

This summer could be
the best for years
for Hay Fever
patients...

"It is concluded that beclomethasone dipropionate aerosol intranasally is an effective and apparently harmless way of controlling the nasal symptoms in hay fever."
(*Brit. med. J.*, 1973, 4, 464)

"Corticosteroids are highly effective in hay fever, whether taken orally, intranasally, or by injection. An important addition is beclomethasone dipropionate, which is of proven value when given intranasally and which does not suppress the hypothalamic/pituitary/adrenal axis."

(*Lancet*, 1975, 1, 787)

For the patient with ischaemic heart disease the recommendation of Flora margarine is logical, clinical advice.

Many authorities throughout the world are in no doubt that a causative relationship exists between a raised blood cholesterol level and coronary atherosclerosis.^{1,2}

Therefore, to lower blood cholesterol is a sound objective in the management of the patient. This can be achieved by reducing the intake of saturated fats in the diet and by partial substitution by polyunsaturated fats.^{3,4,5}

Flora is higher in polyunsaturated fats than any other leading margarine*, and is low

in saturated fats. It is an effective, easy and palatable component of a lipid lowering diet.^{6,7,8,9,10.}

If you would like further information about Flora margarine and recipes in which it may be used by your patients with coronary heart disease, please write to: Flora Information Service, 25 North Row, London W1.

A word in your ear!

Too often the elderly accept deafness as part of growing old – too often their deafness is simply excessive ear wax. Ear wax is still the commonest cause of deafness.¹

A course of Cerumol will quickly loosen the wax, allowing it to be syringed away, if necessary, easily and safely.²

After 25 years of use in general practice, Cerumol is still the most widely prescribed ear wax preparation in the UK.

Readers are reminded that prescribers' literature and clinical information are always available from advertisers on request.

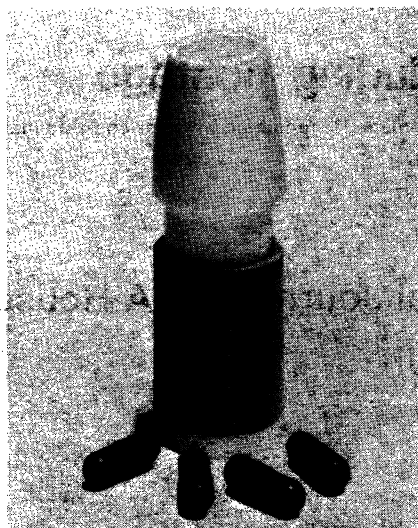

Intal[®] doesn't relieve asthmatic attacks it stops them happening.

Intal is still unique. It provides a prophylactic treatment of asthma. Unlike bronchodilators, which give relief from asthmatic attacks, Intal stops them before they get started. Intal is not a steroid and, therefore, carries no risk of the side-effects associated with steroid therapy.

Intal works by preventing the degranulation of the mast cell and the release of inflammatory agents. It may be used in all kinds of asthma, no matter what triggers the attacks—for example, allergy, exercise, emotional upset.

Regular daily use of Intal gives long-term protection from asthmatic attacks. By preventing the attacks you may stop the progress of the damage they cause.

Intal—established prophylactic therapy in asthma.

Intal[®]

Prevention is better than relief.

The Spinhaler. The unique Spinhaler is used only with Intal therapy. It's easier to use than other inhalers because delivery of the dose is automatically synchronised with the patient's breathing so that an effective dose may be inhaled every time.

"The fact that 95.5% of the patients unable to inhale correctly from a pressurised canister could use a Spinhaler efficiently confirms our clinical impression that patients have little difficulty in using the Spinhaler whereas many have problems with the pressurised canister."

ASPECTS OF SEXUAL MEDICINE

From the British Medical Journal

Freer discussion of sexual matters on television and in the popular press has led to many more patients approaching their doctors for advice on sexual problems. The articles collected together in this book give practical advice on common problems such as impotence and on the help and guidance that may be given to handicapped patients and others with special difficulties. Few doctors received adequate instruction on sexual medicine at their medical schools: *Aspects of Sexual Medicine* brings them up to date.

VOCATIONAL TRAINING SCHEME
FOR GENERAL PRACTITIONERS**

Applications are invited from Post-Registration Graduates for two places in the Vocational Training Scheme which will be available on 1st August, 1976. This training programme commences with an initial period of three months in a teaching practice, followed by two years rotational S.H.O. posts at Lincoln County Hospital and St. George's Hospital, and a final nine months in the teaching practice. The hospital posts (six months in each) will be spent in General Medicine, Obstetrics with Gynaecology, Paediatrics and Geriatrics with Infectious Diseases. All of which offer a wide range of clinical experience in busy and interesting jobs under experienced Consultants, all of whom are good teachers. The posts are recognised for the M.R.C.G.P. the D.C.H. and the D.R.C.O.G.

The scheme will be based on the new and well equipped Postgraduate Medical Centre at Lincoln County Hospital where an excellent library is available. The emphasis on this scheme will be upon training for Rural Practice. A half day release course is run throughout the three years. The subjects discussed are arranged to cover a wide variety of important matters not covered by other parts of the course. There will also be an opportunity for trainees to attend out-patient clinics as is felt necessary. There is also a Trainer/Trainee Workshop session which takes place once a month. Married accommodation may be available throughout the three year period.

OCCUPATIONAL HEALTH

Medical Officer

The National Coal Board's medical contribution to the intensive programme to eliminate pneumoconiosis includes a comprehensive X-Ray Service with Centres in each of the major coalfields. The X-Ray Service has recently been extended to comply with additional responsibilities resulting from the Coal Mines (Respirable Dust) Regulations 1975 and as a result of promotion within the Service there is now a vacancy for a medical officer.

In addition to the clinical and epidemiological aspects of radiography in the coal mining industry, chest X-ray surveys are undertaken for other industries with potential dust hazards such as asbestosis and silicosis. Staff are encouraged to develop original research and to take part in national projects. Close contact with local hospitals and chest clinics is essential.

Applicants should have previous experience in chest diseases and/or radiology. Initial training will be given in Yorkshire and thereafter the successful applicant will be based in South Wales, where experience in general occupational medicine will also be available.

Salary will depend on experience, but initially will be in excess of £7000, with good promotion prospects.

Applications are invited for posts in the

GREAT YARMOUTH AND LOWESTOFT VOCATIONAL TRAINING SCHEME.

Hospital Posts will commence on 1.2.77 but Trainees available before that date can do an initial period in General Practice of up to three months beforehand.

Hospital Posts consist of four six-month appointments in one of two rotations:—

1. General Medicine, Paediatrics, Obstetrics and Gynaecology, Optional Post.
2. General Medicine, Paediatrics, Accident and Emergency, Optional Post.

In each case, the first three appointments are service posts at S.H.O. level in the departments concerned. The optional post is supernumerary and may be taken in one of several hospital departments, or split between two of them, and may be combined with out-patient clinics in other specialities. All departments run an active teaching programme.

The General Practice period is spent either in urban group practices or rural dispensing practices in the district. The initial and final periods may be spent in different practices if desired.

A Study Half-Day programme is held weekly on topics relating to General Practice, with a Journal Club and G.P. case discussions. Married or single accommodation is available.

The relevant posts are recognised for D.R.C.O.G. and D.C.H. and the Scheme for the M.R.C.G.P.

Enquiries and applications should be sent to:

Occupational Medicine Advisers

up to £9560

The Employment Medical Advisory Service is responsible for all aspects of occupational medicine in the Health and Safety Executive.

This is a re-advertisement to publicise further vacancies for which existing candidates will be considered. There are now vacancies for Advisers within the Service as follows:

Full-Time Advisers

EMAS Headquarters (London)
North Eastern (Bradford)
South Western (Southampton)*
Scotland (Dundee)*
London and South East (Atlantic House)*
Northern (Newcastle and Northumberland)
Eastern and South Midlands (Luton)*

Part-Time Adviser

Newcastle upon Tyne (20 hours)

*Post not previously advertised.

The work of a Medical Adviser is extremely varied in content and in the demands it places on your professional expertise. It includes giving advice on occupational health problems of people at work, and examining and advising on young persons not fully fit for employment as well as on people undergoing training or rehabilitation. In addition you carry out investigations and formal surveys and provide guidance on working conditions and other matters affecting occupational health and medicine. You will be in constant contact, on the one hand with workers, their representatives and

employers, and on the other, with general practitioners, hospital staff and other medical professionals. The vacancy at EMAS headquarters will involve advisory duties on a wide range of industrial and other occupational health risks.

Where possible, Advisers will work in groups and nurses have been appointed to some groups. Full support is available including clerical, laboratory and statistical facilities.

Applicants (men and women) must be fully registered medical practitioners in the United Kingdom. Experience in industrial medicine or in allied subjects, such as toxicology, pulmonary physiology, pathology, rehabilitation or psychiatry, is desirable and the possession of higher qualifications will be an advantage. A current driving licence is essential.

Starting salary between £7,300 and £9,560 (higher in London). For the part-time Adviser the salary will be based pro-rata on the full-time Advisers' salary scale. There are good prospects of promotion for full-time Advisers as the Service develops, to posts with salaries of £11,000 and beyond. The pension is non-contributory and previous superannuation rights will normally be transferable.

For further details and an application form (to be returned by 2 July 1976) write to Civil Service Commission, Alencon Link, Basingstoke, Hants, RG21 1JB, or telephone Basingstoke (0256) 68551 (answering service operates outside office hours) or London 01-839 1992 (24 hour answering service). APPOINTMENTS

Applicants for medical appointments are advised to check whether the post advertised is included in the Important Notice and to scrutinize carefully the remuneration and terms of service offered. Any member who is in doubt about these terms in relation to B.M.A. agreements should consult the Secretary of the Association.

Advertisers are reminded that the Race Relations Board insists that no descriptive term implying racial, national, or ethnic characteristics may be used in any advertisement. Further, readers are advised not to apply for any appointment which discriminates between applicants on grounds of creed or unreasonably on grounds of sex.

HOSPITAL APPOINTMENTS

Applicants should state names, address, age, nationality, and qualifications, and enclose (unless otherwise specified) one copy of each of three recent testimonials, with a short statement of experience and appointments held. Applications should be sent at once if no closing date is given: Canvassing disqualifies (Statutory Instrument, 1974, No. 361).

All National Health Service hospital appointments are in accordance with the Terms and Conditions of Service of Hospital Medical Staff.

Further details concerning standards of residential accommodation, telephone charges, removal allowances, study leave and other matters should be obtained from the Hospital Secretary; or by B.M.A. members from the Secretary, British Medical Association.

In particular, they will find full details of facilities provided in most hospitals in the United Kingdom in the current edition of the *Hospital Gazetteer*. If such details are not included members are advised to consult the Secretary of the B.M.A.

Applicants requiring hospital married accommodation are strongly advised to obtain, prior to interview, clarification in writing from the employing authority as to whether such accommodation will be available on appointment.

No advertisement may stipulate that a non-resident must live less than 10 miles from a hospital. Advertisements for post-registration house officers, senior house officers and registrars should state clearly whether the post is resident, i.e. compulsorily resident.

In all advertisements grade should be clearly indicated. Normally a consultant vacancy must be advertised as (a) part-time with the number of sessions clearly stated, or (b) whole-time with the option of maximum part-time.

In the view of the B.M.A., an advertiser should not insist on possession of English higher qualifications in preference to Scottish or Irish qualifications (or vice versa).

SWEDISH RED CROSS HOSPITALS Zierikzee, Holland

Applications are invited for the position of

GYNAECOLOGIST/OBSTETRICIAN

at the above stated hospital, a small general hospital of 90 beds, serving a population of 26,000. The hospital itself is a gift from the Swedish Red Cross after the flood in 1953, when the old building was severely damaged, and hence still modern and well equipped; nevertheless, it has been the scene of many modernising activities during the last few years.

The medical staff comprises a mixture of full-time (8) and part-time (7) members, several of whom possess higher degrees. Zierikzee is an attractive town in the south west part of Holland with many recreational (sailing) facilities. Adequate accommodation will be available.

Co-operation with nearby-colleagues is possible.

Applications, giving full details of qualifications and any relevant personal data or requests for further information, are to be forwarded to the undersigned.

AUCKLAND HOSPITAL BOARD New Zealand

HOUSE SURGEON/PHYSICIAN & SENIOR HOUSE OFFICER VACANCIES 1977

Applications are invited from final year medical students and suitably qualified medical officers for the position of House Surgeon/Physician and Senior House Officer for the year 29th November, 1976 to 28th November, 1977. There are 114 vacancies of which approximately 40 are reserved for overseas graduates. Accommodation: Married and single accommodation is available at all the hospitals at a moderate charge, and meals are supplied free when on duty. Assistance with fares to New Zealand is available subject to the signing of a Bond of Service. Details will be supplied on demand.

The Auckland Hospital Board administers three major general hospitals, viz: Auckland, Green Lane and Middlemore, totalling 2,362 beds plus 71 obstetric beds. In addition to the above three general hospitals, the Board administers the National Women's Hospital which houses the Postgraduate School of Obstetrics and Gynaecology (300 beds), St. Helens Hospital (102 obstetric beds), North Shore Hospital (200 beds), Waitakere Hospital (205 beds), and other smaller institutions which complete a total of 3,501 beds. The Board also administers Oakley, Carrington, Kingsat and Ravenshoe Psychiatric Hospitals as well as the Mangere Psychopaedic Hospital and Training School with a further 2,421 beds which makes a grand total of 5,922 beds in all.

1. First year House Surgeons/Physicians: All rotations which are of 3 months duration will provide New Zealand pre-registration experience.

2. Second year House Surgeons/Physicians and Senior House Officers/Graduates in their third or later postgraduate years.

Postgraduate Training Schemes which continue during the Registrar years will start in the second Postgraduate Year. Sequences of quarterly runs are arranged in 7 streams as follows: Medicine, Surgery, Paediatrics, M.R.C.O.G. Training, Psychiatry, Geriatrics for General Practice and Diploma of Obstetrics, etc., Anaesthetics. Applicants for Second Year and Senior House Officer posts should indicate the streams of their choice, in order of preference. Acceptance into a particular stream does not guarantee progression to a Registrar Training post in the specialty, as House Surgeon stream posts outnumber First Year Registrar vacancies.

The salary scales are: First Year House Surgeons N.Z. \$7,968 per annum. Second Year House Surgeons N.Z. \$8,820 per annum. Senior House Officers N.Z. \$9,504-\$10,016 per annum, plus a compensatory payment on a scale of between 7½% and 22½% when rostered for duties in excess of 54 hours per week.

Forms of application and details of rotations in each stream may be obtained from the Superintendent-in-Chief, Auckland Hospital Board, P.O. Box 5546, Auckland, with whom applications close on Friday 16th July, 1976. Forms of application are also available from The High Commissioner for New Zealand, New Zealand House, The Haymarket, London, W.C.2, England. (29093)

BERMUDA

CONSULTANT PSYCHIATRIST

The Bermuda Hospital Board require a Consultant Psychiatrist for St. Brendan's Hospital to commence on 1st January, 1977. The clinical team comprises four Consultants, two Resident Doctors, two Clinical Psychologists, four Mental Welfare Officers, five qualified Occupational Therapists, one Educational Therapist and a nursing establishment of 119 of which over half are fully qualified. The hospital has 170 beds and is divided into eight distinct ward areas two of which care for the mentally retarded. It serves the total Island population of 60,000.

The theme of the psychiatric service is community oriented and an active rehabilitation programme is practised. In addition, consulting services are provided to the Social Services Department, Sheltered Workshops, Child and Family Services, Rehabilitation Hostels, Drug and Alcohol Addiction Services, community based Geriatric Facilities, the Prison Services and the Island's modern General Hospital. Many of these programmes have recently been developed and there is therefore ample opportunity to develop and put into practice one's own interests and ideas.

The team already includes members with special interest in alcoholism, psychotherapy, psychogeriatrics, mental retardation and child and family psychiatry. Experience in E.C.G. interpretation would be valuable but not essential as, in selecting the candidate, emphasis will be on good all round psychiatric training and experience and the ability to share with colleagues the continued development of the service.

Benefits: Salary — BD, \$27,164 p.a. (BD, \$ equals USA \$). Shared private practice, no income tax, minimal health insurance, settlement and baggage allowances and return air fares for the successful candidate and family.

Applications, which should include curriculum vitae and the names of three referees should be forwarded to The Executive Director, Bermuda Hospitals Board, King Edward VII Memorial Hospital, Pages 6-23, Bermuda, to arrive by 31st August, 1976. (H11652)
