On Paralysis from Brain Disease in its COMMON FORMS.

By H. CHARLTON BASTIAN, M.D., F.R.S., Physician to University College Hospital, and to the Hospital for the Paralyzed and Epileptic.

"We have formed a high estimate of this work. No one should omit reading it who wishes to keep abreast of recent progress in the difficult department of cerebral disease."—*Glasgow Med. Jour.*

"The author has been able to discuss every part of his subject in the light of a wide, practical, and scientific knowledge."—*The Lancet.*

"The remarks on treatment are, we think, practical, sagacious, and clinically useful."—*Brit. Med. Jour.*

"There is no better account of cerebral paralysis in our language."—*Birmingham Medical Review.*

MACMILLAN & Co., London.

In the Press, a Second Edition, revised and enlarged, of the HASTINGS ESSAY, for 1873.

On the Pathology and Treatment of DISEASES OF THE OVARY.

By LAWSON TAIT, F.R.C.S., etc., Surgeon to the Birmingham Hospital for Women, and Consulting Surgeon to the West Bromwich Hospital.

"Mr. Tait's views are original, and the essay will be read with pleasure by every one interested in ovarian pathology. It shows evident marks of the years of study and personal investigation which the author has devoted to the subject, and we hope he will continue his labours in the same direction."—*British and Foreign Medico-Chirurgical Review.*

"It is gratifying to find a treatise giving so much valuable matter in so condensed a form. The essay is a work of considerable merit, and will repay a careful perusal."—*Obstetrical Journal.*

"An essay of very great merit."—*British Med. Jour.*

Also, by THE SAME AUTHOR.

A Text-book on Diseases of Women.

WILLIAMS & NORCATE, London and Edinburgh.

2nd Edition, Enlarged, plain & coloured Plates, 8vo, 6s.
