

## THE NEW LEADER OF THE LEADERS IN HYPERTENSION

# sotacor<sup>\*</sup>

Sotalol Hydrochloride

The most significant advance in anti-hypertensive therapy over the past five years has been the use of beta-blocking drugs. They have set a new standard in high response rates and the lowest incidence of side-effects. Nevertheless their potency, and in some cases cardiac depressant properties, have highlighted the need for a beta-blocking agent specifically designed for the management of hypertension.

### NOW WE INTRODUCE

## sotacor

A purpose-structured molecule for predictable  
reduction of blood pressure.

The following points were highlighted at an International Symposium on 'Clinical Advances in Beta-Adrenergic Blocking Therapy' held in Rome during May 1974.

**As effective as Methyldopa for all grades of hypertension**

**Gives smooth, gentle, controlled reduction of blood pressure**

**Controls blood pressure even during exercise**

**Effective in convenient, simple BID dosage**

**Restores a remarkable feeling of well-being in most patients**

# VENTOLIN IN CHRONIC BRONCHITIS

"Salbutamol (Ventolin) is probably the most effective aerosol and also carries least dangers of cardiotoxicity, an important consideration in elderly patients who may have ischaemic heart disease in addition to chronic bronchitis."

(Update 1973, 6, 1807)

The hazard of respiratory infection often makes antibiotic cover the primary consideration in the therapy of the so-called "English Disease". But even when this has been eliminated, the chronic bronchitic often has other problems—chronic breathlessness is one. Whenever reversible bronchospasm can be demonstrated (e.g. by taking Peak Flow Readings) then bronchodilators are indicated. Ventolin Inhaler provides effective, selective metered-dose aerosol therapy—either for routine use or for when distressing attacks of dyspnoea supervene. Ventolin Tablets 2mg and 4mg are for use wherever an oral bronchodilator is preferred. Ventolin Inhaler contains salbutamol BP. Ventolin Tablets contain salbutamol sulphate BP.

"I Bring Peace"-73

## **"It is concluded that maintenance treatment of ulcerative colitis with sulphasalazine (salazopyrin) should be continued indefinitely unless contraindicated by side effects".<sup>1</sup>**

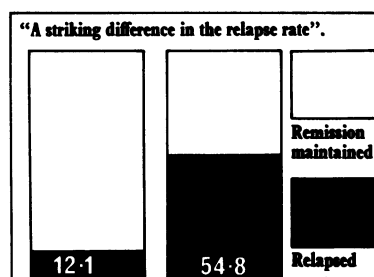

The results of the above controlled trial carried out at the Nuffield Department of Clinical Medicine, Radcliffe Infirmary, Oxford are all the more welcome as earlier trials of cortisone<sup>2</sup> and prednisone<sup>3</sup> at standard dosages have shown them to be ineffective in reducing the number of recurrences of ulcerative colitis.

"Fortunately, Sulphasalazine tablets, 0.5 grams 4 times a day will prevent relapses in the majority of patients

with colitis, and only a few patients cannot tolerate this relatively small dose, which can be continued indefinitely since we do not know when, if ever, it can be safely stopped".<sup>4</sup>

Salazopyrin (sulphasalazine) is available as the plain 0.5g. tablet, 0.5g. EN-tab and as an 0.5g. suppository. Literature and detailed information on Salazopyrin are available on request.

Salazopyrin is a registered trade mark.

"The patients who received dummy tablets had more than four times the relapse rate of those receiving sulphasalazine".<sup>1</sup> (Salazopyrin). Both groups of patients had been satisfactorily maintained for 1-5 years on Salazopyrin prior to the study, in which they took Salazopyrin or placebo for 6 months.

In pain, inflamed, immobile

# Indocid<sup>®</sup>

## IN ARTHRITIS CONSIDER THE MERITS OF 'INDOCID'

### Reliability

Ten years' clinical experience has proved the qualities of 'Indocid'.

### Efficacy

'Indocid' is established as a major antirheumatic agent. Its beneficial effect often leads to a progressive increase in mobility – even in some who are severely disabled – enabling many patients to enjoy a more active life.

### Anti-inflammatory

The powerful anti-inflammatory properties of 'Indocid' have been recognised for many years. Reduction of inflammation and swelling may enable some patients to perform tasks previously seen as impracticable.

### Analgesic

'Indocid' can relieve arthritic pain – promptly and effectively. Natural movement is encouraged. By using 'Indocid' Suppositories at night, the patient's sleep is less interrupted by pain; and with 'Indocid' Capsules during the day, the physical and psychological benefits of reduced pain are considerable.

### Mobility

By relieving pain, swelling, and inflammation, 'Indocid' encourages the patient to attempt more natural movement. 'Indocid' is often an important part in the management of the patient incapacitated by rheumatoid arthritis or osteoarthritis.

### Versatility

'Indocid' has proved valuable against a variety of arthritic conditions, and the two strengths of capsules allow easy adjustment of dosage to meet the needs of individual patients.

'Indocid' is indicated in the active stages of –  
rheumatoid arthritis  
osteoarthritis  
ankylosing spondylitis  
gout  
certain acute musculoskeletal disorders

in the day and night control of  
a variety of arthritic conditions

# INDOCID<sup>®</sup>

Indomethacin/MSD

prescribed for its merits

'Indocid' is available as 25 mg and 50 mg capsules, 100 mg suppositories, and a suspension containing 25 mg/5 ml. Detailed information is available to physicians on request. 'Indocid' is not a simple analgesic.

# **This bed contains over**

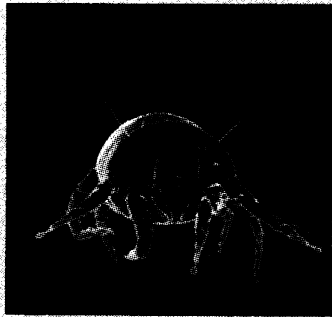

## **Migen**

**asthma immunisation made easy.**

# 10,000 causes of asthma.

This bed is alive. Crawling with *Dermatophagoides pteronyssinus*, the common house dust mite.

The mite is found "...almost everywhere that human beings live, but particularly where they sleep".

Brit. med. J., (1969), 2, 723. It has also been identified as "...the most common cause of allergic asthma in this country, particularly in children". Brit. med. J., (1970), 2, 501.

The house dust mite is an extremely potent allergen. In fact it has been calculated that the inhalation of mite material in an amount

weighing less than one whole live mite would be capable of precipitating an allergic reaction.

The mite population lives on human skin scales. Each of us sheds about 5 g. of dander a week and 0.5 g.-1 g. of this accumulates in beds and bedding, an amount which can support up to 10,000 mites. For most people, this thriving subculture means little. But to the allergic asthmatic it could mean the difference between a dream and a nightmare.

...it is now firmly established that house dust is one of the most important allergic causes of asthma and that the most important allergen of house dust is the mite, called the house dust mite.  
The Asthma Research Council

## Avoidance is Impossible

In the home, it is virtually impossible to remove every trace of the mite. The ubiquitous creature exists in beds, carpets, curtains, cushions - anywhere that human beings and domestic dust come together. Even immaculate dwellings produce dust samples rich in live mites, their excreta and dead remains - all potent allergens. This is why the most effective way of controlling house dust mite sensitivity is immunisation.

## Migen - for the prevention of Asthma

Migen is a new short course vaccine which immunises against the house dust mite. So it does not simply treat the

symptoms of asthma - it prevents them. Immunisation against the powerful house dust mite allergen can raise the patient's overall level of tolerance. If he is multi-sensitive he may well find that he no longer reacts to contact with other allergens which have previously provoked attacks. And the stress caused by fear of attack is reduced.

Migen is the first short course treatment that gives you, the family doctor, real control over asthma.

## Migen and Simplicity

There was a time when immunisation was both a complicated and lengthy business. Not so with Migen. Just six injections form a course of treatment for asthma and perennial rhinitis. With each syringe pre-filled to ensure easy administration and accurate dosage.

## Migen and Safety

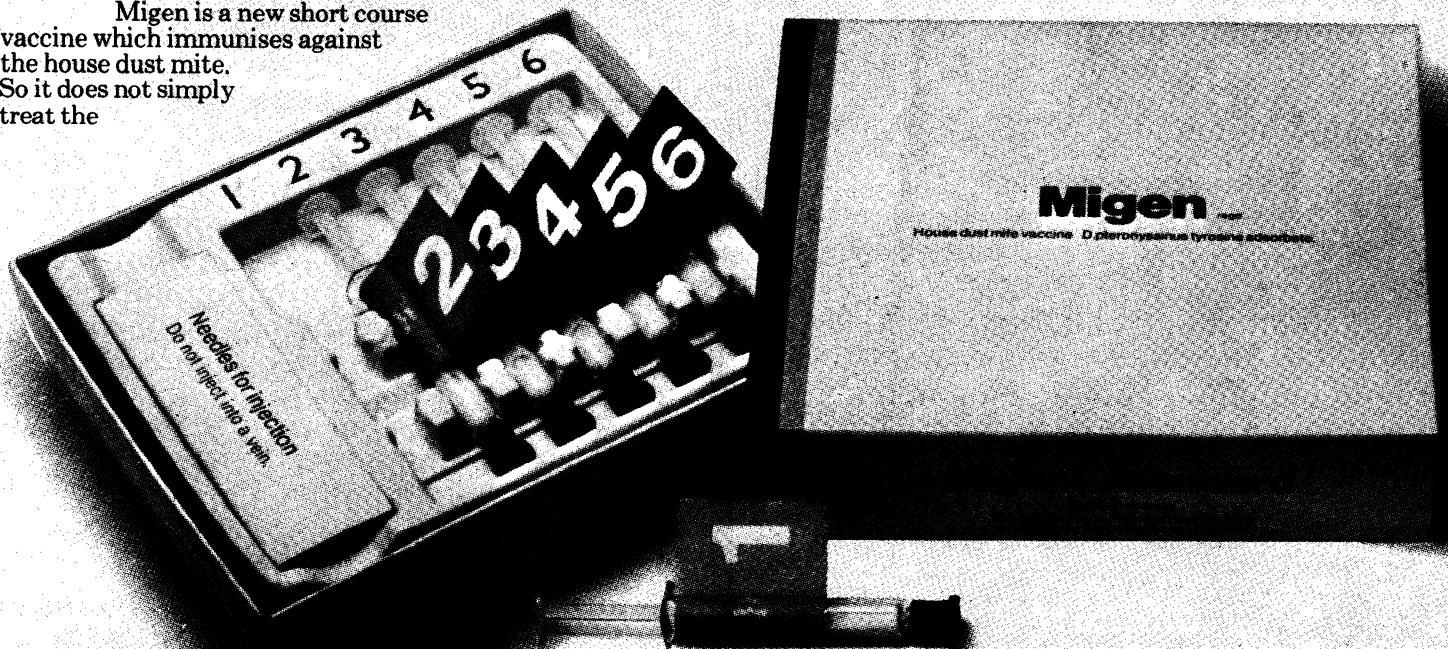

In Migen the active material is adsorbed on to tyrosine - a naturally occurring amino acid which is metabolised in the human body. The active material is therefore released slowly but completely for maximum effectiveness and minimum risk of adverse effects.

## Diagnosis

Migen may usually be prescribed on the basis of a careful case history alone. A Diagnostic Aid has been devised to help identify, by case history, those patients who are most suitable for Migen treatment. If the diagnosis is still in doubt after the case study then the Migen Skin Test Kit may be used for confirmation. Both the Diagnostic Aid (which also includes notes for the guidance of patients) and the Skin Test Kit are available on request from Bencard.

## Migen

Many products have been advocated for use in the treatment of asthma. Most have drawbacks that you and your patients suffer for the sake of some relief. Now Migen offers you an opportunity to treat the most common form of allergic asthma. From your surgery.

**Migen**  **Bencard**

Migen is a tyrosine adsorbed vaccine prepared from pure extract of *Dermatophagoides pteronyssinus*. Full information on Migen (regd.) is available on request from Bencard, Freepost, Brentford, TW8 9BE.

## TOPLEY AND WILSON'S PRINCIPLES OF BACTERIOLOGY VIROLOGY AND IMMUNITY

6th Edition Volumes 1 and 2

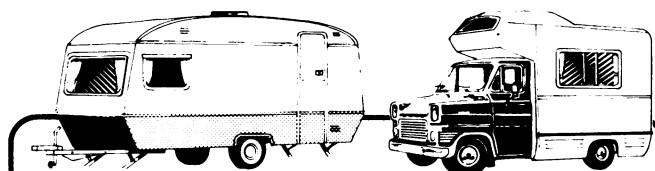

Sir Graham S. Wilson and Sir Ashley Miles

This unique work now entering its sixth edition provides the fullest single compendium of knowledge on medical bacteriology and virology that has so far been compiled.

The present extensively revised edition covers the fields of bacteriology, immunity and virology as they apply to human and, to a lesser extent, veterinary medicine. A great deal of the book has been rewritten, much of it with the help of specially qualified experts; every chapter has been thoroughly scrutinized and brought up-to-date. There is a detailed index with nearly 25,000 references to enable readers to follow up the literature on any subject in which they are interested.

Publication 6th February 371 illustrations 2840 pages  
The two volumes to be sold as a set £65.00

# An Army Doctor's time is time well spent.

Today's modern Army is a professional Army and it requires professionals to keep soldiers healthy.

## **The task awaiting.**

To fulfil their tasks in a modern Army, soldiers must be well trained, well motivated and fit – not only in body but contented in mind as well. They must be secure in the knowledge that they and their families' health and care are in the hands of well trained professional men and women.

Could you take care of them?

Whether the Army is engaged in Belfast, exercising on the Canadian prairies or battling against Norwegian snow storms in NATO training, they require a doctor to look after them. To keep up with 'the professionals' you must be fit and competent.

We can help you achieve both.

## **Two careers in one.**

As a doctor in the Army not all your time is going to be spent in a consulting room. You will not only be a doctor but an Army Officer as well.

You have total care of your patients, you look after them, share their sporting activities and travel with them on operations or on training exercises.

You are part of a team in the modern 'professionals'.

You will work from a fully equipped consulting room with the immediate backing of fully staffed hospitals, spread across the globe wherever the Army is stationed.

## **How will joining the Army affect your professional career?**

We need fully trained doctors, both men and women, doctors capable of responding to any emergency. We dare not let your training suffer.

If you join as a cadet whilst still at Medical School there will be no calls upon your time until you become fully registered. Should you join as a direct entrant during your pre-registration year, we will wait until you complete your training. Should you wish to do additional house appointments we will give due consideration to your request. Agreement is almost always forthcoming for those wanting to do additional clinical appointments which are not available in the Army.

Applications are also welcome from fully registered practitioners who would like a change or, feel we can help them with their professional training.

When you join for duty we will give you an introduction to the Army as well as to the special aspects of Medicine in the Army.

## **Specialising in the Army.**

During your Short Service Commission

you may be given the opportunity to specialise or to do your vocational training as a general practitioner.

Selection for specialisation is competitive and dependent upon vacancies in the Speciality of your choice.

There is a continuing need for junior doctors in the Army's nineteen hospitals and these posts must be filled.

If you decide to stay with the RAMC as a regular officer your training will continue to be acceptable as a consultant.

All you have to do is to prove yourself to be a prospective consultant.

### The Army General Practitioner.

The policy of further postgraduate medical training which is to be implemented as a result of the Report of the Royal Commission on Medical Education – the 'Todd Report', is now being followed in the RAMC. There are already approved training practices with approved RAMC trainers not only in Western Germany but further abroad as well.

You could do your hospital training in the UK, Germany or even Hong Kong.

In a fit young Army we can not offer you Geriatric training but we can offer: Accident and Emergency Surgery, Obstetrics, Paediatrics, Anaesthetics, Dermatology, Medicine and Psychiatric training appointments.

Modern teaching and library facilities are being provided in all the teaching practices and some others.

You could help us to help you by becoming a more competent and fully trained doctor.

### Pay and Gratuities.

Basic Pay.		
Rank	Service	Pay
Second Lieutenant	Medical Cadet	£1015 plus an Education Grant of £949
Lieutenant	Provisionally Registered Medical Practitioner	£2785
Captain	On full registration/ appointment	£4548
	After two years in the rank	£4614

### Tax free Gratuities on completion of service.

Length of Service	Length of Cadetship	Gratuity payable
Five years	Three years Two years One year	£1400 £2000 £2600
Three years	Nil	£1500
Five years	Nil	£3000

Direct entrants in the pre-registration year are eligible for an additional £200 or pro-rata proportion thereof.

### Additional Pay and Allowances.

Diploma pay is paid if you have or obtain one of the following Diplomas: DPH; DTM&H; DIH; D(Obst)RCOG; Dip Av Med; MRCGP. At the moment Diploma Pay is £109 per annum.

Additional Allowances are payable for overseas service, children's education and removal expenses.

### On completion of your Commission.

At the end of your service you may decide to apply to convert to a regular commission, extend your Short Service Commission (to a maximum of eight years) or take your gratuity and embark upon a civilian career.

Should you decide to try civilian life, your time in the Army will be recognised by the DHSS for seniority payments where appropriate and your gratuity is a valuable asset when it comes to starting to finance a house, surgery premises or purchasing all that expensive equipment that the Army has been providing free.

So you see your time as an Army Doctor could be time well spent in providing for your future.

If you would like a copy of our booklet 'Doctor in the Army', or to visit an Army Hospital or discuss any queries we might have raised in your mind about your future in the RAMC write to: Brigadier (Retd) John J. Voller MRCS. LRCP. FFARCS. Dept. M14 Regimental Headquarters RAMC, Royal Army Medical College, Millbank, London SW1P 4RJ.

# RAMC Officer

## Pitman Medical

### AIMS & MOTIVES IN CLINICAL MEDICINE

B. P. BLISS and A. G. JOHNSON

An essentially practical — NOT a theoretical — approach to medical ethics. Provides a set of guidelines which allow ethical decisions to be reached by a clinician faced with an ethical problem. Many practical clinical examples are given.

200 pages Paperback £3.50 net

### AN INTRODUCTION TO MEDICAL AUTOMATION

L. S. PAYNE and P. T. S. BROWN

A clearly written exposition of the basis of automation and computers with particular reference to their application in a medical or health care environment. The authors stress that everyone who practises health care CAN understand the principles, and that, moreover, they MUST do so.

2nd Edition 176 pages Illustrated Paperback £4.00 net

### FIBRE-OPTIC ENDOSCOPY

P. R. SALMON

"The strength of this book lies in the clear description of principles and of certain practical aspects of endoscopy. The illustrations . . . are of a high standard, and the book is well produced. A copy should be in every gastroenterological library." — *The Lancet*

256 pages Illustrated Paperback £4.50 net

### THE BASIS OF CLINICAL DIAGNOSIS

R. A. PARKINS and G. D. PEGRUM

Approaches the study of clinical diagnosis by stressing the underlying changes in function, and develops the ability to deduce a diagnosis in a logical manner. An outline of normal structure and function, and the disease processes affecting them is given for each system in turn.

300 pages Illustrated Cased £6.00 net Paperback £4.00 net

### TUTORIALS IN DIFFERENTIAL DIAGNOSIS

E. R. BECK, J. L. FRANCIS and R. L. SOUHAMI

The book which has rapidly become a "must" for every clinician.

"This excellent book . . . is an object lesson in the principles of diagnostic medicine." — *The Lancet*

220 pages Illustrated Paperback £3.00 net

### FUNDAMENTALS OF CLINICAL ENDOCRINOLOGY

R. HALL, J. ANDERSON, G. A. SMART, G. M. BESSER

Second edition of this standard work by an eminent team of authors. Aimed at a wide audience, from postgraduates and senior medical students to physicians, surgeons and all with an interest in endocrinology.

"... clearly the best book of its size on endocrinology." — *The Lancet*

500 pages Illustrated Cased £9.50 net Paperback £7.00 net

### SURGERY

R. M. KIRK, J. D. MAYNARD, A. N. HENRY et al.

"This is a new book with a novel approach that makes it easy to understand and more interesting than traditional textbooks . . . The book is certain to be popular with medical students but it is also recommended as excellent revision for general practitioners. This team of young surgeons is to be congratulated on its new and enlightened contribution to surgical literature." — *Update*

392 pages Illustrated Cased £5.50 net Paperback £3.50 net

## Oxford Medical Publications

### Methods of Psychiatric Research

An Introduction for Clinical Psychiatrists

Edited by P. Sainsbury and N. Kreitman

The purpose of this book is to introduce psychiatrists working in mental hospitals to the basic procedures, methods, and techniques of clinical research. It is written in the belief that many more psychiatrists wish to undertake research than in fact do so, possibly because of uncertainty as to how to set about it. For this new edition nine of the original chapters have been extensively rewritten and nine new chapters have been added. Second edition paper covers £5.50

### Psychiatric Diagnosis

R. A. Woodruff, D. W. Goodwin, and S. B. Guze

The hallmark of this book is its reliance upon follow-up studies in defining diagnostic criteria, and the twelve diagnostic categories described are those sufficiently studied to be useful. The authors define psychiatric illness as a cluster of symptoms or signs or both with a more or less predictable course, and they place emphasis on its natural history. Medical students, sociologists, and psychiatric social workers will find this book invaluable. Paper covers £2.50

### Clinical Dietetics and Nutrition

F. P. Antia

Nutrition plays a major role in the prevention and treatment of disease. This book describes the principles of clinical nutrition and the essential elements of an adequate diet. 'The work is remarkably comprehensive, the information accurate and very practical. It will without doubt provide an invaluable source of information enabling better management and understanding of disease.' — *British Medical Journal*  
Second edition paper covers £3.80

### Ventilatory and Phonatory Control Systems

Edited by Barry D. Wyke

This Symposium, held at the Royal College of Surgeons of England in January 1972, brought together for the first time a selection of the world's leading workers in respiratory and laryngeal physiology, neurology, and phonetics, to produce an authoritative account of current research on the mechanisms that control breathing and speech. The papers read and the discussions which followed are presented in this volume, which will be of interest to physiologists, thoracic physicians and surgeons, laryngologists, neurologists, phoneticians, and speech therapists. Illustrated £6

# The unique antidepressant from ICI.

## Non-sedative.

'Vivalan' has little or no sedative effect:<sup>1</sup>  
This means that patients remain alert and active  
and can continue with their normal daily activities.

## Rapid acting.

Controlled studies<sup>2</sup> have demonstrated  
that patients can show a marked improvement in  
as little as 3 days from the start of 'Vivalan' therapy.

## Widely effective.

'Vivalan' is effective in all types of depression  
including mixed anxiety – depressive states.<sup>3</sup>

Clinical trials have shown that as many as  
70% of patients respond favourably to 'Vivalan'  
therapy.<sup>2,4</sup>

'Vivalan' is chemically unrelated to  
any antidepressant currently available, and is a  
product of original ICI research.

# Ostermilk Complete Formula for contented doctors, nurses and mothers.

Ostermilk Complete Formula, our new low-solute milk-food for babies, has now become the fastest growing baby milk-food in the country.

Clinical trials have clearly shown that babies on this Ostermilk are 'more contented'; they get more prolonged satisfaction between feeds, suffer less from regurgitation and severe wind and are less likely to have loose stools. Also, there is a considerable decrease in napkin rash.

Doctors have been quick to recognise the advantages of the new formula. The lower phosphorus content virtually eliminates the risk of hypocalcaemia and possible neonatal tetany. The low solute content reduces the chance of hypernatraemic dehydration. And the inclusion of carbohydrate as maltodextrin helps to overcome the problems of lactose intolerance.

Nurses, too, benefit from the new formula as it is available for hospital use in its ready-prepared form,

Ostermilk Ready-to-Feed milk-food for babies. This system provides individual sterilized feeds in disposable glass bottles. So nursing staff spend less time with preparation and are more free to care for mothers and babies.

Out of hospital, mother finds Ostermilk Complete Formula, in its powder form, very quick and easy to prepare as it can be mixed in the bottle. She doesn't even have to add sugar. It really is complete.

We're sure that the increasing number of hospitals and mothers now using our new Ostermilk will lead to many more contented babies. And a great deal of satisfaction, too, among all those concerned with infant feeding and care.

## What on earth's a tub of margarine doing in this Medical Journal?

We know that there's a significant link between saturated fats, serum cholesterol levels and coronary heart disease in man.<sup>1,2</sup>

There are a number of guidelines for reducing the risk of coronary heart disease. One of the most important is the recommendation to reduce the amount of saturated fat intake in the diet.<sup>3</sup>

The American Heart Association,<sup>4</sup> the combined Medical Boards of Norway, Sweden and Finland,<sup>5</sup> and the National Heart Foundations of Australia and New Zealand,<sup>6,7</sup> all recommend the reduction of saturated fat intake and an increase in the level of polyunsaturated fatty acids.

Many doctors are recommending a modified fat diet for patients at risk

from a heart attack. The change is made easier with Flora.

Flora is an accepted component of a lipid lowering diet.<sup>8,9</sup> The value of such a diet is indicated by the findings from three first generation clinical trials of primary prevention, which suggested that dietary modifications would reduce the incidence of coronary heart disease.<sup>10,11,12</sup>

Flora is higher in polyunsaturated fats than any other leading margarine, and is low in saturated fats\*. In addition, Flora is a highly acceptable food and so patients will use it if recommended to do so.

**Give good advice - recommend Flora.**

*\*At least 50% of Flora's fat content is linoleic essential fatty acid. Flora has a fat content of not less than 80% of the total product and is sold in half pound tubs.*

## no time for bronchitis

For children, time should be playtime. Bronchitis means misery for the child, and anxiety for everyone concerned.

**Ceporex can help you to help them all.**

Ceporex is the broad-spectrum antibiotic with proven ability to beat bronchitis fast.

Virtually completely absorbed, Ceporex rapidly reaches bactericidal levels in serum and pus, which are then well maintained.

Outstandingly successful in both acute and chronic bronchitis;

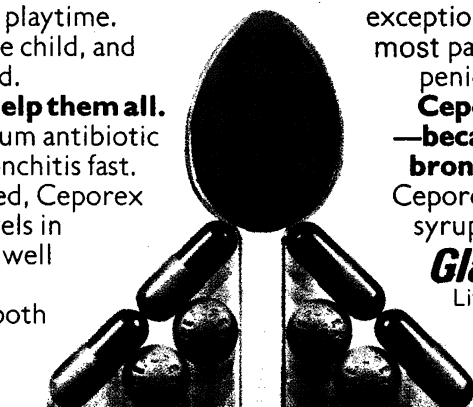

exceptionally well tolerated, even by most patients hypersensitive to the penicillins.

**Ceporex is the antibiotic for today —because today who has time for bronchitis?**

Ceporex (cephalexin) is available as syrups and paediatric drops.

**Glaxo**

Literature on Ceporex (trade mark) is available from: Glaxo Laboratories Ltd  
Greenford, Middlesex UB6 0HE

# Listen to the difference between Amoxil and other

The difference which has  
given significantly longer  
periods of relief from acute  
exacerbations of chronic  
bronchitis than tetracyclines,  
ampicillin and cephalosporin.<sup>1</sup>

The difference that makes  
Amoxil more effective than  
ampicillin in the treatment  
of chest infections.<sup>1,2,3,4</sup>

The difference  
which takes over  
where the tetracyclines  
have done all you can  
expect of them in bronchitis—

so that significantly greater relief of all  
clinical symptoms can be demonstrated.<sup>5</sup>

The difference that allows Amoxil to penetrate  
bronchial membrane barriers regardless of  
the degree of inflammation.<sup>4</sup>

The difference in absorption that means Amoxil can be taken  
t.d.s. with or without food—which means it is simpler for  
patients to take properly. To these differences must be added  
Amoxil's safety and the fact that it is one of the least  
expensive therapies for respiratory infections. No  
wonder doctors everywhere are recognising that  
Amoxil makes all the difference.

# er antibiotics

¶In the cases of our severely sick in-patients, which of course cannot be compared with milder cases of out-patient practice, we found with amoxycillin [Amoxil] a clearly longer relapse rate than with other preparations.<sup>19</sup> (These included various tetracyclines, ampicillin, chloramphenicol and cephalosporin).

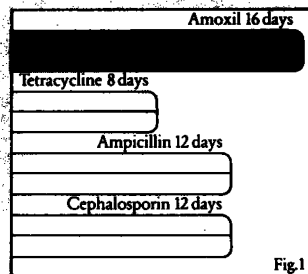

Fig. 1

¶Amoxycillin [Amoxil] was more effective than oxytetracycline when all the patients treated were considered together. Its superiority, however, was most marked in the case of the less severely affected patients, in whom the differences were highly significant.<sup>59</sup>

¶The demonstration that amoxycillin [Amoxil] penetrates into bronchial secretions as efficiently when the mucosa is uninfamed as when it is inflamed, suggests that clearance of bacteria from the lower respiratory tract should be more easily accomplished with this drug than ampicillin. Further, there is the implication that organisms may be more readily cleared from the upper respiratory tract, which frequently acts as a reservoir of potential pathogens from which relapse of lower respiratory infection may stem.<sup>69</sup>

# Amoxil

## Makes all the difference in respiratory infections.

## THE INTELLIGENT WAY TO GET AROUND THESE DAYS.

A new car today has to justify itself in so many ways. Will it be reliable? Is it well engineered? Is fuel consumption low? Are servicing costs reasonable? Does it hold its resale value?

The DAF can answer yes to all these questions—and has one special virtue in addition. A unique form of automatic transmission that is both simple and highly efficient. It makes crowded roads more enjoyable. Even those irritating stop-start conditions we seem to find ourselves in more and more these days.

You see, DAF gives you 100% automatic drive. Its Variomatic transmission keeps the car in the right gear at *all* times. This helps keep fuel consumption to a minimum (at a steady 50 you can expect 40 mpg according to Autocar\*). DAF also gives you the most effortless driving you've ever experienced. Just push the lever forward to go forward. Back to go back. What could be more natural.

But this is only the beginning. Take the DAF66 Super Luxe for instance.

It's a remarkably roomy and well equipped car. It has fully-reclining cloth seats that are still comfortable after a day's journey. It has a heated rear window, Michelin ZX radials, two-speed wipers, an alternator, and De Dion rear suspension for superb roadholding and safety.

It's also designed for the British climate. Built to last. With stainless steel bumpers and the latest deep dip electrostatic bodywork protection. (Remember how DAF cars were praised in the AA's VISAR survey on rusting).

In short, a sensible car for sensible people, and obviously the intelligent way to get around these days. There are fourteen DAF models to choose from. See your DAF dealer now. He's listed in Yellow Pages.

## Otosporin. Anti-infective/anti-inflammatory ear drops

Trade Mark

In ASTHMA,  
when Bronchodilators or  
Bronchodilators + Cromoglycate  
will not provide adequate  
control, Becotide Inhaler  
is the rational approach.

## THE RATIONALE

When asthma can neither be prevented by sodium cromoglycate nor adequately relieved by a sympathomimetic bronchodilator, the most effective treatment is unquestionably a corticosteroid.

Until beclomethasone dipropionate inhaled steroid was made available (as Becotide Inhaler), corticosteroids could only be given in asthma by mouth or injection and unfortunately when administered by these routes on a long term basis, they depress the response of the hypothalamic-pituitary adrenal (HPA) axis to stress and may cause other well known undesirable side effects.

Thus the decision to prescribe steroids in asthma has posed a considerable dilemma for clinicians. Side effects have either been accepted as the inevitable consequence of efficacy or attempts have been made to minimise them by using a reduced dosage which has often led to inadequate control of the disease.

## A NEW DIMENSION IN ASTHMA THERAPY

The acceptance and success to date of Becotide Inhaler has introduced a new dimension into asthma therapy. The benefits of effective control of the inflammatory processes in the lung can be achieved without causing potentially dangerous side effects, including adrenal suppression. The only adverse findings with Becotide Inhaler have been occasional hoarseness and candidiasis of the mouth and throat which responds to topical antifungal therapy without discontinuing treatment with the inhaler.

Thus patients with asthma may now be given the full benefit of steroid therapy without serious risk: for many, their whole lives can be transformed.

"For those who are poorly controlled on bronchodilators or DSCG, this treatment (Becotide Inhaler) can give complete or comparative freedom from airways obstruction without risk of adrenal suppression or other side effects."

(*Brit. med. J.*, 1973, 3, 161.)

"These show very clearly the dramatic changes which took place on the introduction of aerosol therapy (Becotide Inhaler), but cannot illustrate the even more striking improvement which occurred in psychological adjustment to the disease and in athletic performance."

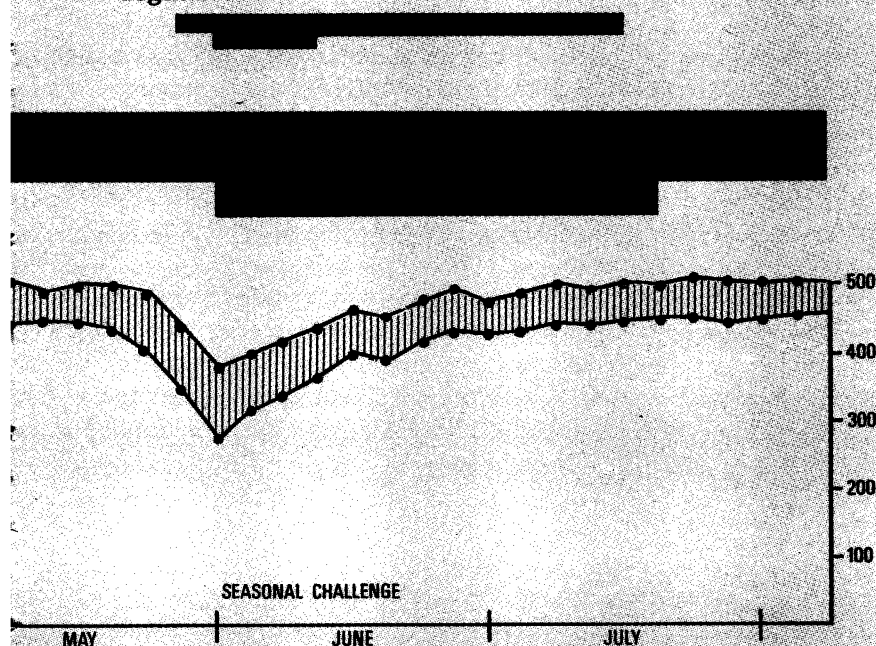

(*Brit. med. J.*, 1973, 3, 161.)

## THE CLINICAL EVIDENCE IS EXTENSIVE AND CONVINCING

Becotide Inhaler has been evaluated in many British Chest Units, at first in severe chronic asthmatic patients already maintained on systemic steroids and, as its efficacy has been established, increasingly in patients with only occasional or no previous treatment with steroids.

To date, no fewer than twenty published clinical trials confirm that Becotide Inhaler is an exceptionally effective means of controlling asthma without the risk of serious side effects.

The clinical management of a typical patient exhibiting a waning response to bronchodilators illustrating the introduction of inhaled steroid into the therapeutic regimen.

# Becotide INHALER

*When Asthma causes  
concern the decision  
to prescribe a  
steroid need not.*

# "For some people summer comes too soon"

Mid-Winter may seem early to start thinking about summer and the symptoms it brings to hayfever sufferers – unless you are a hayfever sufferer, in which case summer always comes too soon.

For hayfever patients treated with Pollinex, summer can be an enjoyable experience, perhaps for the first time.

Recent clinical trials<sup>1</sup> have shown that a single three-dose course of Pollinex produces substantial improvement in some 77% of patients. It is considered that the benefit following a second year's pre-seasonal course may be greater.

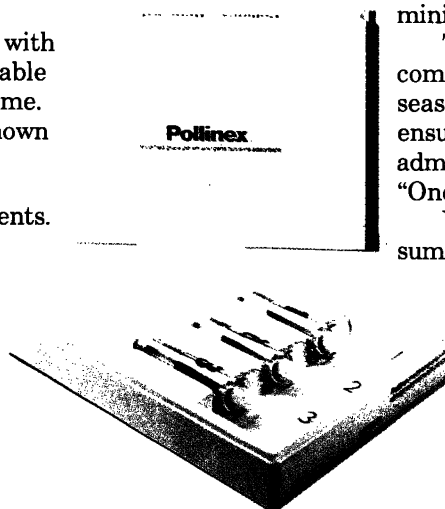

In Pollinex twelve chemically

modified grass pollens are adsorbed onto a tyrosine base to allow slow and complete release of active material, ensuring maximum effectiveness and minimum risk of side effects.

The three injections which make up a complete course of Pollinex are given pre-seasonally. Pre-filled disposable syringes ensure accuracy of dosage and ease of administration. Simply prescribe "One course Pollinex."

Your hayfever patients are likely to find summer can't come soon enough.

Further information is available from Bencard, Freepost, Brentford, England.  
*1. in press.*

# INSTITUTE OF OPHTHALMOLOGY (University of London)

## COURSE ON LASER HAZARDS

A two-day Course on Laser Hazards for those concerned in laser operations, including Ophthalmologists, Safety Officers, Industrial Medical Officers and those professionally concerned with laser radiation hazards, will be held from 9.30 a.m. to 5.00 p.m. on 3rd and 4th April 1975 at the Institute of Ophthalmology, Judd Street, London WC1H 9QS.

Topics to be discussed will include: laser epidemiology, coherent and incoherent optical radiation, target tissues, ocular and dermatological hazards, metrology, administration of codes relevant to pathology and medico-legal aspects etc. Facilities will be provided for open discussion and clinico-pathological illustrations. Attendance fee of £30 will include ouflet lunch, coffee and tea on both days. Early application is advised. Number limited to 50.

Application forms obtainable from The Dean, Institute of Ophthalmology, Judd Street, London, WC1H 9QS. (20338) 4

# THE ROYAL COLLEGE OF GENERAL PRACTITIONERS ADVANCED COURSE IN GENERAL PRACTICE

A Course will be held at The Royal College of General Practitioners, 14 Princes Gate, London S.W.7, during two weeks: the first week will be from the 28th April to the 2nd May 1975, and the second week will be from the 30th June to the 4th July 1975. It will be open only to principals established in general practice for 5-12 years. Lectures and discussion on a wide range of topics in family medicine will be arranged, with emphasis on diagnosis and management in a surgery and domiciliary setting. Some of the time has been allocated to explanation of the form of the M.R.C.G.P. examination. (Doctors who have been fully registered for at least four years are eligible to sit the examination for membership of The Royal College of General Practitioners).

The purpose of the First week of the Course will be to seek to enable participants to identify for themselves gaps in knowledge and skills which they may feel need to be remedied, particularly with the requirements of membership of the Royal College of General Practitioners. The Course Tutor will seek to assist in this task, and to recommend further reading and study. The second week of the Course will be devoted to meeting needs that are common to many members of the Course that have thus been identified. Examples of these needs will, therefore, be gained by doctors who are able to attend both weeks of the Course.

Participants will be able to claim travelling expenses and subsistence allowance under Section 63 of the Public Health and Health Service Act 1969, and attendance towards the Postgraduate Education allowance seniority payments.

Applications should be made on an application form obtained from the Courses Secretary at the College, and should be returned to the Courses Secretary not later than Friday, 21st March 1975. (20237) 4

# WILTSHIRE AREA HEALTH AUTHORITY

A RESIDENTIAL COURSE FOR GENERAL MEDICAL PRACTITIONERS IN DEVELOPMENTAL PAEDIATRICS will be held at Urchfont Manor Residential College, near Devizes, from Monday, 9th to Friday, 13th June 1975. The Course includes a day at Devizes Health Clinic when Dr. Dorothy F. Egan, Newcomen Centre, Guy's Hospital, will be lecturing on and demonstrating 'The Developmental Testing of Young Children'. There will also be sessions on 'The Developmental Progress of Premature Babies', 'The Examination of the New-born and the Neonatal Period', 'The Cerebral Palsied Child' and 'The Role of the Family Doctor in the Management of Mentally Handicapped Children'. There will be demonstrations and films.

The course is approved for grant under the scheme for postgraduate education and no tuition fees are chargeable for general practitioners eligible under these arrangements. The cost of board and accommodation may be reclaimed from the general practitioner's Executive Council.

Doctors interested in attending should apply to Dr. J. H. Whittles, Specialist in Community Medicine (Child Health), Wiltshire Area Health Authority, Bythessea Road, Trowbridge BA14 8JL, by letter, or by telephoning Trowbridge 62461 Ext: 23. (20293) 4

## CRAIGAVON NEW CITY

(SOUTHERN HEALTH AND SOCIAL SERVICES BOARD)

The Agency, on behalf of the Southern Health and Social Services Board invites applications for a new vacancy in general practice in Craigavon, Co Armagh.

A modern health centre is in operation with accommodation designed to provide for the provision of general practitioner and associated health services for an eventual population of 20,000.

There are already two other single-handed practices in operation at the health centre.

An initial practice allowance similar to Type D will be payable to the successful candidate. The allowance is designed to enable established practitioners to change to new town practice without financial difficulty.

Applicants should have adequate experience of general practice in the British Isles.

Further particulars may be obtained from —

The Chief Administrative Officer

Central Services Agency

27 Adelaide Street

Belfast BT2 8FH

to whom applications should be made by letter giving the names and addresses of two referees. The latest date for receipt of applications Monday, 17th February 1975.

(29980) 5

## GENERAL PRACTICE TRAINING POSTS

### DEVON

**AREA HEALTH AUTHORITY**  
Plymouth Health District

### VOCATIONAL TRAINING FOR GENERAL PRACTICE

Applications are invited from fully registered doctors for two posts in this three year scheme commencing on 1st April 1975, and again on 1st October 1975.

Two years will be spent in rotating hospital posts of six months each: Accident and Emergency, Geriatrics, Obstetrics and Gynaecology, Psychiatry. It is hoped to include Paediatrics in the near future.

An option of an introductory month in General Practice preceding these dates will be available.

The final year will be spent in an approved training practice. A half day release course will be held during academic terms during the three years. Trainees will be encouraged to attend their departmental meetings, and a full programme of meetings is available at the Plymouth Postgraduate Medical Centre.

The scheme is recognized for M.R.C.G.P. and D.Obst.R.C.O.G.

It is hoped to provide single or married accommodation during the hospital period. Detailed written applications should be sent to: The Hospital Secretary, North Friary House, Greenbank Terrace, Plymouth PL4 8QQ, from whom further details may be obtained.

Closing date for posts commencing 1st April 1975 is 15th February 1975. (29956) 21

### GUY'S HOSPITAL

### VOCATIONAL TRAINING SCHEME FOR GENERAL PRACTICE

Applications are invited for a three-year appointment commencing 1st July 1975 (resident). The programme includes an initial three months and a final nine months in general practice, posts in general medicine, obstetrics and gynaecology in the Guy's Group, and paediatrics at Farnborough Hospital, psychiatry and accident emergency posts are approved as alternative options. Recognized by the Royal College of Practitioners.

Application forms are available from, and should be returned to, the Clinical Superintendent, Guy's Hospital, London SE1 9RT not later than 1st March 1975. (20173) 21

**DOCTORS ABROAD.** Copies of vacancies advertised in the *Journal* can be sent by AIR MAIL: Members rate: minimum cost is £3 for six weeks' supply, which covers up to five separate headings. Non-members rate: £4 minimum for six weeks' supply of five headings or less. Additional headings: 50p each for six weeks' supply (for members and non-members). Orders for specific grades cannot be accepted. Payment must be PREPAID and enclosed with application.

Northamptonshire Area Health Authority  
Northampton District

## Vocational Training Scheme for General Practice

Applications are invited for two General Practitioner training posts at Northampton, beginning 1st April 1975.

The appointment is for three years and is intended for a doctor who has completed his pre-registration year. On completion of training, the doctor will be entitled to the Vocational Training Allowance.

The Trainee will spend his first year in established posts in Paediatrics, and Obstetrics and Gynaecology, after which he will be eligible to sit the D.C.H. and D.Obs.R.C.O.G. examinations. The first six months of the second year will be spent half time in general practice and half time in hospital (mainly in outpatient clinics) and the second six months be spent in one of a number of supernumerary posts offering experience in a variety of specialties. The third year will be spent in a different training practice and the trainee will be allowed adequate time to attend courses and particularly that run by the Thames Valley Faculty of the Royal College of General Practitioners (on a day release basis).

A memorandum about the scheme will be sent on request. Commencing salary at S.H.O./Registrar level depending upon previous experience. Married accommodation may be available for the first 18 months of the training.

Applications giving full details and names of two referees should be sent to Mr. R. E. Thornton, Senior Administrative Assistant, General Hospital, Northampton, NN1 5BD. Closing date for receipt of applications 22nd February 1975. (38104) 21

LEICESTERSHIRE  
AREA HEALTH AUTHORITY  
(Teaching)

### VOCATIONAL TRAINING FOR GENERAL PRACTICE

One post exists on the Leicester scheme and applications are invited from recently qualified Medical Graduates (including women graduates) for a course of training starting immediately. This is a three year programme recognized by the Royal College of General Practitioners comprising:

1. An introductory appointment in a teaching general practice.
2. Four successive six month hospital appointments at Senior House Officer Grade in any combination of the following specialties — General Medicine, Paediatrics, Obstetrics, Accident and Emergency Surgery with Orthopaedics, Psychiatry, Anaesthetics and General Medicine with Geriatric Medicine. These posts are at The Leicester Royal Infirmary, The Leicester Royal Infirmary Maternity Hospital, Leicester General Hospital, The Towers Hospital and Groby Road Hospital, Leicester.
3. A final period in a teaching General Practice with day release for training in Ophthalmology, Dermatology, E.N.T. and Paediatrics.

A half day study programme will be continuous throughout the hospital period with the General Practitioner Trainers and the Academic Departments at the University of Leicester Medical School.

Single accommodation will be available throughout the hospital appointments. Married accommodation may be available.

Application form and further details to be obtained from the District Administrator, South-West District, The Leicester Royal Infirmary, Infirmary Square, Leicester, LE1 5WW. (38008) 21

SURREY

### VOCATIONAL TRAINING SCHEME FOR GENERAL PRACTICE

Redhill General Hospital  
Earlswood Common  
Redhill, Surrey

Applications are invited from fully registered Medical Practitioners for a Senior House Officer Grade Post in the Redhill Vocational Training Scheme to start on 1st April, 1975. The hospital lies near the A23 London Brighton road. The surroundings are semi-rural and very pleasant yet Central London is only about half-an-hour's journey by rail. The Scheme will begin with an initial three months in a selected training general practice after which the trainee will proceed to six-months post in Accident and Emergency, Obstetrics and Gynaecology, Psychiatry and General Medicine and Paediatrics. During this time there will be weekly half-day release periods which will be used to provide experience in other departments, such as E.N.T., Dermatology, Ophthalmology, Rheumatology and Geriatrics.

In addition the Scheme will include a special course for trainees in general practice at the University of Surrey at Guildford. This course is run by specially trained family doctors under the guidance of an educational psychologist.

The Scheme will conclude with nine months in the original general practice after which the trainee will be eligible to take the M.R.C.G.P. examination as well as the D.Obs. R.C.O.G.

Married accommodation will be provided by the Hospital for the entire three years. The course organiser will be in touch with the trainee throughout.

Further details may be obtained from Dr. J.G. Sowerbutts, Clinical Tutor at Redhill General Hospital and applications naming two referees to the Personnel Officer, Earlswood Mount, Mountview Drive, Redhill, Surrey RH1 6JT. Closing date 17th February, 1975. (38243) 21

NORTH GWENT  
HEALTH DISTRICT

### VOCATIONAL TRAINING SCHEME FOR GENERAL PRACTICE

Applications are invited for the above Scheme for which two places are available in August, 1975. The Scheme comprises rotation through Paediatrics, Obstetrics and Gynaecology, Psychiatry, Community and Occupational Medicine for the first two years. The third year will be spent in General Practice, the time being divided between a Rural and Urban practice.

The Course is recognized by the R.C.G.P., and also for the D.C.H. and D.Obs.R.C.O.G. The successful applicants will be provided with accommodation at the base Hospital throughout the period of training, and married accommodation is available. National Health Service salary and conditions of the Officer Grade Post in the Redhill Vocational Training Scheme may be obtained from the Training Scheme to start on 1st April, 1975. Postgraduate Organiser, Postgraduate Medical Centre, Nevill Hall Hospital, Brighton road. The surroundings are semi-rural and very pleasant yet Central London is only about half-an-hour's journey by rail. The Scheme will begin with an initial three months in a selected training general practice after which the trainee will proceed to six-months post in Accident and Emergency, Obstetrics and Gynaecology, Psychiatry and General Medicine and Paediatrics. During this time there will be weekly half-day release periods which will be used to provide experience in other departments, such as E.N.T., Dermatology, Ophthalmology, Rheumatology and Geriatrics.

Area Health Authority

## Vocational Training Scheme for General Practice

*Whipps Cross, Connaught  
and Chingford Hospitals.*

Applications are invited for 2 posts for fully registered doctors in this 3-year scheme, starting on May, 1975.

Both posts begin with an introductory month in General Practice, which is followed by 2 years spent in hospital posts, based mainly at Whipps Cross Hospital, London, E.11. The posts cover general medicine, accident and emergency, obstetrics and gynaecology and paediatrics. The final year will be spent in a recognised general practice.

These schemes are recognised for the M.R.C.G.P. (the D. Obst. R.C.O.G. and the D.C.H. as appropriate) and on completion of the appointment the holder qualifies for the Vocational Training Allowance paid to junior principals in the National Service.

Included in the trainee year for all schemes is a half day release course. Trainees are encouraged to attend meetings held at the Medical Education Centre, Whipps Cross Hospital.

Arrangements can be made to visit the Hospital and the practices in the area involved in the schemes, through the Course Organiser, Vocational Training Medical Education Centre, Whipps Cross Hospital, London, E.11., Telephone 01-539-5522, Ext. 310. Rented accommodation may be available.

Forms of Application and full details from the Administrative Assistant, Langthorne Hospital, London, E.11 4HJ. Applications should be returned by the 1st March 1975 and interviews are expected to be held at the end of March, 1975. (38052) 21

## THE ST. JAMES' SCHEME

Two Year Vocational Training Scheme for  
General Practice at St. James' Hospital,  
Balham, London SW12

Applications are invited for two vacancies on 1st March 1975, for this scheme. One candidate will undertake the hospital posts of Senior House Officer in Accident & Emergency and Senior House Officer in Obstetrics, and then proceed to a year in a teaching practice. The second candidate will commence with 6 months in a training practice and proceed to the hospital rotation, which will be followed by a final 6 months in general practice.

Applicants should have been fully registered for at least one year and have served that year in Medical or Paediatric S.H.O. posts or some equivalent postgraduate training.

Successful candidates will have opportunities during the whole period of the Scheme to attend meetings at St. James' postgraduate centre for all trainees and during the general practice year of attending a half-day release course, paying visits to places of medical interest and to other practices. Trainees will be encouraged to follow patients from community, through hospital, and back to community care.

The Hospital posts are recognized for F.R.C.S. and M.R.C.O.G. and application has been made to the Royal College of General Practitioners for recognition of the Scheme.

The London Borough of Wandsworth offers a wide variety of Urban experience and is in an area undergoing "gentrification", yet there are large open spaces and the River Thames nearby. St. James' Hospital is an acute General Hospital of 572 beds, providing an undergraduate teaching function in the District. It is situated close to rail and underground services with easy access to Central London and suburbs.

Application forms available from Hospital Secretary, 01-672 1222, ext. 327.

## **VOCATIONAL TRAINING COURSE FOR GENERAL PRACTICE (Cardiff)**

This Vocational Training Scheme has been designed to cater both for young doctors who decide to enter General Practice on completion of their pre-registration hospital posts and for doctors who may have spent additional time in hospital practice.

There are three schemes within the programme:-

1. A three year hospital/general practice rotating scheme which includes Obstetrics and Gynaecology, Paediatrics, Casualty and Orthopaedics and General Medicine in relation to Geriatrics as the hospital components, together with two separate periods of six months in General Practice.

2. A two year hospital/general practice rotating scheme consisting of either Psychiatry and Casualty or General Medicine (Geriatrics) and Casualty as the hospital components, together with one year in General Practice.

3. Twelve months in General Practice component will be in the General Practice Unit of the Welsh National School of Medicine and in other practices in Cardiff. Day release courses are an integral part of all the schemes.

Cardiff is an attractive place in which to live and has all the advantages of a medical teaching centre. Married accommodation may be available.

Further particulars and application forms may be obtained from: Dr R. Harvard Davis, General Practice Unit, Health Centre, Llanedeyrn, Cardiff, and should be returned by 28th February, (20245) 21

## **WESSEX VOCATIONAL TRAINING FOR GENERAL PRACTICE Salisbury Health District**

Applications are invited for a three year rotating post as a Senior House Officer and as a Trainee in General Practice in the Salisbury Health District Hospitals and an associated General Practice from 1st April, 1975.

This post will qualify the holder for the Vocational Training Allowance and to sit the M.R.C.G.P. Initial month and final eleven months spent with General Practice. Hospital posts include six months each in Geriatrics/Rehabilitation/General Medicine, Paediatrics (to include Child Psychiatry), Obstetrics and Gynaecology, and a further six months in elective subjects. During the final attachment to a practice, the holder of the post will attend the Wessex Day Release Course.

Application forms and further particulars from District Administrator, Odstock Hospital, Salisbury, Wilts. Closing date 15th February, (38009) 21

## **SITUATIONS WANTED**

EXPERIENCED female Indian Obstetrician and Gynaecologist seeks from first January 1975 consultant or fellowship or partnership. Box 5026 BMJ 22

## **UNIVERSITY AND RESEARCH APPOINTMENTS**

### **INSTITUTE OF OBSTETRICS AND GYNAECOLOGY University of London**

#### **SENIOR LECTURER IN ANAESTHESIA (Consultant Status)**

The Institute of Obstetrics and Gynaecology invites applications for the post of Senior Lecturer in Anaesthesia.

The post will entail clinical work at Queen Charlotte's Maternity Hospital and at Chelsea Hospital for Women, with opportunity for clinical research at Queen Charlotte's Maternity Hospital, for which adequate and independent laboratory space and facilities are provided. Such research will be done in co-operation with the Professor of Obstetrics and Gynaecology, and also with the Anaesthetic Consultant staff of these hospitals.

Applications to the Secretary, (BMJ) with names of three referees, Institute of Obstetrics and Gynaecology, Central Office, Chelsea Hospital for Women, Dovehouse Street, London SW3 6LT by 7th March, 1975. (20206) 25

### **KING'S COLLEGE HOSPITAL MEDICAL SCHOOL Denmark Hill, London SE5 8RX Department of Ophthalmology**

Applications are invited from candidates of Senior Registrar status for the post of:-

#### **RESEARCH FELLOW**

tenable for three years and renewable annually. To undertake projects including therapeutic clinical trials. The post offers an opportunity to work on a unique system of more than 500 computerized glaucoma clinical records of patients attending Honorary academic and N.H.S. grading according to experience. Wholtime or part-time by arrangement. Senior Registrar salary scale.

Applications to the Secretary of the Medical School not later than 22nd February 1975. (20295) 25

### **NEWCASTLE AREA HEALTH AUTHORITY (Teaching)**

#### **RESEARCH FELLOWSHIP (Registrar Grade)**

required to assist in an investigation into factors influencing the responses to Antihypertensive drug therapy. The post which is attached to the Clinical Pharmacology Section of the University Department of Pharmacology is for a period of two years.

Previous experience in clinical pharmacology is not essential and the successful candidate will receive training in this field. The research work should form the basis of a higher degree. Further particulars may be obtained from Professor M. D. Rawlins, University of Newcastle, NE1 7RU.

Applications, which should include the names and addresses of two referees, together with full curriculum vitae, should be made to the Area Personnel Officer, Newcastle Area Health Authority (Teaching) Newcastle General Hospital, Newcastle upon Tyne, NE4 6BE. Closing date 28th February, 1975. (20388) 25

#### **SENIOR RESEARCH OFFICER (Part-time)**

Applications are invited for the post of Senior Research Officer (part-time) in the Department of Therapeutics and Pharmacology.

The work relates to the analysis of prescribing of drugs to patients and the effect that these have on their health and the health of the community: the causes and effects of changes in the prescribing patterns in the province of Northern Ireland.

Candidates should have a University degree, or equivalent qualification, in one of the biological or social sciences and experience in epidemiological studies would be an advantage.

The salary range for a full-time Senior Research Officer will be £2,952-£3,990; medically qualified candidates will be given preference and will be paid on a salary appropriate to their experience.

Letters of application, giving the names of two referees should reach Professor Elmes, Department of Therapeutics and Pharmacology, The Queen's University of Belfast, Institute of Clinical Science, Grosvenor Road, Belfast BT12 6BJ as soon as possible. (20211) 25

### **THE UNIVERSITY OF ADELAIDE**

#### **invites applications for appointment as a SENIOR LECTURER IN PSYCHIATRY**

Candidates should have appropriate postgraduate qualifications and relevant experience and should have shown evidence of interest and capability in research and teaching. The Senior Lecturer will be based primarily at The Queen Elizabeth Hospital.

The Department has clinical and teaching facilities in the two major teaching hospitals — the Royal Adelaide and The Queen Elizabeth Hospitals — associated with the University. The Department's approach to teaching and research is an eclectic one, current projects focussing on psychosomatic and clinical psychiatric topics. The Chairman of the Department is Professor I. Pilowsky, who will be pleased to answer enquiries about teaching and facilities in the Department.

Salary: \$A12,643-417 (1) -416 (4) -14,724 (plus an allowance of \$A2,500 a year for registrable medical qualifications); with superannuation on the F.S.S.U. basis. Initial salary will be fixed within the scale in accordance with qualifications and previous experience.

(The Academic Salaries Tribunal has recommended that funds be made available to pay senior lecturers within the scale \$A15,400-500 (5) -17,900; (plus an allowance of \$A3,553 a year for registrable medical qualifications.)

Further information: A potential candidate should seek from the Registrar of the University or from the Secretary-General, Association of Commonwealth Universities (Apts), 36 Gordon Square, London WC1H 0PF the following documents: (1) general Conditions of Appointment, which include particulars of tenure, superannuation, removal expenses, invalidity and study leave, and (2) a Statement giving particulars of such matters as help in housing, conference grants and special support for research.

The University will gladly supply any further information desired on request to the Registrar.

Applications, in duplicate, should give the information listed in the penultimate paragraph of the Statement and should reach the Registrar of the University, G.P.O. Box 498, Adelaide, South Australia 5001, not later than 14th March 1975. (20238) 25

### **THE MEDICAL COLLEGE OF ST. BARTHOLOMEW'S HOSPITAL (University of London) West Smithfield, London EC1A 7BE**

Applications are invited from registered medical practitioners for the post of LECTURER

in the Department of Clinical Pharmacology. Applicants should possess the M.R.C.P. and have had previous experience in clinical pharmacology. The appointment will provide opportunities for clinical work and teaching. Salary on the University Scale for Clinical Lecturers, £3,360-£5,016 plus Threshold Allowance. Further details from Professor Paul Turner, Tel: 01-606 7777 Ext. 7179.

Application forms, obtainable from the Secretary of The Medical College, should be sent to the Dean not later than 22nd February, 1975. (H13950) 25

### **UNIVERSITY COLLEGE CARDIFF**

Applications are invited for the post of LECTURER OR TEMPORARY LECTURER IN PHYSIOLOGY

A medical qualification and/or teaching or research experience in human respiratory, renal or oral physiology would be an advantage. The post may be made available on a temporary basis for a medical man or woman preparing for a higher diploma; in such a case, study facilities would be provided. The post is available immediately, and in any case duties will commence not later than 1st October, 1975.

Applications, together with the names and addresses of two referees, should be forwarded to The Registrar, University College, P.O. Box 78, Cardiff, CF1 1XL, from whom further particulars may be obtained. Closing date 1st March, 1975. Please quote ref. 0745. (20385) 25

### **UNIVERSITY COLLEGE LONDON The Health Centre**

Applications are invited for the post of PHYSICIAN

in the grade of Clinical Lecturer or possibly Senior Lecturer. The salary scales, according to grade, are £3,360-£5,016 or, £4,737-£6,561 + Threshold payments; F.S.S.U. if appropriate.

The vacancy is for a woman physician in the College Health Service. This is a comprehensive service which provides preventive, general medical and psychiatric facilities for students and staff of University College London. The person appointed should have an interest in the emotional problems of young people but formal psychiatric experience is not required.

The Department may be visited by appointment with the Director, Dr. C. J. Lucas, The Health Centre, 3 Gower Place, WC1E 6BT.

Further details can be obtained from Assistant Secretary (Personnel) (BMJ) University College London, Gower Street, London WC1E 6BT, to whom applications together with the names of two referees should be sent by 28th February 1975. (20204) 25

### **UNIVERSITY OF IBADAN Nigeria**

Applications are invited for (a) SENIOR LECTURESHIP or (b) LECTURESHIP

in Department of Preventive and Social Medicine. The appointee must be medically qualified and must have a postgraduate qualification in the field of Public Health. Salary scales: (a) N5,900-N6,500 p.a. (b) N4,880-N5,800 p.a. (£1 sterling = N1.45). The British Expatriates Supplemental Pension Scheme is unlikely to be applied to this appointment. F.S.S.U. Family passages; various allowances; regular overseas leave.

Detailed applications (2 copies), including a curriculum vitae and naming 3 referees, should be sent by air mail not later than 5th March 1975 to the Registrar, University of Ibadan, Ibadan, Nigeria. Applicants resident in U.K. should also send 1 copy to Inter-University Council, 90-91 Tottenham Court Road, London W1P 0DT. Further particulars of these appointments may be obtained from either address. (20208) 25

### **UNIVERSITY OF IBADAN Nigeria**

Applications are invited for post of (a) READER or

(b) SENIOR LECTURER IN THE FOOD SCIENCE AND APPLIED NUTRITION UNIT

Applicants should be medical doctors with extensive experience of nutritional studies and clinical nutrition for the above post. Postgraduate qualifications and publications in reputable journals are pre-requisites for selection. Appointee will be expected to take part in the teaching of undergraduate and postgraduate medical and non-medical students, carry out clinical duties at the University College Hospital and associated centres as well as take part in nutritional studies in the field. Salary scales: (a) N7,000 p.a. (b) N5,900-N6,500 p.a. (£1 sterling = N1.45). The British Government may supplement salary in range £1,250-£1,350 p.a. (sterling) for married appointee or £750-£850 p.a. (sterling) for single appointee (normally free of all tax) and provide children's education allowances and holiday visit passages. F.S.S.U. Family passages; various allowances; regular overseas leave.

Detailed applications (2 copies), including a curriculum vitae and naming 3 referees, should be sent by air mail, not later than 5th March, 1975, to the Registrar, University of Ibadan, Ibadan, Nigeria. Applicants resident in U.K. should also send 1 copy to Inter-University Council, 90/91 Tottenham Court Road, London W1P 0DT. Further particulars of these appointments may be obtained from either address. (20205) 25

## **COMMERCIAL APPOINTMENTS**

### **Beecham Pharmaceuticals**

# **Medical Adviser**

Following a reorganisation of its Medical Department, Beecham Pharmaceuticals has a vacancy for a doctor to assist the Medical Controller, New Products, in obtaining the early clinical data required for the registration of new pharmaceutical compounds. His duties will include the initiation and follow-up of the initial clinical trial evaluation programmes and will require close co-operation with hospital departments, our own Clinical Research Unit and various project teams. The position necessitates a limited amount of overseas travel.

Candidates should be aged 28-40 and should have good clinical experience and an aptitude for scientific method. Previous experience within the pharmaceutical industry would be an advantage but is not essential.

In addition to an attractive salary, a company car is provided together with other first class fringe benefits.

Please write, giving details of age, qualifications, experience and current salary to: Personnel Manager, Beecham Pharmaceuticals - UK Division, Beecham House, Great West Road, Brentford, Middlesex.

THE QUEENS  
AWARD TO INDUSTRY  
1966 1970 1971 1972.

## UNIVERSITY OF BIRMINGHAM

Applications are invited for the post of **SENIOR LECTURER** in the Department of Surgery, Queen Elizabeth Hospital. Participation in research, preferably but not necessarily, in the field of vascular surgery or gastroenterology, will be expected. Full experimental facilities are available in the Department of Surgery, Wellcome Research Wing, at the Queen Elizabeth Hospital. Salary in the scale £5433 to £7947 with superannuation.

Applications (12 copies) naming three referees should be received by the Assistant Registrar, the Medical School, University of Birmingham, Birmingham B15 2TJ not later than 1st March, 1975. Further particulars may be obtained from Miss G. M. Bowers, Administrative Secretary, Department of Surgery, Queen Elizabeth Medical Centre, Birmingham B15 2TH, with whom arrangements to visit may be made. (H13949) 25

## THE UNIVERSITY OF MANCHESTER

## LECTURER IN SURGERY

Applications invited for this post. The Lecturer will be a member of the University Department of Surgery and work with Professor Irving. Duties will include participation in clinical teaching and research in Hope Hospital, Salford. Appropriate N.H.S. status will be granted to the person appointed. Salary range p.a.: £2,883-£5,709.

Particulars and application forms (returnable by February 24th) from the Registrar, The University, Manchester, M13 9PL. Quote ref: 19/75/JMB. (20380) 25

THE UNIVERSITY OF MANCHESTER  
Department of MedicineLECTURERS  
IN MEDICINE

Applications are invited from candidates with higher medical qualifications registrable in this country for two Lectureships in Medicine tenable at Manchester Royal Infirmary.

For one of the posts (A) an interest in Respiratory Medicine is essential. The successful candidate would receive training and undertake clinical practice and research in respiratory disease, but would also participate in the clinical and teaching activities of a busy general medical unit.

The other post (B) would be on a Medical Professorial Unit. The work of the appointee would be based primarily on General Medicine but would also provide experience and opportunities for research in various aspects of Metabolic Medicine, Endocrinology etc.

Appropriate N.H.S. status will be granted. Duties commence as soon as possible. Salary range p.a.: £2,883-£5,709. Superannuation. Further particulars and application forms (returnable by February 15th) and stating interest in post A or B from the Registrar, The University, Manchester M13 9PL. Quote ref: 10/75/JMB. (29965) 25

## THE UNIVERSITY OF LEEDS

(Department of  
Obstetrics and Gynaecology  
(Leeds Maternity Hospital))

(see Obstetrics and Gynaecology Section) (20263) 25

## UNIVERSITY OF LEICESTER

**Clinical Senior Lecturer  
in Microbiology**

Applications are invited for the post of Clinical Senior Lecturer in the new Department of Microbiology (Head of Department, Professor P. H. A. Sneath, M.D.). The Department will be responsible for both clinical and pre-clinical teaching in the Medical School and will also provide courses for honours science students. It is anticipated that the person appointed will be offered an honorary N.H.S. consultant contract. There are excellent research facilities.

Initial salary, dependent on qualifications and experience, on the scale £5433-£7947 a year, plus a threshold payment of £229 a year, and superannuation benefits.

Further particulars from the Registrar, to whom applications should be sent quoting reference JMBCL by 1st March 1975. (29941) 25

UNIVERSITY OF ABERDEEN  
Student Health Service

Applications are invited from suitably qualified Medical Practitioners for the post of

**full-time PHYSICIAN**

in the Student Health Department.

The appointment covers the provision of comprehensive medical care to the University students whose homes are not in the City of Aberdeen, and provision of a similar service for nurses and resident domestic staff at certain Aberdeen hospitals.

Salary within range £2,886 - £5,223 with placing according to age, qualifications and experience.

Further particulars from The Secretary, The University, Aberdeen, with whom applications (2 copies) should be lodged by 15th February 1975. (H13943) 25

## IMPERIAL CANCER RESEARCH FUND

**CLINICAL RESEARCH  
FELLOWSHIPS**

Two Fellowships are available each year to physicians, surgeons, or other medical graduates of registrar status having M.R.C.P., F.R.C.S. or higher medical qualification. The Fellowships will be for 2 years starting in October 1975, or earlier, with an optional third year. They are suitable for those intending a career in clinical medicine with an emphasis on cancer. The Fellows will participate in the Fund's research programmes spending the first year in the laboratories in Lincoln's Inn Fields and the second year at one of the two extra-mural clinical units: the Medical Oncology Unit, St. Bartholomew's Hospital or the Breast Cancer Unit, Guy's Hospital. A third year, which will be at the discretion of the Fund, will involve clinical or experimental work as appropriate. Fellows may wish to use the research to obtain an M.D. degree. Alternatively a Fellow may choose to work for a PhD. entirely in the Fund's laboratories. Superannuable salaries will be appropriate to the qualifications and experience of the Fellows.

Applications from British subjects normally resident in the UK should reach The Secretary, Imperial Cancer Research Fund, P.O. Box 123, Lincoln's Inn Fields, London WC2A 3P (from whom application forms are obtainable) not later than 28th February, 1975.

## UNIVERSITY OF SYDNEY

LECTURESHIP/SENIOR  
LECTURESHIP IN SURGERY  
(Diagnostic Radiology)

The appointee will work in the Department of Surgery, and will carry out clinical and radiological duties primarily in the department of Diagnostic Radiology in the Royal Prince Alfred Hospital. He will assist with the teaching of Diagnostic Radiology at both undergraduate and graduate levels and will be expected to carry out research work appropriate to his interests and qualifications.

Salary range: \$A12,643-\$14,724 p.a. The Academic Salaries Committee has recommended that funds be made available to increase the Senior Lectureship range to \$A15,400-\$17,900 p.a.

The position advertised is permanent but may be filled at Lectureship level for three years or the first instance but possibility of permanency after that time, or in certain cases return fares.

Applications, including curriculum vitae, list of publications and names of three referees by 1st March 1975, to the Acting Registrar, University of Sydney, New South Wales 2006, Australia, from whom further information available. Information also available from the Association of Commonwealth Universities (Apts), 36 Gordon Square, London WC1H 0PF. (20239) 25

**FELLOWSHIP AWARDS**HEALTH EDUCATION COUNCIL  
FELLOWSHIPS

The Health Education Council awards each year, for one or two years' duration, two Research Fellowships valued at £1,750 p.a.

Candidates should be graduates in medicine, dentistry, nursing, education, the biological sciences or the social sciences who wish to work towards a further degree in a University or Polytechnic in association with a research group concerned with health education.

Application for the academic year beginning in October 1975, should write before 20th February, quoting reference AM.59, to: Chief Medical Officer, Health Education Council, 78 New Oxford Street, London WC1A 1AH. (20251) 26

### THE HEINZ FELLOWSHIPS OF THE BRITISH PAEDIATRIC ASSOCIATION

H. J. Heinz Company Limited generously endows Fellowship in paediatrics within the Nuffield Foundation administrators in conjunction with the British Paediatric Association.

Two or three Fellowships will be offered each year, the number and type awarded in any one year depending on circumstances and the calibre of applicants available.

The types of Fellowship, which are open to men or women, are:

(a) To enable a paediatrician from any part of the Commonwealth overseas to spend up to twelve weeks in the United Kingdom, meeting British paediatricians and seeing something of their work. Preference will be given to those recently established in an academic career who can arrange their visit to allow attendance at the Annual General Meeting of the British Paediatric Association in April 1976.

(b) To further the training of a young paediatrician from any part of the Commonwealth overseas by spending one year in postgraduate study of paediatrics and child health at approved centres in the United Kingdom with a view to assisting the Fellow on return to his country to further paediatric knowledge by teaching. The award is not intended to enable the Fellow to obtain a higher degree in medicine.

(c) To enable a paediatrician from the United Kingdom of Senior Registrar or Consultant status, but in the early years of professional life, to make a short working visit (up to three months) to a centre in a developing country, teaching or conducting research so as to benefit both the Fellow and his hosts. The applicant should submit a brief programme and indicate the likely benefits to himself and to his hosts which he suggests will accrue.

Applications for these awards must be received by the Nuffield Foundation not later than 15th July, 1975.

The conditions for the Fellowships and application forms may be obtained from the Director of the Nuffield Foundation, Nuffield Lodge, Regent's Park, London NW1 4RS (H13941)

## FAMILY PLANNING

option of transferring to other training posts  
associated with the Middlesex Hospital which  
includes Queen Mary's Hospital for Children,  
Carshalton.

Application forms obtainable from and  
returnable to the Medical Establishment  
Secretary, The Middlesex Hospital, Mortimer  
Street, London W1 8AA. Tel: 01-636 8333 Ext:  
7224 by the 18th February 1975. (29997) 52-5

NORTH WESTERN  
REGIONAL HEALTH AUTHORITY  
and Manchester and Salford  
Area Health Authorities  
(Teaching)

SENIOR REGISTRAR  
IN ANAESTHETICS  
This is a whole-time non-resident appointment  
commencing in the Blackpool District  
Hospitals, mainly at the Victoria Hospital,  
Blackpool, which is a modern hospital dealing  
with a wide range of work including thoracic  
open heart surgery, cardiac diagnostic  
procedures and intensive care. In addition the  
Department of Anaesthetics is well staffed  
and conducts an active postgraduate teaching  
programme in which the successful applicant  
will be expected to participate. Married  
accommodation will also be certainly be  
available. About half-way through the  
appointment the appointee will transfer to  
one of the teaching hospitals in the  
Manchester area to continue training.  
Application forms from the Regional  
Medical Officer, North Western Regional Health  
Authority, Gateway House, Piccadilly South,  
Manchester M60 7LP, to be returned by 22nd  
February 1975. (29988) 52-5

## APPOINTMENTS

Applicants should state name, address, age, nationality, and qualifications, and enclose (unless otherwise specified) one copy of each of three recent testimonials, with a short statement of experience and appointments held. Applications should be sent at once if no closing date is given: Canvassing disqualifies (Statutory Instrument, 1974, No. 361).

All National Health Service hospital appointments are in accordance with the Terms and Conditions of Service of Hospital Medical Staff.

Further details concerning standards of residential accommodation, telephone charges, removal allowances, study leave and other matters should be obtained from the Hospital Secretary; or by B.M.A. members from the Secretary, British Medical Association.

In particular, they will find full details of facilities provided in most hospitals in the United Kingdom in the current edition of the *Hospital Gazetteer*. If such details are not included members are advised to consult the Secretary of the B.M.A.

Applicants requiring hospital married accommodation are strongly advised to obtain, prior to interview, clarification in writing from the employing authority as to whether such accommodation will be available on appointment.

No advertisement may stipulate that a non-resident must live less than 10 miles from a hospital. Advertisements for post-registration house officers, senior house officers and registrars should state clearly whether the post is resident, i.e. compulsorily resident.

In all advertisements grade should be clearly indicated. A consultant vacancy must be advertised as (a) part-time with the number of sessions clearly stated, or (b) whole-time with the option of maximum part-time.

In the view of the BMA, an advertiser should not insist on possession of English higher qualifications in preference to Scottish or Irish higher qualifications (or vice versa).

Community Medicine  
National Scale. Specialist in Community Medicine/District Community Physician/District Medical Officers: £5,433 x £279(8) x £282(1) — £7,947 p.a.

National scales for Regional and Area Medical Officers/Chief Administrative Medical Officers vary according to authority. Information available from the Secretary of the BMA.

### SALARY SCALES OF HOSPITAL MEDICAL STAFF

HOUSE OFFICER: Each post in this grade shall be tenable for six months. £2,202 per annum for the posts held during the first year; £2,370 per annum for posts held during the second year; £2,538 per annum for posts held during the third and subsequent years, subject to full registration.

Deductions of £177 per annum in respect of lodging only for voluntary residence.

SENIOR HOUSE OFFICER: £2,823 per annum x £189(1) x £186(1) — £3,198.

Deductions of £210 per annum in respect of lodging only for voluntary residence.

REGISTRAR: £3,198 per annum x £171(3) x £168(1) — £3,879.

Deductions of £210 per annum for those with remuneration at the first incremental point on the scale and £243 per annum for those on the second and subsequent points will be made in respect of lodging only for voluntary residence.

On assimilation to the scale for Registrars, one increment and one only shall be given for any year or part of a year in excess of two spent previously in the senior house officer grade.

Allowances at rates up to £204 per annum shall be payable to house officers, senior house officers and registrars occupying posts approved for such allowances in peripheral hospitals.

SENIOR REGISTRAR: £3,711 per annum x £168(1) x £216(4) — £4,743.

Deductions of £270 per annum in respect of lodging only for voluntary residence.

On assimilation to the salary scale for senior registrars, increments to a maximum of two shall be given for each year or part of a year in excess of three spent previously in the registrar grade.

MEDICAL ASSISTANT: £3,504 per annum x £183(2) x £180(2) x £168(10) — £5,910.

Deductions of £270 per annum in respect of lodging only for voluntary residence.

CONSULTANT: £5,433 per annum x £279(8) x £282(1) — £7,947.

Deductions of £420 per annum in respect of lodging only for voluntary residence.

COMPULSORY RESIDENCE: The Terms and Conditions of Service of Hospital Medical and Dental Staff state:

173. A practitioner who is required as a condition of his appointment to reside in a hospital shall be provided with lodging without charge, except where the practitioner elects to occupy a house, flat or apartment for which a rent is appropriate.

July, 1974

SOUTH GLAMORGAN  
HEALTH AUTHORITY  
(TEACHING)

Applications are invited for two posts of  
SENIOR REGISTRAR  
IN ANAESTHETICS  
The first post will be based at the University  
Hospital of Wales with visits to other hospitals  
in the Cardiff area. The second post will  
commence with the Gwent Area Health  
Authority (based at the Royal Gwent Hospital,  
Newport) and rotate to the South Glamorgan  
Health Authority (based at the University  
Hospital of Wales).

The appointments are under the auspices of  
the Joint Advisory Committee on Senior  
Registrar Training and subject to annual  
review. Facilities exist for Study and Research  
and participation in undergraduate and  
postgraduate teaching will be expected.

Both posts are recognized as higher training  
posts by the Joint Committee for Higher  
Training of Anaesthetists.

### BIRMINGHAM AREA HEALTH AUTHORITY (Teaching)

Central Birmingham Health District  
(formerly the United Birmingham Hospitals)  
The General Hospital

Applications are invited for the whole-time  
post of

#### NON-RESIDENT SENIOR REGISTRAR/ REGISTRAR IN DERMATOLOGY

Vacant 20th April 1975.

Duties tenable to the Department of  
Dermatology at the above hospital, which is  
one of the principal teaching hospitals  
associated with the University of Birmingham.  
The Department provides a wide range of  
experience in the specialty, including  
opportunities for participation in research  
activities.

For appointment to the Senior Registrar  
grade, candidates should hold an M.R.C.P.  
qualification.

The successful candidate will be expected  
to reside within ten miles of the hospital  
where he will be principally engaged.

Application forms obtainable on quoting  
reference SRD/40072, from the Medical  
Personnel Department, Queen Elizabeth  
Hospital, Edgbaston, Birmingham, B15 2TH  
and should be returned by the 22nd February  
1975. (H13937) 61-5

### BRIGHTON GENERAL HOSPITAL

Applications are invited for the post of  
**SENIOR HOUSE OFFICER  
IN GERIATRIC MEDICINE  
AND DERMATOLOGY**

Vacant 1st April 1975 for six months. Resident,  
but married accommodation may be available  
if required.

This post is suitable for candidates for the  
M.R.C.P. Examination, and the G.P.  
Vocational Training Scheme. It provides  
excellent clinical experience, and there are  
opportunities for attending regular teaching  
sessions in the G.D. The Sussex  
Postgraduate Medical Centre and Library is  
adjacent to the wards.

Applications stating age, qualifications, and  
experience, and the names of two referees  
should be sent to the Hospital Secretary,  
Brighton General Hospital, Elm Grove,  
Brighton, BN2 3EW. (H13953) 61-8

## GERIATRICS

### GWYNEDD AREA HEALTH AUTHORITY North Wales

Applications are invited for the post of:  
**CONSULTANT PHYSICIAN  
IN GERIATRIC MEDICINE  
IN ADMINISTRATIVE CHARGE**

based at the Acute Geriatric Unit at St.  
David's Hospital, Bangor, with visits to other  
hospitals and clinics in the area, including  
charge of beds at Llandudno General  
Hospital. The Area Geriatric Service is  
currently being expanded by the provision of  
Day Assessment/Rehabilitation Units at  
several peripheral Hospitals and the  
successful candidate will be required to  
undertake a Clinical/Administrative role.  
Building of a District General Hospital is also  
due to commence later this year, which it is  
anticipated will include provision of 60 acute  
Geriatric beds.

The post will be an attractive proposition to  
existing Consultants in the Specialty who may  
not be in administrative charge in their  
present post.

Whole-time/Maximum Part-time  
appointment. The successful candidate will be  
required to live within a 10 mile radius of the  
base hospital. Canvassing will disqualify.

Further particulars and application forms  
obtainable from the Area Personnel Officer,  
Gwynedd Area Health Authority, Area  
Offices, Coed Mawr, Bangor, Gwynedd, LL57  
4TP, to be returned with 21 days of the  
appearance of this notice. (20006) 63-1

### GWENT AREA HEALTH AUTHORITY

**WHOLE-TIME LOCUM TENENS  
CONSULTANT PHYSICIAN  
IN GERIATRIC MEDICINE**  
required immediately for three months based  
at St. Woolos Hospital, Newport. With duties  
within the Gwent Health Authority.

Applications naming two referees to the  
Area Medical Officer, Gwent Area Health  
Authority, Mamhilad, Pontypool Gwent,  
(20342) 63-1

### NORTH WESTERN REGIONAL HEALTH AUTHORITY

**WHOLE-TIME OR  
MAXIMUM PART-TIME  
CONSULTANT PHYSICIAN  
IN GERIATRIC MEDICINE**  
to the Preston District of the Lancashire Area  
Health Authority with duties mainly at  
Sharoe Green and Whittingham Hospitals. On  
addition to general geriatric duties the  
appointee will be expected to develop  
facilities for the management of patients with  
mental disorders related to age who are the  
responsibility of the geriatric unit, and to  
undertake domiciliary investigation of  
patients as well as maintaining a close liaison  
with general practitioners and social service  
departments.

Good experience in general medicine is  
important with experience in the treatment  
and rehabilitation of geriatric patients. A  
higher qualification is essential.

Application forms and further particulars  
from the Regional Medical Officer to the  
Authority, Gateway House, Piccadilly South,  
Manchester M60 7LP to be returned by 22nd  
February, 1975. (29989) 63-1

### OXFORD REGIONAL HEALTH AUTHORITY

IN GERIATRIC MEDICINE**

tenable at Withington Hospital in association  
with the University Department of Geriatric  
Medicine. The post offers wide experience in  
teaching, research and the practice of  
geriatrics.

Application forms available from: Area  
Medical Officer, Manchester Area Health  
Authority (Teaching), Mauldeth House,  
Mauldeth Road West, Manchester M21 2RL to  
be returned by 25th February, 1975. (38061) 63-5

### SOUTH GLAMORGAN AREA HEALTH AUTHORITY (Teaching)

Applications are invited for the post of

**SENIOR REGISTRAR  
Department of Geriatric Medicine**

South Glamorgan Area Health Authority  
(Teaching). The Department has Acute Beds,  
and Out-patient facilities in the new  
University Hospital, Wales. The  
appointment provides excellent opportunities  
for all aspects of consultant training in the  
specialty in the various units of the  
Department.

The successful candidate will be expected  
to take part in the teaching programme for  
undergraduates, as well as the training and  
supervision of Junior Medical Staff, and the  
status of honorary clinical tutor in Geriatric  
Medicine to the Welsh National School of  
Medicine may be granted. The successful  
candidate will also be expected to take part in  
Research, and time will be provided in the  
programme for this. Membership of one of the  
Royal Colleges of Physicians is essential.

The appointment is under the aegis of the  
Joint Advisory Committee in Senior Registrar  
training, and is subject to annual review.

Applications: Medical Personnel  
Department Temple of Peace and Health,  
Cathays Park, Cardiff (Cardiff 0222-31021 Ext.  
46) to be returned by 22nd February. (20365) 63-5

Hospitals may be visited by direct appointment.

Residence required within ten miles by road of Bromham Hospital.

Application forms and further particulars obtainable from the Regional Personnel Officer, North West Thames Regional Health Authority, 40, Eastbourne Terrace, London W2 3QR. (Tel: 01-262 8011 Ext: 248) Returnable before 8th March, 1975. (20252) 84-1

**OXFORD  
REGIONAL HEALTH AUTHORITY****CONSULTANT IN  
DEVELOPMENTAL MEDICINE**

(whole-time or maximum part-time) to the Northamptonshire Area Health Authority for duties in the new Princess Marina Hospital, Northampton, and in the well developed and expanding community services of the Kettering Health District. The hospital includes a comprehensive Assessment Unit for children plus a hospital-based domiciliary nursing service. Multidisciplinary approach.

Postgraduate Medical Centres in Northampton and Kettering. London easily accessible by frequent train service or M1.

Potential applicants are welcome to visit by arrangement with Dr. P. H. Rogers, St. Crispin Hospital, Tel: Northampton 52323. Further information from him or the Administrator, Oxford Regional Health Authority.

Typed applications on A4 paper giving full particulars and names of three referees to the Administrator, Oxford Regional Health Authority, Old Road, Headington, Oxford by 3rd March, 1975. Please quote reference 17/14/400/B.M.J. (37927) 84-1

**ST. ANDREW'S HOSPITAL,  
NORTHAMPTON**

The Governors invite applications for the appointment of

**MEDICAL  
DIRECTOR**

of the above Psychiatric Hospital of approximately 450 beds.

St. Andrew's Hospital is a private charitable foundation which operates independently of the National Health Service. A major project of re-organization, up-grading and new building has been completed, and comprehensive facilities are available for the treatment of all forms of psychiatric illness.

St. Andrew's Hospital offers exceptional opportunities for the practice of private psychiatry.

Candidates should have wide experience in psychiatry and possess a higher qualification. Interested applicants are invited to visit the Hospital.

The salary scale is that of a Consultant plus the equivalent of a "B" Distinction Award.

The Hospital has its own Superannuation Scheme but reciprocity has been granted with the National Health Service Superannuation Scheme, so that years of service are transferable in either direction.

Further particulars may be obtained from the Secretary to the Governors, St. Andrew's Hospital, Northampton, to whom applications stating age, qualifications, experience, etc., together with the names and addresses of three referees should be sent to arrive not later than 15th March 1975.

(Teaching)

Applications are invited for the post of **CONSULTANT RADIOLOGIST** (whole-time or maximum part-time) at Addenbrooke's Hospital, Cambridge.

Applications (no forms provided) stating age, experience and the names of three referees to be submitted to the Area Medical Officer, Cambridgeshire Area Health Authority (Teaching), Purbeck House, Purbeck Road, Cambridge (Tel: Cambridge 42841, Ext: 229) from whom further particulars can be obtained.

Closing date for receipt of applications is 28th February 1975 and it is hoped that interviews will be held during the week ending 21st March, 1975. (38116) 85-1

**EAST ANGLIAN REGIONAL HEALTH AUTHORITY**

**CONSULTANT RADIOLOGIST** (Whole-time or maximum part-time) required for the Yarmouth and Waveney Health District of the Norfolk Area Health Authority. Wide experience in the specialty and possession of higher qualification essential.

Applications (no forms provided) stating age, qualifications, experience and the names of three referees to be sent by 24th February 1975 to Regional Medical Officer, East Anglian Regional Health Authority, Union Lane, Cambridge, from whom further particulars can be obtained.

Candidates invited to visit hospitals by direct arrangement with the District Administrator, Mr. E. Rhodes, 147 Kings Street, Great Yarmouth, Norfolk NR30 2PG. (Tel: 0493 2114) (38099) 85-1

**MANCHESTER AREA HEALTH AUTHORITY**  
(Teaching)

Applications are invited for an additional post of **CONSULTANT RADIOLOGIST** whole-time or maximum part-time to the Manchester Area Health Authority (Teaching), North District.

Wide experience and higher qualifications are essential and previous experience in Neuroradiology and Vascular Studies would be an advantage.

Further particulars available from Area Medical Officer, Manchester Area Health Authority (Teaching), Mauldeth House, Mauldeth Road West, Manchester M21 2RL, to whom applications together with the names and addresses of three referees should be submitted by 22nd February, 1975. (37887) 85-1

**INSTITUTE OF CANCER RESEARCH & ROYAL MARSDEN HOSPITAL**

**RESEARCH FELLOWSHIP IN RADIOLOGY**

Applications are invited for a Research Fellowship in the Institute of Cancer Research, with D.H.S.S. support, to investigate the application of Xeroradiography to mammography and to other suitable radiological procedures. The Research Fellow will be seconded to the Department of Radiology of the Royal Marsden Hospital and will collaborate in his investigations with the Department of Surgery, Medicine and Pathology, and also with the Department of Physics, in the evaluation of new techniques of image formation. The duration of the Fellowship will be one year. Travel to other centres engaged in Xeroradiography is envisaged.

Applicants should preferably have the qualifications and experience required for a Senior Lecturer appointment, in which case a salary of £5433 (plus Threshold payments) can be paid. Applications from younger radiologists or from applicants wishing to come for a shorter period will, however, be considered.

Applications should be submitted in writing and in duplicate, giving full curriculum vitae and quoting two referees, to the Secretary, Institute of Cancer Research, 34 Summer Place, SW7, quoting reference 300/G/80 (20226) 85-1

**LIVERPOOL AREA HEALTH AUTHORITY**  
Mill Road Maternity Hospital

Applications are invited for the post of **LOCUM CONSULTANT IN RADIOLOGY** (4 sessions per week) at the above named hospital. The post is tenable from 1st March, 1975, initially for a period of six months.

Application form obtainable from the Area Personnel Department, Liverpool Area Health Authority (Teaching), Orleans House, Edmund Street, Liverpool L3 9NG. To be returned by 20th February, 1975. (H13979) 85-1

**NORTHERN REGIONAL HEALTH AUTHORITY**  
And  
Newcastle  
Area Health Authority  
(Teaching)

**CONSULTANT RADIOLOGIST** whole-time or maximum part-time, for Gateshead Area Hospitals (7 or 6 sessions per week) and Newcastle Area Hospitals with duties at Royal Victoria Infirmary Newcastle upon Tyne (4 to 3 sessions). This new post offers opportunities in general radiology and ultrasonics. Facilities for the latter are planned in Gateshead and The Royal Victoria Infirmary component of this post will involve participation in the maintenance and further development of the consultant service in ultrasonics.

The successful applicant will be expected to participate in undergraduate teaching in the teaching hospital and postgraduate teaching in both centres. The newly-completed Department of Radiology in Gateshead, at the Queen Elizabeth Hospital, is staffed by two consultants, both with sessions in Newcastle, and Senior Registrars rotate between the two centres.

Residence within 10 road miles of Queen Elizabeth Hospital, Gateshead.

Application forms, returnable by 1st March, 1975, and further particulars from Regional Medical Officer, Northern Regional Health Authority, Benfield Road, Newcastle upon Tyne, NE6 4PY. (38219) 85-1

**NORTHERN IRELAND HEALTH AND SOCIAL SERVICES**

## CONSULTANT IN RADIOLOGY

Area Health Authorities

Applications are invited for two newly created posts of

SENIOR REGISTRAR  
IN RHEUMATOLOGY

Post 1 will be tenable at the Robert Jones and Agnes Hunt Orthopaedic Hospital, Oswestry, with visits to Leighton Hospital, Crewe. Post 2 will be tenable at the North Staffordshire Hospital, Stoke-on-Trent, with two sessions at the Devonshire Royal Hospital, Buxton. The posts will rotate at a time to be agreed, but Buxton and Oswestry have been designated as "demonstration centres". Between them, the posts offer wide experience in rheumatology. Of special interest is the opportunity to acquire experience in rehabilitation and orthopaedic surgery.

In addition, there are excellent facilities for medical and voluntary research for which an adequate number of sessions will be allowed. Periods of study at other centres may be arranged. Previous experience in these specialties is not required but wide experience in general medicine and the possession of the M.R.C.P. are essential. Arrangements to visit centres should be made with the Consultant Rheumatologist at Oswestry and Stoke-on-Trent.

Application forms (to be returned by 23rd February, 1975) from Regional Administrator, 146 Hagley Road, Birmingham, B16 9PA. (38223) 87-5

Peterborough District Hospital

**PRE-REGISTRATION HOUSE OFFICER POST IN SURGERY** (Resident)  
Applications are invited for the following post: House Officer in General Surgery, to commence on 17th March, 1975. Peterborough District Hospital is a modern general hospital of some 470 beds, serving the expanding City of Peterborough together with the surrounding areas of North Cambridgeshire and South Lincolnshire. The Department of Surgery has 90 beds and is staffed by 4 Consultants, 2 Registrars and 4 Pre-Registration House Officers. Excellent postgraduate facilities are available, including a recently opened Postgraduate Centre. Single (and possibly married) accommodation is available.  
Applications, giving the names and addresses of 2 referees, should be sent to the Hospital Secretary, Peterborough District Hospital, Thorpe Road, Peterborough. Tel: Peterborough 67451, Ext. 206. (20039) 91-9

**ST. BARTHOLOMEWS HOSPITAL**  
Rochester, Kent

**RESIDENT PRE-REGISTRATION HOUSE SURGEON**  
required for 6 months from 17th March.  
Apply in writing to Hospital Secretary, giving full details of names and addresses of two referees. (20362) 91-9

**SOUTH BIRMINGHAM HEALTH DISTRICT**  
Selly Oak Hospital

**PRE-REGISTERED HOUSE SURGEON**  
required immediately. Large District Hospital with excellent library and postgraduate study facilities.  
Applications with two referees to the Administrator, Selly Oak Hospital, Raddlebarn Road, Birmingham B29 6JD. (38180) 91-9

**SUTTON HOSPITAL**  
Cotswold Road, Sutton, Surrey

**PRE-REGISTRATION HOUSE SURGEON** (Resident)  
required as soon as possible. Hospital situated near to pleasant country, half an hour by train from London. Good Social Club and sports facilities including swimming pool and squash court.  
Applications, with names and addresses of two referees, to Mr. E. L. Smith, Hospital Secretary. (38153) 91-9

**WARRINGTON GENERAL HOSPITAL**  
(678 beds)

**RESIDENT HOUSE SURGEON**  
Applications are invited for the above post which will become vacant at the beginning of March.  
The post is recognized for pre-registration purposes for the examination for Fellowship of the Royal College of Surgeons of England. As well as a comprehensive training in General Surgery the post offers some experience in the specialties, so that it is, therefore, eminently suitable for both those who wish to specialise and those who wish to enter General Practice. If so desired, it can usually be arranged for the holder to complete his pre-registration by proceeding to a similar appointment on the Medical Unit of the Hospital at the end of his period as House Surgeon.  
Applications to the Sector Administrator (General Division), North Lodge, Warrington General Hospital, Lovely Lane, Warrington, Lancs. (20248) 91-9

**WEST BIRMINGHAM HEALTH DISTRICT**

**LOCUM HOUSE SURGEON**  
for period 3rd March 1975-16th March, 1975 inclusive.  
Application to Sector Administrator General, Dudley Road Hospital, P.O. Box 293 Birmingham B18 7QH. Tel: 921 554 3801, Ext. 162. (38242) 91-9

**DOCTORS ABROAD. Copies of vacancies advertised in the Journal can be sent by AIR MAIL: Members rate: minimum cost is £3 for six weeks' supply, which covers up to five separate headings. Non-members rate: £4 minimum for six weeks' supply of five headings or less. Additional headings: 50p each for six weeks' supply (for members and non-members). Orders for specific grades cannot be accepted. Payment must be PREPAID and enclosed with application.**

job descriptions available from Area  
Personnel Officer, Insurance House,  
Insurance Street, London WC1X 0JB. Tel: 837  
7833, Ext. 67.

Interested applicants may in the first  
instance wish to contact the Area Medical  
Officer, Dr. Wildred G. Harding, 278 4444.  
Closing date for applications: 19th February,  
1975. (38103) 110

DURHAM  
AREA HEALTH AUTHORITY  
Darlington District

DISTRICT COMMUNITY PHYSICIAN

Applications are invited from registered  
medical practitioners in England and Wales,  
for the above post, which falls vacant on 2nd  
June 1975, due to the retirement of the present  
holder.

The successful candidate will be expected  
to have a wide experience of administrative  
medical work at a senior level in the Health  
Service.

The duties of the post will include  
responsibility as "proper officer" for the  
control of communicable diseases and  
environmental health.

Application forms and further particulars  
available from the Area Personnel Officer,  
Durham Area Health Authority, County Hall,  
Durham. (Tel: Durham 64411 Ext. 371). Closing  
date: 21st February, 1975. (38229) 110

SCOTTISH HEALTH SERVICE

FELLOWSHIPS IN  
COMMUNITY MEDICINE

At least six Fellowships in Community  
Medicine are offered in 1975 to medically  
qualified candidates.

Fellowships are for three years, modifiable  
for candidates with relevant qualifications or  
experience. The usual pattern is one year's  
full-time academic study followed by an  
opportunity to gain practical experience in  
various fields of community medicine and to  
undertake study projects. Salary scale (senior  
registrars equivalent) £3711-£4743. Applicants  
whose clinical experience is less than might  
be considered desirable could be offered a  
Fellowship starting on the registrar scale  
(£3198-£3879). Approved university fees, and  
certain travel and subsistence expenses, are  
met.

Closing date for applications is 24th  
February, 1975.

Further details and application forms from  
The Medical Tutor, Manpower Division —  
General Group, Common Services Agency,  
Woodburn House, Canaan Lane, Edinburgh  
EH10 4SG. (H13993) 110

SCOTTISH HEALTH SERVICE  
Common Services Agency

COMMUNITY MEDICINE SPECIALISTS  
(£5,433 — £7,947)

Applications are invited from Registered  
Medical Practitioners for 2 posts of  
Community Medicine Specialist at the  
Glasgow Office of the Building Division of the  
Common Services Agency.

Responsibilities of the posts include contact  
with Health Boards in Scotland on the  
provision of the whole range of Health Service  
facilities from inception to commissioning.  
Opportunities exist for participation in  
research and design-in-use studies.

There are now no geographical restrictions  
on applications for these posts.

Further particulars and forms of application  
may be obtained from the Personnel Officer,  
Common Services Agency, 17 Rothesay  
Terrace, Edinburgh EH3 7SF.

The closing date for applications is 28th  
February, 1975. (20062) 110

## PART-TIME MEDICAL OFFICER

required

HM PRISON, KIRKHAM

Applications are invited from registered medical practitioners  
for appointment as part-time Medical Officer at HM Prison,  
Kirkham, Preston, Lancs.

The salary has been provisionally assessed at £607 per annum  
(based on approximately 2 hours per week) and will be  
reviewed after 3 months. Any adjustment in salary will be  
retrospective to the date the Medical Officer commences duty.

Details of the duties can be obtained from the Senior Medical  
Officer, HM Prison, 68 Hornby Road, Liverpool (Telephone:  
051-525 7441).

For details of conditions of appointment and application form  
please write to: The Establishment Officer, Home Office,  
Prison Department, Portland House (R10/10VC), Stag Place,  
London SW1.

(20183)

## Department of Trade Medical Officer (part-time)

... for a post in the Department's Marine Division, London  
where the work will include giving advice on casework  
relating to accidents, illnesses and deaths at sea, medical  
equipment and crew conditions on merchant ships and  
fishing vessels, and the content of medical courses and  
examinations for ships' officers.

The post will involve inspecting ships in UK ports and  
attendance at meetings with industry and international  
organisations, on such subjects as cargoes which cause  
health hazards.

Candidates (men and women) must be fully registered as  
Medical Practitioners in the UK with at least 7 years' post-  
qualifying experience. Experience as a ship's surgeon or  
other medical experience relating to the Mercant Navy or  
fishing industry would be an advantage.

Starting salary will be pro-rata of the full-time Medical  
Officers salary range £5970-£8170.

For full details and an application form (to be returned by  
28 February 1975) write to Civil Service Commission,  
Alencon Link, Basingstoke, Hants RG21 1JB, or telephone  
Basingstoke 29222 Ext: 500 (or, for 24 hour answering  
service, London 01-839 1992), quoting S(C)630/1.

(20196-112)

LEEDS AREA HEALTH AUTHORITY  
(Teaching)

## Specialist in Community Medicine (Health Care Planning)

Salary Scale £5433-£7947 per annum

Applications are invited from suitably qualified registered  
medical practitioners for this post which is based at the Area  
Health Authority Headquarters. Responsibilities include the  
planning of operational health care services and the  
development of health care information systems. The Leeds  
Area Health Authority has two teaching districts and a  
population of approximately 750,000.

For a suitable applicant it is hoped to arrange an honorary  
lectureship in the University Department of Community  
Medicine and General Practice. This advertisement is not  
restricted to officers who were transferred to Regional or  
Area Health Authorities under the provision of The National  
Health Service Reorganisation Act but is open to all suitable  
applicants in England and Wales. The Area Medical Officer  
Dr. G. E. Welch will be pleased to provide further information,  
telephone number Leeds 448161.

Application forms (which should be returned as soon as  
possible) and further information can be obtained from the  
Area Personnel Officer, Leeds Area Health Authority  
(Teaching), Hepworth House, Claypit Lane, Leeds LS2 8AP.

Closing date for applications 10th March, 1975.

(H13945)

113

**KENSINGTON AND CHELSEA AND WESTMINSTER  
AREA HEALTH AUTHORITY**

**PRINCIPAL PHYSICIAN  
IN CHILD HEALTH**

Applications are invited from registered Medical Practitioners with experience in developmental paediatrics and assessment of handicapped children for this clinical post, which offers exceptional opportunity to a doctor whose major interests lie in the field of child health.

There will be opportunity for involvement in the planning and organisation of the community child health service. Duties will include participation in the assessment of handicapped children at Westminster Children's Hospital.

Possession of postgraduate qualifications, M.R.C.P. or D.C.H. and training and experience in Developmental Paediatrics would be an advantage.

Salary on seven point scale £5088 - £5859 + London Weighting £144.

For further details and application form write to or telephone Dr. A. Jepson, Area Specialist in Community Medicine (Child Health) Vincent House, Vincent Square S.W.1. Tel: 01-828 3304.

(20189) 113

**GOVERNMENTAL**

**DIRECTOR OF MEDICAL  
SERVICES**

**£13,640**

This appointment within the recently established Health and Safety Executive involves several distinct areas of responsibility.

A major function of the post will be that of Head of the Employment Medical Advisory Service, a part of the Executive comprising some 75 full-time and 40 part-time doctors, supported by 70 nurses, together with administrative and secretarial staff.

The Director will be a member of the Executive's management board, and responsible for the general direction and policy development of the Employment Medical Advisory Service. The person appointed will act as adviser to the Health & Safety Commission on all medical aspects of its activities and will be responsible for providing services concerned with employment, industrial rehabilitation and vocational training.

A further major responsibility will be in the field of research. The Director will have a personal responsibility for extending the frontiers of occupational health in such fields as mental health, rehabilitation and ergonomics, and

could normally expect to be appointed to the Medical Research Council with a major part to play in developing a new research policy in connection with problems in occupational medicine.

Salary on appointment will be £13,640. This will rise to £13,870 on 1 January, 1976.

Candidates must be fully registered as medical practitioners in the United Kingdom with a wide knowledge of occupational medicine. Fellowship or Membership of a Royal College of Physicians is highly desirable.

For full details and an application form (to be returned by 21 February 1975) write to the Civil Service Commission, Alencon Link, Basingstoke, Hants. RG21 1JB, or telephone BASINGSTOKE 29222 ext 500 (or, for 24 hour answering service LONDON 01-839 1992). Please quote S/8861/3. Candidates who have already applied under this reference will be considered for appointment at the higher salary now authorised and need not re-apply.

**Health and Safety Commission**

# KENT AREA HEALTH AUTHORITY

**SENIOR MEDICAL OFFICER**  
required for the Maidstone Health District.  
Applicants with wide experience are required for clinical work involved in the assessment of all handicaps in children from 0-16 years, but with particular emphasis on the pre-school child.

Candidates should have completed the necessary course for assessment of E.S.N. children and also developmental assessment course. They would be required to act as Medical Officers in special schools and ultimately to undertake work in assessment centres. Possession of a postgraduate qualification would be an advantage.

Current driving licence essential.  
Salary in scale £4,050-£4,827 (salary award pending).

Applications, in writing, stating age, qualifications and experience, together with the names and addresses of two persons to whom reference may be made as to professional ability and character, to The Principal Administrative Officer, Kent Area Health Authority, Springfield, Maidstone, Kent NE14 2LN. (H13989) 113

# ST. HELENS & KNOWSLEY AREA HEALTH AUTHORITY

## CLINICAL MEDICAL OFFICERS

Vacancies exist, or will shortly be available, for full-time Clinical Medical Officers in the Community Medical Service in the area adjacent to St. Helens, and in Huyton. The duties are mainly in the Child and School Health Service but may include medical examinations in connection with employment, cervical cytology and other duties.

Applicants should have some hospital paediatric experience, and experience in developmental paediatrics and assessment of handicapped children would be an advantage, but in-service training facilities are available.

Applicants who are able to work 4 or 5 sessions weekly on a regular long-term basis will also be considered.

Salary scale at present £3,189 — £4,176 but new scales are in process of being implemented.

Application forms from the Area Personnel Department, St. Helens & Knowsley Area Health Authority, Cowley Hill Lane, St. Helens. Closing date 21st February. (20101) 113

# TRAFFORD AREA HEALTH AUTHORITY

## CLINICAL MEDICAL OFFICER

Applications are invited from registered Medical Practitioners for this full-time appointment in the Child Health Service for children of all ages. Duties include clinical work at Child Health Centres and schools throughout the area, but the successful applicant will be based at Old Trafford Clinic and most of the work will be carried out in and around this area. In addition work in Wellwoman Clinics and Family Planning Clinics may ultimately be available to a doctor with appropriate experience and training.

Knowledge of Developmental Paediatrics and experience in the work of a school health service would be an advantage, but experience in the ascertainment of handicapped pupils is not essential.

The Borough of Trafford was created in April, 1974 and is situated in the South West corner of Greater Manchester. The borough comprises both industrial and rural districts with extensive areas of the most attractive housing in Greater Manchester.

Salary scale £3,189 — £4,176 p.a. (under review). Car user allowance in accordance with the N.H.S. Scale.

Application forms and further details may be obtained from the Area Medical Officer, Trafford Area Health Authority, Oakland House, Talbot Road, Old Trafford, Manchester M16 9PQ. Closing date 22nd February. (20169) 113

#### AUSTRALIA CANCER INSTITUTE

##### RESEARCH FELLOW IN HAEMATOLOGY

Applications are invited from Medical Graduates for appointment to a Research position in Haematology.

The appointee will be occupied primarily in carrying out a research project but will also be given the opportunity to further training in Clinical Haematology with particular emphasis on the use of chemotherapy in a wide spectrum of haematologic and non-haematologic diseases.

The application of the use of a Celltrifuge in clinical medicine also be studied.

The proposed field of investigation is as follows:—

"A study of the morphological and metabolic function of lymphoid cells derived from patients suffering from lymphocytic and lymphoblastic proliferative diseases. The effect of chemotherapeutic agents on the metabolism of these cells will also be investigated."

Further information is available from the Head of Haematology, Dr. I. A. Cooper.

Accreditation has been granted by The Royal Australasian College of Physicians and The Royal College of Pathologists of Australia for training in Haematology.

The tenure of appointment is for a period of one year commencing March, 1975, and salary will be within the range of \$17,032 to \$18,078 per annum in accordance with qualifications and experience.

Applications on forms available from the Manager, 481 Little Lonsdale Street, Melbourne, 3000, Australia, close on 24th February, 1975. (37933) 118

# pioneer health care in saudi arabia

A comprehensive health service includes every aspect of out-patient, in-patient and public health care, with particular emphasis on preventive medicine. The Whittaker Corporation, in establishing and staffing three new hospitals — in Jeddah (65 beds) Tabuk and Khamis Mushayt (135 beds each), is bringing the latest equipment and the most modern concepts in medical care to Saudi Arabia.

To complete our initial programme we are urgently looking for the following key specialists to work on a two-year contract basis:

**General Practitioners**  
ref 113

**Orthopaedic Surgeon**  
ref 77

**Ophthalmologist** ref 79

**Pathologist** ref 89

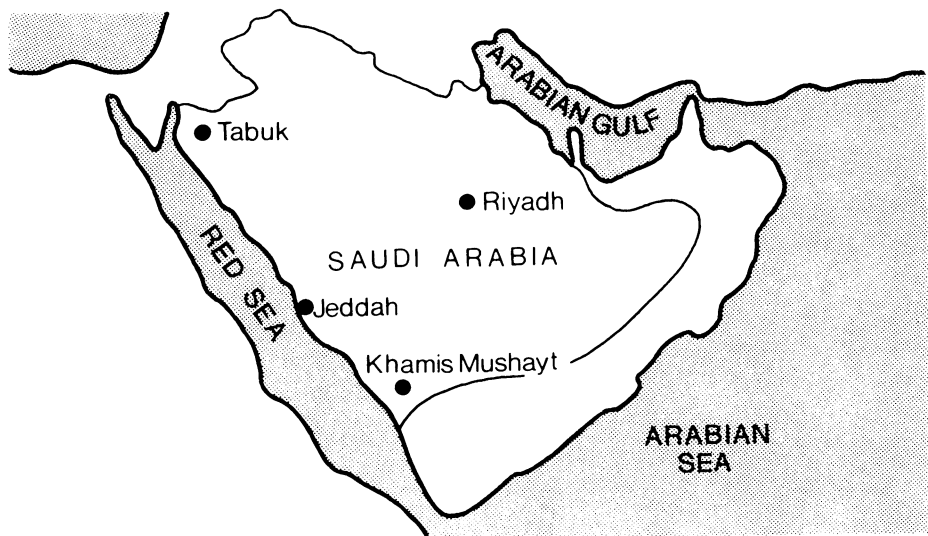

**Obstetrician &  
Gynaecologist** ref 75

**Senior Houseman** ref 71

In Saudi Arabia the need for comprehensive and effective health care is paramount and the contribution you can make is, therefore, immense while at the same time enabling you to gain valuable experience in a totally new environment.

High tax free salaries are negotiable and benefits include free housing, recreational facilities, return air passages and 30 days' annual holiday. If you have three years' experience in your particular field, send full educational and career details immediately to Alan Holt, Recruitment Manager. Alternatively ring **01-637 4685** for an appointment. Please quote the appropriate reference number on your application.

## Scope in Zambia for a

# Specialist Surgeon

Roan Consolidated Mines Limited has an immediate vacancy for a Specialist Surgeon at its Mufulira Division. Applicants should be experienced and have a higher qualification in surgery. The company provides medical services for approximately 57,000 local and 2,000 expatriate employees and dependants. In addition a fair proportion of the non-mine community are treated.

There are two well-equipped hospitals totalling 460 beds and the full establishment of medical officers is 15, including those with higher qualifications working in their specialised fields.

The successful applicant will have direct charge of surgical patients and serve as consultant throughout both hospitals. Surgical call duties will be shared with an experienced orthopaedic surgeon. The duties will include the training and supervision of junior medical staff and periodical lecturing to student nurses.

The post will provide valuable experience in a professionally congenial atmosphere, with all the advantages of an excellent climate and outdoor recreation.

A competitive salary will be negotiated, depending on experience and qualifications. Appointment will be on a one to three-year contract basis (renewable).

Additional benefits include ■ generous leave conditions with return passages paid every two years ■ tax free settling-in allowance ■ furnished accommodation at low rental ■ tax free children's education and travel allowances ■ free life assurance ■ car for professional use.

Please write for an application form and information booklet, quoting reference AM.16, to:

### MATER MISERICORDIAE PUBLIC HOSPITALS SOUTH BRISBANE, QUEENSLAND, AUSTRALIA

This hospital complex of 420 beds comprises separate obstetric paediatric and adult hospital on the one campus. Each is a fully accredited teaching hospital for the University of Queensland, participating extensively in undergraduate teaching programmes. Vacancies exist for the following positions.

**1. MEDICAL SUPERVISOR** Salary \$A24,517 per annum (under review). This is preferably a career appointment of consultant status with clinical and teaching responsibilities. The appointee would be responsible in association with the ten visiting physicians for the management of 70 acute medical beds and the training of junior staff. A higher qualification is essential. Excellent superannuation scheme. Minimum period of service is two years.

**2. MEDICAL REGISTRARS** Salary \$A15,000- \$A18,500 per annum. There is an establishment of 4 registrars with a guaranteed working week of 52 hours. The unit comprises a high content of acute medicine covering a broad spectrum of medical conditions. The hospital has full recognition for basic training Part 1 of the F.R.A.C.P. A higher qualification while advantageous is not essential.

**3. STAFF RADIOLOGIST** Salary \$A18,379- \$A23,405 per annum. A higher qualification in Diagnostic Radiology is essential. Minimum period of service is two years.

**4. PAEDIATRIC REGISTRAR** Salary \$A15,000- \$A18,500 per annum. There is an establishment of four registrars and a guaranteed 52 hours working week. The clinical experience is excellent and embraces neonatology. There is an active University unit on site. The hospital has full recognition for basic training Part 1 of the F.R.A.C.P. Twelve months paediatric experience desirable.

**5. SECOND YEAR RESIDENT MEDICAL OFFICERS** Salary \$A10,734 per annum.

**THIRD YEAR RESIDENT MEDICAL OFFICERS** Salary \$A11,712 per annum.

Working hours guaranteed not more than 52½ hours weekly. A flexible rotating training programme is available with terms in Obstetrics, Paediatrics, Anaesthesia, medicine, surgery, orthopaedics, neurosurgery and general practice for mutually agreed periods of time. The experience is excellent.

For all the above positions the hospital in association with the Government of Queensland will provide economy class air fares for the appointee and his family, transportation costs and initial accommodation if married for two weeks in Brisbane.

The period of service for registrars and R.M.O.'s is for one year and provides an appointee with an excellent opportunity to view Australian medical practice at first hand under pleasant clinically rewarding conditions. **Dr. E. D. O'Callaghan, F.R.A.C.P., M.R.C.P., F.A.C.M.A., Medical Superintendent** of the hospital is currently in London and will be travelling widely to interview interested graduates. He can be contacted at Queensland House, 393 The Strand, London, 01-836 3224. (H13947)

**ANAESTHETIST**(Whole or Part-time)  
New Plymouth, New Zealand

**Applications** are invited from suitably qualified medical practitioners for the position of Specialist Anaesthetist — either wholetime or on a not less than 7/10ths sessional basis — at the Taranaki Base Hospital in New Plymouth.

**Applicants** should hold a higher qualification in anaesthesia and be of specialist status. It is hoped that the appointee will have an interest and experience in intensive care work so that he can assume responsibility for the intensive care section of the combined intensive and coronary care unit of seven beds.

**The Board** at present employs two wholetime specialist anaesthetists and there is a modern four theatre suite at the Base Hospital.

**There is** a progressive private hospital in New Plymouth and the part-time appointee could expect work at this hospital.

**Conditions of employment** will be in accordance with the New Zealand Hospital Service Determination for Medical Officers. Salary will be within a ten step scale N.Z. \$12,639/N.Z. \$16,926 p.a. with automatic annual increments to the maximum. The salary of a part-time appointee will be in proportion to the number of hours worked. The commencing salary will be determined by the Medical Officers Salaries Grading Committee.

**The Taranaki Hospital Board** serves an area with a population of 100,000. New Plymouth is a coastal city of 39,000. It enjoys an equable climate and educational, cultural and sporting facilities (from surfing to skiing) appropriate to such a community are readily and economically available.

**Considerable assistance** towards fares and removal expenses can be given to wholetime appointees or substantially wholetime appointees subject to a contract of minimum service.

Conditions of appointment and application forms are available on airmailed request from:

**The Secretary**  
**Taranaki Hospital Board**  
**Private Bag, New Plymouth, New Zealand**

with whom applications close on 25th March, 1975.

**GRACE GENERAL HOSPITAL****St. John's, Newfoundland****DIRECTOR OF LABORATORIES**

A vacancy has arisen for the post of Director of Laboratories in this 400-bed acute general hospital. There are two other full-time Pathologists and a technical staff of 33. The annual work-load includes approximately 6,000 surgical specimens, 65 autopsies and 12,000 cytology cases with supervision of Haematology, Blood Bank, Clinical Chemistry and Micro-biology Laboratories. The Hospital is in an interesting phase of planning for the development of all its services with emphasis on the Laboratory.

The Director will be invited to participate in the teaching programme of Memorial University's Medical School with which the Grace is affiliated.

Applications with details of training and experience should be sent to the **Medical Director** who will gladly provide further information on this interesting and challenging appointment.  
(H13958)

118

**GOVERNMENT OF BOTSWANA****PHYSICIAN SPECIALIST**

Required by the Medical Department to undertake the normal duties associated with a post of Physician Specialist (General Medicine). The successful candidate will be posted to Gaborone.

Candidates, under 55 years of age, should be eligible for full registration with the General Medical Council in the UK and must have a specialist qualification in Medicine eg M.R.C.P. or equivalent.

Experience in epidemiology would be an advantage as would previous experience in a developing country.

**Salary is in the range of £5250 to £6330 p.a. which includes an allowance, normally tax free of £1590 to £2562 according to marital status. In addition there is an allowance in lieu of private practice of £450 p.a. approx. Terminal gratuity 25% of total basic salary.**

Additional benefits include free passages, subsidised accommodation, education allowances, children's holiday visit passages and generous paid leave. A car loan of £600 and appointment grant of up to £300 may also be payable.

Appointment will be for one tour of two to three years resident service in the first instance.

The post described is partly financed by Britain's programme of aid to the developing countries administered by the Ministry of Overseas Development.

For further particulars you should apply, giving brief details of experience to

## THE ROYAL NORTH SHORE HOSPITAL OF SYDNEY

### RADIOTHERAPIST - STAFF SPECIALIST

Applications are invited from suitably qualified medical practitioners for the position of

### ASSISTANT RADIOTHERAPIST

Royal North Shore Hospital is a 680 bed general teaching hospital associated with the University of Sydney. A new 650 bed acute ward block is at present under construction and scheduled for completion during 1975.

The Radiotherapy Department provides both inpatient and outpatient services including combined clinics with surgeons and physicians in the areas of head and neck cancer, lymphomas and bone tumours. In 1973, 834 new patients were referred to the Department.

Salary and Conditions are in accordance with Public Hospitals, Staff Specialist Award (\$A15,637 to \$A21,556). The successful applicant may be granted the right of private practice. This Award is at present under review.

Interested applicants may address enquiries regarding this appointment to the Director of Radiotherapy (Dr. W. Woods).

Application forms are available from the office of the Director of Medical Services and should be returned to the undersigned.

I. R. Vanderfield,  
General Medical Superintendent

THISTLETOWN REGIONAL CENTRE  
FOR CHILDREN AND ADOLESCENTS  
requires a

## DIRECTOR OF IN-PATIENT SERVICES

£14,289-£16,363 per annum  
(\$32,688-\$37,431 p.a. Canadian)

or

Contract Employment (1-2 years)  
£13,005-£18,032 per annum  
(\$29,750-\$41,250 p.a. Canadian)

Qualifications: Must be eligible for registration in Ontario and possess M.R.C.Psych.

The Centre is located in northwest Metro Toronto and is an affiliated teaching setting for the Department of Psychiatry, University of Toronto, and approved for Child Psychiatry training by the Royal College of Physicians and Surgeons.

The Centre provides a spectrum of services for emotionally disturbed children, including emergency, out-patient, day treatment, and home care. In the In-Patient Service there are 110 children and adolescents living in 13 self-contained, newly constructed and furnished houses. Each house has a clinical team consisting of a psychiatrist, social worker, psychologist, nurse and child care workers. A variety of treatment approaches are in use. There is ample opportunity to be involved in teaching and research. Relocation assistance is available.

Qualified applicants are invited to submit their curriculum vitae to: Dept 679B, Government of Ontario Selective Placement Service, Ontario House, Charles II St. London SW1 4QS.

This competition is open to both men and women.

# a complete change

MUCODYNE is a unique treatment for bronchitic mucus. This means easier expectoration<sup>1</sup>; decrease in dyspnoea; a more normal secretion which does not plug the bronchus, is less likely to damage lung tissue or act as a source of secondary infection.

Other treatments are mostly expectorants, "nauseants which, reflexly, increase the secretions within the respiratory tract"<sup>2</sup>, thus forming more mucus. MUCODYNE avoids this vicious circle. It acts at biochemical and cellular levels to restrict sticky mucus formation, to convert tenacious sputum to a healthier secretion and to reduce hyperplasia of the respiratory mucosa. MUCODYNE literally changes bronchitic mucus. And your patients will feel the change.

# in bronchitic mucus

# Mucodyne<sup>®</sup>

## Clearly a distressing infection...

In difficult situations, immediate therapy with Magnapen gives a greater certainty of first-time success even when there are no laboratory reports to guide you.

Magnapen destroys all the bacteria commonly met in general practice, so it can be used with confidence to treat distressing infections rapidly and with the safety of a penicillin.

Full prescribing information on Magnapen for the treatment of severe respiratory, ENT and soft tissue infections is available on request.

Magnapen\* (flucloxacillin with ampicillin in equal parts) is a British product originated by:  
**Beecham Research Laboratories**  
Brentford, England.

\*regd.

...time to call on the  
greater certainty of  
**Magnapen**

New protein is essential for the proliferation of invading bacteria. It consists of a chain of amino acids, linked by peptide bonding, and is formed as the ribosome moves from one triplet codon to the next along the mRNA strand.

Erythrocin 500, by locking positively between the codons within the ribosome, prevents any further

movement, bringing protein synthesis to a standstill.

Erythrocin 500 exerts this dramatic effect on those bacteria responsible for the vast majority of infections of the respiratory tract, ENT, skin and soft tissue. And it does it most decisively with one tablet b.d. – a simple convenience your patient will appreciate.

KX314

Introducing a new beta-adrenergic blocking agent.

# Blocadren.

Timolol maleate/MSD

Trademark

One strength tablet.  
Same average daily dosage.  
For hypertension. For angina.

## For the patient with angina—restricted by pain

In a world-wide double-blind co-operative study, patients receiving 'Blocadren' showed a drop from an average of 12 anginal attacks per week to under four attacks per week.

Good to excellent response was reported in 71% of patients treated with 'Blocadren' compared to only 26% of patients on placebo.

## For the patient with hypertension—an asymptomatic risk

The asymptomatic hypertensive patient is 'at risk' for two reasons—side effects of medication may cause him to discontinue therapy, and inadequate control may result in progressive organ damage. 'Blocadren' can help remedy both problems.

Clinical effectiveness was confirmed in 80% of patients treated with 'Blocadren' in a world-wide double-blind co-operative hypertension study.

**BLOCADREN**  
Timolol maleate/MSD
