Imodium
JANSSEN

TRADE MARK

stops diarrhoea safely and rapidly

unique chemical entity... loperamide (R 18 553) is an entirely new molecule, first synthesized by Janssen Research; the compound specifically inhibits hypermotility by a direct effect on the intestinal wall.

highly effective in acute diarrhoea... quickly relieves spasms and cramps; stops diarrhoea due to gastroenteritis, diet, functional causes, etc.; even more effective than diphenoxylate in double-blind studies.^{1,2}

no incompatibility... no incompatibility with other therapies has been reported.

remarkably safe... contains no atropine, devoid of CNS activity; no adverse effects noted in long-term safety studies.³

patient-controlled dosage schedule... in adults, two capsules to start, one capsule after each unformed stool until bowel function is normalized.

Summary of Prescribing Information

Indications : Imodium is indicated for the control of acute diarrhoea regardless of origin.

Side-effects : no specific drug related side-effects have been reported to date.

Precautions : overdosage may lead to constipation. Safety of use in pregnancy has not been established. Imodium should not be used in patients with a known hypersensitivity to the drug and in those in whom inhibition of peristalsis must be avoided (e.g. subobstruction due to a tumour).

Availability : Capsules containing 2 mg of loperamide.

Dosage :

Acute diarrhoea	Adults	Children over 5
Initial dose	2 caps.	1 caps.
Subsequently after each loose stool	1 caps.	1 caps.

In acute diarrhoea a 5-day period of treatment should be adequate.

Full information is available on request.

DISEASES OF THE SMALL INTESTINE IN CHILDHOOD

JOHN WALKER-SMITH

"Written for consultant and trainee paediatricians this short text is a model of clarity, brevity and authority. The presentation is straightforward, with emphasis on the most important childhood conditions, including coeliac disease, gastroenteritis and sugar malabsorption, but Crohn's disease and many other rare disorders of the small bowel are reviewed and put into clinical perspective. The experience and standards of two great children's hospitals provide the framework, and single authorship the attractive style. With up-to-date references, excellent illustrations and lavish presentation, this is an attractive addition to both personal and hospital libraries."—*The Practitioner*

NOTTINGHAM VOCATIONAL TRAINING PROGRAMMES FOR GENERAL PRACTICE

Applications are invited from fully Registered doctors to join this established Scheme between June and August 1976. All those interested in a career in General Practice are invited to apply as the aim is to provide a 'custom built' programme for each successful applicant. Candidates are likely to fit into one of the following:-

Basic 3-Year Programme

An introductory period of 3-6 months in General Practice is followed by a choice from the following six month jobs at S.H.O. level: General Medicine, Psychiatry, Obstetrics and Gynaecology, Paediatrics, Geriatrics and Accident and Emergency (with release to E.N.T., Ophthalmology, Venereology and Dermatology). The balance of one year in General Practice to complete the programme.

Modified Programme

For those with previous hospital experience at S.H.O. level or in a training General Practice, a purpose-built programme based upon the above pool of jobs is available. This is usually followed by a period in a Teaching General Practice for those who require it.

There is also a one-year rotation in Psychiatry and Dermatology with release to Ear, Nose and Throat, Venereology, Ophthalmology and Geriatric Departments. If required a period in a Teaching General Practice can usually be provided.

A weekly Seminar based on "The Family Life Cycle" is run for all Trainees and Trainers who also participate in the planning of the programme. All the resources of the Medical School are available and are used.

Past Trainees have taken and passed the M.R.C.G.P., D.C.H., Dip.Obst., and M.R.C.P. Recognition for these examinations still exists.

Accommodation is available during the introductory period in General Practice, hospital posts, and sometimes during the final period in General Practice.

Letters of application containing full details and Curriculum Vitae should be addressed to: District Administrator, North Nottingham Health District, Administrative Headquarters, Sherwood Hospital, Hucknall Road, Nottingham, NG5 1PD, together with the names and addresses of two referees, by 21st April 1976. Full details of the Scheme will be issued on application. (H10806) 21

VOCATIONAL TRAINING
FOR GENERAL PRACTITIONERS

Applications are invited for Senior House Officer posts under the Vocational Training Scheme for General Practice. While the posts are subject to normal terms and conditions of service for Senior House Officer appointments, the schemes are intended to run for three years. Continuation in the scheme will be subject to satisfactory progress during each of the stages, which usually consist of 6 months in each of the four hospital specialities.

The subjects offered vary slightly in different Hospital Groups but have a basic component of Medicine, Paediatrics, and Obstetrics, with Psychiatry or Casualty or Geriatrics or Rheumatism and Rehabilitation as the fourth component. Attachments in other relevant specialities may also be offered. It is intended to arrange for successful candidates to be attached for the third year of the Course to a recognised General Practitioner Trainer. The hospitals where vacancies exist are as follows:

Victoria Hospital, Blackpool — 2 vacancies to commence Aug/Sept. 1976; Blackburn — 2 vacancies to commence Aug/Sept. 1976; Bolton — 2 vacancies to commence 1st August 1976; Burnley — 1 vacancy to commence 1st August/30th November, 1976; Bury — 2 vacancies to commence 1st August, 1976; Lancaster — 2 vacancies to commence 1st August, 1976; Macclesfield — 1 vacancy to commence 1st September, 1976; Oldham — 2 vacancies to commence 1st August, 1976; Preston — 5 vacancies to commence 1st September, 1976; Stockport — 3 vacancies to commence 1st August, 1976; Wigan — 1 vacancy to commence 1st September, 1976; Wythenshawe — 2 vacancies to commence 1st August, 1976.

Further details can be obtained from the Dean of Postgraduate Medical Studies, Gateway House, Piccadilly South, Manchester, M60 7LP.

Application should be made to the Administrator of the Area Health Authority or District Health Authority concerned not later than 17th April, 1976. (26629) 21

APPLICANTS ARE ADVISED NOT TO send original testimonials when replying to advertisements. Copies will serve the purpose quite as well, and in the event of their being lost or mislaid no inconvenience will ensue.

Vocational Training for General Practice in Peterborough

Applications are invited for two posts in this three year Scheme commencing in September and October, 1976. Full registration is essential.

In Peterborough we are fortunate in having not only a group of enthusiastic general practitioner trainers but also a highly co-operative hospital staff, many of whom take an active part in the organisation of the Scheme which is based on the Peterborough District Hospital and Postgraduate Medical Centre which has splendid facilities.

The first year the trainee spends six months in a training practice and six months as an S.H.O. in general medicine in the District Hospital and then one year in Paediatrics, Obstetrics and Gynaecology and finally six months with clinical responsibility in Geriatrics and gaining experience in Rheumatology, Ophthalmology, E.N.T., Accident and Emergency and Dermatology. They will spend six months in a training general practice.

A half day release programme takes place throughout the three years. This is based on recommendations made by the R.C.G.P. and generally takes the form of group discussion. Psychiatry is the most important feature of this portion of the course and a consultant psychiatrist takes part in all these sessions.

Six trainees are in post at any one time and it has been decided that there will be no enlargement of the Scheme in the near future.

Accommodation will be available throughout the three years if required.

APPOINTMENTS

Applicants for medical appointments are advised to check whether the post advertised is included in the Important Notice and to scrutinize carefully the remuneration and terms of service offered. Any member who is in doubt about these terms in relation to B.M.A. agreements should consult the Secretary of the Association.

Advertisers are reminded that the Race Relations Board insists that no descriptive term implying racial, national, or ethnic characteristics may be used in any advertisement. Further, readers are advised not to apply for any appointment which discriminates between applicants on grounds of creed or unreasonably on grounds of sex.

HOSPITAL APPOINTMENTS

Applicants should state names, address, age, nationality, and qualifications, and enclose (unless otherwise specified) one copy of each of three recent testimonials, with a short statement of experience and appointments held. Applications should be sent at once if no closing date is given: Canvassing disqualifies (Statutory Instrument, 1974, No. 361).

All National Health Service hospital appointments are in accordance with the Terms and Conditions of Service of Hospital Medical Staff.

Further details concerning standards of residential accommodation, telephone charges, removal allowances, study leave and other matters should be obtained from the Hospital Secretary; or by B.M.A. members from the Secretary, British Medical Association.

In particular, they will find full details of facilities provided in most hospitals in the United Kingdom in the current edition of the *Hospital Gazetteer*. If such details are not included members are advised to consult the Secretary of the B.M.A.

Applicants requiring hospital married accommodation are strongly advised to obtain, prior to interview, clarification in writing from the employing authority as to whether such accommodation will be available on appointment.

No advertisement may stipulate that a non-resident must live less than 10 miles from a hospital. Advertisements for post-registration house officers, senior house officers and registrars should state clearly whether the post is resident, i.e. compulsorily resident.

In all advertisements grade should be clearly indicated. Normally a consultant vacancy must be advertised as (a) part-time with the number of sessions clearly stated, or (b) whole-time with the option of maximum part-time.

In the view of the B.M.A., an advertiser should not insist on possession of English higher qualifications in preference to Scottish or Irish qualifications (or vice versa).

SALARY SCALES OF HOSPITAL MEDICAL STAFF

HOUSE OFFICER: Each post in this grade shall be tenable for six months, £2,859 per annum for the posts held during the first year; £3,075 per annum for posts held during the second year; £3,294 per annum for posts held during the third and subsequent years, subject to full registration.

Deductions of £177 per annum in respect of lodging only for voluntary residence.

SENIOR HOUSE OFFICER: £3,663 per annum x £243(1) — £3,906 x £246(1) — £4,152

Deductions of £210 per annum in respect of lodging only for voluntary residence.

JOINT ROTATIONAL TRAINING

SCHEME IN SURGERY

Applications are invited from registered medical practitioners for the vacancies which will be available from 1st August, 1976 on the Joint Rotational Training Scheme in Surgery. The Scheme comprises 3 years training in general surgery and the specialties, the first year in a Glasgow Teaching Hospital, the 2nd in a designated district hospital and the 3rd year in a teaching hospital but with rotation through the specialties. Applicants must have passed the Primary F.R.C.S. examination before commencing training.

Trainees who successfully complete the 3 years basic training will then be able to apply for advanced or specialist training posts in their chosen specialty. It is anticipated that there will be an intake this year of 17 trainees and appointments will be reviewed annually.

Applications, giving details of age, qualifications, experience, present appointment and the names of two referees should be sent to the Secretary, Greater Glasgow Health Board, 351 Sauchiehall Street, Glasgow G2 3HT, no later than 14 days after the publication of this advertisement. Careers in Community Medicine

NORTHERN CONSORTIUM

of Mersey, Northern, North Western, Trent and Yorkshire Regional Health Authorities and the Department of Health and Social Services, Northern Ireland

A further intake to a two-year programme of in-post training is planned to begin in the Autumn for doctors who wish to prepare for a career in community medicine and the first part of the Membership examination of the Faculty of Community Medicine of the Royal College of Physicians.

The training programme is sponsored by the above authorities in conjunction with the appropriate departments of the Universities of Leeds, Leicester, Liverpool, Manchester, Newcastle, Nottingham and Sheffield and the Queen's University of Belfast.

The two-year appointment will offer a planned programme of experience and training at District, Area and Regional levels in the same locality. This in-service training will be integrated with a modular academic course provided jointly by the participating university departments. The modules will total some 20 weeks spread over the two year period. In addition, trainees will be attached for tutorial purposes to the university department closest to their place of work and between modules will normally spend the equivalent of one day a week in academic studies under the guidance of a tutor covering parts of the syllabus agreed by all the teaching departments.

Some doctors may already have acquired substantial in-service experience allied to community medicine and for these, special arrangements may be possible to

enable them to benefit from the academic modules.

Applications are invited from registered medical practitioners with post-registration clinical experience. Training posts are not restricted to the younger members of the profession and the more mature candidate already established in another specialty will receive equal consideration.

The posts established will normally be equivalent to registrar in the clinical specialties (salary £4152-£5109) but special consideration may be given to doctors currently earning higher salaries.

This is a non-resident appointment but some Authorities may be able to help with the provision of accommodation on a voluntary basis for which an appropriate charge would be made.

Application forms and further details may be obtained from Mr K N Holland, Co-ordinator, Room 510, Fulwood House, Old Fulwood Road, Sheffield S10 3TH. Application forms should be returned by 19th April 1976.

Applicants will be free to express in order of preference their choice of participating authorities. If applicants require further advice or details of local regional arrangements they may contact the Regional Medical Officer's Department at the following addresses—

The Association of Metalliferous Mine Managers of Ireland wish to appoint an :

**Assistant
Consultant**

in Public Health and Environmental Medicine.

The Association includes the Managers of most of the Metal Mines in Ireland, and provides certain centralised advisory services for these Mines. The man appointed will initially deputise for—and ultimately succeed—the present Consultant, who is expected to retire within the next few years.

Applications are invited from qualified medical practitioners with considerable experience in Industrial Medicine and in the reading and interpreting of X-rays. A D.P.H. or D.I.H. is also highly desirable together with an appreciation of modern environmental problems as they affect medical practice. The successful candidate will display a willingness to study, to acquire new information and to develop further research within the mining industry. Initially, however, his principal duties will involve assisting the Consultant with medical and X-ray examinations and with general supervision of work hygiene and environmental controls. He must also be prepared to travel around the various mines in Ireland on a fairly regular basis.

Preferred Age Limits :

Desirably not over 55 years.

Salary and Conditions :

An appropriate salary will be negotiated in accordance with qualifications and experience, and will reflect the importance of the position. Superannuation and other benefits will also be provided.

Applications will be treated in strictest confidence and should be addressed to :

Mr. M. Stuart,

THE NORTH BRISBANE HOSPITALS BOARD

Full-time Staff Physician in Rheumatology and Rehabilitation Medicine

Applications are invited from suitably qualified Physicians for the above position. This is a newly created position and it is anticipated would be suitable for a Senior Physician trained in Rheumatology with an interest in Rehabilitation Medicine.

The basic purpose of the position is to see that a high standard of medical services in Rheumatology, as a major specialty, is provided at the Royal Brisbane Hospital within policies, practices and procedures adopted by the Board.

The successful applicant will be responsible to the Medical Superintendent, Royal Brisbane Hospital, and will have an internal relationship with Visiting Staff in Rheumatology and with allied professional personnel in the Departments of Occupational Therapy, Physiotherapy, speech therapy, and Social Workers. External relationships would include liaison with Rehabilitation Services outside the hospital.

The North Brisbane Hospitals Board at the moment is developing a new area designated as Rehabilitation Medicine. This includes all modern equipment necessary for Physiotherapists and Occupational Therapists in particular as well as other health professionals.

It is anticipated that an applicant with an interest in Rehabilitation would play an active part in the further development of this area.

Other duties of the position would include, but are not limited to:

- (1) Organisation of special services in Rheumatology and to a lesser extent Rehabilitation Medicine.
- (2) Advisor for selection and purchase of all medical equipment relevant to his Specialty.
- (3) To sit on such Committees as required by the Division of Medicine and by the Medical Superintendent, Royal Brisbane Hospital.

Special duties would include clinical teaching and research as authorized by the Medical Superintendent.

The appointee must have a higher degree in Medicine and be eligible for registration in Queensland as a specialist in Rheumatology as well as medicine. His basic qualifications must also be registrable in Queensland.

The Royal Brisbane Hospital is at present undergoing a major restructuring and the full-time Staff Rheumatologist would be a member of the Division of Medicine. He would be associated with one of the General Medical Units, would have a number of beds for his own purposes and be expected to run Outpatients services as allotted. He would be expected to take a part in the evaluation and introduction of newer methods of treatment of rheumatic diseases. He would play a part in the supervision and training of Registrars, Resident Medical Officers, Nursing Staff, allied Health Professionals and be expected to have a part in Undergraduate training. He would be expected to play a part in encouraging the team approach to the treatment of rheumatology patients and to the rehabilitation of these and other patients at the Royal Brisbane Hospital.

Participation in clinical research projects will be encouraged.

Salary classification for the position is currently £23,408 to £28,728 per annum — depending upon period appointee has been eligible for specialist registration. A salary of £29,260 will apply should the appointee have been eligible for specialist registration for a period in excess of 10 years.

Further information and application forms may be obtained from **The Medical Superintendent, Royal Brisbane Hospital, Base Hospitals Post Office, Brisbane Qld 4029.**

Applications must be submitted to the Executive Director Medical Services, the North Brisbane Hospitals Board, at the above address, to reach him by **30th June, 1976. (5538).**

THE NORTH BRISBANE HOSPITALS BOARD Administering The Royal Brisbane Hospitals Group and Associated Hospitals

DIRECTOR OF DIAGNOSTIC RADIOLOGY

Applications are invited from specialist radiologists for appointment to the position of Director of Diagnostic Radiology, The North Brisbane Hospitals Board. The North Brisbane Hospitals Board controls the Royal Brisbane, Royal Women's and Royal Children's Hospitals and these are major teaching hospitals for the University of Queensland. The Royal Brisbane Hospital provides medical, surgical, outpatient, gynaecological, radiotherapy, casualty, orthopaedic and psychiatric services, with approximately 1050 beds; the Royal Children's Hospital paediatric treatment with approximately 200 beds and the Royal Women's Hospital obstetric and neonatal care with approximately 350 beds. The day-to-day running of the complex is in the hands of a Hospital Executive comprising three Executive Directors — Medical Services, Nursing Services and Administrative and Support Services.

Each Hospital in turn has a Management Committee comprising the three Branch Heads within that hospital responsible to the Hospital Executive administratively, with each Branch Head having a functional responsibility to the appropriate Executive Director.

The Director of Diagnostic Radiology will be responsible to the Executive Director, Medical Services for the radiological services of the Board's Hospitals as a whole and to the Medical Superintendents of the individual hospitals for radiological services within those hospitals.

The University of Queensland has indicated that it will give sympathetic consideration to a request that the Director of Radiology be given formal honorary status in a University Department.

The appointment will be permanent after a twelve month probationary period, in accordance with the terms of appointment.

The appointee will be entitled to 5 weeks annual leave, sick leave, conference leave, and overseas study leave (usually taken at the end of seven years) but by special arrangement with the Board after a shorter period.

The position is full time and superannuated. Salary is £31,920 (Australian) per annum.

Further particulars may be obtained from the Executive Director of Medical Services. Trasicor®

BRITISH MEDICAL JOURNAL, 3 APRIL 1976

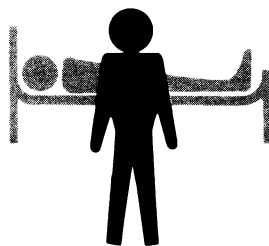

"...there are good reasons for believing that oxprenolol (Trasicor) should become an integral part of all antihypertensive therapy."¹

Highly Effective

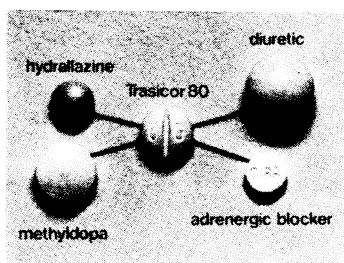

Numerous studies²⁻⁶ have shown that Trasicor, particularly in combination with a diuretic, reduces diastolic BP to near normal levels with high patient acceptability. This is important because it is the quality of control rather than the initial severity of hypertension which influences the prognosis.⁷

No Postural Hypotension

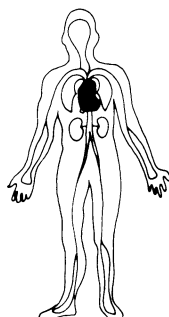

Trasicor gives effective BP control without exercise or postural hypotension⁴ and with 'strikingly few side effects'.⁸

Suitable in any Combination

Trasicor can be combined successfully with other antihypertensive agents such as diuretics (e.g. Navidrex K), hydralazine, adrenergic blockers (e.g. Ismelin) and methyldopa.

Cardioprotective

Cardioprotection before infarction

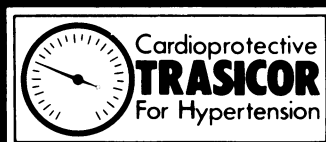

A three-year prospective study suggests that beta-blockers significantly reduce the risk of myocardial infarction and sudden death in IHD patients, with or without hypertension.⁹

Cardioprotection after infarction

Two recent prospective studies from Sweden showed a statistically significant reduction in sudden death^{10,11} and re-infarction¹¹ in patients treated with a non-selective beta-blocker.

Trasicor tablets (oxprenolol hydrochloride) 20mg, 40mg, 80mg, 160mg available in Securitainers of 100.

T80/1C

You **can** use a diuretic which is almost as fast and controlled as Burinex* K.

But it **is** significantly more expensive!

You **cannot** obtain one with the convenience of built-in slow-release potassium with simple o.d. dosage.

Unless of course you prescribe Burinex K.

And by the way—it's a subtle combination where the diuretic effect is virtually complete within 3 hours, yet the potassium is released over 5 hours just to ensure that any potassium loss is carefully replaced.

Burinex K is recommended for the treatment of C.C.F.

... But of course the decision is yours.
