

**For those
who only catch
colds**

PHENSEDYL linctus

'Phensedyl' provides really effective symptomatic relief in the common cold.

It has a powerful antitussive action, soothing irritated throats and suppressing cough reflexes.

It quickly loosens blocked respiratory passages, reduces nasal irritation and dries watery discharge.

In fact, when 'Phensedyl' has done its work, there really isn't much left of a cold!
And it has a rather pleasant taste, too...

*'Phensedyl' contains: promethazine hydrochloride 3.6 mg
codeine phosphate 9 mg ephedrine hydrochloride 7.2 mg*

In bronchitis Septrin b.d. leaves nothing to chance

Septrin has a powerful action against the pathogens likely to cause acute episodes of bronchitis; *H. influenzae*, the most troublesome organism, is highly sensitive.

Septrin has been shown to give better results than ampicillin¹ and tetracycline² with regard to:

- * Rapidity of resolution of symptoms.**
- * Eradication of pathogens from sputum.**
- * Conversion of purulent to mucoid sputum.**

Some people take barbiturates because they can't face another day

Every year many thousands of people attempt to kill themselves with barbiturates. Some die. Most survive. But usually, only after intensive treatment, in hospital.

Virtually all of these patients could be transferred to Mogadon, which is much safer,¹ but just as effective in inducing sleep.² Moreover, it causes few of the barbiturates' many other problems.³⁻⁵

Patients may still try to kill themselves. But with Mogadon few, if any, would succeed and most would recover in less than 12 hours without treatment.¹

We have gained a first rate reputation for our thyroid function test kits. In a word, it's quality. Quality that applies to all our products.

Our new T4 RIA Kit has the same well-researched background. And the same quality control programme that ensures reliable and reproducible results. For example our kit must give less than 4% intra-assay variation before we are prepared to release it.

In the thyroid field Thyopac* - 3, 4, 5 and T3 RIA kits have already gained world-wide acclaim. Now we have an excellent addition to the range.

: That's our opinion - test it for yourself!

THE LIQUORICE STORY

Part III

After extensive research a field was discovered in Pontefract which had been used for growing liquorice some years ago. We were fortunate to find a considerable amount of liquorice root still there and we extracted as much as possible, under the expert advice of a retired local liquorice grower. Buds were taken from the liquorice root and these were planted, observing the necessary conditions of cultivation as mentioned in Part I.

We are now extremely pleased to report that these plants are growing most satisfactorily: the current stage of growth is shown in the photograph below:

Our intention is to promote the growth of liquorice in this country and to investigate whether the minimum three year growing process can be accelerated.

A recently published trial described the effect of deglycyrrhizinated liquorice on the gastric mucosal barrier of the dog. This trial suggested that deglycyrrhizinated liquorice "protects the gastric mucosa from the damaging effect of bile".ⁱ

In a second trial involving approximately 80 gastric and duodenal ulcer patients,ⁱⁱ a dose regime to twelve Caved-(S) tablets daily was administered in severe cases. After such high doses no side effects were observed; measurements of blood pressure, body weight, and serum electrolytes (sodium and potassium) were taken during the whole of the treatment with Caved-(S), including the follow-up investigations. In no case did body weight at the end of the treatment exceed that at the beginning. No oedema was seen, and no change in serum sodium and potassium was observed. Blood pressure also remained constant. There was complete absence of relapse after treatment with Caved-(S).

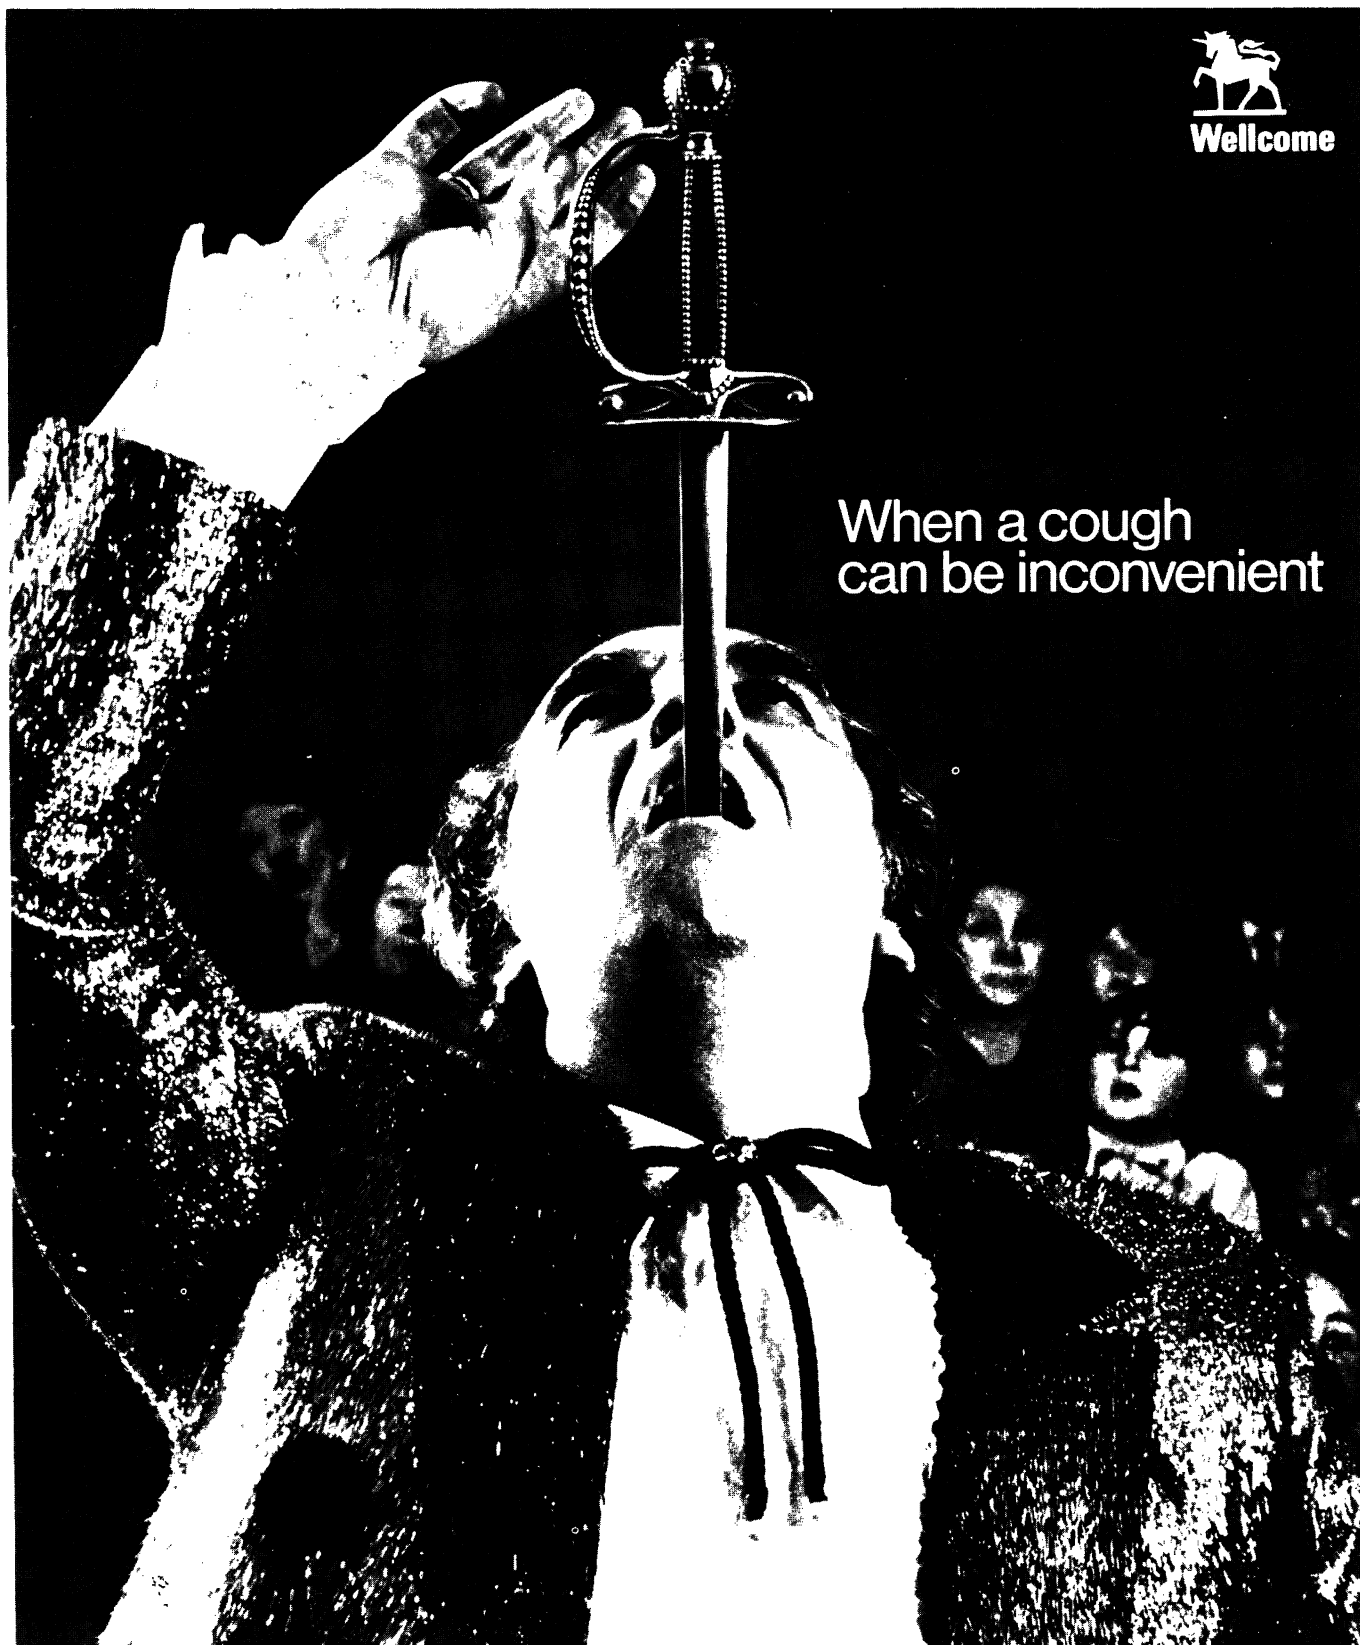

The latest trial to be published on Caved-(S),ⁱⁱⁱ was a retrospective endoscopic study of 32 cases of chronic duodenal ulceration. Many of these patients had a long history of ulceration. These were all treated with Caved-(S) tablets. Results showed that healing of the ulceration occurred, and in the majority of cases the mucosa appeared normal. It was demonstrated that to achieve optimum effect, it is important that the preparation, in adequate dosage, should be well chewed and swallowed on an empty stomach, rather than taken after meals as had been recommended previously.

VOCATIONAL TRAINING SCHEME FOR GENERAL PRACTICE

Applications are invited for this well-established three year training course. The course consists of four six month periods in hospital posts and two periods of six months in General Practice. Included in the course is a day release scheme for attendance at lectures, discussions etc. at Sussex Postgraduate Centre and during the third year the day release is for attendance at seminars etc. at the University of Sussex.

The Postgraduate Centre has a vigorous programme of clinical meetings and extensive library facilities.

Arrangements can also be made for short attachments to specialities not normally included in the course.

This is considered as a resident course and single accommodation is available. Married accommodation may be available if required. The next vacancies are from 1st April, 1976.

Forms of application and further details regarding the course are available from Mr. Belcher, Deputy Hospital Secretary, Royal Sussex County Hospital, Eastern Road, Brighton, BN2 5BE. (H19796) 21

IPSWICH VOCATIONAL TRAINING SCHEME

ONE-YEAR TRAINING IN GENERAL PRACTICE

The Teaching Practices in the Ipswich scheme are offering training posts in general practice, for one year from 1st August, 1976. The appointment does not include hospital posts, but provides the year of training in practice that qualifies for the vocational training allowance.

It is hoped to appoint a group of 8 doctors and to run a day-release programme, which has been such a successful feature of the Ipswich scheme in the past. Visits to the Teaching Practices will be welcomed and the successful applicants will be able to choose from the variety available in Ipswich and East Suffolk. Interviews will be held early in 1976. Further information and application forms are available from Dr. F. A. Biddle, V.T.S. Organiser, Postgraduate Medical Centre, Ipswich Hospital, Anglessea Road, Ipswich (H19799) 21

GENERAL PROFESSIONAL TRAINING SCHEME with special emphasis on COMMUNITY MEDICINE

Applications are invited from registered medical practitioners who have already undertaken at least one post-registration appointment for entry to this new scheme of general professional training which commences on 1st February, 1976. Appointments will be in the grade of Senior House Officer and the posts will be tenable for a period of 18 months. In the first year the trainees will rotate through six months in the Geriatric Department and six months in the Obstetric Department of the North Manchester General Hospital. In the third period of six months the trainee will work in the Community Health Services in the Manchester Area mainly in the North District and it is possible that a short attachment to general practice may be arranged at this time. The completion of this general professional training candidates will be eligible to apply for entry into the specialty training scheme in Community Medicine administered by the North Western Regional Health Authority which allows for secondment for attendance at the part-time course in the Department of Community Medicine at the University of Manchester for the M.Sc. degree of the University and prepares for the examination for membership of the Faculty of Community Medicine of the Royal College of Physicians of the United Kingdom. Applications with the names and addresses of two referees should be forwarded to the District Administrator, Manchester Area Health Authority (T), Central Drive, Crumpsall, Manchester M8 6RL by 22nd January, 1976. Note: Applications will be accepted from candidates who may have already completed a portion of their general professional training including work in the specialties involved in the two hospital modules and individual arrangements could be made for a shorter more varied period of training. CLINICAL RESEARCH FELLOW IN CARDIOLOGY/ CLINICAL PHARMACOLOGY

to study the cardiovascular effects of antidepressant drugs. The appointment will be for one year in the first instance, and the salary will be equivalent to that of a Registrar. It is anticipated that the results of the investigation could form the basis of an M.D. thesis. Applicants should have M.R.C.P., and some experience in cardiology is desirable but not essential.

Further details may be obtained from Professor Paul Turner, Department of Clinical Pharmacology, St. Bartholomew's Hospital and applications should be made before 30th January, 1976 to the Secretary, The Medical College of St. Bartholomew's Hospital at the above address. (H19831) 25

Industrial Medical Officer

A large manufacturing Company well known in Northern Ireland requires a full time Doctor aged about 40-50 to take charge of Occupational Health in Northern Ireland where it employs over 5,000 people in two main locations.

The post is permanent, pensionable, carries a number of fringe benefits, including a Company Car. Experience of Industrial Medicine is regarded as essential for this Department.

The Group has a progressive outlook to its Occupational Health responsibilities and the Doctor appointed will need to be of like mind bringing a profound interest in Industrial Medicine. Good administrative ability and the social skills to maintain the sound relations with management that already exist are essential. There is Secretarial assistance and a modern well equipped surgery staffed by competent and experienced nursing staff.

The duties will offer ample opportunities for clinical work and will cover a comprehensive range of health screening with an active involvement, some of it through Committee work, in all aspects of safety, accident prevention and environmental matters.

Salary in accordance with scales recommended by the BMA. Age and pertinent experience to be taken into consideration.

Applications should be made to D. G. Wright, quoting ref. 358, and may be made by letter (or initially by telephone). The strictest confidence will be guaranteed until permission is given to release details to our clients. Interviews will be arranged in Northern Ireland, or locally elsewhere for preliminary discussions if so required.

The University of Nottingham invites applications from orthopaedic and accident surgeons and from surgeons interested in bio-engineering for the Chair of Orthopaedic and Accident Surgery which has been established initially within the Department of Surgery in the Medical School. The salary will be within the appropriate Professorial range with arrangements for superannuation according to circumstances. An honorary consultant appointment in the National Health Service will be associated with the Chair.

The Department of Surgery was established in the new Medical School in 1970. The first Nottingham medical graduates qualified in July 1975. It is hoped that the Professor of Orthopaedic and Accident Surgery will be able to take up his appointment in the academic year 1976/77.

Full particulars of the appointment, together with copies of relevant documents concerning the Medical School, and application forms, may be obtained from the Senior Assistant Registrar, Medical School Faculty Office, University Hospital and Medical School, Clifton Boulevard, Nottingham NG7 2UH. Applications should be returned by 21st February, 1976. (22554)

UNIVERSITY OF ABERDEEN SENIOR LECTURESHIP IN SURGERY

Applications are invited for above post. Candidates should have special interest in orthopaedic surgery. It is expected that the successful applicant will be accorded honorary clinical status by the Hospital Board. Salary on scale £7,536-£10,689 with appropriate placing.

Further particulars from The Secretary, The University, Aberdeen, with whom applications (2 copies) should be lodged by 13th February, 1976. (H19811)

UNIVERSITY OF EDINBURGH CHAIR OF NURSING STUDIES

Applications are invited for the Chair of Nursing Studies vacant from 1st October, 1976 on the resignation of Professor Margaret Scott Wright.

Further particulars can be obtained from the Secretary to the University, Old College, South Bridge, Edinburgh EH8 9YL, to whom applications (12 copies) should be submitted by 15th February 1976. A candidate from overseas may submit one copy. Please quote reference 8/75. (22550)

UNIVERSITY OF CAMBRIDGE

The Appointments Committee of the Faculty of Clinical Medicine intend to appoint a
UNIVERSITY LECTURER

in the Department of Surgery and applications are invited for the office. The initial appointment will be for three years from 1st March, 1976. The duties of the person appointed will be to undertake research and teaching in surgery and to assist the Professor of Surgery in the clinical work of the Hospital. The person appointed will be recommended to the Cambridgeshire Area Health Authority (Teaching) for an honorary contract as a Senior Registrar. The stipends of all University officers are under review. The present pensionable scale of stipends for a University Lecturer is on a scale £4,002 to £6,453, plus threshold payments. The person appointed will be eligible to receive an additional pensionable payment for clinical responsibility which will be related to the amount of clinical work undertaken. For a person giving the equivalent of at least six N.H.S. sessions a week to clinical work the payment for clinical responsibility will be £1,250 a year. A grant is made towards removal expenses. Candidates should send twelve copies of their applications, together with the names of not more than three referees, to Mr. G. R. Anderson, Clinical School Offices, Addenbrooke's Hospital, Hills Road, Cambridge, CB2 2QQ, so as to reach him not later than 11th February, 1976. (H19800)

OCCUPATIONAL HEALTH

Medical Officer

Foots Cray, Kent.

The appointment is to provide full medical services to four major locations in London, Kent and Sussex, with a total of over 5,000 employees. Medical centres, staffed by nurses, are already established. Emphasis will be placed on improving the quality of health protection and screening, and also on making a real impact on absence reduction programmes. There is professional expertise in such areas as occupational hygiene on the staff of the Director, Medical Services, to whom the Medical Officer will report.

Candidates will have at least six years' post-qualification experience, two of which will have been in an occupational health appointment. A high degree of sensitivity is required making for the ability to contribute as a manager on local issues: the management style is open and participative. A facility for easy communication is also critical.

The commencing salary will be of interest to those earning about £7,000 p.a., and a Company car will be provided. Other conditions of service are those you would expect of a major international company, and include twenty-four days' holiday, contributory pension scheme and free BUPA membership.

FELLOWSHIP AWARDS

WORLD HEALTH ORGANISATION AND COUNCIL OF EUROPE FELLOWSHIPS 1977.

A number of fellowships for study abroad will be awarded in 1977 by the World Health Organisation and the Council of Europe. These are available to registered medical practitioners, dental practitioners, state registered nurses and other professional personnel engaged in the health services, medical education, or medical research in the United Kingdom.

The fellowships are awarded normally for period of two weeks to one month. In each case fellows are given an allowance of approximately £250 per month (the amount varying with the country or countries visited) together with appropriate travel fares.

Applicants should be of at least five years standing in their profession and able to utilise their studies abroad for the benefit of the U.K. health services. They will be expected to continue in the U.K. health services for at least three years after holding a fellowship.

Applicants are most likely to be successful if they are quite specific concerning the content and the place of study. Certain subjects may lend themselves to study by small interdisciplinary teams, in which case separate application forms should be completed for each member while making it clear that a team approach is intended.

Application forms for fellowships to be taken up in 1977 may be obtained:

(22390) 64-8

APPOINTMENTS

Applicants for medical appointments are advised to check whether the post advertised is included in the Important Notice and to scrutinize carefully the remuneration and terms of service offered. Any member who is in doubt about these terms in relation to B.M.A. agreements should consult the Secretary of the Association.

Advertisers are reminded that the Race Relations Board insists that no descriptive term implying racial, national, or ethnic characteristics may be used in any advertisement. Further, readers are advised not to apply for any appointment which discriminates between applicants on grounds of creed or unreasonably on grounds of sex.

HOSPITAL APPOINTMENTS

Applicants should state names, address, age, nationality, and qualifications, and enclose (unless otherwise specified) one copy of each of three recent testimonials, with a short statement of experience and appointments held. Applications should be sent at once if no closing date is given: Canvassing disqualifies (Statutory Instrument, 1974, No. 361).

All National Health Service hospital appointments are in accordance with the Terms and Conditions of Service of Hospital Medical Staff.

Further details concerning standards of residential accommodation, telephone charges, removal allowances, study leave and other matters should be obtained from the Hospital Secretary; or by B.M.A. members from the Secretary, British Medical Association.

In particular, they will find full details of facilities provided in most hospitals in the United Kingdom in the current edition of the *Hospital Gazetteer*. If such details are not included members are advised to consult the Secretary of the B.M.A.

Applicants requiring hospital married accommodation are strongly advised to obtain, prior to interview, clarification in writing from the employing authority as to whether such accommodation will be available on appointment.

No advertisement may stipulate that a non-resident must live less than 10 miles from a hospital. Advertisements for post-registration house officers, senior house officers and registrars should state clearly whether the post is resident, i.e. compulsorily resident.

In all advertisements grade should be clearly indicated. Normally a consultant vacancy must be advertised as (a) part-time with the number of sessions clearly stated, or (b) whole-time with the option of maximum part-time.

In the view of the B.M.A. an advertiser should not insist on possession of English higher qualifications in preference to Scottish or Irish qualifications (or vice versa).

The research work will be in relation to disturbed behaviour of biological origin in severely mentally handicapped patients and it is envisaged that drug therapy evaluation will play an important part in the project.

The appointee will spend part of his/her time attached to the Department of Psychiatry, University of Leeds and the M.R.C. Unit, Department of Psychiatry, University of Sheffield, to maintain contact with the main stream psychiatry.

This appointment will provide excellent opportunities for basic and applied research and it is considered that the work should be suitable for an M.D. Thesis. Fieldhead Hospital (480 beds) is the most modern Mental Handicap Unit in Europe and was officially opened in July, 1972. First class facilities are available. The forms part of a hospital complex which incorporates Pinderfields General Hospital (559 Acute Beds) and Stanley Royd Hospital (1200 Psychiatric Beds).

Salary: Registrar/Senior Registrar range according to experience. Interested applicants are asked to contact Dr. F. E. James at Fieldhead Hospital, Ouchthorpe Lane, Wakefield, Yorkshire. (22438) 84-6

OVERSEAS

MEDICAL OFFICER

An opportunity to earn
£18,500 TAX-FREE
over the next two years

An opportunity exists for a qualified General Practitioner to join a team of doctors working in various locations in Saudi Arabia and providing medical services both to expatriate employees and to their wives and families.

The post is unaccompanied and would ideally suit a doctor who has qualified and fully completed hospital training and is about to set up in General Practice.

Applicants (preferably aged between 27 and 45) must be fully registered in the United Kingdom, should be UK citizens and must hold a British passport. As well as the attractive salary, bonus benefits include free food and accommodation, and frequent and generous travel-paid home leave.

Please apply in writing with brief details of qualifications and experience, quoting Ref. No. 398/BMJ, to:-

The Principal Personnel Officer (S.A.),
Saudi Arabian Support Dept.,
British Aircraft Corporation,
Warton Aerodrome,
Preston, PR4 1AX, Lancs.
