

# Herpid<sup>®</sup> for Zoster

Herpid is a topical preparation containing 5% idoxuridine BP (IDU) in 100% dimethyl sulphoxide (DMSO).

IDU is an antiviral agent which arrests the replication of DNA viruses. DMSO penetrates the skin and carries the IDU to the lower levels of the epidermis where the zoster virus is replicating.

Herpid reduces the duration of herpetic pain—resolves lesions quickly—reduces the incidence and severity of postherpetic neuralgia.

# ASPECTS OF SEXUAL MEDICINE

**From the British Medical Journal**

Freer discussion of sexual matters on television and in the popular press has led to many more patients approaching their doctors for advice on sexual problems. The articles collected together in this book give practical advice on common problems such as impotence and on the help and guidance that may be given to handicapped patients and others with special difficulties. Few doctors received adequate instruction on sexual medicine at their medical schools: *Aspects of Sexual Medicine* brings them up to date.

## A Colour Atlas of GENERAL SURGICAL DIAGNOSIS

**WILLIAM F. WALKER**, D.Sc., M.B., Ch.M.,  
F.R.C.S.(Ed), F.R.C.S.(Eng), F.R.S.E.

Consultant Surgeon, Ninewells Hospital, Dundee; Honorary Reader  
in Surgery, Dundee University

A visual record of most of the conditions likely to be seen in  
general surgery, including some rarer cases, with the  
emphasis on diagnosis. Although designed primarily for  
final year students, the atlas should also prove of benefit  
throughout the clinical part of the medical and dental under-  
graduate training and as a refresher course for those sitting  
the higher surgical examinations. General practitioners  
should find it useful as a ready reference.

# Why forbid the patient coffee?

**Thanks to H-A-G Decaffeinated Coffee** even in cases of Insomnia, Palpitations, Disorders of the Heart and Circulation, Excitability, Gastritis and Peptic Ulcer, Gallstones, certain Diseases of the Liver **the patient need not forego his favourite beverage.**

\* THE H-A-G DECAFFEINATING PROCESS.  
Swelling the green beans by steam pressure enlarges the pores and exposes the maximum surface to the highly volatile caffeine solvent (not trichlorethylene) which is flushed through the beans, carrying the caffeine with it. The surplus solvent is removed by a final steam flushing. The beans are then roasted in the normal way.

H-A-G coffee is available in 3 forms, Beans, Ground and Instant.

Liberal samples of Ground or Instant will be sent free and post free to any Doctors applying to:

## GENERAL PRACTITIONER TEACHERS

### Nuffield Course

**TRAINING FOR COURSE ORGANISERS AND TUTORS**  
This is the third and final Nuffield Course for doctors who are responsible for training general practitioner teachers or for conducting courses for trainees. The courses have been initiated by The Royal College of General Practitioners with the support of the Nuffield Provincial Hospitals Trust. Subjects covered include organisation of educational programmes, teaching methods, the core content of general practice and small group leadership. The course will have six separate five-day modules. The first module will be held at Brunel University, Hillingdon, from the 5th to the 9th July, 1976. Further modules will take place as follows:  
Module II — 25th to 29th October, 1976  
Module III — 29th November to 3rd December, 1976  
Module IV — 21st to 25th February, 1977  
Module V — 28th March to 1st April, 1977  
Module VI — 4th to 8th July, 1977  
Members conduct educational exercises between modules. Help with these exercises will be available from the Nuffield Tutor, Dr. Paul Freeling, who has overall responsibility for the course.  
Those who attend all six modules will be funded by the Department of Health and Social Security under the 'extended leave' provisions for general practitioners which includes payment of locums. Those who attend for fewer modules will attend under Section 63. There are still a few places on this final Nuffield Course.

For further details please apply as soon as possible to The Royal College of General Practitioners, 14 Princes Gate, London, SW7. (23353)

## OCCUPATIONAL HEALTH

The Agreement between Her Majesty's Government and the Chrysler Corporation has established a far reaching Investment and Product Plan for our Company within which our largest manufacturing complex at Linwood holds a key role. Exciting opportunities for growth in

both domestic and export markets will be created and achieved if the full potential of both the Company Management and work people is realised. This demands the provision of an extensive and advanced Occupational Health Programme.

# Medical Officer - Scotland

This appointment is responsible to the Director - Health and Safety for the provision of all Occupational Health Services to the Linwood Plant. These encompass aspects of Safety, Welfare and Nursing Services as well as the maintenance of a full Medical Service covering the 5,000 employees working within the complex of Press, Machine, Paint and Assembly Shops.

Clearly the position offers the incumbent with Occupational Health or other relevant experience, the

opportunity to expand his or her knowledge and gain experience by working in one of the countries most modern motor manufacturing plants. Salary is related to the B.M.A. scales with of course commensurate pension, car and other fringe benefits.

Please write to me, Dr. D.C. Smith M.B., B.S., D.I.H., Director - Health & Safety, Chrysler United Kingdom Ltd., Humber Road, Stoke, Coventry or for further information telephone me at Coventry 455210.

## FELLOWSHIP AWARDS

NATIONAL FUND FOR RESEARCH INTO  
CRIPPLING DISEASES  
Vincent House, Springfield Road, Horsham,  
West Sussex, RH12 2PNRESEARCH FELLOWSHIPS  
APPLICATIONS INVITED

The National Fund for Research into Crippling Diseases (Action Research for the Crippled Child), a voluntary organisation concerned with promoting research into the prevention, cure, treatment and environmental problems of physical disability, invites applications for a limited number of research fellowships. The fellowships will generally not exceed three years and the salary will be according to experience and seniority but will in no case exceed that of a third year Senior Registrar. A small sum for appropriate research expenses will be allowed to the department where the work will be carried on. In endowing these fellowships the National Fund's object is to further the training of young medical and non-medical graduates in research methods. In suitable cases the research fellowship may be awarded for work in an institution overseas in which case travel expenses will be paid.

Application forms, which are available from the Director, should be received by 21st February, 1976. (H10066) 26

# APPOINTMENTS

Applicants for medical appointments are advised to check whether the post advertised is included in the Important Notice and to scrutinize carefully the remuneration and terms of service offered. Any member who is in doubt about these terms in relation to B.M.A. agreements should consult the Secretary of the Association.

Advertisers are reminded that the Race Relations Board insists that no descriptive term implying racial, national, or ethnic characteristics may be used in any advertisement. Further, readers are advised not to apply for any appointment which discriminates between applicants on grounds of creed or unreasonably on grounds of sex.

## HOSPITAL APPOINTMENTS

Applicants should state names, address, age, nationality, and qualifications, and enclose (unless otherwise specified) one copy of each of three recent testimonials, with a short statement of experience and appointments held. Applications should be sent at once if no closing date is given: Canvassing disqualifies (Statutory Instrument, 1974, No. 361).

All National Health Service hospital appointments are in accordance with the Terms and Conditions of Service of Hospital Medical Staff.

Further details concerning standards of residential accommodation, telephone charges, removal allowances, study leave and other matters should be obtained from the Hospital Secretary; or by B.M.A. members from the Secretary, British Medical Association.

In particular, they will find full details of facilities provided in most hospitals in the United Kingdom in the current edition of the *Hospital Gazetteer*. If such details are not included members are advised to consult the Secretary of the B.M.A.

Applicants requiring hospital married accommodation are strongly advised to obtain, prior to interview, clarification in writing from the employing authority as to whether such accommodation will be available on appointment.

No advertisement may stipulate that a non-resident must live less than 10 miles from a hospital. Advertisements for post-registration house officers, senior house officers and registrars should state clearly whether the post is resident, i.e. compulsorily resident.

In all advertisements grade should be clearly indicated. Normally a consultant vacancy must be advertised as (a) part-time with the number of sessions clearly stated, or (b) whole-time with the option of maximum part-time.

In the view of the BMA, an advertiser should not insist on possession of English higher qualifications in preference to Scottish or Irish qualifications (or vice versa).

## SALARY SCALES OF HOSPITAL MEDICAL STAFF

**HOUSE OFFICER:** Each post in this grade shall be tenable for six months. £2,859 per annum for the posts held during the first year; £3,075 per annum for posts held during the second year; £3,294 per annum for posts held during the third and subsequent years, subject to full registration.

## GENERAL MEDICAL PRACTITIONERS

Morwell Community Health Centre  
Morwell, Victoria, 3840

General Medical Practitioners are invited to apply for tenancy of fully equipped consulting rooms and facilities which are available on a rental basis at the above centre. Nursing, clerical and administrative staff are employed to enable general medical practitioners to engage in a practice on a fee for service basis, and these facilities are included in the rental which is presently \$100.00 p.w.

A Practitioner, in addition to assisting to provide the usual general practitioner services including after hours services on a roster basis will be afforded the collaboration of supportive medical ancillary personnel in providing a broad range of community medicine. Assistance with accommodation could be arranged. Reimbursement of all or part of relocation expenses would be considered.

Morwell, which is situated in the Latrobe Valley, and 150 kms from Melbourne, has an area population of 26,000. Located in the centre of the most densely populated area in Gippsland, it has unlimited potential for industry, commerce, housing and rural activities. Sporting and educational facilities are comparable to the best in the State. The Latrobe Valley is served by the Central Gippsland Hospital, Traralgon with 180 beds, Latrobe Valley Hospital, Moe with 156 beds, and Morwell Hospital, 18 beds.

A representative from the Society will be visiting the UK from 16th February, 1976 to 26th March, 1976 and will be available for interviews. Further information can be obtained from the Manager, P.O. Box 610, Morwell, Victoria. 3840 Australia. (H10049) 118

ROYAL HOBART HOSPITAL  
Hobart, Tasmania

### DIRECTOR OF RADIOLOGY

Applications in writing addressed to the General Superintendent (Dr. T. N. N. Brennan), G.P.O. Box 1061L, Hobart, Tasmania 7001, from whom further particulars may be obtained, are invited from appropriately qualified medical practitioners for appointment to the above full-time position. The Royal Hobart Hospital is the principal Teaching Hospital for the Faculty of Medicine, University of Tasmania. It has a bed capacity of 600 beds and had 16,400 patient admissions and 273,500 outpatient attendances for the year ended 30th June, 1975.

The Radiology Department at present performs approximately 42,000 examinations per annum, including the vast majority of the more sophisticated techniques. The existing equipment includes a Mimer 111 and bi-plane serial changer. A new Cardio-Vascular installation is currently on order. At present the Department is serviced by part-time Radiologists who will continue to attend on a sessional basis. The Director of Radiology will be responsible for all teaching in the Royal Hobart Hospital.

The successful applicant may apply for the right of limited private practice outside the hospital. Recreation leave is of five (5) weeks each year and long service leave is of three (3) months after each ten (10) years of service. Sabbatical leave may be granted after each five (5) years of full-time service. The successful applicant will be required to contribute to the State Retirement Benefits Fund. Current Salary Range: \$A19,588 to \$A25,739 per annum. The salary level is dependent upon qualifications and experience of the successful applicant, and is determined by the Controlling Authority in terms of the Medical Officers Principal Award.

Salaries and conditions of service are subject to such changes as may be determined by the appropriate authority when such matters become subject to general review. Assistance towards cost of transferring to Hobart is provided, details available upon application.

Applicants from the United Kingdom should apply to the Agent-General for Tasmania, 458/9 Strand, London WC2R, for details regarding Tasmania and the Assisted Passage Scheme. Applications should be accompanied by the names of two referees. Closing date for applications is the 31st March, 1976. (23355) 118

# WELLINGTON HOSPITAL BOARD Wellington, New Zealand Services for the Intellectually Handicapped

## MEDICAL DIRECTOR

The Wellington Hospital Board invites applications for the above post which is being established to implement Hospital Board policy to provide services for the intellectually handicapped within their own catchment area. The proposed new service will be primarily a community based one, operated in collaboration between the Wellington Hospital Board and the New Zealand Society for the Intellectually Handicapped. These two bodies will combine to develop a network of homes, hostels and workshops within the community. The headquarters of the Hospital Board side will be within the grounds of Porirua Hospital, but will operate therapeutically as a separate entity and with a separate access road. There will be provision for 70-80 inpatients, investigation and assessment of out-patients and training facilities for both day-patients and in-patients. Some broad policy decisions about this service have been made, but the Medical Directors will be involved in implementation and further development of policy and will be answerable directly to the Superintendent in Chief of the Wellington Hospital Board.

Applications will be considered either from Psychiatrists or Paediatricians with a particular interest and experience in the field of mental subnormality. In either specialty, applicants must have qualifications and experience which would make them eligible for registration as specialist. Salary will be determined within the range: Specialist automatic \$NZ 13,332-\$NZ 17,777 per annum. Higher Merit Steps \$NZ 18,673-\$NZ 19,571 per annum.

Applicants should obtain a Schedule of Conditions of Appointment and an application form from the Office of the High Commissioner for New Zealand House, Haymarket, London SW1Y 4TQ, or from the Chief Executive, Wellington Hospital Board, P.O. Box 10245, Wellington, New Zealand, by whom applications will be received until Friday, 5th March, 1976. (23388) 118

You **can** use a diuretic which is almost as fast and controlled as Burinex<sup>\*</sup> K.

But it **is** significantly more expensive!

You **cannot** obtain one with the convenience of built-in slow-release potassium with simple o.d. dosage.

Unless of course you prescribe Burinex K.

And by the way—it's a subtle combination where the diuretic effect is virtually complete within 3 hours, yet the potassium is released over 5 hours just to ensure that any potassium loss is carefully replaced.

Burinex K is recommended for the treatment of C.C.F.

... But of course the decision is yours.

R<sub>x</sub>

# Burinex K

Starting dose – 2 tablets o.d.

\*Burinex is a trade mark

Tablets contain 0.5 mg bumetanide with a slow release core of 573 mg (7.7mEq) of potassium chloride.
