CLINICAL MEDICINE: LECTURES AND ESSAYS.

By BALTHAZAR FOSTER, M.D., F.R.C.P., Professor of Medicine in Queen's College, Physician to the General Hospital, Birmingham.

"The book may be taken up with advantage and profit, read with confidence as to its genuineness, and laid down with a feeling of admiration of the author's appreciation of clinical facts, and his facile and reasonable method of putting them."—*British Medical Jour.*

"This book is the record of honest work, such as Dr. Foster may well be proud of; it is one which we can cordially recommend to the profession, and which may be read with profit and advantage by practitioner and student alike."—*Edinburgh Medical Journal.*

"All the Essays and Lectures here collected are worth reading. . . . All contain much matter for thought, for all are eminently of the quality which excites thought."—*Medical Times and Gazette.*

"The volume is an evidence of honest work, done by a good observer, and a careful and well-informed physician."—*Lancet.*

"We thank Dr. Foster for presenting us with these most valuable records of careful clinical observation. They prove him to be a truly scientific, and, at the same time, a thoroughly practical physician."—*Dublin Medical Journal.*

"We have endeavoured to convey to our readers some impression of the mine of wealth the book contains. No one can peruse the thoughtful comments of our author upon every subject he considers without feeling himself a richer man for his pains."—*New York Medical Journal.*
J. & A. CHURCHILL, New Burlington Street.

Price 4s.

On Epilepsy, Hysteria, and ATAXY. By JULIUS ALTHAUS, M.D., M.R.C.P., Physician to the Hospital for Diseases of the Nervous System.
