THE RETREAT, YORK for Psychiatric Illnesses

Founded in 1792 by the Quaker, William Tuke, who established the tradition of concern for patients as individuals, The Retreat is a 250-bedded private registered nursing home surrounded by extensive grounds on the outskirts of the historic City of York. It is easily reached by rail and motorways.

Care and treatment is offered for most types of psychiatric illness on the short or long term in a sympathetic and friendly atmosphere. Patients suffering from neuroses, psychoses, alcoholism and dementia are treated in surroundings suitable for their individual needs.

The Nursing Home is a registered charity and is able to offer inclusive care in shared accommodation from £12.65 per day or in single rooms at slightly increased charge. The Nursing Home is recognised by the main private patient schemes.

For further details apply to The Medical Director, The Retreat, York. YO1 5BN (Tel. 0904-54551).

The long action of Beta-Cardone means that one dose in 24 hours is effective in hypertension, angina, or both. This length of action is intrinsic, and does not depend on extrinsic devices such as special coatings or slow release mechanisms.

Beta-Cardone does not accumulate in the body, and does not give rise to impotence, postural hypotension, nasal congestion, or dry mouth. And, to the patient, the once-daily dosage regimen is as easy to remember as his breakfast.
