oswestry from Friday 31st May to Sunday 2nd June, 1974.

The course will deal with the fundamental principles of orthoses, construction materials and supply problems. The aim is to develop in the participant the ability to recognize the function of various forms of splintage, to appreciate the mechanical problems involved, to recognize and direct the correction of faults and formulate soundly-based ideas for future development.

There will be a course fee of £20.00 inclusive of all refreshments, and applications should be addressed to Mrs. G. Davies, Postgraduate Secretary, Institute of Orthopaedics, The Robert Jones and Agnes Hunt Orthopaedic Hospital, Oswestry, Shropshire SY10 7AG. Cheques should be made payable to the institute of Orthopaedics, Robert Jones and Agnes Hunt Orthopaedic Hospital.

Details of nearby hotel accommodation available on request.

UNIVERSITY OF CAMBRIDGE SCHOOL OF CLINICAL RESEARCH AND POSTGRADUATE MEDICAL TEACHING Medicine and Mycology

A course on common fungal infections
to be held at
Fitzwilliam College, Cambridge

25th, 26th, 27th September, 1974
The course is intended for all clinicians and laboratory workers interested in diseases caused by fungi. It should prove especially valuable to dermatologists and clinicians working in the fields of respiratory disease, leukaemia and reticuloses, and organ transplantation but it is hoped that stomatologists, obstetricians and gynaecologists, paediatricians and all who use immunosuppressive therapy will find much that is relevant for them. For medical microbiologists the course emphasises the clinical problems and the role of the laboratory in diagnosis and management. It is less concerned with the technical aspects of medical mycology and the identification of fungal species.

The lecturers will include: Prof. R. A. Cawson, Guy's Hospital, Dr. G. P. Clein, St. George's Hospital; Dr. R. R. Davies, St. Mary's Hospital; Dr. D. B. Evans, United Cambridge Hospitals; Mr. E. G. Evans, Leeds General Infirmary; Dr. Andrew Henderson, University Hospital, Cardiff; Dr. B. M. Herbertson, Dept. of Pathology, Cambridge; Prof. J. R. Hobbs, Westminster Hospital; Dr. Rosalinde Hurley, Queen Charlotte's Maternity Hospital; Dr. David Kerridge, Dept. of Biochemistry, Cambridge; Dr. D. W. R. Mackenzie, London School of Hygiene; Dr. M. F. Madelin, Dept. of Botany, Bristol; Dr. R. L. Marples, Central Public Health Laboratory, London; Dr. S. O. B. Roberts, United Cambridge Hospitals; Dr. Arthur Rook, United Cambridge Hospitals; Mr. M. E. Snell, St. Mary's Hospital; Dr. D. C. E. Speller, United Bristol Hospitals.

Enrolment forms may be obtained from the Secretary, Cambridge Medical School, Hills Road, Cambridge CB2 2QL. (23918)

UNIVERSITY OF LONDON

A lecture entitled "The Respiratory Response to Hypoxia" will be delivered by Dr J. V. Weil (Denver) at 5 p.m. on 14th March at St. Thomas's Hospital Medical School, SE1. Admission free, without ticket. Academic Registrar. (24105)

Access to medical beds and diagnostic facilities. Full staff and appointments. Immediate partnership with £4,200 p.a. plus all car expenses and parity in 2 years.
- Ref. P641. A Graduate of a British University is required as a replacement for a 4th partner at Oadby, South Leicestershire. Semi-rural group practice from a central surgery with full ancillary help, including nurses, midwife and health visitor. Postgraduate centre 3 miles away. Good hospital facilities and open X-ray and pathology. Health Centre expected within next 2 years. Full time, fully approved. Medical school opens in 1975. An immediate partnership is offered at £5,000 p.a. parity in 3 years.
- Ref. P638. Sutton Coldfield, Warks. Practice in pleasant urban and semi-rural area, seeks male graduate of British University as 4th, replacement partner. Purpose-built surgery and Health Centre. Full staff. Access to GP Cottage Hospital and maternity beds. Parity at approximately £9,000 p.a. after 2½ years.
- Ref. P633. Crowborough, Sussex. married Graduate of British University required as 4th partner in beautifully situated practice on edge of Ashdown Forest. Modern purpose built main surgery; full staff and LHA attachments. Access to 32 bed GP Hospital. Good postgraduate facilities and schools nearby. Share worth £6,000 p.a. after 6 months and parity 3½ years later.
- Ref. P.620 New Malden, Surrey. Graduate of British University sought as 3rd replacement partner in suburban group practice (3rd may be required soon) in 1974. Modernised premises with excellent employed and attached staff. Good access to medical and private beds, full diagnostic facilities, and postgraduate centre. Clinical assistantships encouraged. £5,500 p.a. rising to high parity in 3 years.
- Ref. P.644 London SW1. male or female graduate of British University required to replace 4th partner. Central surgery, ancillary staff and district nurse attachments. Good liaison with teaching hospital. Patients from every social group. Good opportunity for private practice. Outside appointments available. No capital required for practice premises. Commencing income £4,500 p.a. Parity 3 years.
- Ref. P.646 Graduate of British University to replace outgoing partner in 2 man practice in pleasant rural area, near West Riding town of Batley. Fast access to Dales and National Parks (30 miles). New premises. Full staff and attachments. Access to GP beds in General Hospital. Clinical assistantship held. New local postgraduate centre. University and teaching hospital within easy reach. Relatively cheap housing.
- Ref. P.645 Suffolk. Graduate of British University required as 5th partner in pleasant rural practice conducted from new Health Centre near Bury St. Edmunds. Full staff and appointments system. Access to maternity beds planned in New District Hospital. £4,500 p.a. for initial 6 months. Parity (about £10,000 p.a.) 3 years. U2 furnished accommodation available if required.
- Ref. P.648 Devon. Group in Plymouth Suburb seek a male graduate of British University who is vocationally trained or has a higher degree as replacement for 4th partner. Well staffed central surgery. Midwife, health visitor and district nurse attachments. Access to full diagnostic facilities. Parity worth about £9,500 p.a. in 1-3 years depending on age and experience.
- Ref. P.649 Walthamstow/Chingford. Opportunity for male or female graduate of British University to join group on part-time basis initially (10 to 15 hours a week) with opportunity for greater involvement later if required. Commencing remuneration subject to negotiation in region of £2,200 p.a. Practice conducted from Health Centre with anticipated access to hospital beds.
- Ref. P.650 Pleasant residential, 5 gold course area in Warwickshire. Graduate of British University required to replace outgoing partner in mixed private and NHS 4-man practice. Access to GP hospital and maternity unit. Share worth £6,000 to £6,500 p.a. after initial 6 month probation rising by stages to parity (about £10,000 p.a.) in 3 to 4 years.
- Ref. P.651 Eastbourne, Sussex. Mixed N.H.S. and private practice seeks a male graduate of a British University, under 30 years of age and eligible for obstetric list, to replace 3rd partner. Central surgery with ample staff including E.C.G. access to maternity beds and expected access to G.P. beds when new district hospital completed. Share worth about £5,250 p.a. after 3 months assistantship, increasing by stages to parity in 3 years.
- Ref. P.652 Brentwood, Essex. Practice situated in green belt with good educational facilities, seeks graduate of British University to replace 3rd partner. Well staffed central surgery. Access to GP hospital of 50 beds and 20 geriatric beds. Immediate partnership with parity in 3 years. No requirement to purchase share of practice property.
- Ref. P.653 Rural, dispensing practice about 10 miles from Norwich, requires young, married graduate of a British University to replace retiring 3rd partner. Purpose built main surgery with adequate staff and L.H.A. attachments. Rent free, furnished bungalow available initially. Share worth over £6,500 p.a., after probationary period rising annually to parity in 3 years.
- Ref. P.654 Faversham, Kent. Two man practice in fruit and hop growing country requires male, married graduate of British University, under 40 years of age to replace outgoing partner. Access to beds in GP hospital, where new health centre is planned, and to GP maternity home. Partnership offered after 3 to 6 months probation with parity, by stages after further 3 years. Increasing practice; 3rd partner may be necessary in 2 or 3 years.
- Ref. P.655 Winchester, Hants. Practice conducted from modern medical centre in developing area, requires graduate of British University to replace 5th partner. Appointments system, ample staff, access to maternity beds, various outside appointments held. No capital required for practice assets. £4,500 p.a. initially. Parity (about £8,000 p.a.) after about 4 years.
- Ref. P.656 Didcot, Berks. Male graduate of British University required to replace 4th partner in rural/small town practice with access to GP hospital beds and G.P. maternity beds. Architect designed central surgery. Full staff and an abundance of L.H.A. attachments. Share worth £5,250 — £5,500 p.a. after probationary period of not more than 4 months rising, by stages, to parity about 2½ years later.
- Ref. P.657 Group practising from modern health centre in Bristol seeks male graduate of British University to replace 3rd partner in due course. Lavish premises with ample staff. Excellent local postgraduate facilities. No capital required from incoming partner. £4,500 p.a. initially; partnership at parity (£7,000 p.a.) after 2 years.
- Ref. P.658 Derby. Graduate of British University, under 40, with obstetric experience required to join group of 5. Well equipped surgeries (including ECG). Full staff and attachments. Access to G.P. maternity beds all diagnostic facilities. Opportunities to pursue special interests. Equal duty rota. Short assistantship for mutual assessment; parity 2 years later.
- Ref. P.659 West Essex. Health centre practice requires graduate of British University eligible for obstetric list, as 3rd partner. Access to G.P. maternity unit. Large staff includes practice manager and practice S.R.N. in addition to L.H.A. attachments. Postgraduate facilities and clinical assistantships available. Residential accommodation available to rent if required. Immediate partnership worth £4,500 to £5,000 p.a. Parity 2 years.
- Ref. P.640 Elstree, Herts. Graduate of British University required as 4th partner in semi-rural practice — partly in green belt — 12 miles from London. Ample staff and L.H.A. attachments. Access to hospital beds and various outside appointments held. No capital required for practice assets. Share worth about £5,400 after 6 months probation and parity after further 18 months.
- Ref. P.660 Hampshire. Almost completely rural, dispensing practice 12 miles from sea and from New Forest requires graduate of British University with obstetric experience as replacement for 3rd partner, to commence 1st June, 1974. Ancillary staff including full time dispenser. Access to G.P. Maternity Home. Commencing income about £4,600 p.a. rising by stages to parity worth about £10,000 p.a.

HIGHLAND HEALTH BOARD

MEDICAL PRACTITIONER For the Relief of Doctors in Single-Handed Practices in the Highlands and Islands and at Ross Memorial Hospital Dingwall.

Applications are invited for this newly established post created to help overcome the difficulties General Practitioners in the more remote areas find in obtaining locums during periods of illness and when attending courses. The successful candidate will also relieve the Medical Assistant at Ross Memorial Hospital, Dingwall, (26 general unclassified beds and 14 specialist obstetric beds). He/she will be based on the Inverness Group of Hospitals and attached to one or more units in turn according to his/her professional needs and wishes and the requirements of the service when not on locum relief duty.

Salary is paid by the Highland Health Board at Para. 94 rates, currently £435 per notional half-day (£435 x 11) i.e. £4,785 per annum. The post is whole-time and non-resident. The terms and conditions of service are in accordance with the terms and conditions of service for hospital medical staff under the National Health Service.

Further particulars and application forms can be obtained from the Chief Administrative Medical Officer, Highland Health Board, Reay House, 17 Old Edinburgh Road, Inverness, with whom applications should be lodged by 22nd March, 1974. (H18248) 16

LOCUM ENGAGEMENTS available everywhere. Please telephone 0293 33933 (24 hours). 16

LOCUM WANTED 25th July to 8th August, inclusive. Single handed ancillary. Very good rota. £150 offered. Apply Box 4358 BMJ. 16

HOW BROAD IS your Medical Experience. Whatever your specialty experience must count, so why not do some Medical Deputising and fill the gaps. It isn't easy, but for younger men with enough stamina, it's varied, rewarding, and pays well. We have vacancies for both Full-time and Part-time Deputies and can provide assistance with accommodation. If you're a reliable person with a reliable car, have a modicum of G.P. experience, and have paid your Annual Retention Fee, then telephone St. Helens 20444 or write to:- On Call Limited, 38 Cowley Hill Lane, St. Helens, Lancashire. 16

GENERAL PRACTICE TRAINING POSTS

DEWSBURY BATLEY AND MIRFIELD HOSPITAL MANAGEMENT COMMITTEE

GENERAL PRACTITIONER VOCATIONAL TRAINING SCHEME

Applications are invited for 2 vacancies in a 3 year course of training commencing on 1st April, 1974.

Programme comprises: 1st Year: Six months Obstetrics and Gynaecology and six months in Geriatrics (including certain duties in acute General Medicine and Coronary Care). 2nd/3rd Year: Six months Paediatrics and six months in General Medicine, interspersed with two six month periods in General Practice.

Arrangements can also be made for practical experience in Dermatology, Psychiatry and other sections relevant to General Practice. The Group has its own Postgraduate Medical Centre and training is linked with the Leeds Medical School. Hospital posts are at Senior House Officer level and are recognized for D.Obst. R.C.O.G., D.C.H. and are based at Staincliffe General Hospital, Dewsbury, 387 beds.

Accommodation: during the period of the hospital posts, married accommodation may be provided for the successful applicants requiring this.

Applications in writing, giving full details and the names and addresses of two referees, to the Personnel Officer, Hospital Management Committee No. 11, 20 Oxford Road, Dewsbury, Yorks WF13 4JU. (55682) 22

SWANSEA GENERAL PRACTICE

VOCATIONAL TRAINING SCHEME

Applications are invited from two registered doctors to enter an approved General Practice Vocational Training Scheme starting on 1st August, 1974.

The three year course consists of 6 months of General Medicine and 6 months of Obstetrics with Gynaecology, both at Morriston Hospital, followed by 1 year as a General Practice Trainee and the final year consists of 6 months in the Paediatric Department at Morriston Hospital and 6 months in the Casualty Department at Singleton Hospital.

The scheme is approved by the Regional Postgraduate Education Committee and the Obstetric post is recognized for the Diploma in Obstetrics.

Application forms are obtainable from: Group Secretary, Gantawen Hospital Management Committee, 137/138 St. Helen's Road, Swansea.

Further information is available from Mr R. B. Parker, 78 Norton Road, Mumbles, Swansea, Area Tutor in General Practice. Tel: Swansea 66955. (23884) 22

B.M.A. DEPUTISING SERVICES

Applications are invited from Doctors interested in becoming full-time or part-time Deputies in the Blackpool area. Full-time or part-time positions are offered on either a short or long term basis and subject to a suitable probationary period. Successful applicants will have security, both financially and in terms of tenure. The pay structure is complex and takes into account the area, the efficiency of the Deputy and the nature of the hours he works. The average full-time Deputy at the present time earns well over £4,500 per annum. Deputies who opt to work less hours than this are paid on a pro rata basis.

Applications to be sent to: The B.M.A. Deputising Services, 17 London Road, Sheffield, S2 4LA

There are B.M.A. Services in Edinburgh, Glasgow, Newcastle, Sunderland, Sheffield, Rotherham, Nottingham, Leicester, Coventry, Bristol, Cardiff and Southampton.

MID STAFFORDSHIRE HOSPITAL MANAGEMENT COMMITTEE

VOCATIONAL TRAINING APPOINTMENTS IN GENERAL PRACTICE

Applications are invited from Registered Medical Practitioners for a post in this scheme, beginning of 1st July, 1974. The course consists of two periods of six months in General Practice, separated by two years in hospital posts at S.H.O. level. (Resident). The content of the hospital post will be adjusted to the needs of the individual trainee, to enable him to sit for the D.C.H., D.R.C.O.G. and M.R.C.G.P. examinations recognised by the Royal College of General Practitioners is anticipated.

Doctors who have held some posts at Senior House level and wish to complete the requirements of vocational training course may also apply.

Details of the post and application forms may be obtained from the Mid Staffordshire H.M.C., Foregate Street, Stafford. Tel: Stafford 4337. (55879) 22

THE WELSH POSTGRADUATE COMMITTEE South Glamorgan Area Health Authority

VOCATIONAL TRAINING COURSE FOR GENERAL PRACTICE (Cardiff)

This Vocational Training Scheme has been designed to cater both for young doctors who decide to enter General Practice on completion of their pre-registration hospital posts and for doctors who may have spent additional time in hospital practice.

There are three schemes within the programme:-

1. A Three-year hospital/general practice, rotating scheme which includes Obstetrics and Gynaecology, Paediatrics, Casualty and Orthopaedics and General Medicine in relation to Geriatrics as the hospital components, together with two separate periods of six months in General Practice.

2. A Two-Year hospital/general practice rotating scheme consisting of either psychiatry and casualty or general medicine in relation to geriatrics and casualty as the hospital components, together with one year in general practice.

3. Twelve months in general practice for those doctors with extensive hospital experience.

The general practice component will be in the General Practice Unit of the Welsh National School of Medicine and in other practices in Cardiff. Day release courses are an integral part of all the schemes. Cardiff is an attractive place in which to live and has all the advantages of a medical teaching centre. Married accommodation is available.

Further particulars and application forms may be obtained from the Medical Manpower Section, University Hospital of Wales, Heath Park, Cardiff. (23885) 22

TUNBRIDGE WELLS AND LEYBOURNE HOSPITAL MANAGEMENT COMMITTEE

VOCATIONAL TRAINING SCHEME FOR GENERAL PRACTITIONERS

There will be a vacancy for three trainee general practitioners in this scheme, commencing 1st September 1974.

The Scheme consists of nine rotating posts, each extending over a three year period and including six month appointments in four of the following: general medicine, accident and emergency, obstetrics and gynaecology, psychiatry, paediatrics, geriatrics together with two six month periods in general practice in the area.

There will be regular day release arrangements for attendance at specialist clinics, seminars and extended courses. In addition in conjunction with the University of Sussex, Brighton, there will be a weekly Day Release Course in the social sciences as applied to general practice, covering a 12 month period.

Remuneration at S.H.O. level, with mileage allowance payable during general practice attachment. Married accommodation will be available for Hospital Appointments and possibly retainable during Appointments elsewhere.

Applications with names of two referees, should be sent to the Deputy Divisional Manager, Kent and Sussex Hospital, Tunbridge Wells, Kent by 1st April, 1974, quoting ref 720. (55510) 22

VOCATIONAL TRAINING FOR GENERAL PRACTICE CAMBRIDGE SCHEME

Applications are invited for two posts in this three-year training scheme which provides rotation through general practice and hospital appointments at Senior House Officer level in the United Cambridge Hospitals. The scheme is approved by the Department of Health and the Royal College of General Practitioners.

Starting date is 1st July 1974. Further details and application form may be obtained from the Secretary, Cambridge University Medical School, Hills Road, Cambridge CB2 2QL.

Applications should be returned by 31st March 1974. (H18262) 22

VOCATIONAL TRAINING FOR GENERAL PRACTICE

SENIOR HOUSE OFFICER

Vacancy available on the 1st July, 1974 in the Windsor Group Vocational Scheme, recognized by R.C.G.P. and for D.(Obst.) in the hospital posts. The three year scheme includes: (1) Two years in hospital inservice posts in Departments of General Medicine, Paediatrics, Accident and Orthopaedics, Obstetrics and Gynaecology, and all other appropriate specialties. (2) Two periods of six months duration in general practice.

Applicants should be fully registered. Further details and application forms from Hospital Secretary, Heatherwood Hospital, Ascot, Berks. (55822) 22

SITUATIONS WANTED

EXPERIENCED ANAESTHETIST, married woman, available for regular private work in London area. Please ring Dr. (Mrs) Choudhury. 672 3075. 24

UNIVERSITY AND RESEARCH APPOINTMENTS

ARTHRITIS AND RHEUMATISM COUNCIL Epidemiology Research Unit University of Manchester

Based in the new Medical School, this unit has close relations with the Rheumatism Research Centre and the Department of Community Medicine. It is engaged in studies of rheumatic complaints in the community, the validity of diagnostic criteria, the delivery of health care to persons suffering from rheumatism, and with monitoring routine morbidity statistics. Additional adhoc studies and trials are undertaken, these involve orthopaedics, radiology, rehabilitation, and co-operation with groups in other centres.

A vacancy exists for a MEDICAL PRACTITIONER to join a team which includes an epidemiologist, statistician, and computer scientist. This is an ideal opportunity for a clinician wishing to work for 1-2 years in epidemiological research, with the prospect of publishing original work and preparing a thesis for a higher degree. Alternatively, the post could be continued as a career appointment. The work could include limited part-time duties in clinical departments, or the opportunity to prepare for the M.F.C.M. A similar

PART-TIME VACANCY could also be considered University terms of employment, superannuable (N.H.S. or F.S.S.U.) on Clinical Lecturer scale (£2,535 — £4,749, £5,361) according to qualifications and experience. Application form, returnable by 29th March, 1974, from Director, A.R.C. Epidemiology Research Unit, Stopford Building, Oxford Road, Manchester M13 9PT. (H18313) 25

AHMADU BELLO UNIVERSITY Nigeria

Applications are invited for the following posts in the Faculty of Medicine: 1. LECTURER IN The Department of Anaesthesia. Candidates must be qualified for six years or more and hold the Fellowship of a Faculty of Anaesthetists in England or Ireland or an equivalent postgraduate qualification. The Department is responsible for the anaesthetic service and teaching in the four University hospitals in Northern Nigeria, at Zaria, Kaduna, Kano and Malumfashi, comprising over 1,000 beds. The teaching involves monthly courses for medical students and six month courses in anaesthesia and intensive care for nurses. There are facilities for research into problems of anaesthesia in Africa.

2. SENIOR LECTURER in The Department of Obstetrics and Gynaecology. Candidates must possess specialist qualifications such as M.R.C.O.G. or equivalent and have had at least five years experience in the speciality after that. The post carries consultant status in the hospitals of the teaching group, in any one of which the appointee may be expected to serve.

Salary scales: Senior Lecturer N5,030 — N6,050 p.a. Lecturer N2,760 — N4,830 p.a. (£1 sterling — N1.46). The British Government may supplement salaries for married appointees or £375 — £650 p.a. (sterling) for single appointees (normally free of all tax) and provide children's education allowances and holiday visit passages. Family passages: various allowances; superannuation scheme; biennial overseas leave. Detailed applications (two copies), including a curriculum vitae and naming three referees, should be forwarded by airmail, not later than 4th April, 1974 to the Registrar, Ahmadu Bello University, Zaria, Nigeria. Applicants resident in U.K. should also send one copy to Inter-University Council, 90/91 Tottenham Court Road, London W1P 0DT. Further particulars may be obtained from either address. (23980) 25

ROYAL FREE HOSPITAL SCHOOL OF MEDICINE (University of London)

Applications are invited from registered medical practitioners for an appointment as SENIOR LECTURER IN HAEMATOLOGY from 1st June, 1974 or as soon after as possible. The appointment carries the honorary status of Consultant at the Royal Free Hospital. Salary scale £5,085 — £7,599 p.a. with superannuation benefits. 10 copies of the application (including names of two referees) to be sent not later than March 30th to the Secretary, 8 Hunter Street, London WC1N 1BP be obtained. (24001) 25

THE UNIVERSITY OF MANCHESTER

SENIOR LECTURER IN MEDICINE/ CONSULTANT PHYSICIAN

Applications are invited for this post in the Department of Medicine at the University Hospital of Salford (Hope Hospital). This is a rapidly developing teaching hospital associated with the Manchester Medical School and the department of medicine is the first of several academic departments to be set up during the next two years. The successful applicant, who must hold a high medical qualification, will be granted honorary consultant status by the Salford Area Health Authority (Teaching) and would be responsible for the care of patients in the academic department. He would also act as clinical deputy to the Professor of Medicine (Professor L.A. Turnberg), and should preferably have research interests in a field compatible with the main interest of the department in gastroenterology, but need not be directly in this field. The Department of Medicine is represented in the new Medical School building, thereby ensuring excellent research facilities. Salary range p.a.: £5,085 — £7,599 p.a. F.S.S.U. Further particulars and application forms (returnable by 1st April) from the Registrar, The University, Manchester M13 9PL. Quote ref. 33/74/JMB. (23909) 25

BRITISH POSTGRADUATE MEDICAL FEDERATION

University of London

Regional Adviser in General Practice South East Metropolitan Region

Applications are invited from general practitioners in active group or partnership practice for appointment as additional Adviser in General Practice in the South East Metropolitan Hospital Region. The doctor appointed will assist the Regional Adviser in the development of vocational training and of postgraduate education in those parts of inner and outer London within the region. He will be a member of the staff of the University Regional Postgraduate Dean and the appointment will be for four sessions a week, for one year in the first instance, renewable for further periods of up to five years. The salary is currently at the rate of £690.82 per annum for each session per week.

Further information is available from The Director, British Postgraduate Medical Federation, 33 Millman Street, London WC1N 3EJ, quoting ref: RA GP. Closing date 29th March, 1974. (23975) 25

UNIVERSITY OF ABERDEEN

Applications are invited for the

Georgina McRobert Fellowship in Cancer Research

Candidates should be medically qualified or should hold an honours degree in an appropriate science subject.

Salary in range — If medically qualified £2,538 — £4,875 otherwise £1,929 — £4,548 with initial placing according to qualifications and experience.

The successful candidate may conduct research in any department in the Faculty of Medicine.

Further particulars from The Secretary, The University, Aberdeen, with whom applications (2 copies) should be lodged by 31st March, 1974. (H18306) 25

SHEFFIELD VOCATIONAL TRAINING SCHEME FOR GENERAL PRACTICE

An opportunity now exists to take part in a new forward looking Vocational Training Scheme for General Practice in the Sheffield Region.

The Course will be for 3 years and will be based on the Northern General Hospital, Sheffield. The midwifery appointments will be held at Nether Edge Hospital where a G.P. Obstetric Unit exists. The six monthly appointments are in General Medicine, Psychiatry, Paediatrics and Obstetrics and one year will be spent in general practice.

Day release sessions will be available, during the Course, in Eyes, E.N.T. Skins and Geriatrics.

Monthly seminars, meetings and visits will be organised throughout the whole 3 year period.

Married accommodation is available in the Northern General Hospital throughout the Hospital and G.P. appointments. The post will commence in August, 1974 and will be paid at S.H.O./Trainee practitioners level, two posts are likely to be available.

Candidates completing the Course should be qualified to take the M.R.C.G.P., D.C.H. and D.Obst. R.C.O.G. examinations.

Applications giving full particulars and the names and addresses of two referees should be sent to the Group Personnel Officer, Northern General Hospital, Sheffield S5 7AU. (H18352) 22

IMPERIAL CANCER RESEARCH FUND MEDICAL ONCOLOGY UNIT

Research Fellow required for the Imperial Cancer Research Fund's Department of Medical Oncology at St. Bartholomew's Hospital, London E.C.1. Membership of one of the Royal Colleges of Physicians essential. This is a clinical research unit, and the post includes clinical and research work with particular reference to blood cell separators. Salary equivalent to Registrar/Senior Registrar in the N.H.S. depending upon age and experience. Membership of N.H.S.S.S. will be maintained.

Applications should be made in writing to:-

Professor G. Hamilton Fairley, D.M., F.R.C.P.,
Department of Medical Oncology,
(H18303) St. Bartholomew's Hospital, London EC1A 7BE. 25

**MEDICAL RESEARCH COUNCIL UNIT
OF CLINICAL PHARMACOLOGY**
University of Oxford
Department of Clinical Pharmacology
Radcliffe Infirmary
Oxford OX2 6HE

Applications are invited for a full-time appointment to the M.R.C. Clinical Scientific Staff in the M.R.C. Unit of Clinical Pharmacology. The appointment is primarily an M.R.C. research post, but the successful applicant will also be expected to participate in the teaching of clinical pharmacology to students of the Oxford Clinical School and in the clinical service provided for the United Oxford Hospitals. The appointee will be expected to undertake research into the development of techniques to monitor the biochemical and pharmacological effects of drugs in patients and to correlate these effects with therapeutic activity.

Applicants must possess the M.R.C.P. A first degree in one of the physiological sciences and research experience would be very helpful, but they are not essential. Of more importance is enthusiasm to apply basic scientific knowledge to the solution of clinical problems, and proven academic ability. The appointment is for three years in the first instance, renewable thereafter. Salary will be commensurate with qualifications and experience (M.R.C. Clinical Scientific Staff Scales and F.S.S.U.). An honorary N.H.S. appointment at the appropriate grade will be negotiated for the successful applicant.

Further information is available from Professor D. G. Grahame-Smith M.R.C. Unit and University Department of Clinical Pharmacology, Radcliffe Infirmary, Oxford OX2 6HE, to whom application should be sent with curriculum vitae and names of two referees before 18th March, 1974. (H18307) 25

THE UNIVERSITY OF MANCHESTER

COMMERCIAL APPOINTMENTS

Clinical Pharmacologist

For Research

We are seeking a physician with an interest in investigative medicine or scientific research who is interested in joining a team working in the field of human pharmacology. The post will be located within our Clinical Pharmacology Department at Brockham Park Research Centre near Dorking, where facilities exist for both laboratory and clinical investigation. It will also involve use of the facilities of a new purpose built clinical pharmacology unit located at a London hospital.

The work involves investigation into the problems of absorption, distribution, metabolism, excretion and mode of action of new and existing drugs. The investigations are made at the early stages of Human Pharmacology prior to clinical trials which are the responsibility of a separate department. There are well defined areas of responsibility with ample scope for initiative and original thought.

The successful candidate will have a sound background in clinical medicine and an interest in research procedures. He must be capable of liaising with senior scientists in other disciplines.

Beecham Research Laboratories are part of the Beecham Group and situated in a pleasant area of Surrey within easy reach of London. The successful applicant will qualify for the Group's bonus, non-contributory pension and life assurance schemes, and consideration will be given to the payment of house removal expenses. Please apply briefly, stating age, qualifications and experience to:

Manager, Personnel Department,
Beecham Research Laboratories,
Brockham Park,
Betchworth, Surrey.

UNIVERSITY OF NOTTINGHAM and Derbyshire Royal Infirmary (421 Beds)

Applications are invited for the combined post of **SENIOR HOUSE OFFICER** Accident and Emergency, Derbyshire Royal Infirmary/Demonstrator in the Department of Human Morphology, University of Nottingham. Resident. This is a new post arising from the redevelopment of the hospital as a District General Hospital. The present staffing of the department at the Infirmary is a Consultant in Accident and Emergency, two Registrars, four Senior House Officers and one part-time Senior House Officer. The attachment to Professor Coupland's Department of Human Morphology at the Nottingham University Medical School will normally be for one day weekly. Additional facilities are available within the University to help candidates to work towards the Primary Fellowship Examinations. The appointment will be for six months in the first instance, and the post is recognized for F.R.C.S. Applications stating age, experience and two names for reference to Hospital Secretary, quoting 402. (55579) 25

WELSH NATIONAL SCHOOL OF MEDICINE (University of Wales) Department of Haematology

RESEARCH ASSISTANT (Clinical Lecturer Grade) to take part in the organisation of therapeutic trials in leukemia. The person appointed to this post will be expected to take part in the clinical and laboratory activities of the Department and some previous experience in the specialty would be an advantage. This appointment will extend to the 31st August, 1975 in the first instance. Applicants may visit the Department by arrangement. Salary on the scale £2,552 - £4,941. Applications should be received by the Registrar, The Welsh National School of Medicine, Heath Park, Cardiff CF4 4XN within one month of the appearance of this advertisement. (24003) 25

UNIVERSITY OF WESTERN AUSTRALIA Perth

CHAIR OF CARDIOLOGY In The Department of Medicine Applications are invited for appointment as foundation Professor of Cardiology in the University of Western Australia.

The appointee will be a member of the Department of Medicine. This department has clinical responsibilities in the teaching hospitals of the University. These are the Royal Perth Hospital, Sir Charles Gairdner Hospital, Freemantle Hospital, and the Repatriation General Hospital at Hollywood. The appointee will be based at the Royal Perth Hospital, which is the largest of these, with 1,016 beds, and will be appointed as head of the hospital Department of Cardiology for three years in the first instance. A new cardiac catheterisation-angiocardiology unit was commissioned at this hospital in 1973, and it is also the major centre for cardiothoracic surgery in Western Australia. Facilities for basic research are available at the site.

The appointee will be expected to undertake clinical work within the teaching hospitals of the University, to participate in undergraduate and graduate teaching, and to undertake clinical or experimental research. Minimal requirements are the M.R.A.C.P. or equivalent higher qualification and research experience.

The salary of a Professor is \$A19,102 p.a. plus a differential of \$A3,000 p.a. for clinical responsibility. Benefits include superannuation similar to F.S.S.U. fares to Perth for appointee and dependent family removal allowance, study leave and long service leave and housing loan scheme. Further information may be obtained from the Staffing Officer.

Applications in duplicate stating full personal particulars, qualifications, experience and the names and addresses of three referees should reach the Staffing Officer, University of Western Australia, Nedlands, Western Australia, 6009, by 30th March, 1974.

Conditions of appointment and general information available from the Association of Commonwealth Universities (Appts), 36 Gordon Square, London WC1H 0PF. (23981) 25

FELLOWSHIP AWARDS

WORLD HEALTH ORGANISATION AND COUNCIL OF EUROPE FELLOWSHIPS 1975

A number of fellowships for study abroad will be awarded in 1975 by the World Health Organisation and the Council of Europe. These are available to registered medical practitioners, registered dental practitioners, state registered nurses and other professional personnel engaged in the health services, medical education, or medical research in the United Kingdom.

The fellowships are awarded normally for periods of two weeks to one month. In each case fellows are given an allowance of approximately £150 per month. (the amount varying with the country or countries visited) together with all travelling expenses.

Applicants should be of at least five years standing in their profession and able to utilise their studies abroad for the benefit of the U.K. health services. They will be expected to continue in the U.K. health services for at least three years after holding a fellowship.

Applications are most likely to be successful if they are quite specific concerning the content of the place of study. Certain subjects may lend themselves to study by small interdisciplinary teams, in which case separate application forms should be completed for each member.

Application forms for fellowships to be taken up in 1975 may be obtained: a. By those resident in Scotland from: The Secretary, Scottish Home and Health Department, Room 406, Eagle Buildings, 19 Rose Street, Edinburgh EH2 2PR. b. By those resident in Wales from: The Secretary, Welsh Office, Health Department, Pearl Assurance House, Greyfriars Road, Cardiff. c. By those resident in Northern Ireland from: The Secretary, Department of Health and Social Services, Dundonald House, Upper Newtownards Road, Belfast BT4 3SF. d. By others from: The Secretary, Room B810, Department of Health and Social Security, Alexander Fleming House, Elephant and Castle, London SE1. Envelopes should be marked W.H.O. and Council of Europe Fellowships. The completed application form should be returned to the office from which it was obtained, not later than Wednesday, 10th April, 1974. (23813) 26

FAMILY PLANNING

FAMILY PLANNING ASSOCIATION Doctors having completed or undertaking F.P.A. training may apply for sessional work (fee £7.80 per session) in S.E. London Branch (London Boroughs of Bexley, Bromley, Greenwich, Lambeth, Lewisham and Southwark). Apply for details to Branch Administrator, F.P.A., 160, Peckham Rye, London, S.E.22. Tel: 01-693 5485. 38

SPECIAL APPOINTMENTS

DO YOU WANT: Your own practice about 1,000 strong which you accompany to different places at home and abroad? Assured advancement in salary and position? Pension and gratuity? The strong likelihood of married accommodation at controlled rents? Company which you may consider congenial? If so, consider joining the 14th/20th King's Hussars as Medical Officer. You can probably stay as long as you want. Apply Colonel Allen, Parham Vicarage, Woodbridge, Suffolk. 37

INDUSTRIAL APPOINTMENTS

Regional Medical Officer

£6080 - £7900

The Post Office, which employs over 400,000 people in its 4 businesses (Posts, Telecommunications, Giro and Data Processing), will have a vacancy in its Occupational Health Service for a Regional Medical Officer in the London Postal Region.

The OHS has an establishment for 27 full-time doctors and 53 nurses with many part-time doctors. Of these, 2 full-time doctors, 4 nurses and 2 sessional doctors are at present employed in the London Postal Region. This appointment involves direct responsibility to the Senior Regional Medical Officer, with whom the advice on clinical and environmental health matters will be shared for about 53,000 staff. Working from separate premises in Mount Pleasant day-to-day responsibility will be to local management. Candidates, male or female, must have a sound knowledge of, and

experience in, occupational health. Initiative, a mature personality and the ability to form and maintain good relationships with staff at all levels are essential. The possession of a DIH would be an advantage.

The starting salary will depend on experience and qualifications but will be within the range £6080-£7900. For a leaflet giving details of the organisation, objectives and responsibilities of the Occupational Health Service and an application form, please write or telephone (reversing the charge if you wish), quoting reference AM.744 to:

Group Accident and Emergency Department

Applications are invited for two posts of
RESIDENT ACCIDENT OFFICER
in the Senior House Officer grade

falling vacant mid March (one post) and mid
April, 1974 (one post).

This is a major Accident and Emergency
Department with every modern facility and is
staffed by seven S.H.O.'s Accident Officers. All
the posts are recognized for the F.R.C.S.

The appointment is for six months in the
first instant and one month of this
appointment can be spent in a secondment to
either the Medical Department with
experience in the General Medical Wards,
Intensive Therapy Unit, and Coronary Care
Unit, or with the Orthopaedic/Traumatic
Department or other specialty according to
the choice of the successful candidate.

There is an active postgraduate teaching
programme in operation and a postgraduate
Medical Centre in the Group with excellent
library facilities.

Applications showing details of age,
qualifications and experience together with
the names of two referees to the Hospital
Secretary, Royal Sussex County Hospital,

INDUSTRIAL APPOINTMENTS

See also p. xx

Attention is drawn to the British Medical Association's statement of policy on
the Remuneration of Industrial Medical Officers as approved by the Representative Body,
which is available on request.

Medical Officer

We have a further vacancy for a full-time Medical Officer at our Longbridge and associated factories. The many processes involved in the manufacture of motor cars allow an unusually broad range of occupational health experience. 26,000 employees are served by an established comprehensive Medical Service of full-time doctors and nurses and there are X-ray and Rehabilitation facilities. The Service works in co-operation with an established Industrial Hygiene Unit.

The successful candidate will work in a team under the direction of the Senior Medical Officer and duties will include the examination of employees as a result of injury or illness occurring in the place of employment, and examinations for certain categories of staff in order to advise on placement. In addition, study of the working environment will be required to ensure safe working methods and use of materials. There will also be opportunities to train for the Diploma of Industrial Health.

Applicants need not have previous industrial experience but general medical experience would be helpful.

Salary will be in accordance with BMA scales and conditions and there will be the opportunity to participate in a management car plan. British Leyland cars and accessories may be purchased at preferential rates.

Applications should be made to:

*Dr. I. Picton-Robinson,
Senior Medical Officer,
Austin Morris Group,
British Leyland, Longbridge,
Birmingham, B31 2TB.*

(23727) 35

THE UNITED OXFORD HOSPITALS

And
The Oxford Regional Hospital Board

Applications are invited for the post of
SENIOR REGISTRAR IN
ANAESTHETICS

in the Department of Anaesthetics at Wycombe General Hospital and subsequently at the Nuffield Department of Anaesthetics, Oxford.

The appointment is a rotating post, initially at Wycombe (and associated hospitals) where a maximum of two years may be spent, followed by a similar period in Oxford.

The post is non-resident and subject to review after one year. Applicants should be in possession of the Diploma of Fellowship of the Faculty of Anaesthetists of the Royal College of Surgeons.

Wycombe General Hospital is a modern, busy General Hospital. One day a week will be spent in Oxford with the Neurosurgical Unit and attendance at other Postgraduate centres is also encouraged to extend specialist knowledge.

The Nuffield Department of Anaesthetics is actively engaged with all aspects of clinical anaesthesia and intensive care.

The successful applicant may be concerned with undergraduate and postgraduate teaching. The Department is actively engaged in research and Senior Registrars may be involved with this aspect of the work. Attendance at Postgraduate meetings and courses is encouraged.

The content of the joint appointment will include those aspects of training recommended by the Faculty of Anaesthetists as being desirable for Higher Specialist Training.

The appointment falls vacant in March 1974. Candidates are invited to visit the respective hospitals by appointment made with the respective Anaesthetic Department Secretaries.

Application forms and further particulars may be obtained from the Medical Staffing Administrator, Group Personnel Department, The United Oxford Hospitals, Manor House, Osler Road, Headington, Oxford OX3 9BL, and applications should be submitted by 22nd March, 1974, quoting reference M8/74. (55518) 52-5

APPOINTMENTS

Applicants should state name, address, age, nationality, and qualifications, and enclose (unless otherwise specified) one copy of each of three recent testimonials, with a short statement of experience and appointments held. Applications should be sent at once if no closing date is given: Canvassing disqualifies (Statutory Instrument, 1969, No. 163).

All National Health Service hospital appointments are in accordance with the Terms and Conditions of Service of Hospital Medical Staff.

Further details concerning standards of residential accommodation, telephone charges, removal allowances, study leave and other matters should be obtained from the Hospital Secretary; or by B.M.A. members from the Secretary, British Medical Association.

Applicants requiring hospital married accommodation are strongly advised to obtain, prior to interview, clarification in writing from the employing authority as to whether such accommodation will be available on appointment.

SALARY SCALES OF HOSPITAL MEDICAL STAFF

HOUSE OFFICER: Each post in this grade shall be tenable for six months. £1,914 per annum for the posts held during the first year; £2,061 per annum for posts held during the second year; £2,208 per annum for posts held during the third and subsequent years, subject to full registration.

Deductions of £177 per annum in respect of lodging only for voluntary residence.

SENIOR HOUSE OFFICER: £2,475 per annum x £189(1) x £186(1) — £2,850.

Deductions of £210 per annum in respect of lodging only for voluntary residence.

REGISTRAR: £2,850 per annum x £171(3) x £168(1) — £3,531.

Deductions of £210 per annum for those with remuneration at the first incremental point on the scale and £243 per annum for those on the second and subsequent points will be made in respect of lodging only for voluntary residence.

On assimilation to the scale for Registrars, one increment and one only shall be given for any year or part of a year in excess of two spent previously in the senior house officer grade.

Allowances at rates up to £204 per annum shall be payable to house officers, senior house officers and registrars occupying posts approved for such allowances in peripheral hospitals.

SENIOR REGISTRAR: £3,363 per annum x £168(1) x £216(4) — £4,395.

Deductions of £270 per annum in respect of lodging only for voluntary residence.

On assimilation to the salary scale for senior registrars, increments to a maximum of two shall be given for each year or part of a year in excess of three spent previously in the registrar grade.

MEDICAL ASSISTANT: £3,156 per annum x £183(2) x £180(2) x £168(10) £5,562.

Deductions of £270 per annum in respect of lodging only for voluntary residence.

CONSULTANT: £5,085 per annum x £279(8) x £282(1) — £7,599.

Deductions of £420 per annum in respect of lodging only for voluntary residence.

COMPULSORY RESIDENCE: The Terms and Conditions of Service of Hospital Medical and Dental Staff state:

173. A practitioner who is required as a condition of his appointment to reside in a hospital shall be provided with lodging without charge, except where the practitioner elects to occupy a house, flat or apartment for which a rent is appropriate.

August, 1973

KING'S COLLEGE HOSPITAL GROUP and The South East Metropolitan Regional Hospital Board

**TWO JOINT SENIOR REGISTRARS
IN GERIATRIC MEDICINE**
The Appointees will take part in a rotational training programme between units in the Bromley Hospital, Bromley Group and Bromley H.M.C. (Farnborough & Lennard Hospitals). In addition to assisting in the daily care of acute, slowly progressing and longer stay patients and an active Day Hospital, they will be expected not only to take part in the teaching programme of both under- and post-graduates but also to make full use of the ample opportunities for training in clinical research. In the King's Group there is close liaison with the Professional Departments of Medicine and Neurology, as well as the Departments of Psychiatry, Physical Medicine, Rehabilitation and Cardiology. The St. Francis unit is supervised by two Consultants and is well staffed at Junior level.

The present research interests include the investigation of the problems presenting in Geriatric Cardiology and also Education in Geriatrics. However, candidates with interests in Endocrinology, Haematology or Neurology would be welcome to apply.

In the Bromley Group the Geriatric unit offers a broad spectrum of services for the elderly. Acute assessment wards are situated in Farnborough Hospital, and there is a busy rehabilitation unit at the Lennard, including a day hospital and a five day ward. Participation in home assessments is expected of the appointed candidates, who will also be encouraged to join in the clinical research programme.

Applicants with higher qualifications and previous training in the specialty would be particularly welcome. Application forms obtainable from the Personnel Officer, King's College Hospital, Denmark Hill, London SE5. Tel: 01-274 6222. Ext. 2728 (Miss Millwood) should be completed and returned by two weeks after insertion. (23676) 63-5

DEPARTMENT OF GROWTH AND DEVELOPMENT INSTITUTE OF CHILD HEALTH

CLINICAL LECTURER

(Registrar or Senior Registrar Status)
This appointment is suitable for a person in paediatric training with a special interest in paediatric endocrinology and/or developmental paediatrics. It should occupy him/her for one or two years during which time training will be given in all aspects of normal and abnormal growth and development, in research design and analysis and in paediatric endocrinology (in association with Dr. C.G.D. Brook of The Middlesex Hospital and Dr. D. Grant of The Hospital for Sick Children). Salary will be at Registrar or beginning of Senior Registrar level.
It is envisaged that the appointee will be returning to general paediatric training at a Senior Registrar level at the end of his appointment.
A desire to learn elementary administrative skills and simple numerical methods is essential.
Applications, with the names of two referees, to Professor J.M. Tanner, Department of Growth and Development, Institute of Child Health, 30 Guilford Street, London, WC1N 1EH, by the 25th March 1974. (23931) 79-6

SOUTHERN GENERAL HOSPITAL
Glasgow G51 4TFVacancies exist for:
SENIOR HOUSE OFFICERS/REGISTRARS
IN PSYCHIATRY
(Non-resident)

The hospital houses the University Department of Psychological Medicine and has a 190 bed unit, providing an acute outpatient, in-patient and psycho-geriatric service. A comprehensive training in general psychiatry will be provided during a three year period.

Successful applicants will spend time in the general hospital unit and rotations may be arranged to a psychiatric hospital, for short periods to child psychiatry, mental deficiency and forensic psychiatry. A "day release" programme of postgraduate instruction is in operation and prepares candidates for higher qualifications.

Appointment to Registrar grade can normally be expected after not more than one year's experience in psychiatry or general medicine as a Senior House Officer.

Applications, with names of two referees, should be sent by 14 days to Medical Superintendent. (23904) 84-8

THE OLD MANOR HOSPITAL
Salisbury, Wiltshire

SENIOR HOUSE OFFICER

required 4th March, 1974. The successful candidate will form part of a geographically orientated therapeutic team which has two consultants.

The post offers wide experience in general psychiatry in the acute, medium and long stay areas. An active rehabilitation programme is in being.

This compact hospital is situated within the city in close proximity to the general hospital with which there is a close liaison and where there is an active postgraduate centre.

There are weekly clinical teaching sessions at the hospital and regular meetings in the general hospital complex.

The incumbent is expected to attend the Wessex School of Psychiatry (where courses for M.R.C.Psych. and D.P.M. are held) for which day release is arranged.

The post is not compulsorily resident but single or married accommodation is available. The Hospital may be visited by arrangement (please contact Medical Secretary — Salisbury 3216).

Applications, giving qualifications and experience as soon as possible to Hospital Secretary, The Old Manor Hospital, Wilton Road, Salisbury. (55490) 84-8

Medical Graduate interested in the Administration of Research

For registered medical graduates, preferably under 40, with
some postgraduate experience and an interest in research,
there are particularly interesting administrative ap-
pointments available with the Medical Research Council in
London.

The Council is the main Government agency responsible
for the promotion of medical research and sponsors an
extensive programme, some of which is abroad. The
position offers an excellent opportunity to keep in touch
with the latest developments in medicine and the biological
sciences. The work involves maintaining close liaison with
scientific staff and others in the medical research field
working in the Council's own establishments, in
universities, hospitals and other institutions.

Salary will be at a point in the range £4,983—£6,714 per
annum, with superannuation provision. Full-time
appointments will be to the Council's established staff,
subject to satisfactory completion of a probationary period
of two years.

Please write or telephone Miss M. Walton, Medical
Research Council, 20 Park Crescent, London W1N 4AL.
Tel: 01-636 5422, Ext. 46, for an application form quoting
ref. E2/566. Closing date for applications is 19th March,
1974.

SERVICES

This is what we call practising medicine.

A career in Naval medicine can be a rewarding experience. Opportunities to specialise abound. And perhaps above all else, there is an immense satisfaction to be gained from the wide variety of work you will be involved in.

At sea, for instance, you could be anywhere from the Mediterranean to the Pacific Ocean. Looking after the health and well being of the company of a modern warship.

And though you could spend as long as the first eighteen months of your five year Short Service Commission on board different ships, you need have no fear of losing contact with mainstream medicine. For no matter where you are, you will be kept informed of current medical opinion.

After this, the choice is yours. Post graduate medical training and a career in the clinical disciplines at one of our naval district general hospitals. Haslar or Plymouth, for instance, with their wide spectrum of clinical material drawn from naval personnel, their dependants and the local civilian population as well. There are also naval hospitals in Malta, Gibraltar and Mauritius, with opportunities for exchange appointments elsewhere.

Or you might prefer occupational medicine in our research orientated naval dockyards. Aviation medicine with its accent on rotary wing support of the Fleet. And for those with an administrative turn of mind, community medicine.

Royal Naval expertise in maritime medicine is recognised world wide and research into underwater medicine, nuclear medicine and the closed submarine environment is centred

at the Institute of Naval Medicine at Alverstoke.

Naval general practice in well staffed and equipped medical centres extend as far afield as Hong Kong and Singapore. And new training schemes are now under way in the United Kingdom.

Should you be moved or sent abroad at any time, all expenses will be paid by us. We will help you with accommodation (at very reasonable rents) and provide allowances for the education of your children, if you have a family.

If you enter the Royal Navy immediately after registration you will be given the rank of Surgeon Lieutenant and a salary of £4,099, rising to £4,249 after four years.

On the other hand, if you are older (up to the age of forty) and more experienced, we can offer you a number of opportunities in general practice and the specialities. And, depending on your post-registration experience, you could enter as a Surgeon Lieutenant Commander at a salary of £5,161, rising to £5,658.

Then, at the end of your five year Short Service Commission you could leave with a tax free gratuity of £3,000.

But if it is mutually agreeable, you could apply for a Full Career Commission or a 16 year pensionable commission. The choice is yours.

In the meantime if you would like further information, write giving details of your age and qualifications to Surgeon Commander L.C. Banks, R.N., (724BU4) Department of the Medical Director General (Naval), Empress State Building, Fulham, London SW6.

Opportunities with HOECHST

Hoechst is one of the largest chemical and pharmaceutical companies in the world. Its large investment in drug research now necessitates an increase in medical personnel to evaluate the recently synthesised and anticipated new compounds. Our need is particularly urgent in the area of:-

CARDIOLOGY

A physician with a special interest in the clinical pharmacology of the cardiovascular system is required to join the Medical Department of Hoechst.

This department works in an international context, although the home base for this position is in Frankfurt (Main), West Germany.

Some of the newly developed compounds have already shown sufficient promise to be evaluated in patients. It is these new substances with which the successful candidate will work. The company has a substantial Clinical Pharmacology Unit in which the pharmacokinetics and pharmacodynamics of the compound are established. On the results of experiments here, the team, of which he will be a member, decides the objectives for early clinical studies. He will then initiate these, usually in co-

operation with a University Department. Further clinical studies are set up internationally and the aims are agreed centrally with all those involved; the results also being co-ordinated centrally. Finally, he will be in charge of filing the clinical data required for registration of a new drug.

The clinician appointed will have regular contact with Medical Advisers in Hoechst subsidiaries throughout the world, and some travel is therefore involved.

The campus on which he will be based offers the stimulating prospect of regular contact with Chemists, Pharmacologists, Toxicologists, Clinical Pharmacologists and Biometricians.

Ideally, the person appointed will have a postgraduate qualification, an interest in and experience of cardiology, and will probably be of Registrar or Senior Registrar status.

Initial interviews will be carried out in the United Kingdom; final interviews will be held in Frankfurt.

Applications should be accompanied by a curriculum vitae and sent in confidence to:

**Medical Director,
Hoechst Pharmaceuticals,
P.O. Box 18,
Hounslow,
Middlesex.**

UNIVERSITY HOSPITAL
Saskatoon, Saskatchewan, Canada S7N 0W8

Anaesthetist

This is an opportunity for an experienced Anaesthetist to join Roan Consolidated Mines Limited at Mufulira on the Zambian Copperbelt. The successful applicant will be responsible for approximately six routine theatre lists per week and will normally share emergency anaesthetic call with at least one experienced colleague. In addition, he will be expected to instruct junior medical officers in the principles and practice of anaesthesia and will also be involved in a limited amount of student nurse teaching, associated with a registered nurse training school established in 1970. In common with other specialist medical officers employed, duties will include a minimal amount of general medical work.

The company, one of the world's major copper producers, provides medical services for approximately 55,000 local and 2,500 expatriate employees and dependants. There are two well equipped hospitals, totalling 460 beds and the full establishment of medical officers is 15, including those with higher qualifications working in their specialised fields.

Employment is on a renewable contract basis — for three-year periods. A competitive starting salary will be negotiated depending on experience and qualifications.

Additional benefits include ■ free return passages for successful applicant and family ■ generous baggage allowance ■ tax free settling-in allowance ■ tax-free children's education and travel allowances ■ generous leave conditions with return passages paid every two years ■ free life assurance ■ car provided.

Please write for an application form and information booklet, quoting reference AM.822, to:

The Future General Practitioner

Learning and Teaching

General or family practice is a special subject. This book is written by six experienced teachers selected by the Council of the Royal College of General Practitioners. It is intended chiefly for teachers, but it will also be valuable to those who are learning and to all who are concerned about the place of family practice within a country's medical services.

A syllabus is developed in five main parts:

Health and Diseases

Human Development

Human Behaviour

Medicine and Society

The Practice

Throughout the book the authors have tried to indicate ways in which the teacher may approach the task of passing on what he had learned by his own experience. The theme is the search for objectives which will satisfy the needs of learner and teacher. The belief is that this search will benefit the future family practitioner and through him the community of his patients.

Readers in the U.S.A. can send their subscription order with or without payment to: *British Medical Journal*, 1172 Commonwealth Avenue, Boston, Mass. 02134.

Ventolin sets a higher standard

**Clinical trials have demonstrated
the superior efficacy of Ventolin
over other bronchodilators**

in bronchodilator therapy

Measurement of lung function is generally considered essential in order to assess the efficacy of bronchodilator therapy.

One of the commonly used instruments for this purpose is the dry wedge spirometer (Vitalograph) with which the patient's spirogram can readily be obtained. From this the forced expiratory volume in 1 second (FEV₁) and the forced vital capacity (FVC) can easily be calculated.

During the five years that Ventolin has been available it has been the subject of a large number of clinical trials. An analysis of the first 50 of these is shown in the table.

Number of clinical trials	Number of patients involved	Number of the trials conducted 'double-blind'	Number of 'double-blind' trials against an active bronchodilator
50	1,477	20	18

HIGHLY EFFECTIVE

In all the clinical trials Ventolin was shown to be highly effective, producing near maximum reversibility of bronchospasm.

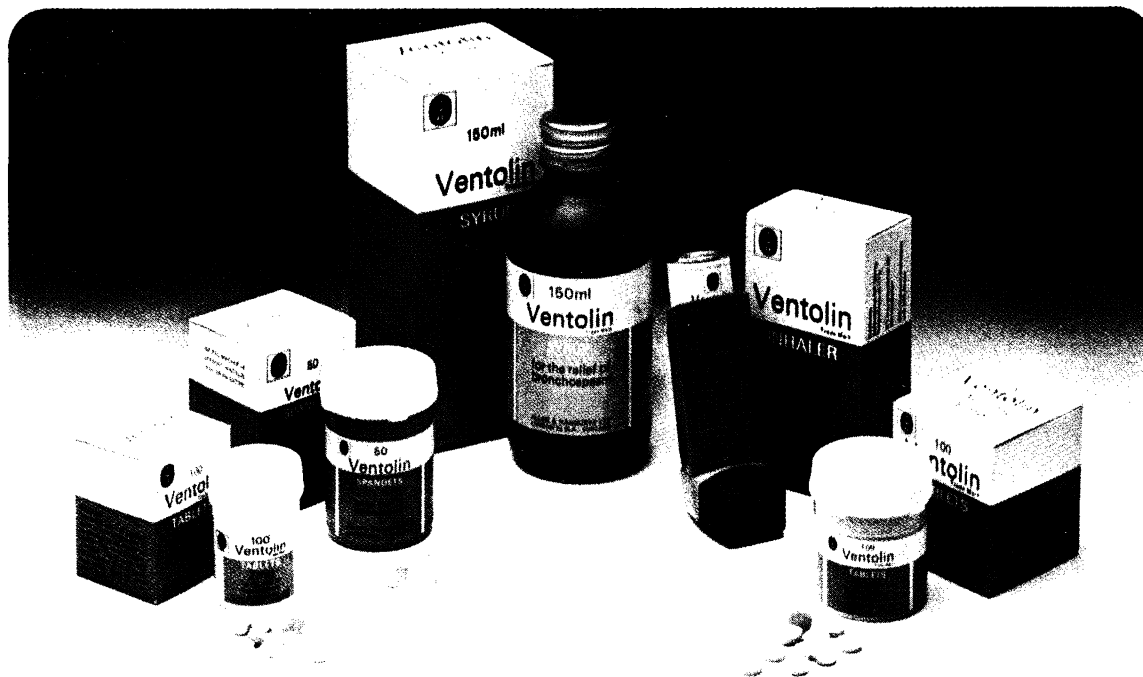

HIGHLY SELECTIVE

In all the clinical trials, without exception, Ventolin was shown to be a highly selective bronchodilator, whether it was administered by mouth or by inhalation. Therapeutic doses had no effect on the heart. In some investigations where many times the therapeutic dose was investigated again no effect on the heart could be detected.

LONG DURATION OF ACTION

In trials in which the duration of action was measured this was shown to be from 4 to 6 hours.

A wide range of preparations to suit each individual need

VENTOLIN INHALER—for rapid, long-lasting relief of acute bronchospasm.

VENTOLIN TABLETS—2 mg and 4 mg—for routine oral bronchodilator therapy.

VENTOLIN SYRUP—fruit-flavoured for ready acceptability by children.

VENTOLIN SPANDETS—sustained-action tablets, particularly suitable where nocturnal bronchospasm is a problem.

Ventolin Inhaler contains salbutamol BP, all oral Ventolin preparations contain salbutamol BP as sulphate.

For the relief of bronchospasm . . . prescribe VENTOLIN

MOST DOCTORS DO!

Full prescribing information is available on request. Ventolin and Spandet are trade marks of ALLEN & HANBURY LTD LONDON E2 6LA

British physicians prescribe 'Tryptizol' more than any other antidepressant...

'Amitriptyline has many advantages for everyday use, including a decade of clinical experience, a high safety record and proven efficacy in depressive illness.'

Med. J. Aust., 1972, 1, 637 (25 Mar)

- ☐ 'Tryptizol' has a dual action, against both anxiety and depression
- ☐ 'Tryptizol' has a rapidly apparent anti-anxiety effect, usually followed by relief of depressive symptoms
- ☐ 'Tryptizol' relieves functional somatic symptoms in many patients
- ☐ 'Tryptizol' can help to relieve depressive insomnia
- ☐ 'Tryptizol' has a wide range of formulations
- ☐ 'Tryptizol' has a favourable margin of safety

Tryptizol®
Amitriptyline hydrochloride/MSD
JUSTIFIES CONFIDENCE

Supplied as 10 mg, 25 mg, and 50 mg tablets; a syrup; and an injection.
Detailed information is available to physicians on request.
